The Honorable City Clerk, Janice Winfrey stated the following:

"Thank you very much and I just want to say that I am very humbled to have this opportunity to come before you to serve the citizens of Detroit. I ask that you con-

tinue to engage yourself in the democratic process and pray for me as I move Detroit forward. Thank you.”

Ms. Darcell requested that each Council Member stand as she called their name. She reported that Honorable City Council Member Sheila Cockrel would be joining the group as soon as possible. Each City Council Member was introduced. Judge David Allen and Judge Vonda Evans administered the oath of office.

City Council President Kenneth V. Cockrel, Jr. called the Adjourned Session of January 5, 2006 to order.

Honorable City Clerk, Janice Winfrey called the roll and presented the gavel to the Honorable Kenneth V. Cockrel, Jr., President of the Detroit City Council. She introduced Honorable Monica Conyers, President Pro Tem of the Detroit City Council.

Honorable President Kenneth V. Cockrel, Jr. stated that a quorum was present and that the Council was now in session.

Ms. Darcell acknowledged family members of each City Council Member and the City Clerk seated in the audience. She acknowledged the commitment of all of the leadership being sworn in today.

Ms. Darcell announced that there was going to be a tribute today to someone who has given a lifetime of service and love to the great City of Detroit, former Council President, The Honorable Council Woman Maryann Mahaffey. Since 1974 Council Woman Mahaffey has been a staunch advocate for Detroit, serving the citizens with compassion and dedication while leaving a legacy of love in the process. She has epitomized the title of public servant and is a shining example of what Detroit is really all about.

Council President Maryann Mahaffey stated the following: “I am one of those who believes that what you say you believe, has to be truly what you do. It is imperative that we remember that we are on earnest not to satisfy ourselves but to make for a better world for everybody else.”

A video was displayed to the audience entitled “Tribute to a Legacy — Council President Maryann — 1974-2005”. The video reported that Maryann Mahaffey served as a Council Member for 31 years, and for 12 of those years she was Council President. During that time she has been a loving wife, she raised a family, and she dedicated her life to making Detroit a better place for all Detroiters. Maryann Mahaffey has a history in Detroit that is long and greatly treasured.

Council President Mahaffey introduced her husband Herman Dooha, her daughter Susan Dooha, and her granddaughter Lify Dooha. She reported that her son-in-law is in rehabilitation recovering from a

liver transplant that he had in December and could not attend. She thanked Mayor Kilpatrick, and everyone in the room and in the city who have been helpful and supportive. She thanked everyone for their prayers while she was ill. She reported that she is doing much better and improving day-by-day.

She reported that she has a lot of work to do. There are boxes in her basement from the office. All of it has to be directed towards what the city is going to do together to solve the problems. One of her pleasures while serving on City Council was to visit neighborhood groups to hear their visions of what their block could be like and what suggestions they had for improvement, and to see that brought together and coordinated through the Neighborhood Economic Development Corporation. She stated that it is awful sometimes to watch the tensions between a President and the Congress, a Governor and the legislature, a Mayor and the City Council but that is built into the democratic structure because that means that there is open debate and open discussion. That gives people an opportunity to express their opinion by letter or e-mail, or at the ballot box. She stated that she feels the future in the City of Detroit is very good but not because it is rolling in money. Some transportation problems have been solved. Housing continues to be a big problem and healthcare. Together problems can be solved by educating, organizing, and being active. That is what she will be involved in, in the future.

Council President Mahaffey reported that her three goals that she has had from the time that she can remember have been to end discrimination and racism; end poverty, which seems to be the hardest; and end discrimination against women. Some progress has been made but there is more to go. Citizens will make the difference and she has great faith in the people because she has seen what the people can do when they are together, organized, and have good leadership that lays out a program that makes sense to the people.

She thanked everyone again stating “I love you. I will always be here. This is my city and I will always be here.”

Ms. Darcell introduced the son of the newly elected City Council President, Kenneth V. Cockrel, III who stated the following:

Good morning ladies and gentlemen, My name is Kenneth Cockrel, III. I can always tell when it's election time at my house. My mom gets pregnant. (pause for laughs) People often ask me what it's like to have a famous father and grandfather, it makes my very proud to know that I come from a line of strong, intelligent black men who have made great sacrifices in their personal lives for the better-

ment of others. Men who had the strength and fortitude to do what they feel is in the best interest of the city not for themselves. My dad was taught not to fear criticism, but embrace it by his dad. To fight for what you believe in, even if you are alone in your beliefs. I have watched my dad spend countless hours trying to make the city better. I watched him read papers the size of telephone books and then write a two-sentence paragraph about what it means. Like his father before him, my dad takes me to lots of meetings. I've seen people argue just to argue. And people cry out loud with joy because my father has finally solved a problem that they had been having for years. One time we were at church and my dad was getting an award for helping the church clear up paperwork so they could get money to finally restore it and the pew we were sitting on collapsed underneath me while he walked up to get the award. The thunderous applause was making the plaster fall down and my dad asked them to settle down before the ceiling caved in. My dad's help couldn't have come sooner for that church. He is always holding town hall meetings, turkey giveaways, family fun days and lots of stuff for the community. I like some of the stuff he does, but most times it's like the more he gives the more people want of him. I guess that's a complement. I don't know how he does it. People from around the world seek his advice. He's been to Harvard and even toured Switzerland with such groups as the World Health Organization to help strengthen Detroit's image and to bring new business to our city. No matter how exciting his job is, my dad is quick to say that Detroit politics is like the rap song from Jay-Z "It's a hard knock life, instead of being treated, you get tricked instead of kisses, you can get kicked." Lately, it's been more like the new Mike Jones rap song. "Once at first you didn't know me ... now I'm hot you're all on me!"

My dad reminds me often of what his dad used to say to him. "No one will ever give you the benefit of the doubt. You will always be challenged and the world will treat you unfairly. Don't expect shortcuts because you are my son ... If anything expect hardship, skepticism and betrayal" With this kind of advice, you wonder why he went into politics. My grandfather also said "Be true to yourself, never be anyone's puppet, and do what your heart's desire calls you to do!" My grandfather wanted his struggles and sacrifices to be remembered. Today Grandpa Kenny, we will never forget your sacrifices. Your legacy lives on for all. My father is a True native Detroiter. He went to Friends School in Lafayette Park, high school in Hamtramck, and lived in both Highland Park and Sherwood Forest at the same time. You can't get more Detroit than that.

When his dad was on City Council almost thirty years ago, Maryann Mahaffey used to always invite him to wait for his dad in her office because he was always busy talking and he would never stop talking until his dad would get his point across. She would give him a snack and say to him that he would go into politics too one day! I guess she was right. Like Grandpa Kenny, my dad always makes time for me and our family.

I know that my dad will make a good president because he always puts the interest of others before his own. My mom is always saying he can squeeze 6 nickles out of a quarter. He has never been a glory seeker and is always reminding me that he has two great loves in his life the City of Detroit and his family. For eight years, my dad shared the same office and the same phone number as my grandfather. He says that he will not make politics his life because it is only a part of it because one day he will have to leave public service to make room for another generation, but before he leaves he wants to help train others in the ways he was trained because a lot is being lost or forgotten. My dad is only 40 years old, but he has held office alongside the political heavyweights Ed McNamara, Art Blackwell, Daddy Bob Blackwell, Dennis Archer and countless other political legends. My dad is living history ... a walking political storybook. During Mayor Coleman Young's last days, he would call my dad to come sit with him at his Riverfront Towers condo during the wee hours of the morning during Mayor Young's nurse shift change and about political leadership, my grandfather and the difference between a good and a great leader. Mayor Young was going to throw his support behind my grandfather until his untimely death. This hurt Mayor Young deeper than anyone will ever know. He told my father to watch over the people and they will watch over him.

My dad has tried to keep those words with him. When I asked my dad what advice would he give me if I wanted to run for political office, he told me this.

Always be humble, never take anything for granted, and trust in the Lord Jesus Christ with all your might. He said that in the darkest of hours, when no one believed in him and when he was all alone and misunderstood, it was his faith that helped face unlikely odds and a small bank balance.

When my father first ran for City Council he came in dead last, but today eight years later, I am proud to stand before my mother, my sisters, Grandma Carol, Grandma Dorothy, baby Kyle and the entire City of Detroit and say "And the last shall be first, "Congratulations, Mr. President."

City Council President Kenneth V. Cockrel, Jr. stated that obviously he was very proud of his son today, but most importantly, he is proud of him every single day of his life. The following remarks were also made:

"I would like to begin with a set of "thank you's" starting first with a big Thank you to the citizens of Detroit. Were it not for your votes I would not only not be standing here but I wouldn't be standing as the new President of the Detroit City Council. Your support is a vote of confidence in myself and my colleagues on stage with me and I will try not to betray that confidence.

I would also like to thank my staff for all of their dedication and hard work during the course of the past four years and most recently during 2005. Led by my Chief of Staff John Clark, Heather Johnson, Dale Foster, as well as new additions Mary Barela, Sharon Lee, and Victor March you have already hit the ground running in 2006 and I am proud to have you on my team.

I also want to thank all of the volunteers and supporters who have given of their time and support to me and my efforts.

And lastly, I would like to thank my family members, all the members of the Cockrel-Thigpen clan for your love and support. My mother Carol who flew in all the way from Tucson, Arizona for this event. My mother in law Dorothy who drove in from Indiana.

Most importantly, I would like to thank my five children Kenneth III, our daughters Kennedy, Kendal, and Kayla, and our baby boy Kyle. I know that the past year has been rough because Daddy hasn't been around that much in some cases and in other cases your weekends were spent passing out campaign literature instead of doing fun things. But I want you to know that your love and patience is what gets me out of bed every morning. And of course, my wife Kimberly who is my competitive edge. Baby, you the greatest.

I think I would also be remiss if I did not acknowledge the fact that though we are the newly sworn-in City Council, we are here as part of a proud and long tradition that has included such giants of public service as Carl Levin, Mel Ravitz, Erma Henderson, Jack Kelly, David Eberhard, Billy Rogel, Clyde Cleveland, Nick Hood, Nick Hood III, Carl Levin, Brenda Scott, Gil Hill, and Kay Everett just to name a few. And I would also be remiss if I didn't take a moment to acknowledge the life and legacy another giant of public service who has only recently left us Ms. Maryann Mahaffey.

And while we were honored and pleased that you were able to rejoin City Council for our last official meeting in 2005 where we honored you for your many years of public service. I have to say that it will be a very different City Council without you at the table.

With that, I'd like to say that this speech and this occasion isn't about me as an individual. It's about this City Council. I believe the City of Detroit deserves Nine City Council members who recognize that we are, first and foremost, public servants.

Detroit deserves a Council who will work with unfailing determination to not only perform its charter-mandated responsibilities as the legislative branch but also to eliminate the problems that make living, working, and doing business in the City of Detroit so difficult.

Detroit deserves City Council members who are going to deal with each other respectfully and where necessary, agree to disagree, but do so agreeably.

The problem is that there has some times been a gap between the Detroit City Council citizens deserve and the Detroit City Council citizens have gotten. Sometimes this gap has been fairly narrow. At other times, that gap has been as wide as Grand Canyon.

The task of this City Council is to narrow that gap to zero.

While I do believe that much of the bad reputation of the Detroit City Council is the result of a media bias, I also think that we would be lying if we didn't acknowledge that much of what is out there has a basis in fact.

In fact, some of the disputes and incidents that have taken place at the council table over the years have so well-documented by the media that they have almost become the stuff of legend. There are many who actually watch our televised council meetings with baited breath waiting for something similar to happen.

Former City Council member, Mel Ravitz reportedly once called the "Detroit City Council the best free entertainment in North America."

I think our goal must be to make the Detroit City Council little less entertaining. The day when what happened at last night's Council meeting isn't the number one topic of discussion on every morning radio program Nadine every barbershop and beauty salon where someone invariably uses the "Oh no, they didn't" is the day when Council's focus will be solely on the work that needs to be done.

City Council can no longer allow itself to be hobbled by the personal squabbles and beefs that should be settled away from the Council table. Our citizens deserve better.

I will never forget the words of our former City Ombudsman John Eddings who described City Council thusly: "All nine Council members are strong-willed, independent individuals, each with their own agendas. But at the end of the day, there has to be a 10th agenda which the Council focuses on collectively. That agenda must be the betterment of Detroit for its people.

But of course, there is one other major factor in that equation and that is Council's relationship with the Mayor. Mr. Mayor, I know that you've recently pointed out that you want to have a better relationship with City Council this term than in the past. While I'm here to let you know that the feeling is mutual.

Council does not want to be an obstructionist body but by the same token we do not intend to march in lockstep with you on every single issue because that would be equally dangerous.

There are critical issues that this Council believes should be addressed and addressed early this year such as the future operating agreements for the Detroit Zoo and the Detroit Historical Museum, the formation of a Land Bank, the re-engineering of City Government, and the creation of a viable city budget.

We are ready to work with you to resolve these issues and hope that you and your staff will be timely and responsive in getting us the vital information we need to make important decisions on these and other matters. Understand that communication is a two-way street and this council is ready to talk.

This Council also recognizes that Detroit is not an island and its elected officials cannot and should not operate in isolation. With this in mind, we have already begin initial discussions with officials in the City of Windsor relative to the scheduling of this century's first joint meeting between the Detroit and Windsor City Councils which we aim to schedule in the first quarter of this year. Our goal at that meeting will be to discuss border crossing issues, the future of the Ambassador Bridge and Detroit Windsor Tunnel and other issues of common concern to both our great cities.

It is my belief that the Detroit City Council must begin to dialog on a regular basis with local and county officials in our neighboring communities. Up until now, the City Council has not been active in the tri-county summit meetings and task forces which were initiated several years ago by former Wayne County Commission Chair Ricardo Solomon.

Closer to home, I join with my colleagues in recognizing and applauding the swearing in of Detroit's first elected school Board in five years. I know that I speak for many Detroit residents when I say that it's about time.

We also know that while we believe in Detroit Public Schools we recognize that if the problems in our schools are not solved Detroit's Renaissance will never be complete. We stand ready to assist our school board and the School administration in any way in fulfilling its mission of educating and nurturing our most precious natural resource, our children.

In closing, as I stand here before you I

am reminded of one of the last published interviews that was given by my father, Ken Cockrel, Sr. in 1987. In that interview, he was asked how he felt about the prospect of casino gambling in Detroit. While he said that he was not necessarily opposed to Casino gambling he added that the central question we must ask ourselves is "What kind of city are we going to be?"

Nearly, 20 years later that question is just as timely and relevant as when he posed it then because the challenge we face is to redefine Detroit for a new millennium.

Detroit has a rich and important history in manufacturing and should not shy away from its role as an industry leader in this regard. But I also think most of us realized some time ago that we can no longer be overly dependent upon the auto industry as a source of jobs and business.

Additionally, casinos will also not be the economic salvation for the City of Detroit. As Detroit redefines itself it must also diversify its industry rather than putting all of its eggs in one economic basket.

We should leverage the presence of entities like Compuware and Wayne State University's Tech Town into opportunities for future growth and development in the high tech arena. We must also continue to support efforts to redevelop Detroit's ailing neighborhood business strips.

And though we encourage the diversity of ethnic groups that has long been a source of strength for the nation's economy, we also note that the development and growth of African-American businesses, in this a city with an 80% African-American population must be a top priority.

In closing, while today is a time for brightness and optimism I must also acknowledge that it may seem hard to look on the bright side and be optimistic at a time when there are so many challenges that confront us.

But I would like to leave you with a quote from John Johnson, founder of Ebony Magazine, who in his autobiography, "Succeeding Against the Odds" offers words we can all live by:

"There's an advantage to every disadvantage and a gift in every problem."

I say let us seize the advantages in our disadvantages and find the gifts in our problems.

Thank you very much and God bless each and every one of you."

Ms. Darcell introduced Karen Clark-Sheard who performed a musical selection.

Mayor Kwame Kilpatrick's twin sons, Jelani and Jalil Kilpatrick, introduced members of the First Family.

The Honorable Judge Karen Ford Hood and The Honorable Judge Damon J. Keith, administered the oath of office to Mayor Kwame M. Kilpatrick.

Ms. Darcell introduced Arthur Blackwell and David Baker Lewis who gave opening remarks and then introduced The Honorable Kwame M. Kilpatrick, Mayor of the City of Detroit who gave the following speech:

2006 Inaugural Remarks

Today is a day for celebration. We celebrate the end of a long elections process that finally came to a close last week. We celebrate the start of new terms in office for those of us on this stage. And we celebrate Detroit and all the things that make this city the great city that it is.

I want to begin by thanking the people of Detroit for the opportunity to stand before you today to once again take the oath of office as your Mayor.

I especially want to thank all the volunteers whose efforts made it possible for me to stand before you today. I thank you for your confidence in me during times when many thought we didn't have a chance. I thank you for stuffing envelopes, for walking door-to-door, for working late into the night and for caring about this city. For all the things that you did to make this day possible — I say, "Thank you."

I want to thank Shannon McCarthy who is not with us today because of injuries she suffered in an auto accident on New Year's Eve. She worked so hard to put this event together and I know she is watching from Henry Ford Hospital and I want to say, "Thank you, Shannon."

And finally, I want to thank my family. There has been no Mayor in this city's history, no Governor, whose family was scrutinized more and I want to thank you for keeping your heads up and staying strong.

I want to take a personal moment as well to extend my heartfelt words of gratitude to the woman we honor here today, Maryann Mahaffey. Her commitment to Detroit and to fighting on behalf of the people of Detroit is legendary.

We haven't always agreed in the last four years. But never in those four years did I doubt her love for Detroit and her devotion to Detroit. Madame President, you've earned your retirement and I know I join everyone in hoping that you will enjoy it as much as you have enjoyed serving the people of Detroit. Thank you.

I also want to congratulate the members of the City Council. Being a person whose political career started in the legislative branch, I understand the important part that you play. There has to be a relationship between our two branches of government — a partnering — if we are going to move this city forward.

President Cockrel . . . President Pro Tem Conyers . . . members of the Council . . . congratulations on your success. I look forward to working with you and I pledge today to constantly be in communication with you to involve you as a partner in the

total revitalization and restoration of this great city of Detroit. Thank you.

Finally, I want to congratulate our new City Clerk, Janice Winfrey. As a former teacher myself, I value her background as an outstanding educator. She brings a very special warmth, spirit and energy to her new job and I look forward to working with her in the coming years.

This inaugural ceremony comes at a very unique moment in Detroit history. On the one hand, we face tremendous challenges that reflect the economic pressures brought to bear on the world around us. We are preparing to make basic decisions to completely transform city government.

On the other hand, one month from today we will host the largest single spectator sporting event in the world.

Only 12 cities have hosted a Super Bowl. This is our shot.

In truth, the game is not nearly as important as all of the events that go on around it. Those events will give us a platform to start changing the image of the City of Detroit around this nation and this world. They give us an opportunity to focus on the progress we are making in rebuilding Detroit and on the many attractions to be found here that hopefully will bring people back for a second and third visit.

When people come here they are going to see a new Detroit — a Detroit infused with a new spirit and energy. As our visitors start to talk about what they actually see here, that will begin to transform the messages that we've been sending out and have been hearing about ourselves around the country and around the globe.

The pride and the spirit our visitors will see is visible through economic development, through improved city services and more access to recreation, through more trade shows, more national conventions and more national sporting events than we've seen in Detroit at any time in our history.

But the ultimate discovery our visitors will make will be the people of this great city. Because our number one asset here in Detroit is the people of Detroit. And I, for one, can't wait for our visitors to make that discovery.

This is a time of change in Detroit. As we look back on our history as a city, the distant past is often remembered as a more stable time, when things were much better. But a closer, more realistic look shows that, from the beginning to the end, the 20th Century was a time of constant change in Detroit, some for the better and some not.

We grew from a city of 270,000 in 1900 to a city of almost 2 million by mid Century as people came here literally from all over the world for their piece of the American dream. But the dramatic growth of the first

50 years turned into a steady exodus of jobs and people in the second half of the Century until our population declined to back below one million.

The challenge before us today is to develop the public policies that will reverse that decline and that will make this city the same beacon of opportunity and hope that it was for much of the 20th Century.

As we set about that task, we need to start with our own attitude.

In her 1937 book, "My Story," Eleanor Roosevelt, one of the great Americans of the 20th Century, told us, "No one can make you feel inferior without your consent."

Detroit, today is the day we stop giving our consent. Detroit needs to stop apologizing for itself. This is a great city. We are a city of grit. We should be proud of our grit. We are a city with some rough edges. We should be proud of those rough edges. We are a city of love.

There are too many people around here who don't like the City of Detroit and who noisily voice that opinion too much. It's no longer an issue of the world not liking us. Now, it's us not liking us and sending that message out to the world. It's time for that to change. We are a great city. We should remember that and take pride in that.

That is not to say we do not face challenges as a city. But life is a series of challenges. The important thing is how we face those challenges, how we face the inevitability of change.

Change has many different meanings, depending upon your attitude.

It has been said, "To the fearful it is threatening because it means that things may get worse. To the hopeful it is encouraging because things may get better. To the confident it is inspiring because the challenge exists to make things better."

We are here today because we faced with confidence an election in which many doubted us. When others doubted, if I had not been confident, if our team had not been confident, if my family and supporters had not been confident, we wouldn't be standing here.

The challenge made us better because of our confidence. So we must face the changes before us with confidence.

Our first order of business in this new term is a basic restructuring of city government. This is not about fixing things. It's about transformation.

That is why we call the teams we have assembled to chart our course for the new term transformational teams, not transition teams. Nothing is off limits as we begin this new term. Our first order of business in this new term is not to administer a basic restructuring or to merely fix some things. Rather, it is a major transformation of City government.

The decline in our resources shows we

have to change the way we do business as a city. We must provide better service to the citizens of Detroit in a much more efficient way than we have done in the past.

A key part of that process is the work being undertaken by the Municipal Restructuring Team I have appointed to conduct a thorough review of city government. The committee is headed by New Detroit President Shirley Stancato, NAACP President Wendell Anthony and former DTE executive S. Martin Taylor.

Their assignment is to identify the tough decisions we're going to have to make to get our city budget situation back under control. They were given 90 days to develop those recommendations and are well into their process.

One key area everyone recognizes must be changed is employee benefits. Pension and health benefit costs are rising beyond our control. They will literally eat us alive if we don't change them now.

If you are a city worker today, you have a health benefit package that requires either no co-pay or very small co-pays on the basic insurance and prescription co-pays of \$2 and \$5. If you work in the private sector, you know those kinds of benefit levels disappeared from your workplace a long time ago.

On the retirement side, we are saddled with 25 and out retirement plans, with people eligible to retire with full benefits in their mid-40s. This is in an era when improved health care gives these retirees every reason to expect to enjoy a retirement that is longer than the number of years they actually worked for the City. We simply cannot afford that anymore. Future employees have to have a different benefit plan, with more realistic benefit levels.

We're also looking at how we deliver city services and whether a city of fewer than one million people needs the same number of parks, recreation centers, police precincts, fire stations and other facilities as a city of 2 million once required.

The Municipal Restructuring Team is on target to deliver its report to me by March 1. That report, in turn, will have a major impact on the budget that I present in April. That budget will be a different budget than we've seen in the city's history.

I'm looking forward to meeting with Council members throughout this process, so there are no surprises on either side. I believe we can work and get there together.

The fact is a lot of the changes being made should have been started 25 years ago. But the times were different and did not lend themselves to these kind of changes.

