

CITY OF DETROIT

PUBLIC SUMMARY OF FOIA PROCEDURES AND GUIDELINES

Under the Michigan Freedom of Information Act (the Act or FOIA), MCL 15.231 et seq., all persons, except those who are incarcerated, can submit a FOIA request to the City of Detroit FOIA Coordinator.

In accordance with Section 4(4) of the Act, MCL 15.234(4), the following is the Written Public Summary of City of Detroit's FOIA Procedures and Guidelines:

FOIA REQUEST

A FOIA request is a legal process, by which a person must submit a written request to the FOIA Coordinator to access, review, or obtain a copy of a public record.

1. Not every record request should be made into a FOIA request:

- If there is a pending lawsuit, the records can be obtained through a subpoena or through a discovery request in the underlying lawsuit.
- Certain records can be purchased over the counter at the respective City department or agency.
- Certain records are required to be purchased over the counter from the City department or agency.
- Certain records are available online from the City's website.

2. The following requests are NOT FOIA requests:

- Request to amend your police report or any other record is not a FOIA request.
- Request to draft or to create a document, where none exists, is not a FOIA request.
- Request to provide a narrative explanation for certain incident or situation is not a FOIA request.
- Request to answer question(s) is not a FOIA request.
- Request to complete a form or a survey is not a FOIA request.
- Request to preserve evidence is not a FOIA request.
- Request to expunge your criminal history is not a FOIA request.

PUBLIC RECORD

Section 2(e) of the Act, MCL 15.232(e), defines “**public record**” as “a writing prepared, owned, used, in the possession of, or retained by a **public body** in the performance of an official function, from the time it is created.”

Pursuant to the Act, the City of **Detroit is a public body**. Therefore, all records that are prepared, owned, used, in the possession of, or retained by the City in its official capacity are public records.

Does this mean that all records prepared, owned, used, in the possession of, or retained by the City must be disclosed or released to those who request such information or record under the Act?

No.

Although all public records of the City are subject to disclosure pursuant to the Act, certain information or record may be exempt from disclosure under the Act or by another state or federal statute.

- 1. Section 13 of the Act, MCL 15.243, provides a list of information and records that may be exempt from disclosure under the Act.**

Therefore, if any individual seeks information or records that fall under the category of one or more of the listed exemptions, the City may deny a portion of or the entire FOIA request. However, when doing so, the City must identify the exemption under the Act to the individual who is seeking that information/record; and provide a written explanation why the exemption applies in that particular instance.

- 2. In addition to the above-referenced exemptions under the Act, there are federal and state laws which preclude the City from disclosing specific information or records under those laws.**

For example, pursuant to Michigan Tax Code, income tax information collected and maintained by the City of Detroit is not subject to disclosure under FOIA. Likewise, there are many state and federal laws which precludes the City from disclosing certain information. Other examples include: Michigan Crime Victim’s Rights Act, Michigan Crime Stoppers Act, federal Privacy Act, HIPAA, laws pertaining to sexually motivated crimes and juvenile offenses, child protection, and public employee retirement system investment.

Therefore, under these laws, the release of certain information by a public body employee would result in the violation of the federal or state law. In some instances, the release or the disclosure of the lawfully precluded information or record can result in criminal misdemeanor to the public employee who releases the information/record; and the employee may be punishable by imprisonment or by payment of a fine.

CITY OF DETROIT FOIA COORDINATOR

The City of Detroit FOIA Coordinator is designated by the Corporation Counsel.

Due to the large volume of FOIA requests received by the City, the majority of FOIA requests are assigned to City attorneys and legal assistants in the FOIA Section of the Law Department.

