Honorable City Council:

Re: Acceptance of Grant Awards.

The City of Detroit has received two separate grant awards from the Department of Justice, administered under state programs. As part of the 2002 Supplemental State Domestic Preparedness Program, Detroit received an equipment award of \$252,912 and \$6000 to conduct exercises that involve weapons of mass destruction scenarios. The City of Detroit was awarded an additional \$349,202 from the 2003 State Homeland Security Grant Program. Total awarded amount is \$608,114.00.

The purpose of both grants is to provide federal pass-through funds for the procurement of specialized emergency response equipment that will enhance basic defensive capabilities of the state to respond to an incident of domestic terrorism or incident involving weapons of mass destruction. (See attached equipment list) In addition, the purchase of additional assets will continue Detroit's efforts to provide the city's first responders with the best equipment available.

I respectfully request your approval to accept both grant awards in accordance with the attached resolution.

**Planning & Development Department**

June 2, 2003

Honorable City Council:

Re: Conveyance of 17 Surplus Lots in the Block Bounded by Wilkens, Erskine, Railroad and St. Aubin.

The Planning and Development Department (P&DD) requests approval for the conveyance of 17 lots to Produce Palace Properties, L.L.C., 29300 Dequindre, Warren Michigan, 48092, for \$180,000. This property will be conveyed through the Trustee in Bankruptcy pursuant to an Order of the United States Bankruptcy Court of the Eastern District of Michigan in *The Matter Of Michigan Re-Packing & Produce Company, Case No. 02-48602 SWR*.

The 17 city-owned vacant lots are situated within a larger six-acre parcel owned by Michigan Re-Packing & Produce Company, 1903 Wilkens Street, Detroit. The entire Parcel is surrounded by a cyclone fence, which gives the appearance of single ownership. Inside the fenced area, Michigan Re-Packing & Produce Company has developed and maintained a building in which it repackages tomatoes. Delivery trucks have used the vacant city-owned land inside the fence in order to turn around.

After filing for Bankruptcy, the Trustee sold the larger six-parcel at an auction. Produce Palace Properties, L.L.C., won the auction with the highest bid. The 17 city-owned lots have been an integral part of the produce repackaging business as it facilitated truck traffic on and off the site, thus, the sale of these lots to Produce Palace Properties, L.L.C., is necessary to unify the ownership of the parcel.

The covenants and conditions of the conveyance include but are not limited to the following:

The sale of the Real Property is subject to all applicable laws of the State of Michigan, including, but not limited to the Blighted Area Rehabilitation Act, 1945 PA 344, as amended, all applicable use restrictions and zoning ordinances of the City of Detroit, and the Modified Development Plan for the Wholesale Distribution Center Rehabilitation Project No. 3 ("Development Plan") of the City of Detroit. To the extent that any conflicts between the zoning ordinance and the Development Plan exists as to land use, the Development Plan shall govern;

The Purchaser shall commence use of the real property consistent with existing use and zoning laws, and complete the development of said real property within three (3) years of the date of entry of this

order; and

One hundred eighty thousand dollars and no cents (\$180,000) shall be deposited into escrow with the Chapter 7 Trustee's escrow account from the sale proceeds and shall be disbursed to the City of Detroit.

The Department requests approval to convey the following real property:

Land in the City of Detroit, County of Wayne, and State of Michigan being all of Lots 26, 27, 28 and 29 "Plat of the Subdivision of Lot 16, North of the Gratiot Road, Witherell Farm" as recorded in Liber 44, Page 470 of Deeds, Wayne County Records; also all of Lots 66 through 72, both inclusive, and Lots 87, 88, 90, 91, 92, and 93, and the vacated public alley adjoining said Lots 66 and 67, plus the easterly 0.5 feet of the northerly 62 feet of the southerly 77 feet of Lot 65, plus the southerly 22.50 feet, including vacated alley adjoining, of Lot 73 and the southerly 22.50 feet, including vacated alley adjoining, of Lot 74 "Plat of the Subdivision of Out Lot 34, St. Aubin Farm" as recorded in Liber 1, Page 173 of Plats, Wayne County Records; except land dedicated to the City of Detroit for alley purposes on August 5, 1930 being the southerly 15.00 feet of Lots 73 and 74 as platted "Plat of the Subdivision of Out Lot 34, St. Aubin Farm" as recorded in Liber 1, Page 173 of Plats, Wayne County Records.

We therefore request that your Honorable Body resolve with a Waiver of Reconsideration to authorize the P&DD Director, its Director of Development Activities, or its designee to convey the above described real property.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities

Honorable City Council:

Re: Coalition on Temporary Shelter Apartments Payment in Lieu of Taxes (PILOT).

Coalition on Temporary Shelter (COTS), the sponsor has formed COTS Limited Dividend Housing Association Limited Partnership.

They have been granted a loan from the City of Detroit — Home Investor Loan Program in the amount of \$2,000,000 for 20 years at 0% interest; Low Income Housing Tax Credits of \$2,516,946 along with Sponsor Loan Contributions of \$5,870,014.

COTS is renovating a 35 unit apartment complex located on Wyoming Avenue in the area bounded by Joy Road on the north, Kentucky on the east, McKenzie on the south and Wyoming Avenue on the west.

In order to make the development economically feasible, it is necessary for the development to receive the benefits of tax exemption under section 15a of the State Housing Development Authority Act of 1966 (P.A. 346, as amended, MCLA 125.1415A).

In accordance with the National Housing Act and the criteria for the award for reservation of Low Income Housing Tax Credits and the Planning and Development Home Investor Loan Program at least twenty percent (20%) or 7 of the units must be occupied by households having income no greater than 50% of the median income, adjusted for family size. The remaining 80% or 28 of the units must be occupied by households with income that do not exceed 60% of the area median income, adjusted for family size. These income restrictions will be in effect for the longer of the period the Affordable Housing Restrictions apply or the time required under the Tax Credit Program.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a four percent 4% service charge for this housing project.

Respectfully submitted,  
FREDERICK W. MORGAN  
Assessor

June 11, 2003

Honorable City Council:

Re: Address: 7740 Chalfonte. Name: Carlyle Haynes. Date ordered removed: February 13, 2002 (J.C.C. p. 399).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on June 3, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of May 3, 2003.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

Re: Address: 420 Oakwood. Name: Aaron Garcia. Date ordered removed: October 10, 2001 (J.C.C. p. 2921).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on June 6, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of May 1, 2003.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of six (6) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to

the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. Honorable City Council:

Re: Address: 1764 Calumet. Name: Angela G. Simon. Date ordered removed: March 29, 2000 (J.C.C. p. 693).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on May 27, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of May 20, 2003.

The proposed use of the property is rehabilitation and rental.

Therefore, it is recommended that the demolition order be deferred for a period of six (6) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

**City Planning Commission**

March 18, 2003

Honorable City Council:

Re: Proposed ordinance to regulate business signage (RECOMMEND APPROVAL).

For some time your Honorable Body and the City Planning Commission (CPC) have been concerned about the excessive amount of business signage displayed on some of the city's businesses. One of the deficiencies of the Detroit City Code, including the Zoning Ordinance, is that, unlike most other cities, there is no limit on the amount of business signage that a business can display. As a result, City Council requested the CPC staff to develop an ordinance that would address the proliferation and appearance of business signs in Detroit.

CPC staff worked on developing a comprehensive revision of the City Code provisions regulating business or "on-premise" signage for over three years. This resulted in an extensive set of draft provisions. Because of its comprehensive nature, this document still required further research and discussion with City departments. Late last year, Council Member Everett requested an ordinance be developed to address the problem of sign clutter on Detroit's business strips that could be adopted in a timely manner. In response, CPC staff developed a streamlined ordinance that was submitted to the City Council in November, 2002 and referred to the City Planning Commission.

**MAJOR PROVISIONS OF PROPOSED ORDINANCE**

The proposed ordinance amends Chapter 3 of the City Code rather than the

Zoning Ordinance; therefore, existing signage would be required to comply with the new regulations rather than be "grandfathered-in". The proposed ordinance requires compliance within either six months of the effective date of the ordinance, for existing signs without permits, or one year of the effective date, for signs having permits.

Rather than trying to restrict the number or type of signs a business may put up, the proposed ordinance provides for a maximum business sign area allowed for each business. Each business then has the discretion to display any number or type of business signs as long as the total square footage of the signage does not exceed the maximum allowable area. This maintains the business' flexibility to promote itself as it wishes, while the city has control over the overall amount of signage displayed on its streets. In general, the maximum business sign area would be the greater of 20% of a business's building frontage elevation (length of building frontage times 13) or 1 square foot for each foot of a business's street frontage (building and site), not to exceed 500 square feet.

The extensive painting of the walls of certain businesses, to the extent that the building itself becomes a sign, has been a particular issue brought up from time to time. Under the proposed ordinance, painted wall graphics must be included in the calculation of business signage, and they would be required to be licensed as are other sign types.

The proposed ordinance also includes other standards for business signage on buildings (other than corner buildings) on through lots, on multiple story buildings, on commercial parking lots, and for parking structures. There are also provisions for signage on multi-tenant shopping centers, and office, industrial and business complexes.

**PUBLIC HEARING RESULTS**

The City Planning Commission held a public hearing on the proposed ordinance on January 16, 2003. Seven persons spoke at the public hearing, all of whom expressed support for the proposed ordinance amendment. Several commented that the amount of signage currently allowed contributes to the unattractiveness of Detroit's commercial strips to customers and potential businesses. One speaker commented that there needed to be a limitation on the number of signs allowed relative to the maximum business signage area. There were comments that specific restrictions needed to be developed to address signage on adult entertainment facilities. There were also several comments made that colors on business signage should be regulated. There was a comment that flashing or blinking signs should be required to be over 150

feet from residential property rather than the 100 foot distance in the ordinance. There were concerns expressed about enforcement of the ordinance, the amount of fines and the length of the non-compliance period. The CPC office also received one telephone call from a business association representative who felt that it was unfair to require licenses for painted wall graphics since they are not structures.

**INTERDEPARTMENTAL MEETING**

A meeting was held on February 12, 2003 with representatives of the Law, Public Works, and Buildings and Safety Engineering Departments to gain their input on the proposed ordinance. Upon reviewing the document, the departments represented expressed no objections. The Law Department representative indicated that others in the department would have to be consulted on the issue of the length of the non-compliance period and that a response would be forthcoming shortly.

**ANALYSIS**

The proposed ordinance provides for what is felt to be an equitable and yet flexible method by which to comply with business signage limitations. It was felt that providing a maximum amount of allowable business signage area in an objective manner addressed the concern about the proliferation of signage. A business may choose to use the area allowed to display numerous small signs, which was not felt to be a particular problem as long as the signage meets the definition of "business signage".

In response to the concern about signage on adult entertainment uses, the Law Department representative at the interdepartmental meeting felt it would be extremely difficult to defend designating a particular type of business for special sign regulations and that such an amendment would likely result in a court challenge. Likewise, the CPC's zoning consultants have in the past cautioned about the difficulty and the perceived arbitrariness of trying to regulate colors on signage throughout the city.

Requiring flashing or blinking signs to be at least 150 feet from residential property would, to a large extent, ban such signs from most of the city's business strips since they generally are 100 feet deep bordering an alley that separates them from residential property.

In the course of reviewing the plans for the permanent casino complexes, there was an opportunity to use the standards of the proposed ordinance as a guide for signage limitations. In general, it was felt that the proposed standards yielded reasonable results in terms of signage allowed. However, there were two issues that arose that resulted in Commission-recommended revisions of the draft ordinance.

The 500 square foot maximum business sign area allowed does not appear to be realistic for large-scale developments or buildings in certain areas such as downtown. This was addressed by exempting from this limitation developments that specifically require City Council approval of signage plans (Sec. 3-7-5). This would be the case for developments in PD (Planned Development District), PCA (Restricted Central Business District), PC (Public Center District), SD5 (Special Development District for Casinos), and some SD4 (Special Development District, riverfront mixed-use) zoning classifications.

The other issue that emerged was the need for more clarity as far as the method of measuring building frontage. In attempting to determine the building frontage of a building with many angles, curves, and recesses such as those of a casino complex, it was found that the definition was not flexible enough. The definition of "building frontage" was therefore revised (Sec. 3-7-2) to state that building frontage is the portion of a building's facade that is visible as projected along the street that it fronts.

We are awaiting the Law Department's response to the issue of the length of the period allowed for non-compliant signage. The Law Department has been asked to respond as to whether these are reasonable time frames given that, in some cases, a significant investment has been made by the business. We also understand that the Law Department may have some additional concerns regarding the ordinance.

In general, the proposed ordinance amendment seems to reasonably address the issue of overabundance of signage on Detroit's business frontages. It has received general support from the public and City departments and, if enforced sufficiently, should result in a positive change in the appearance and the image of the city.

**RECOMMENDATION**

The City Planning Commission recommends approval of the proposed amendments to the City Code to regulate business signage as revised.

This proposed ordinance is attached. Please note that it has not yet been approved as to form by the Law Department. You may wish to hold a discussion on the ordinance prior to the Law Department's approval and the scheduling of a public hearing.

**AN ORDINANCE** to amend Chapter 3 of the 1984 Detroit City Code, titled "Advertising and Signs," by adding Article VII, captioned "Regulation of Business Signs," consisting of Sections 3-7-1 through 3-7-9, to state the purpose of Article VII; to provide definitions of "awning sign," "building frontage," "business sign," "double-faced sign," "electronic message board sign," "ground sign," "individual letter sign," "painted wall graphic sign," "roof sign," "sign," "wall sign," and "window sign"; to provide general requirements for business signs; to provide the method for computing the area of business signs; to limit the maximum area of business signs; to establish restrictions applicable to business signs in specified locations; to establish requirements for painted wall graphics serving as business signs; to provide for the elimination of business signs that are not in compliance with Article VII; and to provide for enforcement of Article VII by the Buildings and Safety Engineering.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 3 of the 1984 Detroit City Code titled "Advertising and Signs," by adding Article VII, be amended by adding Article VII, captioned "Regulation of Business Signs," consisting of Sections 3-7-1 through 3-7-9, to read as follows:

**ARTICLE VII. REGULATION OF BUSINESS SIGNS**

**Sec. 3-7-1. Purpose.**

The purpose of this article is to regulate business signs within the City of Detroit; to limit the abundance of signs in order to reduce motorist distraction and loss of safe sight distance; to promote public convenience; to preserve property values; to support and complement land use objectives as set forth in the City's master plan and ordinances; and to enhance the aesthetic appearance and quality of life within the City.

**Sec. 3-7-2. Definitions.**

As used in this article, the following words and phrases shall have the meanings ascribed to them by this section:

*Awning sign* means a business sign that is a section of or attached to an awning, canopy, or other fabric, plastic, or structural protective cover over a door, entrance, window or outdoor service area. A marquee is not an awning.

*Building frontage* means that portion of a building's facade that is visible as projected along the public or private street that it fronts. However, portions of facades visible from more than one street, such as those containing curves, cylindrical

shapes, or angles, shall only be measured once when determining building frontage. There can be only one building frontage for each street faced by a building.

*Business sign* means a sign, at least seventy-five (75) percent of whose area is devoted to directing attention to the principal business or profession conducted, or to the principal type of commodity, service, or entertainment sold or offered on the premises on which the sign is located or to which it is affixed.

*Double-faced sign* means a business sign of which both sides are visible and used as signs. A "v" type sign shall be considered a double-faced sign, provided the least angle of intersection does not exceed forty five (45) degrees. A multi-faced sign has more than two display areas, all of which are visible and used as signs.

*Electronic message board sign* means any business sign that uses changing lights to form a sign message or messages wherein the sequence of messages and the rate of change is electronically programmed and can be modified by electronic processes. For regulatory purposes, electronic message board signs are flashing signs.

*Ground sign* means a business sign, including a ground-mounted billboard, that is supported by one or more uprights, poles, or braces in or upon the ground.

*Individual letter sign* means a type of wall sign, as defined below, consisting of individual letters, incised letters, script or symbols with no background material other than the surface to which the letters, script or symbols are affixed.

*Painted wall graphic sign* means any business sign exceeding ten (10) square feet in area that is painted upon a wall.

*Roof sign* means a business sign that is erected upon or above a roof or parapet of a building or structure.

*Sign* means any letter, figure, character, mark, plane, point, marquee sign, design, poster, pictorial, picture, stroke, stripe, line trademark, reading matter, or illuminated service that shall be constructed, placed, attached, painted, erected, fastened, or manufactured in any manner whatsoever, so that the same shall be used for the attraction of the public to any place, subject, person, firm, corporation, public performance, article, machine, or merchandise, whatsoever, that is displayed in any manner whatsoever outdoors, or as defined under *window sign* below. Every sign shall be classified and conform to the requirements of such classification as set forth in the Stille-Derossett-Hale Single State Construction Code Act, being MCL 125.1501, *et seq.*, including Appendix H, and as set forth in this Code. However, a "sign" shall not include any display of official court or pub-

lic agency notices, nor shall it include the flag, emblem, or insignia of a nation, political unit, school, or religious group.

*Wall sign* means any business sign attached to or erected against the wall of a building or structure with the exposed face of the sign in a plane parallel to the plane parallel to the plane of said wall.

*Window sign* means a business sign which is painted on, applied to or attached to a window or door, or located within three (3) feet of the interior of the window or door, and is visible from the exterior of the building.

**Sec. 3-7-3. Requirements for business signs.**

It shall be unlawful to erect or maintain a business sign except in accordance with the following requirements:

(a) Business signs shall not cover or conceal architectural features of the building including, but not limited to, windows, arches, sills, moldings, cornices, and transoms.

(b) Electronic message board sign space within any business sign shall not comprise more than forty (40) percent of the total sign area.

(c) Inflatable, balloons, and similar devices shall be allowed for the promotion of a special event only upon application for and issuance of a temporary sign permit by the Buildings and Safety Engineering Department. However, advertising of a product or service in this matter shall be prohibited except as a part of the promotion of the special event. Inflatables, balloons, and similar devices may be shaped or formed like a product, may have commercial copy, and shall meet the following restrictions:

(1) Be limited in placement to fifteen (15) days;

(2) Be placed on the premises as determined by the Buildings and Safety Engineering Department; and

(3) Be limited in placement to no more than two (2) permits per year.

(c) Where the individual sections of an individual letter sign are connected by a common structure, commonly known as a "raceway", which provides for the electrical and/or mechanical operation of sign, the raceway must be painted to match the color of the building or other structure to which the sign is mounted, and must be limited to a height of no more than one-half (1/2) of the tallest letter.

(d) The following illumination standards shall apply to all business sign types except where other specific standards apply:

(1) Signs may be illuminated, and signs over one hundred (100) feet from existing developed residential property or property which is designated in the master plan as appropriate for future residential development, may flash or blink.

(2) No sign shall be illuminated in a

manner that interferes with the effectiveness of an official traffic sign, traffic signal or traffic control device.

(3) Illuminated signs shall be arranged to reflect light away from residential structures.

(e) The tubing in neon signs may be encased so as to protect it from weather and breakage, and the enclosure, for example tinted glass or plastic, shall be designed to render such tubing invisible when not illuminated.

**Sec. 3-7-4. Computing the area of business signs.**

(a) The area of a business sign shall be computed as the entire area circumscribed by a parallelogram, triangle, circle, or semicircle, or any combination of these figures, which includes all of the display area.

(b) Where the sign faces of a double-faced sign are parallel or the interior angle formed by the faces is forty-five (45) degrees or less, only one display face shall be counted in computing sign area. If the two (2) faces of a double-faced sign are of unequal area, the area of the sign shall be the area of the larger sign face. In all other cases, the areas of all faces of a multi-faced sign shall be added together to compute the area of the sign.

(c) The height of a sign shall be the distance between the highest part of the sign and the grade of the nearest sidewalk.

**Sec. 3-7-5. General restrictions on maximum business sign area.**

(a) Each business is entitled to a minimum of thirty-two (32) square feet of business sign area. The maximum total area of all business signs for each business shall be the greater of twenty (20) per cent of the business' building frontage elevation or one square foot per each linear foot of business street frontage, not to exceed a total of five hundred (500) square feet. Businesses within developments that require City Council approval of plans shall be exempt from the five hundred (500) square foot maximum. For the purposes of this article, the building frontage elevation is calculated by multiplying the length of the front facade of the building of which the signage is to serve by thirteen (13) feet. Except as specified in Sec. 3-7-8, there is no restriction on the number of signs allowed and all types of business signs are allowed, including ground signs, wall signs, awning signs, roof signs, painted wall graphic signs, and projecting signs as long as the aggregate total area of the sign or signs does not exceed the maximum business sign area allowed.

(b) On corner lots, the allowable sign area for each street frontage shall be calculated separately. The total square footage allowed is obtained by adding the allowable sign area for each street frontage.

(c) For multi-tenant buildings, the twenty (20) percent of building frontage calculation shall be based upon the portion of the building leased/occupied by the respective business.

**Sec. 3-7-6. Restrictions on business signs in specified locations.**

(a) For buildings other than corner buildings, buildings that have double-frontage lots, or buildings located on through lots the allowable business sign area shall be calculated as follows:

(1) Where the building has front and rear customer entrances, 100 percent of the front street wall area is allowed, plus 25 percent of the rear (secondary) street wall area.

(2) Where the building has front and rear customer entrances and rear display windows, 100 percent of the front street wall is allowed, plus 50 percent of the rear (secondary) street wall area.

(3) The additional allowable business sign area shall be used at the rear customer entrance, but not to enlarge the primary sign.

(b) For multiple story buildings, business signs shall be permitted only in the following locations:

(1) On the building frieze;

(2) On an awning;

(3) On a first story wall; and

(4) In the area between the first floor and the window sill of the second story window. On buildings with no second story windows, a sign may be placed within the first four (4) feet of the second story level.

(c) For commercial parking lots, business signs shall be permitted only in the following locations:

(1) One (1) business sign shall be permitted at each point of ingress and egress to a parking lot to indicate the operator, address, hours of operation, parking rates, and directions of movement. No such sign shall exceed fifty (50) square feet in area and shall not be less than 6 feet 6 inches in height above grade. Each such sign shall be located entirely on the parking lot property.

(2) Business signs on commercial parking lots shall comply with Section 39-2-49 of this Code.

(d) For business signs on parking structures, the maximum total business sign area permitted is two-hundred (200) square feet. Signs designating entrances and exits of a parking structure shall not be included in the total business sign area allowance.

(e) For each multiple-tenant shopping center having four (4) or more separate business uses:

(1) One (1) ground sign is allowed, not to exceed a maximum sign area of one hundred and fifty (150) square feet. Where a development site has a minimum of two hundred (200) feet of frontage on

each of two (2) major thoroughfares, a second freestanding sign shall be permitted with the same size limitations as the first permitted sign, providing the distance between the two (2) signs is not less than three hundred (300) feet measured along the road frontage.

(2) One (1) wall sign for each separate business is allowed not to exceed one (1) square foot of area for each one (1) lineal foot of frontage of the portion of the building occupied by each separate business use; provided, however, that where a shopping center has exposure along two major thoroughfares, the corner or end business unit which has exposure on the two thoroughfares shall be permitted a second wall sign on the other facade facing a street, provided that the second sign shall not exceed one-half of the allowable area of the first permitted sign. Wall signs that are composed of either individual freestanding letters or boxed signs with frames shall be consistent in shape and height (such as rectangular, triangular, or circular) with every other such sign permitted on the premises of the shopping center.

(f) For business signs on multi-tenant buildings for office, business, and industrial complexes following restrictions shall apply:

(1) Any ground sign shall be designed primarily for identification purposes and shall display only the development name and/or address. The ground sign may display the names of each tenant.

(2) Where individual tenants have their own front wall surface, the individual business signs shall be wall signs.

(3) Directory signs, located at common entrances to tenant spaces, shall be included in the calculation of total sign area unless they are six (6) square feet or less and not visible from the front lot line.

(4) There shall be only one (1) ground sign for each street frontage of the property not to exceed one hundred (100) square feet or one (1) square foot of sign area for each two (2) linear feet of street frontage of the property, whichever is less. For corner buildings, a second sign containing up to half of the allowable business sign area of the first is permitted.

(5) There shall be only one (1) wall sign for each separate use in the complex, not to exceed one (1) square foot of area for each one (1) lineal foot of frontage of the portion of the building occupied by each separate use; provided, however, that where a complex has exposure along two major thoroughfares, the corner or end use which has exposure on two major thoroughfares shall be permitted a second wall sign on the other facade facing a street. The second sign shall not exceed one-half of the allowable sign area of the first permitted sign; provided further, that wall signs that are composed of

either individual freestanding letters or boxed signs with frames shall generally be consistent in shape (such as rectangular, triangular, or circular) and height with other such signs permitted on the premises of the complex.

**Sec. 3-7-7. Elimination of business signs not in compliance with this article required.**

(a) Existing business signs that were erected without a permit and which, although legally permissible at the time they were erected, become noncompliant due to the provisions of this article, must be brought into compliance with the provisions of this article within six (6) months of the effective date of this article.

(b) Existing business signs for which a sign permit was issued pursuant to the previous provisions of this Code, and which become noncompliant due to the provisions of this article, shall be brought into compliance within one (1) year of the effective date of this article; provided, however, that during such one (1) year period such signs shall be maintained in good condition and no such sign shall be:

(1) Structurally changed to another noncompliant sign, although its message may be changed;

(2) Structurally altered in order to prolong the life of the sign, except to meet safety requirements;

(3) Altered so as to increase the degree of noncompliance of the sign;

(4) Enlarged;

(5) Continued in use if a change of use occurs as defined in the Official Zoning Ordinance of the City of Detroit, being Ordinance No. 390-G, as amended, which is incorporated by reference into Chapter 61 of this Code;

(6) Re-established after the activity, business, or use to which it related has been discontinued for ninety (90) days or longer;

(7) Re-established after damage or destruction if the estimated cost or reconstruction exceeds fifty (50) percent of the appraised replacement cost; or

(8) Changed to any extent, including changing the faces when such sign is of a type of construction that permits a complete change of face; or any changes made in the colors, words or symbols used, or in the message displayed on the sign unless the sign is designed for periodic changes of message.

**Sec. 3-7-8. Painted Wall Graphics Serving as Business Signs.**

Painted wall graphics serving as business signs that were in existence prior to the effective date of this article shall not be permitted except as follows:

1. The name and address of the owner of the property where the business sign is located and the address of the property have been placed on record with the Buildings and Safety Engineering

Department within six (6) months of the effective date of this article.

2. A sign license is issued for the sign, and

3. The total area of painted wall graphics serving as business signs is included in the computation of existing business signs as compared to the maximum business sign area for each business.

Businesses wishing to use painted wall graphics as business signs on or after the effective date of this article may do so only if the area of the painted wall graphic, along with other business signs, does not exceed the maximum business sign area allowable under Section 3-7-5 of this article, and a sign license is obtained for the painted wall graphic.

**Sec. 3-7-9. Enforcement.**

This article shall be enforced by the Buildings and Safety Engineering Department.

**Section 2.** All ordinances, or parts of ordinances, that conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the People of the City of Detroit.

**Section 4.** In the event that this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter. Where this ordinance is passed by less than a two-thirds (2/3) majority of City Council Members serving, it shall become effective on the thirtieth (30) day after enactment, or on the first business day thereafter, in accordance with Section 4-115 of the 1997 Detroit City Charter.

June 20, 2003

Honorable City Council:

Re: Planning and Development Department's Request to Modify CHILD-HELP Program Design (Departmental Report)

On June 12, 2003, the Planning and Development Department (P&DD) submitted to your Honorable Body a written request and resolution to modify the CHILD-HELP program design from a matching grant to an out right grant.

**BACKGROUND**

In January 2003, your Honorable Body approved a transfer of funds in the

amount of \$500,000 from City Council's budget to P&DD in order to administer a pilot demonstration program to provide matching grants to landlords to remove lead hazards in rental units where children with lead poisoning reside. P&DD's current request would change the program from a matching grant program, whereby landlords would have to match the City's funds 1:1, to an out right grant program. The primary reason for modifying the program design is to make it more attractive for landlords to participate.

The letter from P&DD indicates that they attempted to recruit participants in three ways: 1) contacted property owners referred by the Health Department; 2) sent information to property owners on a list provided by the Buildings and Safety Department; and 3) provided materials for Public Health nurses to distribute to rental property owners as part of their lead site visits.

P&DD has indicated in meetings with City Planning Commission (CPC) staff that they spoke with over 100 landlords. However, when the department explained the program in more detail and requested information from the landlord about insurance and taxes, etc., none of the landlords followed through.

P&DD's letter also indicates that other lead programs for rental properties provide grants, including the program operated by the Detroit Housing Commission. The rationale for the program to change to an out right grant is that the tenant, and especially the lead poisoned child, is the primary beneficiary.

**RECOMMENDATION**

CPC staff has been meeting and otherwise communicating with P&DD since January and understands the difficulty of this endeavor. As a result, CPC staff concurs with P&DD that a matching grant program is less attractive to landlords than an out right grant. This is particularly the case given the lack of economic incentives for landlords to take on even half of the cost of lead-hazard reduction in their properties.

In the future, changes to the City's code enforcement on lead could potentially provide an economic incentive, particularly if it becomes a civil infraction. However, CPC staff's immediate concern is increasing the number of lead-safe rental properties for Detroit's families. Unfortunately, the city cannot wait for changes in code enforcement to occur before progress is made toward making more rental properties lead-safe.

Therefore, CPC staff recommends approval of P&DD's request to modify the CHILD-HELP program from a matching grant to an out-right grant. CPC staff also recommends that language be added to the resolution submitted by P&DD to reiterate the following program components,

which CPC staff and P&DD agreed to under the original program design:

1) That the grant be advertised "not to exceed \$12,000 per rental unit" and that it focus on lead-hazard reduction;

2) That the highest priority be given to rental properties where more than one lead-poisoned children has resided followed by rental properties where at least one lead-poisoned child currently resides;

3) That the tenant meet income guidelines as determined by Community Development Block Grant program requirements;

4) That the landlord be required to maintain current rent levels for a period not less than 24 months after the work is complete; and

5) That the landlord be prohibited from displacing tenants, except for just cause, for a period not less than 24 months after the work is complete.

CPC staff believes that these components are critical to ensure that families with the greatest financial need, as well as those with lead poisoned children, receive the highest priority under this program. Moreover, CPC staff feels very strongly that, especially if this program eliminates the match requirement, tenants must be protected for at least 2 years.

Please find an alternative resolution attached for your consideration.

