Whereas, A returning citizen's success outside of prison is dependent on the quality and quantity of support received in the first few months after being released. Often times, especially in low-income urban areas such as Detroit, an individual's family and community do not have the means or desire to provide this support. Whereas, The need for the task force had arisen based on statistics evidencing the large concentration of veterans and military personnel within Wayne County and particularly the City of Detroit who were in need of access to employment, and to the various economic, health, and educational benefits to which their service to our country entitles them; and

Whereas, The Task Force on Military and Veterans Affairs is continuing its diligent efforts to connect veterans and military personnel in our area to the benefits and resources they have earned; to educate area businesses on the benefits of hiring veterans and increase access for veterans and military personnel in our area to quality employment; and to educate the public on the unique sacrifices that our veterans, military personnel, and their families have made for the rest of us;

**RESOLUTION REESTABLISHING THE DISABILITY TASK FORCE**

By Council Member Leland:

Whereas, The City of Detroit is defining its comeback through various large-scale development projects and initiatives designed to spur redevelopment within the neighborhoods across the city. While the city is being reinvigorated, it is imperative that the rights and needs of the disability community be fully recognized and integrated into our revitalized city; and

Whereas, The Americans with Disabilities Act of 1990, (42 U.S.C. 12101 et seq.) (ADA), requires all state and local governments, which includes the City of Detroit, to make appropriate physical improvements and communication – including the delivery of necessary aid and services, so that individuals with disabilities might fully participate in all aspects of civic life; and

Whereas, Pursuant to the ADA, public entities must provide residents with physical and mental disabilities equal access to job training opportunities, transportation, housing, and public places; and

Whereas, Individuals with disabilities and their advocates should be directly involved with policymaking, therefore, the City Council continues to recognize the need of the Disability Task Force, which is a forum for those interested in advancing the needs of the disabled community to meet and share information and ideas;

Now, Therefore Be It

**A RESOLUTION AUTHORIZING THE CITY TASK FORCE ON HOMELESSNESS**

By Council Member Sheffield:

Whereas, The Detroit Metro area (Wayne, Oakland, Macomb and Monroe counties) has the highest homeless population in the state of Michigan with approximately 34,000 homeless individuals, including 5,536 children in families and 192 unaccompanied minors. Approximately 69% of homeless Michigan families are headed by single mothers. the homeless population in the City of Detroit

stands around 16,200 and represents almost half of the overall number in the Detroit Metro area. The last task force on homelessness was initiated by the Mayor's office in 1994, and there is a dire need for a renewed focus and greater assistance; and

Whereas, This taskforce will be a collaborative effort among several stakeholders that will seek to coordinate existing agencies and departments to create an overall strategy for the homeless population in the City of Detroit. The taskforce will seek to facilitate efforts on homelessness from agencies and departments such as: the Department of Housing and Revitalization, Homeless Action Network of Detroit, Neighborhood Services Organization, Detroit Rescue Mission Ministries, Cass Community Social Services and any other entity whose mission is to address homelessness in the City of Detroit; and

Whereas, In an effort to address the needs of vulnerable populations, the taskforce will evaluate and strategize with local partners to explore current uses of Community Development Block Grants, Emergency Solutions Grants, and other funding sources made available to the city. Improvements and recommendations will be made on the allocation of these funds to ensure that the homeless population of Detroit is being adequately and humanely served. The taskforce will also begin to formulate new and creative ways to leverage federal and private funding to address the needs that are specific to Detroit's homeless population; and

Whereas, The City of Detroit currently subscribes to "Moving Forward Together: A Ten-Year Plan to End Homelessness in Detroit, Hamtramck, and Highland Park, Michigan." the taskforce will use this existing strategy as a framework and identify ways to improve implementation. Following the City of Detroit's current plan, the task force will focus and be centered on six core areas for action: housing, prevention, support services, employment and job training, community engagement, and collaboration; and

Whereas, Detroit's current housing stock, as it relates to blighted and abandoned buildings creates a unique opportunity to explore creative ways to address homelessness. The task force will aggressively create opportunities to use Detroit's existing housing stock to implement the "Housing First Strategy" a proven method of helping move people with substance and/or mental health issues off the streets and into permanent housing; and

Now, Therefore, Be It Resolved, That the Detroit City Council authorizes the creation of a City of Detroit Homelessness Task Force, to be chaired by Council Member Sheffield; and

Be It Further Resolved, That the Task

Force on Homelessness will continue through December 31, 2017. All meetings will be open to the public with future dates, times, and locations to be notified by the office of the City Clerk.

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, Cushingberry, Jr., Leland, Sheffield, Spivey, Tate and President Jones — 9.

#### **TESTIMONIAL RESOLUTIONS AND SPECIAL PRIVILEGE**

##### **RESOLUTION IN MEMORIAM FOR OFFICER WILLIAM HAMILTON**

By COUNCIL PRESIDENT JONES:

WHEREAS, William, also known as Officer Hamilton, Senior Chief Petty Officer Hamilton, Will, Bill,, Doc, Billy-Boy and Billy-the-Kidder, was the adventurous, and ever so slightly, mischievous,

third child of Bernice Sweet and Rainy Hamilton, Sr. Will or Babe, as his best friend and devoted wife, Tamika, would call him, truly loved life and it showed on his face every time he smiled. Be careful – his smile, wit and charm would have you mesmerized and laughing at his jokes and tall tales in just a few minutes; and

WHEREAS, William was born in Detroit on July 7, 1960 and educated through the Detroit Public Schools, graduating from Cass Technical High School in 1978. He enlisted in the United States Navy and traveled the world, attaining the rank of E8 – SCPO. Bill's favorite naval assignment was operating the four engines of the LCAC, the Landing Craft Air Cushion craft, an amphibious landing hovering vessel which would transport heavy equipment from the naval ship anchored off shore, to land while traveling across both sea and land; and

WHEREAS, After his retirement from the U.S. Navy in 1998, Will returned home to Detroit and joined the Detroit Police Department. There he served until just recently, when his medical treatment interfered more with his daily regimen. Bill's colleagues at DPD knew him as an officer of the highest integrity and they admired his resilience and determination to continue serving the citizens of Detroit, even when his health pushed hard to stop him; and

WHEREAS, Many awards and special recognitions highlighted both of Bill's successful careers. His naval performance evaluation reports were marked consistently with 4.0, the highest marks. Bill always performed his duties at the highest level and did not tolerate anything less. Bill's logic and reasoning were almost infallible. His knowledge of all things mechanical was exceptional. His views on life, and people, were based on always striving to be better and to do better – values instilled in him from Bernice and Rainy Sr.; and

WHEREAS, Bill was a thirteen-year cancer fighter, which was remarkable. His health care team at Henry Ford Health System, Kenneth Ruemenapp, PA and Nalini Janakiraman, MD, worked closely with Bill throughout his battle. He always spoke highly of their skill, concern and compassion. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council and the Office of Council President Brenda Jones, hereby joins the Hamilton family and members of the Detroit Police Department and U.S. Navy in honoring the memory of Officer William Hamilton, on Wednesday, January 4, 2017.

#### TESTIMONIAL RESOLUTION FOR

#### MS. EDDIE LOU NATHAN CIERS

By COUNCIL PRESIDENT JONES:

WHEREAS, On November 22, 2016, Ms. Eddie Ciers will attain the age of one hundred years, a very significant milestone reserved for very few. The Detroit City Council would like to publicly acknowledge this important event in her life; and

WHEREAS, Ms. Eddie Ciers has lived a rich and blessed life, having experienced first-hand, 100 of the most eventful and productive years in American and world history. Eddie was born on November 22, 1916, in a small town called Dayton, Alabama. She was the fourth of seven children born to the union of Lula and Rev. Richmond Nathan. She had five sisters and one brother: Virginia, Isabella, Dalila, Mary Ann, Viola and Tommy, who have all preceded her in death. She and her siblings were raised on the family's farm, where she spent her time cooking, cleaning, washing and taking care of the chickens and turkeys. The family attended Hope Hill Baptist Church, where Eddie was baptized at the age of 16. Eddie was born with a natural ability to teach and often spent time teaching her siblings. She graduated from Linden Academy High School and truly wanted to further her education to become a teacher. But, money was scarce and her parents could not afford to send her to college. So she continued to work on the farm. One year, Eddie raised 500 turkeys, which enabled her to save enough money to buy a new coat. Utilizing her creative talents, she made mattresses with the cotton that her father was unable to sell; and

WHEREAS, While visiting her aunt in Birmingham, Alabama, Eddie was hired to work in a small assembly factory. There she met Isaac "Ike" Ciers, a handsome truck driver who worked at the Stockhom Pipe Fitting Company. They began dating and were married on June 11, 1944. Five children were born to bless their union: Isaac Jr., Margaret "Kitty" Katrina, Shirley Ann, Beatrice and Don. In 1945, Ike and Eddie were laid off from their jobs. Ike moved to Cincinnati, Ohio, to care for one of his brothers who had been in an accident. He left Cincinnati to go find work in Detroit, Michigan. This was during the period of the "Great Migration," where people from the South went to the North seeking work. After Ike found a job at the

Budd Wheel Company, he sent for her, Eddie had a hard time finding work, but eventually she was hired by a men's clothing store as a seamstress. The couple joined New Light Baptist Church and were choir members; and

WHEREAS, After all of her children were in school, Eddie became involved in community work. She worked as a volunteer trainer at Kennedy Elementary School and Pelham Junior High. Eddie was also active in the political arena. She organized the Tri-Grand Community Council and was elected as its President. Eddie was a viable conduit in the effort to gain recognition for the federal "Poverty Program." She was so admired by the teachers and her peers that she was recommended to go to Washington, D.C., representing the City of Detroit to help organize a jobs training program. Eddie worked closely with Mayor Jerome Cavanaugh, Richard Austin and Phil Rutledge to launch a program that would serve the needs of Detroit's financially disenfranchised. Thus, the "Total Action Against Poverty (TAP)" program was launched. Eddie was approached by her neighbors asking her to host a meeting at her home, which initiated the 16th Street Block Club. Through her diligence, passion and guidance, a total of 63 block clubs were formed. She was also instrumental in forming the 16th Street Indians baseball team. For several years, Eddie worked in conjunction with city government, schools, police personnel and neighboring communities to establish programs that encouraged pride in the neighborhoods. She was one of the originators of the "Clean-Up, Fix-Up" parade; and

WHEREAS, In 1970, Eddie enrolled at Wayne State University (WSU) and received a two-year certificate from the Institute of Labor and Industrial Relations. She also received a license as a Social Worker from the State of Michigan. Because of her expertise and credentials, Eddie was hired by the City of Detroit to work on the Mayor's Committee for the Human Resources Development (MCHRD) project. In March 1978, her husband Ike made his transition. In 1980, Eddie retired from the City of Detroit. Retirement was not her cup of tea. She spent countless hours working in her yard and received many accolades for the beautiful flowers she grew. In 2004, she took on a new project, becoming the Director of the Hartford Baptist Church senior citizens group. She organized the daily activities, including meals and implemented programs to encourage the seniors to get mobile. In September 2008, Eddie decided to retire for a second time at the tender age of 91. Although she moved a little slower, she still continued to go to the center three to four days per week, attend church services, and get her

hair and nails done. For 91 years Eddie devoted her entire life to the Lord, her family, the underprivileged and the needy. She has received numerous awards and accolades including, being honored by the Michigan Alumni Chapter of Alabama A&M University as the "Mark of Excellence Humanitarian of the Year." SCHOOLS COMMUNITY DISTRICT  
(DPSCD) AND DETROIT CHARTER  
SCHOOLS TO DESIGNATE  
CAMPUSES AS SAFE ZONES FOR  
STUDENTS AND FAMILIES**

By Council Member Castaneda-Lopez:

Whereas, The City of Detroit has a rich history of multiculturalism and has established itself as a safe haven and viable location for permanent residency for those who have come to the City as a matter of necessity and survival as well as their family members;

Whereas, In 2007, the City of Detroit passed the Bias Based Policing and Solicitation of Immigration Status ordinance that prohibits the police departments from requesting a person's immigration status or requesting the immigration status of a crime victim or witness (Section 27-9-1 to Section 27-9-7);

Whereas, The United States Supreme Court held in *Plyer vs. Doe* (1982) that no public school district has a basis to deny children access to education based on their immigration status, citing the harm it would inflict on the child and society itself;

Whereas, Immigration and Customs Enforcement ("ICE") longstanding policy (Policy Number: 10029.2, FEA Number 306-112-002b) states that is will not conduct enforcement activity at any sensitive location, including schools;

Whereas, ICE's activities in and around schools, early education centers, and colleges and universities would severely disrupt the learning environment and educational setting for students, and create fear among the community;

Now, Therefore Be It

Resolved, That ensuring that our schools are safe and inviting for all students and their families to secure the physical safety, emotional well-being and environment is vital to the City being diverse, inclusive and global;

THE DETROIT CITY COUNCIL

Whereas, The task force will focus on improving the life of all new, existent and future immigrants in Detroit by advocating on behalf of all immigrant communities to expand upon and develop local ordinances beneficial to the community and promoting civic and economic engagement; and

Whereas, The need for, and relevance of, the Immigration Task Force has grown as challenges to the immigrant communities in the City, as well as nationwide, continue to grow; the continued existence of the Task Force can play a positive role in enhancing the quality of life for a significant portion of the City's population.

**Human Resources Department**

December 7, 2016

Honorable City Council:  
 Subject: Request to Amend the Official Compensation Schedule

Recommendation is submitted to amend the 2016-2017 Official Compensation Schedule to include the pay ranges for the following General Services Department classification:

Class Code	Title	Recommended Rate of Pay
72-31-71	Emergency Vehicle Technician I	\$27.00/hr-\$29.99/hr
72-31-72	Emergency Vehicle Technician II	\$30.00/hr-\$32.00/hr
72-31-75	Automotive Service Technician	\$47,900-\$54,100

The above recommendations are at the request of Brad Dick, Director of the General Services Department.

Adopting the Emergency Vehicle Technician classifications will enable the City of Detroit's Fire Apparatus garage to hire mechanics/technicians with recognized certifications in the maintenance of emergency response vehicles. Employing properly trained staff on site enables the department to return emergency vehicles into service faster than currently, which increases response times and safeguards the welfare of citizens and property.

The Automotive Service Technician classification will require the repair techni-

cian to possess and maintain certification from the Automotive Service Excellence Institute. Technicians with this certification are shown to be more accurate in their work and more likely to fix the problem on the first try, this will help increase care and preventative maintenance for the fleet of vehicles serviced.

Respectfully submitted,  
 DENISE STARR  
 Human Resources Director  
 By Council Member Spivey:

Resolved, That the 2016-2017 Official Compensation Schedule is hereby amended to reflect the following pay ranges, effective upon Council's approval.

72-31-72	Emergency Vehicle Technician II	\$30.00/hr-\$32.00/hr
72-31-75	Automotive Service Technician	\$47,900-\$54,100

Resolved, That the Finance Director is hereby authorized to honor payrolls and vouchers in accordance with this resolution, the above communication and standard City of Detroit practices.

December 8, 2016

Honorable City Council:

Subject: Request to amend the Official Compensation Schedule

Recommendation is submitted to amend the 2016-2017 Official Compensation Schedule to include the pay ranges for the following General Services Department classifications:

Class Code	Title	Current Salary	Recommended Salary
72-11-85 72-11-75	Superintendent of Motor Transportation Assistant Superintendent of Motor Transportation	\$57,100-\$79,900 \$48,200-\$67,300	\$78,500-\$99,900 \$69,800-\$89,900
62-10-81 62-10-73	Superintendent of Building Maintenance Assistant Superintendent of Building Maintenance	\$57,100-\$79,900 \$48,200-\$67,300	\$78,500-\$99,900 \$69,800-\$89,900
52-20-61 52-20-51	Superintendent of Grounds Maintenance Assistant Superintendent of Grounds Maintenance	\$57,100-\$79,900 \$48,200-\$67,300	\$78,500-\$99,900 \$69,800-\$89,900

The above recommendations are at the request of Brad Dick, Director of the General Services Department.

General Services Department Superintendent and Assistant Superintendent of Motor Transportation oversees the maintenance and general operation of the

City of Detroit's fleet of approximately 2,400 vehicles, managing over 120 employees within four garages.

The Superintendent and Assistant Superintendent of Building Maintenance plans and supervise an operation spanning over the entire city, putting together repair schedules and capital improvement plans for over 140 city facilities and then supervising the staff and contractors charged with undertaking the work.

The Superintendent and Assistant Superintendent of Grounds Maintenance plans and supervises an operation spanning over the entire city, consisting of 400+ employees at seasonal peak who maintain the City's parks, berms, medians, and urban forest. Adjusting the salaries would ensure continued stability in GSD operations and when necessary allow for recruitment of highly qualified candidates to leadership positions.

**NEW BUSINESS  
Mayor's Office**

November 1, 2016

Honorable City Council:  
Re: Proposed Five-Year Capital Agenda for FY 2017-2022.

In accordance with the City Charter (Sec 8-202 — Capital Agenda), I submit to you my recommendation for the City's five-year capital strategy. This document is the result of new strategic and data-driven planning process reflecting my commitment to improving the stability of the City and City government.

The proposed Capital Plan for FY 2017-2022 continues the City's commitment to fiscal responsibility while simultaneously addressing the long-term needs of a dynamic City. This Capital Plan focuses on fulfilling its commitments as well as complying with Federal, State and local regulations and judicial actions. Each City agency participated in the compilation of this Plan. Many contributed to working groups which analyzed requirements associated with current service levels and, ultimately, provided a roadmap for improving management of City assets. A strategy team, at the highest level of the Administration, developed a framework based on these working groups' technical reviews.

I appreciate the hard work and effort from everyone who participated in this new process and look forward to the Council's reaction and involvement going forward. You have my commitment that what has been a collaborative effort in my Administration will extend to our working with the Council on these plans, to the benefit of the citizens of Detroit and the region.

We look forward to your diligent attention to this Capital Strategy.

Respectfully submitted,  
MICHAEL E. DUGGAN  
Mayor, City of Detroit

**Detroit Recreation Department  
Administration Office**

November 14, 2016

Honorable City Council:  
Re: Final Submission of the Parks and Recreation Improvement Plan.

The Detroit Parks and Recreation and General Services Departments are proud to submit the final Parks and Recreation Improvement Plan (PRIP) for your approval. After two and a half years of hard work, we feel confident that this plan represents the needs and vision of Detroit residents and marks an important step for improving quality of life and access to public space all around our city.

The first draft of this plan was released for public review and input on March 17, 2016. It has been presented twice to councilmembers, first to the Formal Committee on April 12th, 2016 and second to the Neighborhood and Community Services Committee on May 5th, 2016. Since March we have been sharing the plan at local neighborhood and district meetings, seeking input on everything from the broad vision of the plan down to the details of specific lots. We have made amendments according to feedback from residents and community stakeholders. All requested changes related to amenity needs or categories for specific parks, not major shifts to the vision of the plan itself.

The PRIP begins by detailing the context under which this plan was developed as well as a new evaluation of our current parks and recreation centers inventory. It then provides details into our process for soliciting community input and feedback on the plan. The plan sees parks as critical land in the strengthening of four city-wide initiatives; public health, green infrastructure, economic Development, and connectivity both within a neighborhood and across the city.

We are focused on fulfilling our commitment to reach every park within our system that has not been improved since the previous 2006 Master Plan. In order to do so, this plan includes a ten-phase capital improvements program as well as several smaller strategies that will address the needs of certain types of parks.

Approval of this plan by your Honorable Body will mean DPRD and GSD'S ability to seek grant funding not only to improve the parks and recreation centers one by one, but also to more creatively improve the conditions of our recreation system. We seek early 2017 approval so that this plan can be utilized for five years of state funding (as opposed to four if approved in late 2016).

Sincerely,  
DAVID A. MILLER  
Interim Director  
Detroit Parks &  
Recreation Department  
BRAD DICK  
Director

General Services Department  
By Council Member Sheffield:

**TYRONE ANTHONY CARTER II**

Council Member Gabe Leland moved on behalf of Council President Brenda Jones. By Council President Jones, Joined by Council Members Ayers, Benson, Castaneda-Lopez and Leland:

Whereas, We, the members of the Detroit City Council, solemnly pause today to honor the memory of the late Tyrone Anthony Carter II, a loving and devoted son, grandson, nephew and friend who departed this life and entered into the gates of heaven on December 24, 2016; and

Whereas, Tyrone Anthony Carter II was born November 8, 1989, in Detroit, MI. He was the first born son of his beloved parents, Tyrone Sr. and Lisa Carter. Later in life, Tyrone's friends and band of brothers referred to him as TC, Tune Chi and Top Cat. His disarming charm and infectious smile was evident from an early age. Tyrone attended grade school at Bethany Lutheran Elementary School and Whitney Young Middle School. Unconsciously, Tyrone acquired a recruitment of friends and admirers well before attending school. During his childhood, he played PAL football, always a fierce competitor whose goal was to win! During his first, second and third years of playing with PAL, Tyrone was named the league's MVP; and

Whereas, Tyrone attended high school and graduated from Detroit's own Cass Technical High School in 2007, where he majored in architectural engineering and played varsity basketball. After graduation, Tyrone attended North Caroline A&T, where he initially studies architecture and later engineering. In 2015, Tyrone returned to Detroit, to complete his education closer to home. In 2016, he secured a great job at Marathon Oil Company and he moved into his own home not far from his childhood residence where his parents currently reside; and

Whereas, Tyrone was loved by his family and friends. His friends considered him to be the center of a universe defined by generosity, selflessness and an ever present "cool" that gravitated people to him, as many reminisce some of Tyrone's everlasting moments were when a no became yes, a snarl became a smile and anger evaporated every time he squeezed someone with one of his special hugs. Tyrone's friends thought of him as a mentor and his family members were all connected by a common thread of love and adoration. Tyrone was raised in a home filled with love and joy that his loving parents provided. He loved his younger brother Tyler and was always happy to give guidance and direct his brother in the right path. Tyrone leaves us with his favorite saying, "What's understood doesn't need to be explained."

Now Therefore Be It

Resolved, That the Detroit City Council and the office of Council President Brenda Jones hereby expresses its condolences and joins with family and friends in honoring the Memory of Tyrone Anthony Carter II, a beautiful soul gone too soon.

**A Resolution by Detroit City Council President Brenda Jones in Opposition to President Trump's Executive Order Entitled, *Protecting the Nation from Foreign Terrorist Entry into the United States***

Whereas, Detroit, Michigan is a Welcoming City, with a diverse and harmonious population, including the largest population of citizens of Arab descent, of many faiths, outside of the Middle East; and

Whereas, On Friday, January 27, 2017, President Donald J. Trump issued an executive order titled *Protecting the Nation from Foreign Terrorist Entry into the United States*, with the stated policy "to protect...citizens from foreign nationals who intend to commit terrorist attacks in the United States; and to prevent the admission of foreign nationals who intend to exploit United States immigration laws for malevolent purposes"; and

Whereas, The order blocks *all* citizens (other than naturalized U.S. citizens) of seven predominantly Muslim countries — Iran, Iraq, Libya, Somalia, Sudan, Syria and Yemen — from entering the U.S. for 90 days, as well as suspending *all* refugee admissions for a period of 120 days; and

Whereas, The order was issued without logistical or administrative preparation and without warning to those affected, creating chaos at airports nationwide and overseas, causing refugees, visitors and students with valid visas, legal permanent residents (green card holders), airline crew members, and a multitude of other travelers to be blocked from entry into the

U.S. — with many held in temporary detention at airport entry points; and

Whereas, The cruelty and insensitivity of the order, with its effect of separating families, preventing legal permanent residents from returning home, preventing valid visa holders from reaching their legitimate educational and employment destinations, uprooting families in the process of relocating in reliance on long-awaited visas, is almost dwarfed by the sheer absence of any rational relationship between the action and the President's stated security policy enunciated in the order; and

Whereas, It has been widely analyzed and reported that **none** of the "terrorist" attacks that have occurred on U.S. soil in recent years have been perpetrated by citizens of the seven maligned countries; rather the perpetrators of most of the high profile attacks in this country deemed to be "terrorist" were *American citizens*, while the majority of the perpetrators of the September 11, 2001, attack were citizens of Saudi Arabia, with the cooperation of individuals from United Arab Emirates, Egypt and Lebanon; and

Whereas, It has been widely reported that the four countries referenced above are (similar to the enumerated seven) Muslim-majority countries — but significantly are also all countries where the Trump Organization has well-known business interests — casting into serious doubt the honesty of the Trump Administration's stated purpose for the executive order; and

Whereas, The likely motivation of the executive order is unconstitutional religious discrimination, given the inflammatory anti-Muslim and anti-immigrant rhetoric of Mr. Trump's presidential campaign, as well as very public and televised statements made by Mr. Trump and his close advisors. As such, this order is contrary to the very essence of what makes us all American — belief in, and adherence to, the pledge of equality espoused by the Declaration of Independence and the fundamental protections granted by the U.S. Constitution; and

Whereas, As stated in the Detroit City Council's resolution affirming our *Welcoming City* status, "the City of Detroit believes in the innate dignity of all its residents and recognizes the importance of their valuable contributions to the social, religious, cultural, and economic life within the city. The City of Detroit acknowledges, honors, and values our immigrant and migrant roots, and embraces the values of family, faith, and hard work"; and

Whereas, The State of Michigan is likewise committed to welcoming new residents from abroad, as confirmed by the governor's office: "Governor Snyder believes that legal immigration has helped build a strong and diverse talent base and culture in Michigan. We will work with the

Trump administration on the best way forward to keep Michigan a welcoming place while ensuring the safety of all residents," and

Whereas, The insensitivity of the order, with its effect of separating families, preventing legal permanent residents from returning home, preventing valid visa holders from reaching their legitimate educational and employment destinations, uprooting families in the process of relocating in reliance on long-awaited visas, lacks compassion for those that have made America their home; is contrary to the very essence of what makes us all American — belief in, and adherence to, the pledge of equality espoused by the Declaration of Independence and the fundamental protections granted by the U.S. Constitution; and

Now therefore Be It

Resolved, That the Detroit City Council emphatically condemns the harsh, bigoted and legally and morally unjustifiable executive order issued by the Trump Administration blocking immigration and travel into the United States, an action that will not serve to enhance domestic security and will likely be counterproductive; and

Be It Further

Resolved, That in recognition of the President's explicit acknowledgement that local jurisdictions should have a role in settlement of refugees, Governor Snyder's acknowledgement that immigrants contribute to a strong talent base and diverse culture in the state, and Detroit's commitment to being a *welcoming City*, the Detroit City Council adds its voice to the chorus of pleas to President Trump to repeal this injudicious executive order with respect to immigration, recognize the efficacy of the current immigration vetting process, and allow the flow of legal immigrants and refugees to proceed to the local jurisdictions that welcome them; and

Be It Finally

Resolved, That the City Clerk be directed to send copies of this resolution to President Donald Trump, Governor Rick Snyder, Detroit Mayor Mike Duggan, Detroit/Michigan Congressional delegation, and the Detroit caucus of the Michigan Legislature.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Cushingberry, Jr., Leland, Castaneda-Lopez, Sheffield, Spivey, Tate, and President Jones — 9.

Resolved, A budget hearing date as scheduled in the final Budget Calendar cannot be rescheduled by a department, division, or agency head unless the reasons for rescheduling such date is due to an extreme emergency, such as determined by and approved by City Council, and be it further

Resolved, If a department or agency head cannot attend a scheduled budget hearing per the Budget Calendar due to any other reason than an extreme emergency, then the department or agency head shall send another departmental or agency representative to the scheduled budget hearing in his or her stead, and be it further

**Sec. 58-2-15. Drivers may demand payment of fares in advance; duty to convey orderly persons.**

(a) Every driver of a vehicle for hire shall have the right to demand payment of the legal fare in advance, and may refuse employment until so prepaid.

