**Brownfield Redevelopment Authority**  
September 11, 2003

Honorable City Council:

Re: Jefferson North Park Residential Project Brownfield Plan.

The enclosed Brownfield Plan for the Jefferson North Park Residential Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on August 18, 2003 to solicit public comments. At its August 6, 2003 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On September 3, 2003, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

The Jefferson North Park residential project consists of the construction of over 120 new, single-family homes that will be built to compliment the existing homes in the area. The homes are expected to be in the size range of 1,200 to 1,400 square feet. Scattered throughout an area generally bounded by Charlevoix, St. Jean, Jefferson and Lemay, the homes will be constructed on city-owned lots. Wherever possible, two lots are being combined for each house however there are at least four lots on which "zero lot line" houses will be placed. It is anticipated that the homes will range in price from \$145,000 to \$175,000. The project has been designated as a Neighborhood Enterprise Zone. Total projected eligible investment is expected to be approximately \$15,000,000.

**Purpose of the Proposed Plan**

Upon approval of this proposed Plan by City Council, Jefferson North Park, LLC will be entitled under state law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in their project.

**Property Subject to the Proposed Plan**

The property is made of scattered lots in an area generally bounded to north by Charlevoix Street, to the east by St. Jean

Street, to the south by Jefferson Avenue and to the west by Lemay Street.

**Basis of Eligibility**

The property is considered to be "eligible property" as defined by Act 381 because it is located in a qualified government unit under the Brownfield Act, has previously been utilized for a residential purpose, is city-owned tax reverted property and is determined to be "Blighted" as defined by Act 381.

**Projected Costs**

The proposed plan anticipates the cost of the eligible activity for this project will be approximately \$400,000. The expense of these eligible activities is the responsibility of the Developer.

This proposed project has been presented to the City of Detroit's Planning and Development Department ("P&DD"). A letter of support for the project from P&DD is included in this packet.

**Public Comments Received**

The Committee's communication to the City Council and the Authority, dated August 6, 2003 (Exhibit C), recommending approval of the Plan, including the minutes of the Public Hearing held by the Authority on August 18, 2003 and the Committee's public meeting held August 6, 2003, are enclosed for City Council's consideration.

Two members of the public attended both representing the DECC Conner Creek Greenway Committee. There is one parcel they thought might impact the greenway. Further investigation after the public hearing showed it would not. There are also four parcels that are close to the greenway that they would like to work with the developer to minimize any greenway impact.

Also, a second community meeting was held with the developer, Warren/Conner Development Corporation and representatives of block clubs in the project area. Items of discussion included the new "Kaboom" community park, working with existing neighborhood residents and the establishment of continuing dialogue.

**Authority's Request**

The Authority is respectfully requesting the following actions from the City Council:

Honorable City Council:

Re: Public Hearing on Establishment of the Riverfront Neighborhood Enterprise Zone as Requested by Riverfront Associates, in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the Riverfront Neighborhood Enterprise Zone would be consistent with

the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map attached hereto. Riverfront Associates will renovate the existing apartment buildings within the proposed NEZ at a cost of \$15-20 million, converting 577 apartment units to condominiums.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities

By Council Member Bates:

Whereas, Pursuant to Public Act No. 147 of the Public Acts of 1992 ("the Act") this City Council has the authority to establish "Neighborhood Enterprise Zones (NEZs)" within the boundaries of the City of Detroit; and

Whereas, Riverfront Associates has requested establishment of the "Riverfront" NEZ whose boundaries are particularly described in Exhibit A (legal description) and illustrated in the map attached hereto; and

Whereas, The Act requires that, prior to establishing an NEZ, the City Council shall provide an opportunity for a Public Hearing on such establishment, at which Public Hearing representatives of any taxing authority levying *ad valorem* taxes within the City, or any other resident or taxpayer of the City of Detroit may appear and be heard on the matter;

Now Therefore Be It

Resolved, That on the 7th day of November, 2003 @ 11:30 a.m. in the City Council Committee Room, 13th floor, Coleman A. Young Municipal Center, a Public Hearing be held on the above described application for establishment of an NEZ within the boundaries described in Exhibit A (legal description) and illus-

trated in the map attached hereto; And Be It Finally

Resolved, That the City Clerk shall give notice of the Public Hearing to the general public and shall give written notice of the Public Hearing by certified mail to all the taxing authorities levying an *ad valorem* tax within the City of Detroit, such notices to be provided no earlier than September 24, 2003.

Honorable City Council:  
 Re: Correction of Land Sale Resolution. 64, 94, and 104 Watson, and 2959 John R — Brush Park District.

On March 26, 2003, (Detroit Legal News, March 31, 2003, Page 8), your

Honorable Body authorized the sale of the above captioned property to Carola L.L.C., for the amount of \$26,613. Carola Limited Partnership is currently rehabilitating a vacant multi-unit residential historic building at 78 Watson, which was acquired privately. 78 Watson will yield 18 new residential units for Brush Park. Carola Limited Partnership has also privately purchased two additional vacant historic multi-unit residential properties located at 112 Watson, and 2915 John R, of which rehabilitation will begin shortly.

Carola LP wishes to renovate the two

(2) vacant city owned historic structures located at 64 Watson and 2959 John R, into a total of 9 housing units. The vacant city owned lots located at 94 and 104 Watson will be utilized to accommodate off street parking requirements for the renovated historic structures. This development will bring a total of 38 hours units for Brush Park, and a total investment of 6 million dollars by Carola LP.

Upon further site investigations by Carola LP, the city property was found to contain extraordinary amounts of subsurface concrete, brick, and assorted garbage, possibly reminiscent of a prior demolition and illegal dumping on the now vacant site. The estimated amount to remove the debris is mutually determined to be in the amount of \$19,337.00. Accordingly the sales price should be adjusted from \$26,613 to \$6,876. The name of the entity purchasing the property has been revised from Carola L.L.C. to Carola Limited Partnership.

We therefore request that your Honorable Body adopt the attached resolution and authorize an amendment to the sales resolution to reflect an adjustment in the price of the property from \$26,613 to \$6,876, and change of name from Carola L.L.C. to Carola Limited Partnership, A Michigan Limited Partnership.

Respectfully submitted,

**RESOLUTION OPPOSING 15 NEW  
CHARTER SCHOOLS IN DETROIT**

By COUNCIL MEMBER WATSON:

WHEREAS, The proposal to create 15 new charter schools in the City of Detroit could have a disastrous impact on our public high schools, depriving them of desperately needed resources by taking dollars from existing schools; and

WHEREAS, This proposal would also lift the cap on charter schools from the current limit of 150. As many as 135 addi-

tion charters could be granted over a ten-year period, nearly doubling the number of charter schools; and

WHEREAS, The measure is deceptive and misleading in that it allows Detroiters to elect a school board without any real authority. The mayor will retain the power to veto the selection of the Detroit Public Schools Chief Executive; and

WHEREAS, According to a recent Brookings Institute study, charter schools are the lowest performing schools in Michigan; and

WHEREAS, The Michigan Auditor General has confirmed that the Department of Education is unable to perform their current oversight responsibilities; and

WHEREAS, Seventy percent of Michigan charters are run by private for-profit companies that are not accountable to the public and these schools spend \$1,000 more per pupil on administrative costs, meaning that these schools are spending \$1,000 less than the state grant per pupil on instruction than public schools; and

WHEREAS, The curriculums of these 15 new charter schools funded by businessman Bob Thompson, including one proposed "alternative school," which appears to be military in nature has raised concerns that students may be unfairly tracked.

THEREFORE BE IT RESOLVED, That the Detroit City Council oppose the creation of the 15 new charter schools and communicate that opposition to members of the State Legislature and to Governor Granholm.

### Taken From The Table

year election period for participation in the Plan to the twenty-four month period allowed by the Internal Revenue Service, etc., laid on the table April 17, 2003.

The ordinance was then placed on the order of third reading.

### THIRD READING OF ORDINANCE.

The title to the Ordinance was read a third time.

The ordinance was then read.

Council Member Bates then moved that the ordinance be amended by the following substitute ordinance:

### Law Department

July 25, 2003

Honorable City Council:

Re: Substitute Ordinance Amendment to Conform the 1998 Defined Contribution Plan of the General Retirement System to the Requirements of Section 414(h)(2) of the Internal Revenue Code and to Correct an Omission from Section 47-3-4(A) as enacted.

This proposed substitute amendment to the 1998 Defined Contribution Plan ("1998 Plan") ordinance will conform the 1998 Plan to the requirements of the Internal Revenue Code. In the private letter ruling, the Internal Revenue Service ("Service") has approved favorable income tax treatment for employee contributions made to the 1998 Plan. The Service's approval is contingent upon 1) the adoption of the proposed substitute amendment, which has already been approved by the Service; and 2) the adoption of a resolution regarding employee contributions to the Plan, which should be considered concurrently with the ordinance amendment.

Failure to approve the substitute amendment and resolution will result in after-tax, rather than pre-tax, treatment of employee contributions to the Plan.

This amendment also corrects an omission of language in Section 47-3-4(A) concerning payments by an employer in situations where the participant is not on duty disability but is receiving Workers' Compensation.

Section 11-104 of the 1997 Detroit City Charter requires an actuarial study only in the event of changes in "future retirement benefits." No study is required in this instance because the proposed substitute amendments will have no impact on such benefits. In order to secure prompt approval of the 1998 Defined Contribution Plan and begin its implementation, it is imperative that the substitute amendment be introduced and set for hearing at your earliest possible session.

If we may be of further assistance on this matter, please do not hesitate to contact us.

Respectfully submitted,  
BRENDA E. BRACEFUL  
Deputy Corporation Counsel

By Council Member Bates:

**Section 1.** Chapter 47, Article III, of the 1984 Detroit City Code be amended by amending Sections 47-3-3(A)(1), 47-3-3(B), 47-3-3(C)(1), 47-3-3(F)(1), 47-3-4(A), 47-3-5(A), and 47-3-5(B), to read as follows:

**Sec. 47-3-3. Participation.**

(a) *Election of the Plan. Current DGRS members.*

(1) Any member of the DGRS who is also a member of the Coverage Group and who continues to be a member of the Coverage Group may become a participant in the 1998 Defined Contribution Plan if such individual elects to transfer to the Trust of the Plan, both the Annuity Savings Fund balance and the actuarial present value of credited benefits of such individual under the 1973 Defined Benefit/Defined Contribution (Annuity) Plan. Such irrevocable election must be made within ~~ten years~~ twenty-four months of the implementation date of the 1998 Defined Contribution Plan. ~~The Annuity Savings Fund balance and the actuarial present value of credited benefits of an individual under the 1973 Defined Benefit/Defined Contribution Plan who elects to make a transfer to this Plan shall become a participant in this Plan be transferred to this Plan on a date which~~

shall in no event be later than one hundred and twenty days after receipt of the individual's written election by the Board; provided, however, that such individual shall become a participant in this Plan as soon as administratively feasible following receipt of the individual's written election by the Board.

(2) The actuarial present value of credited benefits shall be calculated based upon the interest and mortality assumptions utilized at the date of such transfer upon the advice of the System's Actuary for purposes of determining the employer's annual contribution to the 1973 Defined Benefit/Defined Contribution Plan. The actuarial present value of the participant's credited benefits under the 1973 Defined Benefit/Defined Contribution Plan shall be transferred to the participant's Employer Contribution Account under this Plan and the participant's Annuity Savings Fund balance under the 1973 Defined Benefit/Defined Contribution Plan shall be transferred to the participant's Annuity Savings Account under this Plan. (2) ~~The transfer back to the 1973 Defined Benefit/Defined Contribution Plan shall be based upon the present value of the participant's credited benefits under the 1973 Defined Benefit/Defined Contribution Plan at the time of the retransfer, taking into account additional benefit accruals attributable to the period during which the participant participated in the 1998 Defined Contribution Plan ("Retrotransfer Amount"). For these purposes, the actuarial present value of credited benefits shall be calculated based upon the interest and mortality assumptions utilized at the date of such retransfer upon the advice of the System's Actuary for purposes of determining the employer's~~

annual contribution to the ~~1973 Defined Benefit/Defined Contribution Plan.~~

(3) A portion or all of the participant's ~~Employer Contribution Account, the participant's Employee Contribution Account and the participant's Annuity Savings Account~~ under this Plan shall be transferred to the ~~Pension Accumulation Fund~~ under the ~~1973 Defined Benefit/Defined Contribution Plan~~ (first, from the ~~Employer Contribution Account~~, second, from the ~~Employee Contribution Account~~ and, finally, from the ~~Annuity Savings Account~~) in an amount equal to the participant's retransfer amount. If, at the time of the retransfer, the combined value of the participant's ~~Employer Contribution Account, Employee Contribution Account and Annuity Savings Account~~ is greater than the retransfer amount, then such excess shall be added to the participant's ~~Annuity Savings Fund~~ balance under the ~~1973 Defined Benefit/Defined Contribution Plan~~. If the combined value of the participant's ~~Employer Contribution Account, the participant's Employee Contribution Account and the participant's Annuity Savings Account~~ at the time of the retransfer is less than the participant's retransfer amount, then such shortfall shall be paid, with interest, to the plan on an after tax basis by the participant no later than ninety days following the retransfer. After any such retransfer to the ~~1973 Defined Benefit/Defined Contribution Plan~~, the participant's accounts/benefits shall be subject to the vesting schedules set forth in Section 47-2-4 of the ~~1973 Defined Benefit/Defined Contribution Plan~~. The participant's ~~Rollover Account, if any, shall remain in the 1998 Defined Contribution Plan.~~

Any person who separated from City service with vested Article II pension rights on or after July 1, 1998, but prior to the implementation of the Plan, may become a participant in this Plan if such individual elects to transfer to the Trust of this Plan, both the *Annuity Savings Fund* Balance on the date of transfer, and the actuarial present value of the *1973 Defined Benefit Plan* credited benefits as of the date of the member's transfer to this Plan, as if such individual were a member of the Coverage Group under (A) above. A total of 50 units will be rehabilitated at these locations.

In order to make the development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

At least twenty percent (20%) or 11 of the units must be occupied by households having incomes of no greater than 50% of the median income, adjusted for family size. The remaining eighty percent (80%) or 39 units must be occupied by households with incomes that do not exceed 60% of the area median income, adjusted for family size. These income restrictions will be in effect for the longer of the period the Affordable Housing Restrictions apply or the time required under the Low Income Tax Credit Program.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge; the lesser of the tax on the property for the year before rehabilitation commenced or 10% of the annual shelter rents obtained from the project.

September 22, 2003

Honorable City Council:

Re: Request of MLS Signs to erect a business sign for Sweet Lorraine's Café at 333 E. Jefferson in a PCA (Restricted Central Business District) zoning district (Recommend Approval).

MLS Signs is requesting approval to erect a business sign for Sweet Lorraine's Café at 333 E. Jefferson (The Millender Center). This property is located in a PCA (Restricted Central Business District) zoning district. PCA zoning districts are located in close proximity to the Public Center District and the controls of the PCA district are designed to prevent uses and structures from having a deleterious effect on the public center of the city. Section

113.0200 of the Zoning Ordinance requires City Council approval of the location and design of any sign proposed in a PCA district after receiving a report and recommendation from the City Planning Commission.

The proposed sign would be placed on the E. Jefferson side of the building on the second column from the east (Brush St.) end of the building. The sign is to be identical to the one at the restaurant's Southfield location. The sign would be 22 feet tall and 5 feet wide, consisting of an 8 foot tall by 5 foot wide projecting sign with 14 foot tall decorative element above (illustration is on file in the City Clerk's Office). The sign would be made of aluminum and plastic. Only the bottom portion would be internally illuminated and it would contain the wording "Sweet Lorraine's Café". The background color of the sign would be green with white lettering and a multi-colored graphic.

City Planning Commission staff has reviewed the proposal and illustrations related to the proposed sign and find them appropriate for the PCA district. We further find that the location and design of the proposed sign would be consistent with the spirit, purpose and intent of the PCA district. We therefore recommend approval of the location and design of the sign and submit the attached resolution for your consideration.

Respectfully submitted,  
MARCUS D. LOPER  
Deputy Director

By Council Member K. Cockrel, Jr.:

Whereas, MLS Signs has requested to erect a business sign for Sweet Lorraine's Café at 333 E. Jefferson on the second column from Brush St. facing E. Jefferson; and

Whereas, The property at 333 E. Jefferson is located in a PCA (Restricted Central Business District) zoning district classification, and, therefore, requires City Council approval of the location and design of any proposed sign in accordance with the provisions of Section 113.0200 of the Zoning Ordinance; and

Whereas, The City Planning Commission staff has reviewed the location and design of the proposed sign and finds that they are consistent with the spirit, purpose and intent of the district as indicated in the foregoing communication;

Now, Therefore Be It Resolved, That the Detroit City Council hereby approves the location and design of the proposed sign as described in the foregoing communication from the City Planning Commission staff and as presented in the plans drawn by MLS Signs received by the City Planning Commission office on September 4, 2003 on file in the City Clerk's office.

Honorable City Council:  
Re: Proposed resolution relative to Section 108 Loans.

During the Committee of the Whole meeting on Friday, September 12, 2003, the Research and Analysis Division was requested to submit a revision of the resolution relative to Section 108 Loans. Attached, please find a copy of the original RAD report, a copy of the original resolution (black line deletions and additions) along with a new proposed resolution for your consideration.

If you or your staffs have additional questions, please do not hesitate to contact either Kerry Baitinger or myself at 224-4946.

Respectfully submitted,  
DAVID WHITAKER  
Interim Director

By Council Member Collins:

Whereas, The Section 108 Loan Guarantee Program is an extension of the City's Community Development Block Grant Program (CDBG) administered by the Department of Housing and Urban Development (HUD); and

Whereas, Overall Section 108 projects must fulfill at least one of HUD's national objectives to: (1) provide benefits to low and moderate income persons, (2) aid in the prevention or elimination of slums or blight, or (3) meet urgent community needs; and

Whereas, Specifically the Section 108 Loans provide a source of funding for community development projects, including economic development activity, which usually involve the expansion, retention, or creation of for-profit businesses; and

Whereas, The Section 108 Loans have fixed interest rates that are usually slightly below market rates, have flexible repayment schedules, are guaranteed by HUD, and, in return, the City pledges its future CDBG toward repayment; and

Whereas, Section 108 loans today are often used to cover financing gaps or to help leverage private investment and other sources such as Historic Tax Credits, Brownfield Tax Credits, and Obsolete Property Certificates; and

Whereas, Detroit-based developers have been disproportionately under-represented in the application and granting of Section 108 loans in the City of Detroit; and

Whereas, The Section 108 Loan program is an equal opportunity tool that is available for all Detroit-based developers, including those from racial and underrep-

resented ethnic groups and women, who have asserted that there is little access to information about the availability of Section 108 loans as a development tool in the City of Detroit;

Now Therefore Be It Resolved, That the Detroit City Council supports using 108 loans to foster economic development, particularly neighborhood community based development projects, that are owned and operated by Detroiters, and employ its citizens, especially youth, in meaningful, productive, and creative enterprises:

And Be It Finally Resolved, That the Detroit City Council will support, and encourages the Administration to host a series of community based meetings to highlight all of the various economic development tools and resources available for development projects in the City of Detroit; to this end the City Council, and Administration should be inviting representatives of the Planning & Development Department, the Detroit Economic Growth Corporation, the Empowerment Zone Development Corporation, Detroit Renaissance and the Michigan Economic Development Corporation, or its successor entity to participate.

Honorable City Council:

Re: Establishment of an Obsolete Property Rehabilitation District at 1555 E.

Jefferson (the former Riverside Ford site) under Public Act 146 of 2000.

Representatives of the Planning & Development and Finance Departments have reviewed a request by SRM Associates, L.L.C. that an Obsolete Property Rehabilitation District be established at 1555 E. Jefferson under Public Act 146 of 2000. Based on such review and based on discussions with representatives of SRM Associates, we find that the project to be carried out meets the criteria for tax abatement as set forth in Public Act 146 of 2000.

SRM Associates is closely related to Bob Maxey Lincoln-Mercury, which has dealerships in Detroit and Roseville. SRM Associates proposed to rehabilitate the above referenced site at an estimated cost of \$2 million, in order to meet Ford Motor Company's sales and service standards for a reopening of a dealership.

Because SRM Associates currently has only a letter of intent to purchase the site, rather than title to the site, the firm is unqualified to petition for establishment of the P.A. 146 District, and we therefore recommend that your Honorable Body establish the District on your own initiative in accordance with 3(2) of P.A. 146. Such establishment will materially assist SRM Associates in its discussions with Ford Motor Company and with potential lenders, thus allowing the development process to proceed even while SRM does not have title.

The Act requires that, prior to your Honorable Body's passage of a resolution establishing an Obsolete Property Rehabilitation District, a Public Hearing must first be conducted. We ask that you establish a date and time for the Public Hearing in accordance with the attached resolution and legal description, in order that establishment of the District may be considered.

shall provide an opportunity for a Public Hearing on establishment of the District, at which Public Hearing representatives of any taxing authority levying ad valorem taxes within the City, or any owner of real property within the proposed District, or any other resident or taxpayer of the City of Detroit may appear and be heard on the matter; and

**STATEMENT BY COUNCIL MEMBER  
SHEILA M. COCKREL IN OPPOSITION  
TO THE RESOLUTION "TO SUPPORT  
THE REINTRODUCTION OF THE 'ANTI-  
PREDATORY-LENDING' ORDINANCE  
PASSED BY THE DETROIT CITY  
COUNCIL DECEMBER 2002"**

I voted no on the resolution to support the reintroduction of the Anti-Predatory Lending Ordinance because I believe this very important issue deserves time for all Council Members to perform their due diligence prior to voting.

On January 17, 2003, the Research and Analysis Division submitted a Privileged and Confidential memorandum that raised numerous concerns that should have been fully examined prior to the approval of this resolution.

This oversight is a further example that important policy resolutions need to be brought to the Council table prior to voting in order to permit all Council Members adequate time to review the policy issues raised in each resolution.

