**Planning & Development Department**

March 4, 2019

Honorable City Council:

Re: Surplus Property Sale — 13205 Dexter.

The Planning and Development Department is in receipt of an Offer from Tyrone Dozier to purchase, 13205 Dexter, located on the west side of Dexter, between Tyler and Waverly, for the amount of Seven Thousand and 00/100 Dollars (\$7,000.00). This property consists of a one story commercial building, located on an area of land containing approximately 2,733 square feet and zoned B-4 (General Business District).

The Offeror proposes to use of the property as a clothing resale shop. Any proposed use of the property shall be consistent with the allowable uses for which the property is zoned.

We, therefore, request that your Honorable Body adopt the sale and authorize the Planning and Development Department Director, or his authorized designee, to issue a quit claim deed to the property and such other documents as may be necessary to effectuate the sale, to Tyrone Dozier, for the sales price of \$7,000.00.

Respectfully submitted,

MAURICE COX

Director

Planning & Development Department  
By Council Member Tate:

Whereas, The City of Detroit Planning and Development Department ("P&DD") has received an offer from Tyrone Dozier ("Offeror") requesting the conveyance by the City of Detroit of real property having a street address of 13205 Dexter (the "Property"), more particularly described in the attached Exhibit A; and

Whereas, This property consists of a one story commercial building, located on an area of land containing approximately 2,733 square feet and zoned B-4 (General Business District); and

Whereas, Any use of the property shall be consistent with the allowable uses for which the property is zoned;

Now, Therefore, Be It Resolved, that in accordance with the Offer to Purchase and the foregoing communication, the Planning and Development Department Director, or his authorized designee, be and is hereby authorized to issue a quit claim deed to 13205 Dexter, the property more particularly described in the attached Exhibit A, and such other documents as may be necessary to effectuate the sale, to Tyrone Dozier, for the amount of \$7,000; and be it

Resolved, That the Director of the Planning and Development Department, or his authorized designee, be and is hereby authorized to execute any required instruments to make or incorporate technical

amendments or changes to the deed and such other documents as may be necessary to effectuate the sale (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Property, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it finally;

Resolved, That the deed and such other documents necessary to effectuate the sale, will be considered confirmed when signed and executed by the Planning and Development Department Director, or his authorized designee, and approved by Corporation Counsel as to form.

**Department of Public Works  
City Engineering Division**

February 12, 2019

Honorable City Council:

Re: Petition No. 354 — Marathon Petroleum Company request permission to vacate a section of Oakwood from the intersection of Dix and Oakwood to the north for 1,872.82 ft. and alleys between Sanders and Oakwood.

**Correction: Minor error in one part of a legal description.**

Petition No. 354 Mannik Smith Group on behalf of Marathon Petroleum LP request City Council to accept the dedication of certain lands for public street purposes being the Oakwood Avenue reroute, also requesting the vacation and conversion to easement of part of Oakwood Avenue and two public alleys, all in the area of Dix Avenue, Oakwood Avenue, and Sanders Avenue. Additionally the Department of Public Works is requesting to convert an existing greenbelt into public right-of-way from the Oakwood Avenue reroute to the Rouge River near Powell Avenue.

The dedication and conversion to easement requested by Mannik Smith Group on behalf of Marathon Petroleum LP is being proposed in order to integrate a planned new administration campus into the existing refinery and for the benefit of creating a larger buffer between the traveling public and the existing refinery.

A resolution granting the petition was approved by your Honorable Body on October 28, 2014 and found in J.C.C. pages 2214-2228.

However, a review by DPW-City Engineering has been made and a minor correction to one legal description is needed and is herewith added as a part of this corrective resolution. The revised legal description is represented **in bold and underlined**. All deletions are represented in ~~bold and strike through~~.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.  
City Engineer  
City Engineering Division — DPW

13, Page 36, Plats, Wayne County Records; also including the westerly part of the alley "allocated from the Oakwood Playfield to make the North-South alley between Oakwood and Sanders a uniform width of 20 feet" action taken by Common Council of the City of Detroit, as recorded in the Journal of Common Council on February 13, 1957 on pages 240 and 241, including the so-called 1 foot wide "spite strip" originally platted as a surplus strip in the "Oakwood Subdivision on the P.C.'s 50, 524 and 241, River Rouge, (Now Detroit), T2S, R11E, Wayne County, Michigan" as recorded in Liber 13, Page 36, Plats, Wayne County Records.

Be and the same are hereby vacated as public rights-of-way and are hereby converted into private easements for public utilities of the full width of the rights-of-way, which easements shall be subject to the following covenants and agreements, uses, reservations and regulations, which shall be observed by the owners of the lots abutting on said street and by their heirs, executors, administrators and assigns, forever to wit:

First, Said owners hereby grant to and for the use of the public easement or right-of-way over said vacated public alleys herein above described for the purposes of maintaining, installing, repairing, removing, or replacing public utilities such as water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or things usually placed or installed in a public street in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth,

Second, Said utility easement or right-of-way in and over said vacated street and alleys herein above described shall be forever accessible to the maintenance and inspection forces of the utility companies, or those specifically authorized by them, for the purpose of inspecting, installing, maintaining, repairing, removing, or replacing any sewer, conduit, water main, gas line or main, telephone or light pole or any utility facility placed or installed in the utility easement or right-of-way. The utility companies shall have the right to cross or use the driveways and yards of the adjoining properties for ingress and egress at any time to and over said utility easement with any necessary equipment to perform the above mentioned task, with the understanding that the utility companies shall use due care in such crossing or use, and that any property damaged by the utility companies, other than that specifically prohibited by this resolution, shall be restored to a satisfactory condition,

Third, Said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including, but not limited to, concrete

slabs or driveways, retaining or partition walls, shall be built or placed upon said easements, nor change of surface grade made, without prior approval of the City Engineering Division - DPW,

Fourth, That if the owners of any lots abutting on said vacated street and alleys shall request the removal and/or relocation of any existing poles or other utilities in said easement, such owners shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners,

Fifth, That if any utility located in said property shall break or be damaged as a result of any action on the part of said owners or assigns (by way of illustration but not limitation) such as storage of excessive weights of materials or construction not in accordance with Section 3, mentioned above, then in such event said owners or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility; and further

Provided, That an easement, the full width of the existing right-of-way, is reserved for the Detroit Water and Sewerage Department for the purpose of installing, maintaining, repairing, removing, or replacing any sewers, water mains, fire hydrants and appurtenances, with the right of ingress and egress at any time to, and over said easement for the purpose above set forth; and be it further

Provided, That free and easy access to the sewers, water mains, fire hydrants and appurtenances within the easement is required for Detroit Water and Sewerage Department equipment, including the use of backhoes, bulldozers, cranes or pipe trucks, and other heavy construction equipment, as necessary for the alteration or repair of the sewer or water main facilities; and be it further

Provided, That the Detroit Water and Sewerage Department retains the right to install suitable permanent main location guide post over its water mains at reasonable intervals and at points deflection; and be it further

Provided, That said owners of the adjoining property, for themselves, their heirs and assigns, agree that no building or structure of any nature whatsoever, including porches, patios, balconies, etc., shall be built upon or over said easement, or that no grade changes or storage of materials shall be made within said easement without prior written approval and agreement with the Detroit Water and Sewerage Department; and be it further

Provided, That the Public Lighting Department requires that no structures or barricades be built over PLD installations or on existing utility easement areas. As per PLD requirements, any structure proposed to be built shall maintain 10 feet horizontal clearance from the overhead

PLD lines and installations also any structure proposed to be built shall maintain a minimum of 3 feet horizontal clearance and 12 feet vertical clearance from the PLD conduit bank and manholes. The contractor should take necessary precautions not to damage PLD utilities, if they plan to use heavy earth moving equipment. The contractor will be liable for any damages to any PLD underground facilities. PLD requires unrestricted easement rights with 24-hour heavy vehicle access in order to maintain their facilities; and be it further

Provided, That if any time in the future, the owners of any lots abutting on said vacated street or alleys shall request the removal and/or relocation of the aforementioned utilities in said easements, such owners shall pay all costs incident to such removal and/or relocation. It is further provided that if sewers, water mains, and/or appurtenances in said easement shall break or be damaged as a result of any action on the part of the owner, or assigns, then in such event, the owner or assigns shall be liable for all costs incident to the repair of such broken or damaged sewers and water mains, and shall also be liable for all claims for damages resulting from his action; and be it further

Provided, That the City of Detroit retains a temporary easement for vehicular and pedestrian traffic on that part of Oakwood Avenue vacated and converted to easement; this easement shall remain in effect until the new Oakwood reroute described in the dedication portion of this resolution is fully open to vehicular and pedestrian traffic. At the opening of the rerouted Oakwood Avenue this temporary easement shall be extinguished and the full closure of the Old Oakwood to vehicular and pedestrian traffic will take effect subject to easement rights contained herein; and be it further

Provided, That if it becomes necessary to remove the paved alley returns at the entrances (into Oakwood Avenue or Sanders Avenue), such removal and construction of new curb and sidewalk shall be done under city permit and inspection according to City Engineering Division - DPW specifications with all costs borne by the abutting owner(s), their heir or assigns; Also,

Whereas, The City of Detroit is planning to develop a dedicated bicycle path from Oakwood Avenue at Sanders Avenue along an existing greenbelt to the Rouge River near Fordson Island; and

Whereas, The City of Detroit has retained ownership of greenbelt property with sales of the adjoining land; and, the proposed bicycle path may be funded using sources restricted for improvements in the public right-of-way; Therefore be it,

Resolved, That your Honorable Body

authorize the conversion of the following described City of Detroit owned greenbelt properties into dedicated public right-of way:

**Legal Description of "Sanders Colonial Greenbelt" to be converted into dedicated public right-of-way.**

Land in the City of Detroit, Wayne County, Michigan being a continuous strip of land, 30 feet wide, originally set aside as a greenbelt by acts of City Council; and being part of Private Claim Number 50 and beginning at Sanders Avenue, 60 feet wide, near its intersection with Colonial Avenue, 60 feet wide and extending northeasterly to the Rouge River at a point northeasterly of Powell Avenue, 50 feet wide, and being more particularly described as follows:

1. All that part of the land retained for greenbelt purposes, 30 feet wide, per resolution of the Detroit Common Council on January 20, 1953 and recorded in J.C.C. pages 138 and 139: "Resolved, That the 4.15 acre parcel of land extending 363 feet north of Sanders Avenue, excepting a strip 39 feet in width along the east side reserved for greenbelt and alley purposes be here and the same released for sale." Also,

2. All that part of the land reserved for greenbelt purposes, 30 feet wide, as described in the Journal of Common Council, on August 28, 1951 J.C.C. pages 1996 and 1997: "Resolved that the southerly 9 feet of the 9.38 acre site lying north of Oakwood Avenue and east of the Wabash Railroad be and the same is hereby allocated for alley purposes and the 30 foot strip of land immediately adjoining this 9 foot strip is hereby assigned to the Department of Parks and Recreation for development of a greenbelt" Also,

3. All that part of the land reserved for greenbelt purposes, 30 feet wide, as described in a deed accepted by Detroit Common Council and described in the Journal of Common Council, October 16, 1951 on J.C.C. page 2396: "All that part of the West 1/2 of Private Claim 50, City of Detroit, Wayne County Michigan described as follows: Beginning at a point in the intersection of the north line extended easterly of Ormond Avenue, 66 feet wide as platted in the G. W. Zanger Oakwood

Subdivision, as recorded in Liber 43, of Plats, Page 40, Wayne County Records, with the West line of Oakwood Subdivision as recorded in Liber 13 of Plats, Page 36 Wayne County Records, said point of beginning being distant South 57 degrees, 58 minutes, 24 seconds East 576.72 feet from the intersection of the west line of said Private Claim 50 with the north line, extended of said Ormond Avenue; thence along the west line of said Oakwood Subdivision North 31 Degrees, 47 minutes, 34 seconds East 477.75 feet to a point in the south bank of the River Rouge; thence along the south bank of the River Rouge North 43 degrees, 28 minutes, 53 seconds West, 40.33 feet; thence along a line 39 feet west of and parallel to the west line of Oakwood Subdivision, South 31 degrees, 47 minutes, 34 seconds West 487.84 feet to a point in the extended north line of Ormond Avenue as platted in the G. W. Zanger Oakwood Subdivision; thence along a line South 57 degrees, 58 minutes, 24 seconds East, 39.00 feet to the point of beginning"

Also,

Whereas, The rerouting of Oakwood Avenue and the dedication of the greenbelt into public rights-of-way require the naming of these rights-of-way. And,

Whereas, In considering the naming it is desirable to take into account the continuity of the streets in the area; and so existing names are being adopted for use in the newly configured rights-of-way. Therefore be it,

Resolved, The New Streets shall be named as follows:

The newly dedicated areas of the Oakwood Avenue reroute, together with Sanders Avenue from the North line of Colonial Avenue to Dix Avenue shall be named: **Oakwood Avenue**. The remaining portion of Oakwood Avenue from the newly rerouted portion of said Oakwood Avenue westerly past Sanders Avenue and up to the vacated part of Oakwood Avenue shall be named: **Old Oakwood Avenue**. The newly converted greenbelt from the Oakwood Avenue reroute to the Rouge River shall be named **Sanders Avenue**.

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

City Engineering Division**

February 11, 2019

Honorable City Council:

Re: Petition No. 315 — Marathon Petroleum Company, LP, request to vacate alleys between Ormond and Oakwood, and between Norway and existing public ROW.

Petition No. 315 — Marathon Petroleum Company, LP requesting the vacation and conversion to easement of: The east-west public alley, 20 feet wide, in the block of Oakwood Boulevard, 100 feet wide, Colonial Avenue, 66 feet wide, and Ormond Avenue, 66 feet wide. Also the east-west public alley, 20 feet wide, in the block of Oakwood Boulevard, 100 feet wide, Colonial Avenue, 66 feet wide, and Norway Avenue, 60 feet wide and north-south alley, 18 feet wide, first west of Norway Avenue.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made to consolidate properties on both sides of the alleys. Currently the alleys are not improved and are used for utility services only.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW, and City Engineering — DPW.

Detroit Water and Sewerage Department (DWSD) has no objection to the conversion to easement. The specific DWSD provisions for easements are included in the resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the conversion of the public right-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.

City Engineer

City Engineering Division — DPW  
By Council Member Benson:

Resolved, That The east-west public alley, 20 feet wide, in the block of Oakwood Boulevard, 100 feet wide, Colonial Avenue, 66 feet wide, and Ormond Avenue, 66 feet wide. Also the east-west public alley, 20 feet wide, in the block of Oakwood Boulevard, 100 feet wide, Colonial Avenue, 66 feet wide, and Norway Avenue, 60 feet wide and north-south alley, 18 feet wide, first west of Norway Avenue and further described as:

Land in the City of Detroit, Wayne County, Michigan being the east-west alley, lying northerly of and adjoining the northerly line of part of Lot 269 and all of Lots 270 through 283, both inclusive, also

lying southerly of and adjoining the southerly line of Lots 368, through 381, both inclusive, and part of Lot 382 "Oakwood on P.C.'s 50, 524, and 119, River Rouge (now Detroit) T.1S. R.11E. Wayne County, Michigan" as recorded in Liber 13, Page 36 of Plats, Wayne County Records; All being further bounded on the east by the westerly line of Ormond Avenue, 60 feet wide; and on the west by the northerly line of Oakwood Boulevard, 100 feet wide, as established on October 28, 2014 recorded in Journal of City Council pages 2214-2228.

Land in the City of Detroit, Wayne County, Michigan being the east-west alley, lying northerly of and adjoining the northerly line of Lots 400 through 406, both inclusive, and lying southerly of and adjoining the southerly line of Lot 513 "Oakwood on P.C.'s 50, 524, and 119, River Rouge (now Detroit) T.1S. R.11E. Wayne County, Michigan" as recorded in Liber 13, Page 36 of Plats, Wayne County Records; All being further bounded on the east by the westerly line of Norway Avenue, 60 feet wide; and on the west by the easterly line of north-south alley, 18 feet wide, first west of Norway Avenue.

Be and the same are hereby vacated as a public rights-of-way and converted into a private easements for public utilities of the full width of the rights-of-way, which easement shall be subject to the following covenants and agreements, uses, reservations and regulations, which shall be observed by the owners of the lots abutting on said right-of-way and by their heirs, executors, administrators and assigns, forever to wit:

First, Said owners hereby grant to and for the use of the public an easement or right-of-way over said vacated public alleys herein above described for the purposes of maintaining, installing, repairing, removing, or replacing public utilities such as water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or things usually placed or installed in a public right-of-way in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth,

Second, Said utility easement or right-of-way in and over said vacated alleys herein above described shall be forever accessible to the maintenance and inspection forces of the utility companies, or those specifically authorized by them, for the purpose of inspecting, installing, maintaining, repairing, removing, or replacing any sewer, conduit, water main, gas line or main, telephone or light pole or any utility facility placed or installed in the utility easement or right-of-way. The utility companies shall have the right to cross or use the driveways and yards of the adjoining properties for ingress and egress at any time to and over said utility easement

with any necessary equipment to perform the above mentioned task, with the understanding that the utility companies shall use due care in such crossing or use, and that any property damaged by the utility companies, other than that specifically prohibited by this resolution, shall be restored to a satisfactory condition,

Third, Said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including, but not limited to, concrete slabs or driveways, retaining or partition walls (except necessary line fences or gates), shall be built or placed upon said easement, nor change of surface grade made, without prior approval of the City Engineering Division — DPW,

Fourth, That if the owners of any lots abutting on said vacated alleys shall request the removal and/or relocation of any existing poles or other utilities in said easement; such owners shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners,

Fifth, That if any utility located in said property shall break or be damaged as a result of any action on the part of said owners or assigns (by way of illustration but not limitation) such as storage of excessive weights of materials or construction not in accordance with Section 3, mentioned above, then in such event said owners or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility; and

Provided, That the petitioner maintain Fire Department vehicle access to all buildings, structures, fire hydrants, and fire department connections, and further

Provided, That the property owners maintain DTE Energy access to their facilities at all times, and further

Provided, That an easement, the full width of the existing right-of-way, is reserved for the Detroit Water and Sewerage Department for the purpose of installing, maintaining, repairing, removing, or replacing any sewers, water mains, fire hydrants and appurtenances, with the right of ingress and egress at any time to, and over said easement for the purpose above set forth; and be it further

Provided, That free and easy access to the sewers, water mains, fire hydrants and appurtenances within the easement is

required for Detroit Water and Sewerage Department equipment, including the use of backhoes, bull dozers, cranes or pipe trucks, and other heavy construction equipment, as necessary for the alteration or repair of the sewer or water main facilities; and be it further

Provided, That the Detroit Water and Sewerage Department retains the right to install suitable permanent main location guide post over its water mains at reasonable intervals and at points deflection; and be it further

Provided, That said owners of the adjoining property, for themselves, their heirs and assigns, agree that no building or structure of any nature whatsoever, including porches, patios, balconies, etc., shall be built upon or over said easement, or that no grade changes or storage of materials shall be made within said easement without prior written approval and agreement with the Detroit Water and Sewerage Department; and be it further

Provided, That if any time in the future, the owners of any lots abutting on said vacated alleys shall request the removal and/or relocation of the aforementioned utilities in said easement, such owners shall pay all costs incident to such removal and/or relocation. It is further provided that if sewers, water mains, and/or appurtenances in said easement shall break or be damaged as a result of any action on the part of the owner, or assigns, then in such event, the owner or assigns shall be liable for all costs incident to the repair of such broken or damaged sewers and water mains, and shall also be liable for all claims for damages resulting from his action; and be it further

Provided, That if it becomes necessary to remove any of the paved alley returns at the entrances (into Oakman Boulevard and/or Ormand Avenue and/or Norway Avenue) such removal and construction of new curb and sidewalk shall be done under city permit and inspection according to City Engineering Division — DPW specifications with all costs borne by the abutting owner(s), their heir or assigns; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

Detroit Water and Sewerage Department (DWSD) has no objection to the conversion to easement. The specific DWSD provisions for easements are included in the resolution. DTE Energy — Electric reports having facilities in the subject streets. Provisions for DTE to have unimpeded access to maintain their facilities are a part of the resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the conversion of the public rights-of-way into private easements for public utilities. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.  
City Engineer

First, Said owners hereby grant to and for the use of the public an easement or right-of-way over said vacated public streets herein above described for the purposes of maintaining, installing, repairing, removing, or replacing public utilities such as water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or things usually placed or installed in a public right-of-way in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth,

Second, Said utility easement or right-of-way in and over said vacated streets herein above described shall be forever accessible to the maintenance and inspection forces of the utility companies, or those specifically authorized by them, for the purpose of inspecting, installing, maintaining, repairing, removing, or replacing any sewer, conduit, water main, gas line or main, telephone or light pole or any utility facility placed or installed in the utility easement or right-of-way. The utility companies shall have the right to cross or use the driveways and yards of the adjoining properties for ingress and egress at any time to and over said utility easement with any necessary equipment to perform the above mentioned task, with the understanding that the utility companies shall use due care in such crossing or use, and that any property damaged by the utility companies, other than that specifically prohibited by this resolution, shall be restored to a satisfactory condition,

Third, Said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including, but not limited to, concrete slabs or driveways, retaining or partition walls (except necessary line fences), shall be built or placed upon said easements, nor change of surface grade made, without prior approval of the City Engineering Division — DPW,

Fourth, That if the owners of any lots abutting on said vacated streets shall request the removal and/or relocation of any existing poles or other utilities in said easement; such owners shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners,

Fifth, That if any utility located in said property shall break or be damaged as a result of any action on the part of said owners or assigns (by way of illustration

but not limitation) such as storage of excessive weights of materials or construction not in accordance with Section 3, mentioned above, then in such event said owners or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility; and

Provided, That the petitioner maintain Fire Department vehicle access to all buildings, structures, fire hydrants, and fire department connections, and further

Provided, That an easement, the full width of the existing right-of-way is reserved for DTE Electric Company (DTE) for the purpose of installing, maintaining, repairing, removing, or replacing any overhead and underground utilities facilities which may consist of underground vaults, pipelines, poles, guys, anchors, wires, manholes, conduits, pipes, cables, transformers, and accessories (collectively DTE facilities) with the right of ingress/egress at any time to, and over said easement for the purpose above set forth, and further

Provided, That free and easy access (i.e. gated access with DTE locks at all ends of the easement) to the DTE facilities and within the easement is reserved for DTE equipment including the use of backhoes, bull dozers, cranes or pipe trucks, and other heavy construction equipment, as necessary for the alteration or repair of the facilities, and further

Provided, Said owners of the adjoining property for themselves, their heirs and assigns further agree that no buildings or structures of any nature whatsoever including, but not limited to, concrete slabs or driveways, retaining or partition walls, shall be built or placed upon said easements, nor changes or storage of materials, shall be made within said easement without prior written approval of DTE, and further

Provided, That an easement, the full width of the existing right-of-way, is reserved for the Detroit Water and Sewerage Department for the purpose of installing, maintaining, repairing, removing, or replacing any sewers, water mains, fire hydrants and appurtenances, with the right of ingress and egress at any time to, and over said easement for the purpose above set forth; and be it further

Provided, That free and easy access to

the sewers, water mains, fire hydrants and appurtenances within the easement is required for Detroit Water and Sewerage Department equipment, including the use of backhoes, bull dozers, cranes or pipe trucks, and other heavy construction equipment, as necessary for the alteration or repair of the sewer or water main facilities; and be it further

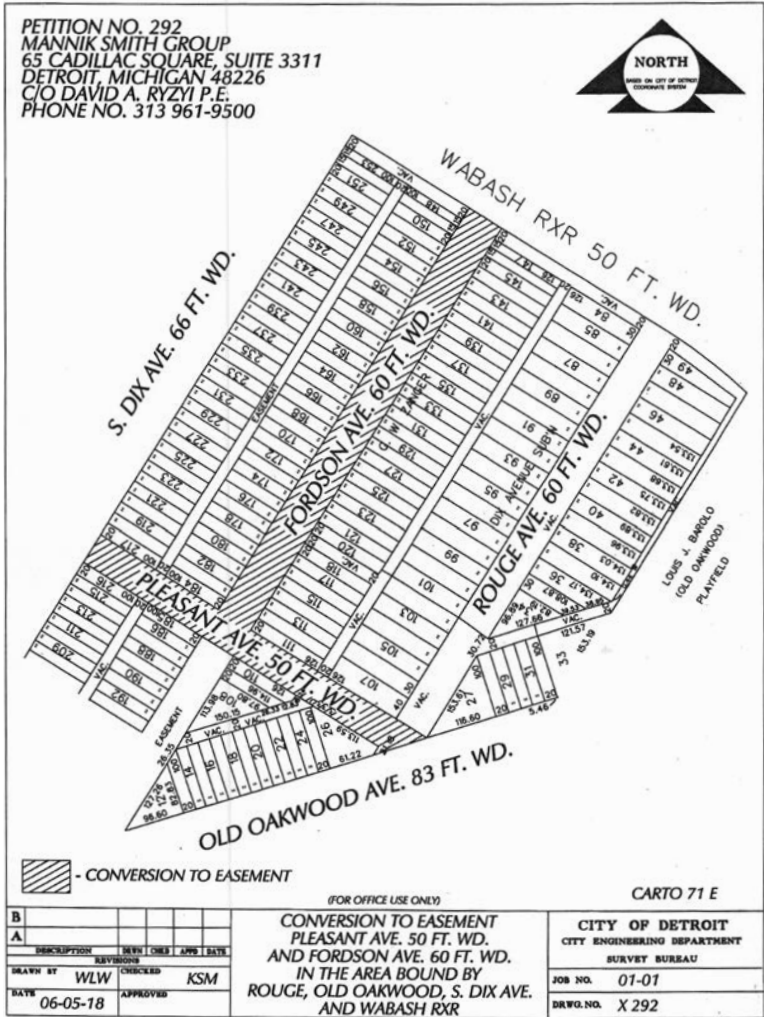

Provided, That the Detroit Water and Sewerage Department retains the right to install suitable permanent main location guide post over its water mains at reasonable intervals and at points deflection; and be it further

Provided, That said owners of the adjoining property, for themselves, their heirs and assigns, agree that no building or structure of any nature whatsoever, including porches, patios, balconies, etc., shall be built upon or over said easement, or that no grade changes or storage of materials shall be made within said easement without prior written approval and agreement with the Detroit Water and Sewerage Department; and be it further

Provided, That if any time in the future, the owners of any lots abutting on said vacated street shall request the removal and/or relocation of the aforementioned utilities in said easement, such owners shall pay all costs incident to such removal and/or relocation. It is further provided that if sewers, water mains, and/or appurtenances in said easement shall break or be damaged as a result of any action on the part of the owner, or assigns, then in such event, the owner or assigns shall be liable for all costs incident to the repair of such broken or damaged sewers and water mains, and shall also be liable for all claims for damages resulting from his action; and be it further

Provided, That if it becomes necessary to remove any of the paved street return at the entrance (into Dix Avenue) such removal and construction of new curb and sidewalk shall be done under city permit and inspection according to City Engineering Division — DPW specifications with all costs borne by the abutting owner(s), their heir or assigns; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

February 27, 2019

Honorable City Council:  
 Re: Petition No. 498 — Cass Willis LLC, request to dedicate a Public Easement on property located at 4201 Cass and 402-422 Willis.

Petition No. 498 — Cass Willis LLC, request to dedicate a public access easement, 6 feet wide, on the northerly part of the existing easement portion of Willis Avenue, formerly 100 feet wide, now 60 feet wide; and lying westerly of Cass

Avenue, 80 feet wide, and lying easterly of the north-south public alley, 20 feet wide, first west of Cass Avenue.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

Your Honorable Body narrowed some streets by vacating strips of land on July 21, 2015 (Petition No. 381) in J.C.C. pages 1310-1312. On Willis Avenue near Cass Avenue a strip 21 feet wide was vacated. There was supposed to still be 10 feet for pedestrian travel in back of the curb, but this location already had angle parking allowed in back of the curb. The petition to grant the City a pedestrian access easement will resolve the issue of allowing the existing parking while still maintaining a safe pedestrian sidewalk.

At this time Cass Willis LLC wants to grant to the City of Detroit an Easement for Public Access and Use. A Maintenance Agreement will be executed to include the subject easement area. The request was approved by City Engineering — DPW, and Traffic Engineering — DPW, and the City of Detroit Law Department.

All other involved City Departments, and privately owned utility companies have reported no objections to the public access easement. Provisions retaining protection of the existing utility installations are part of the attached resolution..

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.

City Engineer

City Engineering Division — DPW  
By Council Member Benson:

Whereas, Cass Willis LLC is the owner of interest in 4201 Cass Avenue, and 402-422 Willis Avenue, which is located on the northerly part of the existing easement portion of Willis Avenue, formerly 100 feet wide, now 60 feet wide; and lying westerly of Cass Avenue, 80 feet wide, and lying easterly of the north-south public alley, 20 feet wide, first west of Cass Avenue and wishes to grant to the City of Detroit a 6 foot wide perpetual easement for public access and use; and

Whereas, The easement agreement has the approval of the Law Department and Department of Public Works — City Engineering Division; and

Whereas, Cass Willis LLC as the owner of interest wishes to execute a Maintenance Agreement to the City of Detroit for the 6 foot wide perpetual easement for public access and use;

Now therefore be it

Resolved, That the 6 foot wide strip of land described as: Land in the City of Detroit, Wayne County, Michigan being part of the existing easement on the northerly portion of Willis Avenue, formerly 100 feet wide, now 60 feet wide; and lying westerly of Cass Avenue, 80 feet wide, and lying easterly of the north-south public alley, 20 feet wide, of first west of Cass Avenue being the southerly 6 feet of the northerly 18 feet of Willis Avenue as platted, 100 feet wide, lying South of Lot 1 Block 97 "Subdivision of Blocks 97 and 98

of the Cass Farm" as recorded in Liber 1, Page 259 of Plats, Wayne County Records; further described as: Commencing at the southeast corner of above said Lot 1; thence S22°56'12"E along the westerly line of Cass Avenue, 12.00 feet to the Point of Beginning; thence S67°04'20"W 150.00 feet; thence S22°56'12"E 6.00 feet; thence N67°04'20"E 150.00 feet to the westerly line of Cass Avenue; thence N22°56'12"W along the westerly line of Cass Avenue 6.00 feet to the Point of Beginning. Bearings based on City of Detroit coordinate system.

Be and the same is hereby granted to and accepted by the City of Detroit as an Easement for Public Access and Use, subject to the following provisions:

Provided, That Cass Willis LLC execute a maintenance agreement to include the Easement for Public Access and Use; and further

Provided, That the Agreement granting the Easement for Public Access and Use is executed by the petitioner in a form approved by the City of Detroit Law Department; and further

Provided, That all provisions protecting utility installations contained in the resolution approved by Detroit City Council on July 21, 2015 (Petition No. 381) in Journal of City Council pages 1310-1312 shall remain in full force and effect; and further

Provided, The petitioner shall construct and maintain the sidewalk, 6 feet wide, clear of all obstructions for the safe passage of pedestrians; and further

Provided, The abutting property owners, contractors or assigns call MISS DIG to mark utility installations prior to construction; and further

Provided, That the necessary permits shall be obtained from the City Engineering Division — DPW for any construction work in the easement. The sidewalk including any ADA compliant ramps shall be constructed and maintained under their rules and regulations; and further

Provided, That all cost for the construction, maintenance, permits and use shall be borne by Cass Willis LLC or their assigns, and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

Honorable City Council:  
 To your Committee of the Whole was referred Petition of The Detroit Jazz Festival Foundation (#635), request to hold "2019 Detroit Jazz Festival" at Hart Plaza, on Woodward Avenue and Cadillac Square on August 30 - September 2, 2019 from 11:00 A.M. to 11:00 P.M. each day with

various street closures. Set up begins August 22, 2019 and tear down ends September 6, 2019. After consultation with the Mayor's Office and careful consideration of the request, your committee recommends that same be granted in accordance with the following resolution.

Respectfully submitted,  
 MARY SHEFFIELD  
 Chairperson

By Council Member Sheffield:

Resolved, That permission be and is hereby granted to Petition of The Detroit Jazz Festival Foundation (#635), request to hold "2019 Detroit Jazz Festival" at Hart Plaza, on Woodward Avenue and Cadillac Square on August 30 - September 2,

2019 from 11:00 A.M. to 11:00 P.M. each day with various street closures. Set up begins August 22, 2019 and tear down ends September 6, 2019, and further

Resolved, That the Buildings, Safety Engineering & Environmental Department is hereby authorized and directed to waive the zoning restrictions on said property during the period of the festival.

Provided, That the sale of food and soft drinks is held under the direction and inspection of the Health Department, and further

Provided, That permission for the sale of alcoholic beverages is granted contingent upon petitioner obtaining approval of the Michigan Liquor Control Commission and complying with applicable City ordinances in connection with this activity, and further

Provided, That the required permits be secure should any tents or temporary installations such as liquefied Petroleum Gas Systems be used, and further

Provided, That said activity is conducted under the rules and regulations of the concerned departments and supervision of the Police Department, and further

Provided, That such permission is granted with the distinct understanding that petitioner assumes full responsibility for any and all claims, damages or expenses that may arise by reason of the granting of said petition, and further

Provided, the site be returned to its original condition after said activity, and further

Provided, That this resolution is revocable at the will, whim or caprice of the City Council.

 Office of Development and Grants**

February 27, 2019

Honorable City Council:

Re: Authorization to submit a grant application to the Michigan Department of Natural Resources for the FY 2019 Trust Fund Grant for Farwell Park

The General Services Department is hereby requesting authorization from Detroit City Council to submit a grant application to the Michigan Department of Natural Resources for the FY 2019 Trust Fund Grant for Farwell Park. The amount being sought is \$300,000.00. The State share is 60 percent or \$300,000.00 of the approved amount, and there is a cash match contribution of 40 percent or \$200,000.00. The total project cost is \$500,000.00.

The FY 2019 Trust Fund Grant for Farwell Park will enable the department to:

- Make renovations to Farwell Park by creating a soccer hub at the park, complete with amenities.

If the application is approved, a cash match will be provided from appropriation 21001.

We respectfully request your approval to submit the grant application by adopting the attached resolution.

Sincerely,  
 RYAN FRIEDRICH  
 Director

Office of Development and Grants  
 By Council Member Sheffield:

Whereas, The General Services Department has requested authorization from City Council to submit a grant application to the Michigan Department of Natural Resources, for the FY 2019 Trust Fund Grant for Farwell Park, in the amount of \$300,000.00, to make renovations to Farwell Park by creating a soccer hub at the park, complete with amenities; and

Whereas, The General Services Department has \$200,000.00 available in its FY 2019 Departmental allocation in appropriation 21001, for the City match contribution for the FY 2019 Trust Fund Grant for Farwell Park; and

Whereas, This request has been approved by the Office of the Budget; now  
 Therefore Be It

Resolved, The General Services Depart-

ment is hereby authorized to submit a grant application to the Michigan Department of Natural Resources for the FY 2019 Trust Fund Grant for Farwell Park.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, Leland, McCalister, Jr., Sheffield, Spivey, Tate and President Jones — 7.

Nays — None.

\*WAIVER OF RECONSIDERATION (No. 14) Per motions before adjournment.

**PRESIDENT'S REPORT ON STANDING COMMITTEE REFERRALS AND OTHER MATTERS**

**BUDGET, FINANCE AND AUDIT STANDING COMMITTEE**

By ALL COUNCIL MEMBERS:

THE FOLLOWING ITEMS ARE TO BE REFERRED TO THE BUDGET, FINANCE AND AUDIT STANDING COMMITTEE: LEGISLATIVE POLICY DIVISION

1. Submitting report relative to Detroit Public Library Supplemental Funding. **(The Detroit Public Library is a publicly funded, independent, municipal corporation. The DPL is governed by a seven member Detroit Library Commission. Its public funding is provided primarily by taxpayers through a property tax millage 3.9943 on each \$1,000 of taxable value through June 30, 2025. Members are appointed by the Detroit Public Schools Community District Board of Education. In 2014, the citizens of Detroit voted to renew the tax millage. The estimated revenue raised by the millage was \$37,700,000.00. As evidenced by the testimony provided during the City Council's budget hearing for DPL, the revenues generated fail to meet the expenditure needs of DPL if library branch services were to be fully restored.)**

**TESTIMONIAL RESOLUTION FOR**

**MS. ADA MAE BROWN STEWART 'In Recognition of Your Centennial 100th Birthday'**

By Council Member Leland:

WHEREAS, On March 28, 2019, Ms. Ada Mae Brown Stewart attained the age of one hundred years, a very significant milestone, reserved for very few. The Detroit City Council would like to publicly acknowledge this important event in her life: and

WHEREAS, Ms. Ada Mae Brown Stewart, one of our esteemed centenarian citizens, has lived a rich and blessed life, having experienced, first-hand, 100 of the most eventful and productive years in American and world history. Ada Mae was born on March 28, 1919, in Sibley, Georgia, to the union of Cora and Lawrence Brown; and

WHEREAS, The Brown family relocated to Rebecca, Georgia. There she met her soul mate, Charlie Joe Stewart. In 1936, Ada Mae and Charlie Joe were united in marriage and to this union ten children were born: seven girls, Angie, Mary, Velma, Joyce, Josephine, Vivian and Nellie; and three boys, Calvin, Bennie and Mack. Seven of her children migrated to Detroit during the 60's and 70's. Ada and Charlie worked as sharecroppers until their retirement from farming. Her husband passed away in 1985. Ada continued to live in Rebecca, Georgia, under those beautiful pecan trees, until her health began to fail. In 2006, her family decided to move Ada to Detroit to be better able to care for her; and

WHEREAS, Ms. Stewart's belief in God through her faithful service to the Church and its teachings is exhibited in the strong family bond she has fostered. And, it is clearly evidenced by that same faithfulness and sense of family being shared by all of her children. She is also known for her quick wit and great sense of humor. At

100 years young, Ms. Stewart is the Matriarch of the family with 8 living children, 26 grandchildren, 44 great-grandchildren, 20 great-great grandchildren and 2 great-great-great grandchildren. Two of her children, Calvin and Bennie made their transition. She has lived to see 18 Presidents, one of which was the first African-American to be elected! She has witnessed many historical events during the century of her life and relayed many caveats of wisdom. Surely, Ms. Stewart has had many heart breaks, victories, successes and failures in her life, but God has Blessed her to see this milestone of life because of her faithfulness and trust in Him and the love and care of her children. As family and friends are gathered here today to commemorate and celebrate her 100th Birthday, it is abundantly fitting and proper that Ms. Ada Mae Brown Stewart be appropriately recognized during this very special and memorable time of her life. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, wishes to take this opportunity to honor Ms. Ada Mae Brown Stewart, upon the grand occasion of her 100th Birthday.

**IN MEMORIAM  
FOR  
EARL C. WINFREY**

**December 11, 1927 — March 7, 2019**

By Council Member Benson:

WHEREAS, Earl C. Winfrey was born December 11, 1927 in Grays, Arkansas to the union of Alex and Lily Grant Winfrey. He was one of seven children. While in Arkansas he met the love of his life, Doris Evelyn Branch. By 1953 they united in holy matrimony; and

WHEREAS, Earl C. Winfrey moved his family to Detroit, Michigan where they became homeowners on the city's Northwest side. They lived there for over forty years together. The couple adored traveling throughout the United States and spending quality time with family. They remained in holy matrimony for sixty-three years; and

WHEREAS, Earl C. Winfrey as affectionately known by his grandchildren as, "Big Pops". He enjoyed hosting Easter Egg Hunts. Super Bowl parties, and family reunions. He especially loved baking Christmas cookies with his grandchildren and their friends; and

WHEREAS, Earl C. Winfrey was not only a dedicated family man but was also devoted to the Adat Shalom Synagogue. There he spent forty-four years as the Head Custodian. He possessed a strong will but kind heart and relished in serving his community inside and out of the synagogue; and

WHEREAS, It being the will of our Lord to call our beloved home after a long life of service, Earl C. Winfrey transitioned from this life, from labor to reward;

**THEREFORE, BE IT**

**RESOLVED**, That the Office of Councilman Scott Benson and Detroit City Council expresses their deepest condolences and share their sympathy in the loss of your loved one, Earl C. Winfrey. Your loss is heaven's gain. May God bless you and comfort you during this time and always.

**RESOLUTION  
IN MEMORIAM**

**DR. IVAN LOUIS COTMAN, SR.**

By COUNCIL MEMBER TATE, joined by PRESIDENT JONES:

WHEREAS, We, the members of the Detroit City Council, solemnly pause today to recognize and bestow homage upon the late, Dr. Ivan Louis Cotman, Sr., a beloved husband, father, grandfather and friend to many, who made his heavenly transition on March 9, 2019; and

WHEREAS, A native Detroitier, Ivan Louis Cotman was born on April 4, 1940, to the late Louis and Marguerite Kaine Cotman. He was the eldest of two children. Ivan was baptized and confirmed at Old St. Mary's Church in Greektown, where he attended grade school. He graduated from Detroit's Salesian High School in 1958. Ivan earned a Bachelor's degree in English and Social Science from Kentucky State University, a Master's of Social Work degree from Clark Atlanta University, and a doctoral degree from Wayne State University in Education Leadership and Administration. He also studied at Harvard's J.F.K. School of Government and the University of Manchester in England; and

WHEREAS, Ivan married Jeanetta Hawkins Cotman, the love of his life, on August 18, 1964, following a courtship which began during their college years at Kentucky State University. To this union three sons were born: Ivan, Arthur and Amir. Ivan's career began as a social worker with the Detroit Public Schools system. He also worked for United Community Services of Metropolitan Detroit as the Agency Program Consultant/Assistant Budget Director, and with New Detroit as the Director of Employment. In 1973, Ivan joined the Michigan Department of Education (MDOE). From 1973 to 1994 he held several positions with the MDOE, including Assistant Superintendent and Director of the Office of Enrichment and Community Services. He served in the administrations of Michigan Governors Milliken, Blanchard and Engler. Following a five-year stint at Davenport University as Director of the Detroit office, Dr. Cotman established Cotman and Associates, a philanthropic consulting firm. His career in education administration spanned thirty-eight years; and

WHEREAS, Dr. Cotman was civic minded and participated energetically on numerous local, regional and national boards. He also served as an elected member of the Detroit Board of Education; board member of United Way of Southeastern Michigan; Midwest Vice President of Alpha Phi Alpha Fraternity Inc., and was the thirty-third President of the Gamma Lambda Chapter in Detroit. His volunteer work involved projects in Israel, Nigeria and Dubai, the Detroit Symphony Orchestra Roots Committee

and the Moors Men’s Club. He leaves to cherish his memory, his wife, Jeanetta; sons, Ivan, Arthur and Amir; two daughters-in-law, Rene and Cassandra; four grandsons, Brandon, Jacob, Gray and Amir Jr.; three granddaughters, Janae, Chloe and Allie; and a host of friends, fraternity brothers and colleagues. Dr. Ivan Louis Cotman has been a good servant and ensured that his impact would be forever embedded in the hearts of those he cherished for years to come. NOW, THEREFORE BE IT

RESOLVED, That the offices of Alpha Phi Alpha Brothers Councilman James E. Tate, Jr. and Councilman Scott Benson as well as the entire Detroit City Council, hereby join with family and friends to honor the life and legacy of Dr. Ivan Louis Cotman, Sr., a phenomenal man and an example for us to aspire to.

Re: Request to Accept and Appropriate the FY 2019 Leadership Fellows Program Grant

The Harvard Business School has awarded the City of Detroit Mayor's Office with the FY 2019 Leadership Fellows Program Grant for a total of \$50,000.00. The grantor share is 50 percent or \$50,000.00 of the approved amount, and there is a required cash match of 50 percent or \$50,000.00.

The objective of the grant is to attract and retain talent in the City of Detroit. The funding allotted to the department will be utilized to leverage Harvard Business School Master in Business Administration students to serve Detroit communities.

If approval is granted to accept and appropriate this funding, the appropriation number is 20637, with the match amount coming from appropriation number 00870.

I respectfully ask your approval to accept and appropriate funding in accordance with the attached resolution.

Sincerely,

RYAN FRIEDRICHS

**City Planning Commission**

March 22, 2019

Honorable City Council:

Re: Request of the Planning & Development Department (Petition #643) to rezone several blocks on Zoning Map No. 42 in the area bounded by the rail corridor, Bagley Avenue, and I-75/Fisher Freeway Service Drive (RECOMMEND APPROVAL).

The Planning & Development Department (P&DD) is requesting to rezone several blocks in the area bounded by the rail corridor, Bagley Avenue, and the I-75/Fisher Freeway Service Drive. The change in zoning is being requested in order to make the area's zoning more consistent with the City's Master Plan of Policies, to limit the influence of intensive industrial uses on adjacent residential uses, and to allow for mixed use residential/commercial development. Please see Attachment A for a map of the proposed rezoning.

**Background and Proposal**

For the past two years, P&DD has lead the West Vernor Corridor Neighborhood Framework initiative with the overall goal of achieving neighborhood stabilization and revitalization and supporting the growth of population and jobs. The overall study area for this Framework is bounded by the rail corridor on the north, 16th Street on the east, I-75 on the south, and Woodmere Cemetery on the west.

One focus area of this study is the east side of the Mexicantown Hubbard-Richard area bounded by the rail corridor, Bagley Avenue, and I-75/Fisher Freeway Service Drive. Some of the goals for this area include:

- Industrial zones shifting to commercial and/or residential where appropriate to context;
- Reduce conflicts between residential and industrial land uses and enable adaptive re-use with housing; and
- Add mixed-use commercial options at residential or industrial corridor parcels.

The proposed request would accomplish the following:

- Rezone land adjacent to the rail corridor between the I-75/Fisher Freeway Service Drive and Bagley Avenue from the M4 (Intensive Industrial District) and B4 (General Business District) zoning classifications to the SD2 (Special Development District, Mixed-Use) zoning classification;
- Rezone land between 20th Street and St. Anne Street south of the rail corridor from the M4 (Intensive Industrial District) zoning classification to the M2 (Restricted Industrial) zoning classification; and
- Rezone the east side of 16th Street

south of Bagley Avenue from the M3 (General Industrial District) zoning classification to the M2 (Restricted Industrial District) zoning classification.

Presently, P&DD owns vacant land at the northwest corner of Bagley Avenue and 16th Street which is zoned M4. P&DD has released a Request for Proposal for this site to be developed with 20 plus new mixed-income housing units over retail space as a new gateway to Mexicantown. The proposed rezoning would, in part, allow this proposed project to be developed.

#### **Public Hearing Results & Follow-up**

On January 17, 2019, the CPC held a public hearing on the subject rezoning request. At the hearing, it was noted that 7 letters of support had been received. Four persons spoke in support of the project: one from Honey Bee Market, one from the Southwest Detroit Business Assoc., one from Arrow Chemical Products, Inc., and one residential property owner. The representative of Arrow Chemical Products requested that the vacant lot (2039 St. Anne) it owns south of its facility be included as M2 rather than SD2; the company plans to build a storage warehouse on this lot, which is allowed in M2, but not in SD2. The residential property owner, who owns land at the northeast corner of St. Anne and West Vernor, wanted to know the impact of rezoning the land from M4 to SD2. CPC staff clarified that the residential use is now legally non-conforming and could remain as a legally nonconforming. The CPC agreed to the request to rezone 2039 Ste. Anne to M2.

#### **Analysis**

##### **Surrounding Zoning and Land Use**

The zoning classification and land uses surrounding the subject area are as follows:

North: M4; the area north of the rail corridor is primarily developed with vacant land adjacent to the former Michigan Central Station (currently being redeveloped by the Ford Motor Company)

East: M4 and M3; the area east of the rail corridor is developed with vacant land adjacent to the former Michigan Central Station and Post Office parking lot

South: R2 (Two-Family Residential) and B4; developed with vacant land, residential houses, and commercial buildings

West: M4, B4, and R2; the area west of 1-75 is developed with a mix of residential, commercial, and vacant industrial land

##### **Proposed Rezoning Districts**

The proposed rezoning primarily involves the rezoning of M4 land to SD2. The M4 zoning classification allows intensive industrial uses and is supposed to rarely be located adjacent to residential districts. In M4, new residences are prohibited with the exception of loft conversions of existing buildings and of residential uses combined in structures with permitted commercial uses. The SD2

zoning classification is designed to encourage a complementary mixture of more intensive pedestrian- and transit-oriented uses that may be compatible with a neighborhood center or with a location along major or secondary thoroughfares. SD2 allows fewer heavy industrial uses, but does allow some low impact manufacturing and processing. The M2 zoning classification is designed for a wide range of industrial and related uses which can function with a minimum of undesirable effects - industrial establishments of this type provide a buffer between residential districts and intensive industrial districts.

##### **Impact on Existing Land Uses**

Within each zoning district, various land uses are designated as either a "By-right" or "Conditional Use", and those uses not listed are deemed, in general, not allowed. When land is rezoned, sometimes the land use's permissibility is changed. The CPC estimates the subject rezoning has 50 parcels. Of the 50 parcels, 24 are vacant, 13 are used for parking, and 13 have buildings. The attached spreadsheet (Attachment B) lists each of the 50 parcels, with the address, proposed zoning change, and any land use impact from the proposed rezoning. Presently, the CPC estimates only one building (1800 18th) becomes newly non-conforming; however, it was recently reported in the news that this building has been sold to a new owner - the future use of this building has not yet been revealed.

##### **Community Input**

In the past 2 years, for the West Vernor Corridor Neighborhood Framework initiative, P&DD has hosted numerous community meetings. For the subject request, P&DD held community meetings as recently as November 5 and November 19, 2018, and at these meetings, P&DD reports there were no objections to the proposed rezonings.

##### **Zoning Ordinance Criteria**

Section 61-3-80 of the Detroit Zoning Ordinance lists eight approval criteria on which zoning map amendments must be based. CPC staff has found that the present request meets the criteria for the following reasons:

1. *Whether the proposed amendment corrects an error or meets the challenge of some changing condition, trend or fact;*

The proposed map amendment meets the challenge of a changing condition or trend. The subject area, since the early 20th century, was primarily developed with industrial uses along the rail corridor and adjacent single-family housing. Over the years, most of the single-family houses and industry were demolished and the land has remained vacant. The change in zoning is requested so the land can be redeveloped with mixed residential-commercial uses.

2. *Whether the proposed amendment*

is consistent with the Master Plan and the stated purposes of this Zoning Ordinance;

The subject rezoning is located within the Hubbard Richard Area of the Neighborhood Cluster 5, as well as the Corktown Area of Neighborhood Cluster 4. The Future Land Use map shows Light Industrial for the block to be rezoned on the east side of 16th Street south of Bagley Avenue. The remainder of the blocks, that are part of the subject rezoning, show Mixed Residential-Commercial. P&DD has submitted a memorandum stating that the proposal conforms to the City's Master Plan of Policies.

3. Whether the proposed amendment will protect the health, safety, and general welfare of the public;

The proposed amendment could protect the health, safety, and general welfare of the public by rezoning the subject area away from intensive industrial and toward a mixed-use special development district.

4. Whether the City and other service providers will be able to provide adequate public facilities and services to the subject property, while maintaining adequate levels of service to existing development;

Not applicable.

5. Whether the proposed rezoning will have significant adverse impacts on the natural environment, including air, water, soil, wildlife, and vegetation and with respect to anticipated changes in noise and regarding stormwater management;

It is not anticipated the proposed rezoning will have significant adverse impacts on the natural environment. The proposed rezoning will encourage non-intensive industrial uses.

6. Whether the proposed amendment will have significant adverse impacts on other property that is in the vicinity of the subject tract;

The proposed amendment will not have significant adverse impacts on property in the vicinity of the subject tract. Land to the north is developed with a rail line; land to the east is developed with a rail line, vacant land, and industrial uses; land to the south is developed primarily with residential uses, commercial uses, and vacant land; land to the west is developed with residential uses, commercial uses, vacant land, and the Fisher Freeway. The proposed rezoning will allow residential, commercial, and industrial uses that will complement the existing uses.

7. The suitability of the subject property for the existing zoning classification and proposed zoning classification; and

The subject properties are not suitable for the existing zoning classification, because over the years the vast majority of single-family houses and industrial uses have been demolished and not replaced.

8. Whether the proposed rezoning will create an illegal "spot zone."

The proposed rezoning will not create

an illegal spot zone, because the proposed special district zoning and light industrial will be adjacent to existing residential and industrial zones.

**Recommendation**

In conclusion, the City Planning Commission recommends APPROVAL of the request of P&DD to rezone several blocks on Zoning Map No. 42 in the area bounded by the rail corridor, Bagley Avenue, and I-75/Fisher Freeway Service Drive. The ordinance approved as to form, is attached for your consideration.

**Housing and Revitalization Department**

March 15, 2019

Honorable City Council:

Re: Reprogramming Amendment to the Community Development Block Grant (CDBG) Annual Action Plan for Fiscal Year 2018-19

The Housing and Revitalization Department (HRD) hereby request the authorization to amend its HUD Consolidated Plan Annual Action Plan for FY 2018-19, to reprogram unused Community Development Block Grant (CDBG) funds from the accounts below to be used in FY 2018-2019. The funds targeted for reprogramming consist of unused funds, balances from programs that no longer exist, or are funds unlikely to be used in a timely manner. Funds will be allocated for activities that will allow for timely expenditures. A summary of the proposed changes are as follows:

Line Items to be Reprogrammed (decrease):

|  |                      |
|--|----------------------|
| • Mack Alive (FY 2015-16)                                    | \$ 2,340.11          |
| • Matrix Human Services/Reuther Senior Services (FY 2015-16) | \$ 4,384.46          |

| • Project Seed (FY 2015-16)                                  | \$ 31,168.15         |
| • Southwest Detroit Business Association (FY 2015-16)        | \$ 9,948.96          |
| • St. Vincent DePaul Society (FY 2016-17)                    | \$ 60,000.00         |
| • Project Seed (FY 2016-17)                                  | \$ 60,000.00         |
| <b>Total</b>   | <b>\$ 183,000.00</b> |

Line Item for Funding Addition (increase):

|                                      |                      |
|--------------------------------------|----------------------|
| • World Medical Relief (FY 2018-19)  | \$ 63,000.00         |
| • Siena Literacy Center (FY 2018-19) | \$ 60,000.00         |
| • Boys and Girls Club (FY 2018-19)   | \$ 60,000.00         |
| <b>Total</b>                         | <b>\$ 183,000.00</b> |

By Council Member Tate:

Whereas, The Detroit City Council hereby approves amending the 2018-19 HUD Consolidated Plan Annual Action Plan to reflect the reprogramming of Community Development Block Grant (CDBG) funds in accordance with the foregoing communication; and

Whereas, The Mayor of the City of Detroit, Michael E. Duggan, is hereby authorized to amend the 2018-19 HUD Consolidated Plan Annual Action Plan, including all understandings and assurances contained therein to the U.S. Department of Housing and Urban Development (HUD), in accordance with the foregoing communication; and

Resolved, That the Budget Director be and is hereby authorized to Increase Appropriation #04178 — World Medical Relief by \$63,000.00; and

Resolved, That the Budget Director be and is hereby authorized to Increase Appropriation #20156 — Siena Literacy Center by \$ 60,000.00; and

Resolved, That the Budget Director be and is hereby authorized to Decrease Appropriation #12719 — St. Vincent DePaul Society by \$60,000.00; and

Resolved, That the Budget Director be and is hereby authorized to Decrease Appropriation #04192 — Project Seed by \$60,000.00; and

Be It Finally

Resolved, That the Budget Director be and is hereby authorized to accept and process all documents reflecting these changes.

We respectfully request that your Honorable Body approve the attached resolution authorizing the reprogramming amendment for the stated purpose. This proposed reprogramming amendment was posted on the City's website and advertised in the Detroit News/Free Press. Upon City Council's approval, it will be transmitted to HUD.

We ask that the Council approve this with a Waiver of Reconsideration.

Respectfully submitted,  
DONALD RENCHER  
Director

**Planning and Development Department**

March 22, 2019

Honorable City Council:  
Re: Property Sale by Development Agreement. 2915 W. Hancock et al, Detroit, MI 48208

The City of Detroit, Planning and Development Department ("P&DD") has received an offer from Detroit Dirt Foundation Inc. ("Detroit Dirt"), a Michigan nonprofit corporation, to purchase certain City-owned

real property at 2915 W. Hancock, 4550 and 4520 Jeffries, and 4646 and 4590 Lawton, Detroit, MI (collectively the "Properties") for the purchase price of One Hundred Thirty Five Thousand and 00/100 Dollars (\$135,000.00).

Detroit Dirt proposes to develop the Properties into a state-of-the-art composting facility. Currently, the Properties are within an M4 zoning district (Intensive Industrial). Detroit Dirt's use of the Properties shall be consistent with the allowable uses for which the Properties are zoned.

We hereby request that your Honorable Body adopt the attached resolution to authorize the Director of P&DD to execute a development agreement, deed and such other documents as may be necessary or convenient to effect a transfer of the Properties by the City to Detroit Dirt.

Respectfully submitted,  
MAURICE D. COX  
Director

By Council Member Tate:

Now, Therefore, Be It

Resolved, That Detroit City Council hereby approves of the sale by development agreement of certain real property at 2915 W. Hancock, 4550 and 4520 Jeffries, and 4646 and 4590 Lawton, Detroit, MI (collectively the "Properties"), as more particularly described in the attached Exhibit A incorporated herein, to Detroit Dirt Foundation Inc. ("Detroit Dirt"), a Michigan nonprofit corporation, for the purchase price of One Hundred Thirty Five Thousand and 00/100 Dollars (\$135,000.00); and be it further

Resolved, That the Planning and Development Department ("P&DD") Director, or his authorized designee, is authorized to execute a development agreement and issue a quit claim deed for the sale of the Properties, as well as execute such other documents as may be necessary or convenient to effect the transfer of the Properties to Detroit Dirt consistent with this resolution; and be it further

Resolved, That the development agreement shall obligate Detroit Dirt to construct a composting facility on the Properties; and be it further

Resolved, That the following Property Sales Services Fees be paid from the sale proceeds pursuant to the City's Property Management Agreement with the Detroit Building Authority ("DBA"): 1) Eight Thousand One Hundred and 00/100 Dollars (\$8,100.00) shall be paid to the DBA from the sale proceeds, 2) Six Thousand Seven Hundred Fifty and 00/100 Dollars (\$6,750.00) shall be paid to the DBA's real estate brokerage firm from the sale proceeds and 3) customary closing costs up to Five Hundred and 00/100 Dollars (\$500.00) shall be paid from the sale proceeds; and be it further

Resolved, That the P&DD Director, or his authorized designee is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deed (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Properties, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it finally

Resolved, That the development agreement and quit claim deed will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form; and be it further

Re: Proposed Amendment of Chapter 55 of the 1984 Detroit City Code, *Traffic and Vehicles*; by amending Article I, titled *Generally*, Division 1, *Administration*, by amending Sections 55-1-6 to modify the definition of residential parking permit area.

The Law Department has prepared and approved as to form the above-referenced ordinance for your consideration. The proposed ordinance, if adopted, will not take effect unless the broader amendments to Chapter 55 regarding the residential parking permit program is enacted.

Respectfully submitted,

JULIANNE V. PASTULA

Senior Assistant Corporation Counsel  
By Council Member Castaneda-Lopez:

**AN ORDINANCE to amend Chapter 55 of the 1984 Detroit City Code, *Traffic and Vehicles*; by amending Article I, titled *Generally*, Division 1, *Administration*, by amending Section 55-1-6 to modify the definition of residential parking permit area.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 55 of the 1984 Detroit City Code, *Traffic and Vehicles*, be amended by amending Article 1, titled *Generally*, Division 1, *Administration*, by amending Sections 55-1-6 to modify the definition of residential parking permit area, to read as follows:

**CHAPTER 55.**

**TRAFFIC AND VEHICLES**

**ARTICLE I. GENERALLY**

**DIVISION 1. ADMINISTRATION**

**Sec. 55-1-6. Definitions: q-s.**

For purposes of this chapter, the following words and phrases, which have not been incorporated by reference through Article III of this chapter, shall have the meanings respectively ascribed to them by this section:

*Rate level* means the parking rate levels established in accordance with Section 55-4-63.

*Recreational equipment* means boats, snowmobiles, off-road vehicles, dune buggies, jet skis, or other similar items.

*Registrant* means the owner of a bicycle who has registered the bicycle with the Police Department.

*Registration* means a registration certificate, plate, adhesive tab, or other indicator of registration issued under this act for display on a vehicle.

*Residence district* means the territory contiguous to a highway, where the frontage on such highway for a distance of 300 feet or more is mainly occupied by dwellings, or by dwellings and buildings, that are not in use for business.

*Residential parking permit area* means: an area designated pursuant to Article II, *Enforcement, Division 2, Residential Parking Permits* of this Chapter

(1) An area that contains a minimum of six contiguous block faces, or three blocks facing each other or any contiguous combination thereof; or

(2) An area that contains less than a minimum of six contiguous block faces, or three blocks facing each other or any contiguous combination thereof, which has been approved by the City Council as a residential parking permit area, and consists primarily of residential dwellings where on-street parking is regulated, pursuant to Sections 55-2-21 through 55-2-26 of this Code, to provide residents of such designated areas with reasonable access to on-street parking spaces at their residences.

*Residential street* means any portion of any street or highway that is adjacent to or abutting any land that is either zoned R1, R2, R3, R4, R5, R6, or Residential PD in the Zoning Ordinance of the City, being Chapter 61 of this Code, or is developed with a single-family house, two-family house, town house, multiple-family dwelling, or rooming house.

*Restraint* means a device that is used to immobilize a vehicle such as a "boot" or a "Denver boot."

**Secs. 55-1-7 — 55-1-30. Reserved.**

**Section 2.** All ordinances or parts of ordinances in conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

**Section 4.** If this ordinance is passed by a two-thirds (2/3) majority of City Council members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-118 of the 2012 Detroit City Charter; if passed by less than a two-thirds (2/3) majority of City Council mem-

bers serving, it shall become effective no later than thirty (30) days after publication in accordance with Section 4-118 of the 2012 Detroit City Charter; if this ordinance specifies a certain date to become effective, it shall become effective in accordance with the date specified therein, subject to the publication requirement in Section 4-118 of the 2012 Detroit City Charter.

**Section 5.** This ordinance shall not take effect unless the companion ordinance amending amend Chapter 55 of the 1984 Detroit City Code, *Traffic and Vehicles; Article II, Enforcement, Division 2, Residential Parking Permits*, dates March 6, 2019, is enacted.

Approved as to form:

Honorable City Council:

Re: Recommendation for Deferral  
Address: 1566 W. Grand Blvd. Name:  
Jalen Leggs. Demolition Ordered:  
October 24, 2017 (J.C.C. pages  
\_\_\_\_\_).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on

March 7, 2019 revealed that the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, we respectfully recommend that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.

2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties.

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

Therefore, we respectfully recommend that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.

2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties.

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

Honorable City Council:

Re: Recommendation for Deferral Address: 14305 Prevost. Name: Montrez Auberry. Demolition Ordered: March 4, 2014 (J.C.C. pages 253-265).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on February 15 and March 6, 2019 revealed that the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, we respectfully recommend that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.

2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation

Re: Petition No. 204 — Bedrock Management Services LLC, request to encroach into the public right-of-way at 620 and 630 Woodward Avenue which is bounded by Woodward Avenue, Cadillac Square, the north-south alley east of Woodward and Congress Street.

Petition No. 205 — Bedrock Management Services LLC, request for an encroachment with existing areaways (basements) below the sidewalk, on the east side of Woodward Avenue, 190 feet

wide, between Congress Street, 60 feet wide, and Cadillac Square, 200 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made to transfer responsibility for the existing basements under the sidewalk.

