Honorable City Council:

Re: Resolution Amending an Approved Industrial Facilities Exemption Certificate Amendment, in the area of 7000 Georgia Detroit, Michigan, in Accordance with Public Act 198 of 1974 on behalf of Flex-N-Gate (Petition #1185).

On October 12, 2017, a public hearing regarding amending an Industrial Facilities Exemption Certificate (IFEC) request for the above-captioned property was held before your Honorable Body. All interested persons and organizations were given an opportunity to be heard. No impediments to the approval of this certificate were presented during the hearing.

Prior to the requested amendment, the original IFEC for Flex-N-Gate Detroit, LLC was approved on October 11, 2016. Then in 2017, as required by State Tax Commission (STC) rule number 54, which states, "if the final costs of a project are greater than the original application amount by more than 10%, then the certificate holder shall request that the local governmental until approve the additional costs"; Flex-N-Gate Detroit, LLC requested an amendment to IFEC #2016-158 to update their real and personal property costs from \$95,075,000.00 to \$160,000,000. The IFEC amendment was officially approved by the Council of the Whole on October 17, 2017.

However, upon submitting the approved amendment to the STC it was discovered that the original IFEC was only approved for the real property component and that the personal property component was abated under the Eligible Manufacturing Personal Property Tax Exemption program. As such the originally approved amendment should have only amended the real property costs from \$40,000,000 to \$100,000,000.

Therefore, we request your Honorable Body's approval of the attached resolution, authorizing an amendment to the formally Amended Industrial Facilities Tax Exemption Certificate approval to reflect the final real property costs of \$100,000,000.

Upon approval of the corrected amendment updating the only the final real property costs, the STC shall issue a revised certificate to Flex-N-Gate Detroit, LLC.

Respectfully submitted,  
DONALD RENCHER  
Director

By Council Member Tate:

**Planning and Development Department**

October 18, 2019

Honorable City Council:

Re: Property Sale/Grant of Easement and Licenses Former Joe Louis Arena and Joe Louis Arena Garage, Detroit, MI.

The City of Detroit ("City"), Planning and Development Department ("P&DD") has received an offer from First & Congress Management LLC ("FCM"), a Michigan limited liability company, to purchase the former site of Joe Louis Arena and Joe Louis Arena Garage (together the "Property") for the purchase price of Fourteen Million One Hundred Thousand and 00/100 Dollars (\$14,100,000.00).

Currently, certain rights to the Property are held by Financial Guaranty Insurance Company ("FGIC"), a New York stock

insurance company, as part of a bankruptcy-related development agreement with the City dated December 10, 2014 (the "FGIC Agreement"). If the City approves a sale to FCM, FGIC has agreed to assign its rights in the Property to FCM and the FGIC Agreement will be terminated. It is anticipated that termination of the FGIC Agreement will save the City from the following financial obligations: (1) roughly \$3M in savings for obligated repairs to the Joe Louis Arena Garage and (2) roughly \$4M in savings for obligated environmental remediation of the former site of Joe Louis Arena.

FCM proposes to design and construct a high density mixed-use development on the Property. Currently, the Property is within the PCA zoning district (Public Center Adjacent District). FCM's use of the Property shall be consistent with the allowable uses for which the Property is zoned. However, as future details of the development are determined, the City anticipates that additional approvals may be required by this Honorable Body, including but not limited to street and alley vacations, rezoning approvals, tax abatements and Brownfield TIF.

Furthermore, ancillary to FCM's proposed use of the Property, FCM requires certain easements and licenses from the City for vehicular and pedestrian access for FCM to: (a) access and use certain above-ground pedestrian walkways and associated towers to access both the Detroit Regional Convention Facility (formerly known as Cobo Hall and now known as the TCF Center) and the Detroit People Mover Station from the Property, (b) access the Joe Louis Arena Garage from the Lodge Freeway and (c) maintain certain encroachments of the Joe Louis Arena Garage on the proposed easement areas.

At this time, we hereby request that your Honorable Body adopt the attached resolution to authorize the P&DD Director, or his authorized designee, to execute an agreement of purchase and sale, quit claim deeds, easement agreement and such other documents as may be necessary or convenient to: 1) effect a transfer of the Property by the City to FCM, 2) grant certain easements and licenses to FCM in support of FCM's development and use of the Property and 3) terminate the FGIC Agreement.

Respectfully submitted,  
KATHARINE G. TRUDEAU

Deputy Director

Resolved, That the P&DD Director, or his authorized designee, is authorized to

execute an easement agreement with Purchaser, as well as execute such other documents as may be necessary or convenient to effect the grant of easements and licenses of the Easement Parcels to Purchaser and its successors, assigns, lessees, employees, agents, customers, licensees and invitees for the benefit of the Property consistent with this resolution; and be it further

Resolved, That the P&DD Director, or his authorized designee, is authorized to execute any required instruments to make and incorporate technical amendments or changes to the agreement of purchase and sale, quit claim deeds and easement agreement (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Property and grant of the easements and licenses of the Easement Parcels, provided that the changes do not materially alter the substance or terms of the transfer, sale and/or granting of the easements and licenses; and be it further

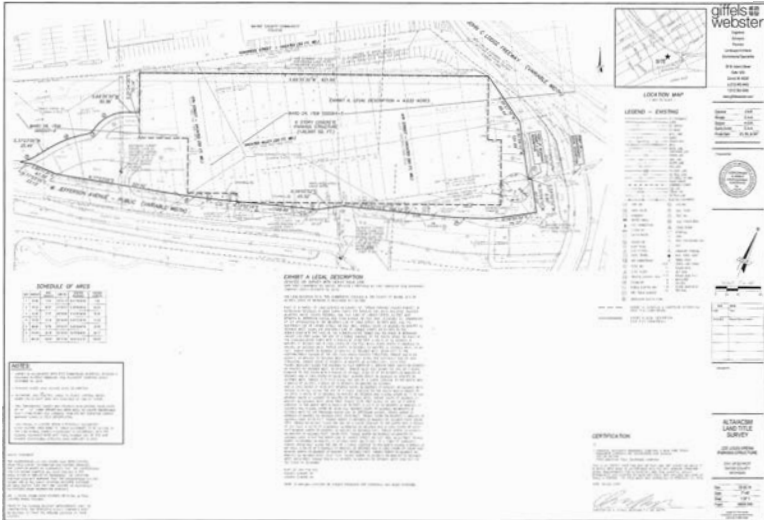

Resolved, That Detroit City Council hereby approves the termination of that certain development agreement dated December 10, 2014 that concerns the Property and is by and between the City, the State of Michigan and Financial Guaranty Insurance Company, a New York stock insurance company, (the "FGIC Agreement"). Furthermore, such termination of the FGIC Agreement shall only be effective upon execution by the P&DD Director, or his authorized designee, of an acknowledgment of termination; and be it further

Resolved, That the P&DD Director, or his authorized designee, is authorized to execute an acknowledgment of termination that terminates the FGIC Agreement, as well as execute such other documents as may be necessary or convenient to effect termination of the FGIC Agreement; and be it finally

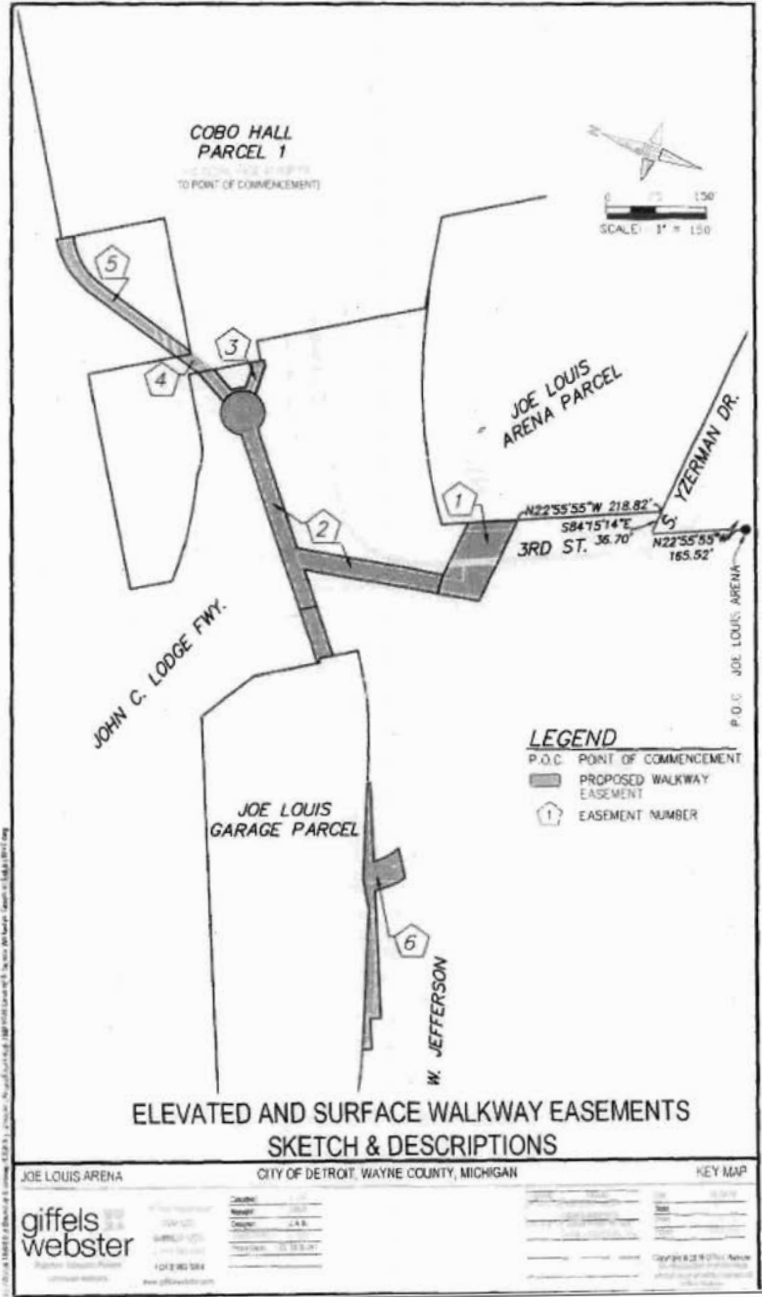

Resolved, That the aforementioned agreement of purchase and sale, quit claim deeds, easement agreement and acknowledgment of termination will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form.

Honorable City Council:  
 Re: 1904 Superior. Transfer to the Detroit Land Bank Authority.

The City of Detroit approved the sale of 1904 Superior ("Property") to Corrine Davis on November 22, 2004. The sale was cancelled on April 6, 2005. The City's internal tax records, however, continued to reflect Corrine Davis as the owner of record in error. The Wayne County Treasurer foreclosed against Corrine Davis based on the erroneous tax information. The Property has since been conveyed by Wayne County to the Detroit Land Bank Authority ("DLBA").

The Property consists of a vacant lot measuring approximately 2,900 square feet and zoned R-3 (Low Density Residential). Authorization is being requested to transfer title to the DLBA, removing the City's interest in the Property so that the DLBA may complete its title review and secure clear title. This would serve to mitigate any ongoing title issues.

We, therefore, respectfully request that your Honorable Body approve the transfer and adopt the attached resolution, authorizing the Planning and Development Department Director, or his or her authorized designee, to issue a quit claim deed to the Property, as more particularly described in the attached Exhibit A, and such other documents as may be necessary to effectuate the transfer of the Prop-

erty, from the City of Detroit to the DLBA for the consideration of One and 00/100 Dollar (\$1.00).

Respectfully Submitted,  
 KATHARINE G. TRUDEAU  
 Deputy Director

By Council Member Tate:

Whereas, The Detroit Land Bank Authority ("DLBA") was created to assemble and dispose of publicly owned properties in a coordinated manner to further the development of that property and to provide economic growth in the City of Detroit; and

Whereas, The City of Detroit approved the sale of 1904 Superior ("Property") to Corrine Davis on November 22, 2004. The sale was subsequently cancelled. The City's internal tax records, however, continued to reflect Corrine Davis as the owner of record. The Wayne County Treasurer foreclosed against Corrine Davis based on the erroneous tax information. The Property has since been conveyed by Wayne County to the Detroit Land Bank Authority ("DLBA"); and

Whereas, Authorization is being requested to transfer title to the DLBA, removing the City's interest in the Property so that the DLBA may complete its title review and mitigate any ongoing title issues.

Now, Therefore, Be It

Resolved, That in accordance with the foregoing communication, the Planning and Development Department Director, or his or her authorized designee, be and is hereby authorized, to issue a quit claim deed to the Property, 1904 Superior, as more particularly described in the attached Exhibit A, and such other documents as may be necessary to effectuate the transfer of the Property, from the City

of Detroit to the Detroit Land Bank Authority, a Michigan public body corporate for the consideration of One Dollar and 00/100 (\$1.00); and

Resolved, That the Director of the Planning and Development Department, or his authorized designee, be and is hereby authorized to execute any required instruments to make or incorporate technical amendments or changes to the deed and such other documents as may be necessary to effectuate the transfer (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Properties, provided that the changes do no materially alter the substance or terms of the transfer; and

Be It Finally

Resolved, That the quit claim deed will be considered confirmed when executed by the P&DD Director, or his or her, authorized designee, and approved by the Corporation Counsel to form.

A Waiver of Reconsideration is requested.

October 28, 2019

Honorable City Council:

Re: Transfer of Jurisdiction/Surplus of Real Property. Former Joe Louis Arena and Joe Louis Arena Garage.

The Municipal Parking Department has indicated to the Planning and Development Department (“P&DD”) that the above captioned property, the Joe Louis Arena Garage is no longer appropriate to their needs. Municipal Parking has requested that the Finance Department transfer jurisdictional control over the Property to P&DD to administer as surplus real property. Additionally, it is also being requested that jurisdictional control over the Joe Louis Arena be designated to P&DD.

The Planning and Development Department is in receipt of an offer from First & Congress Management LLC (“FCM”), a Michigan Limited Liability Company, to purchase the former site of the Joe Louis Arena and the Joe Louis Arena Garage (the Properties) for the amount of Fourteen Million One Hundred Thousand and 00/100 Dollars (\$14,100,000.00).

Rights to develop these properties are currently held by Motown Gotham Recovery LLC, as assignee of the Financial Guaranty Insurance Company (“FGIC”), as part of a bankruptcy related development agreement with the City dated December 10, 2014. If the City approves a sale to FCM, FGIC has agreed to assign its rights in the Arena and Garage to FCM and the FGIC development agreement will be terminated. It is anticipated that this would save the City (1) approximately \$3M from obligated repairs to the Garage and (2) approximately \$4M from environmental remediation of the Arena site.

The site is currently zoned PCA (Public Center Adjacent District). A request to change the zoning designation is expected. In the event, FCM’s use of the site shall be consistent with the allowable uses for which the site is zoned.

Therefore, pursuant to Sec. 2-7-3 of the 2019 Detroit City Code, it is hereby requested by the Chief Financial Officer that Detroit City Council approve the designation of jurisdictional control of the Joe Louis Arena to P&DD and the transfer of jurisdiction of the Joe Louis Arena Garage from Municipal Parking to P&DD. Additionally, pursuant to Sec. Sec. 2-4-7 of the 2019 Detroit City Code, it is hereby requested by P&DD that these properties be deemed surplus and available for sale.

Respectfully Submitted,

JOHN NAGLICK

Chief Deputy CFO/Finance Director  
Office of the Chief Financial Officer  
KATHARINE G. TRUDEAU

Deputy Director  
Planning and  
Development Department

By Council Member Tate:

Whereas, The Municipal Parking Department has jurisdiction over certain City of Detroit real property, the Joe Louis Arena Garage, as more particularly described in the attached Exhibit A; and

Whereas, The Municipal Parking Department has requested that the Chief Financial Officer transfer jurisdiction of the Joe Louis Arena Garage to the Planning and Development Department (“P&DD”) for management and disposition, and in accordance with Article 7, Chapter 2 of the Detroit City Code, the Chief Financial Officer has designated P&DD responsible for its management; and

Whereas, It is also being requested that the Chief Financial Officer designate jurisdictional control over the Joe Louis

Arena, as more particularly described in the attached Exhibit A, to P&DD for management and disposition; and

Whereas, The Planning and Development Department is in receipt of an offer from First & Congress Management LLC ("FCM"), a Michigan Limited Liability Company, to purchase the former site of the Joe Louis Arena and the Joe Louis Arena Garage ("the Properties") for the amount of Fourteen Million One Hundred Thousand and 00/100 Dollars (\$14,100,000.00); and

Whereas, Rights to these properties are currently held by Motown Gotham Recovery LLC, as assignee of the Financial Guaranty Insurance Company ("FGIC"), as part of a bankruptcy related development agreement with the City dated December 10, 2014. If the City approves a sale to FCM, FGIC has agreed to assign its rights in the Arena and Garage to FCM and the FGIC development agreement will be terminated. It is anticipated that this would save the City (1) approximately \$3M from obligated repairs to the Garage and (2) approximately \$4M from environmental remediation of the Arena site; and

Whereas, FCM proposes to design and construct a high density mixed use development on this site. The site is currently zoned PCA (Public Center Adjacent District) and FCM's use of the site shall be consistent with the allowable uses for which the site is zoned.

Now, Therefore, Be It

Resolved, That in accordance with Sec 2-7-3 of the 2019 Detroit City Code, Detroit City Council hereby approves the transfer of jurisdiction of the Joe Louis Arena Garage from the Municipal Parking Department to the Planning & Development Department; and be it further

Resolved, That in accordance with Sec 2-7-3 of the 2019 Detroit City Code, Detroit City Council hereby approves the designation of jurisdictional control over the former Joe Louis Arena to P&DD; and be it

Resolved, That in accordance with Sec 2-7-4 of the Detroit City Code, Detroit City Council hereby designates the former Joe Louis Arena and Joe Louis Garage as surplus real property that may be offered for sale/lease by the Planning & Development Department.

Honorable City Council:

Re: Recommendation for Deferral.  
Address: 15600 Bringard. Name: Cros  
Investment Group, LLC. Demolition  
Ordered: June 16, 2015 (J.C.C.  
pages 1025-1032).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection on August 9, 2019 (DLBA) revealed that the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, we respectfully recommend that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.

2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties.

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

Honorable City Council:

Re: Petition No. 354 — Marathon Petroleum Company request permission to vacate a section of Oakwood from the intersection of Dix and Oakwood to the north for 1,872.82 ft and alleys between Sanders and Oakwood.

Correction: Minor error in one part of a legal description.

Petition No. 354 Mannik Smith Group on behalf of Marathon Petroleum LP request City Council to accept the dedication of certain lands for public street purposes being the Oakwood Avenue reroute, also requesting the vacation and conversion to easement of part of Oakwood Avenue and two public alleys, all in the area of Dix Avenue, Oakwood Avenue, and Sanders Avenue. Additionally the Department of Public Works is requesting to convert an existing greenbelt into public right-of-way from the Oakwood Avenue reroute to the Rouge River near Powell Avenue.

The dedication and conversion to easement requested by Mannik Smith Group on behalf of Marathon Petroleum LP is being proposed in order to integrate a planned new administration campus into the existing refinery and for the benefit of creating a larger buffer between the traveling public and the existing refinery.

A resolution granting the petition was approved by your Honorable Body on October 28, 2014 and found in J.C.C. pages 2214- 2228.

However, a review by DPW — City Engineering has been made and a minor correction to one legal description is needed and is herewith added as a part of this corrective resolution. The revised legal description is represented in **bold and underlined**. All deletions are represented in **bold and strike through**.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.

### City Planning Commission

October 30, 2019

Honorable City Council

Re: Hostels Ordinances (RECOMMEND APPROVAL WITH MODIFICATIONS)

#### Background

In 2011, the Fourth General Text Amendment to the Zoning Ordinance (Ord. No. 13-11) included the first provisions in Chapter 61 of the 1984 Detroit City Code (*Zoning*) with respect to youth hostels/hostels as a land use. Council Member Raquel Castaneda-Lopez has requested that the bulk of the regulations for hostels be moved from the Zoning Ordinance into the chapter of the City Code dealing with Public Lodging (Chapter 44 of the 1984 Detroit City Code). With recodification, Chapter 61 of the 1984 Detroit City Code, *Zoning*, is now Chapter 50 of the 2019 Detroit City Code and Chapter 44 is now Chapter 36.

#### Scope of the Zoning Amendment, Chapter 50 of the 2019 Detroit City Code

The Zoning ordinance amendment repeals the fourteen regulations specified in Sec. 50-12-322 and amends the definition of youth hostel/hostel (Sec. 50-16-462) for consistency with the same definition proposed in the Chapter 36 amendment.

The 2011 hostel ordinance was somewhat atypical of zoning amendments because the list of 14 use regulations included not only zoning/land use provisions but also went into areas more appropriate to licensing specifications or building code regulations or "house rules."

The proposed Zoning Ordinance text amendment makes no change to the permissibility of hostels: they remain a Conditional Use on land zoned R2, R3, R4, R5, R6, B1, B2, B4, B5, SD1, and SD2. The amended use regulation in Sec. 50-12-322 newly states that hostels are "subject to the provisions of Chapter 36, *Public Lodging*, Article I, *Public Accommodations*, Division 1, *Generally*, Division 3, *Hostels*, and Division 4, *Licenses*, of the 2019 Detroit City Code."

As part of Zoning, hostel violations were processed as blight violations; as part of Chapter 36, *Public Lodging*, hostel violations will be treated as misdemeanors.

#### Scope of the Public Lodging Amendment, Chapter 36 of the 2019 Detroit City Code

The Chapter 36 provisions for hostels involve the definition and various regulations:

**Definition.** Sec. 36-1-1 provides the following:

*Hostel* means an overnight lodging facility offering temporary lodging and services to hostelling that is operated, managed, or maintained under sponsorship of a nonprofit or for-profit organization, providing beds for rent on a daily basis in individual rooms or dormitories, and typi-

cally characterized by low cost, shared use of a self-service kitchen, common areas, sleeping rooms, and bathroom facilities. This use does not include emergency shelters, rooming houses, single-room-occupancy housing, pre-release adjustment centers, or halfway houses.

The only differences in this definition and the 2011 definition of hostel is that it shortens the land use title from "youth hostel/hostel" to, simply, "hostel;" it also deletes the phrase, "... in a building originally constructed for other than use as a single-family dwelling or two-family dwelling." The effect of this change would be to make single- and two-family dwellings in the higher intensity zoning districts newly eligible for a change of use to a hostel on a Conditional Use basis. This is one of the Chapter 36 provisions which the City Planning Commission (CPC) has recommended for modification.

#### Regulations specific to hostels

Ten of the 14 hostel provisions of the 2011 Zoning Ordinance text amendment are preserved or strengthened in the Chapter 36 amendment:

- **Staffing.** Management staffing is required on a 24-hour basis (Sec. 36-1-41(1)).
  - **Common space; lockers.** Common interior space is required for residents (Sec. 36-1-41(2)); Individual lockers or a locked luggage room must be provided (Sec. 36-1-41(3)).
  - **Smoke alarm.** Per Michigan Building Code, a separate smoke alarm is required for each sleeping room (Sec. 36-1-41(4)).
  - **Fire escape plan.** A fire escape plan must be displayed in each guest room (Sec. 36-1-41(5)).
  - **Lavatories/showers/handwashing.** One lavatory, one shower, and one handwashing facility is required per 15 sleeping spaces with appropriate lodger privacy (Sec. 36-1-41(7)).
  - **Identification.** Government-issued identification is required as a condition of lodging (Sec. 36-1-41(8)).
  - **Minors.** Lodging by those under age 18 without parent/guardian/organized group leader is prohibited (Sec. 36-1-41(9)).
  - **Occupancy limits.** Buildings, Safety Engineering and Environmental Department determines building occupancy limit (Sec. 36-1-41(11)).
  - **Fair Housing.** Hostels are subject to Title VIII of the Fair Housing Act of 1968 (Sec. 36-1-41(12)).
  - **Laundry.** Laundry facilities or service for lodgers staying longer than seven days must be provided (Sec. 36-1-41(14)).
- Four of the 14 hostel provisions of the 2011 Zoning Ordinance text amendment are changed:
- **Length of stay.** The maximum length of an individual's stay is increased from 14 to 17 days; the 21-day minimum

between stays of repeat visitors remains unchanged (Sec. 36-1-41(6)).

- **Signage.** The specifications for identification signs for hostels are repealed; the generally applicable sign regulations stated in Chapter 4 of the Detroit City Code will apply.

- **House rules.** The “rule of conduct” prohibiting controlled substances and alcohol on the premises is not preserved. Rules relative to check-in/check-out/curfew, animals on premises, and amplified music are preserved (Sec. 36-1-41(10)).

