Re: Annual HOME, CDBG, NSP Awards  
Modification and Subordination

The City of Detroit ("City"), through the Housing and Revitalization Department ("HRD"), makes annual funding available for "ready-to-proceed projects" from HOME, NSP and CDBG federal funds allocated to the City through the U.S. Department of Housing and Urban Development ("HUD"). In exchange for agreeing to the modification/subordination, Developer will commit to renting 30% of the units as affordable for a period of 30 years.

We hereby request that your Honorable Body adopt the attached resolution that (1) approves the aforementioned loan modification/subordination and (2) autho-

rizes the Director of HRD to execute such loan documents as may be necessary or convenient to complete the transaction.

Re: Assignment, Assumption and Consent Agreement. Development: 1301, 1312 and 1313 Seward

On January 13, 2009, your Honorable Body authorized the sale of the above-captioned property, 1301, 1312 and 1313 Seward, to S&S Development Group, LLC, a Michigan Limited Liability Company, for the purpose of constructing approximately fifty-four (54) residential condominium units with parking and appropriate landscaping.

The development was not completed due to previous downturns in the housing market. In order to secure financing, S&S

Development Group formed Merrill Development, LLC, a new development entity.

The Planning and Development Department is now in receipt of a request by Merrill Development to assume the interest of S&S Development Group and complete the development. Merrill Development has requested that the deadline for the start of construction be extended to December 1, 2019 and an extension of the development period to November 25, 2020.

The property consists of vacant land and is zoned R3 (Low Density Residential). The Planning and Development Department has reviewed the request of Merrill Development and determined it to be reasonable and consistent with the terms and conditions set forth in the Development Agreement.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing to amend the deadline for commencement of construction, to extend the completion period of the development and the execution of a Modification, Assignment, Assumption and Consent Agreement between S&S Development Group, LLC, a Michigan Limited Liability Company, Merrill Development, LLC, a Michigan Domestic Limited Liability Company and the City of Detroit, a Michigan Public Body Corporate.

Honorable City Council:

Re: Amended Sale of Wayne County Tax Foreclosed Properties United Community Housing Coalition

On July 17, 2018 this Honorable Body adopted a resolution authorizing the City of Detroit ("City") to sell certain properties to the United Community Housing Coalition ("UCHC") as part of the City's pilot program to help stabilize Detroit neighborhoods by providing assistance to qualified Detroiters that occupy a tax foreclosed home (the "Program"). The success of the Program has helped occupants remain in their homes and worked to stabilize Detroit communities by eliminating the potential for further blight in those respective neighborhoods.

Under the Program, a total of five hundred nineteen (519) occupied properties (the "Properties") are to be sold by the City to UCHC for a purchase price of \$1,870,370.34 (the "Purchase Price"). To date, UCHC has raised \$1,647,514.00 for acquisition of the Properties from the following sources: (1) philanthropic support (Quicken Loans Community Fund and JP Morgan Chase), (2) deposits received by qualified participants in the Program and (3) settlement funds from the City related to a case with the American Civil Liberties Union Fund of Michigan.

The Planning and Development Department is hereby requesting that the Purchase Price be reduced to match the funding raised to date by UCHC for the Program. We, therefore, respectfully request that your Honorable Body adopt the attached resolution that reduces the Purchase Price to \$1,647,514.00 in support of this important City Program.

Respectfully submitted,  
MAURICE COX  
Director

By Council Member Benson:

Whereas, On July 17, 2018, Detroit City Council adopted a resolution authorizing the sale to the United Community Housing Coalition ("UCHC"), a Michigan nonprofit corporation, of any and all occupied foreclosed homes acquired by the City of Detroit ("City") from Wayne County through the City's 2018 right of refusal (the "Resolution"); and

Whereas, UCHC has identified 519 specific properties (the "Properties"), as more particularly described in the attached Exhibit A incorporated herein, that it wishes to purchase from the City; and

Whereas, The calculated purchase price for the Properties pursuant to the Resolution is One Million Eight Hundred Seventy Thousand Three Hundred Seventy and 34/100 Dollars (\$1,870,370.34) (the "Purchase Price"); and

Whereas, The City wishes to reduce the Purchase Price in support of eliminating blight and stabilizing neighborhoods in the City of Detroit; now therefore be it

Resolved, The Resolution is hereby amended such that the City is authorized to sell the Properties to UCHC for the revised Purchase Price of One Million Six Hundred Forty Seven Thousand Five Hundred Fourteen and 00/100 Dollars (\$1,647,514.00); and be it further

Resolved, That conveyance of the Properties to UCHC may be on multiple quit claim deeds that shall each reflect a prorated share of the revised Purchase Price for the portion of Properties conveyed in the respective quit claim deed; and be it further

Resolved, That the Director of the Planning and Development Department ("P&DD"), or his authorized designee, is authorized to execute quit claim deeds to the Properties, as well as execute such other documents as may be necessary or convenient to effect the transfer of the Properties to UCHC consistent with the Resolution as amended by this resolution; and be it further

Resolved, That the Director of P&DD, or his authorized designee, be and is hereby authorized to execute any required instruments to make or incorporate technical amendments or changes to the deeds and such other documents as may be necessary to effectuate the sale (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Properties, provided that the changes do not materially alter the substance or terms of the transfer and sale.

Re: Resolution Establishing the AK Owner, LLC Neighborhood Enterprise Zone in the area bounded by 7430 Second Avenue, Detroit, Michigan in accordance with Public Act 147 of 1992. (Petition #493)

Attached for your consideration please find a resolution and legal description which will establish the AK Owner, LLC Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 (“the Act”).

Your Honorable Body conducted a public hearing on this matter on October 25, 2018 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

The developer proposes to rehabilitate the 1st floor of both buildings for retail and commercial uses and the upper floors will be converted to 1-bedroom, open, loft style apartments for rent.

We request your Honorable Body’s approval of the resolution.

Respectfully submitted,  
KELLY R. VICKERS

Associate Director

By Council Member Benson:

Whereas, Michigan’s Public Act 147 of 1992, the Neighborhood Enterprise Zone Act (“the Act”), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from ad valorem taxes, and the imposition of a specific property tax in lieu of ad valorem real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs

is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the AK Owner, LLC NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the AK Owner, LLC NEZ was conducted before the Detroit City Council on October 25, 2018 with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the AK Owner, LLC NEZ where cited; and

Whereas, After the public hearing, City Council legally established a Neighborhood Enterprise Zone in the area located at 7430 Second Avenue, on January 29, 2019.

Now, Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the AK Owner, LLC NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, Leland, McCalister, Jr., Sheffield, Spivey and President Jones — 8.

Nays — None.

**Human Resources Department  
Labor Relations Division**

January 24, 2019

Honorable City Council:

Re: Implementation of a Salary Range Adjustment for Animal Control Officer

Animal Control Officers are vital components of the City's Animal Care and Control functions, as they are front line staff in the public safety work of removing dangerous animals from the streets and investigating cases of abuse, neglect and other crimes.

Survey data reveals that the classification of Animal Control Officer (33-90-21) is undercompensated. Based on the survey data, the Classification and Compensation Division of Human Resources recommends a salary adjustment. The salary adjustment is essential for recruitment and retention purposes and is based on the City of Detroit's ability to fund the increase.

The Health Department is requesting to increase the salary for the classification of Animal Control Officer (33-90-21), effective upon City Council approval.

Therefore, in accordance with standard City procedure, the Labor Relations Division respectfully requests that your Honorable Body pass a resolutions which approves the specified change.

Honorable City Council:

Re: Amended Petition No. 140 — PVS Chemicals, Inc. request to vacate various streets and alleys surrounding its headquarters located at 10900 Harper

Amended Petition No. 140 — PVS Chemicals, Inc. requesting the vacation and conversion to easement of Venice Avenue, 50 feet wide, from Harper Avenue to Devine Avenue; and Montclair Avenue, 60 feet wide, from Ford Freeway West Bound Service Drive to Harper Avenue; and east-west alleys, 15 and 20 feet wide, and north-south alley, 15 feet wide, all in the block of Harper Avenue, Devine Avenue, and Venice Avenue.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made to consolidate the PVS properties in the area of their World Headquarters. At the present site, in addition to their World Headquarters, PVS has extensive facilities including: Water-Treatment Chemical Manufacturing Facility, Transportation Terminal, Warehouse Facility, and a Landscaped Park area. PVS has acquired the properties adjoining the streets and alleys, and maintains the properties. The street closures will help prevent illegal dumping and other illicit activities in the area.

The request was approved by the Solid Waste Division — DPW, Traffic Engineering Division — DPW (TED), and City Engineering Division — DPW. The petition originally included a vacation of Athens Avenue from Devine Street to Harper Avenue, and the creation of a turnaround area; however, the request was amended to not include Athens Avenue or the turnaround.

Detroit Water and Sewerage Department (DWSD) has no objection to the conversion to easement. The specific DWSD provisions for easements are included in the resolution.

DTE Energy — Electric reports having facilities in the subject streets. Provisions for DTE to have unimpeded access to maintain their facilities are a part of the resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the conversion of the public rights-of-way into private easements for public utilities. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.

City Engineer

City Engineering Division — DPW

### TESTIMONIAL RESOLUTION IN MEMORIAM AUDREY RUTH JOHNSON

By All Council Members:

WHEREAS, We, the members of the Detroit City Council, solemnly pause today to recognize and bestow homage upon the late, Audrey Ruth Johnson who was granted her angel wings on January 9, 2019; and

WHEREAS, Audrey Ruth Patterson was born on May 14, 1929, in Warwood, West Virginia, to the late Robert Paul and Mary (Lawrence) Patterson. Audrey, affectionately called "Ruth" by her family, was the youngest of her siblings. She accepted Jesus Christ as her personal Savior at an early age, under the tutelage of her father Robert, who was a deacon at Macedonia Baptist Church in Wheeling, West Virginia. At age sixteen, Audrey graduated Valedictorian from Lincoln High School. After graduation she decided to relocate to Detroit, Michigan; and

WHEREAS, After working various jobs, Audrey attended business school where she specialized in secretarial skills and data entry. She worked for Excello Corporation and at the Secretary of State. After

retiring, she remained active working several jobs, including at Marygrove College and Job Corps. A woman of strong faith, Audrey was a dedicated, tithing member of Tabernacle Missionary Baptist Church for almost seventy years. She always attended church no matter where she found herself in life. Audrey was an avid reader and had the memory of an elephant, especially when it came to scriptures and the Word of God. She was also a writer and developed sermon topics from thoughts and ideas she encountered from life and her reading of scriptures. The late Dr. Sampson would take Audrey's ideas and sumpsonize them into pointed, pragmatic and powerful sermons. She taught the Men's Sunday class, substituted for Sunday school and taught the Dawn Seekers class. Audrey used her secretarial skills at Tabernacle in the finance and job placement offices, assisting anywhere her skills could be utilized; and

WHEREAS, Audrey enjoyed life. She was known as the classy Aunt and had a flair for fashion. Audrey didn't mind sporting her leather pants, well into her eighties. Her fragrant scent of perfume was left behind wherever she visited. Audrey loved many activities, including music, dancing, entertaining, going to the movie theater, attending plays, outings to the park, ice skating and roller skating. Of course that meant nieces and nephews had the opportunity to enjoy those activities with her. She loved to show the children in the family the finer things of life. Family and friends were important to Audrey. If you were a niece or nephew running with Audrey, you would be visiting family and friends homes regularly. She was the photographer of the family and always took time to show her photos and homemade videos at family gatherings. Audrey would share anything she had. She had a great sense of humor and was always saying something funny; and

WHEREAS, Audrey had no children of her own, but she had a special place in her heart for single mothers raising children. Audrey did have the opportunity to adopt a son Jason when he was thirteen-years old, who lived with her for three years. He preceded her in death. Jason had two daughters, one son and a granddaughter whom Audrey loved like her own. The lessons Audrey taught, the example she set, the wisdom she imparted, made a significant impact in the lives of others. Audrey Ruth Johnson has been a good servant and ensured that the values and traditions by which she lived, would exist in the hearts of those she cherished for years to come. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, hereby extends our deepest

**ARTICLE II. ENFORCEMENT  
DIVISION 2.**

**RESIDENTIAL PARKING PERMITS  
Sec. 55-2-21. Procedures and requirements for designation of a residential parking permit area.**

(a) ~~A person who, or group which, resides in a residence district unreasonably impacted by parking congestion that is caused by the district's proximity to a~~

~~major off-site parking generator may request that the City designate the area a residential parking permit area.~~

~~(b) Upon receipt of the request for designation, the Department of Public Works shall provide to the person or group petitions which identify the proposed residential parking permit area. The petitions shall state the applicable requirements and other relevant information concerning the proposed residential parking permit area. The petitions shall be circulated by the person or group, for the purpose of ascertaining whether the residents in the area support the proposed designation by the City of the area as a residential parking permit area.~~

~~(c) Within 60 days of receipt of petition signatures from residents that represent 75 percent of dwelling units in the proposed parking permit area and 75 percent of the dwelling units on each block face within the proposed area, the Department of Public Works shall:~~

~~(1) Determine whether the proposed residential parking permit area contains a minimum of six contiguous block faces, or three blocks facing each other or any contiguous combination thereof, or is an area that contains less than a minimum of six contiguous block faces or three blocks facing each other or any contiguous combination thereof, which has street parking congestion that is caused by the area's proximity to a major off-site parking generator;~~

~~(2) Verify the authenticity of the resident petition signatures; and~~

~~(3) Analyze the traffic and resident parking conditions in the proposed residential parking permit area.~~

~~(d) A residence district, or part thereof, shall not be recommended for designation by the City as a residential parking permit area unless the Department of Public Works analysis, including a survey, where needed, reveals that the area is unreasonably impacted due to the area's proximity to a major off-site parking generator and such designation is deemed necessary to alleviate a street parking shortage for the area's residents.~~

~~(e) Where the analysis by the Department of Public Works substantiates the need for the designation of the area as a residential parking permit area, said department shall forward its findings to the Municipal Parking Department. Within 10 days, but not later than 30 days, after receipt of the Department of Public Works findings, the Municipal Parking Department shall schedule a community meeting and mail a notice regarding the meeting date to the addressees of all residents of the proposed residential parking permit area. At the community meeting, the results of the Department of Public Works analysis, the boundaries of the proposed residential parking permit area, the application procedures and permit fees to be~~

charged, and the signage recommended to be posted shall be provided to the residents of the proposed residential parking permit area.

(f) No later than 30 days after the community meeting is held and based upon its analysis, the Department of Public Works shall make its recommendation to the City Council, which shall include consideration of comments that were recorded at the community meeting.

(g) The City Council may approve the designation of the impacted area as a residential parking permit area upon the submission of the Department of Public Works recommendation pursuant to Subsection (f) of this section, and a determination by City Council that 1) residential street parking is unreasonably impacted in the area due to the area's proximity to a major off-site parking generator; and 2) the designation of the area as a residential parking permit area will alleviate a street parking shortage for the area's residents.

(h) Where the result of the Department of Public Works analysis does not support the recommendation for the need for designation of the proposed area as a residential parking permit area, the Department of Public Works shall notify the person or group, and the City Council, in writing of the results of its analysis and recommendation.

(i) Where the Department of Public Works recommends that a proposed area not be designated as a residential parking permit area, the person or group, requesting such designation may file a petition with the City Clerk which requests that the City Council hold a public hearing concerning the Department of Public Works analysis and recommendation that the area not be designated as a residential parking permit area. The request for a hearing shall be filed with the City Clerk within 30 days after the mailing of the written notification of the Department of Public Works analysis and recommendation to the person or group. Upon the receipt of such a request by the City Clerk, the City Council may schedule and hold a public hearing regarding the Department of Public Works analysis and recommendation. The City Clerk shall provide notice of the public hearing to the City Planning Commission, the Department of Public Works, the Municipal Parking Department, the person who, or group which, requested the designation of the area as a residential parking permit area, and any other interested party. After any public hearing, the City Council may approve the designation of the impacted area as a residential parking permit area where the City Council determines that residential street parking is unreasonably impacted in the subject area due to the area's proximity to a major off street parking generator, and that the designation of the area

as a residential parking permit area will alleviate a street parking shortage for the area's residents.

**Sec. 55-2-22. Residential parking permit area; implementation.**

(a) Upon City Council's approval through adoption of a resolution that an area shall be designated by the City as a residential parking permit area, the City Clerk shall notify residents at each address in the area of the City Council's action and inform them of the City's procedure for the implementation of the residential parking permit area. The Municipal Parking Department shall send a description of the designated area to the City Clerk who shall publish the notice in a newspaper of general circulation in the City.

(b) Signage of the designated area shall be installed by the Department of Public Works within 30 days from the time that residents who represent 60 percent of the dwelling units in the designated area complete an application pursuant to Municipal Parking Department procedures, and purchase a residential parking permit.

(c) Permits shall be issued to residents of the residential parking permit area for a 12-month period and shall be renewed annually.

**Sec. 55-2-23. Procedures and administration of residential parking permit area.**

(a) The Municipal Parking Department shall establish procedures for the implementation of residential parking permits in an area that is approved by resolution of City Council as a residential parking permit area.

(b) The Municipal Parking Department shall administer the Residential Parking Permit Area Program in accordance with this division.

**Sec. 55-2-24. Residential parking permit area; required levels of resident participation.**

The participation of residents who represent 60 percent of dwelling units in the designated area is required to maintain a posted residential parking permit area.

(a) *Failure to achieve required level of participation.* After 30 days but no later than 120 days after approval by City Council of the residential parking permit area, any such area that does not reach its initial required level of participation shall have such designation revoked by the Municipal Parking Department. Upon revocation of the designation, residents of the area who have paid for a permit shall be entitled to a full refund.

(b) *Failure to maintain required participation.* In the event that the number of residents who participate in the residential parking permit program within a designated residential parking permit area falls below a level of 60 percent of the occupied dwelling units, the designation

may be revoked by the Municipal Parking Department. Notice of such minimal level of participation shall be mailed to each address in the area/ Residents will have 30 days to bring the area into compliance with the 60 percent requirement.

~~(c) Termination of residential parking permit area. Upon receipt of a petition requesting termination of the designation of an area as a residential parking permit area that is signed by residents who represent 60 percent of the dwelling units in an existing residential parking permit area and after following the procedures in Section 55-2-21(e), (d) and (e) of section 55-2-21 of this Code, the Department of Public Works shall notify the City Council that the designation of the residential parking permit area has been terminated.~~

**Sec. 55-2-25. Residential parking permit not a guarantee of parking space.**

A residential parking permit will allow, but shall not guarantee or reserve to the holder thereof, any on street parking space within the designated residential parking permit area.

**Sec. 55-2-26. Residential parking permit violation; penalty.**

(a) No person shall:

(1) Park in a residential parking permit area beyond the posted time allowed without a residential parking permit;

(3) Falsify information to obtain such a permit.

(b) A person who violates any provision of this division shall:

(1) Be subject to a civil infraction; and

(2) Be liable for the fine and towing charges for violation of the parking regulations of the City.

**Subdivision A.**

**Designation criteria; petition process.**

**Sec. 55-2-21. Purpose.**

It is the purpose of this Division to establish a residential parking permit program to reduce hazardous conditions resulting from the use of streets within residential districts for the parking of vehicles by nonresidents; address motor vehicle congestion in areas and neighborhoods of the City without driveways, or garages; to protect those residential districts from polluted air, excessive noise, trash and refuse caused by the entry of the nonresident vehicles; to protect the residents of the districts from excessive burdens in gaining access to their residences; to promote efficiency in the maintenance of residential streets in a clean and safe condition; and to preserve the safety of children and other pedestrians; and preserve the peace, good order, comfort, convenience and welfare of the inhabitants of and visitors to the City.

**Sec. 55-2-22. Additional definitions.**

In addition to the definitions set forth in Secs. 55-1-1 through 55-1-7, the following words and phrases, whenever used in this Division, shall have the meanings defined in this section unless the context clearly requires otherwise.

*Block face* means all lots abutting both sides of a street between two intersecting streets.

*Certified resident* means a property owner having title to real property or a renter who has a valid lease.

*Corner lot* means a lot that is located at the intersection of two or more streets within a residential parking permit area.

*Motor vehicle* shall include an automobile, truck, motorcycle or other motor-driven form of self-propelled transportation not in excess of 6,000 pounds gross weight.

*Partial block face* means a portion of a block face.

*Residential district* means a contiguous or nearly contiguous area containing public roadways which are primarily abutted by residential property and non-business property such as parks, religious institutions and schools.

*Residential parking permit area* means that area that has been defined by the Department of Public Works through the establishment of clearly defined boundaries within which residents shall be eligible to purchase residential parking permits.

*Traffic generator* means a property or properties which generates non-residential traffic. This includes employment areas; colleges and universities; medical centers; commercial and entertainment areas; and transit areas.

**Sec. 55-2-23. Designation process.**

(a) *Petition.* An individual resident or group of residents in a residential district that, in their opinion, is unreasonably impacted by parking congestion caused by the district's proximity to a traffic generator may submit a petition to the Office of the City Clerk requesting that the district be designated a residential parking permit area.

1. The petition forms shall be made available on the City's website and at the Office of the City Clerk.

2. The individual resident or group of residents shall provide relevant information regarding the proposed residential parking permit area on the petition such as time or day limits, or both, proposed boundaries and circulate it within the residential district to ascertain resident support:

i. The petitions must contain signatures of certified residents of at least 60% of all residences in the residential area and meet the designation criteria in Sec. 55-2-24 for consideration as a residential parking permit area; and

ii. Apartment buildings and other multiple-family dwellings shall be considered as one residence for petitioning purposes

and shall be limited to one signature, which shall be the signature of the property owner or the signature of a person who is legally authorized to sign on behalf of the property owner.

iii. The minimum boundary requirement shall be one block face;

iv. The petition shall identify a resident petition coordinator and shall conform in form and content with the requirements established under this Division. Each sheet of the petition shall be verified by the affidavit of the person who obtained the signatures to the petition. A person who willfully affixes another's signature, or subscribes and swear to a verification that is false in any material particular, is guilty of perjury.

3. Upon receipt of the completed petitions and payment of the applicable fee, the City Clerk shall issue a petition number and forward a copy of the completed petitions to the Department of Public Works and the Municipal Parking Department.

i. In accordance with the Charter, the Office of the City Clerk shall establish and publish the fee for application under this section.

ii. The fee shall include each department's costs of processing and evaluating such petition.

(b) *Preliminary Analysis.* Within 10 days after receipt of the completed petition from the Office of the City Clerk, the Director of the Department of Public Works shall determine whether the request is reasonable and merits further analysis. The preliminary analysis will include, at minimum, a determination if on street residential parking is presently permitted on the streets being considered for permit parking and whether any obvious traffic conditions exist making it unreasonable to consider permit parking. The preliminary analysis shall be filed with the Office of the City Clerk and provided to the Municipal Parking Department.

1. If the proposed residential parking permit area set forth in the petition meets the preliminary thresholds for consideration, the City Clerk shall notify the Department of Public Works and Municipal Parking Department to proceed with compiling a formal recommendation.

2. If the proposed residential parking permit area set forth in the petition does not meet the preliminary thresholds for consideration, the Department of Public Works shall provide written notice to the City Clerk and the resident petition coordinator that the petition is insufficient and outlining the reasons for which the residential parking permit area is ineligible for designation. The City shall remit the fee to the resident petition coordinator.

(c) *City-Sponsored Initiative.* The City may initiate the designation of a residential parking permit area based upon current or future development projects or the existence of a traffic generator impacting a

residential district by forwarding a formal recommendation to the City Clerk and City Council. A City-sponsored initiative shall follow the process set forth in this Division, except for the petition requirements set forth in subsection (a) of this section.

(d) *Formal Recommendation to City Council.* Within 30 days after receipt of the preliminary analysis result, the Department of Public Works shall submit a formal recommendation by written report to City Council. The formal recommendation shall indicate, based upon departmental recommendations and the community engagement process in Sec. 55-2-25, whether to designate the residential district as a residential parking permit area.

