#### City Planning Commission

November 14, 2002

Honorable City Council:

Re: Parking of commercial-type vehicles and trailers on residential streets, commercial streets, and service drives (DEPARTMENTAL STATUS REPORT).

On October 8, 2002, the Municipal Parking Department submitted two draft ordinances to the City Council proposing changes to how the City regulates the parking of commercial-type vehicles and trailers on City streets. On October 15, 2002, City Council held a discussion to review the two ordinances. In attendance at the discussion was staff from the City Planning Commission (CPC), Law Department, Police Department, Municipal Parking Department, and the Department of Public Works.

As City Council will recall, in January, 2001, at the request of City Council, a Working Group of relevant City agencies was formed to recommend changes to the City Code to address problems with commercial vehicles parking on City streets. Over the past two years, the Working Group met 8 times. Feedback from the Working Group, the City Council, City Planning Commission, and public was compiled and then the Law Department drafted the two ordinances.

At the October 15th discussion, City Council raised the following main issues:

1. The original focus of the amendments was to deal with large vehicles, and the proposed regulation of taxicabs seems unreasonable;
2. The ordinances should address the need for tour buses, trailer coaches, etc. parking in the downtown next to stadiums, hotels, etc.;
3. Regarding the provision which allows for motor homes, pickup campers, and coupled trailer coaches to park on residential streets up to 72 hours for the purpose of trip preparation and to accommodate travelers, questions were raised about enforcement and how other cities deal with this issue; and
4. It was suggested that language should be added to address the parking of large commercial vehicles on vacant City-owned lots.

At the conclusion of the October 15th discussion, the City Council agreed that the Working Group should reconvene one more time to further discuss the issues raised by City Council, in particular because there were some new representatives from the Police Department.

#### **Updates and Analysis**

On October 24, 2002, the Working Group met to discuss the four issues listed above. The following sections present the issues, with comments from City Council, the Working Group, and CPC staff analysis.

#### ***Taxicabs***

Some City Council members have stated that the original focus of the amendments was to deal with large vehicles, and the proposed regulation of taxicabs seems unreasonable. At a May, 2002 City Planning Commission public hearing, a gentleman representing Detroit Taxi Drivers Association appeared and expressed opposition to the ordinance saying it could have a negative effect on the cab industry. He requested that taxicabs be removed from the proposed ordinance and be allowed to park on the street similar to private passenger vehicles.

During the past two years, when the Working Group discussed taxicabs, there was not a clear consensus whether to restrict taxis as other commercial vehicles or to allow them to park similar to private passenger vehicles. Some representatives of the Police Department have been the most vocal that taxicabs should be regulated. At the October 24th Working Group meeting, the Police Department reaffirmed its support of regulating taxicabs.

#### ***Tour Buses and Other Vehicles Downtown***

Currently, the proposed ordinances do not make exceptions for tour buses and other commercial vehicles parking downtown for special events or next to casinos, stadiums, hotels, theaters, or Cobo Hall. These vehicles would be allowed to park for up to one hour on downtown commercial streets or for whatever time necessary when rendering a service or loading/unloading.

This issue was discussed by the Working Group in the past, but the Police Department recommended that specific exceptions should not be allowed for tour buses, etc. parking downtown and that this parking should be dealt with on a case by case basis by the Police Department. Also, as pointed out at the October 15th City Council discussion, when a driver remains in the vehicle, the vehicle is considered to be standing and not parked, and, as a result, would not be regulated by the proposed ordinances.

At the October 24th Working Group meeting, representatives of the Police Department, including the Commander of the 1st Precinct, reaffirmed support for the ordinances as written.

If City Council wishes to include language dealing with this issue, Section 55-6-21 could be modified to make an exception for buses, trailer coaches, motor homes, or other vehicles parking in the downtown area in conjunction with events, at locations such as stadiums, theaters, Cobo Hall, and Hart Plaza, and when parked adjacent to casinos or hotels. The Police Department would oversee the allowance of this exception.

#### ***Recreational Vehicle Parking on Residential Streets for 72 Hours***

Regarding the provision which allows for motor homes, pickup campers, and coupled trailer coaches to park on residential streets up to 72 hours for the purpose of trip preparation and to accommodate travelers, City Council raised questions about enforcement and how other cities deal with this issue.

At the October 24th Working Group meeting, it was suggested that maybe the City shouldn't encourage travelers to park on residential streets up to 72 hours, but make allowances for trip completion and allowances.

CPC staff research found that other cities in Michigan and around the country have a variety of provisions ranging from not allowing the parking of motor homes to allowing

them for a certain number of hours for trip preparation and repairs. None that we've seen allow travelers.

#### **Parking on Vacant City-owned Lots**

A Council member suggested that language should be added to address the parking of large commercial vehicles on vacant City-owned lots. At the October 24th Working Group meeting, the Working Group reaffirmed that the proposed ordinances should focus on City streets only, in order to enhance the focus of enforcement and education. Also, it is recommended that issues dealing with private property be dealt with in the Zoning Ordinance.

#### **Conclusion**

Based on comments from the October 15th City Council meeting and the October 24th Working Group meeting, the Law Department took the initiative, in order for Council to hold a public hearing before Christmas recess, to slightly modify the proposed ordinances.

The latest version of the ordinances makes only one change. Motor homes, pickup campers, and coupled trailer coaches would be allowed to park on any residential street for up to one hour, only during the loading and unloading of such vehicles for the purpose of trip preparation and trip completion. The Law Department, after hearing that City Council would still like the proposed regulations dealing with taxicabs deleted from the ordinances, expressed a willingness to not regulate taxicabs as other commercial vehicles.

Honorable City Council:

Re: Predatory Lending Ordinance.

The City Clerk has presented for my review and action your Honorable Body's Anti-Predatory Lending ordinance adopted on December 19, 2002. While I support the effort of the City Council along with the NAACP, the community advocates, and representatives from the lending community who met tirelessly during the early part of December in an effort to develop a consensus ordinance, I am forced to veto the ordinance because it has been preempted by Michigan Public Act 660 and because it illegally creates a private cause of action.

Preemption

At the time of Council's vote to approve the ordinance on December 19, 2002, substitute House Bill 6121 was approved by both the House and the Senate and was given immediate effect by both, but had not yet been signed into law by the Governor. That Bill has extremely broad and strong preemption language making the legislative intent quite clear to "entire-

ly preempt municipal corporations and other political subdivisions from the regulation and licensing of persons engaged in the brokering, making, servicing, or collecting of mortgage loans in this state." Section 15(3) of Public Act 660.

Nevertheless, your Honorable Body approved the ordinance since the Governor had not yet signed the bill into law. Since that time, the Governor has signed substitute House Bill 6121 into law, now Public Act 660. In the face of this express preemption, I must veto the ordinance because it is of no legal force or effect. As elected officials we owe our citizens the duty of acting in their best interests. It is not sound public policy to pass laws that have no impact and only serve to create false expectations.

In addition, at this time of economic downturn, it is a poor use of City funds and resources to move forward with this ordinance. City dollars are being wasted by publishing an ordinance that has no legal validity. Further, since the ordinance would require implementing finance directives to be developed immediately in addition to requiring an amendment to the ordinance within six months to create

a monitoring and enforcement scheme, the ordinance will still require significant employee resources. Those worker hours are better spent improving the quality of service delivery for our citizens.

#### **Private Cause of Action**

The Law Department has consistently advised that the City of Detroit does not have the power to create a private cause of action by ordinance as this ordinance purports to do. As a creature of the State, cities in Michigan only have those powers conferred by the Michigan Home Rule Cities Act. Neither that Act nor the Michigan Revised Judicature Act authorizes municipalities to create private causes of action. The City has litigated this issue all the way to the Michigan Supreme Court. Therefore, it is inappropriate for the Council to now take action contrary to that legal advice.

#### **Council on Financial Literacy**

For the reasons stated above, I must veto the ordinance as presented. Nevertheless, I do agree with the City Council that predatory lending is a problem within our City that requires a City response. With that conviction in mind, I have held a series of meetings with government officials and industry representatives to determine appropriate next steps. I want to publicly thank Reginald Turner from Clark Hill for helping set up these meetings as well as Comerica Bank and Bank One for coming to the table with open minds and open checkbooks.

Today, I am pleased to announce that beginning in January, I will convene a Council on Financial Literacy to address the underlying educational gap that enables predatory lending to continue in our City. The Council will be comprised of government officials, lending industry representatives, consumer advocates, and other interested parties to work cooperatively to stop those who prey on the home equity of Detroit homeowners through predatory lending. I hope that the NAACP, under the leadership of Reverend Wendell Anthony, the Fair Banking Alliance and other community advocacy groups who worked on the Detroit ordinance will come to the table and work cooperatively in furtherance of the mission of the Council on Financial Literacy.

This Council will catalogue existing enforcement and consumer education programs, and provide wide access to this information for all interested parties to benefit Detroit homeowners. Further, the Council will identify additional resources for educational programs that will ensure ready access to financial literacy and counseling regarding home equity loans. Finally, the Council will emphasize the need for stricter enforcement of existing state and federal lending laws in Detroit. To this end, I call for the Office of Finance

and Insurance Services to open a new branch within the City of Detroit, where predatory lending practices run rampant.

#### **Conclusion**

In returning the Anti-predatory Lending ordinance to City Council today with my veto, along with my announcement to create the Council on Financial Literacy, it is my sincere hope that your Honorable Body will work with me, within the law, to address predatory lending within our City. Instead of creating false hopes with a legally invalid ordinance, we need to come together to address the educational divide upon which the unscrupulous lenders within our community survive. The Council on Financial Literacy will tackle that problem at its root and is exempt from legal challenge and needless City expense.

Respectfully,  
KWAME M. KILPATRICK  
Mayor

Honorable City Council:

Re: Resolution Authorizing Legal Research on Validity of the Amendment to Michigan Public Act 10 of 1999.

Today, the City Clerk presented me with your Honorable Body's resolution of December 19, 2002 authorizing the use of outside counsel to evaluate and submit a report on possible legal challenges to Michigan Public Act 10 and amendments thereto. The stated purpose of the resolution is for the City Council to determine, upon receipt of the outside counsel report whether to file suit against the State of Michigan challenging the validity of the Act.

I return that resolution to your Honorable Body with my veto for two primary reasons. First, the legality of Public Act 10 has already been litigated and the Act was found to be valid. Therefore, it is not a productive use of City resources to hire outside attorneys to re-examine the issue as a prelude to committing additional city resources on another legal challenge.

Second, Council Member Sharon McPhail, the author of the resolution, has a conflict with respect to this issue since she is one of the private attorneys of record on behalf of the plaintiff in the prior — and still pending — legal challenge to Public Act 10 of 1999 in the matter of Helen Moore et. al v School Reform Board of the City of Detroit et. al. (U.S. District Court Case No. 99-74438). Pursuant to Section 2-6-64 of the Detroit Ethics Ordinance, a public servant "shall not use any city-owned real or personal property, city funds, city personnel, or any other tangible city resource for commer-

cial gain." Since Ms. McPhail is still involved in a private lawsuit regarding the same subject matter, the use of City funds to do research on the identical subject may violate this provision of the ethics ordinance.

For these reasons, I return the resolution with my veto.

Respectfully,  
KWAME M. KILPATRICK  
Mayor

Honorable City Council:

Re: Cadieux Apartment Project Payment in Lieu of Taxes (PILOT).

Cadieux-Whittier Investments, Inc. and Lawrence S. Tisdale, has formed Cadieux Apartments Limited Dividend Housing Association Limited Partnership.

The Cadieux Apartments Project is financed under the City of Detroit HOME Investor Loan Program (\$1,040,000) at 0% interest and Low Income Housing Tax Credits.

MSHDA has indicated that such developments receiving low income tax credits but no financing from the authority are eligible to receive tax abatement pursuant to Section 15a of Act 346 of the Public Acts of 1966 as amended.

The Cadieux Apartments Project consists of 17 apartment units, 4, 2 bedroom, 1-bath apartments and 13, 1 bedroom, 1 bath apartments. The addresses for this development are 10445 Cadieux, 10631 and 10621 Meuse. The development area is bounded by Moross/Morang (North), Kelly Road (West), and I-94 (South and East).

In accordance with the National Housing Act and tax criteria for award or reservation of Low Income Tax Credits and the Planning and Development Department HOME Investor Loan Program, at least twenty percent (20%) or 3 of the units must be occupied by households having incomes no greater than 50% of the area median income, adjusted for family size. The remaining eighty percent (80%) or 14 of the units must be occupied by households with incomes that do not exceed 60% of the area median income, adjusted for family size. These income restrictions will be in effect for the longer of the period the Affordable Housing Restrictions apply or the time required under the Tax Credit program. In order for the project to be economically feasible, the project must receive a ten percent (10%) service fee.

Adoption of the attached resolution by the Honorable Body will satisfy the requirements of Public Act 346 of 1966 and City Code Section 18-9-10 through

Section 18-9-16 by establishing a ten percent (10%) Service Charge for this housing project.

Respectfully submitted,  
FREDERICK W. MORGAN  
Assessor

Honorable City Council:

Re: Revised — Parkview Place Apartments Payments in Lieu of taxes (PIlot) formally Parkview Place MHT Housing, Inc. has obtained funding from Michigan State Housing Development Authority through their Limited Obligation Mortgage Review Bonds. They have also been awarded Low Income Housing Tax Credits.

MTT Housing, Inc. has purchased the property at 1401 Chene, a 199-unit apartment building which is currently paying a service charge under the PILOT program. MHT plans substantial rehabilitation of the complex.

The feasibility of the project is dependent on the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996 (P.A. 346, as amended, MCLA 125.1415A).

All of the units in the development must be rented or available for rental by tenants having income no greater than sixty percent (60%) of the area median income, adjusted for family size. These occupancy restrictions shall remain in effect for the period that the Authority Mortgage loan remains outstanding, but in no event for less than the period of time required by Tax Credit Program.

Adoption of the attached resolution by the Honorable Body will satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a six percent (6%) service charge of the net shelter rent.

Honorable City Council:

Re: Belle Maison East—Payment in Lieu of Taxes (PILOT)

Belle Maison is an existing Housing complex which is currently paying a PILOT Service Charge of 10%. Preservation of Affordable Housing, Inc. (POAH) will be purchasing the project under the recently adopted Michigan State Housing Development Authority (MSHDA), section 236 Preservation Program. Under this agreement, the existing mortgage will be paid off and a new MSHDA mortgage, in the amount of \$11,163,066, will be entered into. The project will also be awarded tax credits as part of the financing.

The budget provides for approximately \$3,000,000 in Rehabilitation expenses for items such as repairs to the boilers and hot water system, brick repair, fire protection and site work

MSHDA requires, as a condition to the closing on refinancing, that this development be granted exemption from real estate property taxes and a payment of a service fee in lieu of taxes be established for the life of the mortgage.

The project consists of 280 units, not less than ninety percent (90%) will be rented to tenants having income no greater than sixty percent (60%) of the area median income (AMI). The remaining ten percent (10%) will be rented to tenants having income no greater than eighty percent (80%) of the area median income. The developer anticipates that all of the 280 units will be rented to tenants whose income does not exceed 60% of the AMI.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by estab-

lishing a ten percent (10%) service charge of the net shelter rent.

Respectfully submitted,  
FREDERICK W. MORGAN  
Assessor

Honorable City Council:

Re: Address: 13557 Grandville. Name: Horrice Jackson. Date ordered removed: March 8, 2001. (J.C.C. p. ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on November 12, 2002 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved Tax Payment Plan to pay the current taxes due as of November 8, 2002.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition ordered be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within three (3) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six

months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

**City Planning Commission**

November 14, 2002

Honorable City Council:

Re: Parking of commercial-type vehicles and trailers on residential streets, commercial streets, and service drives (Departmental Status Report).

On October 8, 2002, the Municipal Parking Department submitted two draft ordinances to the City Council proposing changes to how the City regulates the parking of commercial-type vehicles and trailers on City streets. On October 15, 2002, City Council held a discussion to review the two ordinances. In attendance at the discussion was staff from the City Planning Commission (CPC), Law Department, Police Department, Municipal Parking Department, and the Department of Public Works.