**RESOLUTION SUPPORTING  
ELEONORE HUTZEL RECOVERY  
CENTER**

By COUNCIL MEMBERS MCPHAIL,

WHEREAS, Unique to Eleonore Hutzel Recovery Center is that it is the only treatment center in Detroit and its suburbs that

service pregnant opiate addicted women, and has paved the way for thousands of babies to be born drug free and healthy; and

WHEREAS, The Council is also alarmed by assertions of continuous threats of harassment, termination and layoffs thereby terrorizing staff members who might care to speak out about their concerns. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby stands firm and resolute in its unconditional support for Eleonore Hutzel Recovery Center. We strongly urge that the release of the City of Detroit's \$3,000,000.00 contribution by the Governor be delayed until we receive written assurances that all Receiving Hospital, Hutzel Hospital and University Health Center services, including but not limited to Eleonore Hutzel Recovery Center, will be maintained. ty within the City of Detroit designated by Law to receive such notice all proper and timely notifications relative to real property and legal liability issues which catalyze legal notification from entities such as the Wayne County Treasurer, State, Federal and other such officials who may route aforesaid notices to the City of Detroit.

Nays — Council Members S. Cockrel, Everett — 2.

**STATEMENT BY COUNCIL MEMBER  
SHEILA M. COCKREL IN OPPOSITION  
TO THE RESOLUTION ON "EARLY  
WARNING SYSTEM"**

I voted no on the resolution requesting "That the Detroit City Council receive due and timely notice of all legal notices of legal liability, revenue issues, etc., that the Council is accountable for" because I am deeply concerned of the potential for increased legal exposure for the City and Council under the language of this resolution.

Additionally, multiple versions of this resolution were distributed to Council Members on the day of the formal vote further removing the opportunity for Council Members to perform the appropriate due diligence to this policy matter.

Lastly, it is an example of a craven disregard for the legal implications of this resolution by ignoring the request of the new Interim Director of the Research and Analysis Division to review the resolution prior to Council's vote. By choosing to ignore this request, this resolution was approved in a hasty manner with blatant disregard to the policy and legal implications.

It is for these reasons I voted no on the "Early Warning System" resolution.

**RESOLUTION  
TO MAKE SUPERMARKETS  
SHOPPING CORRALS ACCESSIBLE  
TO CITIZENS WITH HANDICAPS**

By COUNCIL MEMBER WATSON:

WHEREAS, Shopping cart corrals in some city supermarkets are without access for individuals with handicaps and elderly citizens, creating ongoing accessibility hardship for them to shop and freely move about, and

WHEREAS, The shopping cart corrals make it difficult to guarantee safety of goods for individuals who have to leave their purchases within the corrals while retrieving their cars, THEN, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby requests the Building and Safety Engineering Department review, on a case-by-case basis, supermarkets

with shopping cart corrals with respect to State Act 230 of 1972, in order to determine if violations of the barrier-free design requirements exist, and, if so, require that they be met, AND BE IT FURTHER

RESOLVED, That based on the success of the Paralyzed Veterans of America (PVA) in negotiating with business owners to dismantle the security bollards in some supermarkets in Detroit and adjacent communities, the City Council consider requesting the PVA to mediate with owners of other supermarkets with shopping cart enclosures, AND BE IT FURTHER

RESOLVED, That the City Council Request the CCSD to publicize ADA provisions through major news media, public access cable T.V. and other community service announcements, AND BE IT FURTHER

RESOLVED, That the City Council consider amending the Building Code to further ensure the persons with handicaps have access to public accommodations, following a public hearing and certification by the Attorney General as prescribed by ADA Part III.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., Collins, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 7.

Nays — Council Members S. Cockrel, Everett — 2.

**STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL ON RESOLUTION "TO MAKE SUPERMARKETS SHOPPING CORRALS ACCESSIBLE TO CITIZENS WITH HANDICAPS"**

I voted no on the above resolution for the express reason that I had not been given the adequate time to review this proposed resolution prior to Council's formal vote. Council Members should have been granted the courtesy and respect to review the proposed resolution in accordance with the legal opinions from both the Research and Analysis Division and the Law Department. Policy resolutions should not be walked-on the day of formal session, in essence removing all opportunity for other members to perform due diligence while determining the impact of the change in policy.

### Invocation

Greetings:

To everyone present today, I am a Christian, and I cannot approach God the Father, except through His designated Advocate, The Lord Jesus Christ. The Holy Bible states that "No one comes to the Father except through me." And it is with this Open Door that we will approach the throne of grace.

"BOW YOUR HEADS"

Our heavenly Father, holy and righteous is your Name. We anxiously await the coming of your kingdom on earth and the establishment of your will throughout the world, especially here in the City of Detroit at this City Council meeting. We ask your blessings upon the members of the City Council as we endeavor to meet the challengers before us. We pray that you will equip us with the understanding, the wisdom, and the fortitude to meet and overcome these issues in righteousness, reminding ourselves that we can disagree without being disagreeable.

Father, it seems that the general focus in our country and in our cities is to preserve the rights and privileges and economic standing of the so-called "working-middle-class". But Father, grant us with enough mercy in our hearts to help lift the poor out of poverty, to help straighten the feet of the downtrodden, and to reestablish the faith of the disenfranchised.

We pray for your guidance and leadership as we seek economic recovery for our city, equal education and opportunity for all of our citizens. We pray that the parents, and educators, and religious leaders, and community and civic leaders will stand up and step forwards to guarantee all of our children life, liberty, and the pursuit of happiness.

We pray for President Bush and the leaders of the world governments. We

pray especially for Mayor Kwame Kilpatrick as he leads the city with the help of the City Council of the City of Detroit.

Sincerely and In His Service

JOHNNY THOMAS, SR.

**City of Detroit  
Brownfield Redevelopment Authority**  
October 2, 2003

Honorable City Council:  
Re: East Village Project Brownfield Plan.  
The enclosed Brownfield Plan for the East Village Project (the "Plan") (Exhibit

A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on September 15, 2003 to solicit public comments. At its September 15, 2003 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On September 17, 2003, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

The East Village project entails the construction of twenty-three (23) new houses and the rehabilitation of one vacant house. The new construction houses will be market-rate for sale units. The rehabilitated houses will be targeted for low to moderate-income buyers. Please note that while only one vacant house is included in this plan, the developer has acquired 4 other houses that will be rehabilitated. The project area is a multiple block scattered parcel site along Leach, Hosmer, Agnes and Fisher Streets just north of Jefferson Avenue. The developer is Jefferson Avenue Housing Development Corporation ("JAHDC"), a 501c(3) non-profit housing development corporation associated with the Jefferson Avenue Presbyterian Church. Total projected expenditures related to this project are expected to be approximately \$4,950,000.

**Purpose of the Proposed Plan**

The proposed Plan is intended to accomplish two purposes. First, upon approval of this Plan by City Council, Jefferson Avenue Housing Development Corporation ("JAHDC") will be entitled under state law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in the project. Second, the Detroit Brownfield Redevelopment Authority will be authorized to capture tax increment revenues produced from the development of properties subject to this Plan to offset the

cost to JAHDC for environmental, infrastructure and site preparation work performed on the property subject to the Plan.

**Property Subject to the Proposed Plan**

The project is located in an area generally bounded Jefferson Avenue to the south, Agnes to the north, Crane to the east and Burns to the west.

**Basis of Eligibility**

The property is considered to "eligible property" as defined by Act 381 because it is located in a qualified government unit under the Brownfield Act, has previously been utilized for a residential purpose and is determined to be "Blighted" as defined by Act 381.

**Projected Costs**

The proposed plan anticipates the cost of the eligible activities from which taxes may be captured to be \$296,741, a maximum estimate of \$224,432 for DBRA administrative reimbursement and an estimate of up to \$153,832 in interest expenses. The current estimates are that taxes will be captured through tax levies through 2016, not including five years of tax capture for the Local Site Remediation Revolving Fund (LSRRF). The plan projects that approximately \$681,858 will be placed into this fund by 2021. Please note Table 1 shows captured property taxes in excess of the annual reimbursement. The DBRA will use these taxes to shorten the time within which the reimbursement is scheduled to take place.

This proposed plan has been presented to the Planning and Development Department for review. A letter of support for the project from P&DD is included in this packet. The proposed tax capture plan has been presented to the Chief Financial Officer of the City.

**Public Comments Received**

The Committee's communication to the City Council and the Authority, dated September 15, 2003 (Exhibit C), recommending approval of the Plan, including the minutes of the Public Hearing held by the Authority on September 15, 2003 and the Committee's public meeting held September 15, 2003, are enclosed for City Council's consideration.

**Authority's Request**

The Authority is respectfully requesting the following actions from the City Council:

a) **October 6, 2003**

Line item on City Council's Calendar indicating the Authority's request that the City Council adopts a resolution setting a Public Hearing for November 12, 2003 concerning the Plan for the East Village Project.

b) **October 8, 2003**

Honorable City Council:  
Re: 1322 Broadway Project Brownfield Plan.

The enclosed Brownfield Plan for the 1322 Broadway Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on September 15, 2003 to solicit public comments. At its August 20, 2003 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On September 17, 2003, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

The project involves the rehabilitation of this approximately 10,000 square foot, circa 1922 office building. The property is three floors although only the second floor

is currently used, with the third floor in very dilapidated conditions. The plan includes completely reconfiguring the building, particularly around the main internal staircase, and constructing a fourth floor. In its new configuration, the building would offer a new first floor lobby entrance for the second floor main tenant, two small office suites on the first floor, office space for the main tenant on the second floor and a total of four (4) residential units on the 3rd and 4th floors. Total project expenditures related to this project area expected to be approximately \$2,000,000.

**Purpose of the Proposed Plan**

Upon approval of this Plan by City Council, 1322 Broadway Development Company will be entitled under state law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in their project.

**Property Subject to the Proposed Plan**

The property is in an area bounded to the north by Grand River, to the east by Centre, to the south by Gratiot and to the west by Broadway Road.

**Basis of Eligibility**

The property is considered to be "eligible property" as defined by Act 381 because it is located in a qualified government unit under the Brownfield Act, has previously been utilized for a commercial purpose and is determined to be "Functionally Obsolete" as defined by Act 381.

**Projected Costs**

The proposed plan anticipates the cost of the eligible activity for this project will be approximately \$131,000. The expense of these eligible activities is the responsibility of the Developer.

This proposed project has been presented to the City of Detroit's Planning and Development Department ("P&DD"). A letter of support for the project from P&DD is included in this packet. The proposed project has also been presented to the City of Detroit's Assessor Office. An affidavit that the property qualifies as "Functionally Obsolete" is included in this packet.

**Public Comments Received**

The Committee's communication to the City Council and the Authority, dated August 20, 2003 (Exhibit C), recommending approval of the Plan, including the minutes of the Public Hearing held by the Authority on September 15, 2003 and the Committee's public meeting held August 20, 2003, are enclosed for City Council's consideration.

**Authority's Request**

The Authority is respectfully requesting the following actions from the City Council:

a) **October 6, 2003**

Re: Bellemere Apartments Project Brownfield Plan.

The enclosed Brownfield Plan for the Bellemere Apartments Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on September 15, 2003 to solicit public comments. At its August 20, 2003 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On September 17, 2003, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

The project involves five (5) separate residential properties located at 14824, 14850, 14880, 14950, and 14972 Greenfield Road, on the northwest side of Detroit. The properties in question are all functionally obsolete and/or blighted, one of which had been previously condemned by the City of Detroit. The three partially occupied buildings are in a decrepit, run-down state, and the residents of these

buildings will be relocated into the first renovated apartments. HDC Construction intends to rehabilitate these five (5) parcels into eighty-eight (88) one bedroom, 600 sq. ft. apartments (contained within four brick-veneer, two-story, garden-style apartment buildings) and one free standing three (3) bedroom house, which will be used as a community space for the apartment dwellers. This will be a senior housing living center. The community space will be designed to meet ADA guidelines and will offer a warming kitchen with dining area, a community multi-purpose room, a computer lab, a barrier-free restroom, and an office for visiting healthcare providers. After completion of the renovation, twenty-one (21) of the units will be made available to households earning 60% or less of the area median income (AMI), forty (40) units will be made available to households earning 50% or less of the state-wide median income (SMI), and twenty-two (22) ground floor units will be set aside for persons whose income is at 30% or less of the SMI and who have qualifying special needs. The special needs units will be barrier free and be available to those who have documented long-term disorders and care needs requiring support or assistance to maintain their ability to live independently. Total projected expenditures related to this project are expected to be approximately \$9,550,000.

**Purpose of the Proposed Plan**

Upon approval of this Plan by City Council, HDC Construction will be entitled under state law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in their project.

**Property Subject to the Proposed Plan**

The property is in an area bounded to the north by Chalfonte Street, to the east by Prest, to the south by Eaton and to the west by Greenfield Road.

**Basis of Eligibility**

The property is considered to "eligible property" as defined by Act 381 because it is located in a qualified government unit under the Brownfield Act, has previously been utilized for a residential purpose and is determined to be "Blighted" and "Functionally Obsolete" as defined by Act 381.

**Projected Costs**

The proposed plan anticipates the cost of the eligible activity for this project will be approximately \$1,550,000. The expense of these eligible activities is the responsibility of the Developer.

This proposed project has been presented to the City of Detroit's Planning and Development Department ("P&DD"). A letter of support for the project from

P&DD is included in this packet. The proposed project has also been presented to the City of Detroit's Assessor Office. An affidavit that the property qualifies as "Functionally Obsolete" is included in this packet.

Re: Request to amend the 2002-2003 Official Compensation Schedule to establish a new salary range for Industrial Waste Control Manager classification.

Recommendation is submitted to amend the 2003-2004 Official Compensation Schedule by approving following recommendation:

**Current Proposed  
Range Range**

Industrial Waste

Control Manager	\$64,700-	\$64,000-
(17-10-62)	\$72,400	\$89,600

On February 26, 2003, your Honorable Body approved new pay ranges for several managerial and supervisory classifications in the Water and Sewerage Department. This recommendation was inadvertently omitted from that request.

The subject classification is responsible for management of the Industrial Waste Control Division (IWC). IWC ensures the Department's on-going compliance with federal, state and local industrial waste regulations. In addition, it is the chief enforcement agency of industrial waste for Southeast Michigan, regulating the industrial cleanup and inventorying of the waste of over 1,000 companies.

The Water and Sewerage Department concurs with this recommendation and requests approval of the compensation rates.

**RESOLUTION REGARDING DETROIT HOSPITAL BEDS**

By COUNCIL PRESIDENT MAHAFFEY:

WHEREAS, The State Certification of Need Commission is charged with the responsibility of determining the number of licensed hospital beds to be approved, the physical relocation of hospital beds from one licensed site to another location, replacing beds in a hospital, acquiring a hospital or the beginning of a new hospital, and

WHEREAS, There is a proposal that Detroit hospital beds be moved to the suburbs, thus taking jobs out of Detroit and hurting the DMC because it will create competition in an area that has been served only by Huron Valley’s Sinai Hospital and will hurt the DMC financially, and

WHEREAS, Detroit is losing primary care doctors and lack enough federally qualified health care clinics for the underserved and uninsured, and

WHEREAS, We must retain our Detroit Doctors; forty-three percent of the insured population in Detroit leaves the city for health care following their doctors. More suburban beds will mean a bigger drain of Detroit doctors. NOW, THEREFORE, BE IT

RESOLVED, That the Detroit City Council opposes special exemptions from the State Certificate of Need Commission for Detroit hospitals to build new hospitals in the suburbs. The State should be providing incentives for Detroit doctors to remain and for Detroit hospitals to maintain and improve their services in Detroit. We thank the majority of the State Certification of Need Commission for rejecting these exceptions, AND BE IT FURTHER

RESOLVED, That this resolution be sent to the Governor, the State Certificate of Need Commission and the Detroit Legislative Delegation.

### Invocation

First giving honor to my Lord and Savior Jesus Christ.

I would like to take this opportunity to thank the President and the Council men and women for asking me to be a part of your agenda.

I bring you greeting from my home church, Mt. Zion Missionary Baptist, Rev. S. L. Jones is my Pastor.

If, I must give you an outline of what I would say in my prayer to my Heavenly Father, that would be hard to do.

What I usually do is approach the Throne of Grace, and then I would, let the Holy Spirit take over from that point. When I am tangled up with His Amazing Grace the expression of joy and tears of how good He's been in my life fills the room. I may even do some (holy steps) if you don't watch me.

I would ask the Lord to grant peace to our nation, pray for the President of the United States, keep our Mayor in His care, touch this Council in a special manner, put His arms around my family, Pastor and Church Family, I would thank Him for waking us up this morning, and I would close by saying these and many other blessings I ask in Jesus Name Amen.

Honorable City Council:

Re: Stacy Moreland v George Williams and Yolanda Hayes. Case No.: 03-300689 CZ, File No.: A25000.000168 (JLA).

On October 7, 2003, a case evaluation panel evaluated the above-captioned lawsuit and awarded Two Thousand Seven Hundred Fifty Dollars (\$2,750.00) in favor of Plaintiff. The parties have until November 4, 2003, to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the case evaluation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Two Thousand Seven Hundred Fifty Dollars (\$2,750.00) payable to Stacy Moreland, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 03-300689 CZ, approved by the Law Department.

Resolved, that in the event Plaintiff accepts the case evaluation, that such acceptance is deemed a settlement, and that the Finance Director be and is hereby authorized and directed to draw a warrant upon the proper account in favor of Stacy Moreland, in the amount of Two Thousand Seven Hundred Fifty Dollars (\$2,750.00) in full payment of any and all claims which Stacy Moreland may have against the City of Detroit by reason of alleged property damage sustained on or about January 19, 2001, when eleven dogs owned by Stacy Moreland were taken from 192 Worcester and subsequently destroyed, and that said amount be paid upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 03-300689 CZ, approved by the Law Department.

 Re: Atlas-Filmore Lumber Company, d/b/a/Filmore Construction Company, a Michigan corporation vs. City of Detroit. Wayne County Circuit Court Case No.: 00-008540 CZ. File No.: A27000.7623 (EBG).

On March 13, 2002, your Honorable Body authorized the Law Department to enter into an arbitration agreement with Plaintiff whereby the City would pay up to \$600,000.00 to Plaintiff Atlas-Filmore Lumber Company and its attorneys. The parties have agreed upon a proposed settlement and no longer wish to proceed to arbitration.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of Four Hundred Fifty Thousand Dollars and No Cents (\$450,000.00) is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to rescind the original resolution, to adopt the amended resolution submitted herewith authorizing the settlement of this matter in the amount of Four Hundred Fifty Thousand Dollars and No Cents (\$450,000.00), and that your Honorable Body direct the Finance Director to issue a draft in that amount payable to Elias & Elias, P.C., attorneys, and Atlas-Filmore Lumber Company, to be delivered upon receipt of properly executed Release in this matter, approved by the Law Department.

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on September 19, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of September 16, 2003.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow

occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

**DIVISION OF RESEARCH & ANALYSIS**

Honorable City Council:  
Re: Supplemental report regarding the Detroit Medical Center and the Detroit Receiving Hospital and University Health Center.

The Research and Analysis Division (RAD) requested that the Detroit Medical Center respond to City Council's record subpoena and produce the outstanding documents on or before October 22, 2003. Should DMC fail to comply with the request, the attached Resolution authorizes RAD to seek judicial enforcement.

Respectfully submitted,  
DAVID WHITAKER  
Interim Director

By All Council Members:  
Whereas, When it was reported in May, 2003, that the Detroit Medical Center (DMC) would, within 30 to 60 days, eliminate 300 beds and up to 1,000 jobs, City Council stood at the forefront of the issue and passed two Emergency Ordinances

that required the DMC to maintain and operate DRHUHC as required by state law and as required by previous agreements between the City of Detroit (City) and DMC; and

Whereas, In accordance with Sections 4-109 and 4-110 of the City Charter, City Council caused to be served record subpoenas on the DMC and DRHUHC, and convened a legislative hearing for the purpose of investigating the DMC's plans to reduce and eliminate services at DRHUHC in violation of the agreements between the City and DMC; and

Whereas, DMC responded to City Council's record subpoena and produced a number of documents on June 23, 2003 and July 11, 2003; and

Whereas, City Council's actions triggered a collaborative statewide effort to provide emergency funding to keep DRHUHC and Hutzel Hospital open; and

Whereas, On July 21, 2003, State of Michigan Governor Jennifer M. Granholm, Wayne County Executive Robert A. Ficano, and City of Detroit Mayor Kwame M. Kilpatrick, responded to the crisis by signing an agreement entitled, Temporary Oversight and Corporate Responsibility Memorandum of Understanding (Memorandum), which provides a short-term health care safety net until May 31, 2004.

Whereas, In keeping with its legislative role and responsibilities, City Council was asked to authorize the contribution of not more than Three Million Dollars (\$3,000,000.00) for the purpose of meeting operating and budget shortfalls of DRHUHC and Hutzel Hospital; and

Whereas, On August 1, 2003, City Council passed a resolution authorizing the contribution of not more than \$3,000,000.00 by the City to the DMC for the financial stabilization of DRHUHC and Hutzel Hospital, with the understanding that the County of Wayne would contribute \$4,000,000.00 in unmatched funds, and the State of Michigan would contribute \$15,000,000.00 in restricted unmatched funds, and any additional available matching federal funds; and

Whereas, Since passage of the resolution authorizing funding, City Council has continued to monitor the stabilization process to ensure that a long term solution is achieved so that much needed health and medical services will be available to the citizens of Detroit; and

Whereas, City Council has also reviewed numerous records and requested the DMC produce the outstanding documents; and

Whereas, To date, DMC has failed to produce all of the documents in response to City Council's record subpoena. Now, Therefore, Be It

Resolved, That the Detroit City Council hereby authorizes the attorneys of the

Research and Analysis Division to seek judicial enforcement of the record subpoenas issued to the Detroit Medical Center and Detroit Receiving Hospital and University Health Center.

On April 9, 2003, your Honorable Body authorized the sale of the above captioned property to Playground Enterprises, Inc., a Limited Liability Company, for the purpose of constructing a paved surface parking lot to be used in conjunction with their adjacent business.

 CENTER CONTRACT NUMBER

I voted yes on this contract because there are no specific concerns that I have found that related to performance under this contract. However, many concerns have been brought to my attention regarding the operations at Cobo Center. It is essential that we maintain an efficient and desirable environment to compete effectively with other world-class venues. I intend over the next year to examine the situation at Cobo Center very carefully and propose any changes that I feel may be necessary to improve the operations at the center.