The request was approved by the Solid Waste Division — DPW, and City Engineering Division — DPW, and Traffic Engineering Division — DPW (TED).

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Authority and Public Lighting Department; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.  
City Engineer

City Engineering Division — DPW  
By Council Member Benson:

Resolved, That the Department of Public Works, City Engineering Division is hereby authorized and directed to issue permits to Bedrock Management Services LLC or their assigns to install and maintain encroachments with existing areaways (basements) below the sidewalk, on the east side of Woodward Avenue, 190 feet wide, between Congress Street, 60 feet wide, and Cadillac Square, 200 feet wide, and being land in the City of Detroit, Wayne County, Michigan: Woodward Avenue adjoining westerly line of Lot 54 and northerly 38.7 feet of Lot 55 "Plan of Section numbered One of the City of Detroit, in the territory of Michigan confirmed by the Governor and Judges on the 27th day of April, 1807 and ordered to be a record and to be signed by the Governor and attested by the Secretary of the Board" as recorded in Liber 34, Page 550 of Deeds, Wayne County Records. Encroachments are further described as follows:

1) Areaway (building basement below sidewalk grade) lying up to 11.5 feet below grade and being 9.7 feet wide and 59 feet in length along Woodward Avenue, lying westerly of and adjoining the westerly line of the northerly 59 feet of said Lot 54.

2) Areaway (building basement below sidewalk grade) lying up to 11.5 feet below grade and being 18.8 feet wide and 39.7 feet in length along Woodward Avenue and lying westerly of and adjoining the westerly line of the northerly 38.7 feet of said Lot 55; also lying westerly of and adjoining the westerly line of the southerly 1 foot of said Lot 54.

Provided, That if there is any cost for the removing and/or rerouting of any utility facilities, it shall be done at the expense of the petitioner and/or property owner; and be it further

Provided, That the proposed use does not hinder or impede the operation, maintenance or replacement of DTE Gas Company facilities, and be it further

Provided, That by approval of this petition the Detroit Water and Sewerage Department (DWSD) does not waive any of its rights to its facilities located in the right-of-way, and at all times, DWSD, its agents or employees, shall have the right to enter upon the right-of-way to maintain, repair, alter, service, inspect, or install its facilities. All costs incident to the damaging, dismantling, demolishing, removal and replacement of structures or other improvements herein permitted and incurred in gaining access to DWSD's facilities for maintenance, repairing, alteration, servicing or inspection caused by the encroachment shall be borne by the petitioner. All costs associated with gaining access to DWSD's facilities, which could normally be expected had the petitioner not encroached into the right-of-way, shall be borne by DWSD; and be it further

Provided, That the petitioner maintain the DWSD required clearance of 18 feet above grade for maintenance access and Provided, That all construction performed under this petition shall not be commenced until after (5) days written notice to DWSD. Seventy-two (72) hours' notice shall also be provided in accordance with P.A. 53 1974, as amended, utilizing the MISS DIG one call system; and be it further

Provided, That construction under this petition is subject to inspection and approval by DWSD forces. The cost of such inspection shall, at the discretion of DWSD, be borne by the petitioner; and be it further

Provided, That if DWSD facilities located within the right-of-way shall break or be damaged as the result of any action on the part of the petitioner, then in such event the petitioner agrees to be liable for all costs incident to the repair, replacement or relocation of such broken or damaged DWSD facilities; and be it further

Provided, That the petitioner shall hold DWSD harmless for any damages to the encroaching device constructed or installed under this petition which may be caused by the failure of DWSD's facilities; and be it further

Provided, Bedrock Management Services LLC or their assigns shall apply to the Buildings and Safety Engineering Department for a building permit prior to any construction. Also, if it becomes necessary to open cut public streets, bore, jack, occupy or barricade city rights-of-way for maintenance of encroachments such work shall be according to detail per-

mit application drawings submitted to the City Engineering Division — DPW prior to any public right-of-way construction; and further

Provided, That the necessary permits shall be obtained from the City Engineering Division — DPW and the Buildings and Safety Engineering Department The encroachments shall be constructed and maintained under their rules and regulations; and further

Provided, That all cost for the construction, maintenance, permits and use of the encroachments shall be borne by Bedrock Management Services LLC or their assigns, and further

Provided, That all costs incurred by privately owned utility companies and/or city departments to alter, adjust, and/or relocate their existing utility facilities located in close proximity to the encroachments shall be borne by Bedrock Management Services LLC or their assigns. Should damages to utilities occur Bedrock Management Services LLC or their assigns shall be liable for all incidental repair costs and waives all claims for damages to the encroaching installations; and further

Provided, That no other rights in the public streets, alleys or other public place shall be considered waived by this permission which is granted expressly on the condition that said encroachments shall be removed at any time when so directed by the City Council, and the public property affected shall be restored to a condition satisfactory to the City Engineering Division — DPW; and further

Provided, That Bedrock Management Services LLC or their assigns shall file with the Department of Public Works — City Engineering Division an indemnity agreement in form approved by the Law Department The agreement shall save and protect the City of Detroit from any and all claims, damages or expenses that may arise by reason of the issuance of the permits and the faithful or unfaithful performance of Bedrock Management Services LLC or their assigns of the terms thereof. Further, Bedrock Management Services LLC or their assigns shall agree to pay all claims, damages or expenses that may arise out of the use, repair and maintenance of the proposed encroachments; and further

Provided, This resolution or part thereof is revocable at the will, whim or caprice of the City Council, and Bedrock Management Services LLC acquires no implied or other privileges hereunder not expressly stated herein; and further

Provided, That the encroachment permits shall not be assigned or transferred without the written approval of the City Council; and be it further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

All other city departments and utilities have reported no objections to the proposed rights-of-way dedications.

I am recommending adoption of the attached resolution.

Respectfully submitted,

Honorable City Council:

Re: Authorization to submit a grant application to the U.S. Environmental Protection Agency for the FY 2019 Brownfields Program (Part C): Cleanup Grant

The Buildings, Safety Engineering and Environmental Department in coordination with the General Services Department is hereby requesting authorization from Detroit City Council to submit a grant application to the U.S. Environmental Protection Agency for the FY 2019 Brownfields Program (Part C): Cleanup Grant. The amount being sought is \$400,000.00. The Federal share is \$400,000.00 of the approved amount, and there is a required cash match of \$100,000.00. The total project cost is \$500,000.00.

The FY 2019 Brownfields Cleanup Grant will enable the department to:

- Environmentally prepare Riverside Park Parcel 3 for recreation use.

If the application is approved, a cash match will be provided from appropriation 20315.

We respectfully request your approval to submit the grant application by adopting the attached resolution.

Sincerely,  
 RYAN FRIEDRICHS  
 Director

February 27, 2019

Honorable City Council:

Re: Revision to the Request to Accept and Appropriate the FY 2017 First Responders: Comprehensive Addiction and Recovery Act Grant

The Substance Abuse and Mental Health Services Administration (SAMHSA), has awarded the City of Detroit Health Department with the FY 2017 First Responders: Comprehensive Addiction and Recovery Act Grant for a total of \$998,441.00. Previously submitted to City Council and approved on October 30, 2018 with no match. This cover letter and resolution serve as a revision and includes a match in the amount of \$61,800.00. The grant period is 09/30/2018 through 09/29/2020.

The objective of the grant is to train first responders and key community sectors to provide and administer naloxone for emergency treatment. The funding allotted

to the department will also be utilized to establish processes, protocols, and mechanisms for referral to appropriate treatment and recovery community services. This is a reimbursement grant.

If approval is granted to accept and appropriate this funding, the appropriation number is 20558, with a cash match of \$61,800.00: \$33,000.00, coming from appropriation number 00068, and \$28,800.00 coming from appropriation 20627.

I respectfully ask your approval to accept and appropriate funding in accordance with the attached resolution.

Sincerely,  
RYAN FRIEDRICH  
Director

Office of Development and Grants

Whereas, The Health Department is requesting authorization to accept a grant of reimbursement from the Substance Abuse and Mental Health Services Administration (SAMHSA), in the amount of \$998,441.00 to train first responders and key community sectors to provide and administer naloxone for emergency treatment, and to establish processes, protocols, and mechanisms for referral to treatment and recovery community services; and

Whereas, This request has been approved by the office of the Budget; now Therefore, Be It

Resolved, That the Director or Head of the Department is authorized to execute the grant agreement on behalf of the City of Detroit, and

Be It Further

Resolved, That the Budget Director is authorized to establish appropriation number 20558 in the amount of \$1,060,241.00, which includes a cash match of \$61,800.00: \$33,000.00, coming from appropriation number 00068, and \$28,800.00 coming from appropriation 20627, for the FY 2017 First Responders: Comprehensive Addiction and Recovery Act Grant.

**Permit**

Honorable City Council:

To your Committee of the Whole was referred Petition of The West Vernor & Springwells Business Improvement District (#721), request to install 48 banners along West Vernor from Woodmere to Clark on April 27, 2019 to May 7, 2019. After consultation with the Public Lighting Department, City Engineering Division,

and careful consideration of the request, your committee recommends that same be granted in accordance with the following resolution.

Respectfully submitted,  
SCOTT BENSON  
Chairperson

By Council Member Benson:

Resolved, That subject to the approval of the concerned departments, permission be and is hereby granted to referred Petition of The West Vernor & Springwells Business Improvement District (#721), request to install 48 banners along West Vernor from Woodmere to Clark on April 27, 2019 to May 7, 2019, and further

Provided, That said activity is conducted under the rules and regulations of the concerned departments, and the supervision of the Police Department, and further

Provided, That the banners are erected no earlier than two (2) weeks prior to the event and they are to be removed the day after the event, and further

Provided, That the design, method of installation and location of banners shall not endanger persons using the highway or unduly interfere with the free movement of traffic, and further

Provided, That the banner shall not have displayed thereon any legend or symbol which is intended to be an imitation of or resembles, or which may be mistaken for, a traffic control device, or which attempts to direct the movement of traffic, and further

Provided, That the banner shall not have displayed thereon any legend or symbol which may be construed to advertise, promote the sales of or publicize any merchandise or commodity or to be political in nature, and shall not include flashing lights that may be distracting to motorists, and further

Provided, That banners are placed on Public Lighting Department poles as not to cover traffic control devices, and further

Provided, That banners are installed under the rules and regulations of the concerned departments, and further

Provided, That petitioner assumes full responsibility for installation and removal of the banners, and further

Provided, That such permission is granted with the distinct understanding that petitioner assumes full responsibility for any and all claims, damages or expenses that may arise by reason of the granting of said petitioner, and further

Provided, That this resolution is revocable at the will, whim or caprice of the City Council.

**RESOLUTION IN SUPPORT OF SENATE BILLS**

**84, 90, 91, 94, 96, 97, 98 AND 99**

By COUNCIL MEMBER JANE E' AYERS, joined by PRESIDENT JONES:

WHEREAS, On February 7, 2019 several Michigan Senators introduced multiple bills that if passed as a group will achieve Juvenile Justice Reform, under a regimen referred to as: "Raise the Age." Included in this legislative scheme are Senate Bills 84, 90, 91, 94, 96, 97, 98, and 99. Although, all former bills listed are a part of the "Raise the Age" reform, Senate Bills 91, 96, and 97 can only be enacted if they are passed in conjunction with each other. SB 97 is tie-barred with Senate Bill 96 and both are tie-barred with Senate Bill 91. Specifically, each bill will:

- **SB 84:** would amend the "Michigan Indigent Defense Commission Act" to revise the definition of "adult"
- **SB 90:** would amend the juvenile code of the "Probate Code of 1939" to revise the definition of "adult" to refer to 18, instead of 17, years of age.
- **SB 91:** would amend the "Code of Criminal Procedure" to eliminate legal confinement of juvenile if they've committed a felony or their behavior could be considered "menacing" to other children and raise the age for legal confinement to 18 and older, instead of 17 or older.
- **SB 94:** would amend Chapter 10 (Criminal Provisions) of the "Mental Health Code" to revise the definition of "juvenile" to refer to a person who was under 18, instead of 17, years of age who was the subject of a delinquency petition.
- **SB 96:** would amend the "Michigan Penal Code" to prohibit a child under 18, rather than 16, years of age, while under arrest, confinement, or conviction, from being placed in a place of confinement or transported with an adult who has been charged or convicted of a crime, including when they are being transported to a youth correctional facility.
- **SB 97:** would amend the juvenile code of the "Probate Code of 1939" to prohibit a child under 18 years of age from being held in a jail or detention facility for adults, or transported with criminal adults, even if they are being tried as an adult. But it does allow him or her to be held in a detention facility for juveniles. It will modify provisions relating to the custody of a juvenile for violation of a personal protection order (PPO). It will also delete a provision that allows a court to order the detention of a juvenile 15 years of age or older if him or her exhibits menacing behavior. And it deletes a provision allowing the incarceration of a juvenile for up to 30 days for a probation violation.
- **SB 98:** would amend the "Code of Criminal Procedure" to modify the age from 17 to 18 when filing a juvenile petition after they are arrested.
- **SB 99:** would amend the "Code of

Criminal Procedure" to change the age of PPO issued to enjoin domestic violence or stalking to 18, instead of 17.

WHEREAS, The passage of all 8 bills listed above will ensure there is no ambiguity or uncertainty about the modifications to the procedures governing crimes committed by juveniles; NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council, consistent with the Detroit City Charter, affirms that it is unequivocally committed to the development and welfare of our youth and the de-criminalizing of our youth. Therefore, City Council strongly supports the passage of Senate Bills 84, 90, 91, 94, 96, 97, 98, and 99; Be It Further

RESOLVED, The Detroit City Clerk is directed to send a copy of this resolution to Governor Whitmer, Mayor Mike Duggan, and the Detroit Delegation in the State House.

**TESTIMONIAL RESOLUTION  
PASTOR,**

**REV. DR. ROBYN DIANE MOORE  
"Installation of the 13th & 1st  
Female Pastor of**

**First Baptist Institutional Church"**

By COUNCIL MEMBER MCCALISTER, JR., joined by PRESIDENT JONES:

WHEREAS, Understanding God's call and purpose for her own life, The Rev. Dr. Robyn Diane Moore began her ministry with the completion of a ten-month extensive training (2002) and ordination to the Hartford Memorial Baptist Church Diaconate Ministry. She was later licensed and ordained to ministry both under the leadership of Reverend Dr. Charles Gilchrist Adams during October 2008/09. Her ministry included an awe-inspiring ministerial internship under the guidance of Rev. Dr. DeeDee M. Coleman at Russell Street Missionary Baptist Church in Detroit, MI. Rev. Moore served as Youth/Young Adult Minister and Pulpit/Worship Liturgist, as well as one of 'a six-minister staff team' for six years at Hartford Memorial Baptist Church supporting the senior pastor. Additionally, Rev. Moore has served as an interim pastor for First Congregational UCC, Wyandotte, MI and provided many congregations with consulting work on church growth and new ministry development. On February 3rd, Rev. Moore was called to First Baptist Institutional Baptist Church in Detroit as the 13th and first female pastor in its 101 years of history, and

WHEREAS, Reverend Dr. Robyn Diane Moore, also referred to sometimes as Rev. Robyn, is afforded many opportunities to being committed, obedient and faithful to her ministry. The focus of her ministry is based on 1 Corinthians 13:4-8, and vs.13 where Paul teaches the importance of love just as Christ loved us. Her ministry focuses on demonstrating love to all but particularly to the oppressed, those for-

gotten, disenfranchised or voiceless. Moreover, she is passionate about sharing the gospel with those who feel disconnected or who are unaware of God's true presence. Often gathering people of all ages in her home to encourage embracing the Gospel, Rev. Moore believes *'you must meet people where they are, then nurture and guide them to see God's true purpose'*, and

WHEREAS, Reverend Dr. Robyn Diane Moore, as a graduate of the Ecumenical Theological Seminary (ETS), holds a Master of Divinity and Doctor of Ministry degree from this esteemed institution. Rev. Moore's passion for young adults led to her research and dissertation titled: *Broken Chains: Reconnecting Links of Young Adults to Church Worship* and was successfully defended during March 2016. She was employed with Xerox Corporation nearly twenty-nine years but has been led by the Holy Spirit to transition into full-time ministry, and

WHEREAS, Reverend Dr. Robyn Diane Moore, inclusive of many affiliations is passionate about her work within the Interfaith Communities including Coalition for Black and Jewish Unity. She is the Vice-President at Large for Congress of Christian Education for Michigan Progressive Baptist Convention. On the Regional and National levels of Progressive National Baptist Convention, Rev. Moore is actively serving in Christian Education and the Clergy Women's Division. Rev. Moore served on the American Baptist Churches of Michigan Regional Board as formal Chairperson of Family Ministry Team and a current Board Member of the Detroit Baptist Union. Rev. Moore serves on the Board of Directors for Hope for America, a non-profit that exposes youth to skilled trades through pre-apprenticeship programs. She supports young girls and women as the Clergy Advisor on the Religious Relations Committee of Girl Scouts of Southeastern Michigan, African American/Jewish Women Alliance and in the local community. Rev. Moore is a member and the Public Relations Chairperson of the Council of Baptist Pastors of Detroit and Greater Vicinity. Rev. Moore has received numerous nominations and awards including the ETS Women in Leadership and Nominee for Dean of the Chapel of Spelman College.

WHEREAS, Reverend Dr. Robyn Diane Moore, through pastoral care, enjoys helping others have clear communications with God by cultivating, inspiring and encouraging others. She loves walking in the early morning hours where she can meditate, give praise, and pray to the Almighty God. On a personal note, Rev. Moore is passionate about her shoe shopping, ballroom/hustle dancing, and limited bowling skills; but most importantly spending time with her three millennial-

age children, Alyson (D'Andre), Dean II, and Alexis, as well as her first grandchild, Jayce Ramon, NOW, THEREFORE LET IT BE

RESOLVED, That on this 24th day of March 2019 that Council Member Roy McCalister Jr., and the entire Detroit City Council, joins with the First Baptist Institutional Church Congregation, in celebrating the Installation of the 13th and 1st female Pastor in the church's 101-year history. May God bless Pastor, Rev. Dr. Robyn Diane Moore and the First Baptist Institutional Church Family with many successful years in the service of our Lord.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, Leland, McCalister, Jr., Sheffield, Spivey, Tate and President Jones — 9.

Nays — None.

#### RESOLUTION IN MEMORIAM

#### MR. CHARLES "CHUCK" L. BRAZELTON November 4, 1932 - March 15, 2019

By Council Member McCalister, Jr.:

WHEREAS, Mr. Charles "Chuck" L. Brazelton, age 86, was ushered into paradise by angels on Friday, March 15, 2019, at Beaumont Hospital in Taylor, Michigan; and

WHEREAS, Mr. Charles L. Brazelton was born in Nashville, Tennessee, to Harry and Fannie Brazelton on November 4, 1932. He attended High School in Nashville and went on to graduate from Tennessee State University. After graduation, Chuck heeded the call of his country and proudly served in the United States Army. After serving his country, Charles came to Michigan and was employed by the United States Postal Service. He worked for the Post Office for over 35 years, before retiring as an Operations Manager on January 1, 1988; and

WHEREAS, Mr. Charles L. Brazelton met his one true love, Mary C. Lassie in 1964 and never separated. They made their union official on October 16, 1967, in Toledo, Ohio. They celebrated their fifty-first wedding anniversary in October 2018; and

WHEREAS, Charles L. Brazelton loved the Lord, and was baptized at St. Luke African Methodist Episcopal Church in Nashville. Upon arriving in Detroit, Michigan, Charles joined Ebenezer AMC Church. Later he and his bride became members of the Hope United Methodist Church in Southfield.

WHEREAS, Mr. Charles Brazelton was described as an avid sports fan which was an understatement. He was a lifelong student of all sports. Not only did he play baseball, basketball, and football, but he was a little league baseball coach as well.

In his later years, he could be found pontificating on the games from the comfort of his reclining chair. Charles also enjoyed a challenging game of Tournament Bridge and has many trophies to attest to his skills in the game. Charles lived an amazing life and blessed more people than we will ever know, and

WHEREAS, Mr. Charles L. Brazelton was proceeded in death by his parents and siblings: Thomas, Minnie Jean, Mary; Harry Jr., William Edward, and Dorothy Ann. Left to cherish his memory are: his loving wife, Mary C. Brazelton; sisters, Gwendolyn Brazelton, Beverly (Roderick) Townsend; brother George Brazelton; special niece and traveling buddy, Jalynn Lassie; nieces and nephews, Samaki, Thalia, Montoya, Monique, Mia, Larry, Tony, Ed Patricia Yvonne, Bernadine, Robin, April, Deborah, Fran, Mercedes, Barbara Ann and Faye Grover Grey, Avril Lassie; brother-in-law, Gary Lassie, and a host of cousins, family and friends, NOW, THEREFORE BE IT

RESOLVED, City Council Member Roy McCalister, Jr. and The Detroit City Council join with family and friends as they honor the life achievements of Mr. Charles L. Brazelton.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, Leland, McCalister, Jr., Sheffield, Spivey, Tate and President Jones — 9.

Nays — None.

\*WAIVER OF RECONSIDERATION (No. 26) Per motions before adjournment.

**RESOLUTION  
IN MEMORIAM**

**BISHOP HORACE L. JACKSON**

**February 15, 1949 - March 22, 2019**

By Council Member McCalister, Jr.:

WHEREAS, On March 22nd, 2019 Bishop Horace L. Jackson better known as H.L. Jackson left from labor to reward, and

WHEREAS, Bishop Horace L. Jackson accepted his call to ministry in 1975 and became the assistant pastor of The Church of God in Unity in 1976, and

WHEREAS, During Bishop H. L. Jackson's life in the earth, he was known as a beloved husband for over 50 years, to Sylvia Jackson who proceeded him from Labor to reward. Together they

birthed five beautiful children and were blessed with four more to call their own, and

WHEREAS, Bishop H. L. Jackson was a man of Faith, Power and of the Word, and

WHEREAS, Bishop H. L. Jackson was a father, businessman, and community leader known as a champion for the forgotten and those who had no help. Many he took under his wing offering life skill classes, employment, drug rehabilitation, housing assistance and transportation allowing them to become functional and responsible homeowners, and

WHEREAS, Now, we Celebrate the Life, the Legacy and the Love of Bishop Horace L. Jackson. We salute his Memory, his Message and his Mission, NOW, THEREFORE BE IT

RESOLVED, That Council Member Roy McCalister Jr., and The Detroit City Council join in with family and friends in letting it be known from this day and days forward that Bishop Horace L. Jackson is resting from his labor; as Revelations 14:13 says; *Then I heard a voice from heaven saying to me, Write: "Blessed are the dead who die in the Lord from now on" "Yes," says the Spirit, "that they may rest from their labors, and their works follow them."* Revelation 14:13 (NKJV). Well done good and faithful servant. Horace L. Jackson shall be missed but never forgotten.

Adopted as follows:

Honorable City Council:

Re: Amendments, Correction of Errors and Changes to the FY 2020 - 2023 Four-Year Financial Plan.

After further review of the 2020 - 2023 Four-Year Financial Plan presented on March 7, 2019, amendments, errors or changes have been discovered which should be corrected. There are three (3) categories of corrections. First, there are "substantive" errors, which must be corrected as an amendment to the Recommended Budget. Second, there are typographic and/or data entry errors, which do not affect appropriation totals or budget balancing. Third, there are changes which affect appropriation totals and require an amendment to the Recommended Budget.

**CLOSING RESOLUTION**

By Council Member Ayers:

WHEREAS, The Four Year Financial Plan provides appropriations to support operations of the City for the period July 1, 2020, through June 30, 2023, including salaries, wages, pension requirements, other employee benefits, debt service and other expenses, plus meets the requirements outlined in Home Rule City Act (Act 279 of 1909) 117.4t sec (b) (i-viii) and sec (c) (i-ix);

1. Resolved, That employee benefits and retirement provisions for non-union employees shall be in accordance with the City Council Resolution of October 2, 1974, J.C.C. page 2142; November 16, 1977, J.C.C. page 2538; August 6, 1980, J.C.C. page 2057; August 5, 1981, J.C.C. page 1957; January 6, 1984, J.C.C. page 45; April 15, 1987, J.C.C. page 813; November 15, 1989, J.C.C. page 2627; August 4, 1999, J.C.C. page 2375; November 30, 2001, J.C.C. page 3810; July 30, 2003, J.C.C. page 2470; September 13, 2006, J.C.C. page 2341; and February 11, 2010, J.C.C. page 292, and otherwise as authorized by City Council through the 2019-2020 fiscal year; and be it further

2. Resolved, That the Finance Director and the Labor Relations Director continue the administration of salary and prevailing rates according to the rules as listed in the 2019-2020 Official Compensation Schedule, and otherwise according to the City Council Resolution of July 13, 1954, J.C.C. page 1713; and be it further

3. Resolved, That employee benefits contained in this Closing Resolution are permissive rather than mandatory for unionized employees; and be it further

4. Resolved, That all contracts covering unionized employees may, upon approval of the Director of Labor Relations, be extended beyond their expiration dates; and be it further

5. Resolved, That where no effective date is given in a resolution involving personnel procedures approved by the City Council of the City of Detroit, the effective date shall be the second Wednesday subsequent to passage of the resolution at

the regular session, in accordance with the resolution of December 12, 1944, J.C.C. page 2983; and be it further

6. Resolved, That the Finance Director is hereby authorized to honor payrolls for restoration of lost time by City employees as a result of a reduced or reversed suspension or discharge, provided such action is recommended by the Labor Relations Director, and otherwise in accordance with the resolution of March 11, 1969, J.C.C. page 565; and be it further

7. Resolved, That employees be paid for out-of-class work according to negotiated agreements and in the absence of agreements upon recommendation of the department with approval of the Budget Director and the Civil Service Commission and otherwise in accordance with the resolution of September 17, 1968, J.C.C. page 2269; and be it further

8. Resolved, That for inactive titles under the old Police and Fire pension system, changes shall apply proportionately with changes in the active titles according to the City Charter and the J.C.C. resolution of September 9, 1953, page 2235; and be it further

9. Resolved, That rates of pay applied to positions in the 2019 - 2020 Budget be subject to maintenance charges as approved by the City Council for all employees furnished living accommodations; and be it further

10. Resolved, That the Finance Director is hereby authorized to provide reimbursement to employees to the extent that they are subject to additional expense for insurance at commercial rates exclusively by virtue of driving vehicles on City business and otherwise according to the City Council Resolution of November 12, 1968, J.C.C. page 2728; and be it further

11. Resolved, That the Finance Director is hereby authorized to provide reimbursement of certain expenses to persons seeking or accepting employment with the City in accordance with the Resolution adopted by the City Council on February 7, 1996; and be it further

12. Resolved, That the Finance Director is hereby authorized to continue honoring payrolls for payment of unused sick leave to retirees, and others who separate from service in the required manner; all according to the City Council resolution of November 8, 1961; J.C.C. page 2292, and July 20, 1971, page 1686; August 5, 1981, page 1957; and July 30, 2003, page 2470; and be it further

13. Resolved, That reimbursement of private car mileage for non-union employees is authorized in accordance with the City Council resolution of October 2, 1974, J.C.C. page 2142 and January 6, 1984, J.C.C. page 45; August 4, 1999, J.C.C. page 2375; and July 30, 2003, J.C.C. page 2740; and September 13, 2006, J.C.C. page 2341; September 18, 2012, J.C.C. page 1711 and, be it further

14. Resolved, That the Labor Relations Director is hereby authorized and directed to amend the Official Compensation Schedule to incorporate changes covering title eliminations, specialties, and substitutions, and code number changes through Human Resources Department action when such changes do not necessitate additional appropriations or base rate changes; and be it further

15. Resolved, That uniformed Police and Fire personnel be provided with uniforms and/or allowances and such accessories as provided by the applicable collective bargaining agreements, approved by the departments and the Budget Director within appropriations provided therefore; and be it further

16. Resolved, That regular City employees with at least 90 days of service working in continuing assignments recommended for consideration by department heads may be reimbursed not to exceed the sum of either \$170 for a clothing allowance or \$350 for a uniform allowance in any fiscal year in accordance with the J.C.C. of June 21, 1966, page 1908, the J.C.C. of October 2, 1974, page 2142, and the J.C.C. of July 30, 2003, page 2470; and bi-annually September 18, 2012 J.C.C. page 1423, for expenses arising out of the purchase of necessary protective clothing and accessories as provided by the applicable collective bargaining agreements or City Employment Terms, as recommended by the departments and approved by the Labor Relations Director, provided finally that the above provisions and limitations shall not be applied to duplicate allowances or change existing policy or authorized practices with respect to other assignments or employees; and be it further

17. Resolved, That the Finance Director is hereby authorized to provide supplemental pay for the fiscal year as requested by departments for authorized encampments for City employees in the armed forces in accordance with the City Council resolutions of February 13, 1963 J.C.C. page 344, November 1, 1966, J.C. C. page 3010; and February 13, 1980, J.C.C. page 407; with the provision that the City shall not offset military pay and allowances for days the employee is not regularly assigned to work; and be it further

18. Resolved, That in the event of a hardship occasioned by an unexpected or untimely separation from service, the Finance Director upon recommendation of the Budget Director and the Labor Relations Director, is hereby authorized to honor lump sum payments from available funds for vacation leave, compensatory time credit, and excused time credit, to which an employee is otherwise legally entitled; and be it further

19. Resolved, That the Finance Director is hereby authorized to honor payrolls for the induction of employees in classifi-

cations designated with Step Code "D", Step Code "K" and Step Code "R" at advanced step levels within the pay range according to a formula to be established by the Human Resources Director and approved by the Labor Relations Director; and be it further

20. Resolved, That upon request of the department and the recommendation of the Labor Relations Director and Budget Director, that the Finance Director be authorized to permit the payment of salaried employees on an hourly basis and hourly employees paid on a salaried basis and to withdraw such permission as requested by the department; and be it further

21. Resolved, That the Finance Director is hereby authorized to honor payrolls for employees affected by the change over from standard time to daylight savings time in accordance with the resolutions of April 24, 1973, page 1073, provided that no overtime shall be paid to any employee affected until they shall actually have worked forty (40) hours per week; and be it further

22. Resolved, That the Finance Director is hereby authorized to pay employees their regular paycheck on the previous Thursday when a holiday is generally observed on Friday and on the preceding Wednesday when both Thursday and Friday of the same work week are holidays and otherwise in accordance with standard payroll procedures; and be it further

23. Resolved, That the Finance Director, upon recommendation of the Labor Relations Director is hereby authorized to continue reimbursement of employees for articles damaged in the course of employment according to the City Council resolutions of December 19, 1961, J.C.C. page 2657, and November 21, 1972, J.C.C. page 2829 and page 2855 as implemented by rules established by the Finance Director; and be it further

24. Resolved, That contractors hired under titles with pay ranges may receive pay increments within the range in accordance with their contracts with approval of the Finance Director, provided funds are available; and be it further

25. Resolved, That the various departments are hereby authorized to hire and pay Special Service employees at any rate within the range based upon formula established by the Human Resources Director, and otherwise according to the resolution of August 20, 1963, J.C.C. page 2190, with the provision that step increments for these employees may be granted by the department head with the approval of the Human Resources Director and Budget Director in accordance with rules established for general City employees; and be it further

26. Resolved, That Special Service employees upon approval of the Labor

Relations Director and the Finance Director, be granted fringe benefits in accordance with the Charter, Ordinances, and the City Council resolution of August 23, 1966, J.C.C. page 2433, provided that City Council reserves the right to adjust wages and fringes for Special Service employees during 2019 - 2020, and provided further that employees temporarily transferred to Special Service positions from the Regular Service shall continue to receive their regular service fringes; and be it further

27. Resolved, That upon interdepartmental transfer of employees, departments may make lump sum payments with supporting documentation within appropriations for unliquidated vacation time in excess of twenty days (20), provided that the time cannot be properly liquidated, prior to the following month of August but not later than September 30th. Approval may be granted by the Budget Director and Labor Relations Director; and be it further

28. Resolved, That unless specifically covered by labor contract, when an employee is called to work an unscheduled shift or overtime, he shall receive the overtime for the hours worked or a minimum of four (4) hours on a straight time basis, whichever is greater, and otherwise according to the resolution of the City Council of May 29, 1962, J.C.C., page 1186; and be it further

29. Resolved, That City departments are hereby authorized to provide for mailing of paychecks to employees not assigned to work on paydays; provided employees affected direct a written request to their department head or representative by noon two days prior to payday; and be it further

30. Resolved, That the Finance Director is hereby authorized to pay \$10,000 to the beneficiaries or estate of employees who are killed or who die as a result of injuries sustained in the actual performance of their duties or who are permanently disabled in the line of duty and otherwise in accordance with the City Council Resolutions of August 3, 1977, J.C.C. page 1638; and be it further

31. Resolved, That the Finance Director is hereby authorized to pay directly to the funeral service provider and/or cemetery an additional benefit up to \$12,000 for any City of Detroit employee who dies as a direct and proximate result of an injury sustained in the line of duty and otherwise in accordance with the City Council Resolutions of March 20, 2018; and be it further

32. Resolved, That apprentices will receive their designated pay increments every six (6) months upon recommendation of the department and approval of the Human Resources Department Training Division provided that they have been sat-

isfactorily participating in related instruction and on-the-job training, in accordance with the standards established for that trade, during the six (6) month period immediately preceding the date of the increment, said increments will be paid effective on the date of the completion of the training period; and be it further

33. Resolved, That vacation time no matter how earned, shall not be allowed to accumulate in amounts exceeding twenty (20) days on any October 1 date, exclusive of any vacation time earned between July 1 and the following September 30, and otherwise in accordance with the City Council Resolution of May 27, 1969, J.C.C. page 1258 as amended; and be it further

34. Resolved, That an administrative fee of one percent (1%) of property taxes shall continue to be imposed, to be used to offset the costs incurred in assessing and collecting the property tax and in the review and appeal process; and be it further

35. Resolved, That as required by the provisions of Public Act 399 of 1984, a one-half of one percent (1/2%) per month interest charge on delinquent real and personal property taxes shall continue to be imposed from the time such property tax became due and payable until such tax is paid in full, all in accordance with Section 18-9-89 through 18-9-100 of the Detroit City Code; and be it further

36. Resolved, That as required by the provisions of Public Act 399 of 1984, a one percent (1%) per month penalty on delinquent real and personal property taxes shall continue to be imposed from the time that the property tax became due and payable, until such tax is paid in full, and the penalty shall not exceed a total of twenty-five percent (25%) of the unpaid tax, all in accordance with Section 18-9-89 through 18-9-100 of the 1984 Detroit City Code; and be it further

37. Resolved, That as permitted by the provisions of Public Act 399 of 1984, interest and penalty from February 15 to the last day of February on a summer property tax which has been deferred is hereby waived for the homestead property of a senior citizen, paraplegic, quadriplegic, eligible serviceman, eligible veteran, eligible widow, totally and permanently disabled person, or blind person as those persons are defined in Chapter 9 of Public Act 281 of 1967, as amended, if the person makes a claim before February 15 for a credit for such homestead property as provided by Chapter 9 of Public Act 281 of 1967, as amended, presents a copy of the form filed for that credit with the City Treasurer, and if the person has not received the credit before February 15; and be it further

38. Resolved, That the Finance Director, or his/her designee(s) is hereby authorized to continue making the necessary accrual adjustments for Compensated

Employee Absences and Damage Claim Payments as a part of the 2018-2019 Fiscal Year closing process in compliance with the provisions of the National Council on Governmental Accounting Statement Number Four, "Accounting and Financial Reporting Principles for Claims and Judgments and Compensated Absences" and Governmental Accounting Standards Board Statement No. 16 "Accounting for Compensated Absences"; and be it further

39. Resolved, That the Finance Director, or his/her designee(s), be and is hereby authorized and directed to purchase, sell or exchange securities representing investments of cash balances as permitted by law, and in accordance with written policies established by the Finance Director and placed on file with the Office of the City Clerk, and that the Treasurer be and is hereby authorized and directed to disburse or deposit funds accordingly and to accept receipts for holding securities in lieu of definitive certificates; and be it further

40. Resolved, That the Finance Director is hereby authorized to appropriate investment earnings on bond proceeds to fund the cost of bond issuance expenses; and be it further

41. Resolved, That the Finance Director is hereby authorized to disburse funds, allocate bond proceeds and make any and all necessary declarations for the purpose of complying with applicable law and specifically with the reimbursement rules and regulations of the U.S. Department of Treasury pursuant to the Internal Revenue Code of 1986, as amended, with respect to projects identified herein, which projects are to be permanently financed from proceeds of debt to be incurred by the City; and be it further

42. Resolved, That as actual collections are received through June 30, 2020 from Account No. 13-7512 — Fire Insurance Escrow — P.A. 495, they are hereby authorized to be appropriated in the proper general fund or block grant account; and be it further

43. Resolved, That the Finance Director is hereby authorized and directed to disburse the necessary funds as adopted and appropriated in the 2019 - 2020 Budget to the Charles H. Wright Museum of African American History, Zoological Institute, Detroit Institute of Arts, Detroit Port Authority, Detroit Historical Museum and the Eastern Market Corporation, be it further

44. Resolved, That the Budget Director is authorized and directed to establish processes, records, transfers and/or accounts necessary to implement and facilitate any reorganization of department functions or activities within the city budget; and be it finally

45. Resolved, That all revenues generated by the Detroit Police Department's (DPD) towing and storage operations,

namely, all towing, storage and administrative fees produced by the DPD's operations will be budgeted in a special revenue fund. These DPD revenues in the special fund will be restricted for use only in support of DPD's towing and storage operations, or other uses that directly support DPD's public safety operations.

46. Resolved, That, notwithstanding any provisions of section 14-12-7 of the 1984 Detroit City Code to the contrary, the annual appropriation to the Detroit Affordable Housing Development and Preservation Fund, shall be based upon 20% of the actual net receipts of all commercial property sales during the previous fiscal year, subject to a reconciliation procedure as determined by the Deputy CFO/ Budget Director.

47. Resolved, That, effective July 1, 2019, the contract of lease between the City and the Detroit Building Authority providing for a separate enterprise system of parking revenues through the Automobile Parking Fund is hereby terminated and such parking revenues shall henceforth be part of the General Fund.

48. Resolved, That the Chief Financial Officer, Office of Budget and the Legislative Policy Division are authorized, subsequent to City Council's approval, to adjust the forecasted budgets as needed in order to balance by fund for FY 2020-2021, FY 2021-2022 and FY 2021-2022 so long as those adjustments are consistent with the FY 2019-FY 2020 Budget and completed prior to the submission of the Four Year Financial Plan to the Financial Review Commission for approval, and therefore be it

49. Resolved, That the Finance Director is hereby authorized and directed to honor payrolls in accordance with this resolution.

**PREFACE**

This book lists pay rates in effect as of March 18, 2019, as well as scheduled increases for July 1, 2019.

The letter(s) listed under the column entitled "STEP CODE", identifies the rule to be used for progressing from the minimum to the maximum salary rate. The progression rules are explained in the Salary Step Increment Schedule. The parenthetical line below the classification indicates the classification's bargaining unit affiliation.

Effective May 1, 1997, appointees are covered by the Executive Pay Plan. Appointees are currently eligible for general wage increases. The pay levels for appointive classifications are set by the appointing authority and are based on market competitive studies provided by the Human Resources Department.

**ADMINISTRATION OF SALARY  
AND PREVAILING RATES  
(COMMON COUNCIL RESOLUTION  
JULY 13, 1954) AS AMENDED**

RESOLVED, (1) That it shall be the duty of the department head on July 1 of every year and each annual quarterly period thereafter, to furnish the Finance Director with a list of employees eligible for step increments, and he shall indicate thereon the names of the individuals recommended and those not recommended together with reasons for each denial. The Finance Director may then honor payment of the recommended increases provided they are in accordance with the appropriations approved by the Common Council in the annual budget.

(2) In determining the eligibility for step increments based on one year of service, the department head shall require at least 216 days of payroll time in one grade of the same classification or in equivalent grades of similar classifications. Such time shall be exclusive of all overtime including sixth and seventh days, and it must be credited over a period of at least 12 calendar months. For step increments based on a six-month period, the department head shall require at least 108 days of service over a period of at least six calendar months.

(3) When employees are engaged for portions of days or weeks on a continuing basis, they may be granted a step on their full rate for the title, provided they have served 80 percent of their regular yearly schedule of work over a period of at least 12 calendar months.

(4) When an employee experiences a change in title within a series or between similar series with duties and responsibilities that may be quite readily compared, his rate shall be set at a level above the

minimum consistent with the amount of payroll time spent in similar grades or higher grades within the same or similar series according to his past record regardless of date of continuity. (Note: On demotions, generally apply Rule #5.)

(5) When an employee experiences a change in title from one series to another in the classification plan and it is difficult to recognize any similarities between grades and classes or when the observance of other rules would cause a grave injustice in the opinion of the department head and the Labor Relations Director, a rate may be set within the official range with the concurrence of both of these officials and such rate shall become the employee's official rate.

(6) For the purpose of administering scheduled increases, the year shall be divided into quarters beginning with the months of January, April, July and October. The increments shall be due at the beginning of the first quarter following the employee's anniversary date of employment. After July 1, 1947, they shall furthermore be effective on the first day of the payroll period in which the quarter begins. In no case shall an employee be deprived of credit for the first quarter of his anniversary by virtue of the first three days occurring on Sunday, holidays or non-scheduled work days (J.C.C. July 10, 1945). When special adjustments are made between quarters they shall take effect at the time of adjustment, unless otherwise provided as in paragraph (5).

(7) The term "Service" as used in several resolutions governing the administration of salary increases shall be construed to mean payroll time exclusive of overtime or premium time.

(8) When employees, according to the resolution of June 5, 1945 (J.C.C. page 1173) are working in multiple title capacities, scheduled increases may be granted in all the titles held by the employee for the required length of time provided he shall have had the required amount of service, which service may have been under any of the titles.

(9) According to the resolution of October 1, 1941 (J.C.C. page 2963) and as herein further provided, employees receiving promotions may, at the discretion of the department head and with the approval of the Labor Relations Director, be granted an increase equal to a full annual step or two six-month steps for salary classifications, or a six-month step of 10 cents for hourly rate classifications over and above their rate before promotion, providing the minimum of the new classification is not already a step in excess of their former rate. Promotions within the meaning of this paragraph are confined to those situations in which the maximum of the new title is at least a half step above the maximum of the old title.

When an employee is promoted as above, his anniversary shall change accordingly, but when a change in title cannot be termed as a promotion for reasons above stated, the anniversary shall not change and the employee may at the discretion of the department head be granted an increase in pay equal to the difference between the maximum rates of the titles concerned. When multiple titles are involved such increase if granted on the non-promotional basis shall be equal to the difference between the maximum of the highest title prior to the change of status and the highest after the change.

(10) As provided in the resolution of May 18, 1948, (J.C.C. page 1358), employees who are reinstated to their former class and grade according to Title IV, Chapter II, Section 14 of the City Charter, shall be compensated at a rate of pay, within the same classification, at a level of pay decreased for each full year of absence by an amount equivalent to the normal step increments received by the class for a year. Where they have been reinstated to a different grade and classification or under circumstances other than those provided in the above Charter provision, the rate shall be set concurrently by the Labor Relations Director and the department head according to the provisions of paragraph (5) above. A full year of service shall be construed to consist of a period of at least 12 calendar months, and no credit shall be granted for portions of years served prior to resignation.

(11) Employees in the apprenticeship programs according to the Official Compensation Schedule may be paid at their regular straight time rate for four hours per week or equivalent for required attendance at school classes (J.C.C. March 12, 1946, page 542).

(12) When converting hourly rates to salary or vice versa, in the application of the above rules or under any other circumstances, the conversion shall be computed on a 2080 hour annual basis with hourly rates rounded up to the next highest 1/2 cent and salary rates to the next highest dollar.

(13) In spite of any of the above provisions, no employee shall be paid above the maximum of the range for his title.

(14) Salary positions in classes listed on an annual rate basis in the compensation schedule shall receive annual scheduled increments according to rules prevailing and in the amounts and manner specified in the official schedule herein printed. Prevailing rate positions in classes listed on an hourly basis in the compensation schedule shall receive 10 cents per hour increase semi-annually and effective on quarterly intervals according to Rule 6 above. Apprentice classes in the Apprentice Step Increment Schedule shall be granted increments according to such

schedule, effective the first payroll period after completion of the necessary requirements and otherwise under rules prevailing in this official schedule (J.C.C. July 3, 1951 and October 22, 1968).

(15) When upon application of the final step increment or an increase upon promotion according to Rule 9, the employee's rate is still within 1 cent per hour or \$21.00 per annum of his maximum rate, the department may include that remainder with the amount of the employee's last increment to provide him with his maximum rate.

(16) a. Finish Painter — Building Spray rate will be paid to all Finish Painters who are doing sprayman work.

b. Finish Painter — Swing Stage rate will be paid to all Finish Painters while doing swing stage work (window jack and window belts both exterior and interior).

(17) When an employee is entitled to a step increment based on age or scholastic qualifications, the increment will be granted on the first pay period following the attainment of the necessary qualifications.

(18) a. Effective October 1, 1980, step increments for hourly rated employees shall be increased from 5 cents per hour to 10 cents per hour.

b. Effective October 1, 1980, the basic step increment schedule for salary classifications shall be changed so that the annual increments will be five percent (5%) of the employee's salary as of the date the increment is normally paid, not to exceed the maximum rate for the classification.

Half steps shall be two and one-half percent (2-1/2%).

c. Effective January 1, 1981, the step increments for salaried classes shall be paid over a period not to exceed six (6) years. The rate range between minimum and maximum shall be maintained for those classes which currently exceed six (6) years. The City will readjust step increments so that there will be six (6) equal steps in the range. Employees between steps in the range after the implementation of the six year step schedule on January 1, 1981 shall receive their normal 5% step increment, if normally due and then shall be placed at the next highest increment level.

d. Effective October 1, 1980, employees promoted from classes where the maximum of the old class is greater than the minimum of the new class, shall be entitled to a pay increase of two annual steps not to exceed the maximum of the new class. For promotion from entry level professional classes to junior professional classes this rule shall not apply and the prior practice shall be maintained.

#### STEP INCREMENT SCHEDULE

A. All pay ranges designated with "A" receive annual increments in the amount of 5% of the employee's base rate, but never in excess of the maximum.

B. All pay ranges designated with "B" shall proceed from the minimum to maximum on the basis of five equal annual steps.

C. Employees (apprentices) in this class may be hired or adjusted by the department to any established rate within the range. Rate adjustments which do not comply with standard step increment rules must be approved by the Finance Director.

**THE DETROIT CITY COUNCIL  
2019-2020 FINANCIAL AND  
BUDGETARY PRIORITIES,  
PUBLIC POLICY, PLANNING AND  
ACTION RESOLUTION**

By ALL COUNCIL MEMBERS:

WHEREAS, The Detroit City Council has held hearings and deliberations on the Executive Budget for FY 2019-2020 submitted by the Honorable Mayor Mike Duggan; and

WHEREAS, Following the City of Detroit's (City) emergence from bankruptcy at the end of 2014, the City has been on an increasingly positive trajectory toward the future. Reinvestment in the City's infrastructure is ongoing, with fiscal restraint remaining paramount; and, the alignment of expenditures and revenues continues to be balanced with improvements in service delivery to residents; and

WHEREAS, Michigan Public Act 181 of 2014 (Act 181) provided for the oversight of the City for at least thirteen years. The FY 2019-2020 budget process proceeded under a waiver of active oversight, granted by the Financial Review Commission (FRC) in April 2018, following three consecutive years of successful adherence to deficit-free budgets. The annually renewable waiver requires that the City submit its adopted budget and four-year financial plan to the FRC by April 30 of each year; and

WHEREAS, The Mayor submitted the Executive budget to City Council on March 7, 2019, and the Council conducted 44 hearings with City departments and allied City agencies over a one month period to consider if the proposed budget figures were sound, to consider where adjustments would be necessary or beneficial, and to identify and propose funding changes; and

WHEREAS, Pursuant to Sec. 8-213 of the 2012 City Charter and Public Act 181, the City's Chief Financial Officer, Budget Director, Auditor General, and the City Council's Legislative Policy Division, along with other top officials and financial consultants held a revenue estimating conference which determined reasonable, agreed upon revenue projections for the General Fund revenues for the upcoming fiscal year, of \$1,086 billion; and

WHEREAS, On this day, April 8, 2019, the Detroit City Council adopts a program budget that is based on sound and conservative budgetary principles for municipalities, well-reasoned financial assumptions

and past performance, as well as stated goals and projections for City departments, divisions and agencies, as well as in consideration of the dictates of the "Plan for the Adjustment of Debts of the City of Detroit" (POA); and

WHEREAS, For several years now, the Administration has astutely recognized that the City's Plan of Adjustment contained several questionable key assumptions that need to be addressed in order to manage the projected shortfall in the City's pension obligations. The City has established a Retiree Protection Trust Fund that will allow the City to build up approximately \$335 Million in trust assets to offset the City's annual required contributions that resume in FY 2024. In September 2017, for FY 2018, the City transferred the first \$105 Million in funding. In FY 2019, \$20 Million was contributed to the fund, and \$45 Million will be contributed in FY 2020. The trust is intended to ensure that pensioners who have already suffered a significant loss due to the City's bankruptcy will not be harmed further by a collapse of the pension system. The trust assets should allow for prudent financial planning sufficient to avoid a steep deficiency in pension payments and to stabilize the City's financial future; and

WHEREAS, The Plan of Adjustment required the Building, Safety Engineering and Environmental Department (BSEED), an enterprise department, to repay the General Fund an amount totaling \$18 Million for contributions made to the Department. As of June 30, 2018, the Department has a \$19.6 Million fund balance; \$8 Million is due according to the Plan of Adjustment's payment schedule. The Administration has undertaken an analysis of the usage of BSEED's fund balance to repay the General Fund, and moved \$15 Million for deposit into the City's budget reserve ("rainy day") fund; and \$2.5 Million was contributed for equipment acquisition related to the Department's Accela software; and

WHEREAS, In light of these factors the Detroit City Council, in adopting this budget, has incorporated the fiscal and public policy priorities outlined below in an effort to provide effective government operations and service delivery to the residents, institutions and businesses of this City; and

WHEREAS, The increase in the use of surveillance technology has the potential to violate the public's rights with respect to privacy and civil liberties and can easily be misused to target vulnerable communities. Thus, City Council is urging the Administration to develop and properly vet policies and procedures before instituting the use of new surveillance methods/technology, and before deploying personnel related to increased surveillance, prior

to submitting funding requests and implementation. City Council also recommends having civilian oversight over surveillance technology through a policy/ordinance such as a Community Control Over Police Surveillance (CCOPS) ordinance which provides for an open and transparent process for the use and implementation of surveillance technology. As such, City Council has sequestered the \$1.8 Million budgeted for surveillance systems until such policies have been properly developed; and

WHEREAS, As the civilian oversight body for the Detroit Police Department, the Board of Police Commissioners' (BOPC) work sometimes requires late nights, long meetings, and extensive community outreach before engagement. The Detroit City Council directs all City of Detroit lobbyists to work collaboratively with State Legislators to amend state law to allow a municipality with at least two-hundred thousand (200,000) residents to provide an adequate stipend (compensation) and reimbursements to an elected municipal public safety oversight body; and

WHEREAS, The City of Detroit currently does not have a crime lab and continues to grapple with high rates of violent crime and delays in processing evidence from crime scenes by the Michigan State Police; the Detroit City Council urges the Administration to develop a partnership with the Michigan State Police that would allow a 3 to 4 person Detroit-dedicated unit to work out of the Michigan State Police crime lab facility in Detroit. It is intended for these funds to remain in the Detroit Police Department's budget pending a required change to the rules governing the Michigan State Police lab to be made by the Governor; and

WHEREAS, As a paramilitary agency, it is imperative that the members of the Detroit Police Department maintain a satisfactory level of physical fitness. As such, the Administration has agreed to remedy the shower and weight room deficiencies in the 9th Precinct through the expenditure of capital dollars in the upcoming fiscal year. The City Council applauds this effort; and

WHEREAS, The prosperity that can be seen in the parts of our community that are rapidly expanding is not shared throughout our community. In fact, with the City's shrinking housing stock, due largely to massive demolition efforts, adequate housing for the poor at or below the poverty line is at near crisis levels in the City. This segment of our population needs to be sustained and adequate accommodations provided; and

WHEREAS, The Board of Review will need additional resources in order to be efficient when processing the applications for the Homeowners Property Tax Assistance Program (HPTAP) since the pas-

sage of the HPTAP Ordinance. Therefore, City Council supports funding for the purchase of scanners and tablets, as well as a marketing plan for the Board of Review with an appropriation through the Assessor's Office, in an effort to more effectively service the residents of Detroit; and

WHEREAS, The Planning and Economic Development Committee is currently debating a proposed amendment to the Inclusionary Housing Ordinance that would include tax abatements and incentives as a trigger for the enforcement of the Ordinance. If passed, the amendment will require the City to monitor the income of residents in the affordable units of projects receiving tax abatements from the City of Detroit. The Civil Rights and Inclusion Office (CRIO) has been tasked with monitoring compliance of the affordable units, however there are serious questions as to whether their current or even proposed staffing levels could adequately manage the increased workload. Therefore, City Council is appropriating funding for CRIO to hire three additional Full-time employees (FTE) whose duties shall include monitoring the income verification requirements outlined in the Inclusionary Housing Ordinance and the hiring of Detroiters on publicly funded construction contracts in the proposed Local Hiring Ordinance; and

WHEREAS, Affordable housing is currently one of the greatest needs for Detroiters. This need is further amplified for those Detroiters with disabilities. According to the American Community Survey (ACS) from the U.S. Census Bureau, there are approximately 134,730 people in Detroit with a disability. Furthermore, it is unknown how many ADA compliant units currently exist in Detroit. Therefore, City Council is urging the Administration to fund a comprehensive study on the availability, quality, and affordability of ADA Compliant housing in Detroit. Furthermore, the study should provide an assessment of the distribution of ADA accessibility in parking lots, pedestrian crossings, and other public spaces; and

WHEREAS, The Housing and Revitalization Department (HRD) has provided an extensive and lengthy list of residential housing whose affordable housing restrictions are set to expire in 2023. HRD has indicated that it will prioritize and strongly advocate to renew affordable housing restrictions to the extent possible within the parameters of local, state, and federal law and will leverage funding and resources to ensure that residents that are impacted by this change are not displaced; and

WHEREAS, The Senior Home Repair Grant Program has traditionally provided opportunities for Detroit's senior citizens and most vulnerable populations to obtain minor, significant and often critical home

repairs. Given the age of the housing stock in Detroit and the condition of a significant portion of our neighborhoods, home repair grants help stabilize neighborhoods and are a matter of public health. The Administration has budgeted \$1.56 Million for Conventional Home Repairs. City Council is allocating an additional \$1 Million to the conventional home repairs appropriation for Fiscal Year 2019-2020 for senior home repair grants, accomplished through the reallocation of \$500,000 in block grant funding and a General Fund appropriation of \$500,000. City Council also strongly urges the Administration to increase funding for Senior/Conventional Home Repairs in the future; and

WHEREAS, In 2016, City Council passed a resolution establishing the Neighborhood Improvement Fund (NIF) to be created in FY 2019 and remain in existence at least until all obligations related to the \$34.5 Million in bonds issued by the Downtown Development Authority (DDA) to support the Pistons' move to Detroit are satisfied. City Council is appropriating \$1 Million to the NIF based on an estimation of the income tax revenue to be generated by the Pistons and visiting team players as well as Palace Sports and Entertainment employees during home games in Detroit. City Council also urges the Administration to include income tax projections for the Pistons and visiting players as well as all employees covered by the Neighborhood Improvement Fund in future Revenue Estimating Conferences;

WHEREAS, The new Pistons facility and the Henry Ford Health and Wellness Center are anticipated to increase both pedestrian and vehicular traffic. Therefore, to ensure the health and safety of all residents, the Department of Public Works has agreed to explore the option to utilize \$500,000 of federally-funded street improvement dollars to support street improvements around the development. Proposed improvements include: \$200,000 for the installation of a traffic light at 3rd St. and Amsterdam St.; \$175,000 for sidewalk improvement and repair on 3rd St. from Milwaukee St. to York St.; and \$125,000 for sidewalk improvement and repair on 2nd St. from Milwaukee St. to York St.; and

WHEREAS, In FY 2019, The Skilled Trades Readiness Fund provided significant financial support utilizing compliance fees to enhance the efforts of the Detroit Employment Solutions Corporation to eliminate basic skill, child care, and transportation barriers for residents interested in careers in the skilled trades. However, during FY 2019, the City of Detroit did not collect compliance fees at the same rate of collection as FY 2018 due to the value of current projects that have begun construction. As a result of the lack of collec-

tion of compliance fees in FY 2019, there was a lack of funding available for the Skilled Trades Readiness Fund. In order to optimize the viability of the Skilled Trades Readiness Fund, the Administration has agreed to appropriate at least \$340,000 if additional compliance fee dollars are collected or funded through other means. In future years, if these compliance fees remain uncollected and unallocated, then City Council urges the Administration to appropriate at least \$340,000 to the Skilled Trades Readiness Fund as unanticipated revenues are received by the City; and

WHEREAS, Furthermore, the City of Detroit has approved additional potential projects and announced several large development projects that have reported multi-million dollar investments into employment. Once those dollars have been received, at least 20% of those dollars should be appropriated to the Skilled Trades Readiness Fund. Additionally, as the City continues to support economic development, Council urges that at least 20% of all compliance fee dollars collected annually be allocated towards the Skilled Trades Readiness Fund; and

WHEREAS, The Administration has allocated \$73 Million for blight remediation with \$50 Million dedicated for demolition activities. Given the past problems with the Demolition Program and current federal investigations, City Council is urging the Administration to develop policies and procedures which ensure: Detroiters receive 51% of the jobs associated with the contracts, equalization credits are provided for certified Detroit-Headquartered, Detroit-Resident, Detroit-Based, Detroit Small Business, Detroit Disadvantaged Business Enterprises and Section 3 compliant businesses, as certified by the City of Detroit; plans are submitted to City Council establishing rules and protocols for the verification of backfill materials prior to expending funds; and plans are submitted to expend funds in all 7 Council Districts and outside of HHF areas; and

WHEREAS, There is a lack of up-to-date information coming from the Detroit Land Bank Authority (DLBA) regarding the sale of real property and the demolition program. Therefore in the interest of transparency, the Detroit City Council requests that the DLBA provide monthly reports to Council on all sales, property sales and demolitions; and

WHEREAS, City Council strongly urges the DLBA to create the Your Neighborhood Your Lot program that expands its side-lot sales program to permit neighboring property owners to purchase vacant lots, adjacent to, but not next door to their property, particularly where that property has been maintained by the prospective purchaser, and provide details of the program and a timeline for implementation; and

WHEREAS, Given the estimated backlog of over 1000 DLBA property holdings in need of maintenance, City Council strongly urges the General Services Department (GSD) to work with the DLBA to more efficiently respond to resident's property maintenance requests, with the goal of reducing response time to lower than the current 61 days on average; and

WHEREAS, In an ongoing effort to increase the sale of vacant land in the City, City Council urges the DBA to provide an updated process and procedure for outreach related to City-owned properties that are near or adjacent to occupied properties, including a process for notifying nearby residents that the parcel is available for purchase; and

WHEREAS, In order to address the multitude of questions raised by the community regarding residential and commercial real estate transactions, the Duggan Administration is requested to provide a pre-bankruptcy and post-bankruptcy comparison of real estate functions; a detailed process description, including any and all boards, committees, groups or individuals involved in disposition of City-owned real property in our inventory, as well as all scheduled meeting dates, minutes, and notes of all related discussions; and

WHEREAS, Economic development and redevelopment is occurring at a rapid pace in the City. City Council urges the Administration to support the Detroit Economic Growth Corporation (DEGC) in tracking the economic spin-off activity and impacts of publicly subsidized development projects on neighboring communities; and

WHEREAS, In an effort to ensure City residents are fully informed regarding the new ordinance amendments that impact property maintenance and ownership responsibilities, the Administration has agreed to allocate \$50,000 of the FY 2019 budget, recurring in future budgets, to fund citywide mailings to educate the public on housing and rental ordinances and the property maintenance code changes that are enforced by BSEED, CRIO, the Health Department and other City departments; and

WHEREAS, The City has recently implemented significant changes to the regulation of rental properties. To assist in monitoring the effects of these changes, City Council urges the 36th District Court to track the impact of the Rental Ordinance on landlord-tenant cases being processed by the Court - including the numbers of tenants that are utilizing the tools available to them through the ordinance, such as, escrowing rent payments when owners fail to properly register rental units, or properly maintain the property - and provide a semi-annual report to City Council; and

WHEREAS, Community Engagement

and Outreach is proven to be beneficial to ensure that the needs of the community are heard, considered, and included within the decision making process. The Planning and Development Department has begun efforts on an extensive, multi-year planning effort to revitalize fifteen (15) Detroit neighborhoods and spur equitable development within those neighborhoods. To date, 15 neighborhood planning studies are either underway, completed or funded for future implementation. While these studies represent diverse neighborhoods across the City, there are still many communities that have yet to be targeted for study. Many community residents are eager to engage the City in the planning process and have a say in the future of development in their neighborhoods. PDD has pledged to implement a community engagement process prior to the selection of the final neighborhoods to ensure continued community engagement and outreach related to the Strategic Neighborhood Plan. City Council supports this community engagement process and will monitor the progress as it unfolds; and

WHEREAS, To stimulate development and improvement, City Council strongly urges the Planning and Development Department (PDD) to prioritize the funding of planning studies in Boynton, Midwest, and Chadsey-Condon in the near future; and

WHEREAS, To stimulate economic development in the areas adjacent to neighborhoods, City Council urges the DEGC to provide a plan to support ongoing retail corridor studies throughout the City; and

WHEREAS, With the huge uptick of development in the City, concern over the use of tax abatements has intensified. As such, Council will be taking a closer look at the abatements to determine whether the City has garnered the promised amount of investment, job creation and economic impact. Therefore, City Council is requesting that the Detroit Economic Growth Corporation, Office of the Chief Financial Officer, and the Planning and Development Department complete a detailed analysis of all tax incentives approved within the last fifteen (15) years to determine the effectiveness of the current economic strategy involving tax abatements; and

WHEREAS, Many of the departments within City government have elected to utilize the new temporary administrative special services (TASS) employee classification to hire staff. This attractive and cost-cutting option allows the departments to offer a benefit package for hires who are expected to stay under the City's employ for a short term. However, this has resulted in less transparency in the budgeting process because it is difficult to ascertain the number of positions and the associated pay ranges. Accordingly, City

Council requests that each department submit a monthly report detailing the hiring or separation of TASS employees, including work title, basic responsibilities, and total compensation including any external funding or supplemental grant dollars to augment salary requirements; and

WHEREAS, To ensure transparency related to unused funds due to job vacancies and unfilled positions, beginning with the FY 2021 budget, the Office of the Chief Financial Officer has promised to submit a report, to accompany the proposed budget, detailing the total dollar amount of all departmental vacancies. Additionally, City Council requests that each department submit vacancy reports by December 1, 2019, detailing: (1) positions that were filled and the dollar amount associated with each filled position, and (2) positions that remain vacant and the dollar amount associated with each vacant position; and

WHEREAS, To continue efforts towards municipal transparency and fiscal responsibility, City Council urges immediate reporting of all special events or activities, such as the Grand Prix, PGA, boat races, parades, and various other events that utilize City-owned property or resources' Additionally, immediate reporting of all fee waivers and revenue paid to all City departments for services such as parking, public safety, concessions, or any other services should be included; and