As City Council will recall, in January, 2001, at the request of City Council, a Working Group of relevant City agencies was formed to recommend changes to the City Code to address problems with commercial vehicles parking on City

streets. Over the past two years, the Working Group met 8 times. Feedback from the Working Group, the City Council, City Planning Commission, and public was compiled and then the Law Department drafted the two ordinances.

At the October 15th discussion, City Council raised the following main issues:

1. The original focus of the amendments was to deal with large vehicles, and the proposed regulation of taxicabs seems unreasonable;
2. The ordinances should address the need for tour buses, trailer coaches, etc. parking in the downtown next to stadiums, hotels, etc.;
3. Regarding the provision which allows for motor homes, pickup campers, and coupled trailer coaches to park on residential streets up to 72 hours for the purpose of trip preparation and to accommodate travelers, questions were raised about enforcement and how other cities deal with this issue; and
4. It was suggested that language should be added to address the parking of large commercial vehicles on vacant City-owned lots.

At the conclusion of the October 15th discussion, the City Council agreed that the Working Group should reconvene one more time to further discuss the issues raised by City Council, in particular because there were some new representatives from the Police Department.

#### **Updates and Analysis**

On October 24, 2002, the Working Group met to discuss the four issues listed above. The following sections present the issues, with comments from City Council, the Working Group, and CPC staff analysis.

#### **Taxicabs**

Some City Council members have stated that the original focus of the amendments was to deal with large vehicles, and the proposed regulation of taxicabs seems unreasonable. At a May, 2002 City Planning Commission public hearing, a gentleman representing Detroit Taxi Drivers Association appeared and expressed opposition to the ordinance saying it could have a negative effect on the cab industry. He requested that taxicabs be removed from the proposed ordinance and be allowed to park on the street similar to private passenger vehicles.

During the past two years, when the Working Group discussed taxicabs, there was not a clear consensus whether to restrict taxis as other commercial vehicles or to allow them to park similar to private passenger vehicles. Some representatives of the Police Department have been the most vocal that taxicabs should be regulated. At the October 24th Working Group meeting, the Police Department reaffirmed its support of regulating taxicabs.

#### **Tour Buses and Other Vehicles Downtown**

Currently, the proposed ordinances do not make exceptions for tour buses and other commercial vehicles parking downtown for special events or next to casinos, stadiums, hotels, theaters, or Cobo Hall. These vehicles would be allowed to park for up to one hour on downtown commercial streets or for whatever time necessary when rendering a service or loading/unloading.

This issue was discussed by the Working Group in the past, but the Police Department recommended that specific exceptions should not be allowed for tour buses, etc. parking downtown and that this parking should be dealt with on a case by case basis by the Police Department. Also, as pointed out at the October 15th City Council discussion, when a driver remains in the vehicle, the vehicle is considered to be standing and not parked, and, as a result, would not be regulated by the proposed ordinances.

At the October 24th Working Group meeting, representatives of the Police Department, including the Commander of the 1st Precinct, reaffirmed support for the ordinances as written.

If City Council wishes to include language dealing with this issue, Section 55-6-21 could be modified to make an exception for buses, trailer coaches, motor homes, or other vehicles parking in the downtown area in conjunction with events, at locations such as stadiums, theaters, Cobo Hall, and Hart Plaza, and when parked adjacent to casinos or hotels. The Police Department would oversee the allowance of this exception.

#### **Recreational Vehicle Parking on Residential Streets for 72 Hours**

Regarding the provision which allows for motor homes, pickup campers, and coupled trailer coaches to park on residential streets up to 72 hours for the purpose of trip preparation and to accommodate travelers, City Council raised questions about enforcement and how other cities deal with this issue.

At the October 24th Working Group meeting, it was suggested that maybe the City shouldn't encourage travelers to park on residential streets up to 72 hours, but make allowances for trip completion and allowances.

CPC staff research found that other cities in Michigan and around the country have a variety of provisions ranging from not allowing the parking of motor homes to allowing them for a certain number of hours for trip preparation and repairs. None that we've seen allow travelers.

#### **Parking on Vacant City-owned Lots**

A Council member suggested that language should be added to address the parking of large commercial vehicles on vacant City-owned lots. At the October

24th Working Group meeting, the Working Group reaffirmed that the proposed ordinances should focus on City streets only, in order to enhance the focus of enforcement and education. Also, it is recommended that issues dealing with private property be dealt with in the Zoning Ordinance.

**Conclusion**

Based on comments from the October 15th City Council meeting and the October 24th Working Group meeting, the Law Department took the initiative, in order for Council to hold a public hearing before Christmas recess, to slightly modify the proposed ordinances.

The latest version of the ordinances makes only one change. Motor homes, pickup campers, and coupled trailer coaches would be allowed to park on any residential street for up to one hour, only during the loading and unloading of such vehicles for the purpose of trip preparation and trip completion. The Law Department, after hearing that City Council would still like the proposed regulations dealing with taxicabs deleted from the ordinances, expressed a willingness to not regulate taxicabs as other commercial vehicles.

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for Marlborough Estates LC NEZ (RECOMMEND APPROVAL).

The City Clerk's Office forwarded to this office 59 applications from Marlborough Estates LC for Neighborhood Enterprise Zone (NEZ) certificates within the Far Eastside NEZ. The Far Eastside NEZ designation was approved by your Honorable Body on September 18, 2002.

Certificates are being requested for the following properties:

- 14505 Charlevoix, 14443 Charlevoix, 2914 Marlborough, 2920 Marlborough, 2924 Marlborough, 2932 Marlborough, 2944 Marlborough, 2956 Marlborough, 2958 Marlborough, 2968 Marlborough, 2974 Marlborough, 2980 Marlborough, 2986 Marlborough, 2992 Marlborough, 2996 Marlborough, 3002 Marlborough, 3008 Marlborough, 3014 Marlborough, 3032 Marlborough, 3040 Marlborough, 3046 Marlborough, 3052 Marlborough, 3058 Marlborough, 3064 Marlborough, 3068 Marlborough, 3076 Marlborough, 3080 Marlborough, 3086 Marlborough, 3090 Marlborough, 3104 Marlborough, 3110 Marlborough, 3116 Marlborough, 3122 Marlborough, 3128 Marlborough, 3026 Marlborough, 3125 Marlborough, 3135 Marlborough, 2929 Marlborough, 2933 Marlborough, 2947 Marlborough, 2951 Marlborough, 2957 Marlborough, 2963 Marlborough, 2969 Marlborough, 2981 Marlborough, 2987 Marlborough, 2995 Marlborough, 2999 Marlborough, 3005 Marlborough, 3009 Marlborough, 3017 Marlborough, 3027 Marlborough, 3033 Marlborough, 3047 Marlborough, 3053 Marlborough, 3057 Marlborough, 3065 Marlborough, 2939 Marlborough, and 2962 Marlborough.

The properties involved are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates

under State Act 147 of 1992 as currently written. Marlborough Estates LC has applied for the certificates, prior to the issuance of building permits, on behalf of future owners who will occupy the property. It is appropriate for Marlborough Estates LC to apply for certificates at this time even if buyers have not yet been identified. The State Tax Commission, however, will not issue a certificate until an owner is identified. When an owner is identified, he or she can then apply for the certificate. At that time, it would not be necessary for City Council to pass another resolution.

Marlborough Estates LC proposes to construct 59 units of new housing. The developer will need to submit to the State Tax Commission a list of the parcels that are to receive the certificates with a map showing the parcels.

Honorable City Council:  
Re: Authorization to accept a Great Lakes Coastal Restoration grant from the Michigan Department of Environmental Quality (through the U.S. Department of Commerce, Office of Ocean and Coastal Resource

Management) for the Blue Heron Lagoon Natural Area Restoration Project on Belle Isle Park

The Detroit Recreation Department is hereby requesting the authorization of your Honorable Body to accept \$250,000 from the U.S. Department of Commerce, Office of Ocean and Coastal Resource Management. The Department is further requesting your authorization to expend \$100,000 of capital dollars as the City's matching share of this project. The total project, in the amount of \$350,000, will restore a 9-acre natural area along the northeastern portion of Belle Isle Park's Blue Heron Lagoon. In order to accept and expend these funds, the Department requests authorization to set up Appropriation No. 41118. Within this Appropriation, the Grant of \$250,000 will be received in Organization No. 398416. The matching funds will be drawn from Appropriation No. 41118 and received in Organization No. 398417.

The project will complete a species/ecological survey of the project area to determine the exact composition of the plants, trees and other wildlife that exist between the lagoon and the Detroit River and identify those areas that contain viable populations of native plants. A number of species of interest have already been identified on the site, including Sullivant's Milkweed *Asclepias sullivantii*, Pumpkin Ash *Fraxinus profunda* and Prairie Ladies'-Tresses *Spiranthes magnicamporum*. The project will also determine the steps necessary to restore the habitat and preserve the area's species, identify the soil composition to aid in species selection for the restoration and determine where to target the area for invasive species control/eradication (Phragmites, European Poplar, for example). Based on this information, a site plan will be prepared for the habitat restoration work and the plan will be implemented — planting; seeding; moving/removal of plants; moving, removal and contouring of soil, re-routing pedestrian pathway, where necessary; preservation/protection of listed species, etc. Over the next 5 years, additional plant management will be done so as to maintain the protected habitat.

We respectfully request your approval to accept and expend these funds by adopting the following resolution, with a Waiver of Reconsideration.

Honorable City Council:

Re: Authorization to accept an Urban Parks and Recreation Recovery Program grant from the National Park Service of the U.S. Dept of the Interior for the Restoration of Peterson Playfield in Northwest Detroit

The Detroit Recreation Department is hereby requesting the authorization of your Honorable Body to accept \$950,000 from the National Park Service, under the Urban Parks and Recreation Recovery Program. These monies will be paid on a reimbursement basis. The Department is further requesting your authorization to expend \$407,143 of capital dollars as the City's matching share of this project. The total project, in the amount of \$1,357,143, will completely renovate Peterson Playfield, a 17 acre site located at Greenfield and Curtis in Northwest Detroit. In order to accept and expend these funds, the Department requests authorization to set up Appropriation No. 41111. Within this Appropriation, the

Grant of \$950,000 will be received in Organization No. 398414. The matching funds will be drawn from Appropriation No. 41111 and received in Organization No. 398415.

The project will restore and improve Peterson Playfield, which is located in the Northwest quadrant of Detroit. It is approximately 9-1/2 miles from the City's Downtown. The playfield covers almost 17 acres and is deep within a stable working class neighborhood of low and moderate-income families. It is the only park space of its size in the area. By fully renovating Peterson Playfield, the Detroit Recreation Department will be able to offer, once again, that wide variety of sports and recreation opportunities that were available when the park was first constructed in the late 1940s. Residents, and area sports teams and leagues, will be able to again play tennis, softball, baseball, football, soccer and basketball because of this project. Through the rehabilitation, we will also create children's play areas with modern, accessible playscapes to replace the old, dilapidated, unsafe play equipment that is currently on the site. The water feature that will be added to the site will offer an entirely new recreation activity for the children. We will also develop picnic/activity area for families and a walking path that will serve all ages, including the many senior citizens residing in homes and institutions in the area. A new comfort station will be built to replace the one that was torn down. Such facility renovations and replacements will enable the Detroit Recreation Department to expand the recreation services available to this under-served area.

We respectfully request your approval to accept and expend these funds by adopting the following resolution, with a Waiver of Reconsideration.

By COUNCIL PRESIDENT MAHAFFEY,  
In The NAME OF THE COUNCIL:

WHEREAS, We share a belief in the sacred value of human life and human rights, and

WHEREAS, We advocate for the full and exhaustive use of peaceful and diplomatic initiatives to avoid an unwise and counter-productive pre-emptive military attack on Iraq, and

Case No.: 02-209320-NO. File No.: A19000.002358 (SB).

On December 11, 2002, a mediation panel evaluated the above-captioned lawsuit and awarded Ten Thousand Dollars (\$10,000.00) in favor of Plaintiff. We, therefore, request your Honorable body to authorize acceptance of the mediation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Ten Thousand Dollars (\$10,000.00) payable to Naomi Kirkpatrick and her attorneys, Weiner and Cox, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 02-209320-NO, approved by the Law Department.

Re: Address: 581 Holbrook. Name: Carl Threat. Date ordered removed: October 23, 2002 (J.C.C. p. ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on November 27, 2002 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of November 13, 2002.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition ordered be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within three (3) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:

Re: Address: 16160 Lilac. Name: Ralph I. Harris. Date ordered removed: September 11, 2002 (J.C.C. p. 2687).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on November 22, 2002 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of November 21, 2002.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition ordered be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within three (3) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Re: Address: 4694 Manistique. Name: Lori Harper. Date ordered removed: October 21, 2002 (J.C.C. p. ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on December 10, 2002 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved Tax Payment Plan to pay the current taxes due as of November 20, 2002.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition ordered be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within three (3) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Re: Address: 4879 Ashland. Name: Johnathan Taylor. Date ordered removed: June 21, 2000 (J.C.C. p. 1484).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on December 20, 2002 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of December 3, 2002.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within three (3) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:

Re: Address: 19220 Yacama. Name: JuAnita Gentry Menard. Date ordered removed: November 28, 2001 (J.C.C. p. 3750).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on December 12, 2002 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved Tax Payment Plan to pay the current taxes due as of September 5, 2001.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within three (3) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits

- Certificate of Approval as a result of a Housing Inspection
  - Certificate of Inspection, required for all residential rental properties.
2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).
  3. The yards shall be maintained clear of weeds, junk and debris at all times.
  4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition ordered be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within three (3) months, at which time the owner will obtain one of the following from this department:

- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property

Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Re: Historic Designation Advisory Board forwarding the draft ordinance, approved as to form, for the proposed Lafayette Park/Mies van der Rohe Historic District.

On November 15, 2002, the Historic Designation Advisory Board submitted to your Honorable Body its final report on the proposed Lafayette Park/Mies van der Rohe Historic District. As the Board's recommendation was for designation, that report had attached a draft ordinance of designation. Because of the requirements

of the Interim Designation which is in effect on that proposed historic district, the draft ordinance had not been approved as to form at the time.

The Law Department has today delivered that ordinance to our office with approval as to form. We are, therefore, forwarding it to your Honorable Body.

LEGAL DESCRIPTION: LOTS 8 THROUGH 22, 25, 26, AND 30, LAFAYETTE PARK SUBDIVISION OF PC 6, 181, 7, 132, 12, 13, 8 AND 17. CITY OF DETROIT, WAYNE COUNTY, MICHIGAN, L 80 P87-91, WCR.

(D) THE DESIGN TREATMENT LEVEL OF THE LAFAYETTE PARK/MIES VAN DER ROHE HISTORIC DISTRICT SHALL BE REHABILITATION AS PROVIDED FOR IN SECTION 25-2-2 OF THIS CODE.

(E) THE DEFINED ELEMENTS OF DESIGN, AS PROVIDED FOR IN SECTION 25-2-2 OF THIS CODE, SHALL BE AS FOLLOWS:

(1) *HEIGHT.* THE BUILDINGS IN THE LAFAYETTE PARK/MIES VAN DER ROHE HISTORIC DISTRICT RANGE FROM ONE (1) TO TWENTY-ONE (21) STORIES TALL. ALL TALL BUILDINGS ARE AT TWENTY-ONE STORIES WITH ONE PENTHOUSE STORY ABOVE THE ROOF LINE, AND ALL OTHER BUILDINGS ARE ONE OR TWO STORIES, THE ONLY EXCEPTION BEING THE COMPLEX AT THE SOUTHWEST CORNER OF ORLEANS STREET AND CHESTNUT STREET WHICH REACHES A MAXIMUM OF SEVEN STORIES FROM GRADE AND A MINIMUM OF THREE STORIES FROM GRADE WITH AN ADDITIONAL PENTHOUSE STORY ABOVE THE ROOF LINE. THE DISTRIBUTION OF LOW-RISE AND HIGH-RISE BUILDINGS IN THE DISTRICT GENERALLY FOLLOWS THE PLAN FOR THE AREA DEVELOPED BY MIES VAN DER ROHE, LUDWIG HILBERSHEIMER AND ALFRED CALDWELL.

