October 2, 2006

Honorable City Council:

Re: Request of Fusco, Shaffer, and Pappas, Inc. to rezone property generally bounded by the alley south of Chapin to the north, the alley west of Cooper to the east, Barker to the south, and McClellan to the west from an R2 (Two-Family Residential District) zoning classification to an R3 (Low Density Residential District) zoning classification to allow for the construction of a senior citizen apartment building (Recommend Approval).

Fusco, Shaffer, and Pappas, Inc. has submitted a request on behalf of the Detroit Catholic Pastoral Alliance, to amend District Map No. 28 of the Detroit Official Zoning Ordinance to show an R3 (Low Density Residential District) zoning classification where there is currently an R2 (Two Family Residential District) zoning classification on the property generally bounded by Chapin Avenue to the north, the alley west of Cooper Avenue to the east, Barker Avenue to the south, and McClellan to the west. The rezoning has been requested to allow for the development of a three story, 62-unit senior apartment building. The proposed new development would be an expansion of the new housing development that has occurred in the Gratiot area.

The proposed rezoning involves approximately 2.25 acres of residential land and is heavily surrounded by other single and two family residential property. The proposed rezoning area is comprised of mostly vacant lots. There are three existing structures within the subject area; 1 vacant brick building and two vacant, boarded homes. All of the existing structures are owned by the Detroit Catholic Pastoral Alliance and will be demolished. There are several alleys that have been

converted to easements and one street, Blair Street, which has been granted an outright vacation. The 4-H Recreation Center is located about 1 block north of the property and the recently closed Chandler Elementary School is located immediately northwest of the subject property.

The development would be constructed for very low-to-low income seniors, with rents ranging from \$120-\$200 per month. Each unit would be approximately 540 square foot, 1 bedroom units. The building would also host a first floor laundry, community center, library, beauty and barber-shop, as well as a mailroom.

Public Hearing Results

On June 15, 2006, the City Planning Commission held a public hearing to review the proposed rezoning. Two local residents spoke in favor of the proposed development and welcomed a new neighborhood housing alternative for seniors. One of the Commissioners raised concerns about elevator access for seniors, and the developer noted their plans to include 2 elevators in the building and to take specific care to ensure the safety and comfort of the tenants.

Analysis

The proposed rezoning from R2 to R3 is necessary to allow for the construction of the multi-family residential facility. The current R2 zoning district is predominantly for single and two family development, and allows small multi-family buildings containing a maximum of 8 dwelling units as a conditional use. As a result, the petitioner would like to have the site rezoned to R3 to allow for the construction of the 62 unit senior complex.

The rezoning from R2 to R3 will not result in any non-conforming uses on the property. The maintenance of adequate public facilities and services should not be

affected by the higher density development.

Overall, the zoning change will not have significant adverse impacts on the surrounding property and community. The developer plans to construct a building that would be aesthetically pleasing and compatible with the style of the surrounding homes. The development would be an expansion of the single family residential development occurring in the Gratiot Woods community. Along with the new single family homes, this development would provide more housing options for neighborhood seniors who may desire to remain in their community as they age.

Master Plan

The subject site is located within the St. Jean subsector of the East Sector of the Detroit Master Plan of Policies. The "Generalized Proposed Land Use" map shows "Low Density Residential" usage for the subject area in the Master Plan. The Planning and Development Department has determined that the proposed rezoning from R2 to R3 would be inconsistent with the Master Policies and would therefore, require an amendment.

Recommendation

On June 15, 2006, the City Planning Commission (CPC) took action to recommend approval of the rezoning proposal from an R2 to an R3 zoning designation, with the understanding that a Master Plan amendment will be necessary. Attached is an ordinance approved as to form by the Law Department, for introduction prior to the required public hearing.

City Planning Commission

September 28, 2006

Honorable City Council:

Re: Request of Charles Geer to rezone property at the northwest corner of Second and West Alexandrine from B4 (General Business District) and R5 (Medium Density Residential District) to PD (Planned Development District) to allow for a mixed-used (residential and commercial) development (Recommend Approval).

NATURE OF REQUEST

The City Planning Commission (CPC) has received the request of Charles Geer

to amend District Map No. 5 of the Detroit Zoning Ordinance (Chapter 61, Article XVII) to show a PD (Planned Development District) zoning classification on four (4) lots at the northwest corner of Second Boulevard and West Alexandrine Avenue, where a B4 (General Business District) classification is currently shown at 4111 and 4125 Second, and an R5 (Medium-Density Residential District) classification is currently shown at 614 and 624 West Alexandrine. The petitioner plans a mixed-use development, known as the "El Moore Project," for the property.

PROJECT PROPOSAL

The development involves: renovation of the currently vacant, four-story El Moore apartment building on West Alexandrine for occupancy as eight (8) residential condominium units; and construction of a new, four-story mixed-use building on currently vacant land on Second with 3,519 square feet of commercial office space and parking on the ground floor and eighteen (18) residential condominium units on the second, third, and fourth floors. Parking for the proposed Second Boulevard building will consist of eighteen (18) spaces for the residences, sized for vehicle lifts, and five (5) spaces for the commercial offices.

The developer also proposes to construct two accessory buildings off the alley to provide off-street parking for the El Moore building (eight (8) spaces sized for vehicle lifts) and to construct an elevator stair lobby between the two buildings to service the El Moore building and the proposed mixed-use building.

On July 12, 2006, your Honorable Body approved a Brownfield Redevelopment Plan for the "El Moore Project." The developer will be utilizing Federal and State Historic Tax Credits and Neighborhood Enterprise Zone (NEZ) designations, as well.

SURROUNDING LAND USE AND ZONING

To the North — vacant land and small apartment buildings, zoned B4.

To the South — zoned B4 on Second and R5 on West Alexandrine where Wayne State University's former mortuary science building has been converted into lofts.

To the East — across Second, the land is zoned B4 and is developed as retail — Tomboy Market.

To the West — vacant land, zoned R5.

MASTER PLAN

The subject property falls within the Lower Woodward subarea of the Woodward Sector of the City's Master Plan of Policies. The Future Land Use map for the subarea indicates an RH & RLC designation (High Density Residential and Residential/Local Commercial). In a letter, dated July 7, 2006, the Planning and Development Depart-

ment determined the proposed development to be consistent with the Master Plan of Policies.

PUBLIC HEARING RESULTS

On June 15, 2006, the statutorily required public hearing was held by the Planning Commission to consider the PD rezoning request. Only one member of the public testified at the public hearing — a representative of the University Cultural Center Association in support of the project, as proposed.

ANALYSIS

Typically, the Planning Commission considers sites having at least two (2) acres for rezoning to the PD district. The Second/Alexandrine site comprises 0.53 acres. However, the Zoning Ordinance allows for smaller planned developments upon determining that an adequate development can be accomplished on a parcel of lesser size. Although tightly arranged, the site plan demonstrated that the components of the mixed-use development could be accommodated on the land available.

At the time of application and of the public hearing, the Zoning Ordinance did not authorize the BZA to consider dimensional variances except for "existing buildings." The proposed development involves both rehabilitation of an existing building and construction of a new building. Since the BZA could not authorize setback or floor area ratio variances for the new building proposed for Second Avenue, a Planned Development rezoning was the only way to facilitate the development as planned.

The dilemma of the BZA not being able to entertain dimensional variance requests for new construction has subsequently been resolved by passage of Ordinance No. 20-06, the Far East Side Overlay Area Ordinance, effective August 10, 2006.

The Commission finds that no other zoning district classification would be more appropriate than the PD district classification, pursuant to Sec. 61-3-96(2) of the Zoning Ordinance. Rezoning the land to an R5 (Medium-Density Residential) district could not allow for the proposed commercial development. Rezoning to B2 (Local Business and Residential), B4, SD1, or SD2 would still demand setbacks and floor area ratios that the BZA lacked the authority to waive by variance.

The Commission accepts that the provision of new office space in Midtown and the restoration of old housing and construction of new housing would provide recognizable and substantial benefit to the ultimate users of the project and to the City, as specified in Sec. 61-3-96(3). The location of the proposed PD is recognized as appropriate, pursuant to Sec. 61-3-96(4), given the higher density of housing

being proposed in an area already identified for high density residential.

This proposed planned development is innovative in its approach to corner lot development; efficiently uses available land by building up to four (4) stories; brings dwelling units in an historic structure back into use and offers new loft-style residential space on the upper floors of a new building; and provides ground-floor workspace as a future employment venue.

Among the approval criteria for Planned Developments, Sec. 61-13-96(7) of the Zoning Ordinance specifies that the proposed development not unreasonably impact on traffic and public services. Both West Alexandrine and Second Boulevard are 100-feet wide, quite a bit bigger than typical residential streets and many commercial streets, and well suited to accommodate any additional traffic load created by the proposed development.

CONCLUSION

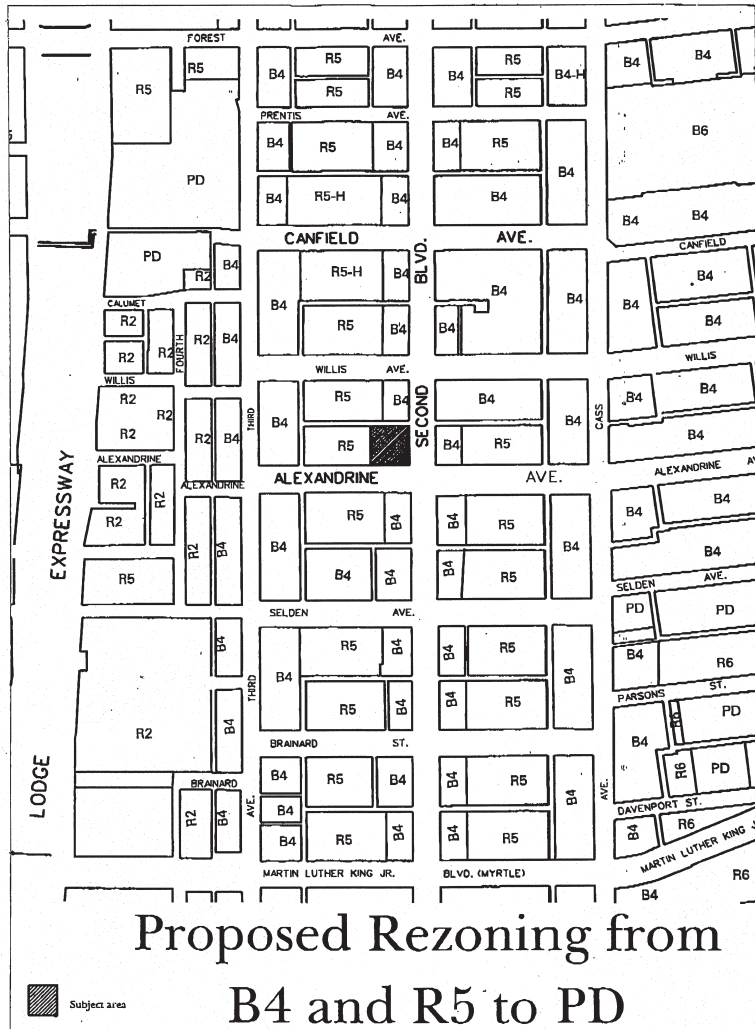

The Planning and Development Department has determined that the proposed rezoning and proposed project is consistent with the Master Plan of Policies. The City Planning Commission

found the PD zoning district to be the most appropriate, and perhaps only zoning district classification, to allow the proposed development to proceed toward permit issuance.

RECOMMENDATION

At its meeting of July 6, 2006, the City Planning Commission (CPC) voted to recommend approval of the proposed amendment to District Map No. 5 of the Detroit Zoning Ordinance to show a PD zoning classification on the four (4) lots at the northwest corner of Second Boulevard and West Alexandrine Avenue, where B4 and R5 classifications are currently shown and approval of the plans for the El Moore Project subject to the condition that final plans, including landscaping and signage, be submitted to City Planning Commission staff for review and approval prior to issuance of applicable permits.

Planning & Development Department
 October 2, 2006

Honorable City Council:
 Re: Lease Agreement. Development: Parcel 106; a/k/a 87, 111 Watson; 92 & 102 Erskine.

The Planning & Development Department has received an offer from 3100 Woodward, LLC, a Michigan Limited Liability Company, to lease the above-captioned property. Parcel 106 consists of four (4) parcels of land and contains approximately 26,000 square feet. We have reviewed their request and as a result have negotiated a lease term and rate of four hundred fifty and 00/100 dollars (\$450.00) per month, with an option to renew on a month-to-month basis with the approval of the City, until either Tenant or Landlord gives thirty (30) days advance written notice to the other party of the termination of this Lease.

3100 Woodward, LLC, a Michigan Limited Liability Company, currently owns all of the parcels on Watson Street (with the exception of the two (2) parcels that the City owns) and will be responsible for the development and construction of the New Plan for the entire Erskine/Watson Block, the transfer of rights, to the property from Fraternal to 3100 Woodward would facilitate the implementation of the New Plan, which has the additional benefit of preserving certain historic structure.

The New Plan which City Council will be requested to approve in connection with this transfer of Fraternal's rights is the same development plant for the Erskine/Watson Block previously presented to City Council by 3100 Woodward in connection with the aforementioned Brownfield Plan established for the Erskine/Watson Block, the Neighborhood Enterprise Zone on November 17, 2005, established for the Erskine/Watson Block, and the Obsolete Property Rehabilitation Act on July 29, 2005, established for the Erskine/Watson Block. Also, the New Plan was presented to the Citizen's District Council on April 12, 2005, June 14, 2005 and August 19, 2005.

Approval by City Council of the month-to-month lease will facilitate the approval of the SBT credit application and the tax credit investment in the development of the Erskine/Watson Block of approximately \$5,838,293. 3100 Woodward's projected total investment in the Erskine/Watson Block under the new Plan is approximately \$48,000,000.

We therefore, request your Honorable Body authorize the Planning and

Development Department's Director, or his authorized designee, to execute an agreement to lease.

Respectfully submitted,
 DOUGLASS J. DIGGS
 Director

By Council Member Collins:
 Resolved, That in accordance with the foregoing communication, the Planning and Development Department's Director, or his authorized designee, be and is hereby authorized to execute an agreement to lease the property more particularly described in the attached Exhibit A, and such other documents as may be necessary to effect the lease, with 3100 Woodward, LLC, a Michigan Limited Liability Company, at a lease rate of Four Hundred Fifty and 00/100 Dollars (\$450.00) per month on a month-to-month basis until either Tenant or Landlord gives thirty (30) days advance written notice to the other party of the termination of this Lease.

Re: Request permission to accept the "Youth Alcohol Reduction" grant from the Michigan Office of Highway Safety Planning.

The Michigan Office of Highway Safety Planning (M.O.H.S.P.) has offered the Detroit Police Department's Central District a grant for \$17,486 with no cash match. The grant funding will pay overtime wages for officers to enforce underage drinking laws. The grant is entitled "Youth Alcohol Reduction."

Department of Public Works
City Engineering Division
September 25, 2006

Honorable City Council:
Re: Petition No. 3858 — Delta Environmental Consultants, Inc., requesting to encroach in the area of 6150 Chalmers (Amoco Service Station No. 5284) to conduct environ-

mental assessment by installing and maintaining monitoring wells within the public rights-of-way.

Petition No. 3858 of "Delta Environmental Consultants, Inc.", 39810 Grand River, Suite C-100, Novi, Michigan 48375-2138, on behalf of their client, BP Products North America, Inc. (BP), is requesting permission to install and maintain three (3) permanent monitoring wells within certain public streets (two (2) in Chalmers Ave., and one (1) in Harper Ave.), all in the vicinity of 6150 Chalmers Avenue. The purpose of the bored wells is to monitor the existence or extent of soil contamination.

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The monitoring wells will be approximately six inches in diameter and installed at a total depth of approximately 8 feet below grade. The monitoring wells will be covered with 8" steel, flush mounted well vault, set in a 2' x 2' concrete pad.