Honorable City Council:  
 Re: Address: 15422 Mendota. Name: Meena Patel. Date ordered removed: May 22, 2002 (J.C.C. pp. 1432-1433).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on September 24, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of September 8, 2003.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

Re: Address: 6449 Trumbull. Name: Bertha Gresham. Date ordered removed: July 9, 2003 (J.C.C. p. ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on October 8,

2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of June 30, 2003.

The proposed use of the property is rehabilitation and rental.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

The owner has paid the current taxes due as of August 31, 2003.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

**Human Resources Department  
Labor Relations Division**

October 6, 2003

Honorable City Council:

The Labor Relations Division is submitting the enclosed proposed Resolution which will authorize Putnam Investments, presented by Joseph B. Samples, III, of Genesis Financial Partners, to offer City employees a *529 College Savings Plan* which will be entirely voluntary and paid for through payroll deductions.

Also enclosed is the tentative Agreement reached between Putnam Investments and the Labor Relations Division which states that the City of Detroit shall not bear any cost for agreements reached between Putnam Investments and the individual employees who agree to participate in this college savings plan. The said Agreement also includes Putnam Investments' agreement that it will hold harmless the City from any damages or other financial loss associated with the plan.

Further enclosed are four (4) Putnam Investment documents and writings which provide a more detailed description of the program. At an all-labor-organizations-invited meeting held on September 23, 2003, these documents and a fuller explanation of the program was made to those present. Questions raised by the labor organizations were answered, and at the conclusion no labor organization expressed any objection to their members being entitled to voluntarily agree to sign-up for the plan and to pay for it through payroll deductions. Several organizations expressed a strong desire to see the program offered.

The Labor Relations Division requests that your Honorable Body approve the Resolutions and the Agreement with Putnam Investments. In anticipation of approval, and so as to prevent them from losing needed employee solicitation time, this Office has allowed Putnam to participate in the current October 1, 2003, through November 14, 2003, open enrollment for employee supplemental benefits, but with the understanding that their right to actually consummate any agreements reached with employees for payroll deductions is entirely dependent upon your Honorable Body's approval of the Resolution and the Agreement.

Respectfully submitted,

ROGER N. CHEEK

Labor Relations Division

By Council Member Watson:

Whereas, The City of Detroit is estab-

lishing a new fully-employee-paid college savings plan program (a "529 College Saving Plan") for children, grandchildren and other designated eligible persons of City of Detroit employees; and

Whereas, No City funds will be expended in connection with this new Plan; and

Whereas, The program funds will come out of the employee's paychecks after taxes and will go to Putnam Investments by wire transfer; the employees' deductions will include the minor amount of administrative cost that arises with making each deduction; and

Whereas, The program would be offered to City employees, during the open-enrollment for "supplemental" benefits which runs October 1st to November 14, 2003, provided that any employees who are members of a labor organization that prohibits its members from participating in the plan are excluded from this offering; and

Whereas, Putnam Investments has entered into an agreement with the City of Detroit, Labor Relations Division, on October 1, 2003, which holds the City financially harmless from the operation of the said 529 College Savings Plan;

Now, Therefore, Be It Hereby

Resolved, A new fully-employee-paid college savings plan program (a "529 College Saving Plan") is established for children and grandchildren of City of Detroit employees, or other persons which may be similarly designated; and Be It Further

Resolved, That the October 1, 2003, agreement between Putnam Investments and the Labor Relations Division is hereby approved by the City Council, and Be It Further

Resolved, That the Finance Director is hereby authorized to establish accounts and honor invoices submitted in accordance with the purposes of this resolution; and Be It Finally

Resolved, That funds relating to administrative costs for the Plan will be deposited into Finance Department appropriation (23-00245) to be solely utilized for that purpose.

**AGREEMENT**

**Between**

**THE CITY OF DETROIT**

**And**

**GENESIS FINANCIAL PARTNERS AND  
PUTNAM INVESTMENTS**

Whereas, The City of Detroit agrees to permit Putnam Investments to offer to City employees a *529 College Savings Plan* whereby the employee may voluntarily agree to an amount of benefits which shall be fully paid by the employee through deductions taken from his or her wages prior to receipt of same, and

Whereas, Putnam Investments agrees that the plan shall operate entirely on the basis of amounts paid by the employees

who freely choose to join and the City of Detroit shall not be required to pay any City funds toward this Plan and shall be indemnified by Putnam Investments and held harmless from any financial liabilities that may arise on account of any and all matters associated with the 529 College Savings Plan referenced herein; and

Whereas, The parties want to further provide for the rules of administration and other rights of each party which will govern this voluntary 529 College Savings Plan offering to City of Detroit employees,

Now Therefore The Parties Agree As Follows:

A. Employees are free to enroll or not enroll in the 529 College Savings Plan offered by Putnam Investments, provided that any employees who are members of a labor organization that prohibits its members from participating in the Plan are excluded from this offering. The employee's decision to enroll or not enroll is an entirely personal one and the City of Detroit makes no recommendation one way or the other and bears no responsibility for the operation or outcome of the Plan, whether favorable or unfavorable.

B. Each employee and Putnam Investments hereby authorizes the City to rely upon the payroll deduction authorization form executed by the employee. The City agrees to deduct from the wages of the employee, the amount specified by the employee as provided for in a written authorization executed by the employee. The City shall have the authority to approve the form of the written authorization document. No purported deduction authorization not complying with the form approved by the City shall entitle any party to have a payroll deduction taken or paid to Putnam Investments. The written authorization shall remain in full force and effect unless revoked by written notice. Employees may terminate their enrollment in the plan at any time. The revocation notice must be given to the Finance Department.

C. Joseph B. Samples, III of Genesis Financial Partners shall be charged a thirty cents (\$.30) administration fee for each deduction the City performed on each employee paycheck. This amount is subject to change by the City.

D. Putnam Investments shall have no right or interest whatsoever in any money authorized withheld until such money is actually paid over to Putnam Investments. The City or any of its officers and employees shall not be liable for any delay in carrying out such deductions, and upon forwarding a check in payment of such deductions by mail to Putnam Investments or forwarding the deducted funds by wire transfer, the City and its officers and employees shall be released from all liability to the employee-assignors, and to the Association under such assignments.

E. Putnam Investments shall refund to employees any amounts erroneously deducted by the City and paid to Putnam Investments. The City may offset any amount erroneously or improperly deducted and paid to Putnam Investments from any subsequent remittance to Putnam Investments.

F. The employee and Putnam Investments agree, both individually and severally, as the case may be, to save and hold harmless the City from any damages or other financial loss which the City may be required to pay or suffer as a consequence of enforcing the above provisions. Agreed to this 1st day of October, 2003.

Whereas, Pursuant to Section 22 of Michigan Public Act No. 334 of 1993, effective December 31, 1993, it is necessary that the City and the Applicant enter into a "written agreement" prior to approval and issuance of an IFEC by the Michigan State Tax Commission; and

Whereas, To encourage approval of an IFEC and in recognition of the investments the City will make toward the economic growth of the Applicant, which in turn will benefit the City, the Applicant agrees as follows:

#### **1. General.**

a. The Applicant will complete the real and personal property improvements set forth in the Application.

b. The Applicant will be required to create twelve (12) new full time employees at the Facility within two years of the Approval Date.

c. The Applicant will retain:

#### **2. Annual Affirmative Action Report by the Applicant.**

On or before June 13, 2004 and each year thereafter, throughout the term of the IFEC, the Applicant shall submit to the Human Rights Department of the City of Detroit a current Contract Compliance Report (Form EEO-1); and 2) a current Employer Information Report (Form EEO-2). If requested in writing by the Human Rights Department of the City, the Applicant shall also submit to the Human Rights Department of the City an Affirmative Action Plan, which sets forth the future affirmative action goals of the Applicant at the Facility, and the means by which the Applicant intends to effectuate those goals. The provisions of the Affirmative Action Plan must be approved

by the Director of the City Human Rights Department.

### **3. Annual Status Report by the Applicant.**

On or before February 1, 2004, and each year thereafter, throughout the term of the IFEC, the Applicant shall submit to the Planning and Development Department of the City a certified status report ("Status Report") signed by an authorized officer of the Applicant. For purposes of this agreement, the average full-time employees shall be computed as the average of the number of full-time employees at the Facility on March 31st, June 30th, September 30th, and December 31st of the calendar year preceding the date of the Status Report. ### **4. Review and Audit of Applicant Employment Information.**

The Applicant agrees to provide the City with sufficient information, and the City may review and audit the information provided by the applicant, in order to determine compliance with this agreement. In the event the Applicant fails to provide the City with any information required to be provided to the City under this Section, the Applicant agrees to reimburse the City for all costs, including attorney's fees, incurred by the City to verify the information that was withheld.

### **5. Revocation or Reduction of Term of IFEC for Affirmative Action or Facility Cost Shortfalls, or Non-Compliance with Prevailing Wage Requirements.**

### **6. Payment of Abated Taxes for Shortfall of Employment.**

If the average number of new and retained full-time employees at the facility during the calendar year preceding the date of the Status Report is less than the number of new and retained employees set forth in Section 1 above, the Applicant agrees to pay the City, in addition to the Industrial Facility Tax due under the IFEC on the Facility, an amount equal to the difference between the amount of ad valorem tax otherwise due on the Facility without the IFEC, and the amount of Industrial Facility Tax due on the Facility under the IFEC, for the calendar year preceding the Status Report, multiplied by a fraction, the numerator of which is the shortfall in the number of new and retained full-time employees indicated in the Status Report, and the denominator of which is the total number of new and retained full-time employees set forth in Section 1 above. Prior to taking any action to require the Applicant to pay any amount to the City pursuant to this Section, the City must afford the Applicant an opportunity to present at a public hearing reasons for any shortfall by the Applicant in its compliance with this agreement.

### **7. Reimbursement of City Costs upon Discontinuance of Operations.**

a. To enable the Applicant to make the improvements or to install the equipment, machinery, furniture and fixtures as set forth in the amended Application, or to enable the Applicant to operate the Facility, the City may incur costs for site acquisition, infrastructure improvements, or for other related purposes, as may be agreed to in writing between the City and the Applicant. If during the term of the IFEC the Applicant shall discontinue operations at the Facility, the applicant agrees to reimburse the City for any such agreed upon costs incurred by the City.

b. The Applicant agrees that if during the term of the IFEC it shall decide to discontinue operations at the Facility, the Applicant shall send written notification to the Director of the City Planning and

Development Department within thirty (30) days of such decision. The Applicant further agrees that, within thirty (30) days of the actual discontinuance of operations, the Applicant shall send written notification of the actual termination to the Director of the City Planning and Development Department.

The Applicant acknowledges receipt of a copy of the Detroit Living Wage Ordinance ("Ordinance") which copy is attached as Exhibit "D" and made a part hereof, and the Applicant affirms that it will comply with this Ordinance in all respects unless specifically exempted by the language of the Ordinance. In the event the Applicant violates the Ordinance, the Applicant shall pay to each employee affected the amount of the deficiency for each day the violation continues. Willful or repeated violation of the Ordinance shall constitute a material breach of this agreement and will entitle the City to revoke, or seek revocation, of the Certificate. Willful violation of the Ordinance will result in a penalty paid to the City in the amount of \$50.00 per violation for each day the violation continues. In the event the Applicant is assessed the \$50.00 penalty based on more than three (3) incidents within a two (2) year period, the Applicant shall be barred from entering into any contracts with the City for a period of ten (10) years from the last violation.

**9. Prevailing Wage Requirements.**

The Applicant agrees that Detroit Ordinance ch 18, art 5 div 4 is made applicable to this Agreement by section 18-5-65 thereof and agrees that wage and fringe benefit rates paid to each class of building trades workers performing construction work for which an Industrial Facilities Exemption Certificate is requested shall not be less than the rate prevailing in the City. See Exhibit E for a copy of the applicable Ordinance and the rates.

**10. Reservation of Remedies.**

The City and the Applicant agree that each of the rights and remedies provided by this Agreement may be exercised separately or cumulatively, and shall not be exclusive of any other rights and remedies provided by law. Invalidation of any of the provisions contained in this Agreement by operation of law, judgement, court order, or otherwise shall not invalidate any of the other provisions of this Agreement.

**11. Effective Date.**

This Agreement shall become effective upon issuance by the Michigan State Tax Commission of an IFEC covering the facility, and shall be null and void of no force or effect whatsoever unless the Michigan State Tax Commission issues an IFEC to the Applicant covering the Facility. This

Agreement shall terminate thirty (30) days after the due date of the Status Report required by Section 3 above pertaining to the final year the IFEC is in force, or thirty (30) days after the actual filing of said Status Report, whichever is later.

**12. Headings.**

The headings contained in this Agreement are for descriptive purposes only, and do not alter or govern the substantive content of the provisions of this agreement.

In the event the Applicant fails to provide the City with any information required to be provided to the City under this Section, the Applicant agrees to reimburse the City for all costs, including attorney's fees, incurred by the City to verify the information that was withheld.

**5. Revocation or Reduction of Term of IFEC for Affirmative Action or Facility Cost Shortfalls, or Non-Compliance with Prevailing Wage Requirements.**

The City may, in its sole discretion, request that the Michigan State Tax Commission reduce the remaining term of the IFEC or revoke the IFEC if: 1) the Applicant fails to provide the City with the information or Affirmative Action Plan required to be provided to the City under Section 2 above; 2) the affirmative action accomplishments at the Facility are less than those to which the Applicant committed itself in the most recent affirmative action plan approved by the City Human Rights Department, due to the failure of the Applicant to use its best efforts to effectuate the Affirmative Action Plan; or 3) if the Facility cost is substantially less than that to which the Applicant committed itself in the Application; or 4) the Applicant failed to pay the prevailing wages for construction work on the project for which it is seeking an Industrial Facilities Exemption Certificate. Prior to taking any action to request reduction of the term of the IFEC or revocation of the IFEC, the City must afford the Applicant an opportunity to present at a public hearing reasons for any shortfall by the applicant in its compliance with this Agreement.

**6. Payment of Abated Taxes for Shortfall of Employment.**

If the average number of new and retained full-time employees at the facility during the calendar year preceding the date of the Status Report is less than the number of new and retained employees set forth in Section 1 above, the Applicant agrees to pay the City, in addition to the Industrial Facility Tax due under the IFEC on the Facility, an amount equal to the difference between the amount of ad valorem tax otherwise due on the Facility without the IFEC, and the amount of Industrial Facility Tax due on the Facility under the IFEC, for the calendar year preceding the Status Report, multiplied by a fraction, the numerator of which is the shortfall in the number of new and retained full-time employees indicated in the Status Report, and the denominator of which is the total number of new and retained full-time employees set forth in Section 1 above. Prior to taking any action to require the Applicant to pay any amount to the City pursuant to this Section, the City must afford the Applicant an opportunity to present at a public hearing reasons for any shortfall by the Applicant in its compliance with this agreement.

**7. Discontinuance of Operations.**

The Applicant agrees that if during the term of the IFEC it shall decide to discontinue operations at the Facility, the Applicant shall send written notification to the Director of the City Planning and Development Department within thirty (30) days of such decision. The Applicant further agrees that, within thirty (30) days of the actual discontinuance of operations, the Applicant shall send written notification of the actual termination to the Director of the City Planning and Development Department.

**8. Living Wage Ordinance.**

The Applicant acknowledges receipt of a copy of the Detroit Living Wage Ordinance ("Ordinance") which copy is attached as Exhibit "D" and made a part hereof, and the Applicant affirms that it will comply with this Ordinance in all respects unless specifically exempted by the language of the Ordinance. In the event the Applicant violates the Ordinance, the Applicant shall pay to each employee affected the amount of the deficiency for each day the violation continues. Willful or repeated violation of the Ordinance shall constitute a material breach of this agreement and will entitle the City to revoke, or seek revocation, of the Certificate. Willful violation of the Ordinance will result in a penalty paid to the City in the amount of \$50.00 per violation for each day the violation continues. In the event the Applicant is assessed the \$50.00 penalty based on more than three (3) incidents within a two (2) year period,

the Applicant shall be barred from entering into any contracts with the City for a period of ten (10) years from the last violation.

**9. Prevailing Wage Requirements.**

The Applicant agrees that Detroit Ordinance ch 18, art 5 div 4 is made applicable to this Agreement by section 18-5-65 thereof and agrees that wage and fringe benefit rates paid to each class of building trades workers performing construction work for which an Industrial Facilities Exemption Certificate is requested shall not be less than the rate prevailing in the City. See Exhibit E for a copy of the applicable Ordinance and the rates.

**10. Reservation of Remedies.**

The City and the Applicant agree that each of the rights and remedies provided by this Agreement may be exercised separately or cumulatively, and shall not be exclusive of any other rights and remedies provided by law. Invalidation of any of the provisions contained in this Agreement by operation of law, judgment, court order, or otherwise shall not invalidate any of the other provisions of this Agreement.

**11. Effective Date.**

This Agreement shall become effective upon issuance by the Michigan State Tax Commission of an IFEC covering the facility, and shall be null and void of no force or effect whatsoever unless the Michigan State Tax Commission issues an IFEC to the Applicant covering the Facility. This Agreement shall terminate thirty (30) days after the due date of the Status Report required by Section 3 above pertaining to the final year the IFEC is in force, or thirty (30) days after the actual filing of said Status Report, whichever is later.

**12. Headings.**

The headings contained in this Agreement are for descriptive purposes only, and do not alter or govern the substantive content of the provisions of this agreement.

IN WITNESS WHEREOF, the City and the Applicant, by and through their authorized officers and representatives, have executed this agreement as of the date first above written.

**RESOLUTION  
IN SUPPORT OF COMMITTEE**

**STANDING COMMITTEE STRUCTURE**  
By COUNCIL MEMBER K. COCKREL, JR.  
WHEREAS, Sec. 4-106 of the 1997 City of Detroit Charter mandates the creation and implementation of a standing committee structure, and  
WHEREAS, Said Charter and its provi-

sions were adopted overwhelmingly by the citizens of the City of Detroit, and

WHEREAS, A majority of the Detroit City Council in February, 2002 voted to adopt the Committee of the Whole Dominant Structure; and

WHEREAS, Council has since reconfigured its meeting schedule to meet as a Committee of the Whole four days a week with rotating committee meetings each Tuesday; and

WHEREAS, The system of having two committees meet on alternate Tuesdays doesn't allow for consistent, timely follow-up on issues; and

WHEREAS, Because this structure relies heavily on the Committee of the Whole for conducting Council business, Council Members generally haven't referred items to committee often resulting in empty committee agendas; and

WHEREAS, This structure hasn't eliminated the long-standing problem of lengthy City Council meetings due to over-scheduling of discussions, presentations, line items, and public hearings; and

NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby moves to replace the Committee of the Whole Dominant Structure and devise a Standing Committee Structure to become effective January 12, 2004, AND BE IT FURTHER

RESOLVED, That this Standing Committee Structure will closely mirror the original Standing Committee Structure plan that was advanced in January 2002; AND BE IT FINALLY

RESOLVED, That the Detroit City Council will immediately undertake a review of the Council Rules and Order of Business in order to make them consistent with the impending Standing Committee Structure.

STATEMENT BY PRESIDENT PRO TEM  
KENNETH COCKREL, JR.  
IN OPPOSITION TO RESOLUTION IN  
SUPPORT OF COMMITTEE STANDING  
COMMITTEE STRUCTURE

On Wednesday, October 22, 2003, I voted no on the resolution in support of replacing our current Committee of the Whole Structure to a Standing Committee Structure.

While understanding that the specifics of the process in which the standing committees will operate still need to be finalized, I have strong concerns relating to the operation of the committees based on my review of the proposal.

It has been proposed that each standing committee would be composed of

three members and that only those members would be entitled to vote within the committee, as provided for by the 1997 Detroit City Charter. However, by the terms of the proposal, if a matter remains in a committee, the committee is not obligated to report on it to the Committee of the Whole until the 180th day. Additionally, the matter would not automatically revert to the Committee of the Whole until potentially one year later.

There is potential for abuse of a standing committee system, in that a matter could be held by two members of a committee, thereby effectively, removing that matter from the scrutiny of the other members of the Council.

I favor a Committee of the Whole structure because all nine members of the Council can actively participate in the governmental process. By dividing the work of the government into small isolated pockets, there exists too much potential for corruption and abuse, and not enough opportunity for proper oversight and evaluation.

For these reasons, I voted no.

**RESOLUTION  
IN SUPPORT OF A GOVERNOR-  
APPOINTED HEALTH CARE  
COMMISSION**

By COUNCIL MEMBER K. COCKREL, JR.:

WHEREAS, Detroit is home to at least 180,000 people who do not have health insurance,

WHEREAS, Detroit is also home to a large number of Medicaid recipients. Over half of our citizens are either uninsured or on Medicaid. Medicaid funding problem affects Detroit more than the rest of this state, and

WHEREAS, Because of this large number of uninsured people, over 50% of Detroit's population has been declared "medically needy" by the federal government; the city has lost 20 primary care clinics and 4 hospitals in five years. Meanwhile, hospitals are building in the suburbs, and primary health care providers are moving out, and

WHEREAS, Demographers across the nation have declared the City of Detroit the most racially segregated in the nation. As a result, the uninsured and Medicaid recipient population is overwhelmingly African-American. The loss of health care facilities along with underfunding of Medicaid has had a disparate impact on Detroit's citizens, and

WHEREAS, The health care statistics of Detroit reflect these facts. Because of the neglect of the City's health care delivery system by the State and Federal governments, people are actually getting more ill, and in some cases dying, and

WHEREAS, Though the promise of the

new Health Care Authority and the hope for new Federally Qualified Health Centers brings hope, lack of adequate health insurance for all citizens remains a critical problem, and

WHEREAS, The Detroit City Council also believes that there is enough money in the health care system to provide adequate health insurance for every Michigan resident. However, because of costs, administrative and other, and because of the manner in which the health care delivery system is funded, the money is ineffectively and unwisely spent, and

**NOW THEREFORE BE IT**

**RESOLVED**, The Detroit City Council calls on Governor Jennifer Granholm to establish a commission to study the financing of health care in Michigan and to make recommendations to change financing so that all people in Michigan shall have health insurance in a system which is affordable; cost efficient; provides comprehensive benefits; promotes prevention and early intervention; eliminates disparities in access and in mental health care; provides continuity of care (is portable from one job to another) and, is easy to use.