WHEREAS, The Public Lighting Authority (PLA) is an authority created pursuant to state statute with the mission to improve, modernize and maintain the street lighting infrastructure in the City with brighter, more reliable, and more energy efficient lights. While the Authority is a separate legal entity from the City of Detroit, it receives a \$10.5 M subsidy from the General Fund to support its operations. Therefore, it is crucial that the PLA be responsive to requests for reports and appearances from the Detroit City Council to ensure that there is continued collaboration and community input regarding public lighting within the city; and

WHEREAS, In an effort to increase safety and enhance the quality of life for neighborhood residents and motorists, City Council urges the Administration to develop an overall strategy for lighting viaducts citywide, or alternatively, negotiating or partnering with the railroad companies to provide viaduct lighting; and

WHEREAS, The conditions of the alleyways in the City of Detroit have become a public nuisance and significantly contribute to the proliferation of blight, illegal dumping, crime rodents and stray dogs and cats. As a result, Detroiters suffer a diminished quality of life and an undue amount of stress caused by these conditions. As a matter of public safety and in service to our residents, it is incumbent

upon the City of Detroit to remediate conditions placed on our Citizens by our alleys. Therefore, City Council strongly urges the Administration to devise and fund a comprehensive plan to address the conditions of alleys in the City of Detroit as a part of Blight Remediation activities. The plan should include the removal of debris, trees, weeds and other items contributing to blight. It should also include the maintenance of Detroit Water and Sewerage drains, pest control services and installation of alley lighting especially in areas where the alley is the primary entrance to residents' homes; and

WHEREAS, An increase in bus fares is slated for this year. In order to assure riders are properly informed, City Council urges the Administration to provide substantial investment to DDOT for increased marketing, community outreach and education, as well as sufficient staff and administration to implement new fare programs, IT improvements and other new initiatives; and

WHEREAS, The Rosa Parks Transit Center and Transit Station at the State Fair Grounds are heavily trafficked locations in the City of Detroit. Due to the high frequency of usage, these transit stations need additional equipment in order to be properly maintained for riders and residents. Therefore, City Council requests that dollars be identified for the installation of shower facilities at the Rosa Parks Transit Center and restrooms to be installed at the State Fair Grounds, and for immediate placement of portable restrooms at that location. City Council also requests that a reduced fare pass option be explored and implemented for low-income residents in the City of Detroit; and

WHEREAS, Over the last two years bike lanes have been installed all over the City. However, a much-needed campaign to educate the public about the rules surrounding bike lanes, bike courtesy, and bike safety has yet to be launched. Therefore, City Council urges PDD to provide a comprehensive plan around bike lane education and outreach; and

WHEREAS, Currently, the areas adjacent to the freeways are not being properly maintained. City Council urges the creation of an agreement between MDOT and the City regarding responsibility for the maintenance and cleanup of the berms, service drives and freeway areas throughout the City; and

WHEREAS, The Gordie Howe International Bridge project is progressing and is expected to result in a doubling of truck traffic into the future, beginning with the construction process. City Council urges the Detroit Police Department to add additional Weigh Masters in order to effectively monitor the increased truck traffic; and

WHEREAS, The Detroit Building Authority (DBA) has announced a \$4 Million investment into The Coleman A. Young Airport to replace the main runway. This investment makes a clear statement on the intent to continue aviation operations at the facility. The current operational structure of the airport does not utilize the full potential of this Detroit jewel. The Coleman A. Young Airport, with sufficient investment, upgrades, and policy changes (such as the reinstatement of commercial airlines for passenger flights), has the potential to lead to an increase in revenue to support the General Fund and investment into Neighborhood Initiatives. City Council strongly urges the Duggan Administration to intensify efforts to seek funding to make requisite improvements to the airport; and

WHEREAS, As a result of complaints from City of Detroit residents regarding the demeanor and customer service challenges related to parking enforcement officers, the Administration has agreed to allocate dollars in FY 2021 of the 4-year financial plan to fund industry-specific training to improve the performance of Parking Enforcement Officers. City Council applauds this effort and would support more rapid deployment of this training effort; and

WHEREAS, Constituent feedback regarding price gouging at downtown and midtown parking lots demands a closer look into licensing and monitoring of City-owned and private parking lots and garages. City Council would urge the Administration to pay specific attention to whether these parking entities are equipped with adequate lighting to ensure maximum security and safety. Additionally, claims of parking fraud and excessive towing should be monitored for necessary enforcement actions and to enhance customer confidence and trust; and

WHEREAS, The accessibility of affordable and safe parking in the downtown area for citizens coming to conduct business, particularly in areas near and adjacent to court facilities, is essential. City Council urges the Municipal Parking Department (MPD) to examine how to reduce fees and safeguard against price gouging at parking stations and lots near 36th District Court when special event parking for concerts and games at Comerica Park, Ford Field, and other nearby venues compete with the needs of other residents seeking to access this busy courthouse; and

WHEREAS, The City's Health Department has indicated that it is developing a policy framework in order to establish programs to combat the effects of the nationwide mental health and opioid crisis on our City. The Detroit City Council strongly implores the City Administration to fully fund such programs once the framework is completed; and

WHEREAS, Nearly 37% of Detroit's population is age 45 and over, and the City has an overall poverty rate of 38%. Residents of the City of Detroit, especially seniors, also disproportionately suffer from obesity and chronic diseases such as diabetes and asthma. Thus, City Council strongly urges the Administration to establish a Senior Citizens Department and to develop adequate senior programming at all City of Detroit Recreation Centers in an effort to remove cost as a barrier to senior citizens' ability to recreate and achieve better health outcomes; and

WHEREAS, In order to maximize constituent engagement with Detroit Animal Care and Control (DACC) services, in support of recent amendments and enhancements to animal care and control laws, DACC recently launched an online tool for residents to report stray animals. DACC will continue to work with DoIT to design and implement a more robust electronic animal complaint mechanism and to research the ability to create an online searchable kennel inventory to enable residents to view photos and locate their lost pets during FY 2020; and

WHEREAS, The presence of wildlife throughout the City is becoming an increasing problem in some neighborhoods. When faced with these issues, residents are referred to the Michigan Department of Natural Resources for assistance. However, this seldom results in sufficient action by the agency, leaving the homeowners to address their concerns on their own, often at very significant cost. City Council urges DACC to provide a plan for managing wildlife beyond referring animals to the Department of Natural Resources; and

WHEREAS, Fifty thousand dollars has been appropriated to DACC to fund a city-wide mailing to inform residents of anti-tethering requirements, penalties, fees, and other crucial information to decrease risks related to dangerous animals. Legislation is pending to enhance current enforcement tools in order to protect our residents from dangerous animals; and

WHEREAS, To enhance efforts to mitigate bed bugs in rental units, BSEED has indicated it will utilize \$50,000 of the department's current budget to support marketing efforts to inform landlords and residents of laws related to the reporting, treatment, and prevention of bed bug infestation. Additionally, the Administration agrees to make a biennial appropriation of \$50,000 for marketing efforts to mitigate bed bugs in rental units beginning in FY 2021; and

WHEREAS, A maritime career has the potential to greatly expand the horizons of Detroit youth who may be seeking a non-traditional opportunity. It can also provide career alternatives and options specifically for young women. Therefore, Detroit

City Council urges the Detroit Wayne County Port Authority to provide a report to Council outlining a viable plan to recruit and retain Detroit youth in the maritime industry; and

WHEREAS, The Master Concessionaire's Agreement is a major impediment to the development of the Port of Detroit. City Council strongly urges the Administration and the Port Authority's Board of Directors to explore options for terminating the Agreement, or minimally, removing some of the legal impediments posed by this Agreement; and

WHEREAS, Research has revealed that environmental pollution disproportionately impacts communities of color and low-income individuals. The reduction of greenhouse gases in the City of Detroit is imperative because without a significant reduction in greenhouse gas emissions, our area will continue to experience a considerable amount of variation in temperature and precipitation, which will negatively impact our local environment, economy and natural resources. As a start to finding mechanisms to mitigate environmental impacts, the Administration has indicated its intention to seek out and use grant dollars to facilitate a citywide greenhouse gas assessment and climate action study; and

WHEREAS, New bulk solid storage requirements were passed by City Council in late 2017 obligating facilities included within the scope of regulation to file compliance plans. City Council urges the BSEED to post the fugitive dust plans in a publicly available forum; and

WHEREAS, Illegal dumping continues to be a concern in some areas throughout the City, impacting the quality of life for surrounding residents. City Council urges DPW to increase surveillance on the known and frequent dump sites in each district; and

WHEREAS, The leadership of the library system has developed a capitol improvement plan and the voters have authorized the sale of bonds to fund the necessary capitol expenditures. Therefore, City Council requests the improvements to the library system be included in the projects funded by the City's next sale of General Obligation Bonds; and

WHEREAS, The Detroit Institute of Arts (DIA) is a fundamental part of the community and its ongoing viability is essential to our City's vibrancy. With the well-being and vitality of the institution in mind, City Council urges the DIA, through its Board, to begin exploring renewal of the tri-county millage in 2023; and

WHEREAS, In exercising our authority to appoint members to boards and commissions, the Detroit City Council has always endeavored to appoint community representatives to ensure that there is well-balanced representation and a diver-

sity of ideas on various governing and oversight bodies. Currently, the Detroit City Council does not have appointment authority to the Charles H. Wright Museum Board of Directors. In an effort to provide balanced, community representation, it is strongly urged that the Mayor and City Council jointly appoint two (2) community members to the Charles H. Wright Museum Board; and

WHEREAS, The City of Detroit is home to many individuals who have difficulty reading because either they are not native English speakers or have challenged literacy. Therefore to enable more residents to obtain vital City departmental information, City Council urges departments, including DPW, DWSD, BSEED, DLBA, and PLA, to create and disseminate infographics to assist residents with common issues; and

WHEREAS, In a City where literacy challenges exist, City government must take actions to provide reading, educational and comprehension opportunities for our residents. The location and hours of operation of City libraries must be examined to ensure access is maximized. In addition, modern library options that appeal to a changing technology climate are crucial to stimulate and engage a new generation in a "culture of reading" in order to reverse current literacy trends; and

WHEREAS, City Council urges all Departments to identify a lead staff member to implement the City's Limited English Proficiency/Language Access Plan (LEP/LAP) within their Department, and to appropriate sufficient resources to effectively actualize the City's LEP/LAP; and

WHEREAS, The City's Office of Immigrant Affairs is minimally staffed and programmed, following a significant timing gap between the departure of the original director and appointment of permanent leadership. Therefore, City Council urges the Administration to reinvigorate the office through increased investment, to increase staffing and funding for programming; and

WHEREAS, The need for recreational opportunities for the youth in our City is great and the availability of these resources are scarce or non-existent in some areas of our City. City Council urges the Administration to adopt an initiative to seek foundation and other private funds to bring new recreational centers to Districts 4 and 7, which currently have no City recreational facilities; and

WHEREAS, Because City Council District 7 has no recreation center, City Council strongly recommends that the General Services Department (GSD) utilize program dollars to enhance recreational opportunities within the District. The Department has indicated its intention to develop partnerships with schools, ecumenical facilities and other organiza-

tions to create recreational opportunities for the local residents. To encourage these efforts, City Council requests that GSD provide semiannual reports describing the district-focused activities in which it is engaging, the partnerships created, and an estimate of the number of resident participants; and

WHEREAS, Over the last ten years, a large number of schools have been closed in Detroit. These closures have had a deleterious impact in the areas surrounding the vacant schools. In an effort to mitigate the impact of shuttering of the Sherrill Elementary School, City Council urges the Administration to seek grants, philanthropic support, and private donations for park improvements at the school's location; and

WHEREAS, Recognizing the need to better address the issues and concerns of the City's large community of disabled residents, the Civil Rights, Inclusion and Opportunity Department (CRIO) has agreed to cross-train three current full-time employee staff members to specifically meet the needs of our disabled citizens. City Council requests that the three cross-trained employees as well as the three anticipated new TASS employees (Fair Housing Monitor/Inspector, Affordable Housing Monitor/Inspector and Tax Abatement Monitor/Inspector), provide quarterly reports to City Council, to include information on engagement and outreach efforts, the number of concerns addressed, and solutions that have been identified to address the concerns raised; and

WHEREAS, With a significant number of new City of Detroit hires annually, City Council encourages the Human Resources Department (HR) to develop a strategy to include disability sensitivity training, to be required when new hires are on-boarded and to ensure that every Detroit employee is trained on how to respectfully and effectively engage and interact with those citizens who may have a disability. Furthermore, working in conjunction with CRIO, City Council ask HR to provide a report identifying funding sources to provide such training to all City employees on an annual basis; and

WHEREAS, City Council urges CRIO to provide annual training to each Council office on the sexual harassment, workplace harassment, cultural awareness and sensitivity. Additionally, Council requests training for anti-bullying and conflict resolution; and

WHEREAS, It is the right of all citizens to have access to the polls and to fully participate in elections. Members of the City's disability community have been increasingly vocal about voting experiences where polling places did not have adequate accessibility and sufficiently private voting facilities. Similarly, non-Eng-

lish speaking citizens require proper signage, etc., to fully participate in voting. City Council strongly urges the Department of Elections to increase its efforts to make all polling locations fully accessible to our disabled citizens as well as non-English speaking citizens; and

WHEREAS, City Council's Committee of the Whole chambers is slated to be renovated and retrofitted to support a new Legislative Management System this fiscal year. In order to make certain there is adequate funding to complete the project, the Administration will reprogram \$1 Million in GO Bonds from capital projects in Appropriation No. 4533, Fund No. 20507 for this purpose; and

WHEREAS, Section 7-1403 of the 2012 Charter of the City of Detroit requires that "all official meetings of the City Council shall be broadcast in their entirety, and where feasible in a live format." Far too often, citizens complain of difficulty or inability to access the programming due to technical problems. Additionally, Council Members have had to recess meetings while technical problems are addressed. City Council strongly urges Media Services, in conjunction with AT&T U-Verse and Comcast, to identify, repair, replace and upgrade the necessary equipment - as well as to find a means to provide 24/7 monitoring of the broadcast signal - to meet the Charter requirement of appropriate live broadcast of Council meetings, including upgrades to enhance sound quality, prevent blackouts, and replacement of essential converter box equipment; and

WHEREAS, For the second year in a row, City Council strongly urges the administration of 36 District Court to examine and reconsider its ban on citizens bringing basic writing utensils into the Court building. As explained by the Court, several attractive murals have been installed in an effort to enhance the surroundings; however, vandalism in the form of graffiti prompted the Court to prohibit the public from bringing writing utensils into the building. Although pens and/or pencils are made available in the courtrooms, the prohibition is nonetheless demeaning and disrespectful to members of the public who have come to the courthouse to deal with often stressful situations. The Court administration needs to seek alternative means to address this issue by exploring the possibility of treating the murals with a protective coating, installing glass or a similar clear covering over the murals, or another alternative, so that this policy - which is viewed as disrespectful by the very citizens and taxpayers who do business with the Court - can be discontinued. This unacceptable prohibition on personal writing utensils in a place where business is conducted needs to be rescinded and continued efforts

made to promote a judicial environment that treats all members of the public with the dignity they deserve; and

WHEREAS, According to published studies, at least half of all tenants fighting eviction would not lose their cases if they had legal representation. Additionally, about 97% of cases in housing court are initiated by landlords, and almost all landlords have representation while the vast majority of tenants do not. This results in landlords evicting tenants because they have power, not necessarily because the law supports them, ultimately causing the City's population to decrease, resulting in increased need for supportive housing services. Therefore, City Council is urging the Administration to identify funding to support the proposed Right to Counsel Ordinance. If passed, the ordinance will ensure all residents have the ability to consult with an attorney prior to their eviction and that residents at or below 200% of the federal poverty level receive representation throughout their case; and

WHEREAS, In order to strengthen the current budget process, the Detroit City Council and the Office of the Chief Financial Officer (OCFO) have agreed to collaborate on the following: (1) in October 2019, the convening of a community based budget informational conference to actively engage the community and to ascertain their funding priorities for the coming fiscal year; and (2) inception of an Executive Session process in January to allow the Legislative body to present, discuss, and request individual, collective, and community budget initiatives to receive financial support within the upcoming budget; and

WHEREAS, The refocusing of the budget process would allow for early collaboration between the community, the Administration, and the Legislative body. This modification works to strengthen the community's understanding of, and respect for, the City's budget process while also providing sufficient time for the Legislative body and the Administration to discuss, negotiate, and consider legislative initiatives prior to the presentation of the budget, thus paving the way for a strong collaborative budget as the foundation of the budget process; and

WHEREAS, City Council is providing necessary fiscal checks and balances to maintain a balanced budget and address the City's accumulated and structural deficits through this deliberative process. City Council strongly believes that through the implementation of its 2019-20 budget coupled with the Plan of Adjustment, the City's recent financial dilemma will be appropriately addressed providing a brighter course toward future financial stability. NOW, THEREFORE BE IT

Honorable City Council:

Re: Linda Reese vs. City of Detroit. Case  
No: 18-004952-NI. File No: L18-00269.

On March 11, 2019 a case evaluation  
panel evaluated the above-captioned  
lawsuit and awarded Fifteen Thousand  
Dollars and No Cents (\$15,000.00) in  
favor of the Plaintiffs in the above refer-  
enced matter. The parties have until April  
8, 2019, to either accept or reject the case  
evaluation. Failure to file a written accept-  
ance or rejection within this period con-  
stitutes a rejection.

Based upon our review of the facts and  
particulars of this lawsuit, which are set  
forth in a confidential memorandum that is  
being separately hand-delivered to each  
member of your Honorable Body, it is our  
considered opinion that a settlement in the  
amount of Fifteen Thousand Dollars  
and No Cents (\$15,000.00) is the best  
interest of the City of Detroit.

We, therefore, request your Honorable  
Body to authorize acceptance of the case  
evaluation award; and, in the event Plaintiff  
accepts the award, to deem such accept-  
ance as a settlement and to direct the  
Finance Director to issue a draft in that  
amount payable to Plaintiff and her attorney,  
to be delivered upon receipt of properly  
executed Release and Stipulation and

On March 19, 2019, a case evaluation  
panel evaluated the above-captioned law-  
suit and awarded Fifty-Two Thousand  
Five Hundred Dollars and No/Cents  
(\$52,500.00) in favor of the plaintiff.  
The parties have until April 16, 2019, to either  
accept or reject the case evaluation. Fail-

rejection.

Based upon our review of the facts and  
particulars of this lawsuit, which are set  
forth in a confidential memorandum that is  
being separately hand-delivered to each  
member of your Honorable Body, it is our  
considered opinion that acceptance of the  
case evaluation award is in the best inter-  
est of the City of Detroit.

We, therefore, request authorization to  
settle this matter in the amount of Fifty-  
Two Thousand Five Hundred Dollars and  
No/Cents (\$52,500.00) and that your  
Honorable Body direct the Finance Direc-

March 26, 2019

Honorable City Council:

Re: Bridging Neighborhoods Program. Transfer to the Detroit Land Bank Authority 9225 Chamberlain and 8421 Gartner.

The Bridging Neighborhoods Program (the "Program") is being offered to eligible homeowners in identified areas of Detroit, who currently occupy their homes and are directly affected by the Gordie Howe International Bridge Project.

Under the Program, these homeowners are being given the opportunity to purchase a Program renovated home ("Program Home") from the Detroit Land Bank Authority ("DLBA") for \$1.00, in exchange for the Program Buyer deeding their Exchange Eligible Home directly to the

City. The City would then demolish and clear these acquired properties for future non-residential uses, including landscape buffering and commercial/industrial uses.

The City entered into an agreement with the DLBA to provide certain DLBA housing stock and real estate services ("Agreement") as needed to support the Program. In 2018, the City acquired 9225 Chamberlain and 8421 Gartner, unoccupied tax foreclosed properties (the "Properties") from the Wayne County Treasurer. The City seeks authorization by your Honorable Body to transfer these homes to the DLBA, so that the DLBA may secure, maintain and conduct any necessary title reviews on the Properties. This would serve to mitigate some of the issues in preparing these homes for inclusion in the housing stock for this program.

We, therefore, respectfully request that your Honorable Body adopt the attached resolution, authorizing the Planning and Development Department Director, or his authorized designee, to issue a quit claim deed to the Properties, as more particularly described in the attached Exhibit A, and such other documents as may be necessary to effectuate the transfer of the Properties, from the City of Detroit to the DLBA for the consideration of One and 00/100 Dollar (\$1.00).

Respectfully submitted,  
MAURICE COX  
Director

By Council Member Tate:

Whereas, The Bridging Neighborhoods Program (the "Program") is offered to eligible homeowners (the "Program Buyer") in identified areas of Detroit, who currently occupy their homes ("Exchange Eligible Home") and will be directly affected by the Gordie Howe International Bridge Project; and

Whereas, Under the Program, these homeowners are being given the opportunity to purchase a Program renovated home ("Program Home") from the Detroit Land Bank Authority ("DLBA") for a \$1.00, in exchange for the Program Buyer deeding their Exchange Eligible Home directly to the City. The City plans to demolish and clear these acquired properties for future non-residential uses, including landscape buffering and commercial/industrial uses; and

Whereas, The City entered into an agreement with the DLBA to provide certain DLBA housing stock and real estate services ("Agreement") as needed to support the Program; and

Whereas, In 2018, the City acquired 9225 Chamberlain and 8421 Gartner, unoccupied tax foreclosed properties (the "Properties") from the Wayne County Treasurer. The transfer of these homes to the DLBA is necessary, so that the DLBA may secure, maintain and mitigate some of the issues in preparing these homes

for inclusion in the housing stock for this program.

Now, therefore, be it

Resolved, That in accordance with the foregoing communication, the Planning and Development Department Director, or his authorized designee, be and is hereby authorized, to issue a quit claim deed to the Properties, as more particularly described in the attached Exhibit A, and such other documents as may be necessary to effectuate the transfer of the Properties, from the City of Detroit to the Detroit Land Bank Authority, a Michigan public body corporate for the consideration of One and 00/100 Dollar (\$1.00); and

Be it finally

Resolved, That the Director of the Planning and Development Department, or his authorized designee, be and is hereby authorized to execute any required instruments to make or incorporate technical amendments or changes to the deed and such other documents as may be necessary to effectuate the transfer (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Properties, provided that the changes do no materially alter the substance or terms of the transfer.

Planning & Development Department  
By Council Member Tate:

Whereas, The City of Detroit Planning and Development Department ("P&DD") has received an offer from LaMar Thomas ("Offeror") requesting the conveyance by the City of Detroit of real property (the "Property") at 14266 Sussex, more particularly described in the attached Exhibit A; and

Whereas, The Property consists of a single family residential structure situated on an area of land measuring approximately 4305 square feet located in a R1 (Single Family Residential District) zone; and

Whereas, The Offeror proposes to continue the use of the property as a single family residential dwelling, which is permitted by right in a R1 zone;

Now, therefore, be it

Resolved, That in accordance with the Offer to Purchase and the foregoing communication, the Director of the Planning and Development Department or his authorized designee, be and is hereby authorized to issue a quit claim deed to the Property, as more particularly described in the attached Exhibit A, and such other documents as may be necessary to effectuate the sale with LaMar Thomas for the amount of Two Thousand Five Hundred and 00/100 Dollars (\$2,500.00); and be it further

Resolved, That the Director of the Planning and Development Department, or his authorized designee, be and is hereby authorized to execute any required instruments to make or incorporate technical amendments or changes to the deed and such other documents as may be necessary to effectuate the sale (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels)

in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Property, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it finally;

Resolved, That the deed and such other documents necessary to effectuate the sale, will be considered confirmed when signed and executed by the Director of the Planning and Development Department, or his authorized designee, and approved by Corporation Counsel as to form.

City Engineering Division**

March 11, 2019

Honorable City Council:  
Re: Petition No. 542 — Lafayette Acquisition Partners LLC, request to vacate a public utility easement affecting 1401 Rivard.

Petition No. 542 — Lafayette Acquisition Partners LLC requesting the vacation of a public easement, 20 feet wide, in the block of Lafayette Avenue, 120 feet wide, Antietam Street, variable width, 1-375 northbound service drive, variable width, and Rivard Street, 70 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made for a proposed development. In order to have a buildable parcel of land the easement must be extinguished.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW, and City Engineering — DPW.

Detroit Water and Sewerage Department (DWSD) has no objection to the vacation of the easement. The specific DWSD provisions for vacation of an easement are included in the resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the outright vacation of the public easement. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.  
City Engineer

City Engineering Division — DPW  
By Council Member Benson:

Resolved, That the east-west public easement, 20 feet wide, in the block of Lafayette Avenue, 120 feet wide, Antietam Street, variable width, 1-375 northbound service drive, variable width, and Rivard Street, 70 feet wide, further described as land in the City of Detroit, Wayne County, Michigan being all of a platted public easement, 20 feet wide, lying within Lot 24 "Lafayette Park Subdivision of Parts of Private Claims 6, 181, 7, 132, 12, 13, 8, and 17 in City of Detroit, Wayne County, Michigan" as recorded in Liber 80 on Pages 88-91; and further described as: Commencing at the intersection of the north line of East Lafayette Avenue, 120

feet wide, with the west line of Rivard Street, 70 feet wide; thence N26°02'57"W along the said west line of Rivard Street 733.20 feet to the Point of Beginning; thence S59°52'15"W 287.05 feet; thence N26°02'57"W 20.04 feet; thence N59°52'15"E 287.05 feet; thence S26°02'57"E 20.04 feet to the Point of Beginning.

Be and the same is hereby vacated (outright) as public easement to become part and parcel of the abutting property, subject to the following provisions:

Provided, That petitioner/property owner make satisfactory arrangements with any and all utility companies for cost and arrangements for the removing and/or relocating of the utility companies and city departments services, and further

Provided, That the petitioner shall maintain Fire Department vehicle access to all buildings, fire department connections and fire hydrants, and further

Provided, That the petitioner shall design and construct proposed sewers and or water mains and to make connections to the existing public sewers and or water mains as required by the Detroit Water and Sewerage Department (DWSD) prior to the construction of the proposed sewers and or water mains; and further

Provided, That the plans for the sewers and or water mains shall be prepared by a registered engineer; and further

Provided, That DWSD be and is hereby authorized to review the drawings for the proposed sewers and or water mains and to issue permits for the construction of the sewers and or water mains; and further

Provided, That the entire work is to be performed in accordance with plans and specifications approved by DWSD and constructed under the inspection and

approval of DWSD; and further

Provided, That the entire cost of the proposed sewers and or water mains construction, including inspection, survey and engineering shall be borne by the petitioner; and further

Provided, That the petitioner shall deposit with DWSD, in advance of engineering, inspection and survey, such amounts as the department deems necessary to cover the costs of these services; and further

Provided, That the petitioner shall grant to the City a satisfactory easement for the sewers and or water mains; and further

Provided, That the Board of Water Commissioners shall accept and execute the easement grant on behalf of the City; and further

Provided, That the petitioner/property owner shall provide DWSD with as-built drawings on the proposed sewers and or water mains; and further

Provided, That the petitioner shall provide a (1) one year warranty for the proposed sewers and or water mains; and further

Provided, That upon satisfactory completion, the sewers and or water mains shall become City property and become part of the City system. Any exiting sewers and or water mains that were abandoned shall belong to the petitioner and will no longer be the responsibility of the City; and further

Provided, That any work in the public right-of-way shall be done under city permit and inspection according to City Engineering Division — DPW specifications with all costs borne by the abutting owner(s), their heir or assigns; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

**Office of the Chief Financial Officer  
Office of Development and Grants**

March 1, 2019

Honorable City Council:

Re: Request to Accept and Appropriate the FY 2019 State Planning and Research Grant.

The Michigan Department of Transportation has awarded the City of Detroit Department of Public Works with the FY 2019 State Planning Research Grant for a total of \$500,000.00. The Detroit Transportation Corporation (DTC) will also contribute \$325,000.00 to the project through grant funds awarded by the Southeast Michigan Council of Governments (SEMCOG). There is no match requirement. The total project cost is \$825,000.00.

The objective of the grant is to support the City of Detroit's Citywide Transportation Plan. The funding allotted to the department will be utilized to address key initiatives, including improving safety, supporting walking, biking, and transit, designing complete streets, policy development, data collection, and education and citizen engagement. This is a reimbursement grant.

If approval is granted to accept and appropriate this funding, the appropriation number is 20634.

I respectfully ask your approval to accept and appropriate funding in accordance with the attached resolution.

Sincerely,  
RYAN FRIEDRICH  
Director

Office of Development and Grants  
By Council Member Benson:

Whereas, The Department of Public Works is requesting authorization to accept a grant of reimbursement from the Michigan Department of Transportation, in the amount of \$500,000.00, to support the City of Detroit's Citywide Transportation Plan; and

Whereas, The Detroit Transportation Corporation (DTC) will also contribute \$325,000.00 to the project through grant funds awarded by the Southeast Michigan Council of Governments (SEMCOG); and

Whereas, The total project cost is \$825,000.00, and there is no match requirement; and

Whereas, This request to the Detroit City Council has been approved by the Office of the Budget;

Now, therefore, be it

Resolved, That the Director or Head of the Department is authorized to execute the grant agreement on behalf of the City of Detroit, and

Be it further

Resolved, That the Budget Director is authorized to establish Appropriation number 20634, in the amount of \$825,000.00, for the FY 2019 State Planning Research Grant.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, Leland, McCalister, Jr., Sheffield, Spivey, Tate, and President Jones — 9.

March 21, 2019

Honorable City Council:

Re: Request for Authorization to Accept the "Lead Hazard Reduction Program Grant".

Through the Department of Housing and Urban Development (HUD) competitive grant funds, the City of Detroit was awarded \$3.5 million for Lead Hazard and \$600,000.00 for Healthy Homes Supplemental funding. A total of \$4.1 million. The grant will be used to address the pressing issue of child lead poisoning. The "Lead Hazard Reduction Program Grant" allocation has been approved by the Department of Housing and Urban Development (HUD).

The City of Detroit through its Housing and Revitalization Department (H&RD) proposes to accept this grant in the amount of \$4.1 million to work with the Department of Housing and Urban Development (HUD) to identify recipients under age 6 with elevated blood levels (5ug/dl and above); and to inspect and renovate the homes recipients live in and develop and execute a lead abatement plan.

The Housing & Revitalization Department requests this Honorable Body's authorization to accept this grant by supporting the attached resolution.

Respectfully submitted,  
DONALD RENCHER  
Director

Approved:  
TANYA STOUDEMIRE  
Budget Director

By Council Member Benson:

Whereas, The Department of Housing and Urban Development (HUD) has approved the "Lead Hazard Reduction Program Grant" to address the pressing issue of child lead poisoning in the City of Detroit; and

Whereas, The Housing & Revitalization Department has requested authorization to accept the "Lead Hazard Reduction Program Grant" for assisting the Department of Housing and Urban Development (HUD) to identify recipients under age 6 with elevated blood levels, inspecting and renovating the homes recipients live in; and develop and execute a lead abatement plan.

Now therefore be it Resolved, That the Mayor of the City of Detroit or his designee, is hereby authorized to accept the "Lead Hazard Reduction Program Grant" in the amount of \$4.1 million from the Department of Housing and Urban Development (HUD);

And be it further Resolved, That the Budget Director be and is hereby authorized to establish, set-up, appropriate and increase Appropriation #20639 by \$4.1 million; and to honor vouchers when submitted, in accordance with the terms and conditions set forth in the Grant Agreement between the Department of Housing and Urban Development (HUD and the City of Detroit for the "Lead Hazard Reduction Program Grant".

And be it finally Resolved, That the Finance Director be and is hereby authorized to accept and process all documents reflecting these changes.

Re: Authorization to accept a donation of park improvements from Chandler Park Conservancy to design and install marshland at the southeast corner of Chandler Park.

Detroit General Services Department requests authorization from your Honorable Body to accept a donation of park improvements from Chandler Park Conservancy. Park improvements will consist of the design and installation of marshland at the southeast corner of Chandler Park. The purpose of this improvement is to reduce the volume of storm water draining into the city system. The estimated value of \$1.1 million will be funded through grants and donations.

Installation of the park improvements will take place in spring, 2019. The organization has worked with community representatives to ensure the improvements are desired. The selected contractor will maintain the marshland for the first three seasons (2019, 20, and 21); and ask that the General Services Department will take over at the fourth season weeding, removing invasive species and trash to maintain the site throughout the year.

We respectfully request your authorization to accept this donation of park improvements with a Waiver of Reconsideration.

Re: Authorization to name the playground at Sawyer Park in memory of Jada Rankin

General Services Department request authorization from your Honorable Body to name the playground at Sawyer Park to Jada Rankin Playground in memory of a special young lady, Jada Rankin, who was shot and killed by a driver who was asked to slow down driving through the neighborhood.

The Rankin family and the surrounding community are making this request in memory of Jada, because she would frequent the playground at Sawyer Park throughout her childhood. Many members of the community have signed a petition in support of this request. Jada's mother holds a Ride4Justice against Gun Violence in the park every year to raise awareness and to also support families who have lost loved ones due to gun violence.

We respectfully request your authorization to name this playground in memory of Jada Rankin with a Waiver of Reconsideration.

March 18, 2019

Honorable City Council:

Re: Recommendation for Deferral. Address: 7315 Prairie. Name: Amber Martinez. Demolition Ordered: January 20, 2010 (J.C.C. pages 111-112).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on February 20, 2019 revealed that the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, we respectfully recommend that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.

2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection

• Certificate of Compliance, required for all rental properties.

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

Director

**Buildings, Safety Engineering & Environmental Department**

March 18, 2019

Honorable City Council:

Re: Recommendation for Deferral.  
Address: 14309 Prevost. Name: Oshune Taylor. Demolition Ordered: June 28, 2011 (J.C.C. page 1473).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection on March 6, 2019 revealed that the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, we respectfully recommend that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.

2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed

inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties.

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
DAVID BELL  
Director

By Council Member Scott Benson:

Resolved, That resolutions adopted January 20, 2019 (Jcc pgs. 111-112), May 23, 2017 (Jcc pg. \_\_\_\_\_), July 21, 2015 (Jcc pgs. 1300-1304), October 14, 2014 (Jcc pgs. 2121-2128), and June 28, 2011 (Jcc pg. 1473) for the removal of dangerous structures at various locations, be and the same is hereby amended for the purpose of deferring the removal order for dangerous structures, only at 7315 Prairie, 2073 Hazelwood, 4853 St. Hedwig, 19359 Whitcomb, and 14309 Prevost for a period of six (6) months, in accordance with the five (5) foregoing communications.

**RESOLUTION SUPPORTING  
ADDITIONAL \$10 MILLION IN  
COMMUNITY BENEFITS FOR  
DELRAY FROM GORDIE HOWE  
INTERNATIONAL BRIDGE (GHIB)  
PROJECT**

By Council Member Castaneda-Lopez:

WHEREAS, Detroit City Council has previously resolved that residents of the Delray neighborhood in Detroit should receive adequate community benefits from the Windsor-Detroit Bridge Authority that manages the Gordie Howe International Bridge (GHIB) project, to compensate residents for the disproportionate and adverse impacts on their lives and community from hosting this major transportation infrastructure construction project; and

WHEREAS, At this time the prolonged planning process for the GHIB project appears to be nearing its end, and transitioning into the actual construction phase which should include specified community benefits for Delray; and

WHEREAS, Detroit City Council strongly supports the requests of the Delray Community Action Group (CAG) for an additional \$10 million in public health enhancing community benefits, in the following forms:

- **Home repair programs:** \$2.5 million for critical home repairs such as roofs, furnaces, insulation, doors and windows for 150 homes, at an estimated cost of approximately \$15,000 each in Delray and the immediate GHIB impact area, for residents committed to staying and not participating in the Home Swap opportunity;
- **Quality of life programs:** \$3 million for implementing some priority community objectives, such as expanding the existing Home Mitigation program for windows, air filtration and insulation to 100 homes at a cost of approximately \$25,000 each in Delray and additional homes within 500 feet of the GHIB construction footprint that are not participating in the Home Swap program;
- **Youth and senior programs:** \$1.85 million for:
  - Support Peoples Community Services youth after school and summer programs at a cost of \$30,000 per year for a 5-year period, \$150,000 total. Support after school and summer youth programs at the one remaining agency serving children in Delray; PCS operates the City's Delray Park facility, and should receive program funding to provide partial support for their critical programs;
  - Support Clark Park youth recreation

programs and synergy with Delray Park at a cost of \$150,000, contributing to the cost of a Splash-Pad, for example;

- Provide critical infrastructure in the form of roof repair for the impact area youth agency, at a cost of \$50,000

- Support the Family Asthma Education & Life Maintenance Program run by CHASS and other active partners with a total of \$1,500,000 paid out over 3 years, at \$500,000 per year; and

- **Air quality programs:** \$2.5 million for a program to upgrade 16 schools and 8 Head Start facilities for early education in South West Detroit with air filtration equipment and window replacement, improving health for over 8,000 students and hundreds of families; and

- **Local agency transit vehicles:** \$150,000 to gain access for vulnerable youth and seniors in the impact area to access health, recreation and skills-building resources; and

WHEREAS, In addition to the above, and because GHIB construction crews have removed 4000 mature trees in the area in preparation for construction, the Windsor-Detroit Bridge Authority should pay for and implement appropriate studies and construction projects to re-green Delray and erect barriers and buffers around residential areas to shield them from the most severe and pervasive impacts of increased traffic to-and-from the bridge; moreover, because the loss of so many trees was part of the GHIB construction plan, these remediation measures should be at the bridge authority's expense, rather than subtracting scarce funds from the total community benefits package to provide such basic, just and necessary remediation of the conditions caused by the bridge construction program itself; and

WHEREAS, The GHIB literally represents a once-in-a-lifetime opportunity to give back to the residents of Delray and surrounding areas of South West Detroit for the major sacrifices they make in terms of their quality of life in close contact with heavy industry and busy international transportation routes; and

WHEREAS, Failure to provide adequate community benefits to Delray residents would compound severe environmental and social injustices in their neighborhood, sacrificing their health and welfare for the benefit of international transportation infrastructure that runs directly through their community; and

NOW, THEREFORE, BE IT

RESOLVED, That Detroit City Council officially and strongly supports the above community benefits for Delray from the Windsor-Detroit Bridge Authority, in connection with construction of the Gordie Howe International Bridge (GHIB) project; and

BE IT FURTHER

RESOLVED, That copies of this resolution shall be provided to the Windsor-Detroit Bridge Authority, the Governor, the Detroit delegation in the State Legislature, and the Michigan delegation in Congress.

**RESOLUTION IN SUPPORT OF THE TEMPORARY SUSPENSION OF BOND REQUIREMENTS DURING BIDDING FOR CONSTRUCTION CONTRACTS**  
By COUNCIL PRESIDENT BRENDA JONES:

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens through Charter-mandated legislative functions; and

WHEREAS, Detroit is in the midst of demolishing dangerous and open residential and commercial properties as well as residential renovations through various programs. However, some local Detroit small business contractors are unable to bid on many of the City's demolition contracts, due to their restrictive performance bond requirements; and

WHEREAS, Current state law under, MCL 129.201 et. seq., requires public construction contracts over \$50,000 to have performance bonds and payment bonds of not less than 25% of the contract amount; and

WHEREAS, The statute outlined the rationale for the State's requirement of bonding insurance for contractors. Reasons for the necessity of bonding insurance include the following factors:

- Mechanics liens cannot be used on public projects.

- Subcontractors and suppliers rely on the general contractor's payment bond for protection,

- A lack of bond protection is particularly detrimental for traditionally marginalized and disadvantaged small businesses and emerging subcontractors.

- Exempting small contractors from bonding hurts their financial stability and growth.

- The steps taken to qualify for bonding ensure that small contractors are managing their business well.

- If the bond is waived and the contractor defaults, the taxpayers are on the hook for finding another contractor and paying to complete the work.

- Performance bonds are vital safeguards for construction projects and the money invested in them; and

WHEREAS, Although it is of the highest priority of the Detroit City Council to

remove all unreasonable barriers that inhibit local Detroit small businesses to bid on City demolition contracts, our approach must be balanced with the consideration of the long-lasting and potentially expensive consequences of waiving surety bond requirements; and

WHEREAS, In order to allow for more bid opportunities for Michigan contractors, we recommend for the addition of a new provision in state law, which would allow for the suspension of bonding requirements during the contract bidding period for public construction contracts above \$50,000. The aforementioned provision in state law would also be accompanied by a requirement that all winning bidders be required to obtain performance bonds and payment bonds of not less than 25% of the contract amount, prior to the initiation of the contracted work; NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council urges the Governor and the Michigan Legislature to modify the state of Michigan's public construction contracts performance bonds and payment bonds requirements, to allow for the suspension of performance bonds and payment bonds requirements during the bidding process, which inhibit the ability of many Michigan businesses to bid on public construction contracts above \$50,000. The provision would also require winning bidders to obtain performance bonds and payment bonds prior to the commencement of work, thereby assuring that bonding safeguards are in place.

**RESOLUTION TO ESTABLISH THE LEGISLATIVE OBSERVATION INITIATIVE**

By COUNCIL PRESIDENT BRENDA JONES:

WHEREAS, Section 4-104 of the Detroit City Charter states, in part, that the President "shall preside at all regular session meetings of the City Council; where regular session meetings is synonymous with Formal Session and preside is defined in the Merriam-Webster dictionary as "to exercise guidance, direction, or control"; and

WHEREAS, Council's Rules of Order state, in numerous sections, that the President shall chair specific meetings, these sections will need to be suspended for that specific Formal Session at which a member other than the President is chairing; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council establish the Legislative Observation Initiative for the purpose of allowing all Council Members to chair a meeting usually chaired by the President; and BE IT FURTHER

RESOLVED, That for the specific meeting at which a member other than the President is allowed to chair in lieu of the President, the following Sections of the Rules of Order that make reference to the President chairing the meeting will be temporarily suspended to allow for this initiative: Section 6.3.2; Section 9.2.1.3; Section 9.2.3.2; Section 10.1 and: BE IT FINALLY

RESOLVED: That the Rules that apply to the President Pro Tern assuming the role and responsibilities of the Council President in the absence of the President will not be suspended through this initiative.

**RESOLUTION IN SUPPORT OF THE BLACK MATERNAL HEALTH WEEK**

By Council Member Mary Sheffield:

WHEREAS, In April of 2018, the Black Mamas Matter Alliance (BMMA) launched its first annual Black Maternal Health Week with the support of U.S. House of Representative Alma S. Adams (D) and Senator Kamala Harris (D), which takes place during National Minority Health Month. This April 11th-17th will be the second year BMMA has sponsored a week of activism and awareness regarding the health and reproductive rights of black mothers; and

WHEREAS, According to BMMA's website, their ultimate goal is to create "a world where black mothers have the rights, respect, and resources to thrive before, during, and after pregnancy." This is a discussion that is all too often missing from the national narrative; and

WHEREAS, Statistically speaking, the maternal health disparity between black mothers and women of other races are staggering. Due to limited resources and/or racial biases, limited access to adequate maternal care has resulted in the disproportionate death rate of black mothers, ultimately, causing the United States to have the highest maternal mortality rate among affluent countries. Black women are three times more likely to die during child birth, two times as likely to suffer life-threatening pregnancy complications, and are 49% more likely than white women to deliver prematurely; regardless of socio-economic status; and

WHEREAS, The Black Maternal Health Week want to promote steps designed to remedy these concerns by:

- Exploring, introducing and advancing policy to increase access to maternal care facilities for black mothers, in order to improve maternal health outcomes.
- Research and inform the public about policy agendas and innovative strategies that allows black women to actively participate in policy decisions that impact their lives.
- Redirect and reframe the conversation on black maternal health and amplify the voices and concerns of black mothers.
- Shifting the cultural mind-set that leads to inadequate maternal care.
- Advocacy for fair distribution of resources, access to high quality care, respectful care and preventing discrimination for black mothers who are most vulnerable.
- Partnering with healthcare-related organizations to strengthen the movement; and

WHEREAS, Detroit City Council is dedicated to instituting programs, services and activities that addresses the needs of our community. Consequently, City Council understands the importance of raising awareness and addressing the racial disparities of maternal health outcomes of black women.

NOW, THEREFORE BE IT

RESOLVED, Detroit City Council recognizes and celebrates the Black Mamas Maternal Alliance's Black Maternal Health Week from April 11-17, 2019.

March 29, 2019

Honorable City Council:

Re: Application for Neighborhood Enterprise Zone Certificate for Marwood Development.

On October 21, 1992, your Honorable Body established Neighborhood Enterprise Zones. I am in receipt of four (4) applications for a Neighborhood Enterprise Zone Certificate. These applications have been reviewed and recommended for approval by the City Planning Commission, a copy of which is attached. Therefore, the attached Resolution, if adopted by your Honorable Body, will approve this application.

Respectfully submitted,

JANICE M. WINFREY

City Clerk

By Council Member Ayers:

Whereas, Michigan Public Act 147 of 1992 allows the local legislative body to establish Neighborhood Enterprise Zones for the purpose of providing exemption from ad valorem property taxes, and the imposition of specific property tax in lieu of as valorem taxes; and

Whereas, The Detroit City Council has established a Neighborhood Enterprise Zone for the following area, in the manner required by and pursuant to Public Act 147 of 1992.

Now, Therefore, Be It

Resolved, That the City Council approve the following address for receipt of Neighborhood Enterprise Zone Certificate for a fifteen-year period:

| <b>Zone No.</b>     | <b>Address</b> | <b>Application No.</b> |
|---------------------|----------------|------------------------|
| Marwood Development | 202 Marston    | 06-8499                |

March 28, 2019

Honorable City Council:

RE: Neighborhood Enterprise Zone Certificate Applications for four (4) rehabilitated single-family homes located at 202 Marston Avenue, 206 Marston Avenue, 212 Marston Avenue and 8035 John R in the Marwood Development Neighborhood Enterprise Zone area. (Recommend Approval.)

The office of the City Planning Commission (CPC) has received four (4) applications requesting a Neighborhood Enterprise Zone (NEZ) certificate forwarded from the office of the City Clerk for the rehabilitation of four (4) single-family homes located at 202 Marston Avenue, 206 Marston Avenue, 212 Marston Avenue and 8035 John R. These applications correspond to a qualified sites that will facilitate the rehabilitation of four (4) single-family residential properties as a part of a larger development known as the Marwood Development. The project consists of the rehabilitation and new construction of 19 single-family homes on 19 parcels or in-fill properties. Of the single-family homes, seven (7) units, or 37%, will be acquisition rehabilitation homes. Twelve (12) of the properties will be new construction for-sale homes, and all will be for-sale owner occupied.

The subject properties have been confirmed as being within the boundaries of the Marwood Development NEZ which was established by a vote of Council on November 20, 2018, and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. The estimated rehabilitation cost per property is \$242,000.00 for a total estimated project cost of \$4,597,622.00 for all 19 properties. The NEZ certificate applications appear to have been submitted prior to the issuance of any applicable building permits.

Please contact our office should you have any questions.

Case No: 16-12632. File No: L16-00517 (CB).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of Seventy-Five Thousand Dollars and No Cents (\$75,000.00) is in the best interest of the City of Detroit.

We, therefore, request authorization to settle this matter in the amount of Seventy-Five Thousand Dollars and No Cents (\$75,000.00) and that your Honorable

Body direct the Finance Director to issue a draft in that amount payable to Fieger, Fieger, Kenny & Harrington, P.C., his attorneys, and Jermaine Small, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 16-12632, approved by the Law Department.

**EXHIBIT E**

**RESOLUTION APPROVING BROWNFIELD PLAN OF THE CITY OF DETROIT BROWNFIELD REDEVELOPMENT AUTHORITY FOR THE HARMONIE SOCIAL CLUB REDEVELOPMENT PROJECT**

City of Detroit  
County of Wayne, Michigan

By Council Member Tate:

WHEREAS, Pursuant to 381 PA 1996, as amended ("Act 381"), the City of

Detroit Brownfield Redevelopment Authority ("Authority") has been established by resolution of the City Council of the City of Detroit (the "City") for the purpose of promoting the revitalization of eligible properties in the City; and

WHEREAS, Under Act 381 the Authority is authorized to develop and propose for adoption by City Council a brownfield plan for one (1) or more parcels of eligible property; and

WHEREAS, Pursuant to the resolution establishing the Authority and the bylaws of the Authority, the Authority has submitted a proposed brownfield plan for the Harmonie Social Club Redevelopment Project (the "Plan"); and

WHEREAS, The Authority submitted the Plan to the Community Advisory Committee for consideration on February 27, 2019, per the provisions of the resolution establishing the Authority, and a public hearing was conducted by the Authority on March 7, 2019 to solicit comments on the proposed Plan; and

WHEREAS, The Community Advisory Committee recommended approval of the Plan on February 27, 2019; and

WHEREAS, The Authority determined that the Plan constitutes a "Qualifying Downtown Brownfield Project" under that certain Interlocal Agreement by and between the Authority and the City of Detroit Downtown Development Authority, approved the Plan on March 13, 2019 and forwarded it to the City Council with a request for its approval of the Plan; and

WHEREAS, The required notice of the public hearing on the Plan was given in accordance with Section 13 of Act 381; and

WHEREAS, The City Council held a public hearing on the proposed Plan on April 11, 2019.

Now, Therefore, Be It Resolved, That:

1. Definitions. Where used in this Resolution the terms set forth below shall have the following meaning unless the context clearly requires otherwise:

"Eligible Activities" or "eligible activity" shall have the meaning described in Act 381.

"Eligible Property" means the property designated in the Plan as the Eligible Property, as described in Act 381.

"Plan" means the Plan prepared by the Authority, as transmitted to the City Council by the Authority for approval, copies of which Plan are on file in the office of the City Clerk.

"Taxing Jurisdiction" shall mean each unit of government levying an ad valorem property tax on the Eligible Property.

2. Public Purpose. The City Council hereby determines that the Plan constitutes a public purpose.

3. Best Interest of the Public. The City Council hereby determines that it is in the best interests of the public to promote the

revitalization of environmentally distressed areas in the City to proceed with the Plan.

4. Review Considerations. As required by Act 381, the City Council has in reviewing the Plan taken into account the following considerations:

(a) Portions of the property designated in the Plan meets the definition of Eligible Property, as described in Act 381, including consideration of the criteria of "blighted" as defined in Act 381;

(b) The Plan meets the requirements set forth in section 13 of Act 381.

(c) The proposed method of financing the costs of eligible activities is feasible and the Authority has the ability to arrange the financing.

(d) The costs of eligible activities proposed are reasonable and necessary to carry out the purposes of Act 381.

(e) The amount of captured taxable value estimated to result from adoption of the Plan is reasonable.

5. Approval and Adoption of Plan. The Plan as submitted by the Authority is hereby approved and adopted. A copy of the Plan and all amendments thereto shall be maintained on file in the City Clerk's office.

6. Preparation of Base Year Assessment Roll for the Eligible Property.

(a) Within 60 days of the adoption of this Resolution, the City Assessor shall prepare the initial Base Year Assessment Roll for the Eligible Property in the Plan. The initial Base Year Assessment Roll shall list each Taxing Jurisdiction levying taxes on the Eligible Property on the effective date of this Resolution and the amount of tax revenue derived by each Taxing Jurisdiction from ad valorem taxes on the Eligible Property, excluding millage specifically levied for the payment of principal and interest of obligations approved by the electors or obligations pledging the unlimited taxing power of the local governmental unit.

(b) The City Assessor shall transmit copies of the initial Base Year Assessment Roll to the City Treasurer, County Treasurer, Authority and each Taxing Jurisdiction which will have Tax Increment Revenues captured by the Authority, together with a notice that the Base Year Assessment Roll has been prepared in accordance with this Resolution and the Plan approved by this Resolution.

7. Preparation of Annual Base Year Assessment Roll. Each year within 15 days following the final equalization of the Eligible Property, the City Assessor shall prepare an updated Base Year Assessment Roll. The updated Base Year Assessment Roll shall show the information required in the initial Base Year Assessment Roll and, in addition, the Tax Increment Revenues for each Eligible Property for that year. Copies of the annual Base Year Assess-

ment Roll shall be transmitted by the Assessor to the same persons as the initial Base Year Assessment Roll, together with a notice that it has been prepared in accordance with the Plan.

8. Establishment of Project Fund: Approval of Depository. The Authority shall establish a separate fund for the Eligible Property subject to this Plan, which shall be kept in a depository bank account or accounts in a bank or banks approved by the Treasurer of the City. All moneys received by the Authority pursuant to the Plan shall be deposited in the Project Fund for the Eligible Property. All moneys in the Project Fund and earnings thereon shall be used only in accordance with the Plan and Act 381.

9. Use of Moneys in the Project Fund. The moneys credited to the Project Fund and on hand therein from time to time shall be used annually to first make those payments authorized by and in accordance with the Plan and any development agreement governing such payments and then to the Local Site Remediation Revolving Fund, as authorized by Act 381:

10. Return of Surplus Funds to Taxing Jurisdictions. The Authority shall return all surplus funds not deposited in the Local Brownfield Revolving Fund proportionately to the Taxing Jurisdictions.

11. Payment of Tax Increment Revenues to Authority. The municipal and the county treasurers shall, as ad valorem and specific local taxes are collected on the Eligible Property, pay the Tax Increment Revenues to the Authority for deposit in the Project Fund. The payments shall be made not more than 30 days after the Tax Increment Revenues are collected.

12. Disclaimer. By adoption of this Resolution and approval of the Plan, the City assumes no obligation or liability to the owner, developer, lessee or lessor of the Eligible Property for any loss or damage that may result to such persons from the adoption of this Resolution and Plan. The City makes no guarantees or representations as to the determinations of the appropriate state officials regarding the ability of the Authority to capture tax increment revenues from the State and local school district taxes for the Plan.

13. Repealer. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.

14. The City Clerk is requested to submit four (4) certified copies of this Resolution to the DBRA, 500 Griswold Street, Suite 2200, Detroit, MI 48226

RESOLUTION DECLARED ADOPTED.

**Housing and Revitalization Department**

March 22, 2019

Honorable City Council:

Re: Reprogramming Amendment to the Community Development Block Grant (CDBG) Annual Action Plan for fiscal year 2018-19.

The Housing & Revitalization Department (HRD) is requesting that changes be made to the City's CDBG Annual Action Plan consistent with meeting the City's CDBG Timeliness Test on May 2, 2019.

The City has previously had significant challenges meeting its timeliness test, which requires that the City have no more than 1.5 times its CDBG allocation on hand at any time. A test of this metric is made sixty (60) days before the end of the program year for all CDBG recipients. This test is one of the primary ways in which the City's performance is measured by U.S. Department of Housing and Urban Development (HUD).

The funding will change as follows:

Line Item to be Reprogrammed (decrease):

- Demolition (FY 2018-19) \$1,000,000

Line Item for Funding Addition (increase):

- 108 Loan Defeasance (FY 2018-19) \$1,000,000

We respectfully request that your Honorable Body approve the attached resolution authorizing this change to amend the CDBG Annual Action Plan for the stated purpose. This proposed amendment was posted on the City's website and advertised in the Detroit News/Free Press. Upon City Council's approval, it will be transmitted to HUD.

We ask that the Council approve this with a Waiver of Reconsideration.

Respectfully submitted,

DONALD RENCHER

Director

Approved:

TANYA STOUDEMIRE  
Budget Director

By Council Member Tate:

Whereas, The Detroit City Council hereby approves amending the Annual Action Plan to reflect the reprogramming of the Community Development Block Grant (CDBG) in accordance with the foregoing communication; and

Whereas, The Mayor of the City of Detroit, Michael E. Duggan, is hereby authorized to amend the Annual Action Plan, including all understandings and assurances contained therein to the U.S. Department of Housing and Urban Development (HUD) in accordance with the foregoing communication; and

Whereas, The Housing and Revitalization Department has performed an evaluation of outstanding CDBG funding line items and determined that a strategic reallocation of funding is in order to meet timeliness by May 2, 2019; and

Resolved, That the Budget Director be and is hereby authorized to increase Appropriation #13529 Section 108 Loans by \$1,000,000; and

Resolved, That the Budget Director be and is hereby authorized to decrease Appropriation #13635 Demolition by \$1,000,000; and

Be It Finally

Resolved, That the Finance Director be and is hereby authorized to accept and process all documents reflecting these changes.

**Planning & Development Department**

April 3, 2019

Honorable City Council:

Re: Community Benefits Provision for Tier 1 Development Projects Lafayette West — Ginosko Development Company.

Ginosko Development Company ("Ginosko") is undertaking the development of a 5.2 acre site in the City of Detroit between Rivard Street and the Chrysler Service Drive just East of I-375 that includes: (1) a 114 unit 12-story high-rise, (2) a 200 unit urban lofts complex, (3) 60 units of mixed 3-story townhouses, carriage and stacked flats and (4) associated parking facilities and resident amenities (collectively the "Project").

Under the City of Detroit Ordinance 35-16 ("Ordinance"), codified in Chapter 12, Article XII of the Detroit City Code ("Code"), development projects that qualify as a "Tier 1 Development Project" are subject to certain community engagement procedures (the "CBO Process"). Because the Project is expected to incur an investment of at least \$75 million and to involve the abatement of more than \$1 million in City taxes, the Project qualifies as a Tier 1 Development Project under the Ordinance and thus is subject to the CBO Process.

The Project was reviewed by a Neighborhood Advisory Council (“NAC”) as part of the CBO Process to ascertain the community’s concerns related to any impacts the Project may have on the surrounding community and the ways by which Ginosko plans to address those impacts. A Community Benefits Report was prepared for the Project as a result of the CBO Process and such report has been submitted in accordance with Section 14-12-3 of the Code. Ginosko has agreed to address the concerns raised during the CBO Process by entering into that certain “Community Benefits Provision for Tier 1 Development Projects — Lafayette West” that is included as Exhibit A to the attached resolution (the “Provision”).

We hereby request that your Honorable Body adopt the attached resolution that approves the Provision in furtherance of the Project.

Respectfully submitted,  
 MAURICE D. COX  
 Director  
 Planning and Development Department

By Council Member Tate:

Now, Therefore Be It Resolved, That the Planning & Development Department’s (“P&DD”) Lafayette West Community Benefits Agreement Report in the attached Exhibit B incorporated herein is hereby received and filed by Detroit City Council; and be it further

Resolved, That the “Community Benefits Provision for Tier 1 Development Projects — Lafayette West” attached hereto as Exhibit A (the “Provision”) is hereby approved, and be it further

Resolved, That the P&DD Director, or his authorized designee, is hereby authorized to execute the Provision; and be it finally

Resolved, That the Provision will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form.

This Community Benefits Provision (“Provision”) is entered into as of its Effective Date, as hereinafter defined, by and between the City of Detroit (“CITY”), a Michigan municipal corporation acting through its Planning and Development Department, and Ginosko Development Company (“DEVELOPER”), a Michigan corporation with an office at 41800 West Eleven Mile Road, Suite 209, Novi, MI 48375. The CITY and the DEVELOPER may each be referred to herein as a “Party” or collectively as the “Parties” to this Provision, as applicable.

**RECITALS**

Whereas, DEVELOPER is undertaking the development of a 5.2 acre property between Rivard Street and the Chrysler Service Drive just East of I-375 that includes: (1) a 114 unit 12-story high-rise, (2) a 200 unit urban lofts complex, (3) 60 units of mixed 3-story townhouses, carriage and stacked flats and (4) associated parking facilities and resident amenities (collectively the “Project”).

Whereas, Under City of Detroit Ordinance No. 35-16 (“Ordinance”), codified in Chapter 14, Article XII of the Detroit City Code (“Code”), effective as of November 29, 2016, certain development projects referred to therein as “Tier 1 Development Projects” are subject to certain community engagement procedures as set forth in the Ordinance (as in existence as of the date hereof, the “CBO Process”) to determine the outstanding issues related to the Project and the best means of mitigating the concerns of the community pertaining directly to the development of the Project.

Whereas, Because the Project is expected to incur an investment of at least \$75 million and to involve the abatement of more than \$1 million in city taxes, the Project qualifies as a ‘Tier 1 Project’ under the Ordinance and thus is subject to the CBO Process.

Whereas, The Project was reviewed through a CBO Process by a Neighborhood Advisory Council (“NAC”) and the CITY has prepared a Community Benefits Report (“Report”) regarding the Project, all in accordance with Section 14-12-3 of the Code.

Now Therefore, the CITY and DEVELOPER agree as follows:

**Section 1: Addressing Community Impacts.** The DEVELOPER understands that through the community engagement process set forth in the Ordinance, certain concerns have been raised by the Neighborhood Advisory Council regarding the Project’s anticipated impact on the community, all of which are itemized in the Report. The DEVELOPER acknowledges these concerns by agreeing to the commitments set forth in the attached Exhibit A, which is incorporated herein by reference. The Developer further agrees that all above-referenced actions cumulatively bear an essential nexus with and are proportional to the type and magnitude of the impacts to the community that the NAC has identified and that the DEVELOPER has acknowledged.

**Section 2: Continued Community Engagement.** DEVELOPER has been actively engaging with the community for input and will continue to do so throughout the development of the Project. The DEVELOPER acknowledges and understands that pursuant to Section 14-12-3(f)(3) of the Code, the CITY will facilitate at least one (1) meeting annually

between the DEVELOPER and the NAC. The CITY will facilitate, and the DEVELOPER must attend, such meetings on an annual basis for a period of two (2) years following the Effective Date of this Provision. The purpose of such meetings will be to discuss anticipated or actual impacts of the Project on the community and to coordinate the implementation of the DEVELOPER'S efforts to address such impacts, among other topics that the City may determine.

**Section 3: Compliance Reports.** The DEVELOPER must submit to the CITY annual compliance reports that summarize the DEVELOPER'S progress on and compliance with the obligations set forth on Exhibit A and the other community engagement obligations set forth herein.

**Section 4: Meetings.** Upon request by either Party, the Parties will meet at their mutual convenience, whether in person or by video conference, telephone, or other convenient means, to review any aspect of this Provision and each Party's rights and obligations hereunder.

**Section 5: Recordkeeping and Reporting.** Each Party will maintain information pertinent to its activities under this Provision for at least two (2) years following the expiration or earlier termination of this Provision, but in no case for less time than may be required to maintain compliance with Applicable Laws.

**Section 6: Indemnification.** The DEVELOPER will indemnify, defend, and hold the CITY harmless against and from any and all liabilities, obligations, damages, penalties, claims, costs, charges, losses and expenses (including, without limitation, reasonable fees and expenses for attorneys, expert witnesses and other consultants) that may be imposed upon, incurred by, or asserted against the CITY or its departments, officers, employees, or agents by reason of (a) any grossly negligent act, error, or omission caused by the DEVELOPER, (b) any failure by the Developer to perform its obligations under this Provision, or (c) any injury to the person or property of an employee of the CITY where such injury arises out of the Developer's performance under this Provision.

**Section 7: Compliance with Laws.** Each Party acknowledges that it is individually responsible for maintaining compliance in all respects with all applicable federal, state, and local laws, rules, regulations, and orders having the binding effect of law (collectively "Applicable Laws"). Neither Party will be responsible for ensuring the other Party's compliance with Applicable Laws at any time, unless so required under Applicable Laws.

**Section 8: Non-Discrimination.** The DEVELOPER will, in addressing community impacts as set forth in Section 1

herein, or in performing its activities set forth herein, refrain from refusing, restricting, withholding, or denying any accommodations, services, privileges, advantages or facilities or otherwise discriminating, whether directly or indirectly, on the basis of race, color, ethnicity, national origin, religious beliefs or practices, age, disability, pregnancy, marital status, parental status, military status, employment or educational status, gender, sex, sexual orientation, gender identity or expression, or any other protected or designated classification, in accordance with Chapter 27 of the Detroit City Code and other Applicable Laws.