- **Affiliation.** The expectation of a hostel’s affiliation with a national or international hostel association within one year of opening is deleted.

### **Results of August 1, 2019 CPC public hearing and public discussion**

In addition to the CPC staff, Mr. Zach Ormsby from Council Member Castaneda-Lopez’s office and Attorney Tonja Long of the Law Department were present to speak to the proposed amendments to the City Code and to respond to comments and questions.

The Law Department provided the Commission with a revised and shorter version of the amendments to the Public Lodging Chapter (*Chapter 44 of the 1984 Detroit City Code and Chapter 36 of the 2019 Detroit City Code*). The revised draft omitted provisions that were unrelated to hostels and, importantly, it included a requirement that hostels be licensed by the City’s Business License Center.

Two members of the public were present to voice their opinion relative to the ordinances: one spoke in opposition to the amendments as an activist from Russell Woods anticipating problems of prostitution and drugs; the second speaker supported hostels in designated areas of the city. Additionally, one letter of opposition was received from a block club president concerned over potential abuse of indigents and the proposed allowance of alcohol and controlled substances on the premises.

Commissioners asked the Law Department to report back regarding the applicability of ADA requirements to hostels and asked CPC staff to obtain information regarding the status of existing hostels in the city and to request a representative from the Buildings, Safety Engineering and Environmental Department (BSEED) for the September 5th CPC meeting.

The Law Department’s 3-page opinion in response to the ADA question is attached; the existing hostel at 2700 Vermont Street is free of violations and possesses a certificate of occupancy; BSEED staff was present at the September 5th meeting.

In the course of the August 1st meeting, it was noted that both hostels and short term rental properties offered accommodations for transients. While short term rentals are proposed to be limited to a

person’s own primary residence, limited to 90 nights’ operation per year and located at least 1,000 feet from another short term rental, hostels could operate 360 days per year unrestricted by a spacing limitation.

### **Analysis**

The CPC notes that the removal of the hostel regulations from the Zoning chapter of the Code to the Public Lodging chapter of the Code is very appropriate. Of particular value is the new requirement that hostels be licensed by the City thus making hostels more accountable and administration and enforcement by the City clearer.

One possible scenario, however, is troubling. The owner of a single- or two-family dwelling located on land zoned R3, R4, R5, R6, B1, B2, B4, B5, SD1, or SD2 could file for a conditional land use hearing for a hostel and, if approved after the required public hearing at BSEED, could operate as 360-day per year short term rental (Airbnb-type use) with no spacing restriction. This inadvertently creates a loophole relative to the proposed short term rental ordinance provisions approved by the CPC on June 20, 2019.

It should be noted that short term rentals in single- or two-family dwellings are most likely, though not necessarily, to occur on land zoned R1 and R2 where hostels are prohibited. Yet, there are likely hundreds of single- and two-family dwellings in the zoning districts where hostels are conditionally permitted.

The original intention in 2011 of specifying hostels as a land use in a building other than a single- or two- family dwelling was to avoid the establishment of unofficial group homes, particularly in R3 districts, where rooming houses, emergency shelters, assisted living facilities, and nursing homes/rest homes are prohibited. Unofficial group homes have long been a complaint of neighborhood organizations and a challenge for zoning enforcement.

### **Recommendation**

At its meeting of September 5, 2019, the CPC recommended approval of the proposed hostel amendments — Chapter 50 of the 2019 Detroit City Code, *Zoning*, and Chapter 36 of the 2019 Detroit City Code, *Public Lodging*, as submitted by the Law Department — with one amendment involving two sections — one section in each of the two proposed amendments:

- Sec. 50-16-462. The definition of hostel should preserve the wording, “... in a building originally constructed for other than use as a single-family dwelling or two-family dwelling...”

- Sec. 36-1-1. The definition of hostel should be expanded to reflect the current definition in the Zoning chapter to include the wording, “... in a building originally constructed for other than use as a single-family dwelling or two-family dwelling...”

**Next steps**

As is the case with multi-chapter amendments of the City Code, it is appropriate that the amendments to the two chapters be scheduled for a vote at the same formal session even if the public hearings for each chapter are not held on the same day. The Chapter 50, *Zoning*, amendment awaits approval as to form; the Chapter 36 amendment has been transmitted by the Law Dept. under separate cover.

**RESOLUTION URGING THE MAYOR  
TO FOLLOW THE INSPECTOR  
GENERAL'S RECOMMENDATION  
OF APPROPRIATE DISCIPLINE  
OF EMPLOYEES**

By Council Member Tate:

WHEREAS, The OIG was established under the revised 2012 Charter of the City of Detroit to address real and perceived failures to govern transparently, to "ensure honesty and integrity in City government by rooting out waste, abuse, fraud, and corruption." (Charter Sec. 7.5-301.) As the IG stated, "Democracy is based on public trust which demands transparency from those who govern and serve the public. Building trust takes great effort and time, while losing trust takes little in effort or time"; and

WHEREAS, Following public questioning that City support for Wayne State University's Make Your Date (MYD) program, an effort to reduce infant mortality, was the result of preferential treatment by the Mayor's Office, the Office of Inspector General (OIG) initiated an investigation in April 2019; and

WHEREAS, During the course of the investigation, the OIG reviewed voluminous documents and interviewed City officials and staff, concluding that MYD was promoted to provide these services to the possible exclusion of other competent candidates; and

WHEREAS, Although the OIG is careful to emphasize its lack of jurisdiction over legal OIG's report concluded that "Mayor Duggan provided preferential treatment to MYD" but his behavior "did not rise to the level of abuse of power." Further, while he "did not violate any City policies, procedures, or laws in providing preferential treatment to MYD, such treatment was not best practice or good governance." Finally, the OIG found that "the selection of MYD to partner with the City of Detroit as well as to be the recipient of City resources was done in a manner that lacked fairness, openness, and transparency"; and

WHEREAS, In the course of its investigation, the OIG became aware that the Mayor's Chief of Staff abused her authority, when prior to and after the received Freedom of Information Act (FOIA) requests, she ordered staff of the Office of Development and Grants (ODG) to delete email communications relative to assisting MYD in raising grant funds; and further, the Chief Officer and Deputy Chief Development Officer were complicit in relaying this order to ODG staff under their authority — all actions amounting to abuse of authority; and

WHEREAS, Even though many of the deleted emails were eventually recovered, the intentional deception of directing deletion of an estimated 200 pages of email communications undermines public confi-

dence in transparency in government as well as this Administration. Despite the articulated rationale of "protecting" staff, neither this nor any other reasoning justifies the deletion of emails to avoid transparency and in anticipation of a FOIA request. Therefore, the OIG concluded that staff "abused their authority by ordering subordinates to delete emails related to MYD" . . . showing "a blatant disregard for transparency and good governance" and "a profound lack of judgment by all involved"; and

WHEREAS, The OIG made several recommendations including the establishment of "policies and procedures for the selection of organizations, agencies, and non-profits that will partner with the City of Detroit and receive any type of City resource"; providing "training to ODG staff as well as the Mayor's Chief of Staff regarding Michigan Record Retention Policy"; issuing "appropriate discipline" to the Mayor's Chief of Staff for ordering ODG staff to delete MYD emails as well as providing misleading public statements regarding MYD funding; and issuing appropriate discipline to ODG's Chief Development Officer and Deputy Chief Development Officer for ordering the deletion of emails; and

WHEREAS, Since the issuance of the OIG report, the Mayor has made repeated public statements in conflict with the essence of the OIG's report, downplaying the significance of the findings and recommendations, and indicating only that the emails were ultimately recovered (as if the ultimate recovery somehow absolves the deliberate attempt to destroy the information), and that he would require training for his staff members implicated by the findings of the report; and

WHEREAS, Despite the Mayor's requirement of additional training for staff members implicated by the findings of the report, the Mayor has not acknowledged the severity of the findings and their impact on public trust and the integrity of City of Detroit government; and

WHEREAS, Additional training for high level Administration employees to impart the importance of preserving email communications — information that should be ingrained — does not amount to "appropriate discipline". NOW THEREFORE BE IT

RESOLVED, The Detroit City Council urgently requests that the Mayor take actions that are more appropriate to the gravamen of the underlying acts to help reinstate trust and integrity to the City's processes by respecting the findings and recommendations of the OIG and issuing an appropriate level of discipline, beyond needed training, to effectively restore public confidence in City government. AND BE IT FURTHER

RESOLVED, That this resolution be forwarded to Mayor Mike Duggan.

**City of Detroit  
Property Assessment  
Board of Review**

October 15, 2019

Honorable City Council:

Re: 2020 Exemption Guidelines and Application in accordance with MCL 211.7u (Homeowners Property Tax Assistance Program).

**INTRODUCTION**

The Board of Review is a nine (9)-member board appointed by this Honorable Body to act on matters relative to assessments within the jurisdiction of the City of Detroit. The purpose of this communication is to establish adoption by resolution of the 2020 exemption guidelines and process for the Board of Review to act in accordance with MCL 211.7u.

Additionally, under the new "Homeowners Property Tax Assistance Program" ordinance, the Board of Review is required to file its proposed version with this Honorable Body through the City Clerk by October 15th.

The Board of Review is required to be in compliance with the settlement agreement entered into with the American Civil Liberties Union (ACLU). The application has been reviewed and approved by the ACLU and the law department prior to submission to this honorable body. This document contains a point-by-point review of the application

detailing that all aspects of the agreement and ordinance were met.

This application was reviewed on a collaborative effort with the ACLU and its community partner. The document attached to this packet is the final agreed upon document prior to submission to this Honorable Body.

Please keep in mind that as you review and consider the 2020 guidelines, it is crucial to the overall process that this Honorable Body adopt the guidelines prior to December 1, 2019 so that the appropriate time will exist for printing, distribution and the creation of homeowner access.

This application is being respectfully submitted for your approval pertaining to the Homeowners Property Tax Assistance Program.

### **SUMMARY**

Each year the Board of Review is required by state law to establish a new process and guidelines in reviewing and determining property tax exemptions by reason of poverty in accordance with MCL 211.7u. This portion of the General Property Tax Act was created to allow homeowners who own and occupy their real residential property as a primary homestead the opportunity to be exempt of property taxes in whole or in part when the property owner is unable to contribute to the public charges as long as they have met the required guidelines established by the local governing unit and the application approved by the Board of Review and adopted by City Council by resolution in accordance with MCL 211.7u.

The Board of Review remains closely engaged in the current matters faced by many homeowners challenged with property tax delinquency and/or at risk of foreclosure. The Board of Review continues to aid the community in considering these challenges when possible to help homeowners maintain ownership within the City of Detroit by providing a connected and unified relationship with the Office of the Assessor, City of Detroit Treasury, Wayne County Treasurer and other community based agencies and organizations in order to assist as many homeowners as possible under law.

Therefore, we are presenting to this Honorable Body the 2020 Homeowners Property Tax Assistance Program Guidelines and Application in accordance with MCL 211.7u.

- **TITLE: “Homeowners Property Tax Assistance Program”**
  - In 2016 the title “Homeowners Property Tax Assistance Program” was adopted and should continue as such,
  - The new title clearly states the overall intent while maintaining and delivering the restored sense of attention, pride and dignity to the community.
- **GUIDELINES and FORMS**

### ◦ 2020 PROCESS FOR REVIEWING HOMEOWNERS PROPERTY TAX ASSISTANCE PROGRAM APPLICATIONS

- This is the second year of the re-design which gives a more friendlier and easy to read look. In addition all of the language required by the settlement agreement was reviewed by all interested parties and approved prior to submission to this Honorable Body.

- Section 1 — the language has not changed from the previous year.

- Section 2 — the language has not changed from the previous year.

- Section 3 — the language was changed to reflect updating the relevant years for required documentation.

- Section 4 — the language was changed to add a 25% Exemption to provide opportunity to meet the needs of those households that may be required to pay property taxes. There appeared to be a possible gap in providing assistance while at the same time considering the household’s ability to meet their property tax obligation.

- Section 5 — the language was changed to add “the Board of Review may deviate from the above guidelines an exemption from 0% to 3.5% of the household income” to provide opportunity to meet the needs of households that may be required to pay property taxes. There appeared to be a possible gap in providing assistance while at the same time considering the household’s ability to meet their property tax obligation.

- Section 5 — the language was changed to update relevant dates for the upcoming year.

- Grammatical corrections where necessary.

### ◦ PROGRAM PETITION

- The redesigned petition will not change and provides needed information to be conveyed to the applicant in a more user friendly format.

- The petition has been integrated in the BS&A software used by the Office of the Assessor

- Updated to include the correct tax year.

- Information relative to the specific parcel and property owner is populated on the form directly from the BS&A software in the Office of the Assessor when petition is requested through that office.

- The language “*Filed Petition and Application become the property of the City of Detroit*” was added to provide better clarity to the process.

- Two options are still provided for notarization to help and/or assist our most fragile.

- Grammatical and association with other document corrections where necessary.

- An adapted form in connection with the exemption application to be placed online.

- PROGRAM APPLICATION
  - Updated to include the correct tax year.
  - Updated any use of terms or requirements as provided by the Michigan State Tax Commission. (Bulletin 2 of 2019, Bulletin 16 of 2018 and Bulletin 6 of 2017)
    - Print/type that provides for an easier to read application.
    - Section A spells the required documents needed for proof of ownership and a location to list ALL owners of the subject property.
    - Section A — an additional location was added to provide a contact number.
    - Section B provides direction and a location to list all household members, relationship of household members, age, employment status and current monthly income along with required documentation needed.
    - Section B asks for marital status along with supporting documentation if needed.
    - The household income guidelines are placed on the application so that the applicant has clear knowledge of the current guideline levels.
    - The 25% Exemption level and percentages for deviation was added as provided in the proposed guidelines and process.
    - A statement regarding extraordinary circumstance that may exist has not been altered or changed.
    - Section C lists the requirement for income for each household member and a section to list the income itself. Income is the basis in which the exemption may be granted or denied. Based upon what is placed in this section and the supporting documentation, the board may not be required to ask for any further documentation.
    - Grammatical and association with other document corrections where necessary.
    - Adjustments to the income guidelines where necessary as required both in accordance with MCL 211.7u and the DHHS federal poverty guidelines.
    - Section D asks for Tax Credit and Rebates — the Board is required to ask in accordance with state statute.
    - Section E provides for a signed statement that assets do not exceed the \$12,000 threshold or the completion of the required section should assets exceed the limit.
    - Section E also provides a statement should assets exceed the threshold, you have the opportunity to provide a statement why the board should deviate from the guidelines and still consider the exemption.
    - Section F — the applicant is able to list debt and expenses should the income exceed to poverty guidelines. This give the board opportunity to consider deviating based on additional information provided by applicant. Each application in

this situation must be reviewed on a case-by-case basis to determine a homeowner's ability to meet their property tax obligation.

- A statement form is provided so that the applicant may explain and/or state why the application should be granted. This often will give the board additional information in understanding the circumstance that exist in the household that should be considered.

- A recapitulation section for the board members to make a determination based on the information provided by the applicant and make a final recommendation for the board's final disposition.

- Document check list is incorporated with the application. While it is not a required form to be returned with the application, it gives the applicant the ability to follow along when completing the application so that the applicant is aware of the required documentation that must be provided with the application.

#### ◦ 2020 TAX EXEMPTION APPLICATION AFFIDAVIT

- While serving some of our most fragile property owners where circumstances will rarely change, a single page application affidavit was developed.

**AN ORDINANCE to amend Chapter 21, Article II of the 2019 Detroit City Code by adding Section 21-2-238 to establish the Aretha Franklin Amphitheater/Chene Park Historic District and to define the elements of design for the district.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 21, Article II of the 2019 Detroit City Code is amended by adding Section 21-2-238 to read as follows:

**Sec. 21-2-238. Aretha Franklin Amphitheatre/Chene Park Historic District.**

(a) A historic district to be known as the Aretha Franklin Amphitheater/Chene Park Historic District is established in accordance with the provisions of this article.

(b) This historic district designation is

certified as being consistent with the Detroit Master Plan.

(c) The boundaries of the Aretha Franklin Amphitheater/Chene Park Historic District are as shown on the map on file in the office of the City Clerk, and are as follows: The northeast and southwest boundaries are co-determinate with the northwest and southwest boundaries, extended northwest and southeast of the parcel described as: S E ATWATER W 124.50 FT OF CHENE FARM P C 733 LYG S OF AND ADJ ATWATER ST 50 FT WD 11/4 1 THRU 5 BLK 1 SUB OF PT JAMES CAMPAU FARM E 1/2 OF P C 91 L2 P17 PLATS. WCR 9/1 ALSO THAT PT OF THE DUBOIS FARM W 1/2 OF P C 91 LYG S OF E ATWATER ST 50 FT WD 9/11 403. The northwest boundary is the centerline of East Atwater Street. The southeast boundary is the Detroit harbor line. Commonly known as 2200/2600 East Atwater Street.

(d) The defined elements of design, as provided for in Section 21-2-2 of this code, are as follows:

(1) *Height.* The buildings at 2200/2600 East Atwater Street consists of a one (1) story rectangular ticket booth, a one (1) story oval merchandising building, a five (5) level pavilion made up of a series of circular cylinders for concession, restroom, and event facilities, a one (1) story administration building, an approximately seventy (70) foot high amphitheater and stage structure constructed on top of a forty (40) foot high manmade hill (the stage is elevated approximately two (2) feet), and two art objects approximately ten (10) feet high each.

(2) *Proportion of building's front facades.* All buildings are wider than tall on all elevations. The pavilion is approximately fifty-three (53) feet by one hundred and thirty (130) feet in a slightly arched shape, and features numerous round cylinder shaped buildings and structures assembled in an asymmetrical stepped pattern surrounding its main entrance with a total of five (5) levels. The stepped pattern adds a vertical emphasis to the building facade.

(3) *Proportion of openings within the facades.* The ticket booth building is composed of approximately eighty percent (80%) openings in its front facade (northwest elevation). The merchandising building has one opening that is approximately seventy-five percent (75%) of its front facade (north elevation). The administration building is composed of approximately fifty percent openings in its front facade (southeast elevation). The pavilion building is composed of approximately seventy five percent (75%) asymmetrical openings in its front facade (south elevation). The amphitheater structure is one hundred percent (100%) open on its entire circumference and covered by a tensile structure.

(4) *Rhythm of solids to voids in the front facades.* A regular rhythm of solids to voids exists on all elevations of the ticket building. An irregular rhythm of solids to voids exists on all elevations of the merchandising, pavilion, and administration building. A single void occupies the merchandising building facade. The pavilion voids are irregularly placed; some voids act as window, doorways, and viewing points. The voids are full length starting approximately three (3) feet from the floor. The administration building has minimal voids on the entire surface of the semicircular facade of the building. There is a recessed surface with a single door on the far right side of the recess. A row of three (3) fixed square panes flank the south side of the recessed entry and two sets of three (3) fixed square panes flank the north side of the recessed entry. There are single doorway voids on the south and west elevations.

(5) *Rhythm of spacing of buildings on street.* Spacing of buildings is based on the necessity of the logistics for the entertainment venue to provide access and security. The pavilion is directly adjacent to the amphitheater, providing an entrance for the stage and service areas. One (1) building, the ticket booth, is directly adjacent to the street.

(6) *Rhythm of entrance and/or porch projections.* The roof of the ticket booth projects approximately two (2) feet from the facade (northeast elevation) and is unsupported. The merchandising building roof projects approximately three (3) feet on its facade (east elevation) and is unsupported. The entrance to the administrative building is recessed into the facade (southeast elevation) approximately three (3) feet for a length of approximately ten (10) feet. No consistent rhythm of entrance and/or porch projections exist amongst the buildings.

(7) *Relationship of materials.* The building materials are generally composed of concrete. The tensile roof consists of a Teflon coated plastic membrane. The roof of the tensile structure is supported by concrete columns and steel poles; the structure above the stage creates a stage house base for anchoring the tensile structure. Landscape elements including sidewalk, planters, and retaining walls are concrete. Lighting fixtures outside the amphitheater area, benches, signage, and trash receptacles are metal mounted on concrete bases.

(8) *Relationship of textures.* The ticket booth building displays an overall smooth texture. The merchandising building has a slightly textured upper surface rising from an approximately two (2) foot base with a heavier textured vertical oriented pattern found on the surface of the pavilion and on many of the landscape retaining walls and stair risers and is intentionally similar to the surface of the Renaissance Center

(General Motors Building). The pavilion consists of the same heavily textured vertical concrete surface resembling the texture of the Renaissance Center. The heavily textured vertical concrete surfaces are found on the concrete planters incorporated into the pavilion and the facing of the stairway risers.

(9) *Relationship of colors.* The ticket booth building is painted in green with black accents. Walkways associated with the Entry Plaza, Mall, and Festival Plaza consist of bands of tri-colored circular and wave patterns of naturally colored gray concrete with accents of black, dark beige, and white banding. The artwork *Carnival* originally painted green, blue, and red is now painted light gray. The merchandising building upper surface is dark beige and the textured base is a natural colored gray concrete. The fencing, handrails and lighting in the amphitheater are painted the same green as the ticket booth. The artwork *Lattice Form* is painted white. The concrete surfaces of the amphitheater and the immediate surrounding walkways are a naturally colored gray. Fixed seating is white. The roof is a white membrane. The administrative building is white.

(10) *Relationship of architectural details.* Irregularly arranged, repetitive cylinder shape details of various heights are found throughout the property especially along the riverfront and cascading from the top of the pavilion to its base where a water feature was once installed. Cylinder shapes are arranged in an asymmetrical modern style spare of details. The primary facade (north elevation) of the pavilion is dominated by rough textured concrete with vertical textured design elements. Concrete stair risers repeat the same vertical textures. The amphitheater design intent is to allow the audience views of the river and the stage is located near the edge of the river with the entertainers facing away (north) from the river. The administrative building utilizes a vertically laid stack bond that emphasizes a vertical architectural element.

(11) *Relationship of roof shapes.* The roof over the ticket booth, merchandising building, pavilion, and administrative building are flat. The tensile structure roof over the amphitheater begins over the stage area and expands in a fan shape up the side of the amphitheater to the top of the hill, three interior support towers create a rise in three (3) places in the roof.

(12) *Walls of continuity.* Landscaped planters and retaining walls are of the same vertically oriented textured concrete as the walls of the pavilion and integrated into the landscape to provide a wall of continuity. The vertical light standards, fencing, and planted trees, where they exit, result in expressions of continuity.

(13) *Relationship of significant landscape features and surface treatments.* Mature trees are found on the east eleva-

tion and surrounding the amphitheater. Mature shrubbery are located throughout all elevations along the building footprint and paved walkways. The Entry Plaza, Mall and Festival Plaza, and sidewalks along the pond are flanked with grass. The hill beyond the fixed seating of the amphitheater is covered in grass, and berms on the east and west sides of the parcel are covered with grass. Collections of low level multi-height cylinder shaped landscaping features are arranged along the riverfront and within the landscaped areas and some include the vertical texturizing found on the outside of the pavilion and stair risers. A seven (7) foot high metal fence provides a security buffer along the front of the property and at each end of the pond and does not contribute because it is a feature installed outside the period of significance. A new electronic changeable sign, erected in 2019, near the Entry Plaza does not contribute to significance. The lighting fixtures, benches, and metal bollards that were replaced after 1990 period of significance.

(14) *Relationship of open space to structures.* Open space exists in the broad, grassy lawn, and mature landscaping. A large manmade pond buffers the amphitheater from East Atwater Street. The amphitheater is covered by a tensile roof that allows the entire periphery of the amphitheater and stage to be open to the scenic views of the riverfront and mature landscape. Walkways are flat in publicly accessible areas. Small sections of ramping are present on each side of the stage for accessibility to the stage. Stairways are utilized to provide access into the pavilion, and amphitheater seating area. A driveway ending at a small parking area is located to the west side of the property to provide access to the administration building and the Detroit Water and Sewage Department building.

(15) *Scale of facades and facade elements.* The building facades are of a scale typical to be secondary to the large-sealed amphitheater structure. The facade of the pavilion is directly adjacent to the amphitheater structure and horizontally dominates the entrance area of the amphitheater.

(16) *Directional expression of front elevations.* The front elevation of the ticket booth, and the merchandising building, are horizontal in expression due to the one-story with flat roof construction. The administrative building is horizontally expressed, but suggests a vertical expression due to the vertically stacked bond brick pattern. The pavilion is vertical in expression due to the arrangement of tall cylinder structures rising five (5) levels up the hill directly adjacent to the amphitheater, possesses a diagonal expression, beginning at the base of the hill at the stage level and moving in a westerly diagonal direction up to the top of the forty (40) foot hill.

(17) *Rhythm of building setbacks.* No rhythm of building setbacks is created within the park-like setting.