(b) Unless previously engaged or unable to do so, no driver of a vehicle for hire shall refuse or neglect to convey, upon request, any orderly person or persons anywhere within the City of Detroit. **REPEALED.**

**Sec. 58-2-16. Disputes as to amount of fare.**

Upon request either of the driver or of the passenger(s) of a vehicle for hire, the police officer, who is in charge of the precinct nearest to where a dispute regarding the lawful rate of fare takes place, shall make a determination regarding the same. Failure to comply with such determination shall subject the offending party to a charge of failure to pay or to accept disputed fare, punishable by a fine not exceeding twenty-five dollars (\$25.00) or, in default thereof, imprisonment of not more than ten (10) days. **DIVISION 2. BONDING AND LICENSING OF TAXICABS AND LUXURY SEDANS.**

**Sec. 58-2-20. Bond required.**

No person shall operate for hire, upon the streets of the City of Detroit, any taxicab or any luxury sedan without first obtaining authorization therefor from the Consumer Affairs Department which shall be referred herein as a 'bond'. Where an annual license has been issued pursuant to Section 58-2-28, such bond shall permit the bond holder to operate a taxicab or a luxury sedan. **REPEALED.**

**Sec. 58-2-21. Certification of public convenience and necessity.**

Under this division, there shall be 1,310 bonds issued. If a bond is requested in excess of the 1,310 outstanding bonds, the Consumer Affairs Department may certify that the Mayor recommend to the City Council such additional bond(s) based upon public convenience and necessity as well as, among other things, the number of taxicabs and luxury sedans operating in the City of Detroit and public demand for such service; financial responsibility of the applicant; the number, kind and type of equipment; the schedule of rates proposed to be charged; traffic conditions on the streets in the City of Detroit; whether the service will result in a greater hazard to the public; and such other relevant factors as the Consumer Affairs Department may deem necessary. **REPEALED.**

**Sec. 58-2-22. Insurance requirement for issuance of bond.**

(a) Prior to issuance of a bond to oper-

ate a taxicab or a luxury sedan, the registered owner shall file with the Debt Management Section of the Finance Department either a certificate of self insurance issued by the Secretary of State, or a certificate signed by a duly authorized officer of a company authorized to write insurance in the State of Michigan to the effect that a policy of insurance has been issued and is in full force and effect to the owner and that the premium has been paid as required thereon, together with a true copy of the policy contract or certificate of insurance. Where the insurance premium is payable monthly, proper certificates or evidence of payment of the premiums shall be delivered to the Debt Management Section of the Finance Department not later than the first day of each month.

(b) Such policy of insurance shall insure the registered owner against loss resulting from liability imposed by law for property damage, bodily injury or death incurred by a person arising out of the ownership, maintenance or use of a taxicab or a luxury sedan with minimum liability coverage, exclusive of interest and costs, of not less than one hundred thousand dollars (\$100,000.00) due to bodily injury to or death of one (1) person in any one (1) accident, and subject to said limit of one (1) person, to a limit of not less than three hundred thousand dollars (\$300,000.00) due to bodily injury to or death of two (2) or more persons in any one accident, and to a limit of not less than ten thousand dollars (\$10,000.00) due to injury to or destruction of property of others in any accident.

(c) Such policy of insurance shall name as an additional insured any corporation or nonprofit association in which the registered owner is a stockholder or member, and whose purpose is to promote or advance the private business of the registered owner and other stockholders or members who own and operate taxicabs and/or luxury sedans in the City of Detroit.

(d) Such policy of insurance shall contain a provision for a continuing liability thereunder to the full amount thereof, notwithstanding any recovery thereon, and that until the policy is revoked, as herein provided, the insurance company will not be relieved from liability on account of non payment of premium, failure to renew bond at the end of the year, or any act or omission of the named insured.

(e) Any insurance company, whose policy has been so filed pursuant to this section, may file both with the Consumer Affairs Department and with the Debt Management Section of the Finance Department a notice of its intention to terminate and cancel such policy and give notice thereof to the named owner,

whereupon after ten (10) days after such filing such licensee shall cease to operate or cause to be operated such taxicab or luxury sedan within the City of Detroit, the bond issued therefor shall be automatically revoked, and liability on such policy shall cease and terminate, provided, that the liability of the insurance company thereon for any act or omission of the licensee occurring prior to the effective date of cancellation shall not be thereby discharged or impaired.

(f) From time to time and in his or her discretion, the Director of the Consumer Affairs Department may require financial reports to be furnished to such department by any or all insurance companies writing policies of insurance filed in compliance with this article.

(g) If the financial condition of any of such companies shall be found unsatisfactory or insecure at any time with reference to the extent of the risks as assumed or policies outstanding, then after ten (10) days notice to the owner of any vehicle covered or affected by insurance policies issued by any such companies in accordance with this article and unless a satisfactory policy or bond shall have been previously filed in the manner and form required by this section, the Consumer Affairs Department shall revoke the bonds of such licensees. **REPEALED.**

**Sec. 58-2-23. Application.**

Application for a bond for a taxicab or for a luxury sedan shall be made by the registered owner upon an application furnished by the Consumer Affairs Department. The registered owner shall provide his or her full name, business address, home address, Michigan driver's license number, and social security number along with other information required by the Consumer Affairs Department regarding both the registered owner and his or her vehicle(s). **REPEALED.**

**Sec. 58-2-24. Fee for bond.**

After compliance with Sections 58-2-21, if applicable, 58-2-22 and 58-2-23, a bond, which shall include the right to operate a taxicab or a luxury sedan, may be issued upon the applicant paying into the city treasury an application fee pursuant to Chapter 30 of this Code. **REPEALED.**

**Sec. 58-2-25. Nonuse of bond.**

(a) If a bond is not being used, the bond holder must report the same to the Consumer Affairs Department after thirty (30) days of nonuse.

(b) After reporting such nonuse to the Consumer Affairs Department, an additional ninety (90) days of nonuse may be permitted by the Director, whereupon the bond must be surrendered to the department unless the Director determines that, based upon appropriate evidence, a hardship exists and grants additional time for the bond holder to renew use of the bond.

If the bond is surrendered, the Consumer Affairs Department shall then offer to the first applicant on the waiting list for the purchase of such bonds the bond for sale at a reasonable price based upon the current market value of such bonds. If such applicant does not accept such offer within ten (10) days, the offer shall be deemed revoked and such applicant shall be deemed to have waived all rights to the purchase of such bond. The Consumer Affairs Department shall then offer such bond for sale to subsequent applicants on the waiting list in the order of their priority following the aforementioned procedure until a sale of such bond is accomplished.

(c) This section is neither a bar to the sale or to the resumption of use of a bond by the bond holder prior to the expiration of the ninety (90) day period, nor is any applicant who fails to accept an offer to purchase a bond deemed to have waived any rights to purchase subsequent bonds offered for sale.

(d) When a registered owner applies for a bond, the Consumer Affairs Department shall place such applicant's name on the waiting list for the purchase of such bond and shall inform such applicant regarding his or her standing thereon.

(e) Notwithstanding anything heretofore mentioned, an applicant's name shall be removed from the waiting list for the purchase of such bond where:

(1) The listed applicant has purchased a bond from the previous owner; or

(2) The listed applicant has been offered a bond by the Consumer Affairs Department on three (3) occasions and each time has failed to accept such offer within the prescribed period. **REPEALED.**

**Sec. 58-2-26. Sale of bond.**

All sales of bonds under this division shall be reported by the seller to the Consumer Affairs Department along with all pertinent information including the selling price, the name of the buyer, and other data requested by the department. The reported selling prices shall furnish the basis for the current market value of such bonds in order to determine the reasonable price used in Subsection 58-2-25(b). **REPEALED.**

**Sec. 58-2-27. Transferability of bonds.**

(a) Except as otherwise provided herein, a bond and the accompanying license issued under this division shall not be transferable for a period of eighteen (18) months subsequent to the original issuance thereof to the bond holder, provided, that the Director of the Consumer Affairs Department shall have the authority to approve a transfer or sale of the bond within the eighteen (18) month period in the event of death, permanent disability, or other such unforeseen personal crisis which would create a genuine hardship for the bond holder if a transfer or a sale were precluded. Except as

otherwise provided herein, where the bond holder is a corporation, the transfer of the controlling interest in the corporation shall be deemed a transfer of the bond, and such transfer shall not be permitted for a period of eighteen (18) months subsequent to the original issuance thereof to the bond holder corporation. Whenever such bond is transferred, there shall be a transfer fee paid pursuant to Chapter 30 of this Code.

(b) Subject to the eighteen (18) month limit set forth in Subsection (a) and other provisions of this division governing distribution of bonds, all bonds issued under this division shall be freely transferable by sale, gift, bequest or acquisition of the stock or assets of a corporation to any person qualified under the provisions of this division to be a bond holder, but before any transfer shall become effective, the transferor and the transferee shall apply to the Director of the Consumer Affairs Department, who, if he or she determines that the transferee is qualified as a bond holder under this division, shall approve the transfer. The Director of the Consumer Affairs Department shall apply the standards and requirements for determining whether a proposed transferee is qualified to obtain a bond under this division in a manner which is reasonable and consistent with the purpose of making such bonds available to all qualified applicants within the quantity limits and subject to the retention and renewal rights established in this Chapter. For purposes of this subsection, the word "transfer" shall include buying, selling, and assigning a bond or bonds. Any attempt to transfer a bond which does not comply with this subsection shall result in an automatic expiration of such bond as of the date of the attempted transfer. Whenever a bond is transferred pursuant to this subsection, a transfer fee shall be paid pursuant to Chapter 30 of this Code, provided, however, that such fee shall not apply to the transfer of any bond which results from a corporate merger or from reorganization of related companies including their parent company or its subsidiaries.

(c) Subject to the approval of the Director of the Consumer Affairs Department, pledging, granting a security interest in or otherwise encumbering a bond is expressly permitted, provided, that the bond holder and/or the pledgee or secured party notifies the Director of the Consumer Affairs Department in advance and in writing of any such encumbrance and provides the Director with information as he or she may reasonably require regarding the person to whom the bond is to be pledged, granted a security interest in, or otherwise encumbered to assure compliance with the provisions of this article. Any foreclosure upon a pledged or encumbered bond shall constitute a trans-

for subject to the provisions of Subsection (b) above.

(d) A bond may be transferred involuntarily and disposed of by public or private sale. A bond shall constitute a general intangible under the Michigan Uniform Commercial Code, and security interests in such bonds shall be governed by those provisions concerning security interests in a general intangible under the Michigan Uniform Commercial Code.

(e) Pledging, granting a security interest in, or otherwise encumbering a bond shall not be considered a transfer for the purposes of Subsection (a) of this section and such pledging, granting of a security interest in, or otherwise encumbering such bond is expressly permitted during the eighteen (18) month period subsequent to the original issuance of such bond. Notwithstanding Subsection (a), a pledgee or secured party may foreclose upon a pledged or an encumbered bond at any time.

(f) In addition, subject to the requirements of Subsections (a) through (e) of this section:

(1) Any licensee of a vehicle for hire license for a taxicab may request that the Consumer Affairs Department transfer such license to obtain one (1) vehicle for hire license for a luxury sedan; and

(2) Such licensee may request transfer from a vehicle for hire license for a taxicab to a vehicle for hire license for a luxury sedan, or from a vehicle for hire license for a luxury sedan to a vehicle for hire license for a taxicab, once every twelve (12) months but prior to June 30th of each year. **REPEALED.**

**Sec. 58-2-28. License required; plate; license card.**

(a) The owner of each taxicab or luxury sedan for which a bond is issued and outstanding shall be required to apply annually for a City of Detroit license plate or decal, respectively, for such vehicle in accordance with the requirements of the Consumer Affairs Department. All licenses issued under this Chapter shall expire each year on June 30th as provided for in Chapter 30 of this Code.

(b) When a license has been issued, the licensee shall affix a plate or decal, as applicable, which shall bear the City of Detroit license number to the rear of the taxicab or luxury sedan. The registration of such numbers shall be under the administration and control of the Consumer Affairs Department and the design of such license plates and decals shall be changed annually.

(c) Upon being issued a vehicle for hire license and in addition to receiving a license plate or decal, the licensee shall be given a card of such size and form as may be prescribed by the Consumer Affairs Department. Such card shall contain the official City of Detroit license number of the vehicle for hire which contains

the date of inspection of the same and statement to the effect that: in event of any complaint, the Consumer Affairs Department shall be notified of said complaint and given such license number of the vehicle. Such card shall be signed by the Director of the Consumer Affairs Department and shall contain blank spaces upon which an entry shall be made by the inspector of the date of every inspection of the vehicle. License cards shall be distinctly different in color each year. They shall contain the name of the registered owner of such taxicab or luxury sedan, and the Michigan license plate number issued thereof. Upon paying a fee as set forth in Chapter 30 of this Code and furnishing proof by affidavit of the loss or destruction of such license or of such card, a duplicate thereof shall be issued to the licensee with appropriate notation thereon that the same is a duplicate. **REPEALED.**

(a) At the time of application, an applicant for a vehicle for hire license either for a limousine or for a commuter van shall possess a vehicle suitable for public use which has been inspected pursuant to Section 58-2-4. In the alternative, an applicant shall present written proof that a suitable vehicle can be purchased or leased along with written proof of present credit approval or present financial ability to pay for the vehicle; however, inspection pursuant to Section 58-2-4 must be completed prior to licensing.

**RESOLUTION REQUESTING ADDITIONAL ASSURANCES FROM THE OCFO FOR THE CONTRACT AMENDMENT "TO PROVIDE A 10 YEAR PRO FORMA FINANCIAL PROJECTION AND SUPPLIER FINANCIAL ASSESSMENTS"**

BY ALL COUNCIL MEMBERS:

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens through Charter mandated legislative functions; and

WHEREAS, The Detroit City Council has Charter authority to approve City contracts for services with independent contractors and amendments to such contracts; and

WHEREAS, The Office of the Chief Financial Officer (OCFO) is requesting a contract increase of \$995,000 to contract number 2916755 for a total contract amount of \$4,400,000 to the existing Ernst & Young (E&Y) contract number 2916755 to provide a "10 year pro forma financial projection and supplier financial assessments"; and

WHEREAS, The Government Finance Officers Association considers long-term financial planning as a best practice which also demonstrates good management to bond rating agencies; and

WHEREAS, A 10 year pro forma projection would provide the City and the

Financial Review Commission (FRC) a long-term strategy to help address the City's crucial pending issues: long-term pension and debt service obligations and should also positively influence the FRC's future consideration to waive oversight; and

WHEREAS, Additionally, A 10 year pro forma projection would complement and aid the Mayor and City Council in the development of the City's four-year financial plan, the planning for capital projects and the strategies to address the pension and debt service obligations; and

WHEREAS, The Detroit City Council seeks additional assurances from the OCFO regarding the feasibility of this contract amendment and the content of the "10 year pro forma financial projection and supplier financial assessments".

NOW, THEREFORE, BE IT

RESOLVED, That the Detroit City Council strongly urges the OCFO to recognize and incorporate the City Council's perspective and recommendations in the strategies and initiatives included in the 10 year pro forma projection addressing the City's fiscal issues that impact the four-year financial plan. BE IT FURTHER

RESOLVED, The City Council also requests the following be taken with respect to the 10 year pro forma projection:

- That the 10 year pro forma projection

include and clearly display the legacy pension contributions and debt service and capital projects that may be reflected in the Capital Agenda;

- That the OCFO provide the Detroit City Council a copy of the representation letter the City will provide E&Y upon presentation of the 10 year financial planning model indicating that the City accepts responsibility for the model;
- That the OCFO make a concerted effort to work with E&Y to transfer the 10 year pro forma projection model to the City and have the necessary OCFO staff trained to use the model as quickly as conceivably possible to minimize the expenditure of funds under this contract amendment;
- That the OCFO should provide Council a status of this process every three months;
- That upon completion of the 10 year pro forma projection the OCFO will explain in a report any major deviations from the Plan of Adjustment for Council's consideration for future financial planning purposes, especially with respect to any future available surplus dollars for projected future capital projects;
- That the OCFO will continue to revisit the 10 year financial planning model and review the City's long-term financial position as new information becomes available;
- That that the OCFO provide Council an updated 10 year financial plan whenever new information becomes available and minimally provide Council an updated plan around budget time; AND BE IT FINALLY

RESOLVED, That the City Clerk is directed to provide a copy of this resolution to the Financial Review Commission, Mayor Mike Dugan, the Chief Financial Officer, Ernst and Young, LLP, and the Chief Procurement Officer.

(b) Each pertinent City department shall have flexibility to determine appropriate language assistance for its service population. In implementing a program of language assistance, the department shall:

(1) Designate a Language Access Coordinator within 45 days of the effective date of this Article to oversee the creation and execution of a department-specific internal language access policy and implementation plan;

(2) Develop such language access policy and implementation plan within 180 days of the effective date of this Article. Such plan shall be developed by undertaking the four-factor analysis outlined below, which is based on guidance issued by the US Department of Justice effective June 12, 2002 (67 FR 41455). The four factors are:

a. The number or proportion of LEP persons served or encountered in the eligible service population;

b. The frequency with which LEP persons come into contact with the department;

c. The nature and importance of the program, activity or service to the LEP person (including consequences of lack of language services inadequate interpretation or translation); and

d. The resources available to the

department and the costs of providing various types of language services;

(3) Provide services in any non-English language spoken by a limited or non-English proficient population that constitutes 5% or 10,000 individuals, whichever is less, in the City, as those languages are determined based on a variety of relevant sources, including, but not limited to, United States Census data, intake data collected by City departments, data on telephonic language translation service requests or usage, research provided by the Language Access Advisory Committee, and community feedback;

(4) Ensure that the language access policy and implementation plan includes the following elements for LEP individuals:

a. Identification and translation of essential public documents provided to or completed by program beneficiaries and/or participants.

b. Interpretation services, including the use of telephonic interpretation services.

c. Training of frontline workers and managers on language access policies and procedures;

d. Posting of signage in conspicuous locations about the availability of free interpretation services;

e. Establishment of an appropriate monitoring and measurement system regarding the provision of department language services.

f. Creation of appropriate public awareness strategies for the department's service populations.

(c) The language access plans developed under this section shall also include provisions for addressing the needs of emerging populations with high rates of LEP persons not covered in Subsection (b) (3) of this section.

**Sec. 27-10-3. Use of plain language.**

Department language access policies shall reflect principles of plain language communication. For example, signs and flyers shall be easy to understand, and not include arcane or technical language, unnecessary polysyllabic words, legal jargon or other text requiring an advanced reading level.

**Sec. 27-10-4. Compliance plan.**

Beginning one year after developing a language access policy and implementation plan and continuing each year thereafter, each participating department's Language Access Coordinator shall prepare and submit to the Human Rights Department a compliance plan, detailing progress in the year concluded and plans for the year ahead.

**Sec. 27-10-5. Community comment.**

In furtherance of the City's commitment to providing effective language assistance and incorporating comments from individuals in the community to ensure such assistance, departments covered under this Chapter shall create procedures for

individuals to provide comment on the language assistance offered or provided to them by the department, such as comments on the type, effectiveness, or quality of language assistance made available. The comments may be collected through a variety of methods, such as, in-person interaction, telephone, or a form, made available in hard copy and online via the City website. The comments given to all departments regarding language assistance shall be forwarded to the Human Rights Department for review and summary.

**Sec. 27-10-6. No private right of action.**

Nothing in this Chapter shall be construed to create a private right of action.

**Sec. 27-10-7 — 27-10-10. Reserved.**

**Section 2.** All ordinances, or parts of ordinances, that conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the People of the City of Detroit.

**Section 4.** Where this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-118(1) of the 2012 Detroit City Charter. Where this ordinance is passed by less than two-thirds (2/3) majority of City Council Members serving, it shall become effective thirty (30) days after publication in accordance with Section 4-118(2) of the 2012 Detroit City Charter.

**City Planning Commission**

January 27, 2017

Honorable City Council:

Re: Request of the Planning and Development Department (P&DD) on the behalf of the developer RHEAL Capital Management to amend Article XVII, District Map 4, of the 1984 Detroit City Code Chapter 61, Zoning, by modifying the provisions of the existing PD-H (Planned Development District Historic) zoning classification established by Ordinance 25-96 on approximately 0.945 acres of land generally bounded by Winder Street on the north, Beaubien Street on the east, the Fisher Freeway Service Drive (south bound) on the south and Brush Street on the west. This portion of the project known as East of Brush (E.O.B.) is being proposed to allow for a mixed use residential development with attached neighborhood scale retail, public pocket park green space and supportive parking (RECOMMEND APPROVAL WITH CONDITIONS).

**NATURE OF REQUEST**

Before this Honorable Body, is the request of the Planning and Development Department (P&DD) on the behalf of the developer RHEAL Capital Management, LLC to amend Article XVII, District Map 4, of the 1984 Detroit City Code Chapter 61, Zoning by modifying the provisions of the existing PD-H (Planned Development District Historic) zoning classification established by Ordinance 25-96 which includes approximately 0.945 acres of land generally bounded by Winder Street to the north, Beaubien Street to the east, the Fisher Freeway Service Drive (south bound) to the south and Brush Street to the west.

Your Honorable Body may recall that this request is planned in conjunction with another portion of land (West of Brush) to comprise the larger project, which was presented to you in September 2016 and referred to holistically as, "Brush Park South (BPS)!" A resolution was considered at that time and adopted by in order to approve the portion of the project known as West of Brush. Staff then

informed this body that the second portion of the development would come before the Council for review at a later date. The necessity for bifurcating the review was due to the developer seeking Low Income Housing Tax Credits (LIHTC) and the variation in time lengths for statutory review requirements for each portion of land, for the total project.

This portion of the development before you at this time is referred to again as East of Brush (E.O.B.). The full project area consisting of W.O.B. and E.O.B. is more specifically outlined on the map labeled attachment A.

#### **PROJECT PROPOSAL**

E.O.B. is proposed to allow for a mixed-use residential development with attached neighborhood scale retail and supportive parking. The portion of the development that is E.O.B. also proposes a one parking space per unit, scheme for this portion of development. E.O.B. will also host the remainder of parking spaces that cannot be adequately contained on-site for W.O.B. So, while E.O.B. only hosts 90 residential units, the site will contain 128 spaces, with the 35 remaining spaces serving the W.O.B. site. The height of the building located on the site shows elevations that are in excess of 67 ft. which is considerably higher than the 50 ft. maximum that the development plan specifies. For these reasons, E.O.B. qualifies as a major modification of the PD development plan.

One of the primary reasons that the W.O.B. portion could be considered as a minor modification and the E.O.B. cannot be considered as such, is because of the height of the building and the impact that it will have on the floor area ratio (FAR) increasing the density of the site.

On September 8, 2016, the City Planning Commission (CPC) received two separate requests from the Planning and Development Department (P&DD) on behalf of the developer RHEAL Capital Management. The first request in general, was to consider approximately 3.4 acres of adjacent land bounded by the east/west alley first south of Alfred Street to the north, Brush Street to the east, Winder Street to the south, and John R to the west.

#### **PLANNING CONSIDERATIONS AND ANALYSIS**

##### ***Surrounding Zoning and Land Use***

The zoning classification and land uses surrounding the full project subject property are as follows:

**North:** PD-H; Unoccupied parcels

**East:** PD-H; Unoccupied parcels

**South:** PD-H; Fisher Fwy.

**West:** PD-H; Brush Street; vacant land

##### ***Detroit Future City Strategic Framework***

The Detroit Future City Framework Plan, not an officially recognized docu-

ment of the City, designates the subject site as a District Center which is characterized as active, medium-to-high density, mixed-use areas that provide an even split of residential and employment uses<sup>2</sup>. They are typically anchored by a major commercial or institutional employer such as a university or medical center. Residential areas incorporate a mix of housing types from multifamily for townhouse to detached single-family.

##### ***Master Plan Consistency***

The subject site is located within the Lower Woodward area of Neighborhood Cluster 4 of the Detroit Master Plan of Policies. The Future Land Use map for this area shows High Density Residential (E.O.B. portion) for the subject property. The Planning and Development Department has previously concluded that the project in its entirety is consistent with the Master Plan of Policies.

##### ***Urban Renewal Plan and Zoning***

The Brush Park South project, inclusive of both the W.O.B. and E.O.B. portions of the development, falls within the Brush Park urban renewal area. Although, there was a Fourth Modified Development Plan for the area that was approved by the City Planning Commission in 2014, the proposed document was never advanced to the City Council for consideration due to intervening action by the emergency Manager to terminate Citizen District Council's and urban renewal area plans City-wide. For this reason, the subject area with a pre-existing PD designation is still bound to the Third Modified Development Plan for the Brush Park urban renewal area.

A part of the rationale for CPC being agreeable to the excessive heights that area proposed in this plan is because the Fourth Modified Development Plan for Brush Park, developed by city staff and community members, set forth a vision that allowed for heights up to 80 ft. in new construction. The heights that Brush Park South proposes are consistent with the spirit and intent of that updated plan which was never officially adopted by City Council. However, the development plan was voted for approval by the City Planning Commission just before Emergency Manager Order No. 36 essentially rendered Urban Renewal Area, related development plans and Citizen District Council's void<sup>3</sup>. Since then the community has attended several meetings and expressed to City staff that they desire to see the provisions of the fourth Modified development plan adopted in some form. This BPS development reflects what that Fourth Modified plan would allow for.

##### ***Historic District Commission Review***

The Historic District Commission approved the Brush Park South development in its totality on September 14, 2016

issuing a Certificate of Appropriateness with the typical conditions attached.

#### ANALYSIS

According to the Planning Development Approval criteria outlined in Sec. 61-3-96;

Criterion #3 asks, *"if the development will result in a recognizable and substantial benefit to the ultimate users of the project and to the City, where such benefits would otherwise be unfeasible or unlikely to be achieved. The benefits can be accomplished through a higher quality unified design that would be required by the typical regulations of this Zoning Ordinance."*

It is staffs opinion that the development will result in a recognizable and substantial benefit to the users of the project and to the City where it may not have likely happened due to the fact that this development will address contiguous land that has been underutilized for a significant amount of time now. The apartment building that is being proposed will be harmonious to the W.O.B. buildings and would help to create a contiguous street wall along Brush Street that will contribute to defining the space and maximizing on the north/south thoroughfare to create a walkable experience that will facilitate pedestrian traffic. It is also believed that the blending of this development with that of the future Bedrock City Modern that have been approved by the City will also be a benefit to the community in the fact that it enhances the continuity of building form and the connectivity of sites that may not happen in other scenarios.

The low income housing component of the proposed development will also add to the public welfare, creating opportunities for interested parties to take advantage of rents that are below market rate value where there may not be many opportunities arising in the greater downtown area otherwise.

Criterion #6 (b) asks, *"Provide better housing, employment, and shopping opportunities that are particularly suited to the needs of the residents"*

A feature that will benefit the residents of Brush Park as a whole and the subject properties is the planned neighborhood scale retail that will provide for the day-to-day needs of the community within the footprint of the project. This will also add some level of employment to the community that will be very accessible to those who live in the vicinity to work."

Criterion #7 states that, *"that the proposed type and density of use shall not result in an unreasonable increase in traffic or the use of public services, facilities and utilities, that the natural features of the subject site have the capacity to accommodate the intended development, and that the development shall not place*

*an unreasonable burden upon surrounding land or land owners."*

The proposed project would indeed result in an increase of public services, but not such that would render the area unable to accommodate such an increase. The proposal will actually help to maximize City services in this area. In the City of Detroit, one of the essential issues we face is that services are spread thin in some areas that may not have the adequate amount of citizenry to make it the use of the infrastructure viable. E.O.B. proposes to increase the density of the subject land in order to maximize the efficiency of the public services, utilities and street grid that currently exists while contributing to this improvement. The Department of Public Works has reviewed the proposal and plans to submit a letter of support.