1. The formal recommendation shall clearly state whether a residential district is unreasonably impacted by parking congestion caused by the district's proximity to a traffic generator or parking congestion issues, or by future anticipated parking congestion that is resultant from residential development projects requesting that the district be designated a residential parking permit area.

2. The formal recommendation shall include the following supporting information:

i. The Department of Public Works Traffic Engineering Division shall forward its recommendation based on the results of the parking study undertaken pursuant to Sec. 55-2-24(a) to determine whether a residential district can support the designation as a residential parking permit area to the Municipal Parking Department.

ii. The Municipal Parking Department shall forward its recommendation and supporting information to the Department of Public Works Traffic Engineering Division which may include parking studies, occupancy studies and information regarding the number and type of parking citations issued and metered parking revenues collected within the proposed residential parking permit area during the previous year, if such information regarding revenues is available. iii. Any relevant data the Department of Public Works obtained from the Planning & Development Department, Detroit Police Department, or any other agency or department upon which the formal recommendation is based.

**Sec. 55-2-24. Designation criteria.**

(a) A residential area shall be deemed eligible for consideration as a residential parking permit area if, based upon an objective analysis of traffic and parking conditions by the Department of Public Works Traffic Engineering Division and analysis of Municipal Parking Department data as part of the formal recommendation, it is established that the residential

parking area is impacted by nonresident or commuter vehicles for extended periods of time during the day or night, on weekends or during holidays.

(b) At minimum, the following factors shall be considered in the determination of whether a residential area qualifies for designation as a residential parking permit area:

1. The extent of the desire or the need of the residents for residential parking and their willingness to bear the administrative cost in connection therewith;

3. The extent to which the parking in the area during the period proposed by parking restriction are commuter vehicles rather than resident vehicles;

4. The extent to which motor vehicles registered to persons residing in the residential area cannot be accommodated by the number of available off-street parking spaces because of widespread use of available curbside parking spaces by non-resident vehicles;

5. The extent of noise, pollution, hazardous conditions and deterioration of the residential environment as a result of traffic congestion and insufficient parking the area;

6. At least 70% of legal parking spaces are utilized during peak periods as determined by the parking surveys and studies, or both, prepared pursuant to subsection (a) above;

7. At least 50% of the current parking spaces are utilized by nonresidents for more than two hours;

8. At least 80% of occupied frontage, at ground level, has a legal use of residential;

9. Availability of off-street parking including but not limited to driveways, garages, and other types of parking facilities for residents;

10. Impact on the availability of off street and on street parking for non-residents, parking meter revenues and existing options for displaced non-resident vehicles and extent of the need;

11. Development projects;

12. Any special circumstances that exist in that particular residential district; and

13. Designation of the area as a residential parking permit area will result in one or more of the following expectations for the area:

i. A reduction in non-residential vehicles and the accompanying energy waste and air pollution.

ii. A reduction in total vehicle miles traveled.

iii. A reduction in traffic congestion and illegal parking.

iv. An improvement in vehicular and pedestrian safety.

(c) The Department of Public Works Traffic Engineering Division shall verify the

eligibility criteria set forth in subsections (a) and (b) of an established residential parking permit area. This verification shall occur at minimum every five years or as needed if the impact of nonresident or commuter vehicles for extended periods of time during the day or night, on weekends or during holidays is reduced. Modification or termination of a residential parking permit area shall comply with Subdivision B of this Division.

**Sec. 55-2-25. Community engagement.**

(a) The City shall coordinate at least one public meeting to discuss the proposed residential parking permit area prior to submitting a formal recommendation under Sec. 55-2-23(d).

(b) The City Clerk shall forward notice of the public meeting via first class mail no less than 10 days before the meeting to all City of Detroit residents within three hundred radial feet of the proposed residential parking permit area. The notice shall include:

(b) The City Clerk shall post notice of the public hearing(s) on the City of Detroit website and by first-class mail to each address within the proposed residential parking permit area.

(c) In addition to the notice requirement contained in subsection (b), the City shall work with the Council Member or

(a) *Required level of participation.* The participation of certified residents who represent at least 50% of dwelling units in the designated area is required to maintain a posted residential parking permit area.

(b) *Failure to achieve required level of participation for implementation.* After 30 days but no later than 120 days after approval by City Council of the residential

Upon revocation of the designation, residents of the residential parking permit area who have paid for a permit shall be entitled to a full refund.

(c) *Failure to maintain required participation for continuation of a residential parking permit area.* In the event that the number of residents who participate in the residential parking permit program within a designated residential parking permit area falls below a level of 50% of the occupied dwelling units, the designation may be revoked by the City after the following has occurred:

1. The Municipal Parking Department shall notify the City Clerk in writing that the residential parking permit area has failed to maintain the minimal level of participation.

(b) Upon application and payment of the applicable fee, annual residential parking permits shall be issued in accordance with the following limitations:

1. For single-family dwelling units (one residential structure containing only one housing unit):

- i. Two residential parking permits may be issued for each valid street address where said dwelling unit has no off-street parking availability.

Upon confirmation by the Department, the daily visitor permit(s) shall be credited.

6. (e) Annual residential parking permits and daily visitor permits may be renewed or replaced in accordance with procedures established by the Municipal Parking Department.

**Sec. 55-2-33. Permit linked to license plate.**

In such cases, the new permit shall expire at the same time as the former permit would have expired.

(b) In accordance with the Charter, these fees shall be established by the Director of the Municipal Parking Department based upon the cost of issuance and administration of the residential park-

(e) In the event that during the unexpired term of a permit the vehicle bearing a parking permit is sold and the certified resident obtains another vehicle, the vehicle is stolen or the license plate is replaced, upon application for a permit the applicant shall present proof of sale of the vehicle bearing the permit, copy of the police report for the stolen vehicle or proof from the Michigan Secretary of State of the updated license plate, the permit shall be issued or updated by the Municipal Parking Department at no additional cost.

(b) Residential parking permits shall be renewed pursuant to Subdivision C of this Division by completing the application process and payment of the fees.

**Sec. 55-2-36. Revocation of permit; penalties.**

(a) The Municipal Parking Department is authorized to revoke the annual residential parking permit or daily visitor permit of any person found to be in violation of this Division upon written notification thereof. Honorable City Council:

Re: Recommendation for Deferral.  
Address: 20155 Mendota. Name: Joevarka Tyus. Demolition ordered: November 21, 2017 (J.C.C. page \_\_\_\_\_).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on November 1, 2018 revealed the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date that notice was provided to the applicant of the City Council decision.

2. BSEED will schedule a progress inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected and be maintained and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding three (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
DAVID BELL  
Director

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

2. BSEED will schedule a progress inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected and be maintained and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

**RESOLUTION ENCOURAGING AN ONGOING COOPERATIVE RELATIONSHIP BETWEEN THE UNITED STATES AND CUBA**

By ALL COUNCIL MEMBERS:

Whereas, In 1960, the United States government imposed an economic, commercial, and financial embargo against the Caribbean island nation of Cuba; and

Whereas, On December 17, 2014, U.S. President Barack Obama and Cuban President Raul Castro agreed to reestablish diplomatic relations between the two nations; and

Whereas, Despite executive actions by President Obama easing certain regulations, the U.S. embargo remains in place, as are restrictions on travel by U.S. citizens to Cuba; and

Whereas, The easing of international

relations and trade between the United States and Cuba benefit both countries, particularly in the areas of food production, education, healthcare, tourism, the arts, music, and biotechnological and medical research; and

Whereas, An end to the embargo would enable not only renewed diplomatic relations allowing for a dialog on human rights, direct travel for the citizens of both countries, direct mail services, but also a significant expansion of international trade; and

Whereas, Normalization of relations with Cuba would greatly benefit Michigan's economy including, but not limited to, increased trade opportunities with our automotive industry and agricultural imports and exports. According to a June 17, 2017 report by Michigan Radio, Michigan bean growers specifically expressed optimism about the opening of a new trade market. In 2015, Senator Debbie Stabenow joined a bipartisan group of senators in introducing legislation to end the embargo, following her second official trip to Cuba; and

Whereas, However, in September 2017, without any precipitating hostile events, President Trump ordered all diplomatic staff withdrawn from the U.S. Embassy in Havana and expelled diplomatic staff from the Cuban Embassy in Washington, D.C., signaling a pause, if not the end of normalization efforts between the countries. Now, Therefore Be It

Resolved, That the Detroit City Council urges President Donald Trump to renew negotiations with the Cuban government as initiated by the policy of past administrations to build a new, cooperative relationship between the United States and Cuba and to reestablish the diplomatic staffing in the U.S. Embassy in Havana and enable reinstatement of diplomatic staff at the Cuban Embassy in Washington, DC; And Be It Further

Resolved, The Detroit City Council urges Congress and the President to immediately end all aspects of the United States' economic, commercial, and financial embargo against Cuba, including restrictions on travel to Cuba by U.S. citizens. Venceremos. And Be It Finally

Resolved, That the Detroit City Clerk transmit a copy of this resolution to the President of the United States, the members of the Michigan Congressional Delegation, and Mayor Mike Duggan.

Honorable City Council:

Re: EJMS Marlborough Limited Dividend Housing Association Limited Liability Company — Payment in Lieu of Taxes (PILOT).

Shelborne Development and Jefferson East, Inc. have formed EJMS Marlborough Limited Dividend Housing Association Limited Liability Company (the "LDHA") in order to develop the Project. The Project consists of twenty-three (23) units located in two (2) three-story non-contiguous buildings in an area bounded by Kercheval on the north, Philip on the east, Freud on the south and Chalmers on the west.

The historic rehabilitation Project will include four (4) 1 bedroom/1 bath, twelve (12) 2 bedroom/1 bath and seven (7) 3 bedroom/1-1/2 bath apartments. The preservation and renovation of both buildings will be extensive and consist of exterior and interior site work.

Financing for the Project consists of a City of Detroit HOME Loan of \$2,200,000 and a permanent loan in the amount of \$1,680,000 from Enterprise Community Loan Fund, Inc. Twain Financial Partners will make a capital contribution of \$746,494 utilizing Historic Tax Credit equity. A Kresge Foundation grant in the

amount of \$199,800 has been awarded. The Sponsors have further agreed to defer \$233,736 of the developer fee.

Rents for twelve (12) units have been set at or below sixty percent (60%) of the area median income, adjusted for family size. All affordable housing residents will contribute no more than thirty percent (30%) of their adjusted gross income towards the rent amount. Rents for eleven (11) units will be set at market rate. All twenty-three (23) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A).

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of ten percent (10%) of the annual net shelter rent obtained from this housing project.

Respectfully submitted,

ALVIN HORHN

Deputy CFO/Assessor

By Council Member Spivey:

Whereas, Pursuant to the provisions of the Michigan State Housing Development Act, Act 346 of the Public Acts of 1966, as amended, being MCL 125.1401 se seq. Whereas, A housing project as defined in the Act is eligible for exemption from property taxes under Section 15a of the Act (MCL 125.1415a) if the Michigan State Housing Development Authority ("MSHDA") provides funding for the housing project, or if the housing project is funded with a federally-aided mortgage as determined by MSHDA; and

Whereas, Section 15a of the Act (MCL 125.1415a) provides that the local legislative body may establish by ordinance the service charge to be paid in lieu of taxes, commonly known as a PILOT; and

Whereas, The City of Detroit has adopted Ordinance 9-90, as amended, being Sections 18-9-10 through 18-9-16 of the Detroit City Code to provide for the exemption from property taxes of eligible housing projects and to provide for the amount of the PILOT for said housing projects to be established by resolutions of the Detroit City Council after review and report by the Board of Assessors; and

Whereas, The Sponsors are proposing to undertake the rehabilitation of a housing project to be known as Marlborough Apartments consisting of the rehabilitation of twenty-three (23) units in two (2)

buildings located on two (2) parcels of property owned or to be acquired by the Sponsors as described by street address and tax parcel in Exhibit A to this resolution, with twelve (12) units for low and moderate income housing (the "Project"); and

Whereas, The purpose of the Project is to serve low to moderate income persons as defined by Section 15a(7) of the Act, being MCL 125.1415a(7); and

Whereas, MSHDA has provided notice to the Sponsors that it intends to approve federal-aided financing for the Project, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

Whereas, Pursuant to Section 18-9-13(G) of the Detroit City Code, the tax exemption shall be effective on adoption, with the tax exemption and PILOT payment to occur only upon bona fide use and physical occupancy by persons and families eligible to move into the project, in accordance with the Act, which must occur as of December 31 of the year preceding the tax year in which the exemption is to begin;

Now, therefore, be it

Resolved, That in accordance with City Code Section 18-9-13, the Project known as Marlborough Apartments as described above is entitled to be exempt from taxation but subject to the provisions of a service charge of ten percent (10%) for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1966, as amended, being MCL 125.1401, et seq.; and be it further

Resolved, That arrangements to have collections of a payment in lieu of taxes from the Sponsors be established upon occupancy for future years with respect to the same be prepared by the Finance Department; and be it further

Resolved, That specific legal description for the Project shall be as set forth in the certification from MSHDA; and be it further

Honorable City Council:

Re: Willie Parker, et al vs. City of Detroit. Case No.: 18-003672-NF File No.: L18-00204 (PMC).

On February 8, 2019, a case evaluation panel evaluated the above-captioned lawsuit and awarded Seventeen Thousand Five Hundred Dollars and No Cents (\$17,500.00) in favor of the plaintiff. The parties have until February 12, 2019, to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each

member of your Honorable Body, it is our considered opinion that acceptance of the case evaluation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that the plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft to Willie Parker and his attorneys Harris, Altman, P.C., in the amount of Seventeen Thousand Five Hundred Dollars and No Cents (\$17,500.00), to be delivered upon receipt of a properly executed Release, and Stipulation and Order of Dismissal entered in Lawsuit No. 18-003672-NF, approved by the Law Department.

Representation and indemnification by the City of Detroit of the City employees or officers listed below is hereby not recommended. We agree with the recommendation of the Head of the Department and believe that the City Council should find and determine that the suit against the Defendants does not arise out of or involves the performance in good faith of the official duties of such Defendants. In addition, the purposes to be served by representing and indemnifying police officers (protection of officers and their families against litigation costs and damage

awards) will not be met by representing and indemnifying Commander Timothy Leach and Detective Frederick Person in this case. We further recommend a "NO" vote on the attached resolution.

January 17, 2019

Honorable City Council:

Re: Request of Mr. Matt Ward, owner of Lasher Tire Inc., (now Detroit Tire & Wheels) to amend Article XVII, District Map No. 73 of the 1984 Detroit City Code, Chapter 61, Zoning, by rezoning properties generally bounded by W. Grand River Avenue, Cooley Avenue and Redford Avenue from the current B3 (Shopping District) zoning classification to a B4 (General Business District) zoning classification. **(RECOMMEND APPROVAL.)**

**NATURE OF REQUEST AND PROJECT PROPOSAL**

The City Planning Commission (CPC) has completed its review and deliberations on the request of Mr. Matt Ward, owner of Lasher Tire Inc., (now Detroit Tire & Wheels). This report and recommendation is submitted in response to the request to show a B4 (General Business District) zoning classification where a B3 (Shopping District) zoning classification, currently exists on seven (7) parcels commonly identified as 22100, 22116, 22120, 22124, 22132, 22200 and 22250 W. Grand River Avenue, generally bounded by the southeast-northwest alley first north of W. Grand River Avenue to the north, Lasher Road to the southeast, W. Grand River Avenue to the south and Cooley Avenue to the northwest.

**BACKGROUND**

The subject properties are located in City Council District 1 and include a number of parcels and structures under varied ownership. The tire sales and service facility is located at the corner of W. Grand River and Redford at 2100 W. Grand River Avenue and occupies a former Comerica Bank building. Abutting the tire sales and service facility is a former dentist office (Family Dentistry, now located at W. Grand River and Telegraph Road). The next storefront to the west is maintained

and appears to be functioning in some capacity, but there is nothing indicating what that function may be. The next storefront to the west is boarded up, but appears to be open to trespass. The remaining two thirds of that segment of the frontage of W. Grand River Avenue contains a two story brick building with a storefront and a vacant bowling alley to the rear of the lot.

The rest of the B3 zoning parcel runs northwesterly one lot short of the corner of W. Grand River Avenue and Cooley Avenue, where the corner is zoned B4. It includes two separate structures, a Family Dollar and a Wendy's fast-food restaurant, both setback from W. Grand River Avenue by parking lots. The Wendy's parcel consists of split-zoning one half of the lot falling within the western end of the subject B3 district and the other half, which contains the restaurant structure, falling in the B4 district at Cooley.

#### **Proposed Development**

Prior to operating out of the current site the petitioner ran a smaller tire retail operation across the street at the northeast corner of Redford and Lahser on B4 zoned land.

The CPC previously considered and recommended approval of this rezoning request in 2013. Since that time the petitioner and subsequently staff tried, unsuccessfully, to develop a proper legal description of the property to be rezoned separating the Grand River frontage from the parking lot to the rear. The matter fell through the cracks until the Planning and Development Department began its neighborhood planning study and shortly thereafter enforcement again became a concern. CPC staff thought a unifying zoning scheme would be quickly forthcoming from the planning study. While it has brought forward some of the property owners who did not respond to CPC's previous outreach efforts in 2013, it has yet to produce a final rezoning scheme for the entire area. Of those property owners that came forward, one was the owner of the parking lot to the north. They provided a survey that was used to develop the legal description for the rezoning.

#### **SURROUNDING LAND USE AND ZONING**

The zoning classifications and land uses surrounding the subject area are as follows:

North: R1 and R2 — Single-family residential, B4 — vacant commercial, parking, office

South: R1 — institutional (school and church), B3, B4, commercial retail and auto service

East: B3 and B4 — commercial retail, entertainment; and R1 — residential beyond

West: B4 — commercial retail, R1 — single-family residential, vacant land

#### **PUBLIC HEARING RESULTS**

On June 21, 2018, the CPC held a public hearing on this request. There were no members of the public in attendance to address the rezoning request.

The original public hearing was held in December of 2013. No public testimony was rendered at that time either.

#### **MASTER PLAN CONFORMANCE**

The subject property is located within the Redford Neighborhood of Sector 8 of the Detroit Master Plan of Policies. The Future Land Use map designation is "Mixed Town Center" for the subject area in the Master Plan. The Planning and Development Department previously indicated the request was consistent with the Master Plan of Policies.

#### **ANALYSIS**

The existing B3 zoning district classification was established to support the development of a shopping node in this area as a part of the commercial corridor improvement program sponsored by the city. Sadly, the pattern of development never really followed that direction. The character of development on the subject site as well as the Grand River frontage on the opposing side of the street and further west is of a general commercial nature.

CPC's review of the approval criteria in Section 61-3-80 finds the rezoning request to be compliant. Of them the primary criterion invoked by this request is #1, which deals the correction of an error or the challenge of a changing condition, trend or fact. The petitioner's property served this community as a bank for many years. When it was no longer viable to continue that use the branch was closed and the property placed on the market for purchase. The petitioner purchased the property and was able to open and operate the automotive retail and service facilities for many years before being cited by BSEED. The rezoning to B4 will allow the petitioner to become compliant.

The past and present uses of the balance of the subject property to the west would also be allowed under the B4 classification. The rezoning will also provide continuity with adjacent and nearby zoning across and to the west along Grand River.

#### **RECOMMENDATION**

The CPC having completed its review of this request recommends rezoning of the Grand River Avenue frontage from B3 to B4. By doing so the entire block from Redford Avenue to Cooley Avenue will be under the same zoning classification. The marketability and viability of the vacant properties will increase with expanding land use options available under the B4. The petitioner will be in a position to pursue legal operation as a conditional under the B4.

On June 21, 2018 the City Planning Commission voted to recommend

approval of the request of Mr. Matt Ward. Consistent with the analysis and findings provided above, the CPC recommends approval of the request to show a B4 (General Business District) zoning classification where a B3 (Shopping District) zoning classification, currently exists on seven (7) parcels commonly identified as 22100, 22116, 22120, 22124, 22132, 22200, and 22250 W. Grand River Avenue, generally bounded by the south-east-northwest alley first north of W. Grand River Avenue to the north, Lasher Road to the southeast, W. Grand River Avenue to the south and Cooley Avenue to the northwest.

Honorable City Council:  
 Re: 2019-20 CDBG NOF Appeals Process.

The City Planning Commission (CPC) staff is presenting the following report regarding the 2019-2020 Neighborhood Opportunity Fund (NOF)/Community Development Block Grant (CDBG) appeals process for your Honorable Body's review and consideration. At the appeals hearings held on Monday, January 28, 2019 at 3:30 PM and continued on Friday, February 1, 2019 at 2:00 PM, there were seven (7) organizations that submitted appeals of the Mayor's and CPC's funding recommendations. Among the 7 appellants who gave testimony, six (6) indicated that their

organization was not considered for funding in error.

The 7 organizations which did submit appeals are:

- Mosaic Youth Theatre of Detroit (PS/REC)
- Coleman A. Young Foundation (PS/EDU)
- Adult Well-Being Services (PFR)
- Clark Park Coalition (PS/REC)
- Northeast Guidance Center (PFR)
- Cass Corridor Neighborhood Development Corporation (PS/REC)
- Samaritan Center, Inc (PFR)

Of the above listed organizations the Coleman A. Young Foundation is only one that passed threshold review and was found eligible for funding. However, they were not funded due to cost out. The remaining six (6) organizations were cited as having submitted deficient proposals which either did not meet joint threshold criteria or the minimum consensus score of 80 in order to be considered for funding. Each of these six (6) organizations submitted an appeal to contest the findings of the joint staff review committee.

The Coleman A. Young Foundation is eligible to be considered for funding just as they were before submitting an appeal. The remaining six (6) appellant's proposals were found to be deficient despite the information presented at the time of the appeals hearing. The amount of funding available through this year's block grant allocation once again limits the number of groups, which may be funded. Should your Honorable Body seek to grant the appeal of the Coleman A. Young Foundation, funds would have to be shifted from other organizations resulting in an overall reduction in the award amounts to those groups presently recommended for funding.

HRD and CPC staff will be prepared during your deliberations to answer your questions relative to the appeals process as you determine how you wish to proceed. At such point that the Council is satisfied with the appeals, a motion to accept the staff report would be in order and CPC staff will prepare the appropriate resolution.

 DETROIT CITY COUNCIL  
 RESOLUTION APPROVING THE  
 ALLOCATION OF NEIGHBORHOOD  
 OPPORTUNITY FUND/COMMUNITY  
 DEVELOPMENT BLOCK  
 GRANT BUDGET  
 FOR FISCAL YEAR 2019-2020**

By Council Member Tate:

Whereas, Each year the Administration and City Council collectively evaluate proposals for the allocation of Community Development Block Grant (CDBG) funds

from the U.S. Department of Housing and Urban Development (HUD) through the City of Detroit Neighborhood Opportunity Fund (NOF); and

Whereas, Under the federal guidelines, CDBG funds may be used to support programs operated by organizations that serve low- to moderate-income individuals and other vulnerable populations within our community. Given the serious challenges in our community, the City of Detroit uses CDBG funding to provide the necessary public service programs to address the vast needs of the vulnerable in our community; and

Whereas, While the critical need for these types of services within the City has not diminished, the resources available from HUD to address those needs is consistently being reduced; and

Whereas, The need for increased operational efficiencies within CDBG funded organizations could be achieved through greater interagency collaboration such as the merger of groups with compatible missions or consolidation of administrative fiduciary functions to increase service capacity. These expressions of encouragement are offered in recognition of the funding trends and the need for even stronger service delivery groups in these times; and

Whereas, A review team which included representatives of the Housing and Revitalization Department (HRD), Legislative Policy Division (LPD), City Planning Commission (CPC), the Office of Contracts and Procurement (OCP), and the Office of Grants Management (OGM) reviewed the various proposals received for the program and HRD prepared recommendations to the Mayor; and

Whereas, The Mayor subsequently prepared recommendations which were submitted to the City Planning Commission (CPC), which concurred with all thirty-four (34) of the Mayor's funding recommendations; and

Whereas, City Council, having subsequently received the recommendations of the Mayor and the CPC, has reviewed those recommendations, held an appeals hearing regarding the organizations that were not initially recommended to receive 2019-2020 NOF/CDBG funds, as well as a public hearing on the overall NOF/CDBG program; and

Whereas, In addition to the thirty-four (34) organizations initially recommended by the Mayor to receive NOF/CDBG funding, City Council and the administration through deliberations at the Council table resulted in the inclusion of one (1) group: Coleman A. Young Foundation; and

Whereas, Given the historic and very public role in the vetting of CDBG applicants as well as its unique knowledge of the residents of the City as their locally-

elected representatives, City Council's involvement in the CDBG process is not only mandated by law but critical to the appropriate distribution of these funds. Now Therefore Be It

Resolved, The Detroit City Council hereby approves the allocation of Community Development Block Grant/Neighborhood Opportunity Fund awards for FY 2019-20 as set forth in the attached CDBG/NOF allocation chart; and Be It Finally

Resolved, That a copy of this resolution be sent to Mayor Mike Duggan, HRD, OCP, OGM, and the CPC.