(18) *Relationship of lot coverages.* The buildings occupy less than thirty percent (30%) of its lot, with a broad grassy lawn with landscape treatments surrounding all buildings.

(19) *Degree of complexity within the facades.* A low degree of complexity is found at facade openings of the ticket office, merchandising building, and administrative building main entrances: door and window openings throughout are undecorated. A subtle but high degree of complexity is found in the architectural details of the pavilion due to the stacked nature of the cylinder shapes that create a tower of cylindrical elements with vertical texture.

(20) *Orientation, vistas, overviews.* The primary orientation of all buildings, amphitheater and stage structure, and objects are designed to maximize views of the Detroit River and Canada (facing south). The ticket booth building and Exit Plaza are oriented to face East Atwater Street (facing north). The pavilion openings provide frames for viewing the mature landscape and water features. The amphitheater provides patrons vistas of the Detroit River and is the backdrop for the stage. The parcel was designed to engage and connect people with the natural beauty of the riverfront with the City of Detroit as its backdrop by placing mature trees into the landscape.

(21) *Symmetric or asymmetric appearance.* The arrangement of buildings, structure and objects are asymmetric because it was consciously designed by the landscape architect to maximize views of the Detroit River and landscape.

(22) *General environmental character.* The district consists of a multi-building entertainment venue that's interrelationship is to enjoy the entertainment complimented within its natural environment. Walkways are organically arranged to invite people to meander and stop to enjoy views of the water and landscaping elements. The surrounding area directly adjacent consists mostly of vacant lots used for patron parking. There are scattered commercial buildings along East Atwater Street between Chene and Joseph Campau Streets. Immediately adjacent to both east and west sides of the parcel are parcels undergoing development as additional outdoor recreation venues that will provide a consistent link of riverfront parks connected by a pathway to be utilized by the public.

**Section 2.** All ordinances or parts of ordinances, or resolutions, in conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

**Section 4.** If this ordinance is passed by a two-thirds (2/3) majority of City Council members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-118(1) of the 2012 Detroit City Charter; otherwise, it shall become effective in accordance with Section 4-118(2) of the 2012 Detroit City Charter.

Re: Request to Appropriate NSP-1 Program Income.

In 2014, the U.S. Department of Housing and Urban Development (HUD) Office of the Inspector General (OIG) issued Audit Report 2014-CH-1002, concerning the use of Neighborhood Stabilization Program (NSP-1) funds and Fire Insurance Escrow (FIE) funds, to Housing and Revitalization Department (HRD) (the Planning and Development Department at the time of the audit). HRD has resolved many of the findings associated with the Audit Report. To address the remaining findings, the OIG requires that certain funds be transferred to the NSP-1 program and spent on NSP-1 eligible uses. HRD has worked the Buildings, Safety, Engineering and Environmental Department (BSEED) and with the Office of the Chief Financial Officer (OCFO) to credit the proper funds to the NSP-1 account from both FIE and the General Fund. In addition, there is outstanding program income in the NSP-1 bank account that must be appropriated and spent for closeout of the program as required by HUD.

Therefore, HRD respectfully requests the authorization of your Honorable Body to appropriate the remaining NSP-1 funds pursuant to HUD requirements. We have determined that \$730,442.44 must be appropriated and spent on NSP-1 eligible uses to close out the program and avoid potential future penalties as assessed by HUD; this includes both funds credited from FIE to correct findings in the OIG Audit Report and the remaining NSP-1 program income. This Property is to be included as one of the property sales/land exchanges in support of FCA US LLC ("FCA") and FCA's Mack 1, Mack 2 and Jefferson North Assembly Plant Projects (the "Projects"). On May 21, 2019, in support of the Projects, your Honorable Body approved the sale of 10600 Gratiot and part of 10644 Gratiot, to Lynch Road Land LLC, for a purchase price to be calculated as \$60,000 per acre of the final as-surveyed City Parcels, estimated to be Six Hundred Forty Two Thousand and 00/100 Dollars (\$642,000.00). The net sales proceeds pursuant to this sale are to be escrowed and made available to offset other site and preparation costs associated with the Projects.

On October 2, 2019, a survey of the overall 10644 Gratiot site was com-

pleted. It was acknowledged and confirmed by the City of Detroit Office of the Assessor on October 18, 2019 and the property was split into two (2) separate distinct parcels, 9700 Conner and what now remains as 10644 Gratiot. The parcels are zoned M4 (Intensive Industrial District). 9700 Conner will remain under the jurisdiction of PRD. What remains as 10644 Gratiot is to be included in the Lynch Road Land LLC transaction.

Pursuant to Sec. 14-8-3 of the Detroit City Code, it is hereby requested by the Finance Department that Detroit City Council approve the transfer of jurisdiction of the Property to P&DD. Additionally, pursuant to Sec. Sec. 14-8-4 of the Detroit City Code, it is hereby requested by P&DD that the Property be deemed surplus and available for sale.

Honorable City Council:

Re: Amended Property Sale by Development Agreement. 81, 95, 107 and 119 Garfield, Detroit, MI 48201.

On July 31, 2018, your Honorable Body adopted a resolution approving the sale by development agreement of certain real property at 81, 95, 107 and 119 Garfield, Detroit, MI (the "Properties") to POAH DD Sugar Hill, LLC ("Developer") for the purchase price of Four Hundred Thousand and 00/100 Dollars (\$400,000.00) (the "Purchase Price"). The Developer proposes to construct an 85-unit, six story, mixed apartment building with ground-floor commercial use and an attached parking structure on the Properties.

Due to financing complications, increased construction costs and unexpected environmental costs, the Developer has proposed to reduce the Purchase Price to Two Hundred Thousand and 00/100 Dollars (\$200,000.00) (the "Revised Purchase Price") to help reduce the project's funding gap. The City has reviewed the circumstances and financial information surrounding the Developer's proposal and find the Revised Purchase Price to be necessary to move the project to a closing.

We, therefore, request that your Honorable Body adopt the attached resolution that authorizes the City to sell the Properties to the Developer at the Revised Purchase Price.

Respectfully submitted,  
KATHARINE G. TRUDEAU  
Deputy Director

By Council Member Tate:

Whereas, Financing complications, increased construction costs and unexpected environmental costs have created a funding gap that is preventative to closing on the sale of the Properties to Developer; and

Whereas, The City wishes to discount the Purchase Price to a revised amount of Two Hundred Thousand and 00/100 Dol-

lars (\$200,000.00) in furtherance of the remediation, sale and development of the Properties; now therefore be it

Resolved, That the Resolution is hereby amended such that the City is authorized to sell the Properties to the Developer for the revised Purchase Price of Two Hundred Thousand and 00/100 Dollars (\$200,000.00) and be it finally

Resolved, That the Director of the Planning and Development Department ("P&DD"), or his authorized designee, is authorized to execute a quit claim deed to the Properties, as well as execute such other documents as may be necessary or convenient to effect the transfer of the Properties to the Developer consistent with the Resolution as amended by this resolution.

Honorable City Council:

Re: Authority to transfer certain City-owned properties approved for transfer in connection with certain Property Agreements supporting the Mack 1 Plant, Mack 2 Plant, Jefferson North Assembly Plant Projects first to Detroit Land Bank Authority for expedited quiet title proceedings.

The City of Detroit ("City"), City of Detroit Brownfield Redevelopment Authority ("DBRA") and FCA US LLC ("FCA") have entered that certain Development Agreement relating to the investment of approximately \$2.5 billion in FCA's Mack 1, Mack 2 and Jefferson North Assembly Plants (collectively the "Projects") to expand certain industrial automotive manufacturing in the City. It is anticipated that the Projects will result in the creation of approximately 4,950 additional FCA jobs in the City, as well as increase business and economic opportunities for related supplier and support industries.

In support of the Projects, the Detroit City Council also approved various land transfers of City-owned properties, described in the following agreements (the "Property Agreements"):

- Property Exchange Agreement by and among the City, DBRA and DTE Electric Company approved on April 30, 2019.
- Property Exchange Agreement by and among the City, DBRA and Fodale Group & Associates approved on May 21, 2019.
- Purchase and Sale Agreement among the City, DBRA and Lynch Road Land, LLC approved on May 21, 2019.

As part of title review in connection with the Property Agreements, Planning and Development Department (P&DD) and DBRA have determined that for certain City-owned properties authorized to be transferred under the Property Agreements, a quiet title action may be necessary or desirable in order to provide insurable title. P&DD hereby requests that any City-owned property authorized to be conveyed under any of the Property Agreements, at the election of DBRA and subject to the consent of the Detroit Land Bank Authority (the "DLBA"), be authorized to be conveyed by the City to the DLBA for purposes of quieting title, with the DLBA thereafter deeding a property so transferred either back to the City, DBRA, or to an authorized transferee under the applicable Property Agreement.

P&DD is hereby requesting that your Honorable Body adopt the attached resolution authorizing the transfer of the properties to the DLBA solely for the purposes of quieting title.

Honorable City Council:

Re: Bridging Neighborhoods Program. Transfer to the Detroit Land Bank Authority. 1563 Cavalry, 1663 Waterman, 8147 Chamberlain, 8336 Navy, 1640 Woodmere and 4349 Apple.

The Bridging Neighborhoods Program (the "Program") is being offered to eligible homeowners in identified areas of Detroit, who currently occupy their homes and are directly affected by the Gordie Howe International Bridge Project.

Under the Program, these homeowners are being given the opportunity to purchase a Program renovated home ("Program Home") from the Detroit Land Bank Authority ("DLBA") for \$1.00, in exchange for the Program Buyer deeding their Exchange Eligible Home directly to the City. The City would then demolish and clear these acquired properties for future non-residential uses, including landscape buffering and commercial/industrial uses.

The City entered into an agreement with the DLBA to provide certain DLBA housing stock and real estate services ("Agreement") as heeded to support the Program. In 2019, the City acquired 1563 Cavalry, 1663 Waterman, 8147 Chamberlain, 8336 Navy, 1640 Woodmere and 4349 Apple ("the Properties"), all being unoccupied tax foreclosed properties,

from the Wayne County Treasurer. The City seeks authorization by your Honorable Body to transfer these homes to the DLBA, so that the DLBA may secure, maintain and conduct any necessary title reviews on the Properties. This would serve to mitigate some of the issues in preparing these homes for inclusion in the housing stock for this program.

We, therefore, respectfully request that your Honorable Body adopt the attached resolution, authorizing the Planning and Development Department Director, or his or her authorized designee, to issue a quit claim deed to the Properties, as more particularly described in the attached Exhibit A, and such other documents as may be necessary to effectuate the transfer of the Properties, from the City of Detroit to the DLBA for the consideration of One and 00/100 Dollar (\$1.00).

STANDING COMMITTEE**

**Office of The Chief Financial Officer  
Office of the Assessor**

October 24, 2019

Honorable City Council:

Re: North End Village Limited Dividend Housing Association Limited Partnership — Payment in Lieu of Taxes (PILOT).

Avanath Affordable Housing IV, LLC, has assumed ownership of North End Village Limited Dividend Housing Association Limited Partnership in order to develop the Project known as North End Village. The Project is an existing fifty (50) family unit complex located in four (4) 2-story buildings in an area bounded by Alger on the north, Cameron on the east, Hague on the south and Oakland on the west.

The in-place renovation Project will include thirty-four (34) 2 bedroom/1 bath and sixteen (16) 3 bedroom/2 bath apartments.

CBRE Multifamily Capital, Inc. will provide a 10-year acquisition loan insured by Fannie Mae in the amount of \$1,236,000.

This development will continue to rent to households with incomes not less than thirty percent (30%) of the area median income ("AMI") and no greater than sixty percent (60%) of the AMI. Eighteen (18) of the units are occupied by households at thirty percent (30%) of the AMI. Twenty-five (25) of the units are occupied by households at forty percent (40%) of the AMI. The remaining seven (7) units are occupied by households at sixty percent (60%) of the AMI. All fifty (50) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A).

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of four percent (4%) of the annual net shelter rent obtained from this housing project.

Respectfully submitted,  
ALVIN HORHN

Deputy CFO/Assessor

By Council Member Ayers:

Whereas, Pursuant to the provisions of the Michigan State Housing Development Act, Act 346 of the Public Acts of 1966, as

amended, being MCL 125.1401 se seq. (the "Act"), a request for exemption from property taxes has been received on behalf of Avanath Affordable Housing IV, LLC, (the "Sponsor"); and

Whereas, A housing project as defined in the Act is eligible for exemption from property taxes under Section 15a of the Act (MCL 125.1415a) if the Michigan State Housing Development Authority ("MSHDA") provides funding for the housing project, or if the housing project is funded with a federally-aided mortgage as determined by MSHDA; and

Whereas, Section 15a of the Act (MCL 125.1415a) provides that the local legislative body may establish by ordinance the service charge to be paid in lieu of taxes, commonly known as a PILOT; and

Whereas, The City of Detroit has adopted Ordinance 9-90, as amended, being Sections 18-9-10 through 18-9-16 of the Detroit City Code to provide for the exemption from property taxes of eligible housing projects and to provide for the amount of the PILOT for said housing projects to be established by resolutions of the Detroit City Council after review and report by the Board of Assessors; and

Whereas, The Sponsor is proposing to undertake the renovation of an existing housing project to be known as North End Village consisting of fifty (50) units in four (4) buildings located on a parcel of property owned or to be acquired by the Sponsor as described by street address and tax parcel in Exhibit A to this resolution, with all fifty (50) units for low and moderate income housing (the "Project"); and

Whereas, The purpose of the Project is to serve low to moderate income persons as defined by Section 15a(7) of the Act, being MCL 125.1415a(7); and

Whereas, MSHDA has provided notice to the Sponsor that it intends to approve federal-aided financing for the Project, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

Whereas, Pursuant to Section 15a of the Act, being MCL 125.1415a(l), the tax exemption is not effective until the Sponsors first obtain MSHDA certification that the housing project is eligible for exemption, and files an affidavit, as so certified by MSHDA, with the Board of Assessors; and

Whereas, Pursuant to Section 18-9-13(G) of the Detroit City Code, the tax exemption shall be effective on adoption, with the tax exemption and PILOT payment to occur only upon bona fide use and physical occupancy by persons and families eligible to move into the project, in accordance with the Act, which must occur as of December 31 of the year preceding the tax year in which the exemption is to begin;

Now, Therefore, Be It

Resolved, That in accordance with City Code Section 18-9-13, the Project known as North End Village as described above is entitled to be exempt from taxation but subject to the provisions of a service charge of four percent (4%) for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1966, as amended, being MCL 125.1401, et seq.; and be it further

Resolved, That arrangements to have collections of a payment in lieu of taxes from the Sponsor be established upon occupancy for future years with respect to the same be prepared by the Office of the Chief Financial Officer; and be it further

Resolved, That specific legal description for the Project shall be as set forth in the certification from MSHDA; and be it further

Resolved, That in accordance with Section 15a(3) of the Act, MCL 125.1415a(3), the exemption from taxation shall remain in effect for as long as the MSHDA-aided or Federally-aided financing is in effect, but not longer than fifty (50) years, and shall terminate upon the determination by the Board of Assessors that the Project is no longer eligible for the exemptions; and be it further

Resolved, That the City Clerk furnish the Office of the Chief Financial Officer — Office of the Assessor two certified copies of this resolution; and be it further

Resolved, That this resolution is adopted with a waiver of reconsideration.

Honorable City Council:

Re: Resolution submitting bond proposal and authorizing Unlimited Tax General Obligation Bonds.

The Office of the Chief Financial Officer respectfully submits the attached resolution proposing that a \$250 million Blight Removal Bond Issue be placed on the March 2020 Ballot and authorizing Unlim-

ited Tax General Obligation (UTGO) Bonds. The proposal, in concert with blight reduction funding called for in the Plan of Adjustment, will allow for the City to address the remaining abandoned houses by 2025. Important to many of you, all neighborhoods not eligible for federal HHF funding will now see demolitions without raising taxes on Detroiters.

The proposed investment will be made possible due to the continued collaboration between you and the Mayor’s Administration to set a fiscally sustainable course for Detroit. Also important, the City will maintain capacity to continue capital infrastructure investments over the next ten years.

Should you have any questions, please do not hesitate to contact me or my office.

Best regards,

DAVID P. MASSARON  
Chief Financial Officer

WHEREAS, The City Council has determined that a proposal to issue bonds for the Project (the “Bond Proposal”) shall be submitted to the qualified electors of the City at the primary election to be held in the City on Tuesday, March 10, 2020 (the “Election Date”); and

WHEREAS, It is the determination of the City Council that, in the event a majority of the qualified electors of the City voting approve the Bond Proposal, unlimited tax general obligation bonds in the principal amount of not to exceed Two Hundred Fifty Million Dollars (\$250,000,000) shall

WHEREAS, The City desires to negotiate the sale of the Bonds to one or more underwriters or purchasers within the parameters established by this Resolution.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. Approval of Bond Proposal. The Bond Proposal attached hereto as Exhibit A is hereby approved and shall be submitted to a vote of the qualified electors of the City on the Election Date.

2. Certification of Bond Proposal: Submission to County Clerk. 4. Estimated Millage. The estimated millage rate in the first year and simple average annual millage rate set forth in the Bond Proposal, which have been prepared for the City by Public Resources Advisory Group, Inc., municipal financial advisors to the City, are reasonable estimates of such millage rates based on current assumptions.

5. Reimbursement Declarations. The City makes the following declarations for the purpose of complying with the reimbursement rules of Treas. Reg. § 1.150-2 pursuant to the Internal Revenue Code of 1986, as amended (the “Code”):

(a) If the Bond Proposal is approved by the electors, the City reasonably expects to reimburse itself with proceeds of the Bonds for certain costs of the Project which were paid or will be paid from the general funds of the City subsequent to sixty (60) days prior to today.

(b) The maximum principal amount of debt expected to be issued for the Project, including issuance costs, is \$250,000,000.

(c) A reimbursement allocation of the capital expenditures described above with the proceeds of the Bonds will occur not later than 18 months after the later of (i) the date on which the expenditure is paid, or (ii) the date the Project is placed in service or abandoned, but in no event more than three (3) years after the original expenditure is paid. A reimbursement allocation is an allocation in writing that evidences the City's use of the proceeds of the Bonds to reimburse the City for a capital expenditure made pursuant to this resolution.

6. **Authorization of Bonds: Bond Terms.** Pending the approval of the Bond Proposal by more than the required majority of qualified electors of the City voting thereon, bonds of the City designated **Unlimited Tax General Obligation Bonds** (the "Bonds") are authorized to be issued, in one or more series, in the aggregate principal sum of not to exceed Two Hundred Fifty Million Dollars (\$250,000,000), for the purpose of paying part of the cost of the Project, including the costs incidental to the issuance, sale and delivery of the Bonds. For each series of the Bonds, the above designation will be modified to indicate the year of issuance of such series and such additional information as may be necessary to designate multiple series or sub-series within a single year, and in the case of delivery of any series of the Bonds delivered pursuant to a HUD Program (as defined herein), such designation may be modified to conform to HUD Program requirements (including but not limited to a designation of such series of Bonds as "notes"). Each issue shall consist of bonds in fully-registered form of the denomination of \$5,000, or multiples thereof not exceeding for each maturity the maximum principal amount of that maturity, numbered consecutively in order of registration, dated as of the date of delivery.

Interest on the Bonds shall be payable on the dates and in the years as determined by the Authorized Officer at the time of sale. The record date of determination of registered owner for

purposes of payment of interest as provided in this paragraph may be changed by the City to conform to market practice in the future. Interest shall be payable to the registered owner of record as of the 15th day of the month preceding the payment date for each interest payment. The principal of the Bonds shall be payable at the corporate trust office of such bank or trust company as may be selected by the Authorized Officer at the time of sale of the Bonds to serve as transfer agent therefor (the "Transfer Agent"); provided, that in connection with Bonds delivered pursuant to a HUD Program, the Transfer Agent may be an entity designated as fiscal agent, trustee or the equivalent under the applicable HUD Program, subject to the laws of the State of Michigan (the "State").

The Bonds may be issued in book-entry only form through The Depository Trust Company in New York, New York ("DTC") and the Authorized Officer is authorized to execute such custodial or other agreement with DTC as may be necessary to accomplish the issuance of the Bonds in book-entry only form and to make such changes in the Bond form within the parameters of this resolution as may be required to accomplish the foregoing.

7. **Tax Exempt Bonds: Taxable Bonds.** The Authorized Officer is hereby authorized and directed to determine whether all or any portion of the Bonds shall be sold as: (i) bonds the interest on which is excluded from gross income for federal income tax purposes ("Tax-Exempt Bonds"), or (ii) bonds the interest on which is included in gross income for federal income tax purposes under the Code, or any combination thereof.

8. **Execution of Bonds.** The Bonds of this issue shall be executed in the name of the City with the manual or facsimile signatures of the Mayor and Finance Director and shall have the seal of the City, or a facsimile thereof, printed or impressed on the Bonds. No Bond shall be valid until authenticated by an authorized officer or representative of the Transfer Agent. The Bonds shall be delivered to the Transfer Agent for authentication and be delivered by the Transfer Agent to the purchaser or other person in accordance with instructions from the Finance Director upon payment of the purchase price for the Bonds in accordance with the bid therefor when accepted.

9. **Transfer of Bonds.** The Transfer Agent shall keep the books of registration for this issue on behalf of the City. Any Bond may be transferred upon such registration books by the registered owner of record, in person or by the registered owner's duly authorized attorney, upon surrender of the Bond for cancellation, accompanied by delivery of a duly exe-

cuted written instrument of transfer in a form approved by the Transfer Agent. Whenever any Bond or Bonds shall be surrendered for transfer, the City shall execute and the Transfer Agent shall authenticate and deliver a new Bond or Bonds for like aggregate principal amount. The Transfer Agent shall require the payment by the bondholder requesting the transfer of any tax or other governmental charge required to be paid with respect to the transfer. For any series of Bonds issued pursuant to a HUD Program, transfer of such Bonds shall be made in accordance with HUD Program requirements, subject to the laws of the State.

10. Debt Retirement Fund: Unlimited Tax Pledge: Defeasance of Bonds: Early Optional Redemption. For each series of Bonds, the City Treasurer is authorized and directed to open a depository account with a bank or trust company designated by the Authorized Officer, to be designated [YEAR OF ISSUE] UNLIMITED TAX GENERAL OBLIGATION BONDS DEBT RETIREMENT FUND (the "Debt Retirement Fund"), the moneys to be deposited into the Debt Retirement Fund to be specifically earmarked and used solely for the purpose of paying principal of and interest on the Bonds as they mature. The City hereby pledges its unlimited tax full faith and credit for the prompt payment of the Bonds. All proceeds from taxes levied for deposit into the Debt Retirement Fund shall be deposited as collected. Commencing with the year 2020 (or such other year as shall be necessary to first levy taxes to pay debt service on the Bonds), there shall be levied upon the tax rolls of the City for the purpose of the Debt Retirement Fund each year, in the manner required by the provisions of Act 34, an amount sufficient so that the estimated collection therefrom will be sufficient to promptly pay, when due, the principal of and interest on the Bonds becoming due prior to the next annual tax levy; provided, however, that if at the time of making any such annual tax levy there shall be other funds available or surplus moneys on hand in the Debt Retirement Fund for the payment of principal of and interest on the Bonds, then credit therefor may be taken against such annual levy for the Debt Retirement Fund.

In the event cash or direct obligations of the United States or obligations the principal of and interest on which are guaranteed by the United States, or a combination thereof, the principal of and interest on which, without reinvestment, come due at times and in amounts sufficient to pay at maturity or irrevocable call for earlier optional redemption, the principal of, premium, if any, and interest on the Bonds, shall be deposited in trust, this resolution shall be defeased and the owners of the

Bonds shall have no further rights under this resolution except to receive payment of the principal of, premium, if any, and interest on the Bonds from the cash or securities deposited in trust and the interest and gains thereon and to transfer and exchange Bonds as provided herein.

Unless waived by any registered owner of Bonds to be redeemed, official notice of redemption shall be given by the Transfer Agent on behalf of the City. Such notice shall be dated and shall contain at a minimum the following information: original issue date; maturity dates; interest rates; CUSIP numbers, if any; the place where the Bonds called for redemption are to be surrendered for payment; and that interest on the Bonds or portions thereof called for redemption shall cease to accrue from and after the redemption date. Any notice of optional redemption may provide that such redemption is conditioned upon the occurrence of any event specified in the notice of redemption. If such conditional notice of redemption has been given, and on the scheduled redemption date the event specified in the notice of redemption as a condition to the redemption has not occurred, then Bonds for which conditional notice of redemption was given shall not be redeemed on the scheduled redemption date and shall remain outstanding for all purposes of this resolution.