Respectfully submitted,

MARSHA S. BRUHN

Director

By Council Member Collins:

Whereas, The CHILD-HELP program design approved by City Council in January 2003 was not attractive to prospective participants within the current rental property environment and therefore resulted in no participants; and

Whereas, The Planning and Development Department through its research and due diligence regarding the Landlord Rental (CHILD-HELP) Program has determined that the 1:1 matching conditional grant (deferred loan) component of the program design will not achieve the desired objectives of the program and therefore has requested modifications to the program; and

Whereas, The Planning and Development Department is requesting that the matching grant component of the program design be changed to a full grant with all other program components remaining the same; and

Whereas, The City Council's primary concern is to increase the number of lead-safe rental properties for Detroit's families so that children are safe from this preventable yet irreversible childhood lead poisoning epidemic;

Now, Therefore, Be It Resolved, That

the City Council authorize the Planning and Development Department to change the CHILD-HELP program from a 1:1 matching conditional grant (deferred loan) to a full grant keeping all other program components the same including 1) that the grant be advertised "not to exceed \$12,000 per rental unit" and that it focus on lead-hazard reduction; 2) that the highest priority be given to rental properties where more than one lead-poisoned children has resided followed by rental properties where at least one lead-poisoned child currently resides; 3) that the tenant meet income guidelines as determined by the Community Development Block Grant program; and 4) that the landlord be required to maintain current rent levels and be prohibited from displacing tenants, except for just cause, for a period not less than 24-months after the work is complete.

**City Planning Commission**

June 16, 2003

Honorable City Council:

Re: Proposed resolutions regarding the DIFT project (Departmental Report).

On May 22, 2003, City Council held a continued discussion on the proposed Detroit Intermodal Freight Terminal (DIFT) project. At the discussion, City Council asked City Planning Commission (CPC) staff to prepare two resolutions to send to Governor Granholm and Gloria Jeff, Director of the Michigan Department of Transportation (M-DOT), regarding the DIFT project.

One resolution reaffirms the City Council's opposition to consolidation of regional intermodal activity at a single location at the Detroit-Livernois yard in Southwest Detroit, with additional language regarding concerns about the negative environmental and health impacts.

The second resolution requests that the DIFT public meeting process be modified to include several public hearings and that M-DOT designate a seat on the DIFT Local Advisory Council for City Planning Commission staff.

Attached for your consideration are a draft cover letter which would need to be signed and two proposed resolutions.

Respectfully submitted,

ARTHUR SIMONS

Chairperson

MARSHA S. BRUHN

Director

and HEIDI ALCOCK LOBB

Staff

By Council Member Collins:

Whereas, The Federal Highway Administration, in cooperation with the Michigan Department of Transportation (M-DOT), will prepare an environmental impact statement (EIS) for a proposed project, referred to as the Detroit Intermodal Freight Terminal (DIFT) Project, to develop existing individual intermodal terminals or a complex of terminals operated by several railroads in order to improve the movement of freight regionally and meet future intermodal demand; and

Whereas, One of the three alternatives being evaluated in the preparation of the EIS, an alternative referred to as Alternative 3, is a consolidation of regional intermodal operations at a single location in the Detroit-Livernois Yard in Southwest Detroit involving expansion to 895 acres to be operated by four railroad companies for rail and truck use; and

Whereas, Based on M-DOT's own projections, implementation of Alternative 3 would bring as many as 16,000 trucks into the surrounding neighborhoods each day even though this area is already overburdened by excess truck traffic; and

Whereas, Bringing as many as 16,000 trucks into Southwest Detroit would generate additional noise, create additional wear and tear on City streets, pose a safety risk from trucks traveling residential streets, undermine community cohesion by making it difficult to get from place to place, and generate increases in certain air toxics generated by diesel exhaust; and

Whereas, Diesel exhaust fumes contain dozens of toxic substances that have been proven to be a major health hazard, particularly to children and senior citizens, and is also viewed as a probable human carcinogen; and

Whereas, Southwest Detroit already has the state's highest level of fine particulate matter, a substance found in diesel exhaust that is associated with the aggravation of respiratory conditions such as asthma, and potentially with the development of new respiratory diseases; and

Whereas, Southwest Detroit area asthma rates and hospitalizations due to asthma are already far higher than in other parts of the state, making residents in this neighborhood far more vulnerable to harm from increases in fine particulate matter than other areas with lower existing asthma rates; and

Whereas, Particulate matter is also closely associated with such health effects as increased hospital admissions and emergency room visits for heart and lung disease, increased respiratory symptoms and disease, decreased lung function, and even premature death; and

Whereas, Based on analysis of census data, the ten census tract areas most directly impacted by Alternative 3 experi-

enced a 6.02% population increase between 1990 and 2000, with five of the tracts experiencing over a 10% increase, while the rest of the City experienced a population loss of 7.46%; and

Whereas, Consolidation of all intermodal activity at the Detroit-Livernois Yard would require displacement of people from more than 75 homes or apartments and the movement of more than 78 businesses; and

Whereas, There is no substantiated evidence of economic benefits of this project to Detroit residents and particularly to those who reside in the neighborhoods surrounding the Detroit-Livernois Yard, and the project may, in fact, have environmental justice implications by disproportionately, negatively affecting minority populations residing in the surrounding neighborhoods; and

Whereas, At numerous public hearings on this issue, including two conducted by the City of Detroit City Planning Commission in 2001 and 2002, resident opposition to Alternative 3 has been overwhelmingly strong; and

Whereas, Despite the City Planning Commission unanimously opposing Alternative 3 in May, 2002 and the City Council adopting a resolution opposing Alternative 3 in July, 2002, M-DOT has increased Alternative 3 by 45 acres requiring additional residential and commercial acquisition, which exacerbates the potential negative effects on the surrounding community and contradicts concerns raised by the community throughout the review of this project;

Now, Therefore Be It Resolved, That the Detroit City Council opposes Alternative 3 or any other consolidation of regional intermodal activity at a single location in Southwest Detroit that provides little or no direct benefit to the City of Detroit or neighborhoods surrounding the yard, while imposing numerous traffic, environmental, health, safety, social, and economic costs; and

Be It Finally Resolved, That the Detroit City Council provide copies of this resolution to the director of M-DOT, the director of the Southeast Michigan Council of Governments, Governor Jennifer Granholm, all members of the Michigan House of Representatives and State Senate, Congresswoman Carolyn Cheeks Kilpatrick, Congressman John Conyers, and the director of the Federal Highway Administration.

\*WAIVER OF RECONSIDERATION (No. 4), per Motions before Adjournment. By Council Member Collins:

Whereas, The Federal Highway Administration, in cooperation with the Michigan Department of Transportation (M-DOT), will prepare an environmental impact statement (EIS) for a proposed project — referred to as the Detroit Intermodal Freight Terminal (DIFT) Project — to develop existing individual intermodal terminals or a complex of terminals operated by several railroads in order to improve the movement of freight regionally and meet future intermodal demand; and

Whereas, Three of the four future intermodal terminals being studied for this project are located in Detroit and the fourth yard, which is located in Ferndale, could potentially be expanded into Detroit; and

Whereas, Communities for a Better Rail Alternative (CBRA), a collaborative of 50 community organizations and 800 residents that organized to actively engage the Southwest Detroit community to participate in the planning process to improve the transportation of freight around the Detroit-Livernois yard and throughout Southwest Detroit without jeopardizing the continued growth and revitalization of the area, has proposed viable alternatives to consolidation and expansion at the Detroit-Livernois yard; and

Whereas, The Local Advisory Council (LAC) is a group of individuals representing themselves and groups in the study area selected by M-DOT to provide input to the course of the project; and

Whereas, In keeping with the intent of the National Environmental Policy Act, it is critical to the EIS process that M-DOT allow direct community participation to the fullest possible extent so that the DIFT project can address issues and concerns raised by those who will be directly affected by this project; and

Whereas, Community representatives consistently raise serious concerns about inadequacies of M-DOT's expected method of analysis of environmental issues in the EIS process including failing to accurately define race, ethnicity, and/or national origin of residents of the affected area for environmental justice purposes, limiting air quality analysis to conformity analysis, not adequately addressing the estimated total added burden for fine particulate matter, and, most significantly, not analyzing the effects of added pollution on community residents' health;

Now, Therefore Be It Resolved, That the Detroit City Council strongly urges that M-DOT restructure the format of future public meetings from kiosk-style open houses to make them more interactive with the community, with information being presented publicly so that all those attending understand the project and how it may affect them and with time allotted for collective questions and answers; and

Be It Further Resolved, That the Detroit

City Council respectfully requests M-DOT to host as many public meetings in the affected communities as is required and that written materials with detailed information about all the alternatives being considered are widely distributed to ensure that all community members understand this project and how it may affect them; and

Be It Further Resolved, That the Detroit City Council respectfully requests M-DOT to designate a seat on the Local Advisory Council for a representative of the Detroit City Council's City Planning Commission staff to ensure that it can be involved in a direct and on-going way; and

Be It Further Resolved, That the Detroit City Council respectfully requests M-DOT to incorporate into the EIS process accurate definitions of race, ethnicity, and/or national origin of residents of the affected area for environmental justice purposes, expanding air quality analysis beyond conformity analysis, estimating the total added burden for fine particulate matter within the text of the draft EIS, and most significantly, analyzing the effects of added pollution on community residents' health; and

Be It Finally Resolved, That the Detroit City Council provide copies of this resolution to the director of M-DOT, the director of the Southeast Michigan Council of Governments, Governor Jennifer Granholm, all members of the Michigan House of Representatives and State Senate, Congresswoman Carolyn Cheeks Kilpatrick, Congressman John Conyers, and the director of the Federal Highway Administration.

Adopted as follows:

**STATEMENT BY DETROIT CITY  
COUNCIL PRESIDENT MARYANN  
MAHAFFEY REGARDING WEED AND  
DEBRIS REMOVAL CONTRACTS**

I voted against the approval of City of Detroit contracts for weed and debris removal because I oppose a change in policy of the Purchasing Department and Department of Public Works.

Until this year, non-profit groups' bids were solicited separately from the bids of profit companies. That process took into account factors other than the "low bid." For-profit groups can bid at levels below non-profit groups, because they can farm out the work on a much greater scale, keeping their costs slightly lower than the non-profit companies. Simply put this represents a sacrifice of quality for quantity.

Non-profit groups, however, who also sub-contract the actual weed and debris removal, enlist community volunteers to monitor the quality of work done by the sub-contractors. This is a distinct advan-

tage that comes from awarding contracts to non-profit groups, since the for-profit companies do not have such an inspection mechanism. This is especially important as the Department of Public Works recently cut its number of inspectors from eight to four, and because in 2001 the Auditor General reported that 85% of Detroiters rated vacant lot upkeep as "below good."

The change in the Purchasing Department's policy has broad implications for the City of Detroit. While the bids of non-profit groups may be slightly higher than those of the for-profit groups, any profits they gain from these contracts are re-invested into neighborhoods, while many of the for-profit contractors reside outside of the City of Detroit.

WHEREAS, The City's representatives and Comcast have reached agreement on most issues, a major issue remains to be resolved, that of the development, construction and ultimate usage of a City-wide municipal network; and

WHEREAS, The Information Technology Department (ITS) has become involved in the process and is in discussions to develop a responsible plan for a City-wide network which will support and future proprietary network developed by ITS; and

WHEREAS, Due to the complex and technical nature of the City-wide network and the fact that what is being developed and included in the Franchise Agreement in 2003, must be carefully drafted in such a way as to meet the City's future communication needs during the life of the Franchise; and

WHEREAS, Comcast's franchise grant from the City expires on June 30, 2003 at 11:59 p.m.; and

WHEREAS, To allow sufficient time for the development of the City-wide network, and to allow adequate time for review of the document, including its technical components, by the Cable Commission, the Mayor, City Council, City Council's Research and Analysis Division and their staff, the Commission, at its May 13, 2003 meeting, approved a recommendation to the City Council for an extension of the Franchise Agreement to June 30, 2004; and

WHEREAS, In a discussion of the Cable Commission's recommendation, the City Council determined that it was willing to grant a six month, rather than a twelve month, extension to the franchise to December 30, 2003; and

WHEREAS, The Franchise Agreement, as amended, will expire on June 30, 2003, it is therefore necessary to approve the attached Agreement with Comcast so that the franchise grant shall expire on December 30, 2003; and

NOW, THEREFORE, BE IT RESOLVED, That the Detroit City Council approves the attached Agreement extending the term of the non-exclusive cable television franchise grant to Comcast Cablevision of Detroit, Inc. to December 30, 2003, subject to approval of the ordinance amendment; and

BE IT FINALLY RESOLVED, That this Resolution is approved with Waiver of Reconsideration.

1. The City of Detroit ("City") granted Barden Cablevision of Detroit, Inc., the predecessor of Comcast Cablevision of Detroit, Inc. ("Comcast") a non-exclusive cable television franchise pursuant to Section 9.5-3-1 *et seq.*, of the 1984 Detroit City Code, as amended, ("Franchise Ordinance") which franchise grant is due to expire on June 30, 2003 ("Franchise").

2. The City and Comcast agree to extend Comcast's existing Franchise so that it shall expire on December 30, 2003 at 11:59 p.m.

3. Comcast and the City agree that neither party shall be deemed to have waived any of its rights under Section 626 of the Federal Cable Act (47 U.S.C. 546) as a result of agreeing to extend the Franchise, and that this extension shall not be deemed to constitute an approval by the City of the renewal of the Franchise or approval of any proposal previously submitted by Comcast, if any.

4. This extension is intended to provide an adequate period of time for review of the proposed Franchise renewal document by the Detroit City Council and its agencies.

5. The execution, delivery and performance of this Agreement by Comcast and

the City has been duly authorized by all necessary action, including, for the City, adoption of an amendment to 1984 Detroit City Code Section 9.5-3.5 extending the expiration date of the Franchise to December 30, 2003.

6. This Agreement shall be deemed effective as of June 30, 2003.

Honorable City Council:

Re: Petition Number 1389 — Request for City Council Approval for the Issuance of a New Dance-Entertainment Permit by the Michigan Liquor Control Commission to James Dixon, Jr., 15108 E. Seven Mile Road, d/b/a Club Z.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice to the Detroit City Council, which has been designated by the City Clerk as Petition Number 1389, for a licensed location at 15108 E. Seven Mile Road. The petition requests City Council consideration and approval of the request from James Dixon, Jr., d/b/a Club Z, for the issuance of a new dance-entertainment permit for the subject location, to be held in conjunction with a 2002 MLCC Class C liquor license. The approval and issuance of a new dance-entertainment permit for this location would allow dancing by patrons and entertainment on the premises, only.

Upon investigation, review, and consultation with other City departments, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the issuance of

the dance-entertainment permit to James Dixon, Jr., d/b/a Club Z, for 15108 E. Seven Mile Road. The Consumer Affairs Business License Center reports that the owner and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code and that the owner has obtained all necessary land use approvals for the issuance of a "Group A" cabaret business license for the location.

In accordance with Section 916(6)(b) of the Michigan Liquor Control Code, being MCL 436.1916(6)(b), and the applicable provisions of the 1997 Detroit City Charter, the attached proposed resolution approving the issuance of a new dance-entertainment permit to James Dixon, Jr., d/b/a Club Z, for 14060 E. Seven Mile Road is being submitted to this Body for consideration and approval.

We request that the proposed resolution be considered at the earliest possible sessions. If there are any questions or concerns, please do not hesitate to contact us.

Respectfully submitted,  
BRENDA E. BRACEFUL  
Deputy Corporation Counsel

By Council Member Bates:

Honorable City Council:

Re: Ordinance to Amend Empowerment Zone Board Composition.

Yesterday, I submitted to your Honorable Body an ordinance to amend the composition of the Board of Directors of the Detroit Empowerment Zone. This amendment was requested by the Board and was presented to your Honorable Body some time ago. At that time, Council Member Barbara-Rose Collins requested an additional amendment to the proposed Board to provide additional representation for the City Council.

The ordinance presented to your Honorable body yesterday fully comports to the initial request of the Empowerment Zone Board of Directors. As a distinct legal entity, the Empowerment Zone's Board cannot be unilaterally changed by City Council without the approval of the Empowerment Zone Board. In talking to Ms. Bruhn, the EZDC Board does not have its next regular meeting until September.

Therefore, the ordinance is presented as initially proposed. If the EZDC Board desires to amend its composition to reflect the change requested by Ms. Collins, the Law Department will prepare the appropriate amendatory language at that time.

Should you have any further questions, please do not hesitate to contact me.

Re: Address: 15078 Blackstone. Name: Nancy Ponkowski. Date ordered removed: January 29, 2003 (J.C.C. p. 325-6).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on June 16, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of June 16, 2003.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be

deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:

Re: Address: 2745 Collingwood. Name: Leroy Adams. Date ordered removed: February 5, 2003 (J.C.C. p. 429).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on June 1, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of May 5, 2003.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within three (3) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:  
Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for three units of new housing in the Woodbridge Estates NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office three applications from Scripps Park Associates, LLC for Neighborhood Enterprise Zone (NEZ) certificates within the Woodbridge Estates NEZ. Your Honorable Body approved the Woodbridge Estates NEZ designation on September 19, 2001. City Planning Commission staff has reviewed the applications and recommends approval.

Certificates are being requested for the following properties: 4317, 4329, and 4341 Aretha Avenue. The properties involved are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. Scripps

Park Associates, LLC, has applied for the certificates, prior to the issuance of building permits, on behalf of future owners who will occupy the property. It is appropriate for them to apply for certificates at this time, even if buyers have not yet been identified. The State Tax Commission, however, will not issue a certificate until an owner is identified. When an owner is identified, he or she can then apply for the certificate. At that time, it would not be necessary for City Council to pass another resolution.

The petitioner proposes to build three single-family homes. The site has been cleared and construction is anticipated to begin soon. The developer will need to submit to the State Tax Commission a list of the parcels that are to receive the certificates with a map showing the parcels.

Please let us know if you have any questions.

**EXHIBIT A  
CITY OF DETROIT  
LOCAL DEVELOPMENT FINANCE  
AUTHORITY  
COUNTY OF WAYNE  
STATE OF MICHIGAN  
AMENDED AND RESTATED  
TAX INCREMENT FINANCING AND  
DEVELOPMENT PLAN  
FOR TECH PARK AREA #1 AND  
CERTIFIED TECHNOLOGY PARK**

**Section I: Introduction**

The State of Michigan, through legislation enacted in 2000 (2000 PA 248), has established the SmartZone Program designed to foster the development of high technology enterprises through the commercialization of research products being developed at Michigan institutions of higher education. The SmartZone program facilitates the capture of certain taxes for use by the City of Detroit Local Development Finance Authority (the "LDFA") to create or promote the development and attraction of high-technology activities to the designated SmartZone. The legislation allows the captured funds to be used to develop business incubators, make certain infrastructure improvements and perform marketing and property improvements to attract high-tech businesses.

On October 16, 2000, the City of Detroit (the "City") and Wayne State University (the "University") submitted a conceptual proposal to the Michigan Economic Development Corporation ("MEDC") to establish a SmartZone within the City.

On April 11, 2001, the MEDC announced its intent to designate an area

within the City as one of the SmartZones to be created within the State.

On May 17, 2002, the City adopted a resolution creating a district of the LDFA within an area (the "*Original Woodward Technology Corridor SmartZone*") within the City in which the Authority and the City, under an agreement with MEDC and the University (the "*SmartZone Agreement*"), have been authorized to create a "certified technology park". The first district of the LDFA to be created within the Woodward Technology Corridor SmartZone was designated as a certified technology park and is known as "*Tech Park Area #1*", with boundaries as set forth in [Appendix B](#).

On May 17, 2002 the City approved a Tax Increment Financing and Development Plan (the "*Original Plan*") in accordance with PA 281 of 1986, as amended (the "*Act*"), and the SmartZone Agreement, to allow the LDFA to utilize tax increment financing to develop eligible projects within Tech Park Area #1.

In October, 2002, the MEDC appropriated additional Core Community Fund grant funds (the "*CCF Funds*") to the LDFA to be used to pay part of the cost of the Lower Woodward Project (as described in [Appendix G](#)) and the TriCentennial Park Project (as described in [Appendix H](#)).

In order to receive and use the CCF Funds, it is necessary for the LDFA to expand the boundaries of the Original Woodward Technology Corridor SmartZone (the "*Woodward Technology Corridor SmartZone*"), the Authority District (the "*Authority District*"), and the Certified Technology Park (the "*Certified Technology Park*"), as set forth on [Appendix A](#).

Pursuant to this Amended and Restated Tax Increment Financing and Development Plan (the "*Plan*") and in accordance with the Act and the SmartZone Agreement, the LDFA will be allowed to utilize tax increment financing to partially fund the development of eligible projects within Tech Park Area #1. In addition, the LDFA will be allowed to utilize the CCF Funds, without the use of tax increment financing, to partially fund the development of the Lower Woodward Project and the TriCentennial Park Project within the Certified Technology Park.

As authorized by the Act and pursuant to the terms of the SmartZone Agreement, "public facilities", as defined by the Act, may be developed for any eligible property within the area to which this Plan applies and a business incubator may be located anywhere within those boundaries. While numerous parcels of real property located within the boundaries of Tech Park Area #1 may qualify as eligible property under the Act, the principal purposes of this Plan for Tech Park

Area #1, as described in Section III, will be to foster the development of a business incubator. The location and legal description of the real property on which the initial business incubator is proposed to be developed under this Plan is included in Section III, 2 below.

## **Section II: Tax Increment Financing Plan**

This Plan will authorize the capture of certain tax increment revenues by the LDFA for purposes of funding and financing costs of "public facilities", as that term is defined by the Act.

### **1. Boundaries of the Woodward Technology Corridor SmartZone and Property Subject to the Plan**

The following portions of the Woodward Technology Corridor SmartZone shall be the areas to which this Tax Increment Financing Plan applies and, upon final designation by MEDC pursuant to the SmartZone Agreement, has been created within the boundaries of the Certified Technology Park for purposes of this Plan and the Act:

- Tech Park Area #1, a legal description of which is attached as [Appendix B](#).

A map of the Woodward Technology Corridor SmartZone, Tech Park Area #1 and the Wayne State University Research and Technology Park is attached as [Appendix C](#).

As authorized by the Act, this Plan authorizes only certain real property and the personal property located thereon within the boundaries of a certified technology park to be included within this Plan for purposes of determining tax increment revenues (the "Captured Property"). For Tech Park Area #1, only that real property, and the personal property located thereon, located within the area described in the attached [Appendix B](#) shall be included in this Plan for purposes of determining tax increment revenues.

### **2. Estimates of Captured Taxable Value and Tax Increment Revenue**

Beginning with levies imposed on or after January 1, 2002, the LDFA will capture ad valorem and specific tax levies on all new and incremental growth from the initial assessed value of Captured Property within Tech Park Area #1. The initial assessed value of Captured Property within Tech Park Area #1 shall be determined on the basis of assessments as of December 31, 2000.

The initial assessed value of Tech Park Area #1, determined under the assumption that the City has approved the Original Plan before May 28, 2002, is \$62,340,000. The LDFA will capture tax increment revenues from Captured Property within Tech Park Area #1 for funding or financing public facilities for property considered "eligible property" under the Act within the area described in [Appendix D](#) (the "*Wayne State University*

*Research and Technology Park*”) for period during which tax increment revenues may be captured under Section II, 8.

Except as provided by this Plan or the SmartZone Agreement, tax increment revenues from Captured Property within Tech Park Area #1 that may be captured by the LDFA shall include, to the maximum extent permitted by the Act, the levies of local and intermediate school districts and the State Education Tax levied upon the Captured Property within Tech Park Area #1. To the extent the LDFA is prohibited or restricted for any reason in any year from capturing less than 50% of the amounts levied by local or intermediate school districts for operating purposes and by the State as the State Education Tax (the “*Education Tax Levies*”) upon the captured value of Captured Property within Tech Park Area #1, the capture from tax increment revenues attributable to the operating levies of all taxing jurisdictions other than a local or intermediate school district or the State upon the captured value of Captured Property within Tech Park Area #1 shall be reduced by the same proportionate as the reduction in the capture of tax increment revenues from Education Tax Levies, which reduction shall be considered an exclusion of that portion of such levies from capture under this Plan. For purposes of this Plan, operating levies include all levies not described in Section 2(ee)(iii)(D) of the Act.

Appendix E displays an estimate of the amount of tax increment revenue available each year to the LDFA from Tech Park Area #1 and the impact of this Plan upon taxing jurisdictions levying ad valorem or specific taxes upon Capture Property within Tech Park Area #1. These estimates have been prepared without regard to the limitation of this Plan upon the percentage of costs of public facilities to be reimbursed with tax increment revenues. The actual amount of tax increment revenues available for purposes of this Plan may be greater than or lesser than the estimates displayed in Appendix E.

Under the SmartZone Agreement and for purposes of this Plan, the LDFA is limited in its use of tax increment revenues to finance public facilities for eligible property within the Wayne State University and Technology Park to the lesser of the following amounts, plus any amount authorized for LDFA operating, administration and planning expenditures under Section II, 4 below:

(a) The Tax Increment Revenues captured under the terms of this Plan from Captured Property within the Tech Park Area #1 LDFA from levies in 2002 through levies in the last year permitted under Section II, 8 below.

(b) \$12,500,000.

(c) 30% of the entire costs that are agreed upon by the LDFA of public facilities for eligible property within the Wayne State University Research Technology Park, excluding any interest related to financing the costs of such public facilities and any amount authorized for LDFA operating, administration and planning expenditures under Section II, 4 below.

### 3. Explanation of Procedure

Tax increment financing for a “certified technology park” permits the LDFA to capture tax revenues attributable to increases in the value of all real and personal property that is within the certified technology park and that has been made subject to the tax increment revenue calculation. The tax increment finance procedure is governed by the Act. These procedures outlined below are effective as of the date this Plan is adopted, but are subject to any changes imposed by future amendments to the Act.

Upon the adoption of the Original Plan by the City, the initial assessed value of the Captured Property being made subject to the Plan was established at the taxable value as of the date this Plan, or any amendment to this Plan that makes additional Captured Property subject to this Plan, is approved by the City. For Captured Property within Tech Park Area #1, the initial assessed value will be based upon taxable values established from assessments on December 31, 2000. In each year the Plan is in effect, the “Current Assessed Value” of Captured Property is determined. The Current Assessed Value of each parcel of Captured Property is its taxable value for that year. The amount by which the aggregate Current Assessed Value of Captured Property exceeds its Initial Assessed Value in any one year is the “Captured Assessed Value” of the area subject to capture in the certified technology park.

Tax increment revenues authorized to be captured under this Plan from Captured Property within a certified technology park may be used, subject to any required approvals of MEDC, for public facilities for any eligible property within the certified technology park. These procedures for the determination of Captured Assessed Value and tax increment revenues are dependent upon the designation by MEDC through the SmartZone Agreement of Tech Park Area #1 as a certified technology park and upon the authorization of the State Treasurer to capture tax increment revenues attributable to Education Tax Levies. Designation of Tech Park Area #1 as a certified technology park is required to allow the property qualified as a “business incubator” under the Act to be considered eligible property under the Act.

Tax increment revenues in excess of the estimates set forth in this Plan or in excess of the actual costs of this Plan permitted by the Act and, if applicable, the SmartZone Agreement to be paid from tax increment revenues will be considered surplus under the Act. Unless retained to further implementation of purposes permitted by this Plan, the Act and, if applicable, the SmartZone Agreement, pursuant to a resolution of the Authority, surplus tax increment revenues must revert proportionately to the respective taxing jurisdictions from which collected.

Purposes for which surplus tax increment revenues may be used under this Plan shall include the payment of any amounts authorized under Section II, 6 below during the year in which such surplus occurs or in any subsequent year during which tax increment revenues may be captured under Section II, 8. If any surplus tax increment revenues from any year cannot be applied to the payment of any amounts authorized under Section II, 6 during the year in which such surplus tax increment revenues are captured, the LDFA shall escrow those revenues in a reserve fund until payments are required or permitted for any purposes authorized under this Plan, the Act and the SmartZone Agreement.

#### **4. Operating and Administrative Expenditures**

As the LDFA determines and to the extent not otherwise prohibited, LDFA expenses related to operating, administration, and planning are expenditures for "public facilities" for which tax increment revenues may be used, and may be paid by the LDFA from tax increment revenues in an amount not to exceed \$25,000 per year for the term of this Plan. However, operating, administration or planning expenditures of the LDFA may be reimbursed with tax increment revenues from Captured Property within Tech Park Area #1 only after all obligations of the LDFA to the Corporation, as defined below, have been satisfied or sufficient funds to service those obligations have been set aside by the LDFA. Tax increment revenues used to reimburse LDFA operating, administration and planning expenditures shall be in addition to, and shall not reduce, the maximum amount of tax increment revenues available under this Plan for other public facilities for eligible property within the Wayne State University Research and Technology Park.

#### **5. Maximum Amount of Note or Bonded Indebtedness; Description of Public Facilities for Eligible Property within the Wayne State University Research and Technology Park.**

The maximum amount of note or bonded indebtedness to be incurred by the

LDFA and secured by tax increment revenues for public facilities for eligible property within the Wayne State University Research and Technology Park will not exceed \$12,500,000.00. This limitation shall only include the principal amount of any interest bearing note or bonded indebtedness.

Under the SmartZone Agreement, the LDFA anticipates entering into an agreement with the Wayne State University Research and Technology Park in the City of Detroit (the "Corporation"), a nonprofit corporation that will develop and own a business incubator within the Wayne State University Research and Technology Park (the "Collaboration Center"), governing the development of the Collaboration Center and obligating the LDFA to pay a certain portion of the agreed upon costs of the development of the Collaboration Center or other public facilities for eligible property within the Wayne State University Research and Technology Park from tax increment revenues captured by the LDFA from Tech Park Area #1. It is anticipated that the Corporation will advance funds to pay costs which the LDFA will agree to reimburse with tax increment revenues. The LDFA anticipates issuing a note to the Corporation evidencing its obligation and specifying the terms of payment.

Pursuant to the SmartZone Agreement, the LDFA also anticipates receiving a grant from the CCF Fund from the MEDC for a portion of the costs related to the development of the Collaboration Center. The LDFA will be obligated to use the portion of the CCF Fund grant received from the MEDC for the purposes related to the development of the Collaboration Center but shall not be obligated to repay this grant with tax increment revenues captured by the LDFA from Tech Park Area #1.

#### **6. Use of Tax Increment Revenue**

The LDFA adopts by reference the Development Plan contained in Section III and as part of this Plan. The scope of activity within the Development Plan is the primary focus of expenditure(s) by the LDFA of tax increment revenues captured from Tech Park Area #1. To carry out the Development Plan for the Wayne State University Research and Technology Park, expenditures may include, but are not limited to, the following:

- All expenditures on public facilities that are allowed by the Act and that are specifically related to the Collaboration Center, as an eligible property under the Act.
- Payments required for principal of and interest on any indebtedness incurred to fulfill the Development Plan.
- Cash payments for fulfilling activities contained in the Development Plan.
- Set asides required for any debt pay-

ment or reserve fund(s) that the LDFA may establish.

- Payment for planning, operations, administration, or general services of the LDFA during the term of this Plan.

As used in this plan, "public facilities" may include all purposes or costs authorized as public facilities under Section 2(a) of the Act other than operational costs for a business incubator.