Honorable City Council:

Re: Recommendation for Deferral.  
Address: 5421 Kopernick. Name: Richard Ratkus. Demolition Ordered: September 4, 2018 (J.C.C. pages \_\_\_\_\_).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection on January 16, 2019 revealed that the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, we respectfully recommend that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.

2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing

evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties.

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
DAVID BELL  
Director

**RESOLUTION  
IN MEMORIAM  
FOR**

**MR. HERBERT WHITMORE JR.**

By Council President Jones:

WHEREAS, We, the members of the Detroit City Council, solemnly pause today to recognize and bestow homage upon the late Mr. Herbert Whitmore Jr., who made his heavenly transition on January 29, 2019. Herbert was born on April 29, 1933, in Tulsa, Oklahoma, to the union of Kelsie and Herbert Whitmore Sr., the second of six siblings. When he was six years old, the family moved to St. Paul, Minnesota. He attended John Marshall High School, where he played the center position on the school's varsity basketball team. In 1951, Herbert entered Lincoln University in Jefferson City, Missouri, but left after a year when his money ran low. He returned to Minnesota and saved the money he earned as a mail carrier to return to Lincoln for his sophomore year in 1953. During this time, he began the process of pledging Kappa Alpha Psi Fraternity, Inc. In 1954, Herbert enrolled in Mankato State University, becoming the campus' first Black basketball player. He earned a Bachelor's degree in Physical Education in 1960; and

WHEREAS, Herbert relocated to Chicago, where he taught at a vocational high school during the day and served as a houseman for Hugh Hefner's Playboy Club at night. In 1963, a lovely woman Vera Light, caught his attention while standing at a bus stop. Vera rebuffed his repeated offers to give her a lift in his car until a lucky rainy day when she finally relented. In August of 1964, the couple was united in marriage at the office of the justice of the peace on their lunch breaks. To this union three children were born: Kim, Devere and Lisa. Herbert and Vera sought to raise their family in a safe environment, so they chose to move to a small town, Benton Harbor that was looking to recruit Black teachers and nurses. The family joined Second Baptist Church, where he was baptized by the late Rev. Donald B. Adkins. At Benton Harbor High School, Herbert taught

drafting, basic electricity and woodshop. He earned a reputation as a caring and effective track and tennis coach, leading his teams to local, conference and regional victories. He also served as a licensed referee for local and regional high school basketball games and coached basketball and football at Fairplain Junior High School. During these years, he completed his journey to Kappa Alpha Psi at the Benton Harbor Alumni Chapter of the fraternity; and

WHEREAS, Always driven to serve and make a difference, Herbert moved to a rural area outside of Monrovia, Liberia, in early 1976 to join his niece, Karen, for an effort to build a dormitory and repair a generator that supplied electricity to the National Baptist Convention-sponsored Bendoo mission. His time in Africa changed his outlook in ways large and small, from eating a plant-based diet to growing a beard. Later that winter, he faced a life-changing illness and hospitalization for more than five months. With the support of his family and others, he learned to walk again. Herbert returned to work teaching math and became the math department lead at Fairplain Junior High School. During this time, he coached junior high sports, taught night school, earned a Master's degree in Education from Michigan State University, and an Educational Specialist degree from Wayne State University. After working for more than twenty-five years, Herbert retired from Benton Harbor Public Schools in 1993. His passion for mathematics remained strong throughout his life. He tutored certified nursing assistants in math thorough programs like AAA Math, Fort Bend Tutoring and Khan Academy; and

WHEREAS, When his wife passed away in 1997, Herbert tried to fill the void of her loss through service. In 1999, he joined the Peace Corps and was sent to Tonga. He was a master teacher at the University of Tonga, providing professional development and guidance to teachers. Herbert immersed himself in the culture and became fluent in the Tongan language. Herbert's approach to life was infectious. He was a family man who relished teaching his children and grandchildren how to ski, fish, cycle, play ping pong and water sports. Herbert enjoyed all genres of music and would break out in a rich baritone singing voice at the most unexpected moments. He loved to attend family reunions and was proud of his family's lineage. The family's ancestry from slavery to modern times was chronicled in a book "The Seeds of Sally Gooden." In the end, Mr. Herbert Whitmore's life added up to eighty-five years of service, devotion to family, intellectual pursuit and adventure. He has been a good servant and ensured that the values and traditions by which he

lived, would exist in the hearts of those he cherished for years to come. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, hereby extends our deepest sympathy and joins with family and friends to celebrate the life of Mr. Herbert Whitmore Jr. His legacy will live on and he will be greatly missed.

**AN ORDINANCE to amend Chapter 26 of the 1984 Detroit City Code, *Housing*; by adding Article IX, *Senior Citizen Housing*, by adding Sections 26-9-1 through 26-9-5, to indicate the purpose of the ordinance; set forth definitions; to require alternative emergency energy sources; and to address the enforcement of this ordinance.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 26 of the 1984 Detroit City Code, *Housing*; Article IX, *Senior Citizen Housing*, by adding Sections 26-9-1 through 26-9-5, to read as follows:

**CHAPTER 26. HOUSING**

**ARTICLE IX. SENIOR CITIZEN HOUSING**

**Sec. 26-9-1. Purpose.**

The purpose of this ordinance is to require senior housing facilities to install alternative emergency energy sources in order to be prepared for an interruption of normal electrical supply, which will decrease the probability of injury and death among residents of senior housing facilities.

**Sec. 26-9-2. Definitions.**

For the purpose of this article, the fol-

lowing words and phrases shall have the meanings respectively ascribed to them by this section:

*Emergency generator* means a stationary combustion device, such as a reciprocating internal combustion engine or turbine that serves solely as a secondary source of mechanical or electrical power whenever the primary energy supply is disrupted or discontinued during power outages or natural disasters as defined by *Environmental Protection Act, 40 CFR §98.6*.

*Fuel cell energy system* means one or more fuel cells or fuel cell stacks and an inverter or other power conditioning unit. A fuel cell energy system may also include a fuel processor. As used in this subdivision and in accordance with *MCL 207.822(t)*:

(1) *Fuel cell* means an electrochemical device that uses an external fuel and continuously converts the energy released from the oxidation of fuel by oxygen directly into electricity without combustion and consists of an anode, a cathode, and an electrolyte.

(2) *Fuel cell stack* means an assembly of fuel cells.

(3) *Fuel processor* means a device that converts a fuel, including, but not limited to, methanol, natural gas, or gasoline, into a hydrogen rich gas, without combustion for use in a fuel cell.

*Senior Citizen* means a resident that is 55 years of age or older.

*Senior Housing facility* means an institution other than a hospital or hotel that provides housing or room and board to persons aged 55 years or older. Senior housing may include any of the following:

(1) *Assisted Living* means a residential care facility designed primarily for older people who typically have no serious health problems but who may have chronic or debilitating conditions requiring assistance with daily activities. Permitted services include but are not limited to staff-supervised meals, housekeeping, personal care, medication supervision, and social activities. Both private and shared sleeping rooms may be provided. Facilities providing regular care under supervision of physicians are not considered assisted living facilities;

(2) *Congregate Care* means a dependent elderly housing facility with cooking facilities within the unit, but with a central dining service option;

(3) *Home for the Aged* means a supervised personal care facility, other than a hotel, adult foster care facility, hospital, nursing home, or county medical care facility that provides room, board, and supervised personal care to 21 or more unrelated, non-transient, individuals 55 years of age or older. Home for the aged includes a supervised personal care facility for 20 or fewer individuals 55 years of

age or older if the facility is operated in conjunction with and as a distinct part of a licensed nursing home, as defined by the *Public Health Code, MCL 333.21335*:

(4) *Independent Living* means a multiple-family housing form with full facilities for self-sufficiency in each individual dwelling unit; or

(5) *Nursing Home* means a facility that provides organized nursing care and medical treatment to seven or more unrelated individuals suffering or recovering from illness, injury, or infirmity, and which is not a unit in a correctional facility that is operated by the Michigan Department of Public Health, as set forth in Section 44-5-1 of this Code.

*Storage battery* means a battery that is used to start an internal combustion engine or as the principal electrical power source for a vehicle, in which the electrodes are grids of lead containing lead oxides that change in composition during charging and discharging, and the electrolyte is dilute sulfuric acid, as set forth in *MCL 324.17101(c)*.

*Uninterruptible power supply or uninterruptible power source* means an electrical apparatus that provides emergency power to a load when the input power source or main power fails.

**Sec. 26-9-3. Alternative emergency energy source required.**

All senior housing facilities as defined in Section 26-9-2 of this Article shall have an alternative emergency energy source as listed in either Subsection 26-9-4 (a) or Section 26-9-4 (b) of this Article.

**Sec. 26-9-4. Alternative emergency energy source options.**

(a) All senior housing facilities under this section shall have an alternative emergency energy source under Subsection (a) or under Subsection (b) of this Section. In accordance with the *National Electrical Code 70, Article 700.12(A)-(E)*, an alternative emergency energy source shall include at least one of the following:

(1) A storage battery shall be used as a source of power for emergency systems and shall be of suitable rating and capacity to supply and maintain the total load for a minimum period of one and a half hours.

a. The storage battery may be alkali or acid type and shall be designed and constructed to meet the requirements of emergency service and shall be compatible with the charger for that particular installation as in accordance with *NEC 70, Article 700.12(A)*.

b. Automotive type batteries shall not be used.

c. An automatic battery charging means shall be provided by the senior housing facility.

(4) A fuel cell system used as a source of power for emergency systems shall be of suitable rating and capacity to supply and maintain the total load for not less than two hours of full demand operation.

a. Installation of a fuel cell system shall meet the requirements of *Parts II through VIII of Article 692 of the NEC*.

b. Where a single fuel cell system serves as the normal supply for the building, it shall not serve as the sole source of power for the emergency standby system.

(b) All senior housing facilities as defined in this Article shall have an emergency generator in accordance with Subsection (b) of this Section, or an alternative emergency energy source under Subsection (a) of this Section.

(1) The generator shall provide no less than four hours of service.

(2) The generator shall generate enough power to provide lighting at all entrances and exits and to operate equipment to maintain fire detection, alarm, and extinguishing systems, telephone switchboards, heating and cooling plant controls, and other critical mechanical and medical equipment essential to the safety and welfare of the residents, personnel, and visitors.

(3) The senior housing facility shall implement a monthly emergency generator system inspection, testing, and maintenance procedure.

(i) The date of the testing and inspection; and

(ii) The name(s) and the credentials of the person(s) providing the service, identification of unsatisfactory conditions and corrective action taken, including parts replaced, and any testing of repairs recommended by the manufacturer.

(4) The senior housing facility shall maintain an onsite fuel source to power emergency generators that will keep emergency power systems operational during the loss of electricity. The onsite fuel source shall be stored in compliance with state regulations.

(5) The City of Detroit's Buildings,

Safety Engineering and Environmental Department and the City of Detroit Fire Marshal or agent, shall be present to witness the initial acceptance testing of the generator in accordance with *National Fire Protection Association, 110.*  
**Sec. 26-9-5. Enforcement.**

(a) The City of Detroit's Buildings, Safety Engineering and Environmental Department has the authority to inspect the senior housing facility to ensure compliance with this ordinance should a complaint be made regarding the alternative emergency energy sources.

(b) The City of Detroit Fire Marshal has the authority to inspect the senior housing facility to ensure compliance with this ordinance during an annual inspection and any other inspection of the facility.

(c) In accordance with Section 41(3) of the *Michigan Home Rule City Act*, being MCL 117.41(4) and Sections 1-1-9(c) and 8.5-2-1, of the 1984 Detroit City Code, a violation of this article is deemed to be a blight violation.

(d) Owners of the senior housing facility who violate any section of this article may be issued a blight violation notice pursuant to Chapter 8.5 of the 1984 Detroit City Code for each day that the violation continues.

**Secs. 26-9-6—26-9-30. Reserved.**

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on October 16, 2018 revealed the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

2. The owner must contact BSEED to request a progress inspection within forty-five (45) calendar days from the date of the rehabilitation permit and thereafter submit inspection reports every forty-five (45) calendar days to BSEED to demonstrate progress during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected and be maintained and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Inspection, required for all rental properties

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

If the building becomes open to trespass or if conditions of the deferral are not followed, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

(45) calendar days to BSEED to demonstrate progress during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected and be maintained and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits

- Certificate of Inspection, required for all rental properties

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

Honorable City Council:

Re: Petition No. 296 — PM Environmental  
on behalf of Barrick Enterprises 40,  
request for installation of two perman-  
ent monitoring wells and two soil  
gas sampling points within the alley  
south of 1830 East 8 Mile Road.

Petition No. 296 of PM Environmental  
on behalf of Barrick Enterprises #40

whose address is 1830 East 8 Mile Road, Detroit, Michigan, request permission to install and maintain two (2) monitoring wells, and two (2) soil gas sampling points. The encroachments will be in the east-west alley, 20 feet wide, and the north-south alley, 16 feet wide in the block of Winchester Avenue, 50 feet wide, East Eight Mile Road, 204 feet wide, Marx Avenue, 75 feet wide and Dequindre Street, 66 feet wide. The purpose of the bored well is to monitor the existence or extent of soil contamination from leaking underground fuel storage tanks (a.k.a. "L.U.S.T.").

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

The Division of Environmental Affairs of the Buildings, Safety Engineering and Environmental Department (BSEED) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety BSEED will review the petitioner's environmental activities prior to the issuance of city permits. A Right-of-Entry is required by BSEED prior to contractor field activity.

Soil borings and monitoring well installations are equivalent to an "open cut" in a public street or alley. Necessary permits have to be obtained for any street or alley opening, backfill, surface restoration, barricade, or occupancy of city rights-of-way to install monitoring wells. The City Engineering Division — DPW will require the permit applicant to secure a right-of-entry approval from the Division of Environmental Affairs of BSEED.

It is the responsibility of "PM Environmental" to give reasonable and proper notice to any abutting property owner(s) before commencing any open cut or boring operations within public rights-of-way.

The enforcement of fire safety regulations and building codes is the responsibility of the Fire Marshal and BSEED. Generally, the Fire Marshal and BSEED report no objections to the placement and maintenance of permanent L.U.S.T. monitoring well encroachments within public rights-of-way.

DTE Energy — MichCon Gas Company reports involvement but no objections provided that the installer contact MISS DIG at 1 800 482-7171; and provided that any removal or relocation of gas facilities be done at project expense.

The Public Lighting Department (PLD) and Public Lighting Authority (PLA) report no involvement.

Traffic Engineering Division — DPW reports involvement, but no objections provided that the grade shall be maintained in original condition with flush covers on the monitoring wells.

The Water and Sewerage Department (DWSD) reports involvement, but no objections to the proposed encroachments for monitoring well installation provided that the petitioner follow DWSD provisions for encroachments. The DWSD encroachment provisions are a part of the attached resolution.

All other involved City departments and privately owned utility companies request the petitioner(s) make use of "Miss Dig" facilities before any soil borings or permanent monitoring wells are installed in public (street or alley) rights-of-way.

Finally, the City Engineering Division — DPW requires "PM Environmental" to submit certified "as built" drawings, a map and survey, showing the exact location of the petitioner's completed permanent L.U.S.T. monitoring well installations within public rights-of-way.

In accord with Detroit Code (Sec. 50-1-9), there is an appropriate resolution, granting the encroachment petition, attached for consideration by your Honorable Body.

Respectfully submitted,  
RICHARD DOHERTY, P.E.

City Engineer

City Engineering Division — DPW  
By Council Member Benson:

Whereas, The Environmental Affairs Division of Building, Safety Engineering and Environmental Department (BSEED) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety BSEED will review the petitioner's environmental activities prior to the issuance of city permits; also

Whereas, The State of Michigan requires that all underground storage tanks be registered and inspected for leaks. Also, the "State" has mandated the replacement of leaking tanks including removal (and proper disposal) of contaminated soil; also

Whereas, Any L.U.S.T. can contaminate soil and diminish the value of surrounding properties, including public rights-of-way. The taxpayers of Detroit invested substantial capital in the acquisition, site preparation, insurance, and maintenance of public rights-of-way. Finally, it is in the interests of public health, safety, and welfare to detect the presence of hazardous materials and/or soil contamination from L.U.S.T.(s); therefore be it

Resolved, The City Engineering Division — DPW is hereby authorized and directed to issue permits to "Barrick Enterprises #40" and/or their assigns at the site of 1830 East 8 Mile Road, Detroit, Michigan to install and maintain one (2) monitoring wells, and two (2) soil gas sampling points encroaching within the public rights-of-way for the purpose of detecting and providing remediation of hazardous materials

and/or soil contamination from any leaking underground storage tank (L.U.S.T.); said public right-of-way being nearby or adjoining property described as follows:

Re: Petition No. 1768 — Bedrock Management LLC, request for 1400 Woodward Hotel Encroachment into Woodward Avenue, John R. Street, Farmer Avenue, and E. Grand River Avenue, all public rights-of-way.

Petition No. 1768 — Bedrock Management Services LLC, request for encroachments with outdoor café, planters,

non-standard paving and trees with grating inclusive of irrigation, also architectural elements including lighting, awnings and canopies above grade. The encroachments are on the east side of Woodward Avenue, 190 feet wide, also on the south side of John R. Street, 60 feet wide, also on the west side of Farmer Street, variable width, also on the north side of East Grand River Avenue, 60 feet wide. All of the encroachments are located in the block of the above four streets.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made for enhancement of the new Shinola Hotel streetscape.

The request was approved by the Solid Waste Division — DPW, and City Engi-

neering Division — DPW, and Traffic Engineering Division — DPW (TED). TED has conditions that are a part of the resolution.

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Authority and Public Lighting Department; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully Submitted,  
RICHARD DOHERTY, P.E.

Re: Resolution supporting Governor Whitmer's reorganization of MDEQ

On February 7, 2019, Council Member Benson directed the Legislative Policy Division (LPD) to draft a resolution supporting Governor Gretchen Whitmer's executive order reorganizing the State Department of Environmental Quality, to be known as the Department of Environment, Great Lakes and Energy. The draft resolution is attached.

If Council has any other questions or concerns regarding this subject, LPD will be happy to provide further research and analysis upon request.

DAVID WHITAKER

Director

Legislative Policy Division Staff

**RESOLUTION SUPPORTING  
GOVERNOR WHITMER'S  
EXECUTIVE ORDER CREATING A  
NEW MICHIGAN DEPARTMENT OF  
ENVIRONMENT, GREAT LAKES AND  
ENERGY FROM THE CURRENT MDEQ**

By All Council Members:

Whereas, Governor Gretchen Whitmer has issued an Executive Order that creates a new Michigan Department of Environment, Great Lakes and Energy from the current Michigan Department of Environmental Quality (MDEQ). The renamed and restructured department would emphasize and pursue public policy directions that center on preserving and enhancing the State's natural resources, and especially on protecting safe drinking water; and

Whereas, Unfortunately, the Republican-dominated State House of Represen-

tatives subsequently passed a measure opposing the Governor's executive order, and the Republican-dominated State Senate can be expected very soon to do the same, based on an extensive history of Michigan GOP efforts to undermine environmental protections by attacking the integrity and competencies of the DEQ and its predecessor State Government departments; and

Whereas, In particular, the recent lame duck State Legislature passed inappropriate and ill-advised statutory restrictions on the DEQ that would subject environmental protection measures to onerous, unfair and result-oriented so-called environmental oversight panels that threaten Michigan's precious natural resources and public health by fiscally straitjacketing the DEQ and substituting the bottom line of corporate polluters' profits for sound environmental protection; and

Now, Therefore, Be It

Resolved, That the Detroit City Council strongly supports Governor Whitmer's Executive Order that creates a new Michigan Department of Environment, Great Lakes and Energy from the current MDEQ; and

Be It Further

Resolved, That copies of this resolution shall be delivered to the Governor, Detroit's State Legislative delegation, the City's Lansing lobbyist, the State's Congressional delegation, and media.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, McCalister, Jr., Sheffield, Spivey, Tate and President Jones — 8.

Nays — None.

February 4, 2019

Honorable City Council:

Re: Resolution urging Gov. Whitmer and the Michigan Legislature to eliminate the tax on non-exempt pensions.

On January 24, 2019, the Honorable Council President Brenda Jones requested the Legislative Policy Division to draft a resolution urging Governor Gretchen Whitmer and the Michigan Legislature to eliminate the tax on non-exempt pensions.

Attached, please find our draft of the resolution and contact us if we can be of any further assistance.

DAVID WHITAKER

Director

Legislative Policy Division Staff

**RESOLUTION URGING  
GOV. WHITMER AND THE  
MICHIGAN LEGISLATURE  
TO ELIMINATE THE TAX ON  
NON-EXEMPT PENSIONS**

By All Council Members:

Whereas, On May 25, 2011, Gov. Snyder

signed House Bill 4361 into law as Public Act 38. Public Act 38 eliminated the State's tax exemption for pension income and repealed the Michigan Business Tax for most businesses in favor of a flat corporate income tax, thereby, taxing low income seniors on fixed incomes in order to provide tax benefits for large corporations (a reverse Robin Hood scenario); and

Whereas, According to the Michigan Senate Fiscal Agency, PA 38 of 2011 initiated the most substantial changes in the Michigan individual income tax, since its establishment in 1967; and

Whereas, Surprisingly, the decision to tax pension income comes at a time when people are living longer. In 2016, the US Census Bureau reported that Michigan residents' 60 and older represent nearly a quarter of Michigan's population. Moreover, the Census Bureau estimates that by 2050, 27% of Americans will be 65 or older; and

Whereas, Michigan House Representative Joseph Bellino (R-17) introduced House Bill 4006, which, if passed into law, will restore exemptions to retirement income including pensions, IRAs and 401(k) accounts from being taxed by the State of Michigan; Now, Therefore Be It

Resolved, That the Detroit City Council strongly urge the Whitmer Administration and the Michigan Legislature to support and approve HB 4006, thereby to reestablish the tax exemptions placed on retirement income; Be It Finally

Resolved, That copies of this resolution be transmitted to Gov. Whitmer, the Michigan Senate Committee on Finance, the Michigan House Committee on Tax Policy and the Detroit delegation in the Michigan Legislature.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, McCalister, Jr., Sheffield, Spivey, Tate and President Jones — 8.

Nays — None.