In addition, further notice shall be given by the Transfer Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

11. Project Fund: Proceeds of Bond Sale: Appropriation. The City Treasurer is authorized and directed to open a separate depository account with a bank or trust company designated by the City Council, to be designated UNLIMITED TAX GENERAL OBLIGATION BONDS PROJECT FUND (the "Project Fund") and deposit into said Project Fund the proceeds of the Bonds less accrued interest, if any, which shall be deposited into the Debt Retirement Fund. The moneys in the Project Fund shall be used solely to pay the costs of the Project, capitalized interest, if any, and the costs of issuance of the Bonds.

The proceeds of the Bonds are hereby appropriated, upon receipt, to appropriation 21003 UTGO Blight Bonds for the purpose of paying all or part of the cost of the Project, capitalized interest, if any, and the costs of issuance of the Bonds.

The City Treasurer is further authorized to open such account or accounts as may be required for the deposit or transfer of proceeds in connection with the issuance of any Series of Bonds issued pursuant to

a HUD Program, provided such accounts and any deposits made therein are consistent with the laws of the State and this resolution.

12. Bond Form. Any Bonds not delivered pursuant to a HUD Program shall be in substantially the following form. Any series of Bonds delivered pursuant to a HUD Program shall be in such form as shall be necessary to conform to HUD Program requirements, subject to the laws of the State.

Statement: Demo Bond Vote 2019

District 3 is home to some of the most blighted neighborhoods in the City, by

both number and condition. As the Chair of the Public Health and Safety Standing Committee I prioritize the health, safety, welfare and living conditions of my district, as well as the City of Detroit in its entirety. While we all share concerns about the management of the demolition program, this was an opportunity to significantly improve the quality of life in our most challenged neighborhoods for our most vulnerable residents.

On November 19, 2019 I voted "yes" on the \$250 million Blight Bond Initiative, which was defeated, in a 6 to 3 vote. After several weeks of discussion, thorough deliberation, and the overwhelming support of District 3 residents, I voted in support of my district and in favor of placing the blight bonds on the ballot for the residents of Detroit to choose how we move forward with blight elimination.

***Councilman Gabe Leland, Statement on Blight Removal Bond Issue***

Earlier today, I voted yes to place the Administrations' Blight Removal Bond Issue on the ballot. After speaking with 7th District residents, members of the business community, faith based leaders, labor leaders and my staff, it was evident that in order to continue to restore hope and rid District 7 and Detroit of blight, a yes vote on this proposal was needed.

At one particular community meeting, a constituent of the 7th District approached me and shared her personal story about how an abandoned building was set a fire, and a member of her family was found dead inside. **Another person shared how she could enjoy the outdoors again and their kids could play safely outside**, knowing that **gangs and dope dealers** that had once occupied homes on their block could no longer do so, because of the demolitions.

**Businesses, faith and labor leaders also came to me to share their concerns about council choosing not to place the proposal on the ballot in a timely manner.** Contractors from the 7th District discussed how they were successfully participating in the current demolition program and with the continuation, they could hire additional staff and purchasing equipment, allowing them to grow their businesses. Additionally, the faith community expressed their support for having more Detroit and Minority Based Businesses participating in future demolitions and felt confident that the proposal would allow for that.

Finally, with my vote in support of

putting the Blight Removal Bond Issue on the ballot, it would allow residents to ultimately decide on whether or not an additional \$250 million dollars in bonds would be secured. It would take the Detroit Land Bank Authority out of the demolition business and create greater oversight and accountability by the Detroit City Council.

Honorable City Council:

Re: Certified Welcoming Program — Welcoming America, Inc.

Welcoming America, Inc. provides a certification process and Welcoming Standards that are the backbone of a Certified Welcoming program (the "Welcoming Program") that supports communities across the United States build on competitive advantages and opportunities that promote "welcoming practices" on a regional, national and global stage.

The Welcoming Program is comprised of strong communities in the 21st Century that intentionally connect and actively include people of all backgrounds, allowing Certified Welcoming cities and counties to meet their highest civic and economic potential, unleashing the power of their greatest asset — their people. As the City of Detroit ("City") looks to harness the wealth and vibrancy that comes from diverse talents and a more global workforce, we feel participation in the Welcoming Program will help the City set ourselves apart.

The City has already taken major strides to being a welcoming community through its City Council — Immigration Task Force and its Office of Immigrant Affairs in the Housing & Revitalization Department. These efforts have been instrumental in the support, design and implementation of strategies, policies and programs that create a more diverse, inclusive, and welcoming community for everyone in Detroit and those wishing to live and work here. Since 2015, HRD's Office of Immigrant Affairs has worked to further: 1) connect immigrants to government and nonprofit services and resources related to their settlement, employment, education, and full participation in civic life; 2) encourage population growth in Detroit by promoting home ownership, community and neighborhood development, entrepreneurship and economic investment; and 3) support policies and programs for inclusion in collaboration with the Immigration Task Force.

In 2018, New American Economy ("NAE"), a bipartisan research and advocacy organization on federal, state, and local immigration policies, ranked Detroit on the Top Ten list of Cities for Immigrant Integration. The NAE report added "Detroit stands out ... The Motor City's marks in Economic Empowerment and Job Opportunities power its performance,

and it would benefit even further from a boost in Civic Participation”.

To build on these great achievements, HRD has taken affirmative steps to begin the certification process with Welcoming America, Inc. to gain access into the certified Welcoming Program for the City. This certification will help the City enhance immigrant civic participation and advocacy for policies that further encourage the contribution of our immigrant communities.

In furtherance of the City’s continued momentum to increase policies of inclusivity and diversity in Detroit, we hereby request that your Honorable Body adopt the attached resolution in support of the City’s application for certification into the Welcoming America, Inc.’s Certified Welcoming program.

Respectfully submitted,  
DONALD RENCHER  
Director

By Council Member Tate:

Whereas, The City of Detroit (“City”), its Housing & Revitalization Department (“HRD”) and Detroit City Council support inclusivity, equity and diversity of Detroit’s immigrant community; and

Whereas, Welcoming America, Inc., through its Certified Welcoming program and Welcoming Standards (the “Program”), provides a comprehensive road map and competitive advantages for cities and counties that wish to build a more cohesive and equitable community; and

Whereas, Certification in the Program helps to foster connections between newer immigrants and longtime residents; and

Whereas, The Program sets benchmarks that community organizations, residents and others can use to seek out and utilize welcoming places that inspire continued innovation; now therefore be it

Resolved, That Detroit City Council hereby supports HRD in seeking certification on behalf of the City from the Welcoming America, Inc. for their Program; and be it finally

Resolved, That such support includes ratification of the Certified Welcoming Certification Contract attached hereto in Exhibit A and executed by both Welcoming America, Inc. and the City, by and through HRD.

Honorable City Council:

Re: Cancellation of Prior Property Sale/ Approval of New Property Sales Brush Park South Development Project.

On September 13, 2016 and November 13, 2018, your Honorable Body adopted resolutions approving the sale of approximately twenty (20) properties within the general boundaries of John R., Division, Brush, Winder and the Chrysler Service Drive (the "Properties") to Brush Park South Owner LLC, a Michigan limited lia-

bility company, for the purchase price of Six Hundred Sixty-Three Thousand Two Hundred One and 00/100 Dollars (\$663,201.00) ("Purchase Price"), less any approved credits of up to Four Hundred Thousand and 00/100 Dollars (\$400,000.00) for certain softs costs related to getting the project initiated (together the "Prior Resolutions"). Due to complications in financing the proposed three-phase project and higher than anticipated pre-development, environmental and construction costs related to the project, the sale of the Properties cannot close and the City now wishes to cancel the original sale in place of several smaller-scale projects.

The first of these smaller-scale projects is the proposed sale of 251 and 257 Adelaide and 2621 Brush (the "A1 Properties") to SB Brush Park South LLC for the purchase price of One Hundred Thirty Three Thousand Seven Hundred Forty Five and 00/100 Dollars (\$133,745.00) (the "A1 Purchase Price"). SB Brush Park South LLC proposes to construct a mixed-use residential development on the A1 Properties consistent with the current PD-H (Planned Historic District) zoning.

The second smaller-scale project is the proposed sale of 2476 and 2490 Brush, 2457, 2473, 2481 and 2487 Beaubien, 396, 406, 416 and 426 Winder, Detroit, MI (collectively the "EOB Properties") to RCM Brush Park South LLC for the purchase price of Ninety Eight Thousand Two Hundred Sixty Nine and 00/100 Dollars (\$98,269.00) (the "EOB Purchase Price"). RCM Brush Park South LLC proposes to construct a mixed-use residential development on the EOB Properties consistent with the current PD-H (Planned Historic District) zoning.

The balance of Properties will be developed pursuant to a third proposed project that will be brought before your Honorable Body for approval in early 2020.

We hereby request that your Honorable Body adopt the attached resolution that: 1) terminates the Prior Resolutions and 2) authorizes the Director of P&DD, or his authorized designee, to execute quit claim deeds and such other documents as may be necessary or convenient to effect a transfer of the A1 Properties by the City to SB Brush Park South LLC for the A1 Purchase Price and to effect transfer of the EOB Properties by the City to RCM Brush Park South LLC for the EOB Purchase Price.

Respectfully submitted,

Honorable City Council:

Re: Petition No. 354 — Marathon Petroleum Company request permission to vacate a section of Oakwood from the intersection of Dix and Oakwood to the north for 1,872.82 ft and alleys between Sanders and Oakwood.

Correction: Minor error in one part of a legal description.

Petition No. 354 Mannik Smith Group on behalf of Marathon Petroleum LP request City Council to accept the dedication of certain lands for public street purposes being the Oakwood Avenue reroute, also requesting the vacation and conversion to easement of part of Oakwood Avenue and two public alleys, all in the area of Dix Avenue, Oakwood Avenue, and Sanders Avenue. Additionally the Department of Public Works is requesting to convert an existing greenbelt into public right-of-way from the Oakwood Avenue reroute to the Rouge River near Powell Avenue.

The dedication and conversion to easement requested by Mannik Smith Group on behalf of Marathon Petroleum LP is being proposed in order to integrate a planned new administration campus into the existing refinery and for the benefit of creating a larger buffer between the traveling public and the existing refinery.

A resolution granting the petition was approved by your Honorable Body on October 28, 2014 and found in J.C.C. pages 2214-2228.

However, a review by DPW - City Engineering has been made and a minor correction to one legal description is needed and is herewith added as a part of this corrective resolution. The revised legal description is represented in **bold and underlined**. All deletions are represented in ~~bold and strike through~~.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.  
City Engineer  
City Engineering Division — DPW

Also,

2) All that part of the land reserved for greenbelt purposes, 30 feet wide, as described in the Journal of Common Council, on August 28, 1951 J.C.C. pages 1996 and 1997: "Resolved that the southerly 9 feet of the 9.38 acre site lying north of Oakwood Avenue and east of the Wabash Railroad be and the same is hereby allocated for alley purposes and the 30 foot strip of land immediately adjoining this 9 foot strip is hereby assigned to the Department of Parks and Recreation for development of a greenbelt" Also,

3) All that part of the land reserved for greenbelt purposes, 30 feet wide, as described in a deed accepted by Detroit Common Council and described in the Journal Of Common Council, October 16, 1951 on J.C.C. page 2396: "All that part of the West 1/2 of Private Claim 50, City of Detroit, Wayne County Michigan described as follows: Beginning at a point in the intersection of the north line extended easterly of Ormond Avenue, 66 feet wide as platted in the G. W. Zanger Oakwood Subdivision, as recorded in Liber 43, of Plats, Page 40, Wayne County Records, with the West line of Oakwood Subdivision as recorded in Liber 13 of Plats, Page 36 Wayne County

Records, said point of beginning being distant South 57 degrees, 58 minutes, 24 seconds East 576.72 feet from the intersection of the west line of said Private Claim 50 with the north line, extended of said Ormond Avenue; thence along the west line of said Oakwood Subdivision North 31 Degrees, 47 minutes, 34 seconds East 477.75 feet to a point in the south bank of the River Rouge; thence along the south bank of the River Rouge North 43 degrees, 28 minutes, 53 seconds West, 40.33 feet; thence along a line 39 feet west of and parallel to the west line of Oakwood Subdivision, South 31 degrees, 47 minutes, 34 seconds West 487.84 feet to a point in the extended north line of Ormond Avenue as platted in the G. Also,

Whereas, The rerouting of Oakwood Avenue and the dedication of the greenbelt into public rights-of-way require the naming of these rights-of-way. And,

Whereas, In considering the naming it is desirable to take into account the continuity of the streets in the area; and so existing names are being adopted for use in the newly configured rights-of-way. Therefore be it,

Resolved, The New Streets shall be named as follows:

The newly dedicated areas of the Oakwood Avenue reroute, together with Sanders Avenue from the North line of Colonial Avenue to Dix Avenue shall be named: **Oakwood Avenue**. The remaining portion of Oakwood Avenue from the newly rerouted portion of said Oakwood Avenue westerly past Sanders Avenue and up to the vacated part of Oakwood Avenue shall be named: **Old Oakwood Avenue**. The newly converted greenbelt from the Oakwood Avenue reroute to the Rouge River shall be named **Sanders Avenue**.

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

**RESOLUTION  
RECOGNIZING NOVEMBER 20  
AS THE TRANSGENDER  
DAY OF REMEMBRANCE**

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens through Charter-mandated legislative functions; and

WHEREAS, Transgender Day of Remembrance (TDOR) is an annual observance that honors the memory of the transgender people whose lives were lost in acts of anti-transgender violence that year; and

WHEREAS, Transgender Day of Remembrance (TDOR) was started in 1999 by transgender advocate Gwendolyn Ann Smith, as a vigil to honor the memory of Rita Hester, a transgender woman who was killed in 1998. The vigil commemo-

rated all the transgender people lost to violence since Rita Hester's death, and began an important tradition that has become the annual Transgender Day of Remembrance; and

WHEREAS, Across the United States, anti-transgender stigma and systemic discrimination heighten the vulnerability of transgender people from an early age. For transgender women of color, who comprise the vast majority of victims, these challenges are further exacerbated by and intertwined with racism and sexism; and

WHEREAS, Almost half of all transgender people in the United States will attempt suicide at one point in their lifetime, a rate that is eight times higher than the rest of the United States population; and

WHEREAS, The United States has one of the highest rates of murder of transgender people, and this ugly reality occurs in our city. According to the Human Rights Campaign (HRC) reported on June 7, 2019, in the online article titled "Horrible Anti-LGBTQ Killings in Detroit Demand Action":

- On May 25, 2019 Paris Cameron, 20, a Black transgender woman, was among three people killed in a horrific anti-LGBTQ shooting in a home in Detroit.

- On December 7, 2018 Keanna Mattel, 35, a Black transgender woman, was fatally shot in Detroit. In 2015, Ms. Mattel, who also went by the name Kelly Stough, spoke against the anti-trans violence, explaining that "police are unaware with our struggle so they have no sympathy for us." Ms. Mattel's friends remember her as "a sweetheart and beautiful character."

WHEREAS, There is significant incidence of misgendering or misnaming transgender victims of crime in police reports, indicating that the number of victims of violence and murder is likely far higher than what is officially reported, and local law enforcement is not required to, and frequently fails to report hate crimes, including murder, specific to the LGBTQ community; and

WHEREAS, Congress and the executive branch must act to protect and preserve the lives of all minorities through inclusive legislation. It is noteworthy to point out the foresight and success of the Wayne County Prosecutor's Office for implementing a policy that will respect the humanity of transgender people; and

WHEREAS, Wayne County Prosecutor Kym Worthy in association with Fair Michigan — a Michigan nonprofit corporation seeking to end discrimination against persons based on sex, sexual orientation, gender and gender identity — announced the issuance of the Transgender Interaction Policy on November 3, 2016; and

WHEREAS, The Transgender Interaction Policy, the first in the state, mandates

employees in the Wayne County Prosecutor's Office to acknowledge transgender, intersex and gender-nonconforming individuals in a manner appropriate to the individual's gender identity, which may be different from the sex the individual was assigned at birth or listed on official identification documents; and

WHEREAS, That the Detroit City Council acknowledges the health of any community is predicated on protecting the most vulnerable, and in doing so, supports this year's Transgender Day of Remembrance, on November 20th; and

WHEREAS, Transgender Day of Remembrance is an important reminder for all to focus on preventing anti-transgender violence in our community. THEREFORE BE IT

RESOLVED, That the Detroit City Council:

1. Recognizes and supports the goals and principles of Transgender Day of Remembrance; and

2. Applauds the Wayne County Prosecutor's Office Transgender Interaction Policy

3. Supports an increase in the amount and accuracy of Federal collection and reporting data for violence against transgender people; and

4. Calls on the Federal and state governments to study, respond to and prevent violence against transgender people. NOW THEREFORE BE IT

RESOLVED, That the City Council hereby designates November 20th, in this year, 2019, and every year, henceforth as the Transgender Day of Remembrance in the City of Detroit. BE IT FINALLY

RESOLVED, That copies of this resolution be forwarded to the offices of the City Clerk, the Mayor, the Detroit delegation in the Michigan legislature and the United States Congressional delegations from Michigan.

#### **TESTIMONIAL RESOLUTIONS AND SPECIAL PRIVILEGE**

##### **TESTIMONIAL RESOLUTION FOR**

##### **ELBERNITA “TWINKIE” CLARK**

By COUNCIL PRESIDENT JONES, joined by COUNCIL MEMBER SPIVEY:

WHEREAS, Twinkie Clark was born on November 15, 1954, in Detroit, Michigan to Pastor Elbert Clark and Dr. Mattie Moss Clark, the legendary gospel music innovator. Twinkie has a remarkable legacy and a powerful musical gift. She is an extraordinary musician and anointed vocalist; and

WHEREAS, Her mother introduced her to the piano as an infant, and by the age of four, Twinkie was playing full songs on the instrument. By the time she was nine, Twinkie had switched to the organ, and by age twelve, she had made her recording debut as an organist on the Southwest Michigan State Choir’s album, *A Closer Walk with Thee*. Twinkie started writing songs in her teens in the 1970s. She received her formal musical training at Howard University. Twinkie wrote and produced a couple of albums for her mother, but her best-known compositions and productions were for her longtime sibling gospel group, *The Clark Sisters*. The legendary ensemble also included her sisters Karen, Dorinda, and Jacky Clark. Twinkie’s arrangements and productions were an

innovative blend that literally kicked gospel into the modern era. The Clark Sisters were able to cross over to the secular charts and fill dance floors with their 1981 gold record hit *"You Brought the Sunshine."* Gospel had never really sounded like this before. Some of it had to do with Twinkie's organ playing, which was singular and always striking, earning her the title of "Queen of the Hammond B-3" in gospel circles and beyond; and

WHEREAS, Twinkie left the Clark Sisters officially in 1989 to devote more time to her own ministry, although she continued to add her production, songwriting, and organ expertise to various projects. Twinkie has produced albums for several choirs and traveled the world abroad as an evangelist, workshop facilitator, music educator, singer and a powerful woman of God. She has had her compositions recorded and sampled by some of the Gospel greats and even secular artists. Amid her travels, networking and the lending of her songwriting and production expertise to others over the years, Twinkie found the time to record and release a catalog of solo albums: *Praise Belongs to God (1979)*, *Ye Shall Receive Power (1981)*, *Comin' Home (1982)*, *Masterpiece (1996)*, *Live in Charlotte (2002)*, *Home Once Again: Live in Detroit (2004)*, *With Humility (2011)* and *Live & Unplugged* in 2013. Twinkie has understood the ministerial calling on her life from a very young age and she has followed in her mother's footsteps. Musically, she has been labeled a Gospel Legend. Her mother also garnered the title for her career. Through her many seasons of life, Twinkie has inspired peers, supporters and fans around the world with the power of her musical talents, voice and message. Twinkie Clark has skillfully mastered the delicate balance between music, life and ministry with resounding clarity — building a rich musical legacy that continues to exceed expectations. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and Council President Brenda Jones hereby present this Testimonial Resolution to Twinkie Clark as a gesture of admiration and respect, and in recognition of her outstanding musical achievements and dedication to her faith.

**TESTIMONIAL RESOLUTION  
FOR  
CHURCH OF THE LIVING GOD C.W.F.F.  
TEMPLE #69  
100th Anniversary Celebration —  
1919 - 2019**

***"We've Come This Far by Faith"***

By COUNCIL PRESIDENT JONES:

WHEREAS, For one hundred years, the Church of the Living God C.W.F.F., Temple #69, has been serving communities on the east side of Detroit — preaching and teaching Christian stewardship, while nurturing the physical body, spirit and mind. In 1919, Bishop M. L. Gibson established Church of the Living God, C.W.F.F. Temple #69, in the 4th Episcopal Diocese in Detroit, Michigan. He organized the first service at the home of Mr. and Mrs. John Green at 1965 Chestnut Street. Henry Gibbs and Olivia Hickman were the first persons to unite in this new mission. In this small but adequate Christian home, the Word of God provided light to guide their path and the love to inspire fellowship. As the church continued to grow, under the leadership of Bishop M.L. Gibson, it moved to 1944 Monroe Street. Because of the need for additional space, Bishop M.L. Gibson purchased 1830 Macomb Street. In 1946, the City of Detroit pur-

chased the building at 1830 Macomb Street and the church was able to purchase a new edifice and parsonage at 3152 and 3156 Arndt Street; and

WHEREAS, Church of the Living God C.W.F.F., Temple #69, experienced several changes in leadership. The Macomb Street pastors included Elder Daniel Buckner, Elder A.J. Moore, Elder Lee Anderson, Elder Henry Robertson, Elder J.J. Jackson, Elder C.R. Brown, and Elder J. McMillan, Elder Milton, and Overseer J.R. Gipson. Arndt Street pastors included Overseer J.R. Gipson, Elder A.D. West, Elder J. Tyler, and Bishop L.J. Collins. In 1961, Bishop Collins moved the church to its present edifice, 7053 Longyear. On December 3, 1961, Church of the Living God C.W.F.F., Temple #69, was dedicated. Valued at \$70,000, the mortgage burning took place in July 28, 1974. Elder Gary Ray was appointed pastor in 1979, and remained for four years. In 1983, Elder Davis L. Harrison was appointed pastor for 10 years until 1985. Elder Horace M. Robbins was appointed pastor in 1985 and served ten years. In September of 1995, Elder Jimmie Ward was appointed as pastor. During his tenure, he had an amazing relationship with the parishioners and the community. Elder Ward's favorite saying was "THIS IS A DAY WITH GREAT POSSIBILITIES". Under Elder Ward, the Grace Outreach Community Program; Unity in the Community Fun Day; the Feed, and Clothe the Community Program; as well as the Horace M. Robbins Scholarship Fund were established. Elder Jimmie Ward, Jr., resigned in 1998. Elder Jacquelyn F. Robbins picked up the torch to continue the mission. In April 1999, Bishop J.C. Hawkins appointed Elder Jacquelyn F. Robbins. Elder Robbins became the first woman to be appointed Pastor since the establishment of the church. Pastor Robbins appointed Elder Darrell Davis to the position of Assistant Pastor. All of them contributed much to the growth and life of the church; and

WHEREAS, Pastor Robbins has allowed the Holy Spirit to guide and direct her in continuing the mission of Bishop M.L. Gibson. Church of the Living God C.W.F.F., Temple #69, has come this far by faith. Under Pastor Robbins' leadership membership has increased and new ministries such as Leadership Class, Youth Bible Study, and Daughters Promising to Reign have been added. As the Church of the Living God C.W.F.F., Temple #69, celebrates its 100th Anniversary, it has proven to be a fine religious institution that fulfills the vital task of ministering and helping to meet the needs of the community. The church continues to carry on the ministry of spreading The Good News. "The circle of life is still evolving today. What a joy it has been for these one hundred years of service to God and humanity." NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and Council President Brenda Jones congratulate the Church of the Living God C.W.F.F., Temple #69, on the celebration of its milestone 100th Church Anniversary. May God continue to bless the church, pastor, and members in abundance!