#### **7. Excess Revenue**

It is the intent of the LDFA to pledge "excess" tax increment revenues, if any, to the furtherance of the Development Plan, directed, as the occasion may require, by adoption of appropriate resolutions.

#### **8. Duration of Plan; Dissolution**

Tax increment revenues shall continue to be captured by the LDFA from levies in 2002 through levies in 2013. The Development Plan portion of this Plan shall remain in effect until the end of the last LDFA fiscal year for which the LDFA may capture tax increment revenues or until the purposes of the Development Plan has been fulfilled, whichever is the later date.

At no time shall the LDFA be dissolved unless the principal and interest on all obligations issued or incurred by the LDFA have been extinguished, or that sufficient funds to service those obligations have been placed in an irrevocable trust.

#### **9. Job/Business Creation Estimates**

While the estimation of jobs in the high technology sector and under the program outlined by this Plan is a speculative venture contingent upon many factors outside of the control of the LDFA, the potential number of high technology jobs to be created through the implementation of this Plan has been estimated at as many as 1500.

#### **10. Summary of Reasons that Plan will Increase Taxable Values**

The adoption of this Plan will provide capital improvements needed for the facilitation of the commercialization of research products being developed at the University and the development of private high technology enterprises that, but for this Plan, would be deferred or located outside of the City. The activities detailed in the Development Plan, and financed by the LDFA, will induce the growth and retention of technology led economic development, benefiting citizens with new opportunity and increasing property values to taxing jurisdictions in the region.

### **Section III. Development Plan**

#### **Introduction**

The following Development Plan adheres to the required statutory provisions Section 15 of the Act, and assumes final designation of the Woodward Technology Corridor SmartZone as an area in which Tech Park Area #1 may be created to be included as part of a certified technology park.

The LDFA anticipates implementation of the portion of this Development Plan related to Tech Park Area #1 as a collaborative effort between the LDFA, the City, the MEDC, the University and the Corporation. The Corporation is anticipated to assume, on behalf of or in collaboration with the LDFA, functions to assure the successful implementation of the purposes of this Development Plan. The Corporation's mission will be to grow the high-tech job base in the Woodward Technology Corridor SmartZone by commercializing research products developed at the University, by assisting the growth of technology companies that are now located in southeast Michigan, by attracting technology companies to the Woodward Technology Corridor SmartZone, and by retaining the technology graduates of the University who now leave the area to take jobs in other states and cities.

The following Development Plan also applies to the portion of the Lower Woodward Project and TriCentennial Park Project which are expected to be funded in part by the CCF Funds. The LDFA anticipates implementation of the portion of this Development Plan related to the Lower Woodward Project and TriCentennial Park Project as a collaborative effort between the LDFA, the City, the State, and various other public and private agencies. One of the purposes of the Lower Woodward Project is to provide for streetscape and other public infrastructure improvements along the Woodward Avenue Corridor to enhance and support the development of the downtown Central Business District, including the recent developments of Campus Martius Park and Compuware headquarters and to attract additional investment and eligible property. The TriCentennial Park Project is intended to provide for public infrastructure improvements to enhance the Detroit riverfront from the TriCentennial Park to the Renaissance Center, which is home to the General Motors Global Headquarters to attract additional investment and development of eligible property.

#### **1. Property Description(s) of Property to which Development Plan Applies**

This Development Plan relating to the use of tax increment revenues applies to Tech Park Area #1, which encompasses the geographic area described in [Appendix B](#). A map of Tech Park Area #1 is attached as [Appendix C](#).

The eligible property within Tech Park Area #1 to which this Plan will initially apply is the Collaboration Center, a business incubator to be located within the Wayne State University Research and Technology Park. A description of the Wayne State University Research and Technology Park is set forth in [Appendix D](#).

The portion of the Development Plan which applies to the Lower Woodward Project includes the Central Business District area shown on [Appendix G](#) and then along Woodward Avenue throughout the Certified Technology Park. The eligible property in this area includes the new Compuware headquarters and a variety of existing and proposed developments throughout the Central Business District and along Woodward Avenue.

The portion of the Development Plan which applies to the TriCentennial Park Project includes the area of the TriCentennial Park, which is a 41 acre site bounded by the Detroit River to the south, Atwater Street to the north, Chene Park to the east and the Blaine parcel to the west. The TriCentennial Park Project also includes the area stretching along the Detroit River from Joseph Campau Blvd. to the Renaissance Center. The eligible property in this area includes the Global Headquarters of General Motors Corporation and other potential developments along this corridor.

### **2. Boundaries of Property to which the Development Plan Applies**

The Collaboration Center will be initially located at 440 Burroughs Avenue within the Wayne State University Research and Technology Park. The Collaboration Center will be within the Wayne State University Research and Technology Park at the northern portion of the Woodward Technology Corridor SmartZone. The Collaboration Center will be within the City's New Center area, 3 blocks north of the I-94 freeway and between Second Avenue and Cass Avenue. The University's campus is principally located directly south of the I-94 freeway and the Collaboration Center. The State of Michigan's new office center, in the former General Motor's headquarters' building, will be located 4 blocks directly north of the initial location of the Collaboration Center.

Currently property within the Wayne State University Research and Technology Park is used for a variety of public and private commercial and residential purposes. Owners include the University, Henry Ford Health Systems, and Dalgleish Cadillac. Private, non-residential uses include the Henry Ford Health System headquarters, a children's museum, auto dealership, auto repair shop, bookstore, luggage/business paraphernalia retail store, and light industrial shops. A City fire station is also located within the Wayne State University Research and Technology Park.

The facility to be developed as the initial Collaboration Center is currently owned by General Motors Corporation and has previously been used as the General Motors Chevrolet Creative Services building. The building is current-

ly vacant. This building will be conveyed through the University to the Corporation and thereafter developed by the Corporation as the initial Collaboration Center.

The Lower Woodward Project relates to property located in and around Woodward Avenue from Philadelphia on the North to Jefferson Avenue on the South, including the Central Business District.

The TriCentennial Park Project relates to the TriCentennial Park, and includes the area stretching along the Detroit River from Joseph Campau Blvd. to the Renaissance Center.

### **3. Public Facilities and Other Improvements to be Acquired**

The "Public Facilities" to be acquired pursuant to this Plan will include one or more facilities intended to serve as business incubator under the Act, referred to herein as the Collaboration Center. In addition, other purposes and costs considered, under the Act, as "public facilities" for eligible property within the Wayne State University Research and Technology Park may be supported by the LDFA with tax increment revenues and proceeds of the CCF grant if authorized under the SmartZone Agreement, the Development Agreement and, if applicable, the agreement between the LDFA and the MEDC governing the CCF grant and if such costs are not operational costs for a business incubator.

The Collaboration Center will be required and developed by the Corporation in multiple phases in accordance with the SmartZone Agreement and the Development Agreement. Any portion of the Collaboration Center financed in part with tax increment revenues will be required under the terms of the Development Agreement to be used and operated by the Corporation in a manner that qualifies it as a "business incubator" under the Act. With respect to Phase I of the Collaboration Center, it is intended that approximately 32,000 of the approximately 40,000 square feet of the space to be developed will be used by tenants of the Collaboration Center for activities qualified as "high technology activities" under the Act. Of the remaining approximately 8,000 square feet of space to be developed as part of the Phase I renovations to create the initial Collaboration Center, approximately 2,000 square feet is intended for business support services assisting tenants of business incubator in the commercialization of their product and the development and management of their businesses, approximately 1,000 square feet is intended for offices of the management of the Collaboration Center and the Corporation, and approximately 5,000 is intended for retail space.

The improvements, repairs and alter-

ations related the acquisition and development of the Collaboration Center will be incurred in phases, as summarized in [Appendix F](#). Including those improvements for which the cost is not reimbursed with tax increment revenues or the CCF grant, the improvements anticipated for each phase of development of the Collaboration Center include:

#### Phase I

The renovation of the building systems at an estimated cost of \$2.7 million, which include the core and facility upgrades for vertical transportation, exterior/interior finish work, painting, tuck pointing, window replacement, improvements in the HVAC systems.

Build out for the labs, wet and dry, basic business incubation space, shared support service space for tenants, administrative offices, furnishing of the facilities, fixtures and equipment. This portion of Phase I should cost approximately \$4.1 million.

#### Phase II and Phase III

Improvements anticipated for Phases II and III may include the acquisition of real property or interests to be developed as part of the Collaboration Center, demolition and site preparation related to the continued development of the Collaboration Center, continued development of the Collaboration Center as a business incubator through improvements similar to those provided in Phase I.

The LDFA's contribution for the development of the Collaboration Center will be limited to a portion of the cost of renovation, remodeling and equipping of the Collaboration Center as a business incubator under the Act. The LDFA's contributions will be made with tax increment revenues from Tech Park Area #1 and proceeds of a CCF Grant from the MEDC. The LDFA will not use tax increment revenues for any part of the project described above that is not considered a public facility under the Act, which expenses shall be assumed by the Corporation and, to the extent permitted under the Act and by the MEDC under 2000 PA 291, the CCF Grant.

Under 2000 PA 291, an award of CCF funds may be used only for land and property acquisition and assembly, demolition, site development, utility modifications and improvements, street and road improvements, telecommunication infrastructure, site location and relocation, infrastructure improvements, and costs related to any of these, at the discretion of the MEDC.

The phases of development of the Collaboration Center, the timing of commencement and completion of such phases and the estimated cost and contributions for each phase is shown in [Appendix E](#).

The Lower Woodward Project is part of an economic development agenda to

enhance the revitalization of downtown Detroit and create an environment for investment by public and private sector partners as described more fully in [Appendix G](#). The LDFA intends to use the CCF Funds to pay for the streetscape portions of the Lower Woodward Project. This includes streetscape, roadway and related infrastructure improvements along Broadway, Woodward Avenue from Campus Martius to the northern boundary of the Certified Technology Park and along Washington Boulevard. The estimated costs, timing and phases of development are described more fully in [Appendix G](#).

The TriCentennial Park Project involves the creation of the first urban park in the Michigan State Park system. The Project will result in improvements to a 45 acre State Park and harbor and will be linked to Detroit's new Riverwalk greenway providing bike paths and green space development stretching along the Detroit River down to the Renaissance Center. The LDFA intends to use the CCF Funds to pay for a portion of the first phase costs of the TriCentennial Park Project which relate to the first phase of the Riverwalk, development of the land west of the former Detroit Drydock slip and related hardscape and landscape improvements. The estimated costs, timing and phases of development are described more fully in [Appendix H](#).

### 6. Zoning/Utility Changes

The property at which the Collaboration Center will be located is properly zoned for the purposes of this Development Plan. No zoning changes or changes in streets, street levels, intersections or public utilities are presently anticipated for the Collaboration Center. Improvements to communication and electrical utilities and services to the Collaboration Center may be required. The Lower Woodward Project will not result in any changes in zoning. The Lower Woodward Project will improve the existing streets, intersections and public utilities in the area. The TriCentennial Project area was previously used by two cement aggregate plants and the zoning will be changed to reflect the change in use for recreational purposes. The TriCentennial Park Project will improve the existing streets, intersections and public utilities in the area to support the new use. **[Confirm this paragraph is correct]**

### 7. Persons to whom Public Facilities will be Conveyed and Persons Receiving Benefit

As previously outlined in this Plan, the property to be developed as the Collaboration Center will be conveyed either through the University to the Corporation or directly to the Corporation from General Motors. The Corporation will

develop this property into the Collaboration Center, will assume all costs of operating, maintenance, taxes and insurance on the facility, and will be required to manage the building in a manner sufficient to maintain its qualification as a business incubator under the Act. Failure of the Corporation to maintain the Collaboration Center as a business incubator under the Act for the term of the Development Agreement will trigger certain rights retained by the parties to the SmartZone Agreement.

Initial tenants in the Collaboration Center are unknown. It is anticipated that Phase I of the Collaboration Center will house 80 tenants.

The LDFA does not intend to own or convey any property in connection with the Lower Woodward Project or the Tri-Centennial Park Project. The public infrastructure to be funded from the CCF Funds for those projects is expected to be owned by the City.

#### **8. Procedures for Leasing, Purchasing and Conveying Public Facilities**

In procurement of contractual services related to the construction, repair, remodeling or demolition of the Collaboration Center that are payable from tax increment revenues, the Corporation shall solicit, to the extent required by law, competitive bids or proposals under which it shall seek to ensure maximum participation of disadvantaged business enterprises, minority business enterprises and other targeted business enterprises. To insure maximum participation of targeted business enterprises, the Corporation is encouraged to implement guidelines and procedures that will, at the minimum, meet the goals set forth in the City of Detroit Executive Order No. 22 (1983) and Executive Order No. 4 (1994). Upon completion the Corporation shall develop procedures, consistent with law, for leasing that assures qualification of the Collaboration Center as a business incubator, the best opportunity for successful implementation of this Development Plan, and the identification and attraction of lessees qualified as or to create disadvantaged business enterprises, minority business enterprises and other types of targeted business enterprises.

The Corporation's Executive Committee will recommend to the Board of Directors the appointment of a City Council representative as a designated special board member of the Corporation's Board of Directors.

#### **9. Residences and Resident Relocation Assistance**

No person resides on the property to be developed. There will be no need to displace or relocate any residents or clear any residence as part of this Development Plan.

Honorable City Council:

Re: Establishment of the Stearns Building Neighborhood Enterprise Zone in the Area of 6501-6521 E. Jefferson.

Attached for your consideration please find a resolution and legal description which will establish the Stearns Building Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992

("the Act"). Such establishment has been requested by Stearns Building L. P., dba Lofts @ Rivertown, in order to make feasible the rehabilitation of the Stearns Building's 172 residential units, and the conversion of the units from rental apartments to owner — occupied condominiums.

Your Honorable Body conducted a public hearing on this matter on May 23rd. Council Member Bates at the public hearing indicated that he would shortly be presenting, in writing, a number of questions to the developer. The developer's representative has assured us that the response to these questions, when he receives them, will be immediate.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing and the date of your formal approval of a resolution establishing the NEZ. The date of the notice was April 18th and we therefore recommend, subject to your receipt of responses to Council Member Bates' questions, that you approve the resolution at your regular formal session of Wednesday, June 18th.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities

By Council Member Bates:

Whereas, Michigan Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from ad valorem taxes, and the imposition of a specific property tax in lieu of ad valorem real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Stearns Building NEZ, in the area of 6501-6521 E. Jefferson in Detroit, to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance

requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Stearns Building NEZ was conducted before the Detroit City Council on May 23, 2003, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Stearns Building NEZ are known;

Now Therefore Be It

Resolved, That the land area commonly known as 6501-6521 E. Jefferson, more particularly described in the legal description attached hereto, is hereby established as the Stearns Building NEZ, pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Prior to taking any action to request reduction of the term of the IFEC or revocation of the IFEC, the City must afford the Applicant an opportunity to present at a public hearing reasons for any shortfall by the applicant in its compliance with this Agreement.

#### **6. Payment of Abated Taxes for Shortfall of Employment.**

If the average number of new and retained full-time employees at the facility during the calendar year preceding the date of the Status Report is less than the number of new and retained employees set forth in Section 1 above, the Applicant agrees to pay the City, in addition to the Industrial Facility Tax due under the IFEC

on the Facility, an amount equal to the difference between the amount of ad valorem tax otherwise due on the Facility without the IFEC, and the amount of Industrial Facility Tax due on the Facility under the IFEC, for the calendar year preceding the Status Report, multiplied by a fraction, the numerator of which is the shortfall in the number of new and retained full-time employees indicated in the Status Report, and the denominator of which is the total number of new and retained full-time employees set forth in Section 1 above. Prior to taking any action to require the Applicant to pay any amount to the City pursuant to this Section, the City must afford the Applicant an opportunity to present at a public hearing reasons for any shortfall by the Applicant in its compliance with this agreement.

#### **7. Reimbursement of City Costs upon Discontinuance of Operations.**

a. To enable the Applicant to make the improvements or to install the equipment, machinery, furniture and fixtures as set forth in the Amended Application, or to enable the Applicant to operate the Facility, the City may incur costs for site acquisition, infrastructure improvements, or for other related purposes, as may be agreed to in writing between the City and the Applicant. If during the term of the IFEC the Applicant shall discontinue operations at the Facility, the applicant agrees to reimburse the City for any such agreed upon costs incurred by the City.

b. The Applicant agrees that if during the term of the IFEC it shall decide to discontinue operations at the Facility, the Applicant shall send written notification to the Director of the City Planning and Development Department within thirty (30) days of such decision. The Applicant further agrees that, within thirty (30) days of the actual discontinuance of operations, the Applicant shall send written notification of the actual termination to the Director of the City Planning and Development Department.

#### **8. Living Wage Ordinance.**

The Applicant acknowledges receipt of a copy of the Detroit Living Wage Ordinance ("Ordinance") which copy is attached as Exhibit "D" and made a part hereof, and the Applicant affirms that it will comply with this Ordinance in all respects unless specifically exempted by the language of the Ordinance. In the event the Applicant violates the Ordinance, the Applicant shall pay to each employee affected the amount of the deficiency for each day the violation continues. Willful or repeated violation of the Ordinance shall constitute a material breach of this agreement and will entitle the City to revoke, or seek revocation, of the Certificate. Willful violation of the

Ordinance will result in a penalty paid to the City in the amount of \$50.00 per violation for each day the violation continues. In the event the Applicant is assessed the \$50.00 penalty based on more than three (3) incidents within a two (2) year period, the Applicant shall be barred from entering into any contracts with the City for a period of ten (10) years from the last violation.

**9. Prevailing Wage Requirements.**

The Applicant agrees that Detroit Ordinance ch 18, art 5 div 4 is made applicable to this Agreement by section 18-5-65 thereof and agrees that wage and fringe benefit rates paid to each class of building trades workers performing construction work for which an Industrial Facilities Exemption Certificate is requested shall not be less than the rate prevailing in the City. See Exhibit E for a copy of the applicable Ordinance and the rates.

**10. Reservation of Remedies.**

The City and the Applicant agree that each of the rights and remedies provided by this Agreement may be exercised separately or cumulatively, and shall not be exclusive of any other rights and remedies provided by law. Invalidation of any of the provisions contained in this Agreement by operation of law, judgement, court order, or otherwise shall not invalidate any of the other provisions of this Agreement.

**11. Effective Date.**

This Agreement shall become effective upon issuance by the Michigan State Tax Commission of an IFEC covering the facility, and shall be null and void of no force or effect whatsoever unless the Michigan State Tax Commission issues an IFEC to the Applicant covering the Facility. This Agreement shall terminate thirty (30) days after the due date of the Status Report required by Section 3 above pertaining to the final year the IFEC is in force, or thirty (30) days after the actual filing of said Status Report, whichever is later.

**12. Headings.**

The headings contained in this Agreement are for descriptive purposes only, and do not alter or govern the substantive content of the provisions of this agreement.

IN WITNESS WHEREOF, the City and the Applicant, by and through their authorized officers and representatives, have executed this agreement as of the date first above written.

RELIEF IN A COURT OF COMPETENT  
JURISDICTION TO STOP THE  
BLASTING OF SALT MINES AND THE  
DAMAGE RESULTING FROM THE  
BLASTING ON BEHALF OF THE

By COUNCIL MEMBER McPHAIL:

WHEREAS, The Mine Advisory Panel has advised the Detroit City Council that permanent and serious damage has been done and continues to be done to their homes due to daily blasting; and

WHEREAS, The City Planning Commission recommended that the City retain an independent consultant/engineer to measure vibration levels in select houses at various times to determine if damage is occurring; and

WHEREAS, Gas seepage and carbon monoxide seepage are consequences of the blasting caused by the blocking of chimneys due to the blasting; and

WHEREAS, The potential loss of life and property is a matter of serious concern for the public health and safety of the citizens. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby authorizes outside council to seek injunctive relief in a court of competent jurisdiction to stop the blasting of salt mines and the damage resulting from the blasting on behalf of the Detroit City Council to protect the public health and welfare of the residents, AND BE IT FURTHER

RESOLVED, That the Research Analysis Division shall retain the services of Council's outside attorneys to file a complaint and to seek an injunction to immediately halt the blasting. The suit shall be filed on or before July 11, 2003. If

**STATEMENT BY SHEILA COCKREL IN  
OPPOSITION TO RESOLUTION TO  
SEEK IMMEDIATE INJUNCTIVE  
RELIEF IN A COURT OF COMPETENT  
JURISDICTION TO STOP THE  
BLASTING OF SALT MINES AND THE  
DAMAGE RESULTING FROM THE  
BLASTING ON BEHALF OF THE  
RESIDENTS OF SOUTHWEST  
DETROIT**

I voted "No" on the above Resolution for the following reasons:

First, because I have concerns about both the legal authority and the legal standing of the City Council to authorize outside legal counsel to intervene in this matter. There is no authority in the Charter of the City of Detroit for the City Council to intervene in legal disputes between citizens and corporate entities. Further, unless all members of the Council are themselves alleging damage as a result of the blasting activities of the Detroit Salt Company, there is no legal standing for Council to request injunction relief in a Court of Law.

Second, I oppose the Resolution because I do not believe that Council has done its due diligence in this complicated and serious matter. No representatives of the Detroit Salt Company have appeared before Council to give testimony or information as to this matter, or to respond to the serious allegations of damage to property and quality of life as detailed by the testimony of the residents of the community. At a minimum, Council should provide the Detroit Salt Company an opportunity to respond to the issues raised by the Mine Advisory Panel prior to the passing of this Resolution. Further, the passing of this Resolution is precipitous because there has been no tracking or confirmation of the number and loca-

tion of occurrences of gas and carbon monoxide seepage. Additionally, prior to the passing of this Resolution, a professional monitor should be employed to investigate the allegations of the Mine Advisory Panel as to the damage being caused to property.

Finally, I oppose the Resolution because I believe that it is unfair and irresponsible to give the Mine Advisory Panel and residents of the community in Southwest Detroit the false hope that the passing of this Resolution will bring a redress of their grievances. Clearly, the Mine Advisory Panel has raised very serious issues that warrant a thorough investigation. Unfortunately, this Resolution does nothing to promote further investigation. Unfortunately, this Resolution does nothing to promote further investigation into the complaints of the community, nor to encourage a realistic solution to the problems presented.

For all of the above reasons, I voted "No" on the Resolution.

## Detroit Police Department

May 5, 2003

Honorable City Council:

Re: Police Department Special Revenue Fund for Drug Forfeiture.

In November of 1987, your Honorble Body authorized a request from the Police Department to create a special revenue fund for the receipt and expenditure of drug forfeiture proceeds. This action was in accordance with then existing State of Michigan regulations regarding the accounting for forfeited narcotics proceeds received by local police departments pursuant to Michigan Public Act 251 of 1982, which amended Public Act 368 of 1978 of the Public Health Code. At that time, Appropriation Number 0648 was only requested to be established to authorize expenditures related to the enhancement of the Detroit Police Department's drug enforcement activities.

Michigan Public Act 251 of 1982 as well as the applicable federal government guidelines regarding expenditures of forfeited property authorize a much wider array of expenditures than the original 1987 City Council action. The March, 1994 United States Department of Justice "Guide to Equitable Sharing of Federally Forfeited Property for State and Local Law Enforcement Agencies" contains a list of eight types of authorized expenditures. These authorized expenditures include:

- (1) activities calculated to enhance future investigations that will result in increased forfeitures;
- (2) law enforcement training;

- (3) law enforcement equipment and operations;
- (4) detention facilities;
- (5) law enforcement facilities and equipment;
- (6) drug education and awareness programs;
- (7) match funding to the pro rata extent of the police department's involvement in a particular grant or multi-agency initiative; and
- (8) asset accounting and tracking.

In addition to the Department of Justice guidelines delineated above, Michigan law permits a local unit of government to do any of the following with forfeited assets:

- (a) retain them for official use;
- (b) sell those assets that can legally be sold and use the proceeds:
  - (i) to reimburse the City for expenses of the proceedings for forfeiture and sale, including expenses incurred during the seizure process, maintenance of custody, advertising, and court costs, and
  - (ii) to enhance related law enforcement efforts. MCL 333.7524

The Detroit Police Department respectfully requests that your Honorable Body approve the attached resolution authorizing the Police Department to use forfeiture funds in accordance with the applicable state law and federal guidelines. This will permit the Police Department to use these specific funds to address a wider array of public safety and homeland security issues than the prior resolution, which limited funds to be used only for direct narcotics enforcement activities.

City Council approval will still be required for any contract that will result in the expenditure of these funds.

Should you have any additional questions or concerns regarding this matter, please feel free to contact me at 596-1800, at your convenience.

Respectfully submitted,  
JERRY A. OLIVER, SR.

By Council Member S. Cockrel:

Whereas, In November, 1987, the Detroit City Council established a Police Department Special Revenue Fund for narcotics forfeitures in accordance with Michigan Public Act 251 of 1982; and

Whereas, As initially established, appropriation 0648 only authorized expenditures to be made for direct narcotics enforcement activities; and

Whereas, The U.S. Justice Department issued guidelines in March, 1994 delineating a series of broader permitted purposes for the use of forfeiture funds. Now, Therefore, Be It

Resolved, That the Detroit City Council hereby authorizes the Police Department's Special Revenue Fund for narcotics forfeitures to be appropriated in accordance with those purposes expressly permitted by state law and federal regulation. And Be It Further

Resolved, That in adopting this resolution, the City Council acknowledges that approval of this resolution does not in any way affect the City Council's ultimate authority over contract approval under the Detroit City Charter or the Detroit City Code. And Be It Finally

Resolved, That this resolution hereby amends the City Council's resolution of November 23, 1987 regarding the authorized use of forfeiture funds.

**Department of Public Works  
City Engineering Division**

June 30, 2003

Honorable City Council:

Re: Petition No. 1522. ClarkHill P.L.C., on behalf of Bob Maxey Lincoln-Mercury, Inc., requesting the outright vacation of certain easements north of Mack, between Grayton and Harvard.

Petition No. 1522 of ClarkHill P.L.C., on behalf of Bob Maxey Lincoln-Mercury, Inc., requesting the outright vacation of the east-west easement, 20 feet wide, and a portion of the north-south easement, 18 feet wide in the block bounded by Mack Avenue, 120 feet wide, Grayton Street, 50 feet wide and Harvard Street, 55 feet wide, and Rosewood Avenue, 50 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The Public Lighting Department (PLD) has no objection to the proposed outright vacation of the private easement(s). However, the PLD is in the process of working with the petitioner to relocate/remove PLD facilities. Any damage done to existing PLD facilities by the proposed construction must be repaired at project cost.

The Detroit Water and Sewerage Department (DWSD) reports no objection to the requested right-of-way changes provided that any alterations to the City's water mains and sewers be done under DWSD's permit and inspection, in accordance with plans approved by DWSD. Also, these alterations are to be done at the petitioner's expense at no cost to DWSD. Also, provided that the petitioner enters into an easement agreement with DWSD prior to any work beginning.

The petitioner shall deposit with DWSD (if necessary), in advance of engineering, inspection and survey, such amounts as DWSD deems necessary to cover the costs of these services, and that all work necessary to maintain the existing sewer service and/or to modify, alter, relocate and construct the sewer and access manholes (if necessary) is to be done by the petitioner at no cost to DWSD.

The Detroit Edison Company (DECO) estimates the costs of removing and/or rerouting its services are not to exceed \$49,500.00. The petitioner has agreed to make satisfactory arrangements with DECO.

SBC reports that the petitioner must make arrangements for any removing and/or rerouting of its services with the SBC Customer Growth Group.

All other city departments and privately owned utility companies have reported no objections to the changes in public rights-of-way or that satisfactory arrangements have been made. Provisions protecting utility installations (if necessary) are part of the resolution.

An appropriate resolution containing the necessary conditions is attached for consideration by your Honorable Body.

Respectfully submitted,

Honorable City Council:

Re: Petition Nos. 637 & 692 —

Gwendolyn A. Lewis, et al, for conversion of alley to easement in the area of W. Eight Mile and Rosemont.

Petition Nos. 637 & 692 of "Gwendolyn A. Lewis, et al", request conversion of the East-West public alley, 20 feet wide, in the block bounded by West Eight Mile Road, 204 feet wide, Hessel Avenue, 60 feet wide, Ashton Avenue, 60 feet wide and Rosemont Avenue, 60 feet wide into a private easement for utilities.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

If the petitioner at any time plans to discontinue use of the paved alley entrances (into Rosemont and Ashton Avenues), the petitioner shall pay all incidental removal cost.

All other city departments and private utility companies have reported no objec-

tion to the conversion of public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of this resolution.

I am recommending adoption of the attached resolution.

**Section 3. Estimated Cost and Period of Usefulness of Projects.** The DWSD Estimated Cost of the Project, including expenses incidental to the Project and its financing, specified in Section 4 hereof, is hereby approved and confirmed, and the period of usefulness of the Project is estimated to be not less than 40 years.

(b) The Bonds shall be issued as an SRF Junior Lien Bonds under the Bond Ordinance, and shall be of junior standing and priority of lien secured on a subordinate basis to Senior Secured Obligations, and Senior Subordinated Bonds, any other Junior Subordinated Bonds which may be issued under the Bond Ordinance with a higher priority of lien on Net Revenues than that granted the SRF Junior Lien Bonds, and the Ancillary Obligations related to each of the foregoing.

(c) The proceeds of the Bonds shall be used for the purpose of acquiring and constructing the Project, for capitalized interest, if necessary and permitted by the State Revolving Fund program, and to pay issuance costs described above. The balance of the costs of the Project and the other costs, expenses and deposits shall be paid from the proceeds of additional Securities issued under the Bond Ordinance, if any, and moneys of the System now on hand and legally available therefor and such moneys are hereby appropriated therefor.

(d) Except as otherwise provided in this Resolution, all of the provisions of the Bond Ordinance shall apply to the Bonds, the same as though set forth in full in this Resolution, the purpose of this Resolution being to supplement the Bond Ordinance to authorize the issuance of SRF Junior Lien Bonds as herein provided for the purpose herein set forth, such purpose being authorized by Bond Ordinance, upon the conditions therein stated, which conditions have been fully met or will be fully met prior to the issuance of the Bonds.

**Section 5. Bond Details, Issuance in Series Registration, Execution and Transfer of Bond.** (a) The Bonds shall be designated SEWAGE DISPOSAL SYSTEM SRF JUNIOR LIEN REVENUE BONDS, SERIES 2003-SRF2. The Bonds

shall bear such additional or alternative designation as may be determined by the Finance Director of the City, subject to the Bond Ordinance.

(b) The Bonds shall be issued in the Maximum Bond Amount, or such lesser amount as shall be set forth in the DEQ Order or Purchase Contract, and shall be payable as to principal on such dates as are set forth in the related DEQ Order or Purchase Contract for the Bonds, provided, however, that the maximum aggregate amount of interest and principal becoming due in any Fiscal Year (whether at maturity or by reason of Mandatory Redemption Requirements) on all securities outstanding under the Bond Ordinance, including Bonds, shall not exceed the amount permitted by the Bond Ordinance. Principal of the Bonds shall be payable in the same manner as interest thereon on the annual payment date set forth above.