(2) *PROPORTION OF BUILDINGS' FRONT FACADES.* PROPORTION VARIES IN THE DISTRICT, DEPENDING ON THE HEIGHT OF THE BUILDING. MOST OF THE FRONT FACADES OF THE INDIVIDUAL LOW-RISE BUILDINGS ARE CONSIDERABLY WIDER THAN TALL WITH SIDE ELEVATIONS THAT ARE CLOSE TO EQUAL IN HEIGHT AND WIDTH. ALL FACADES OF HIGH-RISE BUILDINGS ARE EMPHATICALLY TALLER THAN WIDE. THE

SEVEN-STORY BUILDING AT THE SOUTHWEST CORNER OF ORLEANS STREET AND CHESTNUT STREET IS ROUGHLY BALANCED IN HEIGHT AND WIDTH.

(3) *PROPORTION OF OPENINGS WITHIN THE FACADES.* THE PROPORTION OF OPENINGS VARIES WIDELY. DOORS ARE GENERALLY TALLER THAN WIDE BUT DOOR OPENINGS MAY BE MADE WIDER THROUGH THE USE OF GLASS PANELS ON ONE OR BOTH SIDES OF THE DOOR. INDIVIDUAL PANES OF GLASS ARE WIDER THAN TALL, TALLER THAN WIDE, OR ABOUT EQUAL IN WIDTH AND HEIGHT. THE USE OF GLASS AS VIRTUALLY THE ENTIRE WALL OF A BUILDING IS COMMON. THE PERCENTAGE OF VOIDS IN FACADES RANGES FROM NONE IN THE END WALLS OF SOME LOW-RISE BUILDINGS TO NEARLY 100% IN THOSE BUILDINGS WITH GLASS CURTAIN WALLS.

(4) *RHYTHM OF SOLIDS TO VOIDS IN FRONT FACADES.* IN THE BUILDINGS BY MIES VAN DER ROHE, THE USE OF GLASS CURTAIN WALLS VIRTUALLY ELIMINATES SOLIDS AS PART OF THE FRONT FACADES. THE THREE TALL BUILDINGS BY MIES VAN DER ROHE ALL HAVE RECESSED FIRST AND SECOND STORY CURTAIN WALLS, CREATING A "COLONNADE" SURROUNDING THE BUILDING AT GRADE, THE VERTICAL STRUCTURAL SUPPORTS EXPRESSED AS THE COLUMNS; THE FIRST FLOOR OF THE TWO-STORY BUILDING IN THE SHOPPING CENTER IS SIMILARLY TREATED. AT FOUR FREEDOMS/WINDSOR TOWER, LARGE APPROXIMATELY SQUARE WINDOW OPENINGS ARE CENTERED IN EXTERNAL EXPRESSIONS OF THE STRUCTURAL FRAME WHILE ON THE GROUND FLOOR THE VOIDS AND SOLIDS ARE PRECISELY REVERSED, THE WINDOWS BEING AT THE SIDES OF EACH STRUCTURAL BAY AND THE CENTER BEING SOLID. IN THE UPPER FLOORS NARROW WINDOWS FLANK THE SERVICE CORE WALL AT THE CENTER OF THE FACADE. AT REGENCY SQUARE/PARC LAFAYETTE THE USE OF BALCONIES TENDS TO CREATE SPACIAL VOIDS BEHIND WHICH THE WINDOW AND DOOR VOIDS ARE IN SHADOW; ON THE STREET FACADES FACING CHESTNUT THE BUILDINGS DISPLAY LARGE, FLAT AREAS OF WINDOW FLANKED BY SECTIONS OF BLANK BRICK WALL. A REGULAR RHYTHM OF FENESTRATION IS TYPICAL IN THE DISTRICT.

(5) *RHYTHM OF SPACING OF BUILDINGS ON STREETS.* BECAUSE THE BUILDINGS IN THE DISTRICT

STAND ALONE, OR STAND ON CUL-DE-SACS WHICH ARE PART OF THE TOTAL DESIGN OF AN INDIVIDUAL COMPLEX, NO ONE RHYTHM OF SPACING OF BUILDINGS ON STREETS IS ESTABLISHED.

(6) *RHYTHM OF ENTRANCE AND/OR PORCH PROJECTIONS.* PORCH PROJECTIONS ARE RARE ON ENTRANCE FACADES. WITHIN THE LOW-RISE CUL-DE-SACS, THERE IS OFTEN A REGULAR RHYTHM OF ENTRANCES TO INDIVIDUAL UNITS; THE TWO-STORY MIES VAN DER ROHE TOWNHOUSES ARE CHARACTERIZED BY REGULARLY REPEATED FIRST FLOOR RECESSES CONTAINING THE TWO FRONT ENTRANCES OF TWO ADJACENT UNITS. THE DISTANCE BETWEEN ENTRANCES VARIES IN THE ONE-STORY MIES VAN DER ROHE "COURT HOUSES" DEPENDING ON THE SIZE OF EACH UNIT. THE FRONT FACADES OF THE ONE-STORY BUILDINGS AT THE SHOPPING CENTER ARE SHELTERED BY CONTINUOUS CANOPIES SUPPORTED ON SLENDER STEEL COLUMNS.

(7) *RELATIONSHIP OF MATERIALS.* BUILDING MATERIALS COMMON TO EXTERIOR SURFACES IN THE DISTRICT ARE BRICK, GRANITE, MARBLE, GLASS AND METAL. WOOD WINDOW FRAMES EXIST IN CHATEAUFORT AND CHERBONEAU. EXPOSED AGGREGATE PANELS EXIST ONLY IN THE TWO-STORY BUILDING IN THE SHOPPING CENTER.

(8) *RELATIONSHIP OF TEXTURES.* THE LOW RELIEF PATTERN OF MORTAR JOINTS IN BRICK, WHERE IT EXISTS, PROVIDES TEXTURAL INTEREST. LARGE GLASS SURFACES ARE SMOOTH IN TEXTURE AND OFTEN SUBDIVIDED BY SMALL-SCALE METAL ELEMENTS WHICH CREATES A TEXTURE IN THE CURTAIN WALLS OF TALL BUILDINGS. AT FOUR FREEDOMS/WINDSOR TOWER, THE EXTERNAL EXPRESSION OF THE STRUCTURAL FRAME CONTAINS RECESSED BRICK WALLS; THEREFORE THE ENTIRE FACADE TAKES ON A TEXTURE.

(9) *RELATIONSHIP OF COLORS.* MASONRY IS LIGHT IN COLOR; BRICK IN THE DISTRICT IS LIMITED TO THE RANGE OF YELLOW, BUFF, AND TAN. RED BRICK EXISTS ONLY IN THE STOREFRONTS OF THE FORMER NIGHT CLUB IN THE SHOPPING CENTER, AND IS AN INTRUSION THERE. GLASS IS OFTEN SLIGHTLY GRAY-TINTED OR TRANSPARENT; BLACK GLASS PANELS FILL THE WINDOW WALL, THE CONTINUOUS CORNICE, AND THE SHED DORMER OF CHRYSLER SCHOOL. THE EXTERNAL METAL ELEMENTS ARE MOST OFTEN

SILVER-GREY IN COLOR, BUT ARE BLACK ON THE MIES VAN DER ROHE TOWN HOUSES AND WHITE IN THE SHOPPING CENTER. WOOD WINDOW FRAMES ARE WHITE OR BROWN. THE ONLY VISIBLE ROOFS IN THE DISTRICT ARE THOSE IN THE CHARBONEAU COMPLEXES; THEY ARE BROWN ASPHALT SHINGLE. THE ORIGINAL COLORS OF ANY BUILDING, AS DETERMINED BY PROFESSIONAL ANALYSIS, ARE ALWAYS ACCEPTABLE, AND MAY PROVIDE GUIDANCE FOR SIMILAR BUILDINGS.

(10) *RELATIONSHIP OF ARCHITECTURAL DETAILS.* ARCHITECTURAL DETAILS ARE LIMITED TO EXPRESSIONS OF STRUCTURE AND THE SUBDIVISION OF GLASS CURTAIN WALLS. ALL OF THE BUILDINGS IN THE DISTRICT ARE IN THE MODERN STYLE OF THE 1960'S, WHICH AVOIDED DECORATIVE DETAILS.

(11) *RELATIONSHIP OF ROOF SHAPES.* THE ROOFS OF THE LAFAYETTE PARK/MIES VAN DER ROHE HISTORIC DISTRICT ARE NOT VISIBLE FROM THE STREET, WITH THE EXCEPTIONS OF THE CHARBONEAU COMPLEXES, WHICH HAVE LOW-PITCHED GABLE ROOFS.

(12) *WALLS OF CONTINUITY.* WALLS OF CONTINUITY DO NOT EXIST EXCEPT IN EACH OF THE LOW-RISE RESIDENTIAL COMPLEXES, IN WHICH THE BUILDINGS FORM A STRONG WALL OF CONTINUITY ALONG THE CUL-DE-SACS.

(13) *RELATIONSHIP OF SIGNIFICANT LANDSCAPE FEATURES AND SURFACE TREATMENTS.* THE DISTRICT IS CHARACTERIZED BY PLANNED LANDSCAPING, GENERALLY CREATED FOR EACH DEVELOPMENT. LANDSCAPING IS GENERALLY MATURE, AND ESPECIALLY WELL DEVELOPED IN THE MIES VAN DER ROHE TOWNHOUSE DEVELOPMENTS. PAVING EXISTS AS SIDEWALKS AND AS PARKING LOTS, PLACED BY PLAN IN EACH DEVELOPMENT AND OPEN TO VIEW FROM PUBLIC RIGHTS-OF-WAY ONLY AT THE SHOPPING CENTER. THERE IS EXTENSIVE USE OF GRASS TURF LAWN, WHICH IS THE MAJOR LANDSCAPE FEATURE OF THE OPEN SPACE OF THE PARK.

(14) *RELATIONSHIP OF OPEN SPACE TO STRUCTURES.* THE MAJOR OPEN SPACE IN THE DISTRICT IS THE PARK, A LARGE PASSIVE RECREATIONAL AREA RUNNING NORTH AND SOUTH IN THE CENTER OF THE DISTRICT BETWEEN THE DEVELOPMENTS WHICH ARE ENTERED FROM RIVARD STREET AND THE DEVELOPMENTS ENTERED FROM ORLEANS STREET. THERE ARE TENNIS COURTS AT THE NORTHWEST CORNER OF THE

PARK. FOUR FREEDOMS/WINDSOR TOWER LIES AT THE NORTH END OF THE PARK, AND CHRYSLER SCHOOL LIES AT THE SOUTH END. EACH LOW-RISE COMPLEX HAS ITS OWN ARRANGEMENT OF BUILDINGS IN RELATION TO OPEN SPACE, DESIGNED AS PART OF THE COMPLEX. REGENCY SQUARE/PARC LAFAYETTE ORIENTS ITSELF INWARD TO A LARGE OPEN COURT CONTAINING A SWIMMING POOL AND PLANTED SPACE IN THE CENTER OF THE COMPLEX. THE SHOPPING CENTER HAS LARGE OPEN SPACE IN THE FORM OF A PARKING LOT AT THE CORNER OF LAFAYETTE BOULEVARD AND ORLEANS STREET AND A SMALL OPEN SPACE IN THE FORM OF A PEDESTRIAN PLAZA CONTAINED WITHIN THE INDIVIDUAL BUILDINGS OF THE CENTER. LAFAYETTE TOWERS HAS, IN EFFECT, AN OPEN SPACE FOR THE USE OF ITS TENANTS ATOP ITS PARKING STRUCTURE, WHICH CONTAINS A SWIMMING POOL. WHILE SOME INDIVIDUAL DEVELOPMENTS ARE OPEN TO THE PARK, SOME EMPLOY THEIR OWN FENCING. REGENCY SQUARE/PARC LAFAYETTE IS SET APART BY A BRICK WALL, CHATEAUFORT BY STOCKADE FENCING, AND THE PAVILION BLACK METAL PICKETS.

(15) *SCALE OF FACADES AND FACADE ELEMENTS.* INDIVIDUAL BUILDING FACADES ARE SMALL IN SCALE IN THE LOW-RISE COMPLEXES AND LARGE IN SCALE FOR THE HIGH-RISE BUILDINGS.

(16) *DIRECTIONAL EXPRESSION OF FRONT ELEVATIONS.* TALL BUILDINGS ARE VERTICAL IN EXPRESSION AND LOW-RISE BUILDINGS ARE HORIZONTAL IN EXPRESSION.

(17) *RHYTHM OF BUILDING SETBACKS.* RHYTHM OF SETBACK DOES NOT GENERALLY EXIST IN THE DISTRICT, EXCEPT ON THE CUL-DE-SACS, WHERE THE SETBACKS HAVE BEEN DETERMINED BY THE OVERALL PLAN OF THE INDIVIDUAL COMPLEX.

(18) *RELATIONSHIP OF LOT COVERAGES.* LOT COVERAGE VARIES WIDELY ACCORDING TO THE DESIGN OF THE INDIVIDUAL DEVELOPMENT PLANS.

(19) *DEGREE OF COMPLEXITY WITHIN THE FACADES.* THE DEGREE OF COMPLEXITY IS GENERALLY SIMPLE.

(20) *ORIENTATION, VISTAS, OVER-VIEWS.* ALL BUILDINGS COMPLEXES ARE POSITIONED AROUND A CENTRAL RECTANGULAR PARK. THE ORIENTATION OF THE TOWNHOUSES VARY ACCORDING TO THE DESIGN OF EACH INDIVIDUAL DEVELOPMENT. REGENCY SQUARE/PARC LAFAYETTE

IS ORIENTED INWARDS TOWARDS AN OUTDOOR COURTYARD. TALL BUILDINGS ARE ACCESSED FROM THE PERIMETER STREETS BUT ARE PRIMARILY SET IN THE PARK. CHRYSLER SCHOOL IS ORIENTED TOWARDS EAST LAFAYETTE BOULEVARD; THE LAYOUT OF THE THREE BUILDINGS OF THE SHOPPING CENTER CREATE A PEDESTRIAN FRIENDLY ATMOSPHERE THAT CONNECTS BY FOOTPATHS TO THE RESIDENTIAL DEVELOPMENT BEHIND. VISTAS FROM THE APARTMENT BUILDINGS OFFER DRAMATIC VIEWS OF DOWNTOWN DETROIT TO THE WEST, HISTORIC EASTERN MARKET AND HISTORIC SAINT JOSEPH R.C. CHURCH TO THE NORTH, AND THE DETROIT RIVER TO THE SOUTH.

(21) *SYMMETRIC OR ASYMMETRIC APPEARANCE.* MOST BUILDINGS ARE SYMMETRICAL OR GIVE THE APPEARANCE OF SYMMETRY.

(22) *GENERAL ENVIRONMENTAL CHARACTER.* THE GENERAL CHARACTER OF THE LAFAYETTE PARK/MIES VAN DER ROHE HISTORIC DISTRICT IS THAT OF A SUBSTANTIAL-LY INTACT PLANNED COMMUNITY OF THE 1950S AND 1960S, WITH A VERY HIGH LEVEL OF ARCHITECTURAL QUALITY AND SUBSTANTIAL PUBLIC AMENITIES.

Honorable City Council:

Re: Surplus Property Sale By Development Agreement. Development: 10200-10210 E. Warren.

On May 23, 2001 (Detroit Legal News, May 28, 2001, Pg. 26) your Honorable Body authorized the sale of the above-captioned property to Coggins Memorial C.M.E. Church, a Michigan Ecclesiastical Corporation, for the construction of an off-street parking lot.

Coggins Memorial C.M.E. Church has informed the Planning & Development Department (P&DD) that due to unavoidable circumstances they were not able to complete the project within the time allotted in the present Development Agreement. The delay stemmed from the fatal illness of their pastor which adversely affected Coggins' ability to raise the remaining financing for the project. A new pastor has been appointed and Coggins is now proceeding with their plans to obtain the remaining funds required. Consequently, Coggins Memorial C.M.E. Church is now requesting a twelve (12) month extension.

The Planning & Development Department has reviewed the request of Coggins Memorial C.M.E. Church and has determined it to be reasonable and consistent with the terms and conditions set forth in the Development Agreement.

We, therefore request that your Honorable Body adopt the attached resolution authorizing an amendment to the Development Agreement to extend the completion period of the development.