We also need to understand, Detroit, that closing a building does not by itself mean a reduction in services. For instance, there are more officers on patrol now than there were when 12 precincts

were open last year. By redeploying personnel and getting them from behind a desk, we have been able to put more people actually on the street. We're going to continue doing that this year.

Just because a particular piece of real estate is closing doesn't mean a service or focus is being reduced. We may close four small places and replace them with a bigger, better, nicer, more functional and more technologically sound facility.

We also are looking at the cost effectiveness of living in Detroit or having a business in the city of Detroit. That means a thorough review of areas such as the corporate income tax, the personal income tax, property taxes and insurance rates and looking at what we can do creatively to start to ease the burden in all those areas. We need to make it easier for entrepreneurs to start small or medium sized business in Detroit, and reduce the burden placed on families by high insurance and taxes.

We made a significant start last year when we submitted to the Legislature and got it to approve legislation that amends the Neighborhood Enterprise Zone Act to allow Detroit and other urban core communities in Michigan to cut property taxes for qualifying current and future residents in high tax areas of the city. I believe this legislation will have a significant effect in helping make homes more affordable for people who were being scared off by the high tax burden they would face as new home owners in Detroit.

I want to thank Governor Granholm, who is with us today, for signing that bill into law just yesterday. The new law will enable us to reduce property taxes in 23 neighborhoods in 2006, 12 neighborhoods in 2007 and 10 neighborhoods in 2008. I will announce the 35 neighborhoods that will be covered in 2006 and 2007 within the next 30 days.

Another key to the future is identifying and targeting emerging industries that hold promise for future growth. Remember, 100 years ago the automobile industry was an emerging industry.

One of the transformation teams helping us plan for the new term is the Growth Team headed by Detroit Renaissance President Doug Rothwell and Detroit Medical Center CEO Mike Duggan. Their mission is to promote a market-based approach and cutting-edge solutions to build healthy economies in Detroit that create jobs, income and wealth for local residents. They can help give Detroit the competitive advantage we need for future growth, particularly in emerging industries like health care and technology.

Another key source of potential support and assistance as we work to rebuild Detroit is the philanthropic community. We have seen how critical they can be to move a project forward in the Kresge

Foundation's support of the east riverfront redevelopment and the recent announcement by the Ford and W. K. Kellogg Foundations that they are targeting development grants in the area east of Woodward and north of the River stretching out past Belle Isle.

Both public and private foundation leaders in town, including foundations like Kresge, Skillman, Hudson-Weber, the Community Foundation, the DTE Energy Foundation and Fifth Third Bank Fund are dedicated to building a stronger and greater Detroit. I will be working with the foundation leaders of the City and the region in the coming months to maximize the potential that they offer us. I specifically will ask City Connect Detroit under the leadership of CEO Geneva Williams, whose job is developing effective collaborations, to become an active partner in this process.

Before closing today, I want to take time to discuss two issues that, if they are not dealt with forthrightly and in a spirit of good will, could sabotage all of our efforts to rebuild and rejuvenate Detroit.

For too long we have been hung up on turf and race in this region. If we don't start dealing with both issues in a more constructive manner we're going to fail as a city and a region and a state.

Race hovered over this city and region throughout the 20th Century. It flared up in 1925 when Dr. Ossian Sweet was forced to violently defend his right to live where he wanted. It flared up in 1943 when a city united in purpose as the Arsenal of Democracy was still torn apart by a race riot. It flared up in the late 1940s when it took the U.S. Supreme Court to outlaw restrictive covenants in a case originating here. It flared up in 1967 in an outbreak of violence that for many still remains a defining moment in their view of Detroit. And it flares up with regularity as a sort of trump card in the politics and public debates of this region.

Unfortunately, just raising the issue of regional cooperation can generate a negative reaction, no matter which side of Eight Mile Road you live on. "Regional" can sound dangerous to people in Detroit. We think sometimes it means taking things from us. And "regional" can sound equally dangerous to people in the suburbs. They think it means they have to give up something.

Dr. Martin Luther King told us that "All men are caught in an inescapable network of mutuality." That means us, all of us, in Detroit, southeast Michigan and the state of Michigan.

We owe a huge debt of gratitude to the leadership of New Detroit, President Shirley Stancato and Board Chair John Rakolta, for their decision to move ahead this coming October in sponsoring a summit on race relations right here in Detroit.

I'm excited at the possibilities for this summit and will join New Detroit in asking the entire region and state to participate because we have to deal with this issue head on. Again, it's not about fixing things, it's about transformation.

In a nation that is increasingly diverse, that is embracing the Asian community, the Hispanic community and other communities from around the world, here in Detroit we are mired in the issue of black and white.

I believe many of our regional partners, not just elected officials, but business owners, philanthropic organizations and ethnic organizations, feel the same way.

That's why we've had such a positive reaction from mayors in the region to the formation of the Tri-county Mayors Conference. We're going to Lansing during the first quarter of this year to lobby together on issues that are important to us all. We need to have genuine conversations, genuine engagements and genuine relationships that produce fruit for everybody.

I'm committed to working with my fellow mayors. I'm committed to working with business leaders. I'm committed to working with Bob Ficano, Brooks Patterson and Nancy White. I'm committed to working with the county commissions. I'm committed to working in any way that will help us break out of this obsession with turf and race that is literally killing us.

One of the greatest success stories around here in recent years, particularly in the current year, is the story of the Detroit Pistons. In the current voting, the Pistons won't have any starters on the All-Star team. But they are the best team in basketball. And that is because they are a team. They work together. Nobody cares who gets the most points or the most rebounds. As we work on the issues that affect this state and region and city, we need to stop worrying about who gets the most points or the most rebounds. We need to focus on winning.

President Harry Truman once said, "Men make history, and not the other way around. In periods where there is no leadership, society stands still. Progress occurs when courageous, skillful leaders seize the opportunity to change things for the better."

We have skillful leaders in this city, this region and this state. It's time for those leaders to demonstrate the courage needed to seize the opportunity to change things for the better. I include myself in that challenge. And I pledge to you today that I will do my part and more.

The truth for all of us who hold public office is that 20 years after we leave office people will remember not the political fights we were in, not even the 2005 election, but rather the sum total of what we

did to move the city, the region or the state forward.

Several years ago I was fortunate to travel with members of the Jewish Community Council on a trip to the Holy Land. We met with Israeli leaders and we met with Palestinian leaders as well.

In each of those conversations, the leaders with whom we met were talking about how they had to come together in their region to build tourism. They were working to get rid of terrorism to build their economy.

As I listened to them, it occurred to me that if Israelis and Palestinians can have an honest discussion about how they can work together to economically improve their region, then surely we should be able to have a similar conversation between Detroit, Wayne, Oakland and Macomb Counties.

We are all in this together.

No matter where you live in this region, you're from Detroit.

So ultimately, it's about Detroit love.

What's Detroit love?

Detroit love involves countless experiences that are unique to Detroit.

Having two Coney Islands and some chili fries at 2 a.m. — that's Detroit love.

Volunteering for Angels' Night — that's Detroit love.

Three young men running on to I-75 to save a trucker from a burning tanker — that's Detroit love.

Going to the DIA on Saturday — that's Detroit love.

Cheering the Pistons winning a championship in Auburn Hills — that's Detroit love.

A cold Faygo and some Better Made on a summer day — that's Detroit love.

Detroiters coming together to help Katrina victims — that's Detroit love.

A jazz concert at Chene Park — that's Detroit love.

Ice skating at Campus Martius — that's Detroit love.

Roller skating at Skate Land or Northland — that's Detroit love.

Hosting Super Bowl XL and showing the world what we are about — that's Detroit love.

Bringing your family to the world's greatest auto show — that's Detroit love.

This year, even when you boo the Lions, that's Detroit love.

Detroit love is all the wonderful things that make Detroit the city that we love.

I love Detroit. And I pledge to you today that I will spend every waking hour of the next four years working to help Detroit achieve all that this wonderful city can be.

Thank you.

Invocation

Dear Heavenly Father

We pray for our city and surrounding communities. We thank You for our civic leaders and ask Your blessing upon them: the Mayor and the first family, members of the City Council and the staff that provide services to our city. We pray for a special blessing for each member of the City Council, and that You bestow upon them Your gifts of wisdom, compassion, understanding, which may be demonstrated in strong, and meaningful leadership.

We ask that You relieve the tension, stress, challenges and obstacles that cause any delays in city government. Provide this Council with the stamina, drive and innovativeness to achieve meaningful progress. Allow them to engage, inspire and motivate the people of this great City of Detroit. We pray that

their demonstration of leadership would represent dignity, honor and trustworthiness in the office they hold.

We pray that our leaders exhibit their strength of character, honesty and integrity to enhance the vision and future of our city. We pray that You allow Your guidance to create a spirit of oneness that we might stand together, (for together we stand and divided we fall). Bridge all gaps and enable a single focus.

We pray that these leaders will acknowledge You God, for their wisdom, knowledge, and understanding, and that they reject all influences that violates spiritual principles: trusting in God alone.

As we enter into this New Year, we pray that our communities would remain safe, and our city government flourish. We give thanks for the successes that have occurred and are grateful for the successes to come. We ask Your blessing on the former Council Members, for we are grateful for their contributions to our municipality. We also offer a special prayer for former Council Woman Maryann Mahaffey. We ask You God, to give her good health and longevity.

We pray that You guide our leaders and keep them strong and in perfect health. Let this group of elected leaders make a difference for our city. We glorify You Lord, and rejoice in Your spirit, for we know that You will be mindful of the humble state of Your servants. Therefore we ask these blessings in Your precious son Jesus name, Amen.

Re: Address: 14055 Trinity. Name: Jennifer Chatman. Date ordered removed: July 10, 2002 (J.C.C. p. 2081).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

The owner has paid the current taxes due as of October 31, 2005.

The proposed use of the property is rehabilitation and rental.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection

- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. Re: Establishment of the Canfield/John R Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the "Canfield/John R" Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on October 27, 2005 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall the Boulder Development, LLC proposes to invest \$5.9 million to convert the former Melrose Hotel into luxury "for sale" condominiums with retail and packing facilities. The typical sell price will be \$175,000 with initial association fee of \$600/month for maintenance and utilities including heat.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing September 28, 2005 and we therefore recommend that you approve the resolution at your next regular formal session.

Respectfully submitted,
DOUGLASS J. DIGGS

Director of Development Activities
By Council Member S. Cockrel:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Canfield/John R, NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Canfield/John R, NEZ was conducted before the Detroit City Council on October 27, 2005, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Canfield/John R, NEZ are known:

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Canfield/John R NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Honorable City Council:

Re: Surplus Property Sales — 301-305,

309, 311 Junction, 300 and 306-308 Campbell, 5624 Anthon, and 5635 W. Fort St.

We are in receipt of a request from the Community Health and Social Services Center Inc., a Michigan Non-Profit Corporation (CHASS), to purchase the above captioned property for the amount \$227,900.00. The property is located on the South side of W. Fort Street between Campbell and Junction. These properties consists of a commercial structure and several vacant lots located on approximately 49,100 square feet of land that is zoned M-4 (Intensive Industrial District).

The Detroit Board of Health has declared 5624 Anthon and 5635 W. Fort Street surplus to its needs and requests that the Planning and Development Department assume jurisdictional control over the properties so that they may be made available for development by CHASS.

CHASS is a Michigan Non-Profit Corporation that is based in Southwest Detroit and the New Center area. Over the past 33 years, CHASS has evolved from a social service organization providing well-baby services in Southwest Detroit into a provider of comprehensive primary health care services with locations in Southwest Detroit and in the New Center area. Today, CHASS serves a combined total of nearly 13,000 unduplicated users with a total number of clinic visits exceeding 80,000 annually.

To overcome the financial barriers to obtaining quality health care, CHASS has established a system of providing services first and determining and individual's ability to pay last. No one is refused services on the basis of an inability to pay.

But while CHASS has no lack of users, its Southwest Center is plagued with antiquated facilities and lack of space. The plan to overcome this impediment is to construct a new facility projected to be 42,000 square feet in size adjacent to the current Southwest Center site. This building will serve a new primary care center and administrative headquarters for CHASS. CHASS strongly believes the capital investment in a new facility will improve the quality of care for people and families who are uninsured or underinsured by increasing access for current CHASS clients and allowing for expansion of the number of clients that can be seen by the medical staff.

The property located at 5635 Fort that now houses CHASS's Southwest Center was purchased in 1974, using \$200,000 in grant monies provided by the Michigan Department of Public Health specifically for the purpose of acquiring and renovating the property to provide a new clinic at the site for CHASS. Title to the property vested in the City because, at the time the grant funds were offered by the Michigan

Department of Public Health, CHASS was not yet an incorporated entity. Accordingly, on December 18, 1974, this Honorable City Council adopted and passed the following resolution:

RESOLVED, That the Detroit Health Department be and is hereby authorized to accept a grant in the amount of \$200,000 from the Michigan Department of Public Health for the purchase and renovation of a new clinic for the Community Health and Social Services Center (CHASS) ...

Detroit City Council Journal, dated December 18, 1974, p. 2624 (Exhibit A).

On September 6, 2005, CHASS submitted a request to the City of Detroit Planning & Development Department, asking that the City transfer ownership of the property and other properties in the immediate vicinity to CHASS for purposes of developing and constructing its new health facility. The building (5635 W. Fort Street) is the parcel that contains the present CHASS center, while the remaining properties are vacant lots and slated for green space.

Following CHASS's request, the City of Detroit Planning & Development Department conducted a fair market value assessment of the building and the remaining properties and determined the fair market value of the building to be \$209,700, with the value of the remaining properties being \$18,200.00.

The City of Detroit Planning & Development Department proposes that the building be sold to CHASS for the development of the new health facility for an amount equal to \$209,700, less the \$200,000 raised by CHASS from the Michigan Department of Public Health that enabled the initial purchase and redevelopment of the property in the mid-1970's. Given the fact that the building was purchased using non-City funds for the express purpose of providing CHASS an operating facility and that CHASS has operated that facility over the past 35 years, credit for the original grant monies is appropriate.

The City of Detroit Planning & Development Department further proposes that the remaining properties be sold to CHASS for the amount of \$18,200.00, (plus the remaining balance 9,700.00, for the purchase of the building) with the net sale amount to total \$27,900.00. The vacant lots will be used for green space supporting the new health facility.

We, therefore, request that your Honorable Body approve the attached resolution authorizing the Detroit Board of Health to transfer jurisdiction of the properties located at 5635 W. Fort and 5624 Anthon to the Planning & Development Department.

We, also, request that your Honorable Body adopt the sale and authorize the

Planning and Development Department Director of Development Activities, or his authorized designee to execute a Quit Claim Deed with The Community Health and Social Services Center Inc., a Michigan Non-Profit Corporation and such other documents as may be necessary to effect the sale for the \$27,900.00.

Respectfully submitted,

Honorable City Council:

Re: Departmental Recommendation on Residential Alley Vacation for Petition No. 3225.

The above-referenced petition was presented by the Planning and Development Department (P&DD) for consideration at a public hearing before your Honorable Body on November 16, 2005.

Petition No. 3225 was put on hold because Ms. Narsis Parker, who lives at 9265 Cheyenne, indicated that she had a garage that can only be accessed through the public alley. Typically, this would mandate that the City deny such petition if it restricted access to a property owner abutting the subject alley. However, the petitioner, Ms. Lotus Smith, indicated that she would like the opportunity to talk with Ms. Parker about her garage, since she believed that her neighbor did not utilize this garage and, therefore, may be interested in supporting the alley vacation. As a result, Ms. Parker sent the attached letter confirming that she supported Petition No. 3225 calling for a vacation of the subject residential alley (please see attached

letter of consent). Therefore, there are no substantive objections to the approval of this petition from any of the abutting property owners.

Attached herewith, is the resolution that will enable the City Council to take formal action causing the vacation of the above-referenced petition.

Petition No. 3225 has been processed in compliance with the Detroit City Code, Article VI, Section 50-6-1. Our investigation of this petition discloses the following:

1. The public utilities located in this alley can be properly served if this alley is vacated and converted to an easement.
2. This alley is not used for municipal trash collection.
3. No objections to this alley vacation have been received from outside Utility Companies or City Departments involved.

Therefore, it is the recommendation of the Planning and Development Department that the attached resolution be approved.

Respectfully submitted,

Honorable City Council:

Re: Property Management Company of America, LLC vs. City of Detroit. Case No.: 05-504-234-CC, File No.: A36000-000915.

On November 23, 2005, a mediation panel evaluated the above-captioned lawsuit and awarded Two Hundred Fifty Thousand and No/100 Dollars (\$250,000.00) in favor of Plaintiff, with the proviso that Plaintiff convey clear title to Defendant. The parties have until January 9, 2006 to either accept or reject the mediation evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the case evaluation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Two Hundred Fifty Thousand and No/100 Dollars (\$250,000.00) payable to Property Management Company of America, LLC and their attorney, Law Offices of Kenneth C. **Department of Public Works
City Engineering Division**

December 15, 2005

Honorable City Council:

Re: Petition No. 4052 — Detroit Medical Center (DMC) proposed Gateway Arch over a portion of Mack Ave. between Beaubien and the I-75 Service Drive.

Petition No. 4052 of the Detroit Medical Center ("DMC") requests to install and maintain the encroachment of the proposed "Gateway Arch" within the northerly right-of-way of Mack Avenue (variable width) between Beaubien Avenue, 120 feet wide and the southbound I-75 Service Drive.

The requested encroachment will be installed adjacent to property owned by the Detroit Public Schools ("DPS"). However, the "DPS" understands and consents to the installation, with the understanding that the "DMC" will be responsible for all of the maintenance, provisions, and liability associated with the requested encroachment, for so long as it may exist.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The proposed "Gateway Arch" encroachment will be installed approximately 142' from the center line of Beaubien Avenue, 120 feet wide, consisting of two (2) columns 4'-8" wide and 6'-0" at its base, with support piers 4'-0" in diameter, being 25'-0" in depth below the existing grade of both the median and the northerly berm (the area between the sidewalk and curb) of Mack Avenue. The proposed "Gateway Arch" encroachment will be 16'-9-1/2" high to the base and up to 36'-2" high to the top and will span across the westbound lane of Mack Avenue approximately 41'-1-1/2", as shown on drawings supplied by the "DMC" dated November 21, 2005.

The proposed backlit sign is constructed of Ultralon IV, a durable, translucent fabric designed by "Ultraflex Systems Inc.", displaying DMC Detroit Medical Center, Wayne State University, "Campus of Breakthroughs".

The City Engineering Division — DPW (CED) as a part of the investigation process of the Detroit Medical Center's ("DMC") requested encroachment petition, consulted with the Planning Development Department (P&DD), the City Planning Commission (CPC) and the Traffic Engineering Division — DPW (TED) regarding the impact the proposed "Gateway Arch" encroachment would have on the public rights-of-way. As a result of the meeting that was held between the "DMC" and the aforementioned city departments, a separate report is attached outlining issues that should be known for the record.

The final report and resolution authorizing the requested encroachment is as follows:

The Traffic Engineering Division — DPW reports no objection with the requested encroachments upon the public right-of-way within a segment of Mack Avenue between the Chrysler Freeway (I-75) and Beaubien, for the installation of the sign and supporting structure for the "DMC", as shown in the proposed drawing dated November 21, 2005, as a pilot project.

The Public Lighting Department (PLD) reports having high voltage underground distribution, street lighting and traffic signal cables in 9'-3" concrete encased conduit banks and manholes in the area proposed to be encroached. Any structure proposed to be built shall maintain a 3-1/2' horizontal clearance from PLD conduit banks and manholes. No structure can be built over PLD installations. Call MISS DIG to mark the location of PLD installations. Also, PLD recommends hand digging. The contractor for the "DMC" will be liable for any loss or damage to PLD. Also, access to any PLD installations shall not be restricted because of the encroachment.

The Detroit Water and Sewerage Department (DWSD) reports having an existing DWSD 13'-6" cylindrical sewer and 12" water main in close proximity to the proposed underground and overhead encroachments in Mack Avenue, east of Beaubien. In addition there may also be catch basin lines located in said Mack Avenue in the area of the proposed encroachments.

DWSD has no objection to the proposed encroachment for sign installation provided minimum clearances are maintained and the petitioner agrees to relocate the water main and any catch basin lines that may interfere with the construction or are in close proximity to the construction as deemed necessary by DWSD.

Any alterations of DWSD's facilities are to be done at the petitioner's ("DMC") expense and in accordance with plans approved by DWSD. The work is to be done in accordance with DWSD's standards and specifications and under DWSD's permit and inspection.

Finally, the City Engineering Division — DPW requires the owners ("DMC") of the proposed encroachments, to submit certified "as built" drawings, a map and survey, showing the exact location of the completed encroachments.

All other involved City departments and privately owned utility companies have reported no objections or that satisfactory arrangements have been made.

I am recommending adoption of the attached resolution.

Respectfully submitted,
WILLIAM TALLEY
Head Engineer
City Engineering Division — DPW

By Council Member Collins:

Re: Kendall Homes — Payment in Lieu of Taxes (PILOT).

Kendall Homes Limited Dividend Housing Association Limited Partnership is developing a housing project consisting of 38 newly constructed three and four bedroom single family infill units. The homes will be built at various locations on Sorrento, Steel and Appoline Street. There will be 12 3-bedroom 1,250 square feet units and 26 4-bedroom 1,450 square feet units.

Financing for the development will be through a construction loan of \$1,250,000 and a permanent loan of \$553,000 from Commerce Bank of Detroit for 15 years at 7.25%; General Partner Capital Contribution of \$778,231 and Low Income Tax Housing Tax Credits.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

Thirty-two percent (32%) or 12 of the units will be occupied by households with incomes no greater than 30% of the area median income adjusted for family size. Sixteen percent (16%) or 6 of the units will be occupied by households with incomes no greater than 35% of the area median income adjusted for family size. Thirty-nine percent (39%) or 15 of the units will be occupied by households with incomes no greater than 40% of the area median income adjusted for family size. The remaining thirteen percent (13%) or 5 of the units will be occupied by households with incomes no greater than 60% of the area median income adjusted for family size.

Honorable City Council:

Re: Lexington Village Apartments — Payment in Lieu of Taxes (PILOT).

Lexington Village Apartments is an existing housing complex, which is currently paying a PILOT Service Charge. MSHDA is offering tax-exempt preservation lending to extend the affordability, viability and livability of existing Section 8 and Section 202 developments for a minimum of thirty-five (35) years. Amurcon Corporation, on behalf of Lexington Village Apartments, is involved in a transaction with MSHDA to refinance and rehabilitate the development. Program participants will be eligible to receive Low Income Tax Credit for all or most of the units occupied by residents with incomes at or below 60 percent of the area median income. The sponsors anticipate a total development cost of approximately \$25,695,580.

The development is a mixed-use apartment complex comprised of a 12-story senior building and two-story garden apartments as well as two-story townhouses for families. The 351-unit complex was built as a Section 8 project and was completed in 1982. The Section 8 subsidies will remain in place until January 2021. It is intended that the property be renovated and made available to elderly and family households whose incomes are at or below 60% of Area Median Income.

The renovations will consist of: replacement of cabinetry, countertops, sinks, disposal and vanities; replacement of vinyl flooring and carpeting on an as needed basis as well as appliances. Porches will be replaced and landscape added to act as screening. Roadways and parking areas will be resurfaced. Energy efficiency will be emphasized in replacing windows and doorwalls as well as mechanical work.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

Adoption of the resolution by your Honorable Body will therefore satisfy the

requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of 4% on the net shelter rent.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

January 10, 2006

Honorable City Council:

Re: RFQ. 16380 for Leased Vehicles
Required by the Police Department.

