Re: Request to amend the 2005-2006 Official Compensation Schedule.

The Human Resources Department recently adopted the classification Process Control System Manager - Water and Sewerage (04-18-20). Honorable City Council:

Re: Amendment and Extension of Lease.
Parcel A, a/k/a S.W. Corner of Cass and Bagley.

Parcel B, a/k/a 640 Michigan Ave., Detroit.

The Planning and Development Department has been leasing the above-captioned property to SBC, Inc. (f/k/a Michigan Bell, f/k/a Ameritech), acting by and through AT&T Services, Inc. for the purpose of employee parking for the phone company's Detroit Corporate Headquarters. Both parking lots have been developed by the phone company with complete paving, new curbs, curb cuts, drainage, rod iron fencing and landscaping. Both sites received a certificate of completion from the City for these parking lot developments. Parcel A, the Cass and Bagley lot lease, was approved by Detroit City Council on J.C.C. September 25, 1985, pages 2140-41 and expires on February 21, 2006. Parcel B, the Michigan Ave. parking lot was approved by Detroit City Council on J.C.C. July 29, 1992, page 13 and expires on February 28, 2006.

The Planning and Development Department has received an offer from AT&T Services, Inc. to extend its lease on the two parcels. Both of these properties are currently leased to and in use by

AT&T as parking lots. Parcel A contains 52,924 sq. ft. and Parcel B contains 70,149 sq. ft.

We have reviewed their request and as a result have negotiated a lease term and a rate increase. The proposed lease extensions for both parcels will be for a five-year initial term with an option to renew for five years with the approval of the City. For both properties the rental rate will be \$1.10/sq. ft./annum for the initial term and \$1.22/sq. ft./annum for the renewal option period. The current lease has the phone company paying \$1,617.00 for Parcel A (Cass at Bagley) and \$5,500.00 for Parcel B (640 Michigan Ave.). With these new rates Parcel A, will produce an income to the City of \$58,212.00 per annum or \$4,851.00 per month in the initial term and \$64,560.00 or \$5,380.00 per month during the renewal option period and Parcel B, will produce \$77,160.00 per annum or \$6,430.00 per month during the initial term and \$85,581.00 or \$7,131.00 per month during the renewal option period. Rental income for the two properties for both terms will total \$1,427,601.00. In addition, the City reserves the right to sell the property, in the event a developer is found, however, AT&T has a right of first refusal to match the Development and purchase the site.

The phone company's corporate Detroit headquarters currently employs approximately 525 employees and this lease extension will reaffirm the City and phone company's commitment to the continuance of this business and the phone companies continued use of the office complex at 1365 Cass Ave. as their Detroit headquarters.

We therefore request your Honorable Body to authorize the Planning and Development Department Director of Development Activities or his assigned designee to execute an agreement to lease Parcel A and Parcel B to AT&T Services, Inc.

Respectfully submitted,
O'NEAL EDWARDS
Executive Manager

Be it further

Resolved, That the proposed lease extensions will be on a net lease basis with AT&T Services, Inc. responsible for all maintenance, utilities and other expenses including any property tax obligations. These leases contain an option to extend for a five year period with the lease rate adjusted as described in the resolution attached and with City's approval, however AT&T Services, Inc. has a right-of-first refusal to match any development proposed and purchase the sites.

Be it further

Resolved, that the agreement be considered confirmed when signed and executed by the Planning and Development Department Director of Development Activities or his designated assignee.

Re: Request permission to accept a grant award from State Farm Insurance Company for the Detroit Police Department's Investigative Operations-East.

The State Farm Insurance Company has awarded the Detroit Police Department's Investigative Operations-East a grant award for **\$5,000 with no cash match** requirement by the City of Detroit. The grant program is entitled "Safe Neighbors and Strong Neighborhoods." The program is designed to reduce auto theft in targeted neighborhoods.

The program will identify areas of high vehicle theft within the City of Detroit utilizing crime mapping. Within those areas, vehicles most likely targeted for auto theft will be identified. The owners of the vehicles will be offered an auto theft deterrent device known as the "Club" at no cost by State Farm Insurance Company. If the vehicle is stolen, a study will be conducted to ascertain if the "Club" was defeated. If defeated and the car is stolen, State Farm will pay the deductible on any vehicle involved in the program.

After 90 days, the program will be re-evaluated based on the number of "Club" devices issued, versus the number of stolen vehicles equipped with the "Club" and Vehicle identification Number (VIN) etching. If successful, the City of Detroit should garner a measurable reduction in the number of stolen vehicles reported as well as a new program involving community residents in auto theft prevention.

If approved, Lieutenant Robert Ennis of the Twelfth Precinct Investigative Operations Unit will be the Project Director for the grant.

Participation required the approval of your Honorable Body, via adoption of the attached resolution. The Board of Police Commissioners has approved the grant award.

If you have any additional concerns or questions regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

 Re: 2005-06: Act 51 Michigan Transportation Fund.

Each year the City of Detroit receives a distribution of Michigan Transportation fund in accordance with ACT 51, Public Acts of 1951, as amended.

Past experience has indicated that the level of expenditure required to maintain the Local Streets has been somewhat greater than the amount of funds received for this purpose.

Section 13 (6) of ACT 51, P.A. 1951 as amended, however, allows a city to use on the local street system up to 25 percent per annum of funds returned to the City for its major street system.

To take advantage of this allowable transfer of funds to more accurately reflect expenditures of the street system, we respectfully request that your Honorable Body adopt the attached resolution, which authorizes the Finance Director to accomplish the transfer.

Planning & Development Department

February 1, 2006

Honorable City Council:

Re: Surplus Property Sales.

The Planning and Development Department is in receipt of a request from Michigan ACORN to purchase and rehabilitate seven (7) City-Owned Single-Family Residential properties that have been determined to be a nuisance to the neighborhood and on the verge of being demolished.

19374 Andover, 10060 Rosemont, 19401 Healy, 5744 Wayburn, 6404 Belfast, 9728 Cascade, 13918 Ward.

As your Honorable Body knows, when these residential structures are vacant, abandoned and open to the elements, they frequently become public nuisances, a hazard to the health, safety and welfare of city residents. Therefore, in an effort to save these properties, our department has instituted a one-time pilot program with Michigan ACORN, which will allow them to rehabilitate these properties and move Low-Income families into them. This one-time pilot program will mirror the "Repair to Own Program" using some of the same guidelines.

This Department has made every effort to sell these properties through our normal sales process. Pricing was established by the Department, with consideration given to the condition of the structures, repair costs, value placed on land, comparables of other like houses in the area and differed maintenance. Consequently, we were not successful in selling these properties. Residential structures such as these must be salvaged as quickly as possible in order to stabilize neighborhoods and preserve the housing stock.

Michigan ACORN has identified families to occupy these houses and has also performed a cost-estimate inspection on the seven (7) properties. The rehabilitation cost, established by ACORN far exceeded the established sales price stated by P&DD. Accordingly, a sales price of \$1.00 per property is based on a full and fair exchange of value for value according to the rehabilitation costs. In calculating the value of each property, The Planning and Development Department took into consideration the following savings that would be realized by the City:

- This one-time pilot program is designed to revitalize neighborhoods with the City working hand in hand with Michigan ACORN toward that effort.
- Savings to the City the cost of demolition.
- Increased tax-base for the City of Detroit.
- Savings to the City on maintenance and management of the properties.
- Savings to the city from abatement of potential ownership liability.
- Reduction in the number of unsafe dwellings in the City.

We therefore, respectfully request your Honorable Body approval of the attached resolution, authorizing the Planning & Development Department Director of Development Activities or his authorized designee to institute a one-time pilot sales program with Michigan ACORN and issue Quit Claims Deeds for the sales price of \$1.00 plus an \$18.00 deed recording fee for each house on a cash basis.

**UNDERGROUND RAILROAD LIVING
MUSEUM**

By COUNCIL MEMBER COLLINS:

WHEREAS, The First Congregational Church of Detroit was established in December of 1844. The beautiful historic structure located at Forest and Woodward keeps the spirit of that original congregation alive. The Church serves a diverse population, it has a rich history and a remarkable story of the Underground Railroad; and

WHEREAS, The Underground Railroad Living Museum Flight to Freedom Tour is simply a "storytelling" re-enactment of the original Underground Railroad passage that operated between 1840 and 1863; and

WHEREAS, Frances Eddy who was one of the most active members detailed the beginnings of the church's involvement with the Underground Railroad: He stated that "one of the most important stations in Detroit was headed by Seymour Finney, owner of Finney's Hotel at Woodward and Gratiot, with the hotel barn at State and Griswold. At first there was a profound secrecy about the goings-on, but Seymour continued to do all he could, as he considered slavery contrary to justice and humanity. The basement of First Congregational Church, at Fort and Wayne Streets was used to hide refugees en route to boats at the foot of Wayne Street (now Washington Boulevard), smuggling them across to Windsor. Popular sentiment rallied to Finney's support. Often when the hotel housed pursuing masters, Finney was lodging the slaves in his barn;" and

WHEREAS, In 2001, under the administration of Rev. **RESOLUTION
IN MEMORIAM
FOR
VIOLA LIUZZO**

By COUNCIL MEMBER COLLINS:

WHEREAS, Viola was born to Eva Wilson Gregg and Heber Ernest Gregg in 1925 in California, Pennsylvania. Her family moved several times, living in Tennessee and Georgia and other parts of the South. During the early months of World War II, Heber Gregg moved his family to Ypsilanti, Michigan so that he could find work at a bomber factory. Shortly after, Viola moved to Detroit to look for war work; and

WHEREAS, Viola was determined to outgrow the poverty, racial segregation, discrimination and hatred that she had known growing up. Her move to Detroit was a beginning of change from poverty. Viola worked in a cafeteria where she met George Argyris whom she married in 1943. Immediately after her wedding, she met Sarah Evans, an African American woman who became her closest friend. The two shared a common bond including childhood in the South. Sarah cared for Viola's children while Viola worked as a waitress.

WHEREAS, Viola was divorced from George six years after their marriage. Two years later she married Anthony Liuzzo, a union organizer for the Teamsters. Sarah Evans worked as the Liuzzo family's full-time nanny and housekeeper. Viola, at age 35, a high school dropout, trained for a career as a medical laboratory assistant at the Carnegie Institute of Detroit. To further enhance her education, she enrolled in classes at Wayne State University.

WHEREAS, Viola's life and involvement in Human and Civil Rights took many uphill turns. She began attending the First Unitarian Universalist Church of Detroit, and, through Sarah Evans, Viola became active in the N.A.A.C.P. In 1965, police following a voter rights demonstration in Selma, Alabama fatally wounded Jimmy

Lee Jackson, a young African-American. Dr. Martin Luther King, Jr. organized a march of protest from Selma to the State Capital in Montgomery. He then called for any and all persons to come to Selma. His telegram to Clergy all across the United States brought 100 Unitarian Universalist Ministers to Selma, among them the Rev. James Reeb was attacked by a group of Whites on March 9 and died two days later. Viola knew then that she had to go to Selma in protest of what had transpired.

WHEREAS, Viola's plans were to go to Selma for one week and return home to her family. Her plans did not pan out as she perceived them. Viola joined the marchers during the last four miles to the capital building in Montgomery, singing songs and listening to speeches. When the march was over, she met a civil rights worker by the name of Leroy Moton and the two of them drove five passengers back to Selma. After they were dropped off, Viola volunteered to return Moton to Montgomery.

WHEREAS, Between the airport and Selma a car full of whites drove up behind Viola and Moton and banged into the bumper of the car several times before passing. When they stopped for gas, Moton stated that white bystanders shouted insults at them. While driving along highway 80, Viola began singing freedom songs: "And long before I'll be a slave I'll be buried in my grave and go home to my Lord and be free."

WHEREAS, Gary Thomas Rowe was a FBI informant and a member of the Klux Klan (KKK). His court testimony, stated that after the passengers were delivered, he and three other members of a KKK "missionary squad" spotted Liuzzo and Moton stopped at a traffic light in Selma. They followed her car for 20 miles. While she attempted to outrun her pursuers, she sang at the top of her lungs, "We Shall Overcome." About half way between Selma and Montgomery the four men pulled their car up next to hers and shot her. Viola was killed instantly. Moton escaped injury.

WHEREAS, Viola's husband, Jim, learned of his wife's death at midnight. A number of events and memorial services were planned throughout the United States and phone calls to Jim Liuzzo from the President of the United States and other dignitaries followed to offer condolences to a fallen hero. It was said by her husband that "My wife died for a sacred battle, the rights of humanity. Dr. Martin Luther King, Jr. said of Liuzzo, "If physical death is the price some must pay to save us and our white brothers from eternal death of the spirit, then no sacrifice could be more redemptive."

WHEREAS, Viola Liuzzo and Jim Liuzzo had five children. One of the

Liuzzo daughters was very active in civil rights. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council recognizes Viola Liuzzo posthumously as a 'Black History Month Legend'. She was committed to work for education and economic justice and gave her life for civil rights. At 39 she was murdered by white supremacists after her participation in the protest march from Selma to Montgomery, Alabama.

MEMORANDUM OF AGREEMENT CITY OF DETROIT —

DETROIT ZOOLOGICAL SOCIETY
 This **MEMORANDUM OF AGREEMENT** is made between the **CITY OF DETROIT, a municipal corporation**, (the "City"), acting by and through the Detroit Zoological Institute (the "Institute"), and the **DETROIT ZOOLOGICAL SOCIETY**, a Michigan nonprofit corporation (the "Society").

By Council Member S. Cockrel:

Whereas, The City owns and operates the Detroit Zoological Park located at 8450 West 10 Mile Road, Royal Oak, Michigan (the "Detroit Zoo") and the Belle Isle Nature Zoo located on Belle Isle,

Detroit, Michigan (the "Belle Isle Nature Zoo", and together with the Detroit Zoo, and all assets relating to the Detroit Zoo and the Belle Isle Nature Zoo, including, without limitation, all real property, animals, personal property, facilities, programs, plans, and all other assets of any nature or kind, the "Zoo Assets"); and

Whereas, Section 7-1601 of the 1997 Detroit City Charter¹ establishes the zoological parks department, now known as the Detroit Zoological Institute, which shall maintain and operate the City's zoological parks;

Whereas, Section 7-1602 of the 1997 Detroit City Charter² provides for a Zoological Parks Commission (the Zoo "Commission") to advise the Institute on general program goals for the parks;

Whereas, The City has been the primary source of an operating-subsidy for the Institute's operation of the Zoo Assets;

Whereas, The continued revenue shortfall now being experienced by the City makes it difficult for the City to provide the subsidy needed by the Institute to fulfill its mission; and

Whereas, the General Fund subsidy for the Institute's operation of the Zoo Assets has been eliminated from the 2005-2006 FY budget;

Whereas, To avoid serious curtailment of the operation of the Zoo Assets due to lack of revenues, the City has agreed to contract with the Society to take full responsibility for the operation of the Zoo Assets, including the identification of various non-City sources of revenue;

Whereas, The Society has assisted with the operation and growth of the Institute since the founding of the first Society in 1911 and is desirous to see its survival and continued growth;

Whereas, The Society is willing to accept the delegation of additional responsibilities for the governance, operation and management of the Zoo Assets;

Whereas, A City may lawfully provide for activities and services through a contract with a nonprofit corporation;

Whereas, The parties acknowledge the important role played by the Zoo Commission in advising the Institute and agree that its role is not diminished by the terms of this Agreement; and

Whereas, both the City and Society believe it is important to maintain the Institute and other related property, including the extensive exhibits, animals, equipment, and other Zoo Assets and to provide for the continued growth of the Institute.

Now, Therefore, The City and the Society hereby agree as follows:

Naming Contracts.

Unless and until the Society receives approval from the Zoo Commission, the Detroit Zoo will continue to remain known as the "Detroit Zoological Park", and the Belle Isle Nature Zoo will continue to be known as the "Belle Isle Nature Zoo", in name and in all written correspondence, public notices, advertisements, or any other public medium of communication. Any request to change, alter or modify the name of the Detroit Zoological Park or the Belle Isle Nature Zoo shall require a formal request from the Mayor which shall be submitted to the City Council for approval as set forth in Charter Section 7.102.

The City agrees to honor any contracts that the Society may enter into with third parties regarding the reasonable naming rights of any of the Zoo Assets.

Use of Zoo Assets.

The City agrees not to take any action, or enter into any contract, or extend or renew any current contract, for any action to be taken or not taken, that would restrict or otherwise impair the use of any of the Zoo Assets (whether current or after-acquired) in any manner without the prior written consent of the Society. In addition, if any revenue is generated with respect to the use or impairment of any of the Zoo Assets, the City agrees to pay or transfer such revenue to the Society. Provided however, that revenue generated in accordance with the current lease for the cellular antenna shall be forwarded to the City of Detroit, for the life of the agreement.

All Assets Are Owned by the City, a Municipal Corporation.

Nothing in this Memorandum of Agreement will be construed to create a private business, proprietorship, or other taxable business entity, nor are the terms of this Memorandum of Agreement intended to result in any Institute facility being subject to additional taxation or regulation by the City of Royal Oak or the City of Huntington Woods. The City will remain the public owner and municipal authority over the assets of the Institute, while the

control of the facilities and their day-to-day operation are the responsibility of the Society.

OBLIGATION OF THE CITY

Access.

The City grants to the Society full access and use of Institute facilities, grounds, equipment, programs, trademarks, and other real and intellectual properties, as well as access to and across any City property or right-of-way necessary for the operation of the Institute's programs and facilities.

City Commitment Regarding Funding/Indemnification.

To insure the continued integrity of the Institute, and in recognition of the City's continue ownership of all Zoo Assets in accordance with Section 4.1 above, the City agrees to budget for and provide funding on an annual basis in accordance with the terms of this Section 5.2. For the first two (2) years of this agreement, such funds shall be in an amount that will adequately provide for the insurance and security costs of the Zoo Assets. The parties shall mutually agree to an annual amount.

For the first year of this agreement, the City agrees to provide the following:

- Funds to the Society in the amount of Six Hundred Thousand Dollars (\$600,000.00) to provide for the security needs with regard to its operation of the Zoo Assets (including, but not limited to, alarm monitoring and contracted services);
- Funds to the Society in the amount of Three Hundred Thousand Dollars (\$300,000.0) to provide for cost of insurance (including, without limitation, liability and property insurance premiums);

For all years after the second year of this agreement, the parties shall agree to an annual amount to provide for the insurance costs of the Zoo Assets that takes into the account the projected amount of such costs.

For all years after the second year of this agreement, the Society will approach the City with a request for an appropriation to cover the costs of security, which shall consider the Society's ability to pay.

The City expressly assumes the risk of and accepts full responsibility for any and all damage or destruction of its real or personal property ("Damage") which may occur or be alleged to occur as a result of the Society's operation of the Zoo Assets that are not the result of gross negligence or willful, wanton or intentional misconduct on the part of the Society. The City hereby releases from liability the Society, its officers, directors, agents, representatives, heirs and employees except as set forth in this Section. The City hereby waives any and all claims the City may hereafter have against the Society as a result of any and all damage or destruc-

tion of its real or personal property that are not the result of gross negligence or willful, wanton or intentional misconduct on the part of the Society.

The Society will indemnify, defend and save the City harmless of and from any and all liability from injuries, including disease and death, to a person or damage to property of third parties arising or claimed to have arisen out of the City's ownership or Society's operation, maintenance or use of the Zoo Assets, providing such injury or damage is alleged to have occurred during the term of this Agreement. The City and the Society shall both be named as insured parties on any insurance policies concerning the Zoo Assets.

After consultation with the City Risk Management Council, the parties shall analyze and assess the appropriate levels of insurance for the operation pursuant to the terms of this agreement. [including Worker's Compensation, Directors' Liability]

The Society shall establish and maintain risk management programs, safety programs and other similar controls consistent with the standard of care required by state-of-the-art practices of leading zoos.

Retention of City Services.

In addition to support provided by the City as in Section 5.2 above, the City will continue to provide, at the Society's request, the following services at no charge to the Society: mowing, snow removal, and other grounds keeping services in public pedestrian and parking areas of the Institute's Belle Isle Nature Zoo facility.

Funds.

It is contemplated by the parties that within two years, the Society will assume full fiscal responsibility for the operation of the Zoo, securing all necessary operating resources from earned revenues, the public sector (federal, state, region) and private sector (foundation, corporations, individuals).

The parties recognize that a subsidy from the Capital Account will be required for capital expenditures to ensure the viability of this transition.

The City will transfer to the Society the sum of Five Million Dollars (\$5,000,000.00) within fifteen (15) days of the execution of this Agreement.

In addition, the City agrees that it is the City's full intent to transfer a like sum of Five Million Dollars (\$5,000,000.00) to the Society during the City of Detroit Fiscal Year 2006-2007. The amounts set forth in Section 5.4(a) above and this Section 5.4(b) are in addition to, and shall not be paid from, existing Capital Appropriations or Allocations to the Institute.

The City will include the Society in the annual capital budget process, including

funding authorized under voter-approved bonding authority. This includes all extant approvals of capital appropriations for the Institute, as well as any subsequently approved funding, for improvements to infrastructure, as well as other voter-approved projects (such as new exhibits like the Belle Isle Nature Zoo). The Society is responsible for compliance with all conditions of any such funds received and responsible for all audit exceptions and payback of inappropriately spent funds. All funds so received by the Society must be used to further and promote the general welfare and interest of the Institute.

ROLE OF THE ZOO COMMISSION Zoological Parks Commission Oversight of Agreement.

While the City will be responsible for determining the employment status (termination or transfer) of its employees, the Society will have discretion on how positions eliminated by the City are to be restructured or replaced. The Society's goal is to treat all employees fairly and equitably, while maintaining efficient operations. The Society is committed to diversity at all levels of its workforce.

Detroit City Council

February 19, 2006

By Council Member S. Cockrel:

**STATEMENT IN SUPPORT OF
MEMORANDUM OF AGREEMENT
BETWEEN THE CITY OF DETROIT
AND THE DETROIT ZOOLOGICAL
SOCIETY**

On Saturday, February 18, 2006, I
voted in favor of the agreement refer-
enced above. My "yes" vote to save the
Zoo reflects my commitment of maintain
City ownership of valuable assets, to pre-
serve jobs of City workers and to service
the children of the City and the region.

It does the City no good to own shut-
tered assets. It won't matter to our chil-
dren that we own a Zoo that is closed. The
point is to keep ownership clearly in the
hands of Detroiters. In order to do this
effectively, the Detroit Zoological Society
(DZS), the private fundraising entity,
should be hired to run the Zoo, which
would eliminate a four to five million dollar

operations cost from the City's General
Fund Budget.

City Council members' due diligence
led to further amendments to the
Memorandum of Agreement (MOA) with
the DZS. I particularly note Ms. Tinsley-
Talabi's contribution regarding risk man-
agement plans and President Ken
Cockrel, Jr.'s language pertaining to
Detroit-based, minority and women-
owned businesses as sub-contractors to
the DZS during the term of the MOA.
Many concessions were accepted by the
DZS, but nevertheless, the City Council
rejected the Amended MOA by a margin
of 7-2.

I am troubled that the majority of City
Council appears to be in denial about the
serious fiscal condition of the City. We
must face the fact that this government
can only allocate resources for core ser-
vices well into the foreseeable future. I do
not believe that the majority of the City
Council wants the Zoo to close. I just do
not share the apparent belief that "some
money can be found, somewhere." It is
very dangerous game of brinkmanship
to think this way.

I am at a loss to understand what I can
only see as cavalier disregard for the fam-
ilies of the City employees who will get
two-week layoff notices tomorrow. All of
the unions who represent City workers
had worked out collective bargaining
agreements with DZS. What will the
Council majority say to the Workers who
are likely to be unemployed two weeks
from today?

It is deeply troubling to me that so much
of the political debate in this region is
adversarial. **We must find common
ground through collaborative efforts to
maintain and enhance the City's
assets.** The DZS has been a partner in
the operation of the Detroit Zoo since its
inception. A review of the history will show
that at its inception the Zoo was a private
enterprise that came under the City's
jurisdiction in the early 1920s at the
request of the Society. The Zoological
Society bought the land at 10 Mile and
Woodward and gave it to the City. For the
past 80 years the Zoological Society has
raised millions of dollars for the operation
of the Zoo and construction and mainte-
nance of new exhibit, which has resulted
in increased attendance and attracted sig-
nificant media attention — and helping to
attract local visitors and tourists alike.

**This action by a majority of Council
appears to have ended the opportunity
for the Society to receive four million
dollars from the State of Michigan to
keep the Zoo open.**

For our children, our region, and for the
good of our State as a whole, I urge
reconsideration by the Council and recon-
sideration of the deadline imposed by the
State.

*ON WAIVERS OF RECONSIDERATION
 Council Member Collins moved to waive the right to reconsider the vote by which each resolution designated for "Waiver of Reconsideration" and numbered 1 to 1 incl., was adopted.

Invocation

O heavenly Father, ruler of the universe and source of all life, we give You praise for granting us and guiding us into a form of government in which we choose those who govern us. And we thank You for raising up citizens who serve us as Council members, who put themselves forward to serve as public servants, dedicated to the

fair and proper governance of our city, and with whom we seek to stand in support and encouragement and from whom we desire strong, passionate and effective leadership.

Yet we now find ourselves in unhappy conflict, in which feelings run high and words flow in ways that are producing discord and anger. We know, Lord, You are not a God of disharmony and discord. You bring order out of chaos, calm in the midst of the storm, light in the deepest gloom, renewal to mistakes, love and forgiveness to human hatred and failure and life out of death. Let Your Holy Spirit guide and direct this Council that they may be led to wise and fruitful decisions for the common good. Help them to lay aside personal agendas and discover Your agenda for Your people, that in whatever decisions they make and actions they take, they may be faithful and sincere in their conviction they have done the right thing and acquitted their office honestly and for the best good.

And then guide us as good citizens to apply ourselves to the cause of good government and support the institutions You have granted us for our common relationships. That we may lay aside our rancor and discord in Your abiding love.

For we pray this honoring Your image in us and praising Your Holy Name, through the beloved Word of God.

Amen.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without

Re: Request for Neighborhood Enterprise Zone (NEZ) Certificates for 441 W. Canfield Units 1 through 75 in the Midtown NEZ area (Recommend Approval).

The City Planning Commission (CPC) staff has received seventy-five (75) applications for NEZ certificates in the Midtown NEZ area. The NEZ designation for the Midtown area generally bounded by Hancock, Cass, Selden and the Lodge Freeway was approved by the City Council on March 10, 1999. The CPC staff has reviewed the applications and recommends approval.

Certificates are being sought for 441 West Canfield Unit 1 through 441 West Canfield Unit 75. Willys Overland, LLC is proposing to rehabilitate this property into 75 new condominium units.

The property as stipulated above is confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. Willys Overland, LLC has applied for the certificates at this time, although the buyers of the property are not known. The State Tax Commission will not issue certificates until the owners are identified. Once the owners are identified, they would apply for the certificates. At that juncture, the Council would have to take no further action on this matter.

Honorable City Council:

The Purchasing Division of the Finance Department recommends a Contract with the following firms or persons:

2644151—(CCR: June 30, 2004; April 27, 2005) — Street Name Sign Installation Program March 1, 2004 through May 31, 2006. Original dept. estimate: \$1,753,983.90, Requested dept. increase: \$190,452.62, Total contract estimate: \$1,944,436.52. Reason for increase: The initial contract amount for the Street Names Sign Replacement was

an estimate based on general visual observation of sign assemblies. The accurate condition of the brackets and the banding could not be judged visually unless each sign is checked individually for integrity and condition by reaching the sign by means of a ladder. Furthermore, field conditions change on a day-to-day basis. Additional cost increase is also due to the installation of additional square tubing. Re-banding of the bracket is required for all new bracket installation as well as where the banding is poor for old brackets. Unforeseen additional pay items are necessary to complete the Street Name Sign Project. Hall Sign, 4495 West Pike, P.O. Box 515, Bloomington, IN 47404. DPW.

Re: Valeria Wheeler, Malcolm DeGraffenried, Beverly Eddins, Rosalin Otis vs. City of Detroit, Barbara Douglas, in her Individual and Official Capacity and Tanya Thompson. Case No.: USDC Court No. 04-71393. File No.: A13000.000358 (EBG).

On November 3, 2005, your Honorable Body approved the proposed settlement and payment to (1) Legal Aid & Defender Association, attorneys, and Malcolm DeGraffenried; (2) Legal Aid & Defender Association, attorneys, Valeria Wheeler and Rosalin Otis; and (3) Legal Aid & Defender Association, attorneys, and Beverly Eddins in the above lawsuit. It has come to our attention that there was an error in the amount to be paid to Plaintiff Beverly Eddins. The proposed settlement should have provided that Ms. Eddins was to be paid \$18,000, but it mistakenly provided that she would be paid \$17,000, (which was approved and paid to Ms. Eddins and her attorneys).