Respectfully submitted,

Honorable City Council:

Re: Request permission to accept the C.O.P.S. More 2002 Grant from the United States Department of Justice.

The C.O.P.S. More 2002 grant is an equipment procurement grant. The grant provides equipment for the Detroit Police Department to participate in the Court and Law Enforcement Management Information System (C.L.E.M.I.S.) Project with Oakland County's Department Information Technology Program. The project director for this grant will be Commander Andrea Jackson, of the Emergency Communications Division.

The proposed C.L.E.M.I.S. project would provide technical solutions through cooperative efforts that are affordable and efficient for criminal justice and public safety through Oakland County's Department of Information Technology. Through state of the art computers, C.L.E.M.I.S. would serve as a link among multiple police agencies. The project would promote communication and sharing of criminal information to maximize the use of collected data, so agencies can enhance their daily operations and perform comprehensive planning.

The Technical Service Division is requesting \$999,958.00 and the Detroit Police Department will provide a cash match of \$251,958.00. Per Financial Operations, the matching funds will be secured through the Detroit Police Forfeiture Fund.

Enclosed, please find a copy of the grant award letter. Approval for the participation in this program would enable the Detroit Police Department to continue its proactive approach to the problems confronting the community.

I am requesting the Honorable City Council's permission to accept this grant award. Should you have any additional questions or concerns, please feel free to contact me at 596-1800, at your convenience.

**STATEMENT ON VOTE ON COMMITTEE RULES**

**By COUNCIL PRESIDENT MAHAFFEY:**

Since 1974, I have championed the value and importance of a committee structure for City Council. I am pleased that finally, in accordance with the vote of Detroit citizens, Detroit City Council is adopting a committee structure, set to begin next week.

However, I voted "no" on the adoption of committee rules on January 15, 2003, because the first rule is in blatant violation of Section 4-105 of the 1997 Detroit City Charter.

The City Charter clearly states that the President of City Council enjoys the same voting rights and privileges of all other Council Members. To assign the President's role in committees as a non-voting, ex-officio member violates this Charter provision.

If people want to change the Charter, it should be done by the Charter amendment process, not by devising rules of procedure as in this instance.

Honorable City Council:

Re: Resolution Supporting City of Detroit's Debt Management Plan and Swap Management Plan Per Public Act 500.

For Council's review, attached is the above referenced resolution. Also attached as "Exhibit A" are revised Debt Management and Swap Management plans that now incorporate language that debt issuance and swap agreements "shall be subject to all of the regular approvals and authorizations required under federal, state and local laws" as recommended by Kathie Dones-Carson, Research and Analysis Director.

This new language is located under the "Compliance with Law" section under both plans.

We respectfully request that your Honorable Body approve the attached resolution with Exhibit A at the next formal session.

Respectfully submitted,  
IRVIN CORLEY, JR.  
Director

By Council Member Everett:

Whereas, Act 500 of Public Acts of 2002 being MCL 141.2317, requires that the City of Detroit develop a Debt Management Plan and a Swap Management Plan, among other requirements, in order to enter into an interest rate exchange or swap, hedge, or similar agreement or agreements in connection with the issuance or proposed issuance of debt or in connection with its then outstanding debt; and

Whereas, Act 500 also requires City Council either by resolution or ordinance to approve any such agreements with acknowledgement of the potential risks associated with the agreements; and

Whereas, The Finance Department has developed a Debt Management Plan and a Swap Management Plan in accordance with Act 500 and has submitted them to the City Council to be placed on file; and

Whereas, Act 500 does not require the City Council to formally adopt the Debt Management Plan and Swap Manage-

ment Plan, however City Council wishes to put on public record its receipt and support of said plans;

Now, Therefore, Be It

Resolved, That the Detroit City Council hereby receives and supports the Debt Management Plan and Swap Management Plan in the form as submitted, and attached as Exhibit A hereto; and be it further

Resolved, That the Finance Department will submit any revisions to the plans to City Council for consideration and support; and be it finally

Resolved, That the Finance Director of the City of Detroit is hereby authorized and directed on behalf of the City, to take any and all actions necessary or appropriate to maintain compliance with Act 500.

**Exhibit A  
City of Detroit, Michigan  
Debt Management Plan  
November 26, 2002**

The City of Detroit has established the following debt management plan guidelines pertaining to the issuance and administration of debt:

*Management Goals* — To establish practices which will enable the City to borrow funds to maintain and enhance the City's physical infrastructure, while minimizing the cost to taxpayers, ratepayers and users of publicly financed projects.

*Purpose of Debt* — To issue debt only for capital purposes, and not to finance current operations or working capital.

*Compliance with Laws* — To follow all applicable Charter, State and Federal laws and regulations, including those regulations governing the amount and purpose for which debt may be issued and all federal regulations relating to the maintenance of the tax exempt status of bonds. Debt issuance shall be subject to all of the regular approvals and authorizations required under federal, state and local laws.

*Investor/Rating Agency/Credit Provider Relations* — To provide timely, accurate and pertinent information to interested investors, rating agencies, and credit providers. The City will follow the disclosure guidelines approved by the Government Finance Officers Association to the greatest extent possible in disseminating information and will adhere to the City's Continuing Disclosure Undertaking commitments.

*Security/Repayment Characteristics* — Revenue debt which is totally self-supporting, should be issued to the greatest extent possible. Voter-approved unlimited tax bonds or bonds which are expected to be paid from non-general fund sources, are generally the preferred options to finance capital projects which are not or which may not be self-supporting. Limited tax obligations which are payable only from current general fund tax

dollars will be considered only if other options are not available.

**Credit Support** — External credit support should be obtained when it is determined that use of such support produces present value savings; however, the importance of maintaining market access for and name recognition of the underlying credit will be considered in evaluating the benefit of credit support.

**Repayment Terms** — To repay bonds in a period not exceeding the average life of the project, generally not exceeding 25 years for general obligation bonds and 30 years for revenue bonds. Except to achieve overall level debt service with existing bonds, the City will avoid issuing debt, which provides for balloon principal payments in the final year(s) of maturity. The City will use level or declining total debt service structures (which may take into account previously issued debt), except when an increasing debt payment structure fits an overall strategy of a project. In addition, during the period of construction, the City may choose to pay interest only or may capitalize interest, if appropriate.

**Debt Levels** — To reduce general debt ratios to levels consistent with the average of cities of similar size and responsibilities. The goal of issuing debt without increasing the property tax burden will be factored into planning the sizing and scheduling of general obligation, unlimited tax bond issues.

**Debt Instruments** — To issue debt with fixed rates and terms, except that variable rate debt may be issued if the total amount of true variable rate debt does not exceed 20% of the aggregate amount of debt payable from a particular source. Variable rate debt will be counted as fixed rate debt if it is synthetically converted to a fixed rate obligation through the use of an interest rate exchange or similar agreement, or if the period of interest rate exposure does not exceed 2 years. Debt instruments utilizing imbedded swaps or having other less traditional characteristics may be issued, provided the City is not unduly exposed to third party risk and that utilization of such an instrument does not precipitate an adverse rating agency reaction.

**Short Term Debt/Leasing** — To minimize the need for short-term debt by incorporating a goal of avoiding such debt in financial and cash flow planning. Leasing or lease purchase financing may be considered on a case-by-case basis for equipment and special projects, taking into account the expected life of the equipment and/or the nature of the project.

**Investment of Bond Proceeds and Debt Service Funds** — To invest funds in accordance with State law, bond indenture provisions and the City's written investment

policy. All funds are invested with risk avoidance being the highest priority, but taking into account cash needs and the potential for maximizing yields. Generally, the City's investment policy restricts the maximum term of investments in bond proceeds accounts to 3 years, in debt service accounts to the date such funds are required and in debt service reserve accounts to 5 years.

**Review of Management** — To review the debt management plan at least once every 2 years, and to include the formal debt management plan as a part of or an annex to the City's Five-year Capital Agenda.

### **City of Detroit, Michigan Swap Management Plan November 26, 2002**

#### **1. Authority**

The City of Detroit (the "City") is authorized by the Revised Municipal Finance, MCL 141.2317, to enter into swap transactions from time to time to better manage assets and liabilities and take advantage of market conditions to lower overall costs and reduce interest rate risk. This Plan is adopted to comply with the requirements of MCL 141.2317, as amended.

This sets forth the manner of execution of swaps and related agreements, provides for security and payment provisions, and sets forth certain other provisions related to swap agreements between the City and qualified swap counterparties.

#### **2. Purpose**

The incurring of obligations by the City involves a variety of interest rate payments and other risks that a variety of financial instruments are available to offset, hedge, or reduce. It is the policy of the City to utilize such financial instruments to better manage its assets and liabilities. The City may execute interest rate swaps if the transaction can be expected to result in the following:

- Reduce exposure to changes in interest rates on a particular financial transaction or in the context of the management of interest rate risk derived from the City's overall asset/liability balance;
- Result in a lower net cost of borrowing with respect to the City's debt or achieve a higher net rate of return on investments made in connection with, or incidental to the issuance, incurring, or carrying of the City's obligations or other City investments; and
- Manage variable interest rate exposure consistent with prudent debt practices.

The City shall not enter into interest rate swaps for speculative purposes.

#### **3. Credit Factors of Swaps**

The City recognizes that there are certain risks associated with swap transactions that it will consider prior to entering into each transaction. Such risks

include:

A.) **Counterparty risk** is the risk that the swap counterparty will not fulfill its obligation to honor its obligations as specified under the contracts;

B.) **Termination risk** is the risk that the swap could be terminated by the counterparty due to any of several events, which may include issue or counterparty ratings downgrade, covenant violation by either party, bankruptcy of either party, swap payment default by either party, and default events as defined in the issuer's bond indenture;

C.) **Basis risk** refers to a mismatch between the interest rate received from the swap contract and the interest actually owed on the issuer's bonds;

D.) **Tax event risk.** All issuers which issue variable rate bonds that trade based on the BMA index inherently accept risk stemming from changes in marginal income tax rates;

E.) **Rollover risk** is the risk that the swap contract is not coterminous with related bonds; and

F.) **Amortization risk** represents the cost to the issuer of servicing debt or honoring swap payments due to a mismatch between bonds and the notional amount of swap.

#### 4. Form of Swap Agreements

Each interest rate swap executed by the City shall contain terms and conditions as set forth in the International Swap and Derivatives Association, Inc. ("ISDA") Master Agreement, including any schedules and confirmations and the terms of required by MCL 141.2317, as amended. In case of a conflict, terms required by the statute shall prevail over the terms of the ISDA Master Agreement. The swap agreements between the City and each qualified swap counterparty shall include payment, term, security, collateral, default, remedy, termination, and other terms, conditions and provisions as the Finance Director deems necessary or desirable.

#### 5. Qualified Swap Counterparties

The City shall be authorized to enter into interest swap transactions only with qualified swap counterparties rated at least "A", or equivalent by any two of the nationally recognized rating agencies (e.g. Moody's, Standard and Poor's, or Fitch); or a "AAA" subsidiary as rated by at least one nationally recognized credit rating agency. In addition, the counterparty must have a demonstrated record of successfully executing swap transactions as well as creating and implementing innovative ideas in the swap market. Each counterparty shall have minimum capitalization of at least \$150 million.

The City may negotiate or competitively bid an interest rate swap transaction at the Finance Director's discretion.

#### 6. Aspects of Risk Exposure Asso-

#### ciated with Swaps

Before entering into a swap, the City shall evaluate all the risks inherent in the transaction. These risks to be evaluated should include counterparty risk, termination risk, rollover risk, basis risk, tax event and amortization risk.

The City shall endeavor to diversify its exposure to counterparties. To that end, before entering into a transaction, it should determine its exposure to the relevant counterparty or counterparties and determine how the proposed transaction would affect the exposure. The exposure should not be measured solely in terms of notional amount, but rather how changes in interest rates would affect the City's exposure ("Value at Risk"). The Value at Risk should be based on all outstanding derivative transactions by the City. The City may also elect to take into account the exposure of the City and all related entities to a particular counterparty.

#### 7. Termination Provisions

The City shall consider including in all swap transactions provisions granting the City the right to optionally terminate a swap agreement at any time over the term of the agreement. Furthermore the City may enter into swaps that grant optionality to either party pursuant to the terms of the swap contract. The Finance Director shall determine if it is financially advantageous for the City to terminate a swap agreement.

**Mandatory Termination:** A termination payment to or from the City may be required in the event of termination of a swap agreement due to a default or a decrease in credit rating of either the City or the counterparty. *It is the intent of the City not to make a termination payment to a counterparty that does not meet its contractual obligations. Prior to making any such termination payment, the Finance Director shall evaluate whether it is financially advantageous for the City to obtain a replacement counterparty to avoid making such termination payment.*

#### 8. Term and Notional Amount of Swap Agreement

The Finance Director shall determine the appropriate term for an interest rate swap agreement on a case-by-case basis. The slope of the swap curve, the marginal change in swap rates from year to year along the swap curve, and the impact that the term of the swap has on the overall exposure of the City shall be considered in determining the appropriate term of any swap agreement. In connection with the issuance or carrying of bonds, the term of a swap agreement between the City and a qualified swap counterparty shall not extend beyond the final maturity date of existing debt of the City, or in the case of a refunding transaction, beyond the final maturity date of the refunding bonds. At no time shall the

total notional amount of all swaps exceed one half of the total amount of outstanding bonds.

#### **9. Swap Counterparty Exposure Limits**

In order to diversify the City's counterparty risk, and to limit the City's credit exposure to any one counterparty, limits will be established by the Finance Director based in part upon the credit rating of the counterparty as well as the relative level of risk associated with each existing swap transaction.

#### **10. Collateral Requirements**

As part of any swap agreement, the City may require collateralization or other credit enhancement to secure any or all swap payment obligations. As appropriate, the Finance Director may require collateral or other credit enhancement to be posted by each swap counterparty under the following circumstances:

- Each counterparty to the City may be required to post collateral if the credit rating of the counterparty or parent falls below the "A" category. Additional collateral for further decreases in credit ratings of each counterparty shall be posted by each counterparty in accordance with the provisions contained in the collateral support agreement to each swap agreement with the City.

- Collateral shall consist of cash, U.S. Treasury securities and Federal agency securities.

- Collateral shall be deposited with a third party trustee, or as mutually agreed upon between the City and each counterparty.

- A list of acceptable securities that may be posted as collateral and the valuation of such collateral will be determined and mutually agreed upon during negotiation of the swap agreement with each swap counterparty.

- The market value of the collateral shall be determined on at least a monthly basis.

- The City will determine reasonable threshold limits for the initial deposit and for increments of collateral posting thereafter.

- The Finance Director shall determine on a case by case basis whether other forms of credit enhancement are more beneficial to the City.

#### **11. Record Keeping**

Written records noting the status of all interest rate swap agreements will be maintained by the Finance Director and shall include the following information:

1. Highlights of all material changes to swap agreements or new swap agreements entered into by the City since the last report.

2. Market value of each of the City's interest rate swap agreements.

3. For each counterparty, the City shall provide the total notional amount position, the average life of each swap agreement,

the available capacity to enter into a swap transaction, and the remaining term of each swap agreement.

4. The credit rating of each swap counterparty and credit enhancer insuring swap payments.

5. Actual collateral posting by swap counterparty, if any, per swap agreement and in total by swap counterparty.

6. A summary of each swap agreement, including but not limited to the type of swap, the rates paid by the City and received by the City, and other terms.

7. Information concerning any default by a swap counterparty to the City, and the results of the default, including but not limited to the financial impact to the City, if any.

8. A summary of any swap agreements that were terminated.

#### **12. Reporting**

Any interest rate swap agreement entered into by the City under this Swap Management Plan shall be described in the City's audited Comprehensive Annual Report filed with the Michigan Department of Treasury under the Uniform Budgeting and Accounting Act, MCL 141.421 to 141.440a.

#### **13. Compliance with Laws.**

Swap agreements and related bond sales shall be subject to all the regular approvals and authorization required under federal, state and local laws.

The Financial Director shall review this policy on an annual basis and implement any necessary changes.

(A) A HISTORIC DISTRICT TO BE KNOWN AS THE NELLIE LELAND SCHOOL HISTORIC DISTRICT IS HEREBY ESTABLISHED IN ACCORDANCE WITH THE PROVISIONS OF THIS ARTICLE.