Soil borings and monitoring well installations are equivalent to an "open cut" in a public street or alley. Necessary permits will have to be obtained for any street or alley opening, backfill, or occupancy of the City rights-of-way to install monitoring wells.

The Detroit Water and Sewerage Department (DWSD) report an existing 15'-3" sewer directly under the proposed monitoring wells. DWSD has no objection to the proposed encroachments provided minimum clearances are maintained and certain provisions of the attached resolution are followed. Said clearances are to be maintained between DWSD sewers, drains, water mains, fire hydrants, catch basins, sewer and water manholes (and any other DWSD facility) and the proposed monitoring wells.

The Public Lighting Department (PLD) reports having manholes, traffic signal and a cable pole in the area of the proposed monitoring well encroachments. The proposed encroachments and any associated activity should not hamper PLD's 24 hour heavy vehicle access to its facilities.

Also, PLD has high voltage (4800 V) overhead line in the area where construction is proposed. The petitioner is required to keep all equipment at least 10 feet away from overhead lines and to be especially cautious when moving equipment or materials. Any damage to PLD property will be the contractor's liability.

The Traffic Engineering Division — DPW has no objections provided the existing grade shall be maintained and flush mounted covers are installed after the installation of the proposed monitoring wells.

DTE Energy Gas reports having an

existing 12" Cast Iron (2 psig) gas main installed in 1925, 11 feet north of the south Harper Ave. right-of-way line. However, DTE Energy Gas has no objections, provided that the proposed monitoring well encroachments are not located closer than 3 feet to the gas main.

DTE Energy Electric reports having an overhead line on the east side of Chalmers, in the area where construction is proposed. However, DTE Energy Electric has no objections, provided the overhead lines are not disturbed.

SBC reports that the petitioner relocates, at their expense, SBC facilities in area of the proposed encroachments. However, satisfactory arrangements have been reported between SBC and the petitioner.

All other city departments and privately-owned utility companies have requested that the petitioner make use of the "MISS DIG" facilities before any soil borings or permanent monitoring wells are installed in public (street or alley) rights-of-way. Should damage to the utilities occur the petitioner shall be liable for all claims and damages to the encroaching installations.

Finally, the City Engineering Division — DPW will require "Delta Environmental Consultants Inc." 39810 Grand River, Suite C-100, Novi, Michigan 48375-2138, on behalf of their client, BP Products North America, Inc., to submit certified "as-built" drawings, a map and survey showing the exact location of each of the petitioner's completed permanent monitoring well installations within public rights-of-way.

An appropriate resolution, granting the encroachment, is attached for consideration by your Honorable Body.

Respectfully submitted,
WILLIAM TALLEY
City Engineer

City Engineering Division—DPW
By Council Member Collins:

Whereas, City Council has adopted a resolution (June 6, 1990 — J.C.C. Pgs. 1325-26) urging the Michigan Department of Natural Resources and Environmental Protection Agency ("MDNR") to investigate, inspect, and remedy all environmental problems in the City of Detroit to ensure public safety; also

Whereas, The State of Michigan requires that all underground storage tanks shall be registered and inspected for leaks. Also, the "State" has mandated the replacement of leaking tanks including removal (and proper disposal) of contaminated soil; therefore be it

Resolved, The City Engineering Division — DPW is hereby authorized and directed to issue permits to "Delta Environmental Consultants, Inc.", 39810 Grand River, Suite C-100, Novi, Michigan 48375-2138, on behalf of their client, BP Products North America, Inc., to install and maintain three (3) permanent monitoring wells encroaching within public

rights-of-way for the purpose of detecting the presence of hazardous materials and/or soil contamination from any leaking underground storage tank; said public rights-of-way being nearby or adjoining property described as follows:

Lying within Chalmers Avenue, variable width, and Harper Avenue, 86 feet wide, adjacent to Lots 9 and 10 of "Sefton Park Subdivision of Lot 4 of Plat of North-East 1/2 of front and rear concession of P. C. 321, City of Detroit, Wayne County, Michigan as recorded in Liber 38, Page 86 Plats, Wayne County Records;

Encroachment(s) to consist of "permanently" (meaning more than thirty days, or other long-term duration) installed monitoring wells within public rights-of-way, nearby or adjacent to the above described property;

Provided, That nothing in this resolution shall be construed as giving any authority, permission or grant to the permittee for any part of the encroaching monitoring wells to be placed upon the surface or underground rights of privately-owned property. Enforcement of violations of fire safety regulations and buildings code are the responsibility of the Fire Marshal and the Buildings and Safety Engineering Department. The petitioner shall apply to the Buildings and Safety Department for approval and permits to place any monitoring wells on privately owned property (if necessary); and further

Provided, It is the intention of this resolution to authorize the City Engineering Division — DPW (prior to the issuance of "encroachment" permits) to act in behalf of the city and require the permit applicant to perform any reasonable task to protect public property interests including, but not limited to, the submission of engineering plans (containing construction details and distances from property lines) of each proposed encroaching monitoring well. Also, the City Engineering Division — DPW may require the permit applicant to secure approval(s) of said plans from Wayne County, the State of Michigan, any city departments (including city commissions, authorities, corporations, councils, boards, contractors, and agencies whenever applicable) and/or utility companies; whether Wayne County, the State of Michigan, city departments and/or utility companies are specifically enumerated in this resolution or not; and further

Provided, Said monitoring well encroachment(s) shall be installed and maintained under the rules and regulations of the City Engineering Division — DPW, the Fire Marshal and the Buildings and Safety Engineering Department in accord with Detroit Code Section 50-1-9 and 10; and further

Provided, Whenever it becomes necessary to open-cut, drill, bore, jack, occupy or barricade public rights-of-way for con-

struction of monitoring well installation, such work shall be according to detailed permit application drawings (to be submitted by the petitioner or their assigns, subject to city department review and stamp approvals) prior to any public right-of-way construction; and further

Provided, Said encroaching monitoring well installations shall be according to the specifications of the Detroit Water and Sewerage Department (DWSD), including the minimum vertical clearance of one foot, a minimum horizontal clearance of three and one-half feet between DWSD sewers, drains, water mains, fire hydrants, catch basins, sewer and water manholes or shut-off (and any other DWSD facilities) and the proposed permanent monitoring well encroachments; and further

Provided, All costs for the construction, maintenance, permits and use of the encroaching monitoring wells shall be borne by the petitioner. Should damages to utilities occur, the petitioner shall be liable for all incidental repair costs and waives all claims for damages to the encroaching installations; and further

Provided, If it becomes necessary to repair or replace the utilities located or to be located in the public rights-of-way, by the acceptance of this permission, the owners for themselves, their heirs or assigns, waive claims for any damages to the encroaching installations and agree to pay the cost incurred in their removal, if their removal becomes necessary, and to restore the property affected to a condition satisfactory to the City Engineering Division — DPW at the owner's expense; and further

Provided, That any encroaching monitoring well shall be installed and maintained with a secure frame and cover, so as to fit flush within the public sidewalk, berm, or pavement grade. All public rights-of-way shall be maintained safe and convenient for public travel. The petitioner shall be liable for all claims, damages, costs, demands, expenses, and cause of action of every kind and character arising in favor of any person, or other legal entity on account of personal injuries or death or damage to property caused by or claimed or alleged to have arisen out of failure to properly install and maintain any encroaching monitoring well. The installation and maintenance of said encroachments shall comply with the rules and regulations of the City Engineering and Traffic Engineering Division(s) — DPW; and further

Provided, That the petitioner shall file with the Finance Department an indemnity agreement in form approved by the Law Department. The agreement shall save and protect the City of Detroit from any and all claims, damages or expenses that may arise by reason of the issuance of the permits and the faithful or unfaithful

performance by the petitioner of the terms thereof. Further, the petitioner shall agree to pay all claims, damages, or expenses that may arise out of the maintenance of the proposed encroachments; and further

Provided, That said permittee shall be subject to any tax under the provision of the General Property Tax Act, which may be levied against it pursuant to law; and further

Provided, That no other rights in the public streets, alleys or other public places shall be considered waived by this permission which is granted expressly on the condition that said encroachment shall be removed at the expense of the permittee at any time when so directed by the City Council, and the public property affected shall be restored to a condition satisfactory to the City Engineering Division — DPW at the permittee's sole cost and expense; and further

Provided, That the petitioner shall apply to become a participating member of the "MISS DIG" organization (if necessary); and further

Provided, That said permits issued by the City Engineering Division — DPW and/or the Buildings and Safety Engineering Department are granted with the distinct understanding that in the event the City Charter, or Detroit Code(s), or ordinance(s), or resolution(s), or city policies (governing the placement of encroachments in the public rights-of-ways) are amended to provide for levying thereafter, of a fee, charge or rental, to be

hereafter determined upon, for the occupancy of public streets, alleys or other public places, that the permittee will pay said fee, charge or rental provided for in said Charter, or Code(s), or ordinance(s), or resolution(s), or policies; also said permittee does hereby bind itself thereunto, and accept said permits on the conditions hereby imposed, and in the event said permittee shall contest the validity of said Charter, or Code(s), or ordinance(s), or resolution(s), or policies of said fee, charge or rental, or upon refusal to pay same, these permits shall immediately become void; and further

Provided, This resolution is revocable at the will, whim or caprice of the City Council, and permittee hereby waives any right to claim damages or compensation for removal of encroachment(s), and further, that the permittee acquires no implied or other privileges hereunder not expressly stated herein; and further

Provided, The installation and maintenance of the encroachments referred to herein shall be construed as acceptance of this resolution by the permittee; and further

Provided, That the encroachment permits shall not be assigned or transferred without the written approval of the City Council; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

Honorable City Council:
 Re: Petition No. 3450. Etkin Equities, Project Management Ford Field Parking Garage Requesting public street encroachment Pedestrian Walkway Bridge over St. Antoine Utilities Easements to Vacation area bounded by St. Antoine, Chrysler Freeway and Gratiot.
 Petition No. 3450 of "Etkin Equities, Project Management" requests permission to construct and maintain an over-

head pedestrian walkway bridge across St. Antoine Street (50 and 60 feet wide). The pedestrian bridge will connect a new multiple-story parking garage and (Lion's Stadium) Ford Field crossing St. Antoine Street at the second story level.
 The development project, to be completed before Super Bowl XL, is under construction. To build the Ford Field Parking Garage, it is necessary to request the outright vacation of certain (converted) utility easements within the development tract of land also known as "Parcel H-2".
 The petition was referred to City Engineering Division — DPW for investigation and report. This is our report:
 City Engineering Division — DPW obtained a separate set of plans, containing 'sufficient engineering details', from "Rosetti Associates".
 In this encroachment petition we con-

sulted with Traffic Engineering Division — DPW, Traffic Engineering' reported no objection to the proposed overhead pedestrian walkway bridge.

DTE — Edison Company ("Edison") reported facilities in the (converted) Columbia Street right-of-way or utility easement. Public Lighting Department (PLD) must maintain suitable right-of-way space for its extensive downtown high voltage power facilities. PLD reports high voltage feeders-in concrete encased conduits within (converted) Columbia Street (50 feet wide). Edison and PLD require access over the full width of the (converted) Columbia Street right-of-way to inspect service and maintain their existing equipment.

To build the Ford Field Parking Garage, it is necessary to reroute certain Water and Sewerage Department (DWSD) water main and sewer and sewer facilities. The resolution contains provisions designed to protect the equipment of DWSD.

Finally, City Engineering Division — DPW requires the owners of "Parcel H-2" to submit certified "as built" drawings, a map and survey, showing the exact location of the completed encroachments.

I am recommending adoption of the attached resolution.

Respectfully submitted,
WILLIAM TALLEY
Head Engineer

City Engineering Division — DPW

**TESTIMONIAL RESOLUTION
 FOR
 BUSHNELL CONGREGATIONAL
 CHURCH**

By ALL COUNCIL MEMBERS:

WHEREAS, Bushnell's beautiful spire rising above the busy Southfield Freeway is a visible symbol, day and night of the service our church has provided the community during the past 80 years. The urban Bushnell Congregational Church of 2006 exists in a different world from the little wooden chapel on unpaved Mill road 50 years ago. The Women's Crisis Center, the Food Donation Program, The Farmer's Market and the Computer Technology Lab are means which Bushnell is meeting present-day needs, as the Sunday Sunshine School did in 1926. As times have changed and the needs of the community (and indeed the diversity of that community) changed, our church has been at the forefront providing spiritual and resource-based support to those in need; and

WHEREAS, Bushnell is under the leadership of Reverend Roy Isaac, the church thrives, seeking opportunities to worship and serve a changing, diverse urban population. Diversity, which is at the center of Reverend Isaac's vision, is challenged by a world, which stresses "sameness". Reverend Issac's pushes the envelope with a mission to make the world a place of tolerance and peace through diversity. Bushnell Congregational Church is at the center of and often hosts numerous community-action meetings which strive for solutions to present-day urban problems; and

WHEREAS, The church through numerous outreach programs, such as its women's crisis center, food donation program, homeless (cold) rescue nights and senior computer classes and community music programs is continuing to look forward in a changing world of globalization, while standing on its core values which have remained constant over the past 80 years; NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council thanks Bushnell Congregational Church for all of its efforts on behalf of the City of Detroit and its people. We acknowledge the commitment, dedication and the leadership that the Bushnell Congregation has shown to this community.

Honorable City Council:

Re: 11031 Shoemaker — Located on the North side of Shoemaker Between St. Jean and Fairview.

We are in receipt of a request from Environmental and Technical Controls, Inc., a Michigan Corporation to purchase the above captioned property for the amount of \$230,000. The property consists of a two-story commercial structure located on an area of land measuring approximately 430,828 square feet and zoned M-4 (Intensive Industrial District). The structure is currently open to the elements, in need of much repair, surrounded by overgrowth and is an eyesore to the community.

Environmental and Technical Controls, Inc. has offered to purchase the property and redevelop it for their corporate headquarters and maintenance facility. Mr. Larry D. Wiggins is the President of Environmental and Technical Controls, Inc., and since 1994, the professional staff of engineers and scientists employed by the company have provided comprehensive environmental services for numerous City of Detroit Departments and other companies throughout the State of Michigan. This is a 100% minority owned firm and the company anticipate employing and training approximately 65 additional Detroit residents at this new facility to perform renovation tasks, office and marketing services and environmental cleanup work.

Acquisition of the property will generate development interest and contribute to community life in the area. Given the City's financial condition and in an effort to meet our land sales projections and

return the property to the tax roll, we are recommending this sale.

We therefore request that your Honorable Body adopt the sale and authorize the Planning and Development Department's Director, or his authorized designee to issue a Quit Claim Deed to Environmental and Technical Controls, Inc., a Michigan Corporation, together with such other documents as may be necessary to effect the sale for the amount of \$230,000.

Honorable City Council:

Re: Williams Pavilion Apartments — Payment in Lieu of Taxes (PILOT).

Williams Pavilion Apartments is an existing housing complex, which is currently financed under Housing and Urban Development (HUD) 202 Program and has been exempt from taxes under MCLA § 211.7d as it is owned by a non profit corporation at present (the property tax is currently being paid by the State of Michigan). The owners are in the process of refinancing the building and ownership will be transferred to a Limited Liability Company. This new form of ownership is not eligible for exemption under MCLA § 211.7d. The new entity has applied for financing from Michigan State Housing Development Authority and Low Income Tax Credits.

Williams Pavilion consists of 150 apartment units, 143 one-bedroom, one-bath and seven two-bedroom one-bath units. This is a senior housing building and most of the units are occupied by single head of

household. The units are currently leased at the Section rental amounts and they will continue to be leased under section 8 as set by the Department of Housing and Urban Development. Renovations to the building will consist of new roof, new windows, heating and cooling units, kitchen upgrades etc.

In order to make this development feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of ten (10%) of the net shelter rent.