(c) The Bonds shall bear interest at a rate of 2.5% per annum, or such other interest rate as shall be set forth in the related DEQ Order or Purchase Contract, payable, except as hereinafter provided, on each Interest Payment Date by check made by the Transfer Agent, and mailed, or sent by other means, to the registered owner at the registered address, as shown on the registration books maintained by the Transfer Agent; provided, however that at the written request of the Authority or other registered owner of at least \$1,000,000 principal amount of the Bonds (which request may provide that it will remain in effect with respect to the subsequent Interest Payment Dates unless and until changed or revoked at any time prior to an Interest Payment Date by subsequent written notice to the Transfer Agent), interest shall be paid by wire transfer or other immediately available funds acceptable to the Transfer Agent and the City. Except as hereinafter provided, interest on the Bonds shall be payable to the registered owner of record of the Bonds as of the 15th day of the month immediately preceding any Interest Payment Date. The date of determination of registered ownership for purposes of payment of interest as provided in this paragraph may be changed by the City to conform to market practice in the future.

(d) Notwithstanding any other provision of this Resolution, so long as the Authority is the owner of the Bonds, (a) such Bonds are payable as to principal, premium, if any, and interest at the corporate trust office of Bank One Trust Company, NA, or at such other place as shall be designated in writing to the City by the Authority (the "Authority's Depository"); (b) the City agrees that it will deposit with the Authority's Depository payments of the principal of, premium, if any, and interest on such Bonds in immediately available funds at least five (5) business days prior

(e) The Bonds shall be dated September 25, 2003, or such other date as provided in the related DEQ Order or the Purchase Contract. The Bonds shall be issued as a single, fully registered bond, subject to the transfer and exchange requirements of this Resolution in authorized denominations of \$5,000 or any multiple thereof.

(f) Unless waived by any registered owner of a Bond to be redeemed, official notice of redemption of such Bond shall be given by the Transfer Agent on behalf of the City. Such notice shall be dated and shall contain at a minimum the following information: complete official name of the issue, including series; original issue date; payment dates; interest rate; the date of redemption notice; the redemption date; the redemption price; the place where the Bonds or portions thereof called for redemption, are to be surrendered for payment; the Transfer Agent's name and address with contact person and phone number; and a statement that interest on the Bond or portions thereof called for redemption shall cease to accrue from and after the redemption date if moneys are on hand with the Transfer Agent to redeem the Bonds or portions thereof called for redemption.

In addition, further notice shall be given by the Transfer Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner affect the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

**Section 6. Payment of Bonds.** The Bonds and the interest thereon shall be payable solely from the Net Revenues, and to secure such payment, the statutory lien upon the whole of the Net Revenues created in the Bond Ordinance, subject to the prior lien thereon of Senior Secured Obligations, Senior Subordinated Bonds, any other Junior Lien Bonds which may be issued under the Bond Ordinance with a higher priority of lien on Net Revenues than that granted the SRF Junior Lien Bonds, and the Ancillary Obligations related to each of the foregoing, is hereby confirmed in favor of the Bonds.

The obligation of the City to pay the principal of and interest on the Bonds shall continue until such payment in full has been made or until sufficient cash or sufficient Government Obligations shall have been deposited in trust for payment in full

of the principal of and the interest on all Bonds to be defeased to its maturity, or, if called for redemption, to the date fixed for redemption, together with the amount of the redemption premium, if any. Upon deposit of cash or sufficient Government Obligations, as provided in the previous sentence, the statutory lien herein referred to shall be terminated with respect to the Bonds for which such deposit was made, and, the holders of the Bonds shall have no further rights under this Resolution except for payment from the deposited funds and registration and replacement of bonds and such Bonds shall no longer be considered to be outstanding under the Bond Ordinance and this Resolution.

**Section 7. Funds and Accounts; Flow of Funds.** Except as otherwise provided in this Resolution, all of the provisions relative to funds and accounts, their maintenance, the flow of funds and other details relative thereto, shall remain as specifically set forth in the Bond Ordinances.

**Section 8. Bond Proceeds.** (a) The portion of the proceeds of the sale of the Bonds representing capitalized interest, if any, as received, shall be deposited in the redemption fund for SRF Bonds established by the Bond Ordinance, and the City may take a credit for the amount so deposited against the amount required to be deposited in such fund for payment of the next maturing interest payment on the Series 2003-SRF2 Bond.

(b) The balance of the proceeds of the sale of the Bonds, as received, shall be deposited in the Series 2003-SRF2 Construction sub-Account, which sub-account shall be established and maintained as a separate depository account in accordance with the Bond Ordinance. Moneys in the Construction Sub-Account shall be applied solely in payment of the costs of the Project and any engineering, legal, financial or printing costs, and other expenses incident thereto and to the financing thereof. Payments for construction, either on account or otherwise, shall not be made unless the registered engineer in charge of such work shall file a signed statement with the Commissioners to the effect that the work has been completed in accordance with the plans and specifications therefor, that it was done pursuant to and in accordance with the contract therefor, that such work is satisfactory and that such work has not been previously paid for. Payment of the costs of engineering, legal, financial, printing and other costs of issuance with respect to the Bonds as provided in this section shall be made upon submission of appropriate documentation to the Finance Director of the City.

(c) Any unexpected balance remaining in the Construction Sub-Account after completion of the Project may, with the

prior approval of the Authority and at the discretion of DWSD, be used for further improvements, enlargements, and extensions to the System if, at the time of such expenditure, such use is approved by the Michigan Department of Treasury, Municipal Finance Division, if such permission is then required by law, and if such use will not, in the opinion of nationally recognized bond counsel, impair the exclusion of interest on the Bonds from gross income for federal income tax purposes. Any remaining balance after such expenditure shall, with the prior approval of the Authority, be paid into the Redemption Fund for the purpose of redemption or purchase, at not more than the fair market value, of the outstanding Bonds or portions thereof. Bonds acquired by purchase shall be canceled and shall not be re-issued.

**Section 9. Bond Form.** The Bonds shall be in substantially the form set forth in Appendix A hereto, with such changes and additions as shall be determined appropriate by the Finance Director.

**Section 10. Covenants Regarding Exclusion of Interest on the Bonds for Federal Tax Purposes.** The City hereby covenants with and represents to the Authority and any other registered owners of the Bonds that so long as any portion thereof remains outstanding and unpaid as to either principal or interest, the City shall, to the extent permitted by law, take all actions within its control to maintain, and will refrain from taking any action which would impair, the exclusion of the interest on the Bonds from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "Code"), including but not limited to actions relating to any required rebate of arbitrage earnings and the expenditure and investment of Bond proceeds and moneys deemed to be Series 2003-SRF2 Bond proceeds, and to prevent the Bonds from being or becoming a "private activity bond" as that term is used in Section 141 of the Code.

**Section 11. Act 34 Compliance; Sale of Bonds.** The Mayor and the Finance Director, each acting alone, is authorized and directed to do all such things, take all such actions and make all such applications and filings with the Michigan Department of Treasury as may be necessary or appropriate to comply with Act 34, Public Acts of 2001, as amended, or otherwise precedent to or in connection with the issuance, sale, and delivery of the Bonds.

**Section 12. Finance Director and Deputy Finance Director Authorizations.** During the Finance Director's absence or disability, or while the Finance Director's position is vacant, the Deputy Finance Director shall exercise all the

powers, perform all the duties and make all the determinations herein required or permitted with respect to the Bonds.

**Section 13. Execution of Bonds.** The Mayor and the Finance Director are hereby authorized and directed to execute the Bonds by manual or facsimile signature for and on behalf of the City and in its name, to affix thereto the official seal of the City either by manual signature or by facsimile, and to deliver the Bonds to the Authority upon the terms and conditions set forth in the Purchase Contract.

**Section 14. Sale of Bonds; Execution of Authority's Documents.** The Bonds shall be sold to the Authority pursuant to the Purchase Contract. The Purchase Contract, Supplemental Agreement, and the Issuer's Certificate in the forms on file with the Finance Director are hereby approved; and the Mayor, the Finance Director and the Director of the DWSD or their deputies are each hereby authorized to execute and deliver, for and on behalf of the City, such Purchase Contract, Supplemental Agreement, and Issuer's Certificate to the Authority in the forms hereby approved with such changes thereto and insertions therein as the Finance Director shall determine are necessary or desirable. The executed forms of the Purchase Contract, the Supplemental Agreement and the Issuer's Certificate shall be deemed to be the final forms thereof.

**Section 15. Authorization of Other Officials.** The Mayor, City Clerk, Finance Director, Treasurer, Corporation Counsel, Director of the DWSD, other officials of the City, their deputies and staff, or any of them are hereby authorized to execute and deliver such certificates, documents, instruments, opinions, and other papers as may be deemed necessary or appropriate to complete the sale, execution and delivery of the Bonds as determined by such officials executing and delivering the foregoing items. Any actions heretofore taken by such persons in furtherance of the foregoing are hereby ratified and confirmed.

**Section 16. Declaration of Official Intent.** The City makes the following declarations for the purpose of complying with the reimbursement rules of Treas. Reg. §1.150-2 pursuant to the Code:

(a) The City plans to finance the Project through the issuance of the Bonds in amount not to exceed the Maximum Bond Amount.

(b) The City Council of the City hereby declares its intent to reimburse itself from the proceeds of the Bonds for expenditures made or to be made for the Project.

(c) The maximum aggregate principal amount of the Bonds expected to be issued for the Project is the Maximum Bond Amount for the Bonds.

(d) Advances to be made for the Project will be borrowed from the Improvement and Extension Fund of the City's Sewage Disposal System Fund, which shall be reimbursed upon the issuance of the Bonds.

**Section 17. Resolution Constitutes a Contract Interpretation; Modification.** The provisions of this Resolution shall constitute a contract between the City and any registered owner of a Bond. The provisions of this Resolution shall be construed and interpreted liberally in order to effectuate the purposes of the Bond Ordinance, Act 94, the Shared Credit Rating Act, Act No. 227, Public Acts of Michigan, 1985, as amended, which creates the Authority, and the State Clean Water Assistance Act, Act No. 317, Public Acts of Michigan, 1988, as amended. The provisions of this Resolution, including, but not limited to, provisions with respect to disbursements of bond proceeds, disbursements and payments of capitalized interest on the Bonds and payments by the City to the Authority in amortization of the Bonds, may be modified by agreement of the City and the Authority without the consent of the holders of Securities outstanding under the Bond Ordinance, so long as such modifications do not prejudice such holders of Securities of higher priorities.

**Section 18. Repeal; Savings Clause.** All other ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed.

**Section 19. Severability; Paragraph Headings; Conflict.** If any section, paragraph, clause or provision of this Resolution shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Resolution. The section headings in this Resolution are furnished for convenience of reference only and shall not be considered to be part of this Resolution.

**Section 20. Publication and Recordation.** This Resolution shall be published in full in the *Detroit Legal News*, a newspaper of general circulation in the City qualified under State law to publish legal notices, promptly after its adoption.

**Section 21. Effective Date.** This Resolution shall be effective immediately.

REGISTERED OWNER: Michigan  
Municipal Bond Authority  
PRINCIPAL AMOUNT: \*\*\*\*\$ \_\_\_\_\_ \*\*\*\*

The City of Detroit, Wayne County, Michigan (the "Issuer") for value received, hereby promises to pay, to the Michigan Municipal Bond Authority (the "Authority"), out of the hereinafter described Net Revenues of the Issuer's Sewage Disposal System, the principal amount of \_\_\_\_\_ Dollars (\$ \_\_\_\_\_) or so much thereof as shall have been advanced to the Issuer pursuant to the Purchase Contract between the Issuer and the Authority dated as of \_\_\_\_\_, 20\_\_ and a Supplemental Agreement by and among the Issuer, the Authority, and the State of Michigan, acting through the Department of Environmental Quality, in lawful money of the United States of America, with interest on the principal from the date each disbursement of such principal is advanced by the Authority to the Issuer at the rate of two and one-half percent (2.5%) per annum until paid. Interest is first payable on \_\_\_\_\_, 20\_\_ and semiannually on each \_\_\_\_\_ 1 and \_\_\_\_\_ 1 thereafter, and principal is payable on the first day of \_\_\_\_\_, commencing \_\_\_\_\_ 1, 20\_\_ (as identified in the Purchase Contract) and annually thereafter, in the principal installments indicated on the Payment Schedule attached as Appendix A hereto, unless prepaid prior thereto as hereinafter provided. The bond is payable as to principal, premium, if any, and interest at the corporate trust office of Bank One Trust Company, NA, or to such other place as shall be designated in writing to the issuer by the Authority (the "Authority's Depository").

This bond may be subject to redemption prior to maturity by the Issuer only with the prior written consent of the Authority and on such terms as may be required by the Authority.

Notwithstanding any other provision of this Bond, so long as the Authority is the owner of this Bond (a) this Bond is payable as to principal, premium, if any, and interest at Bank One Trust Company, N.A., or to such other place as shall be designated in writing to the Issuer by the Authority (the "Authority's Depository"); (b) the Issuer agrees that it will deposit with the Authority's Depository payments of the principal of, premium, if any, and interest on this bond in immediately available funds by 12:00 noon at least five business days prior to the date on which any such payment is due whether by maturity, redemption, or otherwise; in the event that the Authority's Depository has not received the Issuer's deposit by 12:00

noon on the scheduled day, the Issuer shall immediately pay to the Authority, as invoiced by the Authority, an amount to recover the Authority's administrative costs and lost investment earnings attributable to that late payment; and (c) written notice of any redemption of this Bond shall be given by the Issuer and received by the Authority's Depository at least 40 days prior to the date on which such redemption is to be made.

In the event of a default in the payment of principal hereof or interest hereon when due, whether at maturity, by redemption or otherwise, the amount of such default shall bear interest (the "additional interest") at a rate equal to the rate of interest which is two percent above the Authority's cost of providing funds, (as determined by the Authority) to make payment on the bonds of the Authority issued to provide funds to purchase this bond, but in no event in excess of the maximum rate of interest permitted by law. The additional interest shall continue to accrue until the Authority has been fully reimbursed for all costs incurred by the Authority (as determined by the Authority) as a consequence of the Issuer's default. Such additional interest shall be payable on the interest payment date following demand of the Authority. In the event that (for reasons other than the default in the payment of any municipal obligation purchased by the Authority) the investment of amounts in the reserve account established by the Authority for the bonds of the Authority issued to provide funds to purchase this bond fails to provide sufficient available funds (together with any other funds which may be made available for such purpose) to pay the interest on outstanding bonds of the Authority issued to fund such account, the Issuer shall and hereby agrees to pay on demand only the Issuer's pro rata share (as determined by the Authority) of such deficiency as additional interest on this bond.

During the time funds are being drawn down by the Issuer under this bond, the Authority will periodically provide the Issuer a statement showing the amount of principal that has been advanced and the date of each advance, which statement shall constitute prima facie evidence of the reported information; provided that no failure on the part of the Authority to provide such a statement or to reflect a disbursement or the correct amount of a disbursement shall relieve the Issuer of its obligation to repay the outstanding principal amount actually advanced, all accrued interest thereon, and any other amount payable with respect thereto in accordance with the terms of this bond. Capitalized terms not defined herein and defined in the hereinafter defined Bond Ordinance are used herein as therein defined.

For the prompt payment of the principal of and interest on this bond, the revenues of the Sewage Disposal System of the City (the "System"); including all appurtenances, extensions and improvements thereto, after provision has been made for reasonable and necessary expenses of operation, maintenance and administration (the "Net Revenues"), are irrevocably pledged and a statutory lien thereon is recognized and created. The bonds of this series are of equal standing and priority of lien on Net Revenues as all other SRF Junior Lien Bonds issued under and in accordance with the Bond Ordinance and are of junior standing and priority of lien as to Net Revenues, and secured on a subordinate basis, to all Senior Secured Obligations, Senior Subordinated Bonds heretofore and hereafter issued under and in accordance with the Bond Ordinance, and such Junior Subordinated Bonds hereafter issued under and in accordance with the Bond Ordinance with a higher lien than that granted SRF Junior Lien Bonds, and any Ancillary Obligations related to any of the foregoing.

This bond is issued pursuant to Ordinance No. 18-01, effective October 22, 2001 (the "Bond Ordinance"), and under and in full compliance with the Constitution and statutes of the State of Michigan, including specifically Act No. 94, Public Acts of Michigan, 1933, as amended, for the purpose of paying all or part of the cost of acquiring and constructing replacements, repairs, extensions and improvements to the System and paying the costs of issuing this bond.

This bond is a self-liquidating bond which is not a general obligation of the Issuer and does not constitute an indebtedness of the Issuer within any constitutional, statutory, or charter limitation, but is payable, both as to principal and interest, solely from the Net Revenues of the System. The principal of and interest on this bond are secured by the statutory lien hereinbefore mentioned.

For a complete statement of the revenues from which and the conditions under which this bond is payable, a statement of the conditions under which additional bonds of equal standing may hereafter be issued, and the general covenants and provisions pursuant to which this bond is issued, reference is made to the Bond Ordinance.

The Issuer has covenanted and agreed, and does hereby covenant and agree, to fix and maintain at all times while any bonds payable from the Net Revenues of the System shall be outstanding, such rates for service furnished by the System as shall be sufficient to provide for payment of the interest on and the principal of this bond and any other bonds of superior and equal standing

payable from the Net Revenues as and when the same shall become due and payable, and to create and maintain a bond redemption fund therefor, to provide for the payment of expenses of administration and operation and such expenses for maintenance of the System as are necessary to preserve the same in good repair and working order, and to provide for such other expenditures and funds for the System as are required by the Bond Ordinance.

It is hereby certified and recited that all acts, conditions and things required by law precedent to and in the issuance of this bond and the series of bonds of which this is one have been done and performed in regular and due time and form as required by law.

IN WITNESS WHEREOF, the City of Detroit, Wayne County, Michigan, by its City Council has caused this bond to be signed by the manual or facsimile signatures of its Mayor and its Finance Director and its corporate seal to be impressed on this bond, all as of \_\_\_\_\_, 20\_\_.

Honorable City Council:

Re: Dwight Pickett v Detroit Police Sgt. Felix Kirk, et al. Case No.: 02 221658 NO. File No.: A37000.003758 (PGR).

On June 23, 2003, a case evaluation panel evaluated the above-captioned lawsuit and awarded Twenty-Six Thousand Dollars (\$26,000.00) in favor of Plaintiff. The parties have until July 21, 2003 to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the case evaluation award is in the best interest of the City of Detroit.

Honorable City Council:

Re: Conner and Forest Redevelopment Project Brownfield Plan.

The enclosed Brownfield Plan for the Conner and Forest Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on June 24, 2003 to solicit public comments. At its June 20, 2003 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On July 2, 2003, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

The Conner and Forest Project is located on a portion of 4705-4707 Conner Avenue, set up to be an "outlot". The project consists of the construction of a new Wendy's restaurant. Approximately \$1.2 million will be invested at the property. The DBRA and Detroit City Council approved a brownfield plan named Parkside Plaza in 2002 that was for the larger portion (identified in the Parkside Plaza Plan as "Parcel A") of 4705-4707 Conner Avenue.

**Purpose of the Proposed Plan**

Upon approval of this proposed Plan by City Council, Wendy's International, Inc. will be entitled under state law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in their project.

**Property Subject to the Proposed Plan**

The project is located at 4705-4707 Conner that is in an area generally bounded by Warren to the north, Conner to the east, Mack to the south and railroad tracks to the west. This site is adjacent to the Parkside Plaza brownfield redevelop-

ment project, approved by the Detroit City Council in July, 2002.

**Basis of Eligibility**

The property is considered to be "eligible property" as defined by Act 381 because it is located in a qualified government unit under the Brownfield Act, has previously been utilized for an industrial purpose and is determined to be a "Facility" as defined by Act 381.

**Projected Costs**

The proposed plan anticipates the cost of the eligible activity for this project will be approximately \$30,000. The expense of these eligible activities is the responsibility of the Developer.

In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Re: Address: 9774 Philip. Name: Nathan Mozljenovich. Date ordered removed: October 17, 2001 (J.C.C. p. 3025).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on June 23, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of June 18, 2003.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection

• Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

**Section 14. Approval of Department of Treasury.**

The issuance and sale of the Bonds shall be subject to approval being granted therefor by the Department of Treasury of the State of Michigan and the Finance Director hereby is authorized and directed to make application to the Department of Treasury for approval to issue and sell the Bonds as provided by the terms of this resolution and for all necessary waivers in connection therewith and to pay any related filing fees.

**Section 15. Sale, Issuance, Delivery, Transfer and Exchange of Bonds.**

The Bonds shall be sold to Citigroup Global Markets Inc. ("Citigroup") and/or such other underwriter or underwriters selected by the Finance Director at the time of sale of the Bonds (the "Underwriters") pursuant to a bond purchase agreement to be entered into by Citigroup, as representative, on behalf of the Underwriters and as approved and executed by the Finance Director on behalf of the City.

(a) The reasons for closing a negotiated sale instead of a competitive sale include the belief of the City Council, based on the recommendations of the Finance Director and the City's Financial Advisor that a negotiated sale will allow the Bonds to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs for the City.

(b) The Finance Director is authorized to determine:

(i) whether to require a good faith check from the Underwriters for the failure (other than as permitted by the bond purchase agreement) to accept delivery of and pay for the Bonds; and

(ii) the principal amount of the Bonds, principal maturities and sinking fund installments, interest rates and/or the method for determining interest rates, interest payment dates, redemption and/or tender for purchase provisions; and

(iii) the purchase price to be paid by the Underwriters with respect to the Bonds, and the approval of the bond purchase agreement; and

(iv) the Bonds to be Refunded, and other parameters for the Refunding Bonds set forth in this resolution; and

(v) whether to provide in connection with the issuance and sale of the Bonds,

any credit enhancement, liquidity facility, hedge or swap agreement, or other agreement authorized in Section 20 hereof.

(c) All such terms and provisions not inconsistent with this resolution as the Finance Director determines to be necessary or appropriate in the best interest of the City, in connection with the sale of the Bonds shall be set forth in an order of the Finance Director executed at the time of sale of the Bonds (the "Sale Order").

(d) The Finance Director and other appropriate city officials are each hereby authorized to do all things necessary to effectuate the issuance, sale, execution, delivery, transfer and exchange of the Bonds in accordance with the provisions of this resolution.

**Section 16. Replacement of Bonds.**

Subject to the provisions of Act 354, Public Acts of Michigan, 1972, as amended and any other applicable law, upon receipt by the Finance Director of proof of ownership of an unmatured Bond, of satisfactory evidence that the Bond has been lost, apparently destroyed or wrongfully taken and of security or indemnity which complies with applicable law and is satisfactory to the Finance Director, the Finance Director may authorize the bond registrar and paying agent to deliver a new executed Bond to replace the Bond lost, apparently destroyed or wrongfully taken in compliance with applicable law. In the event an outstanding matured Bond is lost, apparently destroyed or wrongfully taken, the Finance Director may authorize the bond registrar and paying agent to pay the Bond without presentation upon the receipt of the same documentation required for the delivery of a replacement bond. The bond registrar and paying agent, for each new Bond delivered or paid without presentation as provided above, shall require the payment by the bondholder of expenses, including counsel fees, which may be incurred by the bond registrar and paying agent and the City in the premises. Any Bond delivered pursuant to the provisions of this Section 16 in lieu of any Bond lost, apparently destroyed or wrongfully taken shall be of the same form and tenor and be secured in the same manner as the Bond in substitution for which such Bond was delivered.

**Section 17. Notice of Limited Tax Full Faith and Credit Pledge.**

The City Council hereby expressly acknowledges and confirms that the Notice of the meeting at which this Resolution was considered for adoption contained the statement that the proposed New Money Bonds will contain a limited tax full faith and credit pledge of the City as required by Section 308 of Act 34. The form of such notice is attached hereto as Exhibit A.

**Section 18. Official Statement.**

The Finance Director is authorized to cause the preparation of a nearly final or preliminary official statement and a final official statement for the Bonds for the purpose of enabling compliance with Securities and Exchange Commission Rule 15c2-12 (the "Rule") and to do all other things necessary to enable compliance with the Rule and to execute the final official statement. The City hereby covenants to comply with the continuing disclosure requirements of the Rule and authorizes the Finance Director to enter into a continuing disclosure undertaking for the benefit of the holders and beneficial holders of the Bonds and Refunding Bonds and to approve the final terms thereof in the Sale Order.

**Section 19. Reserved.**

**Section 20. Credit Enhancement, Liquidity Facility, Hedge and Other Agreements.**

(a) The Finance Director is authorized to obtain and enter in an agreement with respect to a letter of credit, policy of bond insurance, surety bond, guarantee, or similar instrument issued by a financial, insurance or other institution, and which provides security or liquidity in respect of all or part of the New Money Bonds or any Refunding Bonds, provided that the Finance Director determines that such credit enhancement and/or liquidity facility is in the best interest of the City.

(b) For the purpose of more effectively managing the debt service with respect to the Bonds, the Finance Director is also authorized to enter into an interest rate exchange or swap, hedge or similar agreement or agreements with respect to any of the New Money Bonds in accordance with and subject to the requirements of Section 317 of Act 34 and the City's Swap Management Plan.

(c) In connection with the execution of any of the agreements authorized by this Section 20, the Finance Director is authorized to include therein such covenants of the City as shall be appropriate, and, if necessary or appropriate, to appoint a trustee and to prescribe the powers and duties of such trustee in the order authorizing the sale of the Bonds or Refunding Bonds, as the case may be.

**Section 21. Supplemental Resolutions Not Requiring Consent of Bondholders.**

(a) The City may, without the consent of the holders of the Bonds, adopt resolutions supplemental to this resolution that shall not be inconsistent with the terms and provisions hereof for any one or more of the following purposes:

(i) To add covenants and agreements of the City for the purpose of further securing the payment of principal or of interest on the Bonds or to maintain or improve the then applicable rating on the Bonds;

(ii) To cure any ambiguity or formal defect or omission in this resolution;

(iii) To make such modifications in the provisions of this resolution if, in the written opinion of nationally recognized bond counsel filed with the City Council, such modifications do not result in materially diminishing the security hereby granted to the holders of the Bonds at the time outstanding.

(b) Before any supplemental resolution under this Section 21 shall become effective, a copy thereof shall be filed with the Michigan Department of Treasury, if then required by law, and an opinion of nationally recognized bond counsel to the effect that such supplemental resolution complies with the provisions of this Section 21 shall be delivered to the City Council.

**Section 22. Appointment of Bond Counsel; Engagement of Other Parties.**

The appointment by the Finance Director of the law firm of Howard & Howard P.C. as bond counsel in respect of the Bonds ("Bond Counsel") is hereby ratified and confirmed, notwithstanding the periodic representation by such firm in unrelated matters of other parties and potential parties to the issuance of the Bonds. The fees and expenses of Bond Counsel shall be payable as a cost of issuance from the proceeds of the Bonds or other available funds in accordance with the letter of such firm on file with the Finance Director.

The Finance Director is authorized to engage such other consultants, financial advisors, verification agents, or other parties as he deems necessary and appropriate in connection with the issuance and sale of the Bonds and to pay the fees and expenses thereof from the proceeds of the Bonds or other available funds.

**Section 23. Compliance with Act 34.**

The Bonds shall be issued in accordance with, and subject to the limitations set forth in, Act 34.

**Section 24. Repeal; Savings Clause.**

All other ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this resolution are, to the extent of such conflict, hereby repealed.

**Section 25. Severability; Paragraph Headings; and Conflict.**

If any section, paragraph, clause or provision of this resolution shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not effect any of the other provisions of this resolution. ## Brownfield Redevelopment Authority July 10, 2003

Honorable City Council:

Re: Rescheduling of public hearings for Grand River Place, Hudson's Warehouse and Stough Brownfield Redevelopment Plans.

On July 16, 2003, City Council has scheduled a discussion and three public hearings related to the Grand River Place, Hudson's Warehouse and Stough Brownfield Redevelopment Plans representing over \$45 million in new investment for Detroit. Unfortunately, the public hearings were not properly published in the newspaper and must be cancelled. The lack of publishing was caused by a number of factors including the confusion surrounding the status of projects when Mr. Papapanos was suddenly hospitalized. Delaying the project approval, particularly due to the added State of Michigan approvals required, would severely impact the projects.

The Brownfield Redevelopment Act ("Act 381") requires a 20-day public hear-

ing notice. We will have to publish the notice on July 12, 2003 meaning we need City Council to formally adopt the following resolutions tomorrow, July 11, 2003, with a waiver of reconsideration. We need to know no later than 11:30 a.m. on July 11, 2003 whether these suggested date and times are acceptable. The following resolutions are only to set the public hearings. In order to be able to have the plans approved before recess, we respectfully request the following actions:

a) **July 11, 2003**

Line item on City Council's Calendar as a *walk-on item* indicating the Authority's request that the City Council adopts a resolution setting a Public Hearing for July 31, 2003 concerning the Plan for the Grand River Place Redevelopment Project, the Hudson's Warehouse Redevelopment Project, and the Stough Redevelopment Project.

b) **July 11, 2003**

City Council's approval of the attached three Resolutions (Exhibit A) setting a Discussion and Public Hearings in Council Chambers, 13th Floor of the Coleman A. Young Municipal Center, located at 2 Woodward Avenue, Detroit, Michigan on the following schedule:

10:30 a.m. Discussion with Taxing Jurisdictions

10:35 a.m. Public Hearing for the Grand River Place Redevelopment

10:40 a.m. Public Hearing for the Hudson's Warehouse Redevelopment

10:45 a.m. Public Hearing for the Stough Redevelopment Project

The resolutions will be hand delivered tomorrow morning. We request a waiver of reconsideration for these resolutions.

c) **July 31, 2003**

10:30 a.m. Discussion

10:35 a.m. Public Hearing for Grand River Place

10:40 a.m. Public Hearing for Hudson's Warehouse

10:45 a.m. Public Hearing for Stough Project

d) **August 1, 2003**

City Council adoption of a Resolution approving the Plan (to be delivered at a later date).

Again, we need to know by 11:30 a.m. on Friday, June 11, 2003 whether these suggested date and times are acceptable for the Council Calendar in order to have the notice published. Please contact Corey Leon at (313) 282-3557 of your acceptance of this reschedule or of an alternative date or time such as August 1, 2003.

We greatly appreciate your assistance with this matter and profusely apologize for the inconvenience.

**Brownfield Redevelopment Authority**

July 11, 2003

Honorable City Council:

Re: Grand River Place Redevelopment Project Brownfield Plan (Revised).

The enclosed Brownfield Plan for the Grand River Place Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on May 30, 2003 to solicit public comments. At its May 21, 2003 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On June 4, 2003, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

The Grand River Place Project is located at 15401 W. Grand River and 14220-14240 Greenfield Road. The project consists of the complete renovation of the existing 127,000 square foot former department store building located at 15401 W. Grand River as well as the improvement of the parking lots serving the facility located at 14220-14240 Greenfield. Total investment in the project is expected at approximately \$15 million.