(B) THIS HISTORIC DISTRICT DESIGNATION IS HEREBY CERTIFIED AS BEING CONSISTENT WITH THE DETROIT MASTER PLAN.

(C) THE BOUNDARIES OF THE NELLIE LELAND SCHOOL HISTORIC DISTRICT ARE AS SHOWN ON THE MAP ON FILE IN THE OFFICE OF THE CITY CLERK, AND ARE DESCRIBED AS FOLLOWS: ON THE SOUTH, THE CENTERLINE OF ANTIETAM STREET (FORMERLY RUSSELL STREET); ON THE SOUTH, THE CENTERLINE OF ANTIETAM STREET (FORMERLY CATHERINE STREET); ON THE WEST, A LINE PERPENDICULAR TO THE SOUTH BOUNDARY OF LOT 28 OF THE LAFAYETTE PARK SUBDIVISION (L 80 P 87-91), INTERSECTING THE SOUTHERLY BOUNDARY OF LOT 28 TWO HUNDRED AND NINETY (290) FEET EAST OF THE SOUTHWEST CORNER OF LOT 28 AND EXTENDING FROM THE CENTERLINE OF ANTIETAM STREET (FORMERLY CATHERINE STREET) TO THE NORTHERN BOUNDARY OF LOT 28; ON THE NORTH, THE NORTHERN BOUNDARY, EXTENDED EASTWARD, OF LOTS 28 AND 29, LAFAYETTE PARK SUBDIVISION (L 80 P 87-91). LEGAL DESCRIPTION: ALL OF LOT 29 AND THAT PORTION OF LOT 28 LYING EAST

OF A LINE PERPENDICULAR TO THE SOUTH BOUNDARY OF LOT 28 OF THE LAFAYETTE PARK SUBDIVISION OF PC 6, 181, 7, 132, 12, 13, 8 AND 17, CITY OF DETROIT, WAYNE COUNTY, MICHIGAN, L 80 P 87-91, WCR, INTERSECTING THE SOUTHERLY BOUNDARY OF LOT 28 TWO HUNDRED AND NINETY (290) FEET EAST OF THE SOUTHWEST CORNER OF LOT 28 AND EXTENDING FROM THE CENTERLINE OF ANTIETAM STREET (FORMERLY CATHERINE STREET) TO THE NORTHERN BOUNDARY OF LOT 28.

(D) THE DESIGN TREATMENT LEVEL OF THE NELLIE LELAND SCHOOL HISTORIC DISTRICT SHALL BE CONSERVATION AS PROVIDED FOR IN SECTION 25-2-2 OF THIS CODE.

(E) THE DEFINED ELEMENTS OF DESIGN, AS PROVIDED FOR IN SECTION 25-2-2 OF THIS CODE, SHALL BE AS FOLLOWS:

(1) *HEIGHT.* THE SINGLE BUILDING IN THE NELLIE LELAND SCHOOL HISTORIC DISTRICT RANGES FROM TWO (2) TO THREE (3) STORIES TALL; THE THIRD FLOOR OVER ITS SOUTH-EAST SECTION WAS ADDED IN 1921.

(2) *PROPORTION OF BUILDING'S' FRONT FACADES.* THE TWO STREET FACADES — THE SOUTH AND EAST ELEVATIONS — ARE SIGNIFICANTLY WIDER THAN TALL.

(3) *PROPORTION OF OPENINGS WITHIN THE FACADES.* THE OPENINGS ON THE FIRST AND SECOND STORIES OF THE FRONT (SOUTH) FACADE ARE IDENTICAL IN SIZE, BUT DIFFER SLIGHTLY IN WINDOW CONFIGURATION. ROWS OF FOUR WINDOWS FILL THE LARGE, SQUARISH OPENINGS IN THE CENTRAL SECTION AND PAIRED WINDOWS FILL OPENINGS THAT ARE TALLER THAN WIDE ON THE TWO ENDS. ALL OF THE WINDOWS ARE OF THE DOUBLE HUNG SASH VARIETY, VARYING BETWEEN TWO-OVER-ONE PANES IN THE END SECTIONS OF THE FACADE AND THREE-OVER-ONE PANES IN THE CENTRAL SECTION. THE WINDOWS ON THE SECOND FLOOR HAVE TRANSOMS THAT ALSO VARY BETWEEN TWO AND THREE VERTICAL PANES, DEPENDING ON THEIR LOCATION. ALL UPPER SASHES OF WINDOWS AND TRANSOMS ARE DIVIDED VERTICALLY. THIRD FLOOR WINDOW OPENINGS ARE SIMILAR IN CONFIGURATION BUT ARE NOT AS TALL. MAIN ENTRANCES IN THE PROJECTING VESTIBULES ON THE SOUTH AND EAST ELEVATIONS CONTAIN A PAIR OF DOORS WITH SEGMENTALLY ARCHED AND SUBDIVIDED TRANSOMS ABOVE. THE AUDITORIUM ENTRANCE AT THE WEST END OF THE FRONT (SOUTH) FACADE

IS COMPOSED OF A SIMPLE RECTANGULAR DOORWAY CONTAINING WOOD DOUBLE DOORS. THE PROPORTION OF VOIDS TO SOLIDS IN THE SOUTH (FRONT) FACADE IS APPROXIMATELY FORTY (40) PER CENT. WINDOW OPENINGS ON THE GROUND FLOOR ARE EITHER COVERED WITH IRON MESH WINDOW GUARDS OR ARE BOARDED WITH PLYWOOD.

(4) *RHYTHM OF SOLIDS TO VOIDS IN FRONT FACADE.* THE TWO STREET FACADES DISPLAY A RHYTHMIC PATTERN OF BROAD BANKS OF WINDOWS WITH CLUSTERS OF FOUR WINDOWS IN THE CENTER SECTION AND PAIRED WINDOWS ON THE TWO FRONT ENDS. THE BANKS OF WINDOWS ARE SEPARATED BY THE SYMMETRICALLY PLACED PROJECTING ENTRY PORTALS ON THE SOUTH FACADE. THE WINDOW BAYS ON THE SOUTH FACADE ARE DIVIDED BY PILASTERS RISING THROUGH TWO STORIES. THERE ARE TWO PILASTERS BETWEEN THE WINDOW BAYS IN THE CENTER OF THE FACADE SECTION AND THESE HAVE A SIMPLE ARTS AND CRAFTS STYLE CAPITAL IN BRICK. THERE IS ONE PILASTER BETWEEN WINDOW BAYS IN THE TWO ENDS OF THE FACADE HAVING A PLAIN STONE BASE AND A STONE CAPITAL OF ARTS AND CRAFTS CHARACTER. SHORT PILASTER OF THE SAME CHARACTER DIVIDE WINDOW BAYS ON THE THIRD FLOOR. THE ARRANGEMENT OF WINDOWS AND PILASTER ON THE EAST FACADE IS SIMILAR.

(5) *RHYTHM OF SPACING OF BUILDINGS ON STREETS.* NOT APPLICABLE DUE TO SINGLE BUILDING DISTRICT.

(6) *RHYTHM OF ENTRANCE AND/OR PORCH PROJECTIONS.* THE ENTRANCE PORTALS PROJECT SLIGHTLY, RESULTING IN A REGULAR RHYTHM ON ITS SOUTHERN FRONT. STEEL CANOPIES EXTENDING TO THE CURB LINE, WHERE THEY EXIST, ARE LATER ADDITIONS. THE EAST ELEVATIONS FEATURES ONE PORTAL PROJECTION.

(7) *RELATIONSHIP OF MATERIALS.* THE PROMINENT ELEVATIONS ARE OF GLAZED BRICK WITH LIMESTONE TRIM. THE WEST SIDE AND REAR ELEVATIONS ARE COMMON BRICK. WINDOW FRAMES AND DOORS ARE WOOD. STEEL CANOPIES WITH STEEL POSTS IN CYLINDRICAL CONCRETE PIERS WERE ADDED OVER THE ENTRANCES ON THE SOUTH ELEVATION AT A LATER DATE.

(8) *RELATIONSHIP OF TEXTURES.* THE LOW RELIEF PATTERN OF MORTAR JOINTS IN SMOOTH GLAZED

BRICK AND LIMESTONE JUXTAPOSED WITH SMOOTH MASONRY TRIM, WHERE IT EXISTS, PROVIDES TEXTURAL INTEREST. SLIGHTLY RAISED BRICK DETAILING, SUCH AS BELT COURSES AND THE TREATMENT OF THE BRICK SPANDRELS BETWEEN THE FIRST AND SECOND STORY WINDOWS, CREATE TEXTURAL INTEREST AS DO THE PROJECTING PILASTER BETWEEN WINDOW BAYS. LARGE GLASS SURFACES ARE SMOOTH IN TEXTURE, ALTHOUGH DIVISION WITHIN THE WINDOWS ADD TO AN OVERALL PATTERN OF REPETITION. IN GENERAL, NELLIE LELAND SCHOOL DISPLAYS A MODERATE DEGREE OF TEXTURAL INTEREST.

(9) *RELATIONSHIP OF COLORS.* THE MAJOR COLOR RELATIONSHIP IS THAT OF RED BRICK CONTRASTED WITH LIGHT BEIGE LIMESTONE TRIM. WOODEN WINDOW FRAMES ARE PAINTED CREAM. THE ORIGINAL COLORS OF THE BUILDING, AS DETERMINED BY PROFESSIONAL ANALYSIS, ARE ALWAYS ACCEPTABLE, AND MAY PROVIDE GUIDANCE FOR SIMILAR BUILDINGS.

(10) *RELATIONSHIP OF ARCHITECTURAL DETAILS.* ARCHITECTURAL DETAILS GENERALLY RELATE TO ARCHITECTURAL STYLES. THE NELLIE LELAND SCHOOL WAS DESIGNED IN A RESERVED ARTS AND CRAFTS-INFLUENCED STYLE THAT CONTAINS REFERENCES TO TUDOR ARCHITECTURAL AND NEOCLASSICISM. ENTRANCES ARE THROUGH BUTTRESSED PORTALS, EACH WITH A GABLE THAT EXTENDS UPWARD ABOVE THE SECOND FLOOR. EACH OF THE THREE ENTRANCE GABLES HAVE AN EMPTY LIMESTONE NICHE BENEATH ITS APEX. ORIGINALLY, CORNICES EXISTED ABOVE THE SECOND FLOOR AND THIRD FLOOR ADDITIONS, BUT HAVE SINCE BEEN REMOVED. THE NAME OF THE SCHOOL AND THE YEAR IT WAS BUILT ARE CARVED IN LIMESTONE IN THE CENTRAL SECTION OF THE FRONT FACADE BETWEEN THE TWO ENTRANCES. PANELS BETWEEN THE FIRST AND SECOND STORIES HAVE EITHER A CIRCLE OR DIAMOND PATTERN OF SLIGHTLY RAISED BRICK IN THEIR CENTER. LIMESTONE COPING CAPS THE FACADE AND UNIFIES THE VARIOUS ELEVATIONS.

(11) *RELATIONSHIP OF ROOF SHAPES.* THE ROOFS ARE NOT VISIBLE FROM THE STREET.

(12) *WALLS OF CONTINUITY.* NOT APPLICABLE DUE TO SINGLE BUILDING DISTRICT.

(13) *RELATIONSHIP OF SIGNIFICANT LANDSCAPE FEATURES AND SURFACE TREATMENTS.* THERE IS A

WIDE CONCRETE PUBLIC SIDEWALK ABUTTING THE BUILDING ON ITS FRONT (SOUTH) AND EAST FACADES, A SHALLOW AREA OF VEGETATION EXISTS ALONG THE FRONT BETWEEN THE TWO ENTRANCE PORTALS. LIGHT FIXTURES ARE HUNG FROM WOOD UTILITY POLES AT THE EDGE OF THE SIDEWALK.

(14) *RELATIONSHIP OF OPEN SPACE TO STRUCTURES.* THE MAJOR OPEN SPACES ARE THE PAVED PUBLIC SIDEWALK AND ROADBED OF ANTIETAM. TO THE WEST OF THE BUILDING IS A GATED, CHAIN LINK FENCE ENCLOSING A PAVED CONCRETE DRIVEWAY. OUTSIDE OF THE BOUNDARIES OF THE HISTORIC DISTRICT TO THE WEST IS MORE CHAIN-LINK FENCED, UNIMPROVED OPEN SPACE; TO ITS NORTH IS A CONCRETE RETAINING WALL AND UNIMPROVED LAND. EAST ACROSS ANTIETAM IS THE OPEN SPACE OF LAFAYETTE PLAISANCE.

(15) *SCALE OF FACADES AND FACADE ELEMENTS.* THE TWO PROMINENT FACADES, THE SOUTH AND EAST ELEVATIONS, HAVE LARGE ELEMENTS, SUCH AS THE BUTTRESSED AND GABLED PORTALS AND LARGE WINDOW BAYS AND THEIR DIVIDING PILASTERS, WITH RESTRAINED DETAIL OF MODERATE SCALE.

(16) *DIRECTIONAL EXPRESSION OF FRONT ELEVATIONS.* THE DIRECTIONAL EXPRESSION OF THE SOUTH AND EAST ELEVATIONS IS HORIZONTAL, ALTHOUGH THEIR MASSING IS BALANCED SOMEWHAT BY VERTICAL ELEMENTS, SUCH AS THE GABLED PORTALS AND VERTICALITY OF INDIVIDUAL WINDOW OPENINGS.

(17) *RHYTHM OF BUILDING SETBACKS.* THERE ARE NO SETBACKS DUE TO THE SITTING OF THE BUILDING ON THE FRONT LOT LINES. ENTRANCES PROJECT FROM THE MASS OF THE BUILDING, CREATING A RHYTHM WITHIN THE SINGLE BUILDING.

(18) *RELATIONSHIP OF LOT COVERAGES.* NELLIE LELAND SCHOOL OCCUPIES APPROXIMATELY SEVENTY-FIVE (75) PER CENT OF ITS PARCEL.

(19) *DEGREE OF COMPLEXITY WITHIN THE FACADES.* THE FACADES OF THE NELLIE LELAND SCHOOL HISTORIC DISTRICT ARE SIMPLE AND REGULAR.

(20) *ORIENTATION, VISTAS, OVERVIEWS.* THE NELLIE LELAND SCHOOL HISTORIC DISTRICT IS ORIENTED SOUTH TOWARDS LAFAYETTE PARK. VISTAS ARE OF THE PAVILION APARTMENTS TO THE SOUTH, DOWNTOWN DETROIT AND FORD FIELD TO THE WEST, LAFAYETTE PLAISANCE

TO THE EAST, AND THE LIGHT INDUSTRIAL/COMMERCIAL AREA OF GRATIOT AVENUE TO THE NORTH. THE AREA IS ONE OF ACTIVITY.

(21) *SYMMETRIC OR ASYMMETRIC APPEARANCE.* THE BUILDING IS ASYMMETRICAL IN APPEARANCE, PRIMARILY DUE TO THE CONTRIBUTING ADDITIONS.

(22) *GENERAL ENVIRONMENTAL CHARACTER.* THE NELLIE LELAND HISTORIC DISTRICT IS LOCATED JUST SOUTH OF THE MAJOR THOROUGHFARE OF GRATIOT AVENUE IN AN OLDER AREA JUST EAST OF DOWNTOWN DETROIT CONTAINING SEVERAL HISTORIC RESOURCES. IT IS SOUTH OF THE EASTERN MARKET HISTORIC DISTRICT AND WITHIN A BLOCK OF HISTORIC ST. JOHN'S-ST. LUKE EVANGELICAL CHURCH AND SOMEWHAT FURTHER FROM HISTORIC ST. JOSEPH'S R. C. CHURCH, BOTH VISIBLE FROM THE NELLIE LELAND SCHOOL HISTORIC DISTRICT. FACING SOUTH, IT RELATES TO THE URBAN RENEWAL AREA OF LAFAYETTE PARK, A MODERN HISTORIC RESIDENTIAL COMMUNITY. ITS POSITION AT A NINETY (90) DEGREE BEND IN ANTIETAM STREET IS A REMINDER OF THE GRID STREET LAYOUT REPLACED BY THE URBAN RENEWAL PLAN.

