2	the Police Reserves for their help at Ecumenical
3	Theological Seminary. They are having a women's
4	conference. And I was approached and asked if they can
5	have some kind of help. And DC Turner stepped right in.
6	And I just want to thank you very much for helping the
7	seminary out for that.
8	Right now I'm going to ask if there's a report
9	from the Chief's office?
10	ASSISTANT CHIEF LOGAN: Good afternoon.
11	Through the Chair, we have Commander Dwayne Love from
12	the Training Section who is prepared to give you an
13	excellent presentation on training.
14	COMMANDER LOVE: Good afternoon. Greetings to
15	the esteemed Board. It's my pleasure to be here today
16	to present to you a little bit about what's going on in
17	my operation, Training. And good afternoon to you
18	again, AC. Okay. I will get started. Training is
19	we fall under the Civil Rights Integrity Bureau headed
20	by Deputy Chief Janice Butler.
21	Training has a few different entities that
22	fall under my supervision and control. First of all, we
23	got the Firearms Training which of course is our Rouge
24	Firearms Range. We have Recruit Training, which is the

new police cadets, when they get hired, when they go

1	through the Academy. Field Training is the program
2	between the time they graduate from the Academy and the
3	time they start working on the street without
4	observation.
5	And the last and the biggest part of training
6	is In-Service Training. And that's when we have to
7	train of course the whole department, sworn and
8	civilian, on a variety of different subjects.
9	I will start with Recruit Training. First of
10	all, in the Academy right now we have 23 student police
11	officers that compose one class. The class started in
12	January, 2011. And as of right now, I do not know the
13	date of the next class to start. That's to be
14	determined right now. So, we are eagerly waiting the
15	next arrival for the next group of cadets. MCOLES is
16	the governing body for law enforcement in the State of
17	Michigan. So that stands for Michigan Commission of Lav
18	Enforcement Standards. MCOLES mandates the curriculum
19	for the Recruit Training.
20	So, the curriculum is 592 hours of rigorous
21	curriculum. And if I had to go over each subject, I
22	would be up here a long time. So I'll just touch on a
23	few highlighted subjects that's in that curriculum. We
24	have legal training within that curriculum.

Before I go any further, I would definitely

Page 8

like to thank Attorney George Anthony, your Secretary,
because he was our main legal instructor for recruit
training. And then when he took the job on the Board,
that spot was vacant. We did have another attorney at
the Academy. But that attorney was teaching In-service
Training, which is a different curriculum. So Attorney
Anthony volunteered to help us until we got the new
attorney settled with the City Council and until he
trained the new attorney on how to do her job properly.
So thank you, Attorney Anthony.

Again, in that curriculum, we've got Legal,
Physical Training, Defensive Tactics, which they get
either one of those every day throughout the whole
Academy. Of course Diversity, Police Ethics, Accident
Investigation, First Aid, CPR, Firearms Training,
Precision Driving, Police Procedures and Police
Investigations.

Once they are done with that curriculum -- and that takes about six months approximately -- they have to take a licensing exam. And if they pass the post test -- that's what it's called. That's what we call it. And for the record, we have a really high success rate on our post test. The majority of our students pass that test to go on to be police officers.

And, you know what? I'm so sorry. Can I just

L	hold off a minute and introduce my staff? I went
2	without introducing them first. I got to stop and do
3	that. Sergeant Jeremy James from the Training Center.
4	He teaches Use of Force. And he is our PTDT instructor.
5	And Sergeant Faith Carrie, she is my Administrative
	Sergeant and Time Keeping Sergeant. Raise your hand,
7	Sergeant, again. Okay.

So, once they take the licensing exam, at that point, they are certified by MCOLES to be police officers. But before they graduate, they still have to learn how to be a Detroit police officer. So we also give them 160 hour curriculum in DPD, DPD subjects such as Internal Affairs, Consent Decree Training, City Laws and Ordinances, Customer Service Training and DPD Policies and Procedures.

Once they are done with those four weeks of training, then they graduate. Once they graduate, they still cannot go out to the field without having some observation. So, at that point, they are put into our Field Training program. Field Training is a program where we have field training officers across the whole — throughout the whole department at each command, including Training. Each individual — probationary police officers because the new people are on probation for 18 months from the date of hire or from a year from

the date they graduate from the Academy, whichever
period is shorter. So, it's 18 months or a year from
the graduation. They are still on probation.

So during that probation, they have to complete this Field Training program. Field Training program consists of 45 days of observation, 45 DOR's.

And DOR's means Daily Observation Reports. The field trainers complete those reports. That usually takes about 90 days to complete because when you factor in leave days and other training opportunities that present to them, it takes about three months to get through that phase, that process. Once they are done with that, then they can go to their respective commands and work with a senior police officer without observation.