**AND BE IT FURTHER**

**RESOLVED**, That the Detroit City Council considers this matter a top priority and that the City Clerk forward a copy of this resolution to Governor Granholm.

Adopted as follows:

Yeas — Council Members K. Cockrel, Jr., Collins, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 6.

Nays — Council Members Bates, S. Cockrel, Everett — 3.

**A RESOLUTION APPOINTING POLICE & FIRE PENSION BOARD MEMBER**

By COUNCIL PRESIDENT MAHAFFEY:

**RESOLVED**, That the Detroit City Council does hereby designate the Honorable Sharon McPhail to be the City Council's representative to the Police and Fire Retirement Board beginning January 1, 2004 through December 31, 2005.

Adopted as follows:

Yeas — Council Members K. Cockrel, Jr., Collins, McPhail, Watson, and President Mahaffey — 5.

Nays — Council Members Bates, S. Cockrel, Everett, and Tinsley-Talabi — 4.

**STATEMENT BY SHEILA M. COCKREL  
IN OPPOSITION TO APPOINTMENTS  
TO THE POLICE AND FIRE PENSION  
BOARD AND THE  
GENERAL PENSION BOARD**

On Wednesday, October 22, 2003, I voted no on the resolutions relative to appointments to the Police and Fire Pension Board and General Pension Board for three reasons.

Firstly, the resolutions were added to the agenda of the Regular Session of the

Detroit City Council on October 22, 2003 without any opportunity for investigation, evaluation or discussion. Accordingly, no opportunity was given to make an informed decision, so I could not support such resolutions.

Secondly, past practice has been to make appointments for one (1) year periods. However, without any discussion, these appointments were made for two (2) year periods.

Lastly, Councilwoman Alberta Tinsley-Talabi was previously appointed to the Fire and Police Pension Board. To my knowledge and understanding, she has done excellent work in that capacity. As such, it is inexplicable to me, as to why she would not be reappointed to that position. Not having had an opportunity to investigate the matter, I could not support these resolutions.

For these reasons, I voted no.

**STATEMENT REGARDING THE  
REMOVAL OF COUNCILWOMAN  
ALBERTA-TINSLEY TALABI FROM THE  
POLICE AND FIRE PENSION BOARD  
By COUNCIL MEMBER BATES:**

I voted NO to the appointment of Ms. Sharon McPhail to the Police and Fire Pension Board because I was satisfied with the job our current representative Council Member Tinsley-Talabi was doing for us. I will not participate in helping to fulfill any of my colleagues' personal desires that do not help in moving the City forward. This is nothing more than a continued attempt by a group of Council Members to place their agenda ahead of the agenda of the City of Detroit.

**A RESOLUTION APPOINTING  
GENERAL PENSION BOARD  
MEMBER**

By COUNCIL PRESIDENT MAHAFFEY:  
RESOLVED, That the Detroit City Council does hereby designate the Honorable Kenneth V. Cockrel, Jr. to continue as the City Council's representative to the General Employees Retirement Board beginning January 1, 2004 through December 31, 2005.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., Collins, McPhail, Watson, and President Mahaffey — 6.

Nays — Council Members S. Cockrel, Everett, and Tinsley-Talabi — 3.

**A RESOLUTION AUTHORIZING THE  
HIRING OF OUTSIDE COUNSEL TO  
CHALLENGE THE PROCESS AND  
ENACTMENT OF SENATE BILL 393  
CREATING URBAN ACADEMIES IN  
THE CITY OF DETROIT.**

By COUNCIL MEMBER MCPHAIL:

WHEREAS, Michigan Public Act 10 of 1999, MCLA 380.371, et seq., enacted on

March 26, 1999 authorized the removal of Detroit's elected school board and replaced it with a Mayor-appointed reform board, and

WHEREAS, On July 1, 2000, the reform board appointed a chief executive officer who alone, by way of Public Act 10, possesses the powers, rights and duties conferred by law upon the former elected school board, as well as those of the school district secretary and treasurer, and

WHEREAS, Michigan Public Act 10, may be unconstitutional as it may violate the City of Detroit Home Rule Charter and the Michigan and Federal Constitutions, and

WHEREAS, On August 13, 2003, the Michigan State Senate adopted Bill 393 authorizing Robert Thompson to construct and operate up to 15 Urban Academies, exclusively within the City of Detroit and repealed certain Reform School Board provisions in Public Act 10 of 1999 by authorizing an election in the City of Detroit for the purpose of electing School Board Members, and

STATEMENT BY SHEILA M. COCKREL IN OPPOSITION TO A RESOLUTION AUTHORIZING THE HIRING OF OUTSIDE COUNSEL TO CHALLENGE THE PROCESS AND ENACTMENT OF SENATE BILL 393 CREATING URBAN ACADEMIES IN THE CITY OF DETROIT

On Wednesday, October 22, 2003, I voted no on the resolution authorizing the hiring of outside counsel to challenge the process and enactment of Senate Bill 393 (SB393). I wish to clarify that my vote is not meant to support SB393. I voted no for the reason that I am not convinced that City Council has the authority to pass such a resolution.

Section 4-121 of the 1997 Detroit City Charter provides that the City Council "May obtain the opinion or advice of an outside attorney **in any matter pending before it:** and that "such attorney **shall not represent the city as a municipal corporation in any legal proceeding.**" (Emphasis added).

I have grave doubts as to whether SB393 is "a matter pending before" the Council. If SB393 is not a matter pending before the Council, and it is my position that it is not, then the Council has no authority to pass a resolution to obtain outside counsel on that matter.

Additionally, the language of the resolution calls for the retention of outside counsel to "research and investigate the actions of the Michigan Legislature to determine a legal basis to bring suit against the State of Michigan..." Taken in conjunction with the title of the resolution, which is to "challenge the process and

enactment of Senate Bill 393," it is wholly unclear as to whether this resolution is intended to authorize outside counsel to actually bring suit against the State of Michigan. If that is the case, then this resolution directly contravenes the Charter prohibition on outside attorneys retained by City Council representing the City in any legal proceeding.

The problems inherent in the resolution are not mere legal technicalities. These problems go to the heart of the inter-relationship between the legislative and executive branches and each one's duties and authority granted by Charter. For these reasons, I voted no.

Present — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 8.

There being a quorum present, the Council was declared to be in session.

The Council then recessed, to reconvene to the Call of the Chair.

### Taken from the Table

Council Member Bates moved to take from the table an ordinance to amend Chapter 47, Article III, of the 1984 Detroit City Code, titled 1998 Defined Contribution Plan, by amending Sections 47-3-3(A)(1) and 47-3-3(B) to reduce the ten year election period for participation in the Plan to the twenty-four month period allowed by the Internal Revenue Service, etc., laid on the table October 1, 2003, which motion prevailed.

The Ordinance was then placed on the order of third reading.

### THIRD READING OF ORDINANCE.

The title to the Ordinance was read a third time.

The Ordinance was then read.

The question being "Shall this Ordinance Now Pass?"

The Ordinance was passed, a majority of the Council Members present voting therefore as follows:

Not adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., and Tinsley-Talabi — 4.

Nays — Council Members Collins, McPhail, Watson, and President Mahaffey — 4.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF A SUBSTITUTE ORDINANCE AMENDMENT TO CONFORM THE 1998 DEFINED CONTRIBUTION PLAN

OF THE GENERAL RETIREMENT SYSTEM TO THE REQUIREMENTS OF SECTION 414(h)(2) OF THE INTERNAL REVENUE CODE AND TO CORRECT AN OMISSION FROM SECTION 47-3-4(A) AS ENACTED

I voted today in support of the ordinance amendment referenced above. It needs to be made clear that the ordinance amendment voted on today, was necessary in order to bring the 1998 Defined Contribution Plan (Plan) into conformance with Internal Revenue Service (IRS) regulations in order to provide for tax-deferral status of contributions made under the Plan. In other words, the Plan was already in place. The only purpose of the amendment, was to make it such that any contribution made to the Plan by employees in the Plan, would enjoy tax-deferred status. However, this amendment was not passed today. The unfortunate result is that any contribution made by an employee will be taxed and thus, many employees considering the Plan will not enjoy the benefit of having larger returns on their investments.

Beyond this issue, I hereby go on the record to say that I strongly oppose any repeal of the ordinance establishing the Plan as it would have far-reaching consequences, including enormous liability and potential loss to the City.

For these reasons, I voted in support of the amendment.

**STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF RESOLUTION URGING THE CONSUMER AFFAIRS DEPARTMENT TO ENFORCE THE PROVISIONS OF THE 1984 DETROIT CITY CODE SECTION 39-2-33 AS WRITTEN**

I voted today in support of the resolution referenced above. The ordinance is clear on providing five applicable parking rates. However, the Consumer Affairs Department interpreted language in the ordinance to allow for "venue" rates.

In my opinion, the language of the ordinance is clear in prohibiting any other rates than those delineated. The resolution seemed reasonable in urging the Consumer Affairs Department to reevaluate its position and to give fair notice to all parking lot owners. Accordingly, I voted in favor of the resolution.

However, representations had been made by the Consumer Affairs Department to various parking lot owners that the venue rates they had been charging were lawful. Accordingly, there are concerns that improperly handling this situation could result in liability for the City based on detrimental reliance.

At the same time, it also bears mentioning, that in consideration of the fact that no ordinance is perfect, I will continue my efforts to explore possibilities for amending the ordinance in order to make it more clear, and to further protect the people.

For these reasons, I voted in support of the resolution.

**RESOLUTION**

By COUNCIL MEMBERS S. COCKREL and McPHAIL, Joined By ALL COUNCIL MEMBERS:

WHEREAS, In April, 2003 a HUD monitoring report identified major concerns with regard to how the City expends HUD funding including whether the funding has impact in terms of increasing the quality of life for City residents; whether the City complies with federal statutes and regulations; the general administration of HUD

funding; and the manner in which funding decisions are made, which tends to result in a large number of funded groups that receive insufficient funding to achieve visible neighborhood impact; and

WHEREAS, The HUD monitoring report stressed the need for the Five-Year Consolidated Plan to be used as the basis for setting priorities for funding, reducing the number of groups funded annually, establishing criteria for public facility rehabilitation allocations that emphasize completing the project in one year in buildings with a federally funded service on site, and better utilization of performance information as part of the decision-making process; and

WHEREAS, The Administration and the City Council stated its intention during the 2003-04 CDBG review process to respond more thoroughly to the comments in the HUD report by working together to develop a comprehensive, coordinated planning process that would be the basis for deciding CDBG funding allocations; and

WHEREAS, The Planning and Development Department (P&DD) initially proposed a CDBG restructuring process that was unacceptable to the City Council because it included the elimination of community and City Council involvement in the selection of groups to be funded, it failed to properly identify administrative reforms to address issues raised by HUD related to the expenditure of funding on City staff and City projects, did not justify that a NOFA-orientated process would be more efficient to administer than the contracting process currently used, did not address HUD's concern with the protracted time involved in the contracting process, and involved rewriting the five-year Consolidated Plan one year early and without adequate time to engage in an appropriate planning process involving community stakeholders; and

WHEREAS, As a result of negotiations, P&DD has proposed a new, compromise CDBG restructuring process that includes City Council selection of groups with specific amounts in the City's budget, retains the Citizen Review Committee and City Planning Commission review processes, issues an application prior to the budget process in lieu of the NOFA originally proposed by P&DD, does not rewrite the five-year plan this year and, instead, implements the fifth, one-year action plan for the existing plan, all of which address concerns raised by City Council about P&DD's initial proposal; and

WHEREAS, P&DD's new proposal retains three elements of the original proposal including establishing needs and priorities to be presented by the Mayor and approved by the City Council at the beginning of the process and to be used as the framework by which CDBG alloca-

tions will be recommended by both branches, meeting P&DD's goal of submitting the Consolidated Plan (with general needs and priorities but without names of groups and specified amounts) to HUD before the budget process begins on April 12, 2004 so that the City will receive CDBG funds at the start of the fiscal year without sacrificing City Council's budgetary authority to specify groups and amounts in the City's budget, and making the applications more contract-ready, which is expected to provide some relief to the department in preparing contracts so that groups could receive contracts sooner;

NOW, THEREFORE, BE IT RESOLVED, That the Detroit City Council approves the new, compromise proposal and schedule submitted by P&DD for restructuring the Community Development Block Grant allocation process for 2004-2005 with the following four modifications: 1) that the proposal be issued by December 15, 2003, this year only, and that legislative involvement be ensured in the development of the proposal; 2) that City Council will approve the needs, priorities and selection criteria prior to November 27, 2003 to allow adequate time for an override vote should a veto occur; 3) that all proposals received will be submitted to City Council; and 4) that the community, which is defined as broad, representative sectors of the Detroit community including but not limited to clusters, various CDC's, block clubs, neighborhood associations, etc., will be given an opportunity to provide input and feedback to the legislative branch during the development of selection criteria and corresponding point values; and

BE IT FURTHER RESOLVED, That if any of the deadlines are not met through joint efforts of P&DD and City Planning Commission staff — especially deadlines for delivering needs, priorities, and selection criteria to City Council by November 17, 2003 and issuing proposal(s) by December 15, 2003 — City Council directs City Planning Commission staff to implement a contingency plan so that City Council receives an alternative version that can be approved on time to permit the schedule to be maintained; and

BE IT FURTHER RESOLVED, That the City Council looks forward to working with the administration on developing a strategy and process for the comprehensive revision of the five-year Consolidated Plan for 2005-06, including how to proceed with the implementation of geographic targeting, and how to engage in a long-term planning process that involves community stakeholders and results in improvements in determining needs and priorities, making funding decisions, and streamlining administrative processes so that federal funds can make the greatest

positive impact on the quality of life for Detroit residents; and

BE IT FINALLY RESOLVED, That this resolution be forwarded to the Mayor of the City of Detroit and the Director of the Planning and Development Department.

**RESOLUTION OPPOSING  
PARTIAL-BIRTH ABORTION BAN ACT  
OF 2003**

By COUNCIL PRESIDENT MAHAFFEY,

Joined by ALL COUNCIL MEMBERS:

WHEREAS, In 1973, the United States Supreme Court issued a landmark decision in the case of Roe vs. Wade. The Roe vs. Wade decision had the effect of offering Constitutional protection to a woman's right to choose whether to have an abortion. Since that time anti-choice groups have worked diligently to dismantle and reverse the courts ruling and render it meaningless; and

WHEREAS, The most recent attack on the Constitution is an attack on the woman's individual right of privacy. On October 2, 2003 the Partial-Birth Abortion Ban Act of 2003 was passed in the United States House of Representatives, and on October 21, 2003 the same Act was passed in the Senate. President George W. Bush has publicly stated that he plans to sign this unconstitutional bill into law; and

WHEREAS, According to a June 4, 2003, New York Times article, "Although promoted as narrowly focused on a single late-term abortion procedure, the measure's wording adds up to a sweeping prohibition that would, in effect, overturn Roe vs. Wade by criminalizing the most common procedures used after the trimester, but well before fetal viability. Indeed, the measure replicates the key defects that lead the Supreme Court to reject a strikingly similar state law just three years ago. In addition to its deceptively broad sweep, the bill unconstitutionally omits an exception to protect the health of the woman;" and

WHEREAS, In the case of Roe vs. Wade, laws limiting or prohibiting abortions in practically all States, the District of Columbia, and the territories were invalidated by a ruling recognizing a right of personal privacy protected by the due process clause that included a qualified right of a woman to determine whether or not to bear a child; and

WHEREAS, In the Supreme Court's analysis of competing individual rights and states interests, the Court in Roe vs. Wade ruled that, "For the stage subsequent to viability, the State in promoting its

interest in the potentiality of human life may, if it chooses, regulate, and even proscribe, abortion **except where it is necessary, in appropriate medical judgment, for the preservation of the life or health of the mother;**" and

WHEREAS, On June 28, 2000, in Stenberg vs. Carhart, the U.S. Supreme Court struck down a Nebraska law that banned partial-birth abortion on two grounds: 1) it lacked a health exception; and 2) its broad language imposed an "undue burden" on a woman's right to choose abortion. The Court reaffirmed that when access to abortion is restricted, a woman's health must be the paramount consideration; and

WHEREAS, The American College of Obstetricians and Gynecologists (ACOG), an organization of 44,000 physicians dedicated to women's health care, opposes Partial-Birth Abortion legislation. ACOG states, "This bill violates a fundamental principle at the very heart of the doctor-patient relationship: that the doctor, in consultation with the patient, based on that patient's individual circumstances, must choose the most appropriate method of care for the patient. This bill removes decision-making about medical appropriateness from the physician and the patient. ACOG's members, whatever their beliefs about abortion, share an interest in opposing laws that interfere with a physician's ability to exercise his or her best medical judgment in providing care for each patient; THEREFORE BE IT

RESOLVED, That Detroit City Council joins the American Medical Association, American College of Obstetricians and Gynecologists, Planned Parenthood Federation of America, Center for Reproductive Rights, Emily's List, American Civil Liberties Union, National Organization for Women, Medical Students for Choice, and many others who oppose the Partial-Birth Abortion Ban Act of 2003 on the basis of its constitutional infringement upon the right of a woman to choose, as well as her physician's duty to exercise sound and reasonable medical judgment. BE IT ALSO

RESOLVED, That we urge all who believe in the right to choice and the right to privacy to join us and, as stated by Planned Parenthood, "...stand up for women, their families, their right to choose and the physicians who care for them." Reject the unconstitutional agenda of those who want to deny individuals the right and the means to make their own choices about their reproductive lives. Preventing unwanted and unintended pregnancies through proper reproductive education, not legislation intervening into private medical decisions, is the best means for reaching a shared national goal of reducing abortion. BE IT FURTHER

RESOLVED, That the City Clerk's

Office forward copies of this resolution to the United States Congress and Senate, Congressman John Conyers, Congresswoman Carolyn Cheeks Kilpatrick, Senator Carl Levin, Senator Debbie Stabenow, Michigan House of Representatives and Senate, and Governor Jennifer Granholm.

Nays — None.

**RESOLUTION**

By COUNCIL MEMBER TINSLEY-TALABI:

WHEREAS, Layoff notices dated October 17, 2003, were given to those persons who work at the Detroit Housing Commission without signature or letterhead; and

WHEREAS, The notices indicated that it was an offer of employment commencing November 1, 2003; and

WHEREAS, The condition of the offer of employment required the employees to be transferred from the City of Detroit to the Detroit Housing Commission; and

WHEREAS, Said condition of offer was to be accepted or rejected by October 24, 2003; and

WHEREAS, Said offer promised continued health, death and pension benefits, contingent upon the Detroit City Council's approval; and

WHEREAS, If City Council does not approve the proposed Intergovernmental Agreement, the Detroit Housing Commission will provide comparable benefits; and

WHEREAS, If the employee does not accept said offer by October 24, 2003, the employee would be considered a Detroit Housing Commission employee; and

WHEREAS, It is not clear from the layoff notice as to who is issuing the alleged notice; and

WHEREAS, It is not clear as to the authority of the layoff notice issuer to make the offer; and

WHEREAS, It is not clear whether the Detroit Housing Commission can transfer employment of an employee from the City of Detroit to the Detroit Housing Commission by default; and

WHEREAS, Wrong termination could expose the City to major liability.

NOW THEREFORE BE IT RESOLVED That We, The Members Of The City Council Of The City of Detroit, assembled this day of October, 2003, do hereby recommend that the City of Detroit and Detroit Housing Commission set aside the layoff notices and refrain from reissuing them until this matter can be legally researched; and

BE IT FURTHER RESOLVED, No layoff notice should be issued until a deter-

mination has been made regarding an Intergovernmental Agreement between the City of Detroit and Detroit Housing Commission; and

BE IT FINALLY RESOLVED, That if an Intergovernmental Agreement is reached, employees receiving offers of termination and/or employment with a new employer, will be given the time to make a decision with a clear knowledge of what benefits they will be giving up or receiving.

### Invocation

Lord, You who are the originator of the Law; You who made it possible for Caesar to even have an office. You who granted mankind to render what belongs to Caesar and to grant to you, what belongs to You...You are the One we call and acknowledge this morning. You, who are the giver of life and the loaner of existence. We come before You today, not within sacred walls of a church, synagogue, or temple; not even a prayer closet of privacy. But we come before You in the sacredness of Your Being, for all that we share and participate in belongs to You. We are in a Sacred Place because Your Presence makes it Sacred. It is to Thee, O'Lord, that we beseech Your Presence, Personage and Persona. It's that persona Lord that we must learn to be draped within and around for our world, nation, county and city seem to be absent and void of the tenderness of Your life and breath.

Our purpose today, Gracious God, is yes, to utter a few words to You, but I ask for a special and different prayer that may be seen and demonstrated as in Your life and example; not by mere words, copulations and postulations. Look at us. Yes, Lord, Look at us; not upon us, but at us. Are we your children? Are we the children You can say that You are proud of? Are we the children that is exhibiting the Christ likeness or God Likeness that embodies Your character? Are our acts symbolic of a cosmic people that shine brilliantly in radiance of You? Have our focus been to sincerely uplift and build up a city of indigents, disenfranchised, wounded, once upward mobile children now lost because of the chaoticness of lost jobs and folded up businesses.

Have we lost the prism of Your love that

what we do downtown never flows uptown; that citizens are made better because our actions? Have we misplaced the keen wisdom from above that abates the good sound judgment for and to humanity that we might be of a greater good?

Lord, we need You. The Council needs You. The City of Detroit needs You. The State of Michigan needs You. Yes, Lord, that's what I'm saying, we, Your lost children, need — You. We think that we have arrived down here, but I know of a greater place that I desire to arrive. Descend, if for one last time, and let us again be reminded of whom You are. Come, Holy one, allow Your ambiance of Grace, Mercy and Abundant love permeate the confines of these walls that some changes might come in the form of Unity, but not uniformity. Let some changes come that the disharmonies of our heart beat somehow become synthesized within the cords of Your Angelic Host and our tune in key to your rhythm.