We, therefore, request that your Honorable Body rescind that portion of the original resolution relating to the amount to be paid to Legal Aid & Defender Association, attorneys, and Beverly Eddins, adopt the resolution submitted herewith, and direct the Finance Director to issue an additional draft in the amount of One Thousand Dollars (\$1,000.00), payable to Legal Aid & Defender Association, attorneys, and Beverly Eddins, to be delivered upon

receipt of properly executed Releases and Stipulation and Order of Dismissal entered in United States District Court for the Eastern District of Michigan Case No. 04-71393, approved by the Law Department. Waiver of reconsideration requested.

Honorable City Council:

Re: Petition Number 4446 — Request for City Council Approval for the Transfer and Issuance of a Michigan Liquor Control Commission Dance-Entertainment Permit to Bert W. Dearing for a Group "A" Cabaret at 2727-2739 Russell.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice (Request ID Number 126369), which has been designated by the City Clerk as Petition Number 4446. This Local Approval notice requests City Council approval or disapproval of a request for the transfer and issuance of a dance-entertainment permit in conjunction with the transfer of stock ownership in a Class "C" liquor license at 2727-2739 Russell from Dearing Co., Inc., to Bert W. Dearing.

Buildings and Safety Engineering Department ("B & SE") records indicate that 2727-2739 Russell is located in a B-6 (General Services) zoning district and the current approved use of this property includes the use of the premises for a Class "C" Bar, operated in conjunction with a standard restaurant and an existing cabaret, per B & SE Case Number 182-04, as amended, effective April 29, 2005. Pursuant to the Detroit Zoning Ordinance, the continued use of this property for a Group "A" Cabaret is permitted subject to compliance with all relevant codes and City ordinances.

Pursuant to Section 5-7-1 of the 1984 Detroit City Code, a Group "A" Cabaret business license is required for an establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing. The Consumer Affairs Department Business License Center's records indicate that Bert W. Dearing, has paid the fees for the

renewal of the business licenses at 2727-2739 Russell, including for the renewal of a Group "A" Cabaret license for the location. Pursuant to Chapter 30 of the 1984 Detroit City Code, the owner of the establishment, Bert W. Dearing, and the premises will have to meet the applicable requirements of the 1984 Detroit City Code prior to the issuance of the business licenses for this address.

After investigation and review, the Detroit Police Department ("DPD") Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the transfer of the liquor license and the issuance of a dance-entertainment permit to Bert W. Dearing for 2727-2739 Russell. Bert W. Dearing operates one other MLCC licensed premises within the City at 1315 Broadway and the DPD Liquor License Unit reports that there have not been any serious crimes at this location for the preceding twelve (12) months. Also, the DPD Liquor License Unit reports that within the past year there was a violation at this location concerning the failure of the owner to provide proof of financial responsibility.

Upon this Body's approval of the request for the transfer and issuance of a dance-entertainment permit, in conjunction with the transfer of the Class "C" liquor license at 2727-2739 Russell, and the issuance of a Group "A" Cabaret license by the Consumer Affairs Department Business License Center to Bert W. Dearing, the location will be approved for patron dancing and entertainment on the premises. Pursuant to Sections 916(1) and 916(2) of the Liquor Control Code, being MCL 436.1916(6)(1) and MCL 436.1916(6)(2), the issuance of a dance-entertainment permit does not allow for adult entertainment, such as topless activity, in a licensed establishment.

The Law Department recommends that this matter be placed on the City Council's agenda for the approval or disapproval of the request for the transfer and issuance of the dance-entertainment permit in accordance with this Body's August 1, 2003 and July 7, 2004 resolutions and the procedures and criteria for the approval or disapproval of dance, entertainment, and topless activity permits. Attached is a proposed resolution approving the transfer and issuance of the dance-entertainment permit to Bert W. Dearing for 2727-2739 Russell.

If there are any questions or concerns, please do not hesitate to contact our office.

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for new housing at 3984 Aretha Ave., 4204 Aretha Ave., and 3985 Miracles Blvd. in the Woodbridge Estates NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office applications from Scripps Park Associates, LLC for Neighborhood Enterprise Zone (NEZ) certificates at 3984 Aretha Ave., 4204 Aretha Ave., and 3985 Miracles Blvd. within the Woodbridge Estates NEZ. Your Honorable Body approved the Woodbridge Estates NEZ designation on September 19, 2001. The City Planning Commission staff has reviewed the applications and recommends approval.

The properties involved are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. Scripps Park Associates, LLC, has applied for the certificates, prior to the issuance of building permits, on behalf of the future owner who will occupy the property. It is appropriate for them to apply for certificates at this time, even if buyers have not yet been identified. The State Tax Commission, however, will not issue certificates until owners are identified. When owners are identified, they can then apply for the certificates. At that time, it would not be necessary for City Council to pass another resolution.

The petitioner proposes to build four bedroom and five-bedroom single-family homes. The sites have been cleared and construction is anticipated to begin soon. The developer will need to submit to the State Tax Commission the parcels to receive the certificates with a map showing the parcels.

Please let us know if you have any questions.

AN ORDINANCE to amend Chapter 25, Article II of the 1984 Detroit City Code by adding Section 25-2-158 to establish the Eddystone Hotel Historic District and to define the elements of design for the district.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. Chapter 25, Article II of the 1984 Detroit City Code be amended by adding Section 25-2-158 to read as follows:

SEC. 25-2-158. Eddystone Hotel Historic District.

(A) A historic district to be known as the Eddystone Hotel Historic District is hereby established in accordance with the provisions of this article.

(B) This historic district designation is hereby certified as being consistent with the Detroit Master Plan.

(C) The boundaries of the Eddystone Hotel Historic District are as shown on the map on file in the office of the City Clerk, and shall be as follows: On the north, the north line of Lot 20 Block 76 Sub Part Park Lots 72, 73, 74, 75, 76 (Deeds, L53 P196; on the east, the centerline of Park Boulevard; on the south, the centerline of Sprout; and on the west, the centerline of alley running north-south from Temple to Sprout, behind the Park Boulevard frontage. (Legal Description: Lots 19 & 20, Block 76 Sub Part Park Lots 72, 73, 74, 75, 76 (Deeds) L 53 P196 Deeds, WCR).

(D) The defined elements of design, as provided for in section 25-2-2 of this code, shall be as follows:

(1) *Height.* The Eddystone Hotel is thirteen stories tall.

(2) *Proportion of Building's Front Façade.* The east façade of the Eddystone Hotel, composed of five (5) bays, is significantly taller than wide. The south (front) façade is composed of seven (7) bays, and is also taller than wide.

(3) *Proportion of Openings Within the Façade.* The east façade of the Eddystone Hotel is composed of approximately forty percent (40%) openings; the south (front) façade has approximately thirty-five percent (35%) openings. All openings on the first floor are presently filled in with boards, concrete block, or glass block, making it difficult for original configurations of openings to be discerned. According to the original plans of the building on file with the City of Detroit, entrance openings were recessed and display window openings were not. The outer storefront entrance openings of the south (front) and east façades are squarish in form, including their transoms. The arched openings on the two primary façades had transom windows occupying their arches. They were arranged with the main entrance in the middle. Flanking the

entrance of the south (front) elevation were recessed storefront entrances and flanking them were display windows with metal grills in the apron walls. The east façade has a similar arrangement of openings, with display windows flanking the central entrance. Paired rectangular window openings above the ground floor contained double-hung sash windows that were twice as tall as wide. The south façade has a similar paired window arrangement above the first floor, with the outer bays containing a single window at each floor. Adjacent to the south façade at the southwest corner, the west façade has a single bay fenestrated with a single windows in the same manner as the end bays of the south side.

(4) *Rhythm of Solids to Voids in The Front Façade.* A regular rhythm of solids to voids exists at the first floor entrance/display window level, as well as stories two through thirteen, with the placement paired window units per bay on the east façade and paired window units of the south (front) façade flanked by an end bay of single windows units. The placement of openings in the rear, or west elevation, is predictable as well, with paired windows, however some at the lower floor levels have been altered by the elimination of the window sash and the brick wall between the two window openings, thus creating an opening inappropriately wider than tall. A vertical row of single double-hung sash windows is approximately in the center of the north side elevation which is otherwise unfenestrated.

(5) *Rhythm of Spacing of Buildings on Streets.* Not applicable due to single building district.

(6) *Rhythm of Entrance and/or Porch Projections.* Entrance openings were originally recessed and display windows openings were not, which created a regular rhythm along the street that has been altered with the subsequent blocking up of all openings.

(7) *Relationship of Materials.* Brick, limestone and terra cotta are the primary materials of the street façades of the Eddystone Hotel. These materials continue around the southwest corner of the building to the first bay of the west elevation. Above the limestone-clad base, the primary material is brick. Decorative terra cotta window treatments are seen on the third, fourth and twelfth floors. The building is capped with a decorative terra cotta cornice. Window sashes and frames are wood above the first floor; on the ground floor, they are steel. There are metal grates in long, rectangular, granite-faced foundation openings beneath the arched display windows on the first floor. Other metallic elements are the flag poles extending above the two central openings.

(8) *Relationship of Textures.* Brick laid in regular courses contrasts with the smoother textures of the limestone ashlar of the first and second floors and the terra cotta decorative features. The large blocks of smooth ashlar laid in a regular pattern on the first and second stories create the textural effect of rustication. Repetitive terra cotta detail, such as balusters beneath the third and twelfth story windows, arcading in the entablature, and detailing around windows, create textural patterns. Areas of textural interest occur at the rusticated first and second floor levels, and areas surrounding the windows of the third, fourth and twelfth floors. The arcaded cornice at the top of the building is particularly rich in textural ornamentation.

(9) *Relationship of Colors.* Light yellow brick is juxtaposed with white terra cotta and beige limestone. Window frames and sash are currently painted brown.

(10) *Relationship of Architectural Details.* The Eddystone Hotel is a classically arranged Italian Renaissance-inspired building consisting of an ornate two-story base, a plain central section, and an attic crowned by an elaborate entablature and cornice. Architectural elements and details are located towards the top and bottom of the primary façades. In each spandrel flanking the central arched opening is a cartouche bearing a torch and a flagpole projecting outward and upward. A denticulated cornice serving as a belt course separates the second and third floors. Terra cotta trim frames the third story windows, with balustrated balconets below the window bays, window surrounds, and spandrel panels above the window bays. The spandrels display an arched form containing a large rondel above each window, topped with a denticled cornice running beneath the fourth-story windows. Between the fifth and eleventh floors are untrimmed windows and plain limestone sills. Twelfth floor windows display terra-cotta surrounds echoing the design of those in the third story with simplified balustrated balconets, the central bay resting on heavy console brackets. A terra cotta belt course separates the eleventh and twelfth floors. The building is crowned with a decorative terra-cotta entablature and cornice, the entablature with a chevron-like band below a projecting blind arcade with detailed corbels supporting the bases of the arches, and a projecting cornice with a decorative fringe. In general, the building is rich in architectural detail.

(11) *Relationship of Roof Shapes.* The roof is not visible from the street. An elevator shaft rises above the roof line at the northwest corner of the building, visible from the north and west.

(12) *Walls of Continuity.* Not applicable due to single building district.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* No original historic landscape features or surface treatments exist.

(14) *Relationship of Open Space to Structures.* No open spaces other than the public right-of-way are associated with this district. There are a vacant lot to the north and an alley to its west, or rear.

(15) *Scale of Façade and Façade Elements.* The east façade is narrow and tall, while the south appears larger in massing, with its two additional bays. Façade elements tend to be large in scale, while details are more modest.

(16) *Directional Expression of Front Elevation.* The south (front) and east façades of the Eddystone Hotel are vertical in directional expression, although street-level openings once provided a horizontal, pedestrian-related orientation.

(17) *Rhythm of Building Setbacks.* Not applicable due to single building district.

(18) *Relationship of Lot Coverages.* The footprint of the building occupies its entire site.

(19) *Degree of Complexity Within the Façade.* The two major façades are straightforward in their arrangements and therefore have a low degree of complexity. Heavily detailed areas, such as the entablature, are more complex.

(20) *Orientation, Vistas, Overviews.* The Eddystone Hotel has two primary façades. The main building entrance is the south façade, facing Sproat. The east façade is oriented towards Park Avenue. The building anchors the southwest corner of the block it occupies. All elevations are visible due to their height and building demolition nearby. Downtown Detroit, Grand Circus Park, and Cass Park are nearby, providing important vistas and overviews.

(21) *Symmetric or Asymmetric Appearance.* The Eddystone Hotel is symmetrical on both of its primary façades.

(22) *General Environmental Character.* The Eddystone Hotel, an architecturally notable apartment hotel of the 1920s, sits vacant among other impressive but abandoned historic buildings in the southern portion of the Cass Corridor. Two blocks west of Woodward Avenue, Detroit's main thoroughfare, the area is cut off from the central business district by the sunken Fisher Freeway to its south. A sister building, the Park Avenue Hotel, is immediately south across Sproat from the Eddystone. The Cass Park Historic District, comprised largely of sumptuously detailed early-twentieth century apartment and commercial buildings, is to the south and west of the Eddystone Hotel. The character of the area is that of a mixed use, urban community that has suffered from disinvestment. The southern

section of the Cass Corridor shows signs of renewed interest and reinvestment in its buildings.

Section 2. All ordinances or parts of ordinances, or resolutions, in conflict with this ordinance are repealed.

Section 3. This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

Section 4. If this ordinance is passed by a two-thirds (2/3) majority of City

Council Members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter; otherwise, it shall become effective in accordance with Section 4-115 of the 1997 Detroit City Charter.

(1) *Height.* The Park Avenue Hotel is thirteen stories tall.

(2) *Proportion of Building's Front Façade.* The east (front) façade of the Park Avenue Hotel, composed of eight (8) bays, is slightly taller than wide. The north façade is composed of five (5) bays, and is significantly taller than wide.

(3) *Proportion of Openings Within the Façade.* The east (front) façade of the Park Avenue Hotel is composed of approximately forty percent (40%) openings; the north façade has approximately thirty-five percent (35%) openings. All openings on the first floor are presently filled in with boards, concrete block or glass block, making it difficult for original configurations of openings to be discerned. According to the original plans of the building on file with the City of Detroit, the first floor of the east (front) façade featured four recessed storefronts on each side of the central entrance opening. Bulkheads have metal grills in horizontal openings. Fenestration of the east (front) and north façades from the second to thirteenth stories consists of sets of paired double hung windows twice as tall as wide in all bays except the outer ones, which have a single double hung window. Adjacent to the north façade at the northwest corner, the west façade has a single bay fenestrated with single windows in the same manner as the end bays of the north.

(4) *Rhythm of Solids to Voids in The Front Façade.* A regular rhythm of solids to voids exists at the first floor entrance/storefront level, as well as stories two through thirteen, with the placement paired window units per bay flanked by an

end bay of single windows. At the north-east corner, a corner store entrance existed. The placement of openings in the rear, or west, elevation, is less predictable, with single, paired and triple width windows, and its original sash windows have been replaced.

(5) *Rhythm of Spacing of Buildings on Streets.* Not applicable due to single building district.

(6) *Rhythm of Entrance and/or Porch Projections.* Entrance openings were originally recess, creating a regular rhythm along the street that has been altered with the blocking up of all openings.

(7) *Relationship of Materials.* Brick, limestone and terra cotta are the primary materials of the street façades of the Park Avenue Hotel. These materials continue around the northwest and southeast corners of the building to the first bay of the south and west elevations. Above the limestone-clad, three story base, the primary material is brick. Decorative terra cotta window treatments are seen on the fourth, twelfth and thirteenth floors. The building is capped with a decorative terra cotta cornice. Window sashes and frames are wood above the first floor, and between the fifth and eleventh floors and elsewhere when not surrounded by terra cotta, slab window sills are limestone. There are metal grilles in foundation openings, and other metallic elements in the form of metal-framed display and storefront windows and flag poles extending above the central storefront openings. Structural elements and ornamental detail of the original marquee were metal; it has since been replaced with an aluminum canopy.

(8) *Relationship of Textures.* Brick laid in regular courses contrasts with the smoother textures of the limestone ashlar of the first through third floors and the terra cotta decorative features. The large blocks of smooth ashlar laid in a regular pattern on the first through third stories create the textural effect of rustication. Quoins define the corners of the walls. Repetitive terra cotta detail, such as the dentilled modillion cornice, and detailing around windows, such as details in spandrels below the twelfth floor windows, create textural patterns.

(9) *Relationship of Colors.* Buff-colored brick is juxtaposed with white terra cotta and beige limestone. Window frames and sash are presently painted grey.

(10) *Relationship of Architectural Details.* The Park Avenue Hotel is a classically arranged, Italian Renaissance-inspired building consisting of an ornate three-story base, a plain central section, and an attic crowned by an elaborate entablature and cornice. Architectural elements and details are located towards the top and bottom of the primary façades. A

molded cornice serving as a belt course separates the first and second floors, and the third and 4th floors, and the 11th and 12th floors. Terra cotta trim frames the fourth, twelfth, and thirteenth story windows, with balustrated balconets below the windows on the ends of the twelfth floor. Spandrels below the twelfth floor windows contain a large rondels. Between the fifth and eleventh floors are untrimmed windows and plain limestone sills. The pedimental detail over the thirteenth story windows ornaments the frieze of the entablature. The building is crowned with a denticulated cornice with modillions. In general, the building is rich in architectural detail.

(11) *Relationship of Roof Shapes.* The roof is not visible from the street. An elevator shaft and penthouse with large industrial windows rises above the mid section of the roof, visible from the east and west.

(12) *Walls of Continuity.* Not applicable due to single building district.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* No original historic landscape features or surface treatments exist.

(14) *Relationship of Open Space to Structures.* No open spaces other than the public right-of-way are associated with this district. There are an alley and a vacant lot to the south. Later additions not included in the historic district are attached to the rear of the building.

(15) *Scale of Façade and Façade Elements.* The north façade is narrow and tall, while the east (front) façade appears larger in massing, with its three additional bays. Façade elements tend to be large in scale, while details are more modest.

(16) *Directional Expression of Front Elevation.* The east (front) and north façades of the Park Avenue Hotel are vertical in directional expression, although street-level openings once provided a horizontal, pedestrian-related orientation.

(17) *Rhythm of Building Setbacks.* Not applicable due to single building district.

(18) *Relationship of Lot Coverages.* The footprint of the building occupies its entire site.

(19) *Degree of Complexity Within the Façade.* The two major façades are straightforward in their arrangements and therefore have a low degree of complexity. Heavily detailed areas, such as those surrounding windows, are more complex.

(20) *Orientation, Vistas, Overviews.* The Park Avenue Hotel has two primary façades. The main building entrance is in the east façade, oriented towards Park Avenue, and the other, the north façade, towards Sproat. The building anchors the northeast corner of the block it occupies. Downtown Detroit, Grand Circus Park, and Cass Park are nearby, providing important vistas and overviews.

(21) Symmetric or Asymmetric Appearance. The Park Avenue Hotel is symmetrical on both of its primary façades.

(22) General Environmental Character. The Park Avenue Hotel, an architecturally notable apartment hotel of the 1920s, sits vacant among other impressive but abandoned historic buildings in the southern portion of the Cass Corridor. One block west of Woodward Avenue, Detroit's main thoroughfare, the area is cut off from the central business district by the sunken Fisher Freeway to its south. A sister building, the Eddystone Hotel, is immediately north across Sprout. The Cass Park Historic District, comprised largely of sumptuously detailed early-twentieth century apartment and commercial buildings, is to the south and west of the Park Avenue Hotel. The character of the area is that of a mixed use, urban community that has suffered from disinvestment. The southern section of the Cass Corridor shows signs of renewed interest and re-investment in its buildings.

Section 2. All ordinances or parts of ordinances, or resolutions, in conflict with this ordinance are repealed.

Section 3. This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

Section 4. If this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter; otherwise, it shall become effective in accordance with Section 4-115 of the 1997 Detroit City Charter.

January 3, 2006

Honorable City Council:

Re: Request to Apply for the "Encourage Arrest Policies and Enforcement of Protection Orders Program" from the United States Department of Justice (USDOJ) for the Year of 2006.

The Office on Violence Against Women (OVW) is a component of the U.S. Department of Justice. The Grants to Encourage Arrest Policies and Enforcement of Protection Orders Program recognizes that domestic violence is a crime that requires the criminal justice system to hold offenders accountable for their actions through investigation, arrest, and prosecution of violent offenders.

The primary purpose of the program is to encourage communities to adopt a coordinated community response (CCR) in the treatment of domestic violence as a serious violation of criminal law. This program challenges the entire community to listen, communicate, identify problems, and share ideas that will result in new responses to ensure victim safety and offender accountability.

The United States Department of Justice has extended the invitation for grantees awarded funds in the year of 2004 to again apply for funds for the year of 2006.

The Board of Police Commissioners has approved this request. I am requesting approval from your Honorable Body to apply for the grant from the Office on Violence Against Women.

If you have any additional questions or concerns regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 8:00 a.m. to 5:00 p.m.

Re: Request Permission to Apply for "Edward Byrne Memorial Justice Assistance Grant Program" for Fiscal Year 2006.

The primary purpose of the Edward Byrne Memorial Justice Assistance Grant Program is to provide funding for state and local government initiatives, to improve and enhance technical assistance, training, personnel, equipment, supplies, contractual support, and information systems for the following:

- Law enforcement programs
- Prosecution and court programs
- Prevention and education programs
- Corrections and community corrections programs
- Drug treatment programs
- Planning, evaluation, and technology improvement programs

The United States Department of Justice has extended the invitation to include any law enforcement or justice initiative previously eligible for funding under the Byrne or Local Law Enforcement Block Grant (LLEBG).

Jurisdictions certified as disparate by the United States Department of Justice, must submit a joint application for the aggregate of funds allocated to them, specifying the amount of the funds that are to be distributed to each of the units of local government and the purposes for which the funds will be used. I am requesting your permission to apply for the grant in conjunction with Wayne County and its selected units of local governments.

**STATEMENT BY COUNCIL
PRESIDENT KENNETH V. COCKREL,
JR. ON WATER & SEWER RATE VOTE**

Today a majority of the Detroit City Council voted to reject the proposed Fiscal Year 2006/2007 Water and Sewage Rates and Charges.

Under the rate structure proposed by the Water & Sewerage Department, Detroit customers would experience a 5.4% increase for water rates and a 7.2% increase for sewerage rates respectively. The increases for both for suburban wholesale customers would have been 5.7% and 4.9% respectively.

I voted in support of these increases. However it is important to note the following: no one, including me likes to pay higher water bills. But the reality is that Detroit's Water & Sewerage infrastructure is over one hundred years old. At the same time, the city has been operating under a federal court order mandating improvements to bring our system into compliance with federal health and environmental regulations.

Given the city's current fiscal situation there is simply NO way to fund needed capital improvements without a rate increase as a partial funding mechanism.

**MEMORANDUM OF AGREEMENT
CITY OF DETROIT —
DETROIT ZOOLOGICAL SOCIETY**

By Council Member Tinsley-Talabi:

This **MEMORANDUM OF AGREEMENT** is made between the **CITY OF DETROIT, a municipal corporation**, (the "City"), acting by and through the Detroit Zoological Institute (the "Institute"), and the **DETROIT ZOOLOGICAL SOCIETY**, a Michigan nonprofit corporation (the "Society").

Whereas, The City owns and operates the Detroit Zoological Park located at 8450 West 10 Mile Road, Royal Oak, Michigan (the "Detroit Zoo") and the Belle Isle Nature Zoo located on Belle Isle, Detroit, Michigan (the "Belle Isle Nature Zoo", and together with the Detroit Zoo, and all assets relating to the Detroit Zoo and the Belle Isle Nature Zoo, including, without limitation, all real property, animals, personal property, facilities, programs, plans, and all other assets of any nature or kind, the "Zoo Assets"); and

Whereas, Section 7-1601 of the 1997 Detroit City Charter¹ establishes the zoological parks department, now known as the Detroit Zoological Institute, which shall maintain and operate the City's zoological parks;

Whereas, Section 7-1602 of the 1997 Detroit City Charter² provides for a Zoological Parks Commission (the Zoo "Commission") to advise the Institute on general program goals for the parks;

Whereas, The City has been the primary source of an operating-subsidy for the Institute's operation of the Zoo Assets;

Whereas, The continued revenue shortfall now being experienced by the City makes it difficult for the City to provide the subsidy needed by the Institute to fulfill its mission; and

Whereas, the General Fund subsidy for the Institute's operation of the Zoo Assets has been eliminated from the 2005-2006 FY budget;

Whereas, To avoid serious curtailment of the operation of the Zoo Assets due to lack of revenues, the City has agreed to contract with the Society to take full responsibility for the operation of the Zoo Assets, including the identification of various non-City sources of revenue;

Whereas, The Society has assisted with the operation and growth of the Institute since the founding of the first Society in 1911 and is desirous to see its survival and continued growth;

Whereas, The Society is willing to accept the delegation of additional responsibilities for the governance, operation and management of the Zoo Assets;

Whereas, A Corporation Counsel has previously opined that a City may lawfully provide for activities and services through a contract with a nonprofit corporation³;

Whereas, The parties acknowledge the important role played by the Zoo Commission in advising the Institute and agree that its role is not diminished by the terms of this Agreement; and

Whereas, both the City and Society believe it is important to maintain the Institute and other related property, including the extensive exhibits, animals, equipment, and other Zoo Assets and to provide for the continued growth of the Institute.

Now, Therefore, The City and the Society hereby agree as follows:

I. SOCIETY'S REPRESENTATIONS AND WARRANTIES

1.1 Society's Authority.

The Society represents and warrants that it is a nonprofit corporation described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, and that it has the power and authority to execute and deliver this Agreement and to perform its obligations hereunder, and the execution, delivery and performance of this Agreement have been authorized by all

necessary action, including the approvals and ratification by the Society's governing body prior to the effective date hereof.

1.2 Society Has No Conflicting Contractual Obligations.

The Society represents and warrants that, as of the execution date and the effective date of this Agreement, it is not a party to any agreement or understanding which would prevent, limit, or hinder in any material manner its performance of any obligations under this Agreement.

1.3 Society Has No Conflict of Interest.

The Society represents and warrants that, as of the execution date and the effective date of this Agreement, it has no interest, and that, during the contract term, it shall not acquire any interest, which would conflict in any manner or degree with the performance of its obligations under this Agreement. The Society further covenants that it shall employ no person or entity having such an interest unless full disclosure of the conflict has been made in advance to the City.

II. CITY'S REPRESENTATIONS AND WARRANTIES

2.1 City's Authority.

The City represents and warrants that it has the power and authority to execute and deliver this Agreement and to perform its obligations hereunder, and the execution, delivery and performance of this Agreement have been authorized by all necessary action, including the approval of this Agreement by the Detroit City Council (the "City Council"), which approval has been obtained prior to the effective date hereof.

2.2 City Has No Conflicting Contractual Obligations.

The City represents and warrants that, as of the execution date and the effective date of this Agreement, it is not a party to any non-labor agreement or understanding which would prevent, limit, or hinder in any material manner its performance of any obligations under this Agreement.

2.3 City Has No Conflict of Interest.

The City represents and warrants that, as of the execution date and the effective date of this Agreement, it has no interest, and that, during the contract term, it shall not acquire any interest, which would conflict in any manner or degree with the performance of its obligations under this Agreement.

III. ENGAGEMENT OF THE SOCIETY; RELATIONSHIP BETWEEN THE PARTIES

3.1 Engagement.

In the exercise of the Institute's authority granted by City Charter Section 7-1601, and pursuant to its oversight function through the Zoological Director of the Institute (the "Zoo Director") and the Zoo Commission as delineated in this Agreement, the City hereby engages the Society as manager and operator of the

Zoo Assets, and the Society hereby agrees to faithfully and diligently manage and operate the Zoo Assets in accordance with the terms and conditions of this Agreement, without any duty by the City of compensation of the Society for such services other than as contained in this Agreement.

3.2 Independent Contractor Relationship.

The Society is an independent contractor and as such shall have full authority and responsibility to discharge the duties imposed upon it hereunder without restrictions other than those imposed by or pursuant to this Agreement. Neither the Society nor the City shall have the right or authority to bind the other party, without the express written authorization of such other party, to any obligation to a third party. Nothing contained in this Agreement shall constitute the parties as partners or joint venturers for any purpose, it being the express intention of the parties that no such partnership or joint venture exist and that each party has only those duties to the other than are specified in this Agreement.

3.3 Scope of the Society's Duties.

The Society's duties include all aspects of the operations of the Zoo Assets, including day-to-day operations. As a result of the delegations by the City to the Society under this Agreement, the Society will have additional authority and responsibility to govern, manage, and operate the Zoo Assets.