**Section 9: Community Reporting.** The Parties acknowledge and understand that pursuant to Section 14-12-3(f)(4) of the Code, members of the community may report to the NAC allegations of the Developer's failure to comply with this Provision. Community members can submit such reports to the CITY by personal delivery with receipt obtained or by registered or certified first-class mail with return receipt requested at the following address:

City of Detroit  
Planning & Development Department  
2 Woodward Avenue, Suite 808  
Detroit, MI 48226  
*Attention: Director*

The City will forward all such reports from community members to the NAC for the Project, which may take further action in accordance with Section 14-12-3 (f) of the Code.

**Section 10: Breach and Default.** The failure by either Party to comply with its obligations under this Provision, which is not caused by the other Party's failure to comply with its own obligations under this Provision, will constitute a material breach of this Provision.

A. In the event of DEVELOPER'S material breach of this Provision, the DEVELOPER will be considered to be in default of this Provision upon the DEVELOPER'S failure to cure such breach within sixty (60) days after written notice of such breach and demand to cure by the CITY, provided, however, that if the nature of Developer's default is such that more than sixty (60) days is reasonably required for its cure, then DEVELOPER will not be deemed to be in default if DEVELOPER, with the CITY'S acknowledgment and consent, commences such cure within said period and thereafter diligently pursues such cure to completion.

B. In the event of DEVELOPER'S violation of this Provision, DEVELOPER will comply with such enforcement and mitigation efforts as are determined by the Enforcement Committee in consultation with the NAC, or City Council (as applicable), until the City Council has determined that DEVELOPER is in compliance or has

taken adequate steps to mitigate violations, all in accordance with Section 14-12-3 (f) of the Code.

C. In the event of the CITY'S material breach of this Provision, the CITY will be considered to be in default of this Provision upon the CITY'S failure to commence its cure of such breach and thereafter diligently pursue such cure to completion within ninety (90) days after written notice of such breach and demand to cure by the DEVELOPER.

**Section 11: Effective Date, Term, and Termination.** This Provision has no force or effect until the date upon which it has been fully executed by the duly authorized representative of the CITY (if necessary, pursuant to the resolution of the Detroit City Council as approved by the Mayor of the City of Detroit), and has been approved by the City of Detroit Law Department ("Effective Date"). This Provision will remain in effect until completion of the Project and Developer's satisfaction of all of the obligations hereunder, or earlier termination by the Parties if so approved by the City Council. The term of this Provision will be equal to the period of time necessary for both Parties to satisfy all of their respective obligations set forth in this Provision, at which time and upon written notice by either Party the term of this Provision will expire.

**Section 12: Amendments.** No amendment to this Provision will have any force or effect against either Party unless it is in writing, expressly makes reference to this Provision, is fully executed by the duly authorized representative of the CITY (if necessary, pursuant to the resolution of the Detroit City Council as approved by the Mayor of the City of Detroit) and DEVELOPER, and is approved by the City of Detroit Law Department.

**Section 13: Notices.** All notices, requests, notifications, and other communications (collectively, "Notices") related to this Provision shall be given in writing, signed by an authorized representative of the Party and sent by United States mail, registered or certified, return receipt requested, postage prepaid, or sent by express, overnight courier to the respective parties at the addresses listed below, and shall be deemed delivered one (1) business day after the delivery or mailing date:

Either Party to this Provision may change its address and/or point of contact for the receipt of Notices at any time by giving written Notice thereof to the other Party in accordance with this Section.

**Section 14: Miscellaneous Terms.**

**A. Independent Parties; Effect of Agreement.** Each Party acknowledges that the CITY and the DEVELOPER are independent of each other and do not intend, as a result of this Provision or otherwise, to become a joint venture, partners, employees, servants, agents, representatives, contractors, or any type of related business entities to one another with respect to the subject matter of this Provision. DEVELOPER and CITY acknowledge and agree that this Provision, and the performance of the obligations hereunder, is intended to satisfy the obligations of the Ordinance and the CBO Process.

**B. Assignment.** This Provision sets forth DEVELOPER'S intended activities to address impacts on the community by the Project in accordance with the Ordinance. The DEVELOPER may not delegate or assign this Provision, or any portion thereof, either voluntarily or involuntarily, or by operation of law.

**C. Force Majeure.** In the event of enforced delay in the DEVELOPER'S performance of its obligations under this Provision due to unforeseeable causes beyond its control and without its fault or negligence, including, but not restricted to, acts of God or of the public enemy, fires, floods, epidemics, or severe weather, the time for performance of such obligations shall be extended for the period of the enforced delays; provided that the DEVELOPER must within thirty (30) days after the beginning of such enforced delay, have first notified the CITY in writing of the causes thereof and requested an extension for the period of the enforced delay. In the event that there is any dispute as to what constitutes such force majeure event, the determination of the CITY will control.

**D. Choice of Law and Venue.** The Parties acknowledge that this Provision will be governed by the laws of the State of Michigan, excluding its choice of laws rules. Any legal suit, action or proceeding arising out of this Provision will be instituted in the federal courts of the United States of America or the courts of the State of Michigan, in each case located in the City of Detroit and County of Wayne, and each Party irrevocably submits to the exclusive jurisdiction of such courts in any such suit, action, or proceeding.

**E. Severability.** In the event that any provision in this Provision is found by a court to be impermissible or illegal, then that provision shall be stricken from the Provision and shall be replaced by a provision that is permissible and legal and by mutual agreement of the Parties comes closest to expressing the intent of the stricken provision. The remainder of the Provision shall remain in full force and effect in accordance with its original overall intent.

**F. Counterparts.** This Provision may be executed in multiple counterparts, each of which shall be deemed to be an original, but all of which together shall constitute but one document. Each counterpart may be executed by facsimile or electronic signature, which will be deemed to be an original signature, to the extent permitted by Applicable Law.

**G. Authority of City.** Notwithstanding anything in this Provision or otherwise to the contrary, the City is not authorized or obligated to perform any of its obligations pursuant to this Provision until this Provision has been fully executed by the duly authorized representative of the City (if necessary, pursuant to the resolution of the Detroit City Council as approved by the Mayor of the City of Detroit), and has been approved by the City of Detroit Law Department. Any amendments or modifications must likewise be duly signed (if necessary, authorized by resolution of the City Council and approved by the Mayor), and must be approved by the Law Department, to be enforceable against the City.

In Witness Whereof, the Parties have executed this Provision as of the dates shown below, to be effective as of the Effective Date.

**EXHIBIT A  
 DEVELOPER'S COMMITMENTS  
 (Lafayette West)**

DEVELOPER hereby agrees to the following with respect to the Project:

**Impact 1.1**

1. The standard construction schedule for the Project will be 7 a.m.-5 p.m. on

weekdays, with Saturdays only being worked as necessary. These work hours include the waste haulers emptying construction dumpsters.

2. DEVELOPER will comply with all local ordinances related to the Project.

3. DEVELOPER will provide at least 48 hour notice through the following sources for any work to be conducted on a Saturday ("Communication Sources"):

a. A public website provided by DEVELOPER for the Project;

b. Direct communication with the management agents for the Mies Co-Ops and The Pavilion and any other Lafayette Park building that supplies a management contact; and

c. An email list-serv which will be made functional by the DEVELOPER and includes all email addresses provided by the NAC and the CITY for such email list-serv.

4. DEVELOPER does not guarantee that all major noise-making activities will occur after 9 a.m., but DEVELOPER will work with its construction partners to limit as much noise-making activities at the Project as possible after 9 am.

5. DEVELOPER does not anticipate having work occur at the Project site during Sunday hours, however a 48 hour notice will be given by DEVELOPER through the Communication Sources for unique activities or unscheduled work as needed during Sunday hours.

6. DEVELOPER will not perform any disruptive/loud work on Sunday. Should work on Sunday become necessary, it will be restricted to low decibel activities.

7. DEVELOPER will not perform any construction work on Sundays when any scheduled Detroit Lions football game occurs.

8. If Saturday work hours are necessary, DEVELOPER commits to a maximum of 2 Saturdays per month.

**Impacts 1.2 & 1.3**

1. DEVELOPER shall donate a total not to exceed of \$15,000 for tangible, visible improvements to Lafayette Plaisance Park and/or Chrysler Elementary School. Such donation will be coordinated between the DEVELOPER, the NAC and the intended receiving entity.

2. Per the NAC's recommendation, DEVELOPER will provide and install a placard or other acknowledgement at the place that the above referenced donated improvements are made recognizing DEVELOPER's contribution.

**Impact 2**

1. DEVELOPER will ensure that the Project is built with a minimum of:

a. 1 car per dwelling parking ratio per rental unit, which are largely smaller studio and 1 bedroom units.

b. 1.5 cars per dwelling parking ratio per townhome.

c. Additional parking for visitors (6% of

rental units, 4 spaces for prospective renters, and 6 spaces for Lafayette West employees, as well as spaces for the proposed coffee/co-working area per zoning requirements).

d. No parking ratios will rely on the on-street parking along Rivard or the Chrysler Service Drive.

e. Strive to meet an overall parking ratio greater than 1.25 cars per dwelling unit.

f. DEVELOPER understands the concerns of crowded on-street parking nearby Lafayette West and that the CITY is currently working on updates to simplify the permitted parking ordinance. The CITY will be engaging with residents to garner further input on updates to the ordinance; specifically with those neighborhoods, such as Lafayette Park, where permitted parking has been a request. DEVELOPER will ensure that the Project complies with any such updates to the ordinance.

g. DEVELOPER will support any petition related to designating the block faces along Rivard and the Chrysler Service Drive to be designated as a Residential Permit Parking Area.

h. DEVELOPER will enforce parking along the planned Nicolet and Lafayette Plaisance private streets within the Project.

i. Since the Project is located within a half mile radius of high frequency transit corridors according to Sec. 61-14-24 of the Detroit Zoning Ordinance and is within certain bus routes, the Project qualifies for a 0.75:1 parking ratio for the multi-family rental dwellings to be constructed at the Project. To the extent that the total Project budget is increased by \$2 Million over the initial estimated Project budget of \$111.8 Million and as a last resort in mitigating construction costs, DEVELOPER may lower the above referenced parking ratios to accommodate Project feasibility, so long as DEVELOPER is compliant with the law and documentation to the NAC evidencing the construction costs increases and other attempts to defray those costs have been attempted by DEVELOPER. Notwithstanding anything to contrary contained herein, the parking ratio for the Project shall not fall below 0.75 cars per dwelling unit for the entire Project.

### Impact 3

1. DEVELOPER will not, at any time, cause the total closure of Rivard unless such a closure is required for utility connections related to the Project. In the event a total lane closure of Rivard is necessary, DEVELOPER will do everything possible to minimize any potential disruptions, including scheduling and paying for overtime work.

2. DEVELOPER may request temporary and/or partial lane closures of Rivard and/or the Chrysler Service Drive from

time to time to address curb cuts, tie-ins and ancillary work parallel to such rights-of-way.

3. All traffic disruptions directly caused by the Project will be communicated by DEVELOPER through the Communication Sources in advance or as early as a known by DEVELOPER.

4. All appropriate signage, barricades and safety measures for all traffic disruptions directly caused by the Project will be implemented by DEVELOPER according to Applicable Laws.

5. All lane closures required for the Project must be included in a Traffic Management Plan that is approved by the CITY'S Traffic and Engineering staff prior to any such lane closures occurring.

### Impacts 4.1 and 4.2

1. DEVELOPER will ensure that its contractors, subcontractors, suppliers and professionals carry all appropriate general and/or professional liability insurance for any and all activities related to the Project.

2. DEVELOPER and its affiliates that are associated with the Project, including Lafayette Class A Partners, LLC, will be named as additional insureds on all professional liability insurance policies of contractors, subcontractors, suppliers and professionals working on the Project.

3. For informational purposes only, DEVELOPER shall provide a copy to the NAC through the Communication Sources of the insurance certificates and riders for all insurance that is required by this Section of the Provision. If deemed necessary by the NAC, the NAC may also forward such documents to the Mies Cooperative's attorney for informational review.

4. DEVELOPER will ensure all required insurance remains active through the entire demolition and construction periods of the Project.

5. Any claims made against any such insurance will follow the evaluation process carried out by the insurer's claims departments.

### Impact 4.3

1. For properties located within the Project's Impact Area (as defined in the CBO Report) that desire to participate, DEVELOPER will pay for up to 50% of the costs for two (2) regularly scheduled window cleanings (one following demolition and one after construction completion), conditioned upon the following:

a. A participant must provide the DEVELOPER with written confirmation of the frequency of current window cleanings at participant's property over the year prior.

b. A participant must provide the DEVELOPER with actual invoices from prior window cleanings over the year prior so that DEVELOPER may confirm the costs associated with the window cleanings of the respective participant's property.

**Impact 5**

1. DEVELOPER shall cause any and all hazardous materials identified at the Project site, from prior reports or otherwise, to be safely and properly removed from the Project site by qualified, licensed and insured contractors practicing under the standard of care required of environmental professionals in the State of Michigan.

2. Given past asbestos abatement and the planned activities, risk to adjoining and nearby residents for exposure to asbestos and hazardous materials will be mitigated by DEVELOPER before demolition.

3. DEVELOPER will post any and all environmental and demolition related reports to the Communication Sources and provide separate copies to the NAC.

4. DEVELOPER will hire AKT Peerless to provide oversight for all Project related demolition activities to ensure compliance with all environmental regulations and Applicable Laws. Such oversight and all inspections made by AKT Peerless will be made in addition to and regardless of any inspections required by the CITY and Applicable Laws.

5. DEVELOPER will develop a fugitive dust control plan in alignment with current environmental safety regulations and Applicable Laws for demolition and implement perimeter air monitoring for lead and cadmium dust. Such fugitive dust control plan, which includes dust suppression, should be outlined in writing by the DEVELOPER and submitted to the NAC for information purposes only. Such fugitive dust control plan shall require that a particulate matter monitor be used and demolition stopped if elevated particulate matter is detected during extreme wind or weather events. All demolition related activities for the Project will proceed in accordance with NESHAP. All demo contractors working on the Project will use wetting to suppress dust in accordance with Applicable Laws.

6. Due to that portion of the Project formerly referred to as Shapero Hall, its former use as a pharmacy teaching facility and the verified building and soil contamination mentioned given in DEVELOPER'S Brownfield TIF application, DEVELOPER shall adhere to the following special pre-demolition notification(s) regarding any removal of hazardous materials, information regarding the best methods to mitigate exposure to hazardous substances and other important pre-demolition information for residents:

a. DEVELOPER shall document and post on the Communication Sources the specific date/time of all demolition activity for the Project;

b. DEVELOPER shall post the fugitive dust control plan on the Communication Sources.

7. Environmental conditions and the results of environmental monitoring associated with this Impact 5 will be communicated by DEVELOPER thru the Communication Sources, as well as through a direct mailer from DEVELOPER to all addresses provided by the City that were used to notify the Lafayette Park residents of the CBO Process. For clarification, if someone stops working on the Project as a result of an environmental health concern, everyone in the Impact Area shall be directly notified by DEVELOPER.

8. DEVELOPER acknowledges that the NAC believes that:

a. The risk the demolition activity presents potential adverse effects to the public health due to lead-contaminated dust and asbestos.

b. Children and seniors are particularly vulnerable to the above potential adverse effects.

c. Measures residents can take to mitigate their exposure to harmful contaminants associated with the demolition include: (1) making sure their windows and doors are closed during and immediately after demolition and (2) making sure children are inside or are temporarily relocated to a hotel or family member's house.

**Impact 6**

1. In order to ensure the health and safety of the surrounding neighborhood, DEVELOPER will complete a full pest and vermin control mitigation program of the Project site prior to demolition using the most updated industry standards. DEVELOPER shall cause rodent and vermin mitigation to be conducted during the mobilization, demolition, construction and demobilization periods of the Project.

2. DEVELOPER shall provide a communication hotline that can be used by residents to report any vermin or rodent activity in the Project and/or Impact Area. Such activity will be addressed expeditiously by DEVELOPER.

3. DEVELOPER will monitor and ensure that all required sanitation control methods are employed at the Project work site during all phases of the Project.

**Impact 7**

1. DEVELOPER will provide proper temporary fencing at the Project that provides both flexibility and security for the construction activities occurring at the Project.

2. DEVELOPER will continuously monitor the development fencing for intrusions and forcible entry and repair any such areas as soon as possible to prevent trespassing and occupancy of the Project site or vacant buildings therein by trespassers.

3. DEVELOPER will consider providing barricades at standard entrances of the Project to prevent cross-traffic or event parking on site.

4. DEVELOPER will work diligently to demolish the buildings at the Project site by the end of 2018.

5. DEVELOPER will provide security at the Project site. DEVELOPER has hired Signal 88 Security to provide such security, including overnight roving patrols.

6. DEVELOPER will work with Signal 88 and/or another qualified security team to implement a construction-period security program. This may include the use of perimeter barricades, monitored cameras, sensor technology, and/or roving security patrols.

7. DEVELOPER will work with its management agent, Village Green, to develop a post-construction security program using the most efficient and effective security measures.

8. Prior to the start of construction of the Project and provided all City permits have been secured and that all laws are followed, DEVELOPER may have event parking and tailgate parking at the Project site for events conditioned upon the following:

a. debris and trash will be removed by DEVELOPER immediately following the event;

b. the perimeter will be secured by closing/locking gates following the event;

c. all profits from event parking will be donated by DEVELOPER to the Horatio Williams Foundation.

#### **Impact 8**

1. DEVELOPER will provide lighting at the Project sufficient to maintain safely lit pedestrian and vehicular areas at night.

2. DEVELOPER shall provide that all lighting at the Project be carefully considered and shielded as necessary to: (1) reduce glare, light trespass into neighbors' homes and beyond property lines and (2) reduce light pollution in the night sky. DEVELOPER will use best efforts to ensure that such lighting is Dark Sky Compliant.

3. DEVELOPER will maintain light levels that are appropriate to a typical residential neighborhood to ensure comfort and safety at night for all.

#### **Impact 9**

1. DEVELOPER will provide and install rodent-resistant trash cans along Rivard as soon as possible and maintain the through the construction period of the Project.

2. DEVELOPER will incorporate rodent-resistant trash cans into our landscape and streetscape improvement plans for the Project.

3. DEVELOPER will maintain acceptable and appropriate sanitary standards related to controlling and disposing of trash, garbage and recyclables at the Project.

4. The protruding weeds between the broken asphalt in the large parking lot area of the Project have created an unsightly field of weeds. This is an open invitation to car lot parkers or anyone else who gains access to the site, to dump additional trash or garbage. In order to maintain a clean pre-construction lot, DEVELOPER will schedule one weed trimming to ground level by mid-October 2018 and a second before demolition some time in 2019, if necessary. Additional weed control measures will be provided by DEVELOPER in the event that demolition and/or construction continues past the Spring of 2019.

5. In order to help control dust and debris during all phases of the Project and as a safety measure and courtesy to/for the surrounding neighborhood, downtown drivers, cyclists and pedestrians, DEVELOPER will install a securely tied down, typical construction-type cover over the fencing at the Project.

6. To the extent that waste and debris can be recycled and such recycling is not otherwise cost prohibitive, DEVELOPER will make best efforts to recycle construction waste and debris, including recycling of the materials from the demolished building.

#### **Impact 10**

1. During the CBO Process, the Project was presented by the DEVELOPER to the NAC and the community with specific design standards, including certain specific design and architecture models. DEVELOPER shall adhere to and uphold such design standards in the construction of the Project. Should the site design, layout or design standards that were presented by DEVELOPER during the CBO Process need to materially and/or substantially change, such changes shall not be made until and unless they are approved by the City's Planning & Development Department.

2. Such design standards referenced above include, but are not limited to, the following specific Project site elements:

a. DEVELOPER will not include any interior ground level parking visible from the street.

b. Any parking spaces that are at the ground level should have a residential/retail liner at the street front;

b. Neighborhood amenities;

c. Architectural style compliments the historic neighborhood of Lafayette Park and maintains a balance of different architectural styles within the Project;

d. Materials stay consistent with proposed design intent;

e. Maintain the urban streetscape while also providing complementary landscaping to the adjacent properties in Lafayette Park.

**Section A. Introduction**

Ginosko Development Company's (Ginosko) Community Benefits process was triggered by the development of Lafayette West. Lafayette West is a proposed master-planned 5.2 acre community integrated into Lafayette Park. The project is located between Rivard Street and The Chrysler Service Drive just East

of I-375. Ginosko is anticipated to create 3 modern-living alternatives, high-rise, lofts, and townhomes; including rental and ownership options all located within walking distance to the Central Business District and neighborhood shopping.

The project is composed of:

**1. The High-Rise**

- 114 luxury rental residences in a 12-story high-rise with units ranging from 600-1,100 SF; with attached enclosed parking.

**2. The Lofts**

- 200 urban rental lofts with units ranging from 450-900 SF; with enclosed parking.

**3. The Townhomes**

- 60 3-story custom built for-sale townhouses, carriage houses, and stacked flats with attached garages.

**4. Parking**

- 490 cars (90% enclosed); including ample guest parking.

**5. Amenities**

- Market leading amenity offering to assure long-term competitiveness and resident value proposition.

The following [link](#) will direct you to the developer's presentations throughout the process, and provide more extensive project information. Use the tab on the right side of the page that reads Past CBO Engagement, click on Lafayette West, then scroll to the Resources section.

**Section B. Notice Of Public Meeting & Impact Area**

The Impact Area, determined by the Planning & Development Department, is defined by I-375 on the West, Gratiot Avenue on the North, The Dequindre Cut Greenway on the East, and E. Lafayette Street on the South. This boundary is also defined by Census Tract 5170. Approximately 70 residents were recorded as attending the first meeting.

*Public Notice* of the meeting (as required by law) was mailed out to neighbors by the City Clerk's office by June 18, 2018, via information packet containing a legal meeting notice, impact area map, and a meeting flyer developed by the Planning & Development Department. The notice was mailed to approximately 1,900 residents. See Appendix 02 for the letter and flier that was sent to impact area residents.

Additionally, The Planning and Development Department (PDD) launched a section on the Lafayette West CBO on PDD's CBO website, displaying updated meeting dates and CBO meeting presentations for every meeting held. Please follow the link below to download the presentations for each meeting. exposing residents to hazardous materials like asbestos, lead, etc. Particularly given the number of children and seniors in the neighborhood, this is a major concern. See these reference documents: <https://www.freep.com/story/news/local/michigan/2018/02/20/asbestos-legislation-michigan/351124002/> <https://www.google.com/amp/detroitnews.com/amp/33113765>

1. To development an implementation of a lead dust management plan that includes: pre-demolition notice to nearby residents; description of fugitive dust control measures during demolition activity; description of post-demolition dust mitigation measures. Also this will include an inspection requirement during demolition activity by someone from the City of Detroit.
2. To comply with federal, state, and city asbestos demolition regulations.
3. To provide any hazardous material/environmental surveys and abatement reports to NAC prior to demolition.

Rodents, roaches and other pests are likely living in the current building. Demolition will force them to relocate, impacting the neighborhood.

Developer will sign a legally binding agreement with the P&DD agreeing to immediately implement a pest control program to mitigate this. The program should be in place until completion of construction. The NAC should be notified of the company hired.

Historically, the site has not been properly secured. This has resulted in petty crime, vagrancy, trespass, and even arson.

- Developer will sign a legally binding agreement with the P&DD agreeing to:
1. Install and maintain contiguous security fencing (current fencing is insufficient) around the vacant building immediately.
  2. Board up any broken windows and maintain this practice through demolition.
  3. Maintain a daily security presence to monitor and protect the site starting immediately through the end of construction.
  4. Maintain security for the property post construction as well.

Housing units along Rivard may be exposed to light spillage from LW fixtures, which could create a nuisance.

Developer will provide detailed lighting plans to the NAC, when available, and accept public feedback. Additionally, developer will ensure that lighting on the LW development is shielded appropriately so that no light spills beyond the property line or produces glare that is visible from adjacent properties.

Trash has historically been a significant problem along Rivard due to tailgating, bus stops, and general foot traffic. This will likely increase with the addition of this new development.

Developer will commit to installing and maintaining multiple permanent, rodent resistant trash cans of a similar quality and nature to the ones maintained by adjacent Lafayette Park properties.

**\*Remaining Questions/Comments**

- What are the details of the tax credits and abatements that are being leveraged in this project?
- We understand that the Eastern Market Mixed Use Development project is utilizing green roofs. Is this something that Ginosko will consider?
- The NAC is concerned that the plan of the building may continue to change after the NAC period has closed. For example we have been told that the four floors of amenities might be reallocated and that there are 4 mid-rise concepts still under development. How can this concern be addressed?

- The developer has stated that there is asbestos and other hazardous materials that must be removed before demolition, can we get a list of what the other hazardous materials are, the level of toxicity, and the proper process for safe removal that will be implemented?
- The renderings showing ground floor homes include wall-like divisions between units. This is counter to the spirit of Lafayette Park, which emphasizes openness and shared spaces, we invite you to reconsider this decision. Visual barriers could be detrimental to maintaining the look and feel of the Lafayette neighborhood, possibly the development could

take a note from the current landscaping within the Mies townhomes.

- Regarding the LW sidewalk drawings and layout, it appears that the sidewalk layout bordering the project streets seems to be entirely focused on circulation for the development and not pedestrian circulation through their complex from any of the surrounding communities and eventually across the new boulevard. Anyone walking to downtown from the neighborhoods on the east, would prefer to continue through their property on the street that is basically an extension of the neighboring community. Is there an intent for the design to allow for that, particularly if a retail coffee outlet is being contemplated?

- The various project drawings seem a bit ambiguous regarding sidewalks going all the way through the development and they don't appear to show a north/south sidewalk next to the service drive in the section with the high rise tower. Can you clarify and redefine the sidewalk layout?

- What is being proposing for the sidewalk widths? 6' should be the absolute minimum, but with a strong focus on creating a walkable community, it would be better if it were 8' or wider. Concern about the width of the sidewalks along the Rivard Condo's and the distance between the condo front steps, their Rivard sidewalks and whether there will still be a grass berm before the street, especially since the landscape design of the units across Rivard, have a berm, landscape shrubbery and a lawn buffer.

- Has there been a landscape architect chosen? Is so, who and will there be any coordination with the surrounding community?

- What kind of visible outdoor signage is envisioned in and around the LW project, especially the tower building?

- Has your design team taken into con-

sideration any noise abatement or environmental concerns as a result of the new boulevard?

- Is there any update of the sale of the Woodward Academy site?

- How do you plan to manage a property that contains both rental and private units? If you own your unit do you get first rights to the grill? Will there be a board of directors for the condos, with by-laws? Who deals with those who do not separate their trash?

- Can the developer clarify whether the parking at LW will be paid or not, since we know paid parking will have an even greater negative impact on the neighborhood local street parking situation? Did his study include the parking overflow from the Gratiot/Russell development?

- Can we, at the August 9, 2018 meeting, agree upon a workable and time-sensitive, two-way communication method with the developer regarding development/project announcements and neighborhood issues that arise at the LW site?

**\*Potential Alternate Name Suggestions**

A local resident expressed a concern about the name Lafayette West because it will create confusion since West Lafayette street is on the other side of Woodward. NAC members suggested the following alternatives, but they are also open to other names as well:

- Rivard Place
- Lafayette Place
- Lafayette North

*\*Remaining Questions/Comments and Potential Alternate Name Suggestions* are not part of the original 9 list of Impacts and Request made by the NAC. These were presented by the NAC in order to give further feedback on the project and gain further input from the developer on questions that were not fully answered in previous meetings.

**Section E. Approved Community Benefits Agreement/Developers Response Lafayette West**

**Community Benefits Agreement: LWNAC Impact Report**

October 03, 2018

**NAC Impact Request Impact 1.1**

Developer will sign a legally binding agreement with the P&DD to restrict construction working hours between 7:00 am-6:00 pm on weekdays. Major noise-making activities (jack hammering, wrecking ball, drilling, etc.) should not commence until 9:00 am on any day. If required, a maximum of two Saturdays can be worked per month and 48 hours

**NAC Impact Request — Lafayette West Response**

- The standard construction schedule is currently 7 a.m. - 5 p.m. on weekdays, with Saturdays only being worked as necessary. These work hours include the waste haulers emptying construction dumpsters.
  - We will comply with all local ordinances related to the project.
  - We will provide at least 48 hours' notice for any work to be conducted on a Saturday.
  - Notices will be provided through the approved communication methods including,
    1. a project website,
    2. Direct communication with the management agents for the Mies Co-Ops and The Pavilion and any other

public notice will be provided for Saturday work. No Sunday work is permitted.

Lafayette Park building that supplies a management contact, and

3. A list-serv email which will be made functional by 10/31/18.

- We cannot guarantee all major noise-making activities will occur after 9 a.m., but we will work with our construction partners to limit as much of this activity as possible to the recommended hours.

- As of now, no Sunday hours are being considered, and a 48 hour notice will be given through the previously outlined communication channels of unique activities or unscheduled work as needed.

- Ginosko will not perform any disruptive/loud work on Sunday. Should working on Sunday become necessary, it will be restricted to low decibel activities.

- We will not perform any construction work on Sundays when any scheduled Lions football game occurs.

- If Saturday work hours are necessary, we will commit to only a maximum of 2 Saturdays per month.

**Impact 1.2 & 1.3:**

Park benches and a designated picnic area to be added in Lafayette Park. Developer will work with NAC to finalize details regarding types and quantities of all fixtures. Additional trees to be planted in Lafayette Park with guidance and feedback from The Greening of Detroit.

- We will commit to \$15,000 for tangible, visible improvements to Lafayette Plaisance Park and/or Chrysler Elementary School. The donated gift will be coordinated between Ginosko, the NAC and the receiving entity by the end of the 2018 calendar year.
- Per the NAC's recommendation, we would like to have a placard or other acknowledgement put into place recognizing Ginosko Development Company's contribution.

**Impact 2:**

Parking resources for existing residents will be highly strained with the addition of so many new residents, especially considering the parking deficiency (over 100 parking spots based on City ordinance) designed into the current plan and the other new developments in this area that were not considered in the developer's parking studies. The NAC is concerned about the lack of parking for LW employees, residents' guests, etc.

- We will ensure that our project is built with a minimum of;
  - 1 car per dwelling ratio for rental units, which are largely smaller studio and 1 bedroom units.
  - 1.5 cars per dwelling for the townhomes.
  - Additional parking for visitors (6% of rental units, 4 spaces for prospective renters, and 6 spaces for Lafayette West employees, as well as spaces for the proposed coffee/co- working area per zoning requirements.
  - No parking ratios will rely on the on-street parking along Rivard or the Chrysler Service Drive.
  - The above commitments strive to meet an overall parking ratio greater than 1.25 cars per dwelling unit when including parking along Rivard and the Chrysler Service Drive.
  - For concerns of crowded on-street parking nearby Lafayette West, the City of Detroit is currently working on updates to simplify the permitted parking ordinance. The City Planning Commission along with the Municipal Parking Department will be engaging with residents to garner further input on updates to the ordinance; specifically with those neighborhoods, such as Lafayette Park, where permitted parking has been a request.
  - We will commit to signing a petition for the block faces along Rivard and the Chrysler Service Drive to be designated as a Residential Permit Parking Area as soon as possible after the proposed ordinance is adopted.
  - We will enforce parking along the planned Nicolet and Lafayette Plaisance private streets within the Lafayette West development.
  - Since Lafayette West is located within a half mile radius of high frequency transit corridors according to Sec. 61-14-24 of the City Ordinance (see attached

section of the ordinance), and is within the bus routes on the Map (see attached PDF), the project actually qualifies for a 0.75:1 parking ratio for the multi-family rental dwellings only. To the extent that the Total Development Budget is increased over \$2 Million, as a last resort in mitigating construction costs, the Developer may lower the parking ratio to accommodate project feasibility, so long as documentation to the NAC evidencing the construction costs increases and other attempts to defray those costs have been attempted by the Developer. In no uncertain circumstances will the parking fall below 0.75:1.

*What is the exact number of parking spaces required for this redevelopment project per the city's Zoning Ordinance based on the revised site plan changes?*

Per **Section 61-14-24 (Pg 588)** of the Zoning Ordinance. Since the development is **within 0.50 Miles of a high frequency Transit Corridor** (Gratiot Ave., and Lafayette Street are considered high frequency transit corridors. See attached map for location of high frequency transit corridors.) This development qualifies for **0.75 spaces per dwelling unit for Multi-Family Dwellings**. This includes the two mid-rise apartments and the 12 story high-rise building.

Per the same section of the Zoning Ordinance. **Townhouses are 1.5 spaces per Dwelling Unit.**

Per the parking ratios required by the zoning ordinance the **total number of parking spaces required is three-hundred and eight (308).**

Visitor parking (20 parking spaces being provided by Ginosko), prospect resident parking (4 parking spaces being provided by Ginosko) and employee parking (6 parking spaces being provided by Ginosko) are not requirements for a residential development per the zoning ordinance. These additional parking requirements are being asked by the NAC for the developer to meet. The NACs request for these additional parking spaces is adding 30 parking spaces to the development of which the developer is looking to provide per the NAC's impact request.

Per section 61-14-71 The amenity (coffee shop) space which is 800 sq ft or less requires 1.0 parking space per 200 sq. ft. of gross floor area. Only requiring 4 parking spaces. Please be aware that this square footage may be slightly lower or slightly higher since floor plan details are still being worked out by the developer and his team.

*What is the actual Parking Deficiency based on the revised site plan changes?*

If the developer were to use the legal required parking ratio of **0.75 spaces per dwelling unit for multi-family dwellings** and **1.5 spaces per townhouse**, the total required parking would be **308 parking** spaces. With the amenity space this is 312 spaces. In adding parking for visitors, prospect residents, and employees, parking increases to 342 spaces. There is no parking deficiency if these ratios are used because they will be meeting the 308 parking space requirement for residential and 4 spaces for the amenity space. The NACs request for additional parking spaces adds to the legal required parking spaces by 30 additional spaces. Please keep in mind these 30 additional spaces are not a requirement per the zoning ordinance.

If the developer were to use **1.0 space per dwelling unit for the multi-family dwellings** and **1.5 spaces per**

**townhouse**, the total parking would amount to **389 parking spaces. With the amenity space this is 393 spaces. With the inclusion of the requested parking spaces asked by the NAC it would bring the amount to 423 parking spaces.**

According to the legal requirement the developer would not be deficient with 393 Parking spaces, the developer would actually be above the required parking spaces of 312 needed for the development. The NACs request for additional parking spaces adds to the legal required parking spaces by 30 additional spaces.

on

*If there is a Parking Deficiency, Will there be a waiver the Parking Deficiency from P&DD or BSEED to eliminate the need for a hearing with BZA?*

If the developer can meet the need for 312 parking spaces for the entire development there will be no parking deficiency and no need for a parking waiver. To my knowledge, the additional 30 spaces being added due to the NACs request does not affect zoning approvals. The developer is only required to meet the 312 spaces. The developer is providing 30 additional spaces to meet the NACs impact request for parking.

**Impact 3:**

Developer will sign a legally binding agreement with the P&DD agreeing to not close Rivard completely at any time.

- We will not, at any time, cause the total closure of Rivard unless required for utility connections. In the event of total lane closures we will do everything possible to minimize any potential disruptions, including scheduling for overtime work.
- We will request temporary and/or partial lane closures from time to time due to curb cuts, tie-ins and ancillary work parallel to Rivard and the Chrysler Service Drive.
- All traffic disruptions, directly caused by the Lafayette West development, will be communicated through the approved communication methods in response #1 above as early as a known land closure is identified.
- All appropriate signage, barricades and safety measures will be implemented per City ordinances.
- All lane closures will be approved through a Traffic Management Plan through the Traffic and Engineering Department (TED) of the City of Detroit.

**Impact 4.1:**

Developer will accept liability for any damages to property caused by either construction or demolition.

- We will ensure that our contractors, subcontractors, suppliers and professionals carry all appropriate general and/or professional liability insurance
- Lafayette West, and its sponsor, Lafayette Class 'A' Partners, will be named as Additional Insureds on the contractors, subcontractors and professional liability insurance certificates.
- A copy of the above insurance policies and any riders will be furnished to the NAC for informational review only and if necessary by the Mies Cooperative's attorney for informational review only, as soon as they are available. We will ensure these insurance policies remain active through the entire demolition and construction period.
- Scanned copies of the insurance will be provided through the "Approved Communication Methods" including:
  1. A project website,
  2. Direct communication email blast with the management agents for the Mies Co-Ops and The Pavilion and any other Lafayette Park building that supplies a management contact stating that the information is on the list-serve, and
  3. A list-serv email which will be made functional by 10/31/18.

**Impact 4.2:**

All impacted organizations will be added as named insureds to the developer's insurance policy.

- Lafayette West, its entities and partners will be named as Additional Insureds on the contractors, subcontractors and professional liability insurance certificates.
- A copy of the above insurance policies and any riders will be furnished to the NAC for informational review only and if necessary by the Mies Cooperative's attorney for informational review only, as soon as they are available.
- Any claims made against these policies will follow the evaluation process carried out by the insurer's claims departments.

**Impact 4.3:**

Developer will perform two additional window cleanings for Lafayette Pavilion and the four Mies co-ops. One will be completed after demolition and one after construction is complete.

- For properties located within the Lafayette West direct impact area, that desire to participate, we will pay for 50% of two (2) of the regularly scheduled window cleanings (one following demolition and one after construction completion), conditioned upon the following:
  1. Written confirmation of the frequency of current window cleanings over the past year.
  2. Providing invoices from window cleanings over the past year to confirm the cost of current window cleanings.

**Impact 5:**

Developer will sign a legally binding agreement with the P&DD agreeing:

1. To development and implementation of a lead dust management plan that includes: pre-demolition notice to nearby residents; description of fugitive dust control measures during demolition activity; description of post-demolition dust mitigation measures. Also this will include an inspection requirement during demolition activity by someone from the City of Detroit.
2. To comply with federal, state, and city asbestos demolition regulations.
3. To provide any hazardous material/environmental surveys and abatement reports to the NAC prior to demolition.

- Any and all hazardous materials identified from prior reports will be safely and properly removed on-site by qualified, licensed and insured contractors practicing under the standard of care required of environmental professionals in Michigan.
- Given past asbestos abatement and the planned activities, risk to adjoining and nearby residents for exposure to asbestos and hazardous materials will be mitigated before demolition.
- We will provide these reports to the NAC committee and advise residents via the list-serv.
- We will hire AKT Peerless to provide oversight to all demolition activity to ensure compliance with all environmental regulations. The AKT Peerless inspections will be made in addition to and regardless of any City-required inspections.
- We will develop fugitive dust control plan in alignment with current environmental safety regulations for demolition and implement perimeter air monitoring for lead and cadmium dust. The fugitive dust control plan, which includes dust suppression, should be outlined in writing by the developer and submitted to the NAC for information purposes only. The plan should require that a particulate matter monitor be used and demolition stopped if elevated particulate matter is detected during extreme wind or weather events. The demo will proceed in accordance with NESHAP; the demo contractor will use wetting to suppress dust in accordance with applicable state and federal regulations.
- Due to Shapero Hall's former use as a pharmacy teaching facility, and the verified building and soil contamination mentioned in the Brownfield application, the NAC requires that the following special pre-demolition notification(s) occur regarding any removal of hazardous materials, information regarding the best methods to mitigate exposure to hazardous substances and other important pre-demolition information for residents such as:
  1. The specific date/time of the demolition activity;
  2. A link on the website and list serve to the fugitive dust plan.
- Environmental conditions and the results of environmental monitoring associated with Impact #5 will be communicated thru the "Approved Communication

Methods” defined in Impact 4.1, well as thru a mailer to be sent to all addresses that the City of Detroit used to notify the Lafayette Park residents of the CBO process. In principle: “If someone stops working as a result of environmental health concerns, everyone in the impact area needs to be notified.”

- The Neighborhood Advisory Council solely believes that:
  1. The risk the demolition activity presents to public health due to lead-contaminated dust and asbestos.
  2. Children and seniors are particularly vulnerable
  3. Measures residents can take to mitigate their exposure to harmful contaminants associated with the demolition, include making sure their windows and doors are closed during and immediately after demolition, making sure children are inside, or temporarily relocating to a hotel or family member’s house.

**Impact 6:**

Developer will sign a legally binding agreement with the P&DD agreeing to immediately implement a pest control program to mitigate this. The program should be in place until completion of construction. The NAC should be notified of the company hired

- In order to ensure the health and safety of the surrounding neighborhood, Ginosko will complete a full pest and vermin control mitigation program of the site prior to demolition using the most updated industry standards. Rodent and vermin mitigation will continue during mobilization, demolition, construction and demobilization. The communication hotline can be used by residents to report any increase of vermin or rodent activity in the Lafayette Park neighborhood, which will be addressed expeditiously by the developer.
- Ginosko and/or its contractors will monitor and ensure that all required sanitation control methods are employed at the work site during all phases of the development.

**Impact 7:**

Developer will sign a legally binding agreement with the P&DD agreeing to:

1. Install and maintain contiguous security fencing (current fencing is insufficient) around the vacant building immediately.
2. Board up any broken windows and maintain this practice through demolition.
3. Maintain a daily security presence to monitor and protect the site starting immediately through the end of construction.
4. Maintain security for the property post construction as well.

- We will replace the temporary fence with a more permanent fence which still provides flexibility for construction activity.
- Ginosko will continuously monitor the development fencing for intrusions and forcible entry and repair those areas as soon as possible to prevent trespassing and occupancy of the site or vacant building by trespassers.
- We will consider barricades at standard entrances to prevent cross-traffic or event parking on site.
- We will work diligently to demolish the building in 2018.
- We have hired Signal 88 Security to provide overnight roving patrols.
- We will work with Signal 88 and/or other qualified security team to implement construction-period security program. This may include the use of perimeter barricades, monitored cameras, sensor technology, and/or roving security patrols.
- We will work with our management agent, Village Green, to develop a post-construction security program using the most efficient and effective security measures.
- Pre-construction event parking and tailgating for events held at Ford field will be allowed conditioned upon the following:
  1. Debris and trash will be removed immediately following the event
  2. The perimeter will be secured by closing/locking gates following the event
  3. All profits from event parking will be donated to the Horatio Williams Foundation

**Impact 8:**

Developer will provide detailed lighting plans to

- We will provide lighting sufficient to maintain safety lit pedestrian and vehicular areas at night.

the NAC, when available, and accept public feedback. Additionally, developer will ensure that lighting on the LW development is shielded appropriately so that no light spills beyond the property line or produces glare that is visible from adjacent properties.

- All lighting will be carefully considered and shielded as necessary to reduce glare, light trespass into neighbors' homes and beyond property lines, and to reduce light pollution in the night sky. The Developer will use best efforts to ensure lighting will be Dark Sky Compliant.
- We will maintain light levels that are appropriate to a typical residential neighborhood to ensure comfort and safety at night for all.

**Impact 9:**

Trash, Site Cleanliness and Weed Control

- We will install rodent-resistant trash cans along Rivard as soon as possible and maintain through the construction period.
- We will incorporate rodent-resistant trash cans into our landscape and streetscape improvement plans.
- We will maintain acceptable appropriate sanitary standards related to controlling and disposing of trash, garbage and recyclables.
- The protruding weeds between the broken asphalt in the large parking lot area of the project have created an unsightly field of weeds. This is an open invitation to car lot parkers or anyone else who gains access to the site, to dump additional trash or garbage. In order to maintain a clean pre-construction lot, the developer will schedule one weed trimming to ground level by mid-October 2018 and a second before demolition in 2019, if necessary. Additional weed control measures will be scheduled if demolition and/or construction is delayed. Past spring of 2019.
- In order to help control dust and debris during all phases of the project, and as a safety measure and courtesy to/for the neighborhood, downtown drivers, cyclists and pedestrians, the developer will install a securely tied down, typical construction type cover over the project fencing.
- We will recycle construction waste and debris, including recycling of the materials from the demolished building

**\*Impact 10:**

Proposed Architecture and Urban Design of Lafayette West.

- Lafayette West was presented to the NAC board and community with specific design standards that the developer should uphold. Should the site design change representing the design standards being materially and substantially inconsistent with those design and architecture models presented by the developer in connection with the NAC Impacts Requests and Benefits, the developer shall seek the requested changes to be approved by the City of Detroit's Planning & Development.
- Specific site elements that should be considered are listed below:
  1. The developer will not include any interior ground level parking visible from the street. Any parking spaces that are at the ground level should have a residential/retail liner at the street front.
  2. Neighborhood amenities
  3. Architectural style compliments the historic neighborhood of Lafayette Park and maintains a balance of different architectural styles within the development.
  4. Materials stay consistent with proposed design intent.
  5. Maintain the urban streetscape while also providing complementary landscaping to the adjacent properties in Lafayette Park.

\*Impact 10 was later added by the NAC during negotiations and amendments to the developer's response of the NAC's list of impact and request. Impact 10 is not listed in the NAC's Impact Report located in Section D.

Section F. NAC Letter of Support For

The Lafayette West Community Benefits Agreement (CBA)

October 03, 2018

Maurice Cox
Director of Planning and Development
City of Detroit
2 Woodward, Suite 1100
Detroit, MI 48226

Re: Neighborhood Advisory Council Letter of Support for the Lafayette West Community Benefits Agreement.

Mr. Cox:

The Lafayette West Neighborhood Advisory Council (the "NAC") was established on Tuesday, July 24, 2018 for the purpose of participating in the Community Benefits Process, as required by the Detroit Community Benefits Ordinance (the "CBO"). As part of the Community Benefits Process, the NAC met with Ginosko Development Company, City staff, and members of the public to better understand Ginosko's proposed Lafayette West Development, hear community concerns, and ultimately provide a list of concerns to the development team.

Ginosko Development Company is proposing a master-planned 5.2 acre residential community integrated into Lafayette Park, located between Rivard Street and the Chrysler Service Drive, just North of Woodward Academy. Ginosko Development Company is anticipated to create three modern living alternatives, high-rise, lofts, and townhomes. Within Ginosko's Tier 1 Development Project (the "Project") will include both rental and ownership options for the residential use, amenity space, and parking.

The NAC actively engaged the public throughout this process to solicit community feedback about the Project via various Lafayette Park residential cooperatives, through email, and conversations and meetings with Lafayette Park residents. The purpose of this engagement was to develop an informed Community Benefits proposal that best represents our understanding of community needs. As a result, the Lafayette West Neighborhood Advisory Council provided the Community Impacts Report, entitled "LWNAC Impact Report — August 07, 2018" to Ginosko Development Company and the City of Detroit Administration on Thursday, August 09, 2018. This document was presented and reviewed with the public and Ginosko at the CBO Public Meeting #4, held on Thursday, August 09, 2018, from 5:30 p.m. to 7:30 p.m. at Horatio Williams Foundation, 1010 Antietam Avenue. The responses to the LWNAC Impact Report was presented by Ginosko Development Company and reviewed with the NAC and the public at the CBO Public Meeting #5, held on Tuesday August 21, 2018. During Meeting #5 the NAC decided not to hold a meeting #6 in order to negotiate language

amendments to the responses to the LWNAC Impact Report with Ginosko Development Company. Through email and telephone conversations the NAC and Ginosko Development Company amended final language to the LWNAC Impact Report responses and came to a final agreement with the Lafayette West Community Benefits Proposal on October 03, 2018.

The NAC is pleased to offer this letter of support to confirm that the attached "Lafayette West Community Benefits Agreement: LWNAC Impact Report" document dated October 03, 2018 accurately reflects our understanding of the agreed upon community benefits to be included in the development agreement for the Lafayette West Development project.

The NAC welcomes Ginosko Development Company to Lafayette Park and looks forward to working with members of the City's administration and the Ginosko Development Company team to create a stronger community for all.

Sincerely,

The Lafayette West Neighborhood Advisory Council

**Appendix 01. Community Benefits Ordinance No. 35-16**

**NOTICE OF ENACTMENT OF ORDINANCE**  
To: THE PEOPLE OF DETROIT, MICHIGAN.

Through an initiative submitted by City Council resolution, the people of the City of Detroit adopted the following ordinance at the November 8, 2016 General Election:

**ORDINANCE NO. 35-16**  
**CHAPTER 14.**  
**COMMUNITY DEVELOPMENT**  
**ARTICLE XII.**

**COMMUNITY BENEFITS**  
IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 14 of the 1984 Detroit City Code, *Community Development*, is amended by adding Article XII, *Community Benefits*, which consists of Sections 14-12-1 through 14-12-5, to read as follows:

**CHAPTER 14.**  
**COMMUNITY DEVELOPMENT**  
**ARTICLE XII.**

**COMMUNITY BENEFITS**  
**Sec. 14-12-1. Purpose; Title.**

(a) The City is committed to community outreach and engagement that promotes transparency and accountability and ensures development projects in the City of Detroit benefit and promote economic growth and prosperity for all residents.

(b) This article shall be known as the "Detroit Community Benefits Ordinance."

**Sec. 14-12-2. Definitions.**  
*Community Benefits Provision* means the agreement made by and between the Planning Director and the Developer which specifically addresses the issues raised by the NAC.

*Enforcement Committee* means a committee led by the City's Corporation Counsel and composed of representatives from the Planning and Development Department, Law Department, Human Rights Department, and other relevant City departments as determined by the Planning Director.

*Impact Area* means an area determined by the Planning Director that includes all census tracts or census block groups in which the Tier 1 Project is located, and any other areas as determined by the Planning Director.

*NAC* means the Neighborhood Advisory Council.

*Planning Director* means the Director of the City of Detroit's Planning and Development Department, or a member of the Planning Director's staff working on behalf of the Planning Director.

*Tier 1 Development Project* means a development project in the City that is expected to incur the investment of Seventy-five Million Dollars (\$75,000,000) or more during the construction of facilities,

or to begin or expand operations or renovate structures, where the developer of the project is negotiating public support for investment in one or both of the following forms:

(1) Any transfer to the developer of City-owned land parcels that have a cumulative market value of One Million Dollars (\$1,000,000) or more (as determined by the City Assessor or independent appraisal), without open bidding and priced below market rates (where allowed by law); or

(2) Provision or approval by the City of tax abatements or other tax breaks that abate more than One Million Dollars (\$1,000,000) of City taxes over the term of the abatement that inure directly to the Developer, but not including Neighborhood Enterprise Zone tax abatements.

Tier 2 Development Project means a development project in the City that does not qualify as a Tier 1 Project and is expected to incur the investment of Three Million Dollars (\$3,000,000) or more, during the construction of facilities, or to begin or expand operations or renovate structures, where the Developer is negotiating public support for investment in one or both of the following forms:

(1) Land transfers that have a cumulative market value of Three Hundred Thousand Dollars (\$300,000) or more (as determined by the City Assessor or independent appraisal), without open bidding and priced below market rates; or

(2) Tax abatements that abate more than Three Hundred Thousand Dollars (\$300,000) of City taxes over the term of the abatement that inure directly to the Developer, but not including Neighborhood Enterprise Zone tax abatements.

**Sec. 14-12-3. Tier 1 Projects.**  
*Community Engagement Process for Public Meeting.*

(1) Prior to submitting to City Council a request for approval of Land transfers or Tax abatements related to a Tier 1 Project, the Planning Director shall hold at least one public meeting in the Impact Area as defined in this Section.

(2) The City Clerk shall forward notice of the public meeting via First Class Mail no less than 10 days before such meeting to all City of Detroit residents within three hundred radial feet of the Tier 1 Project. The notice shall include:

a. The time, date and location of the public meeting;

b. General information about the Tier 1 Project;

c. A description of the Impact Area and the location of the Tier 1 Project;

d. Information related to potential impacts of the Tier 1 Project and possible mitigation strategies; and

(3) In addition to the notice requirement contained in Subsection (2) of this section, the Planning Director shall work

with the District Council Member or Members representing the district or districts where the Tier 1 Project is located and at least one At-large Council Member to ensure that local residents, businesses, and organizations, especially those located in the Impact Area and those expected to be directly impacted by the Tier 1 project are informed of the public meeting.

(4) At the public meeting, the Planning Director will present general information about the Tier 1 Project, discuss ways in which the Tier 1 Project is anticipated to impact the local community, and ways in which the Developer and the Planning Director plan to address or mitigate these impacts.

(5) City Council shall appoint a liaison from the Legislative Policy Division to monitor the community engagement process and provide updates to the City Council.

(6) The Planning Director shall provide notice to the liaison of all upcoming meetings and activities associated with the community engagement process related to the Tier 1 Project.

*(b) Neighborhood Advisory Council.*

(1) The Planning Director will accept nominations to the NAC from any person that resides in the Impact Area.

(2) All residents over the age of 18 that reside in the Impact Area are eligible for nomination.

(3) The NAC shall consist of nine members, selected as follows:

a. Two Members selected by residents of the Impact Area chosen from the resident nominated candidates;

b. Four Members selected by the Planning Director from the resident nominated candidates, with preference given to individuals the Planning Director expects to be directly impacted by the Tier 1 Project;

c. One Member selected by the Council Member in whose district contains the largest portion of the Impact Area from the resident nominated candidates; and

d. One Member selected by the At-Large Council Members from the resident nominated candidates.

(4) If the Planning Director receives less than nine nominations, the Planning Director may seek out additional nominations from individuals that live outside the Impact Area but within the City Council district or districts where the Tier 1 Project is located.

(5) All actions of the NAC may be taken with the consent of a majority of NAC members serving.

*(c) Engagement with Developer.*

(1) In addition to the meeting required in Subsection (a)(1) of this section, the Planning Director shall facilitate at least one meeting between the NAC and the Developer to allow the NAC to learn more details about the project and to provide an opportunity for the NAC to make devel-

oper aware of concerns raised by the NAC.

(2) City Council by a 2/3 vote of members present or the Planning Director may facilitate additional meetings which the Developer, or the Developer's designee, shall participate in as directed.

(3) As part of community engagement the developer, or their designee, shall be required to meet as directed.

*(d) Community Benefits Report.*

(1) The Planning Director shall provide a Community Benefits Report to City Council regarding the Tier 1 Project prior to the request for any approvals related to the Tier 1 Project.

(2) The Community Benefits Report shall contain:

a. A detailed account of how notice was provided to organize the public meeting.

b. A list of the NAC members, and how they were selected.

c. An itemized list of the concerns raised by the NAC.

d. A method for addressing each of the concerns raised by the NAC, or why a particular concern will not be addressed.

(3) The Planning Director, where possible, shall provide a copy of the Community Benefits Report to the NAC prior to submission to City Council.

(4) To ensure an expeditious community engagement process, the Planning Director, where possible, shall submit the initial Community Benefits Report within six weeks from the date the notice is sent of the public meeting.

(5) The Planning Director shall work with City Council to assure that, to the maximum extent possible, all of the approvals required of City Council may be considered simultaneously and subject to one approval vote.

(6) The Planning Director shall work with other City departments to facilitate that Tier 1 Projects receive expedited City-required approvals.

*(e) Development Agreement.*

(1) All development agreements made between the Developer and the City related to the land transfers or tax abatements associated with a Tier 1 Project shall include the Community Benefits Provision, which shall include:

a. Enforcement mechanisms for failure to adhere to Community Benefits Provision, that may include but are not limited to, clawback of City-provided benefits, revocation of land transfers or land sales, debarment provisions and proportionate penalties and fees; and

b. The procedure for community members to report violations of the Community Benefits Provision to the NAC.

c. The length of time that Annual Compliance Reports as outlined in Subsection (f)(2) of this section, are required to be submitted.

d. Continued community engagement or community meeting requirements.

(2) The Developer shall not be required to enter into a legally binding agreement with any individual or organization other than the City for the express purpose of fulfilling the requirements of this ordinance or other City-mandated community engagement processes.

(3) The Developer may voluntarily enter into any contract or agreement related to the Tier 1 Project that does not pose a conflict of interest with the City.

*(f) Enforcement.*

(1) An Enforcement Committee shall be established to monitor Tier 1 projects.

a. The Enforcement Committee shall be comprised of, at minimum, the following four individuals:

- i. Corporation Counsel for the City of Detroit; or their designee;
- ii. a representative from the Planning and Development Department;
- iii. a representative from the Law Department;
- iv. a representative from the Human Rights Department.

b. In addition to the members of the Enforcement Committee as identified in Subsection (1)a of this section, the Planning Director may require that other departments participate in the Enforcement Committee as needed.

(2) The Enforcement Committee shall provide a biannual compliance report to the City Council and the NAC for the time period identified in the Community Benefits Provision.

(3) The Planning Director shall facilitate at least one meeting per calendar year between the NAC and the Developer to discuss the status of the Tier 1 Project for the time period identified in the Community Benefits Provision.

(4) The NAC shall review any allegations of violations of the Community Benefits Provision provided to it by the community, and may report violations to the Enforcement Committee in writing.

(5) Upon receipt of written notification of allegations of violation from the NAC, the Enforcement Committee shall investigate such allegations and shall present their written findings to the NAC based upon the following:

- a. Whether the Developer is in compliance with the Community Benefits Provision; and
- b. How the Community Benefits Provision will be enforced or how violations will be mitigated.

(6) The findings of the Enforcement Committee shall be presented to the NAC no later than 21 days from the date the violations were reported to the Enforcement Committee, unless the need for additional time is reported to City Council and the NAC within the original 21 day time frame.

(7) If the NAC disagrees with the findings of the Enforcement Committee or determines that the Enforcement Committee is not diligently pursuing the enforcement or mitigation steps outlined in its findings, the NAC may send notice to the Enforcement Committee, and the Enforcement Committee shall have 14 days from receipt of notice to respond to the concerns outlined.

(8) If the NAC is not satisfied with the Enforcement Committee's response, the NAC may petition the City Clerk and request that City Council schedule a hearing with opportunity for both the Enforcement Committee and the NAC to present information related to the alleged violations of the Community Benefits Provision and any enforcement or mitigation efforts that have occurred.

(9) If City Council elects to hold a hearing, or based upon the written information submitted, City Council shall determine whether the Enforcement Committee has made reasonable efforts to ensure that the Developer has complied with the Community Benefits Provision.

a. If City Council determines that the Enforcement Committee has made reasonable efforts, City Council shall notify the NAC and the Enforcement Committee of their findings.

b. If City Council finds that the Enforcement Committee has not made reasonable efforts, City Council shall make specific finding to the Enforcement Committee on the steps that need to be taken to comply with the Community Benefits Provision.

i. The Enforcement Committee shall provide City Council and the NAC monthly updates on compliance actions until City Council adopts a resolution declaring that the Developer is in compliance with the Community Benefits Provision or has taken adequate steps to mitigate violations.

ii. City Council may hold additional hearings related to enforcement of the Community Benefits Provision as needed.

**Sec. 14-12-4. Tier 2 Projects.**

(a) Developers shall:

(1) Partner with the City, and when appropriate, a workforce development agency to promote the hiring, training and employability of Detroit residents consistent with State and Federal Law.

(2) Partner with the Planning Director to address and mitigate negative impact that the Tier 2 Project may have on the community and local residents.

(b) The Developer's commitment as identified in Subsection (a) of this section shall be included in the development agreements related to any land transfers or tax abatements associated with the Tier 2 Project for which the Developer seeks approval.

**Section 14-12-5. Exemptions.**

The requirements of this ordinance

may be waived by resolution of the City Council upon submission by either the Planning Director or the Developer identifying reasons that the requirements of this ordinance are impractical or infeasible and identifying how the Developer will otherwise provide community benefits.

**Section 2.** All ordinances, or parts of ordinances, that conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the People of the City of Detroit.

**Section 4.** The article added by this ordinance has been enacted as comprehensive local legislation. It is intended to be the sole and exclusive law regarding its subject matter, subject to provisions of state law.

**Meeting Notes/Key Takeaways:**

Amin Irving presented Ginosko's

responses to the NACs Impacts and Requests. Amin Irving and NAC were involved in discussions and negotiations over language and changes to the developers responses. It was agreed by the NAC that a sixth meeting was not necessary but, that the NAC would work with the developer through email and other forms of communication to continue the language amendments to the responses made by the developer.

The purpose of Meeting 5 was to:

- 1) Allow the developer to present their responses to the Impacts and request made by the NAC.
- 2) Allow the NAC and developer to have an open discussion about the requests made.
- 3) Hear additional community concerns.

**NAC Concerns Raised:**

- Each impact and request was discussed in great detail between the NAC and Amin Irving.
- A list serve was agreed between the NAC and developer as a form of future communication.
- Agreement of developer supporting neighborhood wide permitted parking with other residents.

The following NAC Members were present in Meeting 5:

- Patrice McKinnon
- Bryan Boyer
- Andrea Pride
- Jonathan Toney
- Julia Schlau
- Matt Morin
- Margaretta Venson
- Daniel Carmody

Kumar Raj was not able to attend meeting 5.

March 14, 2019

Honorable City Council:

Re: Petition No. 1201 — Nazhat Bahri, request for alley closure for property located at 19445 W. 7 Mile Rd., Detroit, MI.

Petition No. 1201 — Nazhat Bahri requesting the vacation and conversion to easement of the west 1/2 of the east-west public alley, 18 feet wide, in the block of Clarita Avenue, 50 feet wide, West Seven Mile Road, 120 feet wide, Edinborough Road, 60 feet wide, and Huntington Road, 100 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made to prevent illegal dumping in the alley.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW, and City Engineering — DPW.

Detroit Water and Sewerage Department (DWSD) has no objection to the conversion to easement. The specific DWSD provisions for easements are included in the resolution.

DTE Energy reports having services in the area. A provision to maintain access to DTE facilities is a part of the resolution.

All other involved City Departments,

and privately owned utility companies have reported no objections to the conversion of the public right-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.

City Engineer

City Engineering Division — DPW  
By Council Member Benson:

Resolved, That the west 1/2 of the east-west public alley, 18 feet wide, in the block of Clarita Avenue, 50 feet wide, West Seven Mile Road, 120 feet wide, Edinborough Road, 60 feet wide, and Huntington Road, 100 feet wide. Further described as:

Land in the City of Detroit, Wayne County, Michigan being that part of the east-west alley lying northerly of and adjoining the northerly line of Lot 329; also lying southerly of and adjoining the southerly line of Lots 2 through 6, both inclusive and the westerly 11.00 feet of Lot 1 "C. W. Harrah's Northwestern Subdivision of the N.W. 1/4 of Section 11, T.1S., R.11E. Redford Township (Now Detroit), Wayne County, Michigan" as recorded in Liber 47, Page 54 of Plats, Wayne County Records.