The Police Department submitted a

request to the City Council for approval of the Request for Quotations (RFQ) Number 16380 to enable the Department to lease 37 vehicles for a cost of \$277,500 per year. The vehicles are used for Police undercover operations. Payment for the vehicle leases is from the Police Department's Special Operations Imprest Cash Account.

The request for approval was on the City Council calendar of September 21, 2005 and referred to the Auditor General's Office and to the Research and Analysis Division (RAD). The Police Department request and resolution are attached to this memo. The Clerk's files did not include any specific questions from Council Members. It is the recommendation of RAD that the City Council should proceed with the approval of RFQ. 16380 for the lease of automobiles by the Police Department.

The controls and procedures for use of the Police Department's Special Operations Imprest Cash Appropriation, referred to as the "secret service fund," is specified in the City Code, Sec. 18-5-50 et. seq. Specifically, there is a separate appropriation in each annual budget for the purpose of expenditures for leasing and maintenance of under cover police vehicles, Sec. 18-5-53. The Auditor General's Office has the authority to review all documents, including the bids for the lease of vehicles, and to complete audits of the Special Operations Imprest Cash appropriations. It is our understanding, from speaking to the Interim Auditor General, that an audit of the Special Operations Imprest Cash appropriations, and specifically examining the appropriations for vehicles will be completed by May 1, 2006. The Auditor General has verbally indicated their agreement that City Council may proceed with the approval of this RFQ.

According to the Purchasing Division, RFQ. 16380 is with the lowest responsible bid from Jefferson Chevrolet, dba Trader Ray Leasing, located at 2130 East Jefferson Ave. in Detroit. RFQ. 16380 replaces the previous RFQ. for the lease of vehicles by the Police Department, which has expired. City Council's approval of RFQ. 16380 is necessary to enable the Police Department to lease vehicles for certain Police operations.

**STATEMENT BY COUNCIL MEMBER
SHEILA M. COCKREL IN SUPPORT OF
RESOLUTION AUTHORIZING RFQ. NO.
16380 FOR LEASE VEHICLES
REQUIRED BY THE POLICE
DEPARTMENT**

On Wednesday, January 11, 2006, I voted yes on the resolution referenced above only after having done the neces-

sary due diligence. This RFQ. was for the purpose of leasing thirty-seven (37) vehicles to be used for police purposes and to be paid through the Detroit Police Department's Special Operations Imprest Cash Account.

The Council received a written report from its Research and Analysis Division (RAD) dated January 10, 2006 in addition to verbal testimony indicating that it was RAD's understanding that after review of this RFQ. that the vehicles would be used by the Police Department for police purposes only. That is, no vehicles are to be acquired for use by elected officials or their relatives. Having received this information, I was able to vote in favor of authorizing this RFQ.

Honorable City Council:

Re: Purchase of Leased Vehicles by the Detroit Police Department, RFQ 16380.

This letter is to advise your Honorable Body that a recent solicitation was taken for the purpose of leasing vehicles. Thirty-seven (37) vehicles will be paid 100% through the Detroit Police Department's Special Operations Imprest Cash Account.

The lease was handled under the procurement requirements as outlined under the Auditor General's report to City Council. The vehicles will be appropriately utilized for police purposes. The Purchasing Division verifies that the lowest responsible bid was selected as outlined under the solicitation.

The number of vehicles being leased on a twenty-four (24) month lease is thirty-seven (37) for a total estimated expenditure of \$277,500 per year. The original bid is available for review by the Auditor General. The bid will be maintained by the Management Service Bureau of the Detroit Police Department. The approval of your Honorable Body is requested.

January 10, 2006

Honorable City Council:

Re: Transportation Department submitting proposed ordinance to amend Chapter 58, Article IV, of the 1984 Detroit City Code, to authorize.

The Transportation Department submitted to your Honorable Body proposed an amendment Chapter 58 of the City Code (see attached) that would authorize the Department, upon approval by resolution of the City Council, to charge a special fare for a specified day during an event within the City, or a special fare for a specified period during an event in the City, as specified in the resolution, within one hundred eighty (180) days after adoption of said resolution.

Your Honorable Body has directed the Research & Analysis Division (RAD) to review the proposed amendment and inform you of whether or not City Council's approval would authorize the Department to pick the days and set the fees or would the department have to go back to City Council for that particular action.

As written, the proposed amendment would allow the Transportation Department to charge a special fare during an event or specified days during an event only after that particular fare and effective day(s) have been approved by your Honorable Body through resolution. December 21, 2005

Honorable City Council:

Re: Surplus Property Land Sale. Dehoco Parcels 2 & 3, Plymouth Township.

By resolution adopted October 13, 2004, City Council authorized the sale of the above referenced parcels of land (the "Property"), which are part of the former site of the Detroit House of Corrections, to DEMCO 54, L.C.C., a subsidiary and affiliate of the DeMattia Group. The DeMattia Group is developer of the Metro West Technology Park, which is adjacent to the east and southeast. Under the terms of that approval, the Property would be redivided into two new parcels, denominated Zone A and Zone B, using Johnson Creek, which traverses the property as the dividing line. The gross acreage for both parcels combined is approximately 318.94 acres. Much of the Property, however, is covered by wetlands and is thus undevelopable. In addition, approximately 7.24 acres out of the total acreage is reserved for roadway rights-of-way.

Council authorized a land sale price of \$55,000 per developable acre for Zone A, which at the time was estimated to contain approximately 62 net developable acres. The total sale price approved for Zone A was thus calculated to be not less than \$3,410,000. Council authorized a land sale price of \$45,000 per developable acre for Zone B, which at the time was estimated to contain approximately 133 net developable acres. The total sale price approved for Zone B was thus calculated to be not less than \$5,985,000. Developer was to be permitted a right to undertake due diligence inquiry, investigation and examination of the Property to determine actual developable acreage to a greater degree of certainty as a condition precedent to closing. Council reserved for itself, in its prior resolution approving the transaction, a right of further review if actual developable acreage turned out be less than originally estimated.

Developer initially concluded, based on studies conducted by its wetland and floodplain consultant, Ayers, Lewis, Norris & May, Inc., a professional engineering, planning and surveying firm, that the developable acreage in Zone A was 43.782 acres and that the developable acreage in Zone B was 111.70 acres after acreage lying within protected wetlands and the 100 year flood plain was excluded. Developer requested an amendment of its Purchase and Option Agreement/Sale Contract with the City to reflect the reduced acreage and a corresponding reduction in the calculated sale price. By letter dated September 8, 2005, that request was transmitted to Council for consideration.

After further examination and review and further consultation between the City's Department of Environmental Affairs and Developer's wetland consultant, Developer submitted a revised Natural Features Map dated November 11, 2005 that added back in to its calculation certain unregulated wetland areas that had been previously excluded. Developer has recalculated developable acreage for Zone A to be 56.17 acres and developable acreage for Zone B to be 128.81 acres. The City's Departments of Planning and Development Environmental Affairs concur with that conclusion. The total sale price for Zone A at \$55,000 per developable acre has thus been recalculated to be \$3,089,350. the total sale price for Zone B at \$45,000 per developable acre is recalculated to be \$5,796,450. The above referenced letter dated September 8, 2005 requesting Council's consideration of an Amendment to the Sale Contract is therefore withdrawn and replaced by this letter and resolution requesting approval of a reduction in the total sale price for Property to reflect actual developable acreage in the

above stated amounts, which are less than originally estimated by the City but more than previously determined by Developer and its consultant.

We further request that your Honorable Body reaffirm its approval of the land sale transaction in all other respects, including the grant of an option to purchase portions of Zone B, over time, in increments of not less than 25 acres at a time, for a total sale price of not less than \$8,885,800 for both Zone A and Zone B combined, and that the City's Director of Development Activities or his designee be authorized to enter into and execute a First Amendment to the previously executed Purchase and Option Agreement/Sale Contract for the property, together with quit claim deeds and such other documents as may be necessary to effect the sale.

Waiver of reconsideration is requested.

Respectfully submitted,

Law Department

January 9, 2006

Honorable City Council:

Re: Petition Number 4301 — Request for City Council Approval for the Transfer and Issuance of a Michigan Liquor Control Commission Dance-Entertainment Permit to Dunco Holding Co., LLC, for a Group 'A' Cabaret at 267 Joseph Campau.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice (Request ID Number 307514), which has been designated by the City Clerk as Petition Number 4301. This Local Approval Notice requests City Council approval or disapproval of a request for the issuance of a dance-entertainment permit in conjunction with the transfer of ownership of a 2004 Class "C" liquor license, in escrow, at 267 Joseph Campau to Dunco Holding Co., LLC.

Buildings and Safety Engineering Department ("B&SE") records indicate that 267 Joseph Campau is located in an SD-4 (Special Development District-Riverfront Mixed Use) zoning district and the current legal use of this property is 'Beer Garden (Class "C" Bar and Nightclub) and Restaurant' per building permit number 31620, dated September 24, 1943 and several related permits. Pursuant to the Detroit Zoning Ordinance, the continued use of this property for a

Group 'A' cabaret is permitted subject to compliance with all relevant codes and City ordinances.

Pursuant to Section 5-7-1 of the 1984 Detroit City Code, a Group 'A' cabaret business license is required for an establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing. The Consumer Affairs Department Business License Center's records indicate that Terry Payne, the owner of Dunco Holding Co., LLC, has applied for a Group 'A' cabaret business license for 267 Joseph Campau and has met the applicable requirements of the 1984 Detroit City Code for the issuance of the business license.

After investigation and review, the Detroit Police Department ("DPD"), Liquor License Unit, on behalf of the Chief of Police, has recommended the approval of the transfer of the liquor license and the issuance of a dance-entertainment permit to Dunco Holding Co., LLC, for 267 Joseph Campau. The owner of Dunco Holding Co., LLC, does not operate any other MLCC licensed premises within the City. DPD Liquor License Unit reports that there have not been any MLCC violations or serious crimes at the subject location for the preceding twelve (12) months.

Therefore, upon this Body's approval of the request for the issuance of a dance-entertainment permit in conjunction with the transfer of the liquor license at 267 Joseph Campau and the issuance of a Group 'A' cabaret license by the Consumer Affairs Business License Center to Dunco Holding, Co., LLC, for 267 Joseph Campau, the location will be approved for patron dancing and entertainment on the premises. Pursuant to Sections 916(1) and 916(2) of the Liquor Control Code, being MCL 436.1916(6)(1) and MCL 436.1916(6)(2), the issuance of a dance-entertainment permit does not allow for adult entertainment, such as topless activity, in a licensed establishment.

The Law Department recommends that this matter be placed on the City Council's agenda for approval or disapproval of the requested new entertainment permit in accordance with this Body's August 1, 2003 and July 7, 2004 resolutions on the procedures and criteria for the approval or disapproval of dance, entertainment, and topless activity permits. Attached is a proposed resolution approving the issuance of the dance-entertainment permit to Dunco Holding Co., LLC.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,
BRENDA E. BRACEFUL
Deputy Corporation Counsel

**STATEMENT BY COUNCIL MEMBER
SHEILA M. COCKREL, IN OPPOSITION
TO RESOLUTION REGARDING
NEIGHBORHOOD ENTERPRISE ZONE
ACT 147 OF 1992**

On Wednesday, January 11, 2006, I voted no on the resolution referenced above. This resolution pertains to the Michigan Neighborhood Enterprise Zone Act (Act) which authorized local units of government to designate Neighborhood Enterprise Zones (NEZ) for the purposes of allowing property tax breaks within them for a period of time up to fifteen (15) years.

The resolution was designed to do two things. First, it would urge the City Clerk to send what appears to be, individualized notifications to all taxpayers of record within the proposed NEZ and all taxpayers in areas abutting or across a right of way from the proposed NEZ. Second, it states the Council's intent to support the Administration should it decide to establish an application fee to offset the administrative costs for processing NEZ applications.

I voted against this resolution for two reasons. First, I believe that not enough analysis has been done to determine if this measure, if implemented would be cost-prohibitive in this time of fiscal crisis. Secondly, more analysis has to be done on this measure to ensure that would not violate any laws that are currently in place.

The Act provides that the clerk is to give written notice to the assessor and to the governing body of each taxing unit that levies ad valorem taxes in the proposed NEZ. It also provides that the governing body, which in this case is the City Council, shall hold a public hearing. As it stands, the City Clerk notifies the public of the hearing by posting it in a newspaper of general circulation — The Detroit Legal News. There are no further notification requirements.

It is unknown how much it would actually cost to start sending out these individualized notices. Based on the number of NEZ applications that the Council receives on a yearly basis, I would surmise that it would be quite costly indeed. Leaving the question of cost, the real potential problem is that the City would be passing this cost on to NEZ applicants through the use of an application fee. Because the cost of notifying individuals

surrounding a proposed NEZ would not confer any benefit on the NEZ applicant, I have concerns that this "fee" would actually be a "tax" within the meaning of the Headlee Amendment.

The Headlee Amendment, as described in the case of *Bolt vs. Lansing*, 221 Mich App 79 (1997) generally requires that fees be proportionate to the necessary costs of the service provided and that the fee must reflect the bestowal of the corresponding benefit on the person who is paying the fee. Should the Council's wishes as outlined in the resolution be implemented, the proposal would essentially force the cost of an unnecessary fee on the back of an applicant who would be receiving no benefit from the fee. Therefore, I believe that such a fee would constitute an unlawful tax not approved by the voters.

For all of the reasons stated above, I voted no.

Honorable City Council:

Re: Petition Number 0019 — Request for City Council Approval for the issuance of a Michigan Liquor Control Commission Dance-Entertainment Permit to Twentieth Century Club, Incorporated, at 2310 Park, in Conjunction with an MLCC National Sporting Event License for the Super Bowl XL Activity Period.

Pursuant to Section 517a(4) of the Liquor Control Code, being MCL 436.517a(4), this Body recommended, by resolution on December 14, 2005, that the Michigan Liquor Control Commission ("MLCC") issue a national sporting event license to Twentieth Century Club, Incorporated, at 2310 Park, for the National Football League Super Bowl XL activity period. Accordingly, Twentieth Century Club, Incorporated, has applied to the MLCC for a national sporting event liquor license, with a dance-entertainment permit, for this designated activity period.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of

the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded, to your Honorable Body, Local Approval Notice, Request ID Number 322588, which has been designated by the City Clerk as Petition Number 0019. This Local Approval Notice requests City Council approval or disapproval of a request for the issuance of a new dance-entertainment permit in conjunction with the approval and issuance by the MLCC of a national sporting event liquor license to Twentieth Century Club, Incorporated, at 2310 Park.

Consumer Affairs Department Business License Center records indicate that Twentieth Century Club, Incorporated, has applied and paid for a special event vendor license for the Super Bowl XL activity period pursuant to Chapter 30.5 of the 1984 Detroit City Code, which governs the City's issuance of limited duration licenses and permits for this period. After investigation and review, the Detroit Police Department Liquor License Unit has recommended, on behalf of the Chief of Police, the approval of the issuance of a national sporting event liquor license and the issuance of a dance-entertainment permit to Twentieth Century Club, Incorporated, at 2310 Park.

Upon this Body's approval of the request for the issuance of a dance-entertainment permit, in conjunction with the approval and issuance of a national sporting event license, the applicant will be approved for the sale of alcoholic beverages, patron dancing, and entertainment at 2310 Park during the Super Bowl activity period.

The Law Department recommends that this matter be placed on the City Council's agenda for the approval or disapproval of the requested dance-entertainment permit, in conjunction with the approval and issuance of a national sporting event license to Twentieth Century Club, Incorporated, at 2310 Park, for the Super Bowl XL activity period. Attached is a proposed resolution approving the issuance of the dance-entertainment permit.

If there are any questions or concerns, please do not hesitate to contact our office.

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on January 4, 2006 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of November 2, 2005.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. Whereas, The Detroit City Council has established a Neighborhood Enterprise Zone for the following area, in the manner required by and pursuant to Public Act 147 of 1992, on September 19, 2001.

January 9, 2006

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for new housing at 4205 Aretha Ave. and 4217 Aretha Ave. in the Woodbridge Estates NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office applications from Scripps Park Associates, LLC for Neighborhood Enterprise Zone (NEZ) certificates at 4205 Aretha Ave. and 4217 Aretha Ave. within the Woodbridge Estates NEZ. Your Honorable Body approved the Woodbridge Estates NEZ designation on September 19, 2001. The City Planning Commission staff has reviewed the applications and recommends approval.

The properties involved are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. Scripps Park Associates, LLC, has applied for the certificates, prior to the issuance of building permits, on behalf of the future owner who will occupy the property. It is appropriate for them to apply for certificates at this time, even if buyers have not yet been identified. The State Tax Commission, however, will not issue certificates until owners are identified. When owners are identified, they can then apply for the certificate. At that time, it would not be necessary for City Council to pass another resolution.

The petitioner proposes to build single-family homes. The sites have been cleared and construction is anticipated to begin soon. The developer will need to submit to the State Tax Commission the parcel to receive the certificates with a map showing the parcels.

Please let us know if you have any questions.

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for new housing at 4105 Aretha Ave. and 3963 Miracles Blvd. in the Woodbridge Estates NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office applications from Scripps Park Associates, LLC for Neighborhood Enterprise Zone (NEZ) certificates at 4105 Aretha Ave. and 3963 Miracles Blvd. within the Woodbridge Estates NEZ. Your Honorable Body approved the Woodbridge Estates NEZ designation on September 19, 2001. The City Planning Commission staff has reviewed the applications and recommends approval.

The properties involved are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. Scripps Park Associates, LLC, has applied for the certificates, prior to the issuance of building permits, on behalf of the future owner who will occupy the property. It is appropriate for them to apply for certificates at this time, even if buyers have not yet been identified. The State Tax Commission, however, will not issue

certificates until owners are identified. When owners are identified, they can then apply for the certificates. At that time, it would not be necessary for City Council to pass another resolution.

The petitioner proposes to build four bedroom single-family homes. The sites have been cleared and construction is anticipated to begin soon. The developer will need to submit to the State Tax Commission the parcels to receive the certificates with a map showing the parcels.

Please let us know if you have any questions.

Respectfully submitted,

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for 282 units in the Riverfront Towers NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office 282 applications from Riverfront Associates for Neighborhood Enterprise Zone (NEZ) certificates within the Riverfront Towers NEZ. The certificates are being requested for the following addresses within Tower 200; 931 W. Jefferson, units 1E-1K, 2B-2C, 2E-2K, 3B-3K, 4A-4K, 5A-5K, 6A-6K, 7A-7K, units A-H and J-K on floors 8 through 27, units 28A-28F, and 29A-29F.

The Riverfront Towers NEZ was approved by City Council on November 19, 2003. The developer is proposing to rehabilitate the 282 apartments in Tower 200 of the Riverfront Towers complex, as well as the common areas and systems of the towers. Previously, your Honorable Body approved the NEZ certificates for

units in Tower 300. The units are being converted into condominiums.

The subject property is confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. It appears that the request for certificates has been filed prior to construction, as the State Act requires.

The City Planning Commission staff, therefore, recommends approval of the requested 282 NEZ certificates in the Riverfront Towers NEZ district. Please contact Mr. Gregory Moots of my staff at 224-2110 with any questions.

Honorable City Council:

Re: Cable Equipment Rate Refund Resolution.

The City Council received a request from the Cable Commission to approve a resolution to accept a settlement approving the amended Federal Communications Commission (FCC) Form 1205 Rate Filing by Comcast and the rates agreed to by Comcast. The proposed resolution:

- Accepts and adopts the Settlement.
- Rejects the 2005 Form 1205 Rate Filing by Comcast and approves the amended FCC Form 1205 Rate Filing.
- Orders Comcast to issue refunds to those subscribers that have been charged higher rates for equipment from June 1, 2005 through the date that the amended rates were implemented by Comcast, including any applicable interest.
- Orders Comcast to submit their refund plan to the City Clerk and to the Interim Deputy Director of the Detroit Cable Communications Commission by February 20, 2006.
- Prescribes a framework for approval of Comcast's Rate Filing and for the review of Comcast's 2006 FCC Form 1205 Filing.

It is the recommendation of RAD that before the City Council can adopt the resolution recommended by the Cable Commission, the City Code, Sec. 9.5-4-11 requires notification to the cable operator.

The city council may order a refund to subscribers as provided in 47 CFR section 76.942. Before the city council orders any refund to subscribers, the city clerk shall give at least seven (7) days' written notice to the cable operator by first-class-mail of the date, time, and place at which the city council shall consider issuing a refund order and shall provide an opportunity for the cable operator to comment.

The cable operator may appear in person, by agent, or by letter at such time for the purpose of submitting comments to the city council.

The attached resolution, prepared by RAD, authorizes the City Clerk to provide written notice to Comcast that the City Council intends to consider an order for a refund to subscribers at the Regular Session on Wednesday, February 1, 2006. This notification to the cable operator is to provide the cable operator an opportunity to comment before the order to refund subscribers is approved. The City Council may also find it useful to schedule a discussion with Ms. McDermott concerning the settlement with Comcast and the order to issue refunds before the February 1st approval date. *A public hearing is also an option, but not a requirement for the City Council to proceed with the proposed resolution*.

According to the information submitted by the Cable Communications Commission, this refund is the result of an audit of Comcast's 2005 FCC Form 1205. Local governments, including Detroit, are empowered to regulate the rates cable providers charge for equipment and installation in addition to the basic cable services. Form 1205, filed with the FCC, covers the rates for equipment and installation. The FCC regulations allow Comcast to implement their proposed rates, specified in Form 1205, ninety (90) days after the filing. The FCC further allows the local governing bodies 12 months for the completion of their review of the FCC Form 1205. Comcast implemented the rates specified in their 2005 FCC Form 1205 on June 1, 2005.

Detroit joined with other municipalities, including Denver, Albuquerque, Washington D.C. and St. Paul, Minnesota in a national review of Comcast rates indicated in the Form 1205. The review was conducted by the firms of Ashpaugh & Sculco and Front Range Consulting. Based on the initial review by the consultants, Comcast offered to negotiate a settlement. The settlement with Comcast provides that an amended replacement 2005 FCC Form 1205 will be filed and that Comcast will refund any overcharges to subscribers for equipment or installation, based on the original Form 1205 filing, beginning June 1, 2005.

Comcast made their settlement offer to the City of Detroit in a letter dated November 4, 2005. The settlement indicates that Comcast shall lower their actual rate in those communities to conform with the "maximum permitted rate" in the particular community and credit any customers that were charged the actual rate rather than the maximum permitted rate. The settlement further provides the procedure to be followed for the 2006 Form 1205 filing with the FCC, which will reflect

the methodological adjustments agreed to for 2005, and provide additional information to support their claims of actual cost.

RAD was also requested to provide information on previous rate refunds or settlements. Ms. McDermott explained that the 2002 rate settlement agreement resulted in a \$750,000 "gift" from Comcast. These refunds were used to construct, wire and equip computer classrooms at the Adams Butzel, Butzel and Joseph Walker Williams Recreation Centers. The proposed resolution before the City Council also refers to a Settlement Agreement, between the City and Comcast, dated April 26, 2005, addressing the 2004 FCC Form 1205 concerning rates that became effective May 1, 2004. The settlement of the 2004 FCC Form 1205 did not include any monetary adjustments, according to Ms. McDermott.