The Society will make best efforts to ensure that all contractual work shall have at least 30% MBE/WBE/DBE (Minority Business Enterprise, Women Business Enterprise and Detroit-based Business Enterprise).

3.4 Existing Institute Contracts.

The current and pending contracts for goods and professional services, excluding employment contracts or any collective bargaining agreements with any union, will be transferred by the City to the Society. Examples of these contracts include janitorial services, food and gift shop, trash hauling, heating system, and control system, but shall specifically exclude any and all employment contracts and any contracts with any union.

3.5 Governance.

The members of the Detroit Zoological Commission, and their successors, as well as two individuals appointed by the City Council, will become voting members of the Society's Board of Directors so that the Detroit Zoological Commission and the City Council remain fully engaged in the Institute and the Society's newly integrated operational structure.

3.6 Discretion as to Operating Conditions.

Subject to prior consultation with the Zoo Commission, the Society will have

the authority to determine in its sole discretion the days and hours of operation, customer service performance standards, admission rates, policies, and all other similar operational matters. The Society will also have complete authority as to the exhibits, programs, services, and events presented, and all other matters related to the operation of the Institute.

3.7 Operating Revenue and Contributions.

The Society will retain all revenues earned from the Institute's operations, including, but not limited to, all admission revenues, facilities or property rentals for private functions or use, parking revenues, revenues provided by the State of Michigan (including, but not limited to, Michigan Council of the Arts and Cultural Affairs funds, if any), funds received from federal or county sources, and all other revenues, funds, grants, donations or pledges, in cash or in kind (such as donations of property or securities), from any private or public source. The Society is responsible for compliance with all conditions of any such funds received and responsible for all audit exceptions and payback of inappropriately spent funds. All funds so received by the Society must be used to further and promote the general welfare and interest of the Institute.

3.8 Partnerships, Collaborations or Other Relationships.

Subject to prior consultation with the Zoo Commission with respect to arrangements with other governmental authorities, the Society in its sole discretion may enter into partnerships, collaborations or other relationships with other entities and organizations to enhance the Institute's visitor experience, enhance operations, diversify sources of private or public funding, reduce costs, or realize other benefit or operational efficiencies.

3.9 Human Resources.

The Society will offer employment to all current (as of October 1, 2005), active, full-time Institute employees. All employees will be covered by the Society's benefit plans, as these are in effect from time to time, and as amended. All salaries, rates of pay, benefit packages, hours of work and other employment-related matters will be at the sole discretion of the Society. The Society will immediately engage in discussions with unions upon signing this Agreement.

The Society agrees to comply with all federal, state and local laws governing equal employment opportunity.

3.10 Continuation of Services to Detroit Citizens.

The Society will provide citizens of the City with several privileges, including summer camp scholarships for young people, discounted admission and membership fees and discounts for all of the City's children in school programs.

3.11 Continuation and Possible Future Expansion of the Institute's Hours.

The Institute shall not reduce the hours that the Detroit Zoo and the Belle Isle Nature Zoo are open to the public unless (a) adequate funding to maintain those hours is unavailable or (b) the Zoo Commission reviews any such change prior to the reduction in hours.

3.12 Duty to Submit Annual Reports.

Within forty-five (45) days of the expiration of each year of the contract during the contract term, and in any event no later than August 15 of each year, the Society shall furnish an annual report of its activities to the Mayor of the City (the "Mayor") and the City Council and such other reports as the Mayor or the City Council may from time to time reasonably require. A copy of the reports shall be furnished the Auditor General. Such reports shall be in a form reasonably prescribed by the Zoo commission (in hard copy and/or electronic format as may be requested) and shall include the following subject matters:

- (a) itemized revenues and expenses;
- (b) fundraising activities;
- (c) number of visitors during the reporting period;

(d) the schedule of hours of operation of the Institute during the reporting period and the average number of hours per week that the Institute was open to the public during the reporting period.

3.13 Duty to Submit Internal Financial Statements.

The Society shall furnish to the Zoo Commission copies of any quarterly financial statements that the Society prepares in the ordinary course of business and submits to its own Board of Directors and/or Officers. The Society shall provide all such documents to the Zoo Commission promptly after their distribution to the Society's Directors. Upon receipt of such documents, the Zoo Commission shall provide copies thereof to the City's Auditor General.

3.14 Duty to Submit Financial Statements.

As soon as reasonably practicable, but in no event later than Ninety (90) days following the close of each City fiscal year, the Society shall deliver to the City the Society's annual financial statements, audited by an independent certified public accountant. A copy of such statements shall simultaneously be submitted to the City's Auditor General.

3.15 Duty to Submit to Audit.

Upon reasonable notification, the Society shall submit to an annual audit performed by the City's Auditor General or his/her designee.

3.16 Duty to Provide Other Information Requested by the Zoo Commission.

From time to time, the Society shall provide the Zoo Commission with such other information as the Zoo Commission may reasonably request.

IV. RETENTION OF ASSETS BY CITY

4.1 City Retains Ownership of All Assets.

The City will retain ownership of all current and after-acquired Institute-owned facilities to remain known as the "Detroit Zoo" and the "Belle Isle Nature Zoo" and their related assets. This excludes vehicles (all of which will be transferred to the Zoological Society) but includes animals (whether acquired by birth or otherwise), buildings, grounds, collections, artifacts, exhibits, furnishings, and other assets. The City will be responsible for capital expense associated with the Zoo Assets. The City agrees that no assets or other items important to the fulfillment of the Institute's mission will be sold or transferred without the prior written consent of the Society.

From and after the date of this Agreement, the City shall not be deemed to have acquired any asset from the Society until the Society formally decides to tender such asset to the City and the City accepts such asset. Annually, the Society shall provide a list of all completed assets and tender for acceptance by the City.

4.2 Naming Contracts.

Unless and until the Society receives approval from the Zoo Commission, the Detroit Zoo will continue to remain known as the "Detroit Zoological Park", and the Belle Isle Nature Zoo will continue to be known as the "Belle Isle Nature Zoo", in name and in all written correspondence, public notices, advertisements, or any other public medium of communication. Any request to change, alter or modify the name of the Detroit Zoological Park or the Belle Isle Nature Zoo shall require a formal request from the Mayor which shall be submitted to the City Council for approval as set forth in Charter Section 7.102.

The City agrees to honor any contracts that the Society may enter into with third parties regarding the reasonable naming rights of any of the Zoo Assets.

4.3 Use of Zoo Assets.

The City agrees not to take any action, or enter into any contract, or extend or renew any current contract, for any action to be taken or not taken, that would constrict or otherwise impair the use of any of the Zoo Assets (whether current or after-acquired) in any manner without the prior written consent of the Society. In addition, if any revenue is generated with respect the use or impairment of any of the Zoo Assets, the City agrees to pay or transfer such revenue to the Society. Provided however, that revenue generated in accordance with any lease for the cellular antenna shall be forwarded to the City of Detroit, for the life of the instant agreement with the Society.

4.4 All Assets Are Owned by the City, a Municipal Corporation.

Nothing in this Memorandum of Agreement will be construed to create a private business, proprietorship, or other taxable business entity, nor are the terms of this Memorandum of Agreement intended to result in any Institute facility being subject to additional taxation or regulation by the City of Royal Oak or the City of Huntington Woods. The City will remain the public owner and municipal authority over the assets of the Institute, while the control of the facilities and their day-to-day operation are the responsibility of the Society.

V. OBLIGATIONS OF THE CITY

5.1 Access.

The City grants to the Society full access and use of Institute facilities, grounds, equipment, programs, trademarks, and other real and intellectual properties, as well as access to and across any City property or right-of-way necessary for the operation of the Institute's programs and facilities.

5.2 City Commitment Regarding Funding.

To insure the continued integrity of the Institute, and in recognition of the City's continue ownership of all Zoo Assets in accordance with [Section 4.1](#) above, the City agrees to budget for and provide funding on an annual basis in accordance with the terms of this Section 5.2.

For the first two (2) years of this agreement, such funds shall be in an amount that will adequately provide for insurance and security costs of the Zoo Assets. The parties shall mutually agree to an annual amount.

For the first year of this agreement, the City agrees to provide the following:

- Funds to the Society in the amount of Six Hundred Thousand Dollars (\$600,000.00) to provide for security needs with regard to its operation of the Zoo Assets (including, but not limited to, alarm monitoring and contracted services);
- Funds to the Society in the amount of Three Hundred Thousand Dollars (\$300,000.0) to provide for cost of insurance (including, without limitation, liability and property insurance premiums);

For the third and all successive years of this agreement, pursuant to the City's budget process, the parties shall agree to an annual amount necessary to provide for the liability and property insurance costs of the Zoo Assets that takes into the account the projected amount of such costs. Such amount of insurance shall be based upon consultation with the City Risk Management Council, who, in conjunction with the parties, shall analyze and assess the appropriate levels of liability and property insurance, and the City agrees to fund such amount.

[See Exhibit A]

For the third and all successive years of this agreement, pursuant to the City's budget process, the Society will approach the City with a request for an appropriation to cover the costs of security. Taking into consideration the Society's ability to pay, the City agrees to appropriate such additional amount as necessary to cover such costs.

5.3 Indemnification.

The Society is liable for and will indemnify, defend and hold the City harmless of and from any and all liability from injuries, including disease and death, to a person or damage to property of third parties arising from or claimed to have arisen out of the City's ownership or Society's operation, maintenance or use of the Zoo Assets, providing such injury or damage is alleged to have occurred during the term of this Agreement. The City and the Society shall both be named as insured parties on any insurance policies concerning the Zoo Assets.

The City expressly assumes the risk of and accepts full responsibility for any and all damage or destruction of its real or personal property which may occur or be alleged to occur as a result of the Society's operation of the Zoo Assets that are not the result of gross negligence or willful, wanton or intentional misconduct on the part of the Society. The City hereby releases from liability the Society, its officers, directors, agents, representatives, heirs and employees except as set forth in this Section. The City hereby waives any and all claims the City may hereafter have against the Society as a result of any and all damage or destruction of its real or personal property that are not the result of gross negligence or willful, wanton or intentional misconduct on the part of the Society.

After consultation with the City Risk Management Council, the parties shall analyze and assess the appropriate levels of insurance for the operation of the Zoo Assets pursuant to the terms of this agreement.

The Society shall establish and maintain risk management programs, safety programs and other similar controls consistent with the standard of care required by state-of-the-art practices of leading zoos.

5.4 Funds.

It is contemplated by the parties that within two years, the Society will assume full fiscal responsibility for the operation of the Zoo, securing all necessary operating resources from earned revenues, the public sector (federal, state, region) and private sector (foundation, corporations, individuals), with the goal to increase and diversity revenue streams.

The parties recognize that a subsidy from the Capital Account will be required for capital expenditures to ensure the viability of this transition.

(a) The City will transfer to the Society the sum of Five Million Dollars (\$5,000,000.00) within fifteen (15) days of the State of Michigan appropriation of funds in accordance with Section 7.14.

(b) In addition, the City agrees that it is the City's full intent to transfer a like sum of Five Million Dollars (\$5,000,000.00) to the Society during the City of Detroit Fiscal Year 2006-2007. The amounts set forth in Section 5.4(a) above and this Section 5.4(b) are in addition to, and shall not be paid from, existing Capital Appropriations or Allocations to the Institute.

(c) The City will include the Society in the annual capital budget process, including funding authorized under voter-approved bonding authority. This includes all extant approvals of capital appropriations for the Institute, as well as any subsequently approved funding, for improvements to infrastructure, as well as other voter-approved projects (such as new exhibits like the Belle Isle Nature Zoo). Nothing in this Agreement is intended to prevent the Zoo Dept., Zoo Institute or the Society from participating in the City's future bonds proposals. All such capital improvement funds used for capital improvement contracts will continue to be approved by the City and this City Council in the manner prescribed by the charter, ordinance and state law, to ensure that the public interest and public trust are duly safeguarded.

(d) The Society is responsible for compliance with all conditions of any such funds received and responsible for all audit exceptions and payback of inappropriately spent funds. All funds so received by the Society must be used to further and promote the general welfare and interest of the Institute.

5.5 Retention of City Services.

In addition to support provided by the City as in Section 5.2 above, the City will continue to provide, at the Society's request, the following services at no charge to the Society: mowing, snow removal, and other grounds keeping services in public pedestrian and parking areas of the Institute's Belle Isle Nature Zoo facility.

VI. ROLE OF THE ZOO COMMISSION

6.1 Zoological Parks Commission Oversight of Agreement.

Pursuant to Section 7-1601 of the 1997 Detroit City Charter, the Zoological Park Department [hereinafter "Zoo Department"] is headed by the Zoological Director. The Zoo Department shall maintain and operate the City's zoological parks by and through the instant management agreement with the Society. Pursuant to Section 7-1602, the Zoological Parks Commission shall continue to exercise its charter-mandated advisory responsibility and shall administer and

monitor the performance by the Society of the Society's obligations, all as provided for in this Agreement.

6.2 Zoo Commission to Prescribe the Form of, Receive and Review Reports.

The Zoo Commission shall prescribe the form of reports to be submitted by the Society in accordance with Sections 3.11 through 3.14.

6.3 Zoo Commission May Request Additional Information.

From time to time, the Zoo Commission may reasonably request from the Society additional information concerning the operations and management of the Institute. The Society shall promptly respond to the written request of the Zoo Commission made pursuant to this Section.

6.4 Zoo Commission's Audit Rights.

Once per year, the Zoo Commission or its designees may audit on demand the operations and records of the Society, and the Zoo Commission or its designees may audit such operations and records at other times on which both the Zoo Commission and the Society agree.

6.5 Annual Inspection.

The Zoo Commission or its designees may on demand conduct an annual inspection of zoo facilities or any portion thereof specified by the Zoo Commission, at reasonable times to be arranged by mutual agreement of the Zoo Commission and the Society, but in any event to be commenced no later than fifteen (15) business days after demand is made.

6.6 Audit General Audit.

The Auditor General shall have the authority to conduct audits of Institute properties consistent with Section 4-205 of the 1997 Detroit City Charter; the Auditor General may request additional audits in coordination with those conducted by the Zoo Commission, approval of which request the Society shall not unreasonably withhold.

6.7 Evaluation of Services.

On an annual basis, the Zoo Commission shall evaluate the services provided by the Society under this Agreement for the preceding year and shall provide a copy of such evaluation to the Mayor, the City Council and to the Society.

6.8 Zoo Commission Meetings.

During the two (2) year transition period after the effective date, and in its sole discretion, the Zoo Commission may require quarterly appearances by the Society at a meeting between the Zoo Commission and the Society, at which the Society shall report on and respond to the Zoo Commission's questions about the state of, and operations of, the Institute facilities. The Zoo Commission shall have at least one (1) meeting during each of the two (2) years of the transition period. Thereafter, the Zoo Commission shall

hold a meeting on at least an annual basis. The Zoo Commission may schedule other meetings at reasonable times and upon reasonable notice as it, in its sole discretion, deems necessary or desirable. The Zoo Commission shall establish the location of, date and time, as well as the agenda for any such meetings. All such meetings shall be subject to the provisions of the *Michigan Open Meetings Act*, MCL 15.261 *et seq.*

VII. JOINT COMMITMENTS OF THE CITY AND THE SOCIETY

7.1 Human Resources Transition.

The changes in operating procedures as contemplated by this Agreement will result in the elimination from the City's payroll of all positions currently existing at the Institute. While the City will be responsible for determining the employment status (termination or transfer) of its employees, the Society will have discretion on how positions eliminated by the City are to be restructured or replaced. The Society's goal is to treat all employees fairly and equitably, while maintaining efficient operations. The Society is committed to diversity at all levels of its workforce.

The Society will make its best efforts to ensure that at least fifty (50%) per cent of its workforce consists of Detroit residents.

7.2 Implementation.

*WAIVER OF RECONSIDERATION (No. 1), per motions before adjournment.

STATEMENT BY COUNCIL PRESIDENT KENNETH V. COCKREL, JR. ON MEMORANDUM OF AGREEMENT FOR THE DETROIT ZOOLOGICAL SOCIETY

Today a majority of the Detroit City Council voted to approve a Memorandum of Agreement authorizing the Detroit

Zoological Society to take over the ongoing operations of the Detroit Zoo.

Under this agreement, Detroit would maintain ownership of the zoo and its assets but the DZS would run the facility on a daily basis. The approval came after an earlier vote in which the agreement was voted down. I voted for the agreement the first time and was pleased to join with a majority of my colleagues in approving it today.

Simply put it makes good economic sense when considered against the backdrop of Detroit's current fiscal problems. It will have saved the city money in the long run while also ensuring that the Zoo remains open.

I was also very pleased that the Mayor and the DZS agreed to accept changes in that document that I pushed for like a reduction in the length of the agreement, elimination of an annual \$600,000 security cost to the city, and a commitment to make best efforts to utilize Minority, Women-owned, and Detroit-based contractors and vendors to perform 50% of all work at the zoo, submit an annual report on contracting activity, for the previous year, and include a similar provision to make efforts to hire Detroiters as employees.

The initial vote ignited much public controversy and hand-wringing over the future of the zoo. It also reopened old discussions about whether or not agreements like this one give away the city's jewels to suburban interests. Once again, the zoo will still be owned by the city. Only the management will change for the next 15 years, as the DZS will run the facility. At the end of the 15-year period, the Mayor and the City Council can decide if they would to maintain this agreement for another 10 years or resume city operation.

The fact of the matter is this: Detroit must increasingly focuses its shrinking funds and resources on core services like, police and fire protection and garbage pick up. Operation of a zoo is not a core service. Allowing another entity to run a zoo that since it is that entity that will bear the operating costs while the city can direct funds to more pressing needs.

Re: Michael Dean Smith vs. Officer Michelle Pierson, Officer Gina Gallow, Sergeant Corzzell Galloway and City of Detroit. Case No.: 05-501694 NZ. File No.: A37000.002939 (BLM).

On February 14, 2006, a case evaluation panel evaluated the above-captioned lawsuit and awarded Ten Thousand Dollars and No Cents (\$10,000.00) in favor of Plaintiff. Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificates for two (2) units in the Oakland/Caniff area (Recommend Approval).

The City Clerk's Office forwarded to this office two (2) applications for NEZ certificates in the Oakland/Caniff area. The NEZ designation for the area generally bounded by Caniff on the north, Owen on the south, the Walter P. Chrysler Freeway (I-75) and Greeley on the east and Oakland on the west was approved by the City Council on April 16, 2003. The City Planning Commission staff has reviewed the applications and recommends approval.

Certificates are being requested for 9721 Delmar and 10219 Delmar. The

properties are within the boundaries of the Council-approved NEZ for the Oakland/Caniff area and should be eligible for NEZ certificates under Public Act 147 of 1992 as currently written.

Dogwood Investments, LLC, proposes to develop two (2) new single-family homes at the aforementioned addresses. The homes would be priced at \$156,000. The company has applied for the certificates at this time, although buyers of the units have not been identified. When owners are known, they can apply for the certificates. At that time, it would not be necessary for the City Council to pass another resolution.

Re: Applications for 30 Neighborhood Enterprise Zone Certificates for the South University Village area (Recommend Approval).

The office of the City Planning Commission (CPC) has received 30 applications for Neighborhood Enterprise Zone (NEZ) certificates in the South University Village area for 55 W. Canfield, Units 1-30. CPC staff has reviewed the applications and recommends approval of the certificates.

The above properties have been confirmed as being within the boundaries of the NEZ. The South University Village Project focuses on two properties: the South Village Parcel which is a newly constructed, mixed-use development with 360 residential units, retail and a parking deck, and the rehabilitation of the Graybar Building at 55 W. Canfield, a mixed-use loft development with 30 residential units and ground floor retail. The certificates are for the units within the Graybar Building.

The property is located in the Woodward Area (Lower Woodward Sub Area) of the Master Plan and is zoned B4 (General Business District). The proposed land use designation is SRC (Special Residential Commercial). The Zoning Ordinance indicates that lofts outside of the Central Business District are conditional uses on land zoned B4, therefore, site plan review and a conditional use hearing with the Buildings and Safety and Engineering Department are required.

Honorable City Council:

Re: Petition of Marvin W. Benton (#4339) to rezone property located at the southwest corner of Dickerson and Charlevoix Avenues from an R1 (Single-Family Residential District) zoning classification to an R2 (Two-Family Residential District) zoning classification (Recommend Approval).

A Detroit resident, Marvin W. Benton, is petitioning the City to amend District Map No. 32 of the Detroit Official Zoning Ordinance to show an R2 zoning classification where an R1 zoning classification is presently shown on property located at 2665, 2671, and 2679 Dickerson Avenue. Presently, the property is developed with a two-family structure, and the request is being made to have the zoning reflect the current use of the property.

Background

The subject property, which contains 3 lots of record, is located at the southwest corner of Charlevoix and Dickerson Avenues (please see the attached map for the location of the property). The property was originally developed prior to 1950 with two 2-story single-family houses. At the southeast corner of Dickerson and Charlevoix Avenues is a former Catholic Church building now used as a community center. It appears that at some point the Catholic Archdiocese of Detroit purchased the two homes and constructed a building addition connecting the two structures (for a map of the property, please see the attached mortgage survey).

Request

Mr. Benton indicates that about 15 years ago a family member purchased the subject property from the Archdiocese and he has recently assumed the mortgage. Mr. Benton indicates he currently lives in one unit and will use the other unit as rental property. He has explored demolishing the connection between the two buildings, but found it to be cost prohibitive. Mr. Benton states he would like to refinance the mortgage in order to make substantial repairs, but maintains that the mortgage companies will not refinance until the zoning reflects the property's use as a two-family dwelling.

City Planning Commission Public Hearing

On January 5, 2006, the City Planning Commission (CPC) held a public hearing on the subject rezoning request. At the hearing, there was no one present to speak in favor or in opposition to the proposed rezoning.

Planning Considerations

Zoning Considerations

The subject property is within a large residential area (east of Conner Avenue between East Jefferson Avenue and the Ford Freeway) most of which is zoned R2. However, it appears two north/south streets, Algonquin and Dickerson Avenues between Mack Avenue and East Jefferson Avenue, are zoned R1.

The R2 zoning district is designed to protect and enhance those areas developed or likely to develop with single or two family dwellings. The R1 and R2 zoning districts allow exactly the same by-right uses, except two-family homes are not permitted in R1. The R1 and R2 zoning districts allow exactly the same conditional uses, except R2 permits multiple-family dwellings and town houses with a maximum of 8 units.

Master Plan Consistency

The subject site is located within the Jefferson-Mack subsector of the East Sector of the Detroit Master Plan of Policies. The "recommended future general land use" map shown Low Density Residential for the subject area. P&DD submitted a memo dated October 21, 2005 to City Council stating that the Master Plan would not have to be amended to accommodate the proposed rezoning.

Future Area Plans

P&DD is in the process of implementing the redevelopment of the Far East Side. In November 2004, a private consulting firm to the City of Detroit submitted a study called the Detroit Far East Side Master Plan. One objective of the study is to redevelop Charlevoix and Dickerson Avenues with medium density residential development. The proposed revised Master Plan of Policies recommends Medium Density Residential along the subject section of Dickerson Avenue. Therefore, both of these plans are encouraging a higher density rather than a lower density along Dickerson Avenue.

Recommendation

After consideration of the above factors, on January 5, 2006, the City Planning Commission voted to recommend approval of the requested rezoning. The appropriate ordinance to effectuate this recommendation is attached for our Honorable Body's consideration and has been approved as to form by the Law Department.

February 21, 2006

Honorable City Council:

Re: Public Hearing on the Establishment of the St. Regis Neighborhood Enterprise Zone as Requested by the St. Regis Holdings, LLC in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that the establishment of the St. Regis Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an *ad valorem tax* within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to renovate/rehabilitate 30 units into luxury condos at an estimated cost of \$3 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration, please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,
DOUGLASS J. DIGGS

Director of Development Activities
By Council Member S. Cockrel:
Whereas, Pursuant to Public Act No.

147 of the Public Acts of 1992 ("the Act") this City Council has the authority to establish "Neighborhood Enterprise Zones (NEZs)" within the boundaries of the City of Detroit; and

Whereas, The St. Regis Holdings, LLC has requested establishment of the "St. Regis" NEZ whose boundaries are particularly described in Exhibit A (legal description) and illustrated in the map attached hereto; and

Whereas, The Act requires that, prior to establishing an NEZ, the City Council shall provide an opportunity for a Public Hearing on such establishment, at which Public Hearing representatives of any taxing authority levying *ad valorem* taxes within the City, or any other resident or taxpayer of the City of Detroit may appear and be heard on the matter;

Now Therefore Be It

Resolved, That on the Friday, March 31, 2006 at 10:30 a.m., in the City Council Committee Room, 13th floor, Coleman A. Young Municipal Center, a Public Hearing be held on the above described application for establishment of an NEZ within the boundaries described in Exhibit A (legal description) as illustrated in the map attached hereto; and be it finally

Resolved, That the City Clerk shall give notice of the Public Hearing to the general public and shall give written notice of the Public Hearing by certified mail to all the taxing authorities levying an *ad valorem tax* within the City of Detroit, such notices to be provided no earlier sixty (60) days prior to the public hearing.

Re: Public Hearing on Establishment of the Newberry Hall Neighborhood Enterprise Zone as Requested by the Newberry Hall Development, LLC in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the Newberry Hall Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an *ad valorem* tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map attached. The initial development will consist of the renovation/rehabilitation of 21 units in the former Newberry Hall into luxury condos at an estimated cost of \$3 million. It is further planned that another two developers will invest another \$40 million, to bring on line an estimated 100 residential units and more than 61,000 square footage of developed commercial space.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

 Re: Correction of Sales Resolution.
 Development: Parcel 411; generally bounded by Derby, Haven, W. Lantz & E. Seven Mile.

On February 15, 2006, your Honorable Body authorized the sale of the above-

captioned property to Penrose Villages LDHALP, a Michigan Limited Partnership, for the purpose of constructing approximately thirty-seven (37) two-story affordable single-family homes.

It has come to our attention that the legal description and the legal entity were issued in error. Accordingly, the size of the property has been adjusted from 125,784 square feet to 135,859 square feet, the sales price from \$50,000 to \$53,000 and the Sale to Penrose Villages LDHALP, a Michigan Limited Partnership has been amended to show Penrose Village LDHALP, a Michigan Limited

Partnership, as the buyer. This developer possesses the qualifications and has indicated potential financial resources necessary to acquire and develop the land in accordance with the Development Plan.

We, therefore, request that your Honorable Body adopt the attached resolution and authorize an amendment to the sales resolution to reflect an adjustment in the size of the property from 125,784 square feet to 135,859 square feet and the sales price from \$50,000 to \$53,000.

We, further, request that your Honorable Body adopt the attached resolution authorizing an amendment to the sales resolution to reflect a name change in the purchaser from Penrose Villages LDHALP, a Michigan Limited Partnership to Penrose Village LDHALP, a Michigan Limited Partnership.

Planning & Development Department
February 14, 2006
Honorable City Council:

Re: Jefferson-Chalmers Rehabilitation Project. Development: Parcel 299; located on the west side of Lenox St. between Avondale and Scripps.

On February 2, 2006, the Detroit Housing Commission approved an offer to purchase and develop Parcel 299 into eighteen (18) luxury single-family homes from Morgan Development Group, LLC, a Michigan Limited Liability Company, for the amount of One Million Three Hundred Thousand and 00/100 Dollars (\$1,300,000.00). The proposed development is located in the Jefferson-Chalmers Citizens District Council area and was approved by that body on January 17, 2006. The City Planning Commission also approved the proposal on January 19, 2006, with specific modifications on the proposed plan. This use is permitted subject to the PD zone modification approval by the Detroit City Council.

The developer possesses the qualifications and has indicated potential financial resources necessary to acquire and develop the land in accordance with the Development Plan. The disposal of this land by negotiation is an appropriate method for making the land available for redevelopment and the proposed agreement is in satisfactory form.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing the advertising of and the holding of a public hearing concerning this offer on the 29 day of March, 2006 at 10:00 a.m.

Respectfully submitted,
DOUGLASS J. DIGGS

Honorable City Council:

Re: Traffic Signal Removal at 16 Locations. Locations where there are no schools within two blocks of the signal.

The following sixteen (16) signalized intersections are currently operating on full time "stop control" mode in compliance with the Michigan Manual of Uniform Traffic Control Devices (MMUTCD) and are scheduled for removal due to changes in traffic conditions. There are no schools within two blocks of the signals, which are recommended for removal. The traffic volumes, accident reports and physical conditions are analyzed prior to placing the signals on full time flashing operation. The traffic volumes have dropped significantly over the years at these locations and currently none of the MMUTCD warrants are satisfied and therefore, does not justify the continued operation of the traffic signals.