In-Service Training, like I said before, that's the biggest part of our operation right now.

Last year, last fiscal year, I'm pleased to say that we had about a 99 percent attendance to training. And that's a lot of different subjects. So, most of our department got trained within our mandatory training.

We are very serious about that training; so much as if an officer or supervisor does not complete the whole entire training curriculum by the end of the training cycle, their weapon is confiscated, and they're relieved of police powers until they come back and complete the

1	training.	So	they	cannot	go	without	receiving	the
2	training.							

Each year we determine from training what the subjects will be for the next fiscal year's program.

And the training goes like each individual officer and supervisor has a week to come to training, has a shift to come to training. And they got to come for that entire week. And the curriculum changes from year to year, depending on what the department's needs are at that particular time.

This fiscal year, our In-Service Training consisted of Use of Force, PR-24 Arrest Procedures. And Arrest Procedures, that's a practical scenario type class where they actually teach the police officers how to make arrests, how to subdue a person and then how to put the handcuffs on a person, things of that sort.

Legal Update Training, firearms qualification -- and firearms is bi-annual. It's not just once a year. It's twice a year. Supervisory leadership and accountability for investigators and above. Response to active shooter, in car video, In Car Video Camera Training as well.

Going back to response to Active Shooter

Training, that's the kind of training that I think is

very valuable to the department. It's all scenario

1	based.	And they	use w	hat's	called	simunition	weapons.
2	They sho	oot like	little	e plast	cic BB's	S.	

And we set scenarios up within our building, building searches, low light building searches, active shooter. If you have a person at a school or something with a weapon, we do scenarios like that as well. So it's all scenario based, and it's some really good training. As you see that asterisk next to all these difference subjects, the ones with the asterisks are the subjects that's mandated by the Consent Decree, our two federal Consent Decrees. So you got Use of Force, PR-24. And I don't know if everybody is familiar with PR-24. But that is our intermediate side arm, Baton and Firearms of course and Leadership Training.

In 2010, we developed a comprehensive training, special order. And we renewed it again in 2011. So hopefully it will be coming before this esteemed Board for policy soon. But in that special order, it was really detailed. It contained everything as far as what we mandate from our department policy when it deals with training. I couldn't go over the whole policy with you. But just to touch on a few different things in that — well, not policy, special order.

But just to touch on a few different things in

3/31/2011

	Page 13
1	that special order, it stated that the commander in
2	training is to approve all lesson plans, instructors and
3	curriculum, semi-annual course and instructor
4	evaluation. So what we do every six months, we do an
5	evaluation of all our instructors and all our material.
6	And it's a really detailed evaluation packet.
7	Then we do a report. We forward it to the
8	Deputy Chief of the Risk Management Bureau. And so, we
9	can constantly be on top of what our instructors are
10	teaching, are they staying with the lesson plans, and
11	are they doing a good job in class.
12	Needs assessments. Every six months, the
13	training committee which I chair, we have a needs
14	assessment meeting. And we discuss the needs of the
15	department. Everybody comes to this meeting with
16	concerns and issues from their respective commands. So,
17	I have there myself, the commanding office of CIB, the
18	Criminal Investigations Bureau, the commanding officer
19	of Patrol Operations Bureau, Internal Affairs, Forced
20	Investigations. And we're going to start getting OCI in
21	the mix with that as well.
22	So they all come to the table. We talk about
23	any issues on the department. And we make
24	recommendations, whether it's an adjustment in training

or an adjustment in department policy. And we use that

1	as well to gauge our next year's In-Service Training
2	curriculum, whatever we get from the training committee
3	meetings.

Also, we send our staff out to different districts and precincts to evaluate different processes. I send some of my sergeants out, and they evaluate things like the Holding Cell Compliance, the Detention Process, the Arrest Process at the different districts and precincts. Anything that may be an issue at the time, they go out and they evaluate it. They complete a report and get it back to me so we can also make adjustments in training or recommend adjustments in department policy.

We hold Risk Management meetings, and we meet with the Law Department every quarter. And the reason for that meeting is to get information from the Law Department on what's -- on lawsuits and what's the latest issue with lawsuits, what are we paying money out for, what are the officers doing wrong or not properly. And for example the last time we met, it was driving. You know, we spend a lot of money on officers having accidents in scout cars and paying out lawsuits because of that. So those are some of the things we get from that meeting every quarter.

Our compliance efforts with the Consent

Page 15

Decree. We have a total of 25 actually we just
adopted three more paragraphs when they came back. So
we got 28 paragraphs now that's consent related with our
two federal Consent Decrees. Out of all those 28
paragraphs, we are in Phase 1 compliance with all of
them. And that's just policy development. And that's
that happened when we submitted that special order I
told you about earlier. We are in Phase 2 compliance,
and that's implementation and training of all of our
paragraphs except three. And that's Use of Force, 108;
Conditions of Confinement 78 and 98. Those are data
entry paragraphs. So they are very labor intensive and
very task oriented.