**Section 2.** All ordinances or parts of ordinances in conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

Honorable City Council:

Re: Petition No. 505 — Eastside Detroit Elderly, LDHA, LP, requests to vacate (outright), convert to easement and dedicate rights-of-way within the area bounded by Waveney, Mack, Springle and Gray.

Petition No. 505 of "Eastside Detroit Elderly, LDHA, LP", 5075 Chalmers, Detroit, Michigan 48213 in c/o Timothy M. Morgan, requests to vacate (outright) the east-west public alley, 18 feet wide, a portion of the north-south public alley, 18 feet wide, and the dedication of private land for a new alley outlet, all in the block bounded by Waveney Avenue, 66 feet wide, Mack Avenue, 120 feet wide, Springle Avenue, 60 feet wide and Gray Avenue, 60 feet wide.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The Planning and Development Department is working with the developer (Eastside Detroit Elderly, LDHA, LP) to provide a 54 unit senior housing complex on the north side of Mack between Springle and Gray Avenues. In order to proceed with this plan, it is necessary to vacate certain rights-of-way and create a new alley outlet.

City Council is requested to accept the deed and alley opening for public purposes; provided said property complies with the requirements of Detroit codes and ordinance No. 29-94, Detroit Code Sections 2-2-11 through 2-2-15 also known as the "Environmental Review Guidelines", and that the fee owner submit a properly executed "warranty" deed; proof of lien-free ownership; proof of paid Wayne County taxes and proof of paid Detroit property taxes.

The Public Lighting Department (PLD) reports no objections to the proposed changes in public rights-of-way in the area of Waveney, Mack, Springle and Gray. The PLD has street lighting cable and poles and arc circuits within said east-west and north-south alleys. removal and relocation of PLD facilities must be

done at project costs.

The Detroit Water and Sewerage Department (DWSD) has existing sewer lines located in the alleys in the block bounded by Waveney, Mack, Springle and Gray that must remain in service. DWSD has no objection to the requested changes in public rights-of-way, provided that the petitioner relocate the existing sewer lines located in the alleys in accordance with plans approved by DWSD. All work necessary to relocate the sewer lines and abandon the existing sewers is to be done by the petitioner at no cost to DWSD. In addition, all work is to be done under DWSD's permit and inspection.

The Detroit Edison Company reports no objection to the proposed changes in public rights-of-way provided that the petitioner removes and/or reroutes its facilities, at a not to exceed cost of \$25,000.00.

Comcast Cablevision and the Ameritech (SBC) report no objection to the proposed changes in public rights-of-way provided that the petitioner removes and/or reroutes its facilities at project costs.

The Detroit Fire Department insists that the developer provide 24-hour access, for fire fighting purposes.

All other city departments and privately owned utility companies have reported no objection to the proposed changes in public rights-of-way. Provisions protecting utility installations are part of this resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

January 15, 2003

Honorable City Council:

Re: Petition Number 772 — Request for Detroit City Council Approval for the Issuance of a Dance Permit by the Michigan Liquor Control Commission to Samuel Martin for 20143 Livernois.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice to the Detroit City Council, which has been designated by the City Clerk as Petition Number 772, for a licensed location within the City. The petition requests City Council consideration of the approval of the issuance of a dance permit to Samuel Martin for 20143 Livernois. Approval of the issuance of a dance permit for this location would allow dancing by patrons only on the licensed premises and not topless activity.

Upon investigation, review, and consultation with other City departments, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the issuance of a dance permit to Samuel Martin for 20143 Livernois, contingent upon the new owner complying with all of the requirements of the applicable City ordinances and being licensed by the Consumer

Affairs Department to operate a "Group A" cabaret at this location.

In accordance with Section 916(6)(b) of the Michigan Liquor Control Code, being MCL 436.1916(6)(b), and the applicable provisions of the 1997 Detroit City Charter, the attached proposed resolution approving the issuance of a dance permit to Samuel Martin for 20143 Livernois is being submitted to this Body for consideration and approval.

We request that the proposed resolution be considered at the earliest possible sessions. If there are any questions or concerns, please do not hesitate to contact us.

Respectfully submitted,  
BRENDA E. BRACEFUL  
Deputy Corporation Counsel

By Council Member Bates:

Whereas, Section 916(6)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body within which the premises are located;

Whereas, The MLCC has forwarded a Local Approval Notice to City Council, which has been designated by the City Clerk as Petition No. 772, concerning the issuance of a dance permit to Samuel Martin for 20143 Livernois, in Detroit;

Whereas, The dance permit issued by the MLCC would be held in conjunction with the proposed transfer of ownership of an MLCC Class C licensed business with a Sunday sales permit from James F. Coppedge at 17120 Lahser in Detroit to Samuel D. Martin, for 20143 Livernois;

Whereas, Pursuant to Section 916(6)(c) of the Michigan Liquor Control Code, being MCL 436.1916(6)(c), the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the issuance of a dance permit to Samuel Martin for 20143 Livernois, contingent upon the location meeting the requirements of all of the appropriate provisions of the 1984 Detroit City Code and the owner being licensed by the Consumer Affairs Department to operate a "Group A" cabaret at the location; and

Whereas, The City Council has considered the Local Approval Notice for the issuance of a dance permit to Samuel Martin for 20143 Livernois in Detroit and the procedures and criteria for this Body's approval of the issuance of dance permits by the MLCC.

Now Therefore It Is Resolved, Pursuant to Section 916(6)(b) of the Liquor Control Code, being MCL 436.1916(6)(b), that the Detroit City Council, approves Petition No. 772 and the issuance of a dance permit to

Samuel Martin for 20143 Livernois, to be held in conjunction with the proposed transfer of ownership of the MLCC Class C with Sunday sales permit at 20143 Livernois, in Detroit; and

It Is Further Resolved, That a copy of this Resolution and the City Clerk's certification of this approval (MLCC request ID 136252) be forwarded to the Michigan Department of Consumer and Industry Services, Liquor Control Commission, 7150 Harris Drive, P.O. Box 30005, Lansing, MI 48909-7575 and that copies also be forwarded to the Detroit Police Department, Liquor License Unit, 1300 Park Street, and the Business License Center, 105 Coleman A. Honorable City Council:

Re: Evelyn Judge v. Danny Sydney Frank and City of Detroit. Case No. 01-139333 NI. File No. 00-2278 (DAB).

On December 12, 2002, a mediation panel evaluated the above-captioned lawsuit and awarded Four Thousand Dollars (\$4,000.00) in favor of Plaintiff. The parties have until January 23, 2003 to either accept or reject the mediation evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the mediation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the mediation award; and, in the event that Plaintiff accepts the award, to direct the Finance Director to draw a warrant from the proper fund in favor of Evelyn Judge and her attorneys, Christopher S. **Invocation**

O God and Father,

We come before You, first of all to give thanks for this, another day. We thank You for another opportunity to honor You and demonstrate Your Spirit in word and deed, especially here in the halls of government. We proclaim to all that You are good and that Your mercy is upon all who put

their trust and faith in You. Even in the midst of troubled and challenging times, we thank You for a future filled with hope.

As these servants of the people of this great city come together to make decisions and initiate policies which affect all of us, we ask that You would help them diligently seek out and assimilate the necessary information to enable the exercise of sound judgement. We ask for discernment of true priorities, for clarity of thought and communication, for integrity, for commitment to do what is best, for courage to stand for what is right, for patience and yet a sense of urgency, for mutual respect, and most of all for an abundance of Your wisdom and understanding.

We ask for insight in obtaining the resources required to operate so great a city.

O Lord, guide the City Council Members as they work together with the Mayor with and other governmental and community leaders. Guide them as they strive to further and establish a path and direction for this city which will improve the quality of life here in Southeastern Michigan. Bless them as they consider both the current citizens and the generations to come.

We pray all these things in the name of Your own precious Son. Amen.

Re: Cecelia Adams and Robert Adams vs. City of Detroit. Case No.: 02-211891-NO. File No.: A20000.001806 (AC).

On January 17, 2003, a mediation panel evaluated the above-captioned lawsuit and awarded One Hundred Fifty Thousand Dollars (\$150,000.00) in favor of Plaintiff. Honorable City Council:  
 Re: Mack/Alter South Project Brownfield Plan.

The enclosed Brownfield Plan for the Mack/Alter South Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered, reviewed and adopted by the Committee. A public hearing was held by the Authority on January 14, 2003 to solicit public comments.

On January 15, 2003, the Authority adopted a resolution (Exhibit B) approving

the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. Prior to the approval of the Plan by the City Council, the Authority will also notify the taxing jurisdictions about the fiscal and economic implications of the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

The Mack/Alter South Property project is located on the east side of Detroit and will complement a retail development on the north side of Mack previously approved by the DBRA and City Council. The current 48 parcels will be assembled, cleared and redeveloped into a multi-tenant retail center. Total projected expenditures related to this project are expected to be approximately \$4,200,000.

**Purpose of the Proposed Plan**

The proposed Plan is intended to accomplish two purposes. First, upon approval of this Plan by City Council, the developer will be entitled under state law to seek the approval of the Michigan Economic Growth Authority and the State Treasurer for a single business tax credit for up to 10% of their eligible investment in their project. Second, the Detroit Brownfield Redevelopment Authority will be authorized to capture tax increment revenues produced from the development of properties subject to this Plan to offset the cost to Land Inc. for environmental, infrastructure and site preparation work performed on the property subject to the Plan.

**Property Subject to the Proposed Plan**

The eligible property is located near the southwest corner of Mack Avenue and Alter Road and consists of 48 adjacent properties.

**Basis of Eligibility**

The property is considered to "eligible property" as defined by Act 381 because it is located in a qualified government unit under the Brownfield Act, has previously been utilized for a commercial purpose and is determined to be a "Blighted" as defined by Act 381.

**Projected Costs and Tax Increment Revenues**

The proposed plan anticipates the cost of the eligible activities from which taxes may be captured to be \$557,000, an estimate of \$133,000 for DBRA adminis-

trative reimbursement and no reimbursement of prior expenses. The current estimates are that taxes will be captured through tax levies through 2024, including five years of tax capture for the Local Site Remediation Revolving Fund (LSRRF). The plan projects that approximately \$197,000 will be placed into this fund by 2024.

This proposed project has been approved by the City of Detroit's Planning & Development Department.

**Public Comments Received**

The Committee's communication to the City Council and the Authority dated December 30, 2002 (Exhibit C), recommending approval of the Plan, including the minutes of the Authority's public hearing and the Committee's public meeting are enclosed for City Council's consideration.

Honorable City Council:

Re: Jefferson Village Brownfield Plan.

The enclosed Brownfield Plan for the Jefferson Village (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee on September 23, 2002. The Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in

the form presented by the Authority. A public hearing was held by the Authority on October 3, 2002 to solicit public comments.

On October 9, 2002, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. Prior to the approval of the Plan by the City Council, the Authority will also notify the taxing jurisdictions about the fiscal and economic implications of the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Purpose of the Proposed Plan**

The Plan as proposed will authorize the DBRA to capture tax increment revenues produced from the development of the properties in the Shops at Jefferson Village project area. These captured tax revenues will reimburse the City of Detroit's costs for infrastructure work related to flood mitigation measures which will be performed on the Harding Canal to protect the property that is subject to this plan.

**Property Subject to the Proposed Plan**

The 14-acre property comprising the area known as the Shops at Jefferson Village ("Project Area") consists of 168 tax parcels. It is generally bounded by Montclair Avenue, E. Jefferson Avenue, St. Jean Avenue and a line about 210 feet north of Edlie Street. All of the property owned by the City of Detroit comprising this property has been transferred to G/W Jefferson-St. Jean, LLC (the "Developer") per the development agreement that has been executed between the City and the Developer.

**Projected Costs**

The Developer is anticipated to construct commercial retail space along the E. Jefferson frontage, creating approximately 133,000 sq. ft. of new retail space. This space will be leased by the Developer to tenants wishing to locate retail or restaurant establishments within the City of Detroit. It is anticipated that the Shops at Jefferson Village will be anchored by a 64,000 sq. ft. Farmer Jack supermarket, the largest in Michigan.

The Plan contemplates that the total

cost of eligible activities will be \$2,070,250.00 captured by incremental tax revenues through 2009. The proceeds from the captured tax revenues will be used to reimburse the City of Detroit for its costs to undertake the requisite eligible activities, as defined under Section 201 of Act 381. Moreover, additional tax revenues will be captured for an additional five years and will be used to establish a Local Remediation Revolving Fund ("LSRRF"). The Plan contemplates that approximately \$1,770,254.00 will have accrued in the LSRRF by 2014.

This proposed Plan has been presented to the Planning Department's Concept Plan Review and DBRA received favorable recommendation for its approval. A copy of the recommendation letter dated September 16, 2002 is attached to the Plan.

**Public Comments Received**

The Committee's communication to the City Council and the Authority dated September 23, 2002 (Exhibit C), recommending approval of the Plan, including the September 23, 2002 minutes of the Committee's public meeting and the minutes of the Authority's public hearing of October 3, 2002, are enclosed for City Council's consideration.

Re: FY 2002-2003 Budget Amendment.

During the Fiscal Year 2002-2003 budget deliberations your Honorable Body eliminated funding for the Police and Fire Uniform pension contributions, added land sale revenue in anticipation of the sale of the Detroit House of Corrections property and eliminated Casino Enhancement revenue. Now that the Casino Agreements have been approved we would like to adjust the 2002-2003 budget as follows:

- Add an appropriation in Non-Departmental for Police and Fire Uniform contribution of \$32,609,464. These funds are sufficient to cover a 12.98% contribution rate. This rate was provided by the actuary giving the City an over funded credit for that year.

- Reduce the House of Corrections land sale revenue by \$22,641,536.
- Add a revenue for the Casino enhancement revenue of \$55,250,000 based on the agreements. This reflects the first year payment and 1/12th of the second year payment from the three casinos.

**City Planning Commission**

November 15, 2002

Honorable City Council:

Re: Request of New Center Council, Inc. (#3804), to rezone property generally bounded by the CN/Conrail Railroad, the Ford Freeway (I-94), John R and the Lodge Freeway (M-10) from R2 (Two-Family Residential District), R5 (Medium Density Residential District), B4 (General Business District), B5 (Major Business District), B6 (General Services District) and M3 (General Industrial District) zoning classifications to B4, M1 (Limited Industrial District) and SD2 (Special Development District — Commercial/Residential) zoning classifications (Recommend Approval).

The New Center Council, Inc. (NCC) proposes to rezone approximately 65 acres of property generally bounded by the CN/Conrail Railroad, the Ford Freeway (I-94), John R and the Lodge Freeway (M-10) from R2, R5, B4, B5 and M3 zoning classifications to B4, M1 and SD2 zoning classifications. This rezoning would allow for mixed-use development including the Wayne State University (WSU) Technology Park, residential loft conversions, new residential construction, institutional and commercial uses.

The subject area is located south of the New Center area and north of WSU's central campus. Primary landowners in the area are Henry Ford Health Systems (HFHS), WSU and General Motors. There

are a number of partners contributing to three major development projects in the area including WSU, the State of Michigan, the New Center Council, the Farbman Group, and the City of Detroit.

#### **PROPOSED DEVELOPMENT**

In 1995, New Center Council and HFHS began to promote the concept of a technology park in the district. The concept of a technology park has become reality through the efforts of WSU, the City of Detroit and other partners including New Center Council. In April of 2001, the State of Michigan designated the subject area as a Smart Zone. This designation will allow the use of tax increment funds to finance technology development. City Council approved the Smart Zone Tax Increment Financing on May 17, 2002.

The first phase of the tech park will be 45,000 square feet of research and development and office space in the 140,000 square foot former Chevrolet Creative Services building at 440 Burroughs. The building was donated to WSU by the General Motors Corporation and will house a business incubation and tech center. Parking for this first phase will be provided within the building. This facility represents a \$6.8 million investment in the area.

Another major initiative in the area being undertaken by a partnership including the New Center Council Development Corporation and the Farbman Group is the redevelopment of vacant properties and land for residential and commercial use referred to as the New Amsterdam project. The boundaries for this project are the CN/Conrail Railroad on the north, York Avenue on the south, Woodward Avenue on the east and Third Avenue on the west. The first phase is a \$15 million investment that consists of the renovation of 41-47 Burroughs and 6200 Second into approximately 100 residential loft units. Both buildings have been redesigned and financed. Both projects were approved by City Council for brownfield redevelopment plans and obsolete property certificates. Construction is scheduled for January, 2003.