January 31, 2006

Honorable City Council:

Re: Traffic Signal Removal at five (5) locations. (Locations where there are no schools within two blocks of the signal.)

The following five (5) signalized intersections are currently operating on full time "stop control" mode in compliance

with the Michigan Manual of Uniform Traffic Control Devices (MMUTCD) and are scheduled for removal due to changes in traffic conditions as described below:

1. Concord - Miller

The signal at Concord and Miller has been considered for removal due to extremely low traffic volume. A traffic volume count taken on November 12, 2003 indicated that there are only 282 vehicles on Concord and 2934 vehicles on Miller in 24 hours, which is well below (less than 15%) the minimum required for traffic signal control. Cooper Elementary School is located at the corner of Georgia and Concord, which is controlled by "stop" signs. The signal is on flash for more than twenty two (22) months without any complaint from the school or neighboring community.

2. Concord - Kercheval

The signal at Concord and Kercheval has been considered for removal due to extremely low traffic volume. A traffic volume count taken on November 10, 2004 indicated that there are only 838 vehicles on Concord and 6287 vehicles on Kercheval in 24 hours, which is well below the minimum required for traffic signal control. Bellevue Elementary School is located east of Concord one block south of Kercheval. The signal is on flash for more than one year without any complaint from the school or neighboring community.

Traffic Engineering Division (TED) is willing to work with the school to design a safe traffic circulation plan around the school.

3. Broadstreet - Fullerton

The signal at Broadstreet and Fullerton has been considered for removal due to low traffic volume. A traffic volume count taken on December 3, 2003 indicated that there are only 1776 vehicles on Fullerton and 2990 vehicles on Broadstreet in 24 hours, which is well below the minimum required for traffic signal control. Winterhalter Elementary is located more than three blocks away from this signal. The signal at Elmhurst and Broadstreet (close to school) is recommended to stay for Winterhalter Elementary School.

4. Brush and Owen

The signal at Brush and Owen has been considered for removal due to low traffic volume. A traffic volume count taken on November 21, 2003 indicated that there are only 1560 vehicles on Brush and 2979 vehicles on Owen in 24 hours, which is well below the minimum required for traffic signal. There is a signal at Lynn and Owen (close to school) for Loving Elementary School which operates during school hours. The signal is on flash for more than two (2) years and the intersection is operating safely with "stop control".

TED will meet with Wilson Akins Funeral Home, 527 Owen to discuss a safe traffic circulation plan for their operation.

5. Brush and Ferry

The signal at Brush and Ferry has been considered for removal due to low traffic volume. A traffic volume count taken on November 7, 2003 indicated that there are only 1951 vehicles on Ferry and 3177 vehicles on Brush in 24 hours, which is well below the minimum required for traffic signal. The Golightly Elementary School is more than two blocks away from this intersection and four-way stop control is the approved traffic control around schools for low volume streets.

TED will work with the Golightly Elementary School to design a safe traffic circulation plan around the school.

There are eight warrants outlined in the Michigan Manual of Uniform Traffic Control Devices (MMUTCD) to be considered for traffic signal installation of which one is for school crossing. The above locations are recommended for removal because none of the MUTCD warrants (including the school warrant) is satisfied at any of these locations. The condition of the traffic signal equipment at most of these locations is not up to the MUTCD standards unless modernized. Since the signals are not warranted, modernization is not justified and therefore will pose unnecessary liability for City unless removed.

As such, the Department of Public Works respectfully request the adoption of the attached resolution for the removal of the traffic signals at the above mentioned five (5) locations.

Respectfully submitted,

STATEMENT BY COUNCIL MEMBER
SHEILA M. COCKREL IN SUPPORT
OF WATER AND SEWERAGE
DEPARTMENT

2006-2007 RATE CHANGES

The Council failed to pass the rates on Wednesday, March 1, 2006 by a 5-4 margin and did not even make quorum to have a vote taken on Friday, March 3, 2006. On March 8, 2006, the administration requested that the Council again take up this issue for a vote. During the formal session, Council Member Kwame Kenyatta verbally proposed a "substitute resolution" to only approve the wholesale water rate increases. The language to accomplish this was not presented to the Body until after the formal session was adjourned and after it had already been approved by a 5-4 vote with members Barbara-Rose Collins, Brenda Jones, Kwame Kenyatta, Martha Reeves and JoAnn Watson.

As one member of this body, I am of the opinion that this substitute resolution has no legal effect. There is a question of parliamentary procedure in how this substitute resolution was proposed. However, more important than the question of procedure, is the substantive question of whether or not the water rate changes as proposed by the administration and adopted by the Board of Water Commissioners can be bifurcated in this fashion.

It is my opinion that they cannot. Section 7-1501 of the 1997 Detroit City

Charter provides that the Board of Water Commissioners shall "establish equitable rates to be paid" and the Michigan Home Rule Cities Act provides that the City Council must hold a public hearing and approve the rates established by the board. The document that Council approved today, was an entirely different document from the one approved by the Board of Water Commissioners. Therefore, I have strong concerns that the substitute resolution has no legal effect.

Secondarily, this hastily drafted substitute resolution not only bifurcated city and suburban rates improperly, it only approved the setting of wholesale water rates. Assuming for the moment that this is a legally valid action, then the Council failed to approve all of the other items in the board-established rate schedules that are not wholesale water rates. In other words, Council did nothing about the sewerage rate — for both retail and wholesale.

As a matter of policy, there appears to be a level of confusion with respect to the potential consequences of not approving the proposed 2006-2007 water rates. To state it bluntly, not approving these new water rates will threaten the City's continued management and ownership of the Detroit Water and Sewerage Department.

The City's long-term strategy to keep the water system in compliance with its NPDES permit is jeopardized by this action, in that the City will not be able to sell revenue bonds necessary for DWSD's capital improvement program on schedule. The proposed revenue bond issuance is based on revenue projections in the proposed rate increases. Capital projects identified in the NPDES permit would be postponed without the sale of these bonds, possibly subjecting the Department to non-compliance. This irresponsible action plays into the hands of those interests that seek to take control of the water system from the City of Detroit. For these reasons I voted no to the substitute resolution and will continue to vote yes to the 2006-07 water rate changes as established by the Board of Water Commissioners in their entirety.

(REGULAR SESSION)

(All action of the City Council appearing herein is subject to reconsideration and/or approval of the Mayor.)

Detroit, Wednesday, March 15, 2006

Pursuant to adjournment, the City Council met at 11:30 A.M., and was called to order by the President Kenneth V. Cockrel, Jr.

There being a quorum present, the City Council was declared to be in session.

Invocation

Our God and Our Father, we approach Your throne in prayer, acknowledging Your incomparable holiness, Your awesome power and Your all-encompassing compassion. We cannot but thank You when we consider how good You have been to us. Sometimes we struggle with monumental challenges, but still we thank You. Sorrow sometimes spreads its gloom upon our countenances, but still we thank You. Bewildering atrocities claim the headlines of our newspapers from time to

time, but still we thank You. We thank You because we know that You are greater than all of the imperfections of this world and that You are a comforter, sustainer and deliverer. You have given us a hope that transcends this earthly dimension through Your Son, Jesus Christ.

Just now we ask that You would look with special favor upon the Detroit City Council. You know the challenges that they face each day as they wrestle with the various issues that impact the lives of the people of Detroit. We pray that You would continue to bless them with physical strength, with mental alertness and clarity, and with spiritual vitality that their plans, deliberations and decisions would result in the upward mobility of our city and even our nation.

Buffer them and their families against unjust criticism, insensitive expressions, and hostile attitudes. Let them praise You for Your kind intervention.

Bless the world, and the world leaders. We ask that the spirit of brotherhood and sisterhood would prevail on our world and that cooperation rather than competition would influence the spirit of world leaders as they interact with one another.

Finally, when the day is done and we are ushered into a new dimension of existence, through Your grace and mercy — let us abide in Your presence in eternity. In Jesus Name, Amen.

Re: Shelborne Square — Payment in Lieu of Taxes (PILOT).

Shelborne Square Limited Dividend Housing Association Limited Partnership is developing a housing project consisting of 64 newly constructed one, two and three-bedroom apartment units. The project will be located at 8931 Mt. Elliott.

Financing for the development will be through Charter One Bank with a construction loan of five million fifty thousand one hundred thirty-four dollars (\$5,050,134) for 2 years at Prime Rate; permanent mortgage in the amount of nine hundred nine thousand six hundred and five dollars (\$909,605) for 18 years at 7.25% interest and Low Income Tax Housing Tax Credits of five million nine

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

Forty-percent (40%) or (26) of the units will be occupied by households with incomes no greater than 35% of the area median income adjusted for family size. Fifty-percent (50%) or (32) of the units will be occupied by households with incomes no greater than forty-percent (40%) of the area median income adjusted for family size. Ten-percent (10%) or (6) of the units will be occupied by households with incomes no greater than sixty-percent (60%) of the area median income adjusted for family size. Eight units will be reserved for households with children.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a 6% service charge for this housing project.

Therefore, it is recommended that the

demolition order be deferred for a period of three months subject to the following conditions:

Downtown Development Authority

February 14, 2006

Honorable City Council:

Re: Authorization to Accept Reimbursement of \$400,000 from DDA to Department of Public Works.

The City of Detroit Downtown Development Authority (DDA) is requesting your Honorable body to authorize the Department of Public Works to accept reimbursement from the DDA in the amount of Four Hundred Thousand and 00/100 Dollars (\$400,000.00) and to establish appropriations as necessary for these funds to be used for the City share of costs related to the downtown gateway improvements recently made by MDOT to E. Gratiot Avenue.

The MDOT improvements were made under programs that require the City of Detroit to provide a percentage of the cost of construction incurred by MDOT for the project. The funds DDA will provide can be used by the Department of Public Works for funding of the City's share of the MDOT costs.

The Gratiot gateway improvements start at Randolph and extend eastward. The improvements consist of sidewalk and curb improvements, decorative streetlights and paving, and a new median in Gratiot. MDOT constructed the improvements and completed the work in the summer and fall of 2005.

DDA has received a grant in the amount of \$400,000.00 from Detroit Renaissance Foundation and will use the grant funds to reimburse the City Department of Public Works for the City share of the MDOT costs upon authorization from your Honorable Body for the City to accept the funds.

Historic Designation Advisory Board

March 10, 2006

Honorable City Council:

Re: Petition #2869 (2004) Historic Designation Advisory Board submitting its final report and draft ordinance for the proposed General Motors Research Laboratory/Argonaut Building Historic District.

At the direction of the Historic Designation Advisory Board at its meeting of December 8, 2005, I am pleased to submit to your Honorable Body the board's final report on the proposed General Motors Research Laboratory/Argonaut Building Historic District. The recommendation of the Advisory Board is for designation and, therefore, a draft ordinance of designation is attached. The ordinance has been approved as to form by the Law Department.

The local designation of the district was requested by Orton Development Incorporated in order to seek historic tax credits for its renovation of the building, which it owns. Gregg Herbert, CEO of Orton Development was appointed to an ad hoc membership with the Advisory Board to represent the ownership interest. Karen Gage of New Center Council was appointed to represent the community interest.

A copy of the minutes of the public hearing held by the Advisory Board on this matter is attached along with the Historic District Commission report and Master Plan Review as it relates to the proposed historic district. Copies of all correspondence received regarding this matter are also attached.

If you should have any questions, I may be reached at 224-3487.

Respectfully submitted,
WILLIAM M. WORDEN
Director

By Council Member Tinsley-Talabi:

AN ORDINANCE to amend Chapter 25, Article II of the 1984 Detroit City Code by adding Section 25-2-160 to establish the General Motors Research Laboratory/Argonaut Building Historic District and to define the elements of design for the district.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. Chapter 25, Article II of the 1984 Detroit City Code be amended by adding Section 25-2-160 to read as follows:

SEC. 25-2-160. General Motors Research Laboratory/Argonaut Building Historic District.

(A) A historic district to be known as the General Motors Research Laboratory/Argonaut Building Historic District is hereby established in accordance with the provisions of this article.

(B) This historic district designation is hereby certified as being consistent with the Detroit Master Plan.

(C) The boundaries of the General Motors Research Laboratory/Argonaut Building Historic District are as shown on the map on file in the office of the City Clerk, and shall be as follows: Beginning at a point, that point being the intersection of the centerlines of Second Avenue and West Milwaukee; thence southerly along said centerline of Second Avenue to its intersection with the centerline of West Baltimore Avenue; thence easterly along said centerline of Baltimore Avenue to its intersection with a line five (5) feet east of and parallel to the west line of Lot 53 of Leavitts Sub (L9 P17 Plats); thence northerly along said line to its intersection with the centerline of the vacated east-west alley lying between and parallel to west Milwaukee and West Baltimore Avenues; thence easterly along the centerline of said vacated alley to its intersection with the east line, extended north and south, of Lot 31 of Leavitts Sub (L9 P17 Plats); thence northerly along said east line of Lot 31 as extended to its intersection with the centerline of West Milwaukee Avenue; thence westerly along said centerline of West Milwaukee Avenue to the point of beginning.

(D) The defined elements of design, as provided for in section 25-2-2 of this code, shall be as follows:

(1) *Height.* The General Motors Research Laboratory/Argonaut Building is eleven stories tall. There are rooftop elements, such as elevator housings, which rise above eleven stories, but these are not generally visible except from a distance or from the rear (south).

(2) *Proportion of Building's Front Façade.* The front façade of the General Motors Research Laboratory/Argonaut Building is substantially wider than tall. Its secondary, or west, façade is also wider than tall, while the architecturally developed south façade adjacent to Second Avenue is approximately as tall as wide.

(3) *Proportion of Openings Within the Façade.* The General Motors Research Laboratory/Argonaut Building is composed of approximately thirty percent (30%) openings in its north, west, and south façades. Windows are replacement sash in bronze anodized aluminum which depart significantly from the pattern of the original steel sash. The present windows consist of a hopper window at the bottom of the opening, hinged at the bottom and opening inwards; a fixed pane of glass somewhat taller than the hopper sash; and a fixed and solid panel at the top, considerably less tall than the two glass panes below.

(4) *Rhythm of Solids to Voids in The Front Façade.* A regular and formal rhythm of solids to voids exists throughout

the façades. The arrangement of openings reflects the bays of the building's frame and also follows the pattern of using fewer but larger openings in the upper stories. There is a general pattern in floors three (3) through nine (9) of four (4) window openings per bay; the corner bays have wider piers and only two (2) windows per bay while the upper two (2) floors group four (4) windows within large arched openings which are placed above two (2) windows on the floors below. The placement of openings in the eastern portion of the rear, or south, elevation is regular but utilitarian in nature as this façade was not meant to be seen. The east elevation is obscured by the adjacent parking garage. Entrance openings at the ground floor level are somewhat randomly placed, including one very wide automobile entrance on Milwaukee which has centered above it one of the piers defining the structural bays.

(5) *Rhythm of Spacing of Buildings on Streets.* Not applicable due to single building district.

(6) *Rhythm of Entrance and/or Porch Projections.* No rhythm established due to random placement on entrance openings.

(7) *Relationship of Materials.* The front (east) and south façades are brick and limestone with a polished granite base. Window sashes and frames are anodized aluminum, as are pedestrian doors. There are shallow metal elements above the ground floor windows and metal fire escapes on the south elevations. The large arched openings rising through the tenth and eleventh floors have cast-iron spandrels between the windows on the tenth floor and those on the eleventh floor.

(8) *Relationship of Textures.* Brick laid in regular courses contrasts with the smoother texture of the polished granite base and limestone bands. Brick in window spandrels is laid to create a pattern of vertical recesses. The glass and aluminum used in openings is very smooth.

(9) *Relationship of Colors.* Orange brick is juxtaposed with beige limestone, often in horizontal stripes; both contrast with the dark granite base. Window frames are anodized bronze while some doors are silver aluminum.

(10) *Relationship of Architectural Details.* The General Motors Research Laboratory/Argonaut Building displays architectural details in the arrangements of brick and stone to create coloristic effects and in the use of architectural elements to create façades of a highly sculptural character. The walls of the corner bays are placed somewhat forward and given wide piers at either side, creating a strong tower or buttress effect which lends strength to the composition. Narrow piers stand between window openings in the structural bays, and end in vertical projection at the tenth floor sill level. Piers

between bays stand forward of the windows and their dividing piers, creating considerable visual movement in the façades. The ninth floor windows are arched in order to visually terminate the vertical rows of single windows; above that level large arched openings give emphasis to the top of the building and provide visual interest by creating larger elements that can be easily seen at the greater distance of height. The piers continue into the parapet and there is no cornice; instead the striped effects of the lower floor are repeated to provide a visual termination to the verticality of the façade elements. This arrangement clearly derives from the Saarinen design in the Chicago Tribune Tower competition.

(11) Relationship of Roof Shapes. The flat roof is not visible from the street.

(12) Walls of Continuity. Not applicable due to single building district.

(13) Relationship of Significant Landscape Features and Surface Treatments. The General Motors Research Laboratory/Argonaut Building has its north and west street façades at the property line, abutting the concrete public sidewalk. On the south side of the building there is a paved open space which served as access to the rear freight and vehicle entrances.

(14) Relationship of Open Space to Structures. On the south side of the building there is a paved open space which served as access to the rear freight and vehicle entrances.

(15) Scale of Façade and Façade Elements. The façades are large in scale, and while there are smaller elements within the façades, the overall effect is one of a large sculptural surface with coloristic effects.

(16) Directional Expression of Front Elevation. The front elevation of the General Motors Research Laboratory/Argonaut Building is horizontal in directional expression.

(17) Rhythm of Building Setbacks. Not applicable due to single building district.

(18) Relationship of Lot Coverages. The footprint of the building occupies approximately eighty-seven percent (87%) of the land in the district, not including public rights of way.

(19) Degree of Complexity Within the Façade. The major façades are rather complex in their use of architectural and decorative elements to create a powerful statement.

(20) Orientation, Vistas, Overviews. The General Motors Research Laboratory/Argonaut Building Historic District is most visible from the west: it is somewhat overshadowed by the bulk of the former General Motors Building adjacent to the north, with which it has historical associations.

(21) Symmetric or Asymmetric Appearance. The appearance of the General Motors Research Laboratory/Argonaut Building is generally regular and symmetrical.

(22) General Environmental Character. The General Motors Research Laboratory/Argonaut Building Historic District is an architecturally notable urban commercial structure in the New Center area of Detroit.

Section 2. All ordinances or parts of ordinances, or resolutions, in conflict with this ordinance are repealed.

Section 3. This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

Section 4. If this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter; otherwise, it shall become effective in accordance with Section 4-115 of the 1997 Detroit City Charter.

**Human Resources Department
Labor Relations Division**

March 10, 2006

Honorable City Council:
Re: Implementation of Concession Agreement with the Public Attorney's Association, UAW Local 2211.

The Labor Relations Division has recently reached agreement with the Public Attorney's Association, UAW Local

2211, on a 2005-08 labor contract. The major changes from the 2001-05 contract is the reduction of the standard two week pay period from eighty (80) to seventy-two (72) hours for the period extending from March 13, 2006, through June 30, 2007, and the Association's acceptance of the City's desired health care benefit changes.

Due to the extensive time required to compile, type, proofread and process the entire contract before submission for formal approval by your Honorable Body, a long delay would occur before normal implementation steps could proceed.

In accordance with the City's long-standing practice, we are, therefore, recommending that your Honorable Body authorize immediate action to reduce the standard two week pay period to seventy-two (72) hours, to reduce proportionately those fringe benefit qualifiers which are based upon hours worked, and to approve fringe benefit changes, all of which are set forth in the attached Exhibit A. Since the health care benefit changes will not take effect until July 1, 2006 at the earliest, we are not asking your Honorable Body to implement these changes at this time. The complete labor agreement, which will include the health care benefit changes, will be submitted to your Honorable Body as soon as it is ready.

We are further asking that this action be taken with a Waiver of Reconsideration.

Respectfully submitted,
BARBARA WISE-JOHNSON
Assistant Labor Relations Director
EXHIBIT A

Funeral Leave — add grandmother and grandfather to the definition of immediate family.

Longevity — reduce the hours worked annually to qualify for a full longevity payment from 1800 to 1600.

Concession Agreement:

For the period of time beginning on March 13, 2006, and ending June 30, 2007, members will be required to take 8 days off without pay (DOWOP). These days may be scheduled with the approval of management at any time during this period.

Effective July 1, 2006, members will be required to take the following number of DOWOP's per quarter:

1st Quarter (July through September)	6 days
2nd Quarter (October through December)	7 days
3rd Quarter (January through March)	7 days
4th Quarter (April through June)	6 days

During the period of DOWOPs, members shall receive no more than 9 days of

pay in every 2 week period. Any DOWOPs not taken during this period will be forfeited and are not compensable in any manner whatsoever. In the event that an employee should leave the payroll prior June 30, 2007, any DOWOPs taken and paid for by the City (e.g., an employee is approved for 2 DOWOPs in a pay period but is paid for 9 days) will be recovered from the employee's off-time banks at time of separation.

During the period of DOWOPs, any vacation days that were requested by the member and denied by management will be allowed to be carried over past the October 1, 2006 and the October 1, 2007, 40 days maximum carry over limit. In order for this waiver to be applied the request and the denial must be in writing. If any member separates from service prior to October 1, 2008, the member's vacation bank balance will not exceed what would have been in his or her bank had the 40 day limit been in effect on October 1, 2007. In no event will members be allowed to carry over more than 40 vacation days on October 1, 2008.

For the purpose of qualifying for fringe benefits based upon hours worked (e.g., sick leave, vacation, longevity, pension), members shall have their qualifying limits reduced proportionate to their work hours lost due to DOWOPs. Average final compensation for pension purposes shall be calculated in a manner to negate the impact of DOWOPs.

Effective July 1, 2007, all such modifications necessitated by DOWOPs will be nullified and all conditions will be returned to the level in effect on March 13, 2006. By Council Member Reeves:

Resolved, That the Finance Director is hereby authorized to honor payrolls and vouchers when submitted in accordance with this resolution, the above communication, and standard City practices.

But, due to lack of funding, the academy closed, and Sandra returned to the Detroit Public Schools teaching at White Elementary School. Once again, she worked with students by encouraging them to achieve more. Because of this, not only did the class pass th MEAP test, but many students were on the honor roll. Sandra had gone from educational specialist to assistant principal, which led to her position as principal at Sherrard Elementary School. Students here also achieved higher academic progress and Sandra was awarded for Outstanding Community Service by the Vanguard Community Association. In 2005, Sandra resigned from her position as principal to spend more time working beside her husband. NOW, THEREFORE, BE IT

RESOLVED, That the Detroit City Council hereby salutes Dr. Sandra Aseneth Pulliam Clark for her exceptional dedication to youth and her community. May God bless you as you continue to help those in need.

Human Resources Department Employment Services Division

March 10, 2006

Honorable City Council:
Re: Request to amend the 2005-2006 Official Compensation Schedule.

The Human Resources Department recently adopted the classification Homeless Coordination Manager (01-20-69). The classification addresses the Planning and Development Department's desire to have a Classification that specifies the skills and responsibilities mandated by the United States Interagency on Chronic Homelessness.

This classification would coordinate, implement and manage the activities regarding the City's "Ten-Year Plan to End Chronic Homelessness." In addition, it would align the City of Detroit with other major municipalities in the creation of a Homeless Coordinator.

Currently, a contractual employee is working in this capacity. That contract is nearing completion and will not be extended. In order to maintain continuity and fluidity of function, staff is being trained to continue the work of the contractual worker. This newly created position will help ensure the timely and full implementation of this program.

Pursuant to review of rates for classifications performing work of similar scope and complexity, recommendation is to amend the 2005-2006 Official Compensation Schedule by approving the following salary range.

	Step Code	Range
Homeless	D	\$51,800-
Coordination Manager (01-20-69)		\$72,600

The Planning and Development Department concurs with this recommendation.

Respectfully submitted,

Re: Request of Mack-Alter LLC to show a PD (Planned Development District) zoning classification where an R2 (Two Family Residential District) zoning classification is shown in the area generally described as three lots on the east side of Ashland Ave. (3034-3046 Ashland between Mack and Charlevoix) at the southern edge of, and included in, the recently constructed Mack-Alter Square Shopping Center (Recommend Approval).

REZONING REQUEST

Mack-Alter LLC, the owner of the recently constructed Mack-Alter Square shopping center, has submitted a request to rezone property to show a PD (Planned Development District) zoning classification where an R2 (Two Family Residential

District) zoning classification is shown on the area generally described as three lots on the east side of Ashland Rd. (3034-3046 Ashland between Mack and Charlevoix) at the southern edge of, and included in, the shopping center.

These lots were purchased and developed subsequent to the rezoning of the rest of the site of the shopping center, which was rezoned to PD by Ord. No. 16-04 in 2004. The three lots in question are developed as a portion of a parking lot with a wall at the southern edge and are used for truck circulation for making deliveries to the rear of the retail building.

The petitioner is requesting a rezoning to PD because this would include the lots under the same zoning classification as the adjacent lots and because the parking lot use is not permitted as a matter of right in the existing R2 zoning classification.

SURROUNDING ZONING AND LAND USES

The zoning classifications and land uses surrounding the proposed development are as follows:

- North: PD — shopping center
- South: R2 — single family homes
- East: R2 — single family homes
- West: PD — shopping center

MASTER PLAN

The recently amended Detroit Master Plan of Policies shows "PD" for the current rezoning concept for the general area, and GC (General Commercial) for the Future Land Use. The proposed rezoning appears to be in conformance with the Master Plan.

PUBLIC HEARING RESULTS

At the Commission's March 2, 2006 public hearing on this matter, no persons spoke.

ANALYSIS

The requested rezoning would make the entire retail center one zoning classification (PD). The lots are presently developed as part of the retail center. It seems reasonable to rezone the property at this time.

RECOMMENDATION

The City Planning Commission recommended at its March 2, 2006 meeting that the requested rezoning be approved.

The appropriate amendatory ordinance, approved as to form by the Law Department, is attached for your consideration.

Re: Public Hearing on the Establishment of the Cass Corner Neighborhood Enterprise Zone as Requested by the DPC, LLC in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the Cass Corner Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body

of each taxing unit that levies an *ad valorem* tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to rehabilitate 36 residential units at an estimated cost of \$4 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration, please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,
DOUGLASS J. DIGGS

Director of Development Activities
By Council Member S. Cockrel:

Whereas, Pursuant to Public Act No. 147 of the Public Acts of 1992 ("the Act") this City Council has the authority to establish "Neighborhood Enterprise Zones (NEZs)" within the boundaries of the City of Detroit; and

Whereas, The DPC, LLC has requested establishment of the "Cass Corner"

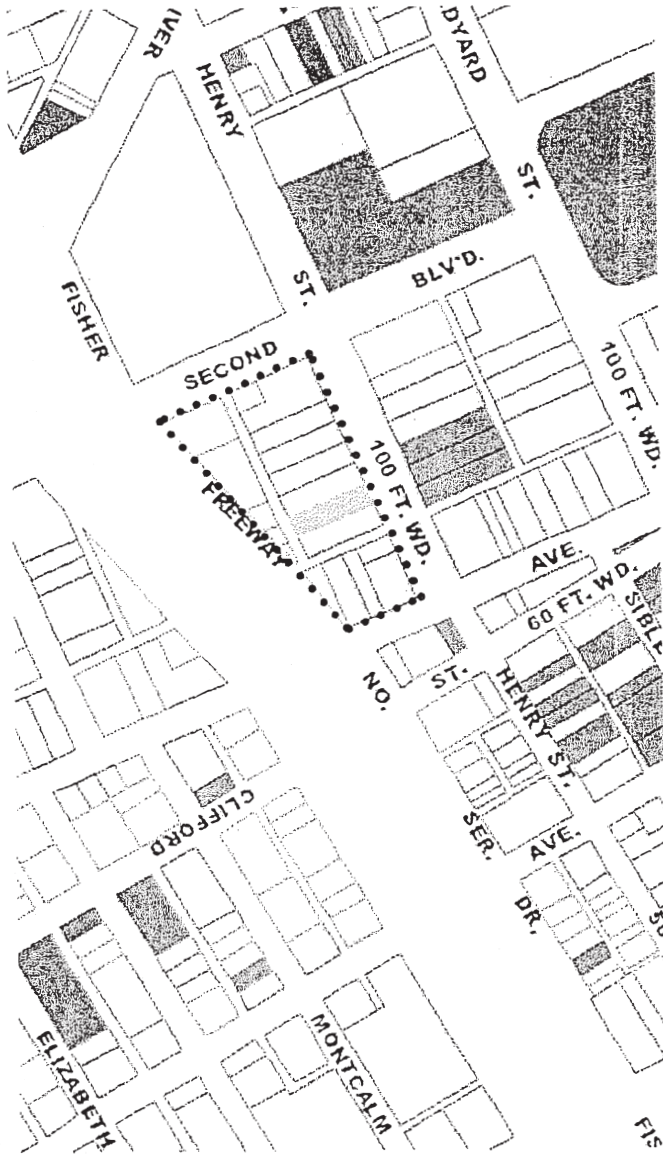

NEZ whose boundaries are particularly described in Exhibit A (legal description) and illustrated in the map attached hereto; and

Whereas, The Act requires that, prior to establishing an NEZ, the City Council shall provide an opportunity for a Public Hearing on such establishment, at which Public Hearing representatives of any taxing authority levying *ad valorem* taxes within the City, or any other resident or taxpayer of the City of Detroit may appear and be heard on the matter;

Now Therefore Be It

Resolved, That on the 8TH DAY OF MAY, 2006 @ 9:30 a.m. in the City Council Committee Room, 13th floor, Coleman A. Young Municipal Center, a Public Hearing be held on the above described application for establishment of an NEZ within the boundaries described in Exhibit A (legal description) as illustrated in the map attached hereto; and be it finally

Resolved, That the City Clerk shall give notice of the Public Hearing to the general public and shall give written notice of the Public Hearing by certified mail to all the taxing authorities levying an *ad valorem* tax within the City of Detroit, such notices to be provided no earlier sixty (60) days prior to the public hearing.