**Purpose of the Proposed Plan**

The proposed Plan is intended to accomplish two purposes. First, upon approval of this Plan by City Council, Strather and Associates ("Strather") will be entitled under state law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in their project. Second, the Detroit Brownfield Redevelopment Authority will be authorized to capture tax increment revenues produced from the development of properties subject to this Plan to offset the cost to Strather for environmental, infrastructure and site preparation work performed on the property subject to the Plan. Total projected eligible activities

related to this project are expected to be approximately \$1,375,000.

**Property Subject to the Proposed Plan**

The project is located at 15401 W. Grand River Road, at the intersection of Greenfield plus two parking lots at 14220-14240 Greenfield Road.

**Basis of Eligibility**

The property is considered to "eligible property" as defined by Act 381 because it is located in a qualified government unit under the Brownfield Act, has previously been utilized for a commercial purpose and is determined to be a "Facility" as defined by Act 381.

**Projected Costs**

The proposed plan anticipates the cost of the eligible activities from which taxes may be captured to be \$1,375,000, an estimate of \$35,000 for DBRA administrative reimbursement. The current estimates are that taxes will be captured through tax levies through 2010, not including five years of tax capture for the Local Site Remediation Revolving Fund (LSRRF). The plan projects that approximately \$2,373,000 will be placed into this fund by 2015.

This proposed plan has been presented to the Planning and Development Department for review. A letter of support for the project from P&DD is included in this packet. This proposed plan has also been presented to and approved by the Chief Financial Officer of the City.

**Public Comments Received**

The Committee's communication to the City Council and the Authority, dated May 21, 2003 (Exhibit C), recommending approval of the Plan, including the minutes of the Public Hearing held by the Authority on May 30, 2003 and the Committee's public meeting held May 21, 2003, are enclosed for City Council's consideration.

At the public hearing no members of the public provided comments.

**Authority's Request**

The Authority is respectfully requesting the following actions from the City Council:

a) **July 11, 2003**

Line item on City Council's Calendar indicating the Authority's request that the City Council adopts a resolution setting a Public Hearing for July 31, 2003 concerning the Plan for the Grand River Place Redevelopment Project.

b) **July 11, 2003**

City Council's approval of the attached Resolution (Exhibit D) setting a Public Hearing concerning the Plan for Wednesday, July 31, 2003 at 10:35 A.M. in the Council Chambers, 13th Floor of the Coleman A. Young Municipal Center, located at 2 Woodward Avenue, Detroit, Michigan.

First, upon approval of this Plan by City Council, Stough Development Corporation ("Stough") will be entitled under state law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit

for up to 10% of their eligible capital investment in their project.

Second, the Detroit Brownfield Redevelopment Authority will be authorized to capture tax increment revenues produced from the development of properties subject to this Plan to offset the cost to Stough for environmental, infrastructure and site preparation work performed on the property subject to the Plan. Total projected expenditures related to this project are expected to be approximately \$2,000,000.

**Property Subject to the Proposed Plan**

The project is located at 14044-14074 Seven Mile Road, near the intersection of Seven Mile Road and Gratiot Avenue.

**Basis of Eligibility**

The property is considered to "eligible property" as defined by Act 381 because it is located in a qualified government unit under the Brownfield Act, has previously been utilized for a commercial purpose and is determined to be "Blighted" as defined by Act 381.

**Projected Costs**

The proposed plan anticipates the cost of the eligible activities from which taxes may be captured to be \$152,000, an estimate of \$40,000 for DBRA administrative reimbursement. The current estimates are that taxes will be captured through tax levies through 2010, not including five years of tax capture for the Local Site Remediation Revolving Fund (LSRRF). The plan projects that approximately \$70,000 will be placed into this fund by 2015.

This proposed plan has been presented to the Planning and Development Department for review. A letter of support for the project from P&DD is included in this packet. The proposed tax capture plan has been presented to and approved by the Chief Financial Officer of the City.

## RESOLUTION OF AGREEMENT TO AMENDMENTS TO THE PROPOSED DOJ CONSENT JUDGMENTS IN UNITED STATES OF AMERICA VS. CITY OF DETROIT, DETROIT POLICE DEPARTMENT

By ALL COUNCIL MEMBERS:

WHEREAS, On October 4, 2000, the Detroit City Council passed a resolution calling upon the United States Department of Justice to conduct a Pattern and Practice investigation of the Detroit Police Department pursuant to 42 U.S.C. § 14141; and

WHEREAS, On December 12, 2000, the Department of Justice began its investigation of the Detroit Police Department resulting in a 30-month investigation which involved reviewing over 10,000 pages of documents, interviewing countless witnesses, police personnel and civilians; and

WHEREAS, As a result of its investigation, the U.S. Department of Justice has filed a lawsuit against the City of Detroit to assist the City of Detroit in addressing the concerns of the federal government; and

WHEREAS, The Department of Justice has proposed resolving the pending litigation by entering into two consent decrees against the City of Detroit entitled "Use of Force and Arrest and Witnesses Detention" and "Conditions of Confinement". Further, the Department of Justice and the City of Detroit are proposing a joint order for appointment of an independent monitor to oversee the operations of the police department for a period of 5 years. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby stipulates that it agrees to the following amendments to the two proposed consent judgments pending before the Honorable Julian A. Cook, Jr. in the lawsuit entitled *United States of America vs. City of Detroit, and the Detroit Police Department*:

Page 1 paragraph g and page 1 paragraph d — shall define City as: City means the City of Detroit, its agents, officers, and employees acting through the Mayor of the City of Detroit and the City Council.

Page 6 paragraph 9 and page 4 paragraph 9 — shall be changed to read as follows:

9A. Nothing in this agreement is intended to amend or supercede any provision of the State or Local law, including the City Charter. The City Charter refers to the Charter in effect at the time of entry of said agreements, to wit the 1997 Charter of the City of Detroit as amended.

9B. The DOJ and the City have attempted to draft this Agreement to avoid impairing the rights of the Detroit Police Officers Association, the Detroit Police Lieutenants and Sergeants Association, the Detroit Command Officers Asso-

ciation, the Police Officer Labor Council, and Local 2394 of the American Federation of State, County and Municipal Employees under the Collective Bargaining Agreements. However, a determination that any such right is impaired shall not excuse the City and the DPD from a failure to implement any provision of this Agreement. Nothing in this Agreement is intended to alter the Collective Bargaining Agreements or impair the collective bargaining rights of employees under State and local law.

The following changes shall also appear in the proposed consent judgments:

BPC shall be defined as Board of Police Commissioners.

City Charter shall be defined as the 1997 City Charter, as amended. AND BE IT FURTHER

RESOLVED, That in adopting this resolution, the City Council has relied upon the provisions of the proposed consent judgments that indicate that nothing contained within these documents limits the authority of the Detroit City Council as outlined in the 1997 Detroit City Charter. AND BE IT FURTHER

RESOLVED, That the City Council will be given an opportunity to meet with the proposed independent federal monitor within 30 days of the Court's order. AND BE IT FINALLY

RESOLVED, That the sole issue of dispute is as to Page 6 paragraph 11 and page 5 paragraph 11 (second sentence). The City Council recommends the following language:

The parties are interested in providing clear lines of authority: In the event of dispute among officials, agents, employees or agencies of the Executive Branch, the Mayor as Chief Executive Officer under the Charter, is the final authority as it pertains to this agreement. As it pertains to this agreement, in the event of a dispute between the Executive and Legislative branches, the 1997 City Charter as amended controls in the applicable areas unless determined otherwise by the Court.

**Planning & Development Department**  
July 10, 2003

Honorable City Council:

Re: Garden Theater Brownfield Economic Development Initiative Application.

As requested, I have prepared the following responses to Councilwoman Sheila M. Cockrel's list of questions received July 9, 2003.

1. Please provide City Council with a copy of the scope of this grant.

The Brownfield Economic Development Initiative Grant (BEDI) program is intended to give greater financial feasibility to projects utilizing Section 108 loan guaranteed financing. The BEDI program seeks to accomplish this by granting funds to projects to pay for extraordinary costs associated with the redevelopment of contaminated sites and vacant or deterio-

rated buildings. The granting of funds to pay for these activities results in projects being financially stronger and more likely to repay their Section 108 obligations.

A copy of the Notice of Funding Availability (pages 1-5 of the 22 page document) is attached for your information.

2. Please provide City Council with a list of principals involved in this project.

Woodward E. Ventures, LLC, the project developer has three members. These members are as follows: Michael Byrd, owner of Flood's Bar and Grill and retired General Motors executive George Stewart, retired General Motors and EDS executive; and William Mosley, CPA and attorney.

3. Please provide City Council with all necessary actions that will need to be taken with regard to applying for and upon receiving this grant.

The first action requires the authorization by the Detroit City Council to submit the grant application to HUD by July 16, 2003.

Upon award of the grant application and within 60 days of notice of the BEDI grant, the City of Detroit will be required to amend the Consolidated Plan to include this project, which will include a public hearing for citizen participation. The application will then be forwarded to the City Council requesting approval to submit the application to HUD as well as authorization to accept and act on behalf of the City on any and all matters related to the grant and loan guarantee, should it be awarded.

4. Please provide City Council with a proposed timeline for this project.

### Invocation

Let us pray.

O Thou in whose presence my soul takes delight, on whom in afflictions I call my comfort by day, my song in the night my hope, my salvation, my all. We thank thee for the privilege that is ours to serve this present age. As your servants teach us to serve thee as you deserve; to give and not to count the cost; to fight and not heed the wounds; to toil and not to seek for rest; to labor and not to ask for reward; save that knowing that we serve you when we serve human kind.

In Thy name we pray.

Amen.

Re: Southern Christian Leadership Conference Request For Cancellation of Real Property Taxes 5050 Joy Road (Ward 14 Item 3389).

This is a request to have certain real property taxes canceled for the herein referenced properties. The Southern Christian Leadership Conference, a 501 (c)(3) tax exempt organization under the leadership of Dr. Claude Young was deeded the subject property in 1998 by the State of Michigan. The property is being utilized to provide health services for the community in conjunction with the Detroit Health Department specifically counseling, testing and treatment for venereal diseases. A City of Detroit tax exemption was initially requested in 1998 and was finally granted commencing with the 2002 tax year. However, taxes were assessed in error for the 1998, 1999, 2000 and 2001 tax years.

Therefore, we request that the Treasurer be granted the authority to strike the at issue City of Detroit real property taxes from the tax rolls.

Honorable City Council:

Re: Address: 6087 Martin. Name: Ophelia Ringle. Date ordered removed: February 13, 2002 (J.C.C. p. 437).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on June 18, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of June 13, 2003.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building

becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Re: Address: 20500 Schoolcraft. Name:  
William R. Gurdjian. Date ordered  
removed: March 12, 2003 (J.C.C.  
p. ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on June 18, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of June 16, 2003.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of six (6) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:

Re: Outdoor Café Request. Petition #1248: Jomar Inc. d/b/a Detroit Bar. Location: 655 Beaubien. Contact: Julius Kefallinos.

The above referenced Petitioner has requested permission to establish an outdoor café service at 655 Beaubien from May 1 through November 1, 2003. In response to this request the Planning and Development Department (P&DD) requested input from the Department of Public Works (DPW), Buildings and Safety Engineering (B&SE), Health (HD) and Police Department (DPD).

B&SE, HD and DPD all approved the petition request. DPW, however, objected to this petition request indicating that this proposed outdoor café does not meet Outdoor Café Guidelines. DPW appears to have concerns over the amount of free space available for pedestrian movement. Generally, DPW likes to see a minimum of six (6) feet between the outer edge of the outdoor café and any curb side obstacle such as hydrants, light poles, etc. Based upon the layout plan submitted for review, there is only one obstacle within the seven (7) foot clear area between the outdoor café and the curb. There is a fire hydrant, however, that is just north of the outdoor café. Also, the Detroit has been allowed to have an outdoor café in the past and we are not aware of any problems arising out of its operation.

P&DD does not believe that the parking meter poses a paramount threat to pedestrian traffic. If it did, it could be removed. The City has allowed other cafes with less than six foot clear distance between outdoor café and curb to exist. Although the DPW concern for clear distance is a criteria that should be reviewed in each case, we believe that there should be some latitude applied where appropriate.

It is the recommendation of the Planning and Development Department that the Petitioner's request be granted.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities

By Council Member Bates:

Resolved, That the request for an outdoor café at 655 Beaubien, by Detroit Bar which will convene May 1st through November 1, 2003, be and the same hereby granted that the Dept. of Public Works be authorized to issue a use permit contingent upon licensee of such premises obtaining approval of the Michigan Liquor Control Commission, if necessary, and compliance with applicable City Ordinance in connection with activities, and contingent that the permittee negotiate a use for one year with the Real Estate Division of the Planning and Development Department, prior to the Department of Public Works issuing a use permit.

and protecting the City of Detroit harmless from any and all claims, damages or expenses that may arise by reason of the issuance of said permit and the faithful performance by the permittee of the terms thereof; and in addition, to pay all claims, damages or expenses that may arise out of the maintenance of said encroachments;

Provided, That no rights in the public streets, alley or other public places shall be considered waived by this permission which is granted expressly on the condition that said encroachment shall be removed at the expense of the permittee at any time when so directed by City Council, and that the public property so affected shall be restored to a condition satisfactory to the Dept. of Public Works by said permittee at its expense.

Provided, That this resolution is revocable at the will, whim and caprice of the City Council; and permittee hereby expressly waives any rights to claim damages or compensation for removal of encroachment, and further, that permittee acquires no implied or other privileges hereunder not expressly stated herein;

Provided, That the permit shall not be assigned or transferred without the written approval of City Council;

Provided, That the filing of the indemnity agreement and the securing of the necessary permits referred to herein, shall be construed as acceptable of this Resolution by the permittee;

**RESOLUTION OF APPROVAL OF THE PROPOSED DOJ CONSENT JUDGMENTS IN UNITED STATES OF AMERICA VS. CITY OF DETROIT**

By ALL COUNCIL MEMBERS:

WHEREAS, On October 4, 2000, the Detroit City Council passed a resolution calling upon the United States Department of Justice to conduct a Pattern and Practice investigation of the Detroit Police Department pursuant to 42 U.S.C. § 14141; and

WHEREAS, On December 12, 2000, the Department of Justice began its investigation of the Detroit Police Department resulting in a 30-month investigation which involved reviewing over 10,000 pages of documents, interviewing countless witnesses, police personnel and civilians; and

WHEREAS, As a result of its investigation, the U.S. Department of Justice has filed a lawsuit against the City of Detroit to assist the City of Detroit in addressing the concerns of the federal government; and

WHEREAS, The Department of Justice has proposed resolving the pending litigation by entering into two consent decrees against the City of Detroit entitled "Use of Force and Arrest and Witnesses Detention" and "Conditions of Confinement". Further, the Department of Justice and the City of Detroit are proposing a joint order for appointment of an independent monitor to oversee the operations of the police department for a period of 5 years. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby approves, with the following amendments already agreed upon by the parties, the two proposed consent judgments pending before the Honorable Julian A. Cook, Jr. in the lawsuit entitled *United States of America vs. City of Detroit*:

Page 1 paragraph g and page 1 paragraph d — shall define City as: City means the City of Detroit, its agents, officers, and employees acting through the Mayor of the City of Detroit and the City Council.

Page 6 paragraph 9 and page 4 paragraph 9 — shall be changed to read as follows:

9A. Nothing in this agreement is intended to amend or supercede any provision of the State or Local law, including the City Charter. The City Charter refers to the Charter in effect at the time of entry of said agreements, to wit the 1997 Charter of the City of Detroit as amended.

9B. The DOJ and the City have attempted to draft this Agreement to avoid impairing the rights of the Detroit Police Officers Association, the Detroit Police Lieutenants and Sergeants Association, the Detroit Command Officers Association, the Police Officer Labor Council, and Local 2394 of the American Federation of State, County and Municipal Employees under the Collective Bargaining Agreements. However, a determination that any such right is impaired shall not excuse the City and the DPD from a failure to implement any provision of this Agreement. Nothing in this Agreement is intended to alter the Collective Bargaining Agreements or impair the collective bargaining rights of employees under State and local law.

Page 6 paragraph 11 and page 5 paragraph 11 (second sentence) shall be changed to read as follows:

**STATEMENT BY COUNCIL MEMBER SHEILA COCKREL REGARDING THE DETROIT CITY COUNCIL VOTE AS IT RELATES TO THE DEPARTMENT OF JUSTICE LAWSUIT AGAINST THE CITY OF DETROIT AND THE DETROIT POLICE DEPARTMENT**

For the past month, the City Council has reviewed the proposed consent judgment submitted by the Law Department with respect to resolving the 30-month Department of Justice investigation of the Detroit Police Department. As a long time activist on issues impacting the Detroit Police Department, I drafted the resolution back in October, 2000 to request the Department of Justice conduct a 42 USC

14141 Pattern & Practice Investigation of the Detroit Police Department.

The City Council voted on Wednesday, June 18, 2003 to file an appearance in the U.S. vs. City of Detroit & Detroit Police Department case out of concern that the Law Department was moving forward on resolving the lawsuit without City Council approval as required under the Charter.

The Law Department charged its perspective and for the past week has worked with Council's attorneys to resolve our concerns. Through extensive negotiations, the Law Department and Council's attorneys reached agreement on language to give Council direct access to court in the event of a dispute with the Mayor related to enforcing the consent judgment.

Because the majority of Council (erroneously in my judgment) sought to limit Council's access to the Judge to charter issues only and failed to acknowledge the clear language and meaning of Charter 5-101, I voted NO on the resolution as amended.

I am increasingly concerned by City Council's reliance on litigation as a way to effectuate policy changes. When we do decide to utilize the courts, we must put our trust in the lawyers who work for us. By refusing yesterday, Sunday, July 13, 2003, to support their well negotiated compromise marginalizes the Council's important position in reforming the police department.

Honorable City Council:  
Re: Address: 14233 Asbury Park. Name: Arthur Klasky. Date ordered removed: February 5, 2003 (J.C.C. pp. 409-411).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on June 25, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of June 20, 2003.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Re: Resolution authorizing the issuance and sale of not to exceed \$235,000,000 General Obligation Bonds (Unlimited Tax) and General Obligation Refunding Bonds (Unlimited Tax), Series 2003-B.

The attached Resolution authorizes the issuance and sale of the subject Bonds for the purpose of providing approximately \$50 million in new money to pay the costs associated with certain public capital improvement projects, as delineated in the 2003-04 budget. Additionally because of a continued decline in interest rates, up to \$185 million of previously issued Bonds may be refinanced, thereby producing

interest savings. The actual amount of Bonds will likely be reduced, depending on which Bonds may be economically refunded at the time of the actual sale.

It is anticipated that the sale will occur late September. The attached Resolution has been prepared by Bond Counsel and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

Respectfully submitted,

Section 301. **Authorization of Bonds and Pledge.** (a) The City hereby authorizes the issuance of the Bonds in such series in such principal amounts as shall be confirmed in the Sale Order, not in excess of the Maximum Aggregate Principal Amount in accordance with Section 302. The Bonds shall be general obligations of the City, and the unlimited tax, full faith, credit and resources of the City are hereby irrevocably pledged for the prompt payment of the principal of and interest on the Bonds. **Section 302. Designation, Dates, Interest Rates, Maturities, Redemption and Other Terms of the Bonds.**

(a) The Bonds of each series shall be designated as provided in Section 301 and may bear such later dates and additional or alternative designations as the Finance Director may determine in the Sale Order, shall be issued in fully registered form and shall be consecutively numbered from "RA-1" and "RB-1" upwards, respectively, unless otherwise provided by the Finance Director in the Sale Order. The Bonds shall be dated and issued in such denominations, all as

determined by the Finance Director and confirmed by the Finance Director in the Sale Order.

(b) The Bonds of each series shall mature on such dates and shall bear interest at such rates on a fixed and/or variable and tax-exempt or taxable basis not exceeding the Maximum Interest Rate, payable on such dates as shall be determined by the Finance Director and confirmed by the Finance Director in the Sale Order. Unless otherwise provided by the Finance Director in the Sale Order, interest on the Bonds shall be calculated on the basis of a 360 day year consisting of twelve, 30 day months. Notwithstanding the foregoing, the Finance Director is authorized to determine and confirm in the Sale Order whether all or any portion of the Bonds shall be issuable as capital appreciation bonds.

(c) Unless otherwise provided by the Finance Director in the Sale Order, interest on the Bonds of each series shall be payable on the first day of each April and October (such first day of April or October or such other day or days of any month or months as the Finance Director shall determine in the Sale Order on which interest shall be scheduled to be paid on Bonds, an "Interest Payment Date"), commencing on April 1, 2004 or such other Interest Payment Date or dates as shall be determined by the Finance Director in the Sale Order.

(d) The Bonds shall be payable, as to principal and interest, in lawful money of the United States of America. Except as may be otherwise determined by the Finance Director in the Sale Order, interest on Bonds shall be payable to the Registered Owner as of the 15th day of the month, whether or not a Business Day (a "Regular Record Date"), prior to each Interest Payment Date. Interest on Bonds shall be payable to such Registered Owners by check or draft drawn on the Paying Agent on each Interest Payment Date and mailed by first class mail or, upon the written request of the Owner of \$1,000,000 or more in aggregate principal amount of Bonds (with complete wiring instructions no later than the Regular Record Date for such Interest Payment Date), by wire transfer by the Paying Agent to such Owner. Such a request may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked at any time prior to a Regular Record Date by subsequent written notice to the Paying Agent.

(e) Interest on Bonds not punctually paid or duly provided for on an Interest Payment Date shall forthwith cease to be payable to the Registered Owners on the Regular Record Date established for such Interest Payment Date, and may be paid to the Registered Owners as of the close

of business on a date fixed by the Paying Agent (a "Special Record Date") with respect to the payment of such defaulted interest to be fixed by the Paying Agent, or may be paid at any time in any other lawful manner. The Paying Agent shall give notice to the Registered Owners at least seven days before any such Special Record Date.

(f) The principal of the Bonds shall be payable to the Owners of the Bonds upon the presentation of the Bonds to the Paying Agent at the principal corporate trust office of the Paying Agent.

(g) The Bonds shall be subject to redemption and/or tender for purchase prior to maturity or shall not be subject thereto, upon such terms and conditions as shall be determined by the Finance Director and confirmed in the Sale Order, provided that any premium payable in connection with the optional redemption of the Bonds shall not exceed 3%.

Unless waived by any registered owner of Bonds to be redeemed, official notice of redemption shall be given by the Bond Registrar and Paying Agent on behalf of the City. Such notice shall be dated and shall contain at a minimum the following information: original issue date; maturity dates; interest rates, CUSIP numbers, if any; certificate numbers, and in the case of partial redemption, the called amounts of each certificate; the redemption date; the redemption price or premium; the place where Bonds called for redemption are to be surrendered for payment; and that interest on Bonds or portions thereof called for redemption shall cease to accrue from and after the redemption date.

In addition, further notice shall be given by the Bond Registrar and Paying Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

(h) In making the determinations set forth in this Resolution with respect to the Sale Order for the issuance and sale of the Bonds, the Finance Director shall be limited to the parameters as follows:

(1) The first maturity date or mandatory sinking fund redemption date for the Bonds shall not be later than five (5) years from the date of issuance (except for Bonds issued in more than one series, which shall have first maturity dates not later than five (5) years from the date of issuance of each series as determined by the Finance Director at the time of sale thereof), and the final maturity dates for the Bonds shall not be later than the earlier of (i) the last year of the weighted average estimated period of usefulness of

the improvements being financed or (ii) 30 years from their dated date.

(2) The compensation to be paid to the Underwriters of each series of the Bonds shall not exceed 2% of the original principal amount of the related series of Bonds.

(3) Unless the Finance Director determines to issue all or a part of the Bonds as capital appreciation bonds the amount of any original issue discount with respect to each series of the Bonds shall not exceed 10% of the original principal amount of the related series of Bonds.

(4) To the extent permitted by applicable law, each series of the Bonds may be sold with an original issue premium in an amount as determined by the Finance Director.

(5) The net present value of the principal and interest to be paid on the Series 2003-B Bonds, including the cost of issuance, shall be less than the net present value of the principal and interest to be paid on the Refunded Bonds.

**Section 303. Execution, Authentication and Delivery of Bonds.** The Bonds shall be executed in the name of the City by the manual or facsimile signatures of the Mayor and the Finance Director and authenticated by the manual signature of the Finance Director or an authorized representative of the Bond Registrar and Paying Agent, as the case may be, and the seal of the City (or a facsimile thereof) shall be impressed or imprinted on the Bonds. After the Bonds have been executed and authenticated for delivery to the original purchaser thereof, they shall be delivered by the Finance Director to the purchasers thereof upon receipt of the purchase price. Additional Bonds bearing the manual or facsimile signatures of the Mayor and the Finance Director and upon which the seal of the City (or a facsimile thereof) is impressed or imprinted may be delivered to the Bond Registrar and Paying Agent for authentication and delivery in connection with the exchange or transfer of Bonds. The Bond Registrar and Paying Agent shall indicate on each Bond the date of its authentication.

**Section 304. Section 306. **Regulations with Respect to Exchanges and Transfers.** (a) In all cases in which the privilege of exchanging Bonds or transferring the registration of Bonds is exercised, the City shall execute and the Paying Agent shall authenticate and deliver Bonds in accordance with the provisions of this Resolution. All Bonds surrendered in any such exchanges or transfers shall be forthwith canceled by the Paying Agent.

(b) For every exchange or transfer of Bonds, the City or the Paying Agent may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and, except as otherwise provided in this Resolution, may charge a sum sufficient to pay the costs of preparing each new Bond issued upon such exchange or transfer, which shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer.

(c) Neither the City nor the Paying Agent shall be required to exchange or transfer any Bond during the period commencing on a Regular Record Date and ending on the related Interest Payment Date.

Section 309. **Mutilated, Destroyed, Stolen or Lost Bonds.** (a) Subject to the provisions of Act 354, Public Acts of Michigan, 1972, as amended and any other applicable law, if (i) any mutilated Bond is surrendered to the Paying Agent or the City and the Paying Agent and the City received evidence to their satisfaction of the destruction, loss or theft of any Bond and (ii) there is delivered to the City and the Paying Agent such security or indemnity as may be required by them to save each of them harmless, then, in the absence of notice to the City or the Paying Agent that such Bond has been acquired by a bona fide purchaser, the City shall execute and the Paying Agent shall authenticate and deliver in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Bond, a new Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding.

(b) If any such mutilated, destroyed, lost or stolen Bond has become or is about to become due and payable, the City in its discretion may, instead of issuing a new Bond, pay such Bond.

(c) Any new Bond issued pursuant to this Section in substitution for a Bond alleged to be mutilated, destroyed, stolen or lost shall constitute an original additional contractual obligation on the part of the City, and shall be equally secured by and entitled to equal proportionate benefits with all other Bonds issued under this Resolution.

Section 310. **Book-Entry Only System Permitted.** (a) If determined by the Finance Director, the Bonds shall be issued to a securities depository selected by the Finance Director (the "Security Depository") to be held pursuant to the book-entry-only system maintained by the Security Depository and registered in the name of the Security Depository or its nominee. Ownership interests in Bonds held under such book-entry-only system shall be determined pursuant to the procedures of the Security Depository and Article 8 of the applicable Uniform Commercial Code (such persons having such interests, "Beneficial Owners").

(b) If (i) the City and the Paying Agent receive written notice from the Security Depository to the effect that the Security Depository is unable or unwilling to discharge its responsibilities with respect to the Bonds under the book-entry-only system maintained by it or (ii) the Finance Director determines that it is in the best interests of the Beneficial Owners that they be able to obtain Bonds in certificated form, then the City may so notify the Security Depository and the Paying Agent, and, in either event, the City and the Paying Agent shall take appropriate

steps to provide the Beneficial Owners with Bonds in certificated form to evidence their respective ownership interests in the Bonds. Whenever the Security Depository requests the City and the Paying to do so, the Finance Director on behalf of the City and Paying Agent will cooperate with the Security Depository in taking appropriate action after reasonable notice to make available Bonds registered in whatever name or names the Beneficial Owners transferring or exchanging Bonds shall designate.

(c) Notwithstanding any other provision of this Resolution or the Sale Order to the contrary, so long as the Bonds are held pursuant to the book-entry-only system maintained by the Security Depository.

(i) all payments with respect to the principal and interest on such Bonds and all notices with respect to such Bonds shall be made and given, respectively, to the Security Depository as provided in the representation letter from the City and the Paying Agent to the Security Depository with respect to such Bonds; and

(ii) all payments with respect to principal of the Bonds and interest on the Bonds shall be made in such manner as shall be prescribed by the Security Depository.

#### ARTICLE IV SPECIAL COVENANTS

Section 401. **Tax Exemption Covenant.** The City covenants that it will not take any action, or fail to take any action required to be taken, if taking such action or failing to take such action would adversely affect the general exclusion from gross income of interest on the Bonds (determined by the Finance Director to be issued on a tax-exempt basis), from federal income taxation under the Code.

Section 402. **Arbitrage Covenant.** (a) The City will not directly or indirectly (1) use or permit the use of any proceeds of the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) or other funds of the City or (2) take or omit to take any action required by Section 148(a) of the Code in order to maintain the exclusion from gross income of the interest on the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) for federal income tax purposes. To that end, the City will comply with all requirements of Section 148 of the Code to the extent applicable to the Bonds and the requirements set forth in the Non-Arbitrage and Tax Compliance Certificate of the City.

(b) Without limiting the generality of subsection (a), above, the City agrees that there shall be paid by the City from time to time all amounts, if any, required to be rebated to the United States pursuant to Section 148(f) of the Code. This

covenant shall survive payment in full or defeasance of the Bonds.

(c) Notwithstanding any provision of this Section, if the City obtains an opinion of Bond Counsel to the effect that any action required under this Section is no longer required, or that some further action is required, to maintain the exclusion from gross income of the interest of the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) for federal income tax purposes pursuant to Section 103 of the Code, the City may conclusively rely on such opinion in complying with the provisions hereof.

#### ARTICLE V FUNDS AND ACCOUNTS; DISPOSITION OF BOND PROCEEDS

Section 501. **Establishment of Accounts and Funds.** The City hereby establishes and creates the following special, separate and segregated accounts and funds which shall be held for and on behalf of the City by a bank or banks or other financial institution which the Finance Director or Treasurer of the City designates as depository of the City:

- A. Debt Retirement Fund;
- B. Bond Issuance Fund;
- C. Construction Fund; and
- D. Escrow Fund.

The Finance Director is hereby authorized to establish such accounts, sub-accounts or funds as shall be required for each series of the Bonds, if any, to accommodate the requirements of such series of Bonds, including, but not limited to, such accounts, subaccounts or funds necessary to facilitate the allocation and use of bond proceeds to finance the Projects or the purchase and payment of variable rate bonds.