Respectfully submitted,
J. CASTONE
Assessor

Re: Community Planning Association. Request to cancel property taxes for 8421 Mettetal. Ward 22, Item No. 60795.

This letter is to request cancellation of the 1991 through 2002 taxes for the above-referenced property.

Petitioner, West Town Homes 1, L.L.C. (a joint venture with Community Planning Association, a Michigan 501(c)(3) corporation and Urban Entity Group VI, L.L.C.) purchased the subject property from the Michigan State Housing and Development Authority (MSHDA) July 15, 2003. The City of Detroit taxes for 1991 to 2002

were not canceled, even though the property was obtained by MSHDA through tax reversion. Pursuant to MCL 211.6a, property taxes are canceled as a matter of law when the state takes title through tax reversion.

The City Code §18-9-8 provides that the City Council, with a two thirds majority vote, may vacate an assessment if it deems the assessment unjust.

Should City Council deem the assessment unjust, pursuant to City Code §18-9-8, the attached resolution may be used to waive the tax assessments for 1991 through 2002.

Re: Address: 14081 Pinewood. Name: Chris Gray. Date ordered removed: November 16, 2005 (J.C.C. p. 3423).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on September 19, 2006 revealed the building is secured and appears to be sound and repairable.

The owner will pay the current taxes due at the closing.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial

progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

City Planning Commission

October 5, 2006

Honorable City Council:

Re: Request of Bagley Housing Association to rezone property generally bounded by Porter Street on the northwest, the alley first east of 17th Street on the east, 17th Street on the west, and Howard Street on the south from an M3 (General Industrial District) zoning classification to a PD (Planned Development District) zoning classification to allow for the construction of two market rate homes (Recommend Approval).

Bagley Housing Association (BHA) has submitted a request to amend District Map No. 42 of the Detroit Official Zoning Ordinance to show a PD (Planned Development District) zoning classification where there is currently an M3 (General Industrial District) zoning classification on the property generally bounded by Porter Street on the northwest, the alley first east of 17th Street on the east, 17th Street on the west, and Howard Street on the south. The rezoning has been requested to allow for the development of two (2) new market-rate, single-family homes. The proposed new PD classification would be an expansion of the adjacent PD district that exists to the south and east that has been developed with new housing by the petitioner.

The proposed rezoning involves less than one acre of land, located at 2443-2447 Porter, and is surrounded by other residential and industrial uses (industrial uses are primarily to the east). Near the proposed rezoning area, there is a mix of housing types from single family to townhouse style housing. Historic St. Anne's

Church is located southwest of the property. There are numerous new single-family homes in the immediate area, as well as the Rio Vista Apartments located south of Porter. The subject property to be rezoned is an isolated M3 zoned parcel, next to an existing PD district. The area is predominantly PD and R2.

The subject parcel would host 2 new market-rate homes, which will be part of a larger 8-10 unit single-family development. The new homes would be situated on the lot facing Porter. The homes would contain over 2,200 square feet in 2-stories, featuring 4 bedrooms, 2.5 bathrooms, full basements, and attached 2-car garages. The new homes would be priced between \$185,000 and the \$200,000's. This is the first single-family market rate development project by BHA. They hope to create a mixed-income community with a variety of housing styles, using Stanton Park as an added attraction to the new development.

The new homes would provide a transition from the townhouse community located directly to the south.

PUBLIC HEARING RESULTS

The City Planning Commission held a public hearing on this rezoning request on March 16, 2006. At the public hearing, the pastor of Holy United Trinity Church, located across Porter, and another church representative voiced their concerns with the proposed development. Specifically, they had concerns with whether or not their church would be taken in the development process. It was clarified that the BHA had no authority or plans to take the church. The site to be rezoned does not include the church property.

ANALYSIS

The property to be rezoned consists of a small, vacant parcel that, because of its size and location adjacent to new housing would not be appropriate for industrial use. The proposed rezoning from M3 to PD would not create any non-conforming uses, but would be an expansion of the larger residential PD area that exists to the south and east of the property.

The rezoning would accommodate the development of one of the remaining vacant parcels in the area with two new homes. The homes would help to promote a mixed-income community, as well as provide a transition from the townhouses located to the south. The surrounding area is predominantly residential, with Stanton Park and Ste. Anne's Church in the vicinity. The new development would be compatible with the existing community.

The site is also located in the Hubbard Richard area. The Land Use and Development map in the Hubbard Richard Development Plan shows residential use for the subject property. The proposed rezoning and development would, therefore, be consistent with the Hubbard

Richard Development Plan. There would be no conflicting uses as a result of the rezoning.

MASTER PLAN

The subject site is located within the Hubbard-Richard subsector of the Southwest Sector of the Detroit Master Plan of Policies. The "Recommended Future General Land Use" map shows "Low-Medium Density Residential" usage for the subject area in the Master Plan. The Planning and Development Department has determined that the proposed rezoning is consistent with the Master Plan of Policies' proposed land use for the area and that no amendment is necessary.

RECOMMENDATION

On March 16, 2006, the City Planning Commission (CPC) took action to recommend approval of the rezoning proposal from M3 to PD and the site plan and elevations for the residential development, with the understanding that the petitioner will submit any final site plans or changes to the CPC office for review. Attached is an ordinance approved as to form by the Law Department, for introduction prior to the required public hearing.

City Planning Commission

October 6, 2006

Honorable City Council:

Re: Request of Belmont Shopping Center LLC to rezone property generally

located at the northeast corner of Conant Avenue and Pointer Street from P1 (Open Parking District) to B4 (General Business District) (Recommend Approval).

Belmont Shopping Center LLC (the developer) proposes to rezone approximately 2.5 acres of property generally located at the northeast corner of Conant Avenue and Pointer Street from P1 (Open Parking District) to B4 (General Business District). This rezoning will allow for the construction of a commercial building on what is currently an underutilized parking area.

RATIONALE FOR THE PROPOSED ZONING CLASSIFICATION

The subject property is currently zoned P1 (Open Parking District). As stated above, it is currently a paved underutilized parking area. This classification does not allow for construction of commercial/retail structures. The proposed B4 (General Business District) zoning classification will allow for the construction of a commercial/retail structure and corresponds to the zoning classification of the existing commercial structures at the shopping center.

SURROUNDING ZONING AND LAND USE

North: B4 (General Business District); Belmont Shopping Center

South: B4 (General Business District) and R1 (Single-Family Residential District); commercial uses along Conant and single-family residential on Pointer

East: R1 (Single-Family Residential District); Dad Butler Park

West: B4 (General Business District); commercial uses

MASTER PLAN DESIGNATION

The subject area is located in the Pershing Subsector of the North Sector of the Detroit Master Plan of Policies. The recommended future general land use designation is GC-General Commercial. The Planning and Development Department has determined that the proposed development conforms to the future land use designation of "GC" General Commercial for the subject area and conforms to the intent of the Master Plan of Policies.

CITY PLANNING COMMISSION PUBLIC HEARING RESULTS

During the City Planning Commission public hearing held May 18, 2006, one person spoke in favor of the proposed rezoning and noted that members of the community were in the audience to show support. No one spoke in opposition. The CPC staff received one telephone call and two letters in support of the proposed rezoning.

Commissioners inquired about whether a sidewalk extended along Conant, west and proceeding south of the subject property and whether or not there was suffi-

cient buffer provided by Dad Butler Playfield between the subject property and the residential blocks to the east. There is a sidewalk along Conant and the Dad Butler Playfield is large enough so that there should be no negative impact on the residential blocks east of the subject property.

ANALYSIS AND RECOMMENDATION

In general, the City Planning Commission believes that the proposed rezoning of the area generally located at the northeast corner of Conant Avenue and Pointer Street from P1 (Open Parking District) to B4 (General Business District) is appropriate for proposed development at the Belmont Shopping Center. The B4 classification will allow for more commercial development in what is now a little-used site located near a commercial node at the intersection of three major thoroughfares.

The rezoning of the subject area to B4 should not have any negative impact on the surrounding residential areas due to the location of the large adjacent playfield. Even with the deletion of some of the parking lot, there should be adequate parking remaining to service the additional commercial building proposed for the shopping center on-site.

On June 1, 2006, the City Planning Commission took action to recommend approval of the proposed rezoning of the subject property generally located on the northeast corner of Conant Avenue and Pointer Street from P1 (Open Parking District) to B4 (General Business District) to allow for the construction of a commercial building.

Re: Implementation of Wage Adjustments and Certain Fringe Benefit Changes for Employees Represented by the Association of Professional Construction Inspectors.

Department of Human Services

August 29, 2006

Honorable City Council:

Re: Request for Pre-Approval of Sub-contracts for Community Services Block Grant (CSBG).

The Department of Human Services (DHS) provides a variety of social service programs to eligible, low income City of Detroit residents. These services have been available to area residents for over twenty-five years. The services include, but are not limited to, emergency food, transportation, and employment training and placement services. The Michigan Department of Human Services (MDHS) funds these program services. Our agency is required to submit, on an annual basis, a plan to MDHS for approval of funds. Our grant year runs from October 1, 2006 thru September 30, 2007 for Community Services Block Grant (CSBG) funds. The amount of funding that has been allocated to the Department of Human Services for CSBG is \$6,315,994. Please see the attached allocation sheets that provide a breakdown of allocated funds for Community Action Agencies. A letter of Intent for the purposes specified in the plan as written is being requested in accordance with MDHS funding process requirements.

Additionally, since the time required to process the associated contracts might adversely affect service delivery and to avoid any disruption of service and circumvent cash flow problems that our subcontractors may experience, DHS is requesting that City Council pass a resolution authorizing DHS to enter into contracts with the subcontractors listed below. The Department intends to prepare and process the formal contracts as soon as possible. At this juncture, it is necessary to request pre-approval of these contracts.

All expenditures will be in accordance with the budget approved by the Michigan Department of Human Services. The contract amounts are as follows:

Honorable City Council:

Re: Public Hearing on the Establishment of the Campus Square Neighborhood Enterprise Zone as Requested by the Meyer's/Six Mile CDO in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that the establishment of the Campus Square Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to con-

struct 68 town home type units at an approximate cost of \$12 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration, please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,
DOUGLASS J. DIGGS

Director

By Council Member Kenyatta:

Whereas, Pursuant to Public Act No. 147 of the Public Acts of 1992 ("the Act") this City Council has the authority to establish "Neighborhood Enterprise Zones (NEZs)" within the boundaries of the City of Detroit; and

Whereas, The Meyer's/Six Mile CHDO has requested establishment of the "Campus Square" NEZ whose boundaries are particularly described in Exhibit A (legal description) and illustrated in the map attached hereto; and

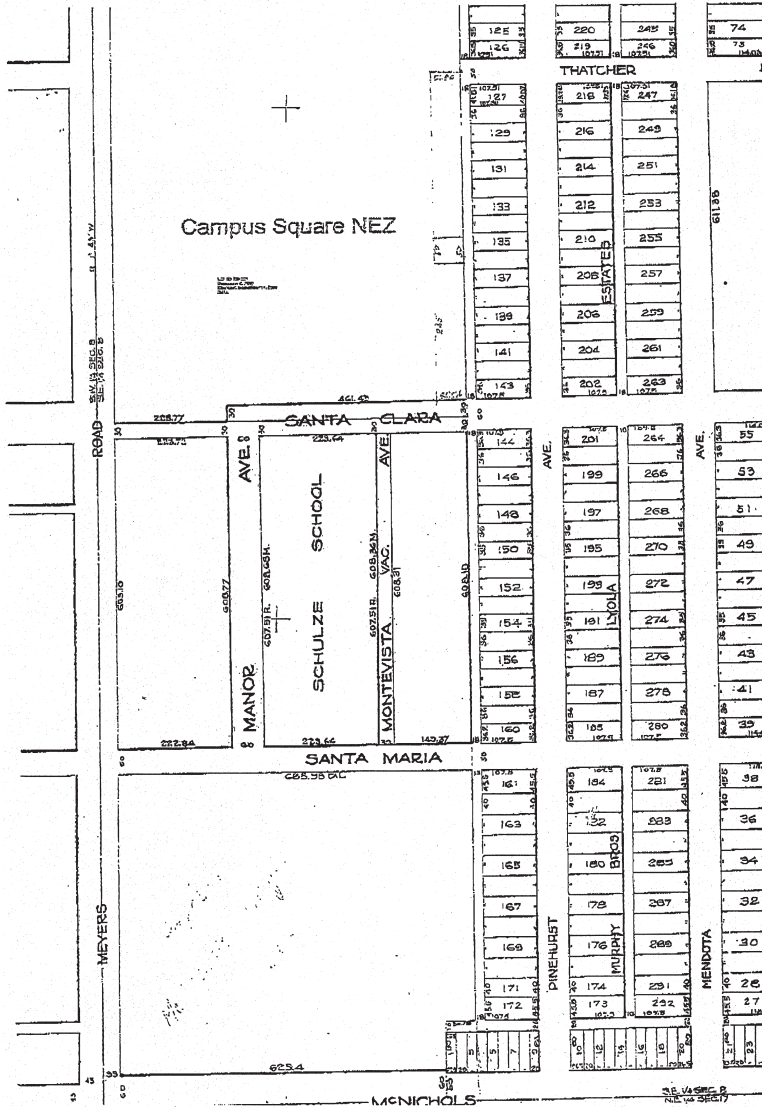

Whereas, The Act requires that, prior to

establishing an NEZ, the City Council shall provide an opportunity for a Public Hearing on such establishment, at which Public Hearing representatives of any taxing authority levying *ad valorem* taxes within the City, or any other resident or taxpayer of the City of Detroit may appear and be heard on the matter.

Now Therefore Be It

Resolved, That on November 16, 2006 @ 11:00 a.m. in the City Council Committee Room, 13th floor, Coleman A. Young Municipal Center, a Public Hearing be held on the above described application for establishment of an NEZ within the boundaries described in Exhibit A (legal description) and illustrated in the map attached hereto; and be it finally

Resolved, That the City Clerk shall give notice of the Public Hearing to the general public and shall give written notice of the Public Hearing by certified mail to all the taxing authorities levying an *ad valorem* tax within the City of Detroit, such notices to be provided no earlier sixty (60) days prior to the public hearing.

Honorable City Council:

Re: Establishment of the Village-Estate Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Village-Estate Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on September 7, 2006, as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall the Armandla Community Development, Inc., proposes to invest \$13.5 million to construct 120 market rate residential dwellings. The average unit price will be \$210,000.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing was July 28, 2006 and we therefore recommend that you approve the resolution at your next regular formal session.

Respectfully submitted,
DOUGLASS J. DIGGS

Director

By Council Member Kenyatta:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establish-

ment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Village-Estates NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Village-Estate NEZ was conducted before the Detroit City Council on September 7, 2006, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Honorable City Council:
Re: Address: 644 Charlotte. Name: Joseph Early. Date ordered removed: January 15, 2003 (J.C.C. pg. 207).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on October 4, 2006 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of October 2, 2006.

The proposed use of the property is rehabilitation and rental.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial

progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

City Planning Commission

October 16, 2006

Honorable City Council:

Re: Fifty-one (51) Neighborhood Enterprise Zone (NEZ) Certificate Applications for 2915 John R, in the Crosswinds Communities/Brush Park NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office 51 applications from Carlton Development LLC for Neighborhood Enterprise Zone (NEZ) certificates for units #1-51 at 2915 John R. These addresses are within the Crosswinds Communities/Brush Park NEZ. The Crosswinds Communities/Brush Park NEZ was approved by City Council on July 17, 1996. City Planning Commission staff has reviewed the applications and recommends approval.

The developer is proposing to rehabilitate an existing apartment building into 51 condominium units. The property involved is confirmed as being within the boundaries of the NEZ and should be eligible for an NEZ certificate under State Act 147 of 1992 as currently written. Carlton Development LLC has applied for the certificates, prior to the issuance of building permits, on behalf of the future owners who will occupy the property. It is appropriate for them to apply for certificates at this time, even if buyers have not yet been identified. The State Tax Commission, however, will not issue certificates until owners are identified. When owners are identified, they can then apply for the certificates. At that time, it would not be necessary for City Council to pass another resolution.