**MEMORANDUM OF AGREEMENT
CITY OF DETROIT —
DETROIT HISTORICAL SOCIETY**

This MEMORANDUM OF AGREEMENT is made between the CITY OF DETROIT, a municipal corporation, ("City"), acting by and through the Detroit Historical Department ("Department") and the DETROIT HISTORICAL SOCIETY, a Michigan nonprofit corporation ("Society").

Whereas, The City owns and operates the Detroit Historical Museum located at 5401 Woodward Avenue, Detroit, Michigan, the Dossin Great Lakes Museum located at 100 Strand Drive, Belle Isle, Detroit, Michigan, and Historic Fort Wayne (including the Collections Resource Center), located at 6325 West Jefferson Avenue, Detroit, Michigan and together with the Museums, and all assets currently owned by the City and after-acquired assets subject to City acceptance of said gift, including, without limitation, all real property, personal property, facilities, programs, plans, exhibits, collections, artifacts and other assets, and

Whereas, The Detroit Historical Society itself has a long history of service to the City of Detroit, dating back to the formation of the first Detroit Historical Society by attorney and historian Clarence M. Burton¹ in 1921; and

Whereas, The Society Treasurer was appointed to set up a museum and on November 19, 1928, the "highest museum in the world" opened in a one-room suite on the 23rd floor of the Barium Tower;² and

Whereas, The Detroit Historical Commission was added to the 1918 Detroit City Charter³ by a vote of the people in 1945; and

Whereas, Section 7-901 of the 1997 Detroit City Charter⁴ establishes the Historical Department, headed by a nine (9) member Commission, which shall

maintain and operate the City's historical museums.

Whereas, The City desires to reorganize the operations of the Museum facilities; and

Whereas, The Detroit Historical Museum could not have been established without the organizational and fund raising efforts of the Society; when the Commission was officially established through its efforts, the Society assumed a new role as primary fund raiser for the Museum, which role continues to this day; and

Whereas, As the Society has assisted with the operation and growth of the Museum facilities for more than 75 years, it is dedicated to ensuring their survival and continued growth; and

Whereas, The Society is willing to accept additional responsibilities for the operation and management of the Detroit Historical Museum located at 5401 Woodward Avenue, Detroit, Michigan, the Dossin Great Lakes Museum located at 100 Strand Drive, Belle Isle, (together, the "Museums") and the Collection Resource Center at Historic Fort Wayne, subject to the City's continued commitment of funding and cooperation as set forth in this Memorandum of Understanding; and

Whereas, The Corporation Counsel has previously opined that a City may lawfully provide for activities and services through a contract with a non-profit corporation⁵; and

Whereas, Both the Society and the Department acknowledge the important role played by the Commission in overseeing the operation of the Museums and agree that its role is not diminished by the terms of this agreement;

Whereas, Both the City and the Society believe it is important to the City's heritage to maintain the Museums and the extensive collection of artifacts at the Collections Resource Center at Historic Fort Wayne and elsewhere, installed exhibits, office furnishings and other assets, and to provide for the continued growth of the Museums.

Now, Therefore, The City and Society hereby agree as follows:

Neither the Society nor the City shall have the right or authority to bind the other party, without the express written authorization of such other party, to any obligation to a third party. This excludes specific vehicles that are listed on Exhibit C on file in the City Clerk's office, (which will be transferred to the Society) and are not historic vehicles in the Museum's collection, but includes buildings, grounds, collections, including historic vehicles in the Museums' collection, intellectual property, artifacts, exhibits, office furnishings, and other assets ("Historic Assets"), Historic Fort Wayne, including the Collections Resource Center now owned by the City. The City will be responsible for all expens-

es associated with their maintenance and upkeep.

From and after the date of this Agreement, the City shall not be deemed to have acquired any asset from the Society until the Society formally decides to tender such assets to the City and the City accepts such asset. Annually, the Society shall provide a list of all completed assets and tender for acceptance by the City.

The City agrees that all Historic Assets or other items important to the fulfillment of the Museums' mission will be preserved and maintained according to accepted Museum standards governing the accessioning and de-accessioning of such items. The City agrees that no assets or other items important to the fulfillment of the Museums' mission will be sold or transferred without prior consent of the Society.

4.2 All Assets Are Owned by the City, a Municipal Corporation.

The City of Detroit will remain the public owner and municipal authority over the assets of the Museums, while the control of the facilities and their day-to-day operation are the responsibility of the Society.

4.3. Naming Contracts.

The Museums' facilities will continue to remain known as the Detroit Historical Museum and the Dossin Great Lakes Museum, in name and in all written correspondence, public notices, advertisements or any other public medium of communication. Any request to change, alter or modify the name shall require the Detroit Historic Commission to submit a formal request to the Mayor, which shall be submitted, to the City Council for approval consistent with the procedure set forth in 1997 Detroit Charter 7-102.

The City agrees to honor any contracts that the Society may enter into with third parties regarding the reasonable naming rights of any of the Historic Assets.

V. OBLIGATIONS OF THE CITY

The City grants to the Society full access and use of Historic Assets as well as full access and use of Historic Fort Wayne including the Collections Resource Center for all purposes related to the Museums.

5.2. City Commitment to Funding.

To ensure the continued integrity of the Museums and the Historic Assets, and in recognition of the City's continued ownership of all Museum assets, the City will annually consider a subsidy, which grant will be used to further the goals and mission of the Detroit Historical Museum.

For Fiscal Years 2005-2006, 2006-2007 and 2007-2008, the annual subsidy shall be five hundred thousand (\$500,000.00) dollars. Provided, however, that for the balance of the 2005-2006 Fiscal Year, the City may elect to resolve contractual

obligations for vendor services to the Detroit Historical Museum by deducting the cost of said payments from the annual subsidy or provide a pro rata share of the annual subsidy directly to the Society.

For all successive years of this agreement, pursuant to the City's budget process, the Society will approach the City with a request for an annual appropriation.

5.3. Retention of City Services.

In addition to support provided by the City as in Section 5.2 above, the City will continue to provide at the Society's request, all or some of the following services at no charge to the Society:

Mowing, snow removal, and other grounds keeping services in public pedestrian and parking areas of the Dossin Great Lakes Museum on Belle Isle.

5.4. Capital Funds.

The City will include the Society in the annual capital budget process for capital funds for the Museums and the Collections Resource Center. This includes funding authorized under voter approved bonding authority which includes both extant approvals of capital appropriations for the Detroit Historical Museum expansion and the expansion/renovation of the Collections Resource Center at Historic Fort Wayne and any subsequently approved funding.

Nothing in this Agreement is intended to prevent the Society from participating in the City's future bond proposals. All funds so received by the Society must be used to further and promote the general welfare and interest of the Museums.

All such capital improvement funds used for capital improvement contracts will continue to be approved by the City and the City Council in the manner prescribed by the charter, ordinance and state law, to ensure that the public interest and public trust are duly safeguarded.

The Society is responsible for compliance with all conditions of any such funds received and responsible for all audit exceptions and payback of inappropriately spent funds. All funds so received by the Society must be used to further and promote the general welfare and interest of the Museums.

The Society will indemnify, defend and save the City harmless of and from any and all liability for injuries including diseases and death to a person or damage to property of third parties arising or claimed to have arisen out of the Society's

operation, maintenance or use of the Museums' Assets including the historic vehicles in the Museums' collection, as well as out of the City's ownership of the historic vehicles in the Museums' collection, provided such injury or damage is alleged to have occurred during the term of this Agreement.

The City expressly assumes the risk of and accepts full responsibility for any and all damage or destruction of its real and personal property which may occur or be alleged to occur as a result of the Society's operation of the Museum Assets that are not the result of gross negligence or willful, wanton or intentional misconduct on the part of the Society. The City hereby releases from liability the Society, its officers, directors, agents, representatives, heirs and employees except as set forth in this section. The City hereby waives any and all claims the City may hereafter have against the Society as a result of any and all damage or destruction of its real or personal property that is not the result of gross negligence or willful wanton or intentional misconduct on the part of the Society.

5.7. Insurance.

The Society will maintain a general liability insurance policy covering personal injury and property damage of third parties resulting from the operation of the Museum Assets. The Society will determine the appropriate amount of the policy after consultation with the City Risk Management Council. The Society will establish and maintain risk management programs, safety programs and other similar controls consistent with standard of care required by state of art practices of leading museums.

The Society will expand its liability insurance coverage to encompass the entire Detroit Historical Museum Building and Dossin Museum (current estimated policy limits: One Million General/Two Million aggregate/Three Million umbrella).

The City will maintain fire and property insurance coverage for damage to the Museum Assets. The amount of that insurance will be determined in consultation with the City Risk Management Council and the Society.

The City and Society will both be named as insured parties on any insurance policies concerning the Museum Assets.

The City currently maintains a Master Insurance Policy, which includes Fines Arts Coverage, (combined City properties) which covers, *inter alia*, the Detroit Historical Museum and Dossin Great Lakes Museum, and assesses a pro rata share of the annual premium to the Historical budget. The City intends to maintain such coverage.

The parties shall consult to review coverage during the term of this Agreement.

However, the minimum level of coverage shall not be reduced below current coverage without express written agreement of both Parties.

5.5. Duty to Notify.

The parties shall provide notice within twenty-one (21) days of the receipt of any claim subject to the indemnification provision of Section 5.6.

City Planning Commission

March 17, 2006

Honorable City Council:

Re: Resolution from the City Planning Commission regarding the status of the Administration's program to file liens related to the demolition program.

In early 2005, the City Planning Commission (CPC) began discussing ways to reduce the large amount of Community Development Block Grant (CDBG) funds spent every year on the demolition program. The CPC then sent a memorandum requesting your Honorable Body to ask the Law Department about the feasibility of filing liens against other properties located in the State owned by a delinquent owner of property in Detroit upon which a demolition lien has been placed. The CPC hoped such a program might discourage persons especially landlords, from walking away from properties and leaving the City to pay for all demolition costs or to force those who walk away to be responsible for demolition costs.

In response, the Law Department submitted a privileged and confidential memorandum dated April 11, 2005 to the City Council. The CPC was later pleased to learn that the Administration in the summer of 2005 began implementing such a program to file liens on other properties of owners of dangerous buildings that had been demolished.

In January 2006, the CPC asked the Law Department for a written update within 30 days about the program. As of its March 16, 2006 meeting, the CPC had not received a response from the Law Department, so the CPC passed the attached resolution which provides background information about the issue and asks Council to request that the Law Department provide an immediate detailed response.

The CPC is also asking if City Council would schedule a discussion (hopefully prior to budget review) with representatives of the CPC, Law Department

Assessments Division, and Buildings & Safety Engineering Department to discuss in detail the status of the program; hopefully, a written response from the Law Department will be available prior to the discussion.

Respectfully submitted,
MARCUS D. LOPER
Deputy Director
CHRISTOPHER J. GULOCK

**RESOLUTION
REGARDING DEMOLITION LIENS**

By: Council Member Conyers:

Whereas, The Detroit City Planning Commission (CPC) estimates since the 1980's, the City of Detroit has spent over \$225 million dollars in community Development Block Grant (CDBG) funds to demolish over 30,000 residential and commercial structures; and

Whereas, Each year the city has been forced to spend approximately \$10 million dollars in limited decreasing Community Development Block Grant (CDBG) funds to demolish abandoned and dangerous residential and commercial structures, which is over 20% of the CDBG budget; and

Whereas, The costs for demolishing structures continues to rise (the current average per-unit cost of demolition is \$7,500) and the number of units needing to be demolished shows no let down (there are currently 1,102 structures to be scheduled for a City Council hearing); and

Whereas, The City Planning Commission is very concerned about the property owners (particularly landlords and those from outside Detroit) who simply walk away from buildings that they own, leaving the residents of the City, especially children, with a structure that will fall further and further into ruin creating a dangerous situation and the City with the responsibility of paying for demolition costs; and

Whereas, The City Planning Commission understands that Ordinance No. 17-98 allows the City to place liens against other properties located with the State of Michigan owned by a delinquent owner of a property upon which a demolition lien has been placed; and

Whereas, On the City Planning Commission sent a memorandum dated March 9, 2005 through the City Council to the Detroit Law Department asking if the City had filed any liens on other real properties, and if no, why not; and

Whereas, In response, the Law Department submitted to the Detroit City Council a privileged and confidential memo dated April 11, 2005 about the placement of liens against other properties; and

Whereas, The City Planning Commission was later encouraged to learn in the summer of 2005 that the

Administration, including staff from the Law Department, the Buildings and Safety Engineering Department, and the Assessments Division began a program to file such liens on other properties; and

Whereas, In a memorandum dated January 17, 2006, the City Planning Commission asked the Law Department to provide within 30 days a detailed update about the City's efforts regarding the filing of liens on other properties; and

Whereas, As of March 16, 2006, the City Planning Commission has yet to receive a written response from the Law Department; and

Whereas, The City Planning Commission is very hopeful that such a program if fully implemented, could be a valuable tool to capture funds to pay for demolition and to help deter property owners from simply walking away from properties with no penalty;

Now, Therefore, Be It

Resolved, That the City Planning Commission requests that the Honorable City of Detroit City Council ask the Detroit Law Department to provide, as soon as possible, a written update about the City's efforts to file liens against other properties located in the State owned by a delinquent owner of property upon which a demolition lien has been placed, including how the various City departments are involved, when the project started, progress to date, challenges and successes of the program, and how the Legislative branch can help the success of the program; and

Be It Further

Resolved, that the City Planning Commission requests that City Council schedule a discussion as soon as possible with representatives of the City Planning Commission, Law Department, Assessments Division, and Buildings and Safety Engineering Department to review in detail the status of the program. Invocation

Almighty and Eternal God, You who have created the earth and the seas and all those who dwell upon and within. You, Oh God who grants mercy to the reprobate and grace to the undeserved. We come today to thank You for being Lord and Savior in our lives and for blessing us beyond what we could ever imagine. For we shudder to think where we would be without You ever present in our lives. We have just come today to say thank you Lord.

We believe that You know all things, hear all things and see all things. In knowing that, our faith leads us to believe that 305 years ago You knew who would be sitting in this room this very day. We believe You hear the cries of the people of this city and the essential deliberations of those who lead us. We believe God, that You have seen where we have come from, see where we are now and can endow us with a spirited hope of what You see for us in the future.

We now call upon You Oh God to bless this gathering of the members of the Detroit City Council. Thank You for putting in them the desire and unction to give of themselves to serve the people of this great city. They are a part of an extraordinary task with an awesome responsibility to serve Your people. Bless their cohesiveness with each other, their staffs, our executive branch and most importantly, their constituents. We pray the decisions they make will be beneficial to all those who live, work, play and visit our city. You have called us for such a time as this, so Lord lead us Your way.

In Your Word Lord You have taught us that, "Unless the LORD builds the house, its builders labor in vain. Unless the LORD

watches over the city, the watchmen stand guard in vain." So therefore Lord, I beseech You to watch over our great city and build up the house in this land so that our efforts will not be in vain. We thank You once again and do believe and pray this prayer in the name of Jesus the Christ. In His name we pray. AMEN.

City Planning Commission

March 24, 2006

Honorable City Council:

Re: Request of Allied Signs, on behalf of Bank One/Chase, to erect signs at

611 Woodward in a PCA (Restricted Central Business District) zoning classification (Recommend Approval)

On March 11, 2006, Allied Signs, on behalf of Bank One/Chase, submitted to the City Planning Commission (CPC) staff, a request to approve new signage on the "Bank One Building", located at 611 Woodward. This building is located in a PCA (Restricted Central Business District) zoning classification. The PCA zoning classification calls for City Council approval of the location and design of proposed signs following the review and recommendation of CPC (Section 61-11-96 of the Zoning Ordinance). CPC staff has reviewed the application and submits this report and recommendation.

As background, Bank One is now part of the new JPMorgan Chase Corporation created on July 1, 2004 upon completion of the holding company merger between JPMorgan Chase & Co. and Bank One Corporation. As a result, all Bank One properties are receiving new signs with the "Chase" name and logo. The Bank One building has two existing building-top signs (on the Fort St. and Woodward Ave. sides) and four Bank One signs mounted on the fascia above the canopies at the entrances.

PROPOSED SIGNS

The petitioner is requesting to replace the two existing building-top "Bank One" signs with "Chase" signs and to replace the four first-floor fascia (above the first floor lobby) signs with four "Chase Tower" signs on the canopies. Also being requested is the replacement of three small wall plaques containing the Bank One logo with three small wall plaques saying "JPMorgan". These are located on the Griswold, Fort, and Congress elevations.

The existing building-top signs have four foot tall grey letters with an 11 foot 8 inches numeral "1". The new signs would contain individually-illuminated, five foot tall white letters spelling "CHASE", with a slightly taller Chase logo following.

The proposed canopy signs are 16 inches tall, with black letters spelling "CASE TOWER". These signs are not proposed to be illuminated. They were requested to be placed above the entrances, one each on Woodward and on Fort St., and two on Griswold (one mid-block and one at the entrance at Fort and Griswold).

The existing three 8 inch by 28.5 inch wall plaques with the Bank One logos would be replaced by three 8 inch by 32 inch wall plaques reading "JPMorgan".

REVIEW

In accordance with the PCA provisions of the Zoning Ordinance (Section 61-11-96) reviews of proposed signs should be conducted in light of the following criteri-

on, "signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner."

CPC staff, in consultation with the Planning and Development Department (P&DD) Urban Design unit, has been in extensive discussions with the petitioner. The five-foot tall letters on the building-top signs are reduced in height from the original proposal, and staff appreciates the petitioner's consideration for the appearance of our downtown. The five-foot letters in the proposed white color would be visible from several blocks in any direction, and much more visible than the existing, shorter, gray "Bank One" letters.

The petitioner originally proposed 24 inch tall letters on the 28-inch tall fascia of the canopy. CPC and P&DD staffs reviewed this request and are of the opinion that letters of this size would dominate the facade in both height and width. Staff again appreciates the petitioner's sensitivity to the effect that signage has on the building's appearance in reducing the letter height to 16 inches. Staff also believes that only two signs are needed, likely at the main Woodward entrance and at one of the Griswold entrances. Given the layout of the streets that surround the building, the Woodward sign would be visible to persons traveling on Woodward or Congress. Fort Street is little-used, and the Griswold sign would address Griswold traffic. The replacement of the three wall plaques raises no issue.

Staff realizes that there is existing signage on this building and wishes to be sensitive to the needs of the building owner. At the same time, the intent of the PCA district, needs to be respected where each property is viewed both in relation to its individual setting and appearance and in light of it being a key part of downtown, where it is in the City's interest to have the highest-quality, most attractive buildings and streetscape possible. Signs play an important part in determining the visual character of a downtown, and the City needs to be careful about the type of character that is developed. For example, many signature downtown buildings have never had roof-top or building-top signs, and staff believes that large, high-profile signs should not be added to these buildings, as that would significantly, and possibly drastically, alter the appearance of the building.

RECOMMENDATION

CPC staff has completed its review of the proposed signs, as has the Planning and Development Department staff. As previously mentioned, we feel that the revised building-top signs now meet the intent of the PCA district. Staff feels that

the two signs on the canopy are sufficient. Therefore, staff recommends that the following signs be approved for 611 Woodward.

- Two building-top signs with five feet tall letters spelling "CHASE" and a logo in the location of the existing "Bank One" signs
- Two canopy signs with 16-inch tall black letters spelling "CHASE TOWER", one each on Woodward Ave. and Griswold
- Three 8 inch by 32 inch wall plaques reading "JPMorgan" to replace the existing Bank One logo plaques.

Please find attached the appropriate resolution to effectuate this recommendation.

By Council Member Tinsley-Talabi:

Whereas, the Applied Sign Company, on behalf of Chase Bank, desires to replace the two building-top and the four fascia-mounted signs, as well as three wall plaques on the Bank One building located at 611 Woodward on the west side of Woodward Avenue between Congress and Fort Streets; and

Whereas, the building is subject to provisions of Section 61-11-96, the PCA (Restricted Central Business District) zoning classification of the Official Zoning Ordinance of the City of Detroit; and

Whereas, the PCA zoning district classification requires that the location and design of proposed signs within a PCA district be approved by resolution of the City Council following the receipt of a written report and recommendation from the City Planning Commission; and

Whereas, the number, size, quality, and appearance of signs can significantly impact the appearance of the downtown and must be carefully considered; and

Whereas, both the Planning and Development Department and the staff of the City Planning Commission have reviewed the proposal in order to ensure that the proposed signs are in keeping with the spirit, purpose and intent of the PCA zoning district classification;

Now, Therefore, Be It Resolved, that the Detroit City Council hereby approves the locations and design of two building-top "Chase" signs with 5-foot tall internally-illuminated white letters in the location of the existing "Bank One" signs, two canopy-mounted "Chase Tower" signs with non-illuminated 16 inch high black letters, and three 8 inch by 32 inch wall plaques reading "JPMorgan" in the location of the existing "Bank One" wall plaques for 611 Woodward as described in the foregoing communication from the City Planning Commission staff.

Honorable City Council:

Re: Installation of a sign at the One Woodward building located at the northwest corner of Woodward Ave. and W. Jefferson Ave. (Recommend Approval).

On February 8, 2006, the staff of the City Planning Commission (CPC) received a sign permit application for one ground sign to identify the address and building tenants of the One Woodward building (The former ANR Pipeline Building) located at the northwest corner of Woodward and W. Jefferson Avenues. The proposed sign is to be located in the landscaped area at the southeast corner of the building, and located at a 45° angle to W. Jefferson. The PCA (Public Center Adjacent District) zoning classification in which the building is located calls for City Council approval of the location and design of proposed signs following the review and recommendation of CPC (Section 61-11-96 of the Zoning Ordinance). CPC staff has reviewed the application and submits this report and recommendation.

PROPOSED SIGN

The proposed sign is to be a monument sign, four-feet wide and three-feet tall. It would list the building name (One Woodward Avenue) at the top and list major building tenants beneath (presently National City). The sign would be of white Italian marble, similar to the building, and externally lit. The letters would be blue and mounted on green tinted glass panels. The building identification letters would be three-inches tall, with the tenant letters being 2-1/4 inches tall (see attached).

REVIEW

In accordance with the PCA provisions of the Zoning Ordinance (Section 61-11-96) reviews of proposed signs should be conducted in light of the following criterion, "signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner." The proposed sign meets this criterion and would help identify both the building and its tenants. The petitioner has significantly revised the original proposal to meet the concerns of CPC and Planning and Development Department (P&DD) staff, and the proposed sign blends well with the character of the building.

CPC staff are sensitive to the appearance of signs in the PC (Public Center) and PCA zoning districts, as these districts comprise areas that are at the heart of downtown and visited by hundreds of thousands of people yearly. External signs are a key part in establishing the character of the City, and in this case the City-center. While some signs are appropriate and address both their surroundings and the immediate setting, care must be taken in examining each proposal.

RECOMMENDATION

CPC staff has completed its review of the proposed sign, as has the P&DD staff. We find that the sign would be in keeping with the spirit and intent of the PCA zoning district. Therefore, staff recommends approval of the location and design of the proposed sign. Please find attached the appropriate resolution to effectuate this recommendation.

Honorable City Council:

Re: Correction of Sales Resolution. Development: Parcel 298; generally bounded by Caniff, Russell, Kenwood & Hindle.

On September 7, 2005, your Honorable Body authorized the sale of the above-captioned property to Corinthian Development, Inc., a Michigan Non-Profit Corporation, for the purpose of constructing nine (9) two-story three (3) to four (4) bedroom single-family homes with garages.

It has come to our attention that the legal description and the legal entity were issued in error. Accordingly, the size of the property has been adjusted from 89,700 square feet to 82,800 square feet, the sales price from \$5,400 to \$5,000 and the Sale to Corinthian Development, Inc., a Michigan Non-Profit Corporation has been amended to show Corinthian Developments Inc., a Michigan Non-Profit Corporation, as the buyer. The developer possesses the qualifications and has indicated potential financial resources necessary to acquire and develop the land in accordance with the Development Plan.

We, therefore, request that your Honorable Body adopt the attached resolution and authorize an amendment to the sales resolution to reflect an adjustment in the size of the property from 89,700 square feet to 82,800 square feet and the sales price from \$5,400 to \$5,000.

We, further, request that your Honorable Body adopt the attached resolution authorizing an amendment to the sales resolution to reflect a name change in the purchaser from Corinthian Development Inc., a Michigan Non-Profit Corporation to Corinthian Developments, Inc., a Michigan Non-Profit Corporation.

Respectfully submitted,
DOUGLASS J. DIGGS

Honorable City Council:

Re: Establishment of the Newberry Hall Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Newberry Hall Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on March 28, 2006 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall the developer proposes to invest \$3.5 million to convert the former Newberry Hall into 21 new condominiums.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your for-

mal approval of a resolution establishing the NEZ. We request that you approve the resolution at your next regular formal session.

Respectfully submitted,
DOUGLASS J. DIGGS

Director of Development Activities
By Council Member Tinsley-Talabi:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Newberry Hall NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, the Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A Public Hearing on the issue of establishing the Newberry Hall NEZ was conducted before the Detroit City Council on March 27, 2006, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Newberry Hall NEZ were cited;

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Newberry Hall NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Honorable City Council:
 Re: Traffic Signal Removal at Twenty Three (23) Locations.

The following twenty three (23) signalized intersections are currently operating on full time "stop control" mode in compliance with the Michigan Manual of Uniform Traffic Control Devices (MUTCD) and are scheduled for removal due to the changes in traffic conditions. The traffic volumes, accident report and physical conditions are analyzed prior to placing the signals on full time flashing operation. The traffic volumes have dropped significantly over

the years at these locations and currently none of the MUTCD warrants are satisfied and therefore, does not justify the continued operation of the traffic signals.

Department of Public Works

November 23, 2005

Honorable City Council:

Re: Traffic Signal Removal at Nineteen (19) Locations.

In an effort to reduce our operational/maintenance costs and reallocate the shrinking resources, the Department of Public Works (DPW) has taken an initiative to reevaluate the traffic controls that were installed many years ago to serve the traffic need at that time. Over the years, traffic conditions have changed and DPW has found a number of traffic signals that are no longer needed/mandated. In July, 2005, DPW submitted the first package for City Council's approval to remove 35 traffic signals. We are now submitting a second package for City Council's approval to removing 19 additional traffic signals that are no longer needed/mandated.

The following nineteen (19) signalized intersections are currently operating on full time "stop control" (flashing) mode to determine the impact of removing the traffic signals. The placement of an intersection on stop control is in compliance with the Michigan Manual of Uniform Traffic Control Devices (MUTCD), if the traffic signals are to be removed for changed traffic conditions. The traffic volumes, accident report and physical con-

ditions are verified prior to placing the signal on full time stop control/flashing operation.

The traffic volumes have dropped significantly at these locations such that none of the MUTCD warrants are satisfied and therefore, does not justify the continued operation of the traffic signals.

