Community Reinvestment Strategy
FINAL REPORT

Cluster #6

CRS
Community Reinvestment Strategy
Detroit

December 31, 1997

The Honorable Dennis W. Archer, Mayor
City of Detroit
Executive Office
1126 City-County Building
Detroit, Michigan 48226

Dear Mayor Archer:

It is with great pride and enthusiasm that we present to you the Cluster 6 Community Reinvestment Strategy (CRS) Final Report. We do so on behalf of the entire cluster board and stakeholders of Cluster 6.

We believe CRS is unprecedented and has given the people in Detroit's neighborhoods the opportunity to directly voice opinions, identify community assets, focus on barriers that affect investment in neighborhoods and develop recommendations that offer the most potential for improving the future development of our community as a place to live and do business. We acknowledge your vision and leadership in making this happen.

We are pleased to report that we accomplished our mission and submit the approved recommendations found in our report. We believe our efforts have been well worth the time, patience and understanding required in completing our mission and are unbelievably excited at the possibility of bringing our Cluster to the attention of citizens in Detroit and the entire region.

Finally Mr. Mayor, we are so proud of your reconsideration of somehow continuing the Cluster Boards and accept this decision as further evidence of your committment to Detroit's neighborhoods.

We anxiously await your review of our report and look forward with anticipation in hearing from you on next steps for our Cluster to work with you on implementation of our recommendations.

Best wishes for a joyful, peaceful, and blessed holiday season for you and your family.

Sincerely,

Patricia E. Gatewood, Chair
Cluster 6 Board

Frederick Simpson, Co-Chair
Cluster 6 Board

Table of Contents

I. Introduction ..... page 3
II. Executive Summary ..... page 8
  A. Uniqueness of Cluster ..... page 9