The Zoning Ordinance Sec. 61-11-15 addresses the design of planned developments speaking to *"the suitability of the design as it relates to the appropriate scale, form, massing and density; compatibility; security; orientation; parking and loading; and environmental impact."*

To address these design criteria, staff believes that this particular project design comes at a very favorable time. Up until recently, there may not have been an immediate acceptance of the proposed contemporary style structures that are present in the BPS plans. The E.O.B. building creates contemporary character with the use of a metal panel system and window frame design but also incorporating brick in the larger portion of the facade pulling from the Historic District's suggested material and color palette. The contemporary interpretation found in this building is similar to that of its counterparts to the northwest.

The parking of the site is concealed well, as it is screened by a wall. This is typically a goal of planning and design efforts; to mask parking by utilizing screening to hide lots from the line-of-sight of the public realm, to the degree possible. Other parking is continued underground which is usually a benefit to a community because it does not overwhelm a site with parking at grade level, truly maximizing the use of the parcels involved.

#### Other Concerns

The owner of the adjacent building, 2458 Brush Street expressed concern about structural impact of E.O.B. during construction, in relation to their property. Staff has included in the ordinance, a stipulation that the developer much work with the neighbor to mitigate any issues related to structural impacts that their new construction might have, to CPC staff's satisfaction. Final site plan review and sign-off is a typical last step that CPC staff conducts to ensure that all conditions and

normal requirements are satisfied before permits may be pulled. All concerns are expected to be resolved as staff has been working with both parties.

**PUBLIC HEARING AND DISCUSSION**

On September 8, 2016, the CPC held a public hearing regarding the E.O.B. portion of the development, which involved a public discussion for the W.O.B. portion of the development, again because W.O.B. only requires Site Plan Review which does not trigger a statutory public hearing. At that meeting there were two parties from the community that spoke in opposition to the project, one of those, challenging the legality of the project due to issues related to the subject parcels. An attorney from the City’s Law Department spoke to that issue assuring the Commission that the matter would not affect them recommending approval for the project. The chair of the Brush Park CDC was also present and spoke in favor of the project.

A letter of support has been submitted by the Brush Park

CDC on behalf of the project.

**RECOMMENDATION**

On September 22, 2016, the City Planning Commission voted to recommend approval of the proposed PD modification for the Brush Park South-East of Brush development located on district Map No. 4, Article XVII, Chapter 61 of the 1984 Detroit City Code. The recommendation was made with the following conditions:

1. That the developer work with the immediately adjacent neighbors to mini-

mize disruption to the neighborhood during construction and address impacts that may arise; and

2. That final site plans, elevations, lighting, landscape and signage plans be submitted by the developer to the City Planning Commission staff for review and approval prior to submitting applications for applicable permits; and

3. That the developer work with the City Planning Commission staff and the abutting neighbor at 2458 Brush Street to address engineering, structural, setback, and any other concerns regarding the impact of the subject development in relation to their property, to the City Planning Commission staff’s satisfaction; and

4. That the developer work with the community and City Planning Commission staff to ensure that the subject development referred to as the West of Brush portion of the Brush Park South project be successfully completed with the portion of the development referred to as the East of Brush portion of the Brush Park South project; that the City Planning Commission staff review and approve final site plans prior to the developer submitting for permits, to ensure the entirety of the plans are completed as approved.

Honorable City Council:

Re: Proposed Amendment to Senior Discount Program for Domestic Solid Waste.

The above-referenced ordinance is being submitted to your Honorable Body for consideration in response to a request made by Council Member Janeé Ayers. This proposed ordinance will amend Chapter 22, *Handling of Solid Waste and Prevention of Illegal Dumping*, Article II, *Storage, Preparation, Collection, Transport, Disposal, and Placement*, Division 4, *Collection and Charges Therefor*, by amending Section 22-2-54, to extend the senior discount program for domestic solid waste to all senior citizens who have filed a principal residence exemption under the General Property Tax Act

This ordinance removes the necessity of guidelines to be developed by the Finance Department to establish a senior discount for domestic solid waste, and replaces it with the availability of a discount of 50% to all senior citizens who own and occupy their home as a principal residence. It further removes the necessity that a senior citizen apply annually for the discount program, instead requiring only that the resident prove eligibility initially. Should a homestead no longer be owned and occupied by a senior citizen, the ordinance requires a homeowner to notify a city assessor that a senior discount no longer applies in writing within 90 days or though the filing of a notice to rescind a principal residence exemption.

We are available to answer any questions that you may have concerning this proposed ordinance,

Thank you for your consideration.

Respectfully submitted,

MARK A. TOAZ

Assistant Corporation Counsel

By Council Member Ayers:

**AN ORDINANCE to amend the 1984 Detroit City Code, Chapter 22, 'Handling of Solid Waste and Prevention of Illegal Dumping' Article II, 'Storage, Preparation, Collection, Transport, Disposal, and Placement', Division 4, Collection and Charges Therefor, by amending Section 22-2-54, to apply the 50% senior discount program for domestic solid waste to all senior citizens who have filed a principal residence exemption under the General Property Tax Act without the necessity for a program, further clarification, or guidelines to be set by the Finance Department, and to provide definitions for certain terms.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 22, of the 1984 Detroit City Code, *'Handling of Solid Waste and Prevention of Illegal Dumping,'* shall be amended to read as follows:

**CHAPTER 22. HANDLING OF SOLID WASTE AND PREVENTION OF ILLEGAL DUMPING**

**ARTICLE II.**

**STORAGE, PREPARATION, COLLECTION, TRANSPORT, DISPOSAL AND PLACEMENT.**

**DIVISION 4.**

**COLLECTION AND CHARGES THEREFOR**

**Sec. 22-2-54. Domestic solid waste.**

(a) Except for residential properties without any structure, which are subject to the process provided in subsections (c), (d) and (e) of this section, from time to time, the Director of the Department of Public Works, with the approval of the City Council, shall determine rates for the regular collection of domestic solid waste from residential property. The rates for collection of domestic solid waste shall provide for:

(1) A hardship exemption using guidelines developed by the Finance Department to determine eligibility, including, but not limited to, the following:

a. The applicant must own and occupy the property as the primary homestead;

b. The homestead must have been owned for a minimum of three (3) years unless the applicant proves a substantial loss of income since the date of purchase;

c. Homestead with a taxable value of

one hundred ten thousand dollars (\$110,000) and above will not be considered for the exemption unless there are extenuating circumstances as defined or identified by the Finance Department;

d. A taxpayer, whose household income does not exceed two thousand five hundred dollars (\$2,500) over the stated guidelines for a full exemption, can be granted a fifty-percent (50%) partial exemption;

e. The applicant is required to fill out an application form along with required documentation verifying family composition, all sources of annual income and other assets, including, but not limited to, rents. Family Independence Agency grants, Michigan Homestead credit and bank statements, medical and household bills, and other pertinent data as requested. The applicant is further required to submit both federal and state income tax returns for all persons residing at the property, including any property tax credits returns, filed in the immediately preceding year or in the current year, or submit an affidavit explaining the reason(s) income tax returns were not filed;

f. The Finance Department shall develop further guidelines including, but not limited to, the specific income and asset levels eligible for the exemption;

g. The Finance Department may deviate from the guidelines when the applicant has shown extraordinary circumstances that are substantial and compelling; and

h. Each applicants' circumstances shall be considered anew each year.

~~(2) A senior discount program under guidelines to be developed by the Finance Department of 50% for a homestead owned and occupied by a senior citizen. For the first time the senior discount is applied to a homestead, the senior citizen shall apply with the city assessor and provide satisfactory evidence that the homestead is entitled in the senior discount. Once established, the senior discount shall remain in effect until the homestead no longer qualifies. An owner of a homestead no longer entitled to a senior discount shall rescind the senior discount by notifying the city assessor in writing within 90 days. An owner who files a notice rescinding a principal residence exemption under MCL 211.7cc need not file an additional notice to rescind the senior discount.~~

(b) The solid waste collection fee shall be billed to the owners of all residential properties at the same time and under the same schedule utilized for the billing of property taxes, including the following process:

(1) Billing both for the solid waste collection fee and for the property taxes due shall be mailed by first class mail on or

about July 1st of each year along with a notice regarding the availability of a hardship exemption, the senior discount, and the ability to enter into a payment plan with the City of Detroit Treasurer;

(2) Charges for the collection of domestic solid waste shall be paid when due;

(3) Charges that are delinquent shall be certified by the City of Detroit Treasurer to the Board of Assessors as a lien and shall be placed on the tax roll on or about the following February 1st;

(4) Properties with a fee delinquency, only, shall be placed in a separate file and reflagged prior to submittal to the County of Wayne Treasurer for the purpose of alerting the County of Wayne Treasurer that these properties are not to be placed in the forfeiture process;

(5) Properties with solid waste collection fee delinquencies not collected by the County of Wayne Treasurer will be referred back to the City of Detroit Treasurer for in-house collection. Fines for the delinquency and costs associated with the attempted collection shall be added to the bill; and

(6) During the first quarter of Calendar Year 2008, the City shall review the process in subsections (b)(1) through (5) of this section to determine whether the process has been successful in collecting delinquent solid waste collection fees.

(c) The Director of the Department of Public Works may publish a notice twice a year in a newspaper of general circulation in the City that solid waste scattered on the ground or placed in other than approved containers, as required in Division 3 of this article, will be collected by the Department of Public Works, that the cost will be charged to the owner of record of the property as determined from the Tract Index of the County of Wayne Register of Deeds, or levied as an assessment upon such property, and that the owner of the property may be issued a blight violation notice.

(d) The City may remove solid waste scattered on the ground or place in other than approved containers anywhere within its corporate limits as many times as is necessary and charge the cost to the property owner, or, if necessary, levy the same as an assessment upon such property.

(e) The costs for collection identified under subsections (c) and (d) of this section may result in a special collection charge at a rate determined by the Director of the Department of Public Works and approved by the City Council.

(f) Definitions for certain terms used in this section:

(1) 'Homestead' or 'primary homestead' means the tax parcel for which a valid principal residence exemption has

been filed and is in existence under Section 7cc of the General Property Tax Act, 1893 PA 206, MCL 211.1 *et sec.*, being MCL 211.7cc.

(2) *'Senior citizen'* means an individual, or either 1 of 2 persons filing a joint income tax return, who is 65 years of age or older on the July 1 within the service period for which a senior discount applies.

**Section 2.** This ordinance is hereby declared necessary to preserve the public peace, health, safety, and welfare of the People of the City of Detroit.

**Section 3.** All ordinances, or parts of ordinances, that conflict with this ordinance are repealed.

**RESOLUTION COMMEMORATING  
THE 15th ANNIVERSARY OF  
THE UNDERGROUND RAILROAD  
MEMORIAL MONUMENT**

By Council President Jones:

Whereas, In 1787, The U.S. Congress

enacted the Northwest Ordinance abolishing slavery in what is known as Michigan, Ohio, Indiana, Illinois and Wisconsin; however, this law was not interpreted to provide freedom upon individuals who were already enslaved. In 1793, Upper Canada became the first area within the British Empire to abolish slavery. There were, however, many fewer slaves in Canada than the United States; and

Whereas, After these laws were passed, the Underground Railroad, a network of secret routes and safe houses, was established to aid the enslaved in their efforts to escape to free states and Canada with the aid of abolitionists and allies who were sympathetic to their cause, and

Whereas, Although Michigan was a free state, the Fugitive Slave Act of 1850 made it possible for slave masters to attempt to recapture runaways and return them to the south. Slave owners needed only to supply an affidavit to a Federal Marshall claiming ownership of an escaped slave with the benefit of any due process for the suspected slave. Nevertheless, the anti-slavery movement in Detroit became important connective link in the underground Railroad System. Quakers, African Americans, Whites, Native Americans and other strategized and worked tirelessly together to provide safe passage to freedom in Canada; and

Whereas, In celebration of the City of Detroit's tricentennial, The Detroit 300, Inc., an international consortium of both the United States and Canada, and the City of Windsor commissioned the renowned African-American artist, Ed Dwight, to sculpt a companion pair of sculptures, The Gateway to Freedom International Memorial in Detroit and the Tower of Freedom in Ontario, in recognition of this significance of both locations played in the Underground Railroad System; and

Whereas, These monuments located on the river's edge in both Detroit and Ontario, honor the importance of these locations as points of debarkation and embarkation of thousands of enslaved Africans escaping the horrors of slavery to safe refuge in Canada; and

Whereas, The Underground Railroad Memorial Monuments stand to educate today's visitors and generations to come about the history of country and as a reminder of the courage and sacrifice it took to provide millions with the freedoms we have today.

Now, Therefore Be It

Resolved, That the Detroit City Council is honored to commemorate the 15th Anniversary of the Underground Railroad Memorial Monument.

Yeas — Council Members Ayers, Benson, Cushingberry, Jr., Leland, Sheffield, Spivey, Tate, and President Jones — 8.

Re: Lois Waldrip-Price vs City of Detroit, Municipal Parking Department, File #: 14792 (CM)

On June 21, 2016, your Honorable Body adopted a resolution authorizing payment of \$9,999.00 to settle the workers compensation claim of Lois Waldrip-Price. However, Medicare through its CMS contractor has since designated \$11,312.71 to be set aside to compensate their interest in this litigation. February 6, 2017

Honorable City Council:

Re: Request of Verus Development, LLC to amend Article XVII, District Map 39 of the Detroit Zoning Ordinance (Chapter 61 of the 1984 Detroit City Code) by showing a PD (Planned Development District) zoning classification where an R1 (Single-Family Residential District) and a B4 (General Business District) zoning classification currently exist on three parcels commonly identified 18051 Mack Avenue, 4437 and 4443 Radnor Avenue generally bounded by Cornwall Avenue to the north, Radnor Avenue to the east, Mack Avenue to the South and Marseilles Avenue to the west. **(RECOMMEND APPROVAL)**

**NATURE OF REQUEST AND PROJECT PROPOSAL**

The City Planning Commission (CPC) has completed its deliberations on a request received from Verus Develop-

ment, LLC to amend Article XVII, District Map 39 of the Detroit Zoning Ordinance (Chapter 61 of the 1984 Detroit City Code) by showing a PD (Planned Development District) zoning classification where an R1 (Single-Family Residential District) and a B4 (General Business District) zoning classification currently exist on three parcels commonly identified 18051 Mack Avenue, 4437 and 4443 Radnor Avenue generally bounded by Cornwall Avenue to the north, Radnor Avenue to the east, Mack Avenue to the south and Marseilles Avenue to the west.

**BACKGROUND**

The subject area consists of three (3) parcels totaling approximately 0.67 acres, which currently consist of a vacant commercial structure (formerly The Country Grill restaurant) as well as a vacant single-family residential dwelling (4443 Radnor Avenue). The developer has ownership and site control of the subject properties and is in good standing with the City of Detroit. The petitioner intends to demolish the current structures and establish a new fast-food restaurant with drive-through facilities to accommodate a pending lease agreement between the petitioner and Starbucks U.S. Brands, LLC based out of Seattle, Washington.

There are several deficiencies present in the site plans provided by the petitioner, which as a result, would require either administrative action by the Buildings, Safety Engineering and Environmental Department (BSEED) or dimensional variances by the Board of Zoning Appeals (BZA). In order to expedite the proposed timeline and break ground on the development by the first quarter of 2017, the petitioner is pursuing a PD district zoning classification with the intent of the proposed designation eliminating the need for both BSEED and BZA hearings which would normally be required given the deficiencies in the site plan for the proposed location.

Per Sec. 61-14-41 of the Zoning Ordinance one parking space per 100 square feet of restaurant building (2,168 sq ft) and designated outdoor seating area (485 sq ft) would be required, resulting in the need for 27 parking spaces. The site plans provided by the petitioner only provide 23 parking spaces. However, Sec. 61-14-103 of the Zoning Ordinance states that as long as 80% of the required parking spaces are provided and no other variances are required by the BZA a waiver may be obtained. Based on this equation, 80% of the required parking spaces would equate to 22 spaces. The site plans provided by the petitioner include 23 space; one above the minimal number of spaces needed for an administrative adjustment Sec. 61-4-82(2) under Administrative adjustments; applicability states.

Administrative adjustments are:

(2) A reduction of off-street parking requirements for any nonresidential use by up to twenty percent (20%) or ten (10) spaces, whichever is less, as provided for in Sec. 61-14-103 of this Code.

Another area in which the proposed site plan is deficient is the minimum right-of-way parking setback along Radnor Avenue to the east of the proposed development. A minimum of a 5 foot setback is required for non-residential uses, however, the site plans show a proposed 2.4 foot right-of-way parking setback with a fence along Radnor Avenue.

The development is proposed to relocate the existing point of ingress and egress along Radnor Avenue, widen the point of ingress and egress along Mack Avenue and include indoor and outdoor eating areas as allowable per Sec. 61-12-228(6). In August 2016, the petitioner submitted their site plans to the Planning and Development Department (P&DD) and BSEED for site plan review. BSEED submitted a revised site plan review letter dated September 28, 2016 which states in part:

The 6' masonry wall (residential screening) on Page C-4 needs to be extended to the edge of property lot line to obscure the parking lot from residents along Radnor Avenue. Per Section 61-12-222(a), "where a zoning lot that has a dwelling unit on land zoned R1, R2, R3, R4, R5, R6 or residential PD and abuts, or is located across an alley or public street not exceeding sixty (60) feet in width from, a parking area visible from the residential lot, an opaque wall shall be placed at the edge of the parking area to screen the parking area."

On Monday, September 19, 2016 the petitioner held a community meeting at Mt. Olive Evangelical Lutheran Church at the request of Councilman Spivey; at which 16 members of the public were present. Also on this date the petitioner meet with Mr. and Mrs. Palumbo who reside at 4451 Radnor Avenue; the residential property immediately north of and abutting the subject properties. At this meeting it was determined that the required opaque wall would not be built up to the property line as permitted, however, setback four feet from the property line with landscaping on both sides of the wall to help soften the aesthetics of the development.

The September 28, 2016 site plan review letter from BSEED also stated in part:

Per Section 61-14-221(b)(vi), along the Mack Avenue frontage, instead of an ornamental wrought iron fence, the applicant shall install a 30" to 36" masonry wall with brick fencing between the 5'5" landscaped buffer and surface parking lot. Along the Radnor Avenue frontage, per Section 61-14-221(s), in lieu of a 5' land-

scaped setback, the applicant shall install an ornamental syndicated wrought iron fence no greater than 4' in height.

#### **SURROUNDING LAND USE AND ZONING**

The zoning classification and land uses surrounding the subject area are as follows:

North: R1; with single-family residential.

East: R1; with single-family residential and Mt. Olive Evangelical Lutheran Church.

South: The City of Grosse Pointe, Michigan (zoned commercially along Mack Avenue).

West: B4; with Ray Laethem Motor Village.

#### **CITY PLANNING COMMISSION PUBLIC HEARING**

On October 13, 2016, the City Planning Commission held a public hearing on the subject rezoning request. No members of the public in attendance expressed a desire to speak to the matter. Three letters of support for the proposed rezoning from adjacent property owners and neighborhood associations were received and submitted as a part of the official record.

The Planning and Development Department submitted a report indicating the appropriateness of the proposed development and its consistency with the Master Plan of Policies.

#### **MASTER PLAN CONFORMANCE**

The subject site is located within the Finney area of Neighborhood Cluster 3 of the Detroit Master Plan of Policies. The future Land Use map for this area shows "Neighborhood Commercial" for the subject properties. The Detroit Future City 20 Year Land Use Scenario map shows "Traditional Medium Density" as the intended use.

#### **ANALYSIS**

Section 61-3-80 of the Detroit Zoning Ordinance lists eight criteria that must be considered in making recommendations and decisions on rezoning requests.

In addition to the approval criteria for Zoning Ordinance map amendments that are set forth in Sec. 61-3-80 of the Zoning Ordinance, approvals of Planned Developments shall be based on consideration of the nine criteria denoted in Sec. 61-3-96.

Among the nine approval criteria most germane to the proposal being considered is whether the subject site covers a minimum of two (2) acres of contiguous land under the control of one (1) owner or group of owners. However, upon determining that an adequate development can be accomplished on a parcel of lesser size, the City Planning Commission may waive this requirement. Given the completeness of the site plans submitted and the locations ability to accommodate the proposed development the petitioner requested that the Commission waive this

criterion for the proposed develop. The Commission did in fact waive the aforementioned criterion, citing that the development, while not two (2) acres was able to be accommodated by the proposed site.

Criterion number two asks the Commission to consider if no other zoning district classification would be more appropriate. As it relates to this question, the proposed development would be permissible in the B4 (General Business District) zoning classification as a conditional land use. As previously stated, the site plans submitted are deficient and would require a number of hearings before both BSEED and BZA which would extend the petitioners, timeline for development. While the expeditious processing of the proposed development would be a benefit of the requested PD zoning classification, CPC feels that a protectionist argument for the proposed rezoning can be supported. By implementing a PD zoning classification the type and manner of development can be tightly controlled.

Criterion number three seeks to determine if the proposed rezoning request will result in a development that will substantially benefit the ultimate users of the project and the City of Detroit. These benefits shall be demonstrated in terms of preservation of natural features, unique architecture, extensive landscaping, special sensitivity to land uses in the immediate vicinity, particularly well-designed access and circulation systems, and/or integration of various site features into a unified development. The site plans provided show both extensive landscaping and the sensitivity to and consideration of the abutting residential property owners along Radnor Avenue.

The remaining PD approval criteria appear to be met by the proposed development under Section 503 of the Michigan Zoning Enabling Act by permitting flexibility in the regulation of land development and by providing employment and shopping opportunities that are particularly suited to the needs of the residents.

#### **PD District design criteria**

There are twenty (20) PD District design criteria which must be taken into consideration as well when evaluating a PD District rezoning request. Based on staff, P&DD and BSEED review of the site plans all of the applicable criteria appear to be met.

#### **Suitability of the Property**

One of the aforementioned criteria for rezoning states, "The suitability of the subject property for the existing zoning classification and proposed zoning classification." Zoning Map No. 39 generally shows a mix of R1, B2 and PD zoning on the north, south, east and west for several blocks around the subject property. This section of the Finney subsector is primarily developed with residential and

institutional complexes with a variety of uses. In 2012, a PD district was established to accommodate the development of an EZ Storage drive through facility immediately east of the subject properties. This development like several others throughout the city of Detroit is atypical; in that it provides less than the typical two-acre minimum lot coverage referenced in Sec. 61-3-96)(1)(a).

In general, CPC looks favorably on the rezoning of the subject parcels to accommodate the establishment of a restaurant with drive-through facilities which would bring this previously vacant tract of land back into productive use and may lead to increased employment and tax review for the city.

#### **Land Use**

The CPC is of the opinion that a PD (Planning Development District) zoning classification is an appropriate designation consistent with the characteristics of the adjacent properties, which will allow for the establishment of the proposed project and is consistent with the future general land use designation of the Master Plan of Policies.

#### **Significant Impact on Other Property**

The Commission is of the opinion that the rezoning of this property would add to the stability of the surrounding community by allowing the establishment of a viable business which might serve as a stabilizing element along this avenue. The proposed development is anticipated to provide approximately 64 part-time and full-time employment opportunities for residents in the area.

#### **RECOMMENDATION**

On October 13, 2016 the City Planning Commission voted to recommend approval of the request of Verus Development, LLC to amend Article XVII, District Map 39 of the Detroit Zoning Ordinance (Chapter 61 of the 1984 Detroit City Code) by showing a PD (Planned Development District) zoning classification where an R1 (Single-Family Residential District) and a B4 (General Business District) zoning classification currently exist on three parcels commonly identified 18051 Mack Avenue, 4437 and 4443 Radnor Avenue generally bounded by Cornwall Avenue to the north, Radnor Avenue to the east, Mack Avenue to the south and Marseilles Avenue to the west. The ordinance effectuating the map amendment has been reviewed and approved as to form by the Law Department and is attached for your consideration.

**City Planning Commission**

January 31, 2017

Honorable City Council:

Re: Proposal of McIntosh Poris Associates on behalf of it's client Michael Kelemen to construct a 3 story, 9,261 Sq. Ft. four (4) unit residential structure at 284 Elliot St., which is located within an existing PD (Planned Development District) zoning classification. The proposal is subject to Site Plan Review and approval as required by Section 61-11-12 of the Zoning Ordinance. **(RECOMMEND APPROVAL W/CONDITIONS).**

**NATURE OF REQUEST**

The developer is requesting this Honorable Body to approve site plans and elevations for a proposed development on land that is currently zoned PD in the

Brush Park Historic District. The proposed site is located at 284 Elliot Street between Brush St. and John R.

The subject property is currently under the terms of a purchase agreement between Michael and Constance Kelemen and the City of Detroit, and upon required approvals, would be conveyed to the purchaser (see attachment A for map).

#### **PROJECT PROPOSAL**

The project proposes a multi-family dwelling on a double lot that has been combined to form 284 Elliot, one of the last undeveloped lots on this street. The development plans for three (3) units, all of which would be two-(2) stories accessible by grade level entry. An additional unit on the third floor, above the three (3) units is planned to serve as a penthouse suite unique to the development, bringing the count to four (4) units in total for the three (3) story structure. Parking would be provided in the typical fashion for a single or two family residential neighborhood, being that it would be housed in the rear of the property in garage space that will provide two (2) parking spaces per housing unit.

There is also a cistern that is being planned to mitigate storm water run-off on the site.

#### **PLANNING CONSIDERATIONS**

##### ***Surrounding Zoning and Land Used***

The zoning classification and land uses surrounding the subject area are as follows:

**North:** is zoned PD-H; The Detroit Behavioral Institute; Alpha Phi Alpha Fraternity house.

**East:** is zoned PD-H; Residential homes.

**South:** is zoned PD-H; Residential homes; Detroit Alumni Chapter-Kappa house, residential homes.

**West:** is zoned PD-H; Residential homes.

##### ***Master Plan Consistency***

The subject site is located within the Lower Woodward area of Neighborhood Cluster 4 of the Detroit Master Plan of Policies. The future Land Use map for this area shows "MCR" (Mixed Residential Commercial) for the subject property per an amendment to the Master Plan adopted in 2016. P&DD has submitted a determination confirming the consistency of this proposal with the Master Plan of Policies.

#### **ANALYSIS**

##### ***Zoning and Development Plan Provisions***

The Third Modified Brush Park Development Plan designates the subject land for Medium Density Residential development. Table B-2 of the development plan lists multi-family dwellings as a permitted use on property designated for Medium Density Residential with a 15-50 dwelling units per acres capacity, making it consistent with current Plan provisions.

#### ***Parking***

According to 61-14-24 of the Zoning Ordinance, parking requirements for a multiple-family dwelling are 1.25 spaces per dwelling unit. The developer is proposing 2 garage spaces per dwelling unit, exceeding the parking requirements of the zoning ordinance.

#### ***Design***

The design of the development must be in accordance to the PD district design criteria listed in 61-11-15 of the Zoning Ordinance.

As it relates to the PD criterion regarding the *scale, form, massing, and density*; the proposed development is planned to reside on a double lot that is 100 ft. in width and 139 ft. in depth. As a result of a lot combination of two parcels at some point in its history. The challenge for the developer has been to address the scale, form and massing issues for such a large lot and also respond to the concerns of the community and City staff. From the feedback that we received from the developer, the Brush Park Community Development Corporation (CDC)<sup>1</sup> wanted to ensure that the multi-unit building would correspond to the historic nature of the community, with such features as the gabled roof and maintain the single-family appearance. This request resulted in a structure that was outside of the scale and massing of the adjacent homes on Elliot Street.