Department of Human Services

September 8, 2006

Honorable City Council:

Re: Authorization to enter into 2006-2007 Head Start and Early Head Start Program contracts with nine (9) delegate agencies.

The Department of Human Services (DHS) is the Grantee for the Head Start and Early Head Start Program currently serving 6,082 eligible children and their families in the City of Detroit. The program is funded on an annual basis by the U.S. Department of Health and Human Services — Administration for Children and Families. Our grant year runs from

November 1, 2006 through October 31, 2007 and official notification of the grant totaling \$44,600,839 will be received shortly. Because we have not received the grant award from the U.S. Department of Health and Human Services in a timely manner, we are not able to process a continuation contract with our delegate agencies before the New Program Year begins on November 1, 2006. These contracts are being processed and all the proper clearances have been obtained. However, the time required to process these contracts might adversely affect the delivery of Head Start and Early Head Start services. To avoid any disruption of service and circumvent cash flow problems that our delegates may experience, DHS is requesting that City Council pass a resolution authorizing DHS to enter into contracts with nine (9) delegate agencies. The Department intends to prepare and process the formal contracts as soon as possible. At this juncture, it is necessary to request pre-approval of these contracts. However, as always, the approved detailed budgets are attached to the contracts. All expenditures will be in accordance with the budget approved by the U.S. Department of Health and Human Services and DHS. The Head Start and Early Head Start delegates 2006-2007 contract amount and advance payment requests are as follows:

Planning & Development Department

September 21, 2006

Honorable City Council:

Re: Request for a Public Hearing on the Establishment of the River Rouge Golf View Neighborhood Enterprise Zone as Requested by the GEI Development, LLC in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that the establishment of the "River Rouge Golf View" Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones". Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to construct 150 single-family units at an approximately cost of \$14 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration, please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Honorable City Council:

Re: Establishment of the Merritt Place Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Merritt Place Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on October 13, 2006, as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall the S & S Development Group, proposes to invest \$1.8 million to construct 20 new residential units and rehabilitate 6 additional dwellings. The average unit price will be \$160,000.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the

public hearing was July 17, 2006 and we therefore recommend that you approve the resolution at your next regular formal session.

Respectfully submitted,
DOUGLASS J. DIGGS

Director

By Council Member Tinsley-Talabi:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Merritt Place NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Merritt Place NEZ was conducted before the Detroit City Council on October 13, 2006, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Merritt Place NEZ are known:

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Merritt Place NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Honorable City Council:

Re: Correction of Land Sale. 551 Michigan Avenue, located on the South Side of Michigan Avenue between Second and Third.

On January 18, 2006, (The Detroit Legal News, January 27, 2006, page 9), your Honorable Body authorized the sale of 551 Michigan Avenue, for the amount of Three Million and 00/100 Dollars (\$3,000,000.00) to 551 Associates LLC, a Michigan Limited Liability Company for use as a surface parking lot. On April 12, 2006, (The Detroit Legal News, April 24, 2006, Page 12), your Honorable Body rescinded the sale to 551 Associates LLC, and authorized the sale to George Aubrey for the amount of Three Million and 00/100 Dollars (\$3,000,000.00) for use as a surface parking lot.

Since that time, both 551 Associates LLC, and George Aubrey have decided not to proceed with the purchase for business reasons. The disposal of this land by negotiation is an appropriate method for making the land available for sale. Accordingly, we are now in receipt of a request from HDC Partners LLC, who wishes to purchase this property for the price of \$2,800,000.00 and continue to use it as a surface parking lot.

HDC Partners LLC is a Chicago, Illinois

based Commercial Real Estate Investment, Management & Development Company founded in 1997 by H. D. (Peter) Conkey III. The Purchaser has the ability, experience and financial resources necessary to successfully undertake, complete and incorporate efficient use of the site within the requirements of all Federal and local regulations.

The firm's current portfolio includes office, industrial, apartment & parking holdings in several midwestern markets, including Detroit, Michigan & metropolitan Chicago, Illinois. Examples include The Buhl Building (370,000 SF office building & 675 car parking garage) in Detroit and several other parking assets, including The Lothrop Parking Deck (1350 spaces) & Cass Parking Deck (535 spaces) in the New Center Area. HDC also owned the Phase One Brewery Park office building (150,000 SF) on Gratiot in Detroit from 1999 until December, 2005.

HDC's current plans for the 551 Michigan Avenue Parking Lot including making improvements to the site (including new pavement to the surface of the site, landscaping & new and improved lighting) & continuing to offer a low cost parking option to commuters. Eventually, as market conditions improve, HDC would consider mixed use development of the site, including parking, office & retail.

We, therefore, request that your Honorable Body amend the sale and authorize the Planning & Development Department Director or his authorized designee to issue a Quit Claim Deed to the property and such other documents as may be necessary to effect the sale with HDC Partners LLC, an Illinois Limited Liability Company for the amount of \$2,800,000.00 on a cash "as is" basis.

Respectfully submitted,
DOUGLASS J. DIGGS
Director

By Council Member Tinsley-Talabi:

Resolved, That the Offer to Purchase property described on the tax rolls as:

551 Michigan Avenue
submitted by George Aubrey, be amended to reflect the new purchaser's name of HDC Partner LLC, an Illinois Limited Liability Company,
and be it further

Resolved, That the Planning and Development Department Director or his authorized designee is hereby authorized to issue a Quit Claim Deed for the described property to reflect the new purchaser's name, HDC Partner LLC, an Illinois Limited Liability Company in the amount of Two Million Eight Hundred Thousand and 00/100 Dollars (\$2,800,000.00) on a cash "as is" basis.

Planning & Development Department
October 12, 2006

Honorable City Council:

Re: Formal Request of the City of Detroit Planning & Development Department (P&DD), for Authorization to Receive \$1 Million in HOME funding, provided by the Michigan State Housing Development Authority (MSHDA), River Park Village Senior Apartments (the "Whittier").

This correspondence serves as a formal request to the Honorable City Council, for authorization for the Planning & Development Department (P&DD), to receive and administer \$1 million in federal HOME funding assistance, provided by MSHDA, to support the gap funding needed to assure the successful rehabilitation and restoration of the historic Whittier, affordable housing senior apartments.

The conditions associated with \$1 million in HOME funding assistance, provided by MSHDA, is described in the attached September 26, 2006 proposed funds transfer agreement, signed by MSHDA's Acting General Counsel, Ms. Corina Pena Andorfer and Mr. Douglass Diggs, Director of Planning and Development.

The City of Detroit has already provided HOME funding assistance to this important and exciting affordable housing project, which will provide 120 newly renovated affordable rental, one and two bedroom housing units to Detroit's seniors in need of housing assistance.

Given the fact that the Whittier project has been vacant and dormant for over seven (7) years, MSHDA's financial investment serves to provide one of the last essential funding components, necessary to provide historic renovation assistance to this exciting project, located on East Jefferson at Burns. To that end, MSHDA also recently approved Tax-exempt bond financing loan assistance to the project for \$17.6 million.

Because of the massive and complex financing of this project, MSHDA chose to

transfer HOME dollars to the City's current oversight and administration in an effort to support, streamline, and facilitate the proposed project closing and anticipated construction start timeframe of early December, 2006. We hope to formally close on the entire project, in mid November, 2006.

Therefore, the Planning & Development Department respectfully request that the Honorable City Council approve and adopt the attached resolution, with a Waiver of Reconsideration. This resolution provides the authorization for P&DD to receive and administer \$1 million in HOME funding assistance, transferred from MSHDA to the City of Detroit, and to also enter into a grant agreement with MSHDA, and other necessary project related documents, in support of the first phase of the affordable rental units for Detroit seniors.

Finally, P&DD is also concurrently processing an updated Environmental Assessment, requesting that the Department of Housing and Urban Development (HUD) review and approve an amended Environmental Assessment, which will formally add \$1 million in HOME funds to the previously released \$7,300,000, awarded to the project, under the City of Detroit's HOME Investor Loan program.

Respectfully submitted,
DOUGLASS J. DIGGS
Director

Planning & Development Department
By Council Member Tinsley-Talabi:

Whereas, The City of Detroit Planning & Development Department (P&DD) has provided project funding assistance for the River Park Village Senior Apartments (the "Whittier"), under the HOME Investor Loan program in support of the proposed new restoration and renovation of 120 one and two bedroom affordable rental housing units for seniors.

Whereas, The Whittier project site on East Jefferson at Burns has remained dormant and vacant, creating a deteriorating eyesore where there had previously been a robust and stately historic housing complex.

Whereas, Even though the City of Detroit provided the initial federal HOME loan assistance for this project, along with additional funds provided by many public and private sector investors and syndicators; these funds were insufficient to address the gap funding necessary to completely renovate and restore this once elegant housing development.

Whereas, In September, 2006, the Michigan State Housing Development Authority (MSHDA) approved a critically needed loan of \$17.6 million in Tax-Exempt Bond financing, in support of this extensive restoration effort.

Whereas, MSHDA also agreed to trans-

fer and loan an additional \$1 million in federal HOME dollars, to be administered by P&DD, in support of this project, closing a significant funding gap needed to complete the 120 affordable senior units.

Whereas, P&DD is herein formally requesting that the Detroit City Council approve and adopt this resolution, with a Waiver of Reconsideration, in support of the Whittier.

Now Therefore Be It Resolved, That the Honorable Detroit City Council grant authorization to the City of Detroit, through the Planning & Development Department, to receive and administer the transfer of \$1 million in federal HOME funding and also execute any program related documents required by MSHDA and HUD, in support of the renovation and restoration of the River Park Village Senior Apartments (the "Whittier").

Adopted as follows:

Yeas — Council Members S. Cockrel, Collins, Conyers, Jones, Kenyatta, Reeves, Tinsley-Talabi, Watson, and President K. Cockrel, Jr. — 9.

Nays — None.

Planning & Development Department

October 18, 2006

Honorable City Council:

Re: Establishment of the Merritt Place Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Merritt Place

Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on October 13, 2006, as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall the S & S Development Group, proposes to invest \$1.8 million to construct 20 new residential units and rehabilitate 6 additional dwellings. The average unit price will be \$160,000.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing was July 17, 2006 and we therefore recommend that you approve the resolution at your next regular formal session.

Respectfully submitted,
DOUGLASS J. DIGGS
Director

By Council Member Watson:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Merritt Place NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Merritt Place NEZ was conducted before the Detroit City Council on October 13, 2006, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Merritt Place NEZ are known:

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Merritt Place NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Invocation

Gracious God,

We thank you for the undisciplined disbursement of your resources. The blessing and opportunity with a gift that no other competitor can provide. A chance to see another day.

We petition for mercy as council convenes at a monumental moment in history. Give thy servant a clear mind, articulate tongues and loving hearts. Increase thy wisdom and unanimity to bring resolution to every manner. Anoint our Mayor and all that functions in this municipality. May your presence abide in every chamber, every office and every room. To guide, to rule, and to arrange all things in order knowing that every citizen is the beneficiary of the land where there is a sharing of a common wealth and a common land. Our forefathers have sagaciously said, "That here is a land where every man has the inalienable rights to pursue happiness in our own individual way".

Re: NEZ-Homestead Northeast English Village/26.

Please correct the approved resolution dated July 28, 2006. The map submitted and approved is correct and includes all lots and vacated alleys adjacent. The legal description in the original resolution as approved, omitted several lots and vacated alleys adjacent. The correction submitted now will include the omitted lots. Please accept the correction to the existing legal description.

We are respectfully requesting that this correction to the original resolution be approved without waiver of reconsideration due to the October 31st deadline.

Respectfully submitted,

JULIE CASTONE

Assessor

By Council Member Collins:

Whereas, Michigan's Public Act 147 of 1992, as amended in 2005, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of "Homestead" Facilities Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as "Homestead" NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the "Homestead" NEZs to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Act requires that the designation of NEZs must be approved by

a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of the "Homestead" NEZs; and

Whereas, A public hearing on the issue of establishing the "Homestead" NEZs was conducted before the Detroit City Council on July 24, 2006, with notice of the public hearing having been given to the general public and to every taxing authority levying a property tax with the City of Detroit; and

Whereas, All impediments to the establishment of the "Homestead" NEZs were cited and resolved;

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the "Homestead" NEZ pursuant to Public Act 147 of 1992, as amended in 2005, the "Homestead" Neighborhood Enterprise Zone Act.

Honorable City Council:

Re: Petition Number 0218 — Request for City Council Approval for the Transfer and Issuance of a Michigan Liquor Control Commission Dance-Entertainment Permit to Webber Corporation for a Group 'A' Cabaret at 15224 E. Eight Mile Road.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice (Request ID Number 333476), which has been designated by the City Clerk as Petition Number 0218. This Local Approval Notice requests approval or disapproval by City Council of a request for the transfer and issuance of a dance-entertainment permit in conjunction with the transfer of ownership of a Class "C" liquor license in escrow at 15224 E. Eight Mile Road from Dionysius Corporation, Samuel T. Sanom, Receiver, to the Webber Corporation.

Buildings and Safety Engineering Department ("B & SE") records indicate that 15224 E. Eight Mile Road is located in a B-4 (General Business) zoning district and the sale of beer or intoxicating

liquor for consumption on the premises has been approved since at least 1950. Further, B & SE Business License Center records indicate that the location has been previously licensed by the City as a 'Group A' Cabaret. Therefore, the continued use of this property for a Group 'A' Cabaret is permitted subject to compliance with all relevant codes and City ordinances.

Pursuant to Section 5-7-1 of the 1984 Detroit City Code, a Group 'A' Cabaret business license is required for an establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing. B & SE Business License Center records indicate that the Webber Corporation has paid the fee for the issuance of a Group 'A' Cabaret license for 15224 E. Eight Mile Road. Pursuant to Chapter 30 of the 1984 Detroit City Code, the Webber Corporation and the premises will have to meet the applicable requirements of the City Code prior to the issuance of the business license for the location.

After investigation and review, the Detroit Police Department ("DPD") Liquor License Unit, on behalf of the Chief of Police, has recommended the approval of the transfer of the Class 'C' liquor license and the issuance of a dance-entertainment permit to Webber Corporation for 15224 E. Eight Mile Road. A review of available records does not reveal any MLCC violations at the location within the preceding twelve (12) months, and the DPD Liquor License Unit reports that there have not been any violations of law at the location for the preceding twelve (12) months.

Upon this Body's approval of the request for the transfer and issuance of a dance-entertainment permit, in conjunction with the transfer of the Class "C" liquor license in escrow at 15224 E. Eight Mile Road, and the issuance by the B & SE Business License Center of a Group 'A' Cabaret license to Webber Corporation, the location will be approved for patron dancing and entertainment on the premises. Pursuant to Sections 916(1) and 916(2) of the Liquor Control Code, being MCL 43.1916(6)(1) and MCL 436.1916(6)(2), the issuance of a dance-entertainment permit does not allow for adult entertainment, such as topless activity, in a licensed establishment.

The Law Department recommends that this matter be placed on the City Council's agenda for the approval or disapproval of the request for the transfer and issuance of the dance-entertainment permit in accordance with this Body's August 1, 2003 and July 7, 2004 resolutions on the procedures and criteria for the approval or

disapproval of dance, entertainment, and topless activity permits. Attached is a proposed resolution approving the transfer and issuance of the dance-entertainment permit to Webber Corporation for 15224 E. Eight Mile Road.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,
BRENDA E. BRACEFUL
Deputy Corporation Counsel

This office has reviewed the above matter, the facts and particulars of which are set forth in the attached confidential memorandum.

From this review, it is our considered opinion that a waiver of the special assessment in this matter is in the best interest of the City of Detroit.

Therefore, it is requested that your Honorable Body waive the special assessment in this matter.

