Honorable City Council:

Re: Airport Lease Term Resolution.

On November 29, 2017, Council Member Benson requested that the Legislative Policy Division (LPD) draft a resolution urging the administration to review and implement a policy of executing long-term leases at the Coleman A. Young International Airport. The requested draft resolution is attached.

If Council has any other questions or concerns regarding this subject, LPD will be happy to provide further research and analysis upon request.

RESOLUTION URGING THE ADMINISTRATION TO IMPLEMENT A POLICY OF ENTERING INTO LONG-TERM COMMERCIAL LEASES AT THE COLEMAN A. YOUNG INTERNATIONAL MUNICIPAL AIRPORT

By Council Member Benson:

WHEREAS, The Coleman A. Young

International Municipal Airport (hereinafter "City Airport") is a potentially dynamic and valuable driver of economic development and its improved operation could add significantly to the quality of life for residents on the east side of the City of Detroit; and

WHEREAS, In order for City Airport to reach its potential as a thriving institution within our community, the City's administration must promptly implement a number of improvements to airport operations, in order to encourage investment and increase stakeholder satisfaction and support for the airport; and

WHEREAS, The administration currently has a policy of entering into short-term, month-to-month leases for vendor services and operations at City Airport; and

WHEREAS, Such short-term, month-to-month leases fosters significant disincentive to vendor investment, because they inherently lack the stability, security and long-term potential to support sufficient investment; and

NOW, THEREFORE, BE IT RESOLVED THAT City Council strenuously urges the administration to adopt a policy of entering into long-term commercial leases at City Airport, as a first step toward encouraging investment and increasing stakeholder satisfaction and support for the airport, in order to achieve its potential as a thriving institution within our community and as a dynamic and valuable driver of economic development and improved quality of life for residents on the east side of the City of Detroit; and

BE IT FURTHER RESOLVED THAT Copies of this Resolution shall be delivered to the Mayor's Office, to the management of City Airport, and to appropriate community stakeholders and media.

CITY COUNCIL LEGISLATIVE POLICY DIVISION

NEW BUSINESS

January 5, 2018

Honorable City Council:

Re: Resolution in support of making Detroit a City of Opportunity for All.

Council Member Scott Benson requested that the Legislative Policy Division (LPD) draft a resolution stating Council's commitment to pursue a goal of reducing the poverty level in the City of Detroit by 50% by 2040, which supports the concept of making Detroit a "City of Opportunity for All."

**RESOLUTION IN SUPPORT OF
MAKING DETROIT A CITY OF
OPPORTUNITY FOR ALL**

By Council Member Benson:

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens and residents through Charter-mandated legislative functions; and

WHEREAS, Nearly a hundred years ago, the expansion of the auto industry powered a growth spurt that made Detroit the fourth largest city in the country. By 1950, Detroit's population peaked at almost 1.85 million as people moved to Detroit to work at the "Big Three" auto companies: Ford, General Motors and Chrysler. Unfortunately however, in the next few decades, Detroit went from being one of America's most prosperous cities to one of its most distressed; and

WHEREAS, Currently, the city of Detroit is experiencing a renaissance and is on its way to reestablishing itself universally as a world class city. But as recently as 2016, a ranking of the 25 highest populated cities in America, revealed that Detroit ranked number one in the percentage of population living in poverty, at nearly 40%; and

WHEREAS, According to the Stanford Social Innovation Review, "The complex nature of most social problems belies the idea that any single program or organization, can singlehandedly create lasting large scale change." Isolated poverty intervention efforts of individual organizations only lead to nominal impacts on the isolated symptoms of poverty, not at its root causes; and

WHEREAS, Historically, the United States Federal government led the fight to cure the ills of poverty, unemployment and financial disenfranchisement. In the 1930's, President Franklin D. Roosevelt (FDR) implemented a series of federal programs, public works projects financial reforms, and regulations known as "The New Deal." The New Deal programs provided the "3 Rs:" relief for the unemployed and poor recovery of the economy back to normal levels and reform of the financial system to prevent a repeat depression; and