We had to input all police officer's training records from the inception of the Consent Decree, which was year 2003 to current. And right now, all we have is two years left. So we've made tremendous strides in that area as well. We expect full compliance with all of our paragraphs, Phase 1 and Phase 2, by at least the third quarter in this fiscal year.

Just a little bit about our attendance to training. And like I said last year, we achieved about a 99 percent compliance for attendance. I got some charts that will show you what the attendance were the last fiscal year versus this fiscal year at the same

1	time. And you may ask, if we had 99 percent compliance
2	last year, why is the number so different on this chart,
3	on these charts. Last year we had to at the end of
4	the fiscal year, we had to actually force not force.
5	We had to really rush people in to get their training at
6	the last minute because we had to get everybody trained.
7	So they had the full week of training, but we just had a
8	lot more people in our training than what we normally
9	have. This year, they get it now. They understand if
10	they don't train, what the consequences will be. So,
11	now they'll come to training more frequently.

So last fiscal year versus this fiscal year,
Use of Force, last fiscal year we had a little over 1800
members trained. This year, at the same time, we got
1,922 members. Last year in legal, we had about 1800
people, a little over 1800 people. This year, we got
1,910. PR-24, probably about 1,840 members attending
last fiscal year this time. This fiscal year is 1,891.
And Leadership Training, we had about 420 people,
members, trained last year the same time. And now we
got 445 members.

And right now, on our whole department, we have available to train 2,680 members. And that's minus the people that are extended sick, military leave or FMLA.

1	Firearms Training. And don't be alarmed by
2	the 37 percent of the department because Firearms
3	Training just started over again January 1st. So we got
4	to qualify bi-annually. So since January 1, we've had
5	37 percent of the department trained. Last fiscal year
6	the same time, we had about 940 members that we trained.
7	This fiscal year, we are at 989 members trained. That's
8	as of March 25th, 2011.
9	Percentages of the department trained as of
10	March 25th, 2011, leadership, so far we have trained 69
11	percent of our department. And legal, we have trained
12	71 percent of our department. PR-24, we have trained
13	70 percent of our department. And Use of Force, we have
14	trained 72 percent of our department. And of course I
15	go with 94 percent. But the Chief and AC, they want a
16	hundred percent. So, we shoot a lot higher, shoot for a
17	lot higher than that.
18	Specialized training. Training offers courses
19	in areas to enhance the professionalism, quality and
20	efficiency and productivity of its members. And this is
21	not all the subjects we teach or instruct. But we try
22	to instruct or offer as many courses as possible to our
23	members. And, you know, I think I really believe
24	that if we are going and we do have a Class A

department that's probably the best in the country. And

1	it's a lot to do with our training that we give our
2	officers every year.
3	Courses such as First Aid, CPR, Professional
4	Rescuer, we provide those upon request. Officer
5	Survival, we do that class about every quarter.
6	Emotional Survival for law enforcement, we do that every
7	six months. Suicide by Cop, that's about an every six
8	month course we can give. Health and Wellness, Lock-Up
9	Training. And I do it's an acronym. And I know
10	Sergeant James probably knows what it is. I have it in
11	my presentation if you need it.
12	But Lock-Up Training consists of arrest
13	procedures, ground defense and weapon retention. We do
14	that class about every other month. Three-day
15	simunition training, in which they actually take the
16	officer's weapon and convert it into a sim weapon. It
17	also shoots like BB's, like little plastic BB's out.
18	It's scenario based training. We hold that as well.
19	And LPAC and SPAC training. LPAC is
20	Lieutenant's Promotional Assessment Course and Sergeants
21	Promotional Assessment Course for SPAC. Whenever a
22	lieutenant or sergeant gets promoted, they have to go to
23	these courses first. The course, it's a three-week
24	curriculum, two weeks of core instruction and one week
25	of Leadership Training. So, whenever a member gets

3/31/2011

promoted, they have to actually go to all these	classes
in this curriculum all three weeks, pass the pos	st test
or the final exam, and then they can assume their	ir new
rank.	

Page 19

Customer Service Training. We are -- we constantly instruct in customer service. We do the 9-1-1 operators. Right now, we are trying to coordinate a plan to get the whole department trained in this fiscal year. So, we're training the trainers right now in customer service so we can have them train their individual members at their commands.

I mentioned earlier about the information we get from the meetings with the Law Department. So, one thing we did, because we did recognize that it was a lot of issues with driving. And whenever an officer, a police officer comes to the Academy, they get precision driving, evasive driving operations as part of the curriculum. But now we have a grant that's going to allow us to buy a driving simulator. And then once we get that simulator, our plan is to train the whole department, retrain the whole department in driving so we can address that issue of the lawsuits.