**TESTIMONIAL RESOLUTION  
FOR  
WEST SIDE UNITY CHURCH  
55 Years of Teaching the Truth**

By COUNCIL PRESIDENT JONES:

WHEREAS, West Side Unity Church is celebrating 55 years of service and ministry to the needs of God's People. They have been serving the Detroit west side community by preaching and teaching Christian stewardship, while nurturing the physical body, spirit and the mind. In 1964, West Side Unity was established with the founder, Reverend Ruth Mosley, along with five members of the Northend Study Group. Their first service was held at the Masonic Hal at 5040 Joy Road at Grand River. In 1971, Christ Unity Fellowship joined the West Side Unity Church family, family. Due to needing additional space, Rev. Ruth (as she was affectionately called) led the efforts for an expansion, moving to 4727 Joy Road at Broad Street. This site became the groundbreaking location of a three quarter of a million dollar new church facility constructed right next door to the original site; and

WHEREAS, West Side Unity Church was the first Unity Church established in the state of Michigan to train and develop Black licensed teachers for spiritual development. During the 70's, Rev. Ruth trained local ministerial students, which laid the foundation for the Unity Urban Ministerial School (formally founded in 1980). The continued growth of West Side Unity Church was far reaching. *The Moment of Truth Outreach* was implemented in 1977 and the church's first television broadcast was featured in 1978. The church has many ways to keep members and community involved: *Lessons in Truth*, *12 Powers of Man*, *Keep a True Lent*, prosperity workshops, treasure-mapping, healing, a 24 hour prayer line, weekly Bible Study, and Vacation Bible School; and

WHEREAS, Although West Side Unity Church continued to fight dismal racism within the Unity Worldwide Ministries, the church continued to thrive over the last 55 years. Many Unity ministers have been

trained to serve the urban community. The church membership continues to be "Christ Controlled and God Directed" in spreading the mission of the Truth of God's goodness. West Side Unity has come this far by faith. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and Council President Brenda Jones congratulate West Side Unity Baptist Church on the celebration of its 55th Church Anniversary. May God continue to bless everyone in abundance.

CONGRESSMAN JOHN CONYERS, JR.  
"The Dean of the  
House of Representatives"**

By ALL COUNCIL MEMBERS:

WHEREAS, We, the members of the Detroit City Council, offer sincere condolences to the family of Congressman John Conyers, Jr. — his loving and devoted wife Monica; their eldest son, John III; and their youngest son, Carl. Congressman Conyers, who represented Michigan in Congress for over 5 decades, made his heavenly transition on October 27, 2019, after a 90-year life well-lived. Detroit, the 13th District, the State of Michigan and the country have lost a political legend; and

WHEREAS, John Conyers was born in Detroit, Michigan, in 1929 and attended Detroit Public Schools. He earned his B.A. degree in 1957, and his J.D. degree in 1958, both from Wayne State University. He proudly served in the Michigan National Guard and then the United States Army from 1950 to 1954, and was awarded combat and merit citations. In 1958, John Conyers began his political career in the office of Congressman John Dingell, where he worked until 1961. He then served as general counsel to labor unions before running for office himself; and

During the course of his 53-year political career, social justice and economic opportunity remained the focal point of Congressman Conyers' platform. Congressman Conyers' list of legislative accomplishments is long and impressive. Some say his most notable accomplishment was the creation of a federal holiday in honor of Rev. Dr. Martin Luther King, Jr.

Four days after Rev. King was assassinated in 1968, Congressman Conyers introduced a bill to establish the holiday. It would take another 15 years of trying until the legislation was eventually signed into law by President Ronald Reagan. Additionally, he generated the Justice Department's national study on police brutality and conducted hearings in several cities on police violence, racially motivated violence, sentencing, white-collar crime and other criminal justice matters: and

WHEREAS, During his time in office. Congressman Conyers was extremely successful and popular in his district. He regularly won re-election with 80% of the vote or more. Throughout his 53 years in the House, "The Dean" worked to ensure the people of his district received federal resources to improve their quality of life. However, his best achievement was to work tirelessly to safeguard civil, judicial and human rights for all. We all must work to achieve the legacy begun by Congressman Conyers. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and the office of Council President Brenda Jones join with family and friends in honoring the life and legacy of Congressman John Conyers, Jr. — The Dean of the House of Representatives.

By Council Member McCalister Jr.:

WHEREAS, Johnnie Beatrice Pitts was born in Birmingham, Alabama, on November 23rd, 1929, to Wilburn and Roosevelt Pitts. She was the youngest of three children and had two brothers - Roosevelt and Robert. Johnnie and her Mom moved to Pittsburgh, Pennsylvania where her brother relocated after serving in the U.S. Navy; and

WHEREAS, Even as a youngster, Johnnie's empathy for others was obvious. Her warm personality and outgoing nature drew people towards her, and she never disappointed in being a good friend to so many. Johnnie attended Schennely High School, located in Pittsburgh's Hill District, where she excelled in sewing and tailoring, a passion she had since she was a child. As a young adult, Johnnie gravitated to Jazz and was a regular at the famous Pittsburgh jazz lounge called "Crawford Grill."; and

WHEREAS, Included in her group of friends who she hung out with as a young adult was a young ballplayer who played for the Pittsburgh Pirates at the time, and his name was Roberto Clemente. They were just friends, but if Roberto had his way, it could have been different. Johnnie was a beautiful young lady with style and grace and a body that most would admire; and

WHEREAS, In 1949, Johnnie married Odell Bailey, and they had 3 children Malikka (Debbie), Gamer, and Odell. However, shortly after her marriage, her mother was stricken by a major stroke that had her bedridden and paralyzed on the left side. The doctors told Johnnie to put her Mother in a nursing facility as she would never be able to be self-sufficient. Johnnie ignored the doctors' recommendation and personally nursed her Mother back to health. This began her life-long role as a caregiver, and she was very good at it taking care of her Mom until the end of her life in 1994; and

WHEREAS, Her husband was in the music business, and Johnnie ran the household while he was off nearly every weekend pursuing his life's passion as a

record label owner, publisher, producer, writer, arranger, and a record store owner. Together they were a dynamic couple and respected in the community for their drive and achievements. Johnnie's sewing abilities were second to none, and she sought out to make wedding gowns and prom dresses and was the family tailor for any and all alterations; and

WHEREAS, Known for her excellent cooking skills, Johnnie's rolls were beyond compare. She had a knack for trying new dishes and would plan her family's dinners a week in advance. Even the desserts were special and varied from pineapple coconut, and strawberry icebox cakes, strawberry, sweet potato, and lemon moraine pies were also a family favorite; and

WHEREAS, As a member of the Pittsburgh Sewing Club Society, Johnnie excelled when it was her turn to host the annual dinner party for the sewing club. She decorated the home so beautifully and prepared dishes that tasted great and were presented like a five-star restaurant. It was a festive time for all, but no one was happier than her three kids who got to eat the leftovers and try all the dishes made, especially for this event. Johnnie also found time to collect for the March of Dimes annually and ultimately became the neighborhood caretaker as she would help young mothers and others in need. There was no end to her compassion; and

WHEREAS, After moving to Northwest Detroit in the early 1970s, Johnnie stayed active and was totally committed to her family and continued to do whatever was required to make sure her husband and children received the greatest of care, love, and attention. She supported her husband throughout his entire career and even co-wrote a song with him that was recorded and released as "Traveling on God's Highway."; and

WHEREAS, Johnnie and her Husband joined Henderson Memorial Methodist Church in the late 1980s, where she met her close friend and running buddy Willowdean Harris. Together they prepared and served most of the church meals for Henderson, and when the church closed, they moved on to Calvery United Methodist Church in Detroit under the leadership of Pastor Wil, where they continued to be good servants for the lord. Johnnie recently lost Willowdean, making life a little more challenging. The two were inseparable, dressed to the nines, and making their way around the City. She will truly miss her good friend and cherishes the memories of their travels and time together; and

WHEREAS, In 1999, she celebrated 50 years of marriage with her beloved husband, surrounded by family and loved

ones. Although her husband passed in 2004, Johnnie continued her role as the Family Matriarch and the glue that holds the family together. Honorable City Council:

Re: Northlawn Limited Dividend Housing Association LLC — Payment in Lieu of Taxes (PILOT).

Larc Properties, Inc. has formed Northlawn Limited Dividend Housing Association LLC in order to develop the Project known as Northlawn Garden Apartments. The Project is an existing ninety-six (96) unit affordable housing complex located in twelve (12) two-story residential buildings in an area bounded by Plymouth Road on the north, Oakman Boulevard on the east, West Chicago on the south and Ohio Avenue on the west. The rehabilitation Project will include ninety-six (96) 1 bedroom/1 bath apartments and exterior/landscape improvements.

A tax-exempt bond construction loan in the amount of \$5,369,886, a tax-exempt bond permanent mortgage loan in the amount of \$3,108,101 and a HOME loan in the amount of \$1,347,120 will be provided by the Michigan State Housing Development Authority. The City of Detroit is providing new gap funding of HOME in the amount of \$791,577 and will allow the assumption of an existing HOME loan in the amount of \$2,000,000. Affordable Housing Partners, Inc. will make Capital Contributions of \$2,699,955 which includes the purchase of Low Income Housing Tax Credits. The Sponsor has agreed to defer \$75,427 of the developer fee.

The existing Section 8 Housing Assistance Payments (HAP) Contract covering ninety-four (94) units provided by the U.S. Department of Housing and Development (HUD) will be assumed and renewed. A HUD Operating Cost Adjustment Factors

rental increase is scheduled to go into effect January 1, 2020. The ninety-fifth (95th) unit will be rented to tenants whose incomes do not exceed sixty percent (60%) of area median income. The ninety-sixth (96th) unit will be used as a management office/manager's unit. All ninety-six (96) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A). Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of four percent (4%) of the annual net shelter rent obtained from this housing project.

Respectfully submitted,

ALVIN HORHN

Deputy CFO/Assessor

By Council Member Ayers:

Whereas, Pursuant to the provisions of the Michigan State Housing Development Act, Act 346 of the Public Acts of 1966, as amended, being MCL 125.1401 se seq. (the "Act"), a request for exemption from property taxes has been received on behalf of Larc Properties, Inc. (the "Sponsor"); and

Whereas, A housing project as defined in the Act is eligible for exemption from property taxes under Section 15a of the Act (MCL 125.1415a) of the Michigan State Housing Development Authority ("MSHDA") provides funding for the housing project, or if the housing project is funded with a federally-aided mortgage as determined by MSHDA; and

Whereas, Section 15a of the Act (MCL 125.1415a) provides that the local legislative body may establish by ordinance the service charge to be paid in lieu of taxes, commonly known as a PILOT; and

Whereas, The City of Detroit has adopted Ordinance 9-90, as amended, being Sections 18-9-10 through 18-9-16 of the Detroit City Code to provide for the exemption from property taxes of eligible housing projects and to provide for the amount of the PILOT for said housing projects to be established by resolutions of the Detroit City Council after review and report by the Board of Assessors; and

Whereas, The Sponsor is proposing to undertake the rehabilitation of an existing housing project to be known as Northlawn Garden Apartments consisting of the rehabilitation of ninety-six (96) units in twelve (12) buildings located on two (2) parcels of property owned or to be acquired by the Sponsor as described by street address and tax parcel in Exhibit A

to this resolution, with ninety-six (96) units for low and moderate income housing (the "Project"); and

Whereas, The purpose of the Project is to serve low to moderate income persons as defined by Section 15a(7) of the Act, being MCL 125.1415a(7); and

Whereas, MSHDA has provided notice to the Sponsor that it intends to approve federal-aided financing for the Project, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

Whereas, Pursuant to Section 15a of the Act, being MCL 125.1415a(l), the tax exemption is not effective until the Sponsors first obtain MSHDA certification that the housing project is eligible for exemption, and files an affidavit, as so certified by MSHDA, with the Board of Assessors; and

Whereas, Pursuant to Section 18-9-13(G) of the Detroit City Code, the tax exemption shall be effective on adoption, with the tax exemption and PILOT payment to occur only upon bona fide use and physical occupancy by persons and families eligible to move into the project, in accordance with the Act, which must occur as of December 31 of the year preceding the tax year in which the exemption is to begin;

Now, Therefore, Be It

Resolved, That in accordance with City Code Section 18-9-13, the Project known as Northlawn Garden Apartments as described above is entitled to be exempt from taxation but subject to the provisions of a service charge of four percent (4%) for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1966, as amended, being MCL 125.1401, et seq.; and be it further

Resolved, That arrangements to have collections of a payment in lieu of taxes from the Sponsor be established upon occupancy for future years with respect to the same be prepared by the Office of the Chief Financial Officer; and be it further

Resolved, That specific legal description for the Project shall be as set forth in the certification from MSHDA; and be it further

Resolved, That in accordance with Section 15a(3) of the Act, MCL 125.1415a(3), the exemption from taxation shall remain in effect for as long as the MSHDA-aided or Federally-aided financing is in effect, but not longer than fifty (50) years, and shall terminate upon the determination by the Board of Assessors that the Project is no longer eligible for the exemptions; and be it further

Resolved, That the City Clerk furnish the Office of the Chief Financial Officer-Office of the Assessor two certified copies of this resolution; and be it further

Resolved, That this resolution is adopted with a waiver of reconsideration.

Honorable City Council:

Re: Neighborhood Enterprise Zone Certificate Applications for the rehabilitation of nine (9) condominium units located at 104 Edmund Place Avenue in the Crosswinds (Woodward Place) Enterprise Zone area. (RECOMMEND APPROVAL)

The office of the City Planning Commission (CPC) has received nine (9) applications requesting a Neighborhood Enterprise Zone (NEZ) certificate forwarded from the office of the City Clerk for the rehabilitation of nine (9) condominium units located at 104 Edmund Place Avenue inclusive of carriage house which will be converted into three for sale units. These applications correspond to a qualified facility which will be newly renovated. The project consists of a complete and total renovation of the property, inclusive of carpeting, kitchen remodeling appliances, bathroom remodeling, floorings,

lighting, electrical, etc. CPC staff has reviewed the application and recommends approval.

The subject property has been confirmed as being within the boundaries of the Crosswinds (Woodward Place) NEZ which was established by a vote of Council on July 17, 1996, and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. The anticipated cost of rehabilitation for each of the nine (9) condominium units ranges from \$16,988.00 to \$44,388.00 respectively. The applicants are seeking a 15 year tax abatement for each of the condominium units. The NEZ certificate applications appear to have been submitted after the issuance of applicable building permits. However, given the historic nature of the property which is located in the Brush Park Historic District, the issuance of the requested certificates is permissible per Sec. 4(2)(g) of P. A. 147 of 1992 which states:

(2) An application may be filed after a building permit is issued only one or more of the following apply.

(g) For a rehabilitated facility if all or a portion of the rehabilitated facility is a qualified historic building.

Honorable City Council:

Re: Neighborhood Enterprise Zone Certificate Applications for twenty-five units of rehabilitated housing in the Peterboro Charlotte NEZ at 81 Peterboro Avenue units 1 through 25. (RECOMMEND APPROVAL)

On June 26, 2015, the City Planning Commission (CPC) issued a report in which a recommendation for approval was given for the issuance of three NEZ rehabilitation certificates for the aforementioned properties. At the time of application CPC was only presented with three of the 28 certificate applications from the subject petitioner Scott Mansion LLC.

The Detroit City Clerk's office has verified that the additional 25 applications are on file and were submitted at the same time as the initial three applications. The affected properties are identified as 81 Peterboro Condominium units 1 through 25.

The additional 25 applicants have been reviewed, and have been found to be compliant with the provisions of PA 147 of 1992.

Given these facts, the City Planning Commission would request that the Detroit City Council forward this letter to the Michigan Tax Commission requesting that they process the additional 25 NEZ rehabilitation applications associated with the Peterboro Charlotte NEZ, as if they had been reviewed at the time of submittal.

Please contact our office should you have any questions.

**City Planning Commission**

November 14, 2019

Honorable City Council:

Re: Proposed Text Amendment to Chapter 50 of the 2019 Detroit City Code, Zoning Traditional Main Street Overlay Ordinance. (RECOMMEND APPROVAL)

On Thursday, September 19, 2019, the City Planning Commission (CPC) voted to recommend approval of the attached Zoning Ordinance text amendment to your Honorable Body relative to the Traditional Main Street Overlay (TMSO) Area, among other provisions.

**Background**

In 2005 with the recent adoption of the major rewrite of Chapter 61, the Detroit

Zoning Ordinance, the Planning and Development Department (P&DD) submitted a series of design-related provisions that would apply to a number of pedestrian retail oriented business strips where there was the desire for more sensitive design. These business strips were identified in the First General Text Amendment to the Zoning Ordinance as "Traditional Main Street Overlay (TMSO) Areas" (*Ord. No. 20-05*). Subsequent to 2005, the TMSO provisions were adjusted in 2013 (*Ord. No. 23-13*).

Currently, there are nine TMSO areas:

(1) *West Seven Mile*. All zoning lots abutting West Seven Mile Road between the zoning lots at the four (4) corners of John R Avenue and the center line of Woodward Avenue.

(2) *Grand River*. All zoning lots abutting Grand River Avenue between the center line of Woodmont Avenue and the zoning lots at the four (4) corners of Evergreen Road.

(3) *Bagley/Vernor*. All zoning lots abutting Bagley Avenue between the center line of 16th Street and the center line of 24th Street; and all zoning lots abutting West Vernor Highway between the center line of Newark Avenue and the center line of Clark Street.

(4) *Livernois/West McNichols*. All zoning lots abutting Livernois Avenue between the center line of the John C. Lodge Freeway and the center line of West Eight Mile Road; and all zoning lots abutting West McNichols Road between the center line of Lawton Avenue and the zoning lots at the four (4) corners of Wyoming Avenue.

(5) *East Jefferson*. All zoning lots abutting East Jefferson Avenue between the center lines of Dickerson Avenue/Gray Avenue and the city limits of Grosse Pointe Park.

(6) *Woodward*. All zoning lots abutting Woodward Avenue between the center line of Temple Avenue/Alfred Street and the city limits of Highland Park.

(7) *Grand Boulevard*. All zoning lots abutting West Grand Boulevard/East Grand Boulevard between the John C. Lodge freeway (M-10) and the eastern edge of Cameron Street (extended).

(8) *Michigan Avenue*. All zoning lots abutting Michigan Avenue between the John C. Lodge freeway (M-10) and the zoning lots at the four (4) corners of Vinewood Avenue.

(9) *Vernor/Springwells*. All zoning lots abutting West Vernor Highway between the center line of Clark Street and the zoning lots at the four (4) corners of Woodmere Avenue; and all zoning lots abutting Springwells Avenue between the four (4) corners of West Vernor Highway and the four (4) corners of the Fisher Freeway (1-75) service drives.

Zoning lots abutting these nine TMSO

street segments are subject to additional design standards intended to improve the curb appearance of the business strip and to enhance a pedestrian-friendly environment. Those standards relate to a variety of factors:

- Building site relationship; placement and orientation.

- Site design standards: Fencing.

- Building design: Style.

- Building design standards:

- Massing, scale, and form.

- Façade and architectural details.

- Drive-up and drive-through facilities.

- Corner lot buildings.

- Entryways.

- Materials.

- Color and finish.

- Awnings, canopies and marquees.

- Lighting.

- Blank walls.

- Security roll-down doors and grilles.

- Utilities, Service Areas, and Rooftop mechanical equipment.

- Architecturally and historically significant buildings; renovation, addition and maintenance of existing buildings.

- Vacant structures.

- Parking design standards: parking areas,

- Signage and communication elements design standards.

As part of the Administration's efforts to support and encourage development along neighborhood commercial corridors, the Planning and Development Department is suggesting a series of updates and revisions to the TMSO provisions.

#### Scope of the proposed

#### "TMSO Ordinance"

The proposed ordinance would alter provisions related to three overlay areas, not just the TMSO:

- Traditional Main Street Overlay (TMSO) Area,

- The **boundaries** of the Grand River Avenue TMSO are expanded and also include a portion of Lahser Avenue (*Sec. 50-11-382*).

- Segments of **East Warren and West Warren** Avenues are added to the list of TMSOs (*Sec. 50-11-312*).

- Eleven of the **TMSO design standards** are further tailored to the various TMSO areas: Building site relationship, placement and orientation (*Sec. 50-14-432*); Façade and architectural details (*Sec. 50-14-436*); Drive-up and drive-through facilities (*Sec. 50-14-437*); Materials (*Sec. 50-14-440*); Color and finish (*Sec. 50-14-441*); Lighting (*Sec. 50-14-443*); Blank walls (*Sec. 50-14-444*); Security roll-down doors and grilles (*Sec. 50-14-445*); Vacant structures (*Sec. 50-14-448*); Parking design standards (*Sec. 50-14-449*); Signage and communication elements (*Sec. 50-14-450*).

- Various **"maker"** uses (light industrial) are newly permitted in TMSOs on land

zoned B2, B3, and B4, where the goods made are sold on site (*Sec. 50-9-47; Sec. 50-9-53; Sec. 50-9-77; Sec. 50-9-107; Sec. 50-9-113; Sec. 50-12-81; Sec. 50-12-82; Sec. 50-12-334; Sec. 50-12-336; Sec. 50-12-340; Sec. 50-12-342; Sec. 50-12-353; Sec. 50-12-359; Sec. 50-12-360; Sec. 50-12-361; Sec. 50-12-362; and Sec. 50-12-363*).

- **Mixed-use residential/commercial-industrial** uses are further encouraged in TMSOs (*Sec. 50-9-44; Sec. 50-9-50; Sec. 50-9-74; Sec. 50-9-80; Sec. 50-9-104; Sec. 50-9-110; Sec. 50-12-22; Sec. 50-12-159; and Sec. 50-12-162*).

- **Cabarets and bars** are newly permitted in TMSOs on land zoned B2 (*Sec. 50-9-52; Sec. 50-12-62; Sec. 50-12-66; Sec. 50-12-218; and Sec. 50-12-220*).

- **Brewpubs** are newly permitted in TMSOs on land zoned B3 (*Sec. 50-9-76; Sec. 50-12-62; and Sec. 50-12-217*).

- **Parking** regulations for uses in TMSOs are made more flexible (*Sec. 50-14-7; Sec. 50-14-34; Sec. 50-14-49; and Sec. 50-14-153*).

- Membership of the **Design Review Advisory Committee**, which advises the Buildings, Safety Engineering and Environmental Department on TMSOs, is updated and reduced (*Sec. 50-2-62*).

- **Gateway Radial Thoroughfare Overlay Area** — the number of uses prohibited on Gateway Radials is reduced to allow certain “maker” uses (light industrial) in B2 and B4 Districts (*Sec. 50-11-364*).

- **Far Eastside Overlay Area** — the overlay is eliminated in its entirety (*Sec. 50-7-6; Sec. 50-11-491; Sec. 50-11-492; Sec. 50-11-493; Sec. 50-11-494; Sec. 50-11-495; Sec. 50-11-496; Sec. 50-11-497; Sec. 50-11-498; Sec. 50-11-499; Sec. 50-11-500; Sec. 50-11-501; Sec. 50-11-502; and Sec. 50-11-503*).

Additionally, this text amendment provides for the following, applicable citywide:

- Removes “**secondhand stores**/secondhand jewelry stores” from the list of Regulated Uses (*Sec. 50-3-323; Sec. 50-12-69; Sec. 50-12-134; Sec. 50-12-304; and Sec. 50-16-362*);

- Expands the definition of “**residential use combined in structures** with permitted commercial uses” (*Sec. 50-16-362*);

- Clarifies the **rear setback** requirements in three instances (SD1, SD2 and TMSO) (*Sec. 50-11-215; Sec. 50-11-245*).

#### **Results of September 5, 2019 CPC hearing**

In 2019, P&DD staff had appeared before the CPC to offer a preview of the TMSO ordinance and at its regular meeting of September 5, 2019, the City Planning Commission held a statutory public hearing relative to the proposed changes in the TMSO overlay as well as other, unrelated zoning matters. Staff of P&DD and the CPC reviewed the proposed provisions of the text amendment and discussion ensued among commissioners.

Six speakers, including the Detroit Economic Growth Corporation, spoke in support of the proposed text amendment. Six letters were received, five of which were in support. A sixth letter, from Midtown Inc., indicated support and also included suggestions for modifications. Four corrections to the draft ordinance were proposed and accepted. One provision was stricken from the ordinance but at the subsequent CPC meeting of September 19, 2019, it was restored.

#### **Conclusion**

On September 19, 2019, the City Planning Commission voted to recommend approval of the proposed TMSO text amendment to Your Honorable Body. The attached ordinance, approved as to form by the Corporation Counsel, is ready for City Council’s consideration.

Respectfully submitted,

(a) Certain areas of the City of Detroit are characterized by a high concentration of vacant land once occupied by dwellings on small lots. East Warren Avenue, Alter Road and the Grosse Pointe Park city limits, East Jefferson Avenue, and Connor Avenue generally bound one such broad area, which has been found to be ripe for infill housing development. To facilitate residential infill development within this broad area, a Far Eastside Overlay Area is created, the boundaries of which are specified in 50-11-492 of this Chapter of this Code. The provisions in this subdivision for the Far Eastside Overlay Area will allow for the reestablishment of dwellings similar in placement, character, and massing to the dwellings originally built on the lots of this broad area and will further allow for an even greater density of such dwellings, notwithstanding the intensity and dimensional standards that govern such construction elsewhere in the City, provided, that where no special provision is recited in this subdivision, the standard provisions of Article XIII of this chapter that apply City wide shall govern development within the overlay area.