The third major development planned for this area is the Detroit New Center Amtrak Station and Intermodal Complex to be located on Woodward between the CN/Conrail Railroad and Amsterdam Avenue. The State of Michigan has authorized \$11 million for a 50,000 square foot facility. The facility will house high-speed train service to Chicago (and perhaps other destinations in the future), intercity bus service, Woodward Avenue transit and DDOT regular bus service. The facility is currently in the design phase. The current Amtrak facility will be incorporated into the new facility.

In November of 2001, the Children's Museum relocated from Kirby Street in

the Cultural Center area to 6134 Second Blvd., between Amsterdam Avenue and Burroughs Avenue. The building was formerly an unused DTE transformer building.

Additionally, the City of Detroit and the State of Michigan have committed to the installation of \$2.5 million of streetscape improvements for New Amsterdam through the State's Transportation Enhancement Activities program. The Planning and Development Department is working with New Center Council and project architects to begin design of the streetscape enhancement project.

#### **RATIONALE FOR THE PROPOSED ZONING CLASSIFICATIONS**

The majority of the subject area is proposed to be rezoned to the SD2 zoning classification. The SD2 (Special Development District — Commercial/Residential) zoning classification allows for a mix of office, commercial, residential and institutional uses, all of which have been or will be developed in the subject area. Current zoning classifications allow for uses that could cause excessive noise, vibration, unpleasant fumes, and heavy truck traffic. Additionally, SD2 places more uses in the "permitted with approval" category than the current business/commercial classifications allowing for consideration of the impact and compatibility of proposed new uses in the area.

The SD2 is proposed to extend to the east side of Woodward Avenue for continuity, that is, to provide for the flexibility allowed in the SD2, but also to create a boundary that protects the district from intensive uses that may be incompatible with the rest of the district. The SD2 is also proposed for the area on the south side of Holden Avenue, between Third Avenue and the Lodge Freeway (M-10) and the east side of the Lodge Freeway south of Holden. These two parcels surround a small residential community on Fourth Avenue and are zoned M3 (on which a warehouse is located) and B6 (on which an adult day care facility is located). Both of these zoning classifications allow for uses that could negatively impact the residential neighborhood because of noise, odors and truck traffic. Therefore, the SD2 zoning classification is proposed for this area. The Fourth and Third Avenue residential area between Holden and the Ford Freeway would remain in its R2 zoning classification.

The B4 zoning classification, proposed for the block bounded by CN/Conrail Railroad, Amsterdam Avenue, Second Boulevard and Cass Avenue, is to allow for possible expansion of Westcott Displays. Westcott makes cardboard advertising displays and is most closely defined in the Zoning Ordinance as lithography. This use is permitted with approval in a B4 zone.

The M1 (Limited Industrial District) zoning classification proposed for the parcels bounded by CN/Conrail Railroad, Piquette Avenue, John R and Woodward Avenue is to allow for the operation or expansion of James Martin Chevrolet. Another business located at 101 Piquette, which coordinates meetings and presentations, will not be affected by the proposed rezoning. The area bounded by Piquette, John R, the Ford Freeway and the alley first east of Woodward is not included in the rezoning request.

Specific objectives stated by the New Center Council for the rezoning include the following:

1. Protect emerging residential and technology uses from the ill effects of certain industrial and other uses.
2. Protect the future viability of existing community-enhancing businesses, including those of a low intensity industrial nature.
3. Promote the creation of a mixed-use district.
4. Increase the input of local stakeholders, including New Center Council, in the development review process for this district.

#### **IMPACT OF THE PROPOSED REZONING ON EXISTING USES**

The B4 and M1 zoning classifications were specifically selected for their respective parcels in order to allow for expansion of the existing businesses while protecting the district from more intensive and possible incompatible uses.

Several existing businesses would become non-conforming as a result of the rezoning to SD2:

1. Dagleish Cadillac located on the south side of Amsterdam between Cass Avenue and Woodward Avenue. This parcel is currently zoned M3 (General Industrial District) in which this use is permitted as a matter of right.
2. The Detroit Public Library Book Bindery on Third Avenue between Antoinette Avenue and the I-94 service drive. This parcel is currently zoned M3 in which this use is permitted as a matter of right. However, there are plans to move this operation to Third and Baltimore in the New Center area.
3. The Detroit Safety Furnace Pipe Company, a wholesale distribution operation located on the southeast corner of Second Avenue and York Avenue. This parcel is currently zoned B4 in which this use is permitted with approval.
4. An auto repair facility located on Cass Avenue between Antoinette Avenue and York Avenue. This parcel is currently zoned B4 (General Business District) in which this use is permitted with approval.
5. The warehouse bounded by the Lodge Freeway, Holden Avenue and Fourth Street. This parcel is currently zoned M3 (General Industrial District) in

which a number of industrial uses are permitted as a matter of right.

The aforementioned uses would still be allowed to operate as non-conforming uses within the SD2 zone. If any of these businesses want to expand, a hearing before the Board of Zoning Appeals would be required. However, the businesses appear to be landlocked, thereby precluding expansion.

With regard to the warehouse, there does not appear to be any industrial activity taking place currently. It does house some type of office activity, but appears to be primarily vacant. Attempts to contact the owner(s) have been unsuccessful. The proposed rezoning would preclude use of this space for warehousing or any industrial uses without a land use variance from the Board of Zoning Appeals. However, it would allow for certain commercial, institutional and/or residential use.

#### **SURROUNDING ZONING AND LAND USE**

North: M4 (Intensive Industrial District) — the CN/Conrail Railroad

South: Ford Freeway (I-94), R2 (Two-Family Residential District) — small residential neighborhood, M3 (General Industrial District) — warehouse, and B6 (General Services District) — one story building (adult day care) and vacant land

East: M4 — vacant industrial building

West: Lodge Freeway (M-10)

#### **MASTER PLAN DESIGNATION**

The subject area is located in the Middle Woodward subsector in the Master Plan of Policies. The generalized proposed land use for this area is SC (Special Commercial), SRC (Special Residential Commercial) and LT IND (Light Industrial). The Planning and Development Department has determined that the proposed rezoning conforms to the intent of the Master Plan of Policies for this area.

#### **CITY PLANNING COMMISSION PUBLIC HEARING RESULTS**

Hearings were held on both June 21, 2001 and October 4, 2001 to consider New Center Council's rezoning request. A second hearing was necessary because originally, the parcel northwest of the Fourth Street residential area was proposed to be rezoned from M3 (General Industrial District) to M1 (Limited Industrial District) and the parcel northeast of the area was to remain B6 (General Services District). However, the Fourth Street residents were particularly concerned about the preservation of their neighborhood and protection from negative impacts of the type of uses allowed in those districts. Therefore, a second hearing was held to consider a change in the designation of both the M3 and B6 parcels to SD2.

Additionally, the area bounded by the

Conrail Railroad, John R, Piquette and Woodward Avenue was originally proposed for rezoning from M3 to M1 only from Woodward to the first north-south alley east of Woodward. However, this would have divided the property of James Martin Chevrolet into two zoning categories (M1 and M3). Therefore, the proposed designation of the entire block to M1 was included at the second hearing.

Support for the proposed rezonings included a representative from Wayne State University's Facilities Planning and Management Division and several residents from the Fourth Street area. No one spoke in opposition.

The CPC office received correspondence from Kenneth Davies (a property owner in the area), the University Cultural Center Association, and the Henry Ford Health System expressing support. CPC staff received a telephone call from a representative of the Detroit Safety Furnace Pipe Company expressing opposition.

**ANALYSIS**

Currently, the subject area has five different zoning categories that would allow a number of different uses that could be incompatible and negatively impact existing and proposed residential, commercial and institutional uses. The proposed rezoning scheme allows for a mix of new development, but also requires review by the City and input through the public hearing process of stakeholders in the area for a variety of uses. Therefore, the proposed rezoning scheme would encourage new mixed-use development and protect existing and new development from uses that could create nuisances and facilitate blight.

Additionally, the majority of feedback from stakeholders in the area has been in support of the proposed rezoning.

**RECOMMENDATION**

Based on all the above-mentioned factors, the City Planning Commission recommends approval of New Center Council's rezoning request.

Re: Requesting Alley Vacation and Conversion to Easement of Petition Nos. 866 (2002), 2067 (1999) and 2107 (1999).

The above-referenced petitions has been filed with the Detroit City Council by more than two-thirds of the abutting property owners, as required by the Detroit City Code, Article VI, Section 50-6-1. In this instance, there is 100% property owner signature in support of this request therefore, no public hearing is necessary. Our investigation of these petitions discloses the following:

1. That the alleys does not serve as the sole means of egress/ingress to any of the garages on the abutting properties.
2. The public utilities located in the alley can be properly served if these alleys are converted to an easement.
3. The alleys are not required for municipal services (trash collection).
4. No objections to these alley vacations have been received from utilities or city departments following notification of this request.

It is therefore the recommendation of the Planning and Development Department that these requests for alley closure be granted.

 Re: Public Hearing on Request by Oakland East Development Group for Establishment of the Oakland-Caniff Neighborhood Enterprise Zone in Accordance with Public Act 147 of 1992.

In response to the above referenced request, the Planning & Development Department, in conjunction with the Finance Department, have reviewed the Master Plan and the neighborhood preservation and development goals of the City; and find that approval of the request would be consistent with the

neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The generalized boundaries of the proposed NEZ are Caniff on the North, Owen on the South, Walter P. Chrysler

Freeway (I-75) and Greeley on the East, and Oakland on the West. Within this proposed NEZ, and within a related proposed Oakland-Clay NEZ, the developers propose to build 548 units of new housing at a total cost of \$102.285 million. Additional investments contemplated by the developers in the area, inside and outside these two NEZs, which will not qualify for NEZ tax abatement, will bring the total investment amount to \$180.045 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with a legal description of the proposed NEZ.

Honorable City Council:

Re: Public Hearing on Request by Oakland East Development Group for Establishment of the Oakland-Clay Neighborhood Enterprise Zone in Accordance with Public Act 147 of 1992.

In response to the above referenced request, the Planning & Development Department, in conjunction with the Finance Department, have reviewed the Master Plan and the neighborhood preservation and development goals of the City; and find that approval of the request would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The generalized boundaries of the proposed NEZ are the alley north of King on the North, Clay on the South, Walter P. Chrysler Freeway (I-75) and Cameron on the East, and Oakland on the West. Within this proposed NEZ, and within a related proposed Oakland-Caniff NEZ, the developers propose to build 548 units of new housing at a total cost of \$102.285 million. Additional investments contemplated by the developers, inside and outside these two NEZs, which will not qualify for NEZ tax abatement, will bring the total investment amount to \$180.045 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration please find a resolution establishing a date and

time for the public hearing, together with a legal description of the proposed NEZ.

Honorable City Council:

Re: Address: 15073 Saratoga. Name: Michael Hawkins. Date ordered removed: October 9, 2002 (J.C.C. p. ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on January 13, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of January 9, 2003.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition ordered be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within three (3) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccu-

ped continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:

Re: Public Hearing on Request by Crosswinds Communities for Expansion of

a Neighborhood Enterprise Zone in Accordance with Public Act 147 of 1992.

Crosswinds Communities has requested that the Neighborhood Enterprise Zone established in 1998 for the Uptown Row development be expanded to include a proposed new residential development, Towns on Lothrop.

In response to the above referenced request, the Planning & Development Department, in conjunction with the Finance Department, have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that approval of the request would be consistent with the neighborhood preservation and development goals and with an amended Master Plan.

Currently the Master Plan designates the proposed site as MC, or Major Commercial, which requires a higher density of residential development than is contemplated in Crosswinds Communities' proposal. To accommodate Crosswinds Communities' new development, we anticipate providing your Honorable Body with a proposed amendment to the Master Plan for your review and approval which will change the Master Plan designation to SRC, or Special Residential-Commercial, which is identical to the designation for the successful Uptown Row development.

Crosswinds Communities proposes to invest \$2.5 million to construct 13 townhouse condominium units in a one-half square block area, between 3rd Street and the Lodge Service Drive, immediately across Lothrop Street from Uptown Row.

We request that a Public Hearing be scheduled on the issue of expanding this NEZ, as required by the NEZ Act. Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with a legal description and map of the proposed NEZ.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities

By Council Member Everett:

Whereas, Pursuant to Public Act No. 147 of the Public Acts of 1992 ("the Act") this City Council has the authority to establish or expand "Neighborhood Enterprise Zones (NEZs)" within the boundaries of the City of Detroit; and

Whereas, Crosswinds Communities has applied for the expansion of the "Uptown Row" NEZ, established by this City Council on September 9, 1998 in the area generally bounded by Pallister, Lothrop, and the John C. Lodge Service Drive, the NEZ being more particularly described in Exhibit A attached hereto; and

Whereas, Crosswinds Communities has applied for expansion of this NEZ in order to secure tax abatement for the proposed Towns on Lothrop townhouse condominium development to be located on a half-block site immediately across Lothrop from Uptown Row, the site being more particularly described in Exhibit B attached hereto; and

Whereas, The Act requires that, prior to establishing or expanding an NEZ, the City Council shall provide an opportunity for a Public Hearing on such establishment, at which Public Hearing representatives of any taxing authority levying *ad valorem* taxes within the City, or any owner of real property within the proposed District, or any other resident or taxpayer of the City of Detroit may appear and be heard on the matter;

Now Therefore Be It

Resolved, That on the 3rd day of April, 2003, at 10:00 a.m. in the City Council Committee Room, 13th floor, Coleman A. Young Municipal Center, a Public Hearing be held on the application for expansion of the Uptown Row NEZ at the site referred to above, the existing NEZ and the proposed expansion being more fully described in Exhibits A and B, respectively; And Be It Finally

Resolved, That the City Clerk shall give notice of the Public Hearing to the general public and shall give written notice of the Public Hearing by certified mail to all owners of real property within the existing and proposed expansion, and to all the taxing authorities levying an *ad valorem* tax within the City of Detroit.

Honorable City Council:

Re: Landlord/Tenant Rental — Lead Abatement — First Time Effort Matching “Conditional” Grant (Deferred Loan) Program Request For Transfer of Funds.

This correspondence serves to forward to your Honorable Body, a proposed program design for a first time effort to abate lead-based paint hazards in rental units. This program is desperately needed and designed to address the vast number of Detroit children and families who are “at-risk” for lead paint poisoning and presently reside in rental properties.

As an outgrowth of the City of Detroit’s Lead-Based Paint Task Force, the City has launched a comprehensive effort that commenced with the implementation of this task force in May, 2002. A series of recent meetings with the City Planning Commission has culminated in a joint effort to develop and design this program (see attached proposed program). We are presenting this proposed program design to your Honorable Body for your review and information.

We are also pleased to report that over the last several months the City of Detroit’s Lead-Based Paint Task Force has successfully held two (2) Town Hall Meetings/Information Seminars (August, 2002 and November, 2002) in an effort to provide education, information, and resources to the citizens of Detroit. We also have planned an upcoming Town Hall meeting scheduled for Tuesday, February 18, 2003 at the St. Christopher’s Catholic Church, 7800 Woodmont, Detroit, Michigan.

Today, we are pleased to request your support with respect to transfer of funds needed for program implementation and operations. The City Planning Commission has prepared a resolution (under separate cover) to support this program effort and transfer of funds. This is a collaborative effort with representatives participating from the Planning & Development Department, Buildings &

Safety Engineering Department, Detroit Housing Commission, Detroit Health Department, City Planning Commission, Department of Housing & Urban Development, State of Michigan, program non-profits, other healthcare providers and stakeholders.

The main goals of this landlord/rental pilot program is designed to provide funding assistance and lead abatement to rental households and dwelling units where children have been diagnosed with an elevated blood level. The initial goal in this pilot effort is to select ten (10) properties, with a maximum of forty (40) dwelling units. The client list of program applicants will be derived principally from referrals from the Detroit Health Department's database.

Subject to your Honorable Body's approval of the transfer of funds, we are prepared to move forward with an immediate program implementation. In closing, we welcome your Honorable Body's participation at the next town hall meeting referenced above as well as participation on our monthly Lead-Based Paint Task Force, with the next meeting scheduled for February 12, 2003, 10:00 a.m.