WHEREAS, Several of the southern United States were once part of Mexico until the United States took the territories through various wars and genocidal actions; and

RESOLUTION TO SUPPORT CUBAN 5

By COUNCIL MEMBER WATSON:

WHEREAS, Ramon Labanino, Rene Gonzalez, Fernando Gonzalez, Antonio Guerrero, and Gerardo Hernandez known as the "Cuban Five" have been imprisoned in the United States since September 12, 1998, and

WHEREAS, These Five Cuban men, were arrested in Miami, Florida in September, 1998 and charged with 26 counts of violating the federal laws of the United States, 24 of which were relatively minor and technical offenses, such as the use of false names and failure to register as foreign agents. None of the convicted charges involved violence in the U.S., the use of weapons, or property damage, or the transmission of U.S. government documents or classified information, and

WHEREAS, The sentences range from 15 years to multiple life terms plus years, much longer than others convicted of transmitting classified information, and

WHEREAS, These arrests took place shortly after the Cuban government shared information with U.S. government authorities concerning terrorist actions against Cuba planned from Miami, and

WHEREAS, The Five had come to the United States from Cuba following years of violence perpetrated by a network of terrorist made up of armed mercenaries

drawn from the Cuban exile community in Florida. For over forty years these groups have been tolerated, and even hosted, by successive U.S. Governments. More than 3,000 Cuban citizens have lost their lives due to this terrorism including the 73 passengers of Cubana airlines bombed in mid air thirty years ago on October 6, 1976, a bomb was found in the airport terminal in Havana, tourist buses were bombed, as were hotels causing the death of an Italian citizen. Boats from Miami traveled to Cuba and shelled hotels and tourist facilities, and

WHEREAS, The anti-Cuba terrorists struck even inside of the United States, not only in Miami and Puerto Rico, but in Washington, D.C. where thirty years ago, former Chilean foreign minister, Orlando Letelier and his aide, Roni Moffat, were assassinated by car bomb, and

WHEREAS, The mission of the Five was not to obtain U.S. military secrets, as was charged, but rather to monitor the terrorist activities of those mercenaries and report their planned threats back to Cuba. The arrest and prosecution of these men for their courageous attempt to stop the terror was not only unjust, it exposed the hypocrisy of America's claim to oppose terrorism wherever it surfaces, and

WHEREAS, Nothing reveals this more than the contrast between the U.S. government's handling of the Five's case with that of Orlando Bosch and Luis Posada Carriles. Both Bosch and Carriles were members, even leaders, of the Miami terror network and self confessed terrorists, who planted a bomb on the Cubana airline in 1976, which exploded in midair, killing 73 people. Bosch and Carriles have received safe haven in the United States. The U.S. government has thus far refused to extradite Carriles to Venezuela for trial on the airline bombing as required by international covenant, and

WHEREAS, Three of the Cuban Five, Fernando Gonzalez, Gerardo Hernandez, and Rene Gonzalez volunteered and fought against the apartheid South African army, recognized by Nelson Mandela in these words, *"if today all South Africans enjoy the rights of democracy; if they are able at last to address the grinding poverty of a system that denied them even the most basic amenities of life, it is also because of Cuba's selfless support for the struggle to free all of South Africa's people and the countries of our region from the inhumane and destructive system of apartheid. For that, we thank the Cuban people from the bottom of our hearts . . ."*, and

WHEREAS, On August 4, 2005 the convictions were unanimously overturned by a three judge panel of the 11th Circuit Court of Appeals citing it was impossible for the Five to receive a fair trial in Miami due to "the various Cuban exile groups

and their paramilitary camps that continue to operate in the Miami area. The perception that these groups could harm jurors that rendered a verdict unfavorable to their views was palpable."

WHEREAS, On May 27, 2005 the UN Working Group on Arbitrary Detentions found the detention of the Five was "in contravention of article 14 of the International Covenant on Civil and Political Rights" and requests the U.S. "Government to adopt the necessary steps to remedy the situation, in conformity with the principles stated in the International Covenant on Civil and Political Rights." and

WHEREAS, Amnesty International has condemned the inhumane treatment of the Cuban Five and their families by refusing visas for family visits, and

WHEREAS, The US government is seeking to avoid releasing these innocent men through appeals of the 11th Circuit Court decision, knowing full well they would never be convicted outside of Miami, Florida, and

WHEREAS, Two notable supporters of the Cuban Five will be speaking on their case in Detroit on Saturday, April 1 including Leonard Weinglass, appellate attorney for the Cuban Five who has a 35 year history of defending political and civil right activists, the peace movement and political prisoners in the United States, whose clients have included African American journalist Mumia Abu Jamal, former First Daughter Amy Carter, actor and activist Jane Fonda, Pentagon Papers co-defendant Anthony Russo, civil rights leader Angela Davis and the Chicago Eight and anti-Vietnam war protesters, and

WHEREAS, Mr. Weinglass will be joined by Rev. Dr. Joan Brown Campbell who is Religious Director of the Chautauqua Institute in New York and helped to negotiate with president Clinton and President Fidel Castro the return of Elian Gonzalez to his father and family in Cuba just months before the trail of the Cuban Five opened in Miami, Florida. Rev. Campbell communicates with the families, wives and children, of the Cuban Five who are cruelly refused visitation by the United States government, THEREFORE BE IT

RESOLVED, That the City of Detroit officially welcomes Mr. Weinglass and Rev. Campbell, by presentation of this resolution at the April 1 event, AND BE IT FURTHER

RESOLVED, That the City of Detroit calls for Freedom for Ramon Labanino, Rene Gonzalez, Fernando Gonzalez, Antonio Guerrero, and Gerardo Hernandez, the Cuban Five, AND BE FURTHER

RESOLVED, That the City of Detroit calls for an end to the blockade of Cuba and restoring the right of U.S. citizens to

freely travel and exchange with the people of Cuba, AND BE FURTHER

RESOLVED, That the City of Detroit calls on the U.S. government to extradite Luis Posada Carriles to the sovereign country of Venezuela without further delay so he may stand trial for the 1976 bombing of Cubana airlines resulting in the deaths of 73 people, AND BE IT FURTHER

RESOLVED, That the City of Detroit will broadcast the 48 minute video, "Mission Against Terror", a joint Cuba/Ireland production for public viewing on the City of Detroit cable channel for public information, AND FURTHER

That this resolution be sent to the President of the United States, the Attorney General, the Secretary of State, Michigan Senators Levin and Stabenow and Detroit Congressional Representatives Kilpatrick and Conyers and Michigan Governor Granholm, and Michigan State Senators, Representatives and the media so that they may be encouraged to act.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO RESOLUTION TO OPPOSE AN INCREASE IN THE SALARY OF DWSD DIRECTOR AND TO OPPOSE CONTRACT PROCEDURES THAT ELIMINATE LEGISLATIVE OVERSIGHT AND APPROVAL

On Wednesday, March 29, 2006, I voted in opposition to the resolution referenced above. The resolution was to oppose a letter from the Mayor to the United States District Court Judge John Feikens requesting the judge's approval of a salary increase for the Detroit Water and Sewerage Department's (DWSD) Director as well as approval of contract changes. I voted no to this resolution for three reasons.

First, with respect to the issue of the proposed salary increase, I had been informed that the Board of Water Commissioners had already rejected the proposed increase making the issue moot.

Secondly, it is well known that the City of Detroit is still under the oversight of Judge Feikens as part of ongoing litigation pertaining to DWSD's compliance with its NPDES permit. As ongoing litigation, I believe that this matter was properly placed in the hands of the judge to decide without Council interference. Judge Feikens has proven to me, time and again, to successfully balance the issues of the City's home rule and proper monitoring of its NPDES permit. Accordingly, this issue should have been left with the court.

Lastly, the Michigan Senate approved Resolution No. 109 sponsored by Senator Laura Toy (R) among others. This resolution urged the Judge to deny the Mayor's requests outlined above. This represents a thinly-veiled attempt by the Republicans to once again interfere in the business of the City and its water department. This is evidenced by the fact that this resolution passed along party lines with all but two Democrats voting in opposition to it.

In light of all the reasons stated above, I voted no.

WHEREAS, Taiwan's participation in the World Health Organization is even more urgent as the threat of avian and human influenza is prevalent. In 2003, the experience of Taiwan's CDC combating SARS was unique in that 30 physicians were added to their staff in an effort to reinforce its outbreak investigation and response capability. Taiwan has at times sent disease-prevention teams abroad in collaboration with international humanitarian relief efforts. This plan should be shared with the rest of the world because the possibility of pandemic outbreak continues to increase. Taiwan's inadequate access to global disease prevention and control networks poses a great threat to both Taiwan and to the world community as well, and

WHEREAS, Taiwan is willing to contribute more to the international health cooperation. It has recently established an institution for long-term coordination called the Taiwan International Health Action (Taiwan IHA), which is responsible for pooling the strengths and resources of both the government and the private sector, with a view of enhancing Taiwan's contribution to global health coordination. In October of 1951, New Bethel marched into a newly renovated church home at 4210 Hastings Street, a spacious building with a seating capacity of 2500. The enclosed Brownfield Plan for the Charlotte House Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on March 14, 2006 to solicit public comments. At its March 1, 2006 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and

City Council in the form presented by the Authority.

On March 23, 2006, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

Charlotte House, LP is the project developer ("Developer") The project entails the rehabilitation of two buildings at 66 Charlotte and 74 Charlotte for residential use. Total project costs are estimated at \$2,475,000.

Purpose of the Proposed Plan

The proposed plan is intended to accomplish the following purpose: Upon approval of this Plan by City Council, the Developer will be entitled under State Law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in their project.

Property Subject to the Proposed Plan

The Property comprising the eligible property consists of two parcels with the addresses of 66 Charlotte and 74 Charlotte. The project is located in Detroit's Midtown on Charlotte, bounded by Park Avenue to the west and Woodward Avenue to the east.

Basis of Eligibility

The property is considered "eligible property" as defined by Act 381, Section 2 because (a) the property was previously utilized for a commercial and/or residential purpose; (b) it is located within the City of Detroit, a qualified local government unit; and (c) the building has been determined to be "functionally obsolete." All systems have been stripped from the buildings or are out-of-date and have been replaced. The roofs, floors and windows will have to be replaced.

Eligible Activities and Projected Costs

The "eligible activities" planned for the Property are identified by Act 381 and include demolition. The following eligible activities and budgeted costs are intended as part of the development of the property and are to be financed solely by the Developer. The DBRA is not responsible for any cost of eligible activities and will incur no debt. It is currently anticipated construction will begin in the spring of

2006 and eligible activities will be completed within twelve months.

Tax Increment Financing (TIF) Capture

This Plan will not capture tax increment revenues for financing costs of eligible activities under this Plan. The eligible activities are to be financed solely by the Developer. The DBRA is not responsible for any cost of eligible activities and will incur no debt.

Other Development Incentives

The property included in this Plan will request additional project support through the Neighborhood Enterprise Zone (NEZ) and a Federal Historic tax credit.

Public Comments

The Charlotte House public hearing was held Tuesday, March 14, 2006 at 10:00 a.m. at the Addison Apartments located across from the project site. Two members of the public spoke in support of the project. There were no members of the public who spoke in opposition to the Charlotte House project.

**City of Detroit
Brownfield Redevelopment Authority
March 29, 2006**

Honorable City Council:

Re: Amended and Restated NDC Project #1.

The enclosed Brownfield Plan for Amended and Restated NDC Project #1 (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on December 20, 2005 to solicit public com-

ments. At its December 7, 2005 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On March 1, 2006, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

The property comprising the eligible property referred to as the "Shops at Jefferson Village" originally consisted of 168 tax parcels. The Property is part of a larger project area known as the Jefferson Village Project area. The Jefferson Village Project area is a 97-acre site located in the South East sector of the City. It consists of a commercial development fronting E. Jefferson Avenue called the "Shops at Jefferson Village" and a residential component called the "Homes at Jefferson Village."

This project requires an amendment due to the increased Tax Increment Financing (TIF) component of the project for implementation of the approved infrastructure improvements related to flood hazard mitigation associated with the Harding Canal. These infrastructure improvements will include the construction of a levee system or seawall, or elements of both, to prevent the spread of any soil or groundwater contamination that may be caused by flooding. Upon approval of the Plan in 2002, the infrastructure costs for the seawall were estimated to be \$2.07 Million. The project has completed approximately 133,000 sq. ft. of commercial space and is now ready to proceed with the flood mitigation plan. The current costs for these infrastructure improvements are now expected to be \$3.6 million requiring an amended and restated brownfield plan to include the increased cost of the TIF component. Attachment A of the Amended Brownfield Plan details these costs.

Property Subject to the Proposed Plan and Basis of Eligibility

Those parcels of real property identified as the "Qualifying Parcels" on the map contained in the attached brownfield plan are each part of the Eligible Property, as that term is defined by Act 381,

because each has been or currently is used for commercial, industrial, or residential purposes, each is within the City of Detroit which is a "qualified local governmental unit" under Act 381.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include baseline environmental assessment activities; due care activities; additional response activities; infrastructure improvements directly benefiting eligible property; demolition of structures; lead or asbestos abatement; and site preparation.

Tax Increment Financing

The costs authorized by this Plan will be funded by the City in the form of direct expenditures incurred by the City or as advances or reimbursements to the Economic Development Corporation of the City of Detroit (the "EDC") or the Neighborhood Development Corporation of the City of Detroit (the "NDC") or Developer for costs under this Plan incurred by the EDC/NDC or Developer. The City will fund advances or reimbursements for costs of this Plan as part of its contribution to the project. The Authority will utilize tax increment revenues available under this Plan, and any proceeds of the Local Site Remediation Revolving Fund (the "LSRRF") that the Authority authorized for use, to reimburse the City for funds expended by the City. This plan will reimburse \$3,603,870 to the Developer for approved brownfield activities, include an administrative amount to the DBRA of \$290,638 and have an estimated \$1,104,750 deposited into the LSRRF for this amended and restated NDC #1 Project.

Re: Address: 2227-9 Taylor. Name: Anthony M. Winstead. Date ordered removed: March 31, 2004 (J.C.C. p. 1084).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on March 20, 2006 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of May 9, 2005.

The proposed use of the property is rehabilitation and rental.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. AN ORDINANCE to amend Chapter 25, Article II of the 1984 Detroit City Code by adding Section 25-2-161 to establish the Ossian Sweet House Historic District and to define the elements of design for the district.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. Chapter 25, Article II of the 1984 Detroit City Code be amended by adding Section 25-2-161 to read as follows:

SEC. 25-2-161. Ossian Sweet House Historic District.

(A) A historic district to be known as the Ossian Sweet House Historic District is hereby established in accordance with the provisions of this article.

(B) This historic district designation is hereby certified as being consistent with the Detroit Master Plan.

(C) The boundaries of the Ossian Sweet House Historic District are as shown on the map on file in the office of the City Clerk, and shall be as follows:

On the north, a line drawn 17 feet north of the north lot line of Lot 468, extended east and west, of Bewick's Subdivision of the west 1/2 of P.C. 725 between Kercheval and Mack Avenues, as recorded in Liber 23, Page 14 of Plats, Wayne County Records; on the east, the centerline of Garland Avenue; on the south, the centerline of Charlevoix Avenue; and on the west, the centerline of the north-south alley running between Garland Avenue and Bewick Street. (Legal description: The south 17 feet of Lot 469 and the north 26.44 feet of Lot 468 of Bewick's Subdivision of the west 1/2 of P.C. 725 between Kercheval and Mack Avenues, as recorded in Liber 23, Page 14 of Plats, Wayne County Records, also known as 2905 Garland).

(D) The defined elements of design, as provided for in section 25-2-2 of this code, shall be as follows:

(1) Height. The Ossian Sweet House is one and one-half (1-1/2) stories tall.

(2) Proportion of Building's Front Façade. The front façade of the Ossian Sweet House is articulated in three sections, with the entrance in the center a single large window to the left. It is wider than tall to the overhanging eaves. The visible south side elevation is also wider than tall to the apex of the eaves of the tall half-story level.

(3) Proportion of Openings Within the Façade. The Ossian Sweet House is composed of approximately thirty percent (30%) openings in its front and south facades. A large picture window is located

to the left, or south, of the single door opening and a single small square window is located to its right, or north. The opening in the roof dormer contains three double-hung sash windows. On the center of the south side elevation is a box bay with four elongated double-hung sash windows on its frontal face and a single similar window on its side faces. A small, horizontally rectangular leaded glass window punctures the wall eastward of the box bay, and basement windows of roughly equal size and shape circle the perimeter. To the left of the box bay is a side entrance with a single door.

(4) *Rhythm of Solids to Voids in The Front Façade.* An irregular rhythm of solids to voids exists throughout the first story of the front and south façades. Above the first floor, the rhythms of solids to voids in the front porch and south side gables are regular and symmetrical.

(5) *Rhythm of Spacing of Buildings on Streets.* Not applicable due to single building district.

(6) *Rhythm of Entrance and/or Porch Projections.* Not applicable due to single building district.

(7) *Relationship of Materials.* The main material of the first story and porch is brick; the main material of the half-story above is wood shingle. Window surrounds, sashes, and subdivisions are also wood, as are verge boards. First floor and basement window sills are cast stone; porch walls and stair walls are topped with cast concrete coping. Small side windows have leaded glass, the roof is now covered with asphalt shingles.

(8) *Relationship of Textures.* Textured brick laid in regular courses contrasts with the smoother texture of cast concrete coping and painted wood window surrounds. The shingled dormer and side gable have a rougher texture.

(9) *Relationship of Colors.* Dark red brick and spruce green shingles contrast with light concrete coping and white painted trim.

(10) *Relationship of Architectural Details.* The Ossian Sweet House is a craftsman-style bungalow. Its style is expressed in its simple, low-to-the-ground form and simplicity of architectural detail.

(11) *Relationship of Roof Shapes.* The main roof is a steeply sloping, side-facing gable roof, its front surface extended to cover the full depth of the porch. The front-facing gabled dormer projects out from the frontal slope of the main roof. The box bay on the south elevation is covered by a shallow hipped roof.

(12) *Walls of Continuity.* Not applicable due to single building district.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* The Sweet house is situated on a flat turf front lawn now graded about a foot above the public sidewalk, surrounded by a cob-

blestone wall and enclosed by a two foot white, metal picket fence at its street perimeters. The original lawn treatment, as shown in early photographs, shows a lawn that slopes gradually down to meet the public sidewalk. A two-car, alley-facing garage at the back of the property mimics the design of the house in materials and roof arrangements. A Michigan Historical Commission state historic marker identifies the property as a historic site.

(14) *Relationship of Open Space to Structures.* Open space is created by the siting of the house close to the north lot line, permitting grass turf on the front and south sides of the house, and a small back yard between the house and garage. Open space outside the district is due to building demolition that has occurred primarily to the south and southwest of the property and also for the creation of Vernor as a through street. Ample open space is associated with the Julia Ward Howe School occupying a large property on the southwest corner of Garland and Charlevoix avenues.

(15) *Scale of Façade and Façade Elements.* The house is small and unpretentious in size and facade elements.

(16) *Directional Expression of Front Elevation.* The front and side elevations of the Ossian Sweet House are horizontal in directional expression, although vertical gables somewhat balance the composition.

(17) *Rhythm of Building Setbacks.* Not applicable due to single building district.

(18) *Relationship of Lot Coverages.* The footprints of the house and garage occupy a total of approximately forty-five percent (45%) of its parcel.

(19) *Degree of Complexity Within the Façade.* The two major façades are straightforward in their arrangements and therefore have a low degree of complexity.

(20) *Orientation, Vistas, Overviews.* The Ossian Sweet House Historic District is oriented toward Garfield Avenue with a secondary orientation toward Charlevoix Avenue. The building sits at the northwest corner of the residential block it occupies. Its historic setting has been changed due to the conversion of Charlevoix to a through one-way street, creating a curve to connect its two sections which resulted in the demolition of buildings opposite of it, and the removal and replacement of the original Howe School at the southeast corner of Garland and Charlevoix.

(21) *Symmetric or Asymmetric Appearance.* The appearance of the two major elevations of the Ossian Sweet House are asymmetrical on the first floor and symmetrical above.

(22) *General Environmental Character.* The Ossian Sweet House Historic District consists of a historically significant building on the corner of a street in a residential neighborhood composed of similarly

unpretentious bungalows and four-square style houses.

Section 2. All ordinances or parts of ordinances, or resolutions, in conflict with this ordinance are repealed.

Section 3. This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

Section 4. If this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter; otherwise, it shall become effective in accordance with Section 4-115 of the 1997 Detroit City Charter.

Re: Petition No. 3452 — Detroit Edison Company/DTE Energy, request conversion to easement of all the public streets in the area bounded by Third Ave., First St., W. Grand River Ave., Bagley Ave., and the Fisher Freeway Service Drive.

Petition No. 3452 of "Detroit Edison Company/DTE Energy", at 2000 2nd Avenue, Detroit, Michigan 48226, request the conversion of Plum Street, 50 feet wide, West Elizabeth Street, 50 feet wide, Beech Street, 50 feet wide, Plaza Drive, 40 feet wide, and Second Avenue, 60 feet wide, all in the area bounded by Third Ave., First St., W. Grand River Ave., Bagley Ave., and the Fisher Freeway Service Drive, into a private easement(s) for public utilities.

The request was approved by Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The Petitioner has requested that the Public Lighting Department (PLD) removes and/or relocates certain poles, overhead wires and transformer. The PLD has completed its investigation of the Petitioners request and both parties have reached a satisfactory conclusion. The PLD will also require 24-hr. UN-impeded heavy vehicle access for the entire length of the easement and physical access to all facilities within the easement. Any damage done to existing PLD facilities by the proposed construction must be repaired at project cost.

The Detroit Water and Sewerage Department (DWSD) has reported no objections to the requested conversion to easement, provided that an easement of the full width of the streets is reserved.

All City departments and privately owned utility companies have reported no objections to the conversion of public rights-of-way into private easements for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Section 3. Maximum Amount of 2006 Notes Authorized. (a) City Council hereby determines that the maximum amount of Series 2006 Tax Notes that the City can issue is \$87,288,305.50, based on 50% of the operating tax levy for the current fiscal year, which is \$174,576,611.00 and (b) City Council hereby determines that the maximum amount of Series 2006 Revenue Notes that the City can issue, in accordance with both the test set forth in Act 34 and the Subordinate Obligations Coverage Test, is \$47,033,054, based upon 50% of the lesser of Fiscal Year 2004/2005 Distributable State Aid receipts and 50% of the average annual receipts of Distributable State Aid for the past 36 months, which is \$142,366,043, less debt service payable in Fiscal Year 2006/2007 on all Distributable State Aid Obligations, which is \$95,332,989.

Section 4. Issuance of Series 2006 Notes. To pay for part of the operating expenditures of the City for the current fiscal year pursuant to Act 34, the Charter and applicable law, the City shall borrow the sum, including any net original issue premium, of not to exceed \$80,000,000 in original principal amount, as finally determined in the Sale Order, and issue the Series 2006 Tax Notes therefor.

To pay for part of the operating expenditures of the City for the current fiscal year pursuant to Act 34, Act 97, the Charter and applicable law, the City shall borrow sum, including any net original issue premium, of not to exceed \$47,030,000 in original principal amount, as finally determined in the Sale Order, and issue the Series 2006 Revenue Notes therefor. The Series 2006 Revenue Notes shall be

secured by a pledge of Shared Revenues of the City for the next succeeding fiscal year under Act 34. The Series 2006 Revenue Notes shall also have a subordinate lien on Distributable State Aid, subordinate to the City's Senior Distributable State Aid Obligations and on parity with Subordinated Distributable State Aid Obligations under Act 97.

The proceeds of the Series 2006 Notes shall be used to pay for operating expenditures of the City, as defined in Act 34, and to pay Issuance Costs, such amounts in each case to be finally determined in the Sale Order. Each of the Series 2006 Tax Notes and the Series 2006 Revenue Notes shall be issuable as one or more separate series of notes and may bear such further distinctive designations of the City as determined by the Finance Director in the Sale Order.

Section 5. Series 2006 Notes Details; Issuance in Series; Registration and Redemption of Notes. The Series 2006 Tax Notes shall be designated CITY OF DETROIT, MICHIGAN TAX ANTICIPATION NOTES, SERIES 2006, with such further designation beginning with the letter "A" as may be set forth in the Sale Order, and shall be payable out of the Pledged Taxes in accordance with Act 34 as set forth more fully in Section 6 hereof. The Series 2006 Tax Notes shall be issued as fixed rate notes in such amounts as determined in the Sale Order, shall be numbered in some convenient manner, and shall mature on the Maturity Date as shall be determined in the Sale Order.

The Series 2006 Revenue Notes shall be designated CITY OF DETROIT, MICHIGAN REVENUE ANTICIPATION NOTES, SERIES 2006, with such further designation beginning with the letter "A" as may be set forth in the Sale Order, and shall be payable out of the Shared Revenues in accordance with Act 34 and Subordinated Distributable State Aid in accordance with Act 97, as set forth more fully in Section 7 hereof. The Series 2006 Revenues Notes shall be issued as fixed rate notes in such amounts as determined in the Sale Order, shall be numbered in some convenient manner, and shall mature on the Maturity Date as shall be determined in the Sale Order.

The Series 2006 Notes may bear interest within the limitations of Act 34. The Series 2006 Tax Notes and the Series 2006 Revenue Notes may each be sold at an aggregate net discount (discount from any compensation to be paid to the Underwriters in the form of a discount or any other Issuance Costs payable from the Series 2006 Notes) of not greater than 3%, all as shall be determined in the Sale Order, provided that the true interest cost (TIC) of each of the Series 2006 Tax Notes and the Series 2006 Revenue Notes shall not be greater than 5%. Except as here-

inafter provided, interest on each of the Series 2006 Tax Notes and the Series 2006 Revenue Notes shall be payable at the applicable Maturity Date to the registered owner of record as of the applicable Regular Record Date. The principal and interest on the Series 2006 Notes shall be payable at the Transfer Agent as principal paying agent or at such other co-paying agents as may be designated in the Sale Order, upon presentation and surrender of the appropriate Series 2006 Notes.

The Series 2006 Notes will be dated such date or dates as determined in the Sale Order and will be issued in Authorized Denominations. The registered owner of any Series 2006 Tax Note or Series 2006 Revenue Note may exchange such Series 2006 Note for other Series 2006 Tax Notes or Series 2006 Revenue Notes, respectively, of the same series and like maturity in Authorized Denominations by surrendering the Series 2006 Notes to be exchanged at the designated office of the Transfer Agent, together with an assignment duly executed by the registered owner therefor or his attorney or legal representative in such form as shall be satisfactory to the Transfer Agent.

All of the Series 2006 Notes will be issued in a book-entry system of registration, and actual purchasers of the Series 2006 Notes will not receive certified Series 2006 Notes; provided, however, that the Finance Director may determine not to continue the system of book-entry registration, in which event fully registered note certificates, subject to the transfer and exchange requirements of this Resolution, shall be issued to the registered owners of the Series 2006 Notes. It is intended that the Series 2006 Notes be registered so as to participate in a securities depository system (the "DTC System") with DTC, as set forth herein. Each of the Series 2006 Tax Notes and the Series 2006 Revenue Notes shall be initially issued in the form of a separate single fully registered note in the amount of each separate stated maturity thereof, if any. Upon initial issuance, the ownership of each such Series 2006 Note shall be registered in the name of Cede & Co., as the nominee of DTC, and except as provided below with respect to termination of the book-entry only system, all of the outstanding Series 2006 Notes shall be registered in the name of Cede & Co., as the nominee of DTC. The Finance Director is authorized to execute and deliver such letters to or agreements with DTC as shall be necessary to effectuate the DTC system, including the Representation Letter.

With respect to Series 2006 Notes registered in the name of Cede & Co., as nominee of DTC, the City and the Transfer Agent shall have no responsibility or obligation to any broker-dealer, bank or other financial institution for which DTC holds

Series 2006 Notes from time to time as securities depository (a "Depository Participant") or to any Person on behalf of whom such a Depository Participant holds an interest in the Series 2006 Notes (an "Indirect Participant"). Without limiting the immediately preceding sentence, the City and the Transfer Agent shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede & Co., any Depository Participant or any Indirect Participant with respect to any ownership interest in the Series 2006 Notes, (ii) the delivery to any Depository Participant or any Indirect Participant or any other Person, other than a registered owner of a Series 2006 Note, of any notice with respect to the Series 2006 Notes, or (iii) the payment to any Depository Participant or any Indirect Participant or any other Person, other than a registered owner of a Series 2006 Note, of any amount with respect to principal of or interest on the Series 2006 Notes. While in the DTC System, no Person other than Cede & Co., or any successor thereto, as nominee for DTC, shall receive a Series 2006 Note certificate evidencing the obligation of the City to make payments of principal and interest pursuant to this Resolution. Upon delivery by DTC to the Transfer Agent of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions in this Resolution with respect to interest checks or drafts being mailed to the registered owner, the word "Cede & Co." in this Resolution shall refer to such new nominee of DTC; and upon receipt of such a notice the Transfer Agent shall promptly deliver a copy of the same to each paying agent, if any.