(b) Although this overlay area is created in the spirit of the alternative residential development options of Article XIII, Division 3, of this chapter; however, the provisions of this subdivision shall apply in lieu of Article XIII, Division 3, of this chapter.

(b) The zoning district classifications for land within the Far Eastside Overlay Area are specified in Section 50-17-34 on Zoning District Map No. 32.

**DIVISION 3. SPECIFIC USE STANDARDS**

**Subdivision A. Residential Uses  
Sec. 50-12-159. Lofts; residential uses combined in structures with permitted commercial uses.**

In order to encourage the preservation and reuse of existing commercial and industrial structures, and to encourage live-work situations, loft conversions and mixed-use commercial-residential uses are permitted in many zoning districts, even in certain districts where new residential construction is prohibited, subject to the following.

(1) Loft conversions are prohibited in the R1 and R2 Districts except where developed under the "School building adaptive reuses" provision as defined in Section 50-16-381 of this Code.

(2) Lofts in the B6, M1, M2, M3, M4, and SD4 Districts are subject to review by the Loft Review Committee as provided for in Article II, Division 6, Subdivision C, of this chapter.

(3) Similarly, single-family dwellings, two-family dwellings, and multiple-family dwellings are permitted in commercial or industrial structures combined with those permitted Retail, Service, and Commercial uses specified in Division 1, Subdivision D of this Article, except for "adult uses/sexually oriented businesses" as specified in Section 50-12-108 of this Code.

For example, although a single-family detached dwelling is not permitted by right

in the R6 District, a doctor's office that has an apartment is permitted by right as a "Residential use combined in structures with permitted commercial uses." In addition, in industrial zoning districts where new residential construction is prohibited, an existing building with a hardware store on the ground floor, for example, and residential units on the upper floor could be reoccupied on a Conditional Use basis and without the need for approval by the Board of Zoning Appeals.

(4) In B2 and B3 Districts, lofts are permissible on a by-right basis only where located in a Traditional Main Street Overlay area and combined in a structure with permitted commercial or industrial uses, and otherwise are permissible conditionally.

(5) In B4 Districts, lofts are permissible on a by-right basis only where located in the Central Business District or in a Traditional Main Street Overlay Area, and otherwise are permissible conditionally.

(6) In B2, B3, and B4 Districts, residential uses combined in structures with permitted commercial uses are permissible on a by-right basis only where located in a Traditional Main Street Overlay Area, and otherwise are permissible conditionally.

(7) In M1, M2, M3, and M4 Districts, new construction of a "residential use combined with permitted commercial uses" is limited to not more than two residential units, provided that However, any time three or more residential units are combined with permitted commercial

uses in an existing commercial or industrial structure in the B6, M1, M2, M3, M4, or SD4 District, the use shall be subject to the review of the Loft Review Committee as provided for in Article II, Division 6, Subdivision C, of this Chapter.

(8) In the SD4 District, specially designated merchant's (SDM) establishments and specially designated distributor's (SDD) establishments are permitted when incidental to, accessory to, and on the same zoning lot as a loft development that has not fewer than 50 dwelling units.

(9) In designated Traditional Main Street Overlay Areas, as provided in Section 50-11-382 of this Code, residential uses, ~~including multiple-family dwellings~~ combined in structures with commercial or industrial uses that are permitted in the respective zoning district shall be permitted by right.

**Sec. 50-12-162. Multi-family dwellings.**

Multi-family dwellings shall be subject to the following requirements:

(1) In the R2 District, such uses shall have a maximum of eight dwelling units, except where developed under the "school building adaptive reuse" provision as defined in Section 50-16-381 of this Code;

(2) In the R3 District, multiple-family dwellings, where fewer than 50 percent of the units are efficiency units, are permitted by right; multiple-family dwellings, where 50 percent or more of the units are efficiency units, are a Conditional Use;

(3) In the B5 District, ground-floor commercial uses shall be required along at least fifty percent of the building façade fronting Woodward Avenue, and may be required in other portions of the B5 District;

(4) The required recreational space ratios for multiple-family dwellings are listed as follows:

- a. R3 District: 0.12;
- b. R4 District: 0.10;
- c. R5 District: 0.085;
- d. R6 District: 0.07;
- e. SD1 District: 0.07;
- f. SD2 District: 0.07.

(See Section 50-13-239 of this Code for information on recreational space requirements.)

(6) In the B5 and PCA districts, multiple-family dwellings that have ground floor commercial space or other space oriented to pedestrian traffic are permitted by right. Multiple-family dwellings not having such ground floor space are a conditional use;

(7) Multiple-family dwelling developments that exceed 12 units are subject to site plan review as provided for in Section 50-3-113 of this Code;

(8) In the SD4 District, specially designated merchant's (SDM) establishments and specially designated distributor's

(SDD) establishments are permitted when incidental to, accessory to, and on the same zoning lot as a multiple-family dwelling, that have not fewer than 50 dwelling units;

(9) Multiple-family dwellings for the elderly as defined in Sec. 50-16-304 of this Code, are subject to a lesser off-street parking requirement than other multiple-family dwellings. Where a multiple-family dwelling for the elderly converts to a general population multiple-family dwelling, the full off-street parking requirement must be satisfied.

(b) The standards of Subsection (c) of this Section do not apply to the East Warren, West Warren, Grand River between Evergreen and Lahser or between Woodmont and Greenfield, or Lahser Road Traditional Main Street Overlay Areas.

(c) To achieve the objectives of this section, and as provided in Section 50-11-385 of this Code, the Buildings, Safety Engineering and Environmental Department shall refer applications for demolition permits to the Planning and Development Department for review consideration.

**Sec. 50-14-449. Parking design standards and reductions — Parking areas.**

(a) *Surface parking.*

(1) The objectives of this subsection are:

a. To line streets with buildings and/or other architectural site features to maintain a continuous street wall;

b. To promote a pedestrian-oriented environment, where building storefronts line the main streets rather than parking lots; and

c. To mask the visual clutter of parked cars and to provide uniform elements of screening.

(2) To achieve the objectives of this subsection, the following standards shall apply:

a. No parking area may be placed between the façade of a primary structure and the Traditional Main Street. Parking

areas shall be located to the rear of the building, except as may otherwise be provided in this section;

b. Where it is determined that locating the parking behind the building is not feasible, as determined by the Planning and Development Department, the parking may be located on the side of the building; however, no more than 50 percent of the street frontage of the development on a Traditional Main Street shall be occupied by parking, aisles, or drives.

c. On corner lots, parking areas shall not be located at the corner;

d. Off-street parking areas that are adjacent to a public street shall include a landscape buffer strip with a minimum width of five feet between the off-street parking area and the street; the landscape buffer strip shall include the following:

- (i) A brick wall;
- (ii) A masonry wall with brick facing;
- (iii) A concrete wall with brick design;
- (iv) A stone wall; or

(v) Other opaque wall screen which, in the determination of the Planning and Development Department, is both suitable for the site and compatible with, and similar to, the building frontages nearest the parking area.

2. A combination of evergreen and deciduous vegetation, including trees, shrubs, and groundcover, shall be planted between the wall and the sidewalk. At least one tree shall be provided for each 30 linear feet of landscape buffer. At least one shrub shall be provided per 20 square feet of landscaped area. Vegetation shall comply with the standards in Division 2 of this article.

3. In instances where the applicant can prove that the five-foot landscape buffer strip would prevent the applicant from being able to provide the minimum number of required parking spaces, the 30- to 36 inch wall from subsection (a)(2)d.1 of this section may be erected without the additional landscaping, subject to review and approval by the Planning and Development Department.

e. To protect the screen wall, wheel stops and curbs shall be placed in compliance with Section 50-14-233 of this Code;

f. To protect the screen wall at the parking entry and exit points, two 30-inch high bollards shall be placed on either side of the wall;

g. The minimum lighting levels for parking lots shall be provided in compliance with Section 50-14-236 and Section 50-14-413(3) of this Code;

h. Light fixtures shall be maintained in good operating condition and with the

i. Lighting fixtures shall be located, aimed, and shielded so that they do not produce light spill into the night sky, onto adjacent properties, or onto adjacent right-of-way.

(b) *Parking structures.*

(1) The objective of this subsection is to enliven parking structures with active uses and to architecturally integrate them to their district.

(2) To achieve the objectives of this subsection, the following standards shall apply for parking structures located within Traditional Main Street Overlay Areas:

a. Commercial space or other space oriented to pedestrian traffic shall be provided on the ground floor of a parking structure for at least 60 percent of the length of the ground facing a Traditional Main Street or a major or secondary thoroughfare. Where the parking structure abuts more than one street the priority shall be to place the ground floor commercial space facing the Traditional Main Street. The applicant shall determine whether the ground floor commercial space or other space oriented to pedestrian traffic, faces one or more than one street;

b. The parking structure facade shall be designed so that no ramp structure or sloping deck is expressed on building façades facing public streets; and

c. Parking structures are subject to the design standards for materials, as provided in Section 50-14-440 of this Code, and color and finish, as provided in Section 50-14-441 of this Code, and signage, as provided in Section 50-14-450 of this Code.

(c) *Parking reductions.* Parking reductions may be granted as provided for in Section 50-14-7 and Section 50-14-153 of this Code.

**Sec. 50-14-450. Signage and communication elements design standards.**

(8) New pylon signs are prohibited. New ground mounted monument signs shall be limited to a maximum height of 12 feet.

(9) New roof signs are prohibited.

(10) The bottom of projecting sign shall be a minimum of eight feet, six inches above the sidewalk. The projecting sign shall not project more than one-half of the width of the sidewalk, or more than four feet from the wall of the building on which the sign is placed, whichever is less. Projecting signs shall be placed as close as practicable to the center of the building facade, and in no case shall adjacent projecting signs be closer than 15 feet.

Honorable City Council:

Re: Resolution Establishing the Corktown Lofts Neighborhood Enterprise Zone in the area bounded by 1702 West Fort Street, Detroit, Michigan in accordance with Public Act 147 of 1992 on behalf of Corktown Lofts LLC. (Petition #699).

Attached for your consideration please find a resolution and legal description which will establish the Corktown Lofts Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on September 26, 2019 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

The developer proposes to rehabilitate the 5th floor and basement of the structure located at 1702 W. Fort Street to create 22 residential apartment units and associated parking in that basement.

We request your Honorable Body's approval of the resolution.

Respectfully submitted,  
DONALD RENCHER  
Director

By Council Member Tate:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from ad valorem taxes, and the imposition of a specific property tax in lieu of ad valorem real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Corktown Lofts NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Honorable City Council:  
 Re: Request for Approval of Qualified Eligible Next Michigan Business, Next Michigan Renaissance Zone and Related Tax Benefits for Dakkota Integrated Systems, LLC in the general area of 5941 Van Dyke in accordance with Public Act 376 of 1996. (Petition No. 1130).

Petition No. 1130 has been submitted to the Detroit City Clerk on behalf of Dakkota Integrated Systems, LLC ("Dakkota") for approval of the Detroit Next Michigan Corporation ("DNMDC") to submit a Next Michigan Renaissance Zone application ("Application") to the Michigan Strategic Fund ("MSF") for approval of a Next Michigan Renaissance Zone in the City of Detroit at an approximately 19-acre parcel located in the area generally bounded by the 1-94 Service Dr. to the north, Hendrie to the south, Van Dyke to the east and Townsend to the west (the "Site").

The proposed Next Michigan Renaissance Zone will help to support Dakkota's proposed development of the Site as further summarized below.

**Company / Project Introduction**

Dakkota, a joint venture established in 2001 between majority partner Rush

Group LLC and Magna International Inc., is a tier-one and tier-two automotive supplier based in Michigan, that manages complex assembly and sequencing of integrated automotive components for original equipment manufacturers at 14 locations in the U.S. and Canada, with approximately 2,200 employees across those locations.

Dakkota plans to construct and operate a 300,000 square foot manufacturing facility on the Site (the "Project"). Construction is scheduled to begin in December 2019 with an estimated completion date by December 2020. The total project investment at the Site, including building and site improvements and tooling and equipment, is estimated to be at least \$40,000,000.00 and will create a minimum of 419 new jobs in the City of Detroit.

#### **Basis of Eligibility**

The Project satisfies DNMDCC program guidelines as follows:

- A supply chain business providing a majority of its services to businesses engaged in the shipment of tangible personal property, including inventory, via multimodal commerce.
- Eligible business is opening a new location in Michigan and plans to create new jobs in Michigan.
- Eligible business has provided proof of financing for 100% of the project.
- The City of Detroit Brownfield Redevelopment Authority (DBRA) has authorized the sale of the 19-acre site to Dakkota and negotiated special provisions for an approved infrastructure improvement plan.
- Eligible business has committed to create a minimum of 419 jobs by December 31, 2021.
- Project has been evaluated to verify that but-for the requested incentives the project would not proceed at this location.
- Project is consistent with city's comprehensive plans and other strategic initiatives including compliance with Executive Order(s) 2014-5 and 2016-1.
- Eligible business demonstrated commitment to a community engagement process and presented proposed site design and hiring commitments at a meeting held on July 9, 2019 and scheduled to be held on November 12, 2019.
- Site is located within an area identified as having the greatest potential for growth in manufacturing and transportation, distribution, and logistics. Further, the Site is near the planned expansion of Fiat Chrysler's Mack Engine Plant and the Project will support expanded operations at such plant.
- Project provides a net benefit to the City, taking into account the renaissance zone benefits of 15 years as well as additional support through a PA 198 tax abatement - 50% real property tax relief, up to 12 years.

On November 6, 2019, the DNMDCC Board approved by resolution the following actions with respect to the Dakkota Project: (i) applying for the designation of a Next Michigan Renaissance Zone within the boundaries of a Next Michigan development district, (ii) making recommendations for the certification of an eligible Next Michigan business as a qualified eligible Next Michigan business entitled to exemptions, deductions, and credits; and (iii) making recommendations as to whether a qualified eligible Next Michigan business should receive the benefits of a renaissance zone in accordance with Public Act 376 of 1996, as amended.

Pursuant to the Council Resolution approved April 26, 2016 that requires the DNMDCC to seek approval of Detroit City Council before the DNMDCC may exercise its powers under the Act, we hereby request that your Honorable Body approve the attached resolution that authorizes the DNMDCC to submit the Application to the MSF and also 1) approves the Application, 2) designates the Site as a Next Michigan Renaissance Zone for a period of 10 years, 3) certifies Dakkota as a qualified eligible Next Michigan business and 4) grants Dakkota certain tax benefits under the Act for a period of fifteen (15) years.

November 8, 2019

Honorable City Council:

Re: First Amendment to Development Agreement Frederick Douglass Development Project — Douglass Acquisition Company LLC.

In July 2018, the Detroit Housing Commission ("DHC") entered into a purchase agreement for sale of the former Frederick Douglass public housing site ("Douglass Site") to the Douglass Acquisition Company LLC ("DAC") for \$23M. The Douglass Site, comprised of roughly 22 acres of vacant land near the southern end of Brush Park in the City of Detroit, has not had residents living at the site since 2008. DAC intends to develop the entire Douglass Site into several mixed-income residential projects providing over 800 units, along with construction of various other commercial, retail and public space components. Total development costs are expected to exceed \$300M.

Furthermore, in 2017, the Housing and Revitalization Department ("HRD") entered into an Affordable Housing Agreement ("AH Agreement") with

Bedrock Management Services LLC (“Bedrock”), of which DAC is an affiliate, to provide for the construction of affordable housing units in the event the City supports Bedrock residential development with a financial incentive. HRD recognizes that the Douglass Site will require significant public road and utility infrastructure, pre-development, housing construction, site prep work, environmental work and park construction (“Improvements”) to become a viable project in the City. Additionally, HRD believes that the proposed development at the Douglass Site poses an opportunity to create new affordable residential units in the City of Detroit.

In support of the Improvements and creation of new affordable units at the Douglass Site, the City entered into that certain development agreement with DAC that was approved by Detroit City Council on July 31, 2018 (the “Development Agreement”). The Development Agreement committed to make \$10.2M in certain funding available to DAC, provided that they meet certain underwriting criteria. Pursuant to the Development Agreement, HRD agreed to make Federal HOME (\$6M) and CDBG (\$3M) funds available to DAC, along with \$1.2M from DWSD, to support DAC’s construction of the Improvements and a commitment that 156 units or 25% of the total rental units at the Douglass Site be affordable units for a period of 30 years under the terms of the AH Agreement.

Development at the Douglass Site has been delayed due to unexpected environmental and site due diligence activities that exceeded the initial project schedule. At this time, DAC contemplates closing on acquisition of the Douglass Site by the end of 2019 and has asked the City to amend the Development Agreement to: (1) reflect updates and changes to the project schedule and the new purchase agreement between DHC and DAC, (2) provide a \$262,000 increase to the CDBG commitment and (3) clarify certain terms as they relate to the funding provided under the Development Agreement and the AH Agreement.

For the reasons stated above, we respectfully request your adoption of the attached resolution that: 1) approves a First Amendment to Development Agreement and 2) approves an increase of the CDBG funding allocation towards completion of the Improvements.

Respectfully submitted,  
DONALD RENCHER

Whereas, The City and DAC now wish to amend the Development Agreement pursuant to the First Amendment to Development Agreement attached hereto in Exhibit A and incorporated herein (the “Amendment”); and

Whereas, The Amendment, among other terms, will increase the \$3,000,000 allocation of CDBG funds contemplated in the Development Agreement by an amount of \$262,000 (“Additional CDBG Funds”); now therefore be it

Resolved, That Detroit City Council hereby approves the Amendment, subject to the subsequent approval of the Amendment by the City’s Board of Water Commissioners, if legally required; and be it further

Resolved, That Detroit City Council hereby approves allocation and use of the Additional CDBG Funds under the terms of the Development Agreement, as amended by the Amendment; and be it further

Resolved, That the DWSD Director, or his authorized designee, subject to the approval of the City’s Board of Water Commissioners if legally required, be and is hereby authorized to execute the Amendment; and be it further

November 19, 2019

Honorable City Council:

Re: Revised — Property Sale by Development Agreement 269, 281 and 291 Winder, 2515 Brush.

The City of Detroit ("City"), Planning and Development Department ("P&DD") has received an offer from MHT Housing, Inc. ("Developer"), a Michigan nonprofit corporation, to purchase certain City-owned real property at 269, 281 and 291 Winder and 2515 Brush, Detroit, MI (collectively the "A3 Properties") for the purchase price of either: (1) One Million and 00/100 Dollars (\$1,000,000.00) ("Purchase Money") or (2) certain real property at 3430 and 3436 Third ("Acquisition Properties") that Developer has an assignable option to acquire.

The Developer proposes to construct a mixed-use development with approximately 60-80 affordable rental units on the A3 Properties. The Developer's proposed use of the A3 Properties shall be consistent with zoning, which currently is PD-H (Planned Historic District).

The Acquisition Properties must first become vacant before the Developer can exercise its option and such properties can become available to the City. In the event the Acquisition Properties are not vacated, the City will accept the Purchase Money in exchange for the A3 Properties. The Acquisition Properties are adjacent on both sides to other City-owned properties, which would make the total site approximately 1.25 acres of prime developable land in Midtown. The City would work to market the site for viable mixed-use development proposals.

We request that your Honorable Body adopt the attached resolution to authorize the P&DD Director, or his authorized designee, to execute a development agreement, deed and such other documents as may be necessary or convenient to effect a transfer of the A3 Properties by the City to the Developer in exchange for either the Purchase Money or the Acquisition Properties.

Respectfully submitted,

**KATHARINE G. TRUDEAU**

Deputy Director

By Council Member Tate:

Now, Therefore Be It

Resolved, That Detroit City Council hereby approves the sale by development agreement of certain real property at 269, 281 and 291 Winder and 2515 Brush, Detroit, MI (collectively the "A3 Properties"), as more particularly described in the attached Exhibit A incorporated herein, to MHT Housing, Inc. ("Developer"), a Michigan nonprofit

corporation, for the purchase price of either: (1) One Million and 00/100 Dollars (\$1,000,000.00) ("Purchase Money") or (2) certain real property at 3430 and 3436 Third (together the "Acquisition Properties"), as more particularly described in the attached Exhibit B incorporated herein; and be it further

Resolved, That the Director of the Planning and Development Department ("P&DD"), or his authorized designee, is authorized to execute a development agreement and issue a quit claim deed for the sale of the A3 Properties, as well as execute such other documents as may be necessary or convenient to effect the transfer of the A3 Properties to Developer for either the Purchase Money or the Acquisition Properties consistent with this resolution; and be it further

Resolved, That the development agreement shall obligate Developer to cause a mixed-use development to be constructed on the A3 Properties that includes 60-80 affordable housing units; and be it further

Resolved, That the P&DD Director, or his authorized designee, is authorized to execute any required instruments to make and incorporate technical amendments or changes to the development agreement and/or quit claim deeds (including but not limited to corrections to or confirmations of legal descriptions of the A3 Properties and/or Acquisition Properties, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the A3 Properties, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it further

Resolved, That upon the closing of the aforementioned transaction, the P&DD Director, or his or her authorized designee, shall provide a report to Detroit City Council confirming which option, Purchase Money or Acquisition Properties, was exercised to close the transaction; and be it further

Resolved, That in order for the City to accept the Acquisition Properties, the City must first: (1) conduct an environmental inquiry of the Acquisition Properties and, if required an environmental assessment, as reviewed by the Buildings, Safety Engineering and Environmental Department and (2) seek additional approvals and findings by Detroit City Council consistent with Chapter 2, Article I., Division 2, of the Detroit City Code; and be it finally

Resolved, That the development agreement and quit claim deed will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form.

Honorable City Council:

Re: Correction — Property Sale. In the General Area of 1532 Mack, Detroit, MI 48207.

The City of Detroit, Planning and Development Department has received an offer

from Market Properties, L.L.C. (the "Purchaser"), whose address is 21959 Siegal Dr., Novi, MI 48375 to purchase certain City-owned real property, specifically described in Exhibit A, in the general area of 1532 Mack, Detroit, MI (the "Property"). The P&DD entered into a purchase agreement, dated November 11, 2019, with the Purchaser. Under the terms of the proposed Purchase Agreement, the property will be conveyed to the purchaser for the purchase price of One Thousand and 00/100 Dollars (\$1,000.00).

The Purchaser operates Wigley's Corned Beef, which is located at 1537 Hale Street, on the parcel adjacent to the Property. The Purchaser has operated their Market in Eastern Market since 1924. Recently, while in the process of attempting to obtain a bank loan, it was determined that they did not own all of the requisite parcels to qualify for the loan.

Nearly twenty years ago, following the widening of Mack Avenue, the City did not vacate, split, and combine all of the adjacent parcels properly, which left multiple parcels and alleys unaddressed or unoccupied. As a result the deli and restaurant was developed partially on City-owned property. This included a non-vacated alley running through the Purchaser's dining room. At this time, the city has completed the process of properly splitting and combining its respective parcels, properly vacating the necessary alleys, and has reached an agreement with the Purchaser for the newly created parcel which abuts Mack Avenue.

Currently, the property is within an M3 zoning district (General Industrial District). The purchaser's proposed use of the property shall be consistent with the allowable uses for which the property is zoned.

We request that your Honorable Body adopt the attached resolution to authorize the Director of P&DD to execute a deed and such other documents as may be necessary or convenient to effect a transfer of the property by the City to Market Properties, L.L.C.

Respectfully submitted,

The P&DD entered into a purchase agreement, dated November 11, 2019, with the Purchaser. Under the terms of the proposed Purchase Agreement, the property will be conveyed to the purchaser for the purchase price of One Thousand and 00/100 Dollars (\$1,000.00).

The Purchaser operates the Louie's Ham and Corned Beef Shop, which is located at 3570 Riopelle, on the parcel adjacent to the Property. The Purchaser has operated the deli and restaurant for nearly twenty years at this location. Recently, while in the process of attempting to obtain a bank loan, it was determined that they did not own all of the requisite parcels to qualify for the loan.

Nearly twenty years ago, following the widening of Mack Avenue, the City did not vacate, split, and combine all of the adja-

cent parcels properly, which left multiple parcels and alleys unaddressed or unoccupied. As a result the deli and restaurant was developed partially on City-owned property. This included a non-vacated alley running through the Purchaser's dining room. At this time, the city has completed the process of properly splitting and combining its respective parcels, properly vacating the necessary alleys, and has reached an agreement with the Purchaser for the newly created parcel which abuts Mack Avenue.

Currently, the property is within an M3 zoning district (General Industrial District). The purchaser's proposed use of the property shall be consistent with the allowable uses for which the property is zoned.