When CPC staff received the proposed plans, we worked with the Planning and Development Department along with the architectural team to find a way for the development to address our concerns with scale and massing. Originally, staff felt that the structure seemed to have a form that was out of context with the neighboring dwellings. It was asked of the development team to break up the plan for the original facade to create an expression that was not overbearing in scale and massing to other homes within the streetscape. Since then, we have come to a compromise when the architectural team has added a second gabled roof that helps to align the scale and massing of the building with that of the surrounding environment.

The density of the development is now more in line with the provisions of the development plan. The proposal meets the 1.5 maximum floor-to-area ratio requirements of the development plan and the height of the building is planned for 44 ft. which falls under the current 50 ft. height limitations for the property.

When the criterion questions the *compatibility* of the development with existing neighborhood, city staff have recognized the effort of the development team to meet our requests to bring this development into conformance with surrounding structures. The development team has worked with City staff toward a measure

of compatibility for the proposed structure. Yet another design criterion points to *parking and loading*, questioning whether parking is adequate for what is being proposed. In this case the parking would be access primarily from the rear of the building as vehicles would use the public alley to reach the garage parking for the units. This off-street parking and loading is typical of Brush Park multiple-family dwellings and helps relieve on street traffic for Elliot Street. The parking spaces provided exceed requirements so that parking should not be an issue. The availability of on-street parking opportunities also contributes to the opportunities for guest parking.

In conclusion, an additional criterion asks about *environmental impacts* of the proposal. When evaluating this development, staff does not perceive any threat from the proposed use. There are plans for a rainwater cistern to mitigate storm water reduction on the water and sewage system.

**COMMUNITY ENGAGEMENT**

The developer has submitted a letter of support from the Brush Park CDC, dated June 4, 2015 (see attachment B).

Upon CPC staff's receipt of the plans it was found that there were issues with the development that needed to be reconciled with the zoning ordinance PD design criterion. Since that time, the plans have been revised slightly. Those revisions were presented to the Brush Park CDC with CPC staff present. The CDC board and community members were pleased with the revisions and agreed that the final outcome had been improved.

**RECOMMENDATION**

On January 5, 2017 the City Planning Commission (CPC) voted to recommend approval of the proposal of McIntosh Poris Associates on behalf of it's client Michael Kelemen to construct a 3 story, 9,261 Sq. Ft. four (4) unit residential structure at 284 Elliot St., which is located within an existing PD (Planned Development District) zoning classification with the following conditions:

1. That the developer work with City staff's to present alterations to the Brush Park CDC and Historic District Commission for approval of the design modifications in the final CPC submittal. **(Which has been met)**

2. That the developer work with the immediately adjacent community to minimize disruption to the neighborhood during construction and address impacts that may arise; and

3. That final site plans, elevations, lighting, landscape and signage plans be submitted by the developer to the staff of the City Planning Commission for review and approval prior to submitting applications for the applicable permits.

**Re: Brush Park CDC Letter of Support – Keleman House Design**

The Brush Park Community Development Corporation (the "CDC") forwards this letter to show our support of the design of the Keleman House (the "Project").

The Project was presented before the CDC and the Brush Park community at a public meeting held on May 12, 2015. The Keleman's have presented several iterations of designs before the community in the past. We are appreciative of their consideration of the historic nature of the neighborhood and the desires of the community in presenting a revised design of their project. Overall, the community response was very positive to the updated design.

Much consideration was given to the project by the CDC Board. With a vote of 8 yes, 0 no and 2 abstentions, the CDC Board voted to support the revised design of the Project.

We thank you for your time and your interest in Brush Park. A copy of this letter will be forwarded to the City of Detroit Planning and Development office.

Sincerely,

Karissa Holmes, Secretary

THIS FUNDING AGREEMENT is entered into as of the Effective Date by and between the CITY OF DETROIT, a Michigan municipal corporation acting through its Department of Transportation ("DDOT"), and the Regional Transit Authority of Southeast Michigan, a Michigan Metropolitan Authority ("RTA") for the purpose of providing funding for the operation of limited-stop bus service along Woodward Avenue and corresponding ADA Paratransit services ("Reflex Services"). DDOT and the RTA may each be referred to herein as a "Party" or collectively as the "Parties" to this Agreement, as applicable.

**RECITALS**

Whereas, The RTA is the recipient of grant funding under the Michigan Comprehensive Transportation Fund ("CTF") program (CTF Project No. 128111) and the federal Congestion Mitigation and Air Quality Improvement Program "CMAQ" program (Grant No. MI 2016-028-00); and

Whereas, DDOT operates public bus and ADA Paratransit services throughout Detroit and neighboring communities, including along Woodward Avenue; and

Whereas, DDOT and the RTA entered into an agreement, dated August 23, 2016, in which the RTA agreed to provide partial funding for, and DDOT agreed to operate, Reflex Services beginning September 5, 2016 through November 30, 2016 ("Initial Agreement"); and

Whereas, The RTA desires to continue to provide partial funding for, and DDOT desires to continue operating, Reflex Services following the completion of the Initial Agreement;

Now Therefore, DDOT and the RTA agree as follows:

**Section 1 — Services.** DDOT will continue to operate Reflex Services, including limited-stop bus service along Woodward Avenue, designated as Route 498, and corresponding ADA paratransit services, between Somerset Mall and Downtown Detroit, serving 14 northbound stops and 14 southbound stops at service levels set forth in Exhibit A to this Agreement. DDOT may modify the daily operational details of the Reflex Services at its sole discretion for any reason beyond its control, including but not limited to equipment failures, labor shortage, construction, road conditions, and weather and other environmental factors. DDOT may not make any permanent modifica-

tion to the services as described in Exhibit A without the written agreement of the RTA. DDOT shall notify RTA as soon as practicable in advance of any revisions to the service details that are expected to last longer than twenty-four (24) hours. DDOT shall notify RTA ninety days in advance of any revisions to the service details that constitute a change of twenty-five percent (25%) or more of overall service. DDOT will install and maintain signs, bus shelter decals, and other information displays at Reflex bus stops located within Detroit. DDOT will operate the Reflex Services utilizing City-owned buses and other vehicles of such types and in such numbers as necessary to provide the appropriate service levels. DDOT will operate the Reflex Services utilizing Transportation Equipment Operators and other personnel of such qualifications and in such numbers as sufficient to provide the appropriate service levels.

The Parties acknowledge and agree that DDOT is solely responsible for, and that RTA has no control over and is not responsible for, the operation of the Reflex Services, including, but not limited to the operation and maintenance of vehicles and other equipment, and maintaining security, as well as employment matters, including conducting background checks and hiring, training, supervising, disciplining and terminating employees. DDOT acknowledges and agrees that the RTA will not be responsible for the acts of DDOT, or of DDOT employees, agents, or servants, with respect to the Reflex Services, except as may be required under Applicable Laws, as hereinafter defined.

**Section 2 — Funding.** The RTA shall designate DDOT as a sub-recipient of a portion of its CTF and CMAQ grants and provide funding from such grants in accordance with Exhibit B to this Agreement ("RTA Funding Limit"). DDOT shall provide local matching funds to the extent required under the terms of the RTA's CMAQ grant, in accordance with Exhibit B to this Agreement. DDOT agrees that RTA's total funding obligation will not exceed DDOT's allocated portion of CMAQ and CTF funds, including funds provided in the existing short-term agreement.

**Section 3 — Reimbursement.** DDOT shall submit monthly invoices to the RTA on, or before, January 10, 2017 (December 2016 invoice), February 10, 2017 (January 2017 invoice) and March 10, 2017 (February 2017 invoice), April 10, 2017 (March 2017 invoice), and May 10, 2017 (April 2017 invoice) to fund the operation of the Reflex Service during the term of this Agreement. DDOT agrees that the invoices shall include the actual Fixed Route Revenue Hours, Cost Per Fixed Route Revenue Hour inclusive of a

15% contingency for ADA Paratransit service (\$155 per hour). RTA will submit the invoice for reimbursement to MDOT and/or FTA within 7 days of receipt from DDOT. It is the RTA's goal to reimburse DDOT within 30 days of submitting the invoice to MDOT and/or FTA.

**Section 4 — Service and Funding Assessment.** DDOT and RTA will meet on a monthly basis throughout the term of this Agreement to discuss the current Reflex Service, the levels of existing funding, any new funding that may be secured, and the options for continuing the service after the April 30, 2017 end date of this agreement, if necessary.

**Section 5 — Effective Date, Term, and Termination.** This Agreement shall become effective upon its execution by both the RTA and DDOT and its approval by the Detroit City Council. The term of this Agreement shall commence on December 1, 2016 and shall conclude on April 30, 2017.

In the event of either Party's default or other material breach of this Agreement, the Party not in breach may notify the breaching Party of the breach in writing. The Breaching Party will have thirty (30) days after such written notice to cure the breach. If the breaching Party fails to timely cure, the Party not in breach may terminate this Agreement, effective ten (10) days after giving notice of termination to the breaching Party. No failure or delay in performance of this Agreement, by either Party, will be deemed to be a breach thereof when such failure or delay is caused by a force majeure event, including but not limited to any Act of God, fire, flood, hurricane, blizzard, earthquake, epidemic, strike, lockout, embargo, act of war, invasion, act of a foreign enemy, act of terrorism, riot, act of civil disobedience, sabotage, explosion, the binding order of any court or governmental authority, or any other cause not within the control of the Party.

Upon the conclusion or earlier termination of this Agreement, DDOT shall unwind its operation of the Reflex Services in a manner and timeframe of its sole discretion, unless the Parties have a mutual understanding that they will enter into a subsequent agreement to continue providing such services, in which case DDOT may suspend its operations until such subsequent agreement becomes effective.

orders have the binding effect of law, its own FTA Master Agreement and MDOT Master Agreement and all applicable Provisions of the RTA's CTF and CMAQ grants (collectively, "Applicable Laws"). Neither Party will be responsible for ensuring the other Party's compliance with Applicable Laws at any time, unless so required under Applicable Laws. Each Party shall maintain compliance with the terms of the U.S. Department of Labor certification letter, dated August 30, 2016, pertaining to the RTA's above-referenced CMAQ grant, and corresponding protective arrangements, the terms of which are incorporated into this Agreement by reference.

**Section 7 — Representations.** DDOT represents that its operation of Reflex is covered under the City of Detroit's self-insurance program as set forth in Chapter 18, Article VIII of the Detroit City Code, in accordance with the FTA master Agreement. To its knowledge, DDOT is not aware of any existing or ongoing litigation or other legal claims arising out of its operation of the Reflex Services, and is not currently a party to any contract, including but not limited to any collective bargaining agreement or Section 13(c) agreement, that precludes either Party from entering into this Agreement.

RTA represents that it is authorized in all respects to designate DDOT as a sub-recipient of both its CTF and CMAQ grants. To its knowledge, the RTA is not aware of any existing or ongoing litigation or other legal claims related to the Reflex Services, and is not currently a party to any contract, partnership or other agreement, or the recipient or grantor of any grant or other funding arrangement, which precludes either Party from entering into this Agreement.

**Section 8 — Recordkeeping and Reporting.** DDOT shall maintain, and shall require its contactors to maintain, all source documents, records, and other information pertinent to its operation of the Reflex Services under this Agreement for a minimum of three (3) years following the conclusion or earlier termination of this Agreement, but in no case for less time than may be required to maintain compliance with Applicable Laws.

The Parties will share information regarding the funding and operation of, including the costs associated with, the ridership of, and the performance of, the Reflex Services on a monthly basis or as may be required by Applicable Laws. DDOT will cooperate with any state or federal audit of the RTA's financial support of the Reflex Services.

**Section 9 — Amendments.** No amendment to this Agreement will be effective and binding upon the Parties unless it is in writing, expressly makes reference to this Agreement, is executed by

a duly authorized representative of each Party, is approved by the appropriate City departments and the Detroit City Council, and is signed by the City's Chief Procurement Office.

**Section 12 — Independent Parties.**

The Parties acknowledge and agree that DDOT and the RTA are independent of each other and do not intend, as a result of this Agreement or otherwise, to become a joint venture, partners, employees, servants, agents, representatives, contractors, or any type of related business entities to one another with respect to the subject matter of this Agreement. Honorable City Council:

Re: Request to Appropriate FY 2010 Parolees, Technical Violators and Ex-Offenders Project Grant Fund to New Fund Account.

The Department of justice, Bureau of Justice Assistance, previously awarded

the City of Detroit funding under the FY 10 Congressionally Selected in the amount of \$550,000 in September of 2010. The funds were designated to City's Parolees, Technical Violators and Ex-Offenders Project. However, due to unforeseen interruptions and the transition of departments and programs, the last activity for this grant occurred in 2013 and there is a remaining balance of \$212,446.03.

The Office of Grants Management has worked this past year to gain permission from the Department of Justice to spend the remaining funds and also worked with other city departments to identify the best way to proceed. As part of this effort, OGM identified a contractor through the Request for Proposals process and is ready to start working with the contractor to improve the lives of Detroit's citizens under these funds.

If approval is granted, the appropriation number for these funds is 20299 and the cost center is 231111.

I respectfully ask your approval to accept and appropriate funding in accordance with the attached resolution.

**RESOLUTION IN SUPPORT OF**  
**2017 MICHIGAN SENATE BILL 27 &**  
**HOUSE BILL 4090**

By Council President Jones:

Whereas, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens through Charter-mandated legislative functions; and

Whereas, According to the Michigan Department of Education, "Michigan was a leader in public education. In 1809 judicial districts created tuition free public schools and levied taxes to support them. Twenty years later, the Territorial Council divided the districts into school districts and gave the State the right to supervise schools", and

Whereas, Throughout Michigan's history, its constitution has included a strong commitment to education and has equated educating its youth in a fair and moral way as a staple of good government; and

Whereas, Michigan first constitution written in 1835, created a Superintendent of Public Instruction. The 1963 State Constitution established the State Board of Education's current responsibilities; and

Whereas, Article VIII § 1 Education, of the Michigan State Constitution, explicitly states "Religion, morality and knowledge being necessary to good government and the happiness of mankind, schools and the means of education shall forever be encouraged."; and

Whereas, In 2010, the Michigan legislature passed MCL 380.1280c, which specified how the state would identify its lowest performing schools and created the School Reform Office (SRO) to supervise the identified Priority Schools, which included the following:

- The creation of the State School Reform/Design Office
- The creation of the position of State School Reform/Redesign Officer
- The addition of new provisions under Section 1280c of the Revised School Code (Michigan Public Act 451 of 1976)

Whereas, Under the changes prescribed, Section 1280c of the Revised School Code (Michigan Public Act 451 of 1976), now requires the Superintendent of Public Instruction annually to publish a list of public schools identified by the Department of Education as the lowest-achieving 5% of public schools in the State; and

Whereas, A school on the list must be placed under the supervision of the State School Reform/Redesign Officer (SRRO), and must develop and submit a redesign plan. The redesign plan must require the implementation of one of four intervention models; the turnaround model, the restart model, the transformation model, or school closure; and

Whereas, On June 12, 2015, Executive Order 2015-9 transferred the School Reform Office from the Michigan Department of Education to the Department of Technology, Management and Budget. On January 20, 2017, the Governor appointed state School Reform Office released a list of 38 schools targeted for potential closure, of those, 25 (65.8%) are in Detroit, due to low perfor-

mance by the students. The majority of potential closures are planned for Detroit, despite the fact that the Detroit Public School System was just recently removed from the control of five Governor appointed Emergency Managers in five years; and

Whereas, Overall, this action could displace 11,000 Detroit students, which is not only cruel, reckless, immoral and short sighted, this was even described by a Detroit Free Press columnist as foolhardy. Article VIII § 2 of the State Constitution states, "The legislature shall maintain and support a system of free public elementary and secondary schools as defined by law. Every school district shall provide for the education of its pupils without discrimination as to religion, creed, race, color or national origin"; and

Whereas, The proposed closures not only violate the tenets of the State Constitution, it presents a situation where most of the closures are located in neighborhoods that lack viable alternatives and many families would be forced to either move or travel long distances; and

Whereas, In particular, students at Pershing, Denby and Osborn High Schools would have no viable alternative within miles, given the fact that all of the neighboring schools are at capacity or on the closure list; and

Whereas, The newly created Detroit Public Schools Community District (DPSCD) and its newly elected school board, which has had less than two months in office, have not had the time to reverse the impact of seven consecutive years of State control. In fairness, the leadership of DPSCD should be given the time and the opportunity to implement a plan to remedy the achievement gaps of its students in the endangered schools; and

Whereas, Senate Bill 27, which is currently in the Senate Education Committee, provides a mechanism for the legislature to correct this wrong. Senate Bill 27 would repeal Section 1280c of the Revised School Code. Thereby allowing the Senate to develop a more well thought out and rationed policy for the schools that are currently in jeopardy; and

Whereas, Correspondingly, House Bill 4090, which is in the House Education Committee, proposes a process for closing a school, which includes a notice to parents and employees; a public hearing on the issue and a plan for distributing the assets of a closed school and securing the vacated building; and

Whereas, The Detroit City Council as a supporter of youth, education and the Detroit Public Schools expresses its support of the two pending bills that would allow for a fair and measured approach to education, is hereby calling for the Detroit Delegation in the State Senate and State

House, both the State Senate and House Committees on Education, the full State Senate, Michigan State House and the Governor to approve both **Senate Bill 27** and **House Bill 4090**; **Now, Therefore Be It**

Resolved, That this resolution be forwarded to the City of Detroit's Lansing Lobbyist, the Detroit Delegation in the State Senate and State House, the Senate Committee on Education the House Committee on Education, the Michigan Senate, the Michigan State House, and the Governor.

Adopted as follows:

Yeas — Council Members Benson, Cushingberry, Jr., Leland, Castaneda-Lopez, Sheffield, Spivey, Tate, and President Jones — 8.

**IN OPPOSITION TO  
PRESIDENT TRUMP'S EXECUTIVE  
ORDER ENTITLED, ENHANCING  
PUBLIC SAFETY IN THE INTERIOR  
OF THE UNITED STATES ISSUED  
JANUARY 25, 2017**

By Council Member Castaneda-Lopez:

Whereas, On Wednesday, January 25, 2017, President Donald J. Trump issued an executive order titled *Enhancing Public Safety in the Interior of the United States*. The order's purpose is premised on the principle that "many aliens who illegally enter the United States and those who overstay or otherwise violate and terms of their visas present a significant threat to national security and public safety;" and

Whereas, the order's stated policy is to "ensure the faithful execution of the immigration laws of the United States...against all removable aliens" and to "ensure that jurisdiction that fail to comply with applicable Federal Law do not receive Federal funds" and to "ensure that aliens ordered removed...are promptly removed"; and

Whereas, The order commands that all lawful means be employed against "all removable aliens" and priorities removal to include aliens who have been convicted of any criminal offense, charged with an offense not yet resolved, or committed acts that might constitute a chargeable offense. Also on the priority list for removal are those who "have abused any program related to receipt of public benefits" or have "not complied with their legal obligation to depart the United States"; and

Whereas, the order further directs the Director of U.S. Immigration and Customs Enforcement (ICE) to hire 10,000 additional immigration officers, and directs of Secretary of Homeland Security to engage Governors of States and local officials to enter into agreements to authorize local law enforcement to perform the functions of ICE officers; and

Whereas, The Attorney General and the DHS Secretary shall ensure that any local jurisdiction that is deemed a "sanctuary" jurisdiction is not to receive Federal grants, and that the public shall be educated of the threat posed by otherwise removable aliens by publication of a weekly report listing all criminal actions committed by aliens; and

Whereas, The order, finally, all agencies subject to Privacy Act regulations shall *exclude* individuals who are not citizens or lawful permanent residents (green card holders) from the protections of the Privacy Act regarding personally identifiable information; and

Whereas, Detroit, Michigan is a Welcoming City, that values its vast multi-cultural population, which includes a substantial Latino/Hispanic community, and a portion of the largest population of citizens of Arab descent outside of the Middle East; and

Whereas, The Executive Order *enhancing Public Safety in the Interior of the United States* is, in effect, the Trump Administration's plan for mass deportations with virtually *no priorities* but rather includes as high priority even individuals who may have broken a law but have not been charged — as ill-defined a category as one might imagine, and could conceivably include petty traffic offenses; and

Whereas, The militarization of ICE, with the addition of 10,000 new agents, the efforts to co-opt already financially burdened local units of government to supplement the deportation forces, the loss of tax revenue to jurisdictions like Detroit with large immigrant communities, and the inevitably community and family trauma resulting from roundups and deportations will likely have a devastating effect on the quality of life in Detroit in particular, as well as cities across the country; and

Whereas, As stated in the Detroit City Council's resolution affirming our *Welcoming City* status, "the City of Detroit believes in the innate dignity of all its residents and recognizes the importance of their valuable contributions to the social, religious, cultural, and economic life within the city. The City of Detroit acknowledges, honors, and values our immigrant and migrant roots, and embraces the values of family, faith, and hard work"; and

Whereas, The insensitivity of the executive order, with its predictably effect of separating families, lacks compassion for those that have made American their home and struggle to obtain citizenship. **Now Therefore Be It**

Resolved, that the Detroit City Council stands committed to our 2007 Biased Based Policing ordinance which, "respects the rights of, and provide equal services to all persons regardless of appearance, ethnicity, immigration status, manner of dress, national origin, physical

characteristics, race, religious beliefs, sexual orientation, or gender identity or expression." And Be It Further

Resolved, That the Detroit City Council strongly opposes the rash, and unjustifiable executive order issued by the Trump Administration in lieu of a more measured, thoughtful solution to addressing the issue of how to welcome and incorporate those individuals and families already here into the fabric of our communities. Contrary to the Administration's stated policy, this order will not serve to enhance domestic security. And Be It Further

Resolved, That the City Clerk be directed to send copies of this resolution to President Donald Trump, Governor Rick Snyder, Detroit Mayor Mike Duggan, Detroit/Michigan Congressional delegation, and the Detroit caucus of the Michigan Legislature.

**IN OPPOSITION TO  
PRESIDENT TRUMP'S EXECUTIVE  
ORDER ENTITLED, *BORDER  
SECURITY AND IMMIGRATION  
ENFORCEMENT IMPROVEMENTS,*  
ISSUED JANUARY 25, 2017**

By Council Member Castaneda-Lopez:

Whereas, On Wednesday, January 25, 2017, President Donald J. Trump issued an executive order titled *Border Security and Immigration Enforcement Improvements*. The order's primary purpose is to effectuate the President's campaign promise to "build a wall" at the southern border of the United States; and

Whereas, The order's purpose statement includes the assertion that "among those who illegally enter are those who seek to harm Americans through acts of terror or criminal conduct. Continued illegal immigration presents a clear and present danger to the interests of the United States." and

Whereas, The order declares the intention of the executive branch to "secure the southern border of the United States through the immediate construction of a physical wall", to "detain individuals apprehended,...to expedite determinations of apprehended individuals' claims of eligibility to remain in the United States,...to remove promptly those individuals whose legal claims...have been lawfully rejected, and...cooperate fully with States and local law enforcement...to enforce Federal immigration priorities...," and

Whereas, The Secretary of Homeland Security is directed to identify and allo-

cate sources of federal funds for planning and construction of the "physical wall", prepare congressional budget requests for same, immediately prepare to construct detention facilities at the border with Mexico, assign immigration judges to those facilities, and develop new policies for detention, including the "termination of the practice commonly as "catch and release"; and

Whereas, Further, the Secretary is directed to hire 5,000 additional Border Patrol agents, and take "all appropriate action to ensure that such agents enter on duty and are assigned to duty stations as soon as is practicable", as well as to engage Governors of States and local officials to enter into agreements to authorize local law enforcement to perform the functions of immigration officers. Additionally, all executive departments are to identify all U.S. aid to the Governor of Mexico over the past five years and submit the information to the Secretary of State within 30 days; and

Whereas, Finally, the Attorney General is directed to allocate adequate resources to ensure that offenses having a nexus to the southern border are accorded high priority; and

Whereas, The Executive Order *Border Security and Immigration Enforcement Improvements* is the extraordinarily costly fulfillment of an impractical campaign promise that will do little to enhance national security, will further militarize our border, has the potential to be extremely inhumane, and generally fails to address the complex issues associated with cross-border immigration; and

Whereas, As stated in the Detroit City Council's resolution affirming our *Welcoming City* status, "the City of Detroit believes in the innate dignity of all its residents and recognizes the importance of their valuable contributions to the social, religious, cultural, and economic life within the city. The City of Detroit acknowledges, honors, and values our immigrant and migrant roots, and embraces the values of family, faith, and hard work". Now Therefore Be It

Resolved, That the Detroit City Council opposes the *Border Security and Immigration Enforcement Improvements* executive order, recognizing its enormous expenditure of scarce resources and instead urges the Trump Administration to pursue comprehensive, humane immigration reform that is long overdue. And Be It Further

Resolved, that the City of Detroit open to the resettlement of people from around the world, including immigrants and refugees,

Resolved, That the City Clerk be directed to send copies of this resolution to President Donald Trump, Governor Rick Snyder, Detroit Mayor Mike Duggan,

Detroit/Michigan Congressional delegation, and the Detroit caucus of the Michigan Legislature.

**IN OPPOSITION TO PRESIDENT TRUMP’S EXECUTIVE ORDER ENTITLED, EXPEDITING ENVIRONMENTAL REVIEWS AND APPROVALS FOR HIGH PRIORITY INFRASTRUCTURE PROJECTS**

By Council Member Castaneda-Lopez:

Whereas, On January 24, 2017, President Trump signed an executive order that requires “expedited procedures and deadlines for completion of environmental reviews and approvals” in cases of “High Priority Infrastructure Projects”; and

Whereas, The terms of this executive order — including “expedited”, High Priority”, “routinely and excessively delayed”, “maximum efficiency and effectiveness” and other operative terms are so vague and undefine that it is not readily possible to discern precisely what the executive order seeks to accomplish, as it flies in the face of well-established legal and constitutional requirements governing such legally required federal environmental reviews, requiring that they be based on objective standards and afford Due Process to interested parties; and

Whereas, There is no substantial or sound policy case for such wholesale deregulation of undefined major infrastructure projects — on the contrary, the legal requirement for thorough and careful environmental and health impact review of such projects helps prevent environmental degradation and damage to public health that sometimes cannot be undone after the fact, as in the case of the poisoning of Flint, Michigan partly as a result of the premature and recklessly approved Karegnondi Water Authority; and

Whereas, Contrary to the vague and misleading terms of this executive order, while “infrastructure investment” is indeed a good thing for our country and our society, the legally required reviews to protect the environment and human health from the externalities that can be produced by poorly planned and regulated initiatives do not in fact prevent such investment from yielding benefits to society; and

Whereas, The executive order’s statement that “Too often, infrastructure projects in the United States have been routinely and excessively delayed by agency processes and procedures” creates a false dichotomy by implying that rigorous environmental protection must be sacrificed in

favor of long-delayed and -neglected critical infrastructure projects; and

Whereas, Similarly the executive order’s statement that delays caused by environmental reviews have “blocked the American people from the full benefits of increased infrastructure investments” is misleading, as the potential for irreversible environmental damage must be anticipated and avoided if we are to survive and thrive on this planet; and

Now, Therefore, Be it Resolved That City Council opposes the Executive Order Expediting Environmental Reviews and Approvals for High Priority Infrastructure Projects and whole heartedly support impacted communities and the need for Environmental Impact Assessments And Be it Further

Resolved, That the City Clerk be directed to send copies of this resolution to President Donald Trump, Governor Rick Snyder, Detroit Mayor Mike Duggan, Detroit/Michigan Congressional delegation, and the Detroit caucus of the Michigan Legislature.