**RESOLUTION IN SUPPORT OF 2019 SENATE BILL 54 & HOUSE BILL 4100**  
By Council President Brenda Jones:

Whereas, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens through Charter-mandated legislative functions; and

Whereas, In 2011, the State of Michigan repealed the Michigan Historic Preservation tax Credit, which had been an invaluable resource for owners of both residential and commercial historic properties; and

Whereas, Moreover, in the thirteen years the tax credit existed, between January 1999 and December 2011, approximately 200 projects were approved. Over this period, \$42 million in state historic preservation credits helped to leverage in excess of \$122 million in

federal credits for local developers. Commercial projects comprised the largest investment in historic properties; and

Whereas, In the recently ended 2017-18 State of Michigan legislative session, Senate Bill 469 as proposed, would have restored the State of Michigan's historic preservation tax credit. The measure would have allowed Michiganders who rehabilitated historic buildings, to take a credit of up to 25 percent of their expenses against their state income tax liability. Unfortunately however, despite overwhelming support in the State Senate last year, approved by a vote of 36-2, and the State House Tax Policy Committee, which approved it by an 8-2 vote last summer, *it failed to come to a vote in the full House*, a consequence of the end of the legislative term; and

Whereas, Through a coordinated effort, two identical 2019 State Bills, Senate Bill 54 and House Bill 4100 have been introduced, SB 54, introduced by Senators Schmidt, Chang, Horn, Zorn and Irwin and referred to the Senate Committee on Finance, in addition to HB 4100, introduced by Reps. Frederick, Wendzel, Anthony, LaGrand, Marino, Elder, Mueller, Guerra and VanSingel and referred to the House Committee on Tax Policy, were drafted to restore the historic state tax credits, previously proposed in Senate Bill 469 from the last State legislative session; Now, Therefore Be It

Resolved, The Detroit City Council, as an advocate of the efficient use of tax payer dollars, expresses its strong support of 2019 Senate Bill 54 and House Bill 4100 and would pray their expeditious passage by both houses of the legislature; Now, Therefore Be It Finally

Resolved, That this resolution be forwarded to the City of Detroit's Lansing Lobbyist, the Detroit Delegation in Lansing, the State Senate Committee on Finance, the State House Committee on Tax Policy and the Governor.

**RESOLUTION IN OPPOSITION TO THE TRUMP ADMINISTRATION'S JANUARY 28, 2019 POLICY MEMORANDUM ENTITLED "GUIDANCE FOR IMPLEMENTING SECTION 235 (b)(2)(C) OF THE IMMIGRATION AND NATIONALITY ACT AND THE MIGRANT PROTECTION PROTOCOLS"**

By Council President Brenda Jones, joined by Council Member Castaneda-Lopez

Whereas, On Monday January 28, 2019, United States Secretary of Homeland Security Kirstjen M. Nielsen issued

a "policy memorandum" (PM-602-0169) described as guidance to U. S. Citizenship and Immigration Services (USCIS) immigration officers for implementation of the administration's "Migrant Protection Protocols" (MPP); and

Whereas, The MPP guidance is part of the rollout of the Department of Homeland Security's (DHS) new "Remain in Mexico" program for handling asylum claimants at the southern border. The program requires, and seeks to justify, closing our country's borders to the vast majority of asylum seekers during the pendency of increasingly lengthy legal proceedings to determine the viability of their asylum claims. It is a cynical immigration strategy aimed at keeping those in need out of the country and invisible to the news media and the vast majority of Americans, while likely guaranteeing that most asylum claims will fail; and

Whereas, Despite the lofty title, the Migrant Protection Protocols do nothing to protect migrants, many of whom have survived extremely perilous journeys under treacherous conditions to exercise their legal right to request asylum in the United States. Rather, the MPP guts key due process protections for asylum seekers. According to the American Immigration Lawyers Association, U.S. law provides all persons arriving to the United States, whether at or between ports of entry, the right to seek asylum. (See, AILA Policy Brief: "Remain in Mexico" Plan Restricts Due Process, Puts Asylum Seekers Lives at Risk.) Although not everyone is eligible for asylum, everyone deserves a full and fair opportunity to apply. Due process requires, at the very least, access to court proceedings and reliable notice; both of these will be difficult to impossible if the applicant is in Mexico; and

Whereas, The Remain in Mexico program will ultimately result in asylum seekers remaining in limbo south of the border for prolonged periods of time, possibly years, intensified by the fact that the administration has allocated insufficient resources to DHS to efficiently process the migrants, ultimately leaving legal and procedural protection of asylum seekers to the Mexican government. With no clear path to implementation of the administration's plan, including how and where proceedings will occur, concern for the long-term safety and living conditions of the migrants is growing. It is highly foreseeable that a humanitarian crisis of substantial proportion will inevitably occur if this policy persists; incidents of deaths at the Mexican border have been widely reported (See, *The Guardian*, <https://www.theguardian.com/world/2018/dec/19/mexico-honduras-teen-migrants-killed-us-border>); and

Whereas, In affirming our status as a Welcoming City, the Detroit City Council's resolution stated "the City of Detroit

believes in the innate dignity of all its residents and recognizes the importance of their valuable contributions to the social, religious, cultural, and economic life within the city. The City of Detroit acknowledges, honors, and values our immigrant and migrant roots, and embraces the values of family, faith, and hard work"; and

Whereas, The Detroit City Council emphatically believes that all asylum seekers should be protected and treated humanely when they present themselves at our borders, particularly when fleeing dangerous or threatening conditions. Now, Therefore Be It

Resolved, The Detroit City Council opposes the administration's newly issued Migrant Protection Protocols embodied in the January 28, 2019 DHS guidance, which serve to further erode our country's embrace of the internationally adopted 1951 Convention relating to the Status of Refugees. The United States must strike an appropriate balance between our resources for processing applicants and the safety of vulnerable migrants lawfully seeking asylum at our country's borders. Be It Further

Resolved, The City Clerk be directed to send copies of this resolution to President Donald Trump, Department of Homeland Security Secretary Kirstjen M. Nielsen, and the Detroit Congressional delegation.

**RESOLUTION  
IN MEMORIAM  
FOR  
HONORABLE CONGRESSMAN  
JOHN D. DINGELL**

By Council President Jones joined by Council Members Sheffield, McCalister, and Castaneda-Lopez:

WHEREAS, We, the members of the Detroit City Council, solemnly pause today to recognize and bestow homage upon the late, Honorable Congressman John D. Dingell, a beloved son, father, husband, grandfather, and friend to many. Dingell, affectionately known as the "Lion of the United States Congress," was the longest-serving representative in American history, from 1955 until 2015; and

WHEREAS, John David Dingell, Jr. was born on July 8, 1926 in Colorado Springs, to John Sr. and Grace Dingell. He was the eldest of three children. His father was elected to Congress in 1932. John, Jr. started his service as a House page at age 12 and would grow up to be one of 24 congressional pages elected to Congress. In World War II, he was drafted into the Army, rising to the rank of second lieu-

tenant. He earned a law degree from Georgetown Law School and in 1952 married Helen Henebry. They divorced in 1973. Following his father's death in 1955, at age 29, John, Jr. was elected to fill the southeast Michigan congressional seat previously held by his father. In 1981, Dingell rose to chair the Energy and Commerce Committee. That same year he married Debbie Dingell. During his 59-year career, "The Dean," served with every president from Dwight Eisenhower to Barack Obama and cast more than 25,000 votes. The vote he said he was most proud of supported the 1964 Civil Rights Act. In an attempt to fulfill his father's dream, Dingell introduced national health care insurance legislation every Congress until 2010, when his bill was turned into the Affordable Care Act, which was signed into law by President Barack Obama. One of the most influential legislators of all times, he was known for working both sides of the aisle and always put the public interest ahead of everything else. He investigated wasteful spending of taxpayer dollars, the safety of the blood supply and insider trading. Dingell was a primary supporter of the auto industry and played a key role in stabilizing the industry during the Great Recession. He was also a lead champion of laws to protect the environment. Major legislation that he helped become law include Medicare/Medicaid, the National Wilderness Act in 1964, Water Quality Act in 1965, Endangered Species Act in 1973, the Safe Drinking Water Act in 1974 and the Clear Air Act in 1990. Dingell cast his final major vote on December, 11, 2014, in favor of a \$1.1 trillion spending bill; and

WHEREAS, Dingell's name graces the Veterans Administration Hospital in Detroit, the road leading to Detroit Metropolitan Airport in Romulus and the Capitol Hill hearing room of the House Energy & Commerce Committee. His achievements were also memorialized in Michigan by the John D. Dingell Bridge in Monroe County and a new visitor center at the Detroit River International Wildlife Refuge in Trenton. After retirement, Dingell formed a partnership with the University of Michigan, where he served as an unpaid lecturer and scholar in residence at the Dearborn campus. He wanted to inspire the next generation of civic leaders. Dingell donated 600 to 700 boxes of his congressional papers dating to 1955 to U of M's Bentley Historical Library in Ann Arbor. In 2018, Dingell published a book that he co-wrote with David Bender about his service in the U.S. House, titled "The Dean: The Best Seat in the House." He also built a reputation as a witty Twitter personality, with more than 258,000 followers; and

WHEREAS, In addition to his wife, Debbie Dingell, Dingell is survived by his two daughters, Jeanne and Jennifer; two sons, Christopher and John III; and several grandchildren. His legacy will live on to inspire generations to come.

**2018 Detroit  
Charter Revision Commission**

February 23, 2019

Honorable City Council:

Re: FY 2018 – 2019 Charter Revision Commission Budget

The 2018 Detroit Charter Revision

Commission "Commission" respectfully requests authorization to increase the fiscal year 2018-19 appropriation 0844 Charter Commission by \$190,919 and decrease appropriation 00870 Non-Department Centralized payments by \$190,919 for operating expenses of the Commission. The Commission offers the following in support of its budget request to amend the City's FY 2018 - 2019 budget.

In accordance with Section 18 of the Michigan Home Rule City Act (the "Act"), MCL 117.18, on November 6, 2018, the People of the City of Detroit elected a Charter Revision Commission consisting of nine (9) members. Section 19 of the Act, MCL 117.19, requires, among other things, that "the legislative body of the municipality... shall fix in advance of the election of a charter commission... the money for the expense thereof..." Further, Section 9-403 of the 2012 Detroit City Charter provides:

The question of whether there shall be a general revision of the City Charter shall be submitted to the voters of the City of Detroit at the gubernatorial primary of 2018, and at every fourth (4th) gubernatorial primary thereafter and may be submitted at other times in the manner provided by law. A primary election shall be held for the offices of Charter Revision Commissioners at the same election and shall be void if the proposition to revise is not adopted. If the proposition to revise is adopted, Charter Revision Commissioners shall be elected at the ensuing general election for governor.

2012 Detroit City Charter, Sec. 9-403.

In view of the City's FY 2018 – 2019 budget having been established prior to the Commission's November 6, 2018 creation at Michigan's general election for governor, it is the Commission's position that requesting the City to amend its FY 2018 – 2019 budget to provide for FY 2018 – 2019 Commission expenses is realistic and appropriate. First, Section 9-403 of the 2012 Detroit City Charter explains a Detroit Charter Revision Commission's creation by the will of the People of the City of Detroit should the proposition to revise an existing Detroit City charter be adopted at the gubernatorial primary election. Additionally, Section 19 of the Act explains municipalities' legislative bodies' responsibilities for Charter Commission expenses.

The Commission's projected FY 2018 – 2019 budget contains expense categories including but not limited to Commission personnel, office space, furnishings and utilities, and Commissioner meeting stipends. These categories and others within the attached proposed FY 2018 – 2019 Commission budget are consistent with expenditure categories included in both the 1994 – 1996 and 2009 – 2012

Detroit Charter Revision Commission budgets.

We are requesting approval from your Honorable Body to adopt the enclosed resolution. If you have any questions or concerns regarding this matter, please feel free to contact me at (313) 459-6208.

We request a waiver of Reconsideration.

**2018 DETROIT  
CHARTER REVISION COMMISSION**

February 8, 2019

Honorable City Council:

Re: Proposed Resolution to Fix the Meeting Compensation for 2018 Charter Revision Commission Members

The 2018 Detroit Charter Revision Commission (“Commission”) respectfully requests this Honorable Body to fix commissioners’ actual attendance meeting compensation rate at one-hundred ten dollars (\$110.00) during the operation of the Commission.

In accordance with Section 18 of the Michigan Home Rule City Act (“Act”), MCL 117.18, on November 6, 2018, the People of the City of Detroit elected a Charter Revision Commission, which consists of nine (9) members. Section 19 of the Act, MCL 117.19, requires, among other things, that “the legislative body of the municipality... shall fix in advance of the election of a charter commission... the compensation of its members...” Further, Section 20 of the Act, MCL 117.20 provides: ... “[a] member shall not receive compensation for more than 90 meetings of the commission, and only for actual

attendance... [and] shall be paid for not more than 1 meeting per day.”

This Honorable Body, on November 7, 2018, adopted (9-0) a resolution setting the rate of fifty dollars (\$50.00) for a commissioner’s actual attendance at each meeting, not to exceed ninety (90) meetings during the operation of the Commission, which ends on August 7, 2021, for a maximum of \$9,900.00 per commissioner during the operation of the Commission; and, authorizing the Finance Department to make payment from the appropriate account for the vouchers that are submitted by an individual commissioner, for each meeting.

The Commission respectfully requests that this Honorable Body set commissioners’ meeting compensation rate at one-hundred ten dollars (\$110.00) in view of the appropriation of November 7, 2018 having been made prior to the Commission developing its FY 2019 budget and operating plan. The Commission posits that its meeting compensation rate accurately aligns with Commission goals and objectives made in consideration of public input and reached through deliberative processes of the entire Commission. In contrast, this Honorable Body’s adopted fifty dollar (\$50.00) commissioner compensation rate was adopted prospectively to the Commission’s operation; depriving this Honorable Body opportunities to consider the Commission’s adopted FY 2019 budget and operating plan.

This Honorable Body set the 2009 – 2012 Charter Revision Commission actual attendance meeting compensation rate at fifty (\$50.00) per meeting per commissioner (cite). The 2018 Commission respectfully requests that its proposed meeting compensation rate increase be commensurate with existing and proposed compensation afforded other 2012 Detroit City Charter commission boards (i.e. Sec. 7-802 Board of Police Commissioners and Sec. 7-1201 Board of Water Commissioners).

Attached is a proposed resolution for consideration by your Honorable Body to set a rate of one-hundred ten dollars (\$110.00) for a commissioner’s actual attendance at each meeting, not to exceed ninety (90) meetings during the operation of the Commission, which ends on August 7, 2021, for a maximum of \$9,900.00 per commissioner during the operation of the Commission; and to authorize the Finance Department to make payment from the appropriate account for the vouchers that are submitted by an individual commissioner, for each meeting.

We are requesting approval from your Honorable Body to adopt the enclosed resolution and are available to answer any questions that you may have concerning the proposed resolution.

Honorable City Council:

Re: Timothy Rogers, Jr. vs. City of Detroit. Case No: 18-004473-NF. File No: L18-00232 (MA)

On February 5, 2018, a case evaluation panel evaluated the above-captioned lawsuit and awarded Ten Thousand Dollars and No Cents (\$10,000.00) in favor of Plaintiff. The parties have until March 5, 2019, to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within that period constitutes a rejection.

Based upon our review of the facts and

particulars of the lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the case evaluation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft payable to Timothy Rogers, Jr. and the Law offices of Kevin W. Geer in the amount of Ten Thousand Dollars and No Cents (\$10,000.00) in full payment for any and all claims which Timothy Rogers, Jr. may have against the City of Detroit, and any City of Detroit employees by reason of alleged injuries or property damage sustained by Timothy Rogers, Jr. on or about May 3, 2017, as otherwise set forth in Case No. 18-004473-NF filed in the Wayne County Circuit Court, and that said amount be paid upon receipt of properly executed Releases, Stipulation and Order of Dismissal entered in Case No. 18-004473-NF.

**RESOLUTION IN SUPPORT OF BAIL REFORM IN MICHIGAN**

By Council Member Sheffield:

Whereas, The primary goal of the state's criminal justice system is to enhance public safety while always focusing on justice for the accused and those otherwise impacted; and

Whereas, Holding indigent arrestees in pretrial detention, solely because of their inability to assemble sufficient cash to pay bail, does little to enhance public safety, but rather does violence to society as a whole. Pretrial, wealth-based detention frequently results in a rippling effect of catastrophic harm to the most economically and socially fragile community members, causing them to lose their jobs and homes, disrupting education, and causing family separation and possible loss of custody of children; and

Whereas, Despite a clear public policy favoring release on personal recognizance, as delineated by Michigan Court Rule 6.106, few courts are exercising discretion to allow arrestees the benefit of pretrial release without bond to prepare their defenses and work toward dismissal of the charges. In Wayne County, it is estimated that over sixty percent of jailed individuals have not been convicted of a crime, but rather are unadjudicated, pre-trial detainees; and

Whereas, As a result of the inability to post bond, many arrested individuals plead guilty to charges that would conceivably not result in a conviction at trial, simply to secure their release from detention and, thereby, minimize the risk of upending their lives. However, these compromise guilty pleas have their own consequences, including creating a criminal record where one should not exist; and

Whereas, Recognizing both the devas-

tation the cash bail system has inflicted on marginalized communities — having the effect of criminalizing poverty and creating debtors' prisons, as well as the fact that only the bail agents and the insurance industry win, bail reformers across the country are fighting to eliminate cash bail. On the federal level, Senator Bernie Sanders (I-VT) and Rep. Ted Lieu (D-CA) have introduced the "No Money Bail Act" in Congress. Previously, Senator Kamala Harris (D-CA) and Senator Rand Paul (R-KY) sponsored the "Pretrial Integrity and Safety Act", which has now stalled; and

Whereas, Bail reform efforts at the state level have met with mixed success, with New Jersey regarded as a leader on the issue, after enacting its "Criminal Justice Reform Act", effective January 2017, using a "risk analysis" model to evaluate release from pretrial detention. The New Jersey law was challenged by the bail industry, but in July 2018, the United States Court of Appeals for the Third Circuit upheld the constitutionality of the law. More recently, much anticipated California legislation was signed into law at the end of August, although it had lost much of its initial support due to amendments that leave judges with the option of either releasing defendants or holding them in "preventive detention" until their court dates — thus potentially depriving those who otherwise might have qualified for bail, with no options for release; and

Whereas, In growing recognition that cash bail does not make our communities safer, district attorneys in Philadelphia, Houston, Baltimore, Orlando, Boston, Chicago, Manhattan, Brooklyn, and other cities across the country have announced policies that their attorneys will no longer seek cash bail in most misdemeanor cases. (See. NYTimes.com, Dec. 11, 2018 and See. Georgetown Law, Oct. 10, 2018); and

Whereas, The Bail Project, a non-profit national revolving bail fund, is now operating eleven sites across the country, including in Detroit, and working to reshape the pretrial system in the United States. The organization is using data to demonstrate that its model of community release with support is a viable and cost-effective alternative to cash bail. Data from the Bail Project's pilot program in New York has shown that 95 percent of people return to court when provided with adequate court notifications and support in the form of transportation assistance and referrals to voluntary social services; and

Whereas, In Detroit, the Detroit Justice Center is endeavoring to remedy the impact of mass incarceration, advocating for elimination of pretrial detention through alternatives to the bail process, partnering with The Bail Project to provide bail assis-

tance to people jailed in Wayne County, and generally endeavoring to relieve barriers experienced by court-involved individuals to full participation in society; and

Whereas, A legislative bill package (HB 6455-6463) was introduced in the Michigan Legislature last year to reform the bail system in Michigan. The bills sought to amend the state's criminal procedure code and other portions of state law, and would have codified relevant court rules as state law. However, the bills also included provisions that could further entrench racial disparities, such as requiring courts to consider the score from a pretrial risk assessment; and

Whereas, The urgency of the need for action to slow, and ultimately remedy, the effects of mass incarceration, particularly pretrial detention of unadjudicated citizens, cannot be overstated — both in our city and nationally. Now, therefore be it

Resolved, The Detroit City Council urges the United States Congress and the Michigan Legislature to expeditiously and efficiently address the failure of the bail system, beginning with thoughtful consideration and passage of bail reform legislation that dramatically reduces pretrial incarceration rates and racial disparities in the jail population; and be it further

Resolved, The Detroit City Council supports the efforts of the Detroit Justice Center and The Bail Project in efforts to provide bail assistance to low-income residents to mitigate the harms of pretrial incarceration, while meaningful bail reform is achieved; and be it finally

Resolved, That a copy of this resolution be transmitted to Mayor Mike Duggan, the members of the Michigan delegations in both houses of the United States Congress, the Detroit delegations in both houses of the Michigan State Legislature, the Detroit Justice Center, and The Bail Project.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, Leland, McCalister, Jr., Sheffield, Spivey, Tate and President Jones — 9.

**PLANNING AND ECONOMIC DEVELOPMENT STANDING COMMITTEE City Planning Commission**

February 14, 2019

Honorable City Council:

Re: Request of Zaid Arabo on behalf of Jerry Pattah to amend the existing PD (Planned Development) zoning classification on District Map 6, Article XVII, of the 1984 Detroit City Code Chapter 61, 'Zoning' for the property located at 500 E. Warren Avenue generally bounded by St. Antoine Street, E. Hancock Street,

Brush Street and E. Warren Avenue. (RECOMMEND APPROVAL WITH CONDITIONS)

**BACKGROUND AND PROPOSAL**

The City Planning Commission (CPC) has received a request from Zaid Arabo on behalf of Jerry Pattah requesting that the City of Detroit amend the provisions of the existing PD (Planned Development) zoning classification on District Map No. 6, Article XVII, of Chapter 61 of the 1984 Detroit City Code, 'Zoning,' for the property located at 500 E. Warren Avenue generally bounded by St. Antoine Street, E. Hancock Street, Brush Street and E. Warren Avenue. The site was rezoned from B4 (General Business) and R5 (Medium Density Residential) to PD in 1974.

The site is currently developed with a multiple tenant shopping center. The anchor tenant is a large supermarket and five smaller units containing restaurants and a nail salon.

**Proposed Development**

The applicant proposes to build a one-story, 9,500 square foot building at the southeast corner of the site for a Secretary of State branch office. The exterior cladding would be burnished block for the lower four feet, topped by a 2" limestone sill and brick for the remainder. A five foot landscaped setback would separate the building from the public sidewalk.

No additional curb cuts are proposed; the existing curb cuts will be utilized. The parking lot will be reconfigured resulting in slightly fewer parking spaces. Several trees at the southeast corner of the site will be removed, but extensive new landscaping is proposed including street trees and landscaped islands in the parking lot to manage storm water runoff.

**PLANNING CONSIDERATIONS**

**Surrounding Zoning and Land Use**

The zoning classification and land uses surrounding the subject area are as follows:

North: PD — Townhouses (3-story) and Multiple-Family Dwelling (7-story)

East: PD — Plymouth United Church of Christ

South: R5 — Hospital (4-story)

West: PD — Multiple-Family Dwelling (9-story)

**Analysis**

Because this site was previously zoned B4, those standards are used as a benchmark for reviewing the PD proposal. The proposal meets the following standards:

- Use: Governmental service agency is allowed by-right
- Setbacks & maximum lot coverage: no requirements
- Minimum lot dimensions & area: no requirements
- Height: 35' maximum allowed; the tallest portion of the proposed building is 21.3' high
- Loading spaces: 3 required total; 4 existing

- Right-of-way screening: Requirement 5' wide strip with trees every 30' and 30"-36" high screen of vegetation, berm or masonry wall; existing landscape strip is 20' wide and has a berm, trees will be added every 30'

Several other standards are moderately deficient:

- Parking: Requirement 154 for existing building + 63 for new building = 217 total; 185 proposed, 32 deficient

- Interior landscaping: Requirement 4,070 sq. ft. (22 sq. ft. per parking space); existing about 1,120 sq. ft. with an additional 1,980 sq. ft. proposed, 970 deficient

#### **Approval Criteria**

Section 61-3-97 of the zoning ordinance gives the criteria for whether a change to an existing PD development is minor or major. This proposal meets the criteria for a major change — specifically, an increase in gross floor area in excess of 5% and an increase in coverage by structure.