The Cable Communications Commission has requested that the City Council approve the Resolution authorizing the amended 2005 FCC Form 1205 filing, and orders Comcast to reduce any rates which exceed the agreed rates, and orders Comcast to submit a refund plan by February 20, 2006. The City regulations require that Comcast be provided written notice at least 7 days before the City Council adopts the Order for the refund.

The attached resolution authorizes the City Clerk to provide written notification to Comcast that the City Council will be adopting an order to refund subscribers on February 1, 2006. This will provide Comcast 19 days to submit their refund plan by February 20, 2006. The City Council will also need to determine if you wish to hold a discussion with the Cable Communications Commission on the Settlement Agreement before the proposed February 1, 2006 date to consider the proposed resolution from the Cable Commission. Please contact RAD if we can provide any additional assistance on this matter.

Whereas, The City of Detroit Cable Communications Commission voted to approve a resolution on December 13, 2005 accepting the Settlement Agreement with Comcast regarding the 2005 FCC Form 1205 and recommends the Detroit City Council ratify and implement the Cable Commission's actions; and

Whereas, The Settlement Agreement provides that rates specified in the 2005 FCC Form 1205 may be reduced and subscribers that were charged higher rates for equipment and installation ser-

vices after June 1, 2005 may be eligible for a refund; and

Whereas, Section 9.5-4-11 of the Detroit City Code require that before the City Council may order a refund to subscribers, the City Clerk shall give at least seven (7) days written notice to the cable operator of the date, time and place at which the City Council shall consider issuing a refund order and shall provide the cable operator an opportunity to comment.

Now Therefore Be It

Resolved, The City Council authorizes the City Clerk to provide written notice to Comcast Cable by first-class mail that the City Council will adopt a resolution on Wednesday, February 1, 2006 at the Regular Session which begins at 11:30 A.M. in the Coleman A. Young Municipal Building; the resolution will order a refund to subscribers as provided in the Settlement Agreement that rejects Comcast's 2005 Form 1205 Rate Filing and approves the amended FCC Form 1205 Rate Filing; and Be It Further

Resolved, That Comcast may appear in person, by agent or by letter for the purpose of submitting comments to the City Council before the Resolution and refund order is adopted.

¹The City Code, Sec. 9.5-4-8 states that the City Council shall hold a public hearing to consider comments on the cable operator's filing of its schedule of rates for basic service tier or a proposed increase in such rates. This request does not address the rates for basic cable services.

City Planning Commission

December 22, 2005

Honorable City Council:

Re: Request of Molina Healthcare to erect a business sign at 409 E. Jefferson in a PCA (Restricted Central Business District) zoning district (Recommend Approval).

Molina Healthcare has submitted a permit application to erect a business sign at 409 E. Jefferson (the DuMouchelle Building). This property is located in a PCA (Restricted Central Business District) zoning district. PCA zoning districts are located in close proximity to the Public Center District and the controls of the PCA district are designed to prevent uses and structures from having a deleterious effect on the public center of the city. Section 61-11-96 of the Zoning Ordinance requires City Council approval

of the location and design of any sign proposed in a PCA district after receiving a report and recommendation from the City Planning Commission (CPC).

The proposed sign would project diagonally from the southwest corner of the building (facing Jefferson and Brush) at the top floor (see attached graphic). We understand that Molina Healthcare intends to occupy the top floor of the building. The proposed sign would be 20 feet high and 4 feet wide. The sign would consist of black plastic letters on a white background reading "Molina". Above the lettering would be a blue and gray logo. The portion of the sign containing the lettering would be internally illuminated. Two existing wall signs on the building would remain.

City Planning Commission staff has reviewed the proposed sign and finds that it would be appropriate for the PCA district. The sign is relatively small and not out of scale for the site. We further find that the location and design of the proposed sign would be consistent with the spirit, purpose and intent of the PCA district. We therefore recommend approval of the location and design of the sign and submit the attached resolution for your consideration.

Honorable City Council:

Re: Public Hearing on Establishment of the Word of Truth Housing Association (WOTHA) Neighborhood Enterprise Zone as Requested by the WOTHA Community Development Corporation in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the WOTHA Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an *ad valorem* tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to construct 57 residential units at an estimated cost of \$9 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration, please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,

DOUGLASS J. DIGGS

Director of Development Activities

By Council Member Collins:

Whereas, Pursuant to Public Act No. 147 of the Public Acts of 1992 ("the Act") this City Council has the authority to establish "Neighborhood Enterprise Zones (NEZs)" within the boundaries of the City of Detroit; and

Whereas, The WOTHA Community Development Corporation has requested establishment of the "WOTHA" NEZ whose boundaries are particularly described in Exhibit A (legal description) and illustrated in the map attached hereto; and

Now Therefore Be It

Resolved, That on the 10th day of February, 2006 @ 10:00 a.m. in the City

Council Committee Room, 13th floor, Coleman A. Young Municipal Center, a Public Hearing be held on the above described application for establishment of an NEZ within the boundaries described in Exhibit A (legal description) as illustrated in the map attached hereto; and be it finally

Resolved, That the City Clerk shall give notice of the Public Hearing to the general public and shall give written notice of the Public Hearing by certified mail to all taxing authorities levying an *ad valorem* tax within the City of Detroit, such notices to be provided no earlier than sixty (60) days prior to the public hearing.

Planning & Development Department

January 6, 2006

Honorable City Council:

Re: Central Business District Area 551 Michigan Avenue.

We are in receipt of a request from 551 Associates LLC, a Michigan Limited Liability Company, to purchase the above captioned property for the amount of \$3,000,000.00 The property is situated in the Central Business District and is located on the south side of Michigan Avenue between Third and First streets. The site currently consists of a surface parking lot and have been used as such for the past twenty (20) years. The site measures approximately 114,130 square feet or 2.62 acres and is zoned B-5 (Major Business District). This zoning district will permit for a variety of retail services and commercial opportunities which include but not limited to hotels, office space, multiple-family dwellings and lofts.

The property was offered to the general public by the Planning and Development Department on June 10, 2005 via Request for Proposals (RFP). The objec-

tive of the RFP was to attract a new development on 551 Michigan Avenue which would build upon the inherent strength of the site while promoting additional investment activities for the Central Business District. There were no proposals or bids submitted to Planning & Development Department in response to the RFP.

551 Associates, LLC, has offered to purchase the property and continue to use it for now in its present condition as a surface parking lot. Given the City's financial condition and in an effort to meet our land sales projections and return the property to the tax roll, we are recommending this sale. The principal of 551 Associates LLC, is Joseph Nusbaum. Mr. Nusbaum is a former CEO of Carpet Center, a floor covering retail chain with stores throughout Michigan and Ohio. While retail operations were sold to a major national chain, Mr. Nusbaum retained the real estate holdings and expanded into commercial and industrial development. Today he operates a multi-million dollar portfolio comprising strip malls, office buildings, parking, residential units, and light industrial properties in Michigan, Ohio and New Jersey. Joseph Nusbaum ability, experience and financial resources necessary to successfully undertake, complete and incorporate efficient use of the site within the requirements of all Federal and local regulations has been verified. This sale will be presented to the Downtown Citizen District Council for review at their December 15, 2005 commission meeting.

Detroit Police Department

August 15, 2005

Honorable City Council:

Re: Request to apply for a grant from the Michigan Automobile Theft Prevention Authority (ATPA) for the Detroit Police Department's Auto Theft Unit.

The Automotive Theft Prevention Authority (ATPA) has offered the Detroit Police Department's Auto Theft Unit an opportunity to apply for grant renewal. The ATPA awards grants to programs that focus on various aspects of Michigan's auto theft problem. Funding for this purpose comes from assessments paid by insurance companies to the ATPA. Due to the limited amount of funds available, a **25% cash match is required** for all applicants except non-profit neighborhood or community organizations.

Grants awarded to law enforcement agencies provide funding for salaries, benefits, vehicles, and other equipment. The 2006 grant period is January 1, 2006 through December 31, 2006. The deadline for submitting the application is August 26, 2005.

Ms. Hasumati Patel of the Fiscal Operations Section confirmed the Department can meet the 25% cash match. The acquisition of this grant will enable the Detroit Police Department to continue its successful efforts in the fight against auto theft.

The Board of Police Commissioners have approved the request, therefore, it is requested that your Honorable Body adopt the attached resolution, authorizing the City of Detroit to re-apply for the Automotive Theft Prevention grants.

If you have any additional questions or concerns regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

Honorable City Council:

Re: Request to apply for the "Encourage Arrest Policies and Enforcement of Protection Orders Program" from the United States Department of Justice (USDQJ) for the year of 2006.

The Office on Violence Against Women (OVW) is a component of the United States Department of Justice. The Grants to Encourage Arrest Policies and Enforcement of Protection Orders Program recognizes that domestic vio-

lence is a crime that requires the criminal justice system to hold offenders accountable for their actions through investigation, arrest, and prosecution of violent offenders.

The primary purpose of the program is to encourage communities to adopt a coordinated community response (CCR) in the treatment of domestic violence as a serious violation of criminal law. This program challenges the entire community to listen, communicate, identify problems, and share ideas that will result in new responses to ensure victim safety and offender accountability.

The United States Department of Justice has extended the invitation for grantees awarded funds in the year of 2004 to again apply for funds for the year of 2006.

The Board of Police Commissioners has approved this request. I am requesting approval from your Honorable Body to apply for the grant from the Office on Violence Against Women.

If you have any questions or concerns regarding this matter, please feel free to contact me at 596-1800, Monday through Friday 8:00 A.M. to 5:00 P.M.

Law Department

December 6, 2004

Honorable City Council:

Re: Resolution to authorize transfer of title to City of Detroit public housing properties to the Detroit Housing Commission.

Pursuant to state statute and applicable provisions of the 1984 Detroit City Charter, an ordinance to amend Chapter 14, Article V of the 1984 Detroit City Code

to create the Detroit Housing Commission as a public body corporate has been drafted and presented to this Honorable Body for adoption. The ordinance amends certain existing code sections, repeals certain sections and creates Section 14-5-1A so as to reconstitute the Commission and conform the City's ordinance that establishes the Commission with current state law, specifically 1933 (Ex Session) Public Act 18, as amended, being MCL 125.651, et seq., (the "Act") and the decision in *American Federation of State, County and Municipal Employees vs. City of Detroit*, 252 Mich App 293; 652 NW2d 240 (2002); *aff'd* 468 Mich 388; 662 NW2d 695 (2003). The Michigan supreme court decision issued in that case interpreted and construed certain provisions of the 1996 amendments to the Act and declared Michigan housing commissions to be public bodies corporate, separate and independent from the municipalities that establish them.

Consistent with its independent legal status, the Commission has requested that for properties for which it is responsible, that title be transferred to the Commission. Transferring title would facilitate more efficient and effective management and operation of the City's public housing stock in accordance with federal public housing program requirements. However, the City's existing code provision that addresses the question of how title for such properties should be held, City Code Section 14-5-10 (a), currently requires that "all contracts, purchase orders, deeds, and leases [regarding real property] entered into by the Commission shall be made in the name of the City of Detroit."

Section 11 of the Act, specifically MCL 125.661(3), permits a governing body to transfer property to a housing commission for use by the Commission for purposes authorized by the Act, but it requires, in MCL 125.661(1) that the governing body declare, by ordinance or resolution, whether title to such property shall be in the name of the commission or the incorporating unit of government. The Law Department recommends that the City Council evidence its election that Commission properties be titled in the name of the Commission to give full effect to the decision in the above referenced AFSCME case that, except for those few specific powers expressly reserved to the City by the Act, the Commission is, in all respects, an independent public body corporate. The Law Department proposes to amend the existing City Code Section 14-5-10 (a) to state that "[a]ll deeds, mortgages, contracts, leases, purchases, or other agreements regarding real property, including properties currently managed by the Commission and/or those proper-

ties subject to a Declaration of Trust, and including agreements to acquire or dispose of real property, shall be approved and executed in the name of the Commission." The attached resolution authorizing title transfer from the City to the Commission for existing public housing properties subsidized with federal funds would bring the City and the Commission into compliance with the proposed ordinance amendment.

Transferring title to public housing properties from the City to the Commission would not affect existing restrictions that limit their use to public housing purposes. Those restrictions are mandated by the U.S. Department of Housing and Urban Development as a condition of receiving HUD subsidy for acquisition, operation, maintenance and modernization of the properties. Neither the City nor the Commission can sell or demolish the properties, or use them for anything other than public housing purposes, without HUD's prior approval.

There is, in addition to facilitating operational economy and efficiency, yet another reason why it is in the best interest of the City to transfer title to the City's public housing stock to the Commission. Section 13 of the Act, specifically MCL 125.663, says that: "Unless a governing body of the incorporating unit authorizes the execution of agreements regarding real property in the name of a commission as provided in section 11, all claims that may arise in connection with a housing project or projects shall be presented as are ordinary claims against the city..." If title to these properties is not transferred, claims arising from Commission operations will remain claims against the City, lawsuits related to those claims will still name the City as defendant, and judgments will continue to be entered against the City for those claims for which plaintiffs are successful. The Act attempts to shield the City from liability for such judgments by saying that they "shall not be a general obligation of the incorporating unit," but the City could still be liable if Commission revenues and insurance proceeds were insufficient to satisfy such judgments and/or HUD were to disallow use of federal subsidy funds for that purpose. Placing title to Commission properties in the name of the Commission would relieve the City of any liability for any and all claims arising from the Commission's operations and management of properties for which it is responsible.

In anticipation that your Honorable Body agrees that it benefits the City to be relieved from any and all liability for claims arising out of the Commission's operations, we have drafted and request and recommend adoption of the attached resolution to authorize transfer to the Commission of title to any and all federal-

ly funded public housing properties for which the Commission is responsible.

Respectfully submitted,

By Council Member Jones:

A list of such properties is on file in the City Clerk's Office as Exhibit A and incorporated by reference, and any Quit Claim Deed[s] executed and delivered to effect such transfer and conveyance shall be approved by Corporation Counsel or her designee as to form.

Be It Further Resolved, In the event that the Commission should discover any other public housing properties subsidized by federal funds that have been omitted inadvertently from the attached property listing, this authorization for transfer and conveyance of title shall be construed as to extend to such properties,

Provided, However, That the Commission shall first have given notice to City Council of such omitted properties, if any, prior to the execution of any Quit Claim Deed[s] to effect their conveyance.

STATEMENT BY COUNCIL PRESIDENT
PRO-TEM MONICA CONYERS ON
"YES" VOTE DURING FORMAL
SESSION JANUARY 25, 2006

With reservations I voted "yes" authorize the title transfer of public housing properties from the city to the Detroit Housing Commission, which is now a separate entity from the city and under administration from the Department of Housing and Urban Development. I felt that I needed more information when divesting city property to another entity. I requested that the value of the public housing stock be appraised and a copy of the appraisal be given to city Council; I was not given this information. I also wanted to consider other avenues that the city could take in developing this inventory into better low-income and affordable public housing for Detroit residents.

Re: Ordinance authorizing amendment to Chapter 14, Article V of the 1984 Detroit City Code to create the Detroit Housing Commission as a Public Body Corporate.

The attached ordinance to amend Chapter 14, Article V of the Detroit City Code is hereby presented to this Honorable Body for adoption. The ordinance amends certain existing code sections, repeals certain sections and creates a new Section 14-5-1A so as to reconstitute the Commission as a public body corporate and conform the City's ordinance that establishes the Commission with current state law, specifically 1933 (Ex Session) Public Act 18, as amended, being MCL 124.651, et seq., and the decision in *American Federation of State County and Municipal Employees vs. City of Detroit*, 252 Mich App 293; 652 NW2d 240 (2002; aff'd 468 Mich 388; 662 NW2d 695 (2003).

The Detroit Housing Commission, together with the Law Department and the Administration, request that the attached Ordinance be introduced and set for hearing at your earliest possible session and recommend its adoption.

Re: Address: 6426 Beechwood. Name: Joseph Griffin. Date ordered removed: August 1, 2001 (J.C.C. pg. 2249).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on January 10, 2006 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of December 8, 2005.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

These properties lie within the boundaries of the NEZ area and should be eligible for NEZ certificates under Michigan Public Act 147 of 1992 as currently written.

Triad Development Company has proposed infill housing in the area. The proposed development plan calls for the construction of housing units ranging in price between \$130,000 and \$170,000. The

development would be a mixture of single-family homes with three (3) bedrooms, and two (2) bedroom duplexes.

Triad Development Company has applied for certificates prior to the issuance of building permits on behalf of the future owners who would eventually occupy the properties. The State Tax Commission, however, will not issue certificates until owners are identified. Once owners are identified, they can apply for the certificates. At that time, it would not be necessary for the City Council to pass another resolution.

The CPC staff, after a review of the above NEZ certificate applications, recommends that the NEZ certificate applications for the properties indicated above be approved as submitted.

Honorable City Council:

Re: Request of Marygrove Awning Co. to erect two (2) awnings for Cobo Joe's at 422 W. Congress in a PCA (Restricted Central Business District) zoning district (Recommend Approval).

Marygrove Awning Company is requesting approval to erect two (2) awnings for Cobo Joe's at 422 W. Congress. This property is located in a PCA (Restricted Central Business District) zoning district. PCA zoning districts are located in close proximity to the Public Center District and controls of the PCA district are designed to prevent uses and structures from having a deleterious effect on the public center of the city. Section 61-

11-96 of the Zoning Ordinance requires City Council approval of the design, appearance and location of any exterior alteration in a PCA district after receiving a report and recommendation from the City Planning Commission (CPC).

The proposed awnings would replace two recently removed awnings above the first floor windows of the building. The awnings would each be 10 feet, 9 inches in length and project 3 feet from the building. The bottom of the framework of each awning would be 8 feet above the sidewalk. The new awnings would be red with black trim and contain no lettering or graphics. It is expected that a sign will be installed between the awnings at a later date to replace a recently removed sign.

City Planning Commission staff has reviewed the proposal and illustrations related to the awnings and find them appropriate for the PCA district. We further find that the location and design of the awnings would be consistent with the spirit, purpose and intent of the PCA district. We therefore recommend approval of the location and design of the awnings and submit the attached resolution for your consideration.

Respectfully submitted,
MARCUS D. LOPER

Whereas, The City Planning Commission staff has reviewed the location and design of the awnings and finds that they are consistent with the spirit, purpose and intent of the district as indicated in the foregoing communication;

Now, Therefore Be It

Resolved, That the Detroit City Council hereby approves the location and design of the two (2) awnings as described in the foregoing communication from the City Planning Commission staff and as presented in the illustrations prepared by Marygrove Awning Company received by the City Planning Commission office on January 17, 2006.

Honorable City Council:

Re: Request for City Council Approval for the Issuance of Michigan Liquor Control Commission Dance-Entertainment and Extended Hours Permits to R.B.T.K. Corporation for 151 West Fort Street in Conjunction with an MLCC National Sporting Event License for the Super Bowl XL Activity Period.

Pursuant to Section 517a(4) of the Liquor Control Code, being MCL 436.517a(4), this Body recommended, by resolution on December 14, 2005, that the Michigan Liquor Control Commission ("MLCC") issue a national sporting event license for Super Bowl related events at 151 West Fort Street, for the National Football League Super Bowl XL activity period. Accordingly, R.B.T.K. Corporation has applied (MLCC Request ID Number 332839) to the MLCC for a national sporting event liquor license for the premises at 151 West Fort Street, with a request for a dance-entertainment permit and an extended hours permit for dance-entertainment only, for the designated activity period.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of an MLCC dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall also obtain the approval of the local legislative body of the municipality within which the premises are located. Further, Sections 916(8)(b) and 916(10)(b) of the Liquor Control Code, being MCL 436.1916(8)(b) and MCL 436.1916(10)(b), require that an applicant for an MLCC extended hours permit shall also obtain the approval of the local legislative body of the municipality within which the premises to be licensed are located.

Pursuant to this requirement, R.B.T.K. Corporation has requested that this Honorable Body approve its request for the issuance of a dance-entertainment permit and an extended hours permit, for dance-entertainment only, in conjunction with the approval and issuance by the MLCC of a national sporting event liquor license to R.B.T.K. Corporation for the premises at 151 West Fort Street for the Super Bowl XL activity period.

Consumer Affairs Department Business License Center records indicate that

R.B.T.K. Corporation, has applied and paid for a special event vendor license for the Super Bowl XL activity period pursuant to Chapter 30.5 of the 1984 Detroit City Code, which governs the City's issuance of limited duration licenses and permits for this period. After investigation and review, the Detroit Police Department Liquor License Unit has recommended, on behalf of the Chief of Police, the approval of the issuance of a national sporting event liquor license, a dance-entertainment permit, and an extended hours permit for dance-entertainment, with extended hours of 2:00 a.m. to 4:00 a.m. only for the dates specified on its license to R.B.T.K. Corporation for the premises at 151 West Fort Street.

Upon this Body's approval of the request for the issuance of a dance-entertainment and extended hours permits, in conjunction with the approval and issuance of a national sporting event license, the applicant will be approved for the sale of alcoholic beverages, patron dancing, entertainment, with extended hours of 2:00 a.m. to 4:00 a.m., only, for the dates specified on its license, for patron dancing and entertainment only, at 151 West Fort Street during the Super Bowl activity period.

Therefore, The Law Department recommends that this matter be placed on the City Council's agenda for the approval or disapproval of the requested dance-entertainment permit and the extended hours permit for 2:00 a.m. to 4:00 a.m., only, for the dates specified on its license, for dance-entertainment only, in conjunction with the approval and issuance of a national sporting event license to R.B.T.K. Corporation for the premises at 151 West Fort Street for the Super Bowl XL activity period. Attached for your consideration is a proposed resolution approving the issuance of the dance-entertainment and extended hours permit for 2:00 a.m. to 4:00 a.m., only, for the dates specified on its license, for patron dancing and entertainment only.

Law Department

January 24, 2006

Honorable City Council:

Re: Request for City Council Approval for the Issuance of Michigan Liquor Control Commission Dance-Entertainment and Extended Hours Permits to The Harmonie Club Building Event Group, LLC, at 311 E. Grand River, in Conjunction with an MLCC National Sporting Event License for the Super Bowl XL Activity Period.

Pursuant to Section 517a(4) of the Liquor Control Code, being MCL 436.517a(4), this Body recommended, by resolution on January 18, 2006, that the Michigan Liquor Control Commission ("MLCC") issue a national sporting event license to The Harmonie Club Building Event Group, LLC, at 311 E. Grand River, for the National Football League Super Bowl XL activity period. Accordingly, The Harmonie Club Building Event Group, LLC, has applied to the MLCC for a national sporting event liquor license, with a request for a dance-entertainment permit and an extended hours permit, for dance-entertainment only, for the designated activity period.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of an MLCC dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall also obtain the approval of the local legislative body of the municipality within which the premises are located. Further, Sections 916(8)(b) and 916(10)(b) of the Liquor Control Code, being MCL 436.1916(8)(b) and MCL 436.1916(10)(b), require that an applicant for an MLCC extended hours permit shall also obtain the approval of the local legislative body of the municipality within which the premises to be licensed are located.

Pursuant to this requirement, the MLCC has forwarded, to your Honorable Body, Local Approval Notice, Request ID Number 332629. This Local Approval Notice requests City Council approval or disapproval of a request for the issuance of a dance-entertainment permit and an extended hours permit, for dance-entertainment only, in conjunction with the approval and issuance by the MLCC of a national sporting event liquor license to The Harmonie Club Building Event Group, LLC, at 311 E. Grand River, for the Super Bowl XL period.