## TESTIMONIAL RESOLUTIONS AND SPECIAL PRIVILEGE

### TESTIMONIAL RESOLUTION FOR

#### MRS. DORIS WALKER DANDRIDGE First Female Full-time Bus Driver

By All Council Members:

WHEREAS, it is with great pleasure and privilege that we, the members of the Detroit City Council, recognize and bestow due honor upon Mrs. Doris Walker Dandridge, the first female full-time Transportation Equipment Operator hired by the City of Detroit, Department of Streets and Railways (DSR), now known as the Detroit Department of Transportation (DDOT); and

WHEREAS, Doris grew up in Detroit, Michigan, in the area known as "Black Bottom." She received her adolescent education in the Detroit Public Schools system, graduating from the High School of Commerce. Her beloved parents, Will and Lettie Barksdale, instilled the will to take on challenges, no matter how difficult or different they might seem. A trailblazer and mother of four, Doris Walker became the first woman to drive a DSR bus since World War II. During the war, the DSR hired women as temporary and standby drivers, but the practice ended with the war. A former paint masker at Chrysler Corporation, Doris said the whole thing started when her brother and former husband, both bus drivers, came home one day complaining about their jobs. She remarked that she could handle the job and her brother challenged her to try. Doris applied for the bus driver's job because she like the idea of working for the government and the \$4.83-an-hour driver's pay; and

WHEREAS, Mrs. Walker Dandridge recalled that the civil service examination for Transportation Equipment Operator was a difficult test. She said it felt like she was taking the final exam for a mechanical engineering course. At the time, Doris did not see herself as a Women's Lib activist. She decided to challenge the system for the good of all women, seeking employment in a field that had been dominated by men. She believed that once the news spread that the DSR had hired a woman driver, it might give other qualified women the incentive to take the test. Doris Walker was hired by the city in April of 1973. After completing the training course, she received her first assignment to transport passengers on the Buchanan route. This began a new DSR policy, to

search actively for qualified women drivers; and

WHEREAS, On July 17, 2013, Doris Walker Dandridge was honored with a Special Tribute by the Detroit Department of Transportation. That same year, she also received recognition from the Detroit Branch of the NAACP. Photocopies of newspaper articles from the Detroit News and Free Press highlighting her historic first day on the job, along with award certificates, were donated as gifts to the Charles H. Wright Museum of African American History, Detroit Historical Society and the Detroit Public Library.  
NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, hereby presents this Testimonial Resolution to Mrs. Doris Walker Dandridge to honor her as a "Living Legend" and to acknowledge our gratitude and admiration for her service and accomplishments.

Re: Denise Shelton (Plaintiff) vs. City of Detroit (Defendant). Wayne County Circuit Court Case No. 16-000225-CD. File No: W16-00011 (Letitia C. Jones).

On January 30, 2017, a case evaluation panel evaluated the above-captioned lawsuit and awarded Seventeen Thousand Five Hundred Dollars (\$17,500.00) in favor of Plaintiff. We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Seventeen Thousand Five Hundred Dollars (\$17,500.00) payable to Denise Shelton and Scott Batey, Her attorney, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 16-000225-CD, approved by the Law Department.

Re: Jerry Ashley v Detroit Police Officer Gadwell et al, Case No. 12-004505-NO (SLdeJ) Matter No. A37000.00791.

On April 8, 2013, the Case Evaluation Panel unanimously awarded the plaintiff an amount in this lawsuit as discussed in the memorandum attached hereto. **PLANNING AND ECONOMIC DEVELOPMENT STANDING COMMITTEE**

City Planning Commission

January 6, 2017

Honorable City Council:

Re: Request of SDG Associates on the behalf of their client, Greektown Casino LLC to amend Article XVII, District Map 2, of the 1984 Detroit City Code, Chapter 61, Zoning and the provisions of the existing SD5 (Special Development District, Casinos) zoning classification established by Ordinance 24-06, which was subsequently modified by Ordinance 05-10 and also established by Ordinance 30-11 for property bearing the SD5 zoning classification within the area generally bounded on the north by Macomb, on the east by the southbound I-375 Service Drive, on the south by the Lafayette St. and on the west by Beaubien St. and more specifically located at 555 East Lafayette Avenue; 508, 562, and 570 Monroe Street, 1041 Saint Antoine Street, 500 and 666 Macomb.

**NATURE OF REQUEST**

The City Planning Commission (CPC) has received the request of SDG Associates on the behalf of their client, Greektown Casino LLC to amend Article XVII, District Map 2, of the 1984 Detroit City Code, Chapter 61, Zoning, and the provisions of the existing SD5 (Special Development District, Casinos) zoning classification established by Ordinance 24-06, which was subsequently modified by Ordinance 05-10 and also established by Ordinance 30-11. The subject property is that which bears the SD5 zoning classification within the area generally bounded on the north by Macomb, on the east by the southbound I-375 Service Drive, on the south by the Lafayette St. and on the west by Beaubien St. and more specifically located at 555 East Lafayette Avenue;

508, 562, and 570 Monroe Street, 1041 Saint Antoine Street, 500 and 666 Macomb.

Approximately 19 months ago the Greektown Casino was purchased by Rock Gaming, an entity of the Gilbert family of companies. Rock Gaming is now known as JACK Entertainment, which now manages a number of casino gaming facilities under that name. As a result the Greektown Casino is now being rebranded under its new ownership as a JACK Casino. The proposed modification is generally cosmetic in nature and will alter the appearance and character of the casino complex as we have known it over the years. There will be no physical expansion to the casino proper, hotel or parking decks at this time only a change in appearance.

#### **PROJECT PROPOSAL**

The rebranding of the facility will alter the appearance of the casino complex. When the SD5 zoning regulations were contemplated the term thematic expression was established in order to qualify the various means whereby casinos outwardly display the theme or concept that has been adopted for the design and program of the facility. Operating as the Greektown Casino we have become accustomed to the emblem of multi-color torches, which were expressed in signage, banners, fixtures and ornamentation with and without the casino complex. With the rebranding of the casino, these elements are all to be removed and replaced with the new thematic expression associated with the Jack Casino brand.

The proposal will replace existing signage one for one, reposition and replace others, delete a few and add to new locations as well as some ornamental and lighting features. A number of the signs are directional, instructing pedestrian and vehicular traffic to the various points of access. A few of the signs immediate to the parking structure incorporate LED displays that will convey parking rates and availability. On rare occasions these signs could display information about onsite events at which point they would become business signage.

#### **ANALYSIS**

On November 3rd at the CPC's regular meeting an informational presentation of the casino proposal was given to the commission to familiarized them with the proposal facilitate advance review and comment. Subsequently, on November 8th CPC staff met with their representatives to review the project in greater depth bringing to bear the issues raised at the November 3rd meeting. At that time we analyzed the proposal in order to make a clear distinction between business signs, directional signs, lighting features, applied treatments and ornamentation. This exer-

cise greater reduced the amount of proposed square footage of business signage as their calculations included more than what is classified as business signage. As a result the proposal was revised for the public hearing at the Commission's November 17th meeting.

#### **Design**

The most significant alteration to the appearance of the casino is to be made to the hotel tower. At present the City skyline features little to no red elements, certainly not in the amount or with the vibrancy of what is proposed for the hotel tower. The LED accent lighting, the LED panels that form the background of that roof sign and the red cladding to surround the elevator tower will add a very visible volume of red to the downtown skyline, while making a striking contrast against the cool blue glass of the hotel curtain wall.

The Commission asked the petitioner to think in terms of achieving the desired shade of red with the LED light to match or complement the cladding proposed for the elevator tower, but without the vibrancy as indicated in some of the images. The developer supplied a sample of the actual material to be applied to the hotel elevator tower, which was indeed less intense than what was perceived in the provided images.

The petitioner was also asked the petition to take another look at the size, number and placement of the banners and some of the other sign element from an aesthetic/compositional perspective. While presenting the brand is important for this and any business, the composition of the signage should be balanced and thoughtful, respecting the architecture of the structure to which it is applied and the surrounding context.

#### **Master Plan**

The subject site is located within the CBD Neighborhood of Neighborhood Cluster 4 of the Detroit Master Plan of Policies. The Future Land Use map for this area shows "MC," Major Commercial for the subject property. CPC has been assured that the proposal is not in conflict with the Master Plan, given that the proposal is simply addressing the appearance and not changing the on-site land uses.

CPC would like to take this opportunity to note that the casino has contracted in size under its new ownership. Three properties, 400 E. Lafayette, 1034 Randolph and 439 E. Fort, all bear the SD5 zoning classification as they were used to provide parking for the casino in the past. These properties are currently under separate ownership, are not needed to meet the casino's parking requirements and no longer serve the casino directly.

#### **CONCLUSIONS AND RECOMMENDATION**

The Commission has reviewed the

above captioned request and found it to be consistent with the previous SD5 approvals for these properties and compliant with the requisite criteria. With the removal of the large ornamental element on the east face of the casino building, that becomes more subtle in its expression with the Hotel tower and parking deck, tallest structures comprising the casino complex making the bolder statement.

City Planning Commission has completed its review of the above captioned request for SD5 modification and is recommending approval with the understanding that the permissible square footage of signage as calculated per Chapter 3 of the City Code is 10,040.07 and conditioned upon the following:

1. The signage components of the project shall be operated as "business signs" or "directional signs" displaying that which is germane only to the premises of the casino complex.

2. That the banners will be removed from the sign program as presented.

3. The LED panels that form the background of the rooftop sign on the hotel may change color with delayed transition and may display Minimal Animations (e.g. a floating digital image or logo, twinkling star, slow motion waving flag, etc.). The LED accents that trim the floor segments that project from the facade of the hotel may also change color in coordination with the rooftop sign. Additionally, these features shall operate at a lesser intensity from 11:00 PM to 6:00 AM in order to avoid contributing to light pollution and deleterious impacts on residential uses and public accommodations.

4. With the exception of Minimal Animation, each digital sign shall not appear to flash, undulate, pulse, blink, move toward or away from the viewer, expand or contract, bounce, rotate, spin, twist, break up into smaller shapes or other similar movement, and shall not depict or portray any images, whether static or moving, of explosions, fireworks, other flashing, undulating, pulsing, or blinking phenomena, nor shall the digital sign emit audio.

5. The color of any LED sign, feature or any substantial portion thereof, shall not be white, off-white, or any other color exceeding 5,500 Kelvin.

6. The luminance of each LED sign or lighting feature shall be controlled by ambient light monitors and shall be adjusted continuously based on ambient light conditions so that the luminance shall not exceed 9,000 nits during daylight hours, and 2,000 nits between sunset and sunrise.

7. Each LED sign shall operate at a frequency of no less than thirty (30) hertz and shall cease operation if below this level.

8. The casino shall maintain records of all images and animations displayed by the rooftop sign and the dates during which each such image and animation is displayed and any other relevant information that the applicable technology has the capacity to record. The data shall be collected on a 12 month basis and shall be made available upon the request of the City Planning Commission.

9. The casino shall return before the City Planning Commission for review and evaluation of the operation and impacts of the LED signs and features of the hotel tower nine (9) months following the date these features become operational.

10. That final site plans, elevations, landscaping lighting and signage plans shall be submitted to the staff of the City Planning Commission for review and approval for consistency with the approved plans prior to application being made for applicable permits.

Please let us know if you have any questions concerning this proposal or the Commission's findings.

Respectfully submitted,

By Council Member Leland:

Resolved, that the Detroit City Council hereby supports the Memorandum of Understanding made by and between the City of Detroit and Palace Sports & Entertainment, LLC, on February 10, 2017, regarding the City of Detroit's support for the Pistons relocation to the City.

**MEMORANDUM OF UNDERSTANDING**

This Memorandum of Understanding ("MOU") is executed on this 10th day of February, 2017 by and between the City of Detroit (the "City"), Palace Sports & Entertainment, LLC, a Delaware limited liability company ("PS&E", and together with City, the "Parties").

**Recitals**

A. PS&E and the Detroit Pistons Basketball Company ("Pistons Basketball," and together with PS&E and any affiliate thereof, the "Pistons") have agreed in principle to, commencing with the fall 2017 National Basketball Association ("NBA") season, relocate Pistons basketball home games and related Pistons operations to the new multi-purpose events center that is to serve as the home arena of the Detroit Red Wings National Hockey League franchise and as a year-round venue for a wide range of sports and entertainment events (the "Events Center"). Additionally, the Pistons will relocate their practice facility and corporate offices and headquarters (the "headquarters") to the City of Detroit. On November 22, 2016, the Pistons and Olympia Entertainment Events Center,

LLC ("OEEC"), the operator of the Events Center, announced their intent to move Pistons games and operations into the Events Center.

B. The Pistons relocation to Detroit depends on assistance and support from the Downtown Development Authority ("DDA") and the City of Detroit and its affiliates. To that end the DDA authorized an MOU ("Pistons MOU") which, among other things, would assist in the financing needed to make required improvements to the Events Center to accommodate Pistons games and operations. The Pistons currently own their facility, the Palace of Auburn Hills, which they have spent more than \$40 million upgrading over the past six years. The Pistons will be spending a significant amount of money i.) on the additional improvements to the Events Center ("Additional Catalyst Development Project Improvements"), which is currently under construction, and ii.) to construct their new Headquarters (collectively the "Pistons Development Project").

C. The Parties anticipate that the total private investment in the Pistons Development Project will be approximately \$95 million, and that the public investment will be no more than \$34.5 million, funding derived from a refinancing of existing DDA bonds or the issuance of additional tax-exempt bonds ("DDA Bonds"). No City of Detroit general fund dollars will be used to support the Pistons Development Project.

D. In recognition of the anticipated direct and indirect benefits to the citizens and economy of the City of Detroit which are expected to result from the Pistons Development Project and the financial risks undertaken by the Pistons in anticipation of the consummation of the transactions contemplated by the Pistons MOU, the City desires to memorialize its intent to support the Pistons Development Project upon the terms and conditions set forth herein.

E. This document is not meant to supersede the approval processes necessary for the Pistons Development Project, as outlined in Section III of this MOU.

**I. Agreements and Responsibilities of PS&E (or its affiliates)**

A. In one or more agreements with the DDA, PS&E (or one or more of its affiliates) will commit to: (1) relocate the venue for Pistons Basketball home games and related Pistons operations from the Palace of Auburn Hills to the Events Center commencing with the fall 2017 NBA season and the relocation of the Pistons practice facility and corporate offices and headquarters to the City of Detroit following the construction of same; (2) pay all costs of the Pistons Development Project not funded by proceeds of the DDA Bonds, including con-

struction costs overruns; (3) pay the maintenance costs and the costs of necessary capital improvements of the Pistons Development Project; and (4) enter into a binding agreement setting forth its commitments regarding community benefits, as described in the Pistons MOU and restated, for reference purposes, herein.

B. To ensure that the Pistons Development Project provides community benefits to the entire City, creates workforce development and training opportunities for City Residents, and provides recreational opportunities in the City's neighborhoods, PS&E agrees that it will make the following commitments to the City and the DDA in an agreement as required by the DDA and City:

1. PS&E will ensure that at least fifty-one percent (51%) of the workforce related to the construction of the Headquarters are City Residents, that City Residents perform at least fifty-one percent (51%) of the hours worked on the construction of the Headquarters, in accordance with the requirements of Executive Order No. 2014-4 or any subsequent executive orders related to local hiring requirements. The requirements of Executive Order 2014-4 or a subsequent executive order shall apply to the construction of the Headquarters regardless of whether or not such construction is considered to be a publicly-funded construction project.
2. PS&E will use best efforts to ensure that at least thirty percent (30%) of the total dollar value of City contracts related to the construction of the Headquarters are awarded to City based or headquartered businesses, in accordance with the requirements of Executive Order No. 2014-5 or any subsequent executive orders related to local contracting requirements. The requirements of Executive Order 2014-5 or a subsequent executive order shall apply to the construction of the Headquarters regardless of whether or not such construction is considered to be a publicly-funded construction project.
3. PS&E will use commercially reasonable efforts to maximize post-construction employment opportunities with PS&E for City Residents.
4. PS&E will support workforce development initiatives for City Residents by donating \$100,000 to Detroit Employment Solutions Corporation.
5. PS&E will partner with the Mayor's Office and City Council to provide mentorship opportunities for young City Residents.
6. PS&E will participate in the Grow

Detroit's Young Talent summer jobs program.

7. PS&E will invest a total of \$2,500,000 over six years in the construction, renovation and refurbishment of over 60 community recreational basketball facilities in the City of Detroit in partnership with the City of Detroit's Recreation Department, provided that before such investment by PS&E, the City must agree to a reasonable and mutually agreeable maintenance plan for such facilities.
8. PS&E will host free youth basketball camps, clinics, and other events for City Residents to promote youth basketball and youth enrichment programs in the City
9. PS&E will develop a program to enable City Residents and youth to attend NBA basketball games in support of and in connection with community educational programs and initiatives, including by making available 20,000 tickets per regular season free of charge to City Residents and youth.
10. PS&E will appoint and maintain a liaison to meet, communicate, and engage regularly with the existing Events Center Neighborhood Advisory Committee.
11. If the Headquarters is located outside the Catalyst Area associated with the Events Center and the Pistons apply for tax abatements, the Pistons will follow the community engagement requirements associated with the City of Detroit's community benefits ordinance, even if the construction of the Headquarters does not qualify as a "Tier 1 project" under the ordinance.

The Pistons acknowledge that the City shall be entitled to appropriate remedies if the above obligations are not fulfilled.

## **II. Agreements and Responsibilities of City**

A. In order to obtain the Piston's commitment to relocate to the City of Detroit, the DDA authorized the execution of the Pistons MOU which memorialized the DDA's intent to finance \$34.5 million of expenses that will be incurred to accommodate the Pistons use of the Events Center. The DDA also agreed to act as a financing conduit for the Headquarters if the Headquarters were to be located in the DDA's Development Area No. 1. The DDA would not be contributing any funds directly for the construction of the Headquarters.

B. To support the Pistons Development Project, the City, the DDA, and the Michigan Strategic Fund ("MSF") must approve an amendment ("DDA Plan Amendment") to the Restated City of

Detroit Downtown Development Authority Tax Increment Financing Plan to: j) modify the description of the DDA Plan to incorporate the Pistons Development Project therein, (ii) authorize the issuance of additional bonded indebtedness by the DDA in order to support the DDA Bonds, (iii) extend the term of the DDA Plan beyond its current expiration date of June 30, 2045 to support the issuance of the DDA Bonds and payment of other contractual obligations payable with Catalyst Project Revenues, as defined in the DDA Plan, and (iv) increase the amount of Catalyst Project Revenues available to reimburse OEEC (or its applicable affiliate) for eligible costs incurred in connection with the private projects completed in the area around the Events Center from \$62,000,000 to \$74,000,000, as agreed by the DDA in 2013.

C. The City is supportive of the plan to bring the Pistons to Detroit and the general terms of the Pistons MOU. The City will work in good faith with the Pistons to obtain the approvals necessary to effectuate the Pistons MOU. In order to make the Pistons relocation to the Events Center possible for the beginning of the fall 2017 NBA season, the City will review and consider in a prompt and efficient manner the DDA Plan Amendment, and, subject to the satisfaction of the requirements and DDA Plan Amendment, and, subject to the satisfaction of the requirements and provisions of Act 197 and the City's Charter, and without waiving any approval rights of the City and its departments, the City expects to support and approve the modifications to the DDA Plan necessary to support the Pistons Development Project.

**III. Conditions Precedent**

The consummation of the transactions contemplated in this MOU are subject to the following conditions precedent.

- A. Approvals by the City. The City of Detroit's approval of:
  - a. The DDA Plan Amendment; and
  - b. Street vacations and zoning changes and such other governmental approvals as may be needed.
- B. Approvals by the DDA. The approval by the Board of the DDA of the DDA Plan Amendment, bond authorizing resolutions and related documentation with respect to the DDA Bonds, and the other agreements and documents described Pistons MOU.
- C. Approvals by the MSF. The approval by the Board of the MSF of that part of the DDA Plan Amendment constituting the Catalyst Development Project and approval of the projects included in the Catalyst Development Project.
- D. Regulatory Approvals. The issuance of any and all federal, state

and local orders, licenses and permits needed to complete the acquisition and construction of the Headquarters.

- E. Issuance of Bonds. The issuance and sale of the DDA Bonds by the DDA to fund certain undertakings under the Pistons MOU.
  - F. Pistons Approval. The approval by the members and/or managers of Pistons (and/or any necessary affiliates) of any agreement that may be required by DDA or the purchasers of the DDA Bonds to complete the transactions contemplated by this MOU or the Pistons MOU.
  - G. NBA Approval. The approval of the NBA of the Pistons relocation to the Events Center.
  - H. Approvals by OEEC. Such approvals as may be required from OEEC under the Events Center concession and management agreement (the "Arena CMA"); or otherwise (i) to permit the issuance of the DDA Bonds and (ii) to amend or supplement the Arena CMA to permit the other transactions contemplated by the Pistons MOU and this MOU.
  - I. Satisfaction of all Conditions Precedent in MOU between OEEC and PS&E. The satisfaction of all conditions precedent to the effectiveness of the Memorandum of Understanding between OEEC and PS&E and execution and delivery of the documents completing the transactions outlined therein.
- This Memorandum of Understanding expresses the present understanding and intentions of the Parties and their respective willingness, upon the approval of the proposed financing structure and agreement, subject to compliance with applicable statutes, codes, ordinances and regulations and to necessary approvals by the Detroit City Council, the Mayor of the City of Detroit, Board of the DDA, PS&E, the MSF and any other governing authority, to take all actions necessary to implement the proposed responsibilities. In addition, in the event that this Memorandum of Understanding is not executed by all of the named Parties, it shall nevertheless be deemed to express the present understanding of those Parties which have executed it.

**MEMORANDUM  
Statement on Pistons Memo of  
Understanding Vote**

Today, a proposal to support discussions involving the Detroit Pistons return to the City of Detroit was presented to City Council for approval. This Memorandum of Understanding (MOU) outlines initial agreements that were negotiated between Palace Sports & Entertainment (PS&E) and the City of Detroit.

The MOU involves terms of agreement for revisions to the Little Caesar's Arena (Events Center) to accommodate basketball operations according to National Basketball Association standards and construction of the PS&E headquarters, which will contain business offices and a practice facility. According to the MOU, the private investment is approximately \$95 million, with a \$34.5 million investment from public funds.

In addition, the MOU contains eleven "community benefits commitments" that address workforce development, job training and recreational opportunities. While the MOU recognizes Executive Order 2014-4, which mandates that 51% of all construction will be done by city residents, it falls short of Executive Order 2014-5, which mandates that 30% of the total value of contracts will be rewarded to city businesses. The MOU states that PS&E will use "best efforts" to ensure compliance, however, this language has been used in other agreements and has not yielded the desired results.

The MOU also states that PS&E will use "commercially reasonable efforts to maximize post-construction employment opportunities" for city resident. However, this language is too broad and difficult to quantify. The MOU also describes a required amendment to extend the duration of the Downtown Development Authority (DDA) Plan that allows for the issuance of bonds to complete the deal. These funds involve an additional \$12 million for Catalyst Project Revenues, which would be reimbursed by the Michigan Strategic Fund (MSF). However, there is no language in the MOU outlining the reimbursement process.

Other commitments in the MOU indicate that PS&E will donate \$100,000 for workforce development, while investing \$2.5 million over six years for basketball courts and other recreational upgrades. I would like to see a more equitable distribution of funds invested in training citizens for jobs over recreational outlets for unemployed Detroiters.

For these reasons, although I support

the return of the Detroit Pistons to the city whose name they carry, I must insist on more definitive language for the granting of contracts to Detroit companies, post-construction employment opportunities for Detroiters, better distribution of training and recreational dollars and an explanation of the reimbursement process for Catalyst Project Revenue. Going forward, I am optimistic that PS&E desires to be good neighbors and corporate citizens to benefit the city and its residents.

**RESOLUTION APPROVING THE  
APPLICATION OF COMMUNITY  
DEVELOPMENT BLOCK GRANT  
BUDGET FOR FISCAL YEAR 2017-2018**

WHEREAS, Each year the executive and legislative branches of City government collectively evaluate proposals for the allocation of Community Development

Block Grant (CDBG) funds from the U.S. Department of Housing and Urban Development (HUD) through the City of Detroit Neighborhood Opportunity Fund (NOF); and

WHEREAS, Under the federal guidelines, CDBG funds may be used to support programs operated by organizations that service low- to moderate-income families and other vulnerable populations within our community. Given the serious challenges in our community, the City of Detroit uses CDBG funding to provide the necessary public service programs to address the vast needs of the vulnerable in our community; and

WHEREAS, While the critical need for these types of services within the City has not diminished, the resources available from HUD to address those needs is consistently being reduced; and

WHEREAS, The need for increased operational efficiencies within CDBG funded organizations could be achieved through greater interagency collaboration such as merger of groups with compatible missions or consolidation of administrative fiduciary functions to increase service capacity. These expressions of encouragement are offered in recognition of the funding trends and the need for even stronger service delivery groups in these times; and

WHEREAS, A review team which included Housing and Revitalization Department representatives, Legislative Policy Division (LPD), Office of Contracts and Procurement (OCP) and the Office of Grants Management (OGM) reviewed the various proposals received for the program and HRD prepared recommendations to the Mayor; and

WHEREAS, The Mayor subsequently prepared recommendations which were submitted to the City Planning Commission (CPC), which concurred with all fifty-eight (58) of the Mayor's funding recommendations; and

WHEREAS, City Council, having, thereafter received the recommendations of the Mayor and the CPC, has reviewed those recommendations, held an appeals hearing regarding the orientations that were not initially recommended to receive 2017-2018 CDBG NOF funds as well as a public hearing on the overall CDBG program; and

WHEREAS, In addition to the fifty-eight (58) organizations initially recommended by the Mayor to receive CDBG funding, City Council's appeals hearing and deliberations resulted in the inclusion of the following three (3) groups; Kendell CDC, (proposal #41), L&L Adult Day Care (proposal #10), and Mosaic Youth Theatre of Detroit (proposal #13); and

WHEREAS, Given the historic and very public role in the vetting of CDBG applicants as well as its unique knowledge of

the residents of the City as their locally-elected representatives, City Council's involvement in the CDBG process is not only mandated by law but critical to the appropriate distribution of these funds. NOW THEREFORE BE IT

RESOLVED, The Detroit City Council hereby approves the allocation of Community Development Block Grant Neighborhood Opportunity Fund awards for FY 2017-18 as set forth in the attached CDBG/NOF allocation chart; and BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to Financial Review Commission, Mayor Mike Duggan, HRD Director Arthur Jemison and the CPC.

Re: Address: 19780 Braile. Name: JPA Holdings LLC. Date ordered removed: June 16, 2015. JCC pg. 1026.

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information.

A special inspection on January 20, 2017 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

3. The owner shall not occupy or allow

occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Re: Requested Ordinance to Amend Chapter 6 of the 1984 Detroit City Code.