Be and the same is hereby vacated as a public right-of-way and converted into a private easement for public utilities of the full width of the right-of-way, which easement shall be subject to the following covenants and agreements, uses, reservations and regulations, which shall be observed by the owners of the lots abutting on said right-of-way and by their heirs, executors, administrators and assigns, forever to wit:

First, Said owners hereby grant to and for the use of the public an easement or right-of-way over said vacated public alley herein above described for the purposes of maintaining, installing, repairing, removing, or replacing public utilities such as water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or things usually placed or installed in a public right-of-way in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth,

Second, Said utility easement or right-of-way in and over said vacated alley herein above described shall be forever accessible to the maintenance and inspection forces of the utility companies, or those specifically authorized by them, for the purpose of inspecting, installing, maintaining, repairing, removing, or replacing any sewer, conduit, water main, gas line or main, telephone or light pole or any utility facility placed or installed in the utility easement or right-of-way. The utility companies shall have the right to cross or use the driveways and yards of the adjoining

properties for ingress and egress at any time to and over said utility easement with any necessary equipment to perform the above mentioned task, with the understanding that the utility companies shall use due care in such crossing or use, and that any property damaged by the utility companies, other than that specifically prohibited by this resolution, shall be restored to a satisfactory condition,

Third, Said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including, but not limited to, concrete slabs or driveways, retaining or partition walls (except necessary line fences or gates), shall be built or placed upon said easement, nor change of surface grade made, without prior approval of the City Engineering Division — DPW,

Fourth, That if the owners of any lots abutting on said vacated alley shall request the removal and/or relocation of any existing poles or other utilities in said easement; such owners shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners,

Fifth, That if any utility located in said property shall break or be damaged as a result of any action on the part of said owners or assigns (by way of illustration but not limitation) such as storage of excessive weights of materials or construction not in accordance with Section 3, mentioned above, then in such event said owners or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility; and

Provided, That the property owners maintain DTE Energy access to their facilities at all times including truck access to the existing poles, and further

Provided, That an easement, the full width of the existing right-of-way, is reserved for the Detroit Water and Sewerage Department for the purpose of installing, maintaining, repairing, removing, or replacing any sewers, water mains, fire hydrants and appurtenances, with the right of ingress and egress at any time to, and over said easement for the purpose above set forth; and be it further

Provided, That free and easy access to the sewers, water mains, fire hydrants and appurtenances within the easement is required for Detroit Water and Sewerage Department equipment, including the use of backhoes, bulldozers, cranes or pipe trucks, and other heavy construction equipment, as necessary for the alteration or repair of the sewer or water main facilities; and be it further

Provided, That the Detroit Water and Sewerage Department retains the right to install suitable permanent main location guide post over its water mains at reasonable intervals and at points deflection; and be it further

Provided, That said owners of the

adjoining property, for themselves, their heirs and assigns, agree that no building or structure of any nature whatsoever, including porches, patios, balconies, etc., shall be built upon or over said easement, or that no grade changes or storage of materials shall be made within said easement without prior written approval and agreement with the Detroit Water and Sewerage Department; and be it further

Provided, That if any time in the future, the owners of any lots abutting on said vacated alley shall request the removal and/or relocation of the aforementioned utilities in said easement, such owners shall pay all costs incident to such removal and/or relocation. It is further provided that if sewers, water mains, and/or appurtenances in said easement shall break or be damaged as a result of any

action on the part of the owner, or assigns, then in such event, the owner or assigns shall be liable for all costs incident to the repair of such broken or damaged sewers and water mains, and shall also be liable for all claims for damages resulting from his action; and be it further

Provided, That if it becomes necessary to remove the paved alley return at the entrance (into Edinborough Road) such removal and construction of new curb and sidewalk shall be done under city permit and inspection according to City Engineering Division — DPW specifications with all costs borne by the abutting owner(s), their heir or assigns; and further

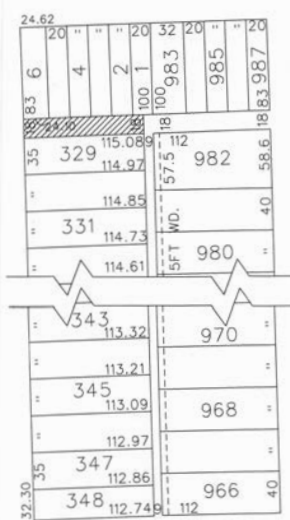

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

Honorable City Council:

Re: Petition No. 1829 — Olympia Development of Michigan, LLC, request to encroach into the public rights-of-way with a private storm water management system on Montcalm Street.

Petition No 1829 — Giffels Webster on behalf of Olympia Development of Michigan, LLC request for an encroachment consisting of a private storm water management system. The encroachment is to be located on the South side of Montcalm Street, 50 feet wide, between Woodward Avenue, 120 feet wide, and Park Avenue, 60 feet wide; also on the East side of Park Avenue, between Columbia Street (now an easement) 50 feet wide, and Montcalm Street.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made as part of an upgrade to the Fox Theatre. The storm sewer outlet will redirect a portion of the storm-water to Montcalm Street, and ultimately into the existing sewer in Park Avenue. The work will be performed in accordance with the following standards: Michigan Plumbing Code, DPW — City Engineering Division and Detroit Water and Sewerage Department.

The request was approved by the Solid Waste Division — DPW, and City Engineering Division — DPW, Traffic Engineering Division — DPW (TED) approves provided that affected curb, sidewalk and pavement is restored; and that the road closure for the work to be performed is approved by TED. The TED conditions are a part of the resolution.

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

DTE-Energy Electric reports involvement, but no objection. The storm sewer line must maintain an 18 inch vertical clearance from DTE's conduit running north and south at the alley east of Park Avenue, and south of Montcalm Street. A provision for the required DTE clearance is a part of the attached resolution.

DTE-Gas Company reports involvement, but no objection. DTE-Gas Company reports an 8 inch gas main located 14 feet west of the east line of Park Avenue. A provision for the unimpeded

operation, maintenance and replacement (if needed) of the gas line is part of the attached resolution.

All other involved City Departments, including the Public Lighting Authority and Public Lighting Department; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.

City Engineer

City Engineering Division — DPW  
By Council Member Benson:

Resolved, That the Department of Public Works, City Engineering Division is hereby authorized and directed to issue permits to Olympia Development of Michigan or their assigns to install and maintain a subsurface encroachment consisting of a private storm water management system. The encroachment is to be located on the South side of Montcalm Street, 50 feet wide, between Woodward Avenue, 120 feet wide, and Park Avenue, 60 feet wide; also on the East side of Park Avenue, between Columbia Street (now an easement) 50 feet wide, and Montcalm Street; further described as:

Land in the City of Detroit, Wayne County, Michigan, being that part of Park Avenue, 60 feet wide, lying westerly of and adjoining the westerly line of Lot 10, and extending 31 feet into Park Avenue; also being part of Montcalm Street, 50 feet wide, lying northerly of and adjoining the northerly line of Lots 10, 9, 8, 7, 6 and westerly 25 feet of Lot 5 and including that part of Lot 7 opened as a public alley, and extending 16 feet into Montcalm Street "Lothrop's Subdivision of Park Lot 83 and part of Park Lot 82" as recorded in Liber 39, Page 430 of Deeds, Wayne County Records. Said subsurface encroachments further described as follows:

Beginning at the northwest corner of Lot 10 "Lothrop's Subdivision of Park Lot 83 and part of Park Lot 82" as recorded in Liber 39, Page 430 of Deeds, Wayne County Records; thence N60°E along the southerly line of Montcalm Street, 225 feet; thence N30°W a distance of 16 feet; thence S60°W a distance of 256 feet; thence S30°E a distance of 27 feet; thence N60°E a distance of 31 feet; thence N30°W along the easterly line of Park Avenue, 11 feet to the northwest corner of said Lot 10 and the Point of Beginning. Bearings based on said "Lothrop's Subdivision".

Provided, That if there is any cost for the removing and/or rerouting of any utility facilities, it shall be done at the expense of the petitioner and/or property owner; and be it further

Provided, That affected sidewalks, curbs and pavements shall be restored

per City Standards after completion of the installation of the subsurface storm water management system. All costs associated with the restoration work shall be borne by the petitioner, or their assigns. Petitioner shall be responsible to seek approval of DPW - Traffic Engineering Division for any associated lane or sidewalk closure prior to starting construction work, and be it further

Provided, That the encroaching storm sewer must maintain 18 inches of vertical clearance from DTE-Energy's electrical conduit running north and south at the alley first east of Park Avenue, and south of Montcalm Street, and be it further

Provided, That the encroaching storm sewer does not hinder or impede the operation, maintenance or replacement of DTE Gas Company facilities including the 8 inch gas main located 14 feet West of the East right-of-way line of Park Avenue, and be it further

Provided, That by approval of this petition the Detroit Water and Sewerage Department (DWSD) does not waive any of its rights to its facilities located in the right-of-way, and at all times, DWSD, its agents or employees, shall have the right to enter upon the right-of-way to maintain, repair, alter, service, inspect, or install its facilities. All costs incident to the damaging, dismantling, demolishing, removal and replacement of structures or other improvements herein permitted and incurred in gaining access to DWSD's facilities for maintenance, repairing, alteration, servicing or inspection caused by the encroachment shall be borne by the petitioner. All costs associated with gaining access to DWSD's facilities, which could normally be expected had the petitioner not encroached into the right-of-way, shall be borne by DWSD; and be it further

Provided, That all construction performed under this petition shall not be commenced until after (5) days written notice to DWSD. Seventy-two (72) hours' notice shall also be provided in accordance with PA. 53 1974, as amended, utilizing the MISS DIG one call system; and be it further

Provided, That construction under this petition is subject to inspection and approval by DWSD forces. The cost of such inspection shall, at the discretion of DWSD, be borne by the petitioner; and be it further

Provided, That if DWSD facilities located within the right-of-way shall break or be damaged as the result of any action on the part of the petitioner, then in such event the petitioner agrees to be liable for all costs incident to the repair, replacement or relocation of such broken or damaged DWSD facilities; and be it further

Provided, That the petitioner shall hold DWSD harmless for any damages to the encroaching device constructed or

installed under this petition which may be caused by the failure of DWSD's facilities; and be it further

Provided, That any proposed utility crossing DWSD water mains or sewers perpendicularly must maintain a minimum of 18 inches vertical clearance. Also any proposed utility running adjacent to DWSD water mains and sewers must maintain a minimum of 10 feet lateral clearance including any conduit and/or manhole walls. No utility is allowed to run along the top of the water main or sewer, and be it further

Provided, That there are possibilities of several water and sewer lines crossing in the vicinity of proposed work, field verify their location and depth to maintain the DWSD required clearance, and be it further

Provided, That any proposed work that involves DWSD utilities (water mains and/or sewers), an approval and a permit is required from DWSD before commencement of work, and be it further

Provided, Olympia Development of Michigan or their assigns shall apply to the Buildings and Safety Engineering Department for a building permit prior to any construction. Also, if it becomes necessary to open cut public streets, bore, jack, occupy or barricade city rights-of-way for maintenance of encroachments such work shall be according to detail permit application drawings submitted to the City Engineering Division — DPW prior to any public right-of-way construction; and further

Provided, That the necessary permits shall be obtained from the City Engineering Division — DPW and the Buildings and Safety Engineering Department and the Detroit Water and Sewerage Department. The encroachments shall be constructed and maintained under their rules and regulations; and further

Provided, That all cost for the construction, maintenance, permits and use of the encroachments shall be borne by Olympia Development of Michigan or their assigns, and further

Provided, That all costs incurred by privately owned utility companies and/or city departments to alter, adjust, and/or relocate their existing utility facilities located in close proximity to the encroachments shall be borne by Olympia Development of Michigan or their assigns. Should damages to utilities occur Olympia Development of Michigan or their assigns shall be liable for all incidental repair costs and waives all claims for damages to the encroaching installations; and further

Provided, That no other rights in the public streets, alleys or other public place shall be considered waived by this permission which is granted expressly on the condition that said encroachments shall be removed at any time when so directed by the City Council, and the public prop-

erty affected shall be restored to a condition satisfactory to the City Engineering Division — DPW; and further

Provided, That Olympia Development of Michigan LLC or their assigns shall file with the Department of Public Works — City Engineering Division an indemnity agreement in form approved by the Law Department. The agreement shall save and protect the City of Detroit from any and all claims, damages or expenses that may arise by reason of the issuance of the permits and the faithful or unfaithful performance of Olympia Development of Michigan LLC or their assigns of the terms thereof. Further, Olympia Development of Michigan LLC or their assigns shall agree to pay all claims, damages or expenses that may arise out of the use, repair and maintenance of the proposed encroachments; and further

Provided, That construction of the encroachments shall constitute acceptance of the terms and conditions as set forth in this resolution; and be it further

Provided, That the petitioner or their

assigns provide the Department of Public Works — City Engineering Division with as-built drawings that include the location of the underground sewer including the depth below street grade of the encroachment; and be it further

Provided, That the petitioner shall apply to and become a participating member of "Miss Dig" to comply with Michigan Public Act 53 of 1974, "Protection of Underground Facilities (460.701-460.718)"; and further

Provided, This resolution is revocable at the will, whim or caprice of the City Council, and Olympia Development of Michigan LLC acquires no implied or other privileges hereunder not expressly stated herein; and further

Provided, That the encroachment permits shall not be assigned or transferred without the written approval of the City Council; and be it further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

Honorable City Council:  
Re: Amendment to Chapter 58, *Vehicles for Hire*, Article IV, *Busses*, to amend Subdivision 1, *Generally*, by adding Section 58-4-12.

Honorable City Council:  
The Law Department has prepared an amendment to the ordinance proposed by Council Member Mary Sheffield. The amendment facilitates communication of public transit information with respect to busses between the City's Department of Transportation and the public, as well as ensures transparency. This amendment to the local law will be amending Chapter 58 of the 1984 Detroit City Code, *Vehicles for Hire*; Article IV, *Busses*, by amending Subdivision 1, *Generally*, by adding Section 58-4-12. A copy of the ordinance, which has been approved as to form, is attached for your consideration.

I look forward to discussing this important legislation with this Honorable Body.

Respectfully Submitted,

Honorable City Council:

Re: Recommendation for Deferral. Address: 15350 Lawton. Name: CaSandra Edmonds. Demolition ordered: March 24, 2015 (J.C.C. pages 382-389).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on March 15, 2019 revealed the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date that notice was provided to the applicant of the City Council decision.

2. BSEED will schedule a progress inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected, and be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties

4. The owner shall not occupy or allow

occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding three (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
DAVID BELL  
Director

Re: Petition No. 107 — Gratiot Limited Dividend Housing Association, LLC request the conversion of an alley to easement in the area of Gratiot Ave., Holcomb Ave., and Belvidere Ave. for the purpose of a new building located at 9100 Gratiot.

Petition No. 107 — Gratiot Limited Dividend Housing Association, LLC, request to vacate and convert to easement the remaining part the north-south alley, 20 feet wide and the north-south alley, 18 feet wide, together being all of the remaining alleys in the block bounded by Cairney Avenue, 60 feet wide, Gratiot Avenue, 120 feet wide, Holcomb Avenue, 60 feet wide and Belvidere Avenue, 60 feet wide.

This request is being made for a development on Gratiot and will allow for a secure parking area in the rear of the building.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request was approved by the Solid Waste Division — DPW and Traffic Engineering Division — DPW.

All involved City Departments, including the Public Lighting Department, and

privately owned utility companies have reported no objections to the conversion of the public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the attached resolution.

Detroit Water and Sewerage Department (DWSD) has no objection to the conversion to easement. The specific DWSD provisions for easements are included in the resolution.

I am recommending adoption of the attached resolution

Respectfully submitted,  
RICHARD DOHERTY, P.E.

Be and the same are hereby vacated as a public alleys and converted into a private easement for public utilities of the full width of the alleys, which easement shall be subject to the following covenants and agreements, uses, reservations and regulations, which shall be observed by the owners of the lots abutting on said alley and by their heirs, executors, administrators and assigns, forever to wit:

First, Said owners hereby grant to and for the use of the public an easement or right-of-way over said vacated public alleys herein above described for the purposes of maintaining, installing, repairing, removing, or replacing public utilities such as water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or things usually placed or installed in a public alley in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth;

Second, Said utility easement or right-of-way in and over said vacated alleys herein above described shall be forever accessible to the maintenance and inspection forces of the utility companies, or those specifically authorized by them, for the purpose of inspecting, installing, maintaining, repairing, removing, or replacing any sewer, conduit, water main, gas line or main, telephone or light pole or any utility facility placed or installed in the utility easement or right-of-way. The utility companies shall have the right to cross or use the driveways and yards of the adjoining properties for ingress and egress at any time to and over said utility easement with any necessary equipment to perform the above mentioned task, with the understanding that the utility companies shall use due care in such crossing or use, and that any property damaged by the utility companies, other than that specifically prohibited by this resolution, shall be restored to a satisfactory condition;

Third, Said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including, but not limited to, concrete slabs or driveways, retaining or partition walls, shall be built or placed upon said easement, nor change of surface grade made, without prior approval of the City Engineering Division — DPW;

Fourth, That if the owners of any lots abutting on said vacated alleys shall request the removal and/or relocation of any existing poles or other utilities in said easement; such owners shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners;

Fifth, That if any utility located in said property shall break or be damaged as a result of any action on the part of said owners or assigns (by way of illustration but not limitation) such as storage of excess-

sive weights of materials or construction not in accordance with Section 3, mentioned above, then in such event said owners or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility; and

Provided, That an easement, the full width of the existing right-of-way, is reserved for the Detroit Water and Sewerage Department for the purpose of installing, maintaining, repairing, removing, or replacing any sewers, water mains, fire hydrants and appurtenances, with the right of ingress and egress at any time to, and over said easement for the purpose above set forth; and be it further

Provided, That free and easy access to the sewers, water mains, fire hydrants and appurtenances within the easement is required for Detroit Water and Sewerage Department equipment, including the use of backhoes, bulldozers, cranes or pipe trucks, and other heavy construction equipment, as necessary for the alteration or repair of the sewer or water main facilities; and be it further

Provided, That the Detroit Water and Sewerage Department retains the right to install suitable permanent main location guide post over its water mains at reasonable intervals and at points deflection; and be it further

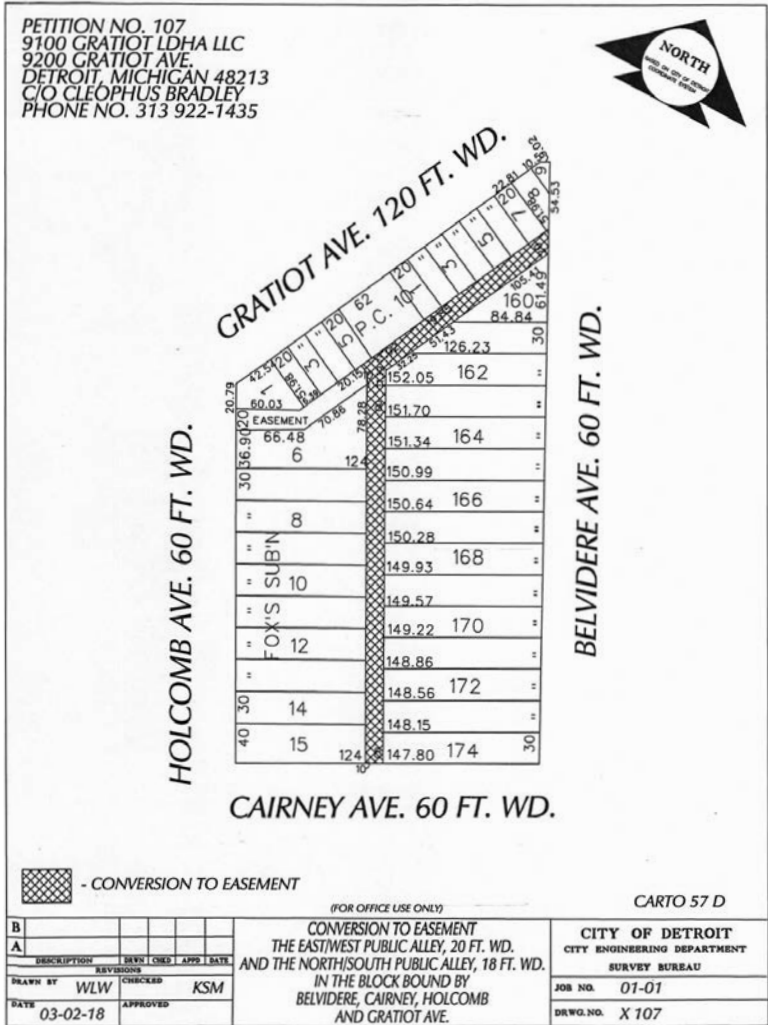

Provided, That said owners of the adjoining property, for themselves, their heirs and assigns, agree that no building or structure of any nature whatsoever, including porches, patios, balconies, etc.,

shall be built upon or over said easement, or that no grade changes or storage of materials shall be made within said easement without prior written approval and agreement with the Detroit Water and Sewerage Department; and be it further

Provided, That if any time in the future, the owners of any lots abutting on said vacated alleys shall request the removal and/or relocation of the aforementioned utilities in said easement, such owners shall pay all costs incidental to such removal and/or relocation. It is further provided that if sewers, water mains, and/or appurtenances in said easement shall break or be damaged as a result of any action on the part of the owner, or assigns, then in such event, the owner or assigns shall be liable for all costs incidental to the repair of such broken or damaged sewers and water mains, and shall also be liable for all claims for damages resulting from his action; and be it further

Provided, That if it becomes necessary to remove the paved alley returns at the entrances (into Belvidere Avenue, and/or Cairney Avenue), such removal and construction of new curb and sidewalk shall be done under city permit and inspection according to City Engineering Division — DPW specifications with all costs borne by the abutting owner(s), their heir or assigns; and further

Provided, that the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

Provided, That if there is any cost for the removing and/or rerouting of any utility facilities, it shall be done at the expense of the petitioner and/or property owner; and be it further

Provided, By approval of this petition the Detroit Water and Sewerage Department (DWSD) does not waive any of its rights to its facilities located in the right-of-way, and at all times, DWSD, its agents or employees, shall have the right to enter upon the right-of-way to maintain, repair, alter, service, inspect, or install its facilities. All costs incident to the damaging, dismantling, demolishing, removal and replacement of structures or other improvements herein permitted and incurred in gaining access to DWSD’s facilities for maintenance, repairing, alteration, servicing or inspection caused by the encroachment shall be borne by the petitioner. All costs associated with gaining access to DWSD’s facilities, which

could normally be expected had the petitioner not encroached into the right-of-way, shall be borne by DWSD; and be it further

Provided, That all construction performed under this petition shall not be commenced until after (5) days written notice to DWSD. Seventy-two (72) hours notice shall also be provided in accordance with P.A. 53 1974, as amended, utilizing the MISS DIG one call system; and be it further

Provided, That construction under this petition is subject to inspection and approval by DWSD forces. The cost of such inspection shall, at the discretion of DWSD, be borne by the petitioner; and be it further

Provided, That if DWSD facilities located within the right-of-way shall break or be damaged as the result of any action on the part of the petitioner, then in such event the petitioner agrees to be liable for all costs incident to the repair, replacement or relocation of such broken or damaged DWSD facilities; and be it further

Provided, That the petitioner shall hold DWSD harmless for any damages to the encroaching device constructed or installed under this petition which may be caused by the failure of DWSD’s facilities; and be it further

Provided, That if at any time in the future the petitioner shall request removal and/or relocation of DWSD’s facilities in the right-of-way being encroached upon the petitioner agrees to pay all costs for such removal and/or relocation; and be it further

Provided, That the contractor call MISS DIG (1-800-482-5000) 72 hours (three working days) prior to starting any underground construction; and be it further

Provided, That the stairwell encroachment be installed in a manner that will provide for a minimum unobstructed sidewalk width of 8 feet 5 inches for pedestrian use.

Provided, That DTE Energy — Gas Division reports involvement and the petitioner or property owner shall be responsible for the cost of removing, and/or relocating/ rerouting including the following: Field Investigation, Survey, Design, and drawing of the Gas Utilities. The cost to be determined by Michcon Gas Company’s Public Improvement Department. Please contact the following persons at 313-389-7211 (Michael Fedele — Supervisor) and/or 313-389-7261 (Laura Forrester — Gas Planner).

Provided, That Public Lighting Department (PLD) reports involvement and requires that any excavation be done by hand digging to expose PLD conduit. If conduit is in the encroachment, it must be relocated at project cost. Coordinate with Denise Williams — Senior Assistant Mechanical Engineer for PLD at 313-267-7216.

Provided, That the "Greektown Casino LLC" or their assigns shall apply to the Buildings and Safety Engineering Department for a building permit prior to any construction. Also, if it becomes necessary to open cut public streets, bore, jack, occupy or barricade city rights-of-way for maintenance of encroachments such work shall be according to detail permit application drawings submitted to the City Engineering Division — DPW prior to any public right-of-way construction; and further

Provided, That the necessary permits shall be obtained from the City Engineering Division — DPW and the Buildings and Safety Engineering Department. The encroachments shall be constructed and maintained under their rules and regulations; also in accord with plans submitted to and approved by these departments; including the Public Lighting Department (if necessary), and the Traffic Engineering Division — DPW (if necessary); and further

Provided, That all cost for the construction, maintenance, permits and use of the encroachments shall be borne by "Greektown Casino LLC" or their assigns; and further

Provided, That all costs incurred by privately owned utility companies and/or city departments to alter, adjust, and/or relocate their existing utility facilities located in close proximity to the encroachments shall be borne by "Greektown Casino LLC" or their assigns. Should damages to utilities occur "Greektown Casino LLC" or their assigns shall be liable for all incidental repair costs and waives all claims for damages to the encroaching installations; and further

Provided, That "Greektown Casino LLC" or their assigns shall file with the Finance Department and/or City Engineering Division — DPW an indemnity in form approved by the Law Department. The agreement shall save and protect the City of Detroit from any and all claims, damages or expenses that may arise by reason of the issuance of the permits and the faithful or unfaithful performance by "Greektown Casino LLC" or their assigns of the terms thereof. Further, "Greektown Casino LLC" or their assigns shall agree to pay all claims, damages or expenses that may arise out of the maintenance of the proposed encroachments; and further

Provided, That no other rights in the public streets, alleys or other public place shall be considered waived by this permission which is granted expressly on the condition that said encroachments shall be removed at any time when so directed by the City Council, and the public property affected shall be restored to a condition satisfactory to the City Engineering Division — DPW; and further

Provided, This resolution is revocable at the will, whim or caprice of the City Council, and "Greektown Casino LLC" acquires no implied or other privileges hereunder not expressly stated herein; and further

Provided, That the encroachment permits shall not be assigned or transferred without the written approval of the City Council; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution and indemnity agreement with the Wayne County Register of Deeds.

Honorable City Council:

Re: Request for issuance of new encroachment permits to Greektown Propco LLC.

Your Honorable Body previously approved the Resolutions (as defined below) related to the issuance of certain encroachment permits that affect property owned by Greektown Casino, L.L.C., a Michigan limited liability company (“Greektown Casino”) as set forth in such Resolutions (collectively, the “Encroachment Permits”).

Greektown Casino has entered into an agreement with Greektown Propco LLC, a Delaware limited liability company (“Propco”), for the sale of the Casino Complex, pending necessary regulatory and City approvals and therefore seeks approval to have new encroachment permits issued to Propco in place of the existing Encroachment Permits effective upon closing of the contemplated transaction.

The resolutions previously adopted by your Honorable Body are: a Resolution adopted by City Council on December 4, 1998, a copy of which is recorded in the Wayne County, Michigan Register of Deeds at Liber 30102, Page 2115; a Resolution adopted by City Council on November 10, 1999, a copy of which is recorded at Liber 31283, Page 467; a Resolution adopted by City Council on May 17, 2006, a copy of which is recorded at Liber 45733, Page 800 and later corrected in a Resolution adopted by City Council on November 8, 2006, a copy of which is recorded at Liber 46207, Page 1298; a Resolution adopted by City Council on October 18, 2011, a copy of which is recorded at Liber 49612, Page 386; a Resolution adopted by City Council on July 18, 2007, a copy of which is recorded at Liber 47629, Page 872; a Resolution adopted by City Council on November 17, 2006, a copy of which is recorded at Liber 47420, Page 1284; a Resolution adopted by City Council on July 28, 2015, a copy of which is recorded at Liber 52402, Page 410 (as the same may have been or may be amended from time to time, collectively, the “Resolutions”).

City Engineering Division — DPW and the City Law Department have reviewed and approve of the transfer conditions.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.

City Engineer

City Engineering Division—DPW  
By Council Member Benson:

Whereas, The City Council adopted a number of Resolutions relating to encroachment permits that affect property owned by Greektown, including a Resolution adopted by City Council on December 4, 1998, a copy of which is recorded in the Wayne County, Michigan Register of Deeds at Liber 30102, Page 2115; a Resolution adopted by City Council on November 10, 1999, a copy of which is recorded at Liber 31283, Page 467; a Resolution adopted by City Council on May 17, 2006, a copy of which is recorded at Liber 45733, Page 800 and later corrected in a Resolution adopted by City Council on November 8, 2006, a copy of which is recorded at Liber 46207, Page 1298; a Resolution adopted by City Council on October 18, 2011, a copy of which is recorded at Liber 49612, Page 386; a Resolution adopted by City Council on July 18, 2007, a copy of which is recorded at Liber 47629, Page 872; a Resolution adopted by City Council on November 17, 2006, a copy of which is recorded at Liber 47420, Page 1284; a Resolution adopted by City Council on July 28, 2015, a copy of which is recorded at Liber 52402, Page 410 (as the same may have been or may be amended from time to time, collectively, the “Resolutions”).

Whereas, To the best of the City’s knowledge, Greektown has complied with and is in compliance with all of the requirements set forth in the Resolutions.

Whereas, Greektown has entered into an agreement to sell to Propco the real property comprising the Casino Complex, pending regulatory and necessary City approvals.

Now therefore, be it

Resolved, That the Detroit City Council hereby approves the issuance of new encroachment permits to Greektown Propco LLC in place of the Encroachment Permits described above, effective upon the closing of the sale of Greektown’s real estate to Propco, and also be it

Resolved, That the Department of Public Works, City Engineering Division is hereby authorized and directed to issue new encroachment permits pursuant to this Resolution and the terms and conditions of the original Resolutions to Greektown Propco LLC effective upon the closing of the sale of the Casino Complex to Greektown Propco LLC.

**RESOLUTION  
IN SUPPORT OF COMMUNITY  
SOLAR POWERED ELECTRICITY**

By: Council Member Benson on behalf of the Green Task Force Renewable Energy Subcommittee.

WHEREAS, Solar energy is truly renewable and derived from the sun's radiation which falls on every household, and can be harnessed by installing solar panels; and,

WHEREAS, Solar energy is a clean and renewable energy source that can provide improved public health, reduced energy bills, and lessen greenhouse gas emissions, while supporting utility grid reliability, with low maintenance costs, promoting jobs and increasing economic development; and,

Whereas, The benefits of solar energy can be shared by more households than energy derived from burning fossil fuels in large centralized power plants, because improved technology has transformed solar energy into a cost effective form of renewable energy; and,

Whereas, Community solar electricity benefits are shared by residents including low income households, and community solar power utilizes community-controlled plants on a decentralized model to produce electricity; and,

Whereas, Community solar promotes energy democracy; and,

Whereas, Low- to moderate-income households, non-profits and government organizations face various barriers to using solar power; and,

Whereas, Policies that can increase financing options, credit scores and access to the Federal Investment Tax Credit will promote the growth of solar energy in low income communities; and,

WHEREAS, The City of Detroit's leadership, which has expressed a desire to be more "green", conducted a solar feasibility study, and has signed on to the objectives of the Paris Climate Accords; and,

WHEREAS, The Detroit City Council has supported State Legislation favorable to solar power, such as the Energy Freedom Package in 2018; and,

WHEREAS, According to a January 2016 report by the National Renewable Energy Laboratory, the City of Detroit has 2.6 gigawatts of rooftop solar photovoltaic technical potential, which can power approximately 200,000 homes; and,

WHEREAS, The residents of Detroit should have access to solar energy and its associated benefits, such as lower electricity bills, public health and economic development;

**THEREFORE BE IT**

**RESOLVED**, That the Detroit City Council calls on our legislators, elected officials, the mayor, commissioners, etc. to join the millions of citizens, grassroots organizations and local governments across the country in supporting the growth of solar

energy use and to adopt policies that promote its equitable deployment; and,

**BE IT FURTHER**

**RESOLVED**, That the Detroit City Council also calls on other communities and jurisdictions to join with us in this action by passing similar resolutions; and **BE IT FURTHER**

**RESOLVED**, That the Detroit City Council supports education to increase public awareness of the threat of climate change and the danger of inaction to address its impacts, and encourages lively discussion to build understanding and consensus to take appropriate community and municipal actions to respond democratically to these threats; and

**BE IT FURTHER**

**RESOLVED**, That copies of this resolution shall be provided to members of the Michigan delegation in Congress, Michigan Governor's office, the Detroit Delegation, constituents and media representatives.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, Leland, McCalister, Jr., Sheffield, Spivey, Tate, and President Jones — 9.

**RESOLUTION  
IN SUPPORT OF THE  
MEDICARE FOR ALL ACT OF 2019**

By: Council Member Castaneda-Lopez:

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens through Charter-mandated legislative functions; and

WHEREAS, The current healthcare system fails to provide adequate healthcare, which is a basic right of all people living in the United States. The U.S. pays nearly \$11,000 per person for health care, the highest healthcare per capita spending rate in the world; and

WHEREAS, Despite spending over 18 percent of the nation's gross domestic product on healthcare, the United States has health outcomes that are significantly worse than other industrialized countries. U.S. life expectancy is lower than other nations, while the U.S. infant mortality rate is much higher. Additionally, the U.S. has higher rates of obesity, diabetes, heart disease, and preventable deaths when compared to other industrialized countries. Detroiters experience diabetes and obesity at rates even higher than the national average; and

WHEREAS, Although the Affordable Health Care Act (ACA) has resulted in dramatic increases in health insurance coverage since its passage in 2010, too many Americans are one medical crisis away from bankruptcy, or they are forced to choose between either rent and food, or lifesaving medical treatment and medicines; and

WHEREAS, The Medicare for All Act of 2019, if passed, would simplify the health-care system by creating a single-payer universal Medicare program that would cover all Americans, including the 28 million Americans that are currently uninsured. This model would reduce the exorbitant amount currently spent on administering the inefficient multi-payer system, and allow Medicare to negotiate drug prices, significantly lowering the cost of prescription drugs, and

WHEREAS, The features of the bill include provisions that would eliminate copays, premiums, and deductibles; ensure that every single resident of the U.S. has access to comprehensive quality healthcare, including primary care, hospital and outpatient services; long term services and supports; mental health and substance abuse treatments; laboratory and diagnostic services and ambulatory services; and gives patients freedom to choose their doctors, hospitals, and other providers.

NOW THEREFORE BE IT

RESOLVED, The Detroit City Council, as an advocate of the efficient use of tax payer dollars, expresses its strong support of Medicare for All Act of 2019 and urges the Federal Government to pass this posthaste;

NOW THEREFORE BE IT FINALLY

RESOLVED, That copies of this resolution be forwarded to the Detroit Delegation in Washington and to President Trump.

**TESTIMONIAL RESOLUTION  
 MR. CHRIS ALLEN**

**“Celebrating Your Retirement”**

By COUNCIL PRESIDENT JONES:

WHEREAS, It is with great pleasure and privilege that we, the members of the Detroit City Council, extend congratulations to Mr. Chris Allen, President and Chief Executive Officer of Authority Health, on his upcoming retirement after thirteen years of dedicated service; and

WHEREAS, Chris Allen, is a veteran health care executive whose career spans more than forty years. In 2005, Mr. Allen was selected as the first Chief Executive Officer of Authority Health, formerly known as the Detroit Wayne County Health Authority. The public nonprofit agency, created by the State of Michigan, County of Wayne and City of Detroit, is responsible for overseeing the regional health care safety net, including health insurance enrollment and navigation, capacity expansion, workforce development, the population health council, and the Detroit Regional Health Collaborative. From its humble beginnings with only one employee and a grant for \$285,000, Authority Health now has a robust organization of 50 employees and an annual budget of about \$11 million; and

WHEREAS, During his tenure at Authority Health, Mr. Allen’s accomplishments include developing a community-based primary care residency program, which is the second-largest in the nation, with residents in the five primary care specialties of internal medicine, family medicine, psychiatry, geriatrics and pediatrics; the Detroit Nurse-Family Partnership program that addresses the high rates of poor birth outcomes and provides in-home nursing care for first-time, low-income mothers from the beginning of pregnancy until the child is 2 years old; and another program still in development that will create a population health database to identify levels of chronic disease by zip codes; and

WHEREAS, Mr. Allen has administered several health care organizations, including serving as the Executive Vice President/Chief Operating Officer at DMC Hutzel Women’s Hospital; DMC Corporate Vice President of Management Services; Administrator at Detroit Osteopathic Hospital; and Assistant Director at the Hutley

Medical Center. A fellow of the American College of Health Care Executives, Mr. Allen has held leadership positions on numerous local, regional, and national boards such as the Michigan Catholic Foundation, American Red Cross, National Arthritis Foundation, University of Michigan Alumni Society Board of Governors, Greater Detroit Health Council, and the National Association of Health Care Executives - to name a few. He currently serves as the Chair of Bon Secours Mercy Health System, Board of Trustees. Throughout his professional career, Mr. Allen has been recognized with many honors and accolades. He holds a Master's degree in Health Services Administration from the University of Michigan, Bachelor of Arts in Journalism from Wayne State University, and an Associate's degree in Liberal Arts from Highland Park Community College. Mr. Chris Allen is married and the proud father of four adult children. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, hereby presents this Testimonial Resolution to Mr. Chris Allen, to express our sincerest gratitude for his positive contributions to the City of Detroit, County of Wayne and the State of Michigan.

**TESTIMONIAL RESOLUTIONS AND SPECIAL PRIVILEGE**

**TESTIMONIAL RESOLUTION HORATIO WILLIAMS**

**HORATIO WILLIAMS FOUNDATION**

By COUNCIL PRESIDENT JONES:

WHEREAS, Horatio Williams is a

graduate of Osborn High School in Detroit, Michigan. He was a rising basketball star who received a scholarship to attend and play at Tuskegee University before a fatal accident involving a drunk driver altered the vision of his future. Through his dedication and steadfastness that was instilled by his youth coach, Mr. Foster, he found himself on the road to recovery with a new mission and purpose for his life through his community; and

WHEREAS, Horatio Williams was mentored by Sanders Dorsey, owner of No Wait Non-Emergency Medical Transportation after his accident. He worked as an aid and right-hand to Mr. Dorsey for a few years before the company folded. Mr. Dorsey gifted Horatio Williams with some equipment including a few vehicles, along with a few clients, for his own medical transportation company, On Time Plus Transportation, which grew over the years; and

WHEREAS, Horatio Williams would soon go on to create the Horatio Williams Foundation. The Horatio Williams Foundation became a safe haven for the youth in the City of Detroit, primarily focusing it's reach around education and leadership. Horatio Williams has made it his life's mission to ensure that the youth in Detroit have the opportunities to learn, grow, and succeed with the help and support that the Horatio Williams Foundation offers; and

WHEREAS, The Horatio Williams Foundation offers programs around financial literacy, test preparation, women's empowerment, tutoring, life skills and leadership, robotics, college preparation and chess. The Horatio Williams Foundation sponsors summer league basketball games, along with a yearly trip to Cedar Point and basketball camps for over 100 youth; and

WHEREAS, The Horatio Williams Foundation has aided the City of Detroit with transportation and other city-wide initiatives and contributions. The foundation has assisted Council President Pro Tem Mary Sheffield's mentoring program, Detroit Girls of Destiny, with transportation for field trips, along with hosting the District 5 Holiday Party in 2019 which was a huge success. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Pro Tempore Mary Sheffield, wishes to take this opportunity to honor and recognize Horatio Williams and the Horatio Williams Foundation for over 10 years of exceptional achievement, outstanding leadership and dedication to improving the quality of life for the resident of Detroit.

Adopted as follows:

Yeas — Council Members Ayers, Castaneda-Lopez, Leland, McCalister, Jr., Spivey, Tate and President Jones — 7.

Nays — None.

**TESTIMONIAL RESOLUTION FOR EDUCATION and SHARING DAY, DETROIT**

By Council Member Gabe Leland:  
WHEREAS, Education and Sharing Day, Detroit focuses on the excellent education for our youth and is important for the success of our entire city; and  
WHEREAS, Since 1978, officials across the nation have declared Education Day every year on the birthday of the Lubavitcher Rebbe, Rabbi Menachem Mendel Schneerson, in recognition of his contributions to the education and well-being of every child in America; and  
WHEREAS, The Rebbe worked tirelessly for the betterment of all mankind and worked to improve educational opportunities for all Americans including the establishment of kindergartens, schools, drug rehabilitation centers and care homes for the disabled; and  
WHEREAS, The Rebbe emphasized that while literacy, math and science were important for student development, he also recognized, and we agree, that character building must be part of any successful educational program; and  
WHEREAS, "Education & Sharing Day, USA" has been established as an annual honor by The Congress of the United States to celebrate the efforts and achievements of Rabbi Schneerson and the vision he had for a more moral and ethical education for the youth of our nation. NOW, THEREFORE BE IT  
RESOLVED, That the Office of Councilman Gabe Leland and Members of the Detroit City Council hereby proclaim Tuesday, April 16, 2019 to be "Education & Sharing Day, Detroit."

**Law Department**

April 2, 2018

Honorable City Council:

Subject: Law Administration and Operation  
Appropriation #00527 Increase.

The Law department respectfully

requests authorization to increase their fiscal year 2018-19 budget expenditures by \$1,500,000 for procuring unbudgeted outside legal services for defending the City of Detroit in various legal matters. Pursuant to the number and complexity of recent lawsuit filings against the City of Detroit, the Law Department is in need of additional funding for outside legal services for defending the City of Detroit.

The law department continues to keep as many cases as possible in-house, including four wrongful incarceration cases, many complex commercial claims including putative class actions, many recently filed labor and employment cases, many high exposure personal injury cases, all first and third party auto cases (in the hundreds), etc. The law department secures outside counsel only as absolutely necessary to best protect the City's interests. Those cases include several wrongful incarceration cases, multiple civil rights claims arising from alleged wrongful raids by former members of the DPD narcotics unit, an inverse condemnation case involving property near the City airport, and numerous towing related cases arising from the improper issuance of "tow permits" in 2016. The City also is obliged to engage outside counsel for several DPD officers and other City employees due to a legal conflict of interest that prevents the Law Department from representing them.

To offset the expenditure appropriation increase in the Law Administration appropriation, a decrease in the DoIT Central Data Processing appropriation expenditure budget for the same amount in appropriation #00024.

I am requesting approval from your Honorable Body to adopt the enclosed resolution. If you have any questions or concerns regarding this matter, please feel free to contact me at (313) 237-5037.

A Waiver of reconsideration is requested.

Respectfully submitted,  
CHARLES RAIMI  
Deputy Corporation Counsel

Approved  
TANYA STOUDEMIRE  
Budget Director

By Council Member McCalister, Jr.:  
Resolved, That the FY 2018-2019 Budget be amended as follows: increase Appropriation 00527 — Law Administration and Operations Legal Services expense by \$1,500,000.

Resolved, That the FY 2018-2019 Budget be amended as follows: decrease Appropriation 00024 — DoIT Central Data Processing by \$1,500,000.

Resolved, That the Chief Financial Officer is hereby authorized to increase the necessary accounts and honor vouchers in accordance with the foregoing communication and standard City Procedures

March 28, 2019

Honorable City Council:

Re: Donta Leflore vs. City of Detroit Case No.: 17-012815 NO. File No.: L17-00613 (CB).

On February 12, 2019, your Honorable Body authorized the Law Department to settle the above-captioned case in the amount of Sixty-Two Thousand Five Hundred Dollars and No Cents (\$62,500.00). The requested settlement amount is incorrect. We, therefore, request that you rescind the original resolution permitting settlement of the above-captioned case.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of Sixty-Five Thousand and No Cents (\$65,000.00) is in the best interest of the City of Detroit.

We, therefore, request authorization to settle this matter in the amount of Sixty-Five Thousand and No Cents (\$65,000.00) and that your Honorable Body direct the Finance Director to issue a draft in that amount payable to payable to Romano Law P.L.L.C., his attorneys, and Donta Leflore, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 17-012815 NO, approved by the Law Department.

Honorable City Council:

Re: Tonya Monique Johnson vs. City of Detroit and Bonita Stone. Case No: 18-006594 NF. File No: L18-00418 (CB).

On March 18, 2019, a case evaluation panel evaluated the above-captioned lawsuit and awarded Fifty-Nine Thousand Dollars (\$59,000.00) in favor of Plaintiff. The parties have until April 15, 2019, to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the case evaluation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Fifty-Nine Thousand Dollars (\$59,000.00) payable to Canner Law PLLC, her attorneys, and Tonya Monique Johnson, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 18-006594 NF, approved by the Law Department.

Honorable City Council:

Re: Timothy Rogers, Jr. vs. City of Detroit. Case No. 18-004473-NF. File No. L18-00232 (MA).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to

each member of your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of Fifteen Thousand Dollars and No Cents (\$15,000.00) is in the best interest of the City of Detroit.

We, therefore, request authorization to settle this matter in the amount of Fifteen Thousand Dollars and No Cents (\$15,000.00) and that your Honorable Body direct the Finance Director to issue a draft in favor of Timothy Rogers, Jr., and his attorneys the Law offices of Kevin W. Geer, in the amount of Fifteen Thousand Dollars and No Cents (\$15,000.00) to be delivered upon receipt of a properly executed Release and Order of Dismissal entered in Case No. 18-004473-NF, approved by the Law Department.

Re: Authorization to accept a donation of park improvements from Sidewalk Detroit to install respite spaces in Eliza Howell Park.

Detroit General Services Department requests authorization from your Honorable Body to accept a donation of park improvements from Sidewalk Detroit. Park improvements will consist of the installation of five (5) respite areas along existing limestone path to include a bench and trash receptacles on a concrete pad. The estimated value of \$14,700 will be borne by Sidewalk Detroit.

Installation of the park improvements will take place in spring, 2019. The organization has worked with community representatives to ensure the improvements are desired. The General Services Department will provide anti-tipping rings for the trash cans and will maintain five respite areas.

We respectfully request your authorization to accept this donation of park improvements with a Waiver of Reconsideration.

**City Planning Commission**

April 11, 2019

Honorable City Council:

Re: Request of the petitioner City Growth Partners LLC to amend Article XVII, District Map 4, of the 1984 Detroit City Code Chapter 61, Zoning, and the provisions of the existing PD-H (Planned Development District-Historic) zoning classification on properties commonly known as 3124-3136 Brush Street, 420-430 Erskine Street, 3101, 3119, 3129, and 3137 Beaubien Street and 427-437 Watson Street generally bounded by Erskine Street on the north, Beaubien Street on the east, Watson Street on the south, and Brush Street on the west to establish the mixed-use development known as Brush House.

**NATURE OF REQUEST**

The City Planning Commission (CPC) presents to your Honorable Body the request of City Growth Partners, LLC to modify the provisions of an existing PD (Planned Development District) zoning classification in an Historic District for properties located at the northwest corner of Brush Street and Watson Street. These properties are more commonly known as 3124-3136 Brush Street, 420-430 Erskine Street, 3101, 3119, 3129, and 3137 Beaubien Street and 427-437 Watson Street and are generally bounded by Erskine Street on the north, Beaubien Street on the east, Watson Street on the south, and Brush Street on the west. This request is being made in order to establish the mixed-use development known as Brush House.

**PROPOSAL**

The subject site is located within the Brush Park Historic District. It is nearly one (1) acre occupying almost an entire city block, excluding a few parcels that the developer does not control.

The project consists of two (2) buildings (A and B) to be situated on a parcel approximately 47,275 square feet in area. The gross square footage for the residential portion of this project totals approximately 188,869 sf. The commercial area totals approximately 14,383 sf. The project has a combined floor area of 203,252 sf.

Rendering of Brush House

The space is inclusive of 168 studio, one and two bedroom apartments. Studio apartments total approximately 75 units,

1-bedrooms total 68 units, and 2-bedrooms total 25 units. Both of the buildings are proposed at five (5) stories with a height of 54'. Amenities planned for the development include community area, a roof terrace and courtyard.

The project includes 122 tot. The

below-grade parking will include 122 spaces. Of that 104 space are to be contained in an underground parking deck, while the remaining 18 spaces will be at surface level.

The developer expects the project to create 300 temporary jobs and 30 permanent.

Aerial view

**PLANNING CONSIDERATIONS AND ANALYSIS**

**Surrounding Zoning and Land Use**

The zoning classification and land uses surrounding the subject area are as follows:

**North:** is zoned PD; Hospice of Michigan

**East:** is zoned PD; Brewster Homes

**South:** is zoned PD; Underutilized parcels

**West:** is zoned PD; Underutilized parcels

**Master Plan of Policies**

The subject site is located within the Lower Woodward area of Neighborhood Cluster 4 of the Detroit Master Plan of Policies (MP). The Future Land Use map for this area shows High Density Residential for the subject property. CPC considers this proposal to be consistent with the MP and is awaiting an interpretation from the Planning and Development Department (PDD) which has already reviewed the proposal and is in support.

**COMMUNITY OUTREACH AND PUBLIC HEARING RESULTS**

The petitioner has presented to the community on at least three (3) occasions and has also spoken to the most immediate neighbors in an effort to acquire the additional dormant properties. The Brush Park CDC submitted a letter of support. During the CPC public hearing for this request, two members of the public spoke expressing neither, support or opposition.

**APPROVAL CRITERIA**

The development is generally consistent with the approval criteria outlined in Sec. 61-3-96 of the Zoning Ordinance. Staff specifically points to the following findings in review.

(a) **Master Plan** The proposed devel-

opment should reflect applicable policies stated in the Detroit Master Plan.

The development is consistent with the Master Plan of Policies. "The High-Density Residential designation allows for an overall density that's greater than 24 dwelling units per net residential acre. Such areas are often characterized by large-scale multi-unit apartment buildings with a common entrance and shared parking."

(b) **Scale, form, massing, and density.** Scale, form, massing and density should be appropriate to the nature of the project and relate well to surrounding development.

The scale of the building is appropriate in that the proposed site is located in a high-density designated area by the Master Plan. The scale will be in sync with the recently approved Brush and Watson development to the south, just across the street. In terms of form and massing, the development tries to create breaks in the massing to avoid dull façades, and to create some variation.

(c) **Compatibility.** The proposed development should be compatible with surrounding development in terms of land use, general appearance and function, and should not adversely affect the value of properties in the immediate vicinity.

The subject block is largely undeveloped outside of the two (2) dilapidated structures that currently abut the site.

(e) **Parking and loading.** Where appropriate, adequate vehicular off-street parking and loading should be provided. The City Planning Commission will be guided by standards delineated in this

*zoning ordinance with adjustments appropriate to each specific situation.*

This development provides parking underground which, when possible, is desirable as it hides the parking from the street view. This serves to relieve the impact of cars that would typically be housed in off-street surface parking creating gaps in the built environment. The impact of large housing of off-street parking is that it creates "seas of parking" which are injurious to many elements of a walkable community. So developers are always encouraged to find creative ways to provide parking within the interior of developments.

Below-grade parking can be cost prohibitive, so it is commendable when a development can accomplish this means of housing vehicles and work it into pro forma. It should be noted that development will have 168 units, however will only provide 122 parking spaces (not including commercial/retail requirement) which is not the typically required number of spaces. The developer feels that this will accommodate the demand that the project will have.

*(k) Orientation. Careful consideration should be given to orientation both for solar access to the proposed project and for shadow impact upon surrounding development.*

The building is designed to orient towards and address the streets that it faces. The ground-floor spaces are oriented to the streets in order to build street-level appeal and encourage pedestrian activity. The orientation of the proposed buildings are appropriate and desired from a urban planning perspective.

*(p) Urban design. Urban design elements of form and character, especially in intensely developed areas, should be carefully considered. Such elements include, but are not limited to: richness and interest of public areas through the provision of storefronts, window displays, landscaping, and artwork: color, texture and quality of structural materials: enclosure of public spaces: variations in scale: squares, plazas and/or "vest pocket parks" where appropriate: continuity of experience, visual activity and interest: articulation and highlighting of important visual features: and preservation and enhancement of important views and vistas.*

The development as planned will be a generator of activity along Brush Street in a part of Brush Park that needs the pedestrian activity. The buildings will complement the other coming development along this thoroughfare. The use of large store front displays for the large amount of retail/commercial space the buildings will provide, should be appealing to the population that currently exists and also those who are expected to move into the community in the coming years.

**RECOMMENDATION**

At the regular CPC meeting December

6, 2018 the City Planning Commission voted to approve this proposal of City Growth Partners LLC with the following conditions:

1. That the developer work with the immediately adjacent community to minimize disruption to the neighborhood during construction and address impacts that may arise; and
2. That CPC staff may review and approve an appropriate opaque fence for rear yard and also an appropriate parking configuration prior to final approval to submit for applicable permits.
3. That final site plans, elevations, lighting, landscape and signage plans be submitted by the developer to the staff of the City Planning Commission for review and approval prior to submitting applications for applicable permits.

Comment 1

In general, I support this project. Related to the facade materials, the

developer mentioned they are still deciding whether the two buildings would have the same or different façade design/materials. My preference would be for different façade treatment between the two buildings to offer more variety in the architecture of this block and the neighborhood overall, and to prevent it from looking like one large building or one "development".

Comment 2

In general, I support this project. However, the massing feels overpowering for the block. It's basically two very large buildings. And to [Comment 1], if it's all the same materials and design, it's going to feel like one massive building. Thoughts?

Comment 3

In general I support this project, but agree that the massing is overpowering and that the design is too monotone. I would like to see the developer take cues from the building across the street on Erskine and incorporate at least one other building material or color. Using a lighter color in some places could also make the project feel less heavy and overpowering.

**City Planning Commission**

April 11, 2019

Honorable City Council:

Re: Request of the petitioner City Growth Partners LLC to amend Article XVII, District Map 4, of the 1984 Detroit City Code Chapter 61, Zoning, and the provisions of the existing PD-H (Planned Development District-Historic) zoning classification for properties located at the northwest corner of Brush Street and Watson Street and commonly known as 3119 Brush Street and 313 Watson Street to develop eight (8) townhouse units with parking on-site. (RECOMMEND APPROVAL WITH CONDITIONS).

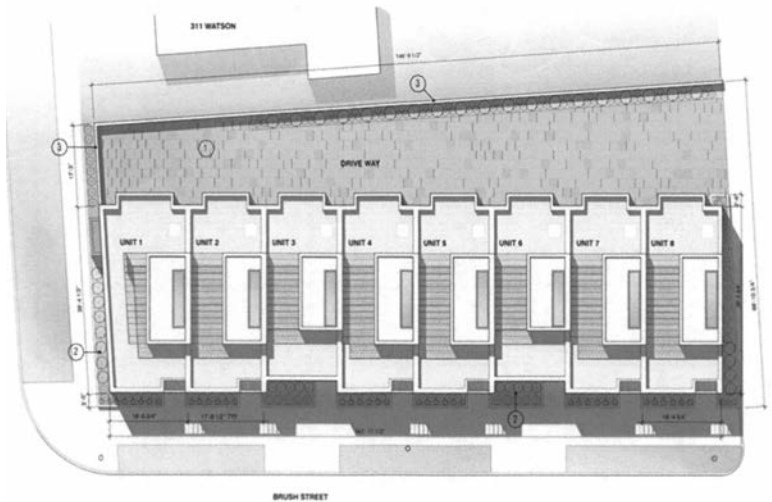

**NATURE OF REQUEST**

The City Planning Commission has received the above captioned request of the City Growth Partners, LLC and now presents this report and recommendation to your Honorable Body. The request is to modify the provisions of an existing PD (Planned Development District) zoning classification for properties located at the northwest corner of Brush Street and Watson Street and commonly known as 3119 Brush Street and 313 Watson Street to develop eight (8) townhouse units with parking on-site. This proposal is also located within the Brush Park Historic District.

**PROPOSAL**

The subject site lies on approximately 0.223 acres of land. The plans call for the development of eight (8) attached townhomes, each three (3) stories in height.

The structure will have a maximum height of approximately 42'-7" at its highest point and entail 16,829 total gross square feet. Each townhome is planned to be a two (2) bedroom unit of approximately 2,080 square feet. The materials for the building include ironspot brick masonry, fiber cement panels, composite wood, ornamental brick, and a bay window wall system among other features. The developer plans to break ground in 2019 and complete construction by the first quarter of 2020.

**PLANNING CONSIDERATIONS AND ANALYSIS**

**Surrounding Zoning and Land Use**

The zoning classification and land uses surrounding the subject area are as follows:

- North:** is zoned PD; undeveloped parcels;
- East:** is zoned PD; Residential structure; underutilized grassy parcel
- South:** is zoned PD; Residential structure; underutilized grassy parcel
- West:** is zoned PD; Residential structure

**Master Plan of Policies**

The subject site is located within the Lower Woodward area of Neighborhood Cluster 4 of the Detroit Master Plan of Policies (MP). The Future Land Use map for this area shows High Density Residential for the subject property. CPC considers this proposal to be consistent with the MP.

**COMMUNITY OUTREACH AND PUBLIC HEARING RESULTS**

The petitioner has presented to the community on at least three (3) occasions

and also spoken to the most immediate neighbor at 311 Watson. The Brush Park CDC has also submitted a letter of support for this proposal.

One (1) member of the public spoke at the CPC public hearing, neither in opposition or support of the project.

**APPROVAL CRITERIA**

The development proposal is generally consistent with the approval criteria outlined in Sec. 61-3-96 of the Zoning Ordinance. Staff specifically points to the following issues.

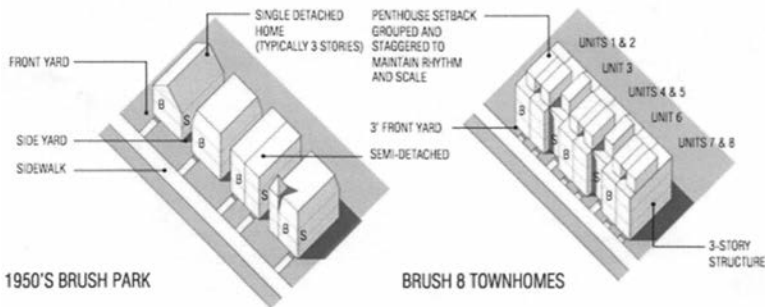

(a) **Master Plan** *The proposed development should reflect applicable policies stated in the Detroit Master Plan.*

The development is consistent with the Master Plan of Policies. The Mixed-Use Residential/Commercial (MRC) designation encourages mixed-use development but also allows for residential only developments in which this development would identify with.

(b) **Scale, form, massing, and den-**

*sity. Scale, form, massing and density should be appropriate to the nature of the project and relate well to surrounding development.*

The subject development fronts onto Brush Street and lies between Erskine and Watson Streets. There is one existing residential home in proximity of the subject site. This historic home as well as the Sanborn maps from 1950, were used for context when developing the massing and height for the proposed building. The building is contextually fitted to the block, using recesses and staggered rhythm to mimic the pattern of historic homes that once were. The development team being sensitive to the nearby home has also maintained a contextual height. The one thing that is not contextual is the setback from Watson Street, however this is a tough condition to overcome when orienting the building towards Brush Street. Since the parcel is on a corner lot, this condition can be deemed appropriate.

(e) **Parking and loading.** *Where appropriate, adequate vehicular off-street parking and loading should be provided. The City Planning Commission will be guided by standards delineated in this zoning ordinance with adjustments appropriate to each specific situation.*

Parking for the development is housed on the ground floor of each townhome, tucked in and hidden from the public realm. There is a one-to-one ratio; units to parking spaces which meets the requirement of the Zoning Ordinance for this site. Parking for each unit is accessed through the alley, which is typical for many Brush Park buildings.

(j) **Screening.** *Appropriate buffering and screening of service, loading, refuse collection, mechanical and electrical equipment and of parking areas should be provided.*

The developer has considered a softer approach to the screening wall on the property line between their site and the neighboring dwelling. A vegetative buffer or other softer buffer will be used for the prop-

erty line. The developer has requested to finalize this matter with CPC staff.

**RECOMMENDATION**

At the CPC regular meeting of December 6, 2018, the City Planning Commission voted to approve this proposal of City Growth Partners LLC with the following conditions:

1. That the developer work with the immediately adjacent community to minimize disruption to the neighborhood during construction and address impacts that may arise; and
2. That final site plans, elevations, lighting, landscape and signage plans be submitted by the developer to the staff of the City Planning Commission for review and approval prior to submitting applications for applicable permits.

Re: Brush 8 Development

The Brush Park Community Development Corporation (the "CDC") forwards this letter to indicate our support for the proposed "Brush 8" development for the property located at Brush Street and Watson Street (the "Project").

The Project plan for the proposed new construction of an eight unit townhouse building was presented before the CDC and the Brush Park community at a public meeting held on November 13, 2018. Community members attending the meeting were generally receptive of the Project.

By a vote of 6 in favor, 0 objections, and 0 abstentions, the Board voted to support the Project. Attachment A contains the opinions offered by the Board during the voting process for your consideration; please note, the opinions have no bearing on the Board's vote and are included for reference only.

We thank you again for your commitment to Brush Park and making a positive impact in our community.

Sincerely,

KARISSA HOLMES

Secretary

**Attachment A: Poll Comments for "Brush 8"**

Below are the opinions submitted by CDC Board Members during the voting process for reference and consideration. Please note, the opinions have no bearing on the Board's final vote and are included for reference only.

**Comment 1**

In general, I support this project — good urban form, appropriate building type, quality materials, appropriate use of alley, and appropriate vehicle parking scenario. I do, however, have some comments for the developer's consideration that would improve the project but have no bearing on my support.

- Existing historic structures in the neighborhood have "raised bases" of at least 3 ft. or taller; other new construction are incorporating this raised base and HDC has typically required or requested it. It appears Brush 8 has just a 1-ft raised base (two steps up to the porch). I realize HDC has already approved this project, but this building would be better received if it complied with historic standards as it would enhance consistency of new construction with existing structures.

- The building lacks some variety along its 150' Brush Street length. Could be improved by varying the façade treatment, heights, close setbacks, if possible.

**Comment 2**

Although I support the project, I think the design is boring and unattractive. It's very plain and monotone, particularly when compared against adjacent historic structures. While I understand the intent of a modern design, I would suggest that the developer consider ways to incorpo-

rate more historically complementary design and variations of color as well as better landscaping, particularly along Brush street.

Honorable City Council:  
Re: Request of Method Erskine, LLC to approve site plans and elevations for an existing Planned Development (PD) zoning classification shown on

Article XVII, District Map No. 4, of the 1984 Detroit City Code, Chapter 61, Zoning, for the redevelopment of residential property commonly referred to as 304 Erskine (Recommend Approval with Conditions).

**PROPOSAL**

The City Planning Commission has received, processed and now presents

to your Honorable Body the request of Method Erskine, LLC to approve site plans and elevations for an existing PD (Planned Development District) zoning Classification. The plan calls for the redevelopment of the existing structure at 304 Erskine Street to be reestablished as an eight (8) unit residential building.

Existing

Proposed

The proposal also includes an eight (8) stall surface parking lot to the rear of the building. The site is approximately 0.1727 acres with the lot dimensions being 150' x 50'. The building, once completed, would remain two (2) stories at 33'8" with a total gross square footage of 7,805 sf.

Of the eight units proposed for the redevelopment, the unit mix is as follows:

Two (2) units are efficiency units totaling 732 sq. ft. and 624 sq. ft.

Four (4) units are one (1) bedroom units ranging 640 sq. ft. to 709 sq. ft.

Two (2) units are two (2) bedroom units at 968 sq. ft. and 1,134 sq. ft.

Six (6) units will be at market rate rent, and the remaining two (2) units are affordable units at 80% AMI.

Lastly the plan calls for energy efficient lighting and stormwater management systems. The anticipated construction date is May 2019, with a May 2020 anticipated completion date.

**PLANNING CONSIDERATIONS AND**

**ANALYSIS**

**Surrounding Zoning and Land Use**

The zoning classification and land uses surrounding the subject area are as follows:

**North:** is zoned PD; undeveloped parcels; residential structure; Chili Mustard Onions restaurant

**East:** is zoned PD; underutilized grassy lot

**South:** is zoned PD; Residential structure

**West:** is zoned PD; Residential structure

**Master Plan of Policies**

The subject site is located within the Lower Woodward area of Neighborhood Cluster 4 of the Detroit Master Plan of Policies (MP). The Future Land Use map for this area shows Mixed-Residential/

Commercial (MRC) for the subject property. CPC considers this proposal to be consistent with the MP. A determination by the Planning and Development Department is forthcoming.