Consumer Affairs Department Business License Center records indicate that The Harmonie Club Building Event Group, LLC, has applied and paid for a special event vendor license for the Super Bowl XL activity period pursuant to Chapter 30.5 of the 1984 Detroit City Code, which governs the City's issuance of limited duration licenses and permits for this period. After investigation and review, the Detroit Police Department Liquor License Unit has recommended, on behalf of the Chief of Police, the approval of the issuance of a national sporting event liquor license, a dance-entertainment permit, and an extended hours permit for dance-entertainment, only, for the hours 2:00 a.m. to 4:00 a.m.,

for the dates specified on its license, to The Harmonie Club Building Event Group, LLC, at 311 E. Grand River.

Upon this Body's approval of the request for the issuance of a dance-entertainment and extended hours permits, in conjunction with the approval and issuance of a national sporting event license, the applicant will be approved for the sale of alcoholic beverages, patron dancing, entertainment, with extended hours of 2:00 a.m. to 4:00 a.m., for the dates specified on its license, for patron dancing and entertainment only, at 311 E. Grand River during the Super Bowl activity period.

Therefore, The Law Department recommends that this matter be placed on the City Council's agenda for the approval or disapproval of the requested dance-entertainment permit and the extended hours permit for 2:00 a.m. to 4:00 a.m., only, for the dates specified on its license, for dance-entertainment only, in conjunction with the approval and issuance of a national sporting event license to The Harmonie Club Building Event Group, LLC, at 311 E. Grand River, for the Super Bowl XL activity period. Attached for this Body's consideration is a proposed resolution approving the issuance of the dance-entertainment and extended hours permit for 2:00 a.m. to 4:00 a.m., only, for the dates specified on its license, for patron dancing and entertainment only.

If there are any questions or concerns, please do not hesitate to contact our office.

Resolution "A"

By Council Member Kenyatta:

Whereas, Building and Safety Engineering Department ("B&SE") records for 15600-15606 Joy Road indicate that, prior to the establishment of the property as an adult cabaret, the premises at the location was operated as a "public establishment" in accordance with Building Permit Number 21207, dated January 23, 1962, and as a cabaret in accordance with Building Permit number 9843, dated November 8, 1974;

Whereas, B&SE records also indicate that the current legal nonconforming use of 15600-15606 Joy Road is 'Class "C" Bar and Adult Cabaret' per Building Permit Number 30808, dated February 11, 1986, issued pursuant to Board of

Zoning Appeals Case Number 182-85, dated September 6, 1985;

Whereas, Zoning District Map No. 69 of the Detroit Zoning Ordinance, which is contained in Chapter 61, Article XVII, of the 1984 Detroit City Code ("City Code"), indicates that 15600-15606 Joy Road is located in a B3 Shopping District;

Whereas, Cabarets and establishments for the sale of beer or liquor for consumption on the premises (Class "C" bars) are conforming uses subject to conditions in the B3 Shopping District, as provided for in Section 61-9-62 of the Detroit Zoning Ordinance;

Whereas, Section 5-2-1 of the City Code defines a Group 'A' Cabaret as an establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one (1) time with or without dancing;

Whereas, An adult cabaret, however, is a nonconforming use in a B3 Shopping District in accordance with Section 61-16-142 of the Detroit Zoning Ordinance since this use is specifically excluded from the lists of uses permitted by right or conditionally in this zoning district pursuant to Article IX, Division 4;

Whereas, Section 5-2-1 of the City Code defines a Group 'D' Adult Cabaret as an establishment open to the public which sells or serves alcoholic beverages with or without food, and provides entertainment that is distinguished or characterized by an emphasis upon, or a relation to, specified anatomical areas or specified sexual activities, as also defined in Section 5-2-1;

Whereas, Thomas W. Moses, the owner of the business at 15600-15606 Joy Road, is eligible to apply for a City of Detroit Group 'D' Adult Cabaret License and/or a City of Detroit Group 'A' Cabaret License for the location in accordance with Sections 5-2-1 and 5-7-21 of the City Code by virtue of the land use rights indicated in the permit history for the premises;

Whereas, Mr. Moses and the premises at 15600-15606 Joy Road will have to meet the applicable requirements of the City Code prior to the issuance of a City of Detroit Group 'A' Cabaret License or a Group 'D' Adult Cabaret License for the location;

Whereas, Consumer Affairs Department Business License Center records indicate that Mr. Moses has applied for a City of Detroit Group 'D' Adult Cabaret License for the location;

Whereas, The issuance of a Group 'D' Adult Cabaret License to Mr. Moses for 15600-15606 Joy Road, in conjunction with an MLCC dance-entertainment permit, would permit the business to operate the business as an adult cabaret, without female topless activity, but with entertain-

ment that is "distinguished or characterized by an emphasis upon, or a relation to, specified anatomical areas or specified sexual activities" in accordance with Sections 5-2-1 and 5-2-21 of the City Code;

Whereas, Section 916(10)(b) of the Michigan Liquor Control Code of 1998 ("Liquor Control Code"), being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or topless activity permit, or a combination dance-entertainment permit or topless activity -entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located;

Whereas, Pursuant to this requirement, the MLCC has forwarded to the Detroit City Council a Local Approval Notice (Request ID Number 267075), which has been designated by the City Clerk as petition Number 4355 (prior Petition Number 2997);

Whereas, The Local Approval notice requests City Council approval or disapproval of the transfer of a dance-entertainment permit in conjunction with the pending transfer of ownership of a 2005 Class "C" liquor license from Back Street, Inc., to Mr. Moses for a business at 15600-15606 Joy Road;

Whereas, Mr. Moses will be eligible to operate the business at 15600-15606 Joy road as an adult cabaret, without female topless activity, but with entertainment that is "distinguished or characterized by an emphasis upon, or a relation to, specified anatomical areas or specified sexual activities" upon the issuance of a Group 'D' adult cabaret license and the MLCC's approval of the transfer of the dance-entertainment permit in conjunction with the transfer of the liquor license;

Whereas, The Detroit City Council has considered the Local Approval Notice for the approval or disapproval of the transfer of the dance-entertainment permit to Thomas W. Moses for the establishment at 15600-15606 Joy Road in accordance with this Body's August 1, 2003 and July 7, 2004 resolutions on the procedures and criteria for the approval or disapproval of the issuance of MLCC dance, entertainment, or topless activity permits to licensed locations, which includes routine consideration by City Council of conforming and nonconforming use status when considering approvals of such permits; and

Whereas, The aforementioned adult use at 15600-15606 Joy Road is a non-conforming use in a B3 Shopping District in accordance with Section 61-16-142 of the Detroit Zoning Ordinance since this

use is specifically excluded from the lists of uses permitted by right or conditionally in this zoning district pursuant to Article IX, Division 4.

Now Therefore It Is Resolved, Pursuant to Section 916(10)(b) of the Michigan Liquor Control Code, being MCL 436.1916(10)(b), that the Detroit City Council, disapproves the transfer and issuance of a dance-entertainment permit to Thomas W. Moses for 15600-15606 Joy Road; and;

It Is Further Resolved, That copies of this Resolution, and the City Clerk's certification of this disapproval of MLCC request ID number 267075, be forwarded to the Michigan Department of Consumer and Industry Services, Liquor Control Commission, 7150 Harris Drive, P.O. Box 30005, Lansing, MI 48909-7575, the Detroit Police Department, Liquor License Unit, 2100 Park Street, Room 114-2, and the Consumer Affairs Business License Center, 105 Coleman A. Young Municipal Center.

Whereas, The issuance of a Group 'D' Adult Cabaret License to Mr. Moses for 15600-15606 Joy Road is consistent with Sections 5-2-1 and 5-2-21 of the City Code since the owner intends to operate the business as an adult cabaret, without female topless activity, but with entertainment that is "distinguished or characterized by an emphasis upon, or a relation to, specified anatomical areas or specified sexual activities";

Whereas, Section 916(10)(b) of the Michigan Liquor Control Code of 1998 ("Liquor Control Code"), being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or topless activity permit, or a combination dance-entertainment permit or topless activity -entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of

the municipality within which the premises are located;

Whereas, Pursuant to this requirement, the MLCC has forwarded to the Detroit City Council a Local Approval Notice (Request ID Number 267075), which has been designated by the City Clerk as petition Number 4355 (prior Petition Number 2997);

Whereas, Mr. Moses has indicated that he intends to offer male adult entertainers at the premises at 15600-15606 Joy Road, which is permitted under the Detroit Zoning Ordinance with the issuance of a Group 'D' adult cabaret license;

Whereas, The issuance of a Group 'D' adult cabaret license to Thomas W. Moses for 15600-15606 Joy Road is consistent with Sections 5-2-1 and 5-2-21 of the City Code since the owner intends to operate the business as an adult cabaret, without female topless activity, but with entertainment that is "distinguished or characterized by an emphasis upon, or a relation to, specified anatomical areas or specified sexual activities"

*WAIVER OF RECONSIDERATION (No. 1), per motions before adjournment.

**COMMUNICATIONS FROM:
Executive Office**

January 24, 2006

Honorable City Council:

Re: Street Administrator.

The provisions of Act 51, Public Acts of 1951, which is the law under which the State distributes the Gas and Weight tax revenues, requires that each City appoint a Street Administrator to act on behalf of the City with respect to the allocation of said funds.

The responsibilities of the Street Administrator range from maintenance and improvements to streets, traffic operations, negotiating contracts with the State Department of Transportation and maintenance of an inventory of all streets within the City.

Since the major use of the City’s share of Gas and Weight taxes is to maintain and improve existing streets, traditionally, the Street Administrator for the City of Detroit has been the Director of Public Works.

It is therefore my recommendation that the Street Administrator, for the City of Detroit, be the Director of the Department of Public Works, Ms. Cathy L. Square.

Respectfully submitted,

KWAME M. KILPATRICK

Mayor

By Council Member Jones:

Whereas, Section 13 (8) of Act 51, Public Acts of 1951 provided that each incorporated City and Village, to which funds are returned under the provision of this section, that, “the responsibility for all street improvements, maintenance, and traffic operation work shall be coordinated by a single administrator to be designated by the governing body who shall be responsible for and shall represent the municipality in all transactions with the State Transportation Department pursuant to the provision of the Act.”

Therefore, Be it resolved, that this Honorable Body designates Ms. Cathy L. Square as the single Street Administrator of the City of Detroit in all the transactions with the State Department of Transportation as provided in Section 13 of the Act.

Law Department

January 9, 2006

Honorable City Council:

Re: City of Detroit, et al. vs. Astro Enterprises Company. Case No.: 03-328772 CH.

On January 5, 2006 a settlement conference was held in Wayne County Circuit Court to consider the counterclaim of Astro Enterprises Company against the City of Detroit alleging that it had suffered damages because of the alleged failure of the City of Detroit as its landlord to provide quiet enjoyment to the premises it rented at 5505 Concord, Detroit, Michigan.

Based upon our review of the facts and particulars of Astro Enterprises Company's claim for damages, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it

is our considered opinion that acceptance of Astro Enterprises Company's offer to settle its counterclaim is in the best interest of the City of Detroit. Astro Enterprises Company has offered to dismiss its counterclaim against the City of Detroit in exchange for the City's release to Astro Enterprises of its interest in \$147,500.00 of rent escrow money maintained in a private rent escrow account by Astro Enterprises Company.

We therefore request that your Honorable Body accept settlement of Astro Enterprises Company's counterclaim in the above matter upon receipt of a stipulated order of dismissal by Astro Enterprises Company in Lawsuit 03-328772 CH, approved by the Law Department.

City Planning Commission

December 14, 2005

Honorable City Council:

Re: Request of the Greater Corktown Development Corporation and the City Planning Commission staff to rezone property on the west side of Trumbull Ave. between Martin Luther King Jr. Blvd. and Ash St. from R4 (Thoroughfare Residential District) to B2 (Local Business and Residential District) (Recommend Approval).

The Greater Corktown Development Corporation (GCDC) and the City Planning Commission (CPC) staff are requesting to amend District Map No. 3 of Detroit's Official Zoning Ordinance to show a B2 (Local Business and Residential District) zoning classification is currently shown on properties generally located on the west side of Trumbull Ave. between Martin Luther King Jr. Blvd. and Ash St. The subject property is shown as the shaded area on the map attached.

PROPOSED DEVELOPMENT

The GCDC initially requested the rezoning of the property on the west side of Trumbull Ave. between Ash St. and Sycamore St. to allow the construction of a three-story mixed-use structure to include six, first-floor retail spaces and 22 one-bedroom affordable loft-style apartments on the second and third floors. GCDC has submitted elevations, floor plans, and a site plan for your information (please find attached). They show that the retail units will range in size from 730 to 900 square feet, and the residential units will range in size from 610 to 920 square feet. Twelve garages are proposed on the first level behind the retail spaces. In addition, the site plan includes 17 surface lot parking spaces. The proposed development involves 0.59 acres of land.

CITY PLANNING COMMISSION STAFF PROPOSAL

After reviewing the GCDC rezoning request, the CPC staff proposed that the rezoning be extended to include all the properties on the west side of Trumbull Ave. from Ash St. to Martin Luther King Jr. Blvd. in order to achieve a more consistent zoning pattern for the area and to reinforce the new land use proposed by GCDC. The size of the area proposed for rezoning, including both the GCDC and CPC staff proposals, totals 1.46 acres.

SITE CONTROL

GCDC is in the process of purchasing the land that is required to do its project, all of which is owned by the City of Detroit.

The Planning and Development Department (P&DD) project manager verified that they are waiting on the approval of proper zoning before they prepare for closing.

EXISTING LAND USE

Existing land uses on the subject property include vacant land on west side of Trumbull between Ash St. and Sycamore St., one occupied residential structure located at 3407 Trumbull Ave. just north of Sycamore St., and Trinity Episcopal Church located at the corner of Trumbull and Martin Luther King Jr. Blvd. No demolition of structures is expected because the GCDC proposed development involves vacant land generally located at 3331 and 3401 Trumbull Ave. between Ash St. and Sycamore St.

SURROUNDING LAND USE AND ZONING

Land to the east of the subject area is zoned M2 (Residential Industrial District) and B4 (General Business District), land to the west is zoned R2 (Two Family Residential District), land to north is zoned B4 (General Business District), and land to the south is zoned R4 (Thoroughfare Residential District) on the west side of Trumbull Ave. and M2 and SD5 (Special Development District, Casinos) on the east side of Trumbull Ave.

Surrounding land uses include a strip mall with a laundromat and liquor store, a cold storage facility, and Goodwill Industries to the east, scattered residential structures and vacant land to the west, vacant land and a cone island restaurant to the north, and residential structures to the south on the west side of Trumbull Ave. and assorted commercial, light industrial and casino-related uses to the south on the east side of Trumbull Ave.

MASTER PLAN DESIGNATION

Both the existing and recommended land use maps in the Master Plan designate this area as RM (Medium Density Residential). The generalized rezoning concepts show this area as R4 (Thoroughfare Residential District). The Cluster 4 CRS report shows multi-family townhomes for the subject area. Correspondence from P&DD concludes that the proposed rezoning conforms to the future land use designation in the City's *Master Plan of Policies* and that a Master Plan amendment will not be necessary.

PUBLIC HEARING RESULTS

One person spoke at the public hearing held at the City Planning Commission meeting on September 8, 2005. The person spoke in favor of the proposed rezoning and asked for clarification about whether the action would negatively affect his property. Staff indicated that the rezoning would not negatively affect his property.

ANALYSIS

After reviewing the zoning and land use patterns in this area, the Commission concludes that the proposed rezoning is compatible with surrounding uses, provides a consistent zoning pattern, and reinforces the new land use proposed by the petitioner.

If approved, the residential structure located on the northwest corner of Sycamore and Trumbull would become a conditional use, which means that a Building and Safety Engineering Department hearing would be required for future expansions. The rezoning would not generate any nonconforming uses.

The type of smaller scale, mixed-use development being proposed by GCDC should be encouraged on thoroughfares like Trumbull Ave. as a way to utilize vacant land and in order to lead to sustainable commercial and residential uses. The attached P&DD correspondence similarly notes:

The proposed rezoning and development will inject new life into a surrounding neighborhood that has been in constant decline for many years. The retail component will attract customers from both the residents of the new development and

existing residents within the surrounding community.

RECOMMENDATION

The City Planning Commission recommends that the Greater Corktown Development Corporation and the Commission staff's request rezone property on the west side of Trumbull Ave. between Martin Luther King Jr. Blvd. and Ash St. from R4 to B2 be approved.

NEXT STEPS

Please find attached an ordinance approved as to form by the Law Department for City Council consideration. City Planning Commission staff recommends that City Council schedule a discussion on this matter, after which time the ordinance could be introduced and a public hearing scheduled. City Planning Commission staff notes that City Council action is required on the rezoning by the end of the month of February, 2006 in order for GCDC to receive some of the finances required for this project.

Honorable City Council:

Re: Request for City Council Approval for the Issuance of Michigan Liquor Control Commission Dance-Entertainment and Extended Hours Permits to Broadway Ventures, LLC, 20 Witherell, in Conjunction with an MLCC National Sporting Event License for the Super Bowl XL Activity Period.

Pursuant to Section 517a(4) of the Liquor Control Code, being MCL 436.517a(4), this Body recommended, by resolution on January 18, 2006, that the Michigan Liquor Control Commission ("MLCC") issue a national sporting event license to the license applicant at 20 Witherell, for the National Football League Super Bowl XL activity period. Accordingly, Broadway Ventures, LLC, has applied to the MLCC for a national sporting event liquor license with a request for a dance-entertainment permit and an extended hours permit, for dance-entertainment only, for the designated activity period.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of an MLCC dance or entertainment permit, or a combination dance-

**RESOLUTION
“BLACK STATE OF EMERGENCY”
IN NEW ORLEANS**

**CALL FOR NATIONAL MOBILIZATION
TO SUPPORT RESIDENTS AND
EVACUEES/DISPLACED PERSONS**

By COUNCIL MEMBER WATSON,

joined by ALL COUNCIL MEMBERS:

Whereas, Wrapping up three days of very emotional and deeply moving experiences, leaders who gathered in New Orleans January 12-14, 2006 for the Martin Luther King Weekend Initiative concurred with a resident who spoke at the Town Hall Meeting Saturday that the conditions of Black residents, evacuees/displaced persons is nothing short of a “Black State of Emergency.” Launched at the Millions More Movement Mobilization in October, the goal of the MLK Weekend Initiative was to support the “Right of Return” of all New Orleans residents to reclaim their homes, neighborhoods and the city, particularly the majority population. The Initiative was also intended to support an equitable, inclusion and just process for rebuilding and redeveloping the New Orleans area, and

Whereas, Sponsored by the Institute of the Black World 21st Century, the African American Leadership Project, Progressive National Baptist Convention, Hip Hop Caucus, National Black Environmental Justice Network, Local Organizing Committee of the Millions More Movement, People’s Institute for Survival and Beyond and Black Family Summit of Black professional and service providers, the Weekend events included a Rebuilding and Redevelopment

Conference; inter-faith, ecumenical religious service; a tour of devastated areas of the city; Town Hall Meeting; March to the Lefite and Iberville housing developments; and, meeting of the Black Family Summit. Leaders and participants also attended the Congressional Hearing of the House Sub-Committee on Housing and Community Opportunity where Congresswoman Maxine Waters serves as the Ranking member, and

Whereas, The most moving experiences, however, were the tour of the devastated communities of the Upper and Lower Ninth Ward and neighborhoods in East New Orleans and the powerful testimonies at the Town Hall Meeting. The tour graphically illustrated the enormity of the disaster not only in terms of the destruction of property but the soul and fabric of neighborhoods and the sense of community characteristic of much of Black New Orleans. Mtumishi St. Julien, who served as one of the guides and CC Campbell Rock, a displaced New Orleans resident who writes for the Bay View Newspaper in Oakland, California, shared their perspectives on the importance of the neighborhoods as the foundation and heart of the culture of the city and view that New Orleans will never be the same unless the evacuees/displaced persons have a right to return to rebuild and restore their neighborhoods/communities.

Whereas, Time and time again at the Town Hall Meeting residents expressed their fervent desire to reclaim their homes and neighborhoods and the fear that plans are afoot among wealthy developers, business leaders and some politicians to use the Katrina disaster to downsize New Orleans and depopulate many of the neighborhoods traditionally inhabited by Blacks. There was a sense that numerous obstacles, including FEMA’s inexplicable inability to provide thousands of trailers as temporary homes in a timely manner, is aiding and abetting what many perceive as a calculated effort to decrease the Black population of New Orleans. However, the prevailing mood in the Town Hall Meeting was that the residents are determined to fight, to disrupt and overcome any plan to dislodge them from the City. Beverly McKenna, Publisher/Editor of the New Orleans Tribune Newspaper, that ceased publication after Katrina, was so encouraged by the MLK Initiative events that she vowed to begin publishing and distributing the Tribune in the next two weeks. That spirit was undergirded by a call for national leaders to bolster the fight in New Orleans by supporting the demand for the Right to Return, connecting with and providing and mobilizing evacuees/displaced persons in cities around the country to enable to participate in the process of determining the future of the City and by

pressuring the Congress to provide the massive assistance needed to rebuild and redevelop New Orleans based plans emanated from and approved by the people.

Whereas, On behalf of the Black Family Summit, Debra Fraser-Houze, President/CEO, National Black Commission on AIDS and a member of the Listening Panel at the Town Hall Meeting, pledged that Black professional organizations and service providers will be engaged in the struggle to restore vital systems like health care to enable residents to return to a wholesome environment. Professor Edward J. Blakely, urban/regional planner and disaster relief specialists, recommended that City Council establish its own Rebuilding and Redevelopment Commission and hold hearings in all the cities where there are populations of evacuees/ displaced persons. The Honorable Minister Louis Farrakhan, leader of the Nation of Islam and National Convener of the Millions More Movement, declared that the struggle to create an inclusive, righteous, just and equitable New Orleans with the Right of Return for the Black majority will be the major organizing priority of the newly emerging movement. He also pledged that the Final Call Newspaper will "tell the story of what we witnessed here this weekend to our people all across the country and the world."

Whereas, Expressing satisfaction with the overall success of the Initiative, Mtangulizi Sanyika, Project Manager, African American Leadership Project (AALP), noted that participants in the Rebuilding and Development Conference embraced the idea of requesting that the Neighborhood Rebuilding and Equity Resolution recently adopted by the New Orleans City Council be officially passed as an ordinance to ensure the "timely and simultaneous inclusion of all neighborhoods in the rebuilding of the city." It was also recommended that City Councils across the country be asked to adopt resolutions in support of the principles encapsulated in the neighborhood Rebuilding and Equity Ordinance. In addition, AALP will assemble teams of experts to assist neighborhoods and communities to devise their rebuilding and development plans as well as amass technical expertise to assist implementation of development strategies.