Attached please find an ordinance to amend Chapter 6 of the 1984 Detroit City Code, *Animal Control, Regulation and Care*. This ordinance is being submitted at the request of Council President Brenda Jones in order to better regulate the animal populations residing within the City of Detroit. The ordinance reorganizes Chapter 6 into a more logical structure and creates a new article specifically for dangerous animals. It further amends the rights and responsibilities of Detroit animal control officers and law enforcement personnel to conform the provisions and procedures to law. The ordinance updates terms and definitions to more clearly articulate the city's focus on animal care by renaming the "Animal Control Division as the Animal Care and Control Division and by updating language regarding standards of animal care, including animal tethering. Finally the ordinance updates general language, deletes duplicative or obsolete language, and makes other technical revisions to ensure the ordinance stands the test of time. A copy of the ordinance, which has been approved as to form, is attached for our consideration

Respectfully submitted,

MARK A. TOAZ

Assistant Corporation Counsel

**TESTIMONIAL RESOLUTIONS AND SPECIAL PRIVILEGE**

**TESTIMONIAL RESOLUTION FOR DONNIE SIMPSON**

By All Council Members:

WHEREAS, It is with great pleasure and privilege that Council President Brenda Jones and members of the Detroit City Council join with AARP to recognize and bestow due honor upon Donnie Simpson, a trailblazer and media legend; and

WHEREAS, Donnie Simpson's love for music and radio started as a young child growing up in Detroit where his mother, Mrs. Dorothy Simpson, owned Simpson's Record Shop, a bustling Mom & Pop shop that sold records and candy. He decided to become a disc jockey after WJLB, a popular Detroit radio station, did a live broadcast one day from the shop. Simpson was asked to read live commercial spots by the legendary disc jockey Al Perkins, who was greatly impressed by the young fifteen year old with the big voice. Within weeks, Simpson became a teen reporter for WJLB, and soon thereafter was given his own radio show. After

eight years on Detroit's airwaves, Simpson headed to WKYS-FM in Washington, DC. There he became the morning show host and program director. He led the station to such unprecedented ratings success, that Billboard magazine selected him as the *Nation's #1 Program Director of the Year* and *Air Personality of the Year* in 1983; and

WHEREAS, In the early 1980's, Simpson embarked on a television career as the backup sports anchor for the legendary sportscaster George Michael on WRC-TV, an NBC affiliate. He later paved the way into television history, when he joined BET as host of the ultra-popular *Video Soul*. Considered one of the nation's first video jockeys, Simpson stayed at BET for fourteen years, racking up hundreds of memorable live interviews with many of the greatest recording artists of the era. Moving from television to the silver screen, Simson appeared in the classic films, *Krush Groove* and *The Five Heartbeats*. He also appeared on the popular sitcoms, *Martin* and *The Jamie Foxx Show*. In 1993, he took his talents to WPGC-FM in Washington, DC; and

WHEREAS, An active community volunteer, Donnie Simpson has served as Honorary Chairman of the National Black Family Reunion and has assisted in fundraising efforts for AIDS research and the United Negro College Fund (UNCF). He and his wife established The Donnie and Pam Simpson Scholarship Fund, to help minority college students in need of financial assistance. Always committed to a worthy cause, in 2005 Donnie stayed on the air for sixteen hours and raised over \$220,000 for the victims of Hurricane Katrina; and

WHEREAS, In January 2010, after thirty years as DC's morning coffee host, Donnie Simpson left radio, taking a five 1/2 year hiatus from the airwaves. On August 17, 2015 he returned to host the afternoon drive slot at Majic 102.3, a Radio One station in Washington, DC. The hype from Simpson's return was so astounding, that it was the #1 trending story on Facebook and Twitter during his first few days on the air. On October 4, 2015, Simpson was inducted into the R&B Music Hall of Fame. He was the only non-musician to be so honored. While adored by millions, perhaps Simpson's biggest fan is former President Barack Obama. On the presidential campaign trail in 2008, Mr. Obama stopped to record and send a congratulatory video message to Simpson, citing the media giant for this great tenure in radio. Donnie Simpson's consistent #1 ratings success and reputation have earned him "Icon" status among his peers and millions of fans worldwide. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City

Council and Council President Brenda Jones, along with AARP, congratulates Donnie Simpson for his tremendous success as a "Media Legend" in radio and television.

**TESTIMONIAL RESOLUTION  
FOR**

**MRS. DELORES BENNETT**

By All Council President Brenda Jones, joined by Council Member Mary Sheffield:

WHEREAS, We, the members of the Detroit City Council, solemnly pause today to recognize and bestow homage upon the late, Mrs. Delores Bennett, a devoted wife and mother, former Wayne County Commissioner, longtime neighborhood activist and the pillar of Detroit's North End community, who was granted her angel wings on February 7, 2017, and

WHEREAS, Mrs. Bennett, a native of Clarksville, Tennessee, resided in Detroit most of her life. She and her late husband, Eugene Bennett Sr., were the parents of four children — (daughters) Ronda, Mary, Michelle and their son, Eugene Jr. Mrs. Delores Bennett is known most for her love for the neighborhood children. Her priorities were always the well-being of the youth and the betterment of her community. For nearly five decades, through her activism and sheer persistence. Mrs. Bennett was instrumental in helping to hold the North End community together. The way that she inspired, mobilized and organized the community was incredible. Late one Christmas week fifty-five years ago, a young distraught mother came to her door asking for help. Mrs. Bennett and her husband got busy and were able to provide the family with clothing and a few toys. When they delivered the gifts, the mother told them she had been at her wit's end and their kindness and generosity saved her and her children's lives. This really touched Mrs. Bennett's heart and she made the decision that no child on the North End would ever go without basic clothing, and a toy. This was the beginning of the North End Young Improvement Council (NEYIC). The organization uses mentorship, educational assistance, summer jobs, recreational activities and other methods to improve the lives of children in the neighborhood; and

WHEREAS, Through NEYIC, Mrs. Bennett founded the Adopt-A-Child Christmas program which provides holiday gifts to many of the neighborhood's children. Each year the Christmas Party fills a room at Cobo Hall with thousands of needy children. When she initially founded NEYIC, three of her four children were preschoolers. She was looking for a project to keep them and their friends busy. They would take walks through the neighborhood and she would have them pick up litter. As the children grew older, Mrs. Bennett encouraged them to do chores for the ill and elderly neighbors, such as painting houses, shoveling snow and mowing lawns. For thirteen years she worked with the community, a neighborhood church and city government to

develop a playground and recreation area. On July 2, 1977, the neighborhood park became a reality. The former Smith Park at Brush and Bethune in the North End is named in honor of Mrs. Delores Bennett. She organized many types of projects to raise funds to secure playground equipment for the park. The park is managed by the residents (The Men of the North End). The parks programming (serving free lunches, athletic and cultural activities) is self-funded by the community. She also volunteered hundreds of hours every year to youth programs promoted by the Considine Recreation Center. Mrs. Bennett always fought for employment, education, recreation and housing. She devoted her time and energies to benefit the entire community, not only in its physical appearances, but promoting a feeling of well-being and good will toward mankind; and

WHEREAS, Mrs. Delores Bennett was first elected to the Wayne County Board of Commissioners from the 8th District in 1978. She served two terms as a Wayne County Commissioner. Mrs. Bennett was a member of numerous organizations and boards — too many to list. She received many awards locally and nationally, including: *The Detroit Old Timers*, *Gertrude Powe Community Service Award*, *Michiganian of the Year*, *Lifetime Achievement Award from the Youth Sports and Recreation Commission*, the *Erma Henderson Distinguished Community Service Award from the Safe Center*. Over the years, Mrs. Bennett put her heart and soul into the people of the North End community and she has done a lot of good around the neighborhood. Hope was the story of her life and ministry. In her faith life, Mrs. Delores Bennett was guided by her philosophy "Reach Out and Touch Somebody's Hand to Make This World a Better Place If You Can". NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and offices of Council President Brenda Jones and Council Woman Mary Sheffield, hereby join with family and friends to honor the life and legacy of Mrs. Delores Bennett and thank her for making a tremendous difference in countless lives.

3. Submitting report relative to Feasibility of reinstating Citizens' District Councils. (Citizens' District Councils ("CDC" or "CDC's") are specific agencies required by and used for the implementation of urban renewal projects under the Rehabilitation of Blighted Areas Act, 1945 PA 344 ("Act 344"). With the elimination of all Act 344 urban renewal projects, district areas, development areas, and development plans by Emergency Manager Order No. 36 and Ordinance No. 34-14, there is no longer any role or function for CDC's. Therefore, reimplementation of Chapter 14, Article VI of the City Code by itself would not reinstate CDC's, as there are no Act 344 district areas in which the CDC's would operate. If the City decides to pursue urban renewal under Act 344 in the future, Act 344 would require the reestablishment of CDC's for any contemplated development areas. However, because the City's population is now under 1,000,000, Act 344 no longer requires an ordinance but instead permits the size and method of selecting members of the CDC, whether by appointment, election, or a combination, to be established at the time the development area is considered.)

**PLANNING AND ECONOMIC DEVELOPMENT STANDING COMMITTEE**

**City Planning Commission**

February 20, 2017

Honorable City Council:

Re: Request of Nassar Management LLC to amend Map No. 41 to show a B4 (General Business District) where an R2 (Two-Family Residential District) zoning district is shown on a portion of the property located at 4800 West Fort Street and on 746 Morrell Street (RECOMMEND APPROVAL).

The City Planning Commission (CPC) has received the request of Nassar Management LLC to amend Map No. 41 of Chapter 61, Article XVII of the 1984 Detroit City Code, Zoning to approve a rezoning from the R2 (Two-Family Residential District) to B4 (General Business District) zoning classification on the northern portion of the property located at 4800 West Fort Street and on 746 Morrell Street, on the north side of West Fort Street and on the east side of Morrell Street.

This request is herein reviewed under the approval criteria specified in Division 3 of Article III of the Detroit Zoning Ordinance (Chapter 61 of the 1984 Detroit City Code).

**Background**

At the City Council Planning and Economic Development Standing Committee meeting of February 29, 2015, the CPC staff presented the commission's earlier recommendation of denial, as described in a CPC report dated February 13, 2015, of the above request. However, upon considering the CPC recommendation, the committee expressed support of the applicant's proposal and directed the CPC staff to prepare an ordinance to enact

the proposed rezoning of 4800 West Fort Street and 746 Morrell Street.<sup>1</sup>

Regrettably, the CPC staff did not prepare the requested ordinance within the 120-day time period described in Section 61-3-97 of the Zoning Ordinance (nor were we cognizant of the timeframe in order to inform Your Honorable Body of the need for an extension); the matter was therefore required to be returned to the CPC to start the rezoning process over again. This, in turn, provided an opportunity for further analysis, culminating in a revised CPC recommendation, this time for approval of the proposed rezoning. This revised recommendation is in part due to changing circumstances that evolved over the approximately two-year period since the matter was first proposed to the CPC.

#### **Surrounding Land Use and Zoning**

To the north: Residential lots and the Fisher Freeway

To the south: Vacant commercial, M4

To the east: Southwest Public Safety Center, B4

To the west: Bank, B4 and residential, R2

#### **Proposed Development**

As discussed before the CPC at its August 4, 2016, November 3, 2016, and November 17, 2016, meetings, the petitioner's vision for the subject property has changed since the time of the initial application. Previously, the applicant had expressed an intent to use the subject property in conjunction with its existing refueling business, primarily to serve trucks. More recently, however, the petitioner has suggested that the Detroit 75 Kitchen, an "artisan stationary food truck"<sup>2</sup> located on the premises (immediately to the east of the subject property), has been more successful than anticipated and is drawing a more diverse customer base to the area beyond truck drivers. The applicant continues to pursue the rezoning in order to make possible the development of one or more of the various customer-oriented uses allowed in B4. The applicant has suggested an intent to develop a retail facility, parking area, or outdoor seating area, or some combination of these, upon the subject property.

The applicant presented and discussed a potential site plan at the November 3, 2016, CPC meeting; this plan depicted increased retail space, outdoor seating, parking, and landscaping in support of the petitioner's food service business. Although this site plan is not yet finalized, we likewise encourage the petitioner to present its plan to the Honorable Planning and Economic Development Standing Committee prior to City Council consideration of the proposed rezoning.

#### **"Truck Stop" Definition**

A key rationale behind the CPC's prior recommendation of denial of the pro-

posed rezoning was a concern that the applicant (presently on record as operating a motor vehicle filling station) seemed to be operating a truck stop, the furtherance of which could be detrimental to the surrounding area.

Curiously, as the CPC subsequently observed, the term "truck stop," though mentioned in the Zoning Ordinance as a land use prohibited in both the B4 and R2 zoning classifications (among others), was not defined. More recently, and following the commission's observation, staff proposed a definition of "truck stop" (which would clearly apply to the facility in question, along with several other facilities identified by staff) and asked the Buildings, Safety Engineering, and Environmental Department to place the subject property on record as a truck stop.<sup>3</sup> Although, to our knowledge (BSEED has not yet acted upon our request, the CPC continues to suggest that the proposed definition be added to a forthcoming text amendment to the Zoning Ordinance.

This reclassification would have ramifications upon the applicant's previously stated desire to improve the subject property and use it in conjunction with the adjacent business (located on the same parcel and addressed as 4800 W. Fort St., but not part of the subject property). Under that facility's present classification as a motor vehicle filling station (a conditional use in B4), its expansion into the subject area would not be possible under the present R2 zoning — hence the 2014 rezoning request. However, with the facility, classified as a truck stop (a prohibited use in B4), it would be a nonconforming use, its expansion only possible by approval of the Board of Zoning Appeals. We note that, according to Section 61-15-16 of the Zoning Ordinance, the zoning of the subject property is not considered among the BZA "required findings" for approving the expansion of a nonconforming use. Significantly, we suggest that the proposed rezoning of the subject property to B4 would neither facilitate, nor prohibit, the expansion of a nonconforming truck stop.

#### **Suitability of the Subject Property for the Proposed Zoning Classification**

With the "truck stop" issue addressed as described above, another concern regarding the proposed rezoning is its potential to place more intensive B4 uses directly opposite Morrell Street from a residential property zoned R2.

Although the placement of B4 and R2 zoning lots adjacent to one another is a common occurrence throughout the City of Detroit, this typically takes the form of R2 uses oriented towards a side street, placed at right angles to B4 uses oriented towards a more high-traffic street or thoroughfare (as is the case with the subject

property presently). Less frequent, but still relatively common, are B4 and R2 zoning lots directly across an alley from one another (also presently true regarding the subject property), or B4 and R2 lots situated side-by-side with uses sharing the same spatial orientation (in these cases, the provisions of Article XIV of the Zoning Ordinance regarding screening would apply).

The less common situation, of B4 and R2 zoning lots situated on opposite sides of a relatively narrow street, is rare city-wide but nonetheless consistent with the area surrounding the subject property. In a narrow corridor of land located between the Fisher Freeway and West Fort Street designated Thoroughfare Commercial (CT) by the *Master Plan of Policies*, we identify a number of streets running perpendicular to West Fort Street where B4 and R2 parcels are situated directly across the street from one another, from east to west; Cavalry Street, Military Street, Beard Street, Green Street, and Wheelock Street.

Thus, the circumstances created by the proposed rezoning, while not optimal, would not be unprecedented and indeed seen characteristic of the area in which the subject property is located.

**Master Plan**

The Master Plan shows CT (Thoroughfare Commercial) for the area between W. Fort Street and the Fisher Freeway. The Planning and Development Department determined at the original rezoning hearing in 2014 that the proposed use is consistent with the Master Plan.

**Public Hearing**

At a public hearing held on August 4, 2016, no one spoke or provided comment other than the petitioner. The petitioner had previously shared two letters of support from residents to the north of the subject property. One area property owner submitted a letter in objection to the proposed rezoning, referencing questionable activities alleged to take place from time to time on the site.

**Conclusion and Approval Criteria**

Present conditions of the area, including the large number of vacant parcels presently zoned R2 located in close proximity to the subject property along West Fort Street, suggest that land zoned R2 is unlikely to be developed in the near future. Further, we note that the proposed use and proposed zoning classification are consistent with the *Master Plan of Policies*, as previously indicated by the Planning and Development Department. Approval criteria, with staff comment, are as follows:

(1) *Whether the proposed amendment corrects an error or meets the challenge*

*of some changing condition, trend or fact;* The proposed rezoning eliminates a case of split zoning and satisfies demand for B4 uses.

(2) *Whether the proposed amendment is consistent with the Master Plan and the stated purposes of this Zoning Ordinance;* The proposed rezoning is consistent with these items.

(3) *Whether the proposed amendment will protect the health, safety, and general welfare of the public.* Adjacent B4 and R2 uses are common and appropriate.

(4) *Whether the City and other service providers will be able to provide adequate public facilities and services to the subject property, while maintaining adequate levels of service to existing development;* This is not a concern with the subject property.

(5) *Whether the proposed rezoning will have significant adverse impacts on the natural environment, including air, water, soil, wildlife, and vegetation and with respect to anticipated changes in noise and regarding stormwater management;* We do not anticipate any adverse impacts on the natural environment.

(6) *Whether the proposed amendment will have significant adverse impacts on other property that is in the vicinity of the subject tract;* We foresee no significant adverse impact on the property in the vicinity, and the potential for a positive impact exists.

(7) *The suitability of the subject property for the existing zoning classification and proposed zoning classification;* The subject property is suitable for the proposed zoning, as described by the analysis above.

(8) *Whether the proposed rezoning will create an illegal "spot zone."*

*The proposed rezoning alters the boundaries of a preexisting B4 area and does not create a spot zone.*

**Recommendation**

Based on the approval criteria referenced above, the CPC recommends approval of the proposed rezoning.

**Additional Note**

The Council committee in 2014 also directed CPC staff to prepare a resolution requesting the Department of Public Works to implement design standards that would prevent truck traffic department the site from turning north onto Morrell Street. At the appropriate time, CPC staff will prepare such a resolution depending on the ultimate resolution of the rezoning request.

Re: The request of Fusco, Shaffer & Pappas, Inc. on the behalf of its client, NSO Properties, in conjunction with the City Planning Commission, to amend Article XVII, District Map 12 of Chapter 61 of the 1984 Detroit City Code, Zoning in order to show a PD (Planning Development District) zoning classification where a B2 (Local Business and Residential District) zoning classification presently exists on land bounded on the north by Mack Ave., on the east by Ellery St., on the South by Ludden St. and on the west by Elmwood Ave.

**NATURE OF REQUEST**

The City Planning Commission (CPC) has received the request of Fusco Schaffer & Pappas Inc. on behalf of its client, the Neighborhood Service Organization (NSO), to amend Article XVII, District Map 12, of the 1984 Detroit City Code Chapter 61, Zoning to establish a PD (Planned Development District) zoning classification, where a B2 (Local Business and Residential District) zoning classification is currently shown on 3.16 acres of land generally bounded by Mack Ave., Ellery St., Ludden St. and Elmwood Ave. NSO plans to develop a permanent supportive housing facility with emergency shelter, supportive services and accessory uses on the subject property (please see attached public hearing notice and map).

The five lots at the eastern end of the

site are under private ownership. NSO hopes to acquire them in the near future and proposes to develop an urban garden accessory to the shelter. For this reason the City Planning Commission is acting as co-petitioner with the possibility of including them within the rezoning. Unfortunately, we never heard from the property owners. So, we will not pursue rezoning of the properties at this time.

The developer intends to apply for the Low Income Housing Tax Credit program at MSHDA and applications are due on April 1st. The petitioner requested and received same-day action in order to insure that deadline could be met. They are requesting expeditious processing from your Honorable Body at this time for that same reason.

**PROJECT PROPOSAL**

NSO proposes the construction of an approximately 101,249 sq. ft., three story structure clad in brick and metal panel of varied color and texture/pattern. Exterior to the structure the grounds would provide a 94 space surface lot, outdoor recreation facilities, security walls and heavily landscaped, including eight designated rain gardens providing screening, buffering and storm water management. The program for the structure also includes kitchen/dining and administrative office, all supportive services (including behavioral health, medical counseling, training), indoor recreation, 53 shelter beds for women only and 75 units of permanent supportive housing (one bedroom apartment treated like an SRO unit).

**BACKGROUND**

NSO operates the Tumaini Center at 3450 Third Ave. just south of Martin Luther King, Jr. Blvd. providing an emergency shelter and supportive service for our homeless population. For the past seven years or more they have sought to relocate the Tumaini Center and develop a larger facility providing the same and greater services. NSO also operates the Supportive Housing Facility in the former Michigan Bell Building on Oakman Blvd. at Woodrow Wilson St. While investigating many different site for the project over the years, much of that time has focused on the acquisition of the subject property, which is the site of the former 7th Precinct. They have looked at a number of options, but kept returning to this site resulting in a number of aborted attempts to rezoning the property in recent years. It should be noted that this site falls within the McDougall Hunt Rehabilitation Project, a former urban renewal area. The Citizen District Council had said no to the project at the time of one of the earlier attempts.

This matter was before the CPC for public hearing on April 7, 2016. An earlier attempt was canceled. They were once again delayed as this Administration

asked NSO to look at other sites and to reevaluate the design and program for the facility. The subject property was again confirmed as the site and the program altered to reduce the emergency shelter component in size and to limit the service provision to women only. The program was more significantly altered by adding the permanent supportive housing component. These changes expanded the proposed facility from one to three stories in height and more than two and one half times the previously proposed floor area of 40,000 sq. ft.

#### **COMMUNITY MEETING**

On Friday, February 10th a community meeting was held at Bethel Church of the Apostolic immediately across the street from the subject property on the north side of Mack Ave. According to Housing and Revitalization Department (HRD) staff, 36 residents attended the meeting including representatives of the McDougall Hunt CDC. The design of the facility was generally accepted with some concern for the security walls in the rear yard of the site. These walls are actually setback from the southern property line behind the landscaped areas. There were concerns expressed for the use itself as well as the related traffic with about half on the participants objecting.

#### **SURROUNDING LAND USE AND ZONING**

To the North — institutional, parking and residential commercial and scattered vacant land beyond B2 (Local Business and Residential District)

To the South — residential — R2 (Two-Family Residential District)

To the East — commercial service/office vacant land beyond, B2

To the West — commercial retail and office residential — B2, B4 (General Business District)

#### **MASTER PLAN**

The subject property falls within the Lower East Central area of Neighborhood Cluster 4 in the City's Master Plan of Policies. The Future Land Use designation is CN (Neighborhood Commercial). This designation does not afford residential uses. However, some institutional uses are compatible with the CN designation. While the shelter and permanent supportive housing components dominate the square footage of the proposal, the services provided as well as the operation and appearance of the facility are more institutional, in nature than residential. For this reason and the relative size of the parcel compared to the immediate area, CPC maintain, that it is not inconsistent with Master Plan. This position was shared and confirmed by the Planning and Development Department in the Master Plan interpretation prepared for the project.

#### **PUBLIC HEARING RESULTS**

The City Planning Commission held a public hearing on this request last Thurs-

day, February 16th. Twelve persons participated presenting six views in support, five in opposition and one neutral. Two of the supportive positions came in the form of letters read by representatives. Sheilah Clay, President and CEO of NSO, read a letter from the Capuchin Soup Kitchen and another person read a letter on behalf of Bethel Church of the Apostolic. The opposition centered around impacts and appropriateness for the proposed use in this neighborhood, communication and a desire to know how the community will benefit particularly given the loss of the urban renewal area. The speaker cast as neutral did not indicate a position, but just asked if there was any request to change traffic flows.

#### **ANALYSIS**

The requested activity is not allowed within the existing B2 zoning district. While it does afford some low to medium density residential and institutional uses, it does not afford the mix and intensity of uses proposed herein. Emergency shelters are allowed on a conditional basis only in the R3, R4, R5, B4 and B5 zoning districts, but again this is more than just an emergency shelter. PD zoning seems most appropriate for the mix of activities them, security with which the site is to operate and the design response to the site and its surroundings.

As indicated above the appearance of the proposed project is generally consistent with a neighborhood commercial character as the façade has been broken down from a more monolithic expression into smaller segments like unto a storefront treatment along the first floor. The upper portions of the façades give way to a more institutional character. This is further reinforced by the brick and metal panel cladding. The Developer has worked with the Planning & Development Department to revise and refine the design. CPC would like to work with them in the final refinement of the plans as this matter moves toward permitting, should this request be approved.

The additional stories increase the height of the building to about 45 feet. This is ten feet in excess of the height limitation generally applicable in the area. A dimensional excess such as this would result in a trip to the Board of Zoning appeals in a standard zoning district classification, PD can be incorporated within the PD. Variances such as this are somewhat common. There are a few examples of taller buildings within a half mile of the site. Given the set back of the building from Ludden St. impact to the residential property is minimal. Shadows cast by facility would be greatest from the evening sun, but should not be much greater than what is produced by the existing Gratiot street frontage and what was produced by the former precinct.

The required parking for this facility is

projected at 51 spaces. The proposed provides 94 spaces primarily for the shelter and service providers with 28 of those spaces set aside for the residential component. Typically, such facilities don't utilize a great deal of parking, but the combined uses, particularly the permanent supportive housing component could counter that observation, given the increasing numbers of working homeless persons. For this reason there could be more vehicular traffic than is typically the case warranting the additional spaces. Traffic at this site would not be as intense as it was when operated as a police precinct. Nor should this facility produce traffic any greater than what could be generated under B2, redevelopment of the site.

**CONCLUSIONS AND RECOMMENDATION**

The City Planning Commission has completed its review of the requested PD modification. We find the proposal to be consistent with the applicable criteria. There are some components of the design that require further refinement, but generally it is acceptable. The operation of the facility must respect the operation and peaceful enjoyment of surrounding properties and occupants.

Additionally, the host community rightly request attention consistent with its former status as an urban renewal area. The City should engage the community in order to prepare for the insertion of this use into the fabric of the neighborhood. The City should also assess the host community and the previous plans for the area in order to prepare a framework to address community needs and guide future development.

Therefore, the CPC recommends approval of the requested rezoning to PD with the following conditions:

1. that the Planning and Development Department (P&DD), in conjunction with the Housing and Revitalization Department and other agencies as may be warranted, enter into an immediate planning effort to prepare the host community to receive this new development and to produce a framework for the future land use and redevelopment of the area;
2. that the developer work with P&DD and CPC staff to finalize the building material selections and appearance facility;
3. that the evening and overnight operation of the facility be conducted in such a way to limit impacts on the adjacent residential properties;
4. that the developer maintain the property in a neat and orderly fashion, managing dust and collecting and disposing of debris and rubbish, throughout all phases of construction from site preparation through occupancy of the facility; and
5. that the developer submit final site plans and elevations, landscaping, light-

ing, and signage plans to the City Planning Commission staff for approval prior to the application be made for applicable required permits.

Due to the rush get this out of the City Planning Commission we do not yet have an ordinance approved as to form. The draft ordinance will be conveyed to the Law Department today with the hope that the ordinance will be made ready for introduction by February 28th or very soon thereafter in order to meet the time timeline.