**ANALYSIS**

This project is generally in conformance with the PD District design criteria of Sec. 61-11-15 of the Zoning Ordinance.

In regard to criterion (b) which speaks to *scale, form, massing, and density* and also criterion (c) which speaks to *compatibility*; this project seeks to rehabilitate currently an existing structure. Since the intent of the project is to reestablish the same dimensions, massing, form and aesthetic of the existing structure, staff has no concerns with the building fitting the context of Erskine Street.

Criterion (e) mandates that *Parking and Loading* should allow for adequate vehicular off-street parking facilities. This project offers the typical parking configuration that many Brush Park multi-family dwellings offer, being parking with a rear access from the alley. The garage will host eight (8) parking spaces.

**COMMUNITY INPUT**

The CDC has submitted a letter of support for the project stating their support for the redevelopment of the subject property.

**RECOMMENDATION**

On April 4, 2019, City Planning Commission voted to approve the proposal of Method Erskine, LLC with the following conditions:

1. That the developer work with the immediately adjacent community to minimize disruption to the neighborhood during construction and address impacts that may arise; and

2. That final site plans, elevations, lighting, landscape and signage plans be submitted by the developer to the staff of the City Planning Commission for review and approval prior to submitting applications for applicable permits.

3. That CPC staff may review and approve an appropriate opaque fence for rear yard and also an appropriate parking configuration prior to final approval to submit for applicable permits.

Whereas, Method Erskine, LLC has requested site plan review to approve preliminary site plans and elevations for the redevelopment of the existing structure at 304 Erskine Street to be established as an eight (8) unit residential building, (also known as Tax Parcel No. 01000779) Article XVII, District Map No. 4, of the 1984 Detroit City Code, Zoning; and

Whereas, The proposed development is located within an existing PD (Planned Development) district and consequently, subject to the provisions of Article III, Division 5, Subsection C; "Authority to Review and Approve Site Plans," (Section 61-3-142) of the Detroit Zoning Ordinance; and

Whereas, The PD district zoning classification requires that site plans be reviewed and approved by the Detroit City Council following the receipt of a written report and recommendation from the City Planning Commission; and

Whereas, the Detroit City Council has reviewed the preliminary site plan and found the proposed development to be in agreement with the applicable site plan review approval criteria described in Article III, Subdivision D of the Zoning Ordinance; and

Whereas, The Planning and Development Department Staff have found the proposed development to be in conformance with the applicable Brush Park Rehabilitation Project Development Plan (Third Modification) dated July 10, 2002;

Now, Therefore, Be It

Resolved, That the Detroit City Council approves the preliminary site plans and elevations described in the corresponding communication from the City Planning Commission, dated April 1, 2019 and depicted in the "304 Erskine Site Plan" prepared by Studio Visionaries Innovators Architects and dated April 4, 2019 with the following conditions:

1. That the developer work with the immediately adjacent community to minimize disruption to the neighborhood during construction and address impacts that may arise; and

Resolved, That the Director of the Planning and Development Department, or his authorized designee, is authorized to execute a quit claim deed and other such documents necessary or convenient to effect transfer of the Property to the Purchaser consistent with this resolution; and be it further

Resolved, That the following Property Sales Services Fees be paid from the sale proceeds pursuant to the City’s Property Management Agreement with the Detroit Building Authority (“DBA”): 1) Two Thousand Five Hundred and 00/100 Dollars (\$2,500.00) shall be paid to the DBA from the sale proceeds, Seven Hundred

Fifty and 00/100 Dollars (\$750.00) shall be paid to the DBA’s real estate brokerage firm from the sale proceeds and 3) customary closing costs up to Two Hundred and 00/100 Dollars (\$200.00) shall be paid from the sale proceeds; and be it further

Resolved, That the P&DD Director, or his authorized designee, is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deed (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Property, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it finally

Resolved, That the quit claim deed will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form.

Honorable City Council:

Re: Property Sale. 13927, 13711, 13703, 13739, 13699, 13695, 13691, 13687, 13685, 13679, 13665, 13659 and 13639 Livernois, Detroit, MI 48238

The City of Detroit, Planning and Development Department (“P&DD”) has received an offer from Pan African Orthodox Christian Church (the “PAOCC”), a Michigan nonprofit corporation (a/k/a The Shrine of the Black Madonna), to purchase certain City-owned real property at 13927, 13711, 13703, 13739, 13699, 13695, 13691, 13687, 13685, 13679, 13665, 13659 and 13639 Livernois, Detroit, MI (the “Properties”). Under the terms of the proposed Purchase Agreement, the Properties will be conveyed to the PAOCC for the purchase price of One Hundred Seventy Thousand and 00/100 Dollars (\$170,000.00).

The Properties are located on Livernois

between Oakman and Davison, consisting of vacant land totaling approximately 33,254 square feet (0.76 acre) and zoned B4 (General Business District). The PAOCC proposes to develop the Properties into a retail business commercial corridor, with a focus on hiring individuals from within the community. PAOCC's proposed use of the Properties shall be consistent with the allowable uses for which the Properties are zoned.

We request that your Honorable Body adopt the attached resolution to authorize the Director of P&DD to execute a quit claim deed and such other documents as may be necessary or convenient to effect a transfer of the Properties by the City to Pan African Orthodox Christian Church.

Respectfully submitted,  
**MAURICE D. COX**

March 7, 2019

Honorable City Council:

Re: Property Sale. 4101 Grandy, Detroit, MI 48207.

The City of Detroit, Planning and Development Department ("P&DD") has received an offer from Andrew Kem (the "Purchaser"), to purchase certain City-owned real property at 4101 Grandy, Detroit, MI (the "Property") for the purchase price of Forty Eight Thousand and 00/100 Dollars (\$48,000.00).

The Property consists of a 5000 square feet commercial structure, located on an area of land measuring approximately 6400 square feet and zoned R2 (Two-Family Residential District). The Purchaser plans to develop the property into a furniture design office/studio. As per section 61-9- 63 (21-22) of the City of Detroit zoning ordinance, this intended

use of the Property as a furniture design office/studio is not a permitted use without the necessity of a rezoning, variance or other such approval. The Purchaser shall apply for and obtain rezoning of the Property, a conditional use permit, variance or other such approval, prior to the closing and consummation of this sale.

We request that your Honorable Body adopt the attached resolution to authorize the Director of P&DD to execute a deed and such other documents as may be necessary or convenient to effect a transfer of the Property by the City to Andrew Kem.

Respectfully submitted,  
MAURICE D. COX  
Director

By Council Member Tate:

Now, Therefore, Be It

Resolved, That Detroit City Council hereby approves of the sale of certain real property at 4101 Grandy, Detroit, MI (the "Property"), as more particularly described in the attached Exhibit A incorporated herein, to Andrew Kem (the "Purchaser"), for the purchase price of Forty Eight Thousand and 00/100 Dollars (\$48,000.00); and be it further

Resolved, That the Director of the Planning and Development Department ("P&DD"), or his authorized designee, is authorized to execute a quit claim deed and other such documents necessary or convenient to effect transfer of the Property to the Purchaser consistent with this resolution; and be it further

Resolved, That the following Property Sales Services Fees be paid from the sale proceeds pursuant to the City's Property Management Agreement with the Detroit Building Authority ("DBA"): 1) Two Thousand Eight Hundred Eighty and 00/100 Dollars (\$2,880.00) shall be paid to the DBA from the sale proceeds, 2) Two Thousand Four Hundred and 00/100 Dollars (\$2,400.00) shall be paid to the DBA's real estate brokerage firm from the sale proceeds and 3) customary closing costs up to Two Hundred and 00/100 Dollars (\$200.00) shall be paid from the sale proceeds; and be it further

Resolved, That the P&DD Director, or his authorized designee, is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deed (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Property, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it finally

Resolved, That the quit claim deed will be considered confirmed when executed

by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form.

**Planning and  
Development Department**

April 12, 2019

Honorable City Council:

Re: Land Transfers / Property Sales / Property Sales by Development Agreement In Support of Mack 1 Plant, Mack 2 Plant, Jefferson North Assembly Plant Projects.

The City of Detroit (“City”). City of Detroit Brownfield Redevelopment Authority (“DBRA”) and FCA US LLC (“FCA”) have been in discussions to bring about the investment of approximately \$2.5 billion in FCA’s Mack 1, Mack 2 and Jefferson North Assembly Plants (collectively the “Projects”) to expand certain industrial automotive manufacturing in the City. It is anticipated that the Projects will result in the creation of approximately 4,950 additional FCA jobs in the City, as well as increase business and economic opportunities for related supplier and support industries.

In support of progressing the Projects forward, the City has worked with the DBRA to negotiate a series of real estate transactions that are vital to land assembly required to bring the Projects to fruition (the “Real Estate Transactions”). Attached hereto are four (4) separate resolutions approving the Real Estate Transactions by and through the City’s Planning and Development Department (“P&DD”), which are summarized as follows:

• **Resolution 1 — Land Transfer — Detroit Land Bank Authority (“DLBA”) to DBRA**

The DLBA wishes to transfer certain parcels to the DBRA or other third parties as directed by and between the DLBA and DBRA in furtherance of the Projects and as further described in the attached Resolution 1.

• **Resolution 2 — Property Sale by Development Agreement — Hantz Farms, LLC**

The City and the DLBA have each

received offers from Hantz Farms, LLC (“Hantz”), a Michigan limited liability company, to purchase, by development agreements, approximately 99 City-owned properties and approximately 542 DLBA-owned properties, more or less, in the City of Detroit as further described in the attached Resolution 2. Hantz shall purchase such properties from the City and the DLBA at a purchase price of \$0.0833 per square foot of property.

Hantz intends to develop such properties for the purposes of renovating unoccupied structures, planting and maintaining hardwood trees and conifer trees on vacant lots, and conducting such other uses which are or will be consistent with applicable law, regulations and ordinances. Hantz’s use of such properties shall be consistent with the allowable uses for which the properties are zoned.

The development agreements related to the transfer of both the City-owned and DLBA owned properties shall require Hantz to transfer certain Hantz-owned properties to the DBRA. It is DBRA’s intent to transfer those such properties to FCA for the Projects.

• **Resolution 3 — Land Transfer by Property Exchange Agreement — DTE Electric Company**

The City and the DLBA have each received offers from DTE Electric Company (“DTE”), a Michigan corporation, to purchase, by property exchange agreement, approximately 3 City-owned properties and approximately 22 DLBA-owned properties in the City of Detroit as further described in the attached Resolution 3. In consideration for such purchase, DTE will transfer a portion of 12000 East Jefferson and all of 11860 Freud to the DBRA for use in the Projects. The DLBA shall receive One and 00/100 Dollar for its properties. The DBRA will compensate the City with fair value for the sale of such 3 City-owned properties at a future date and under a separate agreement between the City and the DBRA.

DTE intends to utilize such City-owned and DLBA-owned properties for DTE’s substations and pullout yards. DTE’s use of such properties shall be consistent with the allowable uses for which the properties are zoned.

• **Resolution 4 — Sale of Property to Michael Kelly**

The City has received an offer from Michael Kelly (“Purchaser”) to purchase approximately 6 City-owned properties in exchange for Purchaser’s transfer of 3873, 3963 and 4621 St. Jean and 5732 Winslow (the “Purchaser’s Exchange Properties”) to the DBRA as further described in the attached Resolution 4. It is DBRA’s intent to transfer the Purchaser’s Exchange Properties to FCA for the Projects. The DBRA will compensate the City with fair value for the sale of such 6 City-

owned properties at a future date and under a separate agreement between the City and the DBRA.

The Purchaser proposes to utilize the City-owned properties for residential development. The Purchaser's proposed use of such properties will be consistent with the allowable uses for which the properties are zoned.

The City is hereby requesting that your Honorable Body adopt the attached four (4) resolutions that approve the above referenced Real Estate Transactions in support of the Projects.

Respectfully submitted,

**RESOLUTION 2**

By Council Member Tate:

Whereas, The City of Detroit ("City"). City of Detroit Brownfield Redevelopment Authority ("DBRA") and FCA US LLC ("FCA") have been in discussions to bring about the investment of approximately \$2.5 billion in FCA's Mack 1, Mack 2 and Jefferson North Assembly Plants (collectively the "Projects") to expand certain industrial automotive manufacturing in the City; and

Whereas, In support of the Projects, the City and the Detroit Land Bank Authority ("DLBA") each desire to sell certain properties to Hantz Farms, LLC ("Hantz"), a Michigan limited liability company, under development agreements, with such City-owned properties to be sold to Hantz as more particularly described in the attached Exhibit B — City Property ("City Properties") and with such DLBA-owned properties to be sold to Hantz as more particularly described in the attached Exhibit B - DLBA Property ("DLBA Properties"): and now therefore be it

Resolved, That Detroit City Council hereby approves of the sale, by development agreement, of the City Properties to Hantz for the purchase price of \$0.0833 per square foot of the City Properties; and be it further

Resolved, That Detroit City Council hereby approves of the sale of the DLBA

Properties to Hantz for the purchase price of \$0.0833 per square foot of the DLBA Properties; and be it further

Resolved, That the Mayor, Planning and Development Department ("P&DD") Director, or their authorized designee, is authorized to execute a development agreement and issue quit claim deeds for the sale of the City Properties, as well as execute such other documents as may be necessary or convenient to effect the transfer of the City Properties to Hantz consistent with this resolution; and be it further

Resolved, That the development agreement for the City Properties shall obligate Hantz to: 1) develop the City Properties for the purposes of renovating unoccupied structures, planting and maintaining hardwood trees and conifer trees on vacant lots, and conducting such other uses which are or will be consistent with applicable law, regulations and ordinances, including zoning and 2) transfer certain Hantz-owned properties, as identified by the P&DD Director, to the DBRA for the Projects; and be it further

Resolved, That the P&DD Director, or his authorized designee is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deeds (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the City Properties, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it further

Resolved, That Detroit City Council approves that any of the City Properties and/or DLBA Properties listed in the attached Exhibits may be substituted and/or additional properties may be sold to Hantz by the City and/or DLBA for a purchase price of \$0.0833 per square foot of property, provided that such substituted and/or additional properties are approved by the P&DD Director and are within the geographical boundaries of: 1) Jefferson Avenue, St. Jean Street, Mack Avenue and Fisher Street and/or 2) Mack Avenue, Van Dyke, Maxwell and Kercheval; and be it finally

Resolved, That the City's development agreement and quit claim deeds will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form.

**RESOLUTION 3**

By Council Member Tate:

Whereas, The City of Detroit ("City"), City of Detroit Brownfield Redevelopment Authority ("DBRA") and FCA US LLC ("FCA") have been in discussions to bring about the investment of approximately \$2.5 billion in FCA's Mack 1, Mack 2 and Jefferson North Assembly Plants (collectively the "Projects") to expand certain industrial automotive manufacturing in the City; and now therefore be it

Resolved, That in support of the Projects, the Detroit City Council hereby approves the sale of those certain three (3) parcels of land, as more particularly described in the attached Exhibit A incorporated herein ("City Parcels"), to DTE Electric Company ("DTE") in exchange for DTE's transfer of a portion of 12000 East Jefferson and all of 11860 Freud, as more particularly described in the attached Exhibit C, to the DBRA for incorporation into the Projects; and be it further

Resolved, That the City shall receive additional fair value for the City Parcels from the DBRA at a future date under separate agreement between the City and the DBRA; and be it further

Resolved, That Detroit City Council hereby approves the sale of those certain twenty two (22) parcels of land, as more particularly described in the attached

Exhibit B incorporated herein ("DLBA Parcels"), to DBRA for the purchase price of One and 00/100 Dollar (\$1.00) for transfer to DTE in exchange for DTE's transfer of the above described property to DBRA; and be it further

Resolved, That the Mayor, Planning and Development Department ("P&DD") Director, or their authorized designee, is authorized to execute a property exchange agreement and issue quit claim deeds for the sale of the City Parcels, as well as execute such other documents as may be necessary or convenient to effect the transfer of the City Parcels to DTE consistent with this resolution; and be it further

Resolved, That the P&DD Director, or his authorized designee is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deeds (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the City Parcels, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it finally

Resolved, That the City's property exchange agreement and quit claim deeds will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form.

**RESOLUTION 4**

By Council Member Tate:

Whereas, The City of Detroit ("City"). City of Detroit Brownfield Redevelopment Authority ("DBRA") and FCA US LLC ("FCA") have been in discussions to bring about the investment of approximately \$2.5 billion in FCA's Mack 1, Mack 2 and Jefferson North Assembly Plants (collectively the "Projects") to expand certain industrial automotive manufacturing in the City; and now therefore be it

Resolved, That in support of the Pro-

jects, the Detroit City Council hereby approves the sale of those certain six (6) parcels of land, as more particularly described in the attached Exhibit A incorporated herein ("City Parcels"), to Michael Kelly or an affiliated entity controlled by Michael Kelly (referred to herein as "Purchaser") in exchange for Purchaser's transfer of 3873, 3963 and 4621 St. Jean and 5732 Winslow, as more particularly described in the attached Exhibit B, to the DBRA for incorporation into the Projects; and be it further

Resolved, That the City shall receive additional fair value for the City Parcels from the DBRA at a future date under separate agreement between the City and the DBRA; and be it further

Resolved, That Detroit City Council approves that any of the City Parcels listed in the attached Exhibit A may be substituted and/or additional properties may be transferred to Purchaser by the City, provided that: 1) the City receives additional fair value for any substituted and/or additional City-owned properties from the DBRA at a future date under separate agreement between the City and the DBRA and 2) any substituted and/or additional City-owned properties be within the geographical boundaries of the City's Banglatown and Jefferson Chalmers neighborhoods; and be it further

Resolved, That the Director of the Planning and Development Department ("P&DD"), or his authorized designee, is authorized to execute quit claim deeds and such other documents as may be necessary or convenient to effect the transfer of the City Parcels to Purchaser consistent with this resolution; and be it further

Resolved, That the P&DD Director, or his authorized designee, is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deeds (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the City Parcels, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it finally

Resolved, That the quit claim deeds for the City Parcels will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form.

Honorable City Council:

Re: Recommendation For Deferral.  
Address: 2980 Hazelwood. Name: Jamel Moore. Demolition Ordered: November 9, 2016 (J.C.C. pg. 2124).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on March 26, 2019 revealed that the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the 1st deferral request for this property.

Therefore, we respectfully recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.
2. BSEED will schedule a Progress

Inspection within forty-five (45) calendar days from the date of the rehabilitation, permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding three (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

Therefore, we respectfully recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.

2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation, permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at whichtime the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding three (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

Honorable City Council:

Re: Recommendation For Deferral.  
Address: 20901 Pickford. Name: MI Investments Holdings, LLC. Demolition Ordered: April 9, 2018.

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on March 26, 2019 revealed that the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the 1st deferral request for this property.

Therefore, we respectfully recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.

2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation, permit to determine whether substantial progress has been made. **Law Department**

April 18, 2019

Honorable City Council:

Re: Legal Representation and Indemnification in lawsuit of *William Anderson/ Betty Taylor vs. City of Detroit, Civil Action Case No. 18-009696-CD* for Captain Octaveious Miles (retired).

On April 2, 2019, your Honorable Body adopted a resolution regarding the above-referenced matter, to deny representation and indemnification of Captain Octaveious Miles (retired), Badge No. N/A.

The past practice of City Council is to hold hearings for police officers who have been denied representation, in accordance with arbitration awards issued by the Voluntary Labor Arbitration Tribunal. After consultation with the Council President's office, the Law Department is respectfully requesting that a closed session be held on Tuesday, May 7, 2019 at 1:00 p.m.

A request for a hearing was not triggered in this case because both the Law Department and DPD recommended approval of representation and indemnification. Captain Miles is entitled to receive and the City of Detroit is required to hold this hearing.

**Required Hearings**

**Regarding Representation and Indemnification of Certain Members of the Detroit Police Department**

By Council Member McCalister, Jr.:

Whereas, Section 7.5-203, *Civil Litigation*, of the 2012 Detroit City Charter provides, in relevant part, that "[u]pon request, the Corporation Counsel may represent any officer or employee of the city in any action or proceeding involving official duties[;]" and,

Whereas, Section 13-1 1-5, *Civil Service and Personnel Regulations*, of the 1984 Detroit City Code provides, in pertinent part, that "the city council shall consider and determine whether the corporation counsel shall represent the officer or employee in the matter and find and determine whether or not the claim, demand or suit arises out of or involves the performance in good faith of the official duties of such officer or employee [;]" and,

Whereas, Arbitration awards issued by the Voluntary Labor Arbitration Tribunal recognize the past practice of City Council holding hearings for police officers who have been denied representation (see Grievance Nos. 79-237, 82-055, 90-047, and 92-200/92-202); Now Therefore Be It

Resolved, That, pursuant to the above and MCL 15.268(a), a closed session is to be held on Tuesday, May 7, 2019 for the purpose of conducting hearings related to the following:

Legal Representation and Indemnification in lawsuit of *William Anderson/ Betty Taylor vs. City of Detroit, Civil Action Case No. 18-009696-CD* for (retired) Captain Octaveious Miles, Badge N/A; and Be It Further

Resolved, That, the Law Department's recommendation is to APPROVE indemnification of (retired) Captain Octaveious Miles in this matter, which will be discussed with Law Department attorneys, representatives from the Detroit Police Department, Octaveious Miles and counsel, representatives from the Detroit Police Command Officers Association, as well as attorneys from the Legislative Policy Division; and Be It Further

Resolved, That the hearings are scheduled at 1:00 p.m.; and Be It Finally

Resolved, That a copy of this resolution be timely provided to the Detroit Police Command Officers Association and Corporation Counsel.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, Leland, McCalister, Jr., Sheffield, Spivey, Tate and President Jones — 9.

Nays — None.

\*WAIVER OF RECONSIDERATION (No. 14), per motions before adjournment.

**RESOLUTION TO CALL CLOSED SESSION**

By Council Member McCalister, Jr.:

RESOLVED, That a closed session of the Detroit City Council is called in accordance with Section 8(h) of the Open Meetings Act, 1976 PA 267, MCL 15.268(h), for the purposes of discussing a privileged and confidential memorandum titled *Premature Light Failures of LEDs Purchased from Leotek Electronics USA Corp.*, dated April 5, 2019. This memorandum is an attorney-client communication prepared by the Law Department and therefore is exempt from disclosure under Section 13(g) of the Freedom of Information Act, MCL 15.243(1)(g). Law Department attorneys, representatives from the Public Lighting Authority, as well as attorneys from the Legislative Policy Division may be present. The closed session will be held on:

**Tuesday, May 7, 2019 at 2:00 p.m.**

*Note: A 2/3 Roll Call vote of members elected and serving (6 votes) is required pursuant to MCL 15.267(1).*

Adopted as follows:

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, Leland, McCalister, Jr., Sheffield, Spivey, Tate and President Jones — 9.

Nays — None.

\*WAIVER OF RECONSIDERATION (No. 15), per motions before adjournment.

**RESOLUTION TO DECLARE  
JUNE 7TH AS "PRINCE DAY"**

By COUNCIL PRESIDENT JONES:

WHEREAS, The musical genius known as Prince (born Prince Rogers Nelson), will be remembered as a singularly powerful performer who changed countless lives through his music, besides having an undeniable fashion and stage presence, few knew how many lives he changed through his charitable acts; and

WHEREAS, Prince was so adamant that his contributions remain anonymous that often, Prince went as far to set up tour dates in certain areas as a "cover," to go into cities to help organizations and leaders; and

WHEREAS, Prince has donated not only his talent but has made many anonymous contributions. The extent of his activism, philanthropy, and charity was publicized after his death:

- In 2001, Prince anonymously donated to the Louisville Free Public Library system to keep the historic Western Branch Library, the first full service library for African Americans in the country from closure;
- In 2001, he anonymously paid off the medical bills of drummer Clyde Stubblefield, who was undergoing cancer treatment;
- After the Trayvon Martin verdict, Prince developed the vision for #YesWeCode, an initiative to combat the negative stereotypes of young people of color, by equipping them with technology skills. Prince sponsored many hackathons (a software design competition) outright and performed at several of these events;
- He also helped to fund *Green for All*, an initiative to facilitate people of color and working families to have a place and a voice in the climate movement;
- In 2015, Prince used his star power for charity, by creating a "Rally4Peace" concert to honor Freddie Gray's memory in Baltimore; and

WHEREAS, June 7th marks his birthday, and it should be recognized as a day to acknowledge Prince, a world entertainer and humanitarian; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council, hereby declares June 7th as "Prince Day," in honor of his humanitarian and philanthropic contributions.

**RESOLUTION IN SUPPORT  
OF THE GREEN NEW DEAL**

By COUNCIL MEMBERS SHEFFIELD and CASTANEDA-LOPEZ:

WHEREAS, The world is presently entering the climate change era, which is already causing epic transformation of our home planet as a result of increasingly unstable climactic and environmental conditions, intensified and more frequent and destructive storms, floods, droughts, fires and resulting disruptions of social and economic life. According to the Intergovernmental Panel on Climate Change (IPCC) and other recent studies, we now have less than twelve (12) years to reduce all carbon emissions by half, or we face even more catastrophic climate change, virtually certainly at a scale and violence that will be beyond our capacity to sustain or recover major institutions of our societies; and

WHEREAS, In response to this unprecedented series of existential threats to the very ecological basis for human civilization itself, climate justice activists have demanded a Green New Deal (HR 109 in the United States House of Representatives): an urgent ten (10) year plan to mobilize every aspect of American society, leading to a national social, industrial and economic policy transformation, on a scale not seen since World War II and the New Deal era. This is the first official U.S. government statement that even approaches the scale and urgency of the current environmental climate crises in its scope and comprehensively conceived policy response; and

WHEREAS, The proposed Green New Deal appropriately calls out several related crises in social, political and economic realms, that are directly related to environmental challenges, including declining life expectancy, economic stagnation, and skyrocketing income and wealth inequality. Our environmental crisis is inseparably linked to our social, economic and political institutions; and

WHEREAS, The proposed Green New Deal names multiple systemic injustices in frontline and vulnerable communities as among the most far-reaching evils of our climate emergency which must be fought and prevented. For decades, working class communities and communities of color have been first and hardest hit by pollution and ecological deterioration, and last to be compensated or rebuilt after every environmental disaster — Puerto Rico since Hurricane Maria in September 2017, and Flint since 2014-15 under Governor Rick Snyder's emergency management, being only two (2) of the most recent prominent examples; and

WHEREAS, The proposed Green New Deal is a transitional program to, among other things, protect the basic human rights of the most vulnerable, stimulate the economy by funding full employment through ecological restoration projects — on the model of the Works Progress Administration (WPA) and Civilian Conservation Corps (CCC) of the original New Deal — to ensure that basic needs of the most seriously endangered and harmed will be met in the process of a necessary planned, just transition to a sustainable economy and society; and

WHEREAS, Because of the massive threats to human existence posed by global warming and related environmental challenges today, the time for far-reaching radical action is now; and

WHEREAS, Because the United States has historically been one of the leading emitters of greenhouse gas pollution, accounting for 20 percent of global greenhouse gas emissions up to 2014, before recently withdrawing from the Paris Accords international agreement to counter climate change, and because the United States has a high technical and socioeconomic capacity, we must take a leading role in reducing such emissions through economic and social transformation. Cities can and should play a major role in this process; and

WHEREAS, Every person within the jurisdiction of the United States has the basic human right to clean air and water, access to the minimum necessities for living a dignified human life, protection from disaster, and healthy food and water, no matter their race, nationality, gender or identity; and

WHEREAS, Global warming of average temperatures at or above two (2) degrees

Celsius beyond pre-industrial levels will cause permanent and catastrophic damage, including:

- Mass migration from regions most acutely affected by climate catastrophe;
- More than \$500,000,000,000,000 (trillion) in lost economic output in the United States by the year 2100;
- Wildfires will annually burn at least twice as much forest area in the western U.S. by 2050, as had been typically burned by wildfires before 2019;
- Loss of more than 99% of all coral reefs on Earth;
- Over 350,000,000 (million) more people will be exposed globally to deadly heat stress by 2050;
- Significantly increased risk of severe damage to \$1,000,000,000,000 (trillion) worth of public infrastructure and coastal real estate in the U.S.; and

WHEREAS, The scientific consensus that anthropogenic emissions of greenhouse gases are causing potentially catastrophic climate change is now effectively undisputed, and the American public is overwhelmingly on the side of such bold, transformative action to preserve the base line environmental and climactic conditions essential to sustain complex human civilization; and

WHEREAS, The City of Detroit is committed to promoting, adopting and implementing policies that allow families to sustain themselves and build an economy that works for all; and

WHEREAS, Key goals of the Green New Deal (HR 109) include:

- Ensure a just transition for all communities and workers who have historically relied on fossil fuels to have economic security;
- Create millions of family-supporting living wage union jobs;
- Promote justice and equity, by preventing current and repairing past oppression to vulnerable frontline communities;
- Secure clean air and water, a stable climate, healthy food, and access to both nature and the necessities of living a dignified human life for current and future generations;
- Guaranteed jobs with family-sustaining wages, labor protections and retirement security for all members of our society who want them; and

WHEREAS, To achieve these goals the Green New Deal (HR 109) calls for a ten (10) year national mobilization, including:

- Build resilience in all communities, especially low income front line communities of color, to climate change-related disasters;
- Mitigate and manage adverse public health and economic effects of pollution and climate change, including

adequate funding for community-based solutions;

- Overhaul transportation systems to decrease pollution and greenhouse gas emissions from the transit sector as much as possible;
- Repair and upgrade infrastructure;
- Expand the use of clean, renewable and zero-emission sources of energy with the goal of eliminating fossil fuels as soon as possible;
- Create and maintain distributed, energy-efficient “smart” power grids;
- Clean up existing hazardous waste dumps and abandoned toxic sites. Identify other pollution sources and create solutions to remove them;
- Maximize energy and water efficiency in new buildings and retrofit existing buildings for sustainability, resilience and efficiency;
- Remove greenhouse gases from the atmosphere and restore the quality of natural ecosystems, through proven low technology solutions that increase soil carbon storage, such as land preservation and reforestation;
- Remove pollution and greenhouse gas emissions from industry as much as possible;
- Work collaboratively with farmers and ranchers to remove pollution and greenhouse gas emissions from the agricultural sector as much as possible and transform food production to agro-ecological methods;
- Restore and protect fragile ecosystems by enhancing biodiversity;
- Promote international technology exchange and shared collaborative use of resources, expertise and all available means for meeting climate preservation and resilience goals; and

NOW, THEREFORE, BE IT

RESOLVED, That The time for action is now. We have less than twelve (12) years to boldly transform our economy and society to stop climate change from destroying us, by moving to adopt systems using 100% clean and renewable energy, guaranteed living wage jobs for everybody who wants one, and a just transition for both workers and communities; and

BE IT FURTHER RESOLVED, That The Detroit City Council strongly supports the Green New Deal, as summarized in this resolution; and

BE IT FURTHER

RESOLVED, That Copies of this resolution shall be provided to members of the Michigan delegation in Congress, constituents and media representatives.

Adopted as follows:

**TESTIMONIAL RESOLUTION FOR**

**C. DAVID TEETER**

By COUNCIL PRESIDENT JONES, joined by COUNCIL MEMBERS AYERS AND MCCALISTER:

WHEREAS, C. David Teeter earned a Bachelor of Arts degree in Anthropology and History from the University of Idaho in 1976, and a Master of Arts degree in Anthropology and Archives Administration from Wayne State University in 1978. After completing his Master's degree, David Teeter continued at Wayne State as an archival assistant at the University Archives, as a museum assistant at the University's Anthropology Museum cataloging artifacts and preparing exhibits, and as an instructor in the Department of Anthropology; and

WHEREAS, In 1984, David began his

long career with the City of Detroit, serving the Detroit City Council Research and Analysis Division (now, the Legislative Policy Division) as a Public Policy Analyst, preparing reports, ordinances, and resolutions. Over the years, David's responsibilities expanded to include review and analysis of the City of Detroit's five-year Capital Agenda, analysis of major economic development projects, and tax abatement requests; and

WHEREAS, Of all of David's responsibilities, the one for which he has become most renowned is his unmatched knowledge of the City of Detroit's procurement policies: he has contributed to the development of ordinances that stimulate purchasing by Detroit-based, small, minority-owned, and women-owned businesses; assisted the Purchasing Division in the development of city-wide purchasing procedures; and prepared a weekly review and analysis of contracts and purchase orders submitted to City Council for approval, resulting in the valuable (and now famous!) "Teeter Report", which explains and illuminates those contracts; and

WHEREAS, In addition to all of his efforts at work. David is a committed volunteer in the community through his activities with the First Congregational Church of Detroit, by serving on the Church Board of Trustees, actively participating in the Church's Underground Railroad program, serving after service meals, and singing in the Church choir. He also serves as a Moderator for the Southeastern Michigan Association of Congregational Churches; and

WHEREAS, David's contributions have extended to the community beyond his church. David has served as a Board Member on the Corktown Housing Cooperative and Corktown Economic Development Corporation; he is a longtime member of the Detroit Together Men's Chorus, including serving on its Board of Directors; he has been actively involved for over 15 years with the East English Village Community Association, including as co-facilitator of the Garden Club; and he is a gubernatorial appointee to the Freedom Trail Commission of the State of Michigan.

NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, hereby recognizes and congratulates C. David Teeter on completing 35 years of outstanding service to the City of Detroit and expresses its gratitude for the exemplary assistance David has provided in support of the Council over these many years.

**TESTIMONIAL RESOLUTION  
FOR**

**JAMES H. COLE  
Home For Funerals, Inc.  
"Celebrating 100 Years"**

By COUNCIL PRESIDENT JONES, joined by COUNCIL MEMBERS AYERS AND MCCALISTER:

WHEREAS, This year marks the Centennial Anniversary of a Detroit icon and business fixture, the James H. Cole Home for Funerals. The funeral business first opened its doors in June 1919 on St. Aubin Street on the lower east side of Detroit, in an area commonly known as "Black Bottom." The family-owned business was initially led by James H. Cole Sr. He required every member of his staff to extend compassion to grieving families and superior service to all in the community; and

WHEREAS, By the early 1950s, James H. Cole was joined by his son — James H. Cole Jr., who became a licensed mortician. Under his direction, the business thrived and continued to set the standard for service in the Detroit community. Karla M. Cole Green, the youngest daughter of James H. Cole Jr. began working at the funeral home in 1975. She graduated from Cincinnati College of Mortuary Science and became a licensed mortician in 1979. Karla continued to steer the direction of the business and strengthen its place as a Detroit landmark in mortuary service. Her son, Antonio Green, received an undergraduate degree from Bowling Green State University and continued the family's historic legacy, earning his license of Mortuary Science from Cincinnati College of Mortuary Science in 2007. Joining in his dedication to the family's legacy. Karla's youngest son, Brice Green, began working for the company in 2007, as the headstone counselor. By launching this venture, a new service was introduced to the business. After finishing his Pre-Mortuary Science studies at Eastern Michigan University. Brice followed in the footsteps of his grandfather by graduating from Wayne State University's School of Mortuary Science in 2013; and

WHEREAS, The focus on compassion and superior service that was instilled by the founder, James H. Cole Sr., fueled business growth and relocation occurred several times over the next few decades as a result. Today, the James H. Cole Home for Funerals has fifty employees, services approximately 1,800 families annually and has two locations. Its main chapel is located at 2624 W. Grand Blvd. with a secondary location at 16100 Schaefer Highway. James H. Cole Home for Funerals has twelve funeral directors, the most of any funeral home in the area. The business recently received the prestigious Pursuit of Excellence Award from the National Funeral Directors Association,

in recognition of its proven track record of maintaining high standards and providing excellent service; and

WHEREAS, For one hundred years, families have turned to the James H. Cole Home for Funerals for the finest in mortuary services. Now. owned and operated by third and fourth generations, the business is committed to caring for Detroit-area families during their most pressing time of need. The family has remained true to their founding principles of compassion and service to the community. Today, James H. Cole Home for Funerals is the oldest Black-owned funeral home in the city of Detroit. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, hereby congratulates the James H. Cole Home for Funerals family on their milestone Centennial Anniversary.

**TESTIMONIAL RESOLUTION  
ST. JOHN'S PRESBYTERIAN CHURCH  
100 Year Anniversary Celebration!**

By Council Member Sheffield:

WHEREAS, On April 27, 1919, thirty-nine missionary Christians founded the St. John's Presbyterian Church, as sanctioned by the Presbytery of Detroit becoming the first African-American Presbyterian Church in the State of Michigan. St. John's was designated a Michigan Historic Site on August 23, 1990. The first church building was located at Catherine (later called Madison) and Dubois Streets (September 1919), and was under the guidance of its first minister, Reverend William Rutledge from 1919 to 1921; and

WHEREAS, The growth and development of the church continued from 1922 to 1941, when the church location was changed to Clinton and Joseph Campau Streets in Detroit in March of 1940. Between the years of 1942 and 1953 St. John's was led from its missionary status to a self-supporting church. The impact of this event was a spurt in growth which precipitated the growth of the new Presbyterian African-American congregations in a rapidly expanding community, of which St. John's was recognized as the "Mother Church"; and

WHEREAS, With the renewal of the inner-city in the 1960s, St. John's remained in the community, and witnessed the building of a new edifice at our present location, 1961 E. Lafayette Blvd. The sanctuary opened praising the Lord on Christmas morning of 1966. In 1976, special emphasis was placed on services for the youth and

high school seniors with the establishment of the David A. Harmon Memorial Scholarship Fund which assists scholars in the realization of their educational goals; and

WHEREAS, In 2008, a hunger program was established under the successful leadership of Mrs. Bette K. Harmon. The program offers free lunches, and helpful information 3 days a week to the surrounding community. With praise and thanksgiving, St. John's Presbyterian Church looks forward to continuing its service to the community. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council Member Mary Sheffield wish to take this opportunity to honor and recognize St. John's Presbyterian Church for 100 years of outstanding service and leadership in the community!

Adopted as follows:

Re: Katrice Sullivan vs. City of Detroit.

Case No: 18-000711-NI. File No:

L18-00101 (PH).

We have reviewed the above-captioned

lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a partial settlement in the amount of Eight Thousand Eight Hundred Twenty-Five Dollars and No Cents (\$8,825.00) is in the best interest of the City of Detroit.

We, therefore, request authorization to settle this matter in the amount of Eight Thousand Eight Hundred Twenty-Five Dollars and No Cents (\$8,825.00) and that your Honorable Body direct the Finance Director to issue the following drafts:

- One Thousand Three Hundred Twenty-Five Dollars and No Cents (\$1,325.00) payable to Northland Radiology and its attorney, Gary R. Blumberg, PC;

- Five Thousand Five Hundred Dollars and No Cents (\$5,500.00) payable to Manor Chiropractic Center and its attorney Kaufman, Payton and Chapa;

- Two Thousand Dollars and No Cents (\$2,000.00) payable to Care Medical Transportation and its attorney Kaufman, Payton and Chapa to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 18-000711-NI, approved by the Law Department.

Honorable City Council:

Re: Johnny Strickland vs. City of Detroit, Civil Action Case No: 18-cv-12640.

Representation by the Law Department of the City employee listed below is hereby recommended. We agree with the recommendation of the head of the department that the officer was acting within the scope of his employment at the time the acts alleged in the complaint were committed. We further recommend that the City indemnifies the Defendant and, therefore, recommend a "YES" vote on the attached resolution for Sergeant Rodney Ballinger, Badge No: S-1071.

At the February 26, 2019 Formal Session, City Council authorized representation in this matter for Commander Mark Bliss and P.O. Casey Schimeck, and denied representation of Sgt. Ballinger (Line Item 17). City Council conducted a closed session regarding representation of Sgt. Ballinger on April 16, 2019 at 1:00 p.m. Sgt. Ballinger was entitled to receive and the City of Detroit was required to hold this hearing.

Now that additional and/or new information has been presented to Council in this matter, it is timely and appropriate for the attached resolution to be presented to your Honorable Body for a vote.

Please advise the Law Department Liaison, Ericka Savage Whitley, if you are

**City Planning Commission**

April 26, 2019

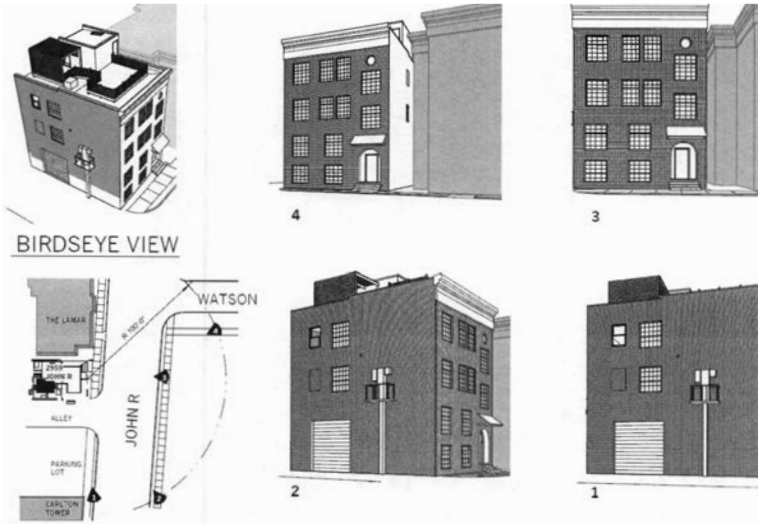

Honorable City Council:

Re: Request of Max Cope to approve site plans and elevations for an existing Planned Development (PD) zoning classification shown on Article XVII, District Map No. 4, of the 1984 Detroit City Code, Chapter 61, Zoning, for a rooftop deck addition and structure improvements at property commonly referred to as 2959 John R. (Recommend Approval with Conditions).

**PROPOSAL**

Before this Honorable Body is the request of Max Cope to approve site plans and elevations for an existing Planned Development (PD) zoning classification. The plan calls for the renovation and addition to the 2959 John R. Loft. The developer is seeking to install a rooftop deck addition to a currently existing building.

The proposal calls for interior renovations for the existing single-family dwelling structure which is currently three (3) stories in height. The requested addition of a rooftop loft room entails two platform decks and a pergola.

Other minor modifications to the exterior of the building include a new window in an existing opening on the third floor for the bedroom. An existing third floor glass block window on the north side of the building will be bricked-in with brick to match existing facade. There will be all new HVAC systems, with components located on the roof as well. The building footprint will remain the same as exists currently.

**Historic District Criteria**

In accordance with Chapter 25 of the Detroit Zoning Ordinance, the Historic District Commission (HDC), along with the City Planning Commission and City Council, is charged to participate in site plan review (SPR). The HDC is tasked with reviewing development proposals to determine if the project is consistent with the historic district criteria and maintains the character of the designated area. A Certificate of Appropriateness was approved for this proposal on March 13, 2019.

**PLANNING CONSIDERATIONS AND ANALYSIS**

**Surrounding Zoning and Land Use**

The zoning classification and land uses surrounding the subject area are as follows:

**North:** is zoned PD; residential structure;

**East:** is zoned PD; park/open space

**South:** is zoned PD; Carlton lofts residential structure

**West:** is zoned PD; Residential structure

**Master Plan of Policies**

The subject site is located within the Lower Woodward area of Neighborhood

Cluster 4 of the Detroit Master Plan of Policies (MP). The Future Land Use map for this area shows Mixed-Residential/Commercial (MRC) for the subject property. CPC considers this proposal to be consistent with the MP.

**ANALYSIS**

This project is generally in conformance with the PD District design criteria of Sec. 61-11-15 of the Zoning Ordinance.

In regard to criterion (b) which speaks to *scale, form, massing, and density* and also criterion (c) which speaks to *compatibility*; this project seeks to rehabilitate currently an existing structure. The project plans to stay within the provisions currently outlined in zoning and proposed future provisions. Therefore staff considers this proposal compatible.

Criterion (e) mandates that *Parking and Loading* should allow for adequate vehicular off-street parking facilities. This project is adding one (1) loft unit and therefore existing parking is adequate for the proposal.

**COMMUNITY INPUT**

The developer will be confirming with the Brush Park CDC that this proposal is supported by the local community. CPC expects to receive this confirmation as this has been approved by the HDC and fits within the parameters of the current Third Modified Development Plan and proposed Form Based Code provisions.

**RECOMMENDATION**

At its regular meeting of April 26, 2019, the City Planning Commission voted for approval of the proposal of Max Cope with the following conditions:

1. That the developer work with the immediately adjacent community to minimize disruption to the neighborhood during construction and address impacts that may arise;

2. That the developer submit a letter of support from the community prior to final staff approval

3. That final site plans, elevations, lighting, landscape and signage plans be submitted by the developer to the staff of the City Planning Commission for review and

approval prior to submitting applications for applicable permits.

Respectfully submitted,

MARCELL R. TODD, JR.

Director

KIMANI JEFFREY

City Planner

By Council Member Tate:

Whereas, Max Cope, has requested site plan review of preliminary site plans for an existing building at the parcel located at 2959 John R. Street (also known as Tax Parcel No. 01000747) consisting of a rooftop loft addition, two platform decks, a pergola, a new window in an existing opening on the third floor for the bedroom, bricking-in an existing window, and adding a new HVAC systems.

Whereas, The proposed development is located within an existing PD (Planned Development) District and consequently, subject to the provisions of Article III, Division 5, Subsection C; "Authority to Review and Approve Site Plans," (Section 61-3-142) of the Detroit Zoning Ordinance; and

Whereas, The PD district zoning classification requires that site plans be reviewed and approved by the Detroit City Council following the receipt of a written report and recommendation from the City Planning Commission; and

Whereas, The Detroit City Council has reviewed the preliminary site plan and found the proposed development to be in agreement with the applicable site plan review approval criteria described in Article III, Subdivision D of the Zoning Ordinance; and

Whereas, The Planning and Development Department staff have found the proposed development to be in conformance with the applicable Brush Park Rehabilitation Project Development Plan (Third Modification) dated July 10, 2002;

Now, Therefore, Be It

Resolved, That the Detroit City Council approves the preliminary site plans for the 2959 John R. project, described in the communication from the City Planning Commission staff, dated April 26, 2019, and as depicted in the "Loft Renovation & Rooftop Addition Single Family Dwelling" prepared by Basic Design and dated March 14, 2019.

**City Planning Commission**

April 24, 2019

Honorable City Council:

Re: Request from Antar Alkadi of A K Real Estate Investments LLC (petition #362) to rezone 12901 Joseph

Campau Avenue from an R2 (Two-Family Residential District) zoning classification to a B4 (General Business District) zoning classification to reflect the historical use of the land for business/auto related uses and to request additional auto related uses in the future (RECOMMEND APPROVAL).

A K Real Estate Investments LLC is requesting to rezone 12901 Joseph Campau Avenue, generally located on the west side of Joseph Campau Avenue between Cody and Meade Avenues from an R2 zoning classification to a B4 zoning classification on Zoning Map No. 16. The

change in zoning is being requested in order to allow the zoning to reflect the historical use of the land as commercial and to request additional auto related use in the future. Please see attached rezoning application and public hearing notice.

#### **Background and Proposal**

The subject property, 12901 Joseph Campau Avenue, is located on the west side of Joseph Campau Avenue between Cody Avenue to the north and Meade Avenue to the south. Since 2009, Antar Alkadi of A K Real Estate Investments LLC has owned the subject property and operated AKA Used Auto Sales. The subject property is presently developed with an approximately 3,000 square foot one-story commercial building for vehicle prep, a parking area to display used cars, and surface parking lot.

In the 1940's, 1950's, and early to mid-1960's, the subject block, as well as the remainder of Joseph Campau Avenue, was zoned as commercial. City records show a permit was issued in 1950 for part of the subject property to be used as a "used car sales office". In 1968, there was a major update to all of the City's zoning maps, and the subject block was changed to a residential zoning classification; it is unclear whether or not this change was in error or planned. City records show a permit was granted in 1969 to erect the current building as an "auto dealer write-up facility" associated with KraJenke Buick sales located on the block to the south. City records also show a permit was granted in 1972 to expand the subject building for an auto prep center and used car sales associated with KraJenke Buick. It is assumed these changes were allowed, because it was the continuation of a non-conforming use.

The proposed map amendment is being requested by Mr. Alkadi to continue use of the block as a used motor vehicle sales lot and to make the zoning consistent with the current use. In the recent past, Mr. Alkadi added motor vehicle repair to the building, but was told by the City's Buildings, Safety Engineering, and Environmental Department (BSEED) this was not allowed under the R2 zoning. If the B4 zoning were approved, Mr. Alkadi would have to file an application for a conditional land use grant to properly add the vehicle repair use to the used car operation.

#### **Public Hearing Results**

On October 18, 2018, the City Planning Commission held a public hearing on the rezoning request. At the hearing, no one from the public spoke.

A staff member from the Planning & Development Department (P&DD) attended the hearing and submitted a letter raising concerns about the rezoning request. P&DD is currently developing a Neighborhood Framework Plan for the Campau/Davison/Banglatown area which

includes the subject property. This planning process began in the Spring of 2018 and is proposed to be completed in Spring 2019. Part of this study proposes developing a new pedestrian path along Meade Avenue between I-75 to the west and Joseph Campau Avenue to the east called the Meade Street Connector. One goal of the Meade Street Connector is to provide an east/west linkage to the proposed Joe Louis Greenway, part of which would be located on Joseph Campau Avenue. P&DD was concerned that the proposed B4 classification and auto repair business, would not support the goal of improving walkability and bikeability in the neighborhood. One concern is the garage doors of the existing building at 12901 Joseph Campau Ave. currently open directly onto Meade Avenue.

During the hearing, the City Planning Commissioners also discussed the following issues:

- The Commission requested information about who owned the vacant land west of the subject used car lot; the Commission discussed the possibility of the used car lot expanding its parking area onto the vacant land behind the building;
- CPC staff offered to attend an upcoming planning meeting for the Campau/Davison/Banglatown study and to provide additional information on plans for the Joe Louis Greenway and Meade Street Connector; and
- CPC staff offered to provide additional information on the number of auto related uses on Joseph Campau Avenue near the subject rezoning site.

#### **Public Hearing Follow-up**

The neighborhood west of the subject block is developed with housing and numerous vacant lots. The lots immediately west of the subject used car lot are vacant, zoned R2, and owned by the Detroit Land Bank Authority. The petitioner, at this time, indicates he is not overly interested in expanding his property onto the vacant land behind his building, in part because of the added expense of purchasing and developing the land.

The Joe Louis Greenway is a proposed 30+ mile non-motorized trail that would connect many neighborhoods and communities in the City, from the East Riverfront up through Hamtramck, over to the University District, Ferndale, Highland Park, and back down to Southwest Detroit. The subject section of Joseph Campau Avenue would be part of the Greenway, with bike lanes being added to the street. To date, P&DD has hosted 4 public meetings to develop a Neighborhood Framework Plan for the Campau/Davison/Banglatown area. CPC staff understands this Neighborhood Framework Plan is wrapping up, and P&DD has decided not

to include the Meade Connector at this time.

It appears the subject section of Joseph Campau Avenue in the mid-20th Century was the location of several auto lots for new and used cars, including the aforementioned KraJenke Buick. Of the 18 existing buildings on Joseph Campau Avenue between the Davison Freeway to the north and Carpenter Avenue to the south, 8 are used for auto-related uses, 7 are used for other commercial uses, and 3 are vacant.

#### **Analysis**

##### **Surrounding Zoning and Land Use**

The zoning classification and land uses surrounding the subject block are as follows:

North: B4; developed with motor vehicle service  
 East: B4; developed with a restaurant/bar and funeral home  
 South: B4; vacant block developed with a soccer field  
 West: R2; vacant with residential houses beyond

##### **Zoning Ordinance Criteria**

Section 61-3-80 of the Detroit Zoning Ordinance lists eight approval criteria on which zoning map amendments must be based. The CPC found that the present request meets the criteria for the following reasons:

1. *Whether the proposed amendment corrects an error or meets the challenge of some changing condition, trend or fact;*

From researching past zoning maps, the CPC was unable to determine why the subject block was changed from a commercially zoned block in the 1940's through the mid-1960's to a residentially zoned block in the 1968 Zoning Ordinance update. It appears this may be an error that needs to be corrected.

2. *Whether the proposed amendment is consistent with the Master Plan and the stated purposes of this Zoning Ordinance;*

The subject site is located within the Davison area of Neighborhood Cluster 1 of the Detroit Master Plan of Policies. The Future Land Use map for this area shows Neighborhood Commercial for the subject block.

3. *Whether the proposed amendment will protect the health, safety, and general welfare of the public;*

The proposed amendment will protect the health, safety, and general welfare of the public by rezoning to commercial, land that is already being used for commercial development.

4. *Whether the City and other service providers will be able to provide adequate public facilities and services to the subject property, while maintaining adequate levels of service to existing development;*

Not applicable.

5. *Whether the proposed rezoning will have significant adverse impacts on the natural environment, including air, water,*

*soil, wildlife, and vegetation and with respect to anticipated changes in noise and regarding stormwater management;*

It is not anticipated the proposed rezoning will have significant adverse impacts on the natural environment.

6. *Whether the proposed amendment will have significant adverse impacts on other property that is in the vicinity of the subject tract;*

The proposed amendment will not have significant adverse impacts on property in the vicinity of the subject tract. The subject property, dating back to the 1950's, has been used for commercial uses, used auto sales and other auto related uses. There is presently an Islamic Community Center on the east side of Joseph Campau southeast of the subject rezoning. This Center has indicated its support for the proposed rezoning. The Islamic Center, it appears, in the recent past installed a soccer field on the vacant block south of the subject rezoning. Unfortunately, this field presently has no fence around it to prevent soccer balls from leaving the site.

7. *The suitability of the subject property for the existing zoning classification and proposed zoning classification; and*

The subject property is not suitable for the existing zoning classification, because for the last several decades the property has been used for commercial auto related uses. Changing the block from commercial to residential in 1968 resulted in the creation of a non-conforming use on the site. Used motor vehicle sales lots and auto repair are both conditional uses in B4.

8. *Whether the proposed rezoning will create an illegal "spot zone."*

The proposed rezoning will not create an illegal spot zone, because the proposed commercial zoning will be adjacent to existing commercial zoning to the north, east and south.

##### **Additional Zoning Analysis**

The subject site is located on the west side of Joseph Campau Avenue between Carpenter St. (City of Hamtramck) to the south the East Davison Expressway to the north. The east and west sides of this 1/2 mile section of Joseph Campau Avenue are zoned B4, except for the subject block which is zoned R2. It is unclear from past City records why the subject block was designated as residential in 1968. Therefore, it could be argued that the subject rezoning is correcting an error in the zoning map.

If the subject site were rezoned to B4 and the petitioner wanted to add minor or major vehicle repair in the future, the petitioner would need to apply for a conditional land use grant approval from BSEED. Conditional land use proposals require a public hearing, at which representatives of P&DD are authorized to make a recommendations. Also, P&DD's approval of a final site plan is required

before BSEED can issue any zoning grant for a conditional use.

**Recommendation**

The City Planning Commission recommends APPROVAL of the request of the A K Real Estate Investments LLC to amend Article XVII, District Map No. 16 of the 1984 Detroit City Code, Chapter 61, Zoning, by showing a B4 zoning classification where a R2 zoning classification currently exists on property at 12901 Joseph Campau Avenue. The ordinance approved as to form, is attached for Your consideration.

**City Planning Commission**

April 26, 2019

Honorable City Council:

Re: Request of City of Detroit Planning & Development Department to amend Article XVII, District Maps 28 and 30, of the 1984 Detroit City Code Chapter 61, 'Zoning' by showing an M2 (Restricted Industrial District) zoning classification where R2 (Two-Family Residential), R4 (Thoroughfare Residential) and B4 (General Business) zoning classifications currently exist on approximately two hundred sixty-six (266) parcels generally bounded by East Warren Avenue to the north, St. Jean Avenue to the east, Kercheval Avenue to the south and Lillibridge and Beniteau Avenues to the west. (Recommend Approval)

**NATURE OF THE REQUEST**

The City Planning Commission (CPC) has received a request from the City of Detroit Planning & Development Department requesting that the City of Detroit amend Article XVII, District Maps 28 and 30 of Chapter 61 of the 1984 Detroit City Code, 'Zoning,' to show an M2 (Restricted Industrial District) zoning classification where R2 (Two-Family Residential), R4 (Thoroughfare Residential) and B4 (General Business) zoning classifications cur-

rently exist on approximately two hundred sixty-six (266) parcels generally bounded by East Warren Avenue to the north, St. Jean Street to the east, Kercheval Street to the south and Lillibridge and Beniteau Streets to the west

The subject property is all vacant land except for three vacant and dilapidated houses owned by the Detroit Land Bank at 2154, 2250 and 2235 Beniteau Street. The majority of the property consists of the blocks on the west side of St. Jean Street which currently have had a landscaped berm to buffer the neighborhood from the railroad tracks and the existing factory. The property is located on the east side of the City in Council District 4.

**BACKGROUND**

In the mid-1980s, the City Planning Commission was closely involved with the original expansion of the Chrysler Jefferson Avenue assembly plant. This massive project, coming from the Economic Development Corporation and the City's Community & Economic Development Department, involved the repurposing of the area generally bounded by Mack Avenue on the north, Conner Avenue on the east, East Jefferson Avenue on the south, and St. Jean Avenue on the west for industrial purposes. At that time, the project included among other efforts, the relocation of residents, the widening of major streets to create a ring road around the plant, the closure of Kercheval, East Vernor, and Charlevoix, and the rezoning of property generally zoned R2, R4, B2, B4, M2, and M3 to M4. The rezoning was realized through Ord. No. 18-88, which went into effect June 30, 1988 and facilitated the development and expansion of the Jefferson North Assembly Plant.

**Proposed Development**

The current rezoning is being requested to facilitate the expansion of the Mack Avenue Engine Plant and Jefferson North Assembly plant of Fiat Chrysler Automotive (FCA). **The subject property is proposed to be used for employee parking, new vehicle storage and semi-trailer parking.** These uses are not allowed in the current zoning districts, but are by-right in the proposed M2 district.

**PUBLIC HEARING AND PUBLIC ENGAGEMENT**

The CPC held the statutory public hearing for this proposed rezoning on March 21, 2019. Representatives from City Administration and from FCA presented the scope of the project. Commissioners raised numerous questions with respect to traffic impacts, employment opportunities, sustainability matters, effect upon Beniteau Street properties, berm removal and new wall characteristics, truck circulation, alternative zoning district classifications, and environmental impacts (air quality and stormwater management). Questions raised by members of the com-

munity and the immediate impact area during the public hearing focused on the aforementioned issues.

At the Commission's subsequent meeting on April 4, 2019, a full complement of resources from the City and FCA were present to respond to the CPC's and community's questions and to apprise commissioners of the concurrent meeting with the community mandated by the Community Benefits Ordinance.

Each week, beginning on March 20, 2019, the City and FCA met in the community toward the establishment of a Neighborhood Advisory Council (NAC) and the eventual preparation of matters to be memorialized in a Community Benefits Agreement. The most recent of the meetings with the NAC was convened on April 24, 2019 and resulted in a vote by the NAC to accept the proposed investment indicated by the City and FCA that would bind the proposed development over and above the limitations and mandates required by the proposed M2 zoning.

Unlike in most rezonings considered by the City Planning Commission, the Community Benefits Ordinance provides a significant vehicle to ensure that appropriate conditions will be implemented as part of the development which necessitated the rezoning. The CPC and City Council are unable to attach conditions to a rezoning except where the land is being developed as a planned unit development and is rezoned to the PD (Planned Development District) zoning classification.

**COMMUNITY BENEFITS ORDINANCE AND AGREEMENT**

Given the level of investment associated with this proposed expansion, in conjunction with the pending public land sale and Industrial Facilities P. A. 198 tax abatement, this development qualifies as a Tier 1 Benefits Development Project which triggers the requisite provisions in the Community Benefits Ordinance (CBO). A Tier 1 Development Project is defined as: "... a development project in the City that is expected to incur the investment of Seventy-five Million Dollars (\$75,000,000) or more during the construction of facilities, or to begin or expand operations or renovate structures, where the developer of the project is negotiating public support for investment in one or both of the following forms:

(1) Any transfer to the developer of City-owned land parcels that have a cumulative market value of One Million Dollars (\$1,000,000) or more (as determined by the City Assessor or independent appraisal), without open bidding and priced below market rates (where allowed by law); or

(2) Provision or approval by the City of tax abatements or other tax breaks that abate more than One Million Dollars (\$1,000,000) of City taxes over the

term of the abatement that inure directly to the DEVELOPER, but not including Neighborhood Enterprise Zone tax abatements."

Given this development's qualification (classification) as a Tier 1 Development Project, the empaneling of a Neighborhood Advisory Council (NAC) was necessitated. The initial CBO meeting for this development was held on Wednesday, March 13, 2019. Subsequently nine (9) members of the impact community were either elected or selected to serve as an NAC member whose primary responsibilities include: community engagement with the developer and the Planning and Development Department and to express the concerns of the host community which will be reflected in a Community Benefits Report, which shall contain:

1. A detailed account of how notice was provided to organize the public meeting.
2. A list of the NAC members, and how they were selected.
3. An itemized list of the concerns raised by the NAC.
4. A method for addressing each of the concerns raised by the NAC, or why a particular concern will not be addressed.

Those members of the NAC for the Fiat Chrysler Assembly Plant Expansion Project are as follows:

- Rhonda Theus - Elected by Impact Area Residents
- Michelle Jackson • Elected by Impact Area Residents
- Jerry King - Selected by Council President Jones
- Juliette Okotie-Eboh - Selected by Council Member Ayers
- Jay Henderson - Selected by Council Member Spivey
- Darnell Gardner - Selected by Planning & Development Department
- Henry Williams - Selected by Planning & Development Department
- Curtis Perry - Selected by Planning & Development Department
- Thomas Hardiman - Selected by Planning & Development Department

Through a series of nine community meetings a host of concerns was articulated associated with the proposed development. Chief among the concerns were site plan/environmental impacts, workforce/education, housing, and neighborhood improvements.

On Wednesday, April 24, 2019 the NAC voted 8-1 in support of the proposed community benefits offered by the developer FCA and the City of Detroit

The proposed benefits which will ultimately be codified in a development agreement which will be subject to Council's approval include:

**Investments & Impacts**

Workforce & Education \$4.0M (City), \$10.8M (FCA), \$4.0 (Leveraged) = \$18.8M total

Housing \$5.9M (City), \$1.8 (FCA) = \$7.7M total

Other Neighborhood Improvements \$0.5M (City), \$1.1 M (FCA) = \$1.6M total  
Construction Impacts \$7.0M (City), \$0.1 M (FCA) = \$7.1 M total

**Total \$17.4M (City) + \$13.8M (FCA) + \$4.0M (Leveraged Funding) = \$35.2M.**

Paramount to your Honorable Body's consideration are the impacts to the built environment. Mitigation of the construction impacts of the development pertaining to the sound wall construction, stormwater retention pond, and traffic mitigation are denoted below:

#### 1. Wall Construction

a. City commits to construct a wall along the alley west of St. Jean Street as a sound barrier to FCA plant. Barrier will run from East Warren Avenue to Kercheval Avenue.

b. Wall design would be approved by residents along Beniteau Street through a series of meetings to end in May 2019.

c. Height of wall to be determined at the completion of sound study.

d. FCA to provide support on wall aesthetics by planting ivy and adding potential murals along portions of the barrier.

#### 2. Stormwater Retention Pond

a. FCA commits to the construction, security and maintenance of a stormwater retention pond on Beniteau Street and Lilibridge Street between East Vernor and Kercheval.

b. FCA will add fencing around the retention pond as a security measure to prevent accidents.

c. FCA commits to improvements around plant (green buffer) and retention pond by adding natural sustainable landscaping and vegetation, low-impact grass, planting and trees.