Section 502. **Debt Retirement Fund.** From the proceeds of the sale of the Bonds there shall be set aside in the Debt Retirement Fund the accrued interest and premium, if any, received from the purchasers of the Bonds at the time of delivery of the Bonds. General funds of the City, proceeds of all taxes levied pursuant to Section 301 hereof and any amounts transferred from the Construction Fund under Section 505 hereof shall be used to pay the principal of and interest on the Bonds when due. The foregoing amounts shall be placed in the Debt Retirement Fund and held in trust by the Paying Agent, and so long as the principal of or interest on the Bonds shall remain unpaid, no moneys shall be withdrawn from the Debt Retirement Fund except to pay such principal and interest. Any amounts remaining in the Debt Retirement Fund after payment in full of the Bonds and the fees and expenses of the Paying Agent shall be retained by the City to be used for any lawful purpose.

Section 503. **Bond Issuance Fund.**

From the proceeds of the Bonds there shall be set aside in the Bond Issuance Fund a sum sufficient to pay the costs of issuance of the Bonds. Moneys in the Bond Issuance Fund shall be used solely to pay expenses of issuance of the related series Bonds. Any amounts remaining in the Bond Issuance Fund after payment of issuance expenses shall be transferred to the Construction Fund.

Section 504. **Escrow Fund.** After making the deposits required by Sections 502 and 503, there shall be deposited from the remainder of the proceeds of the sale of the Series 2003-B Bonds and any moneys transferred by the City at the time of delivery of the Series 2003-B Bonds from the debt retirement fund for the Refunded Bonds, into the Escrow Fund (which shall be maintained in cash or invested in direct obligations of or obligations guaranteed by the United States of America, not redeemable at the option of the issuer), an amount, as hereinafter described, sufficient to pay the principal of and interest on the Refunded Bonds as they become due and, except as otherwise herein provided, shall be used only for such purposes. The Escrow Fund shall be irrevocably held by U.S. Bank Trust National Association, Detroit, Michigan as escrow trustee (the "Escrow Trustee") in trust pursuant to an escrow deposit agreement between the City and the Escrow Trustee (the "Escrow Agreement"), which Escrow Agreement shall irrevocably direct the Escrow Trustee to take all necessary steps to pay the principal of and interest on the Refunded Bonds when due and to call for redemption the Refunded Bonds in whole or in part, as and when specified in the Escrow Agreement. The amounts, including the investments thereof, held in the Escrow Fund shall be such that the cash and investments and income received thereon will be sufficient, without any reinvestment, to pay the principal of and interest on the Refunded Bonds when due at maturity or by redemption as required by this Section. Any balance remaining in the Escrow Fund after payment in full of principal and interest on the Refunded Bonds shall be applied as provided in the Escrow Agreement.

The Escrow Trustee means and includes any company into which the Escrow Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Escrow Trustee may sell or transfer all or substantially all of its corporate trust business, provided such company shall be a trust company or bank which is qualified to be a successor to the Escrow Trustee as determined by the Finance Director, shall be authorized by law to perform all the duties imposed

upon it by this Resolution, shall be the successor to the Escrow Trustee without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding.

The Council hereby authorizes the Finance Director to approve the form of and to execute the Escrow Agreement with the Escrow Trustee for and on behalf of the City.

Section 505. **Construction Fund.** (a) After making the deposits required by Sections 502 and 503 the remainder of the proceeds of the sale of the Series 2003-A Bonds shall be deposited in the Construction Fund. Except for investment pending disbursement and as hereinafter provided, moneys in the Construction Fund shall be used by the City solely and only to pay the costs of the Projects as such costs become due and payable and, if necessary, to rebate arbitrage earnings, if any, to the United States Department of Treasury as required by the Code.

(b) The Finance Director is hereby authorized and directed to expend money from the Construction Fund for costs of the Projects, including reimbursement to the City for moneys previously expended in anticipation of issuance of the Series 2003-A Bonds, to the extent reimbursement for such Project expenditures has been properly induced by resolution of the City Council in accordance with the Code.

(c) Gross proceeds or disposition proceeds, as defined in the regulations under Code Sections 141 and 148, respectively, resulting from any sale of any portion of the Projects shall be deposited in separate accounts established in the Construction Fund and used in the discretion of the Finance Director to pay additional costs of Voter Authorized Projects or transferred to the Debt Retirement Fund and used to pay the principal of or interest on the Bonds. The Finance Director shall assure that such gross proceeds or disposition proceeds are invested and expended in accordance with the requirements specified in Section 506 hereof and in the Non-Arbitrage and Tax Compliance Certificate.

(d) Upon payment of all costs of the Projects, any balance in the Construction Fund shall be transferred to the Debt Retirement Fund or used in any other manner which in the opinion of nationally recognized bond counsel is permitted by law and which will not cause the interest on the Bonds (issued on a tax exempt basis) to become includible in gross income for federal income tax purposes.

Section 506. **Investment of Monies in the Funds and Accounts.** (a) The Finance Director shall direct the investment of monies on deposit in the Funds and Accounts established hereunder, and the Paying Agent, upon written direction or upon oral direction promptly confirmed

in writing by the Finance Director, shall use its best efforts to invest monies on deposit in the Funds and Accounts in accordance with such direction.

(b) Monies on deposit in the Funds and Accounts may be invested in such investments and to the extent permitted by applicable law.

#### **ARTICLE VI THE PAYING AGENT**

Section 601. **Paying Agent.** The Paying Agent for the Bonds shall act as bond registrar, transfer agent and paying agent for the Bonds and shall be initially U.S. Bank Trust National Association, Detroit, Michigan, or such other bank or trust company located in the State of Michigan which is qualified to act in such capacity under the laws of the United States of America or the State of Michigan. The Paying Agent means and includes any company into which the Paying Agent may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be party or any company to which the Paying Agent may sell or transfer all or substantially all of its corporate trust business, provided, that such company shall be a trust company or bank which is qualified to be a successor to the Paying Agent as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution, and shall be the successor to the Paying Agent without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding. The Finance Director is authorized to enter into an agreement with such a bank or trust company, and from time to time as required, may designate a similarly qualified successor Paying Agent and enter into an agreement therewith for such services.

**ARTICLE VII  
SUPPLEMENTAL RESOLUTIONS**

Section 701. **Supplemental Resolutions Not Requiring Consent of Holders of the Bonds.** The City may without the consent of any Bondowner adopt resolutions supplemental to this Resolution for any one or more of the following purposes:

(i) to confirm or further assure the security hereof or to grant or pledge to the holders of the Bonds any additional security;

(ii) to add additional covenants and agreements of the City for the purposes of further securing the payment of the Bonds;

(iii) to cure any ambiguity or formal defect or omission in this Resolution;

(iv) to amend provisions in the Resolution relating to rebate to the United States Government or otherwise, which in the opinion of Bond Counsel are required

in order to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes; and

(v) such other action not materially, adversely and directly affecting the security of the Bonds;

provided that (A) no supplemental resolution amending or modifying the rights or obligations of the Paying Agent shall become effective without the consent of the Paying Agent and (B) the effectiveness of any supplemental resolution is subject to Section 702 to the extent applicable.

Section 702. **Opinion and Filing Under Act 34.** Before any supplemental resolution under this Article shall become effective, a copy thereof shall be filed with the Paying Agent and as provided in Act 34, if applicable, together with an opinion of Bond Counsel that such supplemental resolution is authorized or permitted by this Article; provided that, Bond Counsel in rendering any such opinion shall be entitled to rely upon certificates of the Finance Director or other City official, and opinions or reports of consultants, experts and other professionals retained by the City to advise it, with respect to the presence or absence of facts relative to such opinion and the consequences of such facts.

#### **ARTICLE VIII DEFESANCE**

Section 801. **Defeasance.** Bonds shall be deemed to be paid in full upon the deposit in trust of cash or direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America, or any combination thereof, not redeemable at the option of the issuer thereof, the principal and interest payments upon which, without reinvestment thereof, will come due at such times and in such amounts, as to be fully sufficient to pay when due, the principal of such Bonds and interest to accrue thereon, as confirmed by a verification report prepared by an independent certified public accountant; provided, that if any of such Bonds are to be called for redemption prior to maturity, irrevocable instructions to call such Bonds for redemption shall be given to the Paying Agent. Such cash and securities representing such obligations shall be deposited with a bank or trust company and held for the exclusive benefit of the Owners of such Bonds. After such deposit, such Bonds shall no longer be entitled to the benefits of this Resolution (except for any rights of transfer or exchange of Bonds as therein or herein provided for) and shall be payable solely from the funds deposited for such purpose and investment earnings, if any, thereon, and the lien of this Resolution for the benefit of such Bonds shall be discharged.

**ARTICLE IX  
REIMBURSEMENT PROVISIONS**

Section 901. **Advancement of Costs of the Projects.** At the direction of the Finance Director, the City may advance certain costs of the Projects from the City's general fund prior to the issuance of the Series 2003-A Bonds. The City intends to reimburse itself for any costs of the Projects paid or incurred by the City prior to the issuance of the Series 2003-A Bonds with proceeds of the Series 2003-A Bonds. The Internal Revenue Service has issued Treasury Regulation Section 1.150-2 pursuant to the Code, governing proceeds of bonds used for reimbursement, pursuant to which the City must declare official intent to reimburse expenditures with bond proceeds as provided in Section 902 below.

Section 902. **Reimbursement Declarations.** The City makes the following declarations for the purpose of complying with the reimbursement rules of Treas. Reg. Section 1.150-2 pursuant to the Code:

(a) As of the date hereof, the City reasonably expects to be reimbursed for the expenditures described in (b) below with proceeds of the Series 2003-A Bonds, as debt to be incurred by the City.

(b) The expenditures described in this paragraph (b) are for the costs of acquiring, constructing and equipping the Projects, together with the sites therefor and all necessary appurtenances and attachments thereto which were or will be paid subsequent to sixty (60) days prior to the date of adoption hereof from the general funds of the City.

(c) The maximum principal amount of debt expected to be issued for the Projects, including issuance costs, is \$50,000,000.

(d) A reimbursement allocation of the expenditures described in (b) above with the proceeds of the borrowing described herein will occur not later than 18 months after the later of (i) the date on which the expenditure is paid, or (ii) the date the Projects are placed in service or abandoned, but in no event more than three (3) years after the original expenditure is paid. A reimbursement allocation is an allocation in writing that evidences the City's use of the proceeds of the debt to be issued for the Projects to reimburse the City for a capital expenditure made pursuant to this Resolution.

(e) The expenditures described in (b) above are "capital expenditures" as defined in Treas. Reg. §1.150-1(b), i.e., any costs of a type which are properly chargeable to a capital account (or would be so chargeable with a proper election or with the application of the definition of placed in service under Treas. Reg. §1.150-2(c)) under general Federal income tax principles (as determined at

the time the expenditure is paid).

(f) No proceeds of the borrowing paid to the City in reimbursement pursuant to this Resolution will be used in a manner described in Treas. Reg. §1.150-2(h) with respect to abusive uses of such proceeds, including but not limited to using funds corresponding to the proceeds of the borrowing in a manner that results in the creation of replacement proceeds (within Treas. Reg. §1.148-1) within one year of the reimbursement allocation described in (d) above.

(g) Expenditures for the Projects to be reimbursed from the proceeds of the borrowing that are subject to the limitations set forth in this Resolution do not include (i) costs for the issuance of the debt, (ii) an amount not in excess of the lesser of \$100,000 or five percent (5%) of the proceeds of the borrowing, or (iii) preliminary expenditures not exceeding twenty percent (20%) of the issue price of the borrowing within the meaning of Treas. Reg. §1.150-2(f) (such preliminary expenditures include architectural, engineering, surveying, soil testing and similar costs incurred prior to construction of the Projects, but do not include land acquisition, site preparation, and similar costs incident to commencement of construction).

**ARTICLE X  
OTHER PROVISIONS OF GENERAL  
APPLICATION**

Section 1001. **Credit Enhancement; Remarketing Agreement; and Interest Rate Exchange Agreements.** (a) There is hereby authorized to be obtained municipal bond insurance or other credit enhancement or a combination thereof to secure the payment of all or part of the Bonds, if, and provided that, it shall be determined by the Finance Director that such cost of such Municipal Bond Insurance Policy or other credit enhancement or a combination thereof is less than the interest rate savings therefrom or otherwise that it is in the best interest of the City. Such municipal bond insurance or other credit enhancement providers may be afforded certain rights and remedies to direct the proceeding with respect to the enforcement of payment of the Bonds as shall be provided in the documents relating thereto. In the event a commitment for a Municipal Bond Insurance Policy is obtained or a commitment for other credit enhancement is obtained, the Finance Director is hereby authorized, to approve the terms, perform such acts and execute such instruments that shall be required, necessary or desirable to effectuate the terms of such commitment and the transactions described therein and in this Resolution and the Sale Order provided that such terms are not materially adverse to the City.

(b) In the event that any of the Bonds

are issued bearing interest on a variable rate basis and are subject to tender for purchase from time to time by the holders thereof as determined in the Sale Order, the Finance Director is authorized in his discretion to enter into a Remarketing Agreement for tendered bonds with a qualified firm, chosen by the Finance Director, as remarketing agent. The Finance Director is also authorized to negotiate and enter into an auction agent agreement, broker-dealer agreement or such other agreements with such qualified firms chosen by the Finance Director as may be necessary to accomplish the sale and delivery of the Bonds as determined by the Finance Director within the parameters of this Resolution and confirmed in the Sale Order.

(c) For the purpose of more effectively managing the debt service with respect to all or any portion of the Bonds, of either series or the Other Outstanding Bonds, the Finance Director is authorized in his discretion and in accordance with the requirements of Act 34, to negotiate the terms of an Interest Rate Exchange Agreement with respect to such Bonds or the Other Outstanding Bonds with Interest Rate Exchange Agreement providers, all as determined by the Finance Director and confirmed by the Council by resolution.

(d) In connection with the execution of any of the agreements authorized by this Section, the Finance Director is authorized to include therein such covenants as shall be appropriate.

**Section 1002. Approval of Other Documents and Actions; Treasury Approval.** The Mayor, the Finance Director, the Treasurer and the City Clerk are hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts and execute any and all documents that shall be required, necessary or desirable to implement this Resolution.

The Finance Director is authorized to file applications with and to pay the related fees, if any, to the Michigan Department of Treasury at his discretion under Act 34 for an Order or Orders of Approval to issue all or a portion of the Bonds, and to enter into one or more Interest Rate Exchange Agreements, remarketing agreements, letters of credit and reimbursement agreements, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the Bonds, and as required by the Michigan Department of Treasury and Act 34. The Finance Director is authorized and directed to pay any post closing filing fees required by Act 34 to the Michigan Department of Treasury or other specified agency, as a cost of issuance or from other legally available funds.

**Section 1003. Continuing Disclosure Undertaking.** The City shall enter into a continuing disclosure undertaking pursuant to Rule 15c2-12 promulgated by the Securities and Exchange Commission (the "Rule") for the benefit of the holders and beneficial owners of the Bonds as to which the Rule is applicable, as more specifically set forth in Exhibit A hereto (the "Undertaking"); provided, however, that the terms of the Undertaking are subject to completion and modification prior to delivery of the Bonds by the Finance Director to such extent as the Finance Director shall deem necessary to comply with law or market requirements of the Underwriters. The Finance Director is authorized to execute and deliver the Undertaking after completion and modification as provided in this Resolution and the Sale Order.

**Section 1004. Delegation of City to, and Authorization of Actions of the Mayor and the Finance Director.** (a) Prior to the sale date for the Bonds, the Mayor and/or the Finance Director may cause the preparation and approve the form and distribution of a Preliminary Official Statement and an Official Statement and other offering materials to be used in conjunction with the sale or offering of the Bonds, and the Mayor or Finance Director shall deem the Preliminary Official Statement "final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the Bonds which are necessary and appropriate to carry into effect, consistent with this Resolution, the authorizations therein and herein contained, including without limitation, the securing of ratings by bond rating agencies, if cost effective, the negotiation for and acquisition of bond insurance and/or other credit enhancement, if any, to further secure the Bonds or any portions thereof, the acquisition of an irrevocable surety bond to fulfill the City's obligation to fund any reserve account, the printing of the Bonds and the incurring and paying of reasonable fees, costs and expenses incidental to the foregoing and other costs of issuance of the Bonds including, by not limited to fees and expenses of bond counsel, financial advisors, accounts and others, from Bond proceeds or other available funds, for and on behalf of the City.

(c) Except as otherwise provided herein, all determinations and decisions of the Finance Director with respect to the issuance and sale of the Bonds or the negotiation, execution or delivery of Interest Rate Exchange Agreements as permitted or required by this Resolution shall be confirmed by this Finance Director in a Sale Order or Sale Orders,

and such confirmations shall constitute determinations that any conditions precedent to such determinations and decisions of the Finance Director have been fulfilled.

Section 1005. **Act 34 Approval of the Bonds.** The Bonds shall neither be sold nor issued unless and only so long as the issuance of the Bonds as provided herein shall have been authorized and approved in accordance with the applicable provisions of Act 34.

Section 1006. **Approving Legal Opinions with Respect to the Bonds.** Sale of the Bonds shall be conditioned upon receiving, at the time of delivery, the approving opinion of Bond Counsel, approving legality of the Bonds and, with respect to Bonds determined by the Finance Director to be issued on a tax-exempt basis, the exclusion from gross income of the interest paid thereon from federal and State income taxation only.

Section 1007. **Sale of Bonds/Good Faith Check.** (a) Pursuant to Section 309(1) of Act 34 the Council determines to sell the Bonds at a negotiated sale. The Bonds shall be sold by negotiated sale to the Underwriters as represented by the Representative, all as determined by the Finance Director in the Bond Purchase Agreement, at prices and on terms and conditions provided in the Bond Purchase Agreement approved by the Finance Director within the parameters established hereby, and confirmed by this Finance Director in the Sale Order. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of Council based on recommendation of the Finance Director and the City's Financial Advisor that a negotiated sale will allow the Bonds to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs for the City. Sale may be on a forward delivery basis if determined by the Finance Director to be beneficial to the City, on the terms and conditions contained in the Bond Purchase Agreement.

(b) Subject to the foregoing, the Bond Purchase Agreement shall be dated the date of the sale of the Bonds. The Finance Director is hereby authorized and directed to execute the Bond Purchase Agreement for and on behalf of the City.

(c) The Finance Director is authorized to determine whether to require a good faith check from the Underwriters or in lieu thereof to require the Underwriters to pay liquidated damages to the City for the failure (other than as permitted by the Bond Purchase Agreement) to accept delivery of and pay for the Bonds.

Section 1008. **Delivery of Bonds.** Subject to the approval of the Sale Order,

the Finance Director is hereby authorized to deliver the Bonds to the Underwriters upon receiving the purchase price therefor in lawful money of the United States.

Section 1009. **Escrow Deposit Agreement and Verification Agent.** The Finance Director is hereby authorized and directed to negotiate with the Escrow Trustee the terms of the Escrow Agreement and, if necessary, to select and retain a verification agent to verify the mathematical sufficiency of the securities and cash amounts to be deposited in the Escrow Fund.

Section 1010. **Official Statement.** The Finance Director is hereby authorized to execute the Official Statement or other offering materials with respect to the Bonds in the form approved by him with such changes as the Finance Director may authorize. Such Official Statement or other offering materials to be used in conjunction with the sale or offering of the Bonds are hereby authorized to be printed and used by the Underwriters in connection with the sale of the Bonds to the public. Circulation of the Preliminary Official Statement, if any, or other preliminary offering materials by the Underwriters is hereby approved.

Section 1011. **Appointment of Bond Counsel; Engagement of Other Parties.** The appointment by the Finance Director of the law firm of Miller, Canfield, Paddock and Stone, P.L.C. of Detroit, Michigan, as Bond Counsel for the Bonds is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the Bonds. The fees and expenses of Miller, Canfield, Paddock and Stone, P.L.C. as Bond Counsel and other accumulated bond related fees and expenses shall be payable as a cost of issuance from proceeds of the Bonds or other available funds in accordance with the letter of such firm on file with the Finance Director.

The Finance Director is authorized to engage other consultants, financial advisors, or other parties as he deems necessary and appropriate in connection with the sale, issuance and delivery of the Bonds and to pay the fees and expenses thereof from the proceeds of the Bonds or other available funds.

Section 1012. **Preservation of Records.** So long as any Bond remains Outstanding, all documents received by the Paying Agent under the provisions of this Resolution shall be retained in its possession and shall be subject at all reasonable times to the inspection of the City, and the Bondowners, and their agents and representatives, any of whom may make copies thereof.

Section 1013. **Parties in Interest.** Nothing in this Resolution, expressed or

implied, is intended or shall be construed to confer upon, or to give to, any person or entity, other than the City, the Paying Agent and the Owners of the Bonds, any right, remedy or claim under or by reason of this Resolution or any covenant, condition or stipulation hereof, and all covenants, stipulations, promises and agreements in this Resolution contained by and on behalf of the City or Paying Agent shall be for the sole and exclusive benefit of the City, the Paying Agent and the Bondowners.

Section 1014. **No Recourse Under Resolution.** All covenants, agreements and obligations of the City contained in this Resolution shall be deemed to be the covenants, agreements and obligations of the City and not of any councilperson, member, officer or employee of the City in his or her individual capacity, and no recourse shall be had for the payment of the principal of or interest on the Bonds or for any claim based thereon or on this Resolution against any councilperson, member, officer or employee of the City or any person executing the Bonds in his or her official individual capacity.

Section 1015. **Severability.** If any one or more sections, clauses or provisions of this Resolution shall be determined by a court of competent jurisdiction to be invalid or ineffective for any reason, such determination shall in no way affect the validity and effectiveness of the remaining sections, clauses and provisions hereof.

Section 1016. **Cover Page, Table of Contents and Article and Section Headings.** The cover page, table of contents and Article and Section headings hereof are solely for convenience of reference and do not constitute a part of this Resolution, and none of them shall affect its meaning, construction or effect.

"SID" means the Michigan Municipal Advisory Council or such other appropriate state information depository for the State of Michigan as designated by the SEC in accordance with the Rule.

(b) *Continuing Disclosure.* The City hereby agrees, in accordance with the provisions of the Rule, to provide or cause to be provided to each NRMSIR and to the SID for the State of Michigan, on or before the 210th day after the end of the fiscal year of the City, the Audited Financial Statements, commencing with the fiscal year ended June 30, 2003 and updates of certain financial and operating data of the City appearing under the headings and tables in the Official Statement for the Bonds, as follows:

In the event that the Audited Financial Statements are not available by the date specified above, they will be provided when available and Unaudited Financial Statements in a format similar to the financial statements contained in the Official Statement will be filed by such date and the Audited Financial Statements will be filed as soon as available.

If the fiscal year of the City is changed, the City shall send notices of such change to each NRMSIR or the MSRB, and to the SID, prior to the earlier of the ending date of the fiscal year prior to such change or the ending date of the fiscal year as changed.

(c) *Notice of Failure to Disclose.* The City agrees to provide or cause to be provided, in a timely manner, to (i) each NRMSIR or the MSRB and (ii) the SID, notice of a failure by the City to provide the annual financial information with respect to the City described in subsection (b) above on or prior to the dates set forth in subsection (b) above.

- (1) principal and interest payment delinquencies;
- (2) non-payment related defaults;
- (3) unscheduled draws on debt service reserves reflecting financial difficulties;
- (4) unscheduled draws on credit enhancements reflecting financial difficulties;

(5) substitution of credit or liquidity providers, or their failure to perform;

(6) adverse tax opinions or events affecting the tax-exempt status of the Bonds;

(7) modifications to rights of holders of the Bonds;

(8) bond calls;

(9) defeasances;

(f) *Termination of Reporting Obligation.* The obligation of the City to provide annual financial information and notices of material events, as set forth above, shall be terminated if and when the City no longer remains an "obligated person" with respect to the Bonds within the meaning of the Rule, including upon legal defeasance of all Bonds.

(g) *Benefit of Bondholders.* The City agrees that its undertaking pursuant to the Rule set forth in this Section is intended to be for the benefit of the Bondholders and shall be enforceable by any Bondholder; provided that, the right to enforce the provisions of this Undertaking shall be limited to a right to obtain specific enforcement of the City's obligations hereunder and any failure by the City to comply with the provisions of this Undertaking shall not constitute a default or an event of default with respect to the Bonds or under the Resolution.

(h) *Amendments to the Undertaking.* Amendments may be made in the specific types of information provided or the format of the presentation of such information to the extent deemed necessary or appropriate in the judgment of the Disclosure Representative on behalf of the City, provided that the City agrees that any such amendment will be adopted procedurally and substantively in a manner consistent with the Rule, including, any interpretations thereof by the SEC, which, to the extent applicable, are incorporated herein by reference. Such interpretations currently include the requirements that (a) the amendment may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the City or the type of activities conducted thereby, (b) the undertaking, as amended, would have complied with the requirements of the Rule at the time of the primary offering of the Bonds, after taking into account any amendments or interpretations of the

Rule, as well as any change in circumstances, and (c) the amendment does not materially impair the interests of Bondholders, as determined by parties unaffiliated with the City (such as independent legal counsel), but such interpretations may be changed in the future. If the accounting principles to be followed by the City in preparing the Audited Financial Statements are modified, the annual financial information for the year in which the change is made shall present a comparison between the financial statements as prepared on the prior basis and the statements as prepared on the new basis, and otherwise shall comply with the requirements of the Rule, in order to provide information to investors to enable them to evaluate the ability of the City to meet its obligations. A notice of the change in accounting principles shall be sent to each NRMSIR or the MSRB and the SID.

IN WITNESS WHEREOF, the City of Detroit has caused this Undertaking to be executed by its authorized officer.

Today, I released my hold on the above contract with eBusiness Solutions. I am very concerned that the contract was submitted to Council after the seminars held by this company were completed. The Chief of Police and the Police Department must commit to doing a better job at submitting contracts prior to their execution.

I am also concerned that the appearance of conflict is created by the Department awarding a contract to a vendor who had given a Baby Shower for the Chief and his wife.

Finally, I believe that it is essential that all contractors who provide services to the Detroit Police Department have extensive backgrounds in some aspect of policing.

**Budget Department**

July 21, 2003

Honorable City Council:

Re: Amendment to FY2003-04 City of Detroit Tax Statement.

The Budget Department is requesting authorization to amend the FY 2003-04 statement of the amounts to be raised by taxation, known as the Tax Statement. Also, to be amended is the 2% limitation statement based upon 2002 equalized valuations (based on December 1 valuations). The Tax Statement adopted by City Council on June 9, 2003, in accordance with Section 18-2-24 of the City Code contained an incorrect ad valorem taxable valuation due to a computer error. This incorrect valuation was utilized to calculate the budgeted tax levy and the total amount to be raised by taxation as presented on the Tax Statement.

The attached resolution authorizes the

approval and adoption of the Amended FY 2003-04 Tax Statement and the correction of the FY2003-04 budget. A waiver of reconsideration is requested.

Respectfully submitted,  
ROGER SHORT  
Budget Director

Approved:

ROGER SHORT  
Budget Director  
SEAN WERDLOW  
Finance Director

By Council Member Everett:

Whereas, The 1997 Detroit City Code §18-2-24 mandates that the City of Detroit Budget Director make an itemized statement of amounts to be raised by taxation for approval by this Honorable Body; and

Whereas, This statement is known as the City of Detroit Tax Statement; and

Whereas, The 1997 Detroit City Code §18-2-24 further mandates preparation of the City of Detroit Tax Statement and subsequent approval by this body is to be completed within one week following the maximum final approval date of the City of Detroit's budget; and

Whereas, In compliance with the aforementioned provision of the 1997 City of Detroit Code the City of Detroit Tax Statement for the fiscal year beginning July 1, 2003 and ending June 31, 2004 was submitted to, and approved by, this body on June 9, 2003; and

Whereas, It has since been brought to the attention of this body that the *ad valorem* taxable value amount utilized in calculating the budgeted tax levy on the City of Detroit Tax Statement was incorrect due to a computer error; and

Whereas, Pursuant to this error the total amount to be raised by taxation provided on the City of Detroit Tax Statement was incorrect; and

Whereas, A proposed Amended City of Detroit Tax Statement has been prepared by the City of Detroit Budget Director utilizing, for computational purposes, the true and accurate *ad valorem* taxable value amount; and

Whereas, This proposed Amended City of Detroit Tax Statement has been presented to this body for review and approval.

Now Therefore Be It:

Resolved, That the proposed Amended City of Detroit Tax Statement is approved and adopted; and

Further Resolved, That the City of Detroit budget be hereinafter corrected in accordance with the above; and

Finally Resolved, That this resolution is adopted with a waiver of reconsideration.

**Downtown Development Authority**  
July 7, 2003

Honorable City Council:  
Re: Downtown Development Authority  
FY 2003-2004 Budget.

Pursuant to Article 28, Act 197, as amended, we have prepared the attached FY 2003-2004 Downtown Development Authority's General Fund Budget.

The amount of funds available from the one mill tax for FY 2003-2004 has been estimated at \$810,000, net of collection delinquencies and reserves for tax settlements, reflecting roughly a \$10,000 increase from the actual receipts for Fiscal Year 2002-2003. Transfer from the DDA's Tax Increment Fund of an amount of \$500,000 will remain level at the 2002-2003 allocation. The FY 2003-2004 budget reflects revenues of \$300,000 to be generated from the parking operations roughly representing the actual amounts received in FY 2002-2003. Service fees of \$-0- represent payments from Detroit/Wayne County Stadium Authority to DDA for administrative costs of the Stadia

Project. This is a \$35,000 decrease due to the completion of the Ford Field. Transfer for Lower Woodward Administration is a new line item this year. The amended TIF plan allowed for \$500,000 to be spent on project administration for the Lower Woodward Initiative. This money will allow for the addition of resources such as consultants, staff, materials, and other things necessary to market and administer the Lower Woodward program. Interest income and SBT Refunds are expected to remain at their existing levels. Transfer from Fund Balance has been estimated at \$249,000, which is needed to offset the anticipated shortfall in revenue for FY 2003-2004. This amount represents an increase from the FY 2002-2003 Budget of \$40,000 since a large portion of DDA's projected expenditures for Special Projects and Contingencies, should they be necessary, will be funded by prior year balances.

On the appropriations side, contractual services of \$1,419,000 show an increase of over \$450,000 from FY 2002-2003. This increase reflects a temporary increase in the DDA's Administrative Contract and an increase in the cost of having an annual audit performed. The budgeted amount of \$335,000 for profes-

sional services and fees, inclusive of a \$10,000 expense for Computer Support, reflects a \$55,000 increase from the 2002-2003 Fiscal Year primarily due to an increase in insurance rates, and additional legal services required as the DDA continues to take on more responsibility. The FY 2003-2004 budgeted expenses of \$200,000 related to parking operations increased by \$100,000 from last year's expenses, as parking operations continue to grow. Finally, \$500,000 of allocated funds for Special Projects and Contingencies for FY 2003-2004 remains the same from last year.