In the event that (a) the City determines that DTC is incapable of discharging the responsibilities described herein and in the Representation Letter, (b) the Representation Letter shall be terminated for any reason or (c) DTC or the City determines that it is in the best interest of the beneficial owners of any series of the Series 2006 Notes that they be able to obtain certified notes, the City shall notify DTC and DTC Participants of the availability through DTC of note certificates and such series of the Series 2006 Notes shall no longer be restricted to being registered in the name of Cede & Co., as nominee of DTC. At that time, the City may determine that such series of the Series 2006 Notes shall be registered in the name of and deposited with a successor depository operating a securities depository system, as may be acceptable to the City, or such depository's agent or designee, and if the City does not select such alternate securities depository system then such series of the Series 2006 Notes may be registered in whatever name or names the registered owners of

such series of the Series 2006 Notes transferring or exchanging such series of the Series 2006 Notes shall designate, in accordance with the provisions hereof.

Notwithstanding any other provisions of this Resolution to the contrary, so long as any Series 2006 Note is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to principal of and interest on such Series 2006 Note and all notices with respect to such Series 2006 Note shall be made and given, respectively, in the manner provided in the Representation Letter.

The Series 2006 Notes shall not be subject to redemption prior to maturity.

Section 6. Payment of Series 2006 Tax Notes. The City hereby irrevocably pledges to levy a tax in the 2006/2007 of the City for the purpose of paying for operating expenditures of the City and for the repayment of the Series 2006 Tax Notes from the receipt thereof.

The City hereby covenants that to secure payment of the Series 2006 Tax Notes, from the first collections of operating taxes for the 2006/2007 fiscal year of the City there shall be set aside in the Tax Note Repayment Account to be used exclusively for the payment of principal and interest on the Series 2006 Tax Notes, a portion of each dollar collected that is not less than 125% of the percentage that the principal amount of the Series 2006 Tax Notes bears to the amount of the operating taxes from which such dollar is collected until the amount set aside in the Tax Note Repayment Account is sufficient to pay in full the principal of and interest of the Series 2006 Tax Notes on the applicable Maturity Date. The requirements of the preceding sentence shall apply to the August 2006 and February 2007 installments of taxes collected by the City. Subject to Section 9 hereof, moneys on deposit in the Tax Note Repayment Account may be used only to pay the outstanding principal of and interest on the Series 2006 Tax Notes. If the City determines that issuing the Series 2006 Tax Notes will result in a deficiency in the funds available to pay the necessary operating expenditures of the 2006/2007, the City shall levy additional taxes in the future from within constitutional, charter, and statutory limits to prevent a continuation of the deficiency from year to year.

After the payment in full of all principal of and interest on the Series 2006 Tax Notes at the applicable Maturity Date or thereafter and the City has no further payment obligations to the holders of such Series 2006 Tax Notes, and payment of all amounts owed to any credit enhancement provider which has paid principal of and interest on the Series 2006 Tax Notes, the balance on deposit in the Tax Note Repayment Account may be disbursed to the City for use as provided by Act 34

upon the filing with the Transfer Agent a certificate of the Finance Director of the City stating no further obligations are due from the City to holders of the Series 2006 Tax Notes or to any credit enhancement provider with respect thereto.

Section 7. Payment of Series 2006 Revenue Notes. The Series 2006 Revenue Notes and the interest thereon shall be payable from Shared Revenues and Subordinated Distributable State Aid. To the extent that Shared Revenues and Subordinated Distributable State Aid are insufficient, the City pledges to pay the principal of and interest on the Series 2006 Revenue Notes as a first budget obligation from the proceeds of an annual levy of ad valorem taxes on all taxable property in the City, subject to applicable constitutional, statutory, and charter limitations.

(a) Shared Revenues. Subject to the last sentence of this Section 7(a), the City hereby covenants that to secure payment of the Series 2006 Revenue Notes, from the first collections of Shared Revenues for the 2006/2007 fiscal year of the City there shall be set aside in the Revenue Note Repayment Account to be used exclusively for the payment of principal of and interest on the Series 2006 Revenue Notes, a portion of each dollar of Shared Revenues received that is not less than 125% of the percentage that the principal amount of the Series 2006 Revenue Notes bears to the amount of the Shared Revenues remaining to be collected in the 2006/2007 fiscal year until the amount set aside in the Revenue Note Repayment Account is sufficient to pay in full the principal of and interest on the Series 2006 Revenue Notes on the applicable Maturity Date (each such set aside is hereinafter the "Set Aside Amount"). The requirements of the preceding sentence shall apply to all installments of Shared Revenues collected by the City. Subject to Section 9 hereof, moneys on deposit in the Revenue Note Repayment Account may be used only to pay the outstanding principal of and interest on the Series 2006 Revenue Notes. After the payment in full of all principal and interest on the Series 2006 Revenue Notes at the applicable Maturity Date or thereafter and if the City has no further payment obligations to the holders of such Series 2006 Revenue Notes, and payment of all amounts owed to any credit enhancement provider which has paid principal of and interest on the Series 2006 Revenue Notes, the balance on deposit in the Revenue Note Repayment Account may be disbursed to the City upon the filing with the Transfer Agent a certificate of the Finance Director of the City stating no further obligations are due from the City to holders of the Series 2006 Revenue Notes or to any credit enhancement provider with respect

thereto. Because Distributable State Aid currently consists entirely of Shared Revenues, the City hereby acknowledges the City's prior contractual obligations to set aside Distributable State Aid until there are sufficient funds to pay Outstanding Distributable State Aid Obligations, notwithstanding the set aside requirements contained in Act 34 and in this Section 7(a). In order to harmonize the set aside requirement of Act 34 with the pre-existing pledge of Shared Revenues as a component of Distributable State Aid, the provisions of this Section 7(a) shall be deemed to be satisfied by the City so long as Subordinated Distributable State Aid is paid for the benefit of the Series 2006 Revenue Notes under the provisions of Section 7(b) hereof in the amounts and at times that would be sufficient to pay each Set Aside Amount as provided in this Section 7(a), beginning with the first set aside commencing after the setting aside of Distributable State Aid for Outstanding Distributable State Aid Obligations as provided in the Solid Contract.

(b) Subordinated Distributable State Aid. To further secure and provide for payment of the Series 2006 Revenue Notes, the City hereby pledges and assigns for the benefit of the holders of the Series 2006 Revenue Notes, on a subordinated basis, all of the City's right, title and interest in and to (a) all Distributable State Aid payable to the City by the State as provided in Act 97 and (b) the Set Aside Trust Fund. The City acknowledges that it has created and established with the State Aid Trustee a separate segregated trust fund designated "1989 City of Detroit Distributable State Aid Bonds Set Aside Trust Fund." The City does hereby determine and direct that all Distributable State Aid payable to the City shall continue to be paid by the State to the State Aid Trustee to be held by the State Aid Trustee in the Set Aside Trust Fund as security for, and for the benefit of, the owners or holders (and their assigns) of, Distributable State Aid Obligations in accordance with the Solid Contract, Act 97, and this Resolution. The Set Aside Trust Fund shall be held by the State Aid Trustee and applied in accordance with Act 97, as provided in the Solid Contract, the Set Aside Trust Fund Resolution, and this Resolution, to the payment of the Distributable State Aid Obligations. The Set Aside Trust Fund and all Distributable State Aid paid by the State Treasurer to the State Aid Trustee shall be subject to a lien which is under the Solid Contract and Act 97 made a statutory lien (x) paramount and superior to all other liens (including the subordinate lien on Distributable State Aid in favor of the Series 2006 Revenue Notes pursuant to this Resolution and other Subordinated Distributable State Aid Obligations), except for liens of equal

standing in favor of Outstanding Senior Distributable State Aid Obligations and future Senior Distributable State Aid Obligations hereinafter issued or incurred by the City within limitations provided under the Solid Contract and Act 97 and (y) ranking equally and ratably with all such liens of equal standing, for the sole purpose of paying the Senior Distributable State Aid Obligations and (z) with respect to Subordinated Distributable State Aid Obligations, is subordinate only to the lien in favor of Senior Lien Distributable State Aid Obligations. As provided in Act 97, the Set Aside Trust Fund and all Distributable State Aid held by the State Aid Trustee in the Set Aside Trust Fund shall be exempt from being levied upon, taken, sequestered, or applied toward paying the debts or liabilities of the City other than the payment of Distributable State Aid Obligations issued or incurred in accordance with the Solid Contract and Act 97.

The Finance Director shall notify in writing the State Treasurer of the date, original principal amount, designation, name and address of the paying agent, and the amounts and Maturity Date of each issued of Series 2006 Revenue Notes payable on a subordinated basis from Distributable State Aid (whose amount and payment date has then been determined) not later than the closing date of the Series 2006 Revenue Notes (the "Series 2006 Revenue Notes Distributable State Aid Notice"). The Finance Director shall advise the State Treasurer in the Series 2006 Revenue Notes Distributable State Aid Notice that funds for the payment of the Distributable State Aid Obligations shall thereafter include funds to pay on a subordinated basis principal of and interest on Series 2006 Revenue Notes and shall be paid to the State Aid Trustee, first for the benefit of the holders of the Senior Distributable State Aid Obligations and second, the holders of the Subordinated Distributable State Aid Obligations, including the Series 2006 Revenue Notes. The Series 2006 Revenue Notes Distributable State Aid Notice shall be substantially in the form attached hereto as Exhibit C. A certified copy of this Resolution of the City Council authorizing and approving the issuance of the Series 2006 Revenue Notes shall be attached to the Series 2006 Revenue Notes Distributable State Aid Notice. The Finance Director shall also cause a copy of the Series 2006 Revenue Notes Distributable State Aid Notice, together with a certified copy of this Resolution of the City Council authorizing and approving the issuance of the Series 2006 Revenue Notes, to be delivered to the State Aid Trustee before or as soon as practicable after the issuance of the Series 2006 Revenue Notes, but in any event no later than ten days after the delivery of the Series 2006 Revenue Notes.

In accordance with the requirements of Act 97, upon receipt of the Series 2006 Revenue Notes Distributable State Aid Notice, the State Treasurer shall thereafter pay all Distributable State Aid payable to the City with respect to the Series 2006 Revenue Notes to the State Aid Trustee on a subordinated basis to the Distributable State Aid required to be paid by the State Treasurer for the Outstanding Senior Distributable State Aid Obligations and future parity obligations of the City payable from Distributable State Aid issued and incurred in accordance with the Solid Contract and Act 97, until the State Treasurer is notified in writing by the State Aid Trustee that there is on deposit in the Set Aside Trust Fund, sufficient funds to pay installments of all Outstanding Distributable State Aid Obligations, such future issued and incurred obligations of the City payable from Distributable State Aid due, on a subordinated basis, the Series 2006 Revenue Notes during the Operating Year as hereinafter provided.

With respect to this Resolution, City Council hereby acknowledges that payments of Distributable State Aid Obligations from Distributable State Aid moneys by the State Aid Trustee shall be governed by and controlled by the provisions of the Solid Contract in Section 306 of the Supplemental Full Faith and Credit General Obligation Solid Waste Disposal Contract, which includes pursuant to subsection 306(d) payment "to the paying agent for the Outstanding Distributable State Aid Obligations.

Because Distributable State Aid consists only of Shared Revenues and because Act 34, the statutory authority for issuing the Series 2006 Revenue Notes as obligations secured by Shared Revenues, specifies the payment mechanism for the Series 2006 Revenue Notes, the statutorily required mechanism for paying the Series 2006 Revenue Notes through set aside payments, as described in this Section 7, shall govern payment of the Series 2006 Revenue Notes, notwithstanding the Solid Contract; provided, however, the Distributable State Aid Obligation payment provisions of the Solid Contract shall continue to apply to other Distributable State Aid Obligations issued or outstanding thereunder and under Act 97. During the 2006/2007 Operating Year, when the State Aid Trustee has on deposit in the Set Aside Trust Fund Distributable State Aid or other funds of the City in an amount sufficient to pay or provide for payment of all installments of the Outstanding Distributable State Aid Obligations and any future obligations of the City payable from Distributable State Aid issued and incurred in accordance with the Solid Contract and Act 97, other than the Series 2006 Revenue Notes, the State Aid Trustee shall set aside in a separate

account of the Set Aside Trust Fund, from the next available dollars of Distributable State Aid and each subsequent receipt of Distributable State Aid, amounts equal to the Set Aside Amounts until there has been set aside in such separate account an amount sufficient, without investment thereof, to pay principal and interest on the Series 2006 Revenue Notes when due. After payment of each such Set Aside Amount, the balance of each payment of Distributable State Aid shall be paid to the City or its Agent. After the amount in the separate account in the Set Aside Trust Fund is sufficient to pay, without investment thereof, principal and interest on the Series 2006 Revenue Notes, all amounts in such separate account shall be transferred to the Transfer Agent for the Series 2006 Revenue Notes when the Series 2006 Revenue Notes become due and payable.

During the 2006/2007 Operating Year, when the State Aid Trustee has on deposit in the Set Aside Trust Fund Distributable State Aid or other funds of the City in an amount sufficient to pay or provide for payment of all installments of the Series 2006 Revenue Notes, Outstanding Distributable State Aid Obligations and any future obligations of the City payable from Distributable State Aid issued and incurred in accordance with the Solid Contract and Act 97 payable during such Operating Year, it shall notify the State Treasurer in writing substantially in the form attached hereto as Exhibit D (a "Sufficiency Notice") that it has on deposit sufficient funds to pay the installments of the Series 2006 Revenue Notes, Outstanding Distributable State Aid Obligations and any other obligations of the City payable from Distributable State Aid issued and incurred in accordance with the Solid Contract and Act 97 payable during such Operating Year, and shall thereafter pay all moneys on deposit in excess thereof to the City or its agent. Pursuant to Act 97, the State Treasurer thereafter shall pay to the State Aid Trustee, in its capacity as agent of the City, all Distributable State Aid due the City, until the next Operating Year, and the State Aid Trustee shall pay such Distributable State Aid to the City. Starting with the next Operating Year, the State Treasurer shall thereafter again pay all Distributable State Aid to the State Aid Trustee, in its capacity as such trustee for the holders of Distributable State Aid Obligations, until again notified that sufficient funds are on hand as provided in Act 97 and the Solid Contract. Notwithstanding the provisions of the preceding three sentences, if the State Aid Trustee shall at any time prior to the end of an Operating Year after having given a Sufficiency Notice in respect of such Operating Year receive notice from the Finance Director that additional

amounts in respect of Distributable State Aid Obligations issued and incurred in accordance with the Solid Contract and Act 97 will be payable during such Operating Year, the State Aid Trustee shall forthwith so notify the State Treasurer and, upon receipt of such notice by the State Treasurer, any Sufficiency Notice theretofore given in respect of such Operating Year will, for purposes of this paragraph, be deemed ineffective, and thereafter the State Treasurer shall again pay all Distributable State Aid to the State Aid Trustee in its capacity as trustee for the owners or holders of the Distributable State Aid Obligations, until the State Treasurer may thereafter be notified, as provided in Act 97 and the Solid Contract, that sufficient funds are on hand. In accordance with Act 97, all income derived from the investment of moneys held by the State Aid Trustee shall be credited to the account of the City and shall be paid to the City or its agent when the next payment is made by the State Aid Trustee to the City or its agent.

The pledge and assignment of Distributable State Aid created by this Resolution for the benefit of the holders of the Series 2006 Revenue Notes shall be on a subordinated basis to the pledge of Distributable State Aid as security for the Outstanding Senior Distributable State Aid Obligations, and with any Senior Distributable State Aid obligations of the City hereafter issue or incurred in accordance with Act 97 and the Solid Contract and on a parity with the Outstanding Subordinated Distributable State Aid Obligations and future Subordinated Distributable State Aid Obligations which may be issued pursuant to the Solid Contract and Act 97. The City may issue or incur additional obligations pledging Distributable State Aid under Act 97 on parity with the Senior or Subordinated Distributable State Aid Obligations but only upon compliance with and subject to the provisions of Act 97 and the Solid Contract. The City shall not issue or incur obligations payable from Distributable State Aid with a priority of payments senior to the Distributable State Aid Obligations.

In the event that 15 Business Days prior to a payment date for Distributable State Aid Obligations, moneys on deposit in the Set Aside Trust Fund are not sufficient to pay the Distributable State Aid Obligations due on such payment date the State Aid Trustee shall give notice of such insufficiency as provided in the Solid Contract. Upon the receipt of such notice the City shall pay to the State Aid Trustee on or prior to such payment date sufficient funds, when taken with moneys already on deposit and moneys otherwise made available, to pay the amount of the insufficiency stated in the notice. In the event

that 5 Business Days prior to a payment date for Distributable State Aid Obligations, moneys on deposit in the Set Aside Trust Fund are not sufficient to pay principal of and/or interest on Distributable State Aid Obligations due on such payment date, the State Aid Trustee shall request the State Treasurer to advance sufficient Distributable State Aid available under Act 97 to pay the amount of such insufficiency.

The directions provided by the City to the State Aid Trustee as set forth in the State Aid Trust Fund Resolution and in the Solid Contract are not amended or superseded to the extent of any conflict by any provision of this Resolution.

Section 8. Credit Enhancement and Other Agreements. The Finance Director is authorized to obtain and enter into one or more agreements with respect to a letter of credit, policy of bond insurance, surety bond, guarantee or similar instrument issued by a financial, insurance or other institution, and which provides security in respect of all or part of the Series 2006 Notes, provided that the Finance Director determines that such credit enhancement is in the best interests of the City. The Finance Director is also authorized to obtain and enter into one or more forward commitments to provide a letter of credit, bond insurance, a surety bond, guarantee or similar instrument issued by a financial, insurance or other institution, and which provides security in respect of such amount of additional Series 2006 Notes as the Finance Director shall determine, provided that the Finance Director determines that such forward commitment for such credit enhancement is in the best interests of the City. The Finance Director is hereby authorized to pay for the cost of such forward commitment from the proceeds of the Series 2006 Notes or any other funds of the City legally available therefor. In connection with the execution of any of the agreements authorized by this Section 8, the Finance Director is authorized to include in the Sale Order, such covenants and agreements of the City as shall be necessary or appropriate, and, if necessary or appropriate, to appoint a trustee and to prescribe the powers and duties of such trustee in the Sale Order.

Section 9. Funds and Accounts: Flow of Funds. There is hereby established pursuant to this Resolution a trust fund to be held by the City and designated the "Note Fund Series 2006" for receipt of the proceeds of the Series 2006 Notes.

There is hereby established pursuant to this Resolution a special trust fund to be held by the City in a bank account separate from any other money of the City and designated the "Note Repayment Fund." The Finance Director is authorized to establish within the Note Repayment Fund

subaccounts for each of the Series 2006 Tax Notes and the Series 2006 Revenue Notes, designated, respectively, the Tax Note Repayment Account and the Revenue Note Repayment Account and such further subaccounts as the Finance Director deems necessary or appropriate. Moneys in the Tax Note Repayment Account and the Revenue Note Repayment Account shall not be commingled and shall be used only to pay the Series 2006 Tax Notes or the Series 2006 Revenue Notes, respectively. There shall be deposited in the Tax Note Repayment Account the Pledged Taxes collected by the City for repayment of the Series 2006 Tax Notes in accordance with the set aside requirement of Act 34 and this Resolution pursuant to Section 6 hereof. There shall be deposited in the Revenue Note Repayment Account the Shared Revenues received by the City for repayment of the Series 2006 Revenue Notes in accordance with the set aside requirement of Act 34 and this Resolution pursuant to Section 7(a) or as provided in Section 7(b) hereof. Until the Series 2006 Notes are paid in full and any obligations to a provider of credit enhancement with respect thereto have been satisfied, money in the Note Retirement Fund shall be used for no other purpose other than to pay Series 2006 Notes issued under this Resolution.

Anything in this Section 9 to the contrary notwithstanding, in the event the City obtains a direct pay letter of credit to pay principal of and interest on the Series 2006 Tax Notes or the Series 2006 Revenue Notes when due, then within the Tax Note Repayment Account or the Revenue Note Repayment Account, as applicable, there shall be established a Payment and Reimbursement Subaccount and a Credit Facility Drawing Subaccount. All Pledged Taxes set aside in accordance with Act 34 and this Resolution shall be deposited in the Payment and Reimbursement Subaccount of the Tax Note Repayment Account. All Shared Revenues set aside in accordance with Act 34 and this Resolution shall be deposited in the Payment and Reimbursement Subaccount of the Revenue Note Repayment Account. Amounts drawn on a letter of credit shall be deposited in the applicable Credit Facility Drawing Subaccount and shall be used to pay principal of and interest on the applicable Series 2006 Notes when due. Moneys in a Payment and Reimbursement Subaccount shall first be used to the extent necessary to pay, when due, principal of and interest on the applicable Series 2006 Notes. To the extent that moneys in a Payment and Reimbursement Subaccount are not needed for such purpose as a result of payment of such principal and interest by a draw on a letter of credit,

such moneys shall be used to reimburse the applicable letter of credit provider.

Section 10. Series 2006 Note Proceeds. From the proceeds of the sale of the Series 2006 Notes there shall be immediately deposited in the Tax Note Repayment Account and the Revenue Note Repayment Account, an amount equal to the accrued interest, if any, received on the delivery of the Series 2006 Tax Notes and the Series 2006 Revenue Notes, respectively.

The balance of the proceeds of the sale of the Series 2006 Notes shall be deposited in the Note Fund and used to pay for operating expenditures of the City for the current fiscal year.

Section 11. Series 2006 Note Forms. The Series 2006 Tax Notes shall be in substantially the form set forth in Exhibit A attached hereto and the Series 2006 Revenue Notes shall be in substantially the form set forth in Exhibit B attached hereto, with such changes and additions (including without limitation, to reflect any applicable credit enhancement) as shall be established pursuant to the Sale Order within the parameters of this Resolution.

Section 12. Covenants Regarding Exclusion of Interest on the Series 2006 Notes for Federal Tax Purposes. The City hereby covenants and represents with the registered owners of the Series 2006 Notes that so long as any of the Series 2006 Notes remain outstanding and unpaid as to either principal or interest, the City shall, to the extent permitted by law, take all actions within its control to maintain, and will refrain from taking any action which would impair the exclusion of the interest on the Series 2006 Notes from gross income for federal income tax purposes under the Code, including, but not limited to, actions relating to any required rebate of arbitrage earnings and the expenditure and investment of Series 2006 Notes proceeds and moneys deemed to be Series 2006 Notes proceeds, and to prevent the Series 2006 Notes from being or becoming "private activity bonds" as that term is used in Section 141 of the Code or an "arbitrage bond," as that term used in Section 148 of the Code.

Section 13. Continuing Disclosure. Unless otherwise set forth in the Sale Order because of an exemption from Rule 15c-2-12 (the "Rule"), the City hereby agrees to abide by the provisions thereof so long as any Series 2006 Notes are outstanding. The Finance Director is hereby authorized to execute one or more continuing disclosure undertakings of the City which comply with the provisions of the Rule.

Section 14. Sale of Series 2006 Notes. (a) The Series 2006 Notes shall be sold at negotiated sale to the Underwriters named in the applicable Purchase

Contract in a form on file with the Finance Director, with such changes thereto as the Finance Director shall determine are in the best interests of the City, within the parameters established herein. Such changes within the parameters of this Resolution shall be conclusively established by the Finance Director's execution and delivery of the applicable Purchase Contract to the Representative on behalf of such Underwriters. The Finance Director is authorized to accept, on behalf of the City, an offer from the Representative to purchase the applicable Series 2006 Notes wherein the aggregate compensation to be paid to the Underwriters thereof shall not be more than 1% of the original principal amount of the applicable Series 2006 Notes, on terms and conditions provided in the Purchase Contract approved by the Finance Director.

(b) The sale of the Series 2006 Notes to the Underwriters pursuant to a negotiated sale is hereby approved. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of the Council, based upon the recommendation of the Finance Director and the City's Financial Advisor, that a negotiated sale will allow the Series 2006 Notes to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs to the City.

The Purchase Contract shall be dated the date of the sale of the applicable Series 2006 Notes. The Finance Director is hereby authorized and directed to execute the Purchase Contract for and on behalf of the City and, upon execution by the Representative, to receive the good faith check, if any, described therein.

(c) The Finance Director is authorized to determine whether to require a good faith check from the Underwriters or, in lieu thereof, to require the Underwriters to pay a liquidated damages to the City for the failure (other than as permitted by the Purchase Contract) to accept delivery of, and pay for, the Series 2006 Notes.

Section 15. Delegation of Authority to, and Authorization of Actions of, Finance Director. (a) The Finance Director shall determine, in addition to any determinations authorized elsewhere in this Resolution, on the basis of his evaluation of the maximum amount of Series 2006 Tax Notes and Series 2006 Revenue Notes which can be sold, given anticipated interest rates or for any other reason, whether to issue the full authorized amount of the Series 2006 Tax Notes and Series 2006 Revenue Notes and whether to issue the Series 2006 Tax Notes or the Series 2006 Revenue Notes as two or more issues. If the Finance Director determines to offer either of the Series 2006

Tax Notes or the Series 2006 Revenue Notes as more than one issue, then each separate issue shall conform to the requirements established in this Resolution, shall bear a distinctive designation, consistent with the definition of the term "Series 2006 Tax Notes" or "Series 2006 Revenue Notes," as applicable, herein, as shall be determined by the Finance Director. In such case the Finance Director shall have the power and authority to make all determinations and decisions with respect to each such issue. The Finance Director may also cause the preparation of and approve the form and distribution of one or more preliminary official statements (collectively, the "Preliminary Official Statement") and final official statements (collectively, the "Official Statement") or other offering materials to be used in conjunction with the sale or offering of the Series 2006 Notes and deem any Preliminary Official Statement "final" for purposes of the Rule. The Finance Director shall also determine and establish, in accordance with this Resolution, the Maturity Date or dates for the Series 2006 Notes.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the Series 2006 Notes which are necessary or appropriate to carry into effect, consistent with this Resolution, the authorizations herein contained, including without limitation, obtaining financial advisory services, securing ratings by bond rating agencies, acquiring bond insurance, letter of credit, surety bond, guarantee or similar instrument issued by a financial, insurance or other institution, and which provides security in respect of all or part of the Series 2006 Notes, printing the Series 2006 Notes (if required), and incurring reasonable fees, costs and expenses incidental to the foregoing, for and on behalf of the City.

(c) The Mayor or, if permitted by law, the Finance Director, is authorized to file applications and to pay the related fees, if any, to the Michigan Department of Treasury at his discretion under Act 34 for one or more Orders of Approval to issue all or a portion of the Series 2006 Notes, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the Series 2006 Notes as authorized herein, and as required by the Michigan Department of Treasury or Act 34.

(d) All determinations and decisions of the Finance Director with respect to the issuance and sale of the Series 2006 Notes as permitted or required by this Resolution shall be ratified, confirmed and approved in the Sale Order upon filing of the Sale Order with the Clerk of the City Council.

(e) Except as set forth in Section 17

hereof, during the Finance Director's absence or disability, or while the Finance Director's position is vacant, the Deputy Finance Director, any person serving as Finance Director or Deputy Finance Director in an acting or interim capacity, or any person designated by the Mayor in writing shall exercise all the powers, perform all the duties and make all the determinations required or permitted under this Resolution with respect to the Series 2006 Notes.

Section 16. Transfer Agent. The initial note registrar, paying agent, and Transfer Agent for the Series 2006 Notes shall be U.S. Bank National Association, Detroit, Michigan.

During the Finance Director's absence or disability or while the Finance Director's position is vacant, the person serving as administrative head of the Finance Department shall execute the Series 2006 Notes in place of the Finance Director.

Section 18. Official Statement. The Finance Director is hereby authorized to execute the Official Statement with respect to the Series 2006 Notes in the form approved by him with such changes as the Finance Director may authorize. Such Official Statement or other offering materials to be used in conjunction with the sale or offering of the Series 2006 Notes may be authorized to be printed and used by the Underwriters in connection with the sale of the Series 2006 Notes to the public in the Sale Order. Circulation of the Preliminary Official Statement by the Underwriters shall be approved by the Finance Director.

Section 19. Ratification. All determinations and decisions of the Finance Director of the City and of persons authorized herein to act during the Finance Director's absence or disability, or while the Finance Director's position is vacant, with respect to the issuance and sale of the Series 2006 Notes as permitted or required by this Resolution or by law are hereby ratified, confirmed and approved.

Section 20. Additional Authorization. The Mayors, City Clerk, Finance Director, other officials of the City, and their deputies and staff, or any of them, are hereby authorized to execute and deliver such certificates, documents, instruments, opinions and other papers as may be deemed necessary or appropriate to com-

This Note is issued pursuant to and in accordance with the Constitution of the State of Michigan of 1963, statutes of the State of Michigan (the "State") and the Charter of the City of Detroit pursuant to and in accordance with a resolution duly adopted by the City Council of the City of Detroit on _____, 2006 (the "Note Resolution"), for the purpose of providing funds to pay for operating expenditures of the City for the City's fiscal year beginning July 1, 2005. This Note is not subject to redemption prior to maturity.