**RESOLUTION
VACATING SPECIAL ASSESSMENT
ON 5510 McCLELLAN**

By Council Member Collins:

Whereas, A dangerous structure on the following described premises within the City of Detroit, County of Wayne, State of Michigan, was ordered demolished, to wit:

Lot 6, Block 6, Sprague and Visgers Subdivision, as recorded in Liber 15, Page 40, Of Plats, Wayne County Records. Commonly known as: 5510 McClellan, Tax Parcel ID: Ward 19, Item 006880.

Whereas, The Detroit Catholic Pastoral Alliance in collaboration with Cooperative

Services, Inc. have recently been awarded a HUD 202 Grant of 6.5 million dollars to construct a 62 unit affordable, senior living building called The Gratiot Woods Apartments. The parcel located at 5510 McClellan is inside the project area. The total site must be free and clear of liens in order to close and receive funds from HUD and to start construction of the project. DCPA does not have the ability to allocate funds for satisfaction of the lien. However, DCPA has paid the delinquent taxes when they acquired the property. The HUD grant does not cover any land acquisition or title clearance; and,

Whereas, the premises is subject to a special assessment, currently in the amount of \$7,817.32, (not including interest and penalties); and,

Whereas, Pursuant to the City of Detroit Building Code at Section 12-11-28.4, this Council has the authority to waive a special assessment for building demolition where it is found to be unjust or erroneous, or where the owner of the property would suffer undue hardship through no fault of his own; and,

Whereas, This Council has determined that enforcement of the special assessment in this circumstance would be unjust and erroneous.

Now, Therefore Be It:

Resolved, That the special assessment in the amount of \$7,817.32 on 5510 McClellan, Detroit, Michigan is hereby waived; and

Honorable City Council:

Re: Two (2) Neighborhood Enterprise Zone (NEZ) Certificate Applications for new housing at 3974 and 3938 Aretha Ave. in the Woodbridge Estates NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office two (2) applications from Scripps Park Associates, LLC for Neighborhood Enterprise Zone (NEZ) certificates at 3974 and 3938 Aretha Ave. within the Woodbridge Estates NEZ. Your Honorable Body approved the Woodbridge Estates NEZ designation on September 19, 2001. City Planning Commission staff has reviewed the applications and recommends approval.

The properties involved are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. Scripps Park Associates, LLC, has applied for the certificates, prior to the issuance of building permits, on behalf of the future owners who will occupy the properties. It is appropriate for them to apply for certificates at this time, even if buyers have not yet been identified. The State Tax Commission, however, will not issue certificates until owners are identified. When owners are identified, they can then apply for the certificates. At that time, it would not be necessary for City Council to pass another resolution.

The petitioner proposes to build two 3-bedroom single-family homes. The site has been cleared and construction will begin soon. The developer will need to submit to the State Tax Commission the parcels to receive the certificate with a map showing the parcel.

Please let us know if you have any questions.

Re: Neighborhood Enterprise Zone Certificate Applications for 9 housing units within the Bagley Neighborhood Enterprise Zone (Recommend Approval).

The City Clerk's Office forwarded to our office applications from the Bagley

Housing Association for Neighborhood Enterprise Zone (NEZ) certificates for 9 housing units within the Bagley NEZ, which was approved by the Detroit City Council in September 1998.

The addresses for the certificates are as follows: 1495 17th, 2632 Porter, 1444 18th, 2634 Porter, 2670 Austin, 1491 17th, 1498 17th, 1502 17th, and 1742 St. Anne.

The Bagley Housing Association is proposing to construct new single-family homes at all of the addresses, except 1742 St. Anne which would involve rehabilitation of an existing house. The new units would cost \$170,000 to build. City records show that 1742 St. Anne has a true cash value of about \$9,066; the owner hopes to invest about \$125,000 toward the rehabilitation of this condominium.

All 9 units are located east of I-75 and just north or south of Bagley Avenue. The properties involved are confirmed as being within the boundaries of the Bagley NEZ and should be eligible for NEZ certificates under State legislation as currently written. Based on the above analysis, CPC staff recommends approval of the subject NEZ certificates.

Honorable City Council:

Re: Bellview Redevelopment.

The enclosed Brownfield Plan for the Bellview (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a joint public hearing was held by the Authority and the Committee on October 16, 2006 to solicit public comments. At its October 16, 2006 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On October 18, 2006, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

Bettis/Bettters Development, LLC is the project developer ("Developer"). The project is a redevelopment of a 43-acre parcel in the East Riverfront District. This is a significant riverfront development on the site that has commonly been referred to as the former Uniroyal site. Over the last 100 years, this property has been the site of four major industrial operations: manufacturing of cast iron appliances, a manufactured gas plant, rubber manufacturing and coking and ammonia works. These

operations resulted in the generation of wastes and other residuals, some of which are present at the site. The Michigan Department of Environmental Quality ("DEQ") and the City of Detroit Department of Environmental Affairs ("DEA") are in the process of evaluating the extent and responsible parties for the contamination on the Bellview site.

The Bellview project will include mixed-use residential, office, commercial, retail and entertainment components. The redevelopment will include between 800 to 1000 housing units, approximately 300,000 square feet of commercial and retail space, a 150-200 room hotel and a 12 story signature building. Total investment for the project is estimated at over \$417,000,000.

Purpose of the Proposed Plan

The proposed plan is intended to accomplish the following purposes: Upon approval of this Plan by City Council, the Developer will be entitled under State Law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in their project. Secondly, this Plan anticipates the capture of tax increment revenues to reimburse the Developer for the costs of eligible activities under this plan in accordance with the reimbursement agreement.

Property Subject to the Proposed Plan

The property comprising the eligible property is located in Detroit's East Riverfront District on the east side of Detroit, bounded by Jefferson Avenue to the north, MacArthur Bridge to the east, the Detroit River to the south and Meldrum Street and Mt. Elliot Park to the west.

Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for an industrial purpose; (b) it is located within the City of Detroit, a qualified local government unit under Act 381; and (c) the Property is determined to be a facility as defined by Act 381.

Eligible Activities and Projected Costs

Many of the environmental issues at the site are interrelated with many of the geotechnical issues anticipated for the site. The significant environmental hazards will constrain the geotechnical aspect of the proposed development. These hazards include the presence of the following: (1) non-aqueous phase liquid (NAPL); (2) unacceptable fill and native soils; (3) historic foundations and other debris; (4) industrial waste residual products; and (5) existing and abandoned surface and subsurface infrastructure (utilities, roads, railroads). The "eligible activities" that are intended to be carried out at the Property are considered "eligi-

ble activities" as defined by Sec 2 of Act 381, because they include Environmental Assessments, due care activities, additional response activities, demolition, and lead and asbestos abatement. Eligible activities and budgeted costs are intended as part of the development of the property and are to be financed solely by the developer. The DBRA is not responsible for any cost of eligible activities and will incur no debt.

Tax Increment Financing (TIF) Capture

This Plan anticipates the capture of tax increment revenues to reimburse the Developer for costs of eligible activities under this Plan in accordance with the Reimbursement Agreement. The costs to be reimbursed under this Plan include \$80,102,000 reimbursement to the Developer for eligible activities, \$165,000,000 for project interest reimbursement and \$2,025,000 for DBRA Administrative fees.

Public Comments Received

The Committee's communication to the City Council and the Authority dated October 16, 2006 (Exhibit C), recommending approval of the Plan including the minutes of the public hearing held by the Authority and the Committee on October 16, 2006 are enclosed for the City Council's consideration.

Plan Review

The Bellview Project has been reviewed and received support from the City of Detroit Planning and Development Department, and the Michigan Economic Development Corporation.

Authority's Request

The Authority is respectfully requesting the following actions from the City Council:

After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

Far East Side Development Company, LLC is the project master developer and will complete or coordinate the eligible activities. The company is made up of four partners: Phoenix Group Consultants, Kimball Hill Homes, American City Vistas and U SNAP BAC. It is anticipated that the master developer, its affiliate companies and several other builders/developers will complete the eligible investments. The project consists of the development of over 700 single-family, townhouse style and multi-family residential units and eventually commercial development along the major thoroughfares.

The overall project is a massive restructuring (planning, infrastructure and repopulation) of an area bounded by Warren, Conner, Jefferson and the Grosse Pointe border. The overall project has been divided into several "neighborhoods" such as the 140 acre Fox Creek I neighborhood roughly bounded by Kercheval, Eastlawn, Jefferson and Alter. Future projects will be defined jointly by the developer(s) and the Authority. Tax increment revenue will be collected from all parcels identified in this plan for eligible activities. Total eligible investment for the overall project is \$107,500,000 with the initial eligible investment amount estimated at \$38,100,000.

Purpose of the Proposed Plan

The proposed plan is intended to accomplish the following purposes: Upon approval of this Plan by City Council, the

Secondly, this Plan anticipates the capture of tax increment revenues to reimburse the Developer for the costs of eligible activities under this plan in accordance with the reimbursement agreement.

Property Subject to the Proposed Plan

The property comprising the eligible property is divided into several project areas. Each project consists of a compact set of individual properties that are either blighted or adjacent and contiguous to a blighted parcel. Projects range in size from two parcels to approximately 80 parcels. The eligible property is located on the east side of Detroit, bounded by the Kercheval to the north, the border between Detroit and Grosse Pointe Park to the east, Jefferson to the south and either Eastlawn or the alley between Eastlawn and Newport to the west.

Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a commercial (or industrial) purpose; (b) it is located within the City of Detroit, a qualified local government unit under Act 381; and (c) the Property is determined to be blighted as defined by Act 381.

Summary of Eligible Activities and Description of Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include demolition, public infrastructure improvements, and site preparation. Eligible activities and budgeted costs are intended as part of the development of the property and are to be financed solely by the developer. The DBRA is not responsible for any cost of eligible activities and will incur no debt.

At its October 4, 2006 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On October 18, 2006, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

Project Introduction

The Property included in the NDC Project #1 brownfield plan is part of a larger project area known as the Jefferson Village Project area. The Jefferson Village Project area is a 97-acre site located in the South East sector of the City. It consists of a commercial development

fronting E. Jefferson Avenue called the "Shops at Jefferson Village" and a residential component called the "Homes at Jefferson Village," which is within the boundaries of a Neighborhood Enterprise Zone. The "Shops at Jefferson Village" will create approximately 133,000 sq. feet of retail space. In addition, between 375 and 400 homes are expected to be built in the "Homes of Jefferson Village" development.

The costs authorized by this Plan will be funded by the City in the form of direct expenditures incurred by the City or as advances or reimbursements to the Economic Development Corporation of the City of Detroit (the "EDC") or the Neighborhood Development Corporation of the City of Detroit (the "NDC") or Developer for costs under this Plan incurred by the EDC/NDC or Developer. The City will fund advances or reimbursements for costs of this Plan as part of its contribution to the project. The Authority will utilize tax increment revenues available under this Plan that the Authority authorized for use, to reimburse the City for funds expended by the City. Under the recently revised Brownfield Statute and the DBRA Guidelines, the NDC Project #1 would be eligible for consideration of interest as an eligible expense for reimbursement. The interest reimbursement amount of \$5,597,000 is a necessary component of this project and is requesting that the NDC Project #1 be amended to include this interest reimbursement.

Of these parcels, 146 parcels are currently owned by the City (the "City-owned Property") and 22 parcels are currently owned by private parties (the "Private-owned Property"). The parcels owned by private parties are each adjacent and contiguous to the City-owned Property.

Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a commercial (or residential) purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be blighted as defined by Act 381.

Summary of Eligible Activities and Description of Costs

Infrastructure improvements related to flood hazard mitigation associated with the Harding Canal will be installed, directly benefiting the Eligible Property. These infrastructure improvements related to flood hazard mitigation will include the construction of a seawall to prevent the spread of any soil or groundwater contamination that may be caused by flooding. The seawall and all necessary easements for either will be owned or held by the City of Detroit and are designed and dedicated for the protection of the health, welfare and safety of the public generally.

The new homes will range in size from 1,200 to 1,700 square feet and will be priced on average at \$175,000. Total project investment is estimated at over \$3,000,000.

Purpose of the Proposed Plan

The proposed plan is intended to accomplish the following purpose: Upon approval of this Plan by City Council, the Developer will be entitled under State Law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in their project. Secondly, this Plan anticipates the capture of tax increment revenues to reimburse the Developer for the costs of eligible activities under this plan in accordance with the reimbursement agreement.

In addition the façade will be repaired to its original condition. Total project investment is \$9,755,222.

Purpose of the Proposed Plan

The proposed plan is intended to accomplish the following purpose: Upon approval of this Plan by City Council, the Developer will be entitled under State Law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in their project.

Property Subject to the Plan

The Project is located at 1225 Woodward Avenue in Detroit's Merchant Row District just one block north of the new Campus Martius Park. The Property is located west of Woodward Avenue across from the former Hudson Building in Detroit.

Basis of Eligibility

The property comprising the eligible property consists of one parcel. 1225 Woodward Avenue is a functionally obsolete building. The building cannot be used for the function it was originally intended because the current configurations do not meet market demand for the original commercial purpose of the building, nor does it meet market demand for its future residential use.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined

by Sec 2 of Act 381, because they include environmental site assessment/BEA activities, interior demolition and lead and asbestos abatement. The eligible activities and budgeted costs are intended as part of the development of the Property and are to be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt.

Tax Increment Financing (TIF) Capture

The Plan will not capture tax increment revenues for financing costs of eligible activities under this Plan. Tax increment financing of the costs of eligible activities under this Plan will not take place and this Plan shall not have a negative impact upon the tax revenues of any taxing jurisdiction in which the eligible property is located.

Public Comments Received

The Committee's communication to the City Council and the Authority dated October 4, 2006 (Exhibit C), recommending approval of the Plan including the minutes of the public hearing held by the Authority on October 16, 2006 are enclosed for the City Council's consideration.

Plan Review

The Fowler Building project has been reviewed and received support from the City of Detroit Planning and Development Department and the Michigan Economic Development Corporation.

Other Development Incentives

The property included in this Plan will request additional project support through the Neighborhood Enterprise Zone (NEZ).

Planning & Development Department

October 12, 2006

Honorable City Council:

Re: Formal Request of the City of Detroit Planning & Development Department (P&DD), for Authorization to Apply for and Accept Department of Housing & Urban Development Department (HUD) Award for \$4 Million Lead Hazard Demonstration Grant.

This correspondence serves as a formal request in response to the City of Detroit's proposed application submission, under the 2006 "Notice of Funding Availability" (NOFA) Entitled "**Lead Hazard Demonstration Grant**", through the Department of Housing and Urban Development (HUD). This funding is administered through HUD's Office of Healthy Homes and Lead Hazard Control. **The grant application is for \$4 Million.** This is a three-year grant; effective date of the grant award is January 2007.

The purpose of the grant award is to assist the City of Detroit Planning & Development Department (P&DD), in its' continued efforts of providing grant funding assistance to families and children "at risk" for lead-based paint poisoning. The following essential services will be assisted through the grant award: case management services, referral coordination, community education and awareness, outreach and testing programs, property inspection/assessments, performance of lead hazard control measures in single-family owner-occupied housing and rental properties (1 to 4 units), and also providing temporary relocation assistance for rental tenants, during the three (3) year grant period. The funding is also essential relative to supporting the City's Strategic Plan to Eliminate Childhood Lead Poisoning by 2010, currently coordinated through the Department of Health and Wellness Promotion.

We are hereby requesting authorization to apply for and accept this grant award.

Sincerely,
DOUGLASS J. DIGGS
Director

ROGER SHORT
Finance Director

By Council Member Collins:

Whereas, The City of Detroit is challenged by a rate, three to four times higher than any city in the State of Michigan, ranking Detroit's seventh nationally for childhood lead-based poisoning, and even more glaring is the troubling statistics which document that in some areas of the City, one in every five children has lead poisoning, according to the Center of Disease Control (CDC).