We request that your Honorable Body adopt the attached resolution to authorize the Director of P&DD to execute a deed and such other documents as may be necessary or convenient to effect a transfer of the property by the City to Gojcay & Gojcay LLC.

November 13, 2019

Honorable City Council:

Re: Amended and Restated Land Transfer Agreement/Property Sale by Development Agreement — Queen Lillian II Redevelopment Project.

On November 21, 2017, your Honorable Body adopted a resolution approving the transfer of certain real property at 3439-3455 Woodward Avenue and 13 Stimson, Detroit, MI (the "Properties") to the Detroit Brownfield Redevelopment Authority ("DBRA") for One Million Three Hundred Nine Thousand and 00/100 Dollars (\$1,309,000.00) (the "Purchase Price") in accordance with and subject to the terms and conditions of a Land Transfer Agreement with the DBRA (the "LTA").

The LTA authorized the DBRA to transfer the Properties to Queen Lillian II, LLC (the "Developer") for the Purchase Price subject to a development agreement. The Developer's anticipated development of the Properties included a 5-story building with approximately 25,000 square feet of first floor commercial, 112 residential units, and a 3-story parking garage (the "Project"). The Project also contemplated Developer's use of certain financing programs through the U.S. Department of Housing and Urban Development ("HUD") and, accordingly, the resolution provided

that the actions contemplated therein were conditioned upon HUD's approval of a request for release of funds and related to environmental review certification for the Project in accordance with 24 CFR § 58.22 (the "Council Condition").

Due to financing complications, increased construction costs and unexpected redesigns related to the Project, Developer has revised its anticipated development of the Properties to increase the residential components from 112 residential units to 201 residential units, and to replace the intended 3-story parking garage with a surface parking lot intended to service the Project and has determined that it will not be seeking financing through HUD.

The DBRA and Developer propose to amend and restate the LTA to reflect modifications to the Project and reduce the Purchase Price to Three Hundred Thousand and 00/100 Dollars (\$300,000.00) (the "Revised Purchase Price") to enhance the Developer's ability to finance the Project. The City has reviewed the circumstances and financial information surrounding the Developer's proposed Project and find such amendments to the LTA to be necessary to move the Project to a closing. Further, in light of the fact that Developer will not be seeking financing through HUD, the City has determined that the Council Condition is no longer appropriate.

We, therefore, request that your Honorable Body adopt the attached resolution that authorizes the City to amend and restate the LTA with the DBRA to reflect the foregoing and removes the Council Condition.

Respectfully submitted,  
KATHARINE G. TRUDEAU

Deputy Director

**WITNESSETH:**

Whereas, The City is the owner of certain vacant property, commonly known as 3439-3455 Woodward Avenue and 13 Stimson, situated in the City of Detroit, Wayne County, Michigan, as more particularly described on the attached **Exhibit A** (the "Site"); and

Whereas, On November 21, 2017, Detroit City Council adopted that certain resolution that approved the transfer of the Site to the DBRA for One Million Three Hundred Nine Thousand and 00/100 Dollars (\$1,309,000.00), payable pursuant to a promissory note, pursuant to a Land Transfer Agreement (the "Original LTA") for subsequent sale of the Site to Queen Lillian II, LLC (the "Developer") for the construction of a mixed-use development project on the Site (the "Project"); and

Whereas, Due to financing complications, increased construction costs and unexpected redesigns related to the Project, the DBRA and Developer proposed to amend and restate the Original LTA to reflect certain modifications of the Project, including but not limited to a reduction of the purchase price to Three Hundred Thousand and 00/100 Dollars (\$300,000.00) to enhance the Developer's ability to finance the Project; and

Whereas, The Developer and DBRA entered into that certain Agreement to Purchase and Develop Land dated

\_\_\_\_\_, 2019 for the Site and Project (as amended, the "DBRA Development Agreement"); and

Whereas, The DBRA Development Agreement, and the obligations of DBRA and Developer therein, contemplates and are contingent on the transfer of the Site from the City to DBRA in accordance with the terms herein; and

Whereas, The City Council of the City (the "City Council"), by resolution dated November \_\_\_\_\_, 2019, attached hereto as **Exhibit B**, has authorized entering into this Agreement and the City and the DBRA have determined that entering into this Agreement (i) is consistent with the public purposes and responsibilities of the DBRA, and (ii) is in the best interests of the City.

Now, Therefore, In consideration of the foregoing premises and of the covenants and agreements hereinafter contained, it is mutually agreed as follows:

#### **ARTICLE 1**

1.01 Sale. Following the execution of this Agreement, the DBRA agrees to purchase and the City agrees to convey the Site to the DBRA for the price of Three Hundred Thousand and 00/100 Dollars (\$300,000.00) (the "Purchase Price"), by quit claim deed in the form attached hereto as **Exhibit C**, subject to the terms, covenants and conditions of this Agreement. Further, at DBRA's election, the City will convey the Site directly to Developer or Developer's designee.

1.02 Advance/Purchase Price. The City acknowledges the receipt of funds from the Developer in the amount of Sixty-Five Thousand and 00/100 Dollars (\$65,000.00) (the "Advance"). The Advance shall be applied to the Purchase Price at Closing (as defined in the DBRA Development Agreement) and the remaining balance of the Purchase Price, in the amount of Two Hundred Forty-Five Thousand and 00/100 Dollars (\$245,000.00), shall be paid, at DBRA's election, either (i) pursuant to the terms of the promissory note, executed by the DBRA for the benefit of the City (the "Promissory Note") or (ii) at Closing (as defined in the DBRA Development Agreement). In the event that the balance of the Purchase Price is payable through the Promissory Note, as security for the repayment of the Promissory Note, the DBRA will grant, convey, transfer and assign to the City all right, title, and interest in and to the Loan Documents (as defined in the DBRA Development Agreement), the debt and claims thereby evidenced and/or secured, and all of the DBRA's right, title and interest in and to the Site, and benefits under, in and to the Loan Documents (the "Collateral Assignment of Loan Documents"). The Promissory Note and Collateral Assignment of Loan Documents shall be in form and

substance satisfactory to the City. The City acknowledges and agrees that in the event the DBRA defaults on its obligations under the Promissory Note, the City's sole and exclusive remedy for said default shall be to exercise its rights under the Collateral Assignment of Loan Documents.

1.03 Title Commitment. The DBRA, at its option, may obtain a commitment for an owner's title insurance policy issued by a responsible title insurance company authorized to do business in the State of Michigan to insure the DBRA's title to the Site, subject only to such conditions and exceptions as are provided for herein and reasonably acceptable to the DBRA. The cost of such title commitment and a policy issued pursuant to it, if any, shall be paid by the DBRA. Notwithstanding anything in this Agreement to the contrary, in the event DBRA determines, upon examination of the above-referenced title commitment, that a quiet title action (a "QTA") is necessary or desirable in order to obtain insurable title to the Site, or any portion thereof, the DBRA is hereby authorized to transfer the Site, or any parcel or parcels comprising a portion thereof, to the Detroit Land Bank Authority ("DLBA") on an interim basis solely for the purpose of carrying out a QTA with respect to the affected parcel or parcels. Further, upon the DBRA's election, the City agrees to transfer any parcel or parcels as indicated by the DBRA directly to the DLBA for purposes of carrying out a QTA, and such Parcel or Parcels shall be conveyed to the DBRA, or at DBRA's election directly to the Developer or Developer's designee, following the conclusion of such QTA.

1.04 Payment of Miscellaneous Expenses. The DBRA shall be responsible for recording and paying any fees for recording the quit claim deed and any other documents that the City determines must be recorded in connection with the transfer and development of the Site. DBRA, at its option, may have the Developer pay the costs contemplated by this Section 1.04.

1.05 Condition of Site. The DBRA shall accept the Property "AS IS", without any representation by or warranty from the City as to the condition of the Property.

#### **ARTICLE II**

2.01 Development. The DBRA shall transfer the Site to Developer in accordance with the terms of the DBRA Development Agreement. The DBRA shall obtain the written consent of the City's Director of the Planning and Development Department ("PDD Director") prior to amending the DBRA Development Agreement, which approval shall not be unreasonably withheld, conditioned or delayed. In addition, any reduction in purchase price under the DBRA Development Agreement shall require approval of City Council.

2.02 Certificate of Completion. Upon the satisfaction of the terms and conditions of the DBRA Development Agreement by the Developer, the DBRA may execute and the DBRA may record a "certificate of completion" acknowledging that the development of the Site has been completed in accordance with the DBRA Development Agreement (the "Certificate of Completion"). Upon the recording of said Certificate of Completion, the DBRA's obligations pursuant to this Agreement with respect to the Site shall be deemed satisfied, and the terms and conditions of this Agreement, including but not limited to the provisions of Article III, shall no longer apply to the Site.

#### **ARTICLE III**

3.01 Default. If the DBRA fails to comply with any material terms of this Agreement, the DBRA shall within thirty (30) days after receipt of written notice from the City, convey the Site back to the City by quitclaim deed and assign to the City the DBRA's interest in the Site, including any mortgage, security interest, promissory note or other instrument pertaining to the Site that was executed pursuant hereto or in furtherance of the Project Plan. In the event that the DBRA fails to convey the Site and assign its interest in the Site in accordance with this Section 3.01, the DBRA hereby appoints the City its attorney-in-fact, with full power and authority to execute any and all documents necessary or convenient to convey the Site by quitclaim deed from the DBRA to the City and otherwise assign the DBRA's interest in the Site to the City.

3.02 Non-exclusive Remedy. The remedy provided for in Section 3.01 hereof shall be cumulative of all other remedies at law or in equity, and shall not be the exclusive remedy of the City against the DBRA for default by the DBRA under the terms of this Agreement.

#### **ARTICLE IV**

4.01 Independent Contractors. The relationship of the City and the DBRA is, and shall continue to be, an independent contractor relationship and no liability or benefits such as workers' compensation, pension rights or liabilities, insurance rights or liabilities or other provisions of liabilities arising out of or relating to a contractor for hire or employer/employee relationship shall arise or accrue to either party or either party's agents or employees with respect to the City as a result of this Agreement or the Project Plan.

#### **ARTICLE V**

5.01 Mutual Cooperation. The parties acknowledge that mutual cooperation will be required to accomplish the intent and objectives of this Agreement, and therefore agree to cooperate mutually in the development of the Site in order to best serve the respective interests of the public, the City and the DBRA.

#### **ARTICLE VI**

6.01 No Individual Liability. No official or employee of the City shall be personally liable to the DBRA or its successor in interest in the event of any default or breach by the City of any of the terms of this Agreement. No official or employee of the DBRA shall be personally liable to the City or its successor in interest in the event of any default or breach by the DBRA of any of the terms of this Agreement.

6.02 Conflict of Interest. No officer or employee of the City or the DBRA shall have any personal interest, direct or indirect, in this Agreement, nor shall any such official or employee participate in any decision relating to this Agreement which affects his or her personal interest or the interest of any corporation, partnership or association in which he or she is directly or indirectly interested.

7.01 Fair Employment Practices. In accordance with the United States Constitution and all federal legislation and regulations governing fair employment practices and equal employment opportunity, including but not limited to Title VI of the Civil Rights Act of 1964 (P.L. 88-352, 78 STAT. 252) and United States Department of Justice Regulations (28 C.F.R. Part 42) issued pursuant to the title, and in accordance with the Michigan Constitution and all state laws and regulations governing fair employment practices and equal employment opportunity, including but not limited to the Michigan Civil Rights Act (1976 PA 220), the DBRA agrees that it will not discriminate against any person, employee, consultant or applicant for employment, training, education, or apprenticeship connected directly or indirectly with the performance of this Agreement with respect to his or her hire, promotion, job assignment, tenure, terms, conditions or privileges of employment or hire because of his (her) religion, race, color, creed, national origin, age, sex, height, weight, marital status, public benefit status, sexual orientation or handicap that is unrelated to the individual's ability to perform the duties of a particular job or position. The DBRA recognizes the right of the United States and the State of Michigan to seek judicial enforcement of the foregoing covenants against discrimination against itself or its subcontractors.

Breach of the terms and conditions of this section may be regarded as a material breach of this Agreement.

#### **ARTICLE VII**

8.11 Original LTA. This Agreement amends, restates, and supersedes in its entirety the Original LTA.

8.12 Effective Date. The "Effective Date" of this Agreement shall be the date of execution hereof.

Honorable City Council:

Re: Request for Property Transfers to the  
City of Detroit Brownfield Redevelopment  
Authority in Connection with the  
Land Assembly Project.

At the request of the City of Detroit, the City of Detroit Brownfield Redevelopment Authority ("DBRA") has been engaged in land assembly activities aimed at establishing market-ready industrial sites within City limits in order to attract manufacturing and logistics companies (the "Land Assembly Project"). DBRA has identified the site located at 9501 Conner Street, Detroit, MI and formerly known as the Cadillac Stamping Plant, as more particularly described on **Exhibit A** hereto (the "Property"), as a key site for industrial development. Acquired by the City in October 2018 as a tax foreclosed property, the 18-acre Property was previously used or various industrial uses, including as a stamping plant for General Motors.

DBRA has executed a letter of intent with NorthPoint Development, LLC ("Developer") to purchase and redevelop the Property, including the demolition of the existing structures, any necessary remediation, and the construction of a facility of at least 200,000 square feet intended for industrial uses related to advanced manufacturing, assembly, or transportation, distribution and logistics (the "Project"). The proposed purchase price for the Property is \$1,778,893, against which Developer would receive a credit at closing for anticipated costs of demolition and remedial action undertaken by Developer at the Property (the "Purchase Price").

The Planning and Development seeks City Council's approval to enter into a Land Transfer Agreement, substantially in the form attached hereto as **Exhibit B**, to convey the Property to DBRA for the Purchase Price for the purpose of causing the Project to be developed at the Property.

Based on the foregoing, we respectfully request that this honorable body process the attached Resolution in furtherance of the transactions described in this letter.

Respectfully submitted,  
KATHARINE G. TRUDEAU  
Deputy Director  
Planning and  
Development Department

**Form of Land Transfer Agreement  
LAND TRANSFER AGREEMENT  
(Former Cadillac Stamping Plant)**

This Land Transfer Agreement ("Agreement") made this \_\_\_\_ day of \_\_\_\_\_, 2019, by and between the City of Detroit, a Michigan public body corporate, acting by and through its Planning & Development Department (hereinafter referred to as the "City"), and the City of Detroit Brownfield Redevelopment Authority, a Michigan public body corporate organized and existing under the authority of Act 381 of the Public Acts of Michigan 1996, as amended (hereinafter referred to as the "DBRA").

**WITNESSETH:**

Whereas, The City is the owner of certain vacant property, commonly known as 9501 Conner Street, Detroit, MI and formerly known as the Cadillac Stamping Plant, as more particularly described on **Exhibit A** hereto (the "Property"); and

Whereas, At the request of the City, the DBRA has been engaged in land assembly activities aimed at establishing market-ready industrial sites within City limits in order to attract manufacturing and logistics companies (the "Land Assembly Project"); and

Whereas, The DBRA has identified the Property as a key Land Assembly Project site; and

Whereas, In order to facilitate the use of the Property for the Land Assembly Project, DBRA has requested that the City convey the Property to the DBRA; and

Whereas, The City has agreed to transfer the Property to the DBRA in accordance herewith, pursuant to resolution of

the City of Detroit City Council dated \_\_\_\_\_, 2019 and attached hereto as **Exhibit B**; and

Whereas, The City and the DBRA have determined that the transfer of the Property by the City to the DBRA is in the best interests of the City and will promote economic growth in the City.

Now, Therefore, In consideration of the foregoing premises and of the covenants and agreements hereinafter contained, it is mutually agreed as follows:

#### **ARTICLE I**

1.01 Sale. Following the execution of this Agreement, the DBRA agrees to purchase and the City agrees to convey the Property to the DBRA for the Purchase Price (as defined below) by quit claim deed in the form attached hereto as **Exhibit C**, subject to the terms, covenants and conditions of this Agreement. Further, at DBRA's election, the City will convey the Property directly to Developer or Developer's designee.

1.02 Purchase Price. "Purchase Price" shall mean an amount equal to One Million Seven Hundred Seventy-Eight Thousand Eight Hundred Ninety Three and 00/100 Dollars (\$1,778,893.00), less any Estimated Eligible Costs (the "Purchase Price"). The Purchase Price shall be paid to the City pursuant to the terms of a promissory note, executed by the DBRA for the benefit of the City (the "Promissory Note"), which Promissory Note shall be in form and substance satisfactory to the City. The Promissory Note shall be payable upon the sale of the Property to a third-party developer and/or end user (the "Developer") and shall be payable solely from the net sale proceeds received by the DBRA following the sale of the Property to Developer. The City acknowledges and agrees that in the event that the net sale proceeds following the DBRA's sale of the Property to Developer are insufficient to pay the Purchase Price in full, the Promissory Note shall be non-recourse to the DBRA and the DBRA's payment of a portion of the Purchase Price shall fulfill all obligations contained under the Promissory Note. The City further agrees that any net sale proceeds received by the DBRA which are in excess of the amount of the Promissory Note will be retained by the DBRA for the Land Assembly Project or for other permissible purposes to which the Director of the City's Planning and Development Department ("P&DD") consents in writing, which such consent shall not be unreasonably withheld.

1.03 "Estimated Eligible Costs" shall mean Developer's estimated costs for the Demolition and Remediation Activities relating to the Property, based on cost estimates prepared by Developer's consultants and/or contractors and subject to the DBRA's approval. "Demolition and Remediation Activities" shall mean excavation work, demolition, removal of underground structures, slabs, mats, foundations, vaults and

any other existing structures, environmental remediation, soil removal and replacement, extensive utility relocation, soil compaction, grading and shoring, extensive dewatering, sheet piling or appropriate earth retention, site protection and engineering or other consultant services, and reasonable overhead and profit in connection with work performed by third party contractors, as reasonably required to address subsurface conditions of the Property.

1.04 No Payment by City. Notwithstanding anything to the contrary herein, in the event that the total Estimated Eligible Costs equal or exceed the sum of One Million Seven Hundred Seventy-Eight Thousand Eight Hundred Ninety Three and 00/100 Dollars (\$1,778,893.00), the Purchase Price shall be deemed to have been paid and satisfied in full, and in no event shall the DBRA or the Developer be entitled to, nor shall the City have any obligation to pay, any such excess Estimated Eligible Costs.

1.05 Title Commitment. The DBRA, at its option, may obtain a commitment for an owner's title insurance policy issued by a responsible title insurance company authorized to do business in the State of Michigan to insure the DBRA's title to the Property, subject only to such conditions and exceptions as are provided for herein and reasonably acceptable to the DBRA. The cost of such title commitment and a policy issued pursuant to it, if any, shall be paid by the DBRA. Notwithstanding anything in this Agreement to the contrary, in the event DBRA determines, upon examination of the above-referenced title commitment, that a quiet title action (a "QTA") is necessary or desirable in order to obtain insurable title to the Property, or any portion thereof, the DBRA is hereby authorized to transfer the Property, or any parcel or parcels comprising a portion thereof, to the Detroit Land Bank Authority ("DLBA") on an interim basis solely for the purpose of carrying out a QTA with respect to the affected parcel or parcels. Further, upon the DBRA's election, the City agrees to transfer any parcel or parcels as indicated by the DBRA directly to the DLBA for purposes of carrying out a QTA, and such parcel or parcels shall be conveyed to the DBRA, or at DBRA's election directly to the Developer or Developer's designee, following the conclusion of such QTA.

1.06 Payment of Miscellaneous Expenses. The DBRA shall be responsible for recording and paying any fees for recording the quit claim deed and any other documents that the City determines must be recorded in connection with the transfer and development of the Property. DBRA, at its option, may have the Developer pay the costs contemplated by this Section 1.06.

1.07 Condition of Property. The DBRA shall accept the Property "AS IS", without any representation by or warranty from the City as to the condition of the Property.

## ARTICLE II

2.01 Development. The DBRA may enter into one or more development agreements (each such agreement singularly referred to as a "Development Agreement" and all such agreements collectively referred to as the "Development Agreements") with one or more Developers. Any such Development Agreements shall provide for the sale of all or any portion of the Property to one or more private developers who shall develop the Property in accordance with the Development Agreement and such other conditions and/or limitations as the DBRA may require. DBRA's obligations with respect to the net proceeds received by the DBRA from the disposition of the Property shall be governed by Sections 1.02 thru 1.05 of this Agreement. The DBRA shall, prior to executing or amending any Development Agreement, submit such Development Agreement or amendment to the City for review and approval by the Director of P&DD. Notwithstanding the foregoing, in the event that the Property is not sold by DBRA to a Developer within five (5) years of the date of City Council's approval of this Agreement, the City, through an election by its Director of the P&DD, may elect to take title the Property, subject to any requirements of the Detroit City Code then in effect. The P&DD Director is authorized to make such an election, or to waive or release this option as necessary to facilitate the DBRA's disposition of the Property.

2.02 Certificate of Completion. With respect to any portion of the Property conveyed to a developer pursuant to a Development Agreement (the "Developed Parcels"), upon the satisfaction of the terms and conditions of such Development Agreement by the Developer, the DBRA may record a certificate of completion acknowledging that the development of the Developed Parcels has been completed in accordance with the Development Agreement (the "Certificate of Completion"). Upon the recording of said Certificate of Completion, the DBRA's obligations pursuant to this Agreement with respect to the Developed Parcels shall be deemed satisfied, and the terms and conditions of this Agreement, including but not limited to the provisions of Article III, shall no longer apply to any Developed Parcels which are described in the Certificate of Completion.

## ARTICLE III

3.01 Default. If the DBRA fails to comply with any material terms of this Agreement, the DBRA shall within thirty (30) days after receipt of written notice from the City, convey the Property back to the City by quitclaim deed and assign to the City the DBRA's interest in the Property, including any mortgage, security interest, promissory note or other instrument pertaining to the Property that was executed pursuant hereto or in furtherance of the Development Agreement. In the event that

the DBRA fails to convey the Property and assign its interest in the Property in accordance with this Section 3.01, the DBRA hereby appoints the City its attorney-in-fact, with full power and authority to execute any and all documents necessary or convenient to convey the Property by quitclaim deed from the DBRA to the City and otherwise assign the DBRA's interest in the Property to the City.

3.02 Non-exclusive Remedy. The remedy provided for in Section 3.01 hereof shall be cumulative of all other remedies at law or in equity, and shall not be the exclusive remedy of the City against the DBRA for default by the DBRA under the terms of this Agreement.

## ARTICLE IV

4.01 Independent Contractors. The relationship of the City and the DBRA is, and shall continue to be, an independent contractor relationship and no liability or benefits such as workers' compensation, pension rights or liabilities, insurance rights or liabilities or other provisions of liabilities arising out of or relating to a contractor for hire or employer/employee relationship shall arise or accrue to either party or either party's agents or employees with respect to the City as a result of this Agreement or the Project Plan.

## ARTICLE V

5.01 Mutual Cooperation. The parties acknowledge that mutual cooperation will be required to accomplish the intent and objectives of this Agreement, and therefore agree to cooperate mutually in the development of the Property in order to best serve the respective interests of the public, the City and the DBRA.

## ARTICLE VI

6.01 No Individual Liability. No official or employee of the City shall be personally liable to the DBRA or its successor in interest in the event of any default or breach by the City of any of the terms of this Agreement. No official or employee of the DBRA shall be personally liable to the City or its successor in interest in the event of any default or breach by the DBRA of any of the terms of this Agreement.

6.02 Conflict of Interest. No officer or employee of the City or the DBRA shall have any personal interest, direct or indirect, in this Agreement, nor shall any such official or employee participate in any decision relating to this Agreement which affects his or her personal interest or the interest of any corporation, partnership or association in which he or she is directly or indirectly interested.

7.01 Fair Employment Practices. In accordance with the United States Constitution and all federal legislation and regulations governing fair employment practices and equal employment opportunity, including but not limited to Title VI of the Civil Rights Act of 1964 (P.L. 88-352, 78 STAT. 252) and United States Depart-

ment of Justice Regulations (28 C.F.R. Part 42) issued pursuant to the title, and in accordance with the Michigan Constitution and all state laws and regulations governing fair employment practices and equal employment opportunity, including but not limited to the Michigan Civil Rights Act (1976 PA 220), the DBRA agrees that it will not discriminate against any person, employee, consultant or applicant for employment, training, education, or apprenticeship connected directly or indirectly with the performance of this Agreement with respect to his or her hire, promotion, job assignment, tenure, terms, conditions or privileges of employment or hire because of his (her) religion, race, color, creed, national origin, age, sex, height, weight, marital status, public benefit status, sexual orientation or handicap that is unrelated to the individual's ability to perform the duties of a particular job or position. The DBRA recognizes the right of the United States and the State of Michigan to seek judicial enforcement of the foregoing covenants against discrimination against itself or its subcontractors.