This Note is issued in anticipation of the receipt by the City of certain State shared revenues under Act 140 of the Public Acts of 1981 ("Revenue Sharing Payments") in the next succeeding fiscal year of the City, which Revenue Sharing Payments shall be set aside in a Revenue Note Repayment Account in accordance with the Note Resolution for the prompt payment of the principal of and the interest on this Note when due. The City has pledged, and does hereby pledge to set aside from the collection of Revenue Sharing Payments a portion of each dollar of Revenue Sharing Payments collected by the City in its 2006/2007 fiscal year that is not less than 125% of the percentage that the principal amount of all Revenue Notes issued under the Note Resolution (collectively, "Notes") bear to the amount of Revenue Sharing Payments remaining to be collected in the City's next succeeding fiscal year (the "Set Aside Amounts") until the amount set aside in the Revenue Note Repayment Account for all Notes is sufficient to pay in full the principal of and interest on the Notes. The City has pledged and does hereby pledge on a basis subordinate to the Senior Distributable Aid Obligations, Distributable Aid to the payment of the principal of and interest on this Note. So long as Distributable Aid is set aside in the Set Aside Trust Fund for payment of the Notes in accordance with the terms of the Note Resolution, the set aside requirement of the preceding paragraph with respect to Revenue Sharing Payments shall be satisfied.

To the extent that the foregoing revenues received from the State are insufficient, the City pledges to pay the principal of and interest on this Note as a first budget obligation from the proceeds of an annual levy of ad valorem taxes on all taxable property in the City, subject to applicable constitutional, statutory, and charter limitations.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and to be performed, precedent to and in the issuance of this Note and the Notes of this series, do exist, have happened and have been performed in due time, form and manner as required by the Note Resolution and the Constitution and statutes of the State of Michigan, and that the total indebtedness of the City, including this Note and the series of Notes of which this is one, does not exceed any Constitutional or statutory limitation.

RESOLUTION IN SUPPORT OF UAW AND DELPHI WORKERS

By COUNCIL MEMBER WATSON:

WHEREAS, Organized labor and particularly the United Automobile Workers' Union are the economic and social backbone of Detroit and its overwhelmingly majority working class population; and

WHEREAS, The economy of Detroit depends very much on the economic health of the autoworkers and related workers who the UAW represents; and

WHEREAS, Organized labor has won a standard of living for its members that had been the standard of excellence for workers everywhere; and

WHEREAS, The automobile industry has been a major foundation of the economy of the United States of America for many decades; and

WHEREAS, This standard of living is under assault for workers at Delphi, in a struggle in which the very basis for union organization are being challenged. As one UAW local president observed that this is turning from a restructuring of a business into a basic struggle for workers'

rights. Essentially what they want Delphi workers to be is a very poorly paid indentured servants; "If we accept too low of a wage, it will affect workers everywhere"; and

WHEREAS, Delphi corporation has misused of the bankruptcy procedure to circumvent the collective bargaining process and slash jobs and wages and drastically reduce health care, retirement and other hard-won benefits or eliminate them altogether, a travesty and a concern for every American; and

WHEREAS, Delphi's proposal goes far beyond cutting wages and benefits for active and retired workers. Delphi's outrageous proposal would slash the company's UAW represented hourly workforce by approximately 75 percent, devastating Delphi workers, their families and their communities; and

WHEREAS, Delphi's filing Section 1113 and Section 1114 motions with the U.S. bankruptcy court — like the quality of the proposals it has made to the UAW is another indication that Delphi has never been serious about finding a solution to its current problems through the collective bargaining process; and

WHEREAS, From the standpoint of the UAW, in the event the court rejects the UAW-Delphi contract and Delphi imposes the terms of its last proposal, it appears that it will be impossible to avoid a long strike; and

WHEREAS, The UAW has worked diligently in good faith to resolve the Delphi situation through collective bargaining instead of through a lawyer-driven court process or confrontation. Regrettably, Delphi has chosen another path; and

WHEREAS, Because the economy of the City of Detroit is \$0 importantly impacted by the economic condition of the automobile industry, the current crisis in that industry poses imminent danger to the health, safety and welfare of the People of Detroit. NOW, THEREFORE BE IT

RESOLVED, That because of the crisis in the automobile industry with great impact on the economy of the City of Detroit, the Detroit City Council declares an Economic Preparedness Emergency for the City of Detroit; and be it further

RESOLVED, That the Detroit City Council supports the UAW and its members in their struggle for a just and fair settlement with the Delphi and General Motors Corporations; and be it further

Re: A Resolution Approving Certain Interest Rate Exchange Agreements Entered into on a Forward Starting Basis in Anticipation of the Related Future Issuance and Sale of Sewage Disposal System Revenue Bonds of the City of Detroit and the Related Future Issuance and Sale of Water Supply System Revenue Bonds of the City of Detroit for the Collective Purposes of Defraying Part of the Cost of Acquiring and Constructing Replacements, Repairs, Extensions and Improvements to the City's Sewage Disposal System and Water Supply System, Respectively.

The attached Resolution authorizes the City to utilize certain Interest Rate Exchange Agreements to lock in comparatively low interest rates today for Securities to be issued for both the Water Supply and the Sewage Disposal Systems in the 2009 calendar year. Resolutions will be presented for City Council approvals at the time of the actual bond issuances.

Bond Counsel has prepared the attached Resolution and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

Respectfully submitted,
ROGER SHORT

Interim Finance Officer

A Resolution Approving Transactions Under Certain Interest Rate Exchange Agreements Entered into in Connection with Related Outstanding and Future Sewage Disposal System Revenue Bonds of the City of Detroit and Related Outstanding and Future Water Supply System Revenue Bonds of the City of Detroit Issued for the Collective Purposes of Defraying Part of the Cost of Acquiring and Constructing Replacements, Repairs, Extensions and Improvements to the City's Sewage Disposal System and Water Supply System, Respectively, All as Allowable under Act No. 94, Public Acts of Michigan, 1933, as Amended, and Certain Sewer Ordinances and Resolutions of the City Council of the City, Including Ordinance No. 18-01, and Certain Water Ordinances and Resolutions of the City Council of the City, Including Ordinance No. 30-02, and Determining Other Matters Relating to Such Interest Rate Exchange Agreements, Including Certain Acknowledgements Required by Section 317 of Act 34 of the Public Acts of Michigan of 2001, as Amended.
By Council Member Kenyatta:

Whereas, Ordinance No. 18-01, including all effective amendments and supplements thereto (the "Sewer Bond Ordinance"), provides for the issuance of Securities (as therein defined) by the City of Detroit, Michigan (the "City"), to finance

and refinance repairs, extensions and improvements to the Sewage Disposal System of the City (the "*Sewage Disposal System*"); and

Whereas, Ordinance No. 30-02, including all effective amendments and supplements thereto (the "*Water Bond Ordinance*" and, together with the Sewer Bond Ordinance, the "*Bond Ordinances*"), provides for the issuance of Securities (as therein defined) by the City, to finance and refinance repairs, extensions and improvements to the Water Supply System of the City (the "*Water Supply System*" and, together with the Sewage Disposal System, the "*System*"); and

Whereas, It is deemed necessary for the public health, benefit and welfare of the City to acquire and construct certain of the repairs, extensions and improvements to the Systems described in the Capital Improvement Program (the "*CIP*") of the Detroit Water and Sewerage Department (the "*Department*"), as of July 1, 2002, as it may be modified by the Department from time to time (the "*Projects*"); and

Whereas, To finance or refinance the costs of certain Projects as described in the CIP (the "Project Costs") the City has previously issued its Sewage Disposal System Second Lien Revenue Bonds (ARCs), Series 2001 (D-1) (the "2001 (D-1) Sewer Bond") and 2001 (D-2) (the "2001 (D-2) Sewer Bonds") (together the "2001 Sewer Bonds") and its Water Supply System Revenue Refunding Second Lien Bonds (Variable Rate Demand), Series 2001-C (the "2001 Water Bonds"), which 2001 Sewer Bonds and 2001 Water Bonds will bear interest at variable rates commencing on July 1, 2008 (for the 2001 (D-1) Sewer Bonds), July 1, 2011 (for the 2001 (D-2) Sewer Bonds) and January 1, 2011 (for the 2001 Water Bonds); and

Whereas, To finance the described costs of the Projects as set forth in the CIP (the "*Project Costs*"), the Finance Director anticipates recommending the issuance of Securities in future years as provided in the CIP through the term of the CIP for the purpose of financing Project Costs and to provide for expenditures ancillary thereto; and

Whereas, It is currently anticipated in the CIP that the future Securities shall be issued in accordance with Act No. 94, Public Acts of Michigan, 1933, as amended ("*Act 94*"), and the applicable provisions of the Bond Ordinances during the 2009 calendar year; and

Whereas, Opportunities exist for the City to utilize certain Interest Rate Exchange Agreements to effectively lock in comparatively low interest rates today for Securities to be issued in the future; and

Whereas, The City has assumed certain interest rates under the CIP with respect to the issuance of Securities in the future, which assumed interest rates can

be effectively lowered or firmly established by entering into Transactions under certain forward starting Interest Rate Exchange Agreements; and

Whereas, The City may likewise lower or firmly establish rates on the 2001 Sewer Bonds and the 2001 Water Bonds for the periods (commencing on July 1, 2008, July 1, 2011 and January 1, 2011, as stated above) during which such Bonds would otherwise bear interest at variable rates; and

Whereas, The City has previously entered into the Approved Interest Rate Exchange Agreements (as defined in this Resolution) and now desires to authorize additional Transactions under them; and

Whereas, All things necessary for Transactions to be entered into under the Approved Interest Rate Exchange Agreements, under the Constitution and laws of the State of Michigan, including Section 317 of Act 34 of the Public Acts of Michigan of 2001, as amended ("*Act 34*"), and the applicable provisions of the Bond Ordinances have been or will be done prior to the consummation of Transactions under the Approved Interest Rate Exchange Agreements, and the City Council (the "*Council*") is now empowered and desires to authorize the final negotiation and consummation of Transactions under the Approved Interest Rate Exchange Agreements by adopting this Resolution and making the acknowledgements it is required to make under Act 34; and

Whereas, The Council desires to authorize the Finance Director to execute confirmations under the Approved Interest Rate Exchange Agreements in substantially the forms put on file with the City Clerk in connection with the adoption of this Resolution, and directs the Finance Director and all other authorized persons to perform all acts consistent with the Bond Ordinances and this Resolution necessary and appropriate to complete the Transactions contemplated by this Resolution as determined by the Finance Director within the parameters established herein; and

Whereas, The Council desires to authorize the Finance Director to establish the relevant rates, notional amounts, effective dates, amortization of notional amounts, designations of notional amounts to Outstanding Related Securities and Future Related Securities (as defined in this Resolution), and termination dates subject to the restrictions of Act 34, the Swap Management Plan, the Debt Management Plan, the Bond Ordinances and this Resolution and to make such other determinations with respect to the Approved Interest Rate Exchange Agreements as shall be set forth in the executed versions of the Approved Interest Rate Exchange Agreements.

Now, therefore, be it resolved by the Council at a regular meeting that:

Any such Interest Rate Exchange Agreement (i) shall be substantially in the form of the Approved Interest Rate Exchange Agreements (with such additions, deletions and modifications, not materially adverse to the City, as the Finance Director shall approve and deem necessary to, among other things, reflect the additional counterparty and the means, if any, by which the obligations of such counterparty are to be guaranteed or secured by a third party); and (ii) shall, upon execution and delivery, constitute an "Approved Interest Rate Exchange Agreement" for all the purposes of this Resolution (and all transactions entered into pursuant thereto and pursuant to the authority granted in this Resolution shall constitute "Transactions" for all purposes of this Resolution and such counterparty shall constitute a "Counterparty" for all purposes of this Resolution).

(d) With respect to the Approved Interest Rate Exchange Agreements, the Council acknowledges the potential risks associated with entering into Transactions under them as set forth and described in the Swap Management Plan, including, specifically, counterparty risk, termination risk, basis risk, rollover risk and amortization risk.

The Finance Director is further authorized to identify any Transaction on the books and records of the City relating to Future Related Securities so as to designate the Transaction as a "qualified hedge" for purposes of Treas. Reg. §1.148-4(h) promulgated under the Internal Revenue Code of 1986, as amended.

(g) The Finance Director is further authorized, pursuant to the terms of the Approved Interest Rate Exchange Agreements, in connection with the issuance of any series or sub-series of Future Related Securities (of any priority), to assign notional amounts from Transactions under either of the Approved Interest Rate Exchange Agreements to any other Transaction under such Approved Interest Rate Exchange Agreement or under the other Approved Interest Rate Exchange Agreement so as to better match notional amounts (and amortization thereof) with the principal amounts (and amortization thereof) of Future Related Securities as issued (which may be different than projections made at the time the Approved Interest Rate Exchange Agreements are executed and delivered).

(h) The Finance Director is further authorized to terminate any Transaction prior to the effective date thereof and/or to enter into additional Transactions under the Approved Interest Rate Exchange Agreements, provided that all such additional Transactions, together with other outstanding Transactions, must fall within the parameters set forth in Section 3 of this Resolution. In connection with the termination of a Transaction, the Finance Director shall cause any amounts payable to the Counterparty to be paid as provided in the applicable Approved Interest Rate Exchange Agreement and shall apply any amounts received from the Counterparty to any use permitted by the applicable Bond Ordinance and by law (including the payment of fees and expenses of counsel, engineers, consultants or other parties retained in connection with the termination).

Section 3. Authorization of and Limitations on Actions of Finance Director.

(a) The Finance Director shall make all determinations authorized to be made under this Resolution through completion, execution and delivery of the Approved Interest Rate Exchange Agreements, through amendments thereof as contemplated therein, and/or through any order or other designation made by the Finance Director pursuant to authority granted in any supplemental ordinance or resolution authorizing the Future Related Securities.

(b) In making the determinations authorized to be made in this Resolution the Finance Director shall observe the following limitations:

(1) The aggregate notional amount of all Transactions approved by this Resolution outstanding at any one time shall not exceed \$700,000,000.

(2) The fixed interest rate payable by the City for each Transaction shall not exceed 7.00% per annum.

(4) The stated termination date of each Transaction shall not be later than July 1, 2040.

(5) As of the effective date for a Forward Transaction (or the latest possible effective date if stated as a range of dates), if Future Related Securities related to such Transaction have not been issued in an amount equal to the notional amount for such Transaction then the Finance Director shall do one or more of the following in furtherance of the requirements set forth in Section 3(b)(6) below:

(i) He may terminate such Forward Transaction in whole or in part.

(ii) He may assign the notional amount for such Forward Transaction, in whole or in part, to another Forward Transaction if the Finance Director reasonably believes that Future Related Securities related to another Forward Transaction will be issued within 90 days of such effective date and that such assigned notional amount can be used as a Qualified Hedge or Qualified Swap (as defined in the Bond Ordinances) in connection with such Future Related Securities.

(iii) If and to the extent the Finance Director reasonably believes that Future Related Securities contemplated in such Forward Transaction will be issued within 90 days of such effective date for such Forward Transaction, he may continue such Forward Transaction pending the issuance of such Future Related Securities.

(iv) He shall in any event terminate such Forward Transaction, in whole or in part, with respect to the notional amount for such Forward Transaction to the extent it has not otherwise been terminated, assigned or been related to Future Related Securities issued within 90 days of such effective date for such Forward Transaction.

(6) The Finance Director shall take the actions set forth in subsection 3(b)(5) above so that not later than 90 days after the effective date for each Forward Transaction (or the latest possible effective date if stated as a range of dates):

(i) The notional amount for such Forward Transaction equals the principal amount of Future Related Securities that have been issued and are related to such Forward Transaction.

(ii) The amortization of the notional amount for such Forward Transaction is the same as the required amortization of the principal amount of Future Related Securities that have been issued and are related to such Forward Transaction.

(iii) The Approved Interest Rate Exchange Agreement, with respect to such Forward Transaction, constitutes a Qualified Swap or Qualified Hedge under the Sewer Bond Ordinance or the Water Bond Ordinance, as applicable.

(c) During the Finance Director's absence or disability, or while the Finance Director's position is vacant, the Interim Finance Director (or any duly appointed Deputy Director) shall exercise all the powers, perform all the duties and make all the determinations herein required or permitted by the Finance Director.

Section 4. Ratification.

Municipal Parking Department

March 29, 2006

Honorable City Council:

Re: Disposition of the Greektown Parking Structure.

The Municipal Parking Department ("MPD") requests this Honorable Body to approve the attached Resolution for the sale of the Greektown Parking Garage to Greektown Casino, L.L.C. ("Greektown"), which is located on the east side of St. Antoine Street between Macomb and Monroe Streets, for a total sale price of \$32,000,000. Greektown proposes to replace the existing parking structure located at the site with a larger facility that complies with Greektown's obligations under the Revised Development Agreement dated August 2, 2002 regarding construction and operation of a permanent casino complex in the City of Detroit. The sale is contingent upon Council's approval Greektown's separately filed Petition for Street Vacations and Encroachments over, onto and under portions of Lafayette, St. Antoine, Macomb and Monroe Streets in conjunction with Greektown's expansion of its existing casino facility.

In accordance with the MPD Auto Parking System's Contract of Lease, MPD retained an independent consulting expert, Rich and Associates ("Rich"), to confirm that the garage can be removed from the system for the agreed upon sale price without harm to the system and without causing the City to be in default of its obligations and covenants under the bond financing instruments by which the parking system is financed.

The Detroit Building Authority, which holds title to the Greektown Garage, has approved the sale, subject to compliance with the requirements of the Contract of Lease and City Council approval.

Your immediate attention to this request would be appreciated.

Respectfully submitted,
RONALD RUFFIN

Director

Whereas, In accordance with Contract of Lease requirements, the DBA has solicited and received a report dated February 15, 2006 from Rich and Associates, Inc., confirming that sale of the Garage and removal of the Garage from the City's parking system shall not cause the City be in default of its obligations and covenants under the bond financing instruments by which the parking system is financed, which report satisfies the requirement for such set forth in Section 2.02 of Supplement No. 3 to Contract of Lease No. 2, as a precondition of sale or other disposition of any parking system asset; and

Planning & Development Department

March 22, 2006

Honorable City Council:

Greektown Casino, LLC ("Greektown") has requested City Council's approval of a petition to vacate the north 72 feet of the existing 120 foot wide Lafayette Street right-of-way between St. Antoine and Beaubien Streets to permit expansion of its existing casino over Lafayette Street. Granting the vacation petition, subject to reservation of utility easements and vehicular and pedestrian access rights, would transfer title to the north 25 feet of the vacated right-of-way to Greektown, as adjacent property owner to the north, and confer title to the remaining 47 feet of vacated right-of-way (the "Property") to the City, as adjacent property owner to the south. Greektown has also requested that once the vacation is complete, the 47 foot wide strip of vacated right-of-way that would then be owned in fee by the City be conveyed to Greektown and that the entire 72 foot wide strip, including both that portion acquired by vacation and that portion acquired by conveyance, be rezoned SD-5 to permit expansion of gaming operations onto the entire site.

We support the requested vacation of a portion of the existing Lafayette Street right-of-way, subject to a reservation of

easement rights. We also support, request and recommend that Council authorize conveyance to Greektown of title to the 47-foot remainder of the right-of-way that would revert to City ownership as a result of the vacation. We further support and recommend rezoning the Property to SD-5, provided that if for any reason the proposed vacation and conveyance does not occur, the Property shall revert back to its former zoning classification.

A resolution that would authorize conveyance of the aforesaid 47 foot wide portion of the vacated right-of-way is attached hereto and presented to Council for its consideration, review and approval.

Respectfully submitted,

ALAN S. LEVY

Deputy Director

Planning & Development Department
By Council Member Kenyatta:

Whereas, Under the terms of the Revised Development Agreement, dated as of August 2, 2002, that governs Greektown Casino, L.L.C.'s development of a permanent casino gaming facility, Greektown is obligated to expand its existing temporary facility and construct a permanent facility, with hotel and associated parking, in the City of Detroit; and

Whereas, By resolution, the City Council has authorized and approved sale by the City of Detroit Building Authority (the "DBA") of the parking facility known as the "Greektown Parking Garage" (the "Garage") to Greektown Casino, L.L.C. ("Greektown") so that it can construct a larger garage facility to serve the public generally and support Greektown's expansion of its existing casino gaming facility in fulfillment of its development obligations to the City under the Revised Development Agreement; and

Whereas, Sale of the Garage is conditioned upon the City Council's approval of certain below grade encroachments for caissons and footings onto Macomb, St. Antoine and Monroe Street rights-of-way and upon approval of the vacation and conveyance to Greektown a portion of the Lafayette Street right-of-way adjacent to Greektown's existing casino facility; and

Whereas, The City Council is aware of Greektown's Petition for Street Vacations and Encroachments, which Petition sought various approvals needed for Greektown's construction of expanded parking facilities and expansion of its existing casino facility over and onto the north 72 feet of the Lafayette Street right-of-way between St. Antoine and Beaubien Streets; and

Whereas, The consequence of said vacation is the transference of title to the north 25 feet of the vacated portion of the right-of-way to Greektown as the property owner adjacent to the north and the transference of title in fee for the south 47 feet of the vacated portion of the right-of-way

to the City as the property owner adjacent to the south, and

Whereas, City Council's approval of the requested vacation was contingent upon the City receiving from Greektown permanent easement rights for utilities and vehicular and pedestrian access over and across the vacated portion of the Lafayette Street right-of-way; and

Whereas, Greektown's ability to grant to the City the aforesaid permanent easement rights, which were a condition of the vacation, is contingent upon the City's conveyance to Greektown of title to the south 47 feet of vacated right-of-way; and

Whereas, Conveyance to Greektown of the City's portion of the vacated portion of the Lafayette Street right-of-way sale is a necessary precondition of the sale of the Greektown garage and Greektown's performance of its obligations under the Revised Development Agreement.

Now, Therefore, Be It Resolved, That for and in consideration of (i) the payment by Greektown Casino, L.L.C., of the purchase price for the Greektown Garage facility, in accordance with the terms and conditions of the DBA sale contract approved by City Council, and (ii) the grant of a permanent easement by Greektown Casino, L.L.C. for utilities and vehicular and pedestrian access over the entire 72 feet portion of the existing Lafayette Street right-of-way that is being vacated pursuant to Council's approval, the City Council does hereby authorize and approve conveyance to Greektown Casino, L.L.C. of title to that portion of the Lafayette Street right-of-way that reverts to the City as a consequence of vacation, subject, however, to City approval of rezoning of the land in question so as to permit expansion of Greektown's casino gaming facility and use of the property for gaming operations.

Be It Further Resolved, That the Director of the City's Planning and Development Department or his designee is authorized to execute on behalf of the City of Detroit any and all documents necessary to effect such conveyance.

**Department of Public Works
City Engineering Division**

March 23, 2006

Honorable City Council:

Re: Petition No. 4118 — Detroit Entertainment, L.L.C. ("Motor City Casino—Expansion Site"). Requesting street and alleys to vacation, public access easement to vacation, two overhead walkways and a vehicular

bridge crossing city rights-of-way, and easements for building facade projections in the area bounded by Trumbull, Elm, Grand River, Lodge Expressway and Spruce.

Petition No. 4118 of Detroit Entertainment, L.L.C. (Motor City Casino—Expansion Site") requests outright vacation of the following public street and alleys;

- Perry Street (50 feet wide) between Brooklyn Avenue and the John C. Lodge Expressway; also

- two east-west public alleys (each 17 feet wide) in the area bounded by Brooklyn Avenue, John C. Lodge Expressway, Spruce Street and Temple Avenue; also

- the remaining "L"-shaped public alley (17 feet wide) in the block bounded by Brooklyn Avenue, John C. Lodge Expressway, Temple and Grand River Avenues; also

- the remaining east-west public alley (18 feet wide) in the block bounded by Trumbull and Brooklyn Avenues, Perry Street and Temple Avenue.

Previously, City Council adopted a resolution on February 24, 1999 (J.C.C. pages 463-70) in favor of "Detroit Entertainment L.L.C." reserving a public access easement (17 feet wide) across a lot owned by Motor City Casino. The resolution reserved public access rights to prevent a dead-end public alley in the block. The Motor City Casino expansion plan requests the outright vacation of the public access easement in the block bounded by Brooklyn Avenue, John C. Lodge Expressway, Temple and Grand River Avenues.

"Detroit Entertainment L.L.C." requests permits to place and maintain additional overhead bridge systems—two pedestrian walkways and one vehicular bridge—crossing Temple and Brooklyn Avenues.

The petition requests easements for permissible building street projections; parts of the Motor City "Casino" and "Continental" buildings facade that will extend into the public street rights-of-way.

Petition No. 4118 was referred to City Engineering Division—DPW for investigation (utility clearances) and report. This is our report:

We obtained reports from Traffic Engineering Division—DPW and Planning and Development Department. The division and the city department state no objections to the Motor City Casino Expansion Plan.

It is necessary to abandon, remove and/or reroute certain facilities of DTE Energy-Edison, DTE-Energy-Gas and DWSD to vacate the public street and alleys.

Public Lighting Department reports 'care and caution' are necessary in the construction of overhead bridges near an

existing transformer pole and street lighting circuits in Temple Street and Brooklyn Avenue.

Grand River Avenue (100 feet wide) and the limited access right-of-way, John C. Lodge Expressway (variable width), are under the jurisdiction of the Michigan Department of Transportation (M-DOT). "Detroit Entertainment L.L.C." must make application to M-DOT for grants of easement at these locations. However, the resolution *recommends* to M-DOT the granting of three-dimensional easements for permissible *building street projection* purposes.

Provisions protecting city departments and utilities are contained in the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
WILLIAM TALLEY
Head Engineer

Resolved, To expand, construct and maintain the Motor City "Casino" and "Continental" Buildings it is necessary to grant "easements" for parts of the structure facade that will extend into the public street rights-of-way. The easement sections are listed as follows:

Motor City Casino Building

[Section A] ground level, and [Section B] above ground level; also

Motor City Continental Building

[Section C] ground level, and [Section D] above ground level;

NOTES: In "Sections A through D" of this resolution "easement(s) for permissible *BUILDING STREET PROJECTION* purposes" means a non-possessing interest — delimited elevations in city datum [ground level (meaning 1st floor, about 14 feet and lower to surface-grade) and above ground level (2nd floor and higher, about 14 feet above ground level)] — within public lands, street rights-of-way, to expand, construct and maintain parts of the facade of planned Motor City "Casino" and "Continental" Buildings. When this specific purpose is extinguished (meaning if the Motor City "Casino" and "Continental" Buildings are razed by its land title holders) the public lands, street rights-of-way, revert back to their full

height(s)-width(s)-depth(s) [defined by city and state records] free of Motor City "Casino" and "Continental" Building(s), burden(s) or easement(s).

*NOTES: The limited access right-of-way, John C. Lodge Expressway, is under the jurisdiction of the Michigan Department of Transportation (M-DOT). Any grant of easement into the "expressway right-of-way" must be approved by M-DOT. Grand River Avenue (100 feet wide) is under the jurisdiction of the Michigan Department of Transportation (M-DOT). Any grant of easement into Grand River Avenue must be approved by M-DOT. However, if the City of Detroit had jurisdiction, this resolution would *recommend* granting an easement for building street projection purposes.

**RESOLUTION
TO DEMAND RESTORATION OF
BULK TRASH PICK-UP FOR
DETROIT CITIZENS AS A
HEALTH AND SAFETY ISSUE**

By COUNCIL MEMBERS WATSON, and JONES, Joined by COUNCIL MEMBERS COLLINS, REEVES, and KENYATTA:

WHEREAS, The City of Detroit Executive Branch announced to citizens in late 2005 that the monthly hauling of bulk trash from curbsides would be discontinued after the 2005 Holiday Season, and

WHEREAS, The condition of Detroit's neighborhoods are spiraling downward from the best homeowner homes in the nation to a city filled with illegal dump sites. The residential neighborhoods are drowning in trash, refuse and bulk after only 3 months of no bulk-pick-up. THEN THEREFORE BE IT

RESOLVED, That the Executive Branch immediately resume bulk trash service as urged by thousands of citizens who are protesting the elimination of bulk trash pick-up with their voices and with their feet, BE IT FURTHER

RESOLVED, That the Executive Branch and Legislative Branch work together to reduce costs in other areas of governmental operations and aggressively generate increased revenue owed to the city by the State of Michigan and other sources, and BE IT FINALLY

RESOLVED, That the Executive Branch be reminded that while the Mayor opted to provide bulk trash services from July 1, 2005 to December 31, 2005 monthly, the City Council approved a budget callings for bulk trash services every other month which would have provided service until June 2006; and that the preamble of the City Charter approved by the City of Detroit, requires the City to protect the health, safety and security of our citizens; all of which are gravely challenged by the abrupt disruption of the bulk trash pick-up and the absence of a workable solution or alternative.