Also, we have another grant that's called We're Here, We Care Grant. It's -- we love at training to have some kind of segway to the community. Last year

Page 20

we did the Youth Citizens' Police Academy, which is a
very good program. That has ended. So now we have this
grant. And this grant will allow us the training
center and DPD to adopt two high schools. So, the
high schools have been identified as Central and Finney.
The grant is supposed to be for at risk youth. We are
going to mentor students, build relationships between
the youth and the police, train on life skills such as
finances, resume writing, job interviewing. Students
will attend also attend a lot of field trips as well.

The students will be selected by the school faculty and the Training Center staff. And like I said, all these kids we consider at DPS are at high risk. So, we're going to look at students who have an interest in the program and also that are struggling academically.

Some of the goals for the program is to improve grades, improve self image, increase awareness to dangers that some students may find themselves exposed to, develop positive relationships with law enforcement. And this grant is good for one school year. And they are going take an entrance exam and an exit exam. And that's how we're going to measure our success from where they started, from where they finished compared to both tests as well as I told my staff to also -- we are going to follow them from --

Page 21

'cause we're targeting 9th or 10th graders. So we are
going to try to follow these students from the program
until they graduate from high school to actually see
what the graduation rate is with them as well. So
that's going to be another way that we value or we're
going to measure our success in that grant.

Partnerships. Training has developed working partnerships with major educational institutions to enhance the quality and professional development.

Eastern Michigan University, we use them for our police school of staff and command. Davenport University, we use them for our LPAC, SPAC leadership course that we gave when we had our recent promotions. Michigan State University, we utilize them for leadership training.

And we're always working with Wayne State University.

They help us with our executive retreats. And we also have some other training that's coming up soon with them, we are going to host with Wayne State as well.

Other partners. Training has also assisted other departments in their training endeavors. We constantly train DPS police. They train the Firearms, Motorcycle Training, Use of Force Training, PR-24. They train in almost every subject we host, we train them as well. Highland Park PD, Midland County Sheriff's Department and the Federal Reserve Police and other

1	nolico	departments	2.0	1.7011
1	POTICE	depar tillents	as	$w \in T T$

Valor training. This is some training that we
are going to host for the DOJ, Department of Justice.
It's going to be held on May 24th and May 25th of this
year. The plan is to have 300 to 500 law enforcement
officers in this training session for those two days
from all departments across the State of Michigan.
We're going to host it at Wayne State University. It's
going to be in the auditorium, and it's going to be
targeted towards anticipating and surviving violent
encounters. And this training was the DOJ received a
grant for this training because of the rash of police
shootings across the country lately. So they are
addressing that with this training. So we anticipate or
putting at lease a hundred DPD members in this training
as well. So, we are going to be well represented.
CAPPA Mental Health Training, mental health
training. We just approved a company to come in and
help us instruct for mental health awareness. It's

going to be part of our 40-hour training starting probably within the next month or two. So, the whole department will eventually get this training when they come through the 40-hour training block.

Additional functions. We have oversite of what's called PA-302 funds, law enforcement distribution

	Page 23
1	funds. We get approximately \$580,000 a year from the
2	State of Michigan. These funds come from citations
3	written state wide. They take a small portion of all
4	the citations written, and they put it in this account.
5	And each department receives a certain amount of money
6	based on the size of the department. So, of course we
7	are the biggest department in the State of Michigan. We
8	get the most honey. These funds are slated for
9	training, in-service members, sworn police officers and
10	equipment for sworn police officers.
11	That's the end of my presentation. Any
12	questions at all?
13	COMMISSIONER REEVES: Commissioners?
14	COMMISSIONER RIVERA: Through the Chair, how
15	long is the Recruit Training now?
16	COMMANDER LOVE: 592 hours.
17	COMMISSIONER RIVERA: That's how many days?
18	COMMANDER LOVE: About six months.
19	COMMISSIONER RIVERA: I see you have customer
20	service training. Do you offer any courses in demeanor?
21	COMMANDER LOVE: Yes, we offer cordial
22	adversity and verbal judo.
23	COMMISSIONER RIVERA: Do you offer a course in
24	how to speak nice to the public?
25	COMMANDER LOVE: Customer service, yes, ma'am.