#### 3. Traffic Mitigations

a. FCA approves truck routing and targets certain times for increased truck and vehicle operations to accommodate schools in the impact area and other non-industrial traffic demands.

b. FCA commits to establishing a live person managed toll-free number for residents to report problems related to plant traffic.

c. The City of Detroit Department of Public Works will continue to work with FCA truck routing and area residents to develop a plan for preferred neighborhood traffic calming measures.

d. DPW will install preferred traffic calming to discourage trucks from driving along residential streets. This includes: speed cushions, one-way street conversions, and posted signage.

e. The St. Jean route of the Iron Belle Trail will be removed as part of this project. New routing of the Iron Belle Trail will be considered as part of the proposed Neighborhood Planning efforts.

### ANALYSIS - APPROVAL CRITERIA

Per Section 61-3-80 of the Zoning Ordinance, recommendations and decisions on an amendment of a zoning map shall be based on consideration of all of the following eight criteria; each criterion is recited in *italics* followed by staffs analysis:

1. *Whether the proposed amendment corrects an error or meets the challenge of some changing condition, trend or fact.*  
The existing zoning of the property does not provide a buffer between the M4 (Intensive Industrial) area on the east side of St. Jean Street and the residentially-zoned area approximately 100 feet across the street This proposed rezoning creates an appropriate step down between the abutting districts.

2. *Whether the proposed amendment is consistent with the Master Plan and the stated purposes of this Zoning Ordinance.*  
The Planning & Development Department has found this proposed rezoning to be consistent with the Master Plan based on policy goals such as increasing the viability of industrial corridors and reducing conflicts between industrial and residential areas. The submitted interpretation is attached and contains additional details. While CPC staff concurs with the findings of PDD relative to the policy goals and objectives of the Master Plan and recognize that compliance is not required, an amendment to the Future Land Use Map would be appropriate if this rezoning is approved and advanced.

3. *Whether the proposed amendment will protect the health, safety, and general welfare of the public.* As this proposed project was required to complete the Community Benefits Ordinance process, many of the features required to protect the health, safety, and general welfare of the public were identified and included in the final agreement. The major components are:

- A specially-designed wall to screen both the view and noise of the development.
- Storm water mitigation including a new retention pond, bio-swailes and rain gardens.
- A minimum of 200 newly planted trees.
- Demolition of 300 blighted and vacant structures in the impact area.

4. *Whether the City and other service providers will be able to provide adequate public facilities and services to the subject property, while maintaining adequate levels of service to existing development.* Traffic and circulation in the area will be impacted by the proposed closure of St. Jean Street. Improvements to several nearby streets are proposed to mitigate the additional traffic, specifically McClellan and Conner Streets. New signage and traffic calming measures will also be added. The No. 11 Clairmount bus will need to be re-routed.

5. *Whether the proposed rezoning will have significant adverse impacts on the natural environment, including air, water, soil, wildlife, and vegetation and with respect to anticipated changes in noise and regarding storm water management.* New landscaping is proposed around the plant including a new retention pond to manage storm water runoff. The existing operation claims to be one of the cleanest operating factories in the United States regarding air quality and the addition proposes to be equally non-polluting.

6. *Whether the proposed amendment will have significant adverse impacts on other property that is in the vicinity of the subject tract.* As discussed in previous points, this proposed rezoning will have impacts on nearby property. Many of these impacts have been anticipated and mitigation tactics suggested as part of the Community Benefits process.

7. *The suitability of the subject property for the existing zoning classification and proposed zoning classification.* The M2 zoning district is designed to be a buffer between residential and intensive industrial districts. Although the proposed rezoning puts industrially-zoned land closer in proximity to occupied residential land, the uses allowed in the district were specifically chosen to protect residences from undesirable spillover effects of industrial uses.

8. *Whether the proposed rezoning will create an illegal "spot zone."* As the property to the east is zoned M4 (Intensive Industrial), the addition of this M2 area expands the existing industrial to the west but does not create a spot zone.

**CONCLUSION**

Upon consideration of the zoning map amendment approval criteria, CPC finds reason to recommend approval of the proposed rezoning in light of the guarantees afforded through the Community Benefits Agreement that ensure that features and improvements incorporated into the proposed plant expansion site plan will be implemented. The considerable investments by FCA and the City underscore the likely considerable benefits to accrue to the city as a whole as a result of the proposed development.

Given the magnitude of the proposed project, an update is warranted by the Planning & Development Department to the future general land use map in the City's Master Plan of Policies to reflect the changed character of development along and adjacent to St. Jean Avenue.

CPC would also like to draw Council's attention to the importance of faithful monitoring of the project's progress over the years. Having the Environmental Division of the Buildings, Safety Engineering and Environmental Department and the Michigan Department of Environmental Quality periodically report to

City Council on air quality matters is needed to respond to a key concern of the community.

Likewise, careful monitoring by the appropriate bodies of the retention pond feature will be valuable in the event of increases in mosquitoes and geese immediately adjacent to the residential community.

Finally, Commissioner David Esparza disclosed that he works for WSP Michigan which produced the traffic study for the project; however, he did not work on the study or have any involvement in the project. The City of Detroit Law Department was consulted and determined that no potential conflict of interest existed and that Commissioner Esparza should disclose this relationship and could participate in deliberation and voting for this project.

**RECOMMENDATION**

On April 25, 2019, the City Planning Commission voted to recommend approval of the rezoning request to amend District Maps 28 and 30, of the 1984 Detroit City Code Chapter 61, 'Zoning' by showing an M2 (Restricted Industrial District) zoning classification where R2 (Two-Family Residential), R4 (Thoroughfare Residential) and B4 (General Business) zoning classifications currently exist on approximately two hundred sixty-six (266) parcels generally bounded by East Warren Avenue to the north, St. Jean Avenue to the east, Kercheval Avenue to the south and Lillibridge and Beniteau Avenues to the west. The ordinance establishing the map amendment has been reviewed and approved as to form by the Law Department and is attached for your consideration.

### NOTICE OF PUBLIC HEARING

A public hearing will be held by the Detroit City Planning Commission in the Committee of the Whole Room, 13th Floor, Coleman A. Young Municipal Center, 2 Woodward Avenue, Detroit, Michigan 48226, on

**THURSDAY, MARCH 21, 2019  
AT 6:15 PM**

to consider the request of the Detroit Planning & Development Department to amend Article XVII, District Maps 28 & 30 of the 1984 Detroit City Code, Chapter 61, Zoning, by showing M2 (Restricted Industrial) zoning classification where R2 (Two-Family Residential), R4 (Thoroughfare Residential) and B4 (General Business) zoning classifications currently exist on approximately two hundred sixty-six (266) parcels generally bounded by East Warren Avenue to the north, St. Jean Street to the east, Kercheval Street to the south and Lillibridge and Beniteau Streets to the west. The location of the proposed rezoning is specifically indicated as the shaded area on the accompanying map. The specific addresses of the parcels are available upon request.

The proposed map amendment is being requested to allow for the expansion of the Fiat Chrysler Mack Engine Plant. The proposed uses for the parcels to be rezoned are employee parking, assembled vehicle storage and semi-trailer parking. The proposed uses are permitted by-right in the M2 zoning classification, but are not permitted in the R2, R4 and B4 zoning districts.

The pertinent zoning district classifications are described as follows:

#### **R2 — Two-Family Residential District**

The district is designed to protect and enhance those areas developed or likely to develop with single- or two-family dwellings. The district regulations are designed to promote a suitable environment for homes and for activities connected with family life. The only principal uses permitted by right are single- and two-family dwellings. Additional uses are conditional.

#### **R4 — Thoroughfare Residential District**

This district is designed to be used primarily on major or secondary thoroughfares where the major use of the property is for low-medium density residential dwellings characterized, primarily, by rental apartment dwellings. Among others, uses permitted by right include multiple-family dwellings, single- and two-family dwellings, and certain other residentially related uses which can function most advantageously where located on these thoroughfares. Medical and den-

tal clinics, motels or hotels, and certain types of nonprofit uses may be permitted on a conditional basis subject to appropriate findings and compliance with required standards.

#### **B4 - General Business District**

The B4 General Business District provides for business and commercial uses of a thoroughfare-oriented nature. In addition to these uses, other businesses, which may benefit by drawing part of their clientele from passing traffic are permitted. Additional uses, which may be successfully blended with permitted by-right uses, are conditional.

#### **M2 — Restricted Industrial District**

This district is designed for a wide range of industrial and related uses which can function with a minimum of undesirable effects. Industrial establishments of this type provide a buffer between residential districts and intensive industrial districts. New residential construction is excluded from this district with the exception of loft conversions of existing buildings and of residential uses combined in structures with permitted commercial uses. These requirements are both to protect residences from an undesirable environment and to ensure reservation of adequate areas for industrial development.

A Zoning Ordinance map amendment requires approval of the City Council after a public hearing and after receipt of a report and recommendation by the City Planning Commission. This Zoning Ordinance map amendment request is being considered consistent with the provisions of Article III, Division 3 of Chapter 61 of the 1984 Detroit City Code, the Detroit Zoning Ordinance.

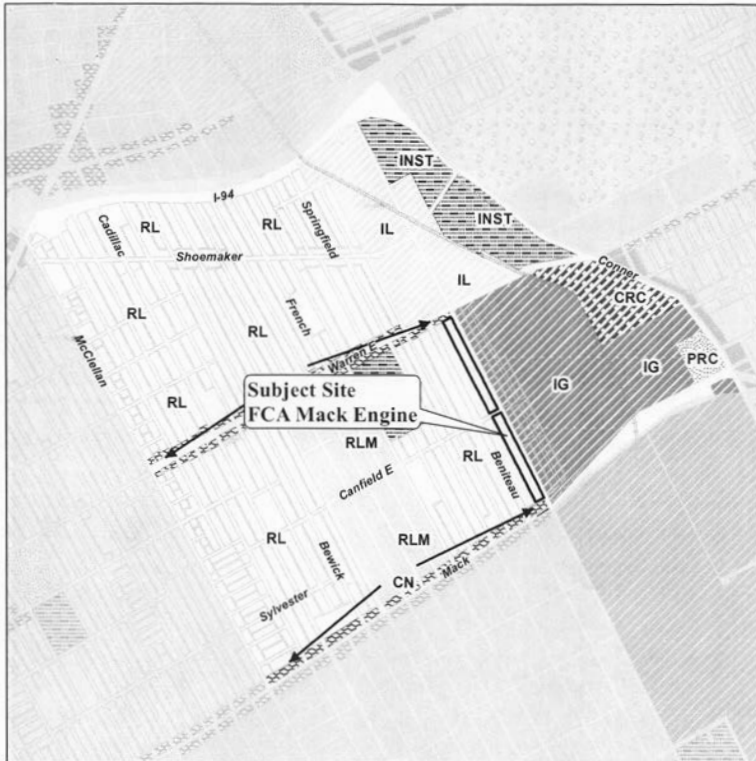

You may present your views on this proposal by attending this hearing, by authorizing others to represent you, or by writing to this office prior to the hearing; Two Woodward Avenue, Room 208, Detroit, Michigan 48226 (Fax: 313-224-4336). Honorable City Council:

Re: Petition #739: City Council President Brenda Jones on behalf of the congregation of Greater Grace Temple requesting that the intersection of West Seven Mile and Berg Street be assigned the secondary street name Bishop C. H. Ellis III Avenue.

Known as a leader "with a heart for people," Bishop C.L. Ellis III commitment to his church and the city of Detroit is well known. Under his leadership Greater Grace Temple have extended their outreach beyond its religious mandate to include but not limited to the establishment of two (2) Charter Schools (grades K- 8), 100 housing units for families and seniors, Montessori Day Care Center, a print shop and Television and Recording Studios.

The Historic Designation Advisory Board (HDAB) staff has reviewed the documentation submitted to the City Clerk's office by the petitioner for the establishment of a Secondary Street Sign. Upon review of the documentation submitted (see attachment) staff has determine that reasonable grounds has been provided and therefore has concluded that the petition meets the criteria for **Secondary Naming of Street in accordance with Article VII Sections 50-7-31 through Sections 50-7-50 of the 1984 Detroit City Code.**

**Criteria**

As stated in Chapter 50 of the 1984 Detroit City Code, *Streets, Sidewalks and Other Public Places, Article VII, Opening, Closing, Extending, Widening, Vacating, Naming and Renaming of Streets and Assigning Secondary Names to Streets.* A secondary street name designation may be sought to recognize a person who achieved prominence as a result of his or her significant, position, contributions to the City of Detroit, State of Michigan, the United States of America, or the international community.

1. Sites, buildings, structures where cultural, social, spiritual, economic, political, architectural history of the community, city, state or nation is particularly reflected or exemplified.

2. Sites, buildings, structures, which are identified with historic personages or with important events in the community, city, state or national history.

April 17, 2019

Honorable City Council:

Re: Approval to Accept \$392,722.38 Settlement from Section 108 Loan Payments and to pay future 108 Loan Defeasance

The City of Detroit Housing & Revitalization Department (HRD) requests two actions of the Council:

1) First, HRD requests for the acceptance of \$392,722.38 in payments to the City by Section 108 Loan payments from Garfield II Note 2 and Woodward Garden. The payments must be recorded as Community Development Block Grant (CDBG) Program Income.

2) The City plans to use these funds in a process called 'Defeasance'. The City will give the funds to a defeasance agent who will pay Section 108 payments during the coming fiscal year, meaning the City can avoid budgeting that funding in the next fiscal year. This defeasance of Section 108 notes will create new CDBG budget authority in future fiscal years.

Pursuant to discussions with the U.S. Department of Housing & Urban Development (HUD) field office in Detroit and Headquarters, the Department must send these dollars to a defeasance agent. The defeasance agent will hold these dollars and spend them to retire bi-annual loan payments until the loans are exhausted. This will allow the City to free up budget authority in future fiscal years. Please be advised that HUD requires that Section 108 settlement payments must be applied to loan obligations.

The Housing & Revitalization Department respectfully requests your Honorable Body's approval of the attached resolution with a Waiver of Reconsideration.

Respectfully submitted,

March 27, 2019

Honorable City Council:

Re: Transfer of Jurisdiction / Surplus of Real Property. Formerly 20250 Wisconsin, Detroit, MI 48221 / Johnson Rec. Center & Louis Playfield

The City of Detroit, General Services Department ("GSD") has recently requested that the Finance Department transfer jurisdiction of certain City-owned real property formerly known as 20250 Wisconsin, Detroit, MI and now known as a part of 8550 Chippewa, Detroit, MI (the "Property") to the Planning and Development Department ("P&DD") to administer as surplus real property.

The Property is currently zoned R1/ Single-Family Residential District and contains approximately 10.5 acres of

vacant land formerly known as Louis Playfield and a 20,500 square foot building formerly known as Johnson Recreation Center, which was officially closed by the City in 2006. The vacant building is surplus and GSD no longer has need for it. P&DD intends to assume jurisdictional control over the Property for sale to Bagley Real Estate LLC for use as an indoor/outdoor sports facility by the University of Detroit Jesuit.

Pursuant to Sec. 14-8-3 of the Detroit City Code, it is hereby requested by the Office of the Chief Financial Officer that Detroit City Council approve the transfer of jurisdiction over the Property to P&DD. Additionally, pursuant to Sec. 14-8-4, it is hereby requested by P&DD that the Property be deemed surplus and available for sale.

Respectfully submitted,

By Council Member Tate:

Whereas, The General Services Department ("GSD") has jurisdiction over certain City of Detroit real property located at the former address of 20250 Wisconsin, Detroit, MI and now a part of 8550 Chippewa, Detroit, MI (the "Property") as further described in the attached Exhibit A; and

Whereas, GSD has requested that the Finance Department transfer jurisdiction of the Property to the Planning & Development Department to administer as surplus real property; and

Whereas, The Planning & Development Department deems the Property not essential to the City and therefore requests that the real property be deemed surplus and be offered for sale/lease; now therefore be it

Resolved, That in accordance with § 14-8-3 of the Detroit City Code, Detroit City Council hereby approves the transfer of jurisdiction of the Property from the General Services Department to the Planning & Development Department; and be it further

Resolved, That in accordance with § 14-8-4 of the Detroit City Code, Detroit City Council hereby deems the Property surplus real property that may be offered for sale/lease by the Planning & Development Department.

**EXHIBIT B****COMMUNITY BENEFITS AGREEMENT  
(8550 Chippewa)**

This Community Benefits Agreement ("Agreement") is entered into as of its Effective Date, as hereinafter defined, by and between the City of Detroit ("City"), a Michigan municipal corporation acting through its Planning and Development Department ("P&DD"), and Bagley Real Estate LLC ("DEVELOPER"), a Michigan limited liability company. The City and the DEVELOPER may each be referred to herein as a "Party" or collectively as the "Parties", as applicable.

Whereas, DEVELOPER is undertaking the redevelopment of that certain property in the City of Detroit located at 8550 Chippewa, Detroit, MI, the legal description of which is attached as Exhibit A hereto (the "Property"), which is comprised of approximately 10.5 acres of vacant land and a 20,500 square foot building, into an indoor/outdoor sports facility for athletic and related programs of the DEVELOPER or its tenant (the "Project"); and

Whereas, The CITY acknowledges that the DEVELOPER's redevelopment of the Property alone constitutes a significant community benefit; and

Whereas, DEVELOPER committed to the CITY to follow a voluntary community engagement process with respect to construction of the Project; and

Whereas, DEVELOPER and the CITY

have completed the voluntary community engagement process by: (1) engaging in a series of community engagement public meetings and (2) drafting a community benefits list that summarizes the community benefits the DEVELOPER has committed to with respect to the Project; and

Whereas, DEVELOPER and the CITY desire to enter into this Agreement to define the community benefits that the DEVELOPER has committed to provide with respect to the Project; and

Now Therefore, the CITY and DEVELOPER agree as follows:

1. DEVELOPER will work with the CITY to create an advisory community (the "Advisory Committee") comprised of seven (7) members, including one (1) representative of the DEVELOPER, one (1) representative of the CITY and five (5) representatives comprised of the Presidents of the following certified neighborhood associations (the "Neighborhood Associations"):

- a. Oak Grove
- b. Garden Homes
- c. 8 Mile Emerge
- d. 8 Mile Old Timers
- e. Real 8 Mile

2. DEVELOPER shall maintain the names of Johnson Recreation Center and Joe Louis Playfield for those respective portions of the Property. DEVELOPER, or its tenant, will fulfill this obligation by providing and maintaining appropriate signage on the Property, at the DEVELOPER's sole cost and expense, to recognize such names.

3. DEVELOPER shall coordinate a series of yearly community service projects with the students and staff of University of Detroit Jesuit High School and Academy (the "School").

4. DEVELOPER shall collaborate with the Advisory Committee on community events that may be held at Property, pursuant to all rules and regulations for the Property established by DEVELOPER.

5. DEVELOPER will cause to be dedicated five (5) School scholarships annually to students in the community. Such scholarship applicants shall meet the School's entrance criteria. The boundaries in the City of Detroit for community applicants shall be 7 Mile Road to 8 Mile Road and Livernois to Wyoming.

6. DEVELOPER will make the Property available to Neighborhood Associations at a reduced rental cost at dates and times that do not otherwise interfere with athletic and related programs of the School.

7. DEVELOPER will make the building on the Property available to the Neighborhood Associations for their Neighborhood Association meetings no more than monthly at dates and times when the building is open and do not otherwise interfere with athletic and related pro-

grams of the School. DEVELOPER shall waive the rental fee for such Neighborhood Association meetings.

8. DEVELOPER will keep open lines of communications with the Neighborhood Associations.

9. DEVELOPER will implement summer camps and other activities at the Property and/or School throughout the year that the community may participate in.

10. DEVELOPER will make the Property a place for the community to enjoy.

11. DEVELOPER and the CITY each designate the following official representative, or such other designee as each party may identify from time to time to the other's official representative, for purposes of administering the terms of this Agreement:

A. CITY's Official Representative is: City of Detroit Planning & Development Department 2 Woodward, Suite 808 Detroit, MI 48226 Attn: Maurice Cox, Director coxm@detroitmi.gov

B. DEVELOPER's Official Representative is:

Bagley Real Estate, LLC 8400 South Cambridge Detroit, MI 48221 Attn: Fr. Theodore Munz, S.J.

12. Upon written request from the CITY's Official Representative, DEVELOPER will provide the CITY, but not more often than semi-annually, with a summary of the actions taken by DEVELOPER in compliance with sections 1 through 10 of this Agreement. The CITY may provide the information received from DEVELOPER pursuant to this section to the Advisory Committee.

13. In the event that the CITY believes that DEVELOPER has not materially complied with its obligations hereunder, the CITY's Official Representative shall notify the DEVELOPER's Official Representative in writing (or by e-mail) of its concern. The two Official Representatives shall meet and shall use their best efforts to work together to resolve any concerns of the CITY's Official Representative. If the concerns have not been resolved within sixty (60) calendar days of DEVELOPER Official Representative's receipt of the CITY's Official Representative's notice and the meeting, the CITY may enforce this Agreement in accordance with applicable law.

14. This Agreement will become effective upon approval by Detroit City Council and the issuance of a Certificate of Occupancy for the building and parking lot on the Property (the "Effective Date") and expire upon the earlier of: (i) the DEVELOPER's transfer or sale of the Property, if

ever; or (ii) ten (10) years from the date of this Agreement. This Agreement may only be amended by a written instrument executed by the parties hereto that has received separate approval by the Detroit City Council. This Agreement shall inure to the benefit of and be binding upon DEVELOPER's successors and assigns to the extent of their interest in the Property and during the term of this Agreement.

15. The obligations of DEVELOPER hereunder are further conditioned upon the DEVELOPER's acquisition of the Property.

The Parties have executed this Agreement as of the dates shown below, to be effective as of the Effective Date.

Re: Authorization to submit a grant application to the Michigan State Historic Preservation Office for the Certified Local Grant.

The Historic Designation Advisory Board in partnership with the General Services Department is hereby requesting authorization from Detroit City Council to submit a grant application to the Michigan State Historic Preservation Office for the Certified Local Government Grant. The amount being sought is \$36,000.00. The State share is \$36,000.00 of the approved amount, there is a required match of \$24,000.00. The total project cost is \$60,000.00.

The Certified Local Government Grant will enable the department to:

- To develop a Stabilization and Mothballing Plan for 26 buildings at Historic Fort Wayne.

If the application is approved, a cash match in the amount of \$18,386.00, and an in-kind administrative match of \$2,826.00 will be provided from appropriation 20507, with an additional in-kind administrative match in the amount \$2,788.00, coming from appropriation 00269.

We respectfully request your approval to submit the grant application by adopting the attached resolution.

Sincerely,  
RYAN FRIEDRICH

Director  
Officer of Developments and  
Grants Management

By Council Member Benson:

Whereas, The Historic Designation Advisory Board in partnership with the General Services Department has requested authorization from City Council to submit a grant application to the Michigan State Historic Preservation Office for the Certified Local Government Grant, in the amount of \$36,000.00 to develop a Stabilization and Mothballing Plan for 26 buildings at Historic Fort Wayne; and

Whereas, The General Services

Department has \$21,212.00 available in its fiscal year 2020 Departmental allocation in appropriation 20507, and the City Council Legislative Policy Division has \$2,788.00 available in its fiscal year 2020 Departmental allocation in appropriation 00269 for the City match requirement; and

Whereas, This request has been approved by the Office of Budget; now

Therefore Be It Resolved, The Historic Designation Advisory Board in partnership with the General Services Department is hereby authorized to submit a grant application to the Michigan State Historic Preservation Office.

Honorable City Council:

Re: A resolution to amend the Detroit Master Plan of Policies for the area bounded by Norfolk, Cherrylawn, Chippewa and Indiana Street to accommodate the development of a community recreation space (Master Plan Change #19).

Pursuant to the City of Detroit's City Charter (Section 8-102), the Planning and Development Department (P&DD) has submitted for your consideration and action a proposed Amendment to the Detroit Master Plan of Policies. Approval by your body and subsequent adoption by City Council of this resolution would accommodate changes in the Master Plan of Policies that would accommodate the development of a community recreation space.

**Location**

The subject area is bounded by Norfolk, Cherrylawn, Chippewa and Indiana Street. The proposed amendment is located in Neighborhood Cluster 10, Pembroke Neighborhood Area of the Master Plan of Policies.

**Existing Site Information**

The subject site is zoned R1 (Single-Family Residential District). The site is currently a park area with basketball courts on the northern end, a play-scape near the southeast corner and two baseball fields in the northeast and near the southwest corners. The area includes the vacant Johnson Recreation Center in the southeast corner and the vacant Higginbotham school in the southwest corner. The Master Plan Future Land Use designation for the site is Recreation (PRC).

**Surrounding Site Information**

The surrounding area is single-family residential with a church at the southeast

corner of Chippewa and Wisconsin. The area is zoned R1. The Master Plan Future Land Use designation for the surrounding area is Low Density Residential (RL).

**Project Proposal**

The Planning and Development Department is proposing an amendment to the Master Plan of Policies for the development of community recreation space. The University of Detroit Jesuit (UDJ) is proposing to acquire and redevelop the Johnson Recreation Center site. The Parks and Recreation Department has indicated that a declaration of surplus property will be submitted. The fields and buildings will serve as a community recreation space and amenity and house fitness, sports fields, and practice facilities for UDJ. Specifically, UDJ will design and construct three sports fields on the site. In addition to the land improvements, UDJ will design and construct improvements to the Johnson Recreation Center meeting rooms, locker rooms, and gymnasiums, including upgrades and/or replacements of the mechanical, electrical, plumbing, and fire suppression systems.

**Interpretation**

Impact on Surrounding Land Use

The proposed community recreation space will increase and improve recreation opportunities for the immediate neighborhood.

Impact on Transportation

The area is served by two DDOT routes: to the north along Eight Mile and to the west along Wyoming.

**Recommended Master Plan Amendment**

The Planning and Development Department requests this proposed Amendment to the Master Plan of Policies to accommodate the development of a community recreation space. The Planning and Development Department therefore requests that the proposed Future Land Use map in the Master Plan of Policies be changed for the area generally bounded by Norfolk, Cherrylawn, Chippewa and Indiana Street from Recreation (PRC) to Institutional (INST).

Respectfully submitted,

COMMUNITY RECREATION SPACE.**

By COUNCIL MEMBER TATE:

WHEREAS, The Detroit Master Plan of Policies, adopted July 28, 2009, consists of policies and methods for improving the City of Detroit as a place for people to live and work based upon their needs and desires; and

WHEREAS, The Detroit Master Plan of Policies is approved and adopted as a major reference for evaluating proposed development activities and/or action programs such as neighborhood plans, urban renewal plans, zoning amendments, property acquisition or disposition, and construction of public or private facilities; and

WHEREAS, The Detroit Master Plan of Policies is continuously studied and amended as needed to reflect the desires of residents, businesses, and industries of the City of Detroit; and

WHEREAS, The Planning & Development Department requests that the future general land use in the Master Plan of Policies be amended for the approximately sixteen acre site bounded by Norfolk, Cherrylawn, Chippewa and Indiana Streets; and

WHEREAS, The proposed Amendment will accommodate the redevelopment of site as a community recreation space including fitness, sports fields, and practice facilities.

NOW, THEREFORE, BE IT RESOLVED, The Detroit Master Plan of Policies is amended as follows:

The only map to be modified is the Neighborhood Cluster 10, Pembroke Neighborhood Area Map 10-4B: for the area bounded by Norfolk, Cherrylawn, Chippewa and Indiana Streets, which is now shown as Recreation (PRC) is changed to show Institutional (INST).

Adopted as follows:

Honorable City Council

Re: Property Sale by Development Agreement 8550 Chippewa, Detroit, MI 48221.

The City of Detroit, Planning and Development Department (“P&DD”) has received an offer from Bagley Real Estate LLC (“Purchaser”), a Michigan limited liability company, to purchase certain City-owned real property at 8550 Chippewa, Detroit, MI (the “Property”) for the purchase price of Six Hundred Twenty Five Thousand and 00/100 Dollars (\$625,000.00).

The Purchaser proposes to develop the Property into an indoor/outdoor sports

facility for use by the University of Detroit Jesuit for its athletic programs with potential for certain public use. Currently, the Property is within an R1 zoning district (Single-Family Residential). The Purchaser's use of the Property shall be consistent with the allowable uses for which the Property is zoned.

In anticipation of the proposed development of the Property, the Purchaser participated in a series of community engagement meetings facilitated by P&DD to address concerns of the future use of the Property. As a product of such community engagement, the Purchaser has agreed to provide certain benefits to the community that are codified in a Community Benefits Agreement (the "CB Agreement"). The CB Agreement is provided with the attached resolution.

We hereby request that your Honorable Body adopt the attached resolution to: 1) authorize the Director of P&DD to execute a development agreement, deed and such other documents as may be necessary or convenient to effect a transfer of the Property by the City to the Purchaser and 2) approve the CB Agreement.

Respectfully submitted,

JANET L. ATTARIAN

Deputy Director

By Council Member Tate:

Now, Therefore, Be It Resolved, That Detroit City Council hereby approves of the sale by development agreement of certain real property at 8550 Chippewa, Detroit, MI (the "Property"), as more particularly described in the attached Exhibit A incorporated herein, to Bagley Real Estate LLC ("Purchaser"), a Michigan limited liability company, for the purchase price of Six Hundred Twenty Five Thousand and 00/100 Dollars (\$625,000.00); and be it further

Resolved, That the Planning and Development Department ("P&DD") Director, or his authorized designee, is authorized to execute a development agreement and issue a quit claim deed for the sale of the Property, as well as execute such other documents as may be necessary or convenient to effect the transfer of the Property to Purchaser consistent with this resolution; and be it further

Resolved, That the development agreement shall obligate Purchaser to develop the Property into an indoor/outdoor sports facility; and be it further

Resolved, That the following Property Sales Services Fees be paid from the sale proceeds pursuant to the City's Property Management Agreement with the Detroit Building Authority ("DBA"): 1) Thirty Seven Thousand Five Hundred and 00/100 Dollars (\$37,500.00) shall be paid to the DBA from the sale proceeds, 2) Thirty One Thousand Two Hundred Fifty and 00/100 Dollars (\$31,250.00) shall be paid to the DBA's real estate brokerage

firm from the sale proceeds and 3) customary closing costs up to Five Hundred and 00/100 Dollars (\$500.00) shall be paid from the sale proceeds; and be it further

Resolved, That the P&DD Director, or his authorized designee is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deed (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Property, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it finally

Resolved, That the development agreement and quit claim deed will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form; and be it further

Resolved, That the Community Benefits Agreement in the attached Exhibit B incorporated herein is hereby approved by Detroit City Council; and be it finally

Resolved, That the P&DD Director, or his authorized designee, is hereby authorized to execute the aforementioned Community Benefits Agreement.

AUTHORITY FOR THE  
SOMA REDEVELOPMENT PROJECT  
City of Detroit**

**County of Wayne, Michigan**

By COUNCIL MEMBER BENSON:

WHEREAS, Pursuant To 381 Pa 1996, As Amended ("Act 381"), The City of Detroit Brownfield Redevelopment Authority ("Authority") has been established by resolution of the City Council of the City of Detroit (the "City") for the purpose of promoting the revitalization of eligible properties in the City; and

WHEREAS, Under Act 381 the Authority is authorized to develop and propose for adoption by City Council a brownfield

plan for one (1) or more parcels of eligible property; and

WHEREAS, Pursuant to the resolution establishing the Authority and the bylaws of the Authority, the Authority has submitted a proposed Brownfield Plan for the SOMA Redevelopment Project (the "Plan"); and

WHEREAS, The Authority submitted the Plan to the Community Advisory Committee for consideration on March 13, 2019, per the provisions of the resolution establishing the Authority, and a public hearing was conducted by the Authority on March 25, 2019 to solicit comments on the proposed Plan; and

WHEREAS, The Community Advisory Committee recommended approval of the Plan on March 13, 2019; and

WHEREAS, The Authority approved the Plan on March 27, 2019 and forwarded it to the City Council with a request for its approval of the Plan; and

WHEREAS, The required notice of the public hearing on the Plan was given in accordance with Section 13 of Act 381; and

WHEREAS, The City Council held a public hearing on the proposed Plan on May 2, 2019.

NOW, THEREFORE, BE IT RESOLVED, That:

1. **Definitions.** Where used in this Resolution the terms set forth below shall have the following meaning unless the context clearly requires otherwise:

"Eligible Activities" Or "Eligible Activity" shall have the meaning described in Act 381.

"Eligible Property" means the property designated in the Plan as the Eligible Property, as described in Act 381.

"Plan" means the Plan prepared by the Authority, as transmitted to the City Council by the Authority for approval, copies of which Plan are on file in the Office Of The City Clerk.

"Taxing Jurisdiction" shall mean each unit of government levying an ad valorem property tax on the Eligible Property.

2. **Public Purpose.** The City Council hereby determines that the Plan constitutes a public purpose.

3. **Best Interest Of The Public.** The City Council hereby determines that it is in the best interests of the public to promote the revitalization of environmentally distressed areas In The City To Proceed With The Plan.

4. **Review Considerations.** As Required By Act 381, The City Council Has In Reviewing The Plan Taken Into Account The Following Considerations:

(a) Portions of the property designated in the Plan meets the definition of Eligible Property, as described in Act 381, including consideration of the criteria of "facility" as defined in Act 381;

(b) The Plan meets the requirements set forth in section 13 of Act 381.

(c) The proposed method of financing the costs of eligible activities is feasible and the Authority has the ability to arrange the financing.

(d) The costs of eligible activities proposed are reasonable and necessary to carry out the purposes of Act 381.

(e) The amount of captured taxable value estimated to result from adoption of the Plan is reasonable.

5. **Approval and Adoption of Plan.** The Plan as submitted by the Authority is hereby approved and Adopted. A copy of the Plan and all amendments thereto shall be maintained on file in the City Clerk's office.

6. **Preparation of Base Year Assessment Roll for the Eligible Property.**

(a) Within 60 days of the adoption of this Resolution, the City Assessor shall prepare the initial Base Year Assessment Roll for the Eligible Property in the Plan. The initial Base Year Assessment Roll shall list each Taxing Jurisdiction levying taxes on the Eligible Property on the effective date of this Resolution and the amount of tax revenue derived by each Taxing Jurisdiction from ad valorem taxes on the Eligible Property, excluding millage specifically levied for the payment of principal and interest of obligations approved by the electors or obligations pledging the unlimited taxing power of the local governmental unit.

(b) The City Assessor shall transmit copies of the initial Base Year Assessment Roll to the City Treasurer, County Treasurer, Authority and each Taxing Jurisdiction which will have Tax Increment Revenues captured by the Authority, together with a notice that the Base Year Assessment Roll has been prepared in accordance with this Resolution and the Plan approved by this Resolution.

7. **Preparation of Annual Base Year Assessment Roll.** Each year within 15 days following the final equalization of the Eligible Property, the City Assessor shall prepare an updated Base Year Assessment Roll. The updated Base Year Assessment Roll shall show the information required in the initial Base Year Assessment Roll and, in addition, the Tax Increment Revenues for each Eligible Property for that year. Copies of the annual Base Year Assessment Roll shall be transmitted by the Assessor to the same persons as the initial Base Year Assessment Roll, together with a notice that it has been prepared in accordance with the Plan.

8. **Establishment of Project Fund; Approval of Depository.** The Authority shall establish a separate fund for the Eligible Property subject to this Plan, which shall be kept in a depository bank

account or accounts in a bank or banks approved by the Treasurer of the City. All moneys received by the Authority pursuant to the Plan shall be deposited in the Project Fund for the Eligible Property. All moneys in the Project Fund and earnings thereon shall be used only in accordance with the Plan and Act 381.

9. Use of Moneys in the Project Fund. The moneys credited to the Project Fund and on hand therein from time to time shall be used annually to first make those payments authorized by and in accordance with the Plan and any development agreement governing such payments and then to the Local Brownfield Revolving Fund, as authorized by Act 381:

10. Return of Surplus Funds to Taxing Jurisdictions. The Authority shall return all surplus funds not deposited in the Local Brownfield Revolving Fund proportionately to the Taxing Jurisdictions.

11. Payment of Tax Increment Revenues to Authority. The municipal and the county treasurers shall, as ad valorem and specific local taxes are collected on the Eligible Property, pay the Tax Increment Revenues to the Authority for deposit in the Project Fund. The payments shall be made not more than 30 days after the Tax Increment Revenues are collected.

12. Disclaimer. By adoption of this Resolution and approval of the Plan, the City assumes no obligation or liability to the owner, developer, lessee or lessor of the Eligible Property for any loss or damage that may result to such persons from the adoption of this Resolution and Plan. The City makes no guarantees or representations as to the ability of the Authority to capture tax increment revenues from the State and local school district taxes for the Plan.

13. Repealer. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.

14. The City Clerk is requested to submit four (4) certified copies of this Resolution To The DBRA, 500 Griswold Street, Suite 2200, Detroit, MI 48226

**Department of Public Works City Engineering Division**

April 8, 2019

Honorable City Council:  
Re: Petition No. 639 — Pope Francis Center, request to vacate easements for the property located at 3769 Canfield Street.

Petition No. 639 — Pope Francis Center, request to vacate all remaining easements in the Block bounded by Canfield Avenue, 60 feet wide, Garfield Avenue, 60 feet wide, Ellery Street, 60 feet wide, and Mt. Elliott Avenue, 60 feet wide.

The request is being made to render the parcel of land unencumbered for a

future development. The alleys in the block have been previously vacated with subsurface easements and sewer easements. Resolutions previously approved by your Honorable Body include: 1) Alley vacation approved on October 15, 1929 and dedication accepted October 29, 1929. 2) Alleys vacated reserving a sewer easement approved October 9, 1962 on J.C.C. pg. 2331. 3) Alleys vacated reserving a subsurface utility easement approved January 25, 1978 on J.C.C. pgs. 160-162.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

Detroit Water and Sewerage Department (DWSD) has no objection to the vacation provided certain provisions are met. The DWSD provisions are a part of the attached resolution.

All other involved City departments and privately owned utility companies have reported no objections to the vacation. Provisions protecting the rights of the utilities and the City are a part of this resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.

City Engineer

City Engineering Division — DPW  
City Council Member Benson:

Be and the same are hereby vacated (outright) as public rights-of-way/ease-

ments to become part and parcel of the abutting property, subject to the following provisions:

Provided, That petitioner/property owner make satisfactory arrangements with any and all utility companies for cost and arrangements for the removing and/or relocating of the utility companies and city departments services or granting of private easements for specific utility companies, if necessary, and further

Provided, That the petitioner shall design and construct proposed sewers and to make the connections to the existing public sewers as required by Detroit Water and Sewerage Department (DWSD) prior to construction of the proposed sewers, and further

Provided, That the plans for the sewers shall be prepared by a registered engineer; and further

Provided, That DWSD be and is hereby authorized to review the drawings for the proposed sewers and to issue permits for the construction of the sewers; and further

Provided, That the entire work is to be performed in accordance with plans and specifications approved by DWSD and constructed under the inspection and approval of DWSD; and further

Provided, That the entire cost of the proposed sewers construction, including inspection, survey and engineering shall be borne by the petitioner; and further

Provided, That the petitioner shall deposit with DWSD, in advance of engineering, inspection and survey, such amounts as the department deems necessary to cover the costs of these services; and further

Provided, That the petitioner shall grant to the City a satisfactory easement for the sewers, and further

Provided, That the Board of Water Commissioners shall accept and execute the easement grant on behalf of the City, and further

Provided, That the petitioner shall provide a one (1) year warranty for the proposed sewers, and further

Provided, That upon satisfactory completion, the sewers shall become City property and become part of the City system. And any existing sewers that were abandoned shall belong to the petitioner and will no longer be the responsibility of the City; and further

Provided, That any construction in the public rights-of-way such as curbs and sidewalks shall be done under city permit and inspection according to City Engineering Division - DPW specifications with all costs borne by the abutting owner(s), their heir or assigns; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

 April 9, 2019

Honorable City Council:  
 Re: Recommendation For Deferral.  
 Address: 6380 Ashton. Name: Vendee Mortgage Trust 2003-1.  
 Demolition Ordered: September 18, 2018 (J.C.C. pgs \_\_\_\_).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engi-

neering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on April 4, 2019 revealed that the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, we respectfully recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.
2. BSEED will schedule a Progress

Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding three (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
DAVID BELL  
Director

By Council Member Benson:

Resolved, That resolution adopted September 18, 2018 (J.C.C. pgs. \_\_\_\_ ) for the removal of dangerous structures at various locations, be and the same are hereby amended for the purpose of deferring the removal orders for dangerous structures, only at 6380 Ashton, for a period of six (6) months, in accordance with the one (1) foregoing communication.

**Department of Public Works  
City Engineering Division**

April 11, 2019

Honorable City Council:

Re: Petition No. 678 — Bagley Forest Property LLC, request permission to vacate a strip of right-of-way for the placement of a new transformer for an ongoing project on the corner of Livernois and Seven Mile.

Petition No. 678 — Bagley Forest Property LLC, request to vacate the east 15 feet of Stoepel, 100 feet wide, from Seven Mile Road, 86 feet wide, to the east-west alley, 20 feet wide, first south of Seven Mile Road.

The request is being made to accommodate a transformer for DTE, and as part of the work, new curbs, sidewalks and landscaping will be installed in compliance with City of Detroit’s zoning ordinance.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

Detroit Water and Sewerage Department (DWSD) has no objection to the vacation provided certain provisions are

met. The DWSD provisions are a part of the attached resolution.

All other involved City departments and privately owned utility companies have reported no objections to the vacation. Provisions protecting the rights of the utilities and the City are a part of this resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.

City Engineer

City Engineering Division — DPW  
By Council Member Benson:

Resolved, That the east 15 feet of Stoepel, 100 feet wide, from Seven Mile Road, 86 feet wide, to the east-west alley, 20 feet wide, first south of Seven Mile Road; all being land in the City of Detroit, Wayne County, Michigan further described as: The East 15 feet of Stoepel Avenue, 100 feet wide, lying westerly of and adjoining the westerly line of Lot 5, and the full width of the vacated alley adjoining, 18 feet wide “Canterbury Gardens being a Subdivision of the NE 1/4 of Sec. 9, T.1S., R.11E. Greenfield Township, Wayne County, Michigan” as recorded in Liber 37, Page 65 of Plats, Wayne County Records.

Be and the same is hereby vacated (outright) as public right-of-way to become part and parcel of the abutting property, subject to the following provisions:

Provided, That petitioner/property owner make satisfactory arrangements with any and all utility companies for cost and arrangements for the removing and/or relocating of the utility companies and city departments services or granting of private easements for specific utility companies, if necessary, and further

Provided, That the petitioner shall design and construct proposed sewers and to make the connections to the existing public sewers as required by Detroit Water and Sewerage Department (DWSD) prior to construction of the proposed sewers, and further

Provided, That the plans for the sewers shall be prepared by a registered engineer; and further

Provided, That DWSD be and is hereby authorized to review the drawings for the proposed sewers and to issue permits for the construction of the sewers; and further

Provided, That the entire work is to be performed in accordance with plans and specifications approved by DWSD and constructed under the inspection and approval of DWSD; and further

Provided, That the entire cost of the proposed sewers construction, including inspection, survey and engineering shall be borne by the petitioner; and further

Provided, That the petitioner shall deposit with DWSD, in advance of engi-

neering, inspection and survey, such amounts as the department deems necessary to cover the costs of these services; and further

Provided, That the petitioner shall grant to the City a satisfactory easement for the sewers, and further

Provided, That the Board of Water Commissioners shall accept and execute the easement grant on behalf of the City, and further

Provided, That the petitioner shall provide a one (1) year warranty for the proposed sewers, and further

Provided, That upon satisfactory completion, the sewers shall become City

property and become part of the City system. And any existing sewers that were abandoned shall belong to the petitioner and will no longer be the responsibility of the City; and further

Provided, That any construction in the public rights-of-way such as curbs and sidewalks shall be done under city permit and inspection according to City Engineering Division — DPW specifications with all costs borne by the abutting owner(s), their heir or assigns; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

**RESOLUTION**

By: COUNCIL MEMBER McCALISTER, JR., joined by COUNCIL MEMBERS SHEFFIELD and COUNCIL PRESIDENT JONES:

WHEREAS, Mental health conditions are a leading cause of disability in the United States and affect millions of children, adolescents and adults in Michigan.

WHEREAS, Mental illness includes such conditions as depression, anxiety, bipolar disorder and post-traumatic stress disorders.

WHEREAS, According to the National Institute of Health, it is estimated that some 16 million American adults suffer from a major depressive disorder in a given year. Additionally, 223 million, 70% of the population, experience a traumatic event during their life, of those 20%, or 44.7 million Americans, develop PTSD; THEREFORE BE IT

RESOLVED, During the month of May, the Detroit City Council joins the rest of the nation in recognizing the need to confront the mental health and opioid epidemic in our country by speaking out and raising awareness of the issues and services related to mental health. Sharing personal experiences can help dispel stigmas and create pathways to treatment for those in need of help. This epidemic is one that requires a holistic approach, medicine and the medical community are only one part of it.

BE IT FURTHER RESOLVED, That in May, and throughout the year, we urge all Americans to raise their voices and share their stories in order to help combat this crisis.

Adopted as follows:

Yeas — Council Members Benson, Castañeda-Lopez, Leland, McCalister, Jr., Sheffield, Spivey, Tate and President Jones — 8.

Nays — None.

**RESOLUTION TO DECLARE MAY 17, 2019 AS BIKE TO WORK DAY AND THE MONTH OF MAY AS BICYCLE AWARENESS MONTH**

By COUNCIL MEMBER BENSON:

WHEREAS, Today, millions of Americans engage in bicycling as an environmentally friendly, sound-form of transportation, an excellent form of exercise that provides quality family recreation; and

WHEREAS, Many studies show the

benefit to local economies from cyclists buying local goods and services when communities support cycling infrastructure; and

WHEREAS, The Detroit City Council supports the efforts of the Detroit Greenways Coalition, in their mission to promote biking, walking, and trail development throughout Detroit, along with pedestrian safety education programming, as they endeavor to reduce accidents, injuries and fatalities to those participating in these activities; and

WHEREAS, As of April 2019, the City has installed more than 240 miles of bike lanes, compared to 13 miles of bikes lanes offered in 2007, which signifies the city's new commitment to neighborhood planning for biking, in addition to providing a variety of amenities including expanded sidewalks, bicycle lanes, improved lighting — all to revive the City's neighborhoods; and

WHEREAS, City Council recognizes the social and economic value of bicycle and pedestrian activity as a mechanism for improving the health and enjoyment of its citizens and to transform Detroit into a more vibrant place to live, work and visit; and

WHEREAS, Through this legislative initiative, City Council continues to promote and encourage strong bicycle-friendly activities, acknowledging that bicycling is a safe and welcomed means of transportation; NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council, hereby declares the month of May 2019, as Bicycle Awareness Month, and May 17, 2019 as Bike to Work Day in the city of Detroit and encourage all to enjoy Detroit via the bicycle.

**RESOLUTION TO DECLARE MAY 2019 AS BRAIN TUMOR AWARENESS MONTH IN THE CITY OF DETROIT**

By COUNCIL PRESIDENT JONES, joined by COUNCIL MEMBERS McCALISTER, JR. and SHEFFIELD:

WHEREAS, Brain Tumors, specifically Glioblastoma, have become recognized in recent years as one of the deadliest cancers; and

WHEREAS, There are an estimated 760 new diagnoses of brain tumors in Michigan in 2019, and an estimated 600 Michigan residents will die from a brain tumor in 2019. Brain tumors can be deadly and can severely impact the quality of life of those fortunate enough to survive this disease. Brain cancer continues to be the leading cause of cancer deaths among children and young adults; and

WHEREAS, Brain tumors have the

highest per-patient initial cost of care for any cancer group with an annualized mean net cost of care in 2010 US dollars at well over \$100,000; and

WHEREAS, More than any other cancer, brain tumors can have lasting and life-altering physical, cognitive, and psychological impacts on a patient's life.

WHEREAS, The State of Michigan has attained national recognition as a leading center of excellence in the field of brain tumor treatment and research as a result of the number of patients traveling to Michigan for clinical trial participation, grant dollars locally used to create jobs, and professionals specializing in brain tumors across the state; and

WHEREAS, Detroit is proud to be home to high level brain cancer centers such as the Hermelin Brain Tumor Center, Children's Hospital of Michigan and others. We encourage Detroit residents to continue to be vigilant and proactive when it comes to their healthcare; and

WHEREAS, Despite the numbers of brain tumors diagnosed annually, and their devastating prognosis, there have only been four (4) FDA approved drugs and one device to treat brain tumors in the past thirty years; and

WHEREAS, To date, there have been no drugs developed and approved specifically for malignant pediatric brain tumors. The four FDA approved drugs for brain tumors have provided only incremental improvements to patient survival, and mortality rates have remained relatively unchanged over the past 30 years; NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council designates May 2019 as Brain Tumor Awareness Month in the City of Detroit.

**TESTIMONIAL RESOLUTIONS AND SPECIAL PRIVILEGE**

**TESTIMONIAL RESOLUTION FOR BISHOP PHILLIP AQUILLA "P.A." BROOKS "Celebrating 66 Years as Pastor and Founder"**

By ALL COUNCIL MEMBERS:

WHEREAS, Bishop P.A. Brooks founded New St. Paul Tabernacle Church of God In Christ (COGIC) in 1953. From humble beginnings, the ministry has grown to an impressive record of accomplishments and service to God and the community. A devoted family man, Bishop Brooks and his lovely wife, Missionary

Doris Brooks have been married since 1952. They are the parents of two children; daughter, Evangelist Faith Brooks and son, Minister Phillip Brooks II. Bishop and Mrs. Brooks are the proud grandparents of two granddaughters, Candace and Katrina, and one grandson, Phillip III; and

WHEREAS, Bishop Brooks faith, obedience and commitment to the Word of God is the foundation for his service within the Kingdom of God. These basic characteristics are the driving force behind his love for the COGIC and for the community at large. In the late 1960's, then Elder Brooks founded and hosted the March of Faith radio broadcast. He proclaimed the Word of God every Sunday morning over the airwaves. In 1975, he was appointed Jurisdictional Prelate of the Historic First Ecclesiastical Jurisdiction of Michigan, commonly known as, the Northeast Michigan Jurisdiction. That same year, he established the March of Faith television broadcast. Bishop Brooks was the first African American pastor to broadcast on television in Detroit. The broadcast aired on WGPR Channel 62, which was the first Black-owned television station in the country. The March of Faith Broadcast Ministry continues today, both on radio and television; and

WHEREAS, Bishop Brooks expanded his local ministry into a variety of community outreach programs. He founded the Grandmont-Rosedale Christian Day School, for grades K through 8 and the New St. Paul Tabernacle Headstart Agency, which became the model for headstart programs in the City of Detroit, with 11 affiliated centers. Bishop Brooks also established the New St. Paul Non-Profit Housing Corporation, which built the Faith Manor Senior Apartments on the campus of New St. Paul Tabernacle; and

WHEREAS, During his ministerial career, Bishop Brooks has forged a path which distinguishes him as one of the most respected leaders in the COGIC. His vision has helped transform the church, while at the same time, upholding COGIC traditions. Bishop Brooks is continually working for the strength and credibility of the COGIC, both regionally and nationally. As part of his duties on the General Board, Bishop Brooks has been called upon to serve as Interim Bishop in at least 11 different states (Michigan, New York, Illinois, Ohio, Kansas, Oklahoma, Nebraska, Missouri, Florida, Massachusetts, and Pennsylvania). He also serves as Dean of the COGIC Episcopal Academy, teaching classes for newly installed Bishops each October at All Saints College in Memphis, Tennessee. In 2007, Bishop Brooks was elected Second Assistant Presiding Bishop of the COGIC. In 2009, under Presiding Bishop Charles E. Blake Sr., he was elevated to First Assistant Presiding Bishop, an office through which he continues to serve the church today.

Bishop Phillip Aquilla "P.A." Brooks is a notable leader for our time and a man of great spiritual depth, faith, obedience and commitment NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, joins with friends and members to congratulate Bishop Phillip Aquilla "P.A." Brooks on this momentous occasion, celebrating 66 Years as the Founder and Pastor of New St. Paul Tabernacle Church Of God In Christ.

#### TESTIMONIAL RESOLUTION FOR

#### BRO. A. REGINALD BEST, JR. 10th Pastoral Anniversary

#### Elmwood Park Church of Christ

By ALL COUNCIL MEMBERS:

WHEREAS, Bro. A. Reginald Best, Jr., has been the Senior Minister of Elmwood Park Church of Christ since November 2008. Before coming to the Elmwood Park Church of Christ, he was blessed to serve and train within the ranks of other area congregations known for their deep spiritual roots. He has a tremendous passion for God's word, coupled with a love of God's people. Bro. Best has a spirit of generosity that flows through every facet of his ministry; and

WHEREAS, A native of Detroit, Michigan, he began his religious studies at Michigan Christian College in Rochester, Michigan, and later went on to earn a Bachelor of Arts in Industrial/Organizational Psychology and Master of Arts in Education, both from Wayne State University. Bro. Best is a former teacher and administrator with Detroit Public Schools, and has also held positions at several major universities. He is actively involved with the Detroit Police Department as a Chaplain, and serves on the Board of Director's for Michigan Christian Youth Camp, in Lapeer, Michigan; and

WHEREAS, Bro. A. Reginald Best, Jr., has overseen a number of programs that connect the church with the community. He recently adopted the Leroy Dues Park, adjacent to the church, and has led a community effort to maintain, clean and beautify the park. Bro. Best has hosted a community forum on "Crisis Among Black Males", DTE Energy Forum to assist those who are struggling with energy bill payments, the Youth Development Commission Employment fairs for Detroit youth and Make the Move to Improve Basketball program for boys and girls ages 7-18; with plans to start a summer

softball league, tennis and basketball camp for youth in the near future; and

WHEREAS, Bro. A. Reginald Best, Jr., believes that the church is the vehicle of change, and it is our responsibility to improve conditions in our community by holding firmly to Matthew 28:10 "Go ye therefore and teach all nations". Bro. Best loves God with his whole heart and enjoys attending and participating in fruitful Christian works and activities. He humbly embraces the profound truth that he is nothing without almighty God and is especially thankful to God for Elmwood Park Church of Christ, his family and his true friends in the Gospel. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and Office of Council President Brenda Jones, along with Elmwood Park Church of Christ, family and friends would like to take this time to extend Congratulations to Bro. A. Reginald Best Jr., on this wonderful occasion. May God continue to bless you in abundance!

#### TESTIMONIAL RESOLUTION FOR

#### ST. PHILLIPS MISSIONARY BAPTIST CHURCH "50 Years of Service"

By ALL COUNCIL MEMBERS:

WHEREAS, In the year of 1969 Reverend Theron Hodges, Sr. conducted devotional services for his young, newly formed congregation. In May of that same year a dream became a reality when St Phillips Missionary Baptist Church officially registered with the State of Michigan and stands open to this day after 50 years of service; and

WHEREAS, During that time, under the leadership of the Reverend Theron Hodges, St Phillips grew and installed 92 members, including 1 Deacon, 1 Trustee, and 19 Auxiliaries; and

WHEREAS, In the year 1972, the congregation was able to purchase the church and in two short years extended and modernized it, including the auditorium, to allow a seating capacity of 250 members. By 1975 the exterior portion of the Church was modernized and in January 1976, as membership continued to grow, the auditorium was again expanded to accommodate 350 members and the creation of the Church's beautiful and elegant modern day sanctuary; and

WHEREAS, In 1979, more blessings came to the Church through Mr. and Mrs.

O.B. House. Property was donated to provide a parking lot Then in August of 1979 a larger parking lot was obtained. That same year, two adjoining buildings were purchased and through many hours of laboring those buildings were converted into a fellowship hall. By November of that following year, St. Phillips began a renovation of the interior part of the Church. By May of 1981 the members of St. Phillips returned to celebrate and worship; and

WHEREAS, St. Phillips Missionary Baptist Church continued to grow and the need for expansion arose again. In October of 1986, ground was broken to initiate the expansion. The auditorium was enlarged to allow for the seating capacity of 600 members. In 1987 a food pantry was begun to support homeless citizens. From 1995 until present day, St. Philips had several more successful resolutions. In 2003, the congregation came under the leadership of Pastor Reverend Alvin D. Hodges Sr. Under his leadership 25 new deacons and 2 ministers have been ordained, a Youth Department has been created. THEREFORE, LET IT BE

RESOLVED, That the Councilman Roy McCalister, Jr, and the Detroit City Council Members, do hereby commend St. Phillips Missionary Baptist Church for 50 years of outstanding service and dedication to the people of the City of Detroit May God continue to bless St Phillips', by sending lost sheep from out of the wilderness, that they will find salvation within their sacred doors. GOD BE THE GLORY!

Honorable City Council:

Re: Parkview II/MHT Limited Dividend Housing Association Limited Liability Company-Payment in Lieu of Taxes (PILOT)

MHT Housing, Inc. has formed Parkview II/MHT Limited Dividend Housing Association Limited Liability Company in order to develop the Project known as Parkview II. The Project is an existing one hundred ninety-nine (199) senior units located in a single, fifteen-story building in an area bounded by Antietam on the north, Chene on the east, Lafayette on the south and St. Aubin on the west.

The rehabilitation Project will include one hundred seventy-one (171) 1 bedroom/1 bath and twenty-eight (28) studio apartments of four hundred thirty-one (431) square feet each. Twenty (20) units will be converted to meet "Barrier Free" standards. Except for the conversion of the Barrier Free units, no tenant will be displaced during the renovation.

A construction loan in the amount of \$13,600,000 will be provided by JPMorgan Chase Bank N.A. and a permanent mortgage loan in the amount of \$5,551,578 will be provided by Cinnaire Investment Corporation. City Real Estate Advisors, LLC will make Capital Contributions of \$11,584,163 which includes the purchase of Low Income Housing Tax Credits. Additionally, the Sponsor has agreed to defer \$708,020 of the developer fee.

Rents for all units have been set at or below sixty percent (60%) of the area median income, adjusted for family size. Additionally, forty-two (42) units are covered by a Section 8 contract where rents are structured so that residents contribute only thirty percent (30%) of their adjusted gross income minus a utility allowance towards the rent amount. All one hundred ninety-nine (199) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A). Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of seven percent (7%) of the annual net shelter rent obtained from this housing project.

Respectfully submitted,  
ALVIN HORHN  
Deputy CFO/Assessor

By Council Member Spivey:

Whereas, Pursuant to the provisions of the Michigan State Housing Development Act, Act 346 of the Public Acts of 1966, as amended, being MCL 125.1401 se seq. (the "Act"), a request for exemption from property taxes has been received on behalf of MHT Housing, Inc. (the "Sponsor"); and

Whereas, A housing project as defined in the Act is eligible for exemption from property taxes under Section 15a of the Act (MCL 125.1415a) if the Michigan State Housing Development Authority ("MSHDA") provides funding for the housing project, or if the housing project is funded with a federally-aided mortgage as determined by MSHDA; and

Whereas, Section 15a of the Act (MCL 125.1415a) provides that the local legislative body may establish by ordinance the service charge to be paid in lieu of taxes, commonly known as a PILOT; and

Whereas, The City of Detroit has adopted Ordinance 9-90, as amended, being Sections 18-9-10 through 18-9-16 of the Detroit City Code to provide for the exemption from property taxes of eligible housing projects and to provide for the amount of the PILOT for said housing projects to be established by resolutions of the Detroit City Council after review and report by the Board of Assessors; and

Whereas, The Sponsor is proposing to undertake the rehabilitation of an existing housing project to be known as Parkview II consisting of the rehabilitation of one hundred ninety-nine (199) units in a building located on one (1) parcel of property owned or to be acquired by the Sponsor as described by street address and tax parcel in Exhibit A to this resolution, with all one hundred ninety-nine (199) units for low and moderate income housing (the "Project"); and

Whereas, The purpose of the Project is to serve low to moderate income persons as defined by Section 15a(7) of the Act, being MCL 125.1415a(7); and

Whereas, MSHDA has provided notice to the Sponsor that it intends to approve federal-aided financing for the Project in the form of Low Income Housing Tax Credits, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

Whereas, Pursuant to Section 15a of the Act, being MCL 125.1415a(1), the tax exemption is not effective until the Sponsors first obtain MSHDA certification that the housing project is eligible for exemption, and files an affidavit, as so certified by MSHDA, with the Board of Assessors; and

Whereas, Pursuant to Section 18-9-13(G) of the Detroit City Code, the tax exemption shall be effective on adoption, with the tax exemption and PILOT payment to occur only upon bona fide use and physical occupancy by persons and families eligible to move into the project, in accordance with the Act, which must occur as of December 31 of the year preceding the tax year in which the exemption is to begin;

Now, Therefore, Be It

Resolved, That in accordance with City Code Section 18-9-13, the Project known as Parkview II as described above is enti-

pled to be exempt from taxation but subject to the provisions of a service charge of seven percent (7%) for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1966, as amended, being MCL 125.1401, et seq.; and be it further

Resolved, That arrangements to have collections of a payment in lieu of taxes from the Sponsor be established upon occupancy for future years with respect to the same be prepared by the Office of the Chief Financial Officer; and be it further

Resolved, That specific legal description for the Project shall be as set forth in the certification from MSHDA; and be it further

Resolved, That in accordance with Section 15a(3) of the Act, MCL 125.1415a(3), the exemption from taxation shall remain in effect for as long as the MSHDA-aided or Federally-aided financing is in effect, but not longer than fifty (50) years, and shall terminate upon the determination by the Board of Assessors that the Project is no longer eligible for the exemptions; and be it further

Resolved, That the City Clerk furnish the Office of the Chief Financial Officer — Office of the Assessor two certified copies of this resolution; and be it further

Resolved, that this resolution is adopted with a waiver of reconsideration.

April 29, 2019

Honorable City Council:

Re: Request To Amend the Detroit Police Department's Fiscal Year 2018-2019 Budget

Pursuant to a September 20, 2018 joint directive of the Mayor and Chief of Police and resolution of the Board of Police Commissioners, the Detroit Police Department (DPD) established its own towing and storage operations. These operations will provide substantial benefits to the citizens of the City of Detroit including:

- Enhanced monitoring and oversight of the DPD towing activities.
- Assistance via fee waivers for individuals that qualify.
- Potential excess revenues to support DPD towing and other DPD operational needs.

The Fiscal Year 2019-2020 budget restricts use of revenue from the DPD's towing and storage operation consistent with the Resolution, and it is intended that future revenues from such operations be likewise restricted. In order to ensure that all revenues from the DPD's towing and storage operations are used exclusively for DPD purposes, we respectfully request authorization to establish Appropriation 20599 - Towing Operations in the Special Revenue Fund.

This appropriation will be used to capture all revenues generated by DPD operations including all towing, storage and administrative fees. These revenues will be appropriated, restricted and used exclusively to support the DPD towing and storage operations or other uses that directly support DPD's public safety operations.

A waiver of reconsideration is requested.

Sincerely,  
TANYA STOUDEMIRE, J.D.  
Deputy CFO/Budget Director

Re: Derrez Payne vs. James Wiencek, et al. Case No: 12-013105-CZ. File No: LE-016964 (CVK).

On April 29, 2019, a case evaluation panel evaluated the above-captioned lawsuit and awarded Sixty-Two Thousand Five Hundred Dollars and No Cents (\$62,500.00) in favor of Plaintiff Derrez Payne. The parties have until May 29, 2019, to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that a settlement in the amount of Sixty-Two Thousand Five Hundred Dollars and No Cents (\$62,500.00) to Plaintiff Derrez Payne is in the best interests of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the in the Finance Director to issue a draft in the amount indicated above, payable to Derrez Payne and Robinson & Associates, PC, his attorney, to be delivered upon receipt

Honorable City Council:

Re: Request to Amend the Official Compensation Schedule.