WHEREAS, In 1964, President Lyndon Baines Johnson (LBJ) introduced the "War On Poverty" legislation, which was proposed by Johnson in response to a national nineteen percent poverty rate. In the decade following the introduction of the war on poverty, poverty rates in the U.S. dropped to their lowest level since comprehensive records began in 1958, to 11.1% in 1973; and

WHEREAS, In 2010, President Barack Obama signed the Affordable Care Act (ACA) or "Obamacare" into law. The ACA's major provisions were implemented in 2014 and by 2016, America's share of the

population without health insurance was essentially cut in half, with estimates ranging from 20-24 million additional people covered by 2016. Unfortunately, the nation and its cities can no longer look for this type of support for the poor from today's federal government; and

WHEREAS, In the absence of support from the nation's capital, the Detroit City Council is committed to developing policies and procedures to curtail the tide of poverty in Detroit by declaring a goal to reduce poverty by 50% in the city of Detroit by the year 2040 ("50/40"); but alone, Council's impact has limits. If Detroit is to become a true world class city, it must also be a city of opportunity for all. In order to truly advance the city of Detroit to a level of world class status, Detroit's leaders in government, education, as well as the medical and mental health communities, the philanthropic and charitable community, human service sector, banking and business, must all band together in a coordinated commitment to eradicate poverty in Detroit; NOW THEREFORE BE IT

RESOLVED, The Detroit City Council supports the concept of making Detroit a "City of Opportunity for All," by calling on the Mayor, Wayne County Executive, Wayne County Commission, Detroit School Board and Superintendent, Detroit's medical and mental health community, the philanthropic and charitable community, human service sector, banking and business communities to all commit in the effort to eradicate poverty in the City of Detroit; BE IT FURTHER

RESOLVED, That the Detroit City Council is committed to a period of study to determine the next steps required to pursue the goal of reducing the poverty level in the city of Detroit by 50% by 2040 and urges the Governor, the Michigan State House and Senate to commit to developing legislation to eliminate poverty in the city of Detroit and the state of Michigan as well and that this resolution be forwarded to the City of Detroit's Lansing lobbyist and the Detroit Delegation in the State House and Senate.

RESOLUTION AUTHORIZING THE CITY TASK FORCE ON HOMELESSNESS

By COUNCIL MEMBER SHEFFIELD:

WHEREAS, The Detroit Metro area (Wayne, Oakland, Macomb and Monroe counties) has the highest homeless population in the state of Michigan with approximately 34,000 homeless individuals, including 5,536 children in families and 192 unaccompanied minors. Approximately 69% of homeless Michigan families are headed by single mothers. The homeless population in the City of Detroit stands around 16,200 and represents almost half of the overall number in the Detroit Metro area. The last task force on homelessness was initiated by the Mayor's office in 1994, and there is a dire need for a renewed focus and greater assistance; and

WHEREAS, This task force will be a collaborative effort among several stake-

holders that will seek to coordinate existing agencies and departments to create an overall strategy for the homeless population in the City of Detroit. The taskforce will seek to facilitate efforts on homelessness from agencies and departments such as: the Department of Housing and Revitalization, Homeless Action Network of Detroit, Neighborhood Services Organization, Detroit Rescue Mission Ministries, Cass Community Social Services and any other entity whose mission is to address homelessness in the City of Detroit; and

WHEREAS, In an effort to address the needs of vulnerable populations, the taskforce will evaluate and strategize with local partners to explore current uses of Community Development Block Grants, Emergency Solutions Grants, and other funding sources made available to the city. Improvements and recommendations will be made on the allocation of these funds to ensure that the homeless population of Detroit is being adequately and humanely served. The taskforce will also begin to formulate new and creative ways to leverage federal and private funding to address the needs that are specific to Detroit's homeless population; and

WHEREAS, The City of Detroit currently subscribes to "Moving Forward Together: A Ten-Year Plan to End Homelessness in Detroit, Hamtramck, and Highland Park, Michigan." The taskforce will use this existing strategy as a framework and identify ways to improve implementation. Following the City of Detroit's current plan, the task force will focus and be centered on six core areas for action: housing, prevention, support services, employment and job training, community engagement, and collaboration; and