Page 24 1 COMMISSIONER RIVERA: Really? COMMANDER LOVE: Yes. 2 3 COMMISSIONER RIVERA: I think a lot of 4 officers need to take that class again because we have a 5 lot of complaints that from the citizens of the way that 6 the officers speak to them and, you know --7 COMMANDER LOVE: Actually, ma'am, the 8 Assistant Chief and the Chief have directed me to make 9 verbal judo a part of our next year, next fiscal year's 10 40-hour mandatory training. So all officers will 11 receive verbal judo training. 12 COMMISSIONER RIVERA: Because I always thought 13 that there's nothing better than sir and ma'am-ing 14 someone to death. It really gets them. 15 COMMANDER LOVE: I agree. That's definitely the Chief's and the AC's vision as well. 16 17 COMMISSIONER RIVERA: What weapons do you 18 carry now? 19 COMMANDER LOVE: Smith & Wesson 40 caliber. 20 COMMISSIONER RIVERA: We no longer have the 21 Glocks? 22 COMMANDER LOVE: No, ma'am.

you were talking about, what does CAPPA stand for?

COMMISSIONER RIVERA: That CAPPA training that

COMMANDER LOVE: I knew you was going to ask

23

24

1	me that. I can't tell you right now, ma'am.
2	COMMISSIONER RIVERA: Let me just briefly ask
3	you, is this the training that teaches officers when
4	they're dealing with like somebody that's a mental as
5	opposed to
6	COMMANDER LOVE: Yes.
7	COMMISSIONER RIVERA: And you said that's
8	40 hours?
9	COMMANDER LOVE: Also, ma'am, that CAPPA is
10	through the Northwest Guidance Center program. I don't
11	really have with me right now what CAPRA stands for.
12	But I know it's through the Northwest Guidance Center.
13	COMMISSIONER RIVERA: Okay. And on your
14	driving, you know, we used to go to Selfridge and stuff.
15	And do you still do that?
16	COMMANDER LOVE: No. We drive now on
17	Belle Isle. That's where we conduct our driving at, our
18	driving in the Academy on the paddock. And they built
19	the paddock for the Grand Prix. We conduct our driving
20	there.
21	COMMISSIONER RIVERA: Nothing like trying do
22	those J turns when there's nothing around you because
23	you do get scared when you're going through that kind of
24	S turns and J turns and all that other nonsense. I
25	think that's all I have. That's it.

1	COMMISSIONER REEVES: Commissioner White?
2	COMMISSIONER WHITE: Through the Chair, thank
3	you, Commander Love, for that presentation. Are new
4	recruits required to walk initially, walk a beat?
5	COMMANDER LOVE: Well, that will be up to the
6	individual commands that they get assigned to. When
7	they are in the field training program at the Academy
8	still before they get their permanent police assignment,
9	we do have a walking beat sometimes in different areas
10	of the community. But once they get their permanent
11	assignment at a district or a precinct, then that's up
12	to that commanding officer whether they walk a beat or
13	not.
14	COMMISSIONER WHITE: So as a part of training
15	initially, they are required to walk?
16	COMMANDER LOVE: They are not required. What
17	happens, we only have six FTLs that's assigned to the
18	Academy. So if we get a big class that graduates at one
19	time like 23 people, we can only evaluate 12 at a time.
20	So the other 12 members that we cannot evaluate in a car
21	because most of the evaluation has to be in the scout
22	car because we've got to evaluate their driving
23	techniques, their demeanor, their tactics, how they
24	interact with the community, things of that sort.
25	So, we can only one FTL, field training

1	officer, can only evaluate two probationary police
2	officers at a time. So the other ones are actually
3	walking a beat until their turn is up to come get
4	evaluated by the FTL.
5	COMMISSIONER WHITE: Okay. In line with
6	Commissioner Rivera's question, is the Use of Force
7	Training adequate to remediate officers that may have a
8	history of use of force complaints?
9	COMMANDER LOVE: Yes.
10	COMMISSIONER WHITE: Or would you recommend
11	something else?
12	COMMANDER LOVE: No. It's definitely
13	adequate. It's a great class. It covers actually
14	it's eight hours on Monday, and then also it goes into
15	the arrest procedures class too. So it's about a total
16	of ten hours of instruction. And it covers all of that
17	citizens' complaints, how to deal with the public, how
18	to deal with the community, speaking skills. It covers
19	all that.
20	COMMISSIONER WHITE: Which training would you
21	recommend as relates to individuals that may have
22	procedure complaints consistently?
23	COMMANDER LOVE: It depends on the rank now.
24	In our supervisory, leadership and accountability class
25	which is for investigators and above, they cover stuff

Page 28 like that, procedures, procedural stuff that may come 1 up. As far as police officers, I would have to say 2 3 really the Use of Force class. I mean that's the class that covers the majority of that procedural stuff and 4 5 arrest procedures as well. 6 COMMISSIONER WHITE: Okay. And as relates to 7 the three paragraphs that is labor intensive with data entry, how much staff do you have? 8 9 COMMANDER LOVE: Doing that particular job, we 10 have two police officers, three police officers right 11 now doing that job. 12 COMMISSIONER WHITE: Is that adequate? 13 COMMANDER LOVE: We are making great progress. 14 We only got two years left. We had to go from 2003 to 15 current. And right now we have left 2003 and 2004, and they are knocking it out. So I'm confident we will 16 17 having it done in time by the end of third quarter. I think it's enough people right now. 18 19 COMMISSIONER WHITE: Lastly, is there a training schedule that exists that if we were interested 20 21 to come and observe, we could? 22 COMMANDER LOVE: Yes, sir, no problem. I will 23 get it to you. No problem at all. It's every week,

COMMISSIONER WHITE: Again, thank you, very

days and afternoons.