Recommendation is submitted to amend the 2019-2020 Official Compensation Schedule to include the pay range for the following appointed classification:

**Class Code Title**  
93-14-07 Chief Public Health Officer  
**Salary** \$150,060 - \$225,080

The above recommendations are at the request of Hakim Berry, Chief Operating Officer — Mayor's Office.

This position is critical within the Health Department to manage and oversee the overall direction, strategy, and management of Public Health. The Chief Public Health Officer will develop the strategy and vision for goals, objectives, policies, and priorities for the Health Department's Public Health programs and projects, direct department-wide development of policy recommendations, and ensure that the department remains up to date on all current Public Health trends and the needs of the community. To determine the

appropriate salary range for the new classification, a market study was conducted using data from external survey sources. Based on the results, Classification and Compensation recommends a salary range of \$150,060 - \$225,080 subject to City Council approval.

May 3, 2019

Honorable City Council:  
Re: Request of the Detroit Water and Sewerage Department to consider a text amendment to the Detroit Zoning Ordinance, Chapter 61, of the 1984 Detroit City Code for proposed modifications that would require new and redevelopment to manage stormwater to the performance standards of the Post-Construction Stormwater Management Ordinance and to allow for site plan review authority for stormwater management plans. **(RECOMMEND APPROVAL).**

Before this Honorable Body is the request for a text amendment to the Zoning Ordinance to further facilitate the proposed Post-Construction Stormwater Ordinance. **BACKGROUND**

In 2017, City Council reviewed and approved the provisions of Ordinance No. 37-17 commonly referred to as the Fifth General Text Amendment (FGTA) to the Zoning Ordinance. The FGTA included a vast number of amendments. One subset of the text amendments included what is commonly referred to as the "Waste Water and Greening Amendments".

Those specific provisions implemented the following through the Zoning Ordinance: required a permit for parking lots and driveways (61-4-135), required urban agriculture stormwater drainage controls and barriers (61-12-334), required inlets for parking lot wheel stops and curbs (61-14-153), required vegetative parking lot screening opacity of 75% (61-14-221), changed provision for interior landscaping to be triggered by lots that have capacity of 25 or more cars, gave provision to allow for landscaped areas to locate at grade level to capture stormwater runoff or otherwise have inlets to allow infiltration (61-14-223), and lastly the amendments added language to allow for previous

materials to be used for street parking, loading and circulation areas (61-14-150). The amendments proposed at that time came as a first phase of Stormwater amendments to the City Code.

The aforementioned zoning amendments that were adopted in 2017, were spurred by an initiative that began March 1, 2013 when the Michigan Department of Environmental Quality (MDEQ) issued the Detroit Water and Sewage Department (DWSD) and the National Pollution Discharge Elimination System (NPDES) of the U.S. Environmental Protection Agency (EPA), a permit (Permit No. MI0022802). The permit requires DWSD to develop and implement a Green Infrastructure Plan for 17 specific outfalls along the Rouge River. DWSD submitted an updated version of this Green Infrastructure Plan to the MDEQ on August 1, 2014. The 'Green Infrastructure Plan is DWSD's road map for implementing green infrastructure in the future.

The permit requires DWSD to invest \$15 million in Green Infrastructure between 2013-2017 to reduce 2.8 million gallons (MG) of storm water flow (during the two-year design storm). The permit language identifies a number of specific green infrastructure project types, including downspout disconnections, demolition and removal of vacant structures, bioswales along roadways and parking lots, tree planting and other projects.

#### **NATURE OF PROPOSAL**

Even more recently, at the end of 2018, your Honorable Body approved an amendment to Chapter 56, of the 1984 Detroit City Code, Utilities, to adopt a Post Construction Stormwater Ordinance. The proposal also gives provision for a Stormwater Management Design Manual, and lastly the proposal ultimately requires Zoning Ordinance text amendments to allow DWSD to have Site Plan Review authority to review the site plans of applicable developments.

CPC staff has worked with DWSD and their consultant and program manager, Tetrtech, through their process of drafting these documents and has given guidance on items related to the proposed amendments, and especially as it relates to the Zoning Ordinance amendments.

#### **Chapter 56 Utility Code Post Construction Stormwater Management Ordinance**

In general, the Post Construction Stormwater Management Ordinance (PCSWMO) gives provision to require *"Any development site with regulated construction activity that involves the replacement or creation of one-half acre (21,780 square feet) or more of impervious surface is subject to the PCSWMO. DWSD may also require that any construction activity meeting certain conditions (as specified in the Code) must also comply with these requirements."*

The PCSWMO gives provision for stormwater management requirements and alternative compliance measures for developments that cannot meet those requirements, such as in-lieu fees and off-site stormwater projects that are equivalent to what would be required on the subject site. These are options the ordinance provides for sites that demonstrate extraordinary difficulty in implementation of required practices.

The ordinance grants DWSD the authority to require a performance bond or other financial guarantees until the department can determine that stormwater control measures have been established and installed correctly up to two (2) years after a certificate of occupancy is issued.

Lastly, the ordinance outlines protocols for required maintenance, operations and maintenance plans, easements, records and drawing requirements, authority for right of entry and inspections of developments, appeals, notices, civil penalties and fines and other remedies for violations.

#### **Stormwater Design Manual**

The Stormwater Design Manual (SWDM) is a separate document given authority by the PCSWMO, and provides consistency in design specifications, engineering methods, controls, and performance and technical standards to support the development community and property owners in understanding how to plan and build projects that comply with requirements under Detroit's PCSWMO.

The primary purposes of the SWDM is to allow DWSD to:

- 1) provide stormwater management site design guidance to help developers and property owners meet requirements of the PCSWMO
- 2) ensure uniformity in standards for Green Storm Infrastructure practices across the City
- 3) allow for efficient design review by DWSD along with appropriate City Departments

Chapters of the SWDM include technical advice, instruction and best practice for Regulatory Requirements, Site Design and Stormwater Management, Hydrologic Procedures, Drainage Conveyance, Soil Aggregates and Water, Detention Practices, Bioretention, Infiltration Practices, Permeable Pavement, Rainwater Harvesting, Living Roofs and Walls, Stormwater Wetlands and Manufactured Treatment Systems.

#### **Chapter 61 Zoning Text Amendments**

The PCSWMO requires that text amendments be made to the Detroit Zoning Ordinance in order to give DWSD any authority as the Michigan Zoning Enabling Act MCL 110, statutorily requires that proposed text amendments to Chapter 61, Zoning, to undergo at least one (1) public hearing and be subject to review by CPC with report and recom-

mendation prior to being acted upon by City Council. CPC staff has been involved with DWSD and Tetrattech throughout the process and has worked to come to agreement on language appropriate for the Zoning Ordinance.

The zoning amendments being proposed are largely straightforward and reinforce the PCSWMO. Provisions being proposed apply to:

- Sec. 61-3-113, gives provision that development projects which meet the PCSWMO thresholds are subject to the Site Plan Review (SPR) process conducted by the Buildings Safety Engineering Environmental Department.
- Sec. 61-3-125 (t) and (u) sets provisions for site plans submitted by developers that trigger the PCSWMO and references 56-3-102.
- Sec. 61-3-127 (d) and (6) add language to include copies application and/or permits related to Stormwater be submitted to BSEED for SPR. Also adds language and reference to require a Post Construction Stormwater Management Plan.
- Sec. 61-3-141 adds language to give authorization for DWSD to participate in the site plan review of development plans that are eligible through PCSWMO in zoning districts that are under the purview of the Planning and Development Department.
- Sec. 61-3-142 adds language to give authorization for DWSD to participate in the site plan review of development plans that are eligible through PCSWMO in zoning districts that are under the purview of the Commission and the City Council.
- Sec. 61-3-168 amends the Zoning Ordinance to state that proposed developments shall comply with the PCSWMO and references Chapter 56 Article III, Division 4.

The Post Construction Stormwater Ordinance has also been reviewed by the Legislative Policy Division and looks to be appropriate in accomplishing the objectives set forth by DWSD. Should the Council have any questions, LPD will be happy to answer.

**APPROVAL CRITERIA**

Sec. 61-3-59 of the Zoning Ordinance specifies that decisions on zoning ordinance text amendments shall be based on the following criteria:

- (1) Whether the proposed amendment is consistent with the stated purposes of this Zoning Ordinance;
  - Sec. 61-1-5 sets forth criteria that a text amendment should address. Of those, the proposed text amendment will serve to accomplish the following:
    - (2) *Regulate the location, construction, reconstruction, alteration, and use of buildings, structures, and land;*
    - (3) *Establish reasonable standards to which buildings, structures, and uses shall conform;*
    - (10) *Facilitate the adequate provision*

*of transportation, water, sewage disposal, education, recreation, and other public requirements;*

(13) *Protect natural resources and environmentally sensitive areas and ensure that development is consistent with applicable environmental laws and regulations;*

(14) *Define the powers and duties of the administrative officers and bodies;*

(15) *Provide penalties for violations of the provisions of this Zoning Ordinance or any subsequent amendment thereto; and*

(2) Whether the proposed amendment will protect the health, safety, or general welfare of the public; and

The proposed ordinance is for the health, welfare and safety of the general public, requiring controls on stormwater to decrease stormwater runoff that causes flooding and other undesirable events due to impervious surfaces.

(3) Whether the proposed amendment corrects an error or meets the challenge of some changing condition, trend or fact.

The text amendment meets the challenge bringing City Code into compliance with the National Pollution Discharge Elimination System (NPDES) of the U.S. Environmental Protection Agency (EPA), mandate to come into compliance for our issued permit (Permit No. MI0022802). The permit requires DWSD to develop and implement a Green Infrastructure Plan for 17 specific outfalls along the Rouge River. DWSD submitted an updated version of this Green Infrastructure Plan to the MDEQ on August 1, 2014. Again, the <sup>2</sup>Green Infrastructure Plan is DWSD's road map for implementing green infrastructure in the future.

**PUBLIC HEARING RESULTS**

The CPC public hearing was held on November 1st before to consider the Stormwater Chapter 61, Zoning text amendments. Two (2) Detroit residents and members of the Green Taskforce-Water Subcommittee attended the public hearing and spoke in support of the proposed text amendment.

**RECOMMENDATION**

The proposed text amendment meets the requirements to be eligible for approval. At its regular meeting of November 1, 2018, the City Planning Commission voted to recommend **approval** of the subject text amendment request.

<sup>1</sup>Green infrastructure is a collection of storm water management approaches intended to soak up storm water where it falls before it can enter the sewer system. It is green because these approaches, whether completely natural or constructed, often use trees and native plants to soak up storm water. It is infrastructure because these approaches work together to create a low-cost system for managing storm water.

**AN ORDINANCE to amend Chapter 61 of the 1984 Detroit City Code, 'Zoning,' commonly known as the Detroit Zoning Ordinance, to require areas of new development or redevelopment to manage stormwater to the performance standards set forth by the Detroit Water and Sewerage Department and to authorize the Detroit Water and Sewerage Department to review and approve stormwater management plans as part of the site plan review process by adding Sec. 61-3-168 and by amending Sec. 61-3-113, Sec. 61-3-125, Sec. 61-3-127, Sec. 61-3-141, and Sec. 61-3-142.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 61 of the 1984 Detroit City Code, 'Zoning' commonly known as the Detroit Zoning Ordinance, is amended to require areas of new development or redevelopment to manage stormwater to the performance standards set forth by the Detroit Water and Sewage Department and to authorize the Detroit Water and Sewage Department to review and approve stormwater management plans as part of the site plan review process by adding Sec. 61-3-168 and by amending Sec. 61-3-113, Sec. 61-3-125, Sec. 61-3-127, Sec. 61-3-141 and Sec. 61-3-142 as follows:

**CHAPTER 61. ZONING  
ARTICLE III.  
REVIEW AND APPROVAL  
PROCEDURES  
DIVISION 5.  
SITE PLAN REVIEW**

**Subdivision A. General.**

**Sec 61-3-113. Applicability.**

Applications for proposed developments that meet any one (1) or more of the applicability criteria in this section shall be reviewed through the site plan review process. Developments that do not meet any of the applicability criteria in this section shall be reviewed by the Buildings, Safety Engineering and Environ-

mental Department through its permitting process. However, site plan review is not required for the construction or alteration of an individual single- or two-family dwelling.

(1) New construction that involves any one (1) of the following:

(a) Any new development exceeding twenty thousand (20,000) square feet of gross floor area, except that on land zoned M1, M2, M3, M4, or M5, the threshold for industrial uses shall be fifty thousand (50,000) square feet of gross floor area; or

(b) Projects with multiple principal structures on one zoning-lot.

(c) Any multiple-family residential or loft or town house development with more than twelve (12) dwelling units.

(d) Site Condominium developments.

(e) Projects in a one hundred (100) year floodplain.

(f) Any parking structure as defined in Sec. 61-16-151 of this Code.

(g) (Repealed).

(2) Additions and/or major structural alterations that involve any of the following:

(a) Any development not exceeding twenty thousand (20,000) square feet of gross floor area where the addition or alteration results in a cumulative total exceeding twenty thousand (20,000) square feet of gross floor area, considering existing floor area and proposed additions, except that on land zoned M1, M2, M3, M4, or M5, the threshold for industrial uses shall be fifty thousand (50,000) square feet of gross floor area.

(b) An increase of twenty-five percent (25%) or more in gross square footage to an existing building that contains more than twenty thousand (20,000) square feet of gross floor area, except that on land zoned M1, M2, M3, M4, or M5, the threshold for industrial uses shall be fifty thousand (50,000) square feet of gross floor area.

(c) Projects in a one hundred (100) year floodplain.

(3) Any development with a lot area of more than one (1) acre in cumulative total (considering existing lot area and any proposed additional lot area), except that on land zoned M1, M2, M3, M4, or M5, the threshold for industrial uses shall be three (3) acres.

(4) Substantial changes in use within any building that has more than twenty thousand (20,000) square feet of gross floor area or of any use with a lot area of more than one (1) acre, except that on land zoned M1, M2, M3, M4, or M5, the threshold for industrial uses shall be fifty thousand (50,000) square feet of gross floor area and three (3) acres. For purposes of site plan review, a substantial change in use is one that involves the establishment of a use from one of the major land use classifications that are set out in Article XII of this Chapter which are

residential, public/civic/institutional, retail/service/commercial, manufacturing/industrial, and other, where the use immediately preceding the new use was from a different major land use classification.

(5) Any Conditional, Regulated, or Controlled land use and any case before the Board of Zoning Appeals as the body of first jurisdiction.

(6) Any use that has drive-up or drive-through facilities or a walk-up component.

(7) Animated signs as provided for in Sec. 61-6-71 of this Code.

(8) Projects within any PD, SD3, or SD5 District. However, in the SD3, and SD5 Districts, alterations to an existing structure, that do not involve additions or major structural alterations, qualify for "expedited review" as provided for in Sec. 61-3-121 of this Code.

(9) Projects within the SD4 District that involve the following four (4) utility uses: electric transformer station; gas regulator station; telephone exchange building; water works, reservoir, pumping station, or filtration plant.

(10) Projects seeking approval under the Alternative Residential Development Options provisions of ARTICLE XIII, Division 3 of this Chapter.

(11) Urban farms and all other agricultural uses specified as a conditional use in Sec. 61-12-79 of this Code.

(12) Any new or newly established motor vehicle salesroom or sales lot for the sale of used vehicles.

(13) Development projects which meet the post-construction stormwater management applicability thresholds described at Sec. 48-2-101 of this Code.

**Sec 61-3-125. Proposed site plan.**

The site plan shall depict or disclose the following specific information:

(1) North arrow, legend, if applicable, with graphic and written scale;

(2) Property line dimensions with ties to major thoroughfares;

(3) Declaration whether site is within, adjacent to, across an alley, across a public or private street, across a railroad right-of-way, or not within, or adjacent to, or across an alley, or across a public or private street, or across a railroad right-of-way from a City of Detroit historic district, and boundaries of any such historic district, if applicable; (4) General layout and dimensions of proposed physical improvements showing the following, as applicable:

(a) Location of all existing structures to remain or be removed, and location of all proposed structures;

(b) Distance between buildings;

(c) Front, side, and rear setbacks;

(d) Building footprints with square foot area indicated;

(e) Detail of foundations and other elements where such elements result in encroachment into the right-of-way;

(f) Location of storage area(s) for hazardous substances;

(g) Location of proposed parking and parking layout with square foot area indicated, and total number of off-street parking spaces provided;

(h) Streets, drives, and rights-of-way;

(i) Walls, fences, or greenbelts;

(j) General landscaped areas;

(k) Dumpster pad location and method of screening;

(l) Location of loading and servicing areas;

(m) Transformer location;

(n) All mechanical equipment located outside the structure, which includes, but is not limited to, condensing units, and rooftop units;

(o) Pedestrian sidewalks, paths, and non-vehicle walkways;

(p) Locations of all signage and all sign structures;

(q) Proposed site lighting;

(r) Proposed contour changes; and

(s) Proposed cutting, clearing, or retention of existing vegetation.

(t) Proposed limits of "earth disturbance," as defined in Sec. 56-3-102 of this Code, with square footage indicated.

(u) Areas of "impervious surface," as defined in Sec 56-3-102 of this Code, with square footage indicated and with a distinction made between existing and proposed impervious surfaces.

(5) Any proposed filling, draining, cutting, dredging, grading, clearing, or other alterations that are proposed for wetlands, which shall be in accordance with Part 301 of the Michigan Natural Resources and Environmental Protection Act (NREPA), titled Inland lakes and Streams, being MCL 324.30107 through MCL 324.30113 and with Part 303 of the Michigan Natural Resources and Environmental Protection Act (NREPA), titled Wetland Protection, being MCL 324.30307 through 324.30323;

(6) Generalized location of proposed utilities including electrical, cable, telephone, gas connections, water connections, sanitary sewer connections, and storm connections, including location and size of any retention or detention ponds, and clearly labeling all proposed and existing easements;

(7) Street and road names for all proposed rights-of-way, proposed change in rights-of-way and private roads, and submission of project name and street names to City's Street Naming Committee for suitability;

(8) Where phased construction is proposed, clearly delineate phases and timetable, and each phase must stand on its own regarding density, parking, and landscaping; and

(9) Development summary:

(a) Allowable lot coverage versus proposed lot coverage;

(b) Number and dimensions of required off-street parking spaces as specified in ARTICLE XIV, Division 1 of this Chapter versus proposed off-street parking spaces.

(c) Number and dimensions of required off-street loading spaces as specified in ARTICLE XIV, Division 1 of this Chapter versus proposed off-street loading spaces.

**Sec. 61-3-127. Attachments (8-1/2" x 11", bound).**

The following attachments shall be provided in bound format:

(1) Narrative to include:

(a) Overall description of the project in detail;

(b) Existing and proposed use groups for existing and proposed structures;

(c) Building descriptions in terms of building code construction type;

(d) Copies of completed applications and/or permits for all applicable state, federal, or county agencies, including, but not limited to wetlands;

(e) Anticipated volume of truck traffic and anticipated size of trucks regularly servicing the premises, for adequacy of turning radius on site; and

(f) Other statements as may be specified by the reviewing body,

(2) Geotechnical study that is supplemented with Phase I Environmental Assessment, if necessary;

(3) Any baseline environmental assessment or Phase I environmental assessment that may have been prepared for the subject site;

(4) Traffic Impact Study, as provided for in ARTICLE XIV, Division 4 of this Chapter, if required, that analyzes safety and efficiency of access, adequacy of driveways and internal road systems, and impact on external roads;

(5) As may be required by the Planning and Development Department, documentation in advance, of compliance with the Operational Performance Standards, as provided for in ARTICLE XIV, Division 7 of this Chapter.

(6) Post-construction stormwater management plan, in accordance with CHAPTER 56, ARTICLE III, DIVISION 4, if required thereunder.

**Subdivision C.**

**Authority to Review and Approve Site Plans.**

**Sec. 61-3-141. Planning and Development Department.**

Within the following zoning districts, the Planning and Development Department shall have the power to review and approve preliminary and final site plans: R1, R2, R3, R4, R5, R6, B1, B2, B3, B4, B5, B6, M1, M2, M3, M4, M5, P1, TM, PR, W1, SD1, SD2, SD3 and SD4 with less than three (3) acres. The Buildings, Safety Engineering and Environmental Department is authorized to participate in the review of all site plans. The Water and

Sewerage Department is authorized to participate in the review of all site plans. The Planning and Development Department shall involve other such departments as deemed necessary for proper site plan review, including, but not limited to, the Recreation Department; review of agricultural uses shall ~~also~~ include the City Planning Commission staff, the Department of Public Works, ~~the Detroit Water and Sewerage Department,~~ and other departments and agencies as necessary.

**Sec. 61-3-142. City Council.**

Within the following zoning districts, the City Council shall have the power to review and approve site plans, after recommendation from the City Planning Commission: PD, PC, PCA, SD4 with three (3) acres, or more, and SD5. The Water and Sewerage Department is authorized to participate in the review of all site plans. The City Planning Commission shall involve other such departments, as deemed necessary, for proper site plan review including, but not limited to, the Buildings, Safety Engineering and Environmental Department and the Recreation Department; review of agricultural uses shall also include the Planning and Development Department, the Department of Public Works, ~~the Detroit Water and Sewerage Department,~~ and other departments and agencies as necessary. Any preliminary site plan approval by City Council shall be indicated by the adoption of a resolution, or in the case of a PD District, by the passing of an ordinance. The City Council may delegate final site plan approval to the City Planning Commission, which shall act consistent with its bylaws with regard to those matters reserved for itself and those matters delegated to its staff. Permit applications' for "change of use" not involving alteration to the building or premises are subject to review and approval only by the City Planning Commission staff.

**Subdivision D. Approval Criteria.**

**Sec. 61-3-168. Criteria; stormwater management.**

The proposed development shall comply with the post-construction stormwater management requirements set forth in Chapter 56, Article III, Division 4 of this Code.

~~Secs. 61-3-168~~ **61-3-169-61-3-170.**

**Reserved.**

**Section 2.** All ordinances, or parts of ordinances, that conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

**Section 4.** This ordinance shall become effective on the eighth (8th) day after publication in accordance with MCL 125.3401(6) and Section 4-118, paragraph 3 of the 2012 Detroit City Charter.

By Council Member Tate:  
WHEREAS, Pursuant to 381 PA 1996, as amended (“Act 381”), the City of Detroit Brownfield Redevelopment Authority (“Authority”) has been established by resolution of the City Council of the City of Detroit (the “City Council”) for the purpose of promoting the revitalization of eligible properties in the City of Detroit; and

WHEREAS, On November 14, 2003, City Council approved the Brownfield

Plan for the 1322 Broadway Brownfield Redevelopment Plan (the “Plan”); and

WHEREAS, The eligible property described in Exhibit A. attached hereto, is the eligible property subject to the Plan; and

WHEREAS, Section 14(8)(b) of Act 381 permits a governing body to terminate a brownfield plan or plan amendment for an eligible property if the project for which eligible activities were identified in the brownfield plan or plan amendment fails to occur with respect to the eligible property for at least two (2) years following the date of the resolution approving the brownfield plan or plan amendment, provided that the governing body first does both of the following: (i) gives 30 days’ prior written notice to the developer at its last known address by certified mail or other method that documents proof of delivery attempted, and (ii) provides the developer an opportunity to be heard at a public meeting; and

WHEREAS, The City Council is the governing body (as that term is defined by Act 381) of the Authority; and

WHEREAS, The Authority’s staff has confirmed that no eligible costs for the project have been submitted pertaining to the eligible activities identified in the Plan within two (2) years of City Council’s approval of the Plan; and

WHEREAS, On April 17, 2019, the Board of Directors of the Authority adopted a resolution recommending termination of the Plan; and

WHEREAS, On October 3, 2017, City Council authorized the Authority, on behalf of City Council, to manage and/or administer the notices required by Act 381 in connection with any brownfield plan or plan amendment terminations; and

WHEREAS, The required notice of the termination of the Plan was given in accordance with Section 14(8)(b)(i) of Act 381, a copy of which is attached as Exhibit B; and

WHEREAS, In accordance with Section 14(8)(b)(ii) of Act 381, the developer identified in the Plan was provided with an opportunity to be heard at a public meeting on May 9, 2019.

NOW, THEREFORE BE IT  
RESOLVED, That

1. The Plan is hereby terminated by City Council in accordance with Section 14(8)(b) of Act 381.

2. City Council hereby ratifies the termination, if any, of any agreements or contracts between the developer of the Plan and the Authority that were executed in conjunction with the Plan, including, but not limited to, the reimbursement agreement.

The City Clerk is requested to submit one (1) certified copy of this Resolution to the DBRA, 500 Griswold Street, Suite 2200, Detroit, MI 48226.

City of Detroit  
 County of Wayne, Michigan

By Council Member Tate:  
 WHEREAS, Pursuant to 381 PA 1996, as amended (“Act 381”), the City of Detroit Brownfield Redevelopment Authority (“Authority”) has been established by resolution of the City Council of the City of Detroit (the “City”) for the purpose of promoting the revitalization of eligible properties in the City; and

WHEREAS, Under Act 381 the Authority is authorized to develop and propose for adoption by City Council a brownfield plan for one (1) or more parcels of eligible property; and

WHEREAS, Pursuant to the resolution establishing the Authority and the bylaws of the Authority, the Authority has submitted a proposed brownfield plan for the Broadway Lofts Redevelopment Project (the “Plan”); and

WHEREAS, The Authority submitted the Plan to the Community Advisory Committee for consideration on February 27, 2019, per the provisions of the resolution establishing the Authority, and a public hearing was conducted by the Authority on March 7, 2019 to solicit comments on the proposed Plan; and

WHEREAS, The Community Advisory Committee recommended approval of the Plan on February 27, 2019; and

WHEREAS, The Authority determined that the Plan constitutes a “Qualifying Downtown Brownfield Project” under that certain Interlocal Agreement by and between the Authority and the City of Detroit Downtown Development Authority, approved the Plan on March 13, 2019 and forwarded it to the City Council with a request for its approval of the Plan; and

WHEREAS, The required notice of the public hearing on the Plan was given in accordance with Section 13 of Act 381; and

WHEREAS, The City Council held a public hearing on the proposed Plan on April 11, 2019.

NOW, THEREFORE BE IT RESOLVED, That:

1. Definitions. Where used in this Resolution the terms set forth below shall have the following meaning unless the context clearly requires otherwise:

“Eligible Activities” or “eligible activity” shall have the meaning described in Act 381.

“Eligible Property” means the property designated in the Plan as the Eligible Property, as described in Act 381.

“Plan” means the Plan prepared by the Authority, as transmitted to the City Council by the Authority for approval, copies of which Plan are on file in the office of the City Clerk.

“Taxing Jurisdiction” shall mean each unit of government levying an ad valorem property tax on the Eligible Property.

2. Public Purpose. The City Council hereby determines that the Plan constitutes a public purpose.

3. Best Interest of the Public. The City Council hereby determines that it is in the best interests of the public to promote the revitalization of environmentally distressed areas in the City to proceed with the Plan.

4. Review Considerations. As required by Act 381, the City Council has in reviewing the Plan taken into account the following considerations:

(a) Portions of the property designated in the Plan meets the definition of Eligible Property, as described in Act 381, including consideration of the criteria of “blighted” as defined in Act 381;

(b) The Plan meets the requirements set forth in section 13 of Act 381.

(c) The proposed method of financing the costs of eligible activities is feasible and the Authority has the ability to arrange the financing.

(d) The costs of eligible activities proposed are reasonable and necessary to carry out the purposes of Act 381.

(e) The amount of captured taxable value estimated to result from adoption of the Plan is reasonable.

5. Approval and Adoption of Plan. The Plan as submitted by the Authority is hereby approved and adopted. A copy of the Plan and all amendments thereto shall be maintained on file in the City Clerk’s office.

6. Preparation of Base Year Assessment Roll for the Eligible Property.

(a) Within 60 days of the adoption of this Resolution, the City Assessor shall prepare the initial Base Year Assessment Roll for the Eligible Property in the Plan. The initial Base Year Assessment Roll shall list each Taxing Jurisdiction levying taxes on the Eligible Property on the effective date of this Resolution and the amount of tax revenue derived by each Taxing Jurisdiction from ad valorem taxes on the Eligible Property, excluding millage specifically levied for the payment of principal and interest of obligations approved by the electors or obligations pledging the

unlimited taxing power of the local governmental unit.

(b) The City Assessor shall transmit copies of the initial Base Year Assessment Roll to the City Treasurer, County Treasurer, Authority and each Taxing Jurisdiction which will have Tax Increment Revenues captured by the Authority, together with a notice that the Base Year Assessment Roll has been prepared in accordance with this Resolution and the Plan approved by this Resolution.

7. Preparation of Annual Base Year Assessment Roll. Each year within 15 days following the final equalization of the Eligible Property, the City Assessor shall prepare an updated Base Year Assessment Roll. The updated Base Year Assessment Roll shall show the information required in the initial Base Year Assessment Roll and, in addition, the Tax Increment Revenues for each Eligible Property for that year. Copies of the annual Base Year Assessment Roll shall be transmitted by the Assessor to the same persons as the initial Base Year Assessment Roll, together with a notice that it has been prepared in accordance with the Plan.

8. Establishment of Project Fund; Approval of Depository. The Authority shall establish a separate fund for the Eligible Property subject to this Plan, which shall be kept in a depository bank account or accounts in a bank or banks approved by the Treasurer of the City. All moneys received by the Authority pursuant to the Plan shall be deposited in the Project Fund for the Eligible Property. All moneys in the Project Fund and earnings thereon shall be used only in accordance with the Plan and Act 381.

9. Use of Moneys in the Project Fund. The moneys credited to the Project Fund and on hand therein from time to time shall be used annually to first make those payments authorized by and in accordance with the Plan and any development agreement governing such payments and then to the Local Site Remediation Revolving Fund, as authorized by Act 381:

10. Return of Surplus Funds to Taxing Jurisdictions. The Authority shall return all surplus funds not deposited in the Local Brownfield Revolving Fund proportionately to the Taxing Jurisdictions.

11. Payment of Tax Increment Revenues to Authority. The municipal and the county treasurers shall, as ad valorem and specific local taxes are collected on the Eligible Property, pay the Tax Increment Revenues to the Authority for deposit in the Project Fund. The payments shall be made not more than 30 days after the Tax Increment Revenues are collected.

12. Disclaimer. By adoption of this Resolution and approval of the Plan, the City assumes no obligation or liability to the owner, developer, lessee or lessor of the Eligible Property for any loss or dam-

age that may result to such persons from the adoption of this Resolution and Plan. The City makes no guarantees or representations as to the determinations of the appropriate state officials regarding the ability of the Authority to capture tax increment revenues from the State and local school district taxes for the Plan.

13. Repealer. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.

14. The City Clerk is requested to submit four (4) certified copies of this Resolution to the DBRA, 500 Griswold Street, Suite 2200, Detroit, MI 48226

### RESOLUTION

#### **AUTHORIZING THE ESTABLISHMENT OF A SECONDARY STREET NAME IN HONOR OF MR. WILLIE HORTON AT THE INTERSECTION OF W. CANFIELD AVENUE AND THE JOHN C. LODGE SERVICE DRIVE**

By Council Member Tate:

WHEREAS, The Detroit City Council has received a request from Council President Brenda Jones (Petition #741), on behalf of the petitioner, Detroit Tigers, Inc., to assign a Secondary Street Name to Mr. Willie Horton, to be located at the intersection of W. Canfield Avenue and the John C. Lodge Service Drive; and

WHEREAS, The intersection of W. Canfield Avenue and the John C. Lodge Service Drive is historically significant, being the former location of the Jefferies Homes a/k/a the Jefferies Housing Projects, named for Edward J. Jefferies, where Willie Horton was raised during his formative years until being signed to the Detroit Tigers at the age of 19 in 1961; and

WHEREAS, Willie Horton is a former left fielder and designated hitter in Major League Baseball who played 14 years of his 18 year career with the Detroit Tigers; and

WHEREAS, Willie Horton is the youngest of twenty-one children of James Horton and his wife Lillian (Wattison) Horton, Willie hit a home run at Tiger Stadium when he was 16 years old during an all-city high school game. After winning a city championship with Detroit Northwestern High School in 1959, he signed with the Tigers in 1961, playing for the Tigers' farm team, the Duluth Dukes, on the shores of Lake Superior, and made his debut with the Tigers on September 10, 1963; and

WHEREAS, In 1965, his first full season as a starter, Willie Horton ranked second in the American League with 104 runs batted in (RBIs) and third with 29

home runs. He was named to the All-Star team, and placed eighth in the MVP balloting; and

WHEREAS, Becoming known for his tremendous strength, often hitting home runs with a one-handed swing, during the 1967 Detroit 12th Street rebellion, he tried bravely to restore peace. He stood in his Tiger uniform on a car in the middle of the chaos, pleading for calm; and

WHEREAS, Horton was a four-time member of the American League All-Star team in 1965, 1968, 1970 and 1973; and

WHEREAS, He enjoyed his best season in 1968 with the world champion Tigers, finishing second in the American League with 36 homers, a .543 slugging average and 278 total bases. In the later years of his career, he was twice named the American League's top designated hitter; and

WHEREAS, On July 15, 2000 Willie Horton became just the sixth former player given the ultimate honor by the Detroit Tigers; a statue of Horton was placed in Comerica Park and his number 23 was retired; and

WHEREAS, Since 2003, Willie Horton has served as a Special Assistant to Tigers President/CEP/General Manager; and

WHEREAS, For the ninth consecutive year, the State of Michigan recognized one man's ability to overcome obstacles and achieve a lifetime of success when "Willie Horton Day" was celebrated on Thursday, October 18, 2012. Horton is the fourth person in Michigan history to be given a day, with the third being Rosa Parks; and

WHEREAS, Over the years Willie Horton has received many awards and accolades in the fields of Civil and Human Rights for his continued work in support of the military and their families.

NOW THEREFORE BE IT

RESOLVED, That the City Council finds the above-mentioned individual and the proposed location meets the criteria for Secondary Naming of a Street in accordance with Article VII, Sections 50-7-31 through Sections 50-7-50 of the 1984 Detroit City Code;

BE IT FURTHER

RESOLVED, That the intersection of W. Canfield Avenue and the John C. Lodge Service Drive be assigned the secondary street name "Willie Horton Drive" in celebration of his noteworthy achievements;

BE IT FURTHER

RESOLVED, That the projected cost of designing, producing, erecting, replacing and removing the necessary signs and markers shall be paid, in advance, to the street fund by the petitioner requesting the secondary name;

AND BE IT FINALLY

RESOLVED, A certified copy of the resolution shall be transmitted by the City Clerk to the fire department, police

department, department of public works and its city engineering and traffic engineering divisions, department of transportation and the United States Postal Service.

Adopted as follows:

Yeas — Council Members Benson, Castaneda-Lopez, Leland, McCalister, Jr., Sheffield, Spivey, Tate, and President Jones — 8.

**Planning & Development Department**

April 24, 2019

Honorable City Council:

Re: Property Sale, 12316 Dexter, Detroit, MI 48206 — Revision.

The City of Detroit, Planning and Development Department ("P&DD") has received an offer from 12340 Dexter LLC, a Michigan Limited Liability Company, to purchase certain City-owned real property at 12316 Dexter (the "Property") for the purchase price of Fifteen Thousand and 00/100 Dollars (\$15,000.00). The Property consists of vacant land measuring approximately 4500 square feet and zoned B4 (General Business District).

In conjunction with the building they own at 12312 Dexter, 12340 Dexter LLC proposes to acquire the Property and develop a small grocery/convenience store. The proposed use of the Property shall be consistent with the allowable uses for which the Property is zoned.

The property shall be conveyed by Quit Claim Deed to 12340 Dexter LLC subject to a reverter interest. 12340 Dexter LLC will be required to remove all blight from the Property and obtain a Certificate of Occupancy for the building within twenty four (24) months of closing.

We request that your Honorable Body adopt the attached resolution to authorize the Director of P&DD to execute a quit claim deed and such other documents as may be necessary or convenient to effect a transfer of the Property by the City to 12340 Dexter LLC.

Respectfully submitted,

JANET ATTARIAN

Deputy Director

By Council Member Tate:

Now, Therefore, Be It

Resolved, That Detroit City Council hereby approves of the sale of certain real property at 12316 Dexter, Detroit, MI (the "Property"), as more particularly described in the attached Exhibit A incorporated herein, to 12340 Dexter LLC, a Michigan Limited Liability Company, for the purchase price of Fifteen Thousand and 00/100 Dollars (\$15,000.00); and be it further

Resolved, That the Director of the Plan-

ning and Development Department, or his or her designee, is authorized to execute a quit claim deed and other documents necessary or convenient for the consummation of the transaction pursuant to and in accordance with the Purchase Agreement; and be it further

Resolved, That the Property shall be transferred subject to a reverter interest, requiring the Purchaser to clean the Property and obtain a Certificate of Occupancy on the building within twenty four (24) months from the date of closing; and be it

Resolved, That the following Property Sales Services Fees be paid from the sale proceeds pursuant to the City's Property Management Agreement with the Detroit Building Authority ("DBA"): 1) Two Thousand Five Hundred and 00/100 Dollars (2,500.00) shall be paid to the DBA from the sale proceeds, 2) Seven Hundred Fifty and 00/100 Dollars (\$750.00) shall be paid to the DBA's real estate brokerage firm from the sale proceeds and 3) customary closing costs up to Two Hundred and 00/100 Dollars (\$200.00) shall be paid from the sale proceeds; and be it further

Resolved, That the P&DD Director, or his authorized designee, is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deed (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Property, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it finally

Resolved, That the quit claim deed will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form.

**Planning & Development Department**

April 24, 2019

Honorable City Council:

Re: Property Sale, 7387 Wheeler, Detroit, MI 48210.

The City of Detroit, Planning and Development Department ("P&DD") has received an offer from Ragie Yehia (the "Purchaser") to purchase certain City-owned real property at 7387 Wheeler, Detroit, MI (the "Property"). The P&DD entered into a purchase agreement, dated April 3, 2019, with the purchaser. Under the terms of the proposed Purchase Agreement, the property will be conveyed to the purchaser for the purchase price of Three Thousand Three Hundred and 00/100 Dollars (\$3,300.00).

Previously, the structure located on the property functioned as a convenience store and residential units. The purchaser proposes to rehabilitate the structure and return it to its previous mixed use. Currently, the property is within an R2 zoning district (Two-Family Residential District). The purchaser's proposed use of the property shall be consistent with the allowable uses for which the property is zoned. The property shall be transferred subject to a reverter interest, requiring the purchaser to clean and secure the property within six months (6), and obtain a Certificate of Occupancy for all structures on the property within eighteen (18) months.

We request that your Honorable Body adopt the attached resolution to authorize the Director of P&DD to execute a deed and such other documents as may be necessary or convenient to effect a transfer of the property by the City to Ragie Yehia.

Respectfully submitted,

MAURICE D. COX

Director

By Council Member Tate:

Now, Therefore, Be It Resolved, That Detroit City Council hereby approves of the sale of certain real property at 7387 Wheeler, Detroit, MI (the "Property"), as more particularly described in the attached Exhibit A incorporated herein, to Ragie Yehia (the "Purchaser") for the purchase price of Three Thousand Three Hundred and 00/100 Dollars (\$3,300.00); and be it further

Resolved, That the Director of the Planning and Development Department, or his authorized designee, is authorized to execute a quit claim deed and such other documents necessary or convenient to effect transfer of the Property to the Purchaser consistent with this resolution; and be it further

Resolved, The Property shall be transferred subject to a reverter interest, requiring the Purchaser to, within six (6) months of closing, clean and secure the

Property, and within eighteen (18) months of closing, obtain a Certificate of Occupancy for all structures on the Property; and be it further

Resolved, That the following Property Sales Services Fees be paid from the sale proceeds pursuant to the City's Property Management Agreement with the Detroit Building Authority ("DBA"): 1) One Hundred Ninety Eight and 00/100 Dollars (\$198.00) shall be paid to the DBA from the sale proceeds, 2) One Hundred Sixty Five and 00/100 Dollars (\$165.00) shall be paid to the DBA's real estate brokerage firm from the sale proceeds and 3) customary closing costs up to Two Hundred and 00/100 Dollars (\$200.00) shall be paid from the sale proceeds; and be it further

Resolved, That the P&DD Director, or his authorized designee, is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deed (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Properties, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it finally

Resolved, That the quit claim deed will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form.

Honorable City Council:

Re: Recommendation For Deferral.  
Address: 11717 Grayton. Name: Troy Lee Taylor. Demolition Ordered: June 14, 2016 (J.C.C. pgs. 1108-1117).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on April 11, 2019 that the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the 1<sup>st</sup> deferral request for this property.

Therefore, we respectfully recommend that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.

2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed

inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding three (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
DAVID BELL  
Director

**TESTIMONIAL RESOLUTION  
FOR  
COMMERCE-EAST  
COMMERCE HIGH SCHOOL  
60th Anniversary**

By COUNCIL PRESIDENT JONES:

WHEREAS, The 1959 Alumni of Commerce-East Commerce High School will celebrate their milestone 60th Anniversary, May 18, 2019 at the Charles H. Wright African American Museum, Detroit, Michigan. The Commerce-East Commerce High School was an exceptional, one of a kind, business high school in the City of Detroit. The vision of the Commerce High School was to prepare students to be business professionals in the 21st Century. After graduating, many Co-op students were hired as full time employees in Corporations that are still operating in the City of Detroit. The last graduating class was June 1964; and

WHEREAS, Commerce-East Commerce High School has a rich history. Generations of Detroit's best and brightest students walked the halls. In addition, Commerce-East Commerce and Cass Technical High School had mutual architectural foundations. The two schools were connected by a bridge known as "The Victory Memorial Arch." The bridge was dedicated to the City of Detroit's high school student who died in World War I . . . "Some gave, and some gave all"; and

WHEREAS, Although the Commerce-East Commerce High School no longer exists, the legacy still lives on and for over forty years, annual luncheons have been held. The Commerce-East Commerce High School Alumni awarded as much as \$3000 in scholarship funds to the City of Detroit students who qualified. The Commerce-East Commerce High School Alumni had its last Annual Luncheon on May 26, 2018. Listed in the 1959 Alumni 60th Anniversary souvenir book are the names of students, the year awarded and the amount of the scholarship.

NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and Office of Council President Brenda Jones would like to take this time to extend congratulations on this wonderful occasion as you celebrate your milestone. Happy 60th Anniversary!

**RESOLUTION IN MEMORIAM  
FOR  
K-9 GUNNER**

**March 27, 2009 — February 14, 2019**  
By COUNCIL MEMBER LELAND:

WHEREAS, K-9 Gunner began his career with the Wayne County Sheriff Office in 2010. Gunner was assigned to his handler Deputy Rick Cadez in the Wayne County Sheriff Narcotics Unit and was trained as a full-service Narcotics Police K-9. Gunner was trained in narcotics detection, tracking, building search, handler protection, and obedience; and

WHEREAS, K-9 Gunner was reassigned

in December 2012 to the Wayne County Sheriff Road Patrol Unit and his new handler Deputy Richard Brooks. While assigned to Deputy Brooks, K-9 Gunner has had several successful suspect tracks. One of Gunners most memorable tracks was when he tracked a suspect from a crime scene to an attic of a home where the suspect was hiding; and

WHEREAS, K-9 Gunner has had several narcotic finds in vehicles and homes. K-9 Gunner has narcotic money forfeitures totaling well over \$100,000.00. From finding hidden compartments in semi-trucks, to apprehending several fleeing suspects, K-9 Gunner has always been ready to put himself on the front line to fight crime; and

WHEREAS, K-9 Gunner was an irreplaceable asset in fighting crime, he was a valuable addition in the community policing efforts by the Sheriffs office. Gunner made several appearances in schools, businesses, and special events throughout Wayne County. Gunner made an appearance at several Camp 911 events held every summer. Gunner would always make new friends at each appearance with his kind and loving demeanor. These positive interactions assisted with the community policing efforts by the Sheriffs Office. All of Gunners new friends left with smiles and often selfies with Gunner; and

WHEREAS, K-9 Gunner would often be found in citizens social media post about their positive interactions with the Deputies and K-9 Gunner. Gunner loved his job at the Wayne County Sheriff Office and was retired on December 13, 2018. Gunner spent his retirement with his loving family. Gunner had a special bond with each family member and friend he had. Gunner was even included in Marissa's senior pictures and her yearbook; and

WHEREAS, K-9 Gunner could be found at home carrying around one of many toys. All of Gunners toys had different names. If you told him to get a toy by name, he would bring you that specific toy. If you came to visit, he would grab his tug toy and you would have to play tug of war with him before you left the house. This was a Gunner rule; and

WHEREAS, K-9 Gunner was a phenomenal partner that excelled at everything he did. His greatest accomplishment was his ability to have people instantly fall in love with him the minute they met him. Gunner passed away suddenly on February 14, 2019 from a heart tumor. Gunner will be greatly missed by all that knew him.

NOW, THEREFORE, LET IT BE

RESOLVED, That Councilman Gabe Leland and Members of Detroit City Council hereby acknowledge Gunner as a full service Narcotics Police K-9 and all his successes fighting crime. We join the Wayne County Sheriff's Office in celebrating all Gunner's accomplishments.

April 26, 2019

Honorable City Council:

Re: Property Sale of 450 W. Congress, Detroit, MI. Request for Authorization to Amend 2019-20 Budget.

The City of Detroit, Planning and Development Department ("P&DD") has received an offer from 450 Associates LLC ("Purchaser"), a Michigan limited liability company, to purchase certain City-owned real property at 450 W. Congress (the "Property"), formerly known as the Millennium Garage, for the purchase price of Eighteen Million Six Hundred Fifty Thousand and 00/100 Dollars (\$18,650,000.00).

The Purchaser proposes to utilize the Property for operation of a parking garage. Currently, the Property is within the PCA zoning district (Public Center Adjacent District). The Purchaser's proposed use of the Property is consistent with the allowable uses for which the Property is zoned.

We request that your Honorable Body adopt the attached resolution to authorize

the Director of P&DD to execute a quit claim deed and such other documents as may be necessary or convenient to effect a transfer of the Property by the City to Purchaser.

Respectfully submitted,  
MAURICE D. COX  
Director

By Council Member Spivey:  
Now, Therefore, Be It

Resolved, That Detroit City Council hereby approves the sale of certain real property at 450 W. Congress, Detroit, MI (the "Property"), as more particularly described in the attached Exhibit A incorporated herein, to 450 Associates LLC ("Purchaser"), a Michigan limited liability company, for the purchase price of Eighteen Million Six Hundred Fifty Thousand and 00/100 Dollars (\$18,650,000.00) (the "Purchase Price"); and be it further

Resolved, That the Director of the Planning and Development Department ("P&DD"), or his authorized designee, is authorized to execute a quit claim deed and such other documents as may be necessary or convenient to effect the transfer of the Property to Purchaser consistent with this resolution; and be it further

Resolved, That the following Property Sales Services Fees be paid from the sale proceeds pursuant to the City's Property Management Agreement with the Detroit Building Authority ("DBA"): 1) One Million One Hundred Nineteen Thousand and 00/100 Dollars (\$1,119,000.00) shall be paid to the DBA from the sale proceeds, 2) Nine Hundred Thirty Two Thousand Five Hundred and 00/100 Dollars (\$932,500.00) shall be paid to the DBA's real estate brokerage firm from the sale proceeds and 3) customary closing costs up to Two Thousand and 00/100 Dollars (\$2,000.00) shall be paid from the sale proceeds; and be it further

Resolved, That 20% of the net proceeds of the sale will be included in the reconciliation of the Detroit Affordable Housing Development and Preservation Fund during the Fiscal Year 2020-2021 budget development process; and be it further

Resolved, That the Fiscal Year 2019-2020 Budget is amended for Appropriation 20507 — Capital Projects to accept such revenue and appropriate \$13,000,000 for development projects and Municipal Parking capital projects; and be it further

Resolved, That the P&DD Director, or his authorized designee, is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deed (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or tech-

nical matters that may arise prior to the conveyance of the Property, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it finally

Resolved, That the quit claim deed will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form.

May 7, 2019

Honorable City Council:

Subject: Request to Amend the Official Compensation Schedule

Recommendation is submitted to amend the 2018-2019 Official Compensation Schedule to include the pay range for the following classification:

| <u>Class Code</u> | <u>Title</u>               | <u>Salary</u>     |
|-------------------|----------------------------|-------------------|
| 61-91-31          | Graffiti Removal Attendant | \$21,432-\$31,968 |

The above recommendation is occasioned by a request from Crystal Perkins, Project Manager and Analytic Specialist with the General Services Department (GSD).

The above request and recommendation is a result of a job survey completed to analyze the duties of Building Attendants working outside of their classification on the Graffiti Removal Initiative. The initiative is a project to remove graffiti and tagging from public and private properties in the City of Detroit. Classification and Compensation staff performed a job survey of the employee's which involved, reviewing a job analysis questionnaire completed by the employees fulfilling the duties, visiting the garage where they receive their assignments, shadowing them in the field, riding along with their immediate supervisor Michael A. Shearer and meeting with Project Manager, Crystal Perkins.

During the visit the following duties and responsibilities were performed currently or at various times according to the employees:

- Survey building to determine what needs to be performed
- Determine where to park vehicle while avoiding traffic and ensuring all areas can be accessed with lift
- Determine art from graffiti
- Mix and ensure proper consistency of Elephant Snot Graffiti Remover
- Take 5 gallon Elephant Snot Graffiti Remover and apply with brush to areas with graffiti
- Power wash buildings, structures, viaducts, traffic signs and other city owned property to remove graffiti after the remover has penetrated the surface (Note: during the winter months the product has to sit longer due to the cold weather conditions).

- Access high areas using the lift on the lift trucks, maximum height is 47 ft.
- Trim bushes and remove debris to access hard to reach areas.
- Use Shadow Max product to remove shadows not removed with original Graffiti Remover
- Fill in performing building cleaning duties in the absence of others as over-time

To ensure that the employees were able to effectively perform the aforementioned duties, training was provided to the employees on to how to use the removal chemical as well as how to operate the Aerial Platform on the truck. Upon successful completion of training, employees were issued an Aerial Platform Work Permit. In addition, employees are also required to operate a motor vehicle which requires a valid State of Michigan Driver's License. The duties are performed approximately 9 months out of the year. In addition, if weather permits or there is an urgent request employees can work throughout the year on the graffiti removal initiative on an as needed basis.

Upon completion of the analysis, a comparison of the Building Attendant duties reveals that the job specification doesn't align with the duties being performed. The employees are working outside of their classification over 70% of the time. They may perform building attendant duties on as needed basis. It appears the needs of the graffiti initiative take precedence over their normal Building Attendant duties. Research determines that currently there aren't any classifications that align with the duties being performed. As such, it is recommended that a new classification be created and the employees classified as Building Attendants working on the Mayor's Graffiti Removal Initiative be reclassified to the newly created classification of Graffiti Removal Attendant.

Creation of the Graffiti Removal Attendant classification will properly align the duties being performed with the correct classification that involves tasks such as, the removal of graffiti as well as maintaining the cleanliness of city owned parks and buildings. To determine the appropriate salary range for the new classification, a market survey was conducted with municipalities that had comparable positions. Based on the results, Classification and Compensation recommends a salary range of \$21,432- \$31,968 subject to City Council approval.

The above recommendations are at the request of Angelica Jones, Interim Director of the Department of Transportation.

This position is critical to ensure the proper service levels and efficient operations within the department. There is a back log of over 5,000 unanswered complaints in the system. The Complaint Investigator will be responsible for addressing and investigating customer inquiries and complaints which include, identifying the individuals involved, speaking with Terminal Superintendents, requesting pertinent data to conduct investigation, as well as providing a response to the customer. To determine the appropriate salary range for the new classification, a market study was conducted with municipalities and organizations that had comparable positions. **Rationale:**

Request was submitted from Iris Ware, Chief Learning Officer.

**Rationale:**

The above recommendations are made to appropriately classify the positions based upon investigation and review of work currently performed.

To determine the appropriate salary ranges for the new classifications, a market study was conducted using data from external survey sources. Based on the results, Classification and Compensation recommends the above listed salary ranges. The proposed salaries are subject to City Council approval.

Respectfully submitted,

DENISE STARR

Request was submitted from Linda Vinyard, Media Services Director.

Media Services informed the Classification and Compensation Division of Human Resources that several Communication Specialist employees were working out of the scope of the Communication Specialist classification. Subsequently, a job analysis was performed to determine the appropriate job classification.

The job analysis revealed that the classifications were indeed working out of the scope of the Communication Specialist classification and therefore, the above new appointive classifications are recommended for adoption.

To determine the appropriate salary ranges for the new classifications, a market study was conducted using data from external survey sources. Based on the results, Classification and Compensation recommends the above listed salary ranges. The proposed salaries are subject to City Council approval.

Respectfully submitted,

May 6, 2019

Honorable City Council:

Subject: Request to Amend the Official Compensation Schedule

Recommendation is submitted to amend the 2018-2019 Official Compensation Schedule to include the pay range for the following classification:

Table with 6 columns: CLASS CODE, CLASSIFICATION, CURRENT SALARY (Min, Max), RECOMMENDED RATE OF PAY (Min, Max). Rows include Principal Graphic Designer and Graphic Designer with various salary ranges.

Request:

The above recommendation was occasioned by a request from Linda Vinyard, Media Services Director.

Rationale:

The above request and recommendations are based on the ability to attract and retain essential personnel and to improve the operations of the Media Services Department.

To determine the appropriate salary ranges for the classifications, a market study was conducted using data from external survey sources. As the Principal Graphic Designer — DDOT is a sub-class of the Principal Graphic Designer classification, the same salary adjustment is recommended to maintain internal equity.

The proposed salaries are essential for recruitment and retention purposes and are based on the City of Detroit's ability to fund the increase. The proposed salary adjustments are subject to City Council approval.

Respectfully submitted, DENISE STARR Human Resources Director

~~(a) Petitions for the assignment of a secondary street name in the City shall be provided by the Office of the City Clerk.~~

~~(b) The petition shall state in bold face type that the consent of two thirds (2/3) of those who own property that abuts the street within three hundred (300) linear feet of the proposed intersection is required.~~

~~(c) No form other than that referenced in Subsection (a) of this section shall be accepted as a valid petition. REPEALED.~~

**~~Sec. 50-7-32. Procedure.~~**

~~(a) A petition for a secondary street name shall be filed with the Office of the City Clerk not less than one hundred eighty (180) days prior to the proposed date of installation of the secondary street sign(s).~~

~~(b) The petitioner shall provide, as an attachment to the petition:~~

~~(1) Information pertaining to the proposed honoree, including a biography,~~

honoree received, and contributions to the local, state, national or international community. The submission shall contain sufficient information to accurately assess the appropriateness of the secondary street name for the proposed location;

(2) A letter of concurrence from either the honoree's surviving spouse or living descendants, if applicable; and

(3) The proposed location for the installation of the secondary street name consistent with Section 50-7-22.

(e) A non-refundable application fee of six hundred sixty five dollars (\$665) shall be charged for the administration, processing, issuance, and enforcement of the petition under this article, made payable to "City Treasurer," and submitted with the petition.

(d) Upon receipt of a petition for a secondary street name, and the non refundable application fee, the City Clerk shall assign a petition number to the petition, report receipt of the petition to the City Council, and transmit the petition to the Legislative Policy Division. REPEALED.

**Sec. 50-7-33. Duties of Legislative Policy Division to provide notice.**

(a) The Legislative Policy Division shall review and determine whether two thirds (2/3) of the owners of real property within three hundred (300) linear feet of the proposed intersection abutting such street to be assigned a secondary name have signified, in writing, their consent to granting such petition.

(1) Where the petition does not contain the required number of verified signatures, the Legislative Policy Division shall conclude its investigation and report its findings to the City Council.

(2) Where the petition does contain the required number of verified signatures, the Legislative Policy Division shall mail a copy of the petition, via first class mail, to each owner as described in Subsection (a) of this section, notifying them that they have twenty one (21) calendar days from the date the notice is mailed to submit comments or objections on the petition to the Legislative Policy Division.

(b) The Legislative Policy Division shall notify all necessary City departments, including the Department of Public Works, police and fire, identified community groups in areas adjacent to the subject street, and governmental agencies, including the United States Postal Service, of the proposed secondary street name, notifying them that they have twenty one (21) calendar days from the date the notice is mailed to submit comments or objections on the petition to the Legislative Policy Division.

(c) Upon expiration of the twenty one (21) day comment period, the Legislative Policy Division shall make a written report summarizing the comments and objections, if any, regarding the petition, and

forward the report to the City Council. REPEALED.

**Sec. 50-7-34. Duties of the Legislative Policy Division to prepare report.**

(a) Within ninety (90) days of submission of the report referenced in Subsection 50-7-33(c) of this code, the Legislative Policy Division shall review all documentation submitted by petitioner and prepare a report of its findings as to whether the proposed secondary street name meets the following criteria:

(1) The proposed honoree positively reflects or exemplifies the cultural, social, economic, or political history of the city, state, nation or world; and

(2) The proposed street location bears a clear association with a site, building, structure, or event directly related to the proposed honoree.

(b) Upon finding that the above criteria are satisfied, the Legislative Policy Division shall submit a resolution for consideration by City Council which includes:

(1) A description of the historical significance of the honoree being proposed for a secondary street name;

(2) The appropriateness of the location where the secondary street name sign is proposed to be located; and

(3) The requirement that the cost of designing, producing, and erecting the sign(e) shall be paid, in advance, to the street fund by the petitioner(e) requesting the secondary name.

(c) If the Legislative Policy Division determines that the criteria are not satisfied, its report to City Council shall so indicate. REPEALED.

**Sec. 50-7-35. Public hearing.**

Upon receipt of the report from the Legislative Policy Division, the City Council shall adopt a resolution fixing the time and place of a public hearing. Notice of the public hearing shall be given to the owners of real property within three hundred (300) linear feet of the proposed intersection abutting such street to be assigned a secondary name and shall also be published in a newspaper of general circulation at least five (5) days prior to the date fixed for the hearing. REPEALED.

**Sec. 50-7-36. Resolution by City Council authorizing secondary street name.**

Where a petition for a secondary street name is granted by the City Council, a certified copy of the resolution adopting the request shall be transmitted by the City Clerk to the fire department, police department, department of public works, and the United States Postal Service. REPEALED.

**Sec. 50-7-37. Duties of Department of Public Works.**

(a) After adoption of the resolution by City Council, the Department of Public Works shall collect payment from the petitioner.

(1) Payment of two hundred dollars (\$200) shall be made by the petitioner(s) prior to installation of the secondary street sign for the cost of designing, producing, and installing the sign(s); and

(2) Payment shall be deposited into the street fund.

(b) The department of public works shall erect the secondary street sign(s) within forty five (45) days from the date of adoption of the resolution by City Council. REPEALED.

**Secs. 50 7 38 — 50 7 40. Reserved.**  
REPEALED.

**Subdivision C. Procedure for assignment of secondary street name through City Council initiative**  
**Sec. 50 7 41. Procedure.**

(a) City Council may adopt a resolution on its own initiative which assigns a secondary name based upon criteria set forth in Section 50 7 21 of this Code without following the procedures that are set forth in Section 50 7 32 of this Code.

(b) Any Member of City Council may submit a candidate for consideration by forwarding a request to the Legislative Policy Division.

(c) The Council Member shall provide, as an attachment to the request:

(1) Information pertaining to the honoree, including biography, honors received, contributions to the local, national or international community. The submission shall contain sufficient information to accurately assess the appropriateness of the secondary street name for the proposed location.

(2) A letter of concurrence from either the honoree's surviving spouse or living descendants, if applicable.

(3) The proposed location for the installation of the secondary street name consistent with Section 50 7 22.

(4) A non refundable fee of four hundred dollars (\$400) for the administration, processing, issuance and enforcement of the request under this article. REPEALED.

**Sec. 50 7 42. Duties of the Legislative Policy Division to provide notice regarding assignment of secondary name to street through City Council initiative.**

(a) The Legislative Policy Division shall mail a copy of the request, via first class mail, to each owner and occupant of real property within three hundred (300) linear feet of the proposed intersection abutting such street to be assigned a secondary name, notifying them that they have twenty one (21) calendar days from the date the notice is mailed to submit comments or objections on the request to the Legislative Policy Division;

(b) The Legislative Policy Division shall notify all necessary City departments, including public works, police, and fire, identified community groups in areas

adjacent to the subject street, and governmental agencies, including the United States Postal Service, of the proposed secondary street name notifying them that they have twenty one (21) calendar days from the date the notice is mailed to submit comments or objections on the request to the Legislative Policy Division; and

(c) Upon expiration of the twenty one (21) day comment period, the Legislative Policy Division shall make a written report summarizing the comments and objections, if any, regarding the petition, and forward the department's report to the City Council. REPEALED.

**Sec. 50 7 43. Report by the Legislative Policy Division regarding assignment of secondary name to street through City Council initiative.**

(a) The Legislative Policy Division shall, upon review of the documentation provided, prepare a report of its findings, within ninety (90) days, as to whether the proposed secondary street name does or does not meet the following criteria:

(1) The proposed honoree positively reflects or exemplifies the cultural, social, economic, or political history of the city, state, nation, or world; and

(2) The proposed street location bears a clear association with a site, building, structure, or event directly related to the proposed honoree.

(b) Upon finding that the above criteria are satisfied, the Legislative Policy Division shall issue to the City Council a recommendation in favor of the proposed secondary street naming, and a resolution for City Council which includes:

(1) A description of the historical significance of the honoree being proposed for a secondary street name;

(2) The appropriateness of the location where the secondary street name sign is proposed to be located; and

(3) The requirement that the cost of designing, producing, and erecting the signs(s) shall be paid, in advance, to the street fund by the City Council Member requesting the secondary street name sign.

(c) If the Legislative Policy Division determines that the criteria are not satisfied, its report to City Council shall so indicate. REPEALED.

**Sec. 50 7 44. Public hearing**

Upon receipt of the report from the Legislative Policy Division, the City Council shall adopt a resolution fixing the time and place of a public hearing. Notice of the public hearing shall be given of the owners of real property within three hundred (300) linear feet of the proposed intersection abutting such street to be assigned a secondary name; and shall also be published in a newspaper of general circulation at least five (5) days prior to the date fixed for the hearing. REPEALED.

~~Sec. 50-7-45. Resolution by City Council authorizing secondary street name.~~

~~Where a petition for a secondary street name is granted by the City Council, a certified copy of the resolution adopting the request shall be transmitted by the City Clerk to the fire department, police department, department of public works, and the United States Postal Service. REPEALED.~~

~~Sec. 50-7-46. Duties of the Department of Public Works regarding assignment of secondary name to street through City Council initiative.~~

~~(a) After adoption of the required resolution by the City Council, the department of public works shall collect payment from the City Council Member requesting the secondary name.~~

~~(1) Payment of two hundred dollars (\$200) shall be made by the Council Member's office prior to the installation of the secondary street sign for the cost of designing, producing, and installing the sign(s); and~~

~~(2) Payment shall be deposited into the street fund.~~

~~(b) The Department of Public Works shall erect the secondary street sign(s) within forty five (45) days after the adoption of the required resolution by the city council. REPEALED.~~

~~Secs. 50-7-47 — 50-7-50 Reserved. REPEALED.~~

**Secs. 50-7-21 — 50-7-50. Reserved.**

**Section 2.** All ordinances, or parts of ordinances, that conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the People of the City of Detroit.

**Section 4.** Where this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-118(1) of the 2012 Detroit City Charter. Where this ordinance is passed by less than two-thirds (2/3) majority of City Council Members serving, it shall become effective thirty (30) days after publication in accordance with Section 4-118(2) of the 2012 Detroit City Charter.