This proposal appears to meet the eight approval criteria for a map amendment listed in Section 61-3-80 of the zoning ordinance, specifically:

- The amendment will protect the health, safety, and general welfare of the public. The proposed Secretary of State office will provide a needed service to the surrounding community.

- The amendment will not have adverse impacts on the natural environment. The proposed landscaping improvements will greatly decrease the storm water directed to the city's sewer system and the planting of additional trees and shrubs will be positive for the natural environment.

It also meets the PD District design criteria in Section 61-11-15, specifically:

- **Compatibility** — The proposed building is compatible with the existing structure and will complement the surrounding development.

- **Parking & Loading** — The existing parking is drastically under-utilized and although the parking provided does not meet the requirements of the Zoning Ordinance, it is adequate for this particular site.

- **Screening** — The improvements proposed as part of this project include an enclosure for an existing trash container adjacent to Hancock Street and upgrades to the landscaping which screens the parking lot from the right-of-way.

#### **Master Plan Consistency**

The subject site is located within the Lower Woodward area of Neighborhood Cluster 4 of the Detroit Master Plan of Policies. The Future Land Use map for this area shows "Medium Density Residential" for the subject property. The Planning & Development Department has submitted a report stating that the proposed development is consistent with the Master Plan.

#### **City Planning Commission Public Hearing**

Midtown Detroit Inc. spoke at the public hearing and submitted a letter, generally in support of the modification but concerned about several maintenance issues at the site including graffiti and landscaping. The Planning Commissioners had numerous concerns which were addressed with conditions.

#### **REVIEW**

The review of this proposal has been somewhat complicated and full of delays. Here is a brief timeline:

- **June 2018** — The architect submits for site plan review to the Buildings, Safety Engineering and Environmental Department. They are informed that site plan review is not required for the project despite the requirement of Section 61-3-113(8) of the zoning ordinance which specifies that projects in a PD zoning district do require site plan review.

- **July 2018** — The architect submits for the building permit. The application is routed to City Planning Commission as a reviewer as required by the PD zoning district. CPC staff informs the architect that site plan review is required including a PD modification which includes public hearings at both the City Planning Commission and City Council.

- **August 2018** — The application is submitted to CPC for the PD modification. The architect is informed about illegal signage at the site which needs to be removed or properly permitted.

- **September 2018** — The project is presented to the City Planning Commission prior to the scheduling of the public hearing. Several Commissioners raised concerns such as current maintenance of the site, lack of storm water mitigation features & landscaping, placement of the building and general building aesthetics. The Planning & Development Department also reviewed the proposed plans and suggested several improvements including better connections for the walkways, larger windows in the lobby and differentiating the entrance from the other facades. Midtown Detroit Inc. submitted a letter of support contingent on removal of graffiti and better maintenance of landscaping. The architect expressed intentions to change the location of the building and eliminate existing trees that were previously marked for preservation.

- **Early October 2018** — The public hearing at City Planning Commission is held on October 4. Although same day action was originally planned, lack of progress on previously discussed issues leads to a delay until the next meeting. A representative from the Secretary of State spoke via phone at the CPC hearing which was very helpful in answering Commissioners' questions. Renderings of the proposed building are presented which are unacceptable including blank walls,

no landscaping, no signage, tinted windows and incompatible colors.

• *Late October 2018* — The project is again before the City Planning Commission at the 10/18 meeting. Despite advice to bring the site into compliance, illegal signage was still present and graffiti was being covered the morning of the meeting. However, based on improvements to the plans, staff recommends approval with several conditions and City Planning Commission voted to recommend approval also. The architect and property owner agree to improve the renderings and correct the violations at the site.

• *January 2019* — CPC staff visits the site in preparation for submitting the report to City Council. Illegal signage, trash and graffiti are still present. The architect and property owner are informed and agree to comply.

• *February 2019* — A permit application is submitted for the remaining illegal signage, but review is delayed due to the applicant not having a current sign erector license. Although the site is still not in compliance, the project is moved forward to avoid additional delays.

Your Honorable Body may wish to consider the above before advancing this matter further.

Throughout this extended process, Secretary of State staff have always been willing to answer questions and have been very helpful in encouraging the property owner to improve the site and bring it into compliance.

**RECOMMENDATION**

On October 18, 2018, the City Planning Commission voted to recommend approval of this PD modification request with the following conditions:

1. That landscaping is installed and maintained as shown on the submitted Landscape Plan prepared by Zaid Arabo Design Build and last revised 10/17/2018.
2. That interior landscaping islands are designed and constructed to DWSD standards for storm water retention.
3. That all existing graffiti on the site is removed promptly and the site is maintained in a graffiti-free condition to the extent practicable in accordance with City Code.
4. That windows marked as "frosted or tinted glass" on the elevations are in fact frosted glass in order to better replicate the appearance of clear windows.
5. That the site continue to participate in the Project Green Light Program with the Detroit Police Department including any modifications made necessary by the new building.
6. That final site plans, elevations, lighting, landscape and signage plans be submitted by the developer to the staff of the City Planning Commission for review and approval prior to submitting applications for applicable permits.

The ordinance establishing the map amendment has been reviewed and approved as to form by the Law Department and is attached for your consideration.

Respectfully submitted,

**A RESOLUTION AUTHORIZING ALTERATIONS IN A PC ZONING DISTRICT AT THE COLEMAN A. YOUNG MUNICIPAL CENTER**

By Council Member Tate:

Whereas, The Coleman A. Young Municipal Center (CAYMC) is located within an established PC (Public Center) zoning district; and

Whereas, The Detroit-Wayne Joint Building Authority, which owns and operates the CAYMC, has initiated various improvements and repairs to the Center over the years of its existence; and

Whereas, The Detroit-Wayne Joint Building Authority has undertaken ongoing subsurface waterproofing repairs, examined and implemented various means of improving security around the Center; and

Whereas, work to be performed within a PC zoning district requires Special District Review and the purpose of the PC zoning district classification is provided for in Section 61-11-61 of the Zoning Ordinance as follows:

*This district includes areas used or to be used for governmental, recreational, and cultural purposes of particular or special civic importance. All construction or other improvement within this district requires that the Planning and Development Department and the City Planning Commission review and make recommendation to City Council, as provided for in ARTICLE III, DIVISION 6 of this Chapter so as to ensure a completely harmonious, pleasing, and functional public center; and*

Whereas, The Detroit-Wayne Joint Building Authority has requested Special District Review and approval for waterproofing and repair to the northern perimeter of the building along Larned Street, reconfiguration of pedestrian ramps, alterations to the planters, reopening of the circular drive and the addition of benches and bicycle parking; and

Whereas, The City Council has received the CPC staff recommendation and concurrent support of the Planning and Development Department in the CPC report dated February 14, 2019, and has discussed this matter at the Planning and Economic Development Standing Committee meeting of Thursday, February 21, 2019; and

Resolved, That the Detroit City Council hereby authorizes repairs and improvements to the Coleman A. Young Municipal Center to be undertaken by the Detroit-

Wayne Joint Building Authority as described in the drawings titled 'Capital Maintenance Project Phase 1' prepared by SmithGroup JJR, dated February 8, 2019 with the following conditions;

1. That Detroit-Wayne Joint Building Authority work with City agencies as may be appropriate to further refine the design and to ensure minimal disruption to the business conducted at the Municipal Center during construction, and

2. That final site plans, elevations, lighting, signage and landscape plans be reviewed by CPC staff for consistency with approval prior to application be made for applicable permits.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, Leland, McCalister, Jr., Sheffield, Spivey, Tate and President Jones — 9.

Nays — None.

**City Planning Commission**

February 14, 2019

Honorable City Council:

Re: Request of Plum Market for PCA (Public Center Adjacent) Special District Review of proposed exterior alterations to 500 Woodward Avenue — Ally Building (RECOMMEND APPROVAL)

**REQUEST**

The City Planning Commission (CPC) has received a request from Plum Market for PCA (Public Center Adjacent) Special District Review of a proposed alteration to 500 Woodward Avenue — Ally Building. This request is being made consistent with the provisions of Section 61-3-182 of the Detroit Zoning Ordinance.

**PROPOSED PROJECT**

The petitioner proposes to install an upscale grocery store including prepared foods, coffee bar, wine bar and indoor & outdoor seating. The proposed location is on the south side of the Ally Building facing Larned Street (see the attached renderings). The previous tenant of this space was a cafeteria style restaurant. Three exterior changes are proposed:

- New entrance at the southwest corner of the building
- New structure over the patio
- Signage over entrance and on Woodward façade (see attached renderings)

**REVIEW & ANALYSIS**

*Surrounding Zoning & Land Use*

North: PCA (Public Center Adjacent)  
— First National Building & Vinton Building

East: PCA (Public Center Adjacent) — parking garage

South: PC (Public Center) — Coleman A. Young Municipal Center

West: PCA (Public Center Adjacent)  
— vacant building

### Master Plan Consistency

The subject site is located within the Central Business District area of Neighborhood Cluster 4 of the Detroit Master Plan of Policies. The Future Land Use Map for this area shows Major Commercial (CM) for this block which is appropriate for the proposed use. This development also furthers the goal of increasing retail along Woodward Avenue.

### Permissibility of the Proposed Use

The proposed uses of *Retail Store, Carry-Out Restaurant and Establishment for the sale of alcoholic beverages for onsite consumption* are by-right uses in the PCA district per Section 61-11-86 of the Detroit Zoning Ordinance.

### PCA District Review Criteria

There are eighteen PCA District Review Criteria listed in Section 61-11-97 of the Zoning Ordinance. A few of the most applicable are:

(3) The proposed development should be compatible with surrounding development in terms of land use, general appearance and function and should not adversely affect the value of adjacent properties.

*The proposed use and appearance are consistent with the adjacent properties. While the use is similar to the previous tenant of this space, the addition of a small grocery store will serve an unmet need in this area. The proposed design complements the additions on the north side of the building for the Townhouse restaurant.*

(5) Adequate public and private open space should be provided for light and air, landscaping, and, where appropriate, for passive and active recreation.

*The new design of the patio with a retractable roof covering will provide a more functional and attractive outdoor seating area than the current patio.*

### Design

The Planning & Development Department has reviewed the proposed changes and recommends approval.

### Proposed Signage

The proposed signs for the new business include:

- the name of the business on the overhang above the main entrance (120 square feet)
- two projecting signs on the Woodward façade (34 square feet total)
- a wall sign reading "wine • liquor" beside the main entrance (13.12 square feet)

All signs are proposed to be internally illuminated. The size and type of signage is appropriate for the development; however, the City Planning Commission was not in favor of the sign advertising alcohol sales. Although the City is restricted by the First Amendment from regulating the content of signs, CPC recommended that the exterior signage not reference the sale of alcohol.

### RECOMMENDATION

On February 7, 2019, the City Planning Commission voted to recommend approval of the proposed exterior modifications to 500 Woodward Avenue with the following standard condition:

That final site plans, elevations, landscape, lighting, and signage plans be submitted for City Planning Commission staff approval prior to making application for applicable permits.

The CPC also recommended that the petitioner voluntarily refrain from the use of exterior signage referencing the sale of alcohol. Staff has prepared and attached a resolution for approval for the consideration of your Honorable Body.

Respectfully submitted,

ALTON JAMES

Chairperson

**RESOLUTION AUTHORIZING THE ESTABLISHMENT OF A SECONDARY STREET NAME IN HONOR OF DR. EDWARD L. BRANCH AT THE INTERSECTION OF PLYMOUTH ROAD AND STEEL STREET**

By Council Member Tate, Joined by Council Members McCalister, Leland and President Jones:

Whereas, The Detroit City Council has received a request from Council Member Andre Spivey, on behalf of Third New Hope Baptist Church, to assign a Secondary Street Name to Dr. Edward L. Branch, to be located at the intersection of Plymouth Road and Steel Street; and

Whereas, Third New Hope Baptist Church located at the intersection of Plymouth Road and Steel Street is historically significant, being that Dr. Branch has served as the pastor of the Third New Hope Baptist Church congregation for forty-two (42) years; and

Whereas, Pastor Branch has served as president of the Baptist, Missionary and Education Convention of Michigan, the Council of Baptist Pastors of Detroit and Vicinity and the Kingdom Building Pastors and People International in addition to serving as a member of the board of directors of the Sunday School Publishing Board of the National Baptist Convention, USA, Inc.; and

Whereas, Pastor Branch's community service began with the Detroit Compact, a collection of community leaders working with the Detroit School Board. He joined the board of Black Family Development in 1980; serving also on the board of Detroit Youth Foundation, United Way of Southeastern Michigan, the Arts League of Michigan, and Crime Stoppers of Michigan; and

Whereas, Pastor Branch serves as a chaplain with the Wayne County Sheriff's Office since 2013; and

Whereas, Pastor Branch founded the Heritage Center for Religious Studies in 1988 on the main campus of Third New Hope Baptist Church. Pastor Branch's ministry has reached more than twenty countries on five continents. Now Therefore Be It

**RESOLUTION AUTHORIZING THE ESTABLISHMENT OF A SECONDARY STREET NAME IN HONOR OF EMANUEL STEWARD AT THE INTERSECTION OF EAST JEFFERSON AVENUE AND ST. AUBIN STREET**

By Council Member Tate, joined by Council Members McCalister, Leland and President Jones:

Whereas, The Detroit City Council has received a request from Council President Brenda Jones, on behalf of Hilmer Kenty (WBA/Kronk 1st World Champion), Thomas Hearn (WBC, WBA, WBO, IBF World Champion), Milton McCrory (WBC, NABF World Champion), Jimmie Paul (IBF, USBA World Champion), Sylvia Steward-Williams (Kronk Boxing, CEO) and Marie Steward (wife), to assign a Secondary Street Name in honor of Emanuel Steward, to be located at the intersection of East Jefferson Avenue and St. Aubin Street; and

Whereas, In addition to being recognized as a boxing guru and trainer of champions, Steward was also an entrepreneur and venture capitalist. The 1940 Chop House originally under the management of longtime restaurateur Don Vargo who owned and ran this popular restaurant through the 1980s on East Jefferson Avenue, ultimately closed and sold this iconic landmark to former boxing manager Emanuel Steward in 1993 after an attempt to boost sales by hiring scantily clad wait staff failed. During the reopening of this mainstay restaurant Steward ensured that Detroiters were hired to operate and manage the facility; and

Whereas, Emanuel Steward, celebrated as being the greatest boxing trainer of all time, took a small basement gym in Detroit and put it on the map as the place where champions were made;

Whereas, By the 1980s, Emanuel Steward and his team had built the Kronk Boxing Team into a world powerhouse, mystifying boxing experts worldwide who marvel at the Detroit club's accomplish-

ments. Steward trained more than 50 amateur champions, over 120 titles, three Olympic gold medalists and five World Champions; and

Whereas, In 1981 Steward was featured in People Magazine, concerning the Hearn and Leonard September 16, 1981 fight. In 1987 Steward appeared on the front cover of the Wall Street Journal representing Detroit in Sports; and in 1996 he was inducted into the International Hall of Fame. A year later in 1997, Steward was featured in the September 15th issues of Sport Illustrated in an article entitled; "Mr. Fix It Emanuel Steward Boxing's Guru, has created a Mecca for Fighters In Need Of Repair;" and

Whereas, Emanuel Steward became a Boxing Commentator for the HBO Network until his passing October 25, 2012. Now Therefore Be It

Resolved, That the City Council finds the above-mentioned individual and the proposed location meets the criteria for Secondary Naming of a Street in accordance with Article VII, Sections 50-7-31 through Sections 50-7-50 of the 1984 Detroit City Code; Be It Further

February 13, 2019

Honorable City Council:

Re: Amended Resolution Correcting the dates on an Obsolete Rehabilitation Exemption Certificate, on Behalf of Temple Group Holdings, LLC at 640, 650, 660, 674 Temple Street, Detroit, MI, in Accordance with Public Act 146 of 2000. (Related to Petition #1789)

On October 25, 2018, a public hearing in connection with approving an Obsolete

Rehabilitation Exemption Certificate for the above-captioned property was held before your Honorable Body. All interested persons and organizations were given an opportunity to be heard. No impediments to the approval of this certificate were presented during the hearing. On October 30, 2018, your Honorable Body voted to approve the certificate application for twelve years.

The original resolution contained a typo regarding the date by which rehabilitation shall be completed. Initially the resolution states that the rehabilitation shall be completed by September 2, 2020; later the resolution lists an incorrect date of January 1, 2020 for the completion of the rehabilitation. The amended resolution simply provides the correct date in both locations within the resolution.

Respectfully submitted,

DONALD RENCHER

Director

By Council Member Tate:

Whereas, Temple Group Holdings, LLC has filed with the City Clerk an Application for an Obsolete Property Rehabilitation Exemption Certificate, under Public Act 146 of 2000 ("the Act") in City of Detroit Obsolete Property Rehabilitation District in the manner and form prescribed by the Michigan State Tax Commission; and

Whereas, This City Council is a Qualified Local Governmental Unit as defined by the Act; and

Whereas, This City Council on February 13, 2018 established by Resolution an Obsolete Property Rehabilitation District in the vicinity of 640, 650, 660, and 674 Temple Street, Detroit, Michigan, after a Public Hearing held, in accordance with the Act; and

Whereas, The taxable value of the property proposed to be exempt plus the aggregate taxable value of property already exempt under the Act and under Public Act 146 of 2000 does not exceed 5% of the total taxable value of property in the City of Detroit; and

Whereas, The Applicant is not delinquent in any taxes related to the facility; and

Whereas, The Application is for obsolete property as that term is defined in Section 2(h) of the Act, which property is owned by the Applicant; and

Whereas, Commencement of the rehabilitation of the subject facility did not occur before the establishment of the Obsolete Property Rehabilitation District; and

Whereas, The Application relates to a rehabilitation program that when completed constitutes a rehabilitated facility within the meaning of the Act and which is situated within the aforesaid City of Detroit Obsolete Property Rehabilitation District; and

Whereas, Completion of the rehabilitation is calculated to, and will at the time

the Certificate is issued, have the reasonable likelihood of increasing and/or retaining employment, increasing commercial activity, revitalizing an urban area, or increasing the number of residents in the community in which the facility is located; and

Whereas, The rehabilitation includes improvements aggregating 10% or more of the true cash value of the property at the commencement of the rehabilitation as provided by Section 2 (1) of the Act; and

Whereas, This City Council has granted until of September 1, 2020 for the completion of the rehabilitation; and

Whereas, On October 25, 2018 in the City Council Committee Room, 13th Floor, Coleman A. Young Municipal Center, Detroit, Michigan, a formal public hearing was held on aforesaid application, at which time the Applicant, the Assessor, the general public, and representatives of the affected taxing units had an opportunity to be heard; and

Whereas, Notice was given by certified mail to the Detroit Board of Education, the City of Detroit Board of Assessors, the Wayne County Board of Commissioners, Wayne County Community College, the Wayne County Intermediate School District, the Huron-Clinton Metropolitan Authority, the Applicant, and by publication to the general public, informing them of the receipt of the Application, the date and location of the Public Hearing, and the opportunity to be heard;

Now Therefore Be It

Honorable City Council:  
Re: Property Sale by Development

Agreement 2240 and 2250 W. Grand Blvd., and 2700 Ferry, Detroit, MI 48208 (a/k/a Lee Plaza)

The City of Detroit ("City"), Planning and Development Department ("P&DD") has received a viable offer to rehabilitate and develop certain City-owned property at 2240 and 2250 W. Grand Blvd. and 2700 Ferry Park, Detroit, MI, which includes a 15-story vacant building with a .36 acre vacant lot to the east and a .79 acre vacant lot to the south (collectively "Lee Plaza").

Constructed in 1928 as a luxury apartment building with hotel services, Lee

Plaza is a historic site that is registered with both the State of Michigan and the United States National Register for Historic Places. Since 1968, Lee Plaza was used as a senior citizens complex that continued to decline in occupancy until it finally closed in 1997. More recently in 2015, the Detroit Housing Commission (“DHC”), as prior owner, tried to find a credible developer with the requisite financial resources to address both historic and affordable housing components of developing the site. Such efforts were ultimately unsuccessful and the only serious proposal received by DHC never moved forward due to the inabilities of the proposed developer to purchase the property.

In 2017, the City devised and instituted a multi-step approach to saving Lee Plaza that would not only return it to productive use, but would also support additional affordable housing opportunities at other locations within the City. Despite its notable state of abandonment and disrepair, the City sees Lee Plaza as a tremendous opportunity for historic preservation and catalytic rehabilitation. The City’s approach to saving Lee Plaza includes the following:

**Step 1: City acquires Lee Plaza.** The City acquired Lee Plaza from DHC in 2017, thus removing over 200 unoccupied units from DHC’s housing portfolio and increasing its occupancy rate. This has led to an increase in project-based vouchers available to DHC for use at other sites and an increase in DHC’s Public Housing Assessment System (“PHAS”) score with the U.S. Department of Housing & Urban Development (“HUD”) that provides DHC the opportunity to qualify for HUD incentives as a possible public housing high performer.

**Step 2: City stabilizes Lee Plaza.** The City made \$1.3M available to the Detroit Building Authority to secure and stabilize Lee Plaza. To date, the City has: (1) secured all floors of the building by board-up or installation of SecureView Clear-Boarding, (2) performed extensive debris removal on the first 2 floors of the building and (3) evaluated other critical areas of the building, such as the roof, and prepared an action plan to address certain deficiencies.

**Step 3: City sells Lee Plaza.** Since 2017, the City has worked to find a proven developer that specializes in complex real estate and economic development projects with a demonstrated history of securing sufficient capital to properly rehabilitate a historic building of the scope and size of Lee Plaza. After almost two years of reviewing and vetting proposals from developers following a public request for proposals that did not result in the selection of a developer capable of proceeding on the rehabilitation, the City feels it has identified such a development

team comprised of the Detroit-based Roxbury Group and Ethos Development Partners. The Roxbury Group has developed over one million square feet of properties in the City of Detroit, including a number of iconic historic high-rises, and together with Ethos has a proven track record of receiving successful funding awards from the Michigan State Housing and Development Authority (“MSHDA”) for affordable housing. Notable projects of The Roxbury Group and Ethos include The Auburn, David Whitney Building, the Globe Trading Company Building, The Griswold, The Louis Kamper and Stevens Buildings, the NSO-Bell Building and The Metropolitan — all in the City of Detroit. The proposal received from The Roxbury and Ethos for Lee Plaza includes: (1) a unique phasing strategy that addresses initial residential development of the building with approximately 180 units, re-activation of the building’s first floor grand lobby and site/landscape improvements, (2) a realistic project financing strategy that includes 9% Low Income Housing Tax Credits through MSHDA and (3) a commitment to rent at least 50% of the units for 30 years at affordable rates to households with incomes of 80% AMI or less. All other proposals received by the City to date from alternative developers were lacking in one or more aspects included in The Roxbury/Ethos proposal, left too many financial unknowns or seemed infeasible given the current state of the market surrounding Lee Plaza.

To continue capitalizing on the City’s plan to return Lee Plaza to productive use, P&DD hereby proposes to sell Lee Plaza by development agreement to Lee Plaza, LLC, a Michigan Limited Liability Company associated with The Roxbury Group and Ethos, for the purchase price of Three Hundred Fifty Thousand and 00/100 Dollars (\$350,000.00) (the “Purchase Price”). Due to the size and historic attributes of the property, Lee Plaza, LLC will first review and assess the environmental, structural and historical conditions of the building over an initial year and half due diligence period. During such period, Lee Plaza, LLC will be responsible for securing and maintaining the building and site. The City will credit the actual costs of securing and maintaining Lee Plaza during this time towards the Purchase Price.