WHEREAS, Detroit's current housing stock, as it relates to blighted and abandoned buildings creates a unique opportunity to explore creative ways to address homelessness. **TESTIMONIAL RESOLUTION
FOR
ST. PAUL AFRICAN METHODIST
EPISCOPAL CHURCH
100TH Anniversary Celebration
1917- 2017**

WHEREAS, For one hundred years St. Paul African Methodist Episcopal Church has been serving communities on the east side of Detroit — preaching and teaching Christian stewardship, while nurturing the physical body, spirit and the mind through the traditions and principles of African Methodism. In 1917, the Rev. Thomas King said he believed that a church was needed on the east side of Detroit. He organized a mission at a home on Napoleon and Hastings Street. Mrs. Marie Morse, her daughter, Blanche Johnson and Rev. King's daughter were the first persons to unite in this new mission. In this small but adequate Christian home, the Word of God provided light to guide their path and the love to inspire fellowship. Among the other charter members of this mission that met at the Raskin Soft Drink building, located at 1462 Clinton Street, were: Mr. Clarence Hicks, Mrs. James Hill, Mrs. Bluma Upshaw, Mr. James and Julia Bell, Mrs. James and Lena Richardson, Mr. Albert Williams, Mrs. Emeline Williams, Mrs. Martin Williams and Mrs. N.M. Casey Smith. They paid \$15.00 per month to rent the building on Sunday. Shortly after organizing the mission, Rev. King died. Rev. Boise Evans was installed as the new pastor. Under his leadership, the church purchased a larger worship building at Orleans and Mullett Streets, which was known as the "Seed House." The mission was named St. Paul in honor of Rev. King who many felt had served like Paul the Apostle; and

WHEREAS, St. Paul experienced several changes in leadership. Brothers David and Taylor were the next pastors. Rev. A.W. Hall served for the next two years and was succeeded by Rev. A.W. Howell (1922-1927). During Rev. Howell's five year tenure, the membership greatly increased and a new edifice was purchased at Jay and Chene Streets. Reverends W.E. Walker and T.H. Wiseman each served for two years (1927-1931), followed by Rev. James A. Charleston in 1931. Rev. Charleston was an astute businessman and a great preacher. Under his leadership, the membership increased to 1200 members and the church was able to erect a new building at 2260 Hunt Street at Chene, which at that time was the largest church built by a Black congregation in the state of Michigan. The edifice cost \$450,000.00 and the mortgage was completely paid off in eight years. Rev. Charleston served for twenty-seven years (1931-1953). Rev. Carlyle Stewart served for almost one year (1953-

1954), followed by Rev. Grandville Reed (1954-1955). Rev. Charleston returned in 1955 and continued his good works until 1961. He made his transition on Sunday morning, June 4 1961, in the pulpit of his beloved St. Paul. Other pastors that served at St. Paul include: A.D. Evans (1961-1970), Gerald Heyden (1970-1976), Solomon Benn (1976-1980), John P. Henning (1980-1983), Joseph Brockington (1983-1990), J. Allen Parker (June-October 1990), James C. Wade (1990-1993), Armistice R. Polk (1993-1999), Harold C. Huggins (July-August 1999) and E. Anne Henning Byfield (1999-2004). History was made at St. Paul in September of 1999, when Rev. Byfield was appointed as the first female pastor. All of them contributed much to the growth and life of the church; and