This Cacophony, that sits within and on this Council, seeps such a sour melody; would You please, Lord, impart a symphony of sweet me-lo-di-ous legislative power that their souls, the Council, and actions, would surely derive an orchestrated measure of musical laws and legislation that from this day forward, bodies working together, would not be telescoped as individual prowess but of a conductor's move that brings unity to the office of legislating.

We ask this prayer in the beginning of our God's existence, when that is discovered, and may we further ask that it be blessed in the Son's gift of life, that His return and awaiting will be sanctioned by the Holy Spirit that reigned upon His ascension. It is in that Name, we call Jesus, and others may call God...

Amen.

Re: Address: 8376-8 Townsend. Name:  
Vincent A. Foster. Date ordered  
removed: October 18, 2001 (J.C.C.  
pp.2953-4)

In response to the request for a deferral  
of the demolition order on the property  
noted above, we submit the following  
information:

A special inspection on August 29,  
2003 revealed the building is secured and  
appears to be sound and repairable.

The owner has paid the current taxes  
due as of July 2, 2003.

The proposed use of the property os  
owner occupancy.

Therefore, it is recommended that the  
demolition order be deferred for a period  
of three months subject to the following  
conditions:

1. The building shall be maintained  
securely barricaded until rehabilitation is  
complete. All relevant permits for rehabili-  
tation work shall be obtained. Rehabili-  
tation is to be complete within six  
months, at which time the owner will  
obtain one of the following from this  
department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow  
occupancy of the structure without a cer-  
tificate (as outlined in #1 above).

3. The yards shall be maintained clear  
of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-  
H, as amended, this building may be  
deemed dangerous if: it remains unoccu-  
pied continuously for more than six

months; it is not maintained according to the official Building and Property Maintenance Codes of the City and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition, without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Re: Address: 7121 Sarena, Name: Ioan Fizesan. Date ordered removed: June 25, 2003 (J.C.C. p. 1979).

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

We have attached a resolution as you requested (Attachment A).

The developer submitted copies of the Environment Site Assessment and other reports requested by the Michigan State Housing Development Authority to each City Council Member on Monday, October 13, 2003. Our staff has conducted further research into the matter of rescinding the City Council approval for the Brownfield Redevelopment Plan and the Obsolete Property Rehabilitation District located at 5766 Trumbull, Research Lofts. The information is provided below.

**State Of Michigan Approval — Single  
Business Tax Brownfield Redevelopment Credit**

The State of Michigan Tax Commission

has approved the developer's application for the Single Business Tax Brownfield Redevelopment Credit and issued a pre-approval letter for the proposed Research Lofts Development. CPC staff also contacted the State to determine the impact that the recession of City Council approval for the Brownfield Plan would have on the project at the State level.

The law does not permit the State Tax Commission to rescind its approval of a tax credit for a project for any given reason. A resolution to rescind the approval of the Brownfield Plan may be adopted by your Honorable Body, but it would not have any impact at the State level since the Single Business Tax Brownfield Redevelopment Credit has already been approved.

**Obsolete Property District — Exemption Certificate**

The developer for the proposed Research Loft development has not submitted an application to the City Council for the Obsolete Property Exemption Certificate. As a result, the City Council still has the opportunity to review the project further and disapprove or approve the exemption certificate for the project with conditions. The approval of the Obsolete Property District is the first requirement in obtaining approval of the exemption certificate. A project will not benefit from an Obsolete Property District if your Honorable Body denies or does not take acting to approve the exemption certificate.

Items of the City Council's Obsolete property Rehabilitation Exemption Certificates Policies and Procedures states that the applicant will include in the application a history of the property use, report of any environmental concerns and procedures that will be taken to abate any hazardous conditions. Therefore, the Council will have an opportunity to review any environmental issues at that time.

**October 24, 2003 Public Hearing for the Sale of City-owned property**

A public hearing for the sale of the city-owned property located at 5755 Lincoln (Parcel 278 in Research Park Rehabilitation Project #2), which is adjacent to 5766 Trumbull, is scheduled for October 24, 2003. CPC staff believes that the members of the Detroit Brownfield Redevelopment Authority and the Citizen's Advisory Council should be invited to the hearing since both have approved the project. At that time, the developer and his environmental engineer will have an opportunity to address the environmental issues involved in the project.

Lastly, CPC staff would recommend that your Honorable Body not take any action to approve the land sale after the scheduled public hearing on October 24, 2003 until the developer has submitted

certified documentation from the Michigan State Housing Development Authority (MSHDA) that the project has been approved for the Low Income Housing Tax Credit and has fulfilled all of MSHDA's outstanding environmental issues at the project site.

Whereas, The Detroit City Council received a petition from Chadd Fox of 5766 Trumbull L.L.C. to establish an Obsolete Property District at 5766 Trumbull for the development of residential lofts and office space; and

Whereas, A public hearing was held on Thursday, November 14, 2002 regarding the establishment of this District at which time the petitioner stated that the building contained asbestos and lead based paint and would require major renovation; and

Whereas, On November 27, 2002 the Detroit City Council approved a resolution authorizing the establishment of an Obsolete Property District at 5766 Trumbull Avenue, in Detroit, MI; and

Whereas, In August 2003 the University City "A" Citizens' District Council (CDC) requested a health assessment and impact statements from the Planning and Development Department, for the proposed development at 5766 Trumbull and requested a hearing before the City Council regarding the matter; and

Whereas, A City Council public hearing was held on Thursday, October 9, 2003 regarding the request of the University City "A" CDC at which the CDC stated that the environmental site assessment for the building at 5766 Trumbull did not take into consideration the surrounding industrial uses in the immediate area, that the building was inappropriate for residential development because of its former use as light industrial, that the adjacent city-owned property at 5755 Lincoln was previously used for light industrial, and that the CDC did not support the sale of the city-owned land or the development at 5766 Trumbull; and

Whereas, At the hearing, City Council was informed that the Michigan State Housing Development Authority did not approve the application for Low Income Housing Tax Credits for the proposed Research Lofts at 5766 Trumbull because further information was needed on sound and vibration mitigation requirements, bids from a licensed contractor for the removal of hazardous materials, surface and subsurface soil samplings, samplings of the building floor drains, and samplings of the soil for the underground storage tank; and

Whereas, The City Council, taking into

account all of the information provided at the October 9, 2003 public hearing, reconsidered its approval of the Obsolete Property District at 5766 Trumbull;

Now, Therefore, Be It Resolved, That the Detroit City Council hereby rescinds the approval of the Obsolete Property Rehabilitation District at 5766 Trumbull that was established on November 27, 2002;

And Be It Further Resolved, That this resolution be forwarded to Mayor Kilpatrick and the State of Michigan Tax Commission.

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for 2 units of housing to be rehabilitated at 443 E. Ferry in the Ferry Street NEZ (Recommend Approval).

The office of the City Planning Commission (CPC) has received two applications for Neighborhood Enterprise Zone Certificates from the office of the City Clerk. Having reviewed these applications, CPC staff recommends approval of the NEZ certificates.

The property at 443 E. Ferry has been confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. The year 2002 tax record for this property shows a true cash value of \$34,700.00 for the entire property, which translates into \$17,350.00 per unit. This is well below the maximum eligible true cash value of \$80,000 per unit.

The owner and applicant, East Ferry L.L.C., intends to conduct the necessary repairs and improvements in order to repair the two existing rental units and convert them to condominiums. The estimated investment by the owner is \$37,500.00 per unit, which exceeds the minimum amount required for eligibility for an NEZ certificate. The NEZ certificate applications appear to have been submitted prior to the issuance or application for building permits to do the work presently proposed by the developer.

Honorable City Council:

Re: Request of the Federal Reserve Bank of Chicago Detroit Branch to receive final Planned Development site plan approval in order to develop

a new headquarters in the Forest Park area (Recommend Approval).

The Federal Reserve Bank of Chicago Detroit Branch (FRBC) has submitted final site plans for your Honorable Body's consideration to develop a new headquarters in the Forest Park area.

In June, 2002, your Honorable Body voted to sell to the FRBC about 17 acres of City-owned land to develop a new headquarters. Because the site is zoned Planned Development (PD), the City Council is required to approve the site plan for the project. In June, 2002, City Council passed a resolution approving "conceptual" site plans. At the time, the FRBC had not yet decided between Site Plan A (having a 168-space parking lot located at the northwest corner and a 182-space parking lot located at the eastern edge of the site) and Site Plan B (having a 350-space parking lot in front of the building facing Warren Avenue). The June, 2002 resolution noted that "final" site plan approval would be given after submittal of the following for City Planning Commission (CPC) staff review and the approval of such plans by the City Council:

1. a landscaping plan indicating caliper, species, and location of such and berm height and location;
2. a fencing plan indicating materials, color, height, and location; it was expected that the fencing would be of a steel or simulated wrought iron picket design, be painted black, and be no higher than 8 feet from the ground or the top of any wall it is placed upon;
3. a screening/barrier wall plan indicating materials, color, height, and location; it was expected that all screening/barrier walls would be architecturally treated, including having an appearance other than gray concrete; and
4. a building elevation plan showing each side of every structure (including the two structures at the vehicular entrance/exits), including dimensions, a description of building materials and color; it was expected that the facades of the structures would be covered with either glass (non-mirrored), metal siding, precast concrete, rusticated stone or a combination thereof done in neutral earth tone colors.

Since 2002, the FRBC has decided to eliminate from the headquarters the proposed 47,000 square foot 18-foot high check processing warehouse facing Warren Avenue. The FRBC calculated that it did not need to have such a large check processing facility, which it decided to relocate into an expanded basement area and unused space in the planned office tower. With the check processing building eliminated along Warren Avenue, the FRBC decided to consolidate its parking into 290-space lot in front of the build-

ing facing Warren Avenue. The site plan and select elevations from the final plans are attached for reference.

CPC staff understands that in October, 2003, the FRBC presented the revised plans to the Housing Commission and Forest Park Citizens' District Council, which continued to support the project.

CPC staff has reviewed the final plans and has determined that the plans address the four criteria mentioned above, and that the proposed plan modification is a "minor" change, in part because it decreases the size of the structure. In conclusion, CPC staff recommends **APPROVAL** of the "final" site plans and elevations. A resolution reflecting this recommendation is attached for your consideration; City Council may wish to schedule a discussion to review the final plans or move to vote on the attached resolution.

By Council Member Collins:

Whereas, The Federal Reserve of Chicago Detroit Branch has submitted plans to develop a new approximately 230,000 square foot headquarters on property generally bounded by Warren Avenue on the north, Dequindre Street on the east, Forest Avenue on the south, and Russell Street on the west, generally referred to as Parcel 7 in the Forest Park Rehabilitation Project Development Area; and

Whereas, The subject property is located within a PD (Planned Development District) zoning classification and, therefore, requires City Council approval of the site plan, including the design, appearance, and location of the proposed project in accordance with the provisions of Section 110.0000 of the Zoning Ordinance; and

Whereas, The City Planning Commission (CPC) has reviewed the site plans for the project, including the design, appearance, and location of the proposed project as submitted by the petitioner and finds that they are in keeping with the spirit, intent, and purpose of the PD district;

Now, Therefore, Be It Resolved, That the Detroit City Council hereby approves the "final" site plans for the new Federal Reserve Bank of Chicago Detroit Branch headquarters, including the design, appearance, and location of the proposed buildings and parking areas as described in the plans dated September 25, 2003 submitted by the SmithGroup and the illustrative site plan dated September, 2003 showing landscaping, berming, etc. submitted by the SmithGroup JJR.

Honorable City Council:

Re: Amendment to Woodward Corridor Technology Smart Zone Agreement.

This letter addresses an amendment to an agreement among several parties which created the Woodward Corridor Technology Smart Zone. The Smart Zone program created by Public Act 248 allows the Michigan Economic Development Corporation ("MEDC") to designate SmartZones throughout the State. Detroit received designation April 11, 2001 as one of eleven zones approved by the program. The proposed amendment would expand the SmartZone boundaries in order to accommodate receipt by the City of certain State grants to be used for projects vital to the City's interests.

**The Program**

Creation of the zone allows for the capture of property taxes and a portion of school taxes within a district for use in supporting newly created high tech business to be established within the area. All local property taxes and up to 50 percent of the school operating taxes can be captured for up to 15 years.

**The Expansion**

The purpose of the proposed amendments is to expand the borders of the Woodward Technology SmartZone so that this district will include areas of lower Woodward and the East Riverfront.

**Reasons for Expansion**

The City of Detroit is one of the original four signatories of the Woodward Technology SmartZone Agreement. This agreement was the foundation of the approval of a \$2,000,000.00 Core Communities Foundation ("CCF") grant from the Michigan Economic Development Corporation ("MEDC") to the Wayne State University Technological Park Development. The funds are disbursed through the Local Development Finance Authority ("LDFA"). The other three signatories are: Wayne State University ("WSU"), the LDFA, and MEDC.

In September of 2002, MEDC allocated an additional \$6,950,000.00 of CCF grant funds for three new projects within the greater downtown area, as follows:

- 1) \$1,450,000.00 for the Lower Woodward Streetscape,
- 2) \$1,500,000.00 for the streetscape of Woodward between E. Warren and Ferry St., and
- 3) \$4,000,000.00 for the East Riverfront Tri Centennial Park.

The grant funds can only flow to these projects through LDFA, subsequent to the amendment of the Woodward Technology SmartZone Agreement, and LDFA's amended District and Development Plan.

The City Council has already approved an amendment to the LDFA Tax Increment Financing and Development Plan For Tech Park Area No. 1 which includes the matters set forth in the attached amendment. The proposed resolution will complete the process and is consistent with previous City Council action.

City Council Actions

The Planning and Development Department supports the implementation and expansion of the SmartZone program and respectfully requests that your Honorable Body adopt the attached resolution approving the SmartZone Agreement.

Respectfully submitted,  
BURNEY JOHNSON

Director of Planning Activities

By Council Member Collins:

Whereas, Whereas, Public Act 248 amended the Local Development Financing Act (Act 281 of 1986) to permit the development of the SmartZone program to stimulate the growth of technology based businesses and jobs throughout the State of Michigan; and

Whereas, Whereas, The State of Michigan, through the Michigan Economic Development Corporation accepted the proposal from the City of Detroit and Wayne State University to receive a "certified technology park(s)" within a SmartZone designation for the land area bounded by Philadelphia Street on the north, the Detroit River on the south, the Lodge Freeway on the west and the I-75 Freeway on the east as the Woodward Technology Corridor; and

Whereas, On April 11, 2001, the Michigan Economic Development Corporation (MEDC) designated this area within the City of Detroit; and

Whereas, Public Act 248 at MCLA 125.12162(a) Sec. 12a(2) and (3) provide that the Michigan Economic Development Corporation may formally designate certified tech parks pursuant to an agreement entered into by the municipality, Local Development Financing Act Authority, and Michigan Economic Development Corporation; and

Whereas, The Michigan Economic Development Corporation, the City of Detroit, the Local Development Finance Authority and Wayne State University have entered into an agreement to implement the SmartZone in accordance with Public Act 281, as amended which agreement is dated February 4, 2002; and

Honorable City Council:

Re: Forest Park Rehabilitation Project.  
Development: Parcel No. 7

On May 11, 2002, your Honorable Body authorized the sale of the above-captioned property to the Federal Reserve Bank of Chicago-Detroit Facility, a Federally Chartered Corporation, for the purpose of constructing two (2) buildings, one to house their check processing operation and one (1) to house their currency processing operation.

Due to the decline in the number of checks being written and a need for additional security, the Federal Reserve Bank of Chicago-Detroit Facility, proposes to construct one (1) building instead of two (2) which will measure approximately 229,000 square feet and will contain the same check processing area, currency processing area and office space as in their original proposal. Additionally, there will be a 6,700 square foot vehicle inspection station, sixty-five foot (65') high vault and four-story penthouse office building.

We, therefore, request that your Honorable Body adopt the attached resolution with a Waiver of Reconsideration,

authorizing and approving an amendment to the sales resolution to reflect a modification of the Agreement to Purchase and Develop Land between the Federal Reserve Bank of Chicago-Detroit Facility, a Federally Chartered Corporation and the City of Detroit, a Michigan Public Body Corporate.

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 18, Article IX, of the 1984 Detroit Code.

In accordance with the applicable provisions of the 1997 Detroit City Charter, the above-referenced proposed ordinance is being submitted for your approval. This ordinance has been approved as to form.

This proposed ordinance amends Chapter 18, Article IX, of the 1984 Detroit City Code, to revise the list of banks at

which City of Detroit taxes may be paid each fiscal year.

October 29, 2003

Honorable City Council:

Re: Proposed rezoning from B4 (General Commercial District) and PD (Planned Development District) to SD5 (Special Development District for Casinos) for the Greektown Casino complex.

On Friday, October 24, 2003 your Honorable Body received a request from Greektown Casino requesting a hearing relative to the outstanding issues surrounding the above captioned rezoning request. The request was granted and the City Clerk was directed to find a time slot for them on a future day.

In preparation for the hearing or discussion of the Greektown Casino matter, the City Planning Commission staff has discovered that the 120 day time period for the Council to take action on the rezoning request has lapsed, as set forth in section 64.0700 of the Official Zoning Ordinance. Therefore, this matter will be subject to a new public hearing in order for the Council to consider and take action upon it. We therefore recommend that the City Clerk be directed to set a statutory public hearing or discussion in response to the request of last Friday. Herewith, the City Planning Commission formally resubmits the amendatory ordinance in order for the matter to be introduced and a new public hearing set.

**STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF RESOLUTION FOR PROMPT AND EFFECTIVE RESPONSE TO RECENT ISSUES INVOLVING THE CHIEF OF POLICE AND THE POLICE DEPARTMENT**

I co-authored and voted today in support of the resolution referenced above, albeit with a heavy heart. It needs to be said that I understand that Chief Jerry Oliver has been, and still is, faced with an extraordinarily complex situation. I do not question his intentions or his commitment to reform the Detroit Police Department to better provide services to this community.

Be that as it may, a most unfortunate chain of circumstances has occurred which has lead to very serious allegations of potential criminality, ethics, and ultimately, leadership. I am especially troubled by recent reports that Chief Jerry Oliver has not been very responsive with respect to investigations being conducted by the Office of the Wayne County Prosecutor.

Given the current state of affairs within the Detroit Police Department, it is necessary to conduct a prompt and complete investigation and to reach a just resolution of this matter.

For these reasons, I voted in support of the resolution.

**TESTIMONIAL RESOLUTION FOR GLEN BLANTON**

By COUNCIL PRESIDENT MAHAFFEY:

WHEREAS, Glenn Blanton will be leaving as General Manager of the Detroit-Wayne Joint Building Authority. He will be sorely missed by all those who were fortunate to have known him and work with him, and

WHEREAS, Glenn Blanton received his Bachelor of Science Degree in 1993 from Wayne State University, and received his Master of Science Degree in 1966 from Central Michigan University. During his career, he worked for the Michigan Consolidated Gas Company, Vinnell Corporation and the Masco Corporation holding positions in a supervisory or managerial level, and

WHEREAS, Glenn Blanton was a wise and true professional during his tenure with the Building Authority. When he was given any job or task, it was completed immediately. He was committed to whatever was asked of him. His demeanor was always to help and he never displayed an image that he didn't care or that he didn't have time to do it. For example, when the

building had a leaky ceiling, he rolled up his sleeves and went to work and made sure everyone was dry and corrected the problem. He always made sure his entire staff worked collectively, and

WHEREAS, For the very first time there was a professionally-trained manager who was efficient, honest, fair and no favoritism. He consulted with people and brought in a modern management system in which he gave timely notices. Glenn worked well with everyone and was able to make good decisions. A manager such as he freed the commission to focus on policy rather than worry about administrative details and micro-management, and

WHEREAS, His specialized training and certification included Maintenance Fundamentals, Leadership Choice and managing the Job Corps Program. His memberships affiliations are with the International Facility Managers Association, Building Owners and Managers Association International, Central Michigan University and Wayne State University Alumni Associations. NOW, THEREFORE BE IT

Honorable City Council:  
 Re: Petition Number 1834 — Request for City Council Approval for the Issuance of a New Michigan Liquor Control Commission Dance-Entertainment Permit to LMCD, L.L.C., 15535 W. Eight Mile Road.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice (Req. ID: 229195) to the Detroit City Council, which has been designated by the City Clerk as Petition Number 1834. The petition requests City Council consideration and approval of a request from LMCD, L.L.C., ("LMCD") for a new dance-entertainment permit to be held in conjunction with a Class C liquor license at 15535 W. Eight Mile Road. The approval and issuance of a dance-entertainment permit to LMCD would allow for dancing by patrons and entertainment on the premises, only.

Upon investigation, review, and consultation with other City departments, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the issuance of a new dance-entertainment permit to LMCD for 15535 W. Eight Mile Road. The Consumer Affairs Business License Center reports that LMCD and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code for the issuance of a "Group A" cabaret business license for the subject location. The Buildings and Safety Engineering Department reports that the current legal, permitted use of the property at 15535 W. Eight Mile Road is 'Class "C" Bar (including accessory patron dancing and entertainment) and Restaurant' per building permit number 3658, dated September 26, 1960.

The Law Department recommends that this matter be placed on the City Council's agenda for consideration and approval or disapproval of the issuance of a new

MLCC dance-entertainment permit to LMCD. Attached are proposed resolutions: A) approving the issuance of the MLCC dance-entertainment permit to LMCD, and B) disapproving the issuance of the permit to LMCD.

If there are any questions or concerns, please do not hesitate to contact us.

Respectfully submitted,  
 BRENDA E. BRACEFUL

**STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO GRANT LEGAL REPRESENTATION AND INDEMNIFICATION OF POLICE OFFICER COURTNEY ANDERSON**

I voted not to grant Legal Representation to Police Officer Anderson because I believe Police Officers should be held to the highest procedural standards.

According to the minutes from the Chief's Hearing held on Thursday, March 27, 2003 (Case No. 03-0075) provided to each Council Member, Officer Anderson received a 60-day suspension from the Chief of Police due to numerous charges and specifications of disobedience. These charges include but are not limited to: Failure to terminate a chase, contravening a direct order from a supervisor and failure to activate emergency equipment in violation of DPD General Order 72-17(R) as well as Article 2 of the Detroit Police Manual.