### TESTIMONIAL RESOLUTION

#### Posthumously Honoring MR. EARL FRANCIS LLOYD "First To Do It"

By COUNCIL PRESIDENT JONES:

WHEREAS, It is with great pleasure and privilege that we, the members of the Detroit City Council, recognize and posthumously honor former Detroiter, Mr. Earl F. Lloyd, the first African-American athlete to actually play in the National Basketball Association (NBA), the first African-American NBA Assistant Coach (Detroit Pistons) and the first African-American Bench Coach (Detroit Pistons) in the NBA; and

WHEREAS, Earl Lloyd was born on April 3, 1928, in Alexandria, Virginia, to Daisy and Theodore Lloyd, Sr. Earl was the youngest of three brothers (Ernest Jr. was six years older, Theodore was four years older). As a stand-out high school athlete, Earl was named to the All-South Atlantic Conference three times and the All-State Virginia Interscholastic Conference twice. In 1946, he graduated from Parker-Gray High School and received a scholarship to play basketball at West Virginia State. Earl led West Virginia State to two CIAA Conference and Tournament Championships in 1948 and 1949. He was named All-Conference three times (1948-50) and was All-American twice (1949-50). Nicknamed "Big Cat," Earl Lloyd was never one to seek attention. He preferred to let others occupy the spotlight, which always seemed to follow him. He was one of three black players to enter the NBA at the same time. Earl would be the first to take the court, making history on October 31, 1950, in the season-opener for the Washington Capitols. He only played seven games with the Capitols before he was drafted into the U.S. Army and sent to Korea for two years; and

WHEREAS, Earl returned to the NBA in 1952, where he was a key player for the Syracuse Nationals. Earl achieved the best performance of his career in the 1954-55 season, helping the team win the Eastern Division Championship. He played his final two seasons with the Detroit Pistons, leading the league in 1958-59 in games played. Earl enjoyed a long career in the NBA until his retirement from professional basketball in 1960, at the age of thirty-two. In 1968, Earl broke another color barrier when he was named the first African-American Assistant Coach in the league, signing with the Detroit Pistons. Three years later, Earl became the second African-American to be named a Head Coach, and he was the first African-American to serve as a Bench Coach. **TESTIMONIAL RESOLUTION  
IN MEMORIAM  
FOR**

**MR. MICHAEL "MIKE" ILITCH  
"A Champion for Detroit"**

By COUNCIL PRESIDENT JONES:

WHEREAS, We, the members of the Detroit City Council, solemnly pause today to recognize and bestow homage upon the late, Mr. Mike Ilitch, the highly respected and legendary founder of Little Caesars Pizza, owner of the Detroit Tigers and Detroit Red Wings, Chairman of Ilitch Holdings and a champion for Detroit, who departed this life on February 10, 2017; and

WHEREAS, Mike Ilitch, a self-made billionaire was born in Detroit, Michigan, in 1929. His parents, Sotir and Sultana Ilitch were Macedonia immigrants who came to the United States in 1924. He had one brother, Peter who passed in 2009. After graduating from Cooley High in 1947, where he was an All-City athlete in baseball and track, the Detroit Tigers offered him a minor league contract, but Ilitch decided to join the U.S. Marine Corps. After being discharged, the Tigers again offered him a minor league contract; he played shortstop in the minor league system for four seasons. In 1954, Mike Ilitch married Marian Bayoff. The couple were partners in life and business

for sixty-one years. They have seven adult children: Denise (Jim Scalici), Ron, Michael Jr. (Noelle), Lisa (Glenn Murray), Atanas (Patty), Christopher (Kelle), Carole, twenty-two grandchildren and three great-grandchildren; and

WHEREAS, Mike Ilitch wasn't afraid to take a chance on a business, team or a city that was a long shot. Where others saw blight and despair and at a time when few businesses would come to Detroit, Ilitch moved his corporate offices here. He envisioned a thriving entertainment district. Starting with \$10,000 in savings, Ilitch and his wife, Marian's empire grew to be worth \$5.4 billion, according to Forbes. Ilitch bought the historic Fox Theatre, a gem that had fallen into despair and renovated it. The development district soon spread over six blocks, with a comedy club, Hockeytown Cafe and other restaurants. A new baseball stadium, Comerica Park opened in 2000. The Olympia Entertainment conglomerate will open the Little Caesars Arena this year as part of a bold plan which will transform dozens of blocks in Downtown Detroit into a dynamic, vibrant area. The first Little Caesars outlet which started in Garden City in 1959 has grown to encompass 2,500 stores on four continents, making it one of the three biggest pizza chains in the world. The Ilitch family also started BlueLine Foodservice Distribution, which became one of the half-dozen largest food-distribution companies in the country. In 1968, Ilitch began sponsoring amateur hockey teams. Little Caesars AAA is now a respected organization in the U.S. and Canada, sending 100 players to the National Hockey League (NHL). The Red Wings have won four Stanley Cup championships and two trips to the World Series for the Detroit Tigers under his ownership. His induction into the U.S. Hockey Hall of Fame recognized his fostering of youth hockey. Ilitch is also a member of the Hockey Hall of Fame; and

WHEREAS, Mike Ilitch's life is a remarkable success story. Mr. Ilitch believed passionately in giving back to the community. Among his many contributions, he established the Little Caesars Love Kitchen in 1985 to serve those in need. These restaurants on wheels have served more than 3 million people. In 2006, Ilitch founded the Little Caesars Veterans program, which provides honorably discharged veterans with financial incentives and other support to help them open a Little Caesars franchise. Ilitch Charities and its affiliates have given more than \$35 million in cash and in-kind contributions to deserving organizations across the metropolitan area since 2005. Ilitch has received numerous business, cultural and philanthropic awards — too many to list. Mike Ilitch will forever be remembered as a champion, big-idea businessman, devoted philanthropist, vision-

ary and leader. He made such a positive impact in the world of sports, in business and in the community. Mike Ilitch ensured that his impact would be forever embedded in the hearts of both family and friends alike.

NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, hereby expresses its deepest condolences, and awards this Testimonial Resolution in Memoriam to the family of Mr. Michael "Mike" Ilitch, a phenomenal man and an example for us to admire and emulate.

Re: Neighborhood Enterprise Zone Certificate Application for four units of rehabilitated housing at 449 W. Willis. (Recommend Approval).

The staff of the Legislative Policy Division serving the City Planning Commission (CPC) has received 1 application for a Neighborhood Enterprise Zone (NEZ) certificate forwarded from the office of the City Clerk. This application, filed by 449 W. Willis LLC, requests a 15 year abatement for an existing 7,500 square foot apartment building dating from 1910 and located at 449 W. Willis. The structure is to be rehabilitated at an estimated cost of \$75,000.00 per unit, yielding four units of housing. The staff has reviewed the application and recommends approval.

The subject property has been confirmed as being within the boundaries of the Midtown NEZ and should be eligible for NEZ certificate under State Act 147 of 1992 as currently written. The NEZ certificate application appears to have been submitted prior to the issuance of any applicable building permits.

Please contact our office should you have any questions.

Respectfully submitted,  
MARCELL R. TODD, JR.  
Director, CPC

February 9, 2017

Honorable City Council:

Re: Address: 8400 W. Vernor. Name: Larry R. Mason II. Date ordered removed: April 25, 2016.

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on January 19, 2017 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.
2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:
  - Certificate of Acceptance related to building permits
  - Certificate of Approval as a result of a Housing Inspection
  - Certificate of Inspection, required for all residential rental properties.
3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).
4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the build-

ing becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

DAVID BELL  
Director

**RESOLUTION OPPOSING AMENDING THE MICHIGAN CONSTITUTION TO PROHIBIT ILLEGAL ALIENS FROM RECEIVING PUBLIC ASSISTANCE**

By Council Member Castaneda-Lopez:

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens and residents through Charter-mandated legislative functions; and

WHEREAS, In American colonial history, the Pilgrim settlers of Plymouth, Mass., established the first permanent colony in New England in 1620. Of the 102 colonists, 35 were members of the English Separatist Church, who fled their home country to escape persecution at home. Thereby establishing America as a haven for persons needing to escape oppression and desiring to live in freedom and to pursue ones dreams irrespective of the place of birth or religious affiliation; and

WHEREAS, Fast forward to the present day, many innocent individuals and their families, which include children, continue to flee their native lands destined to America, to escape religious and ethnic tyranny, persecution and death, with dreams to become productive members of society and to establish a life of hope, safety, security, freedom of religion and the pursuit of happiness for themselves and their children; and

WHEREAS, today, the Statue of Liberty, of which many consider the symbol of American virtue, amongst the many things, "Lady Liberty" represents friendship between nations and freedom from oppression. The name "Statue of Liberty", is derived from the Roman goddess Liberatas, who also represents freedom from tyranny and oppression. This is a proud symbol of what America represents; and

WHEREAS, The Preamble of the 1963 Michigan State Constitution affirms, "We, the People of the State of Michigan, grateful to Almighty God for the blessings of freedom, and earnestly desiring to secure these blessings undiminished to ourselves and our posterity, do ordain and establish this constitution." This sections speaks to the tenets of decency and thoughtfulness that Michigan's State Constitution was founded on; and

WHEREAS, Article VIII §1 of the Michigan Constitution, explicitly states "Religion, morality and knowledge being necessary to good government and the happiness of mankind, schools and the means of education shall forever be encouraged.;" and

WHEREAS, In addition, Article VIII §11 of the Michigan Constitution states, "Any county in this state, either separately or in conjunction with other counties, may appropriate money for the construction and maintenance or assistance of public and charitable hospitals, sanatoria or other institutions for the treatment of persons suffering from contagious or infectious diseases. Each county may also maintain an infirmary for the care and support of its indigent poor and unfortunate, and all county poor houses shall hereafter be designated and maintained as county infirmaries." This language speaks to the compassion of the people of our state to the basic human needs of all people regardless of their nationality; and

WHEREAS, Unlike these sections of the Michigan Constitution, which represent the tenets of morality, decency and sound judgment, Michigan Senate Joint Resolution C of 2017, callously proposes to amend the venerable Michigan State Constitution to prohibit "illegal aliens" from receiving public assistance in Michigan, presents a proposal, is derelict of these tenets of morality, decency and sound judgment; and

WHEREAS, As a matter of fact, currently in the state of Michigan, illegal aliens are prohibited from receiving public assistance, except in the case of an expectant mother. Therefore, eliminating this area of public assistance would not only be cruel and inhumane, but it could possibly create a public health, economic and humanitarian crisis; and

WHEREAS, Ideally, Michigan Senate Joint Resolution C of 2017, introduced on January 31, 2017, which is currently in the Senate Committee on Families, Seniors and Human Services, will humanely die in committee as the proposal first did in 2011, when it was initially introduced as Senate Joint Resolution F on February 8, 2011 in the Committee on Reforms, restructuring and reinventing. It was a bad proposal then and it is a bad proposal now; and

WHEREAS, The Detroit City Council as a supporter of families, youth, and immigrants expresses its opposition Michigan Senate Joint Resolution C of 2017, is hereby calling for the Detroit Delegation in the State Senate and the State Senate Committee on Families, Seniors and Human Services to oppose Senate Joint Resolution C of 2017; NOW THEREFORE BE IT

RESOLVED, That this resolution be forwarded to the City of Detroit's Lansing Lobbyist, the Detroit Delegation in the State Senate and the Committee on Families, Seniors and Human Services.

**RESOLUTION IN SUPPORT OF THE CONTINUATION OF THE AFFORDABLE HEALTH CARE ACT AND THE HEALTHY MICHIGAN PLAN**

By Council Member Cushingberry, Jr.:

Whereas, The Healthy Michigan Plan ("HMP") is Michigan's health care program for individuals who qualify under the Medicaid expansion criteria, which is largely paid for by the federal government through the Affordable Care Act ("ACA"). Additionally, HMP provides dental benefits to Michigan residents at a low cost to increase access to care for low-income populations who do not qualify for or who are not enrolled in other Medicare or Medicaid programs; and

Whereas, HMP is available to individuals who make up to 133 percent of the federal poverty level. That works out to roughly a mere \$16,000 a year for one person or \$33,000 for a family of four. The Healthy Michigan Plan provides health care coverage for individuals who are Michigan residents between the ages of 19-64 years who do not qualify for Medicare or Medicaid and generally would not have access to affordable healthcare; and

Whereas, As required by the ACA, individuals are eligible for the following essential health benefits under HMP:

- Ambulatory patient services
- Emergency services
- Hospitalization

- Maternity and newborn care
- Mental health and substance use disorder treatment services, including behavioral health treatment
- Prescription drugs
- Rehabilitative and habilitative services and devices
- Laboratory services
- Preventive and wellness services and chronic disease management
- Pediatric services, including oral and vision care

Whereas, Currently 646,330 of Michigan's most vulnerable residents are receiving coverage through HMP. Of those, over 500,000 are at or below the federal poverty level making it difficult, if not impossible, for them to afford health care without the benefit of this critical program; and

Whereas, While programs that serve the economically disadvantaged are often wrongly thought to primarily benefit Detroit, it is clear that these essential life-sustaining services are being utilized statewide. Because while there are many Detroiters covered through HMP, Detroit residents only represent a small percentage (13%) of all those covered; and

Whereas, Hospitals that serve large populations of indigent individuals have particularly benefitted from the plan. Uncompensated care has dramatically dropped to nearly half the pre-ACA totals, due to the implementation of ACA and HMP. On average hospitals have been paying approximately 5.2% of their total budget writing off uncollectable accounts; Now that number is down to 2.9% which have made a substantial difference in the financial viability of hospitals that serve significant numbers of indigent patients such as Detroit Medical Center's Receiving Hospital; and

Whereas, The number of initial hospitalizations and the readmission rates have likewise decreased as those who traditionally would not have had health insurance take advantage of essential and preventative services before health conditions escalate to the point where emergency services are warranted. Now Therefore Be It

Resolved, That the Detroit City Council strongly supports the continuation of The Affordable Care Act and Healthy Michigan Plan to provide much the needed life sustaining health care services that would not otherwise be available to many of Michigan's low-income residents; Be It Finally

Resolved, That this resolution be forwarded to the City of Detroit's Lansing and Federal Lobbyists, the Michigan Delegation both houses of the U.S. Congress, the Energy and Commerce Committee in the U.S. House of Representatives, the Health, Education, Labor and Pensions Committee in the

U.S. Senate, the Detroit Delegation in the State Senate and State House, the Senate Committee on Health Policy, House Committee on Health Policy, and the Governor.

Adopted as follows:

Yeas — Council Members Ayers, Castaneda-Lopez, Cushingberry, Jr., Leland, Sheffield, Spivey, Tate and President Jones — 8.

Nays — None.

**RESOLUTION URGING THE STATE OF MICHIGAN TO INCREASE THE FUNDING, FOR GENERAL MEDICAL EDUCATION**

By Council Member Cushingberry, Jr.:

Whereas, The Association of American Medical Colleges ("AAMC") projects that there will be a national shortfall of physicians between 61,700 and 90,400 by the year 2025. To address this shortage, the AAMC recommends a substantial change in medical school enrollments; and

Whereas, Although the numbers suggest that graduate medical education ("GME") has risen across the country, these increases are insufficient to address needs of growing and aging population. GME is the formal medical education, usually hospital-sponsored or hospital-based training, pursued after the receipt of the M.D. or D.O. degrees. It includes residency, internship, fellowship, specialty and subspecialty programs; and

Whereas, GME training is funded in large part through Medicare; the largest source of GME funding for teaching hospitals since its inception in 1965. This funding was capped in 1997 thus leaving a gap between the demand for additional GME and the resources to pay for such training; and

Whereas, Physicians are more likely to make their home, after completion of residency, in the same state where they received their training. As such, increasing the capacity GME programs within Michigan will likely ultimately increase the number of doctors practicing in the state; and

Whereas, The State of Michigan contributes funding from its General Fund for resident positions. However, additional funding is required to begin to address the projected physician shortfall. It is important for the lawmakers to work with various teaching hospitals to determine an adequate appropriation amount. Now Therefore Be It

Resolved, That the Detroit City Council urges the State Legislature to allocate enough funding to increase the number of resident positions in Michigan medical schools; Be It Finally

Resolved, That a copy of this resolution be transmitted to the Appropriations and Health Policy Committees in both the House and Senate of the Michigan

Legislature, and the Detroit Delegation in the State Senate and State House. Additionally, forward the resolution to the Deans of the following medical schools: Wayne State University School of Medicine, University of Michigan Medical School, Michigan State University College of Osteopathic Medicine, William Beaumont School of Medicine, Central Michigan University College of Medicine and Western Michigan University School of Medicine.

Adopted as follows:

Yeas — Council Members Ayers, Castaneda-Lopez, Cushingberry, Jr., Leland, Sheffield, Spivey, Tate and President Jones — 8.

**RESOLUTION TO CREATE A CITY COUNCIL COMMUNITY SERVICE AWARD IN THE NAME OF DELORES BENNETT**

By Council Member Sheffield:

Whereas, In the spirit of the old African proverb, it takes a village to raise a child, over 40 years ago, Delores Bennett founded the North End Youth Improvement Council (NEYIC), for the purpose of strengthening the families in the community by engendering a sense of values, hope, self-esteem, self-worth and self-respect in young people who live in the Detroit community which encompasses an area roughly bounded by West Grand Boulevard to the south, Chicago Boulevard to the north, the Lodge Expressway to the west and the Chrysler Expressway to the east, known as the North End; and

Whereas, Under its Executive Director and Founder Delores Bennett, NEYIC serviced countless thousands of youth and adults through its programs over the years in Detroit, in particular, its Adopt-A-Child Christmas Program, the true impact of the NEYIC has no boundaries; and

Whereas, Through the community leadership of Delores Bennett, gangs have disbanded, negative energy was redirected into positive outcomes and lives have been permanently changed and spared. Her Adopt a Child program alone has served thousands of families with its annual Christmas program with thousands of partners both individuals, corporations and foundations; and

Whereas, On February 6, 2017, Detroiters mourned the loss of a true city champion, when Delores Bennett made her transition. Her legacy includes advocating the City of Detroit under the Coleman Young administration to develop a comprehensive drug treatment strategy for the city of Detroit. The end result was the first drug treatment program for crack addicted individuals, which became a national model; Now Therefore Be It

Resolved, On this, the 21st day of February 2017, the Detroit City Council on a local level in the city of Detroit, hereby

establishes the “Delores Bennett Community Warrior Award” to convey honor on select individuals for leadership, longevity in service to others and unwavering commitment to community; Now Therefore Be It Further

Resolved, The Detroit City Council posthumously names Delores Bennett as the first recipient of the “Delores Bennett Community Warrior Award” for her unmatched community service in the city of Detroit for over 40 years and for her benefit to the youth of Detroit and the community as a whole.

##### TESTIMONIAL RESOLUTION FOR NAOMI LONG MADGETT

By Council President Jones:

WHEREAS, It is with great pleasure and privilege that we, the members of the Detroit City Council, recognize and bestow due honor upon Naomi Long Madgett, a gifted Poet, Educator, Publisher, Editor, Mentor and Poet

Laureate of the City of Detroit since 2001. Born Naomi Cornelia Long in Norfolk, Virginia, on July 5, 1923, she was the youngest of three children and the only daughter of the Rev. Dr. Clarence Marcellus Long and Maude Selena Long. Growing up in East Orange, New Jersey, she attended Ashland Grammar School and Bordentown School. At age thirteen, Naomi's poem, *My Choice*, was published on the youth page of the *Orange Daily Courier*. In 1937, the family moved to St. Louis, Missouri. As a teenager, Naomi met poet and writer, Langston Hughes when he spoke at her mother's literary club. She told him she was writing poetry and was delighted when he presented her with an autographed copy of his latest poetry book. Naomi published her first book of poetry, *Songs to a Phantom Nightingale*, a few days after graduating with honors from Charles Sumner High School in 1941; and

WHEREAS, Naomi earned her undergraduate degree at Virginia State College in 1945 and attended graduate school at New York University. In 1946, Naomi married Julian Fields Witherspoon and moved to Detroit, Michigan. From this union, one daughter, Jill Annette Witherspoon, was born, but the marriage was short-lived. Many of her poems were published in *The Michigan Chronicle*, where she worked as a staff writer. In 1949, her poem *Refugee* appeared in *The Poetry of the Negro* and in 1950, several of her poems were featured in *American Literature* by *Negro Authors*. Occasionally, Naomi read her poetry for the Detroit Study Club. She was employed at Michigan Bell Telephone Company for six years, while continuing her graduate studies part-time. In 1954, she married William H. Madgett. Naomi earned a Master of Arts in English Education from Wayne State University in 1955. She taught for twelve years at Detroit's Northwestern High School, where she introduced an African-American literature course. Her prominence in the city's literary and cultural circles was well established by 1968 when she joined the faculty of Eastern Michigan University, as an associate professor. While at Eastern she earned a Ph.D. from The International Institute for Advanced Studies. Promoted to full professor, Naomi retired in 1984 as Professor of English Emeritus. Naomi Long Madgett's pioneering efforts for fairer representation of literature by African Americans in high school and college textbooks inspired the Detroit Public Schools to make her book, *Octavia and Other Poems*, required reading in all public high schools in Detroit. In 1972, she founded Lotus Press and published more than ninety collections written by emerging and established poet; and

WHEREAS, Dr. Madgett wrote a poem for the 1975 inauguration of Governor

William Milliken and read it at his inauguration ceremony. In 1993, the annual Naomi Long Madgett Poetry award was established to recognize and publish outstanding manuscripts by African-American poets. As Poet Laureate, she read her poem celebrating the tri-centennial of Detroit and watched it sealed in a time capsule on December 21, 2001, to be opened in one hundred years. On June 4, 2005, a life-sized sculpture of Dr. Madgett, commissioned by the Board of Directors of Lotus Press and created by Artis Lane, was unveiled and is now a part of the permanent collection of the Charles H. Wright Museum of African American History. She has recorded poems on record at the Library of Congress. Dr. Madgett published her autobiography, *Pilgrim Journey* in 2006. Her works of poetry have appeared in numerous journals and more than 190 anthologies, at home and abroad. Several have been set to music and publicly performed. Among her many honors are an American Book Award, induction into three halls of fame, four honorary degrees and several lifetime achievement awards. In 2012, Dr. Madgett was selected as the Kresge Eminent Artist. Today, Naomi Long Madgett remains a literary heroine and her influence is immeasurable. **TESTIMONIAL RESOLUTION  
FOR**

**EARLENE BENTLEY HORNER-NORTH  
100th Birthday**

By Council President Jones:

WHEREAS, Earlene "Mama" Horner-North was born on March 4, 1917 in Marks, Mississippi to Addison and Pearl Ford Bentley; she had one sister, Hattie "Dorothy" Hines, who died in 1972 (MS). Earlene spent much of her childhood in the Mississippi Delta area. She recalls not attending school until age eight, in Charleston, Missouri. However, Grandfather Addison had already taught her how to read and study the Bible. Earlene attended Mound Bayou high school and passed the teacher credentials exam. Favorite scriptures are "Cast thy bread upon the waters, for thou shalt find it after many days." (Eccl. 11:1) and "And as ye would that men should do to you, do ye also to them likewise." (Luke 6:31). She occasionally reads the "Essential Words" vocabulary book Grandfather purchased for her on November 12, 1928. Raised by a spiritually rich family with deep southern roots and unbreakable faith, Mama said

she was baptized at age eight in a Charleston, Missouri creek. Greenwood Chapel Methodist Church remains the family place of worship in Carthage, Mississippi.

WHEREAS, Mama fondly describes cousins George, Annie Byrd, Thomas, Ira, McEwen and James as siblings instead of cousins. She still talks about racing her cousin, Jody; they were on a mule and horse. Mama says she won. In July 1941, she married our father, Reverend Ervin Horner-North in Toledo, Ohio; he, too was a southerner – born and raised in Marianna, Arkansas. Earlene bore ten children; she also mothered three stepchildren. Widowed in 1953, she never remarried.

WHEREAS, Earlene was part of the historic 1940's "Great Migration" of Southerners who traveled North in hopes of a better life. After settling in Detroit, Michigan, our family lived at 1953 Mullet Street, in the famed "Black Bottom." Mama fondly recalls hearing vocalist Billie Holiday and other jazz famous musicians at Paradise Theatre, in the renowned Paradise Valley.

WHEREAS, Known to many as "Mother North", Earlene served on the Mothers Board and as a Pastor's aid at New Mt. Vernon Baptist Church; our father, Ervin was elected its first pastor in 1947. Mama has always demonstrated extraordinary strength, perseverance, integrity and love for her children and community. True to her southern and rich Christian roots, Mama housed and fed many. She often said, "If we have enough to eat, we have enough to share."

WHEREAS, Earlene excitedly started Wayne County Community College District at 82 years old. Although she was supposed to buy a psychology, English and math book, Mama refused, stating, "I never did like math." A prolific reader, she bought literature and psychology books and read them like novels. Shortly thereafter, she reviewed the Farmer's Almanac. It indicated there would be a bad winter; and that is why Mama stopped going to college.

WHEREAS, The national organization, *Story Corp* recorded Earlene for the Smithsonian Project in 1999. Mama proudly shared that after arriving in Detroit in 1941, she obtained her first library card and voter's registration card. She served on the Wayne County Election Commission for 25 years and chaired for ten. She enjoyed being a Phoenix Homes board member. In 2012, Earlene attended a National Council of Negro Women luncheon. Channel 4 meteorologist Andrew Humphrey asked how she was feeling at age 95. She responded with one of her favorite sayings:

NOW, THEREFORE, BE IT

RESOLVED, That the Office of City Council Member Mary Sheffield, and the Detroit City Council, hereby celebrate the rich life and 100 year legacy of Earlene Bentley Horner-North, a vessel of womanhood in the City of Detroit.

Honorable City Council:

Re: Correction of Errors to the 2018-2021 Four Year Financial Plan (Revised).

After further review of the 2018-2021 Four Year Financial Plan presented on February 23, 2017, errors have been discovered which should be corrected. There are two categories of corrections. First, there are “substantive” errors, which must be corrected as an amendment to the Recommended Budget. Second, there are typographic and/or data entry errors, which do not affect appropriation totals or budget balancing.

**THE DETROIT CITY COUNCIL  
2017-2018 FINANCIAL AND BUDGETARY PRIORITIES,  
PUBLIC POLICY, PLANNING AND ACTION RESOLUTION**

By ALL COUNCIL MEMBERS:

WHEREAS, The Detroit City Council has held hearings and deliberations on the Executive Budget for FY 2017-2018 submitted by the Honorable Mayor Mike Duggan; and

WHEREAS, The City of Detroit's (City) recent emergence from bankruptcy has placed the City in a positive trajectory toward the future. This opportunity has also brought increased scrutiny on the operations and financial position of the City in an environment where reinvestment in the City's infrastructure is ongoing and fiscal restraint is paramount; and, the alignment of expenditures and revenues must be balanced with improvements in service delivery to residents.