Whereas, The City of Detroit Planning & Development Department (PDD) respectfully request permission from Honorable City Council to submit an application for grant funding assistance, under the current HUD sponsored Notice Of Funding Availability (NOFA): Lead-Based Paint Hazard Reduction Demonstration Grant by October 31, 2006.

Whereas, The City of Detroit, through its Planning & Development Department (PDD) was selected in 2004 to receive a 42-month, \$4 million dollar Lead Hazard Reduction Demonstration Grant Award to assist the City in its ongoing efforts to combat lead-based paint poisoning in our children. The Department is currently at the midway point, relative to successfully spending and processing grant funding assistance for families at risk for lead poisoning.

Whereas, The Planning & Development Department request formal authorization to both apply for and receive grant funding in the amount of \$4 million to continue and extend our current efforts in addressing the health challenges associated with lead-based paint poisoning through lead remediation and hazard control, in coordination with the City's overall strategic plan efforts to eliminate childhood lead poisoning by 2010.

Re: Application for (14), Neighborhood Enterprise Zone Certificates for Indian Village/11 (Recommended Approval).

The Finance Assessments Division has received (14) applications for the Homestead Facilities Neighborhood Enterprise Zone certificates in the Indian Village/11 area. The Homestead Facilities Neighborhood Enterprise Zone (NEZ) designation for Indian Village/11 was approved by your Honorable Body on July 28, 2006. The Finance Assessments Division has reviewed the applications and recommends approval.

Homestead Facilities NEZ certificates are being requested for the following addresses attached to this memorandum. The properties have all been confirmed as being within the boundaries described above and should be eligible for the Homestead Facilities NEZ certificates as stipulated under the State Public Act 147 of 1992 as amended in 2005. The properties listed are homestead established properties and it is imperative that each homeowner file for a Primary Residence Exemption to establish their homestead.

The State Tax Commission will issue the Homestead Facilities NEZ certificates to homeowners who have been identified and filed an application. The Finance Assessments Division staff, therefore recommends that the City Council pass a resolution to establish the properties listed as qualified in the designated area.

Planning & Development Department
October 18, 2006

Honorable City Council:
Re: Formal Request of the Planning and Development Department (P&DD), for the authorization to encumber \$1.5 million in General Obligation Bonds to support the East Jefferson and Burns Drive Gateway Infrastructure Improvements.

The Planning and Development Department (P&DD) is requesting the authorization of your Honorable Body to utilize General Obligation Bond funds to support the much needed public right of way upgrades and infrastructure improvements, in the area generally surrounding the East Jefferson and Burns Drive projects, enhancing the public area around both the planned restoration of the River Park Village Senior Apartments (the "Whittier") and the Erma Henderson Park.

The site improvements will include, but may not be limited to, the following project activities: 1.) Improved and upgraded lighting, 2.) New sidewalks and street paving upgrades, including curb cuts in compliance with ADA (Americans with Disabilities Act) requirements, 3.) Water and sewer upgrades, 4.) Landscaping and beautification to public areas on Burns Drive/East Jefferson, and 5.) Public bus shelter installation on East Jefferson. P&DD has identified as the bond-funding source, a portion of the encumbered funds for the previously approved Chalmers Heights, LLC infrastructure project, contract CPO #2672074. The total amount of this contract is \$2.6 million. Funds for this project have not been utilized and are available for transfer to the proposed new use at the above referenced Burns Drive/East Jefferson area. The Chalmers Heights LLC and the City have agreed to un-encumber an amount of \$1.5 million that can support these public improvement infrastructure activities.

This Honorable Body recently approved the P&DD's request to receive the transfer of \$1 million in HOME loan funds from MSHDA to cover the last funding gap, which was necessary to support the renovation and restoration of the River Park Senior (the "Whittier") project. These public improvements will enhance the surrounding neighborhood and have a substantial targeted impact on this entire area.

Therefore, the P&DD respectfully requests that the Honorable City Council

approve and adopt the attached resolution, with a waiver of Reconsideration. This resolution will provide the authorization for P&DD to un-encumber \$1.5 million of the \$2.6 million currently encumbered in the Chalmers Heights, LLC infrastructure contract and obligate this \$1.5 million to provide public infrastructure improvements.

Respectfully submitted,
DOUGLASS J. DIGGS

Director of Development Activities

Approved:

FLOYD STANLEY

Deputy Budget Director

ROGER SHORT

Finance Director

By Council Member Collins:

Whereas, The Planning and Development Department has identified much needed public right of way improvements for the area of Burns Drive and East Jefferson.

Whereas, The City of Detroit Planning and Development Department (P&DD) has provided project funding assistance for the River Park Village Senior Apartments (the "Whittier"), under the HOME Investor Loan Program in support of the new restoration and renovation of 120 one and two bedroom affordable rental housing units for seniors.

Whereas, The Whittier project site on East Jefferson at Burns Street has been vacant and an eyesore in a formerly robust and stately historic housing complex.

Whereas, Even though HOME loan assistance has been provided together with additional funds from public and the private sector investors, the funds were insufficient to address the gap funding required to complete this proposed project.

Whereas, This past September, 2006, the Michigan State Housing Development Authority (MSHDA) approved a loan in the amount of \$17.6 million in Tax-exempt Bond financing to support this project.

Whereas, MSHDA also agreed to transfer and loan an additional \$1 million in federal HOME funds to assist in closing the gap.

Whereas, \$1.5 million will be required to complete the infrastructure improvements in the public right-of-way.

Whereas, P&DD has identified \$1.5 million that is currently available in an existing contract for the Chalmers Heights Development, LLC in the amount of \$2.6 million. These funds are General Obligation Bonds which are eligible to be used to support public infrastructure improvements.

Whereas, P&DD is herein formally requesting that the Detroit City Council approve and adopt this resolution, with a Waiver of Reconsideration, in support of the public improvements.

Now Therefore Be It

Resolved, That the Honorable Detroit City Council grant the authorization to the City of Detroit, through the Planning and Development Department, to un-encumber \$1.5 million of the \$2.6 million contract currently in place in the Chalmers Heights Development, LLC contract (CPO #2672074) so that these funds, in the amount of \$1.5 million can be utilized to support the public infrastructure improvements required for the Burns Drive/East Jefferson area. If the cost for these improvements completed is less than \$1.5 million, the balance will be returned to the Chalmers Heights LLC contract.

Adopted as follows:

Yeas — Council Members S. Cockrel, Collins, Conyers, Jones, Kenyatta, Reeves, Tinsley-Talabi, Watson, and President K. Cockrel, Jr. — 9.

Nays — None.

Honorable City Council:

Re: Application for (14), Neighborhood Enterprise Zone Certificates for Bagley/25 (Recommended Approval).

The Finance Assessments Division has received (14) applications for the Homestead Facilities Neighborhood Enterprise Zone certificates in the Bagley/25 area. The Homestead Facilities Neighborhood Enterprise Zone (NEZ) designation for Bagley/25 was approved by your Honorable Body on July 28, 2006. The Finance Assessments Division has reviewed the applications and recommends approval.

Homestead Facilities NEZ certificates are being requested for the following addresses attached to this memorandum. The properties have all been confirmed as being within the boundaries described above and should be eligible for the Homestead Facilities NEZ certificates as stipulated under the State Public Act 147 of 1992 as amended in 2005. The properties listed are homestead established properties and it is imperative that each homeowner file for a Primary Residence Exemption to establish their homestead.

The State Tax Commission will issue the Homestead Facilities NEZ certificates to homeowners who have been identified and filed an application. The Finance Assessments Division staff, therefore recommends that the City Council pass a resolution to establish the properties listed as qualified in the designated area.

**COMMUNICATIONS FROM:

October 27, 2006

Honorable City Council:

Re: Jefferson Meadows. Payment in Lieu of Taxes (PILOT).

Jefferson Meadows is an existing 83-unit housing complex, which was built in 1990 and is currently paying a PILOT Service Charge. MSHDA is offering tax-exempt preservation lending to extend the affordability, viability and livability of existing developments. PSL Holdings, LLC, the General Partner, is involved in a transaction with MSHDA to acquire and refinance the development with taxable bond financing and the assumption of the existing HOME loan. They have also been awarded a reservation for Low Income Tax Credits.

The exterior renovations will consist of: replacement of worn wood and vinyl siding, landscape upgrade and installation of a front security gate. The interior renovations will include replacement of carpeting, ceramic tile flooring, new kitchens and baths. The common areas will receive new paint, carpeting, improved lighting. In addition, the developer intends to add a medical exam/fitness room and beauty/barber salon.

Nine (9) of the units must be available for occupancy by households whose incomes do not exceed 30% of the area medium income, adjusted for family size. Nine (9) of the units must be available for occupancy by households whose incomes do not exceed 35% of the area medium income, adjusted for family size. Seventeen (17) of the units must be available for occupancy by households whose incomes do not exceed 40% of the area medium income, adjusted for family size. Forty-eight (48) of the units must be available for occupancy by households whose incomes do not exceed 60% of the area income, adjusted for family size.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of 4% of the net shelter rent.

Respectfully submitted,

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

City Planning Commission

October 24, 2006

Honorable City Council:

Re: Recommendations for five (5) appointments to the Citizen Review Committee (Recommend Appointments).

There are currently four (4) vacancies on the Citizen Review Committee (CRC) due to the expiration of the terms of Karriem Muhammad, William Ware, Tracey Marks, and Shawn Smith on June 30, 2006. A fifth vacancy is a result of the resignation of Diantha Tillman, who was reappointed last year. The City Planning Commission (CPC) has interviewed candidates and is recommending five persons to fill these vacancies. The vacancies are for four terms that will expire on

June 30, 2009 and one term that will expire on June 30, 2008.

Staff of the City Planning Commission solicits applications through a city-wide mailing every two years. The most recent applications were solicited on September 13, 2006 and a total of 41 applications were received. Planning Commission staff reviewed these applications and selected eight new candidates and four incumbents to be interviewed. Applicants were selected based on their grass-roots community involvement, their history of involvement in community development issues, and their understanding of grant applications and of the Neighborhood Opportunity Fund (NOF) proposal review process. As has been the custom, the 29 remaining candidates' applications, as well as the seven not recommended by the Commission, will be placed on file and possibly considered for interviews for next year's vacancies.

The City Planning Commission interviewed twelve persons at the October 5, 2006, Commission meeting. The City Planning Commission is recommending that incumbents Karriem Muhammad, William Ware, Tracey Marks, and Shawn Smith each be reappointed to each serve for three-year terms ending on June 30, 2009. The Commission is also recommending that Sister Eileen Lantzy be appointed to serve the remaining term of Diantha Tillman, which will end on June 30, 2008.

- Mr. A. Karriem Muhammad, 5730 Harvard Rd., has completed his fourth term on the CRC and has been a member of the CRC since 1994; he currently resides in the Southeast Detroit area.

- Mr. William Ware, 15544 Linwood, has completed his fourth term on the CRC and has been a member of the CRC since 1994; he currently resides in the North Central Detroit area.

- Ms. Tracey Marks, 2990 West Grand Blvd., has completed her first term on the CRC and has been a member of the CRC since 2003; she currently resides on the west side of Detroit.

- Mr. Shawn Smith, 2771 Larned, Apt. 104, has completed his first term on the CRC and has been a member of the CRC since 2003; he currently resides in Downtown Detroit.

- Sister Eileen Lantzy, 9200 W. Vernor, #144, is a new applicant and resides in the Southwest Detroit area.

Recommendation

The City Planning Commission recommends that Karriem Muhammad, William Ware, Tracey Marks, and Shawn Smith be appointed to serve as members of the Citizen Review Committee for three-year terms ending June 30, 2009. The commission also recommends that Sister Eileen Lantzy be appointed to serve as a member of the Citizen Review Committee

for a term ending on June 30, 2008. The appropriate resolution is attached for your consideration.

Economic Development Corporation of the City of Detroit

October 24, 2006

Honorable City Council:

Re: Detroit Downtown Transit Center
 Second Amended and Restated
 Project Plan.

The Downtown Transit Center Project (the "Project"), also known as the Rosa Parks Transit Center Project, is being undertaken by the Economic Development Corporation of the City of Detroit (the "EDC") and will involve the development of a new downtown transit center that will serve as the downtown terminal for the Detroit Department of Transportation ("DDOT") bus routes, interface with the People Mover system and provide for private commercial services appropriate to the needs of transit users and others in the downtown area.

DDOT has requested that the EDC make a second amendment to the Amended and Restated Project Plan that is the basis for the EDC participation in the development of the Downtown Transit Center Project. The Second Amended and Restated Project Plan provides for development of a building to house central administrative functions of DDOT. The EDC Board of Directors has approved and requests that your Honorable Body approve a Second Amended and

Restated Project Plan consistent with the request of DDOT.

Background Information

On September 11, 2002, the EDC Board of Directors adopted a Resolution requesting your Honorable Body to designate the Project District Area and Project Area for the Project pursuant to Act 338, Public Acts of Michigan, 1974, as amended ("Act 338"). Moreover, pursuant to Section 4(2) and 4(3) of Act 338, the EDC requested the Mayor to appoint two additional Directors to the EDC Board who shall serve for the duration of the Project and who will be representative of the neighborhood residents and/or business interests likely to be affected by the Project. Subsequently, on October 9, 2002, your Honorable Body approved the establishment of the Project District Area and the Project Area and confirmed the Mayor's appointment of two additional Directors to the EDC Board.

Pursuant to Act 338, the EDC prepared a Project Plan. The Project Plan was approved by the EDC Board of Directors on October 23, 2002, by the City Planning Commission with recommendations for amendments on November 25, 2002 and by your Honorable Body including the amendments on December 19, 2002.

During the ensuing months, the DDOT employed a consultant, Parsons Brinkerhoff, to develop a detailed program for the Center and, with DDOT, to reevaluate the concept for the site layout and for building plans of the proposed Downtown Transit Center.

Based on analysis by Parsons Brinkerhoff and DDOT, DDOT determined that the Transit Center can be developed on a smaller site than originally anticipated. DDOT, therefore, requested the EDC to amend the Project Plan to reflect a reduced size for the Transit Center, a smaller site and Project area, fewer parcels of property to be acquired and a lower cost for the Project. Pursuant to Act 338, the EDC prepared an Amended and Restated Project Plan that was approved by the EDC Board of Directors on January 22, 2004 and by your Honorable Body on February 25, 2004.

Background for This Second Amendment

The DDOT, assisted by its consultant Parsons Brinkerhoff, has analyzed means to enhance the DDOT central administrative functions and has determined that it is appropriate to develop a new Central Administrative Building for DDOT at a downtown location in proximity to the Downtown (Rosa Parks) Transit Center. DDOT has sought and been granted federal funds for this additional development. DDOT, therefore, requested the EDC to make a second amendment to the Amended and Restated Project Plan to expand the Project area to include an

additional parcel of property to be acquired for the site of the proposed Central Administrative Building.

The Project, as revised in the Second Amended and Restated Project Plan, is located in the area generally bounded by W. Grand River Avenue on the north, Park Place, State Street and Washington Boulevard on the east, Michigan Avenue on the south and Cass and Time Square Street on the west.

One block is being added to the Project Area. The one added block is bounded by Park Place, State Street, Washington Boulevard and Michigan Avenue containing one surface parking lot owned by the Detroit Transportation Corporation, a portion of the People Mover Maintenance Facility also owned by the Detroit Transportation Corporation and one seven floor retail and office structure that is vacant but for three retail shops on the ground floor and that is addressed as 1101 Washington Boulevard (commonly known as the "Gateway Building"). It is the property addressed at 1101 Washington Boulevard that is proposed for acquisition.

The Project District Area including properties in the neighborhood surrounding the Project remains unchanged.

Attachment 1 to this letter shows the Second Amended Project Area boundary and the original-to-remain Project District Area boundary.

Attachment 2 to this letter shows the previous Amended Project Area and original-to-remain Project District Area boundaries.