Whereas, At the national level, Ron Daniels, President of the Institute of the Black World 21st Century (IBW), said "IBW will respond to the 'Black State of Emergency' we have painfully observed in New Orleans by taking up the challenge to get City Councils across the country to pass resolutions in support of the struggle for equity, fairness and justice in the rebuilding and redevelopment process in

New Orleans beginning with a major issues Forum in New York February 4th. We plan to invite Councilwoman Cynthia Willard-Lewis, who we met at the Conference and Mtangulizi Sanyika to that Forum to begin the process by encouraging our allies on the New York City Council, in the spirit of the 9/11 disaster, to lead the way in mobilizing the nation to support the recovery effort in New Orleans." Then, therefore be it

Resolved, That Daniels also indicated that plans were underway to convene national leaders to support fight for massive assistance for the rebuilding effort. "Now that the Sub-Committee on Housing and Community Opportunity has been to New Orleans to assess the situation first hand, we urge them to press the Congress of the United States must act decisively to provide the massive assistance required to overcome the greatest natural disaster in the history of this nation. We also plan to aggressively keep the story of Katrina in the eyes of the international community and bodies like the United Nations so that the whole world can be witness to how America treats a disaster that affects so many Black people, people of color and the poor." Be it finally

Resolved, That the Detroit City Council joins with the progressive communities around the nation and the world who are committed to the redevelopment of the people, and the resources who have been most vulnerable and most decimated by Hurricane Katrina in a manner which will benefit the diverse, inclusive citizens of New Orleans and calling for release of the millions of dollars earmarked for Hurricane Katrina be equitably distributed in New Orleans and throughout communities like Detroit in Southeast Michigan who are housing New Orleans, Mississippi and Alabama citizens who were displaced by Katrina.

Honorable City Council:

Re: Address: 245 Edmund Pl. Name: Bert Dearing Jr. Date ordered removed: September 21 2005 (J.C.C. p.).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on January 13, 2006 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of October 20, 2005.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

- 1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabili-

tation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Re: Applications for Neighborhood Enterprise Zone Certificates for the 1001 Covington area (Recommend Approval).

The City Clerk's Office forwarded to this office 16 applications from 1001 Covington, LLC for Neighborhood Enterprise Zone (NEZ) certificates at 1001 Covington, units 1-16. Your Honorable Body approved the 1001 Covington NEZ designation on October 3, 2005. City Planning Commission staff has reviewed the application and recommends approval.

The properties involved are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. 1001 Covington, LLC has applied for the certificates, prior to the issuance of building permits, on behalf of the future owners who will occupy the property. It is appropriate for them to apply for certificates at this time, even if a buyer have not yet been identified. The State Tax Commission, however, will not issue certificates until owners are identified. When owners are identified, they can then apply for the certificates. At that time, it would

not be necessary for City Council to pass another resolution.

The petitioner proposes to rehabilitate the existing apartment building located at 1001 Covington Drive and convert the 16 units to condominium units. The rehab is scheduled to begin in January 2006 and last until August 2006. The developer will need to submit to the State Tax Commission the parcels to receive the certificates with a map showing the parcels.

Please let us know if you have any questions.

Law Department

January 30, 2006

Honorable City Council:

Re: Request for City Council Approval for the Issuance of a Michigan Liquor Control Commission Dance-Entertainment Permit to John W. Gardner for 114 Erskine, in Conjunction with an MLCC National Sporting Event License for the Super Bowl XL Activity Period.

Pursuant to Section 517a(4) of the Liquor Control Code, being MCL 436.517a(4), this Body recommended, by resolution on December 14, 2005, that

the Michigan Liquor Control Commission ("MLCC") issue a national sporting event liquor license to John W. Gardner for the premises located at 114 Erskine for the National Football League Super Bowl XL activity period. Accordingly, John W. Gardner has applied to the MLCC for a national sporting event liquor license, with a request for a dance-entertainment permit, for the designated activity period.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of an MLCC dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall also obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has notified the Law Department that John W. Gardner has applied for a dance-entertainment permit, in conjunction with his application for a national sporting event liquor license for the premises at 114 Erskine, MLCC Request ID Number 333322. Consumer Affairs Department Business License Center records indicate that John W. Gardner has applied and paid for a special event vendor license for the location pursuant to Chapter 30.5 of the 1984 Detroit City Code, which governs the City's issuance of limited duration licenses and permits for the Super Bowl XL activity period.

Upon this Body's approval of the request for the issuance of a dance-entertainment permit, in conjunction with the approval and issuance of a national sporting event liquor license, John W. Gardner will be approved for the sale of alcoholic beverages, patron dancing, and entertainment, only, for the dates specified on the license, for the premises at 114 Erskine during the Super Bowl XL activity period.

Therefore, The Law Department recommends that this matter be placed on the City Council's agenda for the approval or disapproval of the requested dance-entertainment permit, for the dates specified on the license, in conjunction with the approval and issuance of a national sporting event license to John W. Gardner for the premises at 114 Erskine for the Super Bowl XL activity period. Attached for this Body's consideration is a proposed resolution approving the issuance of the dance-entertainment permit to John W. Gardner for the subject location for the dates specified on the license. A waiver of reconsideration is requested.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,

BRENDA E. BRACEFUL

Deputy Corporation Counsel

By Council Member Tinsley-Talabi:

Whereas, Section 517a(1) of the Michigan Liquor Control Code of 1998 ("Liquor Control Code"), being MCL 436.517a(1), provides that the Michigan Liquor Control Commission ("MLCC") may issue national sporting event licenses for the sale of alcoholic liquor for consumption on the premises where a local governmental unit is the host of a national sporting event and certain circumstances exist, including the requirements that the applicant and the premises be approved by the local governmental unit and the premises to be licensed be located within a theme area, as defined by the Liquor Control Code;

Whereas, Section 517a(8) of the Liquor Control Code, being MCL 436.517a(8), provides that a "national sporting event" means a sports-related event considered of national prominence and specifically includes the National Football League Super Bowl to be held in the City of Detroit in February, 2006;

Whereas, Pursuant to Section 517a(4) of the Liquor Control Code, being MCL 436.517a(4), this Body recommended, by resolution on December 14, 2005, that the MLCC issue a national sporting event license to John W. Gardner for the premises at 114 Erskine for the Super Bowl XL activity period;

Whereas, John W. Gardner has applied to the MLCC for a national sporting event liquor license, with a dance-entertainment permit, MLCC Request ID Number 333322, for the Super Bowl XL activity period for the premises at 114 Erskine, which is a location in a theme area designated by the City of Detroit in connection with Super Bowl XL;

Whereas, Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of an MLCC dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located;

City of Detroit

Cable Communications Commission

January 31, 2006

Honorable City Council:

Re: Amendment to Resolution and Rate Refund — Form 1205 Settlement for Detroit Cable Subscribers.

The Detroit Cable Communications Commission ("Cable Commission") is submitting an updated Resolution and Rate Order pertaining to Comcast's Form 1205. The original correspondence and Resolution, dated December 16, 2005, indicated the need for a public hearing, which was not correct. We have removed that language from the Resolution and have adjusted the refund plan submission date for Comcast from February 20, 2006 to March 1, 2006.

The Cable Commission respectfully requests that your Honorable Body take final action on approving this Resolution and Rate Refund Order, with a waiver of reconsideration, at your next formal session on February 1, 2006.

Please do not hesitate to contact me at 313.224.2281 if you should need any further information.

Respectfully submitted,
CELESTE MCDERMOTT, ESQ.
Interim Deputy Director

**City of Detroit
Resolution and Rate/Refund Order
Regarding FCC Form 1205 Equipment
and Other Charges of Comcast
Cablevision of Detroit**

By Council Member Tinsley-Talabi:

Whereas, The City of Detroit (the "City"), as a local franchise authority, is certified by the Federal Communications Commission ("FCC") to regulate the cable television rates charged by its franchisee, Comcast Cablevision of Detroit ("Comcast") for the delivery of basic tier services and associated equipment to cable subscribers in the City; and

Whereas, The City adopted Ordinance No. 2-94 as Chapter 9.5, Article IV of the 1984 Detroit City Code, as amended, to provide procedures for basic cable television rate regulation within the City (the "Ordinance"); and

Whereas, On or about March 15, 2005, Comcast, pursuant to City ordinances and pertinent FCC regulations, submitted its proposed schedule and justification of updated equipment, and installation rates using FCC Form 1205 (the "Rate Filing"); and

Whereas, FCC rules allowed Comcast's equipment (remote controls, converters, and the like) lease rates and installation charges on FCC Form 1205 to go into effect ninety (90) days after submission, and the City has twelve (12) months from the date of the Rate Filing to issue its rate order; and

Whereas, The City engaged consultants experienced in cable television rate regulation and financial reviews from the national utility rate consulting firms, Ashpaugh & Sculco, CPAs, PLC and Front Range Consulting, Inc. (collectively, "Rate Consultants") to review the Rate Filing, to obtain information from Comcast concerning the Rate Filing, and to prepare an analysis and report on the Rate Filing; and

Whereas, The Rate Consultants submitted an initial data request to Comcast which required Comcast to provide, among other things, certain supporting data, work papers, and other information with respect to the Rate Filing; and

Whereas, Comcast submitted a response to the initial data request and offered to negotiate a settlement of the issues involved in the Rate Filing with the Rate Consultants; and

Whereas, By letter dated November 4, 2005 to the City, Comcast made a settlement offer to prescribe a framework for the approval of Comcast's Rate Filing and for the review of Comcast's 2006 FCC

Form 1205 Filing (the "Settlement"); and
Whereas, Pursuant to the Settlement, the City shall reject Comcast's Rate Filing, and accept the Settlement as set forth in Comcast's letter with the amended replacement 2005 FCC Form 1205 Filing as set forth in Appendix C to Comcast's letter, as Exhibit 1; and

Whereas, Comcast and the City entered a Settlement Agreement, dated April 26, 2005, regarding, among other things, Comcast's 2004 FCC Form 1205 Filing covering rates effective May 1, 2004; and

Whereas, In light of the prior Settlement Agreement covering Comcast's 2004 Form 1205 Rate Filing, the City will not participate in the 2004 Rate Review portion of the Settlement; and

Whereas, On December 13, 2005, the Detroit Cable Communications Commission reviewed, accepted, and approved the Settlement and voted to recommend that the Detroit City Council ratify and implement the Cable Commission's actions; and

Whereas, The City possesses all powers conferred by the 1992 Cable Television Consumer Protection and Competition Act, as amended (the "1992 Cable Act"), FCC Rules, Comcast's franchise with the City, the Ordinance and all other applicable laws, and may take any action not prohibited by the 1992 Cable Act and FCC Rules to protect the public interest in connection with the rate regulation of basic cable service and associated equipment.

Now, Therefore, Be It Resolved, That based on the foregoing, the City Council hereby finds: (a) that the Settlement is reasonable and (b) that the City accepts and adopts the Settlement, as provided herein; and

Be It Further Resolved, That the City Council hereby ratifies the Cable Commission action of December 13, 2005, accepts the Settlement, rejects Comcast's 2005 Form 1205 Rate Filing, and approves the amended FCC Form 1205 Rate Filing and rates set forth in Appendix C to Comcast's November 4, 2005 letter, as Exhibit 1; and orders that Comcast shall reduce any rates which exceed the rates identified on Exhibit 1 and shall adjust its franchise fees accordingly; and

Be It Further Resolved, That the City finds that certain rates that have been charged by Comcast effective June 1, 2005 for associated equipment and installations have been higher than the legally permitted rates set forth on Exhibit 1; and

Be It Further Resolved, That the City hereby orders Comcast to issue refunds to subscribers for the period commencing June 1, 2005 through the date Comcast implements the rates approved herein in the amount that such rates exceed the

rates set forth on Exhibit 1 and approved herein, including applicable interest, and orders Comcast to submit a refund plan to the City Clerk and to the Interim Deputy Director of the City's Cable Communications Commission on March 1, 2006;

Be It Further Resolved, That this Resolution/Rate Order shall be effective upon its adoption; and

Be It Further Resolved, That the Clerk shall publish a notice of this Resolution/Rate Order in a newspaper of general circulation within the City and that the Clerk shall mail a copy of this Resolution/Rate Order to Comcast, pursuant to the Ordinance; and

Be It Finally Resolved, That the City Council waives reconsideration of this Resolution and the City reserves jurisdiction to issue such other or further orders, by resolution or otherwise, as may be necessary, desirable or in the public interest.

Adopted as follows:

Yeas — Council Members S. Cockrel, Collins, Conyers, Jones, Kenyatta, Reeves, Tinsley-Talabi, Watson, and President K. Cockrel, Jr. — 9.

Honorable City Council:
Re: Department Report, Extension of
Outdoor Café service

This past year the City Council approved a Resolution authorizing Small Plates Detroit LLC to receive a permit to install and maintain an outdoor café at 1521 Broadway from April 30, 2005 to October 30, 2005. On January 31, 2006 Mr. Todd Stowell of Small Plates Detroit LLC was referred to our office by the City Clerk. He is requesting an extension to his original, approved request (Petition #3767) in order to be able to continue his outdoor service January 31, 2006 through February 6, 2006. Our staff met with Mr. Stowell and Mr. Alex Davis, Construction Permit Coordinator for the Department of Public Works. Mr. Davis indicated that Todd Stowell could get the required extension by directly applying for a permit extension from DPW as long as the permit extension request did not exceed ninety (90) days. Mr. Davis felt such action was appropriate and agreed to work with Mr. Stowell so that permission could be secured to accommodate the time-sensitive request of Small Plates Detroit LLC.

If there are any questions or comments, please feel free to contact our office.

Respectfully submitted,
DOUGLASS J. DIGGS,

Director of Development Activities

By Council Member Tinsley-Talabi:

RESOLVED, That the Department of Public Works-City Engineering Division (DPW/CED) is hereby authorized and directed to issue a use permit to Small Plates Detroit LLC ("permittee") at 1521 Broadway, Detroit, Michigan 48226 to extend the time of operation of café service from the original April 30, 2005 through October 30, 2005 granted by the approval of Petition #3767 on July 1, 2005; to the extended time of operation from January 31, 2006 to February 6, 2006. All conditions and requirements as mandated by the original Resolution for Petition #3767 (attached) shall be in full force.

Adopted as follows:

Yeas — Council Members S. Cockrel, Collins, Conyers, Jones, Kenyatta, Reeves, Tinsley-Talabi, Watson, and President K. Cockrel, Jr. — 9.

Nays — None.

**RESOLUTION
TO RE-OPEN SEWARD AVENUE AT
WOODWARD AVENUE**

By Council Member Collins:

Whereas, The General Motors Corporation petitioned the Detroit City Council for the closure of Seward Avenue at Woodward Avenue to vehicular traffic; and

Whereas, After many years of closure, residents and businesses have been burdened by many impediments caused by the closure of Seward Avenue at Woodward Avenue; and

Whereas, One major impediment involves the Detroit Fire Department's inability to adequately reach dwellings in a timely manner, primarily due to the fact that their only means of gaining access to Seward Avenue is to back in by way of 2nd Street; and

Whereas, Such an impediment of the Detroit Fire Department could result in serious injury to persons up to and including death; and

Whereas, The General Motors Corporation has since from that time vacated its headquarters on W. Grand Blvd. and moved to a downtown location, the Renaissance Center; and

Whereas, The residents of the Seward Avenue Block Club have requested the re-opening of Seward Avenue at Woodward Avenue without objection from interested parties; and

Whereas, The City of Detroit Planning and Development Department has indicated no objection other than the cost involved for re-opening Seward Avenue to vehicular traffic; and

Whereas, The residents of Seward Avenue never requested the closing of Seward Avenue to vehicular traffic and were affected negatively as a result of the closing, now therefore be it

Resolved, The Detroit City Council approves the concept of re-opening Seward Avenue at Woodward Avenue to vehicular traffic, be it further

Resolved, The Detroit City Council hereby requests the Administration to provide the appropriate resolution to effectuate the re-opening of Seward Avenue at Woodward Avenue, be it finally

COMMISSION TO STUDY THE
FINANCING OF HEALTH CARE**

By COUNCIL MEMBER WATSON:

WHEREAS, There is enough money in the healthcare system to provide health insurance for all of our residents, although no definitive Michigan study has been done on this issue to date; and

WHEREAS, Because of the manner in which the health care delivery system is funded, and because of the administration costs of the system as it is presently structured, substantial amounts are spent on claims, administrative costs and non-health care related costs; and

WHEREAS, The right of all Americans to health insurance is affirmed by the AMA in policy group H-165.000, and specifically in H-165.866 "All Americans must have health insurance"; and

WHEREAS, Ongoing increases in the cost of prescription drugs are causing many residents to choose between food and needed medications; and

WHEREAS, The Michigan economy is for the first time not producing more cars than the economy of Ontario largely because of the cost of health care for our residents as compared to the cost for Canadians; and

WHEREAS, Other states are much farther along in the planning process to provide health care to all of their residents, particularly Illinois; and

WHEREAS, Health is declared to be a "primary public concern" according to our state Constitution [Article 4, Section 51]; and

WHEREAS, Under our laws the state is supposed to create a plan to provide access to health care to all segments of the state's population [MCL 325.2010(2)]; and

WHEREAS, We applaud Governor Granholm's successful efforts to save Medicaid, her applying for and receiving a State Planning Grant, and her new initiative to cover the uninsured; and

WHEREAS, We understand these efforts by the Governor may include appointing a commission which would attempt to unify all medical coverage in the state and create a fund to provide health insurance for all in Michigan, a concept that we support; and

WHEREAS, Cutting costs is very important, and, as well, a plan must be in place to use the savings to provide health insurance for all Michiganians; NOW THEREFORE BE IT

RESOLVED, The Detroit City Council supports, upon the completion of the Planning Grant process, the establishment of a commission to study the financing of health care in Michigan and to make recommendations to change that financing so that all people in Michigan shall have health insurance in a system which is affordable; cost efficient; provides comprehensive benefits; promotes prevention and early intervention; eliminates disparities in access and in mental health care; provides continuity of care (is portable from one job to another); protects consumer choice; provides high quality care; and, is easy to use; BE IT FURTHER

Law Department

February 1, 2006

Honorable City Council:

Re: Petition Number 3152 — Request for City Council Approval for the Issuance of a New Michigan Liquor Control Commission Topless Activity Permit to Loose Ends, Inc., for a Group 'D' Adult Cabaret at 20226-20230 Joy Road.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or topless activity permit, or a combination dance-entertainment permit or topless activity-entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to the Detroit City Council a Local Approval Notice, Request ID Number 274434, which has been designated by the City Clerk as Petition Number 3152. This Local Approval Notice requests City Council approval or disapproval of a request from Loose Ends, Inc., for new dance-entertainment and topless activity permits in conjunction with a 2004 Class "C" licensed business at 20226-20230 Joy Road. Subsequently, by facsimile dated January 23, 2006, the City was advised that the owner of Loose Ends, Inc., Marion Williams, has requested that the request to the MLCC for the issuance of a dance-entertainment permit for the business be canceled and that only the request for a topless activity permit be considered.

Building and Safety Engineering Department ("B & SE") records for 20226-20230 Joy Road indicate that the business is located in a B4 (General Business) zoning district. Further, B & SE records indicate that the location has been permitted as a bar and restaurant since July 10, 1959 and the type of adult entertainment characteristic to a "Group D" adult cabaret has been permitted at the location prior to changes in the Chapter 61 of the 1984 Detroit City Code, being the Detroit Zoning Ordinance, changes which currently prohibit such land use in a B4 zoning district.

The owner of Loose Ends, Inc., has applied for a Group 'D' Adult Cabaret License for 20226-20230 Joy Road in accordance with Sections 5-2-1 and 5-7-21 of the 1984 Detroit City Code. Section 5-2-1 of the City Code defines a Group 'D' Adult Cabaret as an establishment open to the public which sells or serves alcoholic beverages with or without food, and provides entertainment that is distinguished or characterized by an emphasis

upon, or a relation to, specified anatomical areas or specified sexual activities, as also defined in Section 5-2-1. However, in accordance with Section 61-16-142 of the 1984 Detroit City Code, being the Detroit Zoning Ordinance, a Group 'D' adult cabaret is a nonconforming use in a B4 zoning district since this use is not listed as a conditional use or a use permitted by right in Article IX, Division 5, of the Zoning Ordinance.

The owner and the business will have to meet the applicable requirements of Chapters 5 and 30 of the 1984 Detroit City Code prior to the issuance of the appropriate business licenses for the location. Upon the issuance of a "Group D" Adult Cabaret License by the Consumer Affairs Department and a topless activity permit by the MLCC to Loose Ends, Inc., female topless activity will be permitted at the location, in conjunction with the Class "C" liquor license, thereby allowing the continuation of the nonconforming use at the subject location.

Therefore, the Law Department recommends that this matter be placed on the City Council's agenda in accordance with this Body's August 1, 2003 and July 7, 2004 Resolutions on the procedures and criteria for the approval or disapproval of dance, entertainment, and topless activity permits, which include routine consideration by City Council of nonconforming use status when considering approvals of such permits.

Proposed resolutions concerning the disapproval (Resolution "A") or approval (Resolution "B") of the issuance of a topless activity permit to Loose Ends, Inc., for 20226-20230 Joy Road are attached. If there are any questions or concerns, please do not hesitate to contact our office.

Deputy Corporation Counsel

Ends, Inc., female topless activity will be permitted at the location, in conjunction with the Class "C" liquor license, thereby allowing the continuation of the nonconforming use at the subject location; and

Whereas, The Detroit City Council has considered the Local Approval Notice, as amended by facsimile on January 23, 2006, for the approval or disapproval of the issuance of a new topless activity permit to Loose Ends, Inc., for 20226-20230 Joy Road in accordance with this Body's August 1, 2003 and July 7, 2004 Resolutions on the procedures and criteria for the approval or disapproval of the issuance of MLCC dance, entertainment, or topless activity permits to licensed locations, which includes routine consideration by City Council of conforming and nonconforming use status when considering approvals of such permits.

The project is being funded with a federal subsidy from the Detroit Housing Commission to Cass Corridor Neighborhood Development Corporation who will in turn loan it to the Chesterfield Apartments partnership and Low Income Tax Credits.

MSHDA has indicated that such development receiving low income tax credits, but no financing from the authority, are eligible to receive tax abatements pursuant to Section 15a of Act 346 of the Public Acts of 1996 as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

Eight (8) of the twenty-four (24) units will be set aside for the Detroit Housing Commission Replacement Housing Factor (RHF). The remaining sixteen (16) units will be occupied by families having household incomes no greater than 38% of the area median income, adjusted for family size.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge; the lessor of the tax on the property for the year before

rehabilitation commenced or 10% of the annual net shelter rents obtained from this housing project.

Re: Vonciel Gray vs. City of Detroit. Case No.: 05-511932 NO. File No.: A38000.000402 (MVW).

On January 18, 2006, a case evaluation panel evaluated the above-captioned lawsuit and awarded Sixteen Thousand Dollars (\$16,000.00) in favor of Plaintiff. We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Sixteen Thousand Dollars (\$16,000.00) payable to Phillip Serafini, attorney, and Vonciel Gray, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 05-511932 NO, approved by the Law Department.

Re: Address: 4547 Townsend. Name: Jesse Rivers. Date ordered removed: November 2, 2005 (J.C.C. pg.).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on December 5, 2005 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of January 26, 2006.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

February 1, 2006

Honorable City Council:

Re: Resolution Authorizing the Issuance and Sale of Water Supply System Revenue Bonds to the Michigan Municipal Bond Authority, of Junior Standing to the City's Water Supply System Revenue and Revenue Refunding Bonds now outstanding.

The attached Resolution authorizes the issuance and sale of approximately \$7 million of Water Supply System Revenue Bonds for the purpose of defraying part of the cost of acquiring and constructing repairs, extension and improvements to the City's Water Supply System Capital Program.

This financing is for participation in the Michigan Municipal Bond Authority's Drinking Water Revolving Fund 3rd Quarter Financing, to take advantage of the Authority's lower cost of borrowing.