We respectfully request City Council's approval of the attached budget at its July 11, 2003 meeting. A Waiver of Reconsideration is requested.

Should any member of the Council have any questions, please contact me at 237-4616.

Honorable City Council:

Re: Establishment of the Lower Far East Side Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Lower Far East Side Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on May 23rd, as required by the Act, with an additional presentation by this Department and the Riverbend Association earlier today at your Honorable Body's request.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing was April 8th and we there-

fore recommend that you approve the resolution at your regular formal session of Wednesday, July 23rd.

Respectfully submitted,  
 HENRY B. HAGOOD

Director of Development Activities  
 By Council Member Watson:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from ad valorem taxes, and the imposition of a specific property tax in lieu of ad valorem real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Lower Far East Side NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Lower Far East Side NEZ was conducted before the Detroit City Council on May 23, 2003, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the

establishment of the Lower Far East Side NEZ are known; Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map as Areas A, B, C, D, and F, is hereby established as the Lower Far East Side NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

#### EXECUTIVE SUMMARY

The project entails the redevelopment of the historic Book Cadillac hotel located at 220 Michigan Avenue in Detroit, Michigan. The developer of the project is Cadillac LLC and its managing member, Historic Hospitality Investments of Michigan, LLC, a wholly owned affiliate of Kimberly-Clark Corporation. The Developer proposes to redevelop the existing historic structure into a new four-star Marriott Renaissance hotel with approximately 485 hotel rooms, a 45,000 square foot conference center and a 225 space parking garage. The project will include street level retail and restaurant facilities. The upper floors of the structure will be developed as a market-rate residential condominium project with approximately 70 units. Project costs are estimated to exceed \$146,000,000.00. (See Sources and Uses attached.) The land and the hotel portion of the project will be owned by Cadillac Development Company, LLC. The residential condominium portion of the project will be owned by Housing Horizons of Michigan, LLC. The parking garage will be completely financed with public funds.

The Book Cadillac is located at the corner of Washington Boulevard and Michigan Avenue in the central business district of Detroit. The Book Cadillac was originally constructed in 1924 as a 29 floor world class hotel. The hotel was closed in 1984 and has not since been reopened.

The project will eliminate the existing blighted condition through the rehabilita-

tion of the historic hotel. The Book Cadillac hotel has been vacant/abandoned for nearly 20 years. Its location within the central business district has had a severe negative impact on the surrounding buildings and businesses. It is anticipated that its redevelopment will lead to revitalization of the downtown area. It is also anticipated that the project will generate approximately 625 construction jobs at the hotel site, augmented by 400 manufacturing/fabricating jobs related to construction and 75 architectural/engineering jobs in support of the construction activities. When fully operational, the hotel will offer approximately 300 full-time jobs in the City of Detroit. Because of the Empowerment Zone Bond financing (see Sources and Uses attached), it will be required that 35% of the jobs at the hotel, for the 30-year term of the bond financing, be held by persons residing within the Empowerment Zone area. It is important to note that 60-70% of the area near the hotel is comprised of low and moderate income persons. The significant secondary economic benefits from this project should provide a potentially substantial boost to the Detroit economy by furthering the economic stability of the City through the creation of jobs and creating a tax base. Taxes originating from the project will be in the form of payroll, property, business and income taxes. In addition, the project will provide much needed hotel space for conventions and other events.

The renovation and the reuse of the historic Book Cadillac hotel will be consistent with the goals of the City of Detroit to: 1) make available additional hotel rooms within the central business district, 2) provide jobs to area residents, 3) rehabilitate historic buildings, and 4) eliminate blight. In its present condition the hotel is merely an impediment to the growth and rebirth of the downtown area; however, once completed, the hotel will be a major potential catalyst for additional investment in the area.

The City of Detroit intends to administer the Section 108 Loan through the City of Detroit Downtown Development Authority.

### RESOLUTION

July 21, 2003

By COUNCIL MEMBER WATSON, Joined  
By ALL COUNCIL MEMBERS:

WHEREAS, On January 27, 2003, the head of the International Atomic Energy Agency reported to the U.N. Security Council that two months of inspections in Iraq had found that no prohibited nuclear activities had taken place at former Iraqi nuclear sites; and

WHEREAS, On March 17, 2003,

President George W. Bush gave the centerpiece for his argument for war with Iraq by stating, "Intelligence gathered by this and other governments leaves no doubt that the Iraq regime continues to possess and conceal some of the most lethal weapons ever devised"; and

WHEREAS, 2 days later, on March 19th President Bush declared war, called for the invasion of the sovereign nation of Iraq, despite the fact that no evidence had been uncovered to display a clear and present danger to the United States — even though "clear and present danger" is generally the basis for undergoing a preemptive invasion by international standards; and

WHEREAS, This disrespect of international law leads the public to take notice of the fact that not only does the United States gain control of Iraqi oil, but it also gets to outsource rebuilding to American corporations; and

WHEREAS, Thus far, about 100 corporations are to be involved in the rebuilding of Iraq at a cost to the American taxpayer somewhere in the tens of billions of dollars.

WHEREAS, Subsequently, the United States national deficit is expected to soar past \$450 billion, when just three years ago, there was a budget surplus; and

WHEREAS, The Washington Post stated that the President's January 2003 State of the Union claim that Iraq possessed an active nuclear program was based on fraudulent documents that included the forged signature of an official that wasn't even in office at the time; and

WHEREAS, Lawmakers and citizens, who were assured before the war that weapons of mass destruction would be found in Iraq, and many of whom gave support to give this Administration a sweeping grant of authority to wage war based upon those assurances, have been placed in the uncomfortable position of wondering if they were misled; and

WHEREAS, Evidence reveals that a subsidiary of the Halliburton Company has received \$425 million from the Army for work in Iraq under a little-known but lucrative contract called "LOGCAP"; and

WHEREAS, It appears that much, if not all, of this work was initially awarded to Halliburton without competition from other qualified companies and the duties outlined in the contract can include "operation" of Iraqi oil fields and "distribution" of Iraqi oil; and

WHEREAS, From 1995 to 2000, Halliburton was headed by now-Vice President Dick Cheney; and

WHEREAS, The Wall Street Journal has reported that the U.S. is considering a plan to mortgage Iraq's oil to pay contractors for the costs of reconstruction — which would contradict the Administrations' previous proclamations that

"Iraq's oil belongs to the Iraqi people",  
NOW THEREFORE BE IT

RESOLVED, By the Detroit City Council on this 24 day of July, 2003 that we support the legislation that Representative Henry Waxman, the ranking member of the House Committee on Government Reform, and co-sponsored by Representative John Conyers, ranking member of the House Judiciary Committee, introduced to create an independent commission to examine the intelligence on Iraq and understand the gap between what has been found in Iraq and what was represented by the executive branch prior to and during the war; AND BE IT FURTHER

RESOLVED, That we also support lawmakers seeking information on business contracts entered into by the George W. Bush Administration, including a multi-million dollar contract with a subsidiary of Halliburton Corporation for development work in Iraq; AND BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to all of the members of the United States House of Representatives and the United States Senate.

By ALL COUNCIL MEMBERS:

WHEREAS, The increased national security in recent years has resulted in a more arduous process to enter the Coleman A. Young Municipal Center;

WHEREAS, Most recently, the Detroit-Wayne Building Authority implemented new security measures to require all employees, upon entering and exiting the building, to swipe the magnetized identification badges that will log all such activities;

WHEREAS, In the event of an emergency, such security measures may adversely affect a timely response by external medical response teams whom security personnel must satisfactorily identify;

WHEREAS, The on-site nurse is currently responsible for treating the approximately 3500 employees along with visitors, jurors and prisoners who daily visit the Coleman A. Young Municipal Center;

WHEREAS, Each year, on average, the on-site nurse treats approximately 5,000 persons and 15 cardiac arrests; and

WHEREAS, The savings indicated by elimination of the on-site nurse would amount to \$79,000 that is insignificant when compared to the provision of safety offered by having such person accessible to both the employees and general public

who enter this building daily; NOW THEREFORE BE IT FINALLY

RESOLVED, That \$79,000 shall remain in the Detroit-Wayne Building Authority's budget for the purpose of maintaining an on-site nurse for the Coleman A. Young Municipal Center.

## Planning & Development Department

February 6, 2003

Honorable City Council:

Re: A resolution to amend the Detroit Master Plan of Policies in the vicinity of Gratiot Avenue and the Chrysler Freeway to accommodate a proposed casino and hotel complex.

Attached for your consideration and action is a proposed Amendment to the Detroit Master Plan of Policies for the area generally bounded by Gratiot Avenue on the north, the Chrysler Freeway on the east, Clinton Street on the south, and St. Antoine Street on the west. Adoption by your Honorable Body of this resolution would accommodate changes in the Master Plan of Policies to allow for the development of the proposed permanent Greektown Casino and Hotel complex on the aforementioned site. Other changes to the subject area that are being proposed concurrently with this Amendment are a rezoning from B4 (General Business District) and PD (Planned Development District) zoning

classifications to an SD5 (Special Development District for Casinos) zoning classification, along with modifications to the Central Business District Project No. 3 Development Plan.

### PROPOSED MODIFICATIONS

The subject area to be changed, which covers approximately 7.18 acres, is shown on the Master Plan of Policies Central Business District "Future Land Use" map. Presently, the subject area is designated as "INST", Institutional/Civic/Public Use. It is recommended that the land use designation for the subject area be changed to "SC", Special Commercial-Residential. It is also recommended that the Central Business District Planning Area Policies text be changed to incorporate language acknowledging the proposed casino use for the subject site. Further, it is recommended that the subject area in the Central Business District "Generalized Rezoning Concept" map be changed from an SD1 (Special Development District, residential with limited commercial) zoning classification to an SD5 (Special Development District for Casinos) zoning classification. Finally, it is recommended that the Central Business District Planning Units map be changed to reflect the proposed casino use in what is now Planning Unit F, "Justice Center".

### BACKGROUND

The Planning & Development Department is requesting that the proposed Master Plan Amendment be adopted to bring a world-class entertainment facility to a currently underutilized site in downtown Detroit. The permanent Greektown Casino and Hotel was originally planned for the near east riverfront in what was to be a designated casino district in 1998. However, those plans changed last year, prompting Greektown Casino LLC to search for and, ultimately select the location that has now become the subject site. This site, which is to replace the temporary casino on Lafayette Boulevard, is along the Chrysler Freeway and adjacent to the Frank Murphy Hall of Justice. Though the site currently contains a Public Lighting Department facility, a Wayne State University building, and surface parking lots, it is in close proximity to Ford Field, across Gratiot to the north. Thus, the potential for tremendous synergy exists for individuals to patronize both the sporting events and the casino. Enhancements designed to facilitate greater pedestrian access across Gratiot would assist in further linking these two entertainment venues to each other, and to the Greektown district to the south.

### DEVELOPMENT ACTIVITY

The site plan submitted by the HBG — Rossetti Design Alliance and dated December 12, 2002 shows the proposed new casino and hotel complex to be situated on the northeastern edge of down-

town. It would feature a 400-room, 30-story hotel tower, above and below grade structured parking for 4,000 cars, and a 100,000 square foot casino. Also to be included in the proposed development are a 1,500 to 2,000 seat entertainment space along with space for convention/event use and other related uses such as bars, restaurants, and administrative offices.

In summary, the Planning & Development Department believes that the proposed Amendment to the Master Plan of Policies would allow for the creation of a major entertainment facility that could revitalize a currently underutilized portion of downtown Detroit. Therefore, it is our recommendation that the Central Business District Future Land Use map be changed for the subject area to "SC", Special Commercial-Residential. Also, we recommend modifying the Central Business District text and the Generalized Rezoning Concept and Planning Unit maps to reflect the proposed casino use in the subject area.

Director of Planning Activities

**Detroit Master Plan of Policies**

*Central Business District*

*Policies*

*Article 301*

• To support the office/retail developments, encourage new residential uses throughout the Necklace District (bounded by Grand Circus Park, Madison Avenue, Randolph Street, Monroe Avenue, Michigan Avenue, Cass Avenue, and Bagley Avenue), especially in rehabilitated older buildings and upper stories over retail frontages.

• Promote distinctive residential apartments and special office and commercial development in the upper stories along Woodward Avenue.

• Encourage the provision of adequate short-term parking.

• Encourage a vastly expanded parking validation program.

• Encourage entertainment uses related to the theater district in the Madison Avenue area.

• Provide for the revitalization and growth of the Harmonie Park area as an arts district, encouraging galleries, studios, art supply stores, studio loft apartments, and related development.

• Enhance Harmonie Park. Encourage development across from the Park along the east side of Randolph, and insure that it provides a sense of enclosure for the Park. Once this is developed, open the Park physically and visually to the east.

• Encourage the redevelopment of the Hudson Block (bounded by Woodward, Gratiot, East Grand River, and Farmer) for hotel, residential, office, parking, and retail, insuring that ground level pedestrian interest, especially on Woodward, is maximized.

F. Justice Center/Entertainment Planning Area (Adams, Chrysler, Macomb, St. Antoine, Monroe, Brush)

• Continue and expand existing institutional uses.

- Improve pedestrian access between the justice buildings at Gratiot and St. Antoine to Greektown, to Madison Center, and to the Downtown People Mover stations.

- Improve pedestrian access between the casino and the stadium district to the north and the Greektown district to the south.

- Encourage residential uses in the buildings in the Madison Center area if and when warehousing uses are no longer in demand.

- Encourage parking decks. Provide a "gateway" design treatment along Gratiot.

G. Financial/City-County Government Planning Area. (Michigan, Cadillac Square, Randolph, Jefferson, Woodward, Larned, Washington Boulevard)

- Continue to support this area as the historic financial, governmental, and legal office core of the CBD.

- Improve the street-level pedestrian environment, especially with landscaping, display windows, and other amenities.

- All parking in this area should ultimately be in structures.

- Redevelop Kennedy Square block as an office/retail site.

- Replace lost open space function by creating a public space at the historic Campus Martius site in the intersection of Woodward, Michigan, Fort, Monroe and Cadillac Square.

H. Bricktown/Millender Center Planning Area (Lafayette, Chrysler, Jefferson, Randolph)

- Develop new institutional, office, residential, and related commercial uses. Brush, and to lesser extent Beaubien, should be reinforced as pedestrian routes between Renaissance Center and Greektown.

- Preserve existing buildings and the character of Bricktown.

- The three People Mover stations in this area should be promoted as development incentives encouraging high intensities of development.

Honorable City Council:

Re: Petition Number 1156 — Request for City Council Approval for the Issuance of a Dance-Entertainment Permit by the Michigan Liquor Control Commission to the Dionysius Corporation at 15224 E. Eight Mile Road.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission (“MLCC”) dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice to the Detroit City Council, which has been designated by the City Clerk as Petition Number 1156, for a licensed location at 15224 E. Eight Mile Road. The petition requests City Council consideration and approval of the request from the Dionysius Corporation to transfer ownership of a Class C liquor license in escrow at 15224 E. Eight Mile Road with a dance-entertainment permit from the Webber Corporation. The approval and issuance of a dance-entertainment permit to the Dionysius Corporation, in conjunction with the transfer of ownership, would allow

dancing by patrons and entertainment on the premises, only.

Upon investigation, review, and consultation with other City departments, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the transfer of ownership of the subject licensed business and the issuance of a dance-entertainment permit to the Dionysius Corporation. The Consumer Affairs Business License Center reports that the owner and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code and that the owner has obtained all necessary land use approvals for the issuance of a “Group A” cabaret business license for the location.

In accordance with Section 916(6)(b) of the Michigan Liquor Control Code, being MCL 436.1916(6)(b), and the applicable provisions of the 1997 Detroit City Charter, as amended, the attached proposed resolution approving the issuance of a dance-entertainment permit to the Dionysius Corporation for 15224 E. Eight Mile Road is being submitted to this Body for consideration and approval.

We request that the proposed resolution be considered at the earliest possible sessions. If there are any questions or concerns, please do not hesitate to contact us.

Respectfully submitted,  
**BRENDA E. BRACEFUL**  
Deputy Corporation Counsel

By Council Member S. Cockrel:

Honorable City Council:

Re: Address: 19316 James Couzens.  
Name: Raimi Animashawun. Date ordered removed: March 6, 2002 (J.C.C. p. 653).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on July 3, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved Tax Payment Plan to pay the current taxes due as of July 1, 2003.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of six (6) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection

• Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:

Re: Address: 9118-20 Rutherford. Name: Karl Kilsela for Sterling Bank & Trust. Date ordered removed: June 4, 2003 (J.C.C. p. ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on June 18, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of June 16, 2003.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to

arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

By Council Member S. Cockrel:  
**AN ORDINANCE to amend Chapter 25, Article II of the 1984 Detroit City Code by adding Section 25-2-146 to establish the Ford Piquette Avenue Plant Historic District, to establish conservation as the design treatment level for the district, and to define the elements of design for the district.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 25, Article II of the 1984 Detroit City Code be amended by adding Section 25-2-146 to read as follows:  
**Sec. 25-2-146. Ford Piquette Avenue Plant Historic District.**

(A) A historic district to be known as

the Ford Piquette Avenue Plant Historic District is hereby established in accordance with the provisions of this article.

(B) This historic district designation is hereby certified as being consistent with the Detroit Master Plan.

(c) The boundaries of the Ford Piquette Avenue Plant Historic District are as shown on the map on file in the office of the City Clerk, and shall be as follows: on the east, the centerline of Beaubien Street; on the south, the centerline of Piquette Avenue; on the west, a line drawn 56' west of and parallel to the east line of lot II, Out Lot 4 of Emily Campau's Sub of Fractional Part of Section 31 (Liber 3, page 64), and on the north, the south line of Trombly Street (vacated). Legal description: East 56' of lot II, Out Lot 4 of Emily Campau's Sub of Fractional Part of Section 31 (Liber 3, page 64).

(D) The design treatment level of the Ford Piquette Avenue Plant Historic District shall be conservation as provided for in Section 25-2-2 of this code.

(E) The defined elements of design, as provided for in section 25-2-2 of this code, shall be as follows:

(1) *Height.* The Ford Piquette Avenue Plant is three stories tall and approximately forty-one (41) feet high.

(2) *Proportion of Building "Front Facade."* The front facade of the Ford Piquette Avenue Plant appears as wide as tall; its side elevations are substantially wider than tall, the Beaubien Street elevation being four hundred and two (402) feet long.

(3) *Proportion of Openings Within the Facades.* The original Piquette Avenue entrance opening is slightly taller than wide. Window openings are taller than wide, with the exception of the third floor arched central window opening which is wider than tall. Windows and entrance openings of the Ford Piquette Avenue Plant amount to approximately thirty-five (35) percent of the front facade.

(4) *Rhythm of Solids to Voids in The Front Facade.* The front facade of the Ford Piquette Avenue Plant is divided vertically into three (3) sections by the arrangement of windows and the projection of the central section. On the first story the original entrance is centered on the front facade; the arched transom above is now filled in. To each side of the entrance are two (2) tall rectangular segmentally arched window openings. Only the easternmost window has its original six-over-six double hung sash window arrangement; the other sashes on the first story are one-over-one double hung sash. The first floor windows originally had three (3) light transoms above, these are filled in on the front facade but can be seen on the side elevations. A grouping of three (3) elongated windows with the middle one wider occupies the central bay of the second floor,

the outer two (2) windows having a four-over-four pane double hung sash arrangement while the middle window has six-over-six. These are flanked by two (2) six-over-six double hung sash rectangular windows in the side bays. A large segmentally arched opening with a tripartite window arrangement occupies the central bay on the third story; the center window contains eight-over-eight sashes and the flanking windows contain six-over-six sashes. This is flanked by two (2) squat segmentally arched window openings in the side bays. Window openings are placed directly above one another on each of the stories. Articulation of fenestration is similar on the long sides of the building, the third floor windows repeating the large arched opening of the central bay of the front facade.

(5) *Rhythm of Spacing of Buildings on Streets.* Not applicable due to single building district.

(6) *Rhythm of Entrance and/or Porch Projections.* The original main entrance is centered on the Piquette Avenue elevation; secondary, functional entrances exist on the west elevation.

(7) *Relationship of Materials.* The major relationship of materials on the Ford Piquette Avenue Plant is that of brick with mortar joints to masonry sills and wooden window frames and glass. Large double doors on the west elevation are wood.

(8) *Relationship of Textures.* The major textural relationship is the brick laid in mortar joints which contrasts with projecting smooth stone sills and multi-paned windows in wood frames. Raised brickwork has a textural effect.

(9) *Relationship of Colors.* The Ford Piquette Avenue Plant is of orange brick contrasted with light-gray stone trim. The front facade is now painted white.

(10) *Relationship of Architectural Details.* The detailing on the Ford Piquette Avenue Plant is carried out in brick and is concentrated around the parapet level in the form of a stepped corbel table. A stepped brick belt course separates the first and second stories, a shallow gable, also outlined in stepped brick, projects from the center of the front facade. The same pattern of stepped brickwork is carried beneath the eaves along the sides of the building.

(11) *Relationship of Roof Shapes.* The roof is not visible from the street.

(12) *Walls of Continuity.* Although this is a single building district, a wall of continuity is created on Piquette Avenue when the Ford Piquette Avenue Plant is viewed together with adjacent buildings outside the district that are, like the Ford Piquette Avenue Plant, also sited on their front lot lines. The long, unbroken side elevation creates a continuous wall along Beaubien Street.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* Since the front of the building is sited on the lot line, there is no landscaping or significant surface treatment on the Piquette frontage. Much of the stone curbing is still in place along the street and sidewalks are concrete. An ornamental lighting pole on Piquette is the only significant piece of street furniture.

(14) *Relationship of Open Space to Structures.* An exterior courtyard now used for parking is located to the west of the district. It is reached through a driveway at first ground level between the Ford Piquette Avenue Plant and the building to its west. At the rear of the lot is the former elevated train shed which leads from the second story of the Ford Piquette Avenue Plant to the rail tracks. Vacant land exists on the south side of Piquette Avenue.

(15) *Scale of Facades and Facade Elements.* The scale of the facade of the Ford Piquette Avenue Plant is modest for an industrial building. Its side elevations, because of their length, are large in scale. Detailing within is moderate in scale and is composed of the raised brickwork outlining architectural elements, while the repetitive windows openings are fairly large.

(16) *Directional Expression of Front Elevations.* The directional expression of the front elevation is slightly vertical due to the impression of height created by the raised gable. The side elevations are horizontal due to their length.

(17) *Rhythm of Building Setbacks.* Not applicable due to single building district. The building is sited on the lot lines on its front, east and west elevations.

(18) *Relationship of Lot Coverages.* The footprint of the building occupies one hundred (100) percent of its lot.

(19) *Degree of Complexity Within the Facades.* The Ford Piquette Avenue Plant exhibits some degree of complexity due to the variety of window openings and brick detail, but it is straightforward in its regularity.

(20) *Orientation, Vistas, Overviews.* The building is oriented towards Piquette Avenue. The vista to the west is towards Woodward Avenue, with other aging industrial buildings lying between The Ford Piquette Avenue Plant and Woodward and also to the east. Across the street are scattered small scale buildings with considerable vacant land due to demolition.

(21) *Symmetric or Asymmetric Appearance.* The Ford Piquette Avenue Plant is symmetrical in its appearance.

(22) *General Environmental Character.* The area in which the Ford Piquette Avenue Plant is located is largely occupied by aging industrial facilities adjacent to the rail line. Remnants of a small scale residential community to its south appear

out of place among the large industrial buildings.

**Section 2.** All ordinances or parts of ordinances in conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

**Section 4.** If this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter; otherwise, it shall become effective in accordance with Section 4-115 of the 1997 Detroit City Charter.

**Municipal Parking Department**

July 18, 2003

Honorable City Council:

Re: Kales Building Parking Agreement.

This Honorable Body approved the sale of 76 West Adams (the "Kales Building") to Kales Building L.L.C. (the Developer) by resolution dated October 24, 2002. The development of the Kales Building into 119 residential apartment units is dependent upon parking being provided to tenants by usage of the Grand Circus Park Garage. The City has determined that the Project, and the jobs and facilities to be created by the Project, are in the public interest and therefore desires to so induce the Developer to undertake the Project.

The Developer is desirous of the leasing of up to 190 parking spaces in the Grand Circus Park Garage in accordance

with a Parking Agreement in form and substance as attached hereto. The term of the Parking Agreement is for approximately 30 years. Parking fees are established at \$50 per space per month, to increased 3% per year for each of the first four years and 5% per year thereafter. All improvements or modifications to be made to the garage will be at the Developer's cost.

Attached for your consideration is a Resolution authorizing the leasing of the parking spaces in accordance with the Parking Agreement.

Respectfully submitted,  
RONALD RUFFIN  
Director

by Council Member Bates:

Whereas, The City of Detroit Building Authority (the Authority) owns the garage known as "Grand Circus Park" (the Garage) and leases it to the City of Detroit (the City) pursuant to Contract of Lease No. 2 between Authority and the City, as amended (the Contract of Lease);

Whereas, Kales Building L.L.C., a Michigan limited liability company (Kales LLC), owns the building located at 76 West Adams, Detroit, Michigan, known as the "Kales Building" and is desirous of developing for lease and sale up to one hundred nineteen (119) market rate apartment units, and approximately six thousand four hundred (6,400) square feet for commercial, retail and office use (the "Project"), pursuant to a certain Agreement to Purchase and Develop Land dated January 19, 2001, as amended by a certain First Amendment dated November 7, 2002 (the "Development Agreement");

Whereas, The exclusive availability of 190 parking spaces in accordance with the Parking Agreement is necessary to induce Kales LLC to undertake the Project; and

Whereas, the Authority has determined by Resolution dated June 19, 2003, that the leasing of the parking spaces as provided in the Parking Agreement on terms acceptable to the City does not impede or restrict the Authority in its ultimate operation of the Parking System or the purposes of the Authority under the Act and is necessary or desirable to assist in defraying the expenses of the Authority and to make possible the operation of the facilities of the Parking System at reasonable rates or will increase facilities for parking purposes or further the public and corporate purposes of the Authority under the Act, and any payments under or in connection with any such lease, contract, license or right in respect of any part of the Parking System shall be applied in the same manner and to the same purposes as other Revenues.

Now, therefore, be it resolved as follows:

Resolved, That the leasing of the parking spaces as herein provided do not impede or restrict the City in its ultimate operation of the Parking System or the purposes of the City or Authority under the Act (as defined in the Contract of Lease) and is necessary or desirable to assist in defraying the expenses of the City and Authority and to make possible the operation of the facilities of the Parking System at reasonable rates or will increase facilities for parking purposes or further the public and corporate purposes of the City or Authority under the Act, and any payments under or in connection with any such lease, contract, license or right in respect of any part of the Parking System shall be applied in the same manner and to the same purposes as other Revenues; and be it further

Resolved, That the City of Detroit is authorized to lease to Kales Building L.L.C. the Parking Spaces described on the attached Exhibit A, in accordance with this resolution and the Parking Agreement; and be it further

Resolved, That the Director of the Municipal Parking Department is authorized to execute the Parking Agreement and such other documents necessary or convenient for the consummation of the transaction pursuant to and in accordance with this resolution and the Parking Agreement; and be it further

Resolved, That a waiver of reconsideration shall be granted upon approval of this resolution by the Detroit City Council.

#### **PARKING AGREEMENT**

**THIS PARKING AGREEMENT** ("Agreement" or "Lease") is made this \_\_\_\_ day of \_\_\_\_\_, 2003, by and between the City of Detroit, a Michigan municipal corporation, by and through its Municipal Parking Department, whose address is 1600 W. Lafayette, Detroit, MI 48216 ("City"), and **KALES BUILDING, L.L.C.**, a Michigan limited liability company, whose address is 27087 Grotiout Avenue, Roseville, Michigan 48066 ("Kales").

#### **RECITALS:**

This Agreement is based upon the following recitals:

A. The City of Detroit Building Authority (the "Authority") owns the parking garage known as Grand Circus Park Garage (the "Garage") located at 1600 Woodward Avenue, Detroit, Michigan 48226.

B. City and the Authority previously entered into Contract of Lease #2, dated as of October 15, 1985, as amended and supplemented on October 5, 1990, on June 11, 1992, on February 1, 1997, on July 1, 1998, and on October 10, 2000 (the "Contract of Lease"), pursuant to which (among other things) the Authority acquired the Garage from the City and

leased the Garage back to the City (the "Parking System Transaction").

C. The Authority financed the Parking System Transaction by issuing revenue bonds that are exempt from federal income taxation. The "Bonds" are to be repaid from "Revenues" derived from the "Parking System" (all such terms being as defined in the Contract of Lease).

D. Pursuant to the Contract of Lease, City (1) operates the Garage by holding its approximately nine hundred (900) parking spaces (the "Parking Spaces") for rent to the public, and (2) does all things necessary or desirable to maintain the tax-free status of the "Bonds."

E. Kales is the owner of the building located at 76 West Adams, Detroit, Michigan (the "Kales Building").

F. Kales is desirous of developing for lease and sale up to one hundred nineteen (119) market rate apartment units, and approximately six thousand four hundred (6,400) square feet for commercial, retail and office use (the "Project"), pursuant to a certain Agreement to Purchase and Develop Land dated January 19, 2001, as amended by a certain First Amendment dated November 7, 2002 (the "Development Agreement").

G. Kales has requested that City lease to Kales up to one hundred ninety (190) parking spaces in the Garage, for the exclusive use by Kales and Kales's tenants, occupants, licensees, invitees and guests at the Project.

H. The availability of approximately 190 parking spaces in the Garage is necessary to induce Kales to undertake the Project and develop 119 market rate apartment units and approximately 6,400 square feet for commercial, retail and office use in the Grand Circus Park area of the City of Detroit.

I. The City has determined that the Project, and the jobs and facilities to be created by the Project, are in the public interest and therefore desires to so induce Kales to undertake the Project.

J. The City is of the opinion that the leasing of the parking spaces as herein provided do not impede or restrict the Authority in its ultimate operation of the Parking System or the purposes of the City or Authority under the Act (as defined in the Contract of Lease) and is necessary or desirable to assist in defraying the expenses of the City and Authority and to make possible the operation of the facilities of the Parking System at reasonable rates or will increase facilities for parking purposes or further the public and corporate purposes of the City or Authority under the Act, and any payments under or in connection with any such lease, contract, license or right in respect of any part of the Parking System shall be applied in the same manner and to the same purposes as other Revenues.

K. The parties desire to set forth their agreements as to the leasing of such Parking Spaces as provided below.

Now, Therefore, For good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the parties hereto agree as follows:

**1. Grant of Lease**

1.1 Grant. Subject to the terms and conditions of this Agreement, City leases to Kales the Parking Spaces, as such "Parking Spaces" are more particularly described on Exhibit A attached hereto; provided, however, such leased Parking Spaces may be temporarily substituted or temporarily replaced with other parking spaces in the Garage which are as close to the Parking Spaces being temporarily substituted or temporarily replaced as is reasonably possible at any time or from time to time as may be reasonably necessary in City's sole discretion for purposes of maintenance or repair of the Garage. In the event of such substitution, City shall provide reasonable notice to Kales.