POLICE RECORD REQUESTS

1. **Detroit Police Department (DPD) FOIA requests** are handled by the attorneys and legal assistants who are assigned to the Law Department FOIA Section.
2. In some instances, the FOIA Coordinator may directly handle the FOIA request.
3. When submitting a FOIA request concerning police matters, you must sufficiently describe a public record so as to enable DPD personnel to find it.
 - Therefore, your FOIA request **must contain** the following information:
 - A description of the incident;
 - Names of individuals who were involved in the incident;
 - Date of the incident and, if known, time of incident;
 - Description of the record you are looking for; and
 - Address or location where the incident occurred.
 - If you know which DPD unit, division, precinct or officer has the request record, please identify them.
 - If you have the police report number, please identify the report number.
 - The more descriptive and specific your request is, the easier it would be for DPD personnel to search and to retrieve the requested record(s).
 - Please try to avoid “any and all”. If your request is too broad, DPD personnel who will be searching and retrieving the record(s) will most likely encounter difficulties in locating the record(s).
 - If the scope of your request is too broad for DPD personnel to locate the requested record(s), your request may be denied, or you may be presented with a request for a deposit payment.
4. Your request should include the word “FOIA” or “FOIA Request”.
5. You must provide your full name, and a mailing address or a PO Box number of the person who is submitting the FOIA request.
6. Requests cannot be made in the name of a company; a company representative must be identified.

Although no specific form is required to submit a FOIA request to the City of Detroit, the City has a DPD FOIA Request Form specifically for police records, for your use and convenience, on the City's website at www.detroitmi.gov.

2. In some instances, the FOIA Coordinator may directly handle the FOIA request.
3. When submitting a FOIA request concerning non-police matters, you must sufficiently describe a public record so as to enable personnel from that specific City department, agency, commission, or board to find the record(s).
 - Therefore, your FOIA request for non-police matters must contain the following information:
 - A comprehensive description of the document(s) you are seeking; and
 - Time frame and/or date(s), if appropriate
 - If you know which City department, agency, commission, or board would have the requested record, please identify them.
 - Please try to avoid "any and all". If your request is too broad, personnel from the City department, agency, commission, or board who will be searching and retrieving the record(s) will most likely encounter difficulties in locating the record(s).
 - If the scope of your request is too broad for City personnel to locate the requested records, your request may be denied, or you may be presented with a request for a deposit payment.
 - The more descriptive and specific your request is, the easier it would be for City personnel to search and to retrieve the requested record(s).

HOW YOUR FOIA REQUEST IS HANDLED BY THE CITY

Due to the sheer volume of incoming FOIA requests, a vast majority of the non-police FOIA requests and police FOIA requests will be assigned to either an attorney or a legal assistant in the City of Detroit Law Department FOIA Section, unless the FOIA Coordinator handles the request directly.

1. The assigned attorney or the legal assistant will handle the requests under the direct supervision of the Supervising Assistant Corporation Counsel for City of Detroit Law Department FOIA Section.
2. Unless the request specifically identifies the City department, agency, commission, or board, the assigned attorney or legal assistant will:
 - make a determination of what City department, agency, commission, or board would most likely be in the possession of the requested record; and
 - forward a copy of the FOIA request to the Record Liaison (RL) of that particular City

department, agency, commission, or board.

3. The RL of the department, agency, commission, or board will then forward a copy of the request to the appropriate individual employees in the department, agency, commission, or board, who would most likely have or know the whereabouts of the requested record.
4. That employee will then exercise his/her due diligence in searching for the requested record(s) from all the reasonable places and will:
 - inform the RL that the department, agency, commission or the board does not possess the requested record; or
 - provide a complete copy of the requested record(s) to the RL; and
 - if appropriate, the employee will either complete a FOIA labor costs form or provide the necessary information required to assess: an estimated labor costs; or the labor costs incurred by the department, agency, commission or the board under the Act.
5. The RL will then either forward the no record statement, labor cost estimate, or the requested record(s) and, if appropriate, information required to assess the labor costs for that particular FOIA request, to the assigned attorney or the legal assistant in the Law Department.
6. If a labor costs deposit is required, after payment, the Law Department notifies the RL of the department, agency, commission, or board the deposit has been paid and to proceed with his/her due diligence in searching for and, if located, pulling the requested record(s) from all the reasonable places.
7. The assigned attorney or the legal assistant will review the records:
 - to make a determination whether there is any applicable exemption under Section 13 of the Act, MCL 15.243; and/or
 - to make a determination whether there is any federal or state statute which would preclude the City from disclosing the requested record.
8. If necessary, the attorney or the legal assistant will separate the exempt from the non-exempt information from the record, by either redacting the information or by withholding certain document(s).
9. Where appropriate, the attorney or the legal assistant will: 1) keep track of the time spent separating the exempt from the non-exempt information; and 2) charge the labor costs to the person who submitted the request in accordance with the Act.