It is anticipated that the sale will occur in June. Bond Counsel has prepared the attached Resolution and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

Respectfully submitted,
ROGER SHORT
Interim Finance Director

Whereas, To finance all or a portion of the costs of the Project, including costs of issuance of the Bonds (hereafter defined), the DWSD has recommended that the Bonds be issued in accordance with Act 94, Public Acts of Michigan, 1933, as amended ("Act 94"), in the stated principal amount of up to the amount of the DWSD Estimated Cost and sold to the Michigan Municipal Bond Authority (the "Authority") as part of the State Revolving Fund Program; and

Principal of the Bonds shall be payable in the same manner as interest thereon on the annual payment date set forth above.

(e) The Bonds shall be dated June 22, 2006, or such other dates as provided in the DEQ Order or Purchase Contract. The Bonds shall be issued as a single, fully registered bond.

(f) The Bonds may be subject to redemption prior to maturity by the City only with the prior written consent of the Authority and on such terms as may be required by the Authority.

(g) Unless waived by any registered owner of a Bond to be redeemed, official notice of redemption of such Bond shall be given by the Transfer Agent on behalf of the City. Such notice shall be dated and shall contain at a minimum the following information: complete official name of the issue, including series; original issue date; payment dates; interest rate; the date of redemption notice; the redemption date; the redemption price; the place where the Bonds, or portions thereof called for redemption, are to be surrendered for payment; the Transfer Agent's name and address with contact person and phone number; and a statement that interest on the Bond of portions thereof called for redemption shall cease to accrue from and after the redemption date if moneys are on hand with the Transfer Agent to redeem Bonds or portions thereof called for redemption.

In addition, further notice shall be given

by the Transfer Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner affect the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

Section 6. Payment of Bonds. The Bonds and the interest thereon shall be payable solely from the Net Revenues, and to secure such payment, the statutory lien upon the whole of the Net Revenues created in the Bond Ordinance, subject to the prior lien thereon of Senior Obligations and any other Junior Obligations which may be issued under the Bond Ordinance with a higher priority of lien on Net Revenues than that granted the SRF Junior Lien Bonds, is hereby confirmed in favor of the Bonds.

The obligation of the City to pay the principal of and interest on the Bonds shall continue until such payment in full has been made or until sufficient cash or sufficient Government Obligations shall have been deposited in trust for payment in full of the principal of and the interest on the Bonds to be defeased to its maturity, or, if called for redemption, to the date fixed for redemption, together with the amount of the redemption premium, if any. Upon deposit of cash or sufficient Government Obligations, as provided in the previous sentence, the statutory lien herein referred to shall be terminated with respect to the Bonds for which such deposit was made, and, the holders of such Bonds shall have no further rights under this Resolution except for payment from the deposited funds and registration and replacement of bonds, and such Bonds shall no longer be considered to be outstanding under the Bond Ordinance and this Resolution.

Section 7. Funds and Accounts; Flow of Funds. Except as otherwise provided in this Resolution, all of the provisions relative to funds and accounts, their maintenance, the flow of funds and other details relative thereto, shall remain as specifically set forth in the Bond Ordinance.

Series 8. Bond Proceeds.

(a) The portion of the proceeds of the sale of the Bonds representing capitalized interest, if any, as received, shall be deposited in the SRF Junior Lien Bond Interest and Redemption Fund established by the Bond Ordinance, and the City may take a credit for the amount so deposited against the amount required to be deposited in the such fund for payment of the next maturing interest payment on the Bonds.

(b) The balance of the proceeds of the Bonds, as received, shall be deposited in the Series 2006-SRF1 Construction Sub-Account. This sub-account shall be estab-

lished and maintained as a separate depository account in accordance with the Bond Ordinance. Moneys in the Series 2006-SRF1 Construction Sub-Account shall be applied solely in payment of the costs of the Project, and any engineering, legal, financial or printing costs, and other expenses incident thereto and to the financing thereof. Payments for construction, either on account or otherwise, shall not be made unless the registered engineer in charge of such work shall file a signed statement with the Commissioners to the effect that the work has been completed in accordance with the plans and specifications therefor, that it was done pursuant to and in accordance with the contract therefor, that such work is satisfactory, and that such work has not been previously paid for. Payment of the costs of engineering, legal, financial, printing, and other costs of issuance with respect to the Bonds as provided in this section shall be made upon submission of appropriate documentation to the Finance Director of the City.

(c) Any unexpended balance remaining in the Series 2006-SRF1 Construction Sub-Account after completion of the Project may, with the prior approval of the Authority and at the discretion of DWSD, be used for further improvements, enlargements, and extensions to the System if, at the time of such expenditure, such use is approved by the Michigan Department of Treasury, Municipal Finance Division, if such permission is then required by law, and if such use will not, in the opinion of nationally recognized bond counsel, impair the exclusion of interest on the Bonds from gross income for federal income tax purposes. Any remaining balance after such expenditure shall, with the prior approval of the Authority, be paid into the SRF Junior Lien Bond Interest and Redemption Fund for the purpose of redemption or purchase, at not more than the fair market value, of the outstanding Bonds or portions thereof. Bonds acquired by purchase shall be canceled and shall not be reissued.

Section 9. Bond Form. The Bonds shall be in substantially the form set forth in Appendix A hereto, with such changes and additions as shall be determined appropriate by the Finance Director.

Section 10. Covenants Regarding Exclusion of Interest on the Bonds for Federal Tax Purposes. The City hereby covenants with and represents to the Authority and any other registered owners of the Bonds that so long as any portion thereof remains outstanding and unpaid as to either principal or interest, the City shall, to the extent permitted by law, take all actions within its control to maintain, and will refrain from taking any action which would impair, the exclusion of the interest on the Bonds from gross income

for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "Code"), including but not limited to, actions relating to any required rebate of arbitrage earnings and the expenditure and investment of Bond proceeds and moneys deemed to be proceeds of the Bonds, and to prevent the Bond from being or becoming a "private activity bond" as that term is used in Section 141 of the Code.

Section 11. Act 34 Compliance; Sale of Bonds. The Mayor and the Finance Director, each acting alone, is authorized and directed to do all such things, take all such actions and make all such applications and filings with the Michigan Department of Treasury as may be necessary or appropriate to comply with Act 34, Public Acts of 2001, as amended, or otherwise precedent to or in connection with the issuance, sale and delivery of the Bonds.

Section 12. Finance Director and Deputy Finance Director Authorizations. During the Finance Director's absence or disability, or while the Finance Director's position is vacant, the Deputy Finance Director or the Interim or Acting Finance Director shall exercise all the powers, perform all the duties, and make all the determinations herein required or permitted with respect to the Bonds.

Section 13. Execution of Bonds. The Mayor and the Finance Director are hereby authorized and directed to execute the Bonds by manual or facsimile signature for and on behalf of the City and in its name, to impress or imprint thereon the official seal of the City or a facsimile thereof, and to deliver the Bonds to the Authority upon the terms and conditions set forth in the Purchase Contract.

Section 14. Sale of Bonds; Execution of Authority's Documents. The Bonds shall be sold to the Authority pursuant to the Purchase Contract. The Purchase Contract, Supplemental Agreement, and the Issuer's Certificate for the Bonds, in the forms on file with the Finance Director, are hereby approved; and the Mayor, the Finance Director, and the Director of the DWSD or their deputies are each hereby authorized to execute and deliver, for and on behalf of the City, such Purchase Contract, Supplemental Agreements, and the Issuer's Certificates to the Authority in the forms hereby approved with such changes thereto and insertions therein as the Finance Director shall determine are necessary or desirable. The executed forms of the Purchase Contract, the Supplemental Agreements, and the Issuer's Certificates shall be deemed to be the final forms thereof.

The Bonds are being sold through a negotiated rather than a competitive sale because sale to the Authority through the State Revolving Program enables the City

to obtain the lowest borrowing cost for the Project.

Section 15. Authorization of Other Officials. The Mayor, City Clerk, Finance Director, Treasurer, Corporation Counsel, Director of the DWSD, other officials of the City, their deputies and staff, or any of them, are hereby authorized to execute and deliver such certificates, documents, instruments, opinions, and other papers as may be deemed necessary or appropriate to complete the sale, execution, and delivery of the Bonds as determined by such officials executing and delivering the foregoing items. Any actions heretofore taken by such persons in furtherance of the foregoing are hereby ratified and confirmed.

Section 16. Declaration of Official Intent. The City makes the following declarations for the purpose of complying with the reimbursement rules of Treas. Reg. §1.150-2 pursuant to the Code:

(a) The City plans to finance the Project through the issuance of the Bonds in an amount not to exceed the Maximum Bond Amount.

(b) The City Council of the City hereby declares its intent to reimburse itself from the proceeds of the Bonds for expenditures made or to be made for the Project.

(c) The maximum aggregate principal amount of the Bonds expected to be issued is the Maximum Bond Amount.

(d) Advances to be made for the Project will be borrowed from the Improvement and Extension Fund of the City's Water Supply System Fund, which shall be reimbursed upon the issuance of the Bonds.

Section 17. Resolution Constitutes a Contract Interpretation; Modification.

The provisions of this Resolution shall constitute a contract between the City and any registered owner of the Bonds. The provisions of this Resolution shall be construed and interpreted liberally in order to effectuate the purposes of the Bond Ordinance, Act 94, the Shared Credit Rating Act, Act 227, Public Acts of Michigan, 1985, as amended, which creates the Authority, and the Natural Resources and Environmental Protection Act, Act 451, Public Acts of Michigan, 1994, as amended. The provisions of this Resolution, including but not limited to, provisions with respect to disbursements of bond proceeds, disbursements, and payments of capitalized interest on the Bonds and payments by the City to the Authority in amortization of the Bonds, may be modified by agreement of the City and the Authority without the consent of the holders of Securities outstanding under the Bond Ordinance, so long as such modifications do not prejudice such holders of Securities of higher priorities.

Section 18. Repeal; Savings Clause. All other ordinances, resolutions or orders,

or parts thereof, in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed.

Section 19. Severability; Paragraph Headings; Conflict. If any section, paragraph, clause or provision of this Resolution shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Resolution. The section headings in this Resolution are furnished for convenience of reference only and shall not be considered to be part of this Resolution.

Section 20. Publication and Recoordation. This Resolution shall be published in full in The Detroit Legal News, a newspaper of general circulation in the City qualified under State law to publish legal notices, promptly after its adoption.

Section 21. Effective Date. This Resolution shall be effective immediately.

REGISTERED OWNER: Michigan
Municipal Bond Authority
PRINCIPAL AMOUNT: ****\$_____***

The City of Detroit, Wayne County, Michigan (the "Issuer") for value received, hereby promises to pay to the Michigan Municipal Bond Authority (the "Authority"), out of the hereinafter described Net Revenues of the Issuer's Water Supply System, the principal amount of _____ Dollars (\$_____) or so much thereof as shall have been advanced to the Issuer pursuant to the Purchase Contract between the Issuer and the Authority dated as of _____, 2006 and a Supplemental Agreement by and among the Issuer, the Authority, and the State of Michigan acting through the Department of Environmental Quality, in lawful money of the United States of America, with interest on the principal from the date each disbursement of such principal is advanced by the Authority to the Issuer at the rate of two and one-eighth percent (2.125%) per annum until paid. Interest is first payable on October 1, 2006 and semiannually on each April 1 and October 1 thereafter, and principal is payable on the first day of _____, commencing _____ 1, 2006 (as identified in the Purchase Contract), and annually thereafter in the principal installments indicated on the Payment Schedule attached as Appendix A hereto, unless prepaid prior thereto as

hereinafter provided. This bond is payable as to principal, premium, if any, and interest at the corporate trust office of J.P. Morgan Trust Company, National Association, or to such other place as shall be designated in writing to the Issuer by the Authority (the "Authority's Depository").

This bond may be subject to redemption prior to maturity by the Issuer only with the prior written consent of the Authority and on such terms as may be required by the Authority.

Notwithstanding any other provision of this bond, so long as the Authority is the owner of this bond, (a) this bond is payable as to principal, premium, if any, and interest at J.P. Morgan Trust Company, National Association or at such other place as shall be designated in writing to the Issuer by the Authority (the "Authority's Depository"); (b) the Issuer agrees that it will deposit with the Authority's Depository payments of the principal of, premium, if any, and interest on this bond in immediately available funds by 12:00 noon at least five business days prior to the date on which any such payment is due whether by maturity, redemption or otherwise; in the event that the Authority's Depository has not received the Issuer's deposit by 12:00 noon on the scheduled day, the Issuer shall immediately pay to the Authority, as invoiced by the Authority, an amount to recover the Authority's administrative costs and lost investment earnings attributable to that late payment; and (c) written notice of any redemption of this bond shall be given by the Issuer and received by the Authority's Depository at least 40 days prior to the date on which such redemption is to be made.

In the event of a default in the payment of principal hereof or interest hereon when due, whether at maturity, by redemption or otherwise, the amount of such default shall bear interest (the "additional interest") at a rate equal to the rate of interest which is two percent above the Authority's cost of providing funds (as determined by the Authority) to make payment on the bonds of the Authority issued to provide funds to purchase this bond, but in no event in excess of the maximum rate of interest permitted by law. The additional interest shall continue to accrue until the Authority has been fully reimbursed for all costs incurred by the Authority (as determined by the Authority) as a consequence of the Issuer's default. Such additional interest shall be payable on the interest payment date following demand of the Authority. In the event that (for reasons other than the default in the payment of any municipal obligation purchased by the Authority) the investment of amounts in the reserve account established by the Authority for the bonds of the

Authority issued to provide funds to purchase this bond fails to provide sufficient available funds (together with any other funds which may be made available for such purpose) to pay the interest on outstanding bonds of the Authority issued to fund such account, the Issuer shall and hereby agrees to pay on demand only the Issuer's pro rata share (as determined by the Authority) of such deficiency as additional interest on this bond.

During the time funds are being drawn down by the Issuer under this bond, the Authority will periodically provide the Issuer a statement showing the amount of principal that has been advanced and the date of each advance, which statement shall constitute prima facie evidence of the reported information; provided that no failure on the part of the Authority to provide such a statement or to reflect a disbursement or the correct amount of a disbursement shall relieve the Issuer of its obligation to repay the outstanding principal amount actually advanced, all accrued interest thereon, and any other amount payable with respect thereto in accordance with the terms of this bond. Capitalized terms not defined herein and defined in the hereinafter defined Bond Ordinance are used herein as therein defined.

For the prompt payment of the principal of and interest on this bond, the revenues of the Water Supply System of the Issuer (the "System"); including all appurtenances, extensions, and improvements thereto, after provision has been made for reasonable and necessary expenses of operation, maintenance, and administration (the "Net Revenues"), are irrevocably pledged, and a statutory lien thereon is recognized and created. The bonds of this series (the "Bonds") are of equal standing and priority of lien on Net Revenues as all other SRF Junior Lien Bonds issued under and in accordance with the Bond Ordinance and are of junior standing and priority of lien as to Net Revenues, and secured on a subordinate basis, to all Senior Obligations heretofore and hereafter issued under and in accordance with the Bond Ordinance and Junior Obligation heretofore and hereafter issued under and in accordance with the Bond Ordinance with a higher lien than that granted SRF Junior Lien Bonds.

This bond is issued pursuant to Ordinance No. 01-05, effective January 26, 2005 (the "Bond Ordinance"), and under and in full compliance with the Constitution and statutes of the State of Michigan, including specifically Act 94, Public Acts of Michigan, 1933, as amended, for the purpose of paying all or part of the cost of acquiring and constructing replacements, repairs, extensions and improvements to the System and paying the costs of issuing this bond.

This bond is a self-liquidating bond which is not a general obligation of the Issuer and does not constitute an indebtedness of the Issuer within any constitutional, statutory, or charter limitation, but is payable, both as to principal and interest, solely from the Net Revenues of the System. The principal of and interest on this bond are secured by the statutory lien hereinbefore mentioned.

For a complete statement of the revenues from which and the conditions under which this bond is payable, a statement of the conditions under which additional bonds of equal standing may hereafter be issued, and the general covenants and provisions pursuant to which this bond is issued, reference is made to the Bond Ordinance.

The Issuer has covenanted and agreed, and does hereby covenant and agree, to fix and maintain at all times while any bonds payable from the Net Revenues of the System shall be outstanding, such rates for service furnished by the System as shall be sufficient to provide for payment of the interest on and the principal of this bond and any other bonds of superior and equal standing payable from the Net Revenues as and when the same shall become due and payable, and to create and maintain a bond redemption fund therefor, to provide for the payment of expenses of administration and operation and such expenses for maintenance of the System as are necessary to preserve the same in good repair and working order, and to provide for such other expenditures and funds for the System as are required by the Bond Ordinance.

It is hereby certified and recited that all acts, conditions and things required by law precedent to and in the issuance of this bond and the series of Bonds of which this is one have been done and performed in regular and due time and form as required by law.

IN WITNESS WHEREOF, the City of Detroit, Wayne County, Michigan, by its City Council has caused this bond to be signed by the manual or facsimile signatures of its Mayor and its Finance Director and its corporate seal or a facsimile thereof to be impressed or imprinted on this bond, all as of _____, 2006.

Honorable City Council:

Re: A Resolution Authorizing the Issuance and Sale of Sewage Disposal System Revenue and Revenue Refunding Bonds of the City of Detroit of Equal Standing with the City's Senior Lien Sewage Disposal System Revenue Bonds and Sewage Disposal System Revenue Refundings Bonds Now Outstanding and Which May Remain Outstanding, and Authority the Issuance and Sale of Sewage Disposal System Revenue Bonds of the City of Detroit of Junior Standing to the City's Senior Lien Sewage Disposal System Revenue Bonds and Sewage Disposal System Revenue Refunding Bonds Now Outstanding and Which Remain Outstanding, for the Collective

Purposes of Defraying Part of the Cost of Acquiring and Constructing Replacements, Repairs, Extensions and Improvements to the City's Sewage Disposal System and Refunding Certain Sewage Disposal System Revenue Bonds, all under Act No. 94, Public Acts of Michigan, 1933, as Amended, and Ordinance No. 18-01 of the City Council of the City; Prescribing the Form of the Bonds; Providing for the Rights of Owners of the Bonds and Enforcement Thereof; Providing for Financial Facilities, Credit Facilities and Interest and Interest Rate Agreements; and Determining Other Matters Relating to the Securities Herein Authorized and the System.

The attached Resolution authorizes the issuance and sale of approximately \$400 million for financing the ongoing Sewage Disposal Capital Improvement Program. In addition, because of a continued decline in interest rates, an additional \$400 million of previously issued Bonds may be refinanced, thereby producing interest savings.

It is anticipated that the sale will occur in May, 2006. The attached Resolution has been prepared by Bond Counsel and I recommend its adoption by your Honorable Body, with WAIVER OF RECONSIDERATION, at your next formal session.

Respectfully submitted,

ROGER SHORT

Interim Finance Director

A Resolution Authorizing the Issuance and Sale of Sewage Disposal System Revenue and Revenue Refunding Bonds of the City of Detroit of Equal Standing with the City's Senior Lien Sewage Disposal System Revenue Bonds and Sewage Disposal System Revenue Refunding Bonds Now Outstanding and Which May Remain Outstanding, and Authority the Issuance and Sale of Sewage Disposal System Revenue Bonds of the City of Detroit of Junior Standing to the City's Senior Lien Sewage Disposal System Revenue Bonds and Sewage Disposal System Revenue Refunding Bonds Now Outstanding and Which Remain Outstanding, for the Collective Purposes of Defraying Part of the Cost of Acquiring and Constructing Replacements, Repairs, Extensions and Improvements to the City's Sewage Disposal System and Refunding Certain Sewage Disposal System Revenue Bonds, all under Act No. 94, Public Acts of Michigan, 1933, as Amended, and Ordinance No. 18-01 of the City Council of the City; Prescribing the Form of the Bonds; Providing for the Rights of Owners of the Bonds and Enforcement Thereof; Providing for

Financial Facilities, Credit Facilities and Interest and Interest Rate Agreements; and Determining Other Matters Relating to the Securities Herein Authorized and the System.