Of particular importance was the fact that Officer Anderson failed to report the actions of his partner to supervisors and zone dispatch in contravention of DPD General Order 72-17(R), Section K, Subsections 1 and 50.

By ignoring the order to end the chase and neglecting to report the continuation

of the chase to his supervisor, Officer Anderson only perpetuated the existence of the "Blue Curtain of Secrecy" that has plagued this Police Department for over 30 years.

As a passenger in a police vehicle and involvement in a police chase that led to the injury of one person and the death of another, Officer Anderson had an obligation to the citizens of Detroit to report when another police officer is not following rules and procedures.

It also concerns me that members of this Honorable Body would vote to represent an officer whose blatant disregard of Department policy and procedures led to the injury and death of two people. It appears contradictory when a Council Member calls for Officers' more stringent adherence to Departmental rules and then votes to grant representation and indemnification to an Officer who disobeyed these same rules.

It is for the above reasons that I voted "no" for Legal Representation and Indemnification of Police Officer Courtney Anderson.

Honorable City Council:

Re: Address: 17518 W. McNichols.  
Name: The Prose of Abraham Church Inc.. Date ordered removed: January 15, 2003 (J.C.C. p. 208).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on October 14, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of September 30, 2003.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of six (6) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:

Re: Standard Federal Gratiot Conner Project Brownfield Plan.

The enclosed Brownfield Plan for the Standard Federal Gratiot Conner Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on October 27, 2003 to solicit public comments. At its October 15, 2003 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On October 29, 2003, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission

of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

#### **Project Introduction**

The Standard Federal Gratiot Conner project entails the construction of a new 5,000 square foot bank branch on approximately 1.2 acres of this 17-acre parcel. It is anticipated that approximately 8 new jobs will be created at an average annual salary of approximately \$25,000.00. Total projected expenditures related to this project are expected to be approximately \$2,000,000.

#### **Purpose of the Proposed Plan**

The proposed Plan is intended to accomplish two purposes. First, upon approval of this Plan by the City Council, Standard Federal will be entitled under state law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in their project. Secondly, the Detroit Brownfield Redevelopment Authority will be authorized to capture tax increment revenues produced from the development of properties subject to this Plan to offset the cost to Standard Federal for environmental, infrastructure and site preparation work performed on the property subject to the Plan.

#### **Property Subject to the Proposed Plan**

The property is in an area bounded to the north by Conner Street, to the east by Harper, to the south by railroad right-of-way and to the west by Gratiot Street.

#### **Basis of Eligibility**

The property is considered to be "eligible property" as defined by Act 381 because it is located in a qualified government unit under the Brownfield Act, has previously been utilized for a commercial purpose and is determined to be a "Facility" as defined by Act 381.

#### **Projected Costs**

The proposed Plan anticipates the cost of the eligible activities from which taxes may be captured to be \$235,000, and a maximum estimate of \$53,816 for DBRA administrative reimbursement. The current estimates are that taxes will be captured through tax levies through 2015, not including five years of tax capture for the Local Site Remediation Revolving Fund

(LSRRF). The plan projects that approximately \$69,958 will be placed into this fund by 2020.

This proposed Plan has been presented to the Planning and Development Department for review. A letter of support for the project from P&DD is included in this packet. The proposed tax capture plan has been presented to the Chief Financial Officer of the city.

#### **Public Comments Received**

The Committee's communication to the City Council and the Authority dated October 15, 2003 (Exhibit C), recommending approval of the Plan, including the minutes of the Public Hearing held by the Authority on October 27, 2003 and the Committee's public meeting held October 15, 2003, are enclosed for City Council's consideration.

At the public hearing, no members of the public attended the hearing to provide public testimony.

Honorable City Council:

Re: Book Building Project Brownfield Plan.

The enclosed Brownfield Plan for the Book Building Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on October 27, 2003 to solicit public comments. At its October 29, 2003 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On October 29, 2003, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

#### **Project Introduction**

The Book Building project involves the conversion of the mostly vacant (1st floor being the exception) mid-rise Book Building (1249 Washington Blvd.). Floors 3-13 will be converted into approximately 130 units of rental apartments. The apartments are anticipated to be 80% market-rate and 20% "affordable." Floors 1 and 2 will remain retail/office commercial. The entire building will be upgraded with new systems (plumbing, mechanical, electrical) and the floor configuration revised for the new residential use. It is anticipated that the renovation will be in conformance with the historic standards in order to use Historic Tax Credits. The project does not involve the adjacent Book Tower although it also is being improved. Total project expenditures related to this project are expected to be approximately \$18,300,000.

#### **Purpose of the Proposed Plan**

Upon approval of this Plan by City Council, Book Building Development, L.L.C. will be entitled under state law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in their project.

#### **Property Subject to the Proposed Plan**

The property is in an area bounded to the north by Grand River Road, to the east by Washington Boulevard, to the south by State Street and to the west by Park Place.

#### **Basis of Eligibility**

The property is considered to be "eligible property" as defined by Act 381 because it is located in a qualified government unit under the Brownfield Act, has previously been utilized for a commercial purpose and is determined to be "Functionally Obsolete" as defined by Act 381.

#### **Projected Costs**

The proposed Plan anticipates the cost of the eligible activity for this project will be approximately \$375,000. The expense of these eligible activities is the responsibility of the Developer.

The proposed project has been presented to the City of Detroit's Planning and Development Department ("P&DD"). A letter of support for the project from P&DD is included in this packet. The proposed project has also been presented to the City of Detroit's Assessor Office. An affidavit that the property qualifies as "Functionally Obsolete" is included in this packet.

### City Planning Commission

October 30, 2003

Honorable City Council:

Re: Request of the Detroit Building Authority to rezone property generally bounded by the Fisher Freeway, McKinstry Avenue, the alley first south of the Fisher Freeway, and the alley first west of Ferdinand Avenue from R2 (Two-Family Residential District) to B4 (General Business District) (Recommend Approval).

The Detroit Building Authority proposes to rezone 7 acres of property generally bounded by the Fisher Freeway, McKinstry Avenue, the alley first south of the Fisher Freeway, and the alley first west of Ferdinand Avenue from R2 (Two-Family Residential District) to B4 (General Business District). This rezoning would allow for the development of the approximately 61,000 square foot Emergency Services Center Southwest. This center will house a police precinct, fire station and a Municipal Parking Department payment office.

The proposed precinct will replace the existing 4th precinct, located at Fort and Green (approximately one mile from the new facility); the fire station will replace Fire House #27 located at Junction and Rogers (less than one-half mile from the new facility); and the Municipal Parking Department office will consist of a payment window.

### BACKGROUND

The request for approval of this type of center at this location first came before the City Council in 1998. At that time, the project was referred to as the Fourth Precinct Public Safety Mall. This was also a designated project of the Empowerment Zone. The mall was to extend to Clark Street and was to house the Fourth Precinct (and part of the reallocation of personnel from the Third Precinct), Fire Department, Municipal Parking Violations Bureau, Neighborhood City Hall, 36th District Court, Juvenile Court, the Wayne County Prosecutor, the Wayne County Sheriff and the Michigan State Police. The intent was to centralize public safety services in order to streamline and expedite service delivery, reduce duplication of effort, and bring together a broad range of services in the interest of community safety and development. The concept of multi-agency services also included com-

munity policing training, programs for youth, domestic violence programs, and other community-based services.

The City Planning Commission was particularly concerned about services to victims of domestic violence. The CPC approved the Fourth Precinct Safety Mall with conditions, including that consideration be given to including a "safe house" in the mall for victims of domestic violence. On May 22, 2001, the City Council passed a resolution urging the inclusion of a "safe house" in the Public Safety Mall.

### COMPONENTS OF THE CURRENT PROPOSAL FOR THE EMERGENCY SERVICES CENTER SOUTHWEST

The proposed Emergency Services Center Southwest is considerably scaled down from the original concept of the 90,000 square foot Fourth Precinct Public Safety Mall. Now included in the Center are a Fire Station, the Fourth Precinct, and an office for Municipal Parking that will house a payment window. All other proposed agencies and offices have backed out due to lack of financial resources. The "safe house" is no longer being considered because of lack of space within the proposed building. Holding cells at the precinct have been eliminated as well.

The Detroit Building Authority has \$9.8 million of the \$14.5 million needed for the project. The dollars in place are sufficient to cover site preparation and to start construction.

### RATIONALE FOR THE PROPOSED ZONING CLASSIFICATION

The subject parcels are currently zoned R2 (Two-Family Residential District) and about parcels zoned B4 along Fort Street. Eight vacant residential structures are within the footprint of the proposed development. Two vacant commercial structures still exist on Fort Street within the project area, Piper's Saloon on Fort between Ferdinand and Lansing, and Ken's Auto Repair on Fort at Lansing. Both properties have been acquired. All of the existing properties will be demolished.

The rezoning would consolidate all the properties under the B4 zoning classification. The proposed uses are permitted as a matter of right under this zoning category.

### SURROUNDING ZONING AND LAND USE

North: Fisher Freeway.

South: B4 (General Business District) — vacant land and commercial on the north side of Fort Street (Piper's Saloon and Ken's Auto Clinic); M4 (Intensive Industrial District) — vacant land, industrial (Bridgewater Interiors), institutional (Greater Apostolic Faith Temple) and vacant commercial on the south side of Fort Street.

East: R2 (Two Family Residential District) and B4 (General Business

District) — vacant land, the Detroit Edison Substation, and Adela's Place Lounge and Restaurant and adjacent parking lot.

West: R2 (Two-Family Residential District) and B4 (General Business District) — single-family housing and a BP Gas Station.

#### **MASTER PLAN DESIGNATION**

The subject area is located in the West Riverfront Subsector of the Southwest Sector of the Master Plan. The Recommended Future General Land Use map designates this area as GC — General Commercial, and the Rezoning Concept map designates the subject area as B4 — General Business.

#### **CITY PLANNING COMMISSION PUBLIC HEARING RESULTS**

A hearing was held before the City Planning Commission on July 10, 2002 to consider the rezoning request. There was no public response, either in support of or opposition to the proposed rezoning. However, the Commissioners raised concerns about the proposed development.

#### **CITY PLANNING COMMISSION CONCERNS**

Several Commissioners expressed disappointment in the downsizing of the proposal from the original comprehensive Public Safety Mall concept. They felt there was a missed opportunity to provide comprehensive services and that there was a lack of real interest and commitment in improving services through this concept. Deputy Chief Brenda Goss Andrews, representing the Police Department, stated that the original concept may have been unrealistic and that, as each agency to be located in the Mall was sent a letter to secure their commitment, they began to drop out because of lack of financial resources. The Police Department could not afford to pay the entire cost of construction and maintenance, so a new budget was established for the current proposed project.

Another major concern expressed by the Commissioners was the lack of inclusion of a safe house for victims of domestic violence as part of the currently proposed Emergency Services Center. Deputy Chief Andrews stated that there are many community organizations in southwest Detroit that the Police Department could contact, make referrals and provide assistance to for any victim coming to the Center for help. Additionally, there were several comments made relative to it not being a good idea for safe houses to be located in the same facility to which a perpetrator may be brought.

Other concerns expressed by Commissioners included displacement of residents (for the project) and the contention that most moved out of the City, as well as the impact on response time by the Fire Department at the new location. It was

noted that the Planning and Development Department assisted with the relocation of displaced residents and that response time by the Fire Department would not be impacted in the new location.

#### **ANALYSIS**

While the proposed Emergency Services Center will not provide the additional public safety services to the community as in the originally proposed Public Safety Mall, both the Fourth Precinct and the Fire Department will be able to relocate from outdated buildings into a modern facility. The facility will also include a Municipal Parking payment window and flexible space for community use. The Police Department is still committed to community policing programs and other community-based services at the new facility.

Currently, the mix of R2 and B4 zoning classifications on the project site will not accommodate the proposed project. The Fort Street frontage is already zoned B4 and the rezoning will consolidate the whole development under the B4 zoning category. All the proposed uses are permitted as a matter of right in the B4 zoning district. The land use to the east includes commercial uses, vacant land, and a Detroit Edison substation. Land uses to the west include commercial and residential uses. The Fisher Freeway service drive is on the north side of the subject property and W. Fort Street is on the south side. Police and Fire vehicles will enter the site from the Fisher Freeway service drive and exit onto Fort Street. The west end of the development will be landscaped and used for parking. The residential uses to the west of the site along Junction and the Fisher Freeway service drive should not be negatively impacted as a result of the development.

The Planning and Development Department has determined that the proposed rezoning and development is in conformance with the Master Plan of Policies.

#### **RECOMMENDATION**

Based on all of the above-mentioned factors, the City Planning Commission recommends approval of the Detroit Building Authority's rezoning request. The attached amendatory ordinance has been approved as to form by the Law Department and is being submitted for your consideration. The Council may wish to schedule a discussion on this matter prior to the introduction of the ordinance and the scheduling of the required public hearing.

**City of Detroit

September 17, 2003

Honorable City Council:

Re: Authorization to enter into 2003-2004 Head Start contracts with eight (8) delegate agencies.

The Department of Human Services (DHS) is the Grantee for the Head Start Program currently serving 7,497 eligible children and their families in the City of Detroit. The program is funded on an annual basis by the U.S. Department of Health and Human Services — Administration for Children and Families. Our grant year runs from November 1, 2003 through October 31, 2004 and official notification of the grant totaling \$51,028,019 will be received shortly. Because we did not receive the grant award from the U.S. Department of Health and Human Services in a timely manner, we are not able to process continuation contracts with our delegate agencies before the New Year begins on November 1, 2003. These contracts are being processed and all the proper clearances have been obtained. However, the time required to process these contracts might adversely affect the delivery of Head Start services. To avoid any disruption of service and circumvent cash flow problems that our delegates may experience, DHS is requesting that City Council pass a resolution authorizing DHS to enter into contracts with eight (8) delegate agencies. The Department intends to prepare and process the formal contracts as soon as possible. At this juncture, it is necessary to request pre-approval of this contract. However, as always, the approved detailed budgets are attached to the contract. All expenditures will be in accordance with the budget approved by the U.S. Department of Health and Human Services and DHS. The Head Start delegate 2003-2004 contract amount and advance payment requests are as follows:

**Detroit Police Department**

October 17, 2003

Honorable City Council:

Re: Permission to Accept Grant Award #2003-GP-CX-0170, for Reducing Community Gun Violence: Project Safe Neighborhoods.

The Detroit Police Department has been awarded a grant in the amount of \$250,000 from the United States Department of Justice. The grant is entitled "Reducing Community Gun Violence: Project Safe Neighborhoods." The project is a collaborative law enforcement effort with the Detroit Police Department's Eighth precinct, Michigan Department of Corrections, and United States Attorney's Office. The objective of the grant funds is to reduce gun violence in the City of Detroit. There is no cash match required

by the City of Detroit.

The grant project is for two years and will be utilized to contract two individuals, an investigative analyst for the Detroit Police Department and a casework aide for the Michigan Department of Corrections. Additionally, the grant will also fund research and analysis, equipment and travel expenses associated with the program.

There are two principal outcomes for this grant. First, the enhanced supervision of parolees with gun history within the City of Detroit. This objective is anticipated to reduce the incidence of gun violence and recidivism. Second, police activities, especially with regard to non-fatal shootings and other violent crimes will be analyzed and compared to other precincts within the City. The expectation

is that the clearance rates for these crimes will increase and the frequency of these crimes will be reduced after implementation of this program.

Enclosed is a copy of the grant award letter. The Board of Police Commissioners has approved this grant application. Therefore, it is respectfully requested that your Honorable Body adopt the attached resolution authorizing the City of Detroit to participate in this pilot project.

**Department of Public Works

October 31, 2003

Honorable City Council:

Re: Petition No. 1046 — Southwest Detroit Environmental Vision, for temporary street closures, in area of Sanders Ave. at I-75; S. Fort Street at Pleasant.

Petition No. 1046 of "Southwest Detroit Environmental Vision", P.O. Box 09400, Detroit, MI 48209, requests that portions of two public streets be closed on a temporary basis, in order to help prevent illegal dumping. One request involves closing a portion of South Fort Street, 60 feet wide, east of Pleasant Ave. and the other request involves closing a portion of Sanders Ave., 45 feet wide, south of the intersection of vacated Patricia Avenue and the Wabash Railroad right-of-way.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

Because the request to close the portion of South Fort Street east of Pleasant Ave. impacts a Michigan Department of Transportation (MDOT) study currently being conducted, the City Engineering Division — DPW agrees with City Planning Commission (CPC) staff (report to City Council, dated September 11, 2003) that the South Fort Street portion be deferred at this time.

All involved City departments and private owned utility companies have reported no objections to the proposal, provided they have the right to ingress and egress at all times to their facilities.

You will find attached an appropriate resolution, for your Honorable Body's consideration, authorizing the City Engineering Division — DPW to issue permits to close said portion of Sanders Avenue, on a temporary basis (for a period of five (5) years) to expire on November 5, 2008.

Respectfully submitted,  
SUNDAY JAIYESIMI  
City Engineer

City Engineering Division — DPW

Provided, That Southwest Detroit Environmental Vision ("the petitioner") shall file with the Finance Department an indemnity agreement in form approved by the Law Department. Provided, That access gates are installed, and ingress/egress is provided and maintained for all property owners and businesses adjacent to or directly impacted by said closure. The Traffic Engineering Division — DPW (TED) also requires that the petitioner contact the Operations Section of TED for deploying proper signage barricades and detour routes during the closure period.

Further, "the petitioner" shall comply with all specific conditions imposed to ensure unimpeded 24-hour-per-day access to the City and utility companies; and

Provided, All of "the petitioner's" public property fence, gate and barricade installations shall be subject to the review and approval of the City Engineering Division — DPW (if necessary, in conjunction with the Traffic Engineering Division — DPW, and the Planning and Development Department); and

Provided, This resolution does not permit the storage of materials, displays of merchandise, or signs within the temporarily closed public rights-of-way. Further, the placement of materials, merchandise, or signs on any adjacent berm area is prohibited; and

Provided, That at the expiration of the permit, all obstructions shall be removed at "the petitioner's" expense. The public property shall be restored to a condition satisfactory to the City Engineering Division — DPW by the petitioner at "the petitioner's" expense; and

Provided, "The petitioner's" fence, gate and barricade installations shall provide 13 feet horizontal and 15 feet vertical clearance(s) for utility maintenance vehicles; and

Provided, This resolution is revocable at the will, whim or caprices of the Detroit City Council without cause. "The petitioner" waives the right to claim damages or compensation for removal of encroachments. Further, the permittee acquires no implied or other privileges hereunder not expressly stated herein. If this permit is continued for the five (5) year period, the City Council may (upon written request and if the circumstances justify accordingly) grant an extension thereto; and

Provided, This permit shall not be assigned or transferred without the written approval of the Detroit City Council; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

 October 28, 2003

Honorable City Council:  
 Re: Request to Adopt Resolution Approving Modification to a Swap Transaction Confirmed on October 22, 1999, between the City of Detroit Building Authority and Salomon Brothers Holding Company, Inc.  
 The attached Resolution approves a modification of the captioned swap transaction (the *Transaction*) due to changed circumstances. In 1999, the Detroit Building Authority (the *Authority*) issued its floating rate, Revenue Bonds, Series

1999A (Tax-Exempt Auction Rate Securities) (the *Bonds*) to finance the Premier Garage.  
 Although the Bonds are tax-exempt, the SWAP transaction correlates with taxable, rather than tax-exempt, interest rates. This was done in 1999 to protect against a taxable event, the possibility of an impermissible amount of "private activity" (as determined under the Internal Revenue Code) occurring at the garage. The taxable event has not occurred, and the tax-exempt Bonds are overhedged because the Transaction correlates with a greater, taxable rate.  
 The Authority adopted a resolution on October 23, 2003, authorizing changes to be made to permit the City to realize the excess value. The attached Resolution approves the changes to be made pursuant to the resolution of the

Authority. A copy of the Authority Resolution is attached for your information.

The City's Swap Management Plan requires the Finance Director to approve the modified Transaction, and the attached Resolution provides limits on the Finance Director in approving the modified Transaction.

Adoption is respectfully requested with waiver of reconsideration at your scheduled formal session.

Respectfully submitted,  
SEAN K. WERDLOW  
Finance Director

By Council Member Bates:

Whereas, The City Council (the *Council*) of the City of Detroit (the *City*) approved the swap transaction of City of Detroit Building Authority (the *Authority*) described in the title of this Resolution (the *Transaction*);

Whereas, At present there is excess value in the Transaction due to changed circumstances;

Whereas, The Authority adopted a resolution (the *Authority Resolution*) to authorize modification of the Transaction to permit the City to realize the excess value;

Whereas, The Council desires to approve the modification of the Transaction authorized by the Authority Resolution in order to realize such excess value for the benefit of the City; and

Now, Therefore, Be It Resolved by the Council as follows:

**Article 1 Definitions and Interpretation**  
**Section 101. Definitions.**

*Unless* otherwise clearly required by the context: (i) terms defined in the preamble to this Resolution are used herein as therein defined and (ii) the following terms have the following respective meanings:

**102.3.** References to Articles and Sections by number refer to the corresponding Articles and Sections of this Resolution *unless* otherwise stated.

**102.4.** The terms *hereby*, *hereto*, *herein*, *hereunder* and any similar terms refer to this Supplemental Resolution as a whole and not to any particular provision hereof.

**102.5.** *Unless* the context clearly otherwise requires, the term *or* is not exclusive.

**Article 2 Purpose, Authorization and Disposition of Excess Value**

**Section 201. Purpose.**

The purpose of this Resolution is to enable the City to realize the excess value of the Transaction resulting from changed circumstances.

**Article 3 Express Approval and Risk Acknowledgement**

**Section 301. Express Approval.**

Such instruments as are acceptable to the Finance Director as being in accordance with this Resolution in all material respects representation and as shall be executed on behalf of the Authority in accordance the Authority Resolutions as the agreements constituting the Modified Transaction are hereby expressly approved.