Breach of the terms and conditions of this section may be regarded as a material breach of this Agreement.

#### ARTICLE VIII

**8.01 Notices.** When either party desires to give notice to the other in connection with and in accordance with the terms of this Agreement, such notice shall be given by certified mail and shall be deemed given when deposited in the United States mail, postage prepaid, return receipt requested, and such notice shall be addressed as follows:

Re: Recommendation for Deferral. Address: 3310 E. Davison. Name: Al-Wali Child Care Center. Demolition Ordered: March 16, 2005 (J.C.C. pages 876-879).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on October 16, 2019 revealed that the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, we respectfully recommend that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.

2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits.

- Certificate of Approval as a result of a Housing Inspection.

- Certificate of Compliance, required for all rental properties.

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Honorable City Council:

Re: Recommendation for Deferral.  
Address: 4828 Three Mile Dr. Name: Hoffman Investment Group LLC.  
Demolition Ordered: November 9, 2016 (J.C.C. pages 2109-2117).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection on October 29, 2019 revealed that the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, we respectfully recommend that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.

2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits.
- Certificate of Approval as a result of a Housing Inspection.
- Certificate of Compliance, required for all rental properties.

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Honorable City Council:  
Re: Petition No. 497 — Wayne State University, request for vacation of public alley and easement for rights-of-way located in the Cass Avenue, West Forest Avenue, Second Blvd. and West Hancock block.

Petition No. 497 — Wayne State University (WSU), request to outright vacate the south part of the north-south alley, 17 feet wide, first west of Cass Avenue; also to vacate and convert to easement the north part of the north-south alley, 18 feet wide, first west of Cass Avenue; also to dedicate land for a turnaround in the east-west alley, variable width. All of the alleys in the block of Forest Avenue, 70 feet wide, Hancock Avenue, 70 feet wide, Second Boulevard, 100 feet wide, and Cass Avenue, 80 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made so that Wayne State University can construct a new development known as the "Hilberry Gateway Performance Complex" involving building renovation of the existing Hilberry Theatre; and construction of a 71,300 square foot addition.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW (TED), and City Engineering — DPW (CED). The construction of the proposed turnaround in the alley will be done under plans approved by both TED and CED. Provisions for the turnaround to be constructed under plans approved by TED and permits from CED are a part of the resolution.

Detroit Water and Sewerage Department (DWSD) has no objection to the conversion to easement and outright vacation. The specific DWSD provisions for easements and vacations are included in the resolution.

DTE Energy reports having services in the area. WSU has already made arrangements to relocate the DTE facilities. Provisions to maintain access to DTE facilities in the easement area; and to pay for the removal work for the vacation is a part of the resolution.

AT&T reports having services in the area. WSU has already made arrangements to relocate the AT&T facilities. Provisions to maintain access to AT&T facilities in the easement area; and to pay for the removal work for the vacation is a part of the resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the outright vacation of the public right-of-way, and the conversion of the public right-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
 RICHARD DOHERTY, P.E.  
 City Engineer

beth Street, 60 feet wide, from Woodward Avenue, 120 feet wide, westerly for 220.4 feet toward Park Avenue, 60 feet wide; also to encroach with the building, above grade, in the north 5 feet of the east-west alley, 20 feet wide in the block of Adams Avenue, 60 feet wide, Elizabeth Street, 60 feet wide, Park Avenue, 60 feet wide, and Woodward Avenue, 120 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made as a part of the GPC Adams, LLC Headquarters project.

for pedestrian traffic required by TED are a part of the resolution. Planning and Development Department (PDD) reports that a portion of the site is within the Grand Circus Park Historic District, which will require review and approval by PDD/HDC staff for work done on the exterior of the building. A provision for PDD/HDC approval is a part of the resolution.

Detroit Water and Sewerage Department (DWSD) has no objection to the outright vacation of the public right-of-way, and the encroachments. The specific DWSD provisions for encroachments and vacations are included in the resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the outright vacation of the public right-of-way, and the encroachments. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Honorable City Council:

Re: Petition No. 928 — Giffels Webster, request for various encroachments within Woodward Avenue right-of-way and the adjacent public alley right-of-way.

Correction: Revised resolution to correct error.

Petition No. 928 of Giffels Webster on behalf of 600 Webward LLC, request to install and maintain encroachments with a

canopy on Woodward Avenue between Congress Street and Cadillac Square; also with a pedestrian bridge over the public alley connecting the Vinton building at 600 Woodward Avenue with the First National building parking garage.

The request is being made to rehabilitate an existing building and to provide for parking access at the Vinton Building located at 600 Woodward Avenue.

A resolution granting the petition was approved by your Honorable Body on July 19, 2016 and found in J.C.C. pages 1542-1545.

However, a review by DPW - City Engineering has been made and the resolution as passed was incorrect as it pertained to a different encroachment meant to be considered under petition 736 for encroachments at 1201-1217 Woodward Avenue. The resolution for

encroachment is revocable by your Honorable Body; therefore the recommended corrective action will involve revoking the incorrect resolution, and adopting the appropriate resolution.

I am recommending the corrective action of revoking the previously adopted resolution, and adopting of the attached revised resolution.

Respectfully submitted,

Re: Petition No. 736 — Bedrock Real Estate Services request approval of a permanent encroachment for potential seating along the front of the building located at 1201/1217 Woodward.

Correction: Revised resolution to correct error.

Petition No. 736 — Bedrock Real Estate Services request to install and maintain an encroachment for sidewalk café seating on Woodward Avenue, 120 feet wide, and State Street, 60 feet wide. The request is also to install and maintain encroachments for storefront canopy on Woodward Avenue and a retractable awning at the exit doors in the north-south alley at the rear. All of the encroachments are in the block bounded by State Street, 60 feet wide, and West Grand River, 60 feet wide, Griswold, 60 feet wide, and Woodward Avenue, 120 feet wide.

The request is being made to rehabili-

tate an existing building and to provide for a possible future outdoor café for the building at 1201-1217 Woodward Avenue.

A resolution granting the petition was approved by your Honorable Body on July 19, 2016 and found in J.C.C. pages 1545-1548.

However, a review by DPW — City Engineering has been made and the resolution as passed was incorrect as it pertained to a different encroachment meant to be considered under petition 928 for encroachments at 600 Woodward Avenue. The resolution for encroachment is revocable by your Honorable Body; therefore the recommended corrective action will involve revoking the incorrect resolution, and adopting the appropriate resolution.

I am recommending the corrective action of revoking the previously adopted resolution, and adopting of the attached revised resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.

City Engineering Division — DPW

Re: Slyde Aperitif, LLC. Class C Liquor License

Slyde Aperitif, LLC is renovating the existing structure located at 3700 Third Street near Brainard Street. The building will be part of a mixed-use development that will house multi-family apartments, retail, and an upscale hamburger restaurant.

Slyde has purchased a Tavern Liquor License (beer and wine only) and seeks to transfer it to a full Class C Liquor License (beer, wine, and liquor). The Michigan Liquor Control Commission (the "Commission") is currently phasing out Tavern licenses. The Commission requires Local Government consent to consider approval of a transfer of a beer and wine license to a beer, wine, and liquor license.

We, therefore, request that your Honorable Body issue your consent that the application by Slyde Aperitif LLC for the

transfer of a beer and wine license to a beer, wine, and liquor license to be located at 3700 Third Street, be considered for approval by the Michigan Liquor Control Commission. Additionally, we request that your Honorable Body authorize the Director of the Buildings, Safety Engineering and Environmental Department, or his or her authorized designee, to execute such documents as may be necessary to convey such consent.

### Department of Public Works City Engineering Division

November 22, 2019

Honorable City Council:

Re: Amended and Restated Petition No. 1062 — Detroit Department of Public Works City Engineering Division, request approval of Amended and Restated Resolution relating to the outright vacation of portions of the following streets: De Buel Avenue, Heintz Avenue, and Foster Street, Girardin Street and the outright vacation of certain alleys for the expansion of warehouse facilities for Cedar Investments, LLC.

On October 1, 2019, Detroit City Council approved a resolution relating to Petition No. 1062 submitted by Detroit Department of Public Works City Engineering Division ("CED") on behalf of Crown Enterprises, Inc., ("Crown") which resolution was subsequently recorded in Wayne County Records on October 9, 2019 in Liber 55325, Page 1213 (the "Original Resolution"). It was subsequently determined that the Original Resolution did not include certain provisions agreed to by CED and Crown and further contained certain scrivener's errors with respect to legal descriptions contained therein. Further, Crown's affiliate, Cedar Investments, LLC, ("Cedar") has subsequently acquired fee title to the land adjacent to the impacted rights of way and is now the appropriate petitioner.

CED, on behalf of Crown, respectfully requests that Detroit City Council adopt the attached resolution (the "Amended Resolution"), which Amended Resolution amends and restates and supersedes in its entirety the Original Resolution.

Amended and Restated Petition No. 1062 — Detroit Department of Public Works City Engineering Division on behalf of Cedar Investments, LLC requesting the outright vacation of certain streets and certain alley segments as more particularly described in the attached Amended Resolution, in the area generally bounded by the alley north of De Buel on the north, vacated Sherwood Avenue on the east, Miller Avenue on the south, and New York Central Rail Line on the west.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made for the proposed development of Cedar Investments, LLC's warehouse expansion north side of Miller Avenue. Cedar Investments, LLC shall pay the costs required to abandon and relocate active utility lines in the subject streets and alleys. Alternatively, Cedar Investments, LLC may grant private easements to existing utilities to allow them to remain in place while providing access for repairs or replacement.

The request was approved by the Solid Waste Division — DPW, and City Engineering — DPW. Traffic Engineering Division — DPW (TED).

DTE Energy - Electric objects to the property change. Cedar Investments, LLC continues to work with DTE to make mutually satisfactory arrangements for removal of DTE facilities or granting of a private easement.

Detroit Fire Department (DFD) reports involvement but no objection provided Cedar Investments, LLC maintains emergency vehicle access to all existing building structures and hydrants.

Detroit Water and Sewerage Department (DWSD) has no objection to the requested conversion to easement vacations and outright vacation of alleys, provided certain conditions are met. The specific DWSD conditions and provisions for granting of private easements are included in the resolution. DWSD reports that there are no water mains in the requested outright vacation of streets and alleys. The following conditions have been provided: that the sewers and water mains service no other properties and only service the properties owned by the petitioner, if not the petitioner must prepare relocation plans for the sewer and water mains signed by a registered engineer. DWSD will review the relocated plans, and the Petitioner must grant satisfactory easements for the relocated sewers and water mains where applicable, or obtain Right-of-Way approval for relocation. The Petitioner is to bear the entire cost of the proposed relocation plans, including construction, demolition, permitting, inspection, survey, etc.

All other involved City Departments, and privately owned utility companies informed of this petition have reported no objections to the vacations. Cedar Investments, LLC's commitment to continue working with all involved public and private utilities to protect their installations is incorporated in the attached resolution.

I am recommending adoption of the attached Amended Resolution, which Amended Resolution amends and restates and supersedes in its entirety the Original Resolution, and further respectfully request that your Honorable Body adopt the following Amended Resolution with a Waiver of Reconsideration.

Respectfully submitted,  
 RICHARD DOHERTY, P.E.

City Engineer  
 City Engineering Division — DPW

**Department of Public Works  
City Engineering Division**

November 22, 2019

Honorable City Council:

Re: Amended and Restated Petition No. 1061 — Detroit Department of Public Works City Engineering Division, request for approval of Amended and Restated Resolution relating to conversion to easement portions of the following streets: Marcus Avenue, and Rugg Street, Richardson Street and the outright vacation of Filer Avenue and certain alleys for the development of a parking lot for Cedar Investments, LLC.

On October 1, 2019, Detroit City Council approved a resolution relating to Petition No. 1061 submitted by Detroit Department of Public Works City Engineering Division (“CED”) on behalf of Crown Enterprises, Inc., (“Crown”) which resolution was subsequently recorded in Wayne County Records on October 9, 2019 in Liber 55325, Page 1203 (the “Original Resolution”). It was subsequently determined that the Original Resolution did not include certain provisions agreed to by CED and Crown and further contained certain scrivener’s errors with respect to legal descriptions contained therein. Further, Crown’s affiliate, Cedar Investments, LLC, (“Cedar”) has subsequently acquired fee title to the land adjacent to the impacted rights of way and is now the appropriate petitioner.

CED, on behalf of Crown, respectfully requests that Detroit City Council adopt the attached resolution (the “Amended Resolution”), which Amended Resolution amends and restates and supersedes in its entirety the Original Resolution.

Amended and Restated Petition No. 1061 — Detroit Department of Public Works City Engineering Division on behalf of Cedar Investments, LLC requesting the conversion to easement and the outright vacation of certain streets and certain alley segments as more particularly described in the attached Amended Resolution, in the area generally bounded by Huber Avenue on the north, Mt. Elliot Avenue on the west, Georgia Avenue on the south, and New York Central Rail Line on the east.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made for the proposed development of Cedar Investments, LLC’s parking lot on the east side of Mt. Elliot. Cedar Investments, LLC shall pay the costs required to abandon and relo-

cate active utility lines in the subject streets and alleys. Alternatively, Cedar Investments, LLC may grant private easements to existing utilities to allow them to remain in place while providing access for repairs or replacement.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW (TED), and City Engineering — DPW (CED). The construction of the proposed turnaround on Marcus Avenue upon lots 761 & 835 of Bessenger & Moore’s Mt. Elliot Avenue Sub., L. 33 P. 19, will be done under plans approved by both TED and CED.

Provisions for the turnaround to be constructed under plans approved by TED and permits from CED are a part of the resolution.

DTE Gas Company reports involvement but no objection.

AT&T objects to the property change. Cedar Investments, LLC continues to work with AT&T to make mutually satisfactory arrangements for removal of AT&T facilities or granting of a private easement.

DTE Energy-Electric objects to the property change. Cedar Investments, LLC continues to work with DTE to make mutually satisfactory arrangements for removal of DTE facilities or granting of a private easement.

Detroit Fire Department (DFD) reports involvement but no objection provided Cedar Investments, LLC maintains emergency vehicle access to all existing building structures and hydrants.

Detroit Water and Sewerage Department (DWSD) has no objection to the requested conversion to easement vacations and outright vacation of alleys, provided certain conditions are met. The specific DWSD conditions and provisions for granting of private easements are included in the resolution. DWSD reports that there are water mains in Marcus, Rugg, and Richardson Streets and that for all of the subject alleys the existing sewers can be removed.

All other involved City Departments, and privately owned utility companies informed of this petition have reported no objections to the vacations. Cedar Investments, LLC’s commitment to continue working with all involved public and private utilities to protect their installations is incorporated in the attached resolution.

I am recommending adoption of the attached Amended Resolution, which Amended Resolution amends and restates and supersedes in its entirety the Original Resolution, and further respectfully request that your Honorable Body adopt the Amended Resolution with a Waiver of Reconsideration.

Respectfully submitted,  
RICHARD DOHERTY, P.E.

City Engineer  
City Engineering Division — DPW

**RESOLUTION IN SUPPORT OF RE-ENACTING THE FEDERAL DACA (DEFERRED ACTION ON CHILDHOOD ARRIVALS) PROGRAM IN THE EVENT THAT IT IS STRUCK DOWN BY THE U.S. SUPREME COURT**

By Council Member CASTANEDA-LOPEZ, joined by Council Members McCALISTER, JR., SHEFFIELD and PRESIDENT JONES:

WHEREAS, On September 12, 2017, Detroit City Council unanimously resolved (8-0), through the attached Resolution in

Support of the Federal DACA (Deferred Action on Childhood Arrivals) and the Dreamers, to support the federal DACA program and more than 700,000 "Dreamers", undocumented immigrants to America who arrived here as children and who, although they are therefore generally ineligible to apply for citizenship, in effect have never known any other home except the United States; and

WHEREAS, On November 12, 2019, the Supreme Court of the United States heard oral arguments on the Dreamers' challenge to the Trump administration's ill-conceived discontinuation of DACA, through consolidated appeals from three cases brought in California, New York and the District of Columbia, based on alleged violation of requirements of the Administrative Procedure Act; and

WHEREAS, Detroit City Council agrees with the decisions of lower courts that the administration acted improperly when it canceled DACA, and with Justice Sonia Sotomayor's comment from the bench that "this is not about the law, that this is about our choice to destroy lives"; and

WHEREAS, In the event that the Supreme Court reverses the lower courts' decisions, Detroit City Council strongly urges the administration and Congress to act immediately to reinstate or create DACA-like protections for children and young adults in the United States; and

WHEREAS, Remedial action to reinstate DACA-like protections for these vulnerable, "undocumented and unafraid" young people is a matter of the utmost urgency for the protection of their human rights, as an adverse Supreme Court decision would imminently threaten their security and ability to continue their lives in the United States, and potentially their lives and safety if they were deported to dangerous foreign nations where they may have never lived and have no basis of social support; and

WHEREAS, DACA or similar protections should be reinstated or created because immigration policy should be based on human rights and the nation's needs for the social, economic, educational and human contributions these young people bring to the nation, not on mythical threats to border security, or false claims that immigrants take jobs away from citizens; and

WHEREAS, No human being is "illegal", and undocumented U.S. residents brought here as children who have never lived as adults anywhere else, who have no criminal records, who are constructively engaged, contributing members of American society and meet the other strict DACA requirements, have as much moral and equitable right to live in this country as anyone else; and

WHEREAS, In publicly, fearlessly and relentlessly pursuing protection for their human rights, these young people have established themselves as outstanding role models for all Americans with their demands for social justice and dignity; and

WHEREAS, DACA, the Dreamers, and immediate action to protect them in the event of an adverse Supreme Court ruling, are all directly in the tradition of the best of this country's history of racial, ethnic, and economic struggles for social justice; and

WHEREAS, Eliminating DACA would deprive Detroit, Michigan and the nation at large of the labor of over 700,000 DACA recipients who would lose their work authorizations and therefore be unavailable to legally work, provide services to their clients and customers, drive (in most places), or otherwise constructively participate in day-to-day life; and

WHEREAS, The Trump administration should stop treating the Dreamers as a political football, appealing to xenophobic elements of its political base regardless of the facts and the merits of the Dreamers' human rights, so that even if the Supreme Court fails to follow the legal requirements of the Administrative Procedure Act, Congress and the President should act proactively to prevent terrible injustices; and

NOW, THEREFORE, BE IT

RESOLVED, That Detroit City Council strongly urges Congress and the President, in the event that the U.S. Supreme Court rules against the Dreamers, to reinstate and/or create protections and a pathway to citizenship, including comprehensive immigration reform, and protect the human rights of the Dreamers to maintain their residence in the United States; and

BE IT FURTHER

RESOLVED, That copies of this resolution shall be transmitted to the Mayor, media representatives, the White House, the State Department, the U.S. Attorney General, the Acting Director of U.S. Immigration and Customs Enforcement, the Acting Director of Immigration and Customs Enforcement (ICE), the Acting Director of the Department of Homeland Security (DHS), and the members of the Michigan legislative delegations in the United States House of Representatives and Senate.

#### **RESOLUTION TO SUPPORT THE DRIVE SAFE LEGISLATION**

By Council Member CASTANEDA-LOPEZ, joined by Council Members McCALISTER, JR., SHEFFIELD and PRESIDENT JONES:

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens through Charter-mandated legislative functions; and

WHEREAS, According to the *National Conference of State Legislatures*, 13 states and the District of Columbia currently have laws that do not require applicants to provide proof of U.S. citizenship in order to receive a driver's license; and

WHEREAS, On November 5, 2019, Michigan lawmakers, announced the *DRIVE SAFE* legislation, a four bill package short for (Safety, Access, Freedom, and the Economy); and

WHEREAS, Senate Bill 631 introduced by state Sen. Stephanie Chang (D-Detroit) and its companion legislation in the Michigan House, House Bill 5192 sponsored

Rep. Alex Garza (D-Taylor), would amend the Michigan Vehicle Code to require the Michigan Secretary of State to issue a driver's license to any applicant who meet the age requirement and can prove Michigan residency, including immigrants living in Michigan without legal permission; and

WHEREAS, Undocumented immigrants who are prevented access to a driver's license continue to experience daily anxiety, toxic stress, and perpetual worry that if they drive without a license, they are likely to be targeted and/or detained by federal immigration officials; and,

WHEREAS, Unrelated to citizenship status, undocumented immigrants have the same hopes, fears, and dreams as every other member of our community. We acknowledge their humanity and support them in their struggle for permanent protection, dignity, and respect; and,

WHEREAS, Senate Bill 632 and House Bill 5193, introduced by Sen. Brinks (D-Grand Rapids) and Rep. Hood (D-Grand Rapids) respectively, would modify PA 222 of 1972, the State Personal Identification Card Act, to expand access to standard licenses without the legal presence requirement; and

WHEREAS, If passed, the *DRIVE SAFE* legislation aims to ensure that standard licenses and identification cards would be indistinguishable regardless of whether an individual has a proven legal presence or not. All standard licenses would continue to bear a notation indicating they are not to be used for federal purposes; and

WHEREAS, On October 31, 2019, MLive reports that the concept of *DRIVE SAFE* has received support by Gov. Whitmer. The Governor has expressed to the immigrant rights group *Movimiento Cosecha Michigan* that opening up access to driver's licenses is "something that's important to me, it's important to our economy and it's important to the people of Michigan"; and

WHEREAS, The Detroit City Council is committed to supporting legislation that removes barriers for housing and employment, in an effort to promote inclusion in all aspects of civic life. It is projected that these bills would have a broad positive impact. Suggestions are as follows:

- Allow citizens and currently, eligible immigrants who lack the documentation required by the Secretary of State, to get driver's licenses and state identification cards.

- Widen the insurance pool and lower costs for all Michigan residents due to unlicensed and uninsured drivers submitting fewer claims.

- Promote public safety by ensuring that drivers are trained, screened and tested; law enforcement will be able to more efficiently and effectively identify individuals they stop.

- Increase workforce and economic participation by making it easier for individuals to travel to work, go to the grocery store or doctor, rent an apartment, access health care, purchase insurance, etc. BE IT FINALLY

RESOLVED, That the Detroit City Council endorses passage of House bills 5192 and 5193, and Senate bills 631, and 632.

NOW THEREFORE BE IT

RESOLVED, That copies of this resolution be forwarded to the Mayor, the Detroit delegation in the Michigan Legislature, the Committee on Transportation, Committee on Government Operations and the Governor.

**A RESOLUTION of the  
Detroit City Council  
Designating The City of Detroit as a  
BEE CITY USA® affiliate.**

By Council Member Spivey:

WHEREAS, The mission of BEE CITY USA is to galvanize communities to sustain pollinators, responsible for the reproduction of almost 90% of the world's flowering plant species, by providing them with healthy habitat, rich in a variety of native plants and free to nearly free of pesticides; and

WHEREAS, Thanks to the more than 3,600 species of native bees in the United States, along with introduced honey bees, we have very diverse dietary choices rich in fruits, nuts, and vegetables; and

WHEREAS, Bees and other pollinators have experienced population declines due to a combination of habitat loss, poor nutrition, pesticides (including insecticides, fungicides, and herbicides), parasites, diseases, and climate change; and

WHEREAS, Pollinator-friendly communities can benefit local and regional economies through healthier ecosystems, increased vegetable and fruit crop yields, and increased demand for pollinator-friendly plant materials from local growers; and

WHEREAS, Ideal pollinator-friendly habitat (A) is comprised of mostly native wildflowers, grasses, vines, shrubs, and trees blooming in succession throughout the growing season to provide diverse

and abundant nectar and pollen, since many wild pollinators prefer or depend on the native plants with which they co-adapted; (B) is free to nearly free of pesticides, as many pesticides can harm pollinators and/or their habitat; (C) comprises undisturbed spaces (leaf and brush piles, unmown fields or field margins, fallen trees and other dead wood) for nesting and overwintering; and (D) provides connectivity between habitat areas to support pollinator movement and resilience; and

WHEREAS, Integrated Pest Management (IPM) is a long-term approach to maintaining healthy landscapes and facilities that minimizes risks to people and the environment by: identifying and removing the causes of pest problems rather than only attacking the symptoms (the pests); employing pests' natural enemies along with cultural, mechanical, and physical controls when prevention is not enough; and using pesticides only when no other method is feasible or effective; and

WHEREAS, Supporting pollinators fosters broad-based community engagement in environmental awareness and sustainability; and

NOW, THEREFORE BE IT

RESOLVED, That the City of Detroit supports the certification of the City of Detroit as a BEE CITY USA community

ADOPTED by the Detroit City Council on this 26th day of November, 2019.