Pursuant to Act 338, the EDC has prepared a Second Amended and Restated Project Plan that sets forth the requisite information including but not limited to the location of the proposed Project, the description of the existing and proposed site improvements, the estimated time of completion and the proposed method of financing. The Second Amended and Restated Project Plan was approved by the EDC Board of Directors on October 24, 2006.

Actions Requested of City Council

The EDC hereby submits to your Honorable Body the attached Second Amended and Restated Project Plan (Exhibit A-1), and a black lined copy showing changes from the previous Amended and Restated Project Plan (Exhibit A-2), for review and consideration and respectfully requests the following subsequent actions:

Honorable City Council:

Re: Establishment of the Rutland/Outer Drive Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description

which will establish the Rutland/Outer Drive Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on September 21, 2006 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall the People First Community Outreach & NPHC, proposes to invest \$5.5 million to construct 24 market rate residential dwellings. The average unit price will be \$160,000.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing was September 20, 2006 and we therefore recommend that you approve the resolution at your next regular formal session.

Respectfully submitted,
DOUGLASS J. DIGGS
Director

By Council Member Kenyatta:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Rutland/Outer Drive NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

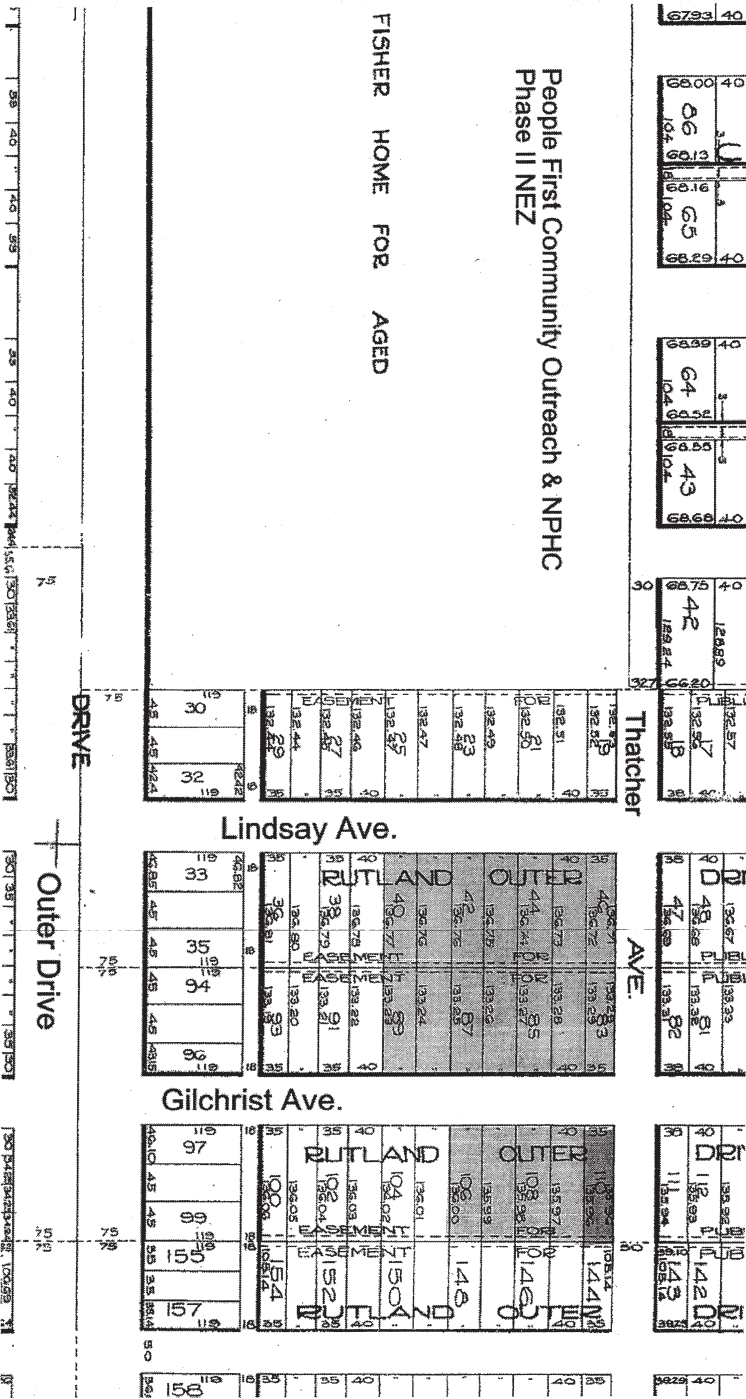

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Rutland/Outer Drive NEZ was conducted before the Detroit City Council on September 21, 2006, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Rutland/Outer Drive NEZ are known:

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Rutland/Outer Drive NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Honorable City Council:

Re: Public Hearing on the Establishment of the East Lafayette Village Neighborhood Enterprise Zone as Requested by the Messiah Housing Corporation in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the East Lafayette Village Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an *ad valorem* tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to construct 488 units at an estimated cost of \$21 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration, please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,

By Council Member Reeves:

Whereas, Pursuant to Public Act No. 147 of the Public Acts of 1992 ("the Act") this City Council has the authority to establish "Neighborhood Enterprise Zones (NEZs)" within the boundaries of the City of Detroit; and

Whereas, The Church of Messiah Housing Corporation has requested establishment of the "East Lafayette Village" NEZ whose boundaries are par-

ticularly described in Exhibit A (legal description) and illustrated in the map attached hereto; and

Whereas, The Act requires that, prior to establishing an NEZ, the City Council shall provide an opportunity for a Public Hearing on such establishment, at which Public Hearing representatives of any taxing authority levying *ad valorem* taxes within the City, or any other resident or taxpayer of the City of Detroit may appear and be heard on the mater.

Now Therefore Be It

Recreation Department

September 20, 2006

Honorable City Council:
Re: Reprogramming of DRD's 2006-07 Capital Budget.

The Detroit Recreation Department (DRD) would like to request that the 2006-07 Capital Bond Fund allocation of \$10,000,000 in 391435 be reprogrammed for use at the Northwest Activities Center (NWAC). These funds were initially approved in the DRD's 2006-07 Capital Budget for use in building a new Community Recreation Center on the City's west side. To complete new construction of a Community Recreation Center of roughly 50,000 square feet, the DRD would have to obtain at least a \$14,000,000 project budget according to the DRD's Strategic Master Plan.

As you aware, the DRD is already in process of renovating the NWAC to accommodate the Department's headquarters and administrative offices. The DRD believes that it would be in the City's best interest to increase the scope of this project by using the 2006-07 Capital allocation of \$10,000,000 to renovate and develop NWAC into a Regional Recreation Center. Based on the demographic information contained in the DRD's Strategic Master Plan, the surrounding area of NWAC has the highest marks for initiating a development of this magnitude and nature. In addition, the NWAC contains 150,000 square feet of space suitable for the prototype requirements of a Regional Recreation Center.

Reprogramming the funds for use at the NWAC serves Detroit (1) by expanding the Center's service area to accommodate the increased recreational programming needs of west Detroit due to the closing of two recreation centers in the nearby area, and (2) by getting the most out of the DRD's Capital Budget by increasing the services offered at NWAC and renovating an existing Center that is already under construction.

Those who knew and loved Frank Sewell will remember him as a spiritualist, philosopher, medicine man and dedicated father. He was born in the South at the time when the United States still lived in the shadows of slavery. His commitment took root in 1932 when he was struggling to recover from a deadly infection that almost took his life. COMMUNICATIONS BY:

Mayor's Office

November 6, 2006

Honorable City Council:

Re: Resolution and Subpoenas on Behalf of the City Council Regarding the Ticketing and Harassment of Mrs. Melanie Faison and Ticketing of Mr. Mile Faison for Street Vending.

On Friday, October 27, 2006 at your Adjourned Session your Honorable Body adopted a resolution authorizing the issuance of subpoenas on behalf of the City Council pertaining to the alleged harassment and ticketing of Mrs. Melanie Faison and ticketing of Mr. Miles Faison by the Detroit Police Department on October 14, 2006 and October 22, 2006 while vending in the area of Woodward Avenue and Sibley Street.

In the resolution your Honorable Body indicated that you previously requested there be a moratorium on the issuance of tickets to street vendors selling merchandise. This request emanated as a result of the Committee of the Whole Meeting on October 13, 2006. The discussion was relative to vending outside the Central Business District. Given the lack of clarity

of the Detroit City Codes regarding vending outside the Central Business District we agreed to a moratorium on issuing tickets outside the Central Business District.

As referenced in the resolution, Mrs. Melanie Faison and Mr. Miles Faison were ticketed for vending without a license in the area of Woodward Avenue and Sibley Street in Detroit, Michigan. As previously stated, on Monday, October 16, 2006 at the Committee of the Whole Meeting your Honorable Body was informed that the area of Woodward and Sibley is within the Central Business District and no resolution for a moratorium would supercede the current code.

Such action to subpoena the Chief of Police is unwarranted as we were clear in our communication on this matter.

It is for this reason; I veto the above referenced resolution.

Sincerely,

KWAME M. KILPATRICK

Mayor

Received and placed on file.

Finance Department Assessment Division

October 27, 2006

Honorable City Council:

Re: Southwest Housing Partners 11 — Payment in Lieu of Taxes (PILOT).

Southwest Solutions Corporation, the sponsor has formed Southwest Housing Partners 11, Inc. Limited Dividing Housing Association Limited Partnership. The partnership is rehabilitating two apartment buildings consisting of 40 units located at 1250 Hubbard and 2134 Hubbard. The project will have 9 3-Bedroom 1-bath units, 13 2-Bedroom 1-bath units, and 18 1-Bedroom units.

Financing for the development will be

through: Chase Bank with a loan of \$400,000 at 7.28% for 30 years; General Partner Capital Contribution of \$84,925, a grant of \$50,000 from Neighborworks Association, Deferred Developer Fee and Low Income Tax Housing Tax Credits for a total development cost of seven million two hundred thirty-one thousand nine hundred eighty-one dollars (\$7,231,981).

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996 (P.A. 346, as amended, MCLA 125.1415A).

At least forty-percent (40%) or 16 of the units must be occupied by households with incomes no greater than 60% of the area median income adjusted for family size. The developer proposes rent levels targeting 26% of the units at or below 30% of the area median income; 44% at or below 40% of the area median income and 30% at or below 50% of the area median adjusted for family size. These income restrictions will be in effect for the time required under the Low Income Housing Tax Credit Program.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge for this housing project of: the lesser of the tax on the property before rehabilitation commenced or 10% of the annual net shelter rents obtained from the project.

Respectfully submitted,

J. CASTONE

Assessor

Honorable City Council:

Re: Karen Pipkins vs. City of Detroit. Case No.: 05-515899 NO. File No.: A19000.003040 (YRB).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that the City should agree to the entry of an Order of Dismissal and enter into an Agreement to Arbitrate on the terms and conditions set forth in the following resolution.

We, therefore, request authorization to agree to entry of an Order of Dismissal and to enter into an Agreement to

Arbitrate on the terms and conditions set forth in the following resolution and, upon certification by the Law Department that the arbitrators have announced a decision requiring the City to pay a designated sum to the Plaintiff, that your Honorable Body direct the Finance Director to issue a draft payable to Karen Pipkins and her attorneys, Robert S. Drazin & Associates, in the amount the City is to pay the Plaintiff pursuant to the arbitrators' decision, but said draft may not be less than Zero Dollars (\$0.00) and shall not exceed Twenty-Five Thousand Dollars (\$25,000.00).

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the terms of the Consent Judgment is in the best interest of the City of Detroit.

By Council Member Watson:

Resolved, That the Law Department is hereby authorized to accept the terms of the Consent Judgment entered in United States District Court Case No. 05-72328, the terms of which are as follows:

RECITALS: The plaintiff City of Detroit

filed this action to clear title to certain real estate located at 1942 Grand River Avenue, Detroit, Michigan, more fully described as:

A triangular piece of land bounded by Cass, Grand River and Adams Avenue, Plat of the subdivision of part of the Cass Farm North of Grand River (Blocks 73 to 78, inclusive) as recorded in Liber 1, page 74 of Plats, Wayne County Records. Ward Item: 02-361

(the "G.A.R. Building"),

The Defendants Daughters of Union Veterans of the Civil War, 1861-1865, Sarah M. W. Sterling Tent No. 3, Sons of Union Veterans of the Civil War, Ulysses S. Grant Camp No. 101, and Daughters of Union Veterans of the Civil War, Michigan Department counterclaimed, alleging, *inter alia*, that State of Michigan Monumental Buildings Act, MCL 35.851 et. seq. (the "Monumental Buildings Act") requires that the City maintain the G.A.R. Building as a memorial to those who served in the armed forces of the United States during the Civil War. The City vigorously contests this claim;

The parties succeeded in reaching a settlement in this action without waiving their respective viewpoints as to the construction of MCL 35.851 by devising an agreement which the Defendants specifically affirm to constitute compliance with the statute. The parties placed the following terms of their settlement agreement on the record in Federal Court at that time, and the same terms are in the G.A.R. Building, regardless of the location of such items in the new Developer/Owner's development plan.

2. The Defendants' Notices of Claim of Interest recorded at Liber 31171, Page 364; Liber 31437, Page 141; and Liber 31740, Page 132 shall be discharged upon the recording of a Deed from the City of Detroit to a Developer/Owner containing the following reservation of easement:

This conveyance reserves an easement to the Grantor for the purpose of construction and maintenance of a memorial exhibit in the lobby of the premises commemorating the sacrifices of those who served in the armed forces of the United States during the Civil War in compliance with MCL 35.851. The Daughters of Union Veterans of the Civil War 1861-1865, Sarah M. W. Sterling Tent No. 3, Sons of Union Veterans of the Civil War, Ulysses S. Grant Camp No. 101, and Daughters of Union Veterans of the Civil War, Michigan Department and the Grantor shall have access, ingress and egress as reasonably necessary to construct and maintain a permanent memorial.

3. Defendants may provide qualified volunteers to assist the Plaintiff and the Detroit Historical Society in cataloguing

all Civil War Era artifacts and records in the City of Detroit's possession which are owned by the City of Detroit. Defendants will reimburse the Detroit Historical Society for extraordinary supervisory expenses incurred in supervising these volunteers, provided these volunteers receive reasonable access to the Civil War Era records and artifacts.

4. The parties shall record this Consent Judgment with the Wayne County Register of Deeds. This Court retains jurisdiction to enforce this Consent Judgment. Except for the relief specifically provided by this Consent Judgment, all claims hereby approved by this Honorable Body:

TERMS:

1. Plaintiff City of Detroit will attempt to develop the G.A.R. Building by sending out a Request for Proposal ("RFP") for this veterans' memorial building on a national basis, including circulation and/or publication in cooperation with any reputable historic preservation organization identified by Defendants. Such RFP, and any other future development agreement or conveyance by the City of Detroit of an interest in the G.A.R. Building, of any kind or nature, will provide that the rights of any Developer/Owner will be subject to and restricted by the terms of a Development Agreement and corresponding Deed, and an Easement reserved in the City of Detroit and the Defendants' favor, for the purpose of installing and maintaining a public veterans' memorial exhibit in the lobby. The Development Agreement and corresponding Deed will specifically include a Reverter Clause providing that, in the event the Developer/Owner fails to abide by the Easement or cooperate with the construction and maintenance of the memorial exhibit, then the G.A.R. Building will revert to the City of Detroit. The Development Agreement and corresponding Deed will further require the Developer/Owner to:

a) comply with all requirements applicable to the renovation or restoration of a structure listed on the National Register of Historic Places; b) restore and preserve the mosaic tile floor in the G.A.R. Building lobby which includes the Grand Army of the Republic Eagle and other symbols; c) preserve the Memorial cornerstone on the exterior of the G.A.R. Building; and, d) refurbish and preserve any other plaque or common element currently affixed or imbedded that were or could have been joined by any party are released, waived and dismissed with prejudice.