**Section 302. Limitations on Approval.**

The approval granted by **Section 302** is subject to the following limitations:

**302.1. Counterparty.** The counterparty shall be Citigroup Global Markets, Inc. or an affiliate thereof, and such counterparty shall meet the applicable requirements of Act 34, the Contract of Lease and the Swap Management Policy; *provided* that the Rating Agency rating of such counterparty shall not be less than such rating of the counterparty to the Transaction immediately before the trade date of the Modified Transaction. A guarantee of a counterparty's obligation shall be taken into consideration in determining the Rating Agency rating of such counterparty.

**302.2. Term.** The term of the Modified Transaction shall not extend beyond the last stated maturity of the Bonds, and shall not be so less than such stated maturity so as to unduly expose the Authority to material roll-over risk.

**302.3. Notional Amount.** The notional amount shall not exceed the outstanding principal amount of the Bonds on the trade date of the Modified Transaction and shall decline at least in correlation with reduction of such principal amount by rea-

son of the maturity of the Bonds on their respective stated maturity dates or by reason of the application of sinking fund installments on their respective due dates. Amounts credited to any sinking fund installment prior to the due date thereof shall be deemed applied on such due date.

**302.4. Fixed Rate.** The fixed rate shall be payable by the Authority and shall not exceed the original fixed rate of the Transaction.

**302.5. Floating Rate.** The floating rate shall be payable by the counterparty and shall be based on a percentage of a floating rate index (such as 1-month LIBOR or BMA) that sufficiently correlates with the floating interest rate of the outstanding Bonds so as not to unduly expose the Authority to material basis risk.

**302.6. Savings.** The cash payment representing "excess value" to be realized by the modification of the Transaction shall be reasonable in relationship to the fixed rate.

**302.7. Payment and Security.** The source of payment and security for the Authority's obligations under the Transaction shall not be modified.

**302.8. Termination.** The termination events shall not be modified so as to materially increase the termination risk to the Authority nor shall the method of payment measure be modified so as to materially increase the potential liability of the Authority.

**302.9. Compliance.** The Modified Transaction shall in all material respects:

302.9(1) conform to the requirements of Act 34;

302.9(2) constitute a "Qualified Swap" as such term is used in the Contract of Lease; and

302.9(3) comply with Swap Management Plan.

**302.10. Disposition of Excess Value.**

The amount of the excess value realized from the Modified Transaction shall be paid to the City in accordance with the direction of the Finance Director. The Authority may deduct its fees and expenses from such amount, which shall be paid to the Authority in accordance with the direction.

**Section 303. Risk Acknowledgement.**

**303.1.** Transactions such as the Modified Transaction have inherent risks. Inherent risks that are generally recognized and reasonably foreseen are set forth in the Swap Management Policy. Any evaluation of risks necessarily involves expectations and assumptions about future events, which by their nature are uncertain and may not occur as anticipated. Furthermore, unforeseen events may occur which may have material adverse effects on present expectations and assumptions. Hence, there can be no assurance that all risk, regardless of

remoteness or other unforeseeability, have been evaluated.

**303.2.** Subject to the limitations in any risk evaluation, the Council expressly acknowledges the risks associated with the Modified Transaction. In doing so, the Council recognizes that issuance of the Authority's Series 1999B Bonds (Taxable Auction Rate Securities) as a result of disqualifying "private activity" on property financed with the Bonds will cause a materially adverse basis differential unless the Authority enters into an addition swap transaction to bring the floating rate to a reference floating rate that generally correlates with taxable floating rates.

October 28, 2003

Honorable City Council:

Re: Resolution approving second amendment of sublease in connection with the 36th District Court and approving the issuance of bonds by the City of Detroit Building Authority to fund mechanical system improvements to the courthouse.

The Chief Judge of the 36th District Court has requested mechanical system improvements to the Courthouse to improve air quality. Financing the improvements anticipates the issuance of a Detroit Building Authority Bond and the refinancing of the currently outstanding Series 1996-B Bond to produce interest savings.

Bond Counsel has prepared the attached Resolution and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

Respectively submitted,

SEAN K. WERDLow

Finance Director

By Council Member Bates:

Whereas, The Chief Judge of the 36th District Court has requested mechanical system improvements to the Courthouse (as hereinafter defined) reiterated in an October 2, 2003 letter from the Circuit Court-appointed air quality expert for the Courthouse and an October 1, booklet

referenced in that letter (the "Improvements");

Whereas, In 1984 the Economic Development Corporation of the City of Detroit (the "EDC") issued economic development Bonds (the "EDC Bonds") to finance part of the costs of the construction of the Madison Center 36th District Courthouse (the "Courthouse") and, in order to secure timely payment of principal and interest on the EDC Bonds, obtained a deed from, and entered into a Lease Purchase and Security Agreement ("Lease Purchase and Security Agreement") with, Detroit Madison Center Limited Partnership, a Michigan Limited Partnership (the "Partnership") which, in 1983, had entered into the basic lease of the Courthouse to the City of Detroit (the "City") called, in accordance with this standard bond security structure, a Sub-Lease expiring on January 31, 2011 (the "Sub-Lease") on which the rent payable by the City primarily provides the funds to pay the debt service on the EDC Bonds and the other debt incurred by the Partnership to pay the capital costs of the Courthouse;

Whereas, In 1996, the Detroit Building Authority (the "DBA") issued bonds (the "DBA Bonds") refinancing the EDC Bonds in exchange for the EDC transferring the deed to the Courthouse held by the EDC, to be held by the DBA as similar security along with a Contract of Lease from the DBA to the City and a Lease Purchase and Security Agreement between the City and the Partnership, in order to secure timely payment of principal and interest on the DBA Bonds from the continuing rent under the Sub-Lease which primarily continues to provide the funds to pay the debt service on the DBA Bonds and other debt incurred to refinance capital and other costs of the Courthouse;

Whereas, The Partnership has developed and contracted for completion of the other Court-requested improvements in accordance with 1984, 1985 and subsequent agreements between the Partnership and the City-approved construction manager and operating manager of the Courthouse;

Whereas, The plan of financing the improvements anticipates the issuance of an additional building authority bonds by the DBA ("the 2003C Bonds") and the refinancing of a 1996 Series B Bond by the issuance of building authority refunding bonds (the "2003B Bonds", together with the 2003C Bonds the "2003 Bonds") and amortizing the cost of the improvements without any increase in the current annual budget line item of the City for the capital costs of the Courthouse with all payments of both interest and principal deferred until after January 2011, all as described in the Appendix attached hereto and made a part hereof;

Whereas, The City of Detroit Downtown Development Authority holds a 1984 option to purchase the Courthouse from the Partnership on February 1, 2011, for \$2.5 million plus the balance on a 1984, federally sourced loan repayable to the Authority and retainable by the City, so that all costs of the revisions can be retired during 2011-2012 through a continuation of the Sub-Lease and the current net rent paid by the City with the Downtown Development Authority being the lessor on the Sub-lease to the City as illustrated in the Appendix;

Whereas, The issuance of the 2003 Bonds will require the amendment of several supporting documents including the Sub-Lease;

Whereas, The Finance Director of the City has expressed support for proceeding with the issuance of the 2003 Bonds and the financial and legal structure described in the Appendix attached hereto and made a part hereof, subject to an opinion of Lewis & Munday, a Professional Corporation, which has been received by the Finance Director;

Now Therefore, it is hereby resolved as follows:

1. The Finance Director is hereby authorized to negotiate and execute a Second Amendment to Sublease (the "Amendment") with the Partnership within the parameters listed as follows:

A. The net annual rent of \$2,370,662 payable by the City shall not be increased and shall be reduced in any month by the amount by which the total payments, cur-

rently funded from that net rent through January 2011, on any such DBA Bonds issued to finance or refinance improvements to the Courthouse are less than those forecast in the Appendix attached to and made a part of this Resolution.

B. The Basic Rent shall be increased on any date by the amount of:

(i) any such DBA Bonds,

(ii) any other subsequent bonds duly approved by the City and issued by the DBA to refinance any then outstanding bonds ("Successor Bonds") or

(iii) any successive Successor Bonds; subject to mandatory redemption on that date to the extent that the total amount to be paid on such DBA Bonds or Successor Bonds on that date is not paid on that date.

C. The Expiration Date of the Sub-Lease shall be the later of

(i) the date of the retirement of all DBA Bonds or Successor Bonds or

(ii) any later date elected by the City.

2. The issuance by the DBA of the 2003 Bonds as described in the Appendix is hereby approved.

3. The Finance Director is hereby authorized and directed to negotiate and execute any and all other necessary amendments and documents necessary to be executed by the City in order to complete the financing described in this Resolution and in the Appendix hereof.

4. All resolutions and parts of resolutions insofar as they conflict with the provisions of this Resolution are hereby rescinded.

Honorable City Council:

Re: Request to adopt the Resolution authorizing an Installment Purchase under the existing GE Capital Master Lease Agreement dated February 27, 1998 between the City of Detroit and GE Capital.

We are prepared to proceed with financing the purchase and installation of a Canon Copier, Model IR 110 for the Communication and Creative Services Department to be located at the Department's offices in the Coleman A. Young Municipal Center. This purchase is being made pursuant to an invitation for bids designated as File No. 9734. The award of this bid to Ikon Office Solutions was approved by resolution of the City Council dated August 8, 2003. The financing will allow the the City to raise approximately \$200,728 for this equipment. While various financing alternatives were considered (including the issuance of bonds), we have determined that the most cost effective option for financing this equipment is through GE Capital Corporation.

The attached Resolution will authorize the City to execute Equipment Schedule No. 010 (also attached) under the existing Master Lease Agreement dated February 27, 1998 between the City and GE Capital.

Adoption is respectfully requested, with waiver of reconsideration at your scheduled formal session.

Respectfully submitted,  
SEAN WERDLOW  
Finance Director

By Council Member Bates:

Whereas, The City of Detroit (the "City") proposes to enter into an agreement with Ikon Office Solutions, Inc. (the "Agreement"), providing for the acquisition and installation of a leased copier to be located in the offices of the Communications and Creative Services Department in the Coleman A. Young Municipal Center, 2 Woodward Ave., Detroit, Michigan (the "Property"); and

Whereas, It is determined to be necessary and desirable and in the best interest of the City that the acquisition and installation of the Property be financed by an installment contract authorized under the provisions of Act No. 99, Public Acts of Michigan, 1933 as amended, and more specifically by the acquisition and installation of the Property pursuant to an install-

ment contract identified as a Master Lease Agreement (the "Lease"), dated as of February 27, 1998, between the City and GE Capital Public Finance, Inc. (the "Lessor"), and Equipment Schedule No. 010 to be attached thereto relating to the Property, in the aggregate principal amount not to exceed \$220,000 (the "Schedule" and together with the Lease, collectively the "Contract"); and

Whereas, The City Council previously approved the Lease and the City initially entered into the Lease in connection with the financing of energy conservation improvements at the Cobo Conference/Exhibition Center pursuant to Section 5f of Act No. 279, Public Acts of Michigan, 1909, as amended; and

Whereas, The aggregate outstanding balance, exclusive of interest, of all purchases made by the City pursuant to Act 99, including the Contract, does not exceed 1-1/4% of the taxable value of the real and personal property of the City.

Now, Therefore, Be It Resolved That:

1. It is hereby found to be necessary and desirable for the City to finance the cost of the acquisition and installation of the Property in the aggregate principal amount not to exceed \$220,000 pursuant to the terms and conditions of the Contract.

2. (a) The Lease is hereby ratified and confirmed. The Schedule shall be dated the date of delivery thereof. The interest rate on the interest portion of the rental payments to be made by the City under the Contract shall not exceed 4.0% per annum as shall be determined by the Finance Director at the time of the execution and delivery thereof. The Contract shall be payable in rental payments, consisting of both a principal portion and an interest portion, on such dates and in such years and amounts as shall be determined by the Finance Director and set forth in the Schedule at the time of the execution and delivery thereof; shall be in the aggregate principal amount not to exceed \$220,000 as shall be determined by the Finance Director and set forth in the Schedule at the time of the execution and delivery thereof; and may be prepaid on such dates and in such years and upon the payment of a prepayment fee, if any, as shall be determined by the Finance Director and set forth in the Schedule at the time of the execution and delivery thereof. Notice of any such prepayment shall be given as provided in the Contract.

(b) In making the determinations set forth in (a) above, the Finance Director shall be limited as follows:

(1) The first rental payment under the Schedule that contains a principal portion shall be due not later than December 1, 2003, and the final rental payment under the Schedule shall be due not later than October 1, 2008.

(2) The amount of the principal portion of the rental payments due under the Schedule in any one year shall not exceed \$45,000.

2. The Mayor and the Finance Director are hereby authorized to enter into the Schedule in substantially the form presented to the City Council (upon which form the City Clerk shall indicate the date of adoption of this resolution), with such changes thereto as are approved by the Finance Director, consistent with the terms of this resolution and not materially adverse to the City. The Schedule shall be executed with the facsimile signature of the Mayor and the manual signature of the Finance Director and shall have the seal of the City impressed or imprinted thereon. The approval of such changes by the Finance Director shall be conclusively evidenced by his signature on the Schedule. The Schedule may be executed in counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

3. Except as provided in Section 4.2 of the Lease, the obligation of the City to make rental payments to the Lessor as provided in the Contract shall be absolute and unconditional in all events; provided, however, nothing contained herein or in the Contract shall limit the rights or remedies of the City against the City of Detroit Building Authority under the Agreement.

4. The City covenants to comply with all provisions of the Internal Revenue Code of 1986, as amended (the "Code"), necessary to maintain the exclusion of the interest portion of the rental payments due on the Contract from gross income for federal income tax purpose.

5. The Mayor, the City Clerk, the Finance Director and other officers of the City as may be necessary are each hereby authorized to execute and deliver such documents, instruments and certificates as are necessary or desirable to consummate the described transaction and to maintain the exclusion of the interest portion of the rental payments due on the Contract from gross income for federal income tax purposes.

6. The useful life of the property is determined to be five (5) years and upwards.

7. All resolutions and parts of resolution insofar as they conflict with the provisions of this resolution are rescinded.

Honorable City Council:

Re: Request to adopt the Resolution authorizing refinancing of Installment Purchase Agreements under the existing GE Capital Master Lease Agreement dated February 27, 1998 between the City of Detroit and GE Capital.

The current interest rate environment is advantageous for the refinancing of equipment leases with GE Capital Public Finance, Inc. ("GE Capital"), currently outstanding in the amount of \$19,486,038 (Schedule 1 attached). While various refinancing alternatives were considered (including the issuance of bonds), we have determined that the most cost effective option for refinancing this equipment lease is through GE Capital Corporation.

The attached Resolution will authorize the City to execute Equipment Schedule No. 011 under the existing Master Lease Agreement dated February 27, 1998 between the City and GE Capital.

Adoption is respectfully requested, with waiver of reconsideration at your scheduled formal session.

Respectfully submitted,  
SEAN WERDLOW  
Finance Director

By Council Member Bates:

Whereas, The City of Detroit (the "City") proposes to enter into an agreement with GE Capital to refinance equipment leases for the purchase and installation of equipment listed on Equipment Schedules Nos. 001 through 008 attached to the GE Capital Master Lease dated February 27, 1998 (the "Property"); and

Whereas, It is determined to be necessary and desirable and in the best interest of the City that the acquisition and installation of the Property be financed by an installment contract authorized under the provisions of Act No. 99, Public Acts of Michigan, 1933 as amended, and more specifically by the addition of a new schedule designated as Equipment Schedule 011 (the "Schedule" and togeth-

er with the Lease, collectively the "Contract") to an installment contract identified as a Master Lease Agreement (the "Lease"), dated as of February 27, 1998, between the City and GE Capital Public Finance, Inc. (the "Lessor") in the aggregate principal amount not to exceed \$19,500,000; and

Whereas, The City Council previously approved the Lease and the City initially entered into the Lease in connection with the financing of energy conservation improvements at the Cobo Conference/Exhibition Center pursuant to Section 5f of Act No. 279, Public Acts of Michigan, 1909, as amended; and

Whereas, The aggregate outstanding balance, exclusive of interest, of all purchases made by the City pursuant to Act 99, including the Contract, does not exceed 1-1/4% of the taxable value of the real and personal property of the City.

Now, Therefore, Be It Resolved That:

1. It is hereby found to be necessary and desirable for the City to refinance the cost of the acquisition and installation of the Property in the aggregate principal amount not to exceed \$19,500,000 pursuant to the terms and conditions of the Contract.

2. (a) The Lease is hereby ratified and confirmed. The Schedule shall be dated the date of delivery thereof. of the rental payments due under the Schedule in any one year shall not exceed \$6,800,000.

2. **RESOLUTION**

By COUNCIL MEMBER WATSON,  
Joined By ALL COUNCIL MEMBERS:

WHEREAS, The City Council of Detroit has ultimate responsibility for policy decisions that have direct and indirect effects on both the natural and built environments within which its citizens live;

WHEREAS, All aspects of the environment are today considered essential to a person's well-being and enjoyment of basic human rights;

WHEREAS, All persons are entitled to live in an environment of a quality that permits a life of dignity and well-being; Footnote 1

WHEREAS, Environmental considerations remain subsidiary to the general work of the Detroit City Ombudsman, therefore issues imperative to the environmental health of local communities are subject to delay and bureaucratic circumlocution;

WHEREAS, Matters to the environmental health of Detroit's citizens are also subject to competitive financial and commercial pressures and the priorities of corporate businesses, which are commonly understood to be economic in the first instance;

WHEREAS, Questions of corporate responsibility, ethics and accountability are today recognized as imperative issues having significant impact upon human rights, the environment, consumer and labor rights;

WHEREAS, The leakage of 27 tons of methyl isocyanate (MIC) and other poison gases (foot note 2) from Union Carbide's pesticide factory on the night of December 2, 1984, killed an estimated 8000 people in the first three days (foot note 3) and poisoned more than 500,000; (footnote 4)

WHEREAS, Nearly 80 percent of those exposed to the poison gases come from poor, working class families, of which nearly 50,000 people are today too sick to work and are thus driven to destitution; (foot note 5)

WHEREAS, At least 120,000 people remain chronically ill, (foot note 6) and 30 people die each month from the long-term effect of the gases, (foot note 7) which crossed into the bloodstream and caused multi-systemic effects; (foot note 8)

WHEREAS, Union Carbide and their

new owner, Dow Chemical, refuse to release medical research on the health effects of the gases to treating physicians, calling the information a 'trade secret'; (foot note 9)

WHEREAS, The disaster was caused because Union Carbide had under-invested in an inherently hazardous facility located in a crowded neighborhood, used admittedly unproven designs, stored lethal MIC in reckless quantities, dismantled safety systems and cut down on safety staff and training in an effort to cut costs; (foot note 10)

WHEREAS, Numerous people including Union Carbide's own workers and design engineers had warned of the potential for a huge disaster in the factory; (foot note 11)

WHEREAS, Union Carbide and its new owner, Dow Chemical, continue to blame the disaster on a fictitious (and as yet unnamed) worker; (foot note 12)

WHEREAS, In 1987, India's Central Bureau of Investigation charged Union Carbide Corporation and its officials, including then CEO Warren Anderson, with manslaughter among other offenses; (foot note 13)

WHEREAS, The Union Carbide Corporation and Warren Anderson have acted in contempt of due process and the rule of law by criminally "absconding" from the courts till date; (foot note 14)

WHEREAS, Union Carbide Corporation has not come forward to clean up its toxic wastes, and its new owner, Dow Chemical, has argued that the polluted, not the polluter, should pay for the cleanup; (foot note 15)

WHEREAS, 20,000 people in the vicinity of the Union Carbide factory continue to be exposed to carcinogenic and mutagenic chemicals abandoned by Union Carbide in an around its factory site in Bhopal during routine operations; (foot note 16)

WHEREAS, In February 2001, Midland, Michigan-based Dow Chemical acquired Union Carbide as a wholly owned subsidiary, despite warnings from Bhopal survivors, their supporters, and shareholders (foot note 17) that all of Union Carbide's pending liabilities would be assumed by Dow, as per merger law; (foot note 18)

WHEREAS, Dow Chemical, a \$30 billion company, refuses to assume Union Carbide's environmental and criminal liabilities in Bhopal, claiming Union Carbide to be a separate company; (foot note 19)

WHEREAS, Dow set aside \$2.2 billion in 2002 to resolve Union Carbide's asbestos liabilities in Texas, reducing Dow's share price by 23% and conceding that Carbide's liabilities are Dow's; (foot note 20)

WHEREAS, The people of Bhopal have waged one of the longest-ever struggles

for justice against a transnational corporation, one which epitomizes the worst abuses of globalization and the challenges involved in holding corporations accountable;

WHEREAS, Corporations such as Dow and Union Carbide cannot be allowed to commit crimes with impunity;

WHEREAS, Legal mechanisms for ensuring corporate accountability remain piecemeal and ineffectual, making responsibility discretionary and liability difficult to establish or enforce;

WHEREAS, Whenever accountability mechanisms fail to ensure that basic human rights are upheld and that criminals are punished, it is the responsibility of citizens and their organizations and institutions to advance the spirit of the law;

WHEREAS, The indifference to human life evidenced in the actions of Dow Chemical in Bhopal, and their contempt for the rule of law, generates concern about how much respect Dow has for other human lives, such as those of the citizens of Detroit;

WHEREAS, Homeland Security has become an increasing concern since September of 2001 and cities must review hazards in the community and seek to reduce or eliminate potential chemical hazards;

WHEREAS, Examples of corporate recklessness and irresponsibility, such as Union Carbide Corporation's gas leak disaster in Bhopal, India, serve to warn us of dire potential harms within our own communities;

**THEREFORE, BE IT:**

**RESOLVED,** That the City of Detroit will henceforth consider a post of environmental ombudsman, for the purposes of ensuring expedience, rationality and accountability within the city's environmental health and economic development policies; **AND BE IT**

**RESOLVED,** That the City of Detroit support the demands of the International Campaign for Justice in Bhopal seeking the Government of India to include Dow Chemical as an accused in the criminal case, pursue the extradition of Warren Anderson for prosecution, and make Dow Chemical own up to its responsibilities in Bhopal; **AND BE IT**

**FURTHER RESOLVED,** That the City of Detroit will investigate the use of Dow Chemical products, stop the purchase of said products **WHERE ALTERNATIVES ARE AVAILABLE AND COST-EFFECTIVE,** and use safer alternatives; **AND BE IT**

**FURTHER RESOLVED,** That the City of Detroit charge the Environmental Ombudsman, in cooperation with the Local Emergency Planning Committee, to prioritize the largest chemical risks in the City of Detroit for action to reduce haz-

ards in order to prevent a Bhopal-like disaster in the City; AND BE IT

FURTHER RESOLVED, That the City of Detroit sends a letter to the Dow Chemical Corporation, explaining the City's stance and urging the company to address its moral and legal responsibilities in Bhopal; AND BE IT

FURTHER RESOLVED, That the City of Detroit declare the 19th anniversary of the world's largest industrial disaster in Bhopal, December 3, 2003, a Global Day of Action Against Corporate Crime.