24

1	informative.
2	COMMISSIONER RIVERA: Through the Chair, how
3	many officers are at training all together now?
4	COMMANDER LOVE: When you factor in the Rouge
5	Firearms Range and the Field Training program,
6	In-Service and Recruit Training, we have 31 police
7	officers.
8	COMMISSIONER RIVERA: Okay. That's not a lot.
9	Okay.
10	COMMISSIONER REEVES: Commander, thank you.
11	Again, I just want to say great job on the presentation.
12	I had an opportunity to visit the captain several times
13	and just stand and watch the actual training, especially
14	with the as it relates to the new recruits. And
15	then I had an opportunity to sit in on Brother Anthony's
16	training as well that he did. And, I mean, he really
17	knocked the ball out of the park. So, I have a few
18	questions.
19	I know you said the 18 months. But how long
20	before an actual recruit can start right after
21	graduation based off the actual conditions? I just
22	wasn't really clear.
23	COMMANDER LOVE: From the graduation of the
24	academy?
25	COMMISSIONER REEVES: From the graduation

Τ	standpoint, now long?
2	COMMANDER LOVE: It varies. It varies on
3	department needs. And that decision is made by the
4	Assistant Chief of Police. But normally, they come
5	right back to training for about a few months to start
6	their field training process. And then once they are
7	done with that process or almost complete with that
8	process, then they're given their permanent assignment.
9	So normally about a two to three month time where they
10	graduate, come to the Academy for field training and
11	then get their permanent assignment to a district or
12	precinct.
13	COMMISSIONER REEVES: Just for clarification,
14	because I have heard it mentioned a couple of times, is
15	it true that a police officer will have to wait two
16	years before they get transferred to another department?
17	COMMANDER LOVE: That's not really under my
18	operation. But I don't believe that's true. That might
19	be a better question for the Director of Personnel.
20	COMMISSIONER REEVES: Okay. All right. When
21	you were talking about the mentorship program, how many
22	kids are you targeting for that particular program, and
23	what's the actual criteria for you choosing those
24	individuals?
25	COMMANDER LOVE: We are trying to get

1	approximately 30 kids from each school. And like I
2	said, the grant was for at risk youth. But we
3	determined that every kid in DPS are at risk.
4	COMMISSIONER REEVES: Pretty much. What's the
5	criteria?
6	COMMANDER LOVE: We're going to try to go with
7	the school faculty to see who is interested in the
8	training. They are going to recommend names first to
9	us. Then we are going to interview the students. And
. 0	then we are going to go by if they're interested in the
.1	program and also their grade point average. We are
.2	looking for people with low grade point averages so we
.3	can try to bring them up with everybody else in the 9th
. 4	and 10th grade.
.5	COMMISSIONER REEVES: Thank you. Are there
-6	any more questions? Thank you, sir. Appreciate it.
. 7	Great job.
. 8	We have one announcement. Next Thursday,
. 9	April 7th, at 3:00 p.m., we will have our Board of
20	Police Commissioners' meeting here at 1300 Beaubien,
21	Room 328A. If there's nothing else, we want to open
22	this meeting up for oral communications. Please be
23	advised, ma'am and sir, as you come to the microphone,
2.4	please state your name clearly as well as please stick

to the four minutes that you are allotted at the time.

1	Good day, Mr. Davis.
2	MR. DAVIS: Good afternoon. My name is Elder
3	Anthony Davis, Sr., from AC Towing. And I thank
4	Commissioner Reeves for coming out to the yard the other
5	day. And I just want to address a few things that they
6	said. In 1974, they had a grant stating of what I can
7	use my yard. And I have found another grant in 1980,
8	supercedes the grant that Inspector Maples had brought
9	with them to the yard.
10	I explained to them in 2005 when I purchased
11	my building at 5130 14th Street, I had got ill, and I
12	got sick. I had cancer.
13	COMMISSIONER REEVES: Excuse me. I'm sorry.
14	Before you go too far into explaining, could you just
15	please clarify who is, "them?"
16	MR. DAVIS: Okay, Lieutenant Adams, Roland
17	Clark and Inspector Maples from the safety and building
18	inspector, you know, the zoning board.
19	COMMISSIONER REEVES: Sorry for interrupting.
20	Just for the record, we just want it to be clear.
21	MS. DAVIS: So, Lieutenant Adams made some
22	statements. And I dug back in my files, and I found
23	something that supercedes what he said. But in 2005, I
24	had cancer. They took out big as a football they took
25	out. And I was able to get back in '06 to handle my