Respectfully submitted,

Honorable City Council:

Re: Transfer of funds from City Council to Planning and Development for Lead Hazard Reduction in Rental Properties.

Per direction provided at the City Council discussion on January 29, 2003, this letter is to officially request adoption of the attached resolution authorizing the transfer of \$500,000 from City Council's budget to the Housing Services Section of the Planning and Development Department (P&DD) for a pilot program to reduce lead hazards in rental properties.

During the 2002-2003 Community Development Block Grant (CDBG)/Neighborhood Opportunity Fund (NOF) budget process, City Council temporarily allocated \$1.5 million to the City Council budget for lead hazard reduction in rental housing. The intention was that once a program was designed and recommended to City Council, City Council would move the funds to the appropriate department to run the program.

CPC staff and P&DD staff recommended to City Council a pilot demonstration program for reducing lead hazards in rental housing to be administered by the P&DD Housing Services (please see a program description attached). The pilot phase of the program would reduce lead

hazards in 10 rental properties (one to four units) up to a total of 40 units. The repairs would be partially financed by a non-interest bearing deferred payment loan equal to half the rehabilitation cost up to a maximum of \$12,000 per dwelling unit. Property owners would be required to contribute and escrow a matching amount that is at least equal to the City's contribution. Repayment of the City's loan would be deferred and forgiven after two years provided the conditions of the agreement are met.

We are requesting that \$500,000 be transferred from City Council appropriation number 10660 to appropriation number 11133 at P&DD for Housing Services' operation of the pilot phase of a program for lead hazard reduction in rental housing.

Respectfully submitted,

MARSHA S. BRUHN

## Invocation

Almighty God the giver and sustainer of life. Your word has declared that prayers of intercession, thanksgiving and supplication be given for all mankind.

We pray for our President and all who are in authority, that we may lead a quiet and peaceable life in all Godliness and reverence. (1 Timothy 2: 1-2)

We especially pray for our Mayor and City Council, that every decision made will be in the best interest of all citizens. I pray for them individually as well as collectively.

I pray that they might give much thought to the disfranchised, the homeless, the elderly, the children and those that are living in the prison of their homes (bars on windows and doors), and drive by shootings. "O God", we cannot live a quiet and peaceable life with guns in our schools, drugs and killings in our streets.

I pray for our Chief of Police, give him the wisdom to govern those who are his subordinates. Help him to continue to display the integrity he has shown thus far.

Dear Lord, help those of us as ministers of the gospel, to be ever mindful to let our light shine so that those that are yet walking in darkness may see the light that glows from our lives. That You may be glorified, in Jesus' name, Amen.

**COMMUNICATIONS:  
Mayor's Office**

February 3, 2003

Honorable City Council:

Re: Capital Bond Authorization Proposals.

In order to continue the process of an orderly capital improvement program over the next several years, it will be necessary to seek approval from the electorate for additional bond authorizations.

The 2002-03 City budget includes a general obligation bond issue of \$45,000,000 that was sold in August 2002. The City has remaining a total of \$142.64 million of voter authorized (but unissued) bonds for General City agencies received from prior authorizations. However, there are currently several departments that have no voter authorization remaining who will be ineligible to participate in future general obligation bond sales. There also exists an additional \$25,770,000 of authorized (but unissued) general obligation bonds, of which \$24,000,000 of this amount was for sewer construction in 1960 (prior to the Sewage Department's ability to sell revenue bonds) and \$1,770,000 remains from authorized (but

unissued) bonds that were appropriated in 1995 but not sold. The last time the city went to the electorate for voter authorization was in November 2001 when \$20,000,000 was approved for the Detroit Historical Museum capital expansion/renovation project. In November 2000, the City received authorization from the electorate to issue \$171 million in general obligation bonds for projects in the areas of Economic Development, Public Lighting, Public Safety (Police, Fire and EMS), Recreation, Zoo and Cultural Facilities, Municipal Facilities and the Detroit Institute of Arts.

Having reviewed the City's capital requirements, I am submitting to your Honorable Body, four bond authorization proposals for inclusion on the April 29, 2003 General Election ballot. Specifically, I am requesting your approval to submit to the voters for a General Obligation Bond Authorization Program totaling \$131 million. This package addresses the City's capital needs in the areas of Economic Development; Public Safety (Police, Fire and EMS); Municipal Facilities and the Charles H. Wright Museum of African-American History. The attached summary is an outline of tentatively proposed projects.

The attached resolutions will authorize the placement of these questions on the ballot. The approved package must be submitted to the City Clerk at least seventy (70) days prior to the election, (no later than February 18, 2003), in order to be placed on the April 29, 2003 special General Election ballot for consideration by the voters of the City of Detroit.

Respectfully submitted,

Re: 2003 Guidelines for Property Tax Exemption.

The Citizens Board of Review revised the income guidelines, which are to be used in evaluating 2003 petitions for hardship exemption from property taxes. The enclosed procedures and guidelines are being submitted to your Honorable Body for adoption pursuant to Public Act 390 of 1994.

The Board of Review will begin processing petitions for hardship exemption on February 17, 2003 and therefore, will need to have guidelines adopted by your Honorable Body on or before that date.

Respectfully submitted,  
ELOREEN SMOTHERS

Assessors Board Coordinator

**Detroit Citizens Board of Review Process for Reviewing Hardship Application**

1. The Applicant must **own and occupy** the Property as their primary Homestead.

2. The Homestead must have been owned for a minimum of three years unless verification proves a substantial loss of income since the date of purchase.

3. Applicant is required to complete a 4-page application form along with required documentation verifying family composition, all sources of annual income, i.e., rents, Family Independence Agency grants, Michigan Homestead credit, medical and household bills, all other assets, bank statements and other pertinent data requested on the application. A copy of application is attached.

The Applicant is required to submit to the Board of Review the federal and state income tax returns for all persons residing at the property, including any property tax credit returns, filed in the immediately preceding year or in the current year or submit the enclosed affidavit explaining why no income tax returns were filed.

4. HOUSEHOLD (RELATED AND NON-RELATED) COMPOSITION AND ANNUAL INCOME — While recognizing that there is no universally agreed upon view as to what constitutes poverty, the Detroit Board of Review has established the following maximum eligible income as a "guideline" and as an aid in eliminating subjective judgements for reviewing 2003 petitions.

Number of Exemptions	Maximum Eligible Income
0-1	\$13,800.00
2	17,000.00
3	19,100.00
4	22,500.00
5	27,918.00
6	29,130.00

Add \$3,574.00 to the income limit for each exemption above six.

In addition, the total household assets (i.e. bank accounts, rental properties) shall not exceed \$3,500.

5. Each application is reviewed as to its individual circumstances based upon all facts submitted by the applicant. All information is utilized by the Board of Review in judging the taxpayer's ability to meet the tax obligation. If the taxpayer is within the above guidelines, the taxpayer will be granted an exemption. If the taxpayer is outside the above guidelines, the exemption will usually be denied.

If the taxpayer shows extraordinary circumstances that are substantial and compelling, the Board of Review may deviate from the above guidelines and grant or deny a full or partial exemption. In such an instance, the taxpayer shall be advised in writing of the substantial and compelling reasons for the granting or denying of an exemption and the reasons shall also be noted on the application. These guidelines are in accord with the amendments to Section 7(u) of M.C.L.A.211.et seq.

It should be noted that each taxpayer's circumstances are considered anew each year.

**City Planning Commission**

February 12, 2003

Honorable City Council:

Re: Sneekers, Inc. (Petition #1063), Chit Chat Bar, 22641 Fenkell.

Sneekers, Inc. has requested transfer of a Dance permit and issuance of a new Entertainment permit from the Michigan Liquor Control Commission (MLCC). This permit would be used at 22641 Fenkell between Brammell and Beaverland on the premises presently known as the Chit Chat Bar.

This request to the MLCC was made in conjunction with the transfer of ownership from Chit Chat Bar, Inc. to Sneekers, Inc. Your Honorable Body's approval is not needed for the transfer of the liquor license itself; however, Council's approval is needed for the MLCC to transfer the dance permit and to issue a new entertainment permit.

The Liquor License Unit of the Detroit Police Department (LLU/DPD) is the City agency that collects all the needed approvals from various City departments. The LLU/DPD then notifies the Law Department that the approvals have been obtained. Law prepares the resolution of approval for Council's consideration only after the reviewing agencies have signed-off. As a matter of general procedure, additional comment from the City Planning Commission (CPC) staff is not needed prior to Council's action, once the Law Department resolution has been submitted.

Police approval was based in part on Sneekers having obtained a zoning verification letter from the Buildings and Safety Engineering (B&SE) Department, dated October 31, 2002. Permits from 1953 and 1959 legally established 22641 Fenkell as a Class "C" Bar and Nightclub. CPC staff also verified that there are no outstanding violations on the property at B&SE.

Unless your Honorable Body has specific knowledge of other issues or concerns surrounding the premises or the licensee, CPC staff recommends that the

resolution for approval of a dance-entertainment permit be put on for today's formal session.

Respectfully submitted,

Honorable City Council:

Re: Petition Number 1063 — Request for Detroit City Council Approval for the Issuance of a Dance/Entertainment Permit by the Michigan Liquor Control Commission to Sneekers, Inc., 22641 Fenkell.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, the owner of the establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice to the Detroit City Council, which has been designated by the City Clerk as Petition Number 1063, for 22641 Fenkell. The petition requests City Council consideration of the request for transfer of an existing dance permit and the issuance of a new entertainment permit to be held in conjunction with the proposed transfer of ownership the Class C MLCC liquor license from Chit Chat Bar, Inc. to Sneekers, Inc., for the subject address. Approval of the issuance of a dance/entertainment permit for 22641 Fenkell would allow dancing by patrons only at the licensed premises and the provision of entertainment. The issuance of a dance/entertainment permit by the MLCC does not allow for topless activity on the premises.

Upon investigation, review, and consultation with other City departments, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the transfer of the existing dance permit and the issuance of a new entertainment permit to Sneekers, Inc., for 22641 Fenkell, contingent upon the new owner complying with all of the requirements of the applicable City ordinances and being licensed by the City to operate a "Group A" cabaret at this location.

In accordance with Section 916(6)(b) of the Michigan Liquor Control Code, being MCL 436.1916(6)(b), and the applicable provisions of the 1997 Detroit City Charter, the attached proposed resolution approving the transfer of the existing dance permit and the issuance of a new entertainment permit to Sneekers, Inc.,

for 22641 Fenkell, is being submitted to this Body for consideration and approval.

We request that the proposed resolution be considered at the earliest possible sessions. If there are any questions or concerns, please do not hesitate to contact us.

Respectfully submitted,  
BRENDA E. BRACEFUL  
Deputy Corporation Counsel

By Council Member K.Cockrel, Jr.:

Whereas, Section 916(6)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body within which the premises are located;

Whereas, The MLCC has forwarded a Local Approval Notice to City Council, which has been designated by the City Clerk as Petition No. 1063, concerning the issuance of a dance/entertainment permit to Sneekers, Inc. for 22641 Fenkell, in Detroit;

Whereas, The dance/entertainment permit issued by the MLCC would be held in conjunction with the proposed transfer of ownership of an MLCC Class C licensed business with a Sunday sales permit from Chit Chat Bar, Inc. to Sneekers, Inc., at 22641 Fenkell;

Whereas, Pursuant to Section 916(6)(c) of the Michigan Liquor Control Code, being MCL 436.1916(6)(c), the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the transfer of the existing dance permit and the issuance of a new entertainment permit to Sneekers, Inc., for 22641 Fenkell, contingent upon the location meeting the requirements of all of the appropriate provisions of the 1984 Detroit City Code and the owner being licensed by the City to operate a "Group A" cabaret at the location; and

Whereas, The City Council has considered the Local Approval Notice for the issuance of a dance/entertainment permit to Sneekers, Inc. for 22641 Fenkell in Detroit and the procedures and criteria for this Body's approval of the issuance of dance and entertainment permits by the MLCC.

Now Therefore It Is Resolved, Pursuant to Section 916(6)(b) of the Liquor Control Code, being MCL 436.1916(6)(b), that the Detroit City Council, approves Petition No. 1063 and the issuance of a dance/entertainment permit to Sneekers, Inc. for 22641 Fenkell, to be held in conjunction with the proposed transfer of ownership of the MLCC Class C with Sunday sales permit at 22641 Fenkell, in Detroit; and

It Is Further Resolved, That copies of this Resolution, and the City Clerk's certification of this approval (MLCC request ID 142070), be forwarded to the Michigan Department of Consumer and Industry Services, Liquor Control Commission, 7150 Harris Drive, P.O. Box 30005, Lansing, MI 48909-7575, the Detroit Police Department, Liquor License Unit, 1300 Park Street, and the Business License Center, 105 Coleman A. Young Municipal Center.

Honorable City Council:

Re: 20201-51 Sherwood Redevelopment Plan.

The enclosed Brownfield Plan for the 20201-51 Sherwood Redevelopment (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered, reviewed and adopted by the Committee. A joint public hearing was held by the Authority and the Committee on January 14, 2003 to solicit public comments.

On February 5, 2003, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

#### Project Introduction

The 20201-51 Sherwood redevelopment project is located at 20201 and 20251 Sherwood Avenue. The project entails the renovation of a 20,760 square foot industrial building located on 20251 Sherwood to modern heat-treating standards and the construction of an 18,000 square foot building addition on 20201 Sherwood (currently vacant). Total projected expenditures related to this project are expected to be approximately \$2,000,000.

### **Purpose of the Proposed Plan**

The proposed Plan and upon approval of this Plan by City Council, RMT Industries, L.L.C. will be entitled under state law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in their project.

### **Property Subject to the Proposed Plan**

The eligible property is located roughly between Outer Drive (Milbank Street) to the south, the Eight Mile Road (Savage Road) to the north, Sherwood to the west and Concord to the east.

### **Basis of Eligibility**

The property is considered to "eligible property" as defined by Act 381 because it is located in a qualified government unit under the Brownfield Act, has previously been utilized for a commercial purpose and is determined to be a "Facility" as defined by Act 381.

### **Projected Costs**

The proposed plan anticipates the cost of the eligible activity for this project will be approximately \$171,000. The expense of these eligible activities is the responsibility of the Developer.

This proposed project has been approved by the City of Detroit's Planning & Development Department.

### **Public Comments Received**

The Committee's communication to the City Council and the Authority dated January 24, 2003 (Exhibit C), recommending approval of the Plan, including the minutes of the Authority's public hearing and the Committee's public meeting are enclosed for City Council's consideration.

At the public hearing held jointly by the DBRA and the DBRA-CAC on January 14, 2003, there were three members from the public in attendance, one of whom raised concerns with regard to the general conditions of the neighborhood.

Ms. Lula Odom, member of the Committee, expressed concerns for potential hazardous conditions with regard to ammonia.

Ms. Bosch, Committee member, and Mr. Woodworth, the Developer, indicated that actions will be taken to alleviate the concerns expressed by the public.

Honorable City Council:  
Re: Transfer of Funds for Special Election.

As your Honorable Body is aware, with the untimely death of the Honorable Brenda M. Scott, it will be necessary to hold two unplanned special elections to fill her vacant City Council seat. A special Primary Election will be held on March 18, 2003; and a special General Election will be held on April 29, 2003. In total, the Department of Elections is estimating that the combined cost of the two elections will approach \$2.5 million. Unfortunately, no contingency funding is available in their 2002-2003 Budget to cover unforeseen occurrences such as this.

Working with the Budget Department, the Department of Elections has initially identified approximately \$600,000 in appropriation balances that can be used for the two elections. Additionally, the Budget Department has conducted an extensive search for other possible funding sources for the remaining \$1.9 million needed to cover this funding shortfall.

The attached resolution outlines the other sources and requests that your Honorable Body approve the transfer of necessary appropriations in order to fund both elections.

Re: Address: 5740 Lakewood. Name: Larry & Wanda Johnson. Date ordered removed: March 7, 1990 (J.C.C. p. 549).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on January 15, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved Tax Payment Plan to pay the current taxes due as of January 14, 2003.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period

of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within three (3) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Director