## Mayor's Office

November 3, 2003

Honorable City Council:

Re: Consumer Affairs Litigation.

On October 22, 2003, this Honorable Body adopted a Resolution instructing the Kilpatrick Administration to refrain from the destruction of records, documents and materials of any sort that may in any way be relevant to the Consumer Affairs litigation (*City Council for the City of Detroit, et al vs. Kilpatrick and Kagan*).

The information provided to this Honorable Body, which has resulted in the drafting of this Resolution, is factually untrue. This Administration has not issued an executive order, verbal order, or any other order directing Consumer Affairs Department staff members to destroy records, documents, or materials in possession of that department.

In light of the pending litigation surrounding the Consumer Affairs Department, all records and documents pertaining to this litigation are being maintained as required by law. If in fact your attorney, Mr. F. Philip Colista, possessed remotely credible information that this Administration was engaging in an unlawful, disingenuous act, he would have undoubtedly utilized the judicial system for prompt, remedial action. Instead of availing himself of the fair and equitable remedy available at law, Mr. Colista has provided this Honorable Body with unsubstantiated rumors and innuendo. Therefore, I must veto this Resolution.

Respectfully,

KWAME M. KILPATRICK

Mayor

Received and placed on file.

## RESOLUTION

By ALL COUNCIL MEMBERS:

RESOLVED, That in accordance with the Detroit City Charter Section 4-119, the Detroit City Council hereby overrides the Mayor's veto of possible destruction of Consumer Affairs Records resolution.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, Tinsley-Talabi, Watson, and President Mahaffey — 8.

Nays — None.

## STATEMENT FROM PRESIDENT MARYANN MAHAFFEY CONCERNING MAYORAL VETO OF COUNCIL RESOLUTION REGARDING POSSIBLE DESTRUCTION OF CONSUMER AFFAIRS RECORDS

One of our city attorneys and myself heard on good authority that the Consumer Affairs Department personnel received direction to destroy Consumer Affairs records. Upon our information and belief, these records may be relevant to the ongoing litigation. If in fact the Mayor's

representation is correct, there is no harm incurred as a result of passage of this resolution. Therefore, I encourage an override of Mayor Kilpatrick's veto.

**Law Department**

November 4, 2003

Honorable City Council:

Re: Petition Number 2025 — Request for City Council Approval for the Issuance of a New Michigan Liquor Control Commission Dance-Entertainment Permit to HardRock Cafe International (STP), Inc., 45 Monroe, Compuware Building, Suite A112.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice (Req. ID: 232839) to the Detroit City Council, which has been designated by the City Clerk as Petition Number 2025. The petition requests City Council consideration and approval of a request from Hard Rock Cafe International (STP), Inc. ("Hard Rock cafe"), for a new dance-

entertainment permit to be held in conjunction with the transfer of a Class C liquor license in escrow at 1977 Woodbridge from Rivertown Saloon, Inc., to 45 Monroe, Compuware Building, Suite A112. The approval and issuance of a dance-entertainment permit to Hard Rock Cafe would allow for dancing by patrons and entertainment on the premises only.

Upon investigation, review, and consultation with other City departments, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the issuance of a new dance-entertainment permit to Hard Rock Cafe for 45 Monroe, Compuware Building, Suite A112. The Consumer Affairs Business License Center reports that Hard Rock Cafe and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code for the issuance of a "Group A" cabaret business license for the location. The Buildings and Safety Engineering Department (B&SE) reports that the location is in a B-5 (Major Business) zoning district and the current legal permitted use of the property is 'Standard Restaurant, Class "C" Bar and Nightclub with accessory SDM License' per building permit number 69310, dated October 27, 2003, by virtue of B&SE grant number 150-03.

The Law Department recommends that this matter be placed on the City Council's agenda for consideration and approval or disapproval of the issuance of a new MLCC dance-entertainment permit to Hard Rock Cafe. Attached are proposed resolutions: A) approving the issuance of the MLCC dance-entertainment permit to Hard Rock Cafe, and B) disapproving the issuance of the permit to Hard Rock Cafe.

If there are any questions or concerns, please do not hesitate to contact us.

Respectfully submitted,

BRENDA E. BRACEFUL

Deputy Corporation Counsel

By Council Member S. Cockrel:

Whereas, The MLCC has forwarded a Local Approval Notice (Req. ID 232839) to the Detroit City Council, which has been designated by the City Clerk as Petition No. 2025, requesting consideration and approval of a request from Hard Rock Cafe International (STP), Inc. STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO RESOLUTION TO APPROVE ZONE PLAN FOR PROPOSED DOWNTOWN DETROIT BUSINESS IMPROVEMENT DISTRICT

On Friday, November 7, 2003, I voted no to the resolution presented to approve the zone plan for the proposed Downtown Detroit Business Improvement District (BID). After having had the benefit of public hearings on this issue over the course of three (3) days, two basic problems of this plan emerged. I fervently believe that the BID concept is excellent in theory and may greatly benefit the City of Detroit if it is done properly.

However, in this instance, I could not vote in favor of zone plan that was proposed, because of problems with timing and execution. With respect to the issue of timing, the City of Detroit, as well as many other parts of this state and country, is experiencing a painful economic downturn. Over the past several years, the business community has repeatedly asked to have taxes lowered because the cost of doing business in Detroit is too high. In that light, I need strong justification to show why adding this additional tax burden would help the City of Detroit as a whole without driving smaller businesses, with continuously dwindling profit margins, out of business. I could not see that justification at this time.

With respect to the issue of execution, I do not think that the process that produced this zone plan was a fair one. I have concerns that Downtown Detroit, Inc. (DDI), the major mover for this plan, would be considered to be the forerunner to be picked as the management entity for the plan. I am concerned about this situation when coupled with allegations that DDI was counting the votes, taking the ballots by hand, and entering them into a computer system in the presence of the voter. If those allegations are true, such a voting method serves to intimidate voters and to remove them from the process any meaningful exercise of true choice.

I also had concerns over the fact that less than 50% of the total parcel owners within the proposed BID even voted at all. In this case, based on statements made at the public hearings, it is my belief that better efforts could have been made to increase awareness to those who would be affected by the BID.

In sum, I really wish to emphasize that I do feel that a BID for downtown Detroit could be successful. However, before I

can vote in favor of a proposed plan, it must be one that comes at the right time and in the right way.

For the reasons stated above, I voted no.

STATEMENT BY COUNCIL MEMBER  
KENNETH V. COCKREL, JR.  
ON BID VOTE

Today a majority of the Detroit City Council voted against the controversial downtown Detroit Business Improvement District (BID).

I sided with majority in defeating this proposal. Because I am a strong supporter of the BID concept, it is with deep regret that I had to vote against the BID. There is no question that using an assessment to fund clean-up of downtown and other services would greatly enhance the quality of life for those who live and work there.

But while this is an idea whose time has come, the structural flaws in the process used to create the BID district as well as the boundaries of the district are too great to be ignored.

First, under the voting formula used to approve the BID, property owners' votes are weighted according to taxable value. In other words, the more an owner's property is worth the more powerful their vote. The problem with this process is that allows a handful of property owners with more expensive buildings to determine the outcome for property owners with lesser valued lands or buildings.

Second, some of high value properties have secured deals that cap their BID assessments at certain levels. Council Members have been told that these owners secured these deals to prevent having to pay exorbitantly high assessments. While this may seem to make sense on the surface, it raises questions about the fairness of allowing this for some owners but not others.

Thirdly, land owned by Mike Illitch, including the Fox Theatre was deliberately drawn out of the BID area. Detroit Downtown officials stress that Illitch has 13 other properties in the BID area. They also note that Illitch Holdings spends up to \$2 million annually on maintenance and cleaning costs in the area of his property already. While the investment and good corporate citizenship of the Illitch organization cannot be disputed, the deliberate "drawing out" of these properties raises serious questions about fairness.

For these reasons, I could not vote in support of the BID proposal. Nevertheless, I am willing to revisit this matter if these problems can be corrected. Correcting some of these flaws may require a change in state law and this is something that DDI should advocate for to make a BID a reality.

STATEMENT BY COUNCIL PRESIDENT  
MARYANN MAHAFFEY FOR THE  
RECORD ON BUSINESS  
IMPROVEMENT DISTRICTS

Today City Council voted on a proposal for a Business Improvement District (BID) in the downtown area. The proposal was based on enabling legislation passed by the State. The proposal failed with a 7 to 1 vote against it. I was the single supporting vote.

I wholeheartedly support the concept of BIDs, which involves taxing oneself to augment services being provided by the City, as well as providing funding for additional services and improvements within the BID boundaries. BIDs can only be implemented through a democratic process that requires a majority of the property owners to approve the plan in a public meeting before City Council can vote on the issue. Then, a majority of property owners have to vote again after any approval by City Council. I believe the requirement for two votes makes the process fair, and ensures self-determination amongst the property owners.

Some of the reasons cited by those opposing the BID include, assessments caps, voting rights, and increased taxes. While I agree that the aforementioned are all legitimate concerns, the State legislation does not allow City Council to amend any proposal brought forth by the business community. City Council must simply approve or disapprove the proposal. Given that restriction, it is my belief that since a majority of those affected by the proposed BID support the proposal — even with its flaws, Council should support it as well. Once the proposal is approved by Council, it is still subject to a second vote in the business community. At that time, if the concerns raised about the proposal are strong enough, the majority of those affected once again have an opportunity to vote the proposal down. In any case, the final decision should be made by the businesses imposing the taxes upon themselves, not this body.

I urge those supporting Business Improvement Districts to work on amending the proposal presented to this Honorable Body, as well as amendments to the State legislation. There should be a fair and consistent formula for assessment caps and voting rights. There should also be some language that allows the BID to waive assessments for businesses experiencing financial difficulty. The legislation would be counterproductive if the assessments intended to improve the district resulted in driving businesses into financial crisis.

I look forward to the business community working together to improve the legislation and presenting an amending version to City Council.

#### STATEMENT BY COUNCIL MEMBER KAY EVERETT ON ESTABLISHING A DANGEROUS BUILDING BOARD OF APPEALS

I am opposed to the proposed ordinance that creates a Dangerous Buildings Board of Appeals. Dangerous and abandon structures are a major problem that our city must address. In order to improve the quality of life in our neighborhoods and spur economic development in our communities, we must get a better understanding on how to effectively dispose or redevelop the dangerous buildings in our city. If we do not get a better understanding on the disposal of vacant structure, the trend of demolishing more buildings than the creation of new housing will continue. I believe the citizens would like to have their elected officials making the determination regarding the disposal of abandon property rather than a board that is not accountable to the citizens.

I enjoy hearing the various cases that comes before the Detroit City Council. It gives me an additional vehicle to hear what is going on in the community and to hear the concerns of our citizens. On numerous occasions this Body has expeditiously provided assistance to residents against the recommendation of the Buildings & Safety Engineering.

Additionally, for this reason I am opposed to the creation of a Dangerous Buildings Board, due to the inability of this Board's authorization to enforce its decisions in a timely manner as that of the Detroit City Council.

Furthermore, I believe this Honorable Body should not abrogate our responsibilities. This Body should uphold and maintain every charter mandated responsibility. The citizens of this city rely on the Detroit City Council to be their voice and fight on their behalf, not another bureau-

cratic level of government that removes us from the citizens.

Therefore, I am opposed to the creation of a Dangerous Buildings Board of Appeals.

#### STATEMENT BY SHEILA M. COCKREL IN OPPOSITION TO AMENDMENTS TO DANGEROUS BUILDINGS ORDINANCE

On Wednesday, November 12, 2003, I voted no on the amendments to the Dangerous Buildings Ordinance. I have no objection to those portions of the amendments that were necessary to bring the ordinance into conformance with state law. However, some of the amendments created a Dangerous Buildings Board of Appeals that will now be responsible for hearing cases appealed from decisions of the hearings officer.

To date, the City Council had been the body responsible for hearing such appeals. City Council's involvement in the process provided a point of contact between City government and the community whereby citizens could address their Council directly. The amendments creating a Board of Appeals creates another layer of government for citizens to traverse in order to have their concerns addressed.

I will work to the best of my ability to ensure that the members of the new Dangerous Buildings Board of Appeals are highly qualified to hear cases and make sound decisions. However, in my view, retaining a system whereby the Council as a whole hears and decides Dangerous Buildings cases makes more policy sense.

For all of the reasons stated above, I voted no to the proposed amendments to the Dangerous Buildings Ordinance.

#### STATEMENT OF THE HONORABLE ALBERTA TINSLEY-TALABI REGARDING THE

#### DANGEROUS BUILDING ORDINANCE

There are few rights that we hold more dearly than the right to own property. As Councilmembers we were elected to be the voice of the people in our government. The voters have entrusted us with the sacred responsibility of having the last say in the disposition of all property matters. This duty is one of the most important we hold as Councilmembers. After appointing the members of the new five member Board of Appeals, City Council will have no additional input. We will be giving this Board the authority to destroy citizens property. I could not vote in good conscience to abdicate our responsibility to hear and address citizens' concerns regarding these matters.

The City of Detroit is facing serious financial shortfalls; employees have been laid off and services may need to be prioritized. Also, the Budget Department

projects large deficits for last year, this year as well as next year. In light of City's bleak outlook, I find it imprudent to spend \$57,500 to change a process that is already being provided. This money could be better spent to provide much needed individuals such as an additional Animal Control Officer, a Living Wage Monitor, or an Auto Mechanic. It also could provide summer employment for over 50 youth or to return a laid-off employee to service.

There are some members who feel that the amount of time spent on dangerous buildings is excessive. However, I view this process and all other property matters, too important a responsibility to delegate to an non-elected body. It is worth noting that the number of dangerous buildings have lessened significantly in recent months. Where it once took a two part session to conduct hearings regarding these buildings, it now only takes one session. This was a lengthy process that took several hours; now it takes less than one hour of our week.

Often we as members balk at the Administration's efforts to usurp our Charter-mandated authority, yet here we are attempting to give it away. I could not support this effort.

Honorable City Council:

Re: University Grove Homes — Payment in Lieu of Taxes (PILOT).

NorthStar Community Development Corporation, the sponsor, has formed University Groves Homes Limited Dividend Housing Association Limited Partnership. The University Groves Homes Development will consist of fifty (50) newly constructed three and four bedroom single family units: each with 1 baths and 1,510 square feet in size. Financing for the development will be made possible by a loan of \$3,353,000 at 5.25% interest for 20 years from the City of Detroit-Home Investor and Low Income Tax Housing Tax Credits with a total development cost of eight million eight hundred nineteen thousand two hundred thirty one dollars (\$8,819,231).

The Project area is bounded by: Puritan to the north, Lodge Freeway to the south, Petoskey to the west and Parkside to the east.

MSHDA has indicated that such development receiving low income tax credits, but no financing from the authority, are eligible to receive tax abatements pursuant

to Section 15a of Act 346 of the Public Acts of 1996 as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

At least twenty percent (20%) or 10 of the units must be occupied by households having incomes no greater than 50% of the median income, adjusted for family size. The remaining eighty percent (80%) or 40 of the units must be occupied by households with incomes that do not exceed 60% of the area median income, adjusted for family size. These income restrictions will be in effect for the longer of the period the Affordable Housing Restrictions apply or the time required under the Low Income Housing Tax Credit Program.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a 4% service charge for this housing project.

Respectfully submitted,  
FREDERICK W. MORGAN  
Assessor

Honorable City Council:  
Re: Eastside Detroit Homes — Payment in Lieu of Taxes (PILOT).

In August 2002, a Resolution requesting Payment in Lieu of Taxes (PILOT) was sent to your Honorable Body. The developers has since made changes to the legal description (Exhibit A).

We are requesting that a revised Resolution be approved to amend the Exhibit A.

Respectfully submitted,  
FREDERICK W. MORGAN

Honorable City Council:  
Re: Eastside Detroit Homes — Payment in Lieu of Taxes (Revised).

Eastside Emergency Center, Inc. has applied for a mortgage from the City of Detroit — Home Investor Loan Program in the amount of \$819,000, at 6.00% interest for 20 years, and a mortgage in the amount of \$1,600,000 from Charter One Bank at 7.75% for 15 years. It has been determined that Eastside Emergency Center Inc. has formed a (LDHALP) Eastside Detroit Homes Limited Dividend Housing Association Limited Partnership: The LDHALP has also been awarded Low Income Housing Tax Credit.

Eastside Detroit Homes housing development will consist of 60 new single-family homes, consisting of, new construction, 34 four-bedroom 2 bath units, and 26 three-bedroom 1-1/2 bath units. The Project area is bounded by Warren to the north, Mack to the south, Lakeview on the east, and Conner to the west.

Michigan State Housing Development Authority MSHDA has indicated that such developments receiving low income tax credits, but no financing from the authority, are eligible to receive tax abatements pursuant to Section 15a of Act 346 of the Public Acts of 1996 as amended.

In order to make this development economically feasible, it is necessary for the development to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

In accordance with National Housing Act and the criteria for the award for reservation of Low Income Housing Tax Credits and the Planning and Development Home Investor Loan Program at least twenty percent (20%) of 12 of the units must be occupied by households having income no greater than 50% of the area median income, adjusted for family size. The remaining 80% of 48 units must be occupied by households with income that do not exceed 60% of the area median income, adjusted for family size. These income restrictions will be in effect for the longer of the period the Affordable Housing Restrictions apply or the time required under the Tax Credit Program.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a four percent 4% service charge for this housing project.

Respectfully submitted,  
FREDERICK W. MORGAN

November 7, 2003

Honorable City Council:

Re: Petition Number 2024 — Request for City Council Approval for the Issuance of a Michigan Liquor Control Commission Dance-Entertainment Permit to William A. Flournoy (d/b/a Club Xhale), at 16314 E. Warren.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice (Req. ID: 199249) to the Detroit City Council, which has been designated by the City Clerk as Petition Number 2024. The petition requests City Council consideration and approval of a request from William A. Flournoy (d/b/a Club Xhale) of the transfer of ownership of Class C liquor license (in escrow) with dance-entertainment at 16314 E. Warren. The approval and issuance of a dance-entertainment permit to William A. Flournoy for this location would allow for dancing by patrons and specific entertainment on the premises only.

Upon investigation, review, and consultation with other City departments, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the transfer of the Class C liquor license with dance-entertainment permit to William A. Flournoy for 16314 E. Warren. The Consumer Affairs Business License Center reports that William A. Flournoy and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code for the issuance of a "Group A" cabaret business license for the location. The Buildings and Safety Engineering Department (B&SE) reports that 16314 E. Warren is located in a B-4 (General Business) zoning district and that the current legal, permitted with approval, use of the property is 'Class "C" Bar with accessory dance-entertainment (limited to patron dancing and karaoke)' per building permit number 4609, dated October 29, 1996, by virtue of B&SE grant number 114-96.

The Law Department recommends that

this matter be placed on the City Council's agenda for consideration and approval or disapproval of the issuance the MLCC dance-entertainment permit upon the transfer of the liquor license to William A. Flournoy. Attached are proposed resolutions: A) approving the issuance of the MLCC dance-entertainment permit to William A. Flournoy, and B) disapproving the issuance of the permit to William A. Flournoy.

If there are any questions or concerns, please do not hesitate to contact us.

Respectfully submitted,  
BRENDA E. BRACEFUL

Deputy Corporation Counsel

By Council Member Watson:

Warren in accordance with its procedures and this Body's August 1, 2003 resolutions on the procedures and criteria for the approval or disapproval of the issuance of such permits;

Now Therefore It Is Resolved, Pursuant to Section 916(6)(b) of the Michigan Liquor Control Code, being MCL 436.1916(6)(b), that the Detroit City Council, approves the issuance of a dance-entertainment permit by the MLCC to William A. Flournoy for 16314 E. Warren upon approval of the transfer of the liquor license; and

It Is Further Resolved, That copies of this Resolution, and the City Clerk's certification of this approval of MLCC request ID number 199249, be forwarded to the Michigan Department of Consumer and Industry Services, Liquor Control Commission, 7150 Harris Drive, P.O. Box 30005, Lansing, MI 48909-7575, the Detroit Police Department, Liquor License Unit, 1300 Park Street, and the Consumer Affairs Business License Center, 105 Coleman A. Young Municipal Center.

Honorable City Council:

Re: Address: 15861 Mendota. Name: Larry Polk. Date ordered removed: November 15, 2000 (J.C.C. p. 2782).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on October 6, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of July, 15, 2003.

The proposed use of the property is rehabilitation and rental.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.
2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:
  - Certificate of Acceptance related to building permits

• Certificate of Approval as a result of a Housing Inspection

• Certificate of Inspection, required for all residential rental properties

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

5. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:  
Re: Address: 5852 Seneca. Name: William Lynaum II. Date ordered removed: September 10, 2002 (J.C.C. p. 2565).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on October 9, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved Tax Payment Plan to pay the current taxes due as of October 2, 2003.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is

not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Re: Notification to City Council of Petition Review.

On October 28, 2003, the Detroit Coalition for Compassionate Care submitted signatory petitions seeking to amend the Detroit City Code, Chapter 38, Article 11 (see attached copy of petition). I am reporting to you on the canvass of signatures appearing on these petitions as required by Section 12-104 of the Detroit City Charter.

A total of 9,489 signatures were submitted. The Election Commission staff canvassed the signatures on the petitions to determine their sufficiency. The result of this canvass revealed that the number of valid signatures submitted exceeds the number required by the City Charter, Section 12-102. (See enclosed report from Director of Elections Gloria C. Williams). Therefore, I have determined that the number of valid signatures submitted is sufficient.

Sections 12-107 and 12-108 of the Detroit City Charter describes the action the City may now take.