3/31/2011

	Page 33
1	business with 5134 10th Street. The Lord healed me. I
2	didn't have to take no chemotherapy or no radiation.
3	And, you know, I been healthy ever since.
4	But I paid my money, the thousand dollars to
5	get to be rezoned, you know, the zoning right. But
6	when they went to the main plans, what they said it was
7	an R-2. They said it was historical. When they went to
8	the main plans, they said it was for light industrial.
9	That's what I'm using it for, light industrial at 5134
10	10th.
11	But 2126 Merrick, I would like to give this to
12	you so you can take a look at it. They said that I can
13	only use my property, a certain part of the yard. And I
14	said that what you mean? If I buy a pair of shoes,
15	when I go to pick up the shoes, I only can put on the
16	right shoe and can't put on the left shoe?
17	Seem like they knit picking with AC Towing.
18	They been out there three or four times. And they said
19	I can only use they said it's zoned right, M-4. But
20	they said I can only can put cars over here and over
21	there. Why do you have cars over here? Well, if the
22	inspector would have went back, I had pulled a permit to
23	tear down a condemned building.
24	And then I had the right permits to put a

trailer on the property. When Cintas said they had a

3/31/2011

	Page 34
1	building for sale, I said, well, I better get a building
2	and come out the trailer. And it seems like they
3	picking on me. I have all I have all my permits. I
4	have all my license in this folder that I passed. They
5	say I am in compliance. Seem like they trying to throw
6	a stone and hide the hand. I'm tired of it.
7	Commissioner Reeves was there. I got upset
8	because what they were saying. And I know it was wrong.
9	If they going to have zoning to come out, make sure they
10	do a thorough job because that paper right there shows
11	that I am zoned right and I can use the land.
12	I don't know if they trying to just give it
13	all to one company or whatever or they just talking to
14	certain people. I'm not a Detroit based company. I'm a
15	headquarter company in the City of Detroit. I have all
16	my papers from the city, everything. I made copies.
17	But it seems like I don't know if they trying to black
18	ball me or what. I don't know. So if you can look into
19	it.
20	COMMISSIONER REEVES: Just for clarification,
21	can you just in a short statement tell us how we can
22	help you with this particular situation? I heard I'm
23	clear on your story, you know. I was at your yard when
24	Officer Clark came out. So, can you just tell us

MR. DAVIS: He said on my deed, he said that

Page 35 1 use of the land -- I have my deed right here with me. The deed doesn't say that. The deed says the size of 2 3 the property, different lots that's on the property. doesn't state what Lieutenant Adams said. He said that 4 5 on your deed, it should say that. But it doesn't. 6 COMMISSIONER REEVES: Okay. You have all your 7 paperwork with you? 8 MR. DAVIS: Yes, I have everything ready in this folder right here. 9 10 COMMISSIONER REEVES: Great. We will take a look at that. And again, we can go from there. 11 12 MR. DAVIS: Thank you. 13 COMMISSIONER REEVES: Thank you, sir. 14 there anyone else that would like to address the Board? 15 MS. LACY: Hello. My name is Mary Lacy. I was trying to find the sergeant that was assigned to my 16 17 information. I was trying to -- okay. All right. Another question I would like to know is what is the 18 19 status of the Consent Decree? What stage are we in 'cause I found some information, looked like we been 20 21 working on that for about since 2000. 22 COMMISSIONER REEVES: Okay. 23 MS. LACY: So what is the status because some 24 of us go to the meetings to the court, the federal court

under Judge Cook. But I think they have a new person in

1	charge now. But what is the status of that?
2	COMMISSIONER REEVES: Can I have two people to
3	chime in on that, our attorney, Celia Banks Washington,
4	as well as our Assistant Chief. Assistant Chief Logan?
5	ASSISTANT CHIEF LOGAN: Through the Chair,
6	Assistant Chief Logan. As far as our rules and our
7	orders, we have 100 percent compliance with that. As
8	far as the implementation, at last count, we were at
9	61 percent. We anticipate this is our stated goal
10	to be in compliance by the end the year. But remember,
11	once we attain compliance, we have to keep it for a
12	substantial amount of time, which would be determined by
13	the court and the Department of Justice. So, we are
14	making a lot of headway. We still got a little ways to
15	go.
16	MS. LACY: So by the end of the year, it
17	should be completed?
18	ASSISTANT CHIEF LOGAN: Yes, ma'am. That's
19	our anticipation. That's our hope.
20	MS. LACY: I think I heard the Mayor announce
21	that too, Mayor Bing saying it was going to be
22	completed. Okay. One more thing. Two more minutes
23	left. I'm just hoping that Chief Godbee and Assistant
24	Chief Logan and the Police Chief I'm sorry, the
25	Police Commissioner Board, would take time and recognize