Currently, the 2240 and 2250 W. Grand Blvd. portions of Lee Plaza are within an R6 zoning district (High Density Residential) and the 2700 Ferry Park portion is within an R2 zoning district (Two-Family Residential). Lee Plaza, LLC’s use of the property shall be consistent with the allowable uses for which the property is zoned.

For the reasons stated above, we hereby request that your Honorable Body

adopt the attached resolution to authorize the Director of P&DD to execute a development agreement, deed and such other documents as may be necessary or convenient to effect a transfer of Lee Plaza by the City to Lee Plaza, LLC.

Respectfully Submitted,

By Council Member Tate:  
Now, Therefore Be It

Resolved, That Detroit City Council hereby approves of the sale by development agreement of certain real property at 2240 and 2250 W. Resolved, That the Director of the Planning and Development Department, or his authorized designee, is authorized to execute a development agreement and issue a quit claim deed for the sale of the Property, as well as execute such other documents as may be necessary or convenient to effect the transfer of the Property to the Developer consistent with this resolution; and be it further

Resolved, That the development agreement shall obligate the Developer to: (1) develop the Property into a residential development with approximately 180 units, reactivate the building's first floor and complete site/landscape improvements and (2) lease at least fifty percent (50%) of the total rental units on the Property to tenants with an annual household income of eighty percent (80%) AMI or less for a period of thirty (30) years; and be it further

Resolved, That the Director of the Planning and Development Department, or his authorized designee is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deed (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Property, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it finally

Resolved, That the development agreement and quit claim deed will be considered confirmed when executed by the Director of the Planning and Development Department, or his authorized designee, and approved by the Corporation Counsel as to form.

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on January 23, 2019 revealed that the building is secured and appears to be sound and repairable.

Re: Petition No. 1831 — Detroit Community Outreach request a conversion to easement of the westerly 8 feet of the north-south public alley immediately adjacent to 3726 Glenn Court along its eastern boundary.

Petition No. 1831 — Detroit Community Outreach requesting the vacation and conversion to easement of the south half of the north-south public alley, 16 feet wide, in the block of Glynn Avenue, 50 feet wide, Calvert Avenue, 60 feet wide, McQuade Avenue, 50 feet wide, and Dexter Avenue, 100 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made to prevent property damage and provide greater security. The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW, and City Engineering — DPW.

Detroit Water and Sewerage Department (DWSD) has no objection to the conversion to easement. The specific DWSD provisions for easements are included in the resolution.

DTE Energy — Electric reports involvement and object because they believe that they would not be able to access their equipment. Provisions for DTE to have unimpeded access to maintain their facilities are a part of the resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the conversion of the public right-of-way into a private easement for public utilities. Provi-

sions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Honorable City Council:

Re: Legal Representation and Indemnification in lawsuit of D'Marco Craft and Michael Jackson vs. City of Detroit, Civil Action Case No: 17-cv-12752

On January 22, 2019, your Honorable

Body adopted a resolution regarding the above-referenced matter, to deny representation and indemnification of Police Officer Richard Billingslea Badge No. 971.

The past practice of City Council is to hold hearings for police officers who have been denied representation, in accordance with arbitration awards issued by the Voluntary Labor Arbitration Tribunal. After consultation with the Council President's office, the Law Department is respectfully requesting that a closed session be held on Tuesday, March 19, 2019 at 1:00 p.m.

Whereas, Section 7.5-203, *Civil Litigation*, of the 2012 Detroit City Charter provides, in relevant part, that "[u]pon request, the Corporation Counsel may represent any officer or employee of the city in any action or proceeding involving official duties [;]" and,

Whereas, Arbitration awards issued by the Voluntary Labor Arbitration Tribunal recognize the past practice of City Council holding hearings for police officers who have been denied representation (see Grievance Nos. 79-237, 82-055, 90- 047, and 92-200/92-202); Now Therefore Be It

**RESOLUTION IN SUPPORT OF HOUSE BILL 4053**

By Council President Brenda Jones:

Whereas, On January 16, 2019, Michigan House Representative Steve Marino (R), introduced House Bill 4053, which is now in the House Local Government and Municipal Finance Committee awaiting deliberation; and

Whereas, In 2013 the Disabled Veterans Exemption statutory amendment (MCL 211.7b) was enacted by the entire legislature to give homestead property tax exemptions for fully disabled veterans who were honorably discharged from the armed forces or their surviving spouse if they have not remarried. Unfortunately, however, spouses of soldiers who were killed while in combat were inadvertently excluded from this benefit, because their spouse was not technically a veteran at the time of death; and

Whereas, House Bill 4053, addresses this loophole in state law and bridges this unintentional gap, by expanding the property tax exemption to include the surviving spouse of service members who were killed during active duty, as long as the spouse remains unmarried; and

Whereas, The Detroit City Council firmly believes that any effort that honors our veterans and their families should be supported, particularly when efforts are made for those who have made the ultimate sacrifice for the safety and freedoms that all citizens of the United States of America enjoy. Disabled veterans, as well as their spouses need assistance to provide a comfortable transition back into civilian life. This amendment will enhance this transition; Now, Therefore Be It

Resolved, The Detroit City Council enthusiastically supports and recommends passage of House Bill 4053, in order to provide a homestead property tax exemption to the spouses of fallen soldiers who died in combat or from service connected injuries; Be It Further

Resolved, The Detroit City Clerk is directed to send copies of the resolution to the House Local Government and Municipal Finance Committee, Governor Gretchen Whitmer, the Detroit delegation

in the State House, and the Michigan Department of Military and Veterans Affairs.

**RESOLUTION TO CREATE AN INTERGOVERNMENTAL TASK FORCE ON MARATHON PETROLEUM DETROIT REFINERY AND SIMILAR ESTABLISHMENTS FOR COLLABORATIVE EFFORTS TO ELIMINATE HEALTH RISKS ASSOCIATED WITH OPERATION OF SUCH ESTABLISHMENTS**

By Council President Brenda Jones:

Whereas, On Saturday, February 2, 2019, the Marathon Petroleum Detroit refinery experienced an incident and condition in which flaring of chemicals containing sulfur created a severe, extremely nauseating rotten egg-type odor that affected several communities throughout southeastern Michigan, including the City of Detroit; and

Whereas, Although Marathon's internal investigation and multiple governmental investigations are still ongoing, and Marathon has yet to officially state the cause and origin of this incident, fence line communities near this refinery have long been concerned about its effects on their quality of life and health; and

Whereas, It is already clear that there was grossly insufficient communication to the public at the time of the incident. Community members suffered from widespread, sickening odors, but they received only the unclear, but frightening sound of emergency sirens, followed some time later by vague assurances that there was allegedly no serious or significant health problem caused by this incident, an assertion that seems inconsistent with a large number of persons who complained about being sickened by the incident; and

Whereas, In an attempt to upgrade and improve transparency, equity, public oversight and overall quality of life and health for residents of southeastern Michigan who are affected by facilities and incidents like this one, Detroit City Council calls for the formation of an intergovernmental task force with representation of City, County, State and Federal officials, as well as trusted community advocates, to better monitor such facilities and incidents, and to provide significantly improved information to the public in the event of such significant emissions events; and

Whereas, The Great Lakes Water Authority recently upgraded its public notification processes in the event of water main breaks, resulting in the much wider and timelier distribution of relevant and accurate information in the event of such

incidents. Government agencies in south-eastern Michigan, as well as Marathon Petroleum Corp., should obtain, study and to the extent feasible adopt similar public notification protocols, procedures and requirements concerning major air pollution incidents like this one; and

Whereas, Beyond the issue of public information in the event of particular air pollution emergencies, there are significant opportunities to increase public oversight of daily activities of the Marathon refinery and similar establishments, to improve their performance as good corporate neighbors and citizens, and to improve quality of life and health in host communities throughout southeastern Michigan; and

Whereas, Mere compliance with the specific health-based air pollution control environmental standards imposed by federal and state laws on such facilities is not fully adequate to protect public health, environmental quality and quality of life in all host communities, especially communities populated by large numbers of People of Color, who have long faced severe, adverse and disproportionately high environmental and public health risks from nearby industries; and

Now, Therefore Be It

Resolved, That the Council urges the Mayor of the City of Detroit to facilitate the City of Detroit, Wayne County, the State of Michigan and the United States federal government designation of qualified officials to meet and function as an intergovernmental task force on urban air pollution, with the goal of establishing better communication, more public awareness, and improved public policies for oversight of major air pollution sources in southeastern Michigan, including but not limited to the Marathon Detroit refinery; and

Be It Further

Resolved, That copies of this resolution will be provided to Wayne County Executive Warren Evans, Michigan Governor Gretchen Whitmer, the Director of the Michigan Department of Environment, Great Lakes and Energy, the Director of the United States Environmental Protection Agency, members of the Detroit delegation in the State Legislature, and members of the Michigan delegation in Congress.

#### OFFICE OF THE CITY CLERK/CITY PLANNING COMMISSION

1. Submitting reso. autho. Neighborhood Enterprise Zone Certificate Application for the construction of a new thirty-six (36) unit multifamily residential structure in the Midtown Neighborhood Enterprise Zone

located at 655 W. Willis Street. (RECOMMEND APPROVAL.)

2. Submitting reso. autho. Neighborhood Enterprise Zone Certificate Application for the rehabilitation of a twelve (12) unit multifamily residential structure located in the Hubbard Farms Neighborhood Enterprise Zone located at 4004 Porter Street. (RECOMMEND APPROVAL.)

3. Submitting reso. autho. Neighborhood Enterprise Zone Certificate Application for twenty-two (22) rehabilitated apartment units located at 1702 W. Fort Street. (RECOMMEND DENIAL)

#### LEGISLATIVE POLICY DIVISION

4. Submitting report relative to Income Tax Reporting Regarding Non-Detroit Residents Earning Income in the City. (Council Member Sheffield directed the Legislative Policy Division (LPD) to consult with the Office of the Chief Financial Officer (OCFO) and draft an ordinance that mandates periodic reporting to the City by employers of non-Detroit residents who earn income in the City, which is therefore taxable by the City at the rate of 1.2%. Due to the City's well-documented fiscal challenges, the importance of collecting every single potential revenue dollar cannot be overstated. And because state laws limited mandatory withholding and other factors, it has been widely alleged that many nonresident workers who actually earn income by work performed in the City may nevertheless not be paying local income tax on those earnings. Therefore this is a problem that cries out for solutions to benefit the City and our residents.)

 Re: Annual HOME, CDBG, NSP Awards Addition to Award — The Sanctuary.

The City of Detroit ("City"), through the Housing and Revitalization Department ("HRD"), makes annual funding available for "ready-to-proceed projects" from HOME, CDBG and NSP federal funds allocated to the City through the U.S. Department of Housing and Urban Development ("HUD"). HRD has continued to work closely with HUD to meet required commitment and disbursement deadlines for ongoing projects approved by the City.

In support of affordable housing opportunities, HRD is hereby requesting approval to increase the funding of a previously approved project as follows:

1. The Sanctuary (Additional \$500,000.00) — additional HOME/CDBG funds will be spent on this project to cover cost increases associated with design and site plan revisions.

We hereby request that your Honorable Body adopt the attached resolution that (1) approves the aforementioned loan increase and (2) authorizes the Director of HRD to execute such loan documents as may be necessary or convenient to complete the transaction.

Honorable City Council:  
 Re: Recommendation for Deferral.  
 Address: 15285 Manning. Name: Clarence Hall. Demolition ordered: October 16, 2018 (J.C.C. page \_\_\_\_\_).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on February 6, 2019 revealed that the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, we respectfully recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.
2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed

inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected and be maintained and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding three (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Honorable City Council:

Re: Recommendation for Deferral.  
Address: 1715 Atkinson. Name: Patricia D'Itri. Demolition ordered: June 21, 2011 (J.C.C. page 1417).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on February 12, 2019 revealed that the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, we respectfully recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.

2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial

progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected and be maintained and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding three (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
DAVID BELL  
Director

Re: Petition No. 1333 — Prince Realty LLC, request to vacate alley between 4842 Grand River Avenue and 4885 15th Street.

Petition No. 1333 — Prince Realty LLC requesting the vacation and conversion to easement of the east-west public alley, 20 feet wide, in the block of Grand River Avenue, 100 feet wide, West Warren Avenue, 70 feet wide, 16th Street, 60 feet wide and 15th Street, 60 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made to consolidate properties on both sides of the alley.

The request was approved by the Solid Waste Division — DPW, Traffic Engineering Division — DPW, and City Engineering — DPW.

Detroit Water and Sewerage Department (DWSD) has no objection to the conversion to easement. The specific DWSD provisions for easements are included in the resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the conversion of the public right-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Honorable City Council:

Re: Heritage at Riverbend Condominium Association Development: generally bounded by St. Ervin, Piper, Freud and Dickerson

Pursuant to the First Amended and Restated Memorandum of Understanding (“MOU”) between the City of Detroit and the Detroit Land Bank Authority (“DLBA”), approved by your Honorable Body on May 5, 2015, the DLBA may not transfer ten (10) or more parcels of property received from the City to the same transferee within any rolling 12 month period without the prior approval of the Mayor and City Council.

The DLBA is now in receipt of an offer from Heritage at Riverbend Condominium Association, a Michigan Nonprofit Corporation (“Heritage”) to enter into an option to purchase seventeen (17) properties (“the Property”) acquired by the DLBA from the City (as described in the attached Exhibit A). The condominium complex is generally bounded by St. Ervin, Piper, Freud and Dickerson. The Property is located within those boundaries. The Property was originally proposed to be developed as part of the condominium complex; however, construction

on these parcels was never completed by the original developer.

The total area of land measures approximately 15,785 square feet. Heritage proposes to continue to maintain the Property as greenspace. The area is zoned (PD) Planned Development. Any uses of the Property shall be consistent with and subject to the guidelines and approval processes for PD zoned areas.

The Planning & Development Department, therefore, requests that your Honorable Body authorize the Detroit Land Bank Authority to enter into an Option Agreement with Heritage at Riverbend Condominium Association, a Michigan Nonprofit Corporation, to sell the Property as more particularly referenced in the attached Exhibit A for \$6,000; and, upon exercise of the option by the optionee, to sell such property in accordance with the terms set forth in the Option Agreement.

**Buildings, Safety Engineering & Environmental Department**

February 18, 2019

Honorable City Council:

Re: Recommendation for Deferral.  
Address: 8410 W. McNichols. Name: Deandre Cain. Demolition Ordered: September 14, 2014.

In response to the request for a deferral of the demolition order on the property

noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection on January 29, 2019 revealed that the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, we respectfully recommend that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.

2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties.

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with

demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
DAVID BELL  
Director

3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties.

4. The owner shall not occupy or allow

occupancy of the structure without a certificate (as outlined above).

**Department of Public Works

September 24, 2018

Honorable City Council:

Re: Petition No. 231 — Michael E. Williams, request to vacate Burgess Street between Lyndon and Acacia.

Petition No. 231 — Michael E. Williams to outright vacate and subsequently revised to temporary close Burgess Avenue, 50 feet wide, from Acacia Avenue, 60 feet wide, to the east-west alley, 18 feet wide, first south of Lyndon Avenue.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made by the property owners located on Burgess. The area is subject to crime, including illegal dumping. The property owners have been issued citations and charged with the removal of the debris discarded by others. There is also a problem with stolen cars being stripped and abandoned on the block. The residents would like to improve the block and allow only pedestrian traffic by blocking both ends of the block with planters and maintaining a green space on the block.

The Department of Public Works (DPW) objects to the closure because there are residents serviced with garbage pickup by DPW. There are also concerns regarding access for residents, emergency vehicles, and maintenance vehicles for city-owned lots. Street closure has been an ineffective method for prevention of illegal dumping. DPW will consider installing surveillance cameras on Burgess, as well as ensuring that the street is regularly monitored for any necessary debris removal.

Planning and Development Department (P&DD) objects to the closure. The Department of Neighborhoods has been contacted and will follow-up with the petitioner to address the dumping issue in the neighborhood. P&DD supports addressing this important issue, but does not support the street closure.

The request was approved by all other involved City Departments and utility companies provided that easement access the full width of the street is reserved.

City Engineering Division — DPW concludes that Burgess Avenue should remain an open public right-of-way and respectfully recommends **DENIAL** of this petition request.

Respectfully submitted,  
RICHARD DOHERTY, P.E.

City Engineer

City Engineering Division — DPW  
By Council Member Ayers:

Whereas, Michael E. Williams has petitioned to temporary close Burgess

Avenue, 50 feet wide, from Acacia Avenue, 60 feet wide, to the east-west alley, 18 feet wide, first south of Lyndon Avenue to abate illegal dumping and other crime in the neighborhood; and

Whereas, The petition was referred to the City Engineering Division — DPW for investigation (utility review) and during the course of their investigation the Department of Public Works and the Planning and Development Department have objected to the street closure; and

Whereas, The Department of Public Works (DPW) objects to the closure because there are residents serviced with garbage pickup by DPW; also DPW has concerns regarding access for residents, emergency vehicles, and maintenance vehicles for city-owned lots; and

Whereas, The Department of Public Works (DPW) will consider installing surveillance cameras on Burgess, as well as ensuring that the street is regularly monitored for any necessary debris removal, and

Whereas, The Planning and Development Department (P&DD) objects to the closure; and the Department of Neighborhoods has been contacted and will follow-up with the petitioner to address the dumping issue in the neighborhood; Now, Therefore, Be It

Resolved, That The Detroit City Council accepts the findings and recommendation of the Department of Public Works and **Denies** the requested temporary closure of Burgess Avenue, 50 feet wide, from Acacia Avenue, 60 feet wide to the east-west alley, 18 feet wide, first south of Lyndon Avenue.

**Department of Public Works  
City Engineering Division**

February 22, 2019

Honorable City Council:

Re: Petition No. 657 — Department of Public Works, City Engineering Division, request to dedicate a Public Easement in the area bounded by Warren, Canyon, Mack and Radnor.

Petition No. 657 — Department of Public Works, City Engineering Division, request to dedicate a public access easement, 10 feet wide, adjoining part of a public alley, 20 feet wide running from Mack Avenue, 120 feet wide to Canyon Avenue, 60 feet wide, and lying south of Warren Avenue, 105 feet wide and east of Radnor Avenue, 70 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made as part of a commercial development known as EZ Storage at 18145-18147 Mack Avenue. On February 6, 2011, your Honorable Body approved the rezoning classification for 18145 and 18147 Mack Avenue from a B4 (General Business District) and a P1 (Open Parking District) into a PD (Planned Development District). The approval was subject to several conditions including the execution of a Maintenance Agreement with the City of Detroit Department of Public Works — City Engineering Division with respect to the 20 foot wide north-south alley adjacent to 18145 and 18147 Mack Avenue. The Maintenance Agreement was executed and recorded August 5, 2011 in Liber 49309, pages 542-573, Wayne County Records.

At this time "EZ storage" aka Mack Avenue Investors, LLC wants to grant to the City of Detroit an Easement for Public Access and Use. The existing Maintenance Agreement will be amended to include the subject easement area. The request was approved by City Engineering

— DPW and the City of Detroit Law Department.

I am recommending adoption of the attached resolution.

Respectfully submitted,

**RESOLUTION URGING MARATHON PETROLEUM COMPANY TO SUBMIT A SUPPLEMENTAL ENVIRONMENTAL PROJECT PROPOSAL AS PART OF CORRECTING VIOLATIONS REPORTED IN THE FEBRUARY 22, 2019 VIOLATION NOTICE FROM MICHIGAN DEPARTMENT OF ENVIRONMENTAL QUALITY (MDEQ)**

By Council Member Castaneda-Lopez:  
 WHEREAS, In Detroit many low-income communities of color are located near concentrated areas of major stationary sources of pollution. The severe, adverse impacts of air pollution disproportionately fall on poor and People of Color populations and can lead to severe negative health impacts such as increased rates of asthma, nuisances and other adverse consequences; and  
 WHEREAS, Residents living in these front line communities have long been concerned that air quality is not adequately protected or enforced, violations are not severely punished, and even when regulatory enforcement action is taken it fails to provide adequate remedies to those affected, or deterrence to polluters; and  
 WHEREAS, After numerous complaints by residents of Southwest Detroit on and around February 2 and 3, 2019, officials from the Michigan Department of Environmental Quality (MDEQ) investigated a recent flare incident at Marathon’s Detroit refinery that emitted powerful, nauseating odors. MDEQ issued a formal violation notice that included findings of

odors of sufficient frequency, duration and intensity to violate Rule 901(b) of the State administrative rules, when vent gases were not properly combusted; and

WHEREAS, If MDEQ determines that such a violation of an air standard has occurred, the violator is given an opportunity to enter into a formal consent agreement to correct the violation. Such an agreement can provide monetary and other relief, such as operational, maintenance or monitoring requirements, or a Supplemental Environmental Project (SEP); and

WHEREAS, An SEP is an environmentally beneficial project that a violator may agree to undertake as part of the terms of a consent agreement. Some examples of SEPs are air filtration systems for nearby schools to protect or improve indoor air quality, or vegetative green buffers to minimize obvious effects of pollutants and noise; and

WHEREAS, In Michigan, monetary penalties for violating air quality standards go to the State general fund, rather than to the front line communities who are most affected by pollution. The inability of neighboring communities to receive direct benefits from funds assessed as fines often leads residents of these communities to prefer an SEP rather than merely monetary fines; and

WHEREAS, According to the MDEQ’s SEP policy, the violator may propose a SEP in lieu of a portion of the monetary penalty. MDEQ has discretion to approve or disapprove of the proposed SEP. Both MDEQ and the United States Environmental Protection Agency (EPA) policies encourage considering community input in developing SEP proposals; and

NOW, THEREFORE, BE IT

RESOLVED, That Detroit City Council strongly urges Marathon Petroleum Company to submit a Supplemental Environmental Project proposal as part of correcting violations reported in the February 22 Violation Notice from MDEQ; and

BE IT FURTHER

RESOLVED, That copies of this resolution will be provided to Wayne County Executive Warren Evans, Michigan Governor Gretchen Whitmer, the Director of the Michigan Department of Environment, Great Lakes and Energy, the Director of the United States Environmental Protection Agency, members of the Detroit delegation in the State Legislature, and members of the Michigan delegation in Congress.