**2. Term**

2.1 Commencement. City and Kales acknowledge Kales's intent and agreement to lease a total of one hundred ninety (190) Parking Spaces from and after July 1, 2005. Nevertheless, Kales shall not be obligated to lease from City, and City shall not be obligated to provide to Kales, any Parking Spaces in excess of the following schedule: Kales shall lease from City twelve (12) Parking Spaces from and after the first to occur of: (1) the first day of the first month after the issuance of a temporary or final certificate of occupancy for all or part of the Kales Building; or (2) September 1, 2004 (the "Commencement Date"); Kales shall lease from City an additional twelve (12) parking Spaces as of the first day of each of the next nine (9) months thereafter; Kales shall lease from City an additional seventy (70) Parking Spaces from and after the first day of the tenth (10th) month after the Commencement Date. The following table illustrates the foregoing schedule:

<b>Commencement Date</b>	<b>Additional Parking Spaces</b>	<b>Aggregate Parking Spaces</b>
September 1, 2004	12	12
October 1, 2004	12	24
November 1, 2004	12	36
December 1, 2004	12	48
January 1, 2005	12	60
February 1, 2005	12	72
March 1, 2005	12	84
April 1, 2005	12	96
May 1, 2005	12	108
June 1, 2005	12	120
July 1, 2005	70	190

2.2. Commencement and Possession. So long as Kales is not at any time in default (after notice and cure, if any) hereunder or under the Development

Agreement, City will deliver possession of the Parking Spaces in accordance with Section 2.1 above.

2.3. Early Possession. So long as Kales is not at any time in default (after notice and cure, if any) hereunder or under the Development Agreement, Kales may obtain possession and lease any Parking Spaces in excess of the number set forth in the schedule above (up to the maximum aggregate of one hundred ninety [190] Parking Spaces) at any time prior to the dates set forth above; provided that City has such Parking Spaces available and City consents to such early possession.

2.4. Termination. The Term of the Lease for all Parking Spaces leased to Kales hereunder shall terminate on the earlier of August 31, 2034, or the end of the useful life of the Garage, unless sooner terminated or extended in accordance with the provisions of this Lease.

**3. Rent**

3.1. Rate. For the first twelve (12) months after the Commencement Date, Kales shall pay to City each month a rental equal to the number of Parking Spaces to be used and occupied by Kales for the current month, multiplied by fifty dollars (\$50.00) ("Rent"). Commencing with the first anniversary of the Commencement Date and continuing on each of the second, third and fourth anniversaries of the Commencement Date, the Rent shall increase at the rate of three percent (3%) per year. Commencing with the fifth anniversary of the Commencement Date and continuing on each anniversary of the Commencement Date thereafter during the entire remaining term of this Lease, the Rent shall increase at the rate of five percent (5%) per year.

3.2. Payment of Rent. Kales will pay all Rent as and when due. Rent will be paid to the order of City, in advance, without any setoffs or deductions, on or before the seventh (7th) day of each and every calendar month to the Director of the Municipal Parking Department of the City of Detroit at 1600 W. Lafayette, Detroit, Michigan 48216, or at such other place as City may designate in writing. In the event the commencement date for the leasing of any Parking Space is other than the first day of a calendar month, the Rent for the partial first calendar month of the Term for such Parking Space will be equal to the daily rate then in effect multiplied by the number of remaining days of such month. Rent for such partial calendar month shall be paid in advance. Any Rent not paid in full on or before the date it is due shall incur an administrative fee of ten dollars (\$10.00) per Parking Space, in addition to such other remedies as may be available to City under this Lease and applicable law.

#### **4. Use of Parking Spaces**

**4.1. Permitted Use.** The Parking Spaces shall be used and occupied solely by Kales and Kales's tenants, occupants, licensees, invitees and guests at the Project, and solely for the parking of operable, licensed motor vehicles. The Parking Spaces may not be used for long-term storage, washing or maintenance of vehicles, or any purpose other than parking by Kales. The use of the Parking Spaces shall also be subject to all rules and regulations governing the Garage, as City may promulgate the same from time to time.

**4.2. No Violation of Other Agreements.** Kales shall not do or permit to be done any act which could violate any term of the Development Agreement or any other document, instrument, agreement, or covenant in connection with the Project. Kales shall not do or permit to be done any act which could violate any term of the Contract of Lease, the Bonds, or any other document, instrument, agreement, or covenant in connection with the Parking System Transaction. Kales shall not do or permit to be done any act which will invalidate or be in conflict with any issuance policy or self-insurance program maintained by or for the benefit of City with respect to the Garage.

**4.3. No Violation of Any Law.** Kales shall not use or permit any person to use the Parking Spaces in any manner which violates or would create liability under federal, state or local laws, ordinances, rules, regulations or policies. Except as otherwise expressly permitted hereunder, Kales shall not do or permit to be done any act which might subject City to any liability whatsoever.

**4.4. No Hazardous Materials.** Kales shall not (either with or without negligence) cause or permit the escape, disposal or release of any biologically or chemically active or other hazardous substances or materials in violation of applicable environmental laws by Kales or persons acting under Kales. Kales shall not allow the storage or use of such substances or materials in any manner not sanctioned by law or by the highest standards prevailing in the industry for the storage and use of such substances or materials, not allow to be brought into the Garage any such materials or substances. Without limitation, hazardous substances and materials shall include those described in the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. Section 9601 et seq., the Resource Conservation and Recovery Act, as amended, 42 U.S.C. Section 6901 et seq., any applicable state or local law and the regulations adopted under these acts. In all events, Kales shall indemnify City in the manner elsewhere provided in

this Lease against any liability resulting from any release of hazardous substances or materials within or about the Garage to the extent caused or permitted by Kales or persons acting under Kales.

#### **5. Quiet Enjoyment**

**5.1.** Kales's quiet enjoyment of the Parking Spaces will not be disturbed by City, unless Kales defaults in the performance of any covenant or term of this Lease. Except as otherwise provided in this Lease, Kales shall be afforded access to and permitted the use and occupancy of the Parking Spaces at all times, at all hours, each and every day of the Term hereof.

Kales shall be responsible for all costs to provide its users with access to the Garage during hours and on days when the Garage would not otherwise be open to the public. With City's prior consent, Kales shall be permitted, at Kales's sole expense, to modify existing equipment or install new equipment to allow Kales's users to access the Garage on a 24-hour basis. Such modifications or installation of new equipment will in no way hinder or impede access to the Garage during the normal operating hours of the Garage.

#### **6. Damage, Destruction or Eminent Domain**

**6.1. City's Election to Terminate.** In the event the Parking Spaces shall be damaged or destroyed to such an extent that City is unable with reasonable efforts to provide the Parking Spaces, or the Parking Spaces are condemned or taken in any manner, including without limitation any conveyance in lieu of condemnation, for any public or quasi-public use, then City shall have the right, but not the obligation, to terminate this Lease to the extent of the Parking Spaces City is unable to provide by giving written notice to Kales of its election to terminate, notice to be given within ninety (90) days after the occurrence. Upon the third day after notice is given, Kales shall vacate and surrender the Parking Spaces to City, without prejudice, however, to City's rights and remedies against Kales under the Lease prior to termination, and any Rent owing shall be paid through such date. If City shall elect not to repair or reconstruct the Garage or replace the Parking Spaces as provided herein (including but not limited to as determined in accordance with Section 7.3), then no Rent shall be due or owing for the Parking Spaces City is unable to provide from the date of the damage, destruction or taking.

**6.2. City's Election to Repair or Replace.** In the event the Parking Spaces shall be damaged or destroyed to such an extent that City is unable after reasonable efforts to provide the Parking Spaces, or the Parking Spaces are condemned or taken in any manner, including without limitation any conveyance in lieu of con-

demnation, for any public or quasi-public use, then City shall have the right, but not the obligation, to repair or reconstruct the Garage or replace the Parking Spaces as provided herein. City shall give written notice to Kales of its election to repair or reconstruct the Garage or replace the Parking Spaces within ninety (90) days after the occurrence. If City shall elect to repair or reconstruct the Garage or replace the Parking Spaces as provided herein, then no Rent shall be due or owing for the Parking Spaces City is unable to provide from the date of the damage, destruction or taking until Kales shall be notified by City of the completion of such repair or reconstruction or replacement. Rent shall abate only to the extent of the number of Parking Spaces damaged, destroyed or taken so as to be rendered untenable and not substituted with other Parking Spaces by City as provided herein.

6.3. Release from Liability. City shall not be liable for any interruption in services caused by riots, strike, labor disputes, accidents or other causes beyond the control of City, or for stoppages or interruptions of any services for the purpose of making necessary repairs or improvements. Any such interruption causing a complete loss of use of one or more Parking Spaces and City shall be unable to substitute or replace any such Parking Space as provided herein, then no Rent shall be due or owing for the Parking Spaces City is unable to provide from the date of the loss of use until Kales shall be notified by City of the ability to resume use or substitution of the Parking Space(s). Rent shall abate only to the extent of the number of Parking Spaces unavailable to Kales and not substituted with other Parking Spaces by City as provided herein. Any failure, interruption, or delay in furnishing services shall not be construed as an act of eviction against the Kales by City nor shall such failure, interruption or delay in any way operate as a release from the prompt and punctual performance by Kales of the covenants of this Lease. Kales acknowledges that City will not carry insurance on Kales's property, fixtures, and improvements, and agrees that city will not be obligated to repair any damage or replace the same. There shall be no liability on the part of City by reason of inconvenience, annoyance or injury to business arising from City, Kales, or others making or failing to make any repairs, alterations, additions or improvements to any portion of the Garage except as provided herein.

6.4. Condemnation Award. Any award or compensation for any portion of the Garage condemned or taken in any manner, including without limitation any conveyance in lieu of condemnation, for any public or quasi-public use, including the

value of Kales's leasehold interest under the Lease, shall be solely the property of City. In the event any Parking Spaces or any portion thereof are condemned or taken in any manner, including without limitation any conveyance in lieu of condemnation, for any public or quasi-public use, Kales shall have no claim against City for the value of any unexpired term of this Lease or otherwise.

#### **7. Improvements**

7.1. Alterations or Improvements: Signage. Kales shall not make any alterations or improvements in, on, within or to the Garage or the Parking Spaces without City's express prior written consent. Kales shall not post or install any directional, informational, or commercial signage in, on, within or to the Garage or the Parking Spaces without City's express prior written consent. For purposes hereof, the term "alterations or improvements" shall include signage. Any approved alterations or improvements made by Kales shall not in any way interfere with the use of the Garage at any time nor preclude the use by City of any Parking Spaces not leased by Kales prior to such time as Kales shall have leased not less than one hundred ninety (190) Parking Spaces. Any and all alterations and improvements shall be made and maintained at Kales's sole cost and expense. Upon termination of this Lease, all alterations and improvements shall be the property of City; provided, however, City may designate, in writing alterations or improvements to be removed by Kales, at its expense, in which event Kales shall promptly remove such alterations or improvements at its expense and repair any damage caused thereby. Kales shall, at its own expense, keep and maintain all such alterations or improvements in good condition and repair, to the satisfaction of City. City may impose reasonable restrictions and requirements with respect to any improvements or alterations. Prior to making any approved improvements, alterations, repairs, or maintenance thereto, Kales shall provide City with such insurance and indemnities as City may reasonably require.

City agrees to allow a single subsurface penetration into the Garage of a pedestrian tunnel proposed by Kales to be constructed under West Adams Street (the "Tunnel Penetration"). The Tunnel Penetration will be at a location of close proximity to the Parking Spaces. The exact location and means of the Tunnel Penetration must be approved by the City prior to construction.

7.2. Compliance with Applicable Law. Kales shall be responsible in ensuring that any alteration or improvements to the Garage and Parking Spaces comply with all applicable laws, statutes, ordinances, rules and regulations which shall include,

without limitation, the Americans With Disabilities Act of 1990, City of Detroit Ordinances and City of Detroit Executive Order No. 22 and Executive Order No. 4 as to those improvements to be made by Kales. Kales covenants that it shall not discriminate against any person or any employee or applicant for employment, training, education or apprenticeship connected directly or indirectly with the Project because of race, color, creed, national origin, age, marital status, handicap, sex or sexual orientation. Kales shall keep the Garage free of liens for work claimed to have been done for, or materials furnished to Kales, and will hold City harmless from any liens which may be placed on the Garage except those attributable to the acts of City. In the event a construction or other lien shall be filed against the Garage or Kales's interest as a result of any work undertaken by Kales, or as a result of any improvements, repairs or alterations made by Kales, or any other act of Kales, Kales shall, within thirty (30) days after receiving notice of the liens, discharge the lien, bond over the lien, or provide City with cash or other security satisfactory to City equal to 150% of the amount of the lien. City shall have the right, but not the obligation, to procure such discharge, and Kales shall pay to City upon demand all costs of procuring such discharge (including reasonable attorney fees).

**7.3. Garage Maintenance.** During the Lease Term, City shall maintain, preserve and keep the Garage properly, or cause the same to be so operated, maintained, preserved and kept, with the appurtenances and every part and parcel thereof, in good repair, working order and condition, and shall from time to time make or cause to be made all necessary and proper repairs, replacements and renewals. Any disagreement or dispute between Kales and the City concerning the maintenance, repair or condition of the Garage shall be conclusively determined and resolved by such other engineers or consultants retained by the City in the ordinary course of the maintenance and repair of the Garage. The foregoing shall not apply to any alterations or improvements made by Kales. Kales during the Lease Term shall at all times maintain, preserve and keep any alterations or improvements made by Kales in good repair, working order and condition, and shall from time to time make or cause to be made all necessary and proper repairs, replacements and renewals. All repairs contemplated under this Lease shall be performed in a reasonably prompt manner.

### **8. Assignment or Subletting**

**8.1. Prohibited Assignment or Subletting.** So long as Kales shall own the Kales Building, Kales shall not assign this

Lease or sublet the Parking Spaces except as expressly provided herein. Any attempted assignment or subletting not in compliance with this lease shall be invalid.

**8.2. Maximum Rate.** In no event may Kales charge for the use of any Parking Space any amount in excess of the lesser of (a) the rate then in effect under this Lease, or (b) the rate then in effect and as thereafter established from time to time by the Detroit City Council or the Municipal Parking Department of the City of Detroit, otherwise charged the general public for monthly parking at the Garage. This limitation on the parking rate shall not be construed to include charges or fees for security or vehicular or pedestrian access to the Parking Spaces or related services.

**8.3. Permitted Assignment.** In the event Kales shall sell, assign or transfer ownership of the Project, Kales may assign this Lease or sublet all (but not less than all) of the Parking Spaces to an entity which has a substantial equity interest in the Project and, if in the future, the Project is converted into a condominium, then to a Michigan non-profit corporation designated to administer the condominium on behalf of the condominium co-owners (an "Assignee"). In no event may Kales charge or receive any consideration for such permitted assignment of this Lease. Except as provided in Section 8.4 of this Lease, Kales shall provide City forty-five (45) days prior written notice of such assignment, documentation reasonably satisfactory to City evidencing the sale, assignment, transfer or conveyance of the Kales Building; and evidence satisfactory to City of the legal existence of the Assignee and Assignee's financial ability to pay the rent and satisfy Kales's other obligations hereunder (in the case of a condominium association, financial ability will be conclusively demonstrated by the association's ability pursuant to its recorded Bylaws and the Michigan Condominium Act to levy assessments on the unit owners and the power to foreclose liens on the units for the owners' failure to pay levied assessments). No assignment shall be binding upon City unless the Assignee shall deliver to City an instrument containing an agreement of assumption of all of Kales's obligations under this Lease. Until such agreement of assumption is delivered to City, Kales shall remain fully responsible and liable for payment of Rent and the performance of all of Kales's other covenants under this Lease. Notwithstanding the foregoing, Kales shall be permitted, without prior notice and on a one time only basis, to assign this Lease to a master tenant which leases the entire Project from Kales for so long as the master tenant has a leasehold interest in the Project. Kales shall, however, remain fully responsible

and liable for the payment of Rent and the performance of all of Kales's other covenants and obligations under this Lease during the term of such master lease with such a master tenant and at all times thereafter except as otherwise provided in this Lease.

8.4. **Lender's Rights.** In addition to the transfer or assignment rights set forth above, it is acknowledged and agreed by the City that Kales or any owner in the Project will be pledging, assigning, and mortgaging all of its right, title and interest under this Agreement to various lenders in connection with the financing of the Project as a multifamily project or condominium project. Any lender or any owner in the Project foreclosing its mortgage as to the Project and/or any condominium unit or any receiver of the Project shall have all of the rights of Kales or any owner in the Project under this Agreement; provided however, that any lender who forecloses its mortgage and succeeds to the ownership interest of Kales or any owner in the Project under this Agreement shall assume all liability, obligation and responsibility for all of the covenants, obligations, terms and/or indemnifications of Kales or any owner in the Project arising prior to the ownership of a lender as to the ownership interest of Kales or any owner in the Project. The City also agrees to execute not more often than once each year such documents and estoppel certificates to acknowledge the terms of this Agreement and to certify whether or not Kales or any owner in the Project is in default under this Agreement. If the interest of Kales or any owner in the Project under this Agreement is terminated in bankruptcy or otherwise, the City agrees to extend the same rights under this Agreement to any lender of the Project on terms acceptable to the parties.

If there are multiple lenders as to the Project, it is acknowledged and agreed that the holders of any mortgage encumbering the Project shall exercise their rights under this Paragraph in the same priority as their mortgages. The City shall have no liability or responsibility to determine which lenders has the priority or right to exercise its rights under this Agreement.

#### 9. Notice

9.1. All bills, notices, statements, communications, or demands (collectively the "Notices") required under this Lease must be in writing. Any Notices from City to Kales will be deemed to have been duly and sufficiently given if a copy has been personally delivered, or mailed by United States mail, postage prepaid, or sent via courier service to Kales at the address set forth above or at such other address as Kales may designate in writing. Any

Notices from Kales to City will be deemed to have been duly and sufficiently given if delivered to City in the same manner as provided above at the City's Office or at such other address as City may designate in writing. Kales may request in writing that city provide additional notice to one or more lenders with a mortgagee's interest in the Project. Such additional notice (or the failure to give such additional notice) shall not extend any period for notice or cure set forth herein. Any Notices from City to Kales's lenders will be deemed to have been duly and sufficiently given if a copy has been personally delivered, or mailed by United States mail, postage prepaid, or sent via courier service to such lenders whose addresses are set forth below or at such other address as any such lender Kales may designate in writing:

### 10. **Breach, Re-Entry, Termination**

10.1. **Events of Default.** Each of the following shall be deemed an "Event of Default": (a) Kales's failure to make payment of Rent within fifteen (15) days after when due; or (b) Kales's failure to perform any of the covenants of this Lease; or (c) if Kales shall petition for relief under the bankruptcy laws, or shall make an assignment for the benefit of creditors, or if a receiver of any property of Kales be appointed in any action, suite or proceeding by or against Kales, or if Kales shall admit to any creditor or to City that it is insolvent, or if the interest of Kales in the Kales Building shall be sold under execution or other similar legal process except as permitted herein; or (d) if Kales shall be in default (after notice and cure, if any) under the Development Agreement.

10.2. **City's Rights Upon Kales's Default.** Upon the occurrence of an Event of Default, City shall notify Kales in writing of the default. Kales shall have forty-five (45) calendar days after the date of the notice sent by City (the "Cure Period") to cure the default. In the event Kales shall fail to cure the default within the Cure Period, City shall have the right to terminate the Lease and shall be entitled to possession of the Parking Spaces. City may make its election to terminate known to Kales by delivery of a notice of termination. Such termination shall be immediately effective and City shall be entitled to forthwith commence an action in summary proceedings to recover possession of the Parking Spaces. Except as expressly set forth herein, Kales waives all notice in connection with such termination, including by way of illustration but not limitation notice of intent to terminate, demand for possession or payment, and notice of re-entry. No receipt of money by the City from the Kales after termination of this Lease shall reinstate, continue or extend the term, nor affect or waive any notice given by the City to the Kales prior to such receipt of money. In addition to all other remedies available to City in law and in equity, City shall be entitled to receive from Kales, on demand, as liquidated damages, an amount equal to one hundred ninety (190) multiplied by the rate then in effect for monthly parking at the Garage, multiplied by the number of months remaining in the Lease Term.

10.3. **Lenders' Rights.** Notwithstanding the foregoing, the City will give notice of any Event of Default under this Agreement to any lender or mortgagee of the Project, including, without limitation, those lenders described in Section 9 of this Lease. Each lender shall receive notice. All lenders shall have a single 45 day cure period to cure any Event of Default, except that such cure period may be extended up to 90 days to effectuate such cure if within 30 days after notice a

lender commences to pursue diligently such cure as to a non-monetary Event of Default.

The City agrees to give such notices and opportunity to cure to each lender before the City will undertake any enforcement action under this Agreement. If is expressly acknowledged and agreed that the City shall have no responsibility in determining which lender has the right to cure if there are multiple lenders. If a lender is not referenced in Section 9 this Agreement, such lender must give prior written notice to the City of the lender's mortgage on the Project before the City will have any obligation to provide any notice to the lender. All notices shall be given in accordance with Section 9 of this Agreement.

10.4. **Partial Payment.** No payment by Kales or receipt by City of a lesser amount than the stipulated Rent shall be deemed to be other than on account of the earliest stipulated Rent, nor shall any endorsement or statement on any check or any letter accompanying any check or payment as rent be deemed an accord and satisfaction, and City shall accept such check or payment without prejudice to City's right to recover the balance of the amount due or pursue any other remedy.

10.5. **City's Damages.** If City, due to Kales's default pursuant to this Lease (after notice and cure, if any), shall at any time terminate this Lease, then, in addition to any other remedies it may have, it may recover from Kales all damages it may incur by reason of any default, including the cost of recovering the Parking Spaces and reasonable attorneys' fees, plus the estimated cost to City of removing any improvements or alterations made by Kales, all of which amounts shall be immediately due and payable from Kales to City. Any amounts due City hereunder shall bear interest at the highest rate allowable under applicable law from the date due City until paid in full. City will make reasonable efforts to mitigate its damages, to the extent required by applicable law. In addition to all other remedies available to City upon Kales's default under this Lease (after notice and cure, if any), in law and in equity, City shall be entitled to receive from Kales, on demand, as liquidated damages, an amount equal to one hundred ninety (190) multiplied by the rate then in effect for monthly parking at the Garage, multiplied by the number of months remaining in the Lease Term.

10.6. **Rights and Remedies Non-Cumulative.** The City's rights, remedies and benefits provided by this Lease shall be cumulative, and shall not be exclusive of any other rights, remedies and benefits allowed by law.

10.7. **No Waiver.** One or more waivers of any covenant of the Lease by either

party shall not be construed as a waiver of a subsequent breach of the same covenant and the consent or approval by City to or of any act by Kales requiring City's consent or approval shall not be deemed a waiver of City's consent or approval to or of any subsequent similar act by Kales. No breach of a covenant of this Lease shall be deemed to have been waived by City, unless such waiver (a) is in writing signed by City; (b) identifies the breach, and (c) expressly states that it is a waiver of the identified breach.

#### **11. Surrender of Parking Spaces**

**11.1. No Voluntary Surrender of Parking Spaces.** Kales shall not be entitled to surrender any Parking Spaces due to the condition of the Garage or otherwise unless such surrender is expressly agreed to in a writing signed by City or except as otherwise permitted herein.

**11.2. Upon Termination.** Upon termination of this Lease pursuant to the terms hereof, Kales shall surrender the Parking Spaces and deliver exclusive possession to City. Any damage to the Garage resulting from the removal of any improvements or alterations made by Kales shall be repaired at Kales's expense. All expenses incurred by City in connection with repairing or restoring the Garage, together with the costs, if any, of removing any property of Kales shall be invoiced to Kales and be immediately due and payable.

#### **12. Subordination**

**12.1.** This Lease is subject and subordinate to the lien of any mortgage or mortgages, and all renewals, modifications, consolidations, replacements and extensions of any mortgage or mortgages, now or hereafter placed upon City's interest in the Garage. This clause shall be self-operative and no further instrument of subordination is necessary. Despite the foregoing, Kales shall execute and deliver, within ten (10) days after requested, such further instrument or instruments confirming subordination as requested by City. If the City shall request Kales provide such document acknowledging subordination, then City, within sixty (60) days after receipt of the document requested of Kales, shall provide Kales with a non-disturbance agreement in form and substance satisfactory to City's Mortgagee.

#### **13. Holding Over**

**13.1.** If Kales remains in possession of the Parking Spaces after the Termination Date, it will be deemed to be occupying the Garage from month to month, subject to all the covenants of this Lease to the extent that they can be applied to a month-to-month tenancy; provided, however, that Rent will be equal to the greater of (a) the Rent then and thereafter in effect or (b) the rate then in effect and as thereafter established from time to time by the Detroit City Council or the Municipal Parking Department of the City of Detroit.

This covenant shall not preclude City from recovering reasonable damages (including attorney fees) as a result of Kales's failure to timely deliver possession of the Parking Spaces, nor establish any right or option of extension or renewal on behalf of Kales.

#### **14. Indemnification**

**14.1. Indemnification by Kales.** Kales shall, at its expense, indemnify and defend City, its licenses, servants, agents, employees and contractors, from any loss, damage, claim, liability or expense (including attorney fees) of any kind, type or description, including without limitation, claims for bodily injury, disease, death, property damage or environmental clean-up arising directly or indirectly out of or in connection with the use or misuse of the Garage and the Parking Spaces by Kales, the acts or omissions of Kales, its tenants, occupants, licenses, invitees and guests at the Project, servants, agents, employees or contractors, the failure of Kales to comply with any covenant of this Lease, or any other event in or relating to Kales's use or occupancy of the Parking Spaces except as otherwise expressly permitted by the terms of this Lease. Such indemnity shall not extend to any negligent acts or omissions of City.

**14.2. City Not Liable.** City shall not be liable to Kales for any acts or omissions of persons using or occupying the Garage, nor for any damage resulting from any accident or occurrence in the Garage, nor for loss or damage to any property by theft or otherwise, nor for any injury or damage to persons or property resulting from any cause of whatsoever nature.

#### **15. General**

**15.1.** This Lease shall not be binding on City unless and until (a) it has been approved by resolution of the Detroit City Council, and such resolution is signed by the Mayor of the City of Detroit and published in accordance with applicable law; (b) signed by the Director of the Detroit Municipal Parking Department; (c) approved by the City of Detroit Law Department; and (d) approved by the City of Detroit Finance Director pursuant to Section 18-5-12 of the Detroit City Code. The Lease can be modified or amended only by a written agreement signed by the City and Kales, and approved by the City Council to the extent required by applicable law.

**15.2.** Time is of the essence in this Lease with respect to the performance of all covenants.

**15.3.** There are no representations with respect to the condition of the Garage, rents, leases, or any other matter related to the Garage except as expressly set forth in this Lease, and no rights, easements or licenses are acquired by Kales by implication or otherwise.

15.4. The parties acknowledge and agree that neither this Lease nor any Memorandum of Lease, Affidavit of Interest, or other instrument to evidence the terms and conditions of this Agreement shall be recorded with the Wayne County Register of Deeds. This Agreement shall not create any third party beneficiaries except those parties and persons identified in this Agreement and permitted assignees.

15.5. All questions with respect to the construction of this Lease shall be determined in accord with the laws of the State of Michigan.

15.6. Reference in this Lease to persons, entities and items have been generalized. Therefore, reference to a single person, entity or item will also mean more than one person, entity or thing whenever such usage is appropriate (for example, "Kales" may include, if appropriate, a group of persons acting as a single entity, or as tenants-in-common). Similarly, pronouns of one gender should be considered interchangeable with pronouns of the other gender.

15.7. This Lease shall be binding on successors and assigns.

15.8. Kales, and each person executing this Lease on behalf of Kales, hereby warrant and represent to City that Kales is validly organized and existing and authorized to do business under the laws of the State of Michigan, that the Kales has full power and lawful authority to enter into this Lease, and that the execution of this Lease by such individual is legally binding upon the Kales in accordance with its terms.

15.9. If any covenant of this Lease shall be invalid, illegal or unenforceable, such covenant shall be enforced to the fullest extent permitted by applicable law, and the validity, legality and enforceability of the remaining covenants shall not in any way be affected or impaired. This Lease shall not be construed to favor City or Kales.

IN WITNESS WHEREOF, City and Kales have executed this Lease on the date written above.

Honorable City Council:

Re: Requesting Residential Alley Vacation and Conversion to Easement of Petition Nos. 837 (1994) and 1573 (2003).

The above-referenced petitions has been filed with the Detroit City Council by more than 2/3 (two-thirds) of the abutting property owners, as required by the Detroit City Code, Article VI, Section 50-6-1. In this instance, there is 100% property owner signature in support of this request

therefore, no public hearing is necessary. Our investigation of this petitions discloses the following:

- 1. That the alleys does not serve as the sole means of egress/ingress to any of the garages on the abutting properties.
- 2. The public utilities located in the alley can be properly served if these alleys are converted to an easement.
- 3. The alleys are not required for municipal services (trash collection).
- 4. No objection to this alley vacations have been received from Utilities or City Departments following notification of this request.

It is therefore the recommendation of the Planning and Development Department that these requests for alley closure be granted.

Re: Surplus Property Assignment, Assumption and Consent Agreement. Development: 3646 W. Warren.

On November 21, 2002 (Detroit Legal News, December 9, 2002) your Honorable Body authorized the sale of the above-captioned property to Willie Mae

Krause, for the purpose of constructing a paved surface parking lot.

Ms. Krause has informed the Planning and Development Department (P&DD) that due to circumstances beyond her control she is unable to complete this development and wishes to assign all her interest in this property to Duraid D. Honorable City Council:

Re: Correction of Sale Resolution West-side Industrial Rehabilitation Project No. 2. Development: Parcels A & B, bounded by Porter, Howard, 14th & Wabash.

On October 24, 2001, (Detroit Legal News, October 29, 2001, Page 8) your Honorable Body authorized the sale of the above-captioned property to Lutheran Brothers, a Michigan Corporation, for the amount of \$78,400. This development consisted of the construction of a new employee parking lot, landscaped area, a truck marshaling and a loading dock service area to accommodate the existing Lutheran Brothers warehouse facility.

The Developer now wishes to purchase only part of Parcels A and B for the proposed development. Accordingly, the size of the property should be adjusted from 78,362 square feet to 45,204 square feet and the sales price should be adjusted from \$78,400 to \$45,000.

We, therefore, request that your Honorable Body adopt the attached resolution and authorize an amendment to the sale resolution to reflect an adjustment in the size of the property from 78,362 square feet to 45,204 square feet and the sales price from \$78,400 to \$45,000.