WHEREAS, In accordance with the newly imposed timing requirements set forth in Public Act 181 of 2014, MCL 141.1636(4), the Mayor submitted the budget to City Council on February 23, 2017, and the Council conducted hearings with City departments within the truncated timeline required under the Act to determine if the proposed budget figures were sound and to consider where adjustments would be necessary or beneficial, and to identify and propose funding changes – prior to a March 10, 2017 deadline, a total of fifteen (15) calendar days to deliberate and vote. The newly compressed schedule, reduced from six weeks down to 15 days, is insufficient for effective consideration of our complex budget; and

WHEREAS, Pursuant to Sec. 8-213 of the 2012 City Charter and Public Act 181 of 2014, the City's Chief Financial Officer, Budget Director, Auditor General, and the City Council's Legislative Policy Division, along with other top officials held a revenue estimating conference which determined reasonable, agreed upon revenue projections for the major General Fund revenues for the upcoming fiscal year, of \$1.074 billion; and

WHEREAS, On this day, March 10, 2017, the Detroit City Council adopts a program budget that is based on sound and conservative budgetary principles for municipalities, as well as stated goals and projections for City departments, divisions and agencies, and in consideration of the dictates of the "Plan for the Adjustment of Debts of the City of Detroit" (POA); and

WHEREAS, The Administration has astutely determined that several key assumptions contained in the POA are questionable and have the retained services of Ernst and Young to create a 10-year forecasting model that will refine the future projected revenues and financial obligations and as a result has set aside a total of \$30 million to date to address a projected future shortfall in the City's pension obligations. This 10-year forecast should allow for prudent financial planning sufficient to stabilize the City's financial future for many years to come; and

WHEREAS, In light of these factors the Detroit City Council, in adopting this budget, has incorporated the fiscal and public policy priorities outlined below in an effort to provide effective government operations and service delivery to the residents, institutions and businesses of this City; and

WHEREAS, Aside from fiscal concerns, quality of life issues remain a challenge in some areas of the City, including environmental and safety concerns related to inappropriate heavy truck traffic continuously traversing residential neighborhoods. City Council urges the Department of Public Works and the Detroit Police Department to work collaboratively to increase enforcement of truck traffic on streets, particularly residential streets, not designated as truck routes; and

WHEREAS, The 2014 C Bonds bear an interest rate of 5%. City Council urges the Administration refinance the C Bonds if a more favorable interest rate may be achieved thereby reducing the burden on the General Fund; and

WHEREAS, The POA requires the City to use parking revenue to pay down existing obligations of the City. There is an effort underway to sell assets and refinance these obligations. At the earliest opportunity Council wishes the Administration to reinstate a reduced parking violation fine for individuals who pay their tickets within an abbreviated period. Such an incentive has been called for continuously by citizens of the City and visitors alike and would assuage businesses who rely on these patrons to frequent their business without fear of high parking tickets that cannot be reduced under any circumstance; and

WHEREAS, It is important that our community ensure the safety and well-being of our elderly residents, who have built the city and made sacrifices for younger generations, and deserve our respect. City Council urges the Buildings, Safety Engineering and Environmental Department to conduct regular inspections of senior housing communities to make certain poor living conditions, many of which may violate the Property Maintenance Code, are corrected and if not, appropriately ticketed; and

WHEREAS, When the City of Detroit disbanded its Human Services Department, Wayne Metro Community Action Agency became the community action agency for the City of Detroit. As such, all weatherization dollars for Detroit residents are managed by Wayne Metro. By all indications the agency is getting weatherization funding for the City of Detroit; however, despite

the great need for these services the dollars are being channeled to other communities. We ask that this be corrected immediately and funds be utilized to provide weatherization services to deserving Detroit residents; and

WHEREAS, The City is currently in the process of replenishing its depleted workforce since exiting bankruptcy. To provide more opportunities for city residents to participate and improve the financial conditions of their families, the City should reinstitute the skilled trade apprenticeship programs throughout the City government which would stimulate greatly needed employment opportunities for Detroiters in need of work that pays a living wage; and

WHEREAS, Over the years, the City has had to cut dollars for recreational pursuits, resulting in the closing of several recreational centers. However, the City has been successful in partnering with Detroit Public Schools and organizations to operate some recreation centers for the benefit of city residents. Despite this, some areas within the city still have no recreational centers. The City Council encourages the Parks and Recreation Department to enter into additional partnerships so that all districts within the city have an operational recreational center; and

WHEREAS, A number of years ago, the City ceased to utilize the alleyways for garbage pickup in favor of the use of Courville containers that are serviced in the front yard. In the intervening period, the maintenance and lighting of alleyways have been deprioritized in favor of other critical services during this time of diminishing resources. Taking this into account, the Public Lighting Authority ("PLA") made the decision to totally eliminate the lighting of alleyways requiring residents to seek commercial alternatives at the residents' expense for lighting solutions. It is City Council's belief, however, that any financial benefit that will be derived should be second to the safety concerns that are created by the lack of lighting in alleys open to the public, particularly in areas where the alleys are routinely used for ingress and egress to homes. Therefore, the City Council urges the PLA to reinstitute alley lighting and maintenance and to seek funding to undertake the effort; and

WHEREAS, The PLA's plan for lighting that is currently in place needs to be evaluated to ensure that there is adequate lighting planned to safeguard the public's health and safety throughout the City, including areas of the city where new lighting has been installed. Additionally, it should be determined if there is sufficient funding to achieve this objective and to meet the unique lighting needs of different neighborhoods which may be above and beyond the national standards; and

WHEREAS, With the resurgence of downtown, as well as some neighborhoods and commercial districts, it becomes ever more necessary to focus on overlooked neighborhood maintenance for the benefit of both long-term and new city residents. To that end, Council urges the Administration to seek out grant funds for cleaning and maintaining alleys on blocks where the alleys have not been vacated; and

WHEREAS, For a period of time the maintenance and upkeep of viaducts throughout the city has been deferred; therefore, a coordinated and comprehensive ongoing maintenance plan, that addresses clogged water basins and related drainage issues, brush and debris removal and graffiti and adequate lighting should be developed by the PLA, DPW, DWSD, R, GSD and all other impacted City departments in conjunction with the appropriate railway companies for the safety of our residents and others using our roadways; and

WHEREAS, The 2012 Charter of the City of Detroit adopted by the citizens of Detroit requires that a Risk Management Council (RMC) shall make recommendations to the Mayor and requires the RMC to implement the Mayor's directives with respect to policies, programs and activities to minimize exposure to liability for claims and damages as prescribed by law; however, it has not met since 2011. City Council urges the Administration to reestablish the RMC and reinstitute the reporting requirements in accordance with the Charter; and

WHEREAS, To properly allocate charges and claims across the responsible City departments, City Council urges the Administration to ensure that legal claims, judgments, and worker's compensation claims are properly charged to the appropriate non-General Fund agencies, such as Solid Waste, Streets, and Grant Funds, to ensure payment is charged fairly to reduce the financial burden on the General Fund; and

WHEREAS, Major renovations have been planned for the Kemeny Recreation Center for the better part of a decade funded in part through an agreement with Marathon Petroleum Company to contribute twenty percent of the cost. WHEREAS, City Council urges the City Clerk's Office to develop a stronger plan for community outreach, and to evaluate its impact and success; and

WHEREAS, The restructuring of the City's Water Department as a semi-autonomous unit of the City, as well as the newly created and independent umbrella entity that is the Great Lakes Water Authority, has resulted in many unanswered questions as to the working relationship between the corporation counsels of the City, DWSD, and GLWA in terms of dispute resolution. City Council requests that the Administration describe and explain the terms and limits of this relationships; and

WHEREAS, The budget as presented does not provide for the final appropriations and revenues of the DWSD, as approved by the Board of Water Commissioners (BOWC). Honorable City Council:

Re: Request of Emily Peterson and Antonio Luck in conjunction with Katrina Lockhart d/b/a Karasi Development Group, LLC, to amend Article XVII, District Maps Nos. 9 and 48 of the 1984 Detroit City Code Chapter 61, 'Zoning' by showing an SD1 (Special

Development District – Small-Scale, Mixed-Use) zoning classification where R1 (Single-Family Residential District), R2 (Two-Family Residential District) and B4 (General Business District) zoning classifications, respectively, currently exists on ten (10) parcels generally bounded by the east-west alley first south of Edison Avenue to the north, Woodrow Wilson Avenue to the east, Clairmount Avenue to the south and 14th Street to the west. (RECOMMEND APPROVAL).

**Nature of Request and Project Proposal**

The City Planning Commission (CPC) has completed its deliberations on a request received from Ms. Emily Peterson and Mr. Antonio Luck in conjunction with Ms. Katrina Lockhart d/b/a Karasi Development Group, LLC, to amend Article XVII, District Maps Nos. 9 and 48 of the 1984 Detroit City Code Chapter 61, 'Zoning' by showing an SD1 (Special Development District – Small-Scale, Mixed-Use) zoning classification where R1 (Single-Family Residential District), R2 (Two-Family Residential District) and B4 (General Business District) zoning classifications, respectively, currently exists on ten (10) parcels generally bounded by the east-west alley first south of Edison Avenue to the north, Woodrow Wilson Avenue to the east, Clairmount Avenue to the south and 14th Street to the west.

**Background**

The subject properties located in District 5 comprise an approximately three (3) acre site. The parcels are located immediately to the north of the Rosa Parks-Clairmount/Herman Kiefer project area.

**Proposed Development**

There are several developments which the petitioner's hope to realize as a result of the requested rezoning. All of which appear to be complementary to the Planning and Development Department's efforts to implement a Rosa Parks-Clairmount neighborhood revitalization framework and landscape stewardship plan envisioned for the Rosa Parks-Clairmount neighborhood adjacent to the Herman Kiefer development project area, which will be inclusive of landscape, streetscape and mobility design, economic development, housing and historic preservation.

**9321 Rosa Parks Boulevard**

The subject property is formerly the site of the New St. James A.M.E. Church, which was recently acquired by petitioners Emily Peterson and Antonio Luck in the latter part of 2016. The petitioners intend to convert the existing structure into 1) a coffee house, and 2) small grocery. The petitioners also intends to provide meeting space for community groups

and non-profit organizations as needed.

The current zoning classification of R1 will not allow for the proposed development on either a by-right or conditional basis. The proposed SD1 zoning classification will allow for the development of a mixed-use facility as presented by the petitioner on a by-right basis Per Sec. 61-11-166(18) "Restaurant, carry-out or fast-food, without drive-up or drive-through facilities", 61-11-166(22) "Stores of a generally recognized retail nature whose primary business is the sale of new merchandise."

**9102, 9112, 9120, 9138, 9306 Rosa Parks Boulevard, 1732, 1735, 1740, 1741 Atkinson Avenue**

The subject properties located on the eastside of Rosa Parks Boulevard are presently vacant undeveloped lots with the exception of one two-story residential structure identified as 1741 Atkinson Avenue. The petitioner intends to develop four newly constructed mixed-use commercial/residential buildings (a total footprint of 19,830 square feet); three (3) along Rosa Parks Boulevard and one (1) at 1732 Atkinson Avenue, while rehabilitating the aforementioned two-story residential structure located at 1741 Atkinson Avenue into a community cultural center. The petitioner also intends to establish programmable green space inclusive of a "green alley/history walk" which will consist of local artist installations with the aim of preserving the legacy of the areas by showcasing its early beginnings and a view of its projected future, focused through the lens of the 1967 rebellion. One contributing artist will be Kresge Fellow, Hubert Massey. Another open green space element that the petitioner intends to implement is a community dog run which is proposed to be located on Atkinson Avenue. The site plan for the project area is attached to this report and is identified as "Attachment 1."

The current zoning classification of R1 and B4 will not allow for the many aspects of this proposed development on either a by-right or conditional basis. The proposed SD1 zoning classification will allow for the mixed-use commercial/residential developments as presented on a by-right basis Per Sec. 61-11-164(4) "Residential use combined in structures with permitted (first-floor) commercial uses."

The proposed development is anticipated to be done in several stages beginning with the development of Building A, which would replace the recently demolished two-story, commercial building at 9138-9158 Rosa Parks Boulevard with a two-story mixed use structure. The building would feature 7140 square feet of commercial/retail space on the ground floor and approximately 7140 square feet of residential units on the second floor. The second floor may feature a combination of

six one- and two-bedroom apartments, or could be configured to accommodate studio style apartment units.

Phase One of the development would also entail the repurposing of the existing structure located at 1741 Atkinson Avenue. The renovation will seek to salvage several components of the existing structure and reuse the facility to house a community oriented space on the ground floor, with either office or a dwelling unit on the second floor. The community oriented space may house a museum or non-profit community center, both of which are permitted on a by-right basis in the proposed SD1 zoning classification.

**PLANNING CONSIDERATIONS  
Surrounding Zoning and Land Use**

The zoning classification and land uses surrounding the subject area are as follows:

- North: R1 & R2; with single family residential.
- East: R2; with a mix of vacant lots and single-family residential.
- South: R2 & B4; currently developed as Gordon Park east of Rosa Parks Boulevard and vacant commercial lots west of Rosa Parks Boulevard.
- West: R1; with single-family residential.

**City Planning Commission Public Hearing**

On November 17, 2016, the City Planning Commission held a public hearing on the subject rezoning request. Four members of the public who were in attendance expressed a desire to speak to the matter. Three persons spoke in support of the proposed rezoning and one spoke, expressing their frustrations with the City of Detroit's Planning and Development Department's Real Estate Division's former practices as it relates to property sells. The latter also indicated that they, as a member of the community who have invested in the maintenance of several vacant parcels were not informed of or engaged in the current planning process.

The Commission raised no concerns as it relates to the proposed development, however, requested that CPC staff work with the petitioners to organize an additional community meeting in the project area to ensure that residents might have another opportunity to be informed of the proposed development and express their opinions or concerns.

The requested community meeting was held on Wednesday, December 7, 2016 at 5:45 p.m. at Sacred Heart Major Seminary located at 2701 W. Chicago Boulevard, Detroit, Michigan 48206. There were over 80 members of the public present, in addition to representatives of the petitioner, the city's Planning and Development Department and CPC staff.

**Master Plan Conformance**

The subject site is located within the Durfee area of Neighborhood Cluster 6 of

the Detroit Master Plan of Policies. The Future Land Use map for this area shows a mixture of “Low-Medium Density Residential” for the subject properties. In comparison the Detroit Future City 20 Year Land Use Scenario map shows “Traditional Low Density” as the intended use.

The Planning and Development Department submitted a report dated November 21, 2016 providing an analysis of the Master Plan of Policies and its relation to the proposed rezoning quest. The report states that most residential classifications allow for neighborhood-scale commercial development. Categories in the Master Plan of Policies are descriptive of general development recognizing that some intermixtures are permissible or desirable. Policy 5.1 of the Durfee Neighborhood recommends the development of “... neighborhood commercial nodes along ... Rosa Parks ... with a compatible mix of locally serving, small-scale businesses and medium density residential ...”

**Analysis**

Section 61-3-80 of the Detroit Zoning Ordinance lists eight criteria that must be considered in making recommendations and decisions on rezoning requests.

The proposed zoning classifications of SD1 would permit “Restaurant, carry-out or fast-food, without drive-up or drive-through facilities,” “Stores of a generally recognized retail nature whose primary business is the sale of new merchandise,” and “Residential use(s) combined in structures with permitted (first-floor) commercial uses.” The proposed SD1 zoning classification will permit 51 by-right residential, public, civic, institutional, retail, service, commercial, manufacturing, industrial and other uses, the most intensive of which includes “Lithographing, and sign shops,” “Wearing apparel manufacturing” and “General: Low-impact Manufacturing or Processing facilities as defined in Sec. 61-116-124.”

The following analysis details how the proposed rezoning either meets or fails to meet the eight approval criteria which must be considered in making recommendations and decisions on rezoning requests.

(1) Whether the proposed amendment corrects an error or meets the challenge of some changing condition, trend or fact;

The subject area had undergone a significant transformation over the past several decades, resulting in a decline in population and disinvestment in the community. However the character, of the neighborhood had remained primarily residential. Several commercial structures which once supplied consumer goods and services for the surrounding community have sat vacant and dilapidated for a number of years, having been raised within the past 12-18 months. The proposal

rezoning would permit the subject properties to be redeveloped into mixed use developments which appear to be consistent with the Planning and Development Department’s goals and objectives for Rosa Parks – Clairmount/Herman-Kiefer project areas.

(2) Whether the proposed amendment is consistent with the Master Plan and the stated purposes of this Zoning Ordinance;

As indicated by the Planning and Development Department’s November 21, 2016 report, most residential classifications allow for neighborhood-scale commercial development. Categories in the Master Plan of Policies are descriptive of general development recognizing that some intermixtures are permissible or desirable. Policy 5.1 of the Dexter Neighborhood recommends the development of “ ... neighborhood commercial nodes along ... Rosa Parks ... with a compatible mix of locally serving, small-scale businesses and medium density residential ... “

(3) Whether the proposed amendment will protect the health, safety, and general welfare of the public;

One of the key canons of zoning is to protect the health, safety, and general welfare of the public. The proposed rezoning will allow for reestablishment of commercial and retail nodes in a residential neighborhood on a by-right basis. All property owners within 300 radial feet have been given the opportunity to voice their concerns as it relates to this proposed expansion. Given that the intended use of the subject property seeks to incorporate residential as well as passive recreational uses, The Commission is of the opinion that the proposed rezoning will not have an adverse impact on the health, safety and general welfare of the public or surrounding property owners.

(4) Whether the City and other service providers will be able to provide adequate public facilities and services to the subject property, while maintaining adequate levels of service to existing development;

The physical characteristics of the subject property will ultimately change as a result of the proposed rezoning. While the subject properties sit within a traditional street grid, there will be no need for city services, such as lights, water, sewer, etc., beyond what is currently in place; as the existing infrastructure previously served similar uses.

(5) Whether the proposed rezoning will have significant adverse impacts on the natural environment, including air, water, soil, wildlife, and vegetation and with respect to anticipated changes in noise and regarding storm water management;

As previously mentioned, the physical characteristics of the subject property will ultimately change as a result of the proposed rezoning. The subject area will be

appropriated landscaped, graded and drained in order to mitigate any problems which may occur as a result of storm water. There are no foreseeable impacts to any of the aforementioned environmental aspects.

(6) Whether the proposed amendment will have significant adverse impacts on other property that is in the vicinity of the subject tract;

The vast majority of the proposed development(s) will be set back from the adjacent residential properties along Atkinson Avenue. The development(s) in and of themselves are passive, small-scale and low-impact in nature. Screening for parking areas abutting and adjacent to residential developments are required to have opaque screening, buffering and landscaping elements in order to minimize light trespass which may be generated by commercial/retail establishments as well as more densely populated residential developments. The Commission is of the opinion that no significant adverse impacts will occur as a result of the proposed development.

(7) The suitability of the subject property for the existing zoning classification and proposed zoning classification; and

As noted previously, the existing R1, R2 and B4 zoning classifications are not conducive for the proposed small-scale mixed use development contemplated for this area. In providing the recommendation for an SD1 zoning classification the Commission evaluated all zoning classifications and determined that the SD1 zoning classification would allow for the proposed uses and maintain the character of the residential neighborhood.

(8) Whether the proposed rezoning will create an illegal "spot zone."

Given the existence of R1, R2 and B4 zoning on the subject properties and the intent of the proposed SD1 zoning classification which is designed to encourage a complementary mixture of small-scale uses including residential, local business and office uses that are compatible in a neighborhood setting, the rezoning of the proposed 10 parcels would not constitute an illegal "spot zone."

#### **Suitability of the Property**

One of the aforementioned criteria for rezoning states, "The suitability of the subject property for the existing zoning classification and proposed zoning classification." Zoning Maps No. 9 and 48 generally shows a mix of R1, R2 and B4 zoning on the north, south, east and west for several blocks around the subject property. This section of the Durfee subsector is primarily developed with residential and institutional complexes with a variety of uses.

In general, the Commission looks favorably on the rezoning of the subject parcels to accommodate the establishment of "Restaurant, carry-out or fast-

food, without drive-up or drive-through facilities," "Stores of a generally recognized retail nature whose primary business is the sale of new merchandise," and "Residential use(s) combined in structures with permitted (first-floor) commercial uses," which would bring a previously vacant block back into productive use through the establishment of a mixed use development, which may lead to increased population, employment and tax revenue for the city.

#### **Land Use**

The Commission is of the opinion that a SD1 (Special Development District – Small-Scale, Mixed-Use) zoning classification is an appropriate designation consistent with the characteristics of the adjacent properties, and will allow for the establishment of a "Restaurant, carry-out or fast-food, without drive-up or drive-through facilities," "Stores of a generally recognized retail nature whose primary business is the sale of new merchandise," and "Residential use(s) combined in structures with permitted (first-floor) commercial uses," on a by-right basis uses which are consistent with the Master Plan of Policies.

#### **Significant Impact on Other Property**

The Commission is of the opinion that the rezoning of these properties would add to the sustainability of the surrounding community by allowing the establishment of viable and needed housing stock as well as tax revenue generating businesses.

#### **Recommendation**

On January 5, 2017 the City Planning Commission voted to recommend approval of the request of Emily Peterson and Antonio Luck in conjunction with Katrina Lockhart d/b/a Karasi Development Group, LLC, to amend Article XVII, District Maps Nos. 9 and 48 of the 1984 Detroit City Code Chapter 61, 'Zoning' by showing an SD1 (Special Development District – Small-Scale, Mixed-Use) zoning classification where R1 (Single-Family Residential District), R2 (Two-Family Residential District) and B4 (General Business District) zoning classifications, respectively, currently exists on ten (10) parcels generally bounded by the east-west alley first south of Edison Avenue to the north, Woodrow Wilson Avenue to the east, Clairmount Avenue to the south and 14th Street to the west. The ordinance effectuating the map amendment has been reviewed and approved as to form by the Law Department and is attached for your consideration.

**Housing and Revitalization Department**

March 3, 2017

Honorable City Council:

Re: Reprogramming Amendment to the 2016-2017 Community Development Block Grant (CDBG) Annual Action Plan

The Housing & Revitalization Department (H&RD) is requesting that changes be made to the City's 2016-17 CDBG Annual Consolidated Action Plan consistent with meeting the City's CDBG Timeliness Test on May 2, 2017.

The City has previously had significant challenges meeting its timeliness test, which requires that the City have no more than 1.5 times its CDBG allocation on hand at any time. A test of this metric is made sixty (60) days before the end of the program year for all CDBG recipients. This test is one of the primary ways in which the City's performance is measured by HUD.

Also, this amendment will allow the Department to reprogram unused CDBG funds from a number of account balances for programs that no longer exist or are funds unlikely to be used in a timely manner.

To do so however, a series of budget amendments are required to expend funding. The major categories of funding will change as follows:

Line Items to be reprogrammed:

*(Decrease)*

- Housing New Construction  
(FY's 2003-04 & 2005-06) \$539,367
  - Commercial/Industrial Improvement  
(FY's 1995-96 & 2000-01) \$322,400
  - Commercial Rehabilitation (FY 2015-16) \$230,000
  - Housing Multi Family Staffing (FY 2016-17) \$600,000
  - Blight Removal (FY's 2005-2011) \$1,167,000
  - Arnold House Blight Removal (FY 2011-12) \$1,233,000
- Total \$4,091,767**

Line Item for Funding Addition:

*(Increase)*

- Section 108 Loans  
Defeasance \$4,091,767
- Total \$4,091,767**

We ask that the Council approve this with a Waiver of Reconsideration so that the reprogramming can be approved by the Financial Review Committee (FRC) and help the City make the timeless test required by HUD on May 2, 2017.

We respectfully request the authorization of this change to amend the 2016-2017 CDBG Annual Action Plan for the stated purpose by approval of the attached resolution. This proposed amendment was posted on the City's website for the require thirty (30) day period

beginning January 26, 2017. Upon City Council's approval, it will be transmitted to HUD. Thank you for your time and consideration.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits

- Certificate of Approval as a result of a Housing Inspection

- Certificate of Inspection, required for all residential rental properties.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Re: Petition No. 1099, Giffels Webster, request to outright vacate the previously vacated alleys converted to private easements for public utilities, per City Council Resolution, recorded January 30, 2007 L. 45897 P. 896.

Petition No. 1099, Giffels Webster, on behalf of Proactive Logistic Solutions, LLC request for outright vacation of the east-west alley (now an easement), 20 feet wide, and the north-south alley, 15 feet wide, (now an easement), 1st west of Park Avenue, 60 feet wide, all in the block bounded by Fisher Freeway (I-75) service drive, Henry Street, 50 feet wide, Clifford Street, 60 feet wide and Park Avenue.

The request is being made in order to permit construction on the site including the former alleys.

The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report.

The subject alleys were vacated and converted to utility easements on June 14, 2006 by your Honorable Body.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW.

The Public Lighting Department (PLD) is involved but has no objection, PLD requires the removal and return of two luminaires and two bracket arms.

AT&T reports being involved. The developer will need to contact AT&T for the relocation and removal of their facilities.

DTE Energy – Electric reports being involved, but has no objection provided DTE equipment is removed and relocated with the cost borne by the petitioner. The estimated cost is \$14,005.17.

DTE Energy – Gas reports no involvement as there are no gas lines in the subject alleys.

The Detroit Water and Sewerage Department (DWSD) reports no objection if the petitioner agrees to relocate the sewers and water mains in accordance with the DWSD provisions for relocation at no cost to DWSD. The DWSD provisions are a part of the resolution.

All other city departments and utilities have reported no objections to the vacation and provisions for all utility relocations have been made a part of the attached resolution.

I am recommending adoption of the attached resolution.

**RESOLUTION URGING  
PRESIDENT TRUMP AND  
HOUSING AND URBAN  
DEVELOPMENT SECRETARY  
BEN CARSON NOT TO REDUCE  
THE AMOUNT OF COMMUNITY  
DEVELOPMENT BLOCK GRANT  
DOLLARS TO LARGE URBAN CITIES**  
By COUNCIL MEMBER BENSON:

Whereas, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens and residents through Charter-mandated legislative functions; and

Whereas, In 1974 with bipartisan support, the Community Development Block Grant (CDBG) program was enacted by President Gerald Ford, through the Housing and Community Development Act of 1974 (12 U.S.C. 1706e). CDBG helps to create jobs through the expansion and retention of businesses and is an important tool for helping local governments tackle serious challenges, such as senior health services and emergency shelters to homeless communities that would exceed their financial capacities; and

Whereas, In the City of Detroit the CDBG entitlement has been cut by more than 50% since the 80's, yet the need for these services has only grown. The CDBG program also provides vital resources for state and local governments to make investments to support economic development and improve community conditions. It has been documented by HUD that for every \$1 of CDBG funds, an estimated \$3.65 is leveraged in non-CDBG funds, and over the last decade, CDBG has created or retained 353,000 permanent jobs and sustained an additional 861,000; and

Whereas, Dr. Martin Luther King, Jr., in his Nobel lecture said, "Ultimately, a great nation is a compassionate nation. No individual or nation can be great if it does not have a concern for "the least of these". Deeply etched in the fiber of our religious tradition is the conviction that men are made in the image of God and that they are souls of infinite metaphysical value, the heirs of a legacy of dignity and worth. If we feel this as a profound moral fact, we cannot be content to see men hungry, to see men victimized with starvation and ill health when we have the means to help them. The wealthy nations must go all out to bridge the gulf between the rich minority and the poor majority." Spoken by Dr. King in 1964, these words ring no less true today, as the CDBG program serves to bridge the gap between the haves and the have nots; Therefore Be It

Resolved, The Detroit City Council as a supporter of Detroit's most vulnerable residents, expresses its opposition to cutting HUD's CDBG allocation and strongly urges President Trump and Housing and Urban Development Secretary Ben Carson not to reduce the amount of Community Development Block grant dollars to large urban cities; Now Therefore Be It Further

Resolved, That this resolution be forwarded to President Trump and Housing and Urban Development Secretary Ben Carson.

Honorable City Council:  
 Re: Authorization to submit a grant application to the U.S. Department of Housing and Urban Development — Office of Lead Hazard Control and Healthy Homes for the 2017 Lead Hazard Reduction Demonstration (LHRD) Grant Program.

The Housing and Revitalization Department (H&RD) is requesting authorization from Detroit City Council to submit an application for the Lead Hazard Reduction Demonstration (LHRD) to the U.S. Department of Housing and Urban Development (HUD). H&RD is seeking \$400,000 for Healthy Homes Assessments and \$3,000,000 in lead-based inspections and risks assessments. The department will contribute \$750,000 in FY17-18 CDBG federal funding to meet the 25% match requirement of the lead-

based inspection and risk assessments. The total project cost will be \$4,150,000.

The purpose of the grant proposal is to assist the Department in its continuing efforts to support “at-risk” families and children in preventing lead-based paint poisoning, through direct lead-based hazard reduction and control. The following essential services will be supported through the grant award: 1) referral coordination with the Health Department, 2) community education and awareness, 3) lead-based paint inspections and risk assessments, 4) performance of lead hazard control measures in single-family owner-occupied housing and rental properties (1 to 4 units), and 5) “Healthy Homes” services to further reduce home health hazards. The funding is also essential in supporting the city’s Consolidated Plan, strategic goals of eliminating blight and providing safe housing for its residents.

We respectfully request your approval to submit the grant application by adopting the attached resolution.

Sincerely,  
 NICHELLE HUGHLEY  
 Director  
 Office of Grants Management