**RESOLUTION IN SUPPORT OF HOUSE BILL 4064 TO PRESCRIBE A PROGRAM FOR TESTING AND REMOVING LEAD IN SCHOOL DISTRICTS AND CHILD CARE CENTERS**  
By COUNCIL PRESIDENT BRENDA JONES:

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens through Charter-mandated legislative functions; and

WHEREAS, The Flint Water Crisis, brought the safety of our much neglected public fresh water delivery systems into stark focus, although all the evidence has not come in yet, it would appear that the public officials placement of budget constraints above the well being of their residents may have a major role in the catastrophe that followed, and

WHEREAS, This past error has encouraged officials to exercise a bit more diligence when addressing water quality within aging infrastructure systems; and

WHEREAS, When faced with similar water quality issues in 2018, Detroit Public School Community District (DPSCD) Superintendent Dr. Vitti, acting on the behalf of the health and safety of Detroit students, after initial testing results for 16 schools showed higher than acceptable levels for copper and/or lead at one or more water sources, ordered that all of the water fountains in the district's public schools to be shut off, until it was certain that the water system was safe and free from contamination; and

WHEREAS, Michigan House Bill 4064, introduced by Representative Sheldon Neeley (D), would amend Section 2 of the Safe Drinking Water Act (MCL 325.1002) and by adding section 7a. would require the Michigan Department of Environmental Quality (MDEQ) to establish a program to assist schools and child care centers in testing and remedying lead contamination in drinking water from drinking water coolers or other sources under the control of the schools or child care centers and to conduct periodic sampling and testing. Upon receipt of the test results from each school and child care center, the MDEQ, would be required to make the test results available to the public on the Department's website. Now, Therefore Be It

RESOLVED, That the Detroit City Council hereby supports House Bill 4064, in order to protect the youth of Detroit from contaminated drinking water in schools and child care centers; BE IT FINALLY

RESOLVED, That a copy of this resolution be forwarded to the House Committee on Natural Resources and Outdoor Recre-

**RESOLUTION IN SUPPORT OF SENATE BILL 14 TO PRESCRIBE MAXIMUM CONTAMINANT LEVELS IN DRINKING WATER**

By COUNCIL PRESIDENT BRENDA JONES:

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens through Charter-mandated legislative functions; and

WHEREAS, Perfluorooctanoic Acid (PFOA) and Perfluorooctanesulfonic Acid (PFOS) are anthropogenic chemicals that are part of a larger group of chemicals referred to as perfluoroalkyl substances (PFAS) and for decades, these chemicals have been used in a wide array of consumer products, such as non-stick cookware, carpets, fabrics for furniture, paper packaging for food and fire resistant aviation hydraulic fluids; and

WHEREAS, According to the Michigan Department of Environmental Quality Remediation and Redevelopment Division (RRD), which is responsible for implementing criteria as part of its' ongoing efforts to clean-up sites of environmental contamination has reported that PFAS has been detected in fresh water sources across the state; and

WHEREAS, According to the Agency for Toxic Substances and Disease Registry, exposure to PFAS is harmful. PFAS may affect growth, learning, and the behavior of infants and older children, reduce a woman's chances of getting pregnant, interfere with the body's natural hormones, increase cholesterol levels, affect the immune system and increase the risk of cancer; and

WHEREAS, The US Environmental Protection Agency (EPA) has not established Maximum Contaminant Levels (MCL) for PFAS chemicals. MCL is the legal threshold limit on the amount of a substance that is allowed in public water systems under the Safe Drinking Water Act. However, the EPA has issued a health advisory for PFOA and PFOS levels at 70 parts per trillion for combined concentrations in drinking water; and

WHEREAS, A study conducted by Harvard University suggests that drinking water safety levels should be much lower than the guidelines established by EPA; and

WHEREAS, While the science of health effects from exposure of these chemicals

continues to evolve, the EPA has issued an advisory level of 70 parts per trillion is not protective of human health; and

WHEREAS, According to Senator Winnie Brinks (D), the sponsor of Senate Bill 14, if passed this legislation would provide stronger lifetime protections from the adverse health effects of these chemicals, by setting the maximum threshold at 10 parts per trillion for combined concentrations of PFOA and PFOS in drinking water; NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby supports the passage of Senate Bill 14; BE IT FINALLY

RESOLVED, That copies of this resolution be forwarded to the Senate Environmental Quality Committee, Committee on Natural Resources, Senator Winnie Brinks, and Gov. Whitmer.

Honorable City Council:

Re: Neighborhood Enterprise Zone Certificate Application for one hundred ninety (190) rehabilitated apartment units located at 7430 Second Avenue in the AK Owner, LLC Neighborhood Enterprise Zone area. (RECOMMEND APPROVAL)

The office of the City Planning Commission (CPC) has received one (1) application requesting a Neighborhood Enterprise Zone (NEZ) certificate forwarded from the office of the City Clerk for the rehabilitation of 190-units in an existing eleven story office building located at 7430 Second Avenue. This application corresponds to a qualified site that will facilitate the conversion of the Albert Kahn building into a mixed use development consisting of 190 rental apartment units on the third through the eleventh floors of the vacant obsolete office building. Apartments will be created in a wide variety of sizes, with approximately 156 one-bedroom, 21 two-bedroom and 13 three-bedroom units. The lower floors of the building are not included in this application. It is anticipated that affordable housing will be provided for 20% of the apartment units. The project is anticipated to include ground-level retail. The NEZ Certificate will only apply to the residential component of the project.

The subject properties have been confirmed as being within the boundaries of the AK Owner, LLC NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. The estimated project cost for the development is \$29,215,500.00. The NEZ certificate applications appear to have been submitted prior to the issuance of any applicable building permits.

Please contact our office should you have any questions.

Honorable City Council:

Re: Adrian Mitchell and Scan Clear, LLC vs. City of Detroit. Case No: 17-017695-NF. File No: L18-00054

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of Three Thousand Five Hundred Dollars and No/Cents (\$3,500.00) is in the best interest of the City of Detroit.

We, therefore, request authorization to settle this matter in the amount of Three Thousand Five Hundred Dollars and No/Cents (\$3,500.00) and that your Honorable Body direct the Finance Director to issue a draft in that amount payable to Adrian Mitchell and his attorneys, Robert A. Canner, P.C., in the amount of Two Thousand Five Hundred Dollars and No/Cents (\$2,500.00). Furthermore, a second warrant in favor of Scan Clear, LLC, in the amount of One Thousand Dollars and No/Cents (\$1,000.00) payable to them and their attorneys, Erskine Law. Both are to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 17-017695-NF, approved by the Law Department.

By Council Member Tate:

Now Therefore Be It

Resolved, That it is hereby found and determined that the granting of an Obsolete Property Rehabilitation Exemption Certificate, considered together with the taxable value of Obsolete Property Rehabilitation Exemption Certificates and Industrial Facilities Exemption Certificates if previously granted and currently in force, will not have the effect of substantially impeding the operation of the local governmental unit or impairing the financial soundness of any other taxing unit which levies an ad valorem property tax with the City of Detroit; and be it further

Re: Resolution Establishing the Midtown West Neighborhood Enterprise Zone in the area located at 931 Selden, 831 Selden, 960 Brainard, and 830 Brainard, Detroit, Michigan in accordance with Public Act 147 of 1992 on behalf of the Planning and Development Department. (Petition #588)

Attached for your consideration please find a resolution and legal description which will establish the Midtown West Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on February 7, 2019 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

The developer proposes to rehabilitate the 1st floor of both buildings for retail and commercial uses and the upper floors will be converted to 1-bedroom, open, loft style apartments for rent.

We request your Honorable Body's approval of the resolution.

Respectfully submitted,

DONALD RENCHER

Director

By Council Member Tate:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from ad valorem taxes, and the imposition of a specific property tax in lieu of ad valorem real property taxes within NEZs; and

Whereas, the City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Midtown West NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Midtown West NEZ was conducted before the Detroit City Council on February 7, 2019 with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Midtown West NEZ where cited; and

Whereas, After the public hearing, City Council legally established a Neighborhood Enterprise Zone in the area located at 931 Selden, 831 Selden, 960 Brainard, and 830 Brainard, on March 19, 2019.

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Midtown West NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act

Adopted as follows:

Yeas — Council Members Ayers, Benson, Castañeda-Lopez, Leland, McCalister, Jr., Sheffield, Spivey, Tate and President Jones — 9.

February 26, 2019

Honorable City Council:

Re: Reprogramming Amendment to the Community Development Block Grant (CDBG) Annual Action Plans for fiscal years 2014-15, 2017-18 and 2018-19.

The Housing & Revitalization Department (HRD) is requesting that changes be made to the City's CDBG Annual Action Plan consistent with meeting the City's CDBG Timeliness Test on May 2, 2019.

The City has previously had significant challenges meeting its timeliness test, which requires that the City have no more than 1.5 times its CDBG allocation on hand at any time. A test of this metric is made sixty (60) days before the end of the program year for all CDBG recipients. This

test is one of the primary ways in which the City's performance is measured by U.S. Department of Housing and Urban Development (HUD).

Also, this amendment will allow the Department to reprogram unused CDBG funds from a number of account balances for programs that funds unlikely to be used in a timely manner.

To do so however, a series of budget amendments are required to expend funding. The funding will change as follows:

Line Items to be reprogrammed (Decrease):

- Summer Jobs Program (DESC) (FY's 2014-15, 2017-18 & 2018-19) \$ 2,000,000
  - Non-HHF Demolition (Schools & Parks) (FY 2018-19) \$ 320,000
- Total \$ 2,320,000

Line Item for Funding Addition for FY 2018-19 (Increase):

- Pre-development — Affordable Housing \$ 1,000,000
  - Conventional Home Repair (Senior) \$ 500,000
  - 0% CDBG Housing Rehab Loan Program \$ 500,000
  - Planning (Demolition Studies for Schools) \$ 320,000
- Total \$ 2,320,000

We respectfully request that your Honorable Body approve the attached resolution authorizing this change to amend the CDBG Annual Action Plan for the stated purpose. This proposed amendment was posted on the City's website and advertised in the Detroit News/Free Press. Upon City Council's approval, it will be transmitted to HUD.

We ask that the Council approve this with a Waiver of Reconsideration.

Respectfully submitted,  
DONALD RENCHER  
Director

Approved  
TONYA STOUDEMIRE  
Budget Director

By Council Member Tate:

Whereas, The Detroit City Council hereby approves amending the Annual Action Plan to reflect the reprogramming of the Community Development Block Grant (CDBG) in accordance with the foregoing communication; and

Whereas, The Mayor of the City of Detroit, Michael E. Duggan, is hereby authorized to amend the Annual Action Plan, including all understandings and assurances contained therein to the U.S. Department of Housing and Urban Development (HUD) in accordance with the foregoing communication; and

Whereas, The Housing and Revitalization Department has performed an evaluation of outstanding CDBG funding

line items and determined that a strategic reallocation of funding is in order to meet timeliness by May 2, 2019; and

Resolved, That the Budget Director be and is hereby authorized to increase Appropriation #20541 Pre-development — Affordable Housing by \$1,000,000; and

Resolved, That the Budget Director be and is hereby authorized to increase Appropriation #20153 Conventional Home Repair (Senior) by \$500,000; and

Resolved, That the Budget Director be and is hereby authorized to decrease Appropriation #20544 Non-HHF Demolition (Schools & Parks) by \$320,000; and

Be It Finally Resolved, That the Finance Director be and is hereby authorized to accept and process all documents reflecting these changes.

Adopted as follows:

Re: Recommendation For Deferral.

Address: 6209 University Pl. Name:

FDR Investments, LLC. Demolition

Ordered: May 1, 2018 (J.C.C. pg.

\_\_\_\_\_).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on February 27, 2019 revealed that the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the 1st deferral request for this property.

Therefore, we respectfully recommend that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.

2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all immi-

nently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding three (3) deferrals must be made by petition to City Council through the office of the City Clerk.

WHEREAS, On January 24, 2019, House Bills 4083 and 4090, entitled The Local Government Sanctuary Policy Prohibition Act and The County Sanctuary Policy Prohibition Act, respectively, were introduced in the Michigan Legislature with the stated purpose: "to prohibit local units of government from enacting or enforcing any law, ordinance, policy, or rule that limits local officials, officers, or employees from communicating or cooperating with appropriate federal officials concerning the immigration status of individuals; to prescribe the powers and duties of certain state and local officers, officials, and employees; and to prescribe penalties and remedies;" and

As stated in the Detroit City Council's resolution affirming our Welcoming City status, "the City of Detroit believes in the innate dignity of all its residents and recognizes the importance of their valuable contributions to the social, religious, cultural, and economic life within the city. The City of Detroit acknowledges, honors, and values our immigrant and migrant roots, and embraces the values of family, faith, and hard work"; and

WHEREAS, If enacted, HB 4083 will likely undercut the policy and function of the City's human rights ordinance, which was intended to reduce racial and ethnic profiling and to provide assurance to Detroit's immigrant community that it is safe to seek City services and, particularly police assistance, without fear of needless exposure to Federal immigration authorities by the Detroit Police Department or other City of Detroit service providers. In contrast, the bill's prohibition on any local law or policy limiting police communication with federal immigration authorities, such as Immigration and Customs Enforcement (ICE), about a person's immigration status could have the unwelcomed effect of

encouraging inquiries about status and therefore, incentivizing racial profiling; and

WHEREAS, The City's commitment to providing our immigrant communities and all Detroiters with the opportunity to grow and thrive in an atmosphere of safety and security is evident in the City's human rights ordinance, which was enacted to assure all members of the community that they can seek City services without fear, and that victims of crime can both seek police assistance as well as assist the police as witnesses when necessary. In many instances, due to proximity to the issues, local government is more knowledgeable and better able to assess specific needs and prescribe such standards and regulations for their own local community than the State government; the community's sense of comfort when interacting with the police is perhaps the most sensitive of these situations; and

WHEREAS, The bills also place an undue burden on local governments, particularly local law enforcement, for training staff and officers on the evolving nuances and correct interpretation of immigration law; and

WHEREAS, The timing for enactment of this proposed legislation would intensify a climate of fear and intimidation among the immigrant population, which would make a population that has proven in the past to be very difficult to count during the decennial census, even more so. The under count of this critical population would translate to the potential loss of millions of federal tax dollars that are desperately needed to provide for the population; and

WHEREAS, Finally, while Detroit's human rights ordinance does not prohibit police communication with federal authorities regarding an individual's immigration status, it discourages the initial inquiry and might be misinterpreted as inconsistent with HB 4083; therefore, the bill's inappropriate creation of a personal cause of action for individual residents seeking to enforce the bill's prohibitions could result in misguided enforcement litigation against the City. NOW, THEREFORE, BE IT

RESOLVED, That the Detroit City Council strongly opposes House Bill 4083, applicable to local units of government, the "local government sanctuary policy prohibition act", as well as House Bill 4090, applicable to county government, both of which undermine the safety and security of all Detroiters and Michiganders; And NOW, THEREFORE, BE IT FINALLY

RESOLVED, That copies of this resolution shall be transmitted to the Mayor and the City's lobbyists, the Governor and the Detroit delegation in the State Legislature.

Honorable City Council:

Re: Recommendation for Deferral. Address: 2984 Rochester. Name: Twan Williams. Demolition Ordered: October 3, 2017 (J.C.C. pages \_\_\_\_\_).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection on March 1, 2019 revealed that the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, we respectfully recommend that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.

2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties.

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding (3) deferrals must be made by petition to City Council through the office of the City Clerk.

**TESTIMONIAL RESOLUTION  
DEXTER AVENUE BAPTIST CHURCH  
100th Anniversary Celebration  
1919 — 2019**

By COUNCIL MEMBER BENSON, joined by COUNCIL MEMBERS MCCALISTER, JR. and LELAND:

WHEREAS, For one hundred years, Dexter Avenue Baptist Church has been serving communities on the west side of Detroit - preaching and teaching Christian stewardship, while nurturing the physical body, spirit, and mind through the traditions and principles of Baptist teachings. The church was organized on March 6, 1919, located at 2346 Lincoln in Highland Park, Michigan, under the name of Mt. Moriah Baptist Church. One of the founding members, Rev. William Ferrell, Jr., was installed as the first pastor. Under Reverend William Ferrell, Jr., the church continued to grow. Due to its growth, the church moved to 13724 Thompson in Highland Park and at that time, was the only Baptist church in the city; and

WHEREAS, Dexter Avenue Baptist Church has had minimal changes in leadership over the last 100 years. Shepherds that have lead the church over the years include: Rev. H.B. Bronson (1928-1931),

Rev. R.R. Richardson (1931-1932), Rev. Charles Glover Young (1932-1934), and Rev. L.J. Benson (1935-1943), Rev. Dr. William R. Hanley (1945- 1985), Rev. Asriel G. McLain (1986-1997). Rev. Frank Raines, III (2000-2010), Rev. Bartlett, II (2011), and Rev. Richard White, III, (2015-present). God gave every pastor a vision to do something that would improve and enrich the church family and the community; and

WHEREAS, Rev. Dr. William R. Haney was called to pastor in 1945, during a challenging time in the church. As the church continued to grow, it needed a new location. In 1958, Reverend Dr. William R. Haney, along with the congregation, made their way to the current location at 13500 Dexter Avenue in Detroit Michigan and renamed the church Dexter Avenue Baptist Church. The church's role in the community expanded with the purchase of an attached building at 3350 W. Davison and creation of the William R. Haney Center. The center serves as a community outreach ministry, which includes a youth ministry program, senior citizens program, Christian education ministry and the Dexter/Metro Home Health Care Ministry, to name a few. The church also purchased a Medical Center at 3338 W. Davison, which housed dentists and physicians, as well as a low-income housing complex directly across the street from the church. Rev. Richard White, III, an outstanding pastor, has continued to grow the church, through the word of God, prayer, and love to people of all ages. Dexter Avenue Baptist Church has come this far by faith and continues to provide spiritual, educational, and economic nurturing for humanity. What a joy for one hundred years of service to God and the community! NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, wishes to congratulate the entire congregation of Dexter Avenue Baptist Church on this commemoration of their 100th Church Anniversary. May God continue to bless everyone in abundance!

He was passionate about the city he loved so much. He never minced his words with political leaders, holding them accountable to do what they said they were going to do, and to be truthful and transparent! Howard enjoyed being an active member of the Davison Old Timers Club. At Davison Missionary Baptist Church, he was a devoted member and served on the trustee board, usher board and provided security. Howard even shared his culinary skills with the kitchen ministry; and

WHEREAS, Howard was a great hus-

band, father, grandfather, brother, uncle and friend to many. He never despaired if what he had given to others was not reciprocated in return. In fact, his philosophical belief was to "Do unto others as you would have them do unto you." On March 6, 2019, God called Howard to a peaceful community in Heaven. His wish was that we celebrate his life rather than mourn. Howard loved the life he lived and lived the life he loved, having 58 blissful years with his wife "Mert" as he affectionately called her. NOW, THEREFORE BE IT RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, hereby expresses condolences and joins with family and friends in honoring the memory of Howard Echols III. He will be greatly missed.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, Leland, McCalister, Jr., Sheffield, Spivey, Tate and President Jones — 9.

Nays — None.

And the Council then adjourned.

The Project has been financed by a twenty-four (24)-month Construction Loan Agreement with Aurora Financial LLC for up to \$5,400,000 at five percent (5%) interest with a Permanent Loan extension option for the amount of \$295,000 at six and 15/100 percent (6.15%) interest for an additional eighteen (18) years. Low Income Housing Tax Credits in the annual amount of \$918,804 have been reserved.

Rents for all units have been set at or below sixty percent (60%) of the area median income, adjusted for family size. All fifty-four (54) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing

Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A).

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of ten percent (10%) of the annual net shelter rent obtained from this housing project.

Respectfully submitted,  
 ALVIN HORHN  
 Deputy CFO/Assessor

By Council Member Ayers:

Whereas, Pursuant to the provisions of the Michigan State Housing Development Act, Act 346 of the Public Acts of 1966, as amended, being MCL 125.1401 se seq. (the "Act"), a request for exemption from property taxes has been received on behalf of 124 Alfred Developer LLC (the "Sponsor"); and

Whereas, A housing project as defined in the Act is eligible for exemption from property taxes under Section 15a of the Act (MCL 125.1415a) if the Michigan State Housing Development Authority ("MSHDA") provides funding for the housing project, or if the housing project is funded with a federally-aided mortgage as determined by MSHDA; and

Whereas, Section 15a of the Act (MCL 125.1415a) provides that the local legislative body may establish by ordinance the service charge to be paid in lieu of taxes, commonly known as a PILOT; and

Whereas, The City of Detroit has adopted Ordinance 9-90, as amended, being Sections 18-9-10 through 18-9-16 of the Detroit City Code to provide for the exemption from property taxes of eligible housing projects and to provide for the amount of the PILOT for said housing projects to be established by resolutions of the Detroit City Council after review and report by the Board of Assessors; and

Whereas, The Sponsor is proposing to undertake the construction of a building to be known as 124 Alfred consisting of fifty-four (54) units in a building located on a parcel of property owned or to be acquired by the Sponsor as described by street address and tax parcel in Exhibit A to this resolution, with fifty-four (54) units for low and moderate income housing (the "Project"); and

Whereas, The purpose of the Project is to serve low to moderate income persons as defined by Section 15a(7) of the Act, being MCL 125.1415a(7); and

Whereas, MSHDA has provided notice to the Sponsor that it intends to approve federal-aided financing for the Project, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

Whereas, Pursuant to Section 15a of the Act, being MCL 125.1415a(1), the tax exemption is not effective until the Sponsors first obtain MSHDA certification that

the housing project is eligible for exemption, and files an affidavit, as so certified by MSHDA, with the Board of Assessors; and

Whereas, Pursuant to Section 18-9-13(G) of the Detroit City Code, the tax exemption shall be effective on adoption, with the tax exemption and PILOT payment to occur only upon bona fide use and physical occupancy by persons and families eligible to move into the project, in accordance with the Act, which must occur as of December 31 of the year preceding the tax year in which the exemption is to begin;

Now, Therefore, Be It

Resolved, That in accordance with City Code Section 18-9-13, the Project known as 124 Alfred as described above is entitled to be exempt from taxation but subject to the provisions of a service charge of ten percent (10%) for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1966, as amended, being MCL 125.1401, et seq.; and be it further

Resolved, That arrangements to have collections of a payment in lieu of taxes from the Sponsor be established upon occupancy for future years with respect to the same be prepared by the Finance Department; and be it further

Resolved, That specific legal description for the Project shall be as set forth in the certification from MSHDA; and be it further

Resolved, That the City Clerk furnish the Finance Department — Assessment Division two certified copies of this resolution; and be it further

Resolved, That this resolution is adopted with a waiver of reconsideration.

Honorable Planning and Economic Development Standing Committee:

Re: Request of the Downtown Development Authority in conjunction with Olympia Development of Michigan to amend Article XVII, District Map No. 3 of Chapter 61 of the 1984 Detroit City Code, Zoning and the provisions of the existing PD (Planning Development) zoning district established by Ordinance 10-15 on land bounded by Woodward Ave. on the east, the south side of Henry St. on the south, Clifford Ave. and Cass Ave. on the west and Sproat St. on the North; and to rezone a portion of the remaining B4 (General Commercial) zoned land along the east side of Cass Ave. between Sproat St. and Henry St., and, as well as the to-be-vacated Henry Street right-of-way, to PD. (REQUESTING 6th EXTENSION OF REVIEW PERIOD)

On June 3, 2017 the Detroit City Council received and referred to the Planning and Economic Development Standing Committee the report and recommendation of the City Planning Commission (CPC) for the above captioned map amendment request for the Detroit Zoning Ordinance.

The Zoning Ordinance specifies in Sec. 61-3-17, "Where a petition for a proposed Zoning Ordinance text or map amendment is not voted upon by the City Council within one hundred twenty (120) days of the time of receipt of the City Planning Commission's report, it shall be deemed to have been denied, unless extended by the City Council."

The original 120-day review period for this matter was to expire in October of 2017. Subsequently, however, five extensions have been authorized with the most

recent, of 120 days, being granted on November 27, 2018. On Thursday, March 28, 2019 that extension will expire at day's end.

CPC is pleased to report that the revised petition #1388 requesting the right-of-way adjustments on and around the arena site is being process by City Engineering. This revised petition, if acceptable to DPD and DWSD, should relieve the blockage to completing the vacation of Henry and the other streets thus allowing the necessary sequence of events to proceed in order to facilitate the long-held PD rezoning and modification. Consequently, the CPC requests another 120-day extension of the review period to avoid having to re-start the ordinance revision process over again at the Planning Commission. A resolution to that effect is attached for Your consideration. The requested extension, if granted, will expire by the close of the day Friday, July 26, 2019.

Respectfully submitted,  
MARCELL R. TODD, JR.  
Director

By Council Member Tate:

Honorable City Council:

Re: Petition #700: Secondary Street Sign for Reverend Edward L. McCoy.

The family of the late Reverend Edward Leon McCoy, Sr., and the members of New Harmony Missionary Baptist Church Ladies Auxiliary submitted a petition requesting that the intersection of Mt Elliott and Hendricks be assigned the secondary street name the Rev. Edward L. McCoy, Sr. Street in celebration of his contributions in the field of music, a community leader and as a minister to the city of Detroit. A professional musician, Rev. McCoy owned and operated McCoy Recording Company. Under his record labels Big Mack Records and Brighter Day Records, Rev. McCoy wrote, produced and recorded numerous albums and managed many artists. In 1988, Rev. McCoy was installed as pastor of New Harmony Missionary Baptist Church and served in that capacity for twenty-six years.