By Council Member Tinsley-Talabi:

Whereas, The City of Detroit, Michigan (the "City"), pursuant to Ordinance No. 18-01 adopted by its City Council on October 18, 2001 (the "Council"), which amended and restated certain prior ordinances (collectively, the "Ordinance") has heretofore issued several series of its Sewage Disposal System Revenue Bonds and Sewage Disposal System Revenue Refunding Bonds (collectively, the "Prior Securities"); and

Whereas, It is deemed necessary for the public health, benefit and welfare of the City to acquire and construct certain of the repairs, extensions and improvements to the Sewage Disposal System of the City (the "System") as described in the Capital Improvement Program of the Detroit Water and Sewerage Department (the "Department"), as of July, 2005, and as it may be modified by the Department from time to time (the "Project"); and

Whereas, It is deemed appropriate under the existing interest rate climate to refund all or such portion, if any, of the outstanding Prior Securities as is feasible under market conditions prevailing at the time of refunding, as determined by the Finance Director (the "Bonds to be Refunded"); and

Whereas, To finance the costs of the Project and costs of issuance and to provide for funding one or more Reserve Requirements, the Commissioners have recommended that the Sewage Disposal System Revenue Bonds (the "Series 2006 Project Securities") be issued as "Senior Lien Bonds" as defined in the Ordinance (the "Series 2006 Second Lien Project Bonds"), or as a combination of Series 2006 Senior Lien Project Bonds and Series 2006 Second Lien Project Bonds; and

Whereas, To finance the costs of refunding the Bonds to be Refunded and costs of issuance and to provide for funding one or more Reserve Requirements, the Commissioners have recommended that the Sewage Disposal System Revenue Refunding Bonds (the "Series 2006 Refunding Securities") be issued as "Senior Lien Bonds" as defined in the Ordinance (the "Series 2006 Second Lien Refunding Bonds"), or as "Second Lien Bonds" as defined in the Ordinance (the "Series 2006 Second Lien Refunding Bonds"), or as a combination of Series 2006 Senior Lien Refunding Bonds and Series 2006 Second Lien Refunding Bonds; and

Whereas, The Series 2006 Senior Lien Project Bonds, the Series 2006 Senior Lien Refunding Bonds, the Series 2006

Second Lien Project Bonds and the Series 2006 Second Lien Refunding Bonds (collectively, the "Series 2006 Securities") shall be issued in accordance with Act No. 94, Public Acts of Michigan, 1933, as amended ("Act 94") and the applicable provisions of the Ordinance; and

Whereas, A notice of intent to issue Sewage Disposal System Revenue Bonds in an amount not to exceed \$800,000,000 was duly published in the Michigan Chronicle in the February 26-March 4, 2003 edition, in accordance with the requirements of Section 33 of Act 94 (the "2003 Notice of Intent") and no petition for referendum was filed with respect thereto; and

Whereas, A notice of intent to issue Sewage Disposal System Revenue Bonds in an amount not to exceed \$600,000,000 which was duly published on January 5, 2006 in The Detroit Legal News and on January 11, 2006 in the Michigan Chronicle, newspapers of general circulation in accordance with the requirements of Section 33 of Act 94 (the "2006 Notice of Intent") and, together with the 2003 Notice of Intent, the "Notices of Intent"); and

Whereas, The City has heretofore issued \$363,950,307 aggregate principal amount of Sewage Disposal System Revenue Bonds under the 2003 Notice of Intent, leaving an unissued balance of \$436,049,693 under the 2003 Notice of Intent, with the result that the City will have authority to issue a total of \$1,036,049,693 principal amount of Sewage Disposal System Revenue Bonds under the Notices of Intent once the referendum period expires with respect to the 2006 Notice of Intent without any referendum petitions being filed (such condition being herein referred to as "being effective" or correlatives thereof); and

Whereas, The City will issue the Series 2006 Project Securities on the basis of the authorization under the Notices of Intent once the 2006 Notice of Intent is effective, and reserves the right to issue Sewage Disposal System Revenue Bonds pursuant to the Ordinance from time to time to the extent of the then remaining authorization under the Notices of Intent, after the 2006 Notice of Intent is effective; and

Whereas, For the purpose of more effectively managing the City's debt service obligations on debt incurred or to be incurred by the City, the City has adopted a Debt Management Plan (as the same may be amended from time to time, the "Debt Management Plan") and a Swap Management Plan (as the same may be amended from time to time, the "Swap Management Plan") pursuant to the authority of and in accordance with the provisions of the Revised Municipal Finance Act, Act 34, Public Acts of Michigan, 2001, as amended ("Act 34"); and

Whereas, In accordance with the then-existing Debt Management Plan and Swap Management Plan, and in anticipation of the future issuance of Securities, the City entered into a certain Interest Rate Agreement (hereinafter defined) with UBS AG (the hereinafter defined "UBS Hedge Swap") for the purpose of paying costs of purchasing, acquiring, constructing, improving, enlarging, extending, or repairing the System (defined in Act 94 as "project costs") at a more predictable interest rate than would otherwise be available; and

Whereas, The UBS Hedge Swap has a mandatory early termination date of September 1, 2006 and the City expects to either make or receive a termination payment under the UBS Hedge Swap at that time; and

Whereas, Any termination payment payable by the City under the UBS Hedge Swap would constitute a "project cost" within the meaning of Act 94, which defines "project costs" to include "financial... expenses incident to the public improvement"; and

Whereas, At the time the City entered into the UBS Hedge Swap, the City contemplated that any termination payment payable by the City thereunder might be paid from the proceeds of Securities to be issued; and

Whereas, In accordance with the terms of the UBS Hedge Swap and the resolution of the Council approving the UBS Hedge Swap (the hereinafter defined "UBS Hedge Swap Resolution"), the City intends to designate all or a portion of the notional amount of the UBS Hedge Swap to the Series 2006 Project Securities and to designate the Series 2006 Project Securities as Future Related Securities (as defined in the UBS Hedge Swap Resolution); and

Whereas, The Council desires to authorize the Finance Director to more effectively manage the debt service on outstanding Securities and such Series 2006 Securities as the Finance Director determines to be cost effective by entering into one or more Interest Rate Agreements as shall be consistent with such determination of the Finance Director, and with the provisions of the Debt Management Plan, the Swap Management Plan and Act 34; and

Whereas, Act 34 requires as a precondition for the City to enter into any Interest Rate Agreement that the Council by resolution or ordinance expressly approve the Interest Rate Agreement and acknowledge the potential risks associated with the Interest Rate Agreement, which risks are specified in the Swap Management Plan; and

Whereas, Once the 2006 Notice of Intent is effective, all things necessary for the authorization and issuance of the

Series 2006 Securities under the Constitution and laws of the State of Michigan, including Act 94, and the applicable provisions of the Ordinance have been or will be done prior to the issuance and delivery of the Series 2006 Securities, and the Council is now empowered and desires to authorize the issuance of the Series 2006 Securities by supplementing the Ordinance as herein provided; and

Whereas, The Finance Director has determined to sell the Series 2006 Securities by negotiating sale pursuant to a Bond Purchase Agreement (the "Purchase Agreement") between the City and Loop Capital Markets, LLC, as representative (the "Representative") of the underwriters named therein (the "Underwriters"); and

Whereas, The Underwriters intend to solicit offers to purchase the Series 2006 Securities by distributing a Preliminary Official Statement and an Official Statement; and

Whereas, The Representative on behalf of the Underwriters will submit to the City, through the Finance Director, a proposed offer to purchase the Series 2006 Securities as shall be detailed in the Purchase Agreement relating to the Series 2006 Securities; and

Whereas, The Representative on behalf of the Underwriters will require, as a condition to purchasing the Series 2006 Securities, that the City agree to provide continuing disclosure as required by Section (b)(5) of Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities and Exchange Act of 1934, as amended (the "Rule"), unless an exemption from such requirements is available; and

Whereas, The Council desires to authorize the public distribution of the Preliminary Official Statement and the Official Statement in connection with the offering for sale of the Series 2006 Securities; and

Whereas, The Council desires to authorize and direct the Finance Director and all other authorized persons to perform all acts consistent with the Ordinance and this Resolution necessary and appropriate to complete the sale, execution and delivery of the Series 2006 Securities as finally determined by the Finance Director by Sale Order (hereafter defined) within the parameters established herein; and

Whereas, The Council desires to authorize the Finance Director to establish the aggregate principal amount, purchase price, interest rates and maturities for the Series 2006 Securities, the designations and types of Series 2006 Securities to be issued, the Bonds to be Refunded, the amounts and purposes of the Series 2006 Securities, the dates for payment of principal, of premium, if any, and interest on the

(2) From the proceeds of the Series 2006 Second Lien Project Bonds there shall next be applied an amount sufficient to acquire a Credit Facility in an amount at least equal to the Series 2006 Second Lien Project Bond Reserve Requirement or an amount shall be deposited in the Second Lien Project Bond Reserve Account at least equal to the Series 2006 Second Lien Project Bond Reserve Requirement, or a combination thereof.

(i) The manner of funding the Series 2006 Second Lien Project Bond Reserve Requirement in respect of the Series 2006 Second Lien Project Bonds shall be determined by the Finance Director in the Sale Order.

(ii) The Finance Director may establish separate subaccounts in the Second Lien Bond Reserve Account to relate to each separate series of Series 2006 Second Lien Project Bonds in such amounts as shall be confirmed in the Sale Order.

(3) Such portion of the proceeds from the sale of the Series 2006 Second Lien Project Bonds as shall be determined in the Sale Order shall be applied to the reimbursement of the primary source funds or accounts from which any amounts were applied to project costs of the Project prior to the issuance of the Series 2006 Project Securities, if any.

(4) The balance of the proceeds from the sale of the Series 2006 Second Lien Project Bonds shall be deposited in the Construction Fund Series 2006 and shall be used to pay such amount of costs of the Project, including such amount of any UBS Hedge Swap Termination Payment payable by the City, as shall be set forth in the Sale Order.

(d) Series 2006 Second Lien Refunding Bonds.

(1) From the proceeds of the sale of Series 2006 Second Lien Refunding Bonds there shall be immediately deposited in the Second Lien Bond and Interest Redemption Fund, an amount equal to any accrued interest received on the

delivery of the Series 2006 Second Lien Bonds, and the City may take credit for the amount so deposited against the amount required to be deposited in the Second Lien Bond and Interest Redemption Fund for payment of the next maturing interest payment on the Series 2006 Second Lien Refunding Bonds.

(2) From the proceeds of the Series 2006 Second Lien Refunding Bonds there shall next be applied an amount sufficient to acquire a Credit Facility in an amount at least equal to the Series 2006 Second Lien Refunding Bond Reserve Requirement or an amount shall be deposited in the Second Lien Bond Reserve Account at least equal to the Series 2006 Second Lien Refunding Bond Reserve Requirement, or a combination thereof.

(i) The manner of funding the Series 2006 Second Lien Refunding Bond Reserve Requirement shall be determined by the Finance Director in the Sale Order.

(ii) The Finance Director may establish separate subaccounts in the Second Lien Bond Reserve Account to relate to each separate series of Series 2006 Second Lien Refunding Bonds in such amounts as shall be confirmed in the Sale Order.

(3) From the proceeds of the Series 2006 Second Lien Refunding Bonds there shall next be deposited in the Construction Fund Series 2006 an amount sufficient to pay the Issuance Costs of the Series 2006 Second Lien Refunding Bonds after taking into consideration other moneys deposited therein for such purpose. Such amount shall be held in a separate account as part of the Construction Fund Series 2006.

(4) The balance of the proceeds from the sale of the Series 2006 Second Lien Refunding Bonds shall be used to acquire Government Obligations, which together with any remaining balance of such proceeds in the form of cash, shall constitute all or part of the Escrow Deposit to be held in the Escrow Fund.

(e) Construction Fund.

A subaccount of the Construction Fund established by the Ordinance shall be designated the "Construction Fund Series 2006," and shall be established and maintained as a separate depository account with a depository qualified to be a depository of moneys under Michigan law as designated by the Finance Director.

(1) Moneys in the Construction Fund Series 2006 shall be applied solely in payment of:

(i) the Issuance Costs of the Series 2006 Project Securities and

(ii) the costs of the Project, including engineering, legal financial, and other expenses incident thereto and to the financing thereof.

(2) Payments for construction, either

on account or otherwise, shall not be made unless the registered engineer in charge of such work shall file with the Commissioners a signed statement to the effect that the work has been completed in accordance with the plans and specifications therefor, that it was done pursuant to and in accordance with the contract therefor, that such work is satisfactory and that such work has not been previously paid for.

(3) Payment of the costs of engineering, legal, financial (including, without limitation, any UBS Hedge Swap Termination Payment payable by the City), printing, escrow verification, bond insurance premium, credit enhancement, etc., as provided in this Section shall be made upon submission of appropriate documentation to the Finance Director.

(4) Subject to the last sentence of this Section 11(e)(4), any unexpended balance remaining in the Construction Fund Series 2006 after completion of the Project, including any unexpected Issuance Costs, may in the discretion of the Commissioners be used for meeting the Reserve Requirement of the Senior Lien Bond Reserve Account and, to the extent such monies are not needed to meet the Reserve Requirement of the Second Lien Bond Reserve Account, for meeting the Reserve Requirement of the Second Lien Bond Reserve Account or for further improvements, replacements, enlargements and extensions to the System if, at the time of such expenditure, such use is approved by the Michigan Department of Treasury, Municipal Finance Division, if such permission is then required by law, and if such use will not, in the opinion of nationally recognized bond counsel, impair the exclusion of interest on Series 2006 Securities from gross income for federal income tax purposes for such Series 2006 Securities issued on a federally tax-exempt basis. Notwithstanding the foregoing, proceeds of Series 2006 Senior Lien Refunding Bonds and Series 2006 Second Lien Refunding Bonds held in accounts in the Construction Fund Series 2006 may only be used for meeting the Reserve Requirements as aforesaid and shall not be used for further improvements, replacements, enlargements and extensions to the System.

(5) Any remaining balance after all expenditures made pursuant to paragraph (4), if any, have been made shall be paid into the Senior Lien Bond and Interest Redemption Fund or the Second Lien Bond Interest and Redemption Fund, as the Commissioners shall determine, for the purpose of redemption or purchase at not more than the fair market value, plus accrued interest, of outstanding Series 2006 Securities. Series 2006 Securities acquired by purchase shall be canceled.

(f) Escrow Fund.

(1) The Escrow Deposit shall be held in or credited to an account designated as the "City of Detroit Sewage Disposal System Revenue Bonds Series 2006 Senior Lien Refunding Bonds Escrow Fund" or the "City of Detroit Sewage Disposal System Revenue Bonds Series 2006 Second Lien Refunding Bonds Escrow Fund" pursuant to one or more escrow agreements (the "Escrow Agreement").

(2) The Finance Director is authorized to enter into the Escrow Agreement on behalf of the City with U.S. Bank National Association as "Escrow Trustees."

(3) The Escrow Agreement:

(i) shall be in the form and substance customary for refunding escrow agreements;

(ii) may permit any balance after paying the principal (and premium, if any) and interest on the Bonds to be Refunded to be applied to any lawful purpose of the System if such use will not, in the opinion of nationally recognized bond counsel, impair the exclusion of interest on the Series 2006 Refunding Securities from gross income for federal income tax purposes for such Series 2006 Securities issued on a federally tax-exempt basis; and

(iii) shall otherwise be in the best interests of the City.

(4) In the event all Bonds to be Refunded will be paid or redeemed within 90 days of the date of issuance of the Series 2006 Refunding Securities, then in lieu of the establishment of an Escrow Fund and the execution of an Escrow Agreement as described above, the Finance Director is authorized to transfer the Escrow Deposit (or cash sufficient to acquire the securities making up all or a portion of the Escrow Deposit) to the paying agent for the Bonds to be Refunded together with irrevocable instructions to (i) call the Bonds to be Refunded on the applicable call date and (ii) use the Escrow Deposit to pay principal of and interest and redemption premiums, if any, on the Bonds to be Refunded to and including the scheduled call date. The proceeds described in this subsection (4) shall be employed only if, in the opinion of Bond Counsel, after use of such procedures the Bonds to be Refunded will no longer be Outstanding under the Ordinance.

(g) UBS Hedge Swap Termination Payment.

Any UBS Hedge Swap Termination Payment received by the City shall be deposited in the Receiving Fund.

Section 12. Tax Covenant.

The City hereby covenants and represents with the registered owners of the Series 2006 Securities that so long as any of the Series 2006 Securities remain out-

standing and unpaid as to either principal or interest, the City shall, to the extent permitted by law, take all actions within its control to maintain and will refrain from taking any action which would impair the exclusion of the interest on the Series 2006 Securities issued on a federally tax-exempt basis from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as currently amended, including, but not limited to, actions relating to any required rebate or arbitrage earnings and the expenditure and investment of Series 2006 Bond proceeds and moneys deemed to be Series 2006 Bond proceeds, and to prevent the Series 2006 Securities issued on a federally tax-exempt basis from being or becoming "private activity bonds" as that term is used in Section 141 of the Internal Revenue Code of 1986, as currently amended.

Section 13. Preliminary and Final Official Statements.

(a) The Finance Director shall cause the preparation of a preliminary official statement and other offering materials in a form satisfactory to him to be used in conjunction with the offering of the Series 2006 Securities and is authorized to deem the preliminary official statement "final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission (the "Rule").

(b) The preliminary official statement with such changes and additions as the Finance Director shall approve shall constitute the final Official Statement, and the Finance Director is authorized to execute the final Official Statement on behalf of the City approved by him with such changes as the Finance Director may authorize.

(c) Such final preliminary official statement and final Official Statement and other offering materials satisfactory to the Finance Director are authorized to be distributed by the Underwriters in conjunction with the offering and sale of the Series 2006 Securities.

Section 14. Continuing Disclosure.

Unless otherwise set forth in the Sale Order because of an exemption from the Rule, the Series 2006 Securities are hereby made subject to the Continuing Disclosure Agreement, and if so subject the City hereby agrees to abide by the provisions thereof so long as any Series 2006 Securities are outstanding.

Section 15. Sale of Series 2006 Securities.

The Series 2006 Securities shall be sold by negotiated sale to the Underwriters pursuant to a Purchase Agreement in customary form with such changes thereto as the Finance Director shall determine are in the best interests of the City, within the parameters established hereby. Such determination shall be con-

clusively established by the Finance Director's execution and delivery of the Purchase Agreement to the Representative. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of the Council, based upon the recommendation of the Finance Director and the City's Financial Advisor, that a negotiated sale will allow the Series 2006 Securities to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs to the City.

(a) The Finance Director is authorized to accept, on behalf of the City, an offer from the Representative to purchase the Series 2006 Securities wherein the aggregate compensation to be paid to the Underwriters in such capacity shall not be more than 1% of the original principal amount of the Series 2006 Securities.

(b) The Finance Director is authorized to determine whether the Purchase Agreement shall provide for liquidated damages and if so, the amount thereof, and whether the Representative shall be required to provide a good faith check in the amount of the liquidated damages.

Section 16. Cash Defeasance of Outstanding Securities.

(a) The Finance Director is hereby authorized to defease outstanding Securities pursuant to the Ordinance from funds of the System available thereof other than from proceeds of Series 2006 Securities.

(b) The series, maturities (or portions thereof) and principal amounts of the Securities to be defeased shall be determined by the Finance Director and set forth in the Sale Order.

(c) An Escrow Deposit for the Securities to be defeased shall be (i) held in or credited to an account designated as the "City of Detroit Sewage Disposal System Revenue Bonds [Designation appropriate to the cash defeased Securities] Escrow Fund" pursuant to an escrow agreement entered into pursuant to and complying with Section 11(f)(2) and (3) hereof and shall be transferred to the paying agent for the Securities to be defeased subject to the same conditions and requirements set forth in Section 11(f)(4) hereof.

(d) Such defeasance shall occur on or prior to the issuance of the Series 2006 Refunding Securities.

Section 17. Delegation of Authority to, and Authorization of Actions of, Finance Director.

(a) The Finance Director shall make all determinations herein provided to be made in the Sale Order and shall make all such determinations in accordance with the best interests of the City and within the parameters of this Resolution.

(b) In addition to determinations authorized elsewhere in this Resolution, the Finance Director shall determine the aggregate principal amount of Series 2006 Securities to be issued, but not in excess of the aggregate principal amount authorized by this Resolution, on the basis of his evaluation of the maximum amount of Series 2006 Securities which can be sold, given anticipated interest rates and the revenue coverage requirements with respect to the Series 2006 Securities and for any other reasons the Finance Director deems appropriate.

(1) Such determination shall also include the type or types of Series 2006 Securities to be issued and if in one or more series, whether to issue Series 2006 Securities as Senior Lien Bonds or Second Lien Bonds or a combination thereof, whether to issue Series 2006 Securities as federally tax-exempt bonds or federally taxable bonds or a combination thereof and the redemption provisions for Series 2006 Securities.

(2) The Finance Director shall also determine and establish, in accordance with this Resolution, the maturities of Series 2006 Securities, whether such maturities shall be serial or term maturities and the Mandatory Redemption Requirements for any term maturities.

(3) The Finance Director shall also determine whether to issue the Series 2006 Refunding Securities and, if so, the Bonds to be Refunded.

(c) In accordance with the UBS Hedge Swap Resolution, the Finance Director is hereby authorized designate all or a portion of the notional amount of the UBS Hedge Swap to the Series 2006 Project Securities, and to designate the Series 2006 Project Securities as Future Related Securities, as defined in the UBS Hedge Swap Resolution.

(d) For the purpose of more effectively managing debt service requirements of outstanding Securities and the Series 2006 Securities the Finance Director is hereby authorized in his discretion to enter into one or more Interest Rate Agreements with such counterparties and containing such provisions as shall meet the requirements of Act 34, the Swap Management Plan, and the Debt Management Plan. Any such Interest Rate Agreement may be obtained on a forward starting or delayed delivery basis if determined by the Finance Director to be in the best interests of the City.

(1) The Council acknowledges the potential risks associated with the Interest Rate Agreements including, counterparty risk, termination risk, rollover risk, basis risk, tax event risk, and amortization risk, as set forth in the Swap Management Plan.

(2) The Finance Director is authorized to negotiate the terms of the Interest Rate

Agreements, provided, that such terms are consistent with Act 34, the Swap Management Plan, the Debt Management Plan, the Ordinance and this Resolution and are not materially adverse to the City.

(3) The Finance Director is further authorized to enter into such ancillary agreements, including, without limitation, agreements to obtain insurance on some or all of the payments due under Interest Rate Agreements, in connection with the Interest Rate Agreements, as may be necessary or appropriate and are consistent with Act 34 and the terms of the Swap Management Plan, the Debt Management Plan, the Ordinance and this Resolution.

(4) The determinations made by the Finance Director in connection with the Interest Rate Agreements shall be confirmed in the Sale Order.

(e) The Finance Director is authorized to enter into such Financial Facility Agreements as provided in Section 8 hereof on behalf of the City as the Finance Director determines to be cost effective, make such ancillary agreements and do such other things and take such other actions in connection therewith as may be necessary or appropriate and not otherwise inconsistent with the Ordinance or the parameters hereof.

(f) The Mayor or, if permitted by law, the Finance Director, is authorized to file applications and to pay the related fees, if any, to the Michigan Department of Treasury at his discretion under Act 34 for one or more Orders of Approval to issue all or a portion of the Series 2006 Securities, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the Series 2006 Securities as authorized herein, and as required by the Michigan Department of Treasury or Act 34.

(g) The Finance Director is hereby authorized and directed to do and perform any and all other acts and things with respect to the Series 2006 Securities which are necessary or appropriate to carry into effect, consistent with the Ordinance and this Resolution, the authorizations therein and herein contained including without limitation the securing of ratings by bond rating agencies, and the incurring of reasonable fees, costs and expenses incidental to the foregoing, for and on behalf of the City.

(h) All determinations and decisions of the Finance Director with respect to the issuance and sale of the Series 2006 Securities as permitted or required by this Resolution shall be confirmed and approved by the Finance Director in the Sale Order.

(i) Except as set forth in Section 5(i) hereof, during the Finance Director's absence or disability, or while the Finance

Director's position is vacant, the Deputy Finance Director, any person serving as Finance Director or Deputy Finance Director in an acting or interim capacity, or any person designated by the Mayor in writing shall exercise all the powers, perform all the duties and make all the determinations required or permitted under this Resolution with respect to the Series 2006 Securities.

The City intends to reimburse itself for any Project Costs paid or incurred by the City prior to the issuance of the Series 2006 Project Securities with proceeds of the Series 2006 Project Securities. (d) A reimbursement allocation of the expenditures described in (b) above with the proceeds of the borrowing described herein will occur not later than 18 months after the later of (i) the date on which the expenditure is paid, or (ii) the date the Project is placed in service or abandoned, but in no event more than three (3) years after the original expenditure is paid. A reimbursement allocation is an allocation in writing that evidences the City's use of the proceeds of the debt to be issued for the project to reimburse the City for a capital expenditure made pursuant to this Resolution.

(e) The expenditures described in (b) above are "capital expenditures" a defined

Reg. §1.148-1) within one year of the reimbursement allocation described in (d) above.

(g) Expenditures of the Project to be reimbursed from the proceeds of the borrowing that are subject to the limitations set forth in this Resolution do not include (i) Issuance Costs of the Series 2006 Securities, (ii) an amount not in excess of the lesser of \$100,000 or five percent (5%) of the proceeds of the borrowing, or (iii) preliminary expenditures not exceeding twenty percent (20%) of the issue price of the borrowing within the meaning of Treas. Reg. §1.150-2(f) (such preliminary expenditures include architectural, engineering, surveying, soil testing and similar costs incurred prior to construction of the Project, but do not include land acquisition, site preparation, and similar costs incident to commencement of construction).

Notice of redemption shall be given to the registered owners of the Bonds or portions of Bonds to be redeemed by mailing of such notice by first class mail not less than 30 days prior to the date fixed for redemption to the registered owners at the addresses of the registered owners as shown on the registration books as of the date of such mailing kept by the Transfer Agent. Bonds called for redemption shall not bear interest after the date fixed for redemption, whether presented for redemption or not, provided that funds are on hand with the Transfer

Agent to redeem the Bonds or portions of Bonds called for redemption.

THIS BOND IS A SELF-LIQUIDATING BOND AND IS NOT A GENERAL OBLIGATION OF THE CITY AND DOES NOT CONSTITUTE AN INDEBTEDNESS OF THE CITY WITHIN ANY CONSTITUTIONAL, STATUTORY OR CHARTER LIMITATION, BUT IS PAYABLE, BOTH AS TO PRINCIPAL AND INTEREST SOLELY FROM THE PLEDGED ASSETS OF THE SYSTEM. THE PRINCIPAL OF AND INTEREST ON THIS BOND ARE SECURED BY THE STATUTORY [FIRST] [SECOND] LIEN HEREINBEFORE MENTIONED.

- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings.