Request To Cancel Property Taxes
For 8421 Mettetal Ward 22 Item No.
60795.

This letter is to request cancellation of the 1991 through 2002 taxes for the above-referenced property.

Petitioner, West Town Homes 1, L.L.C. (a joint venture with Community Planning Association, a Michigan 501 (c)(3) corporation and Urban Entity Group VI, L.L.C.) purchased the subject property from the Michigan State Housing and Development Authority (MSHDA) July 15, 2003. The City of Detroit taxes for 1991 to 2002 were not canceled, even though the property was obtained by MSHDA through tax reversion. Pursuant to MCL 211.67a, property taxes are canceled as a matter of law when the state takes title through tax reversion.

The City Code §18-9-8 provides that the City Council, with a two thirds majority vote, may vacate an assessment if it deems the assessment unjust.

Should City Council deem the assessment unjust, pursuant to City Code §18-9-8, the attached resolution may be used to waive the tax assessments for 1991 through 2002.

Honorable City Council:

Re: Request of Detroit Entertainment, LLC (d/b/a MotorCity Casino) to modify the approved exterior design for a casino complex in an SD5 (Special Development District for Casinos) zoning classification on land generally bounded by Grand River, Elm, Trumbull, Spruce, Brooklyn and the Lodge Freeway (Recommend Approval).

NATURE OF REQUEST

Detroit Entertainment, L.L.C. (d/b/a MotorCity Casino) has requested review and approval of a modified exterior design proposal for its permanent casino complex. This request is pursuant to the provisions of the SD5 (Special Development District for Casinos) zoning classification, which provide for modifications to approved development proposals in the zoning district. The subject property, bounded by Grand River, Elm, Trumbull, Spruce, Brooklyn and the Lodge Freeway, was rezoned via two separate actions of the City Council — the first in April of 2005 and then again in November. The development proposal was also approved with two corresponding actions. According to the provisions of the SD5 zoning classification, a change in the character of the development constitutes a major modification to the development and therefore requires a public hearing and action by City Council.

PROPOSED MODIFICATION

MotorCity Casino has rethought and revised the concept for the exterior of the casino complex. The proposed modifications are intended to reflect an automotive theme and honor certain aspects of the Wonder Bread Bakery building. The new proposal utilizes a revised pallet of building materials and automotive design cues to achieve this vision (please see attached drawings). Brick, glass and metal, in place of precast concrete, are dominant and key to this new expression. The interior of the casino has always reflected the Motor City theme in this way along with other complimenting concepts. The new proposal extends that thinking to the exterior.

The previously approved components of the casino complex are generally the same; approximately 100,000 square feet

of gaming area is provided, along with a 17-story 400 room hotel, approximately 67,000 square feet of convention/event space including a 1,200 seat multi-use theater space, related uses (restaurants, bars, other entertainment, conference space, administrative offices, etc.) and parking facilities (existing and a new 4-story 4,140 space parking structure) and surface parking lots.

PUBLIC HEARING RESULTS

At its September 7, 2006 meeting, the City Planning Commission held a public hearing on the proposed modification. Two persons spoke in support of proposed modifications.

ANALYSIS

Over the course of the past four years, the vision for the exterior appearance of the permanent casino has evolved — going from a modernistic white box with applied graphics to a gray, more industrial or post-modern look with the lighting and energy of Las Vegas. Automotive designer Chip Foose, who was recently added to the design team, generated the new concept. The new concept employs building materials, features and detailing evoking mid-twentieth century automotive styling with a contemporary edge. Previous concepts called for the complete covering of the Wonder Bread Bakery Building. This new concept highlights and builds upon the original architectural features of the bakery building at the corner of Temple and Grand River.

The casino building (the former Wonder Bread Bakery Building expanded), the valet building and the food service and conference building (the former Continental Bakery Building expanded) appear quite different from the previous vision. Brick masonry anchors the buildings to the site, building upon the original materials of the two bakery structures. As the facade rises, the brick is integrated with bands of metal and eventually gives way entirely to metal panel, evoking the sleek automotive theme of this proposal. This new facade is further accented with signage and features of glass, metal, and other materials as well as complementary lighting to complete the new image.

The valet building employs a rocket-like taillight feature as the enclosure for the stair tower at Brooklyn and Temple internal to the site. This is probably the most extreme and literal feature of the new automotive design theme.

The casino building will also receive an additional historical enhancement at the corner of Grand River and Temple. The entablature (a decorative cap treatment on the roof), which was part of the original construction and removed decades ago, will be rebuilt to define the corner and establish the new signature image of the casino. This feature will also be replicated with the hotel as described below. Above

this reconstruction, the design would be completed with a glass and metal screen wall and roof feature that would also carry signage.

The hotel building retains the general layout and configuration as previously approved. The gently bowed glass curtain wall remains the dominant feature of the north and south facades. The elevator cores at the east and west ends of the tower were previously to be clad in pre-cast and metal panels. The revised concept calls for brick masonry cladding, drawing from and complementing the other structures. The design of the eastern elevator core also emulates the entablature to be recreated at the Grand River/Temple corner of the casino building. This feature, along with sweeping lines of the auto inspired metal roof, combine to make an intriguing mix of historical and contemporary building elements.

RECOMMENDATION

The City Planning Commission recommends approval with the conditions that:

1. that the developer continue to work with City Planning Commission staff, the Planning and Development Department and other agencies as appropriate toward the refinement and finalization of the design of the casino complex;
2. that on-site lighting features be designed and oriented in such a way as to eliminate intrusive spillover of light onto adjacent properties;
3. the site be kept in a neat and orderly fashion, keeping dust and debris under control during all phases of construction until completion; and
4. site plans, elevations, signage, lighting and landscaping plans be submitted to CPC staff and the Planning and Development Department for review and approval prior to the application for applicable permits.

The approval should be granted with the understanding that the developer continues to work toward exceeding the employment requirements contained in the development agreement, both for construction as well as the operation of the casino.

The appropriate amendatory ordinance is attached for your consideration.

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 24 of the 1984 Detroit City Code, 'Health and Sanitation', by Amending Article 10 to Codify the Requirements for the Testing of Children More than Six (6) Months of Age for Elevated Lead Blood Levels at Certain Age Intervals, to Revise the Provisions Concerning Lead Poisoning Controls, Including the Use of Lead-based Paint, and to Make this Article Commensurate with Federal and State Law.

Pursuant to the applicable provisions of the 1997 Detroit City Charter, the above-referenced proposed ordinance is being submitted to your Honorable Body for consideration and approval.

This proposed ordinance amends Chapter 24, Article X, of the 1984 City Code to add and modify provisions concerning environmental risk assessment, lead-poisoning prevention, reduction of lead hazards and abatement of lead hazards, and to clarify the provision governing the termination of tenancy to avoid

compliance with this article.

The Department of Health and Wellness Promotion met extensively with members of the Detroit Lead Partnership. As result of those meetings, all participants reached consensus and agreed to the language in this revised proposed ordinance. In addition, this ordinance is consistent with the new State of Michigan Child Care Rules that will require licensed Child Care Centers located in buildings built before 1978, to have a lead risk assessment performed by a certified lead hazards assessor, to have identified lead hazards properly addressed, and to have the report kept on file at the center. This proposed ordinance provides much needed updates and enhancements to the City Code, and supports Department of Health & Wellness Promotion efforts to eliminate this preventable hazard threatening our children. Amending Chapter 24, Article X, is an essential goal of the City of Detroit Strategic Plan to Eliminate Childhood Lead Poisoning by 2010.

We are available to answer any questions that your Honorable Body may have concerning this proposed ordinance. Thank you for your consideration.

Honorable City Council:

Re: Public Hearing on the Establishment of the Kercheval/McClellan (a.k.a.

Pennsylvania Street) Neighborhood Enterprise Zone as Requested by the Pennsylvania Street, LLC in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that the establishment of the Kercheval/McClellan Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an *ad valorem* tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to renovate/rehabilitate 132 units at an estimated cost of \$20 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,

Honorable City Council:
 Re: Petition No. 232 — SDG Architects and Planners requesting approvals in connection with the construction of the permanent Greektown Casino Project, Corrections of the Cover Letter, Provisions and Deeds.

Petition No. 232 of "SDG Architects and Planners" (vacation of a portion of East Lafayette Avenue, 120 feet wide, encroachments into Macomb Avenue, 50

feet wide, Monroe Avenue, 50 feet wide, and St. Antoine Avenue, 50 feet wide) was granted by your Honorable Body on May 17, 2006 (J.C.C. Pgs. 1254-66).

However, the cover letter, provisions and deed language have been revised which will require corrections (**all correction in bold print**).

An appropriate resolution, correcting the provisions and deed language, is attached for consideration by your Honorable Body.

Respectfully submitted,
 NADIM HAIDAR
 Acting Head Engineer

City Engineering Division — DPW
"Cover Letter Language"

Petition No. 232 of "SDG Architects and Planners" whose address is 615 Griswold Avenue — Suite 103, Ford Building, Detroit, Michigan 48226 for the

Greektown Casino, 1. Requests the outright vacation (with easements retained for vehicular and pedestrian traffic) of the North 75.00 feet of East Lafayette Avenue, 120 feet wide, between Beaubien Avenue, 60 feet wide, and St. Antoine Avenue, 50 feet wide, (a portion deeded to the City of Detroit on July 17, 1996 — J.C.C. Pgs. 1565-71) **but has been subsequently amended to except therefrom a triangular portion at the southwest corner of said vacation parcel located underneath and adjacent to the Detroit People Mover Guideway System.** 2. Requests to encroach 6.00 feet into the south side of Macomb Avenue, 50 feet wide, between St. Antoine Avenue, 50 feet wide, and I-375 Southbound Service Drive and the North side of Monroe Avenue 50 feet wide, between St. Antoine Avenue, 50 feet wide and I-375 Service Drive, and 5.00 feet into St. Antoine Avenue, 50 feet wide, between Macomb Avenue, 50 feet wide, and Monroe Avenue 50 feet wide, with foundation. 3. Requests that the Honorable City Council accepts an easement over that portion of East Lafayette Avenue to be outright vacated for vehicular and pedestrian traffic as requested by the Traffic Engineering Division — DPW.

SDG Architects and Planners consultants for the Greektown Casino intends to construct a hotel and parking structure on one site, and expand the existing casino on the existing site. Part of this construction requires that portions of the new Greektown Hotel and Parking Structure encroach a maximum of five feet into St. Antoine Avenue and six feet into Macomb and Monroe Avenues. Plus the expansion of the Greektown Casino will require **the above described vacation parcel** to be outright vacated and conveyed to **Greektown Casino, LLC** with easements retained for vehicular and pedestrian traffic as requested by the Traffic Engineering Division — DPW.

The petition was referred to the City Engineering Division — DPW for investigation (utility clearances) and report. This is our report:

The Traffic Engineering Division — DPW reports no objections to the requested encroachments into Macomb, Monroe and St. Antoine for the placement of foundations and the outright vacation of the North 75.00 feet of East Lafayette Avenue, 120 feet wide, provided that the Greektown Casino follow the attached provision that are part of this resolution.

The Public Lighting Department (PLD) reports the following comments for the Overhead building on East Lafayette Avenue is to have a minimum vertical clearance of 16.00 feet above ground from the building on the north side of East Lafayette up to and including the center island of East Lafayette between St.

Antoine Avenue and Beaubien Avenue. Being the proposed columns conflicts with PLD's existing conduit bank in the center island of East Lafayette Avenue, the relocation of the conduit bank and cables, including the design of the relocation have to be done at the petitioner's (Greektown Casino) project expense. Also, the existing streetlights on the north side of East Lafayette Avenue must be replaced with yet to be determined lights attached to the future casino structure. These lights will be on a PLD circuit and must be maintained by PLD. The Greektown Casino Project is responsible for all the expenses incurred in replacing the existing streetlights. Greektown Casino project will also be responsible for all legal documents allowing PLD to attach lights to their building and to maintain them. PLD has the feeder to the existing Greektown — Macomb Garage and the legal right to provide power to any future building on that site.

The Detroit Water and Sewerage Department (DWSD) reports there is a 30-inch transmission main located in the portion of E. Lafayette Avenue. However, DWSD has no objection to the proposed vacation of the North 75.00 feet of East Lafayette Avenue, 120 feet wide, provided that the conditions contain in the attached easement agreement between Greektown Casino and the City of Detroit as revised below are followed and a part of the vacating resolution. **1) Article 3 of the Easement Agreement shall be amended to additionally state that: With respect to Water and Sewerage Department (DWSD) installations in the Utility Easement Area (whether currently existing, relocated to or newly located therein) Grantor and DWSD shall establish an "exclusive area" adjacent to such installation of width equivalent to that which DWSD customarily requires for its installation so as to avoid other underground utility installations from disturbing, disrupting or interfering with such DWSD utility installations. 2) Article 4 of the Easement Agreement shall be amended to additionally state that: Except to the extent permitted by law, Grantee and any and all utility providers with utility installations located within the Utility Easement Area shall have no liability to Grantor for damage caused to Casino Improvements located within the Vacation Area as a result of the failure of utility lines and related facilities located in the Utility Easement Area, and Grantor agrees that it will be responsible for repairing any existing utility lines or installations located under or directly adjacent to the improvements to be constructed on the Casino Property in the Vacation Area damaged by Greektown's con-**

struction activities.

The Detroit People Mover (DPM)/ Detroit Transportation Corporation (DTC) reports the DTC's existing guideway easement is maintained and the Greektown Casino addressed the concerns and/or provision that are part of this resolution.

The Detroit Edison Company — DTE (Gas and Electric Divisions) reports that DTE has Three (3) primary switch cabinets located on the proposed site that will have to be relocated at the Petitioner's expense. Also the Six (6) feet encroachment on St. Antoine Avenue be limited to a maximum of Five (5) feet to accommodate the existing 3-inch plastic (10 psig) gas main inserted in a dead 6-inch cast iron main located Six (6) feet west of the East right-of-way line of St. Antoine Avenue, and the outright vacation of the northerly 75.00 feet of East Lafayette Avenue, 120 feet wide, DTE have to abandon the existing 3-inch gas main on the North side of E. Lafayette and reroute and install a 3-inch gas main on the South side of E. Lafayette. The cost of the rerouting and installation is estimated to be \$19,477.55 to be borne by the petitioner and/or Greektown Casino.

AT&T Telecommunication reports AT&T has facilities in Macomb Avenue that may interfere with the development. The petitioner is to contact Miss Dig to locate facilities and if AT&T needs to remove and/or reroute such services the cost will be determined at that time. All associated cost for removing and/or rerouting will be at petitioner's expense.

All other involved City departments and privately owned utility companies reported no objections or that satisfactory arrangements have been made. Provisions protecting utility installations are part of this resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
WILLIAM TALLEY
Head Engineer

Re: Application for (35), Neighborhood Enterprise Zone Certificates for Rosedale N/19 (Recommended Approval).

The Finance Assessment Division has received (2) applications for the Homestead Facilities Neighborhood Enterprise Zone certificates in the Rosedale N/19 area. The Homestead Facilities Neighborhood Enterprise Zone (NEZ) designation for Rosedale N/19 was approved by your Honorable Body on July 28, 2006. The Finance Assessments Division has reviewed the applications and recommends approval.

Homestead Facilities NEZ certificates are being requested for the following addresses attached to this memorandum. The properties have all been confirmed as being within the boundaries described above and should be eligible for the Homestead Facilities NEZ certificates as stipulated under the State Public Act 147 of 1992 as amended in 2005. The properties listed are homestead established properties and it is imperative that each homeowner file for a Primary Residence Exemption to establish their homestead.

The State Tax Commission will issue the Homestead Facilities NEZ certificates to homeowners who have been identified and filed an application. The Finance Assessments Division staff, therefore recommends that the City Council pass a resolution to establish the properties listed as qualified in the designated area.