Upon review of the documentation submitted by the petitioner staff has concluded that the petition does meet the criteria for Secondary Naming of Street in accordance with Article VII Sections 50-7-31 through Sections 50-7-50 of the 1984 Detroit City Code.

**Criteria**

As stated in Chapter 50 of the 1984 Detroit City Code, *Streets, Sidewalks and*

1. Sites, buildings, structures where cultural, social, spiritual, economic, political, architectural history of the community, city, state or nation is particularly reflected or exemplified.

2. Sites, buildings, structures, which are identified with historic personages or with important events in the community, city, state or national history.

Attached for your review and consideration is a resolution setting the required public hearing as well as a resolution which will authorize the establishment of a Secondary Street Name in honor of Reverend Earnest O. King, Sr. upon the conclusion of a favorable public hearing, which must be held in accordance with Section 50-7-35 of the Detroit City Code.

Staff is available to answer any questions you may have.

Honorable City Council:

Re: Authorization to Acquire Eight (8) Parcels from the Detroit Land Bank Authority/Lease of 7515 Elmhurst and Eight (8) Parcels to Michigan Statewide Carpenters and Millwrights Joint Apprenticeship and Training Fund.

The City of Detroit ("City"), by and through the Planning & Development

Department ("P&DD"), is hereby requesting the authorization of your Honorable Body to acquire certain land from the Detroit Land Bank Authority ("Acquisition Parcels") to include in a lease agreement (the "Lease") between the City and the Michigan Statewide Carpenters and Millwrights Joint Apprenticeship and Training Fund ("Training Fund").

The City proposes to lease for a period of 99 years approximately 7 acres of land in the City of Detroit, including 6 acres of land currently owned by the City at 7515 Elmhurst and the Acquisition Parcels, to the Training Fund for their construction and operation of a skilled trades training facility with supporting administrative space. As consideration for the lease, the Training Fund will make a minimum investment of \$22M of capital improvements to the City's property and provide certain tenant services, including certain free programs to the public. The Training Fund plans to consolidated certain operations outside of the City into a new, state-of-the-art training facility on the leased premises that is anticipated to accommodate approximately 1500 trainees per year through various skilled trades programs.

At this time, P&DD is requesting: (1) approval of acquisition of the Acquisition Parcels from the Detroit Land Bank Authority and (2) approval of the Lease with the Training Fund.

Respectfully submitted,  
JANET L. ATTARIAN  
Deputy Director

Planning & Development Department  
By Council Member Tate:

Whereas, The City of Detroit ("City") through the Planning & Development Department ("P&DD") wishes to acquire eight (8) properties within the City of Detroit, MI as more particularly described in the attached Exhibit A ("Acquisition Parcels") from the Detroit Land Bank Authority ("DLBA") for the sum of One and 00/100 Dollar (\$1.00); and

Whereas, The City and the Michigan Statewide Carpenters and Millwrights Joint Apprenticeship and Training Fund ("Training Fund") wish to enter into that certain lease agreement that is attached hereto and incorporated herein as Exhibit B that concerns certain City-owned property at 7515 Elmhurst and the Acquisition Parcels ("Lease Agreement"); and

Whereas, The Buildings, Safety Engineering and Environmental Department has reviewed the environmental conditions of the Acquisition Parcels attached hereto as Attachment 1; and

Whereas, in accordance with Chapter 2, Article I, Division 2 of the Detroit City Code: (1) the City Council finds that the Acquisition Parcels have received appropriate environmental inquiry in accor-

dance with the review referred to in the preceding paragraph; (2) the environmental inquiry has shown that past use of the Acquisition Parcels for the period investigated has been solely for residential purposes and that the Acquisition Parcels do not pose an adverse environmental impact, therefore none of the Acquisition Parcels are considered a facility; and (3) the City Council finds and declares that the preservation of the promotion of the public health, safety, welfare or good outweighs the cost of the environmental inquiry and therefore waives the requirement that the seller bear the cost of the environmental inquiry.

Now therefore be it

Resolved, That Detroit City Council hereby approves acquisition of the Acquisition Parcels from the DLBA for the consideration of One and 00/100 Dollar (\$1.00); and be it further

Resolved, That the P&DD Director, or his authorized designee, be and is hereby authorized to accept and record a deed to the Acquisition Parcels to the City of Detroit, as well as execute any such other documents as may be necessary to effectuate transfer of the Acquisition Parcels from DLBA to the City of Detroit; and be it further

Resolved, That the P&DD Director, or his authorized designee, is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deed (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Acquisition Parcels to the City, provided that the changes do not materially alter the substance or terms of the transfer; and be it further

Resolved, That Detroit City Council hereby approves the Lease Agreement; and be it further

Resolved, That the Lease Agreement will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form; and be it further

Resolved, That Detroit City Council hereby grants to the Training Fund an option to purchase the City-owned property included in the Lease Agreement at any time during the term of the Lease Agreement, provided that the City and Training Fund mutually agree upon a reasonable sales price and that Detroit City Council grants approval of such sale to the Training Fund separate and apart from this resolution; and be it finally

Resolved, That the Finance Director is

hereby authorized to increase the necessary accounts and honor expenditures, vouchers and payrolls when presented in accordance with the foregoing communication and standard City procedures.

The City has made no warranties or representations of whatever nature in connection with the condition of the Premises, and the City shall not be liable for any defects contained therein. The City makes no warranties or representations, express or implied, as to title to its interest in the Premises.

6.03 Tenant agrees that it is its responsibility to safeguard its property and equipment that it or its contractors use or have in their possession on or about the Premises and Tenant agrees to hold the City harmless for any loss of such property or equipment, except as to the City's own negligence. Further, except as otherwise provided herein, the City shall not be responsible or liable to the Tenant for any loss or damage that may be occasioned by or through the acts or omissions of persons occupying adjoining premises or any part of the premises adjacent to or connected with the Premises or from any loss or damage resulting to the Tenant, or its property, from roof or wall leaks or bursting, stoppage, or leaking of water, gas, sewer or steam pipes, and the like, or for any damage or loss of property within the Premises from any other cause whatsoever, except as to the City's own negligence associated with same.

destruction. Tenant shall take whatever steps as may be necessary to prevent further damage or destruction to the Premises resulting from such fire or other major casualty.

(a) In the event that any or all of the Premises shall suffer damage or destruction at any time during the Lease Term, the respective rights and obligations of the parties hereto with respect to reconstruction, repairing, and/or restoring such damage or destruction and/or with respect to the matter of the continuance or termination of this Lease following any such damage or destruction, shall be controlled by the provisions of this Section.

(b) In the event the Premises shall suffer damage or destruction then:

(i.) Tenant may perform the reconstruction, repair, and/or restoration of such damage or destruction at its option; or

(ii.) If, within a reasonable period of time after the date of any damage or destruction, Tenant has not completed the reconstruction, repair, and/or restoration of the damaged/destroyed area, then Tenant may terminate the Lease by giving an advance written Notice of Termination to the City, in such case the Tenant shall bring the Premises to a clean and safe, non-blighted condition and be removed from the Premises.

#### **8. DEFAULT AND TERMINATION**

8.01 Each of the following occurrences shall constitute a default under the Lease ("Event of Default"):

(a) Tenant's failure to provide either the Tenant Services and/or Capital Improvements;

(b) Failure by either party to perform, comply with, or observe any other agreement or obligation under this Lease and such failure continues for a period of 30 days after the non-defaulting party delivers to the defaulting party written notice thereof; however, if such failure is not reasonably susceptible of being cured within 30 days, then such failure shall not constitute an Event of Default if defaulting party begins to cure such failure within such 30-day period and thereafter diligently pursues the cure thereof to completion, unless it is not fully cured within an additional 30 days after the initial 30-day period expires;

(c) The filing of a petition by or against Tenant (1) in any bankruptcy or other insolvency proceeding; (2) seeking any relief under any state or federal debtor relief law; (3) for the appointment of a liquidator or receiver for all or substantially all of Tenant's property or for Tenant's interest in this Lease;

(d) Tenant shall abandon the Premises or vacate any substantial portion of the Premises;

(e) The making by Tenant of an assignment for the benefit of its creditors.

8.02 Remedies. Upon any Event of Default and after any cure periods allowable under this Lease, the non-defaulting party may, in addition to all other rights and remedies afforded it hereunder or by law or equity, terminate this Lease by giving defaulting party written notice thereof.

Notwithstanding anything in this Lease to the contrary and upon termination or expiration of the Lease, Tenant shall surrender the Premises with all Capital Improvements and Improvements made by Tenant or City in good working condition, reasonable wear and tear excepted.

8.04 Tenant may terminate this Lease at Tenant's convenience at any time up to the date of issuance of an initial building permit for the Capital Improvements.

#### **9. LIENS**

9.01 Tenant, to the best of its ability, shall keep the Premises free from any and all liens arising out of any work performed, materials furnished or obligations incurred by or for Tenant.

9.02 In the event that the Premises or any part thereof or Tenant's leasehold interest therein shall, at any time during the Lease Term, become subject to any vendor's, mechanic's, laborer's, material man's or other lien, encumbrance or charge based upon the furnishing of materials or labor to or for the benefit of Tenant, Tenant shall cause the same, at its sole cost and expense, to be satisfied or discharged or bonded against within thirty (30) days after notice thereof to Tenant given by or on behalf of the lienor. Failure to discharge such a lien by Tenant shall be considered an Event of Default under the terms of this Lease.

#### **10. ASSIGNMENT AND SUBLETTING**

10.01 Tenant may assign, sublet, mortgage, pledge and/or transfer any of its leasehold interest granted by this Lease.

10.02 Tenant may sublease the Premises provided that any such subtenant use: (1) is consistent with the allowable uses under this Lease and (2) is not considered a business conducted for profit.

10.03 City may require that any assignments or subleases allowable under this Lease be conditioned on Tenant's assignee or subtenant entering into an agreement that contains terms and conditions approved by the City, which such approval shall not be unreasonably withheld.

14.02 In the event of a Taking of the whole of the Premises, this Lease shall terminate on the Date of Taking.

14.03 In the event of a Taking of less than all the Premises, City within thirty (30) days after the Date of Taking, may terminate this Lease as to the portion of the Premises that is subject to such Taking effective on the Date of Taking. If City does not give notice of termination of this Lease within thirty (30) days after the Date of Taking, then this Lease shall remain in full force and effect with respect to the part of the Premises not the subject of the Taking; provided, however, if City shall be compensated for the Taking, such compensation shall first go to reimburse Tenant for such amounts up to the then-current appraised value amount of the Capital Improvements completed at the Premises by Tenant. Tenant will have the right to terminate this Lease upon thirty (30) days written notice after the Date of Taking, effective on the Date of Taking, in the event of a Taking of more than twenty-five percent (25%) of the usable square footage of the Premises.

14.04 Except as otherwise provided in

Section 14.03 above, the City is entitled to receive the entire award for any Taking, (inclusive of the value of any and all fixtures and Improvements) and Tenant hereby assigns to City all its right, title and interest in and to such award. Tenant shall be entitled to make a claim against the condemning authority only for the value of any equipment and/or fixtures of the Tenant and Tenant's moving expenses which may be compensable as a result of the Taking. Nothing contained in this Section shall be deemed to prevent City from settling any threatened or filed condemnation proceeding.

**14.05** From time to time during the Lease Term, City may, with the Tenant's express written consent in each instance, convey title to, or grant easements in, portions of the land included in the Premises to governmental authorities or utility companies for road widening, curb rounding and water, sewer, electrical, communication and other utility lines. Any such conveyance or grant shall not be deemed a Taking unless City receives compensation therefor, and there shall be no reduction in the Rent payable hereunder. The aforementioned notwithstanding, any such conveyances or easements shall not inhibit Tenant's inherent right to quiet enjoyment of the Premises.

**14.06** In the event that only a portion of the Premises will be taken as hereinabove described and this Lease is not terminated pursuant to the provisions of this Section, then City will, at its sole cost and expense, restore the remaining portion of the Premises to the extent necessary to render it suitable for the purposes for which it was leased, provided that the cost thereof will not exceed the proceeds of its condemnation award.

#### **15. FAIR EMPLOYMENT PRACTICES**

**15.01** Tenant covenants that it shall not discriminate against any employee or applicant for employment, training, education, or apprenticeship connected directly or indirectly with the performance of this Lease, with respect to his or her hire, promotion, job assignment, tenure, terms, conditions or privileges of employment because of religion, race, color, creed, national origin, age, marital status, handicap, public benefit status, sex, or sexual orientation. This provision shall not apply if it is determined by City's Human Rights Department that such requirements are bona fide occupational qualifications reasonably necessary to the performance of the duties required by employment. The burden of proof that the occupational qualifications are bona fide is upon Tenant. Tenant shall promptly furnish any information reasonably required by City or its Human Rights Department pursuant to this Section.

(a) Tenant further agrees that it shall notify any Associate of Tenant's obliga-

tions relative to non-discrimination under this Lease when soliciting an Associate and shall include the provisions of this Section in any contract or subcontract relating to Tenant's performance under this Lease as well as provide City with a copy of any such contract or subcontract upon request. Tenant further agrees to take such action with respect to any such subcontract as Tenant may direct as a means of enforcing the provisions of this Section.

(b) Breach of the terms and conditions of this Section shall be regarded as a material breach of this Lease if such breach shall continue for more than thirty (30) days after receipt of notice of such breach by Tenant. In the event Tenant fails to comply with this Section, City, at its option may utilize such remedies as may be provided by law.

#### **16. WASTE AND NUISANCE**

**16.01** The Tenant shall not commit or suffer to be committed any waste upon the Premises, and shall not place a load, machinery, or equipment upon the Premises which exceeds the load per square foot area which such area can carry. Tenant shall not commit or suffer to be committed any nuisance or other act or thing which may disturb the quiet enjoyment of any neighbor to the Premises.

#### **17. HAZARDOUS SUBSTANCE**

**17.01 Hazardous Materials.** Tenant shall not use, handle, generate, treat, store or dispose of, or permit the handling, generation, treatment, storage or disposal of any hazardous waste, substance or toxic materials regulated under any federal, state or local environmental laws, regulations or ordinances ("Hazardous Materials") in, on, under, around or above the Premises during the Lease Term unless the Tenant follows all laws and regulations in doing so. Tenant hereby indemnifies the City from any and all liability that may arise from such activities beginning on the date of Lease Term. Any and all claims, costs, expenses, fines, and losses of any kind (including but not limited to those arising from injury to or the death of any person, damage to or loss of use or value of real or personal property, and costs of investigation, cleanup, and attorneys' and consultants' fees) incurred by City which arise solely due to the acts, omissions, or failure to act of Tenant, its agents, employees, contractors, and servants and arising out of or are related to Tenant's use of the Premises during the Lease Term shall constitute additional fees and shall be payable within thirty (30) days after receipt of City's invoice and supporting documentation. Tenant shall not be responsible for any Hazardous Materials found on the Premises that were introduced prior to the Lease Term.

**17.02 Hazardous Materials Remediation.** Tenant shall assume the sole responsibil-

ity of all environmental response and remediation of Hazardous Materials that are introduced into the Premises by the Tenant, its associates or agents. In the event Tenant shall discover Hazardous Materials within the Premises, Tenant shall notify City and advise City of its plans for environmental response and remediation of the Hazardous Materials. Except for those Hazardous Materials introduced into the Premises by City, City shall not be responsible for the costs to abate any Hazardous Materials introduced into the Premises by the Tenant, its associates or any third party. Tenant shall not be responsible for remediating any Hazardous Materials introduced to the Premises prior to the Lease Term.

#### **18. SUBORDINATION**

**18.01** The City acknowledges that there are no mortgages, encumbrances, or deeds of trust that are currently existing on the Premises that the Tenant would otherwise be required to be subordinate to.

#### **19. BANKRUPTCY OR INSOLVENCY**

**19.01** Tenant agrees that if the estate created hereby shall be taken in execution, or by other process of law, or if Tenant shall be declared bankrupt or insolvent according to law, or any receiver, custodian or trustee be appointed for the business and property of Tenant, or if any assignment shall be made of the Tenant's property for the benefit of creditors, then and in any such events, this Lease may be terminated at the option of the City as an event of default by Tenant in accordance with the termination provisions set forth herein.

#### **20. HOLDING OVER**

**20.01** If Tenant retains possession of the Premises or any part thereof after the expiration or termination of this Lease by lapse of time or otherwise, Tenant shall continue its tenancy from month to month under the same terms and conditions. The provisions of this Section shall not be deemed to limit or exclude any of the City's rights of reentry or any other right granted to City according to the terms of this Lease or under law.

#### **21. QUIET POSSESSION**

**21.01** The City covenants that the Tenant, upon its observing the terms and conditions of this Lease, shall and may peacefully and quietly have, hold and enjoy the Premises during Lease Term free from unreasonable interference by City.

#### **22. AMENDMENTS**

**22.01** The Tenant or City may from time to time consider it in its best interest to change, modify or extend a term, condition or covenant of this Lease. Any such change, modification or extension, which is mutually agreed upon by and between the parties shall be incorporated in a written amendment ("Amendment") to this Lease. Such Amendment shall require separate approval by Detroit City Council.

Such Amendment shall not invalidate this Lease nor relieve or release the parties of any of its obligations under the Lease unless stated therein.

#### **23. OPTION TO PURCHASE**

**23.01 Option to Purchase.** The City hereby grants the Tenant an option to purchase the Premises at any time during the Lease Term upon the mutual agreement of the parties of a reasonable purchase price and approval by Detroit City Council of such a sale of the Premises to Tenant.

#### **24. MISCELLANEOUS**

**24.01** No failure by City or Tenant to insist upon the strict performance of any covenant, agreement, term or condition of this Lease or to exercise any right, power or remedy consequent upon a breach thereof and no acceptance of full or partial rent by City during the continuance of any such breach by City shall constitute a waiver of any such breach or of such covenant, agreement, term or condition. No waiver of any breach shall affect or alter this Lease, but each and every covenant, agreement, term and condition of this Lease shall continue in full force and effect with respect to any other then existing or subsequent breach thereof.

**24.02** The rights and obligations contained in this Lease shall bind and inure to the benefit of City and Tenant and, except as otherwise provided herein, their respective personal representatives, successors and assigns; provided, however, the obligations of City and Tenant under this Lease shall no longer be binding upon City after the sale, assignment, or transfer by City or Tenant, respectively (or upon any subsequent City or Tenant), of its interest in the Premises, as owner, City or Tenant, respectively, and in the event of any such sale, assignment, or transfer, such obligations shall thereafter be binding upon the grantee, assignee, or other transferee of such interest, and any such grantee, assignee, or transferee, by accepting such interest, shall be deemed to have assumed such obligations. A lease of the entire Premises, other than for occupancy thereof, shall be deemed a transfer within the meaning of this Section.

**24.03** If any provision of this Lease or the application thereof to any person or circumstance shall, to any extent, be invalid or unenforceable, the remainder of this Lease, or the application of such provision to persons or circumstances other than those as to which it is invalid or unenforceable, shall not be affected thereby, and each provision of this Lease shall be valid and enforceable to the fullest extent permitted by law.

**24.04** This Lease shall be construed and enforced in accordance with the laws of the State of Michigan. The Tenant agrees, consents and submits to the personal jurisdiction of any competent court in Wayne County, Michigan for any action

brought against it arising under this Lease. The Tenant agrees that service of process at the address and in the manner specified in Section 11 will be sufficient to put the Tenant on notice and hereby waive any and all claims relative to such notice. The Tenant and City also agree that they will not commence any action against the other party because of any matter whatsoever arising out of or related to the validity, construction, interpretation, and enforcement of this Lease in any courts other than those in the County of Wayne, State of Michigan unless original jurisdiction can be had in either the Michigan Court of Appeals, Michigan Supreme Court or the U.S. District Court for the Eastern District of Michigan, Southern Division.

24.05 This Lease or any part of this Lease may not be changed, waived, discharged or terminated orally, but only by an instrument in writing.

24.06 This instrument, including the Exhibits hereto, contains the entire agreement between the parties and all prior negotiations and agreements are merged herein. Neither Tenant, the Tenant's agents, City nor the City's agents have made any representations or warranties with respect to the Premises or this Lease, except as expressly set forth herein, and no rights, or remedies are or shall be acquired by Tenant or City by implication or otherwise unless expressly set forth herein.

24.07 The parties agree that neither this Lease nor any memorandum or short form thereof may be recorded without the prior consent of both parties.

24.08 The relationship between the parties hereto is solely that of landlord and tenant and nothing herein contained shall constitute or be construed as establishing any other relationship between them including, without limitation, the relationship of principal and agent, employer and employee or parties engaged in a partnership or joint venture. Without limiting the foregoing, it is specifically understood that neither party is the agent of the other and neither is in any way empowered to bind the other or to use the name of the other in connection with the construction, maintenance or operation of the Premises, except as otherwise specifically provided herein.

24.09 Unless the context otherwise expressly requires, the words "herein", "hereof" and "hereunder" and other words of similar import refer to this Lease as a whole and not to any particular Section.

24.10 All the terms and provisions of this Lease shall be deemed and construed to be "covenants" and "conditions" as though the words specifically expressing or importing covenants and conditions were used in each separate term and provision.

24.11 The headings of the Sections in

this Lease are for convenience only and shall not be used to construe or interpret the scope or intent of this Lease or in any way affect the same.

24.12 Neither party shall be responsible for force majeure events. In the event of a dispute between the parties with regard to what constitutes a force majeure event, the determination of a court with appropriate jurisdiction, in compliance with the terms set forth herein, shall be controlling.

24.13 The Tenant warrants that it is currently authorized to do business in the State of Michigan and is amendable to service of process at the address stated in Section 11.

24.14 This Lease may be executed in any number of counterparts and all of said counterparts taken together shall be deemed to constitute one and the same instrument. Promptly after the execution hereof the City shall transmit to the Tenant a conformed copy of this Lease.

24.15 The parties represent that they have not dealt with any brokers or finders in connection with this Lease. Each party agrees to hold the other harmless from and against any loss, damage, costs, or expenses, including court costs and reasonable attorney fees that the other may suffer as a result of the breach of the foregoing representation made by each party.

24.16 Authority of City. Notwithstanding anything in this Lease or otherwise to the contrary, the City shall not be authorized or obligated to lease the Premises to Tenant until this Lease has been fully executed by the duly authorized representatives of the City, as well as approved by the Detroit City Council, the Mayor of the City of Detroit, the City of Detroit Law Department and any other City financial review commission or board as required by law. Any amendments or modifications must likewise be duly approved by the City Council, the Mayor, and the Law Department.

IN WITNESS WHEREOF, the City and the Tenant, by and through their authorized officers and representatives, have executed this Lease as follows:

**Environmental Inquiry Report  
Acquisition of 8 Properties from  
Detroit Land Bank Authority**

This report includes a visual inspection and a land use history for 8 properties ("Acquisition Parcels") to be acquired by the City of Detroit from the Detroit Land Bank Authority. Land use was determined by review of the Detroit Zoning Ordinance and the City's Sanborn files for years 2002 and 1969, as well as City records giving the "year built" for housing stock in the immediate area.

Based on the review indicated above, the Acquisition Parcels have been used strictly for single-family residential purposes for the last 50 years or more and, therefore, it was found by the City's Buildings, Safety Engineering and Environmental Department — Environmental Affairs Division that it is unlikely that the Acquisition Parcels would pose an adverse environmental impact.

Honorable City Council:

Re: Property Sale: 5907 French, Detroit,  
MI 48213.

The City of Detroit, Planning and Development Department (“P&DD”) has received an offer from JST Acquisition Company, L.L.C. JST’s proposed use of the Property shall be consistent with the allowable uses for which the Property is zoned.

We request that your Honorable Body adopt the attached resolution to authorize the Director of P&DD to execute a quit claim deed and such other documents as may be necessary or convenient to effect a transfer of the Property by the City to JST Acquisition Company, L.L.C.

Respectfully submitted,