Page 37

1	those people who work for the Detroit Police Department
2	who go the extra mile. Like I am thinking about all
3	these holidays where it's over a million people like
4	Memorial Day, 4th of July, Labor Day and Thanksgiving,
5	they out there and you have a million people out there
6	in like the Country Hoe Down.

And also we got 30 percent unemployment in Detroit. But also, I am hoping they can take time and notice the ones who are along just for the ride. That's the ones that's having problems, the community is having problems with. Thank you.

COMMISSIONER REEVES: Thank you, Ms. Lacy.

COMMISSIONER RIVERA: Through the Chair.

Ms. Lacy, it's always good for community groups to send letters in to let us know who are their officers that they feel are doing a great job and also to point out the ones that are a little weaker because, you know, we are not always there and apparently you are. So, you know, you community groups can do a lot in that sense to help us out.

MS. LACY: Okay because I know a lot of times, when things are up to date, a lot of things we say at the meeting are in the internet. And that's why I was saying how you can pull a lot of things on the internet and see what the public, the people is talking about.

1	But I don't think it's currently up to date, the
2	meetings of the Commission, on the internet.
3	COMMISSIONER RIVERA: The minutes you mean?
4	MS. LACY: Right.
5	MS. WASHINGTON: They are not.
6	COMMISSIONER WHITE: Ms. Lacy, I was also
7	informed on the Department's website, you can
8	acknowledge officers who you believe are doing an
9	exemplary job as well as you can file a formal complaint
10	on line if you would like to as well against a
11	particular officer. So, that's a resource that you can
12	feel free to use.
13	MS. LACY: Okay. Thank you.
14	ASSISTANT CHIEF LOGAN: Ms. Lacy, also
15	through the Chair, Assistant Chief Logan. Some time
16	ago, the Board directed the Board of Police
17	Commissioners directed that an appropriate
18	acknowledgement of good works by police officers be
19	crafted on behalf of the Board. We are in the final
20	phases of that award. It's a ribbon that will be
21	presented by the Board of Police Commissioners to
22	whoever they deem appropriate. That has been sent to
23	our planning for final review.
24	MS. LACY: Okay. All right. Thank you.

COMMISSIONER REEVES: Thank you, Ms. Lacy.

25

Page 39 1 COMMISSIONER REEVES: Is there anyone else? MS. SEMMA: Good evening, Julie Semma from 2 3 70's Towing. I would just like to know -- I know that 4 they are going out and doing the status with the zoning 5 with the different officers right now. What's the next 6 step as far as where we are at as far as towing permits 7 and where we're at as far as time frame with that or 8 anything else? COMMISSIONER REEVES: 9 DC Lee? 10 DEPUTY CHIEF LEE: Deputy Chief Benjamin F. 11 Lee, Management Services Bureau. The building and 12 zoning has been to all but six lots. They will complete 13 those hopefully tomorrow. But upon their completion, 14 they are going to forward me their findings as to which 15 yards are zoned. At that point, we will notify the towers of any deficiencies that they have along with any 16 17 deficiencies that were in their application. And then 18 they will have 30 days to reply to that. 19 COMMISSIONER REEVES: Thank you. 20 MS. SEMMA: So would the towing process start 21 after the 30 days or would it start once the towers have 22 completed and know who is in compliance? 23 COMMISSIONER REEVES: I'm going to ask DC Lee 24 to come back one more time. And then if you all have

another question, you all can have a side bar right

25

Page 40

1	after the meeting.
2	DEPUTY CHIEF LEE: Deputy Chief Lee. Upon the
3	30th day, at that point we are going to start the new
4	rotation. We will give them 30 days. And we would have
5	all the information back. And then the new rotation
6	will start shortly after that within hopefully days.
7	COMMISSIONER REEVES: Thank you.
8	DEPUTY CHIEF LEE: You're welcome.
9	COMMISSIONER REEVES: Are there any other
10	questions, comments or concerns? Going once, going
11	twice. Bless you all hearts. I make a motion to
12	adjourn the meeting.
13	COMMISSIONER RIVERA: So moved.
14	COMMISSIONER WHITE: Support.
15	COMMISSIONER REEVES: It has been properly
16	moved and seconded. All in favor?
17	COMMISSIONERS: Aye.
18	COMMISSIONER REEVES: I bid you all a good
19	year.