WHEREAS, In November 2004, St. Paul was blessed with a dynamic, spirit-filled orator and administrator. Rev. Andre L. Spivey. He is the youngest pastor in St Paul's long history and has the second longest tenure as pastor. Rev. Spivey is a native of Detroit and graduate of Cass Technical High School. He earned a Bachelor of Arts degree from Morehouse College in Atlanta, Georgia, a Master of Divinity degree from Colgate Rochester Divinity School in Rochester, New York and a Master of Science degree from Central Michigan University. Rev. Spivey has also served as the pastor of Pleasant Valley A.M.E. Church in Belleville, Michigan and Saunders Memorial A.M.E. Church in Detroit. Rev. Spivey is truly a model of what a pastor can and should be. In 2009, Rev. Spivey was elected citywide to the Detroit City Council, coming in 6th place out of 168 candidates. He was re-elected in 2013 to represent City Council District Four, and on November 7, 2017 to serve his third term on the Council. Rev. Andre Spivey has been married since 2000 to First Lady Shema Spivey and they are blessed with two wonderful and talented children, Andre II and Kendall. St. Paul African Methodist Episcopal Church has come this far by faith. We believe in providing spiritual, educational and economic nurturing for total mankind. What a joy it has been for these one hundred years of service to God and humanity. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones congratulates St. Paul African Methodist Episcopal Church on the celebration of its milestone 100th Church Anniversary. May God continue to bless everyone in abundance!

Law Department

January 4, 2018

Honorable City Council:
Re: Tax collection initiative on foreclosed properties — proposed resolution for continuation of settlement authority

1. Background

In 2016, the city filed some 600 lawsuits seeking to collect unpaid property taxes after foreclosure. The legal theory is, if a property has unpaid taxes of \$50,000, and is sold at foreclosure sale for \$20,000, the City can sue the former owner of the property for the remaining \$30,000. The lawsuits target landlords and banks, not homeowners who lose their homes due to foreclosure. The Corporation Counsel is using the collection lawfirm of Roosen, Varchetti & Olivier to bring the lawsuits on a contingency fee basis.

2. Lawsuit settlement authority

In 2016, the City Council approved the attached resolution allowing the Corporation Counsel to settle certain of these lawsuits without further City Council approval. The Corporation Counsel made that request because (i) the City will not have to pay anything to pursue these lawsuits, and (ii) due to the number of lawsuits, and the need to settle many because the defendant is not collectible in whole or in part, and/or has viable defenses, the law department believes, and continues to believe, that it would be unduly burdensome for the law department to seek, or City Council to review, most lawsuit settlements. The resolution approved by City Council provided following with respect to settlement authority for lawsuits:

- Law department need not seek prior City Council approval to settle lawsuits if (i) the amount of City tax at issue is \$50,000 or less, or (ii) the settlement provides for collection of at least 50% of city tax at issue. Therefore, prior settlement authority would be needed only if

• the amount of City tax at issue is more than \$50,000 and the settlement results in collection of less than 50% of the city tax at issue.

• Law department will provide City Council with bi-monthly reports on collections. Attached are reports previously provided to City Council pursuant to that resolution.

• The prior resolution expired on December 31, 2017. The Corporation Counsel now seeks to renew the resolution through December 31, 2018.

By Council Member McCalister, Jr.:

Re: Administration's initiative to collect unpaid property taxes on foreclosed properties from the former property owner — continuation of prior lawsuit settlement authority.

RESOLVED: The law department shall continue to have the following settlement authority for lawsuits filed in connection with the administration's efforts to hold prior owners of foreclosed properties personally liable for back taxes:

• Law department need not seek prior City Council approval to settle lawsuits if (i) the amount of City tax at issue is \$50,000 or less, or (ii) the settlement provides for collection of at least 50% of city tax at issue. Therefore, prior settlement authority would be needed only if the amount of City tax at issue is more than \$50,000 and the settlement results in collection of less than 50% of the city tax at issue.

• Law department will provide City Council with reports on collections provided every other month.

• The authority granted by this Resolution shall continue until December 31, 2018.

City Planning Commission

January 8, 2018

Honorable City Council:

Re: Request of Mr. Daniel Washington to amend Article XVII, District Map 46, of the 1984 Detroit City Code Chapter 61, 'Zoning' by showing a B2 (Local Business & Residential) zoning classification where an R3 (Low Density Residential) zoning classification currently exists on eight (8) parcels commonly identified as 6326, 6318, 6314, 6310, 6302, 6258, 6252 and 6246 Linwood Street. (RECOMMEND APPROVAL).

BACKGROUND AND PROPOSAL

The City Planning Commission (CPC) has received a request from Mr. Daniel Washington requesting that the City of Detroit amend Article XVII, District Map No. 46 of Chapter 61 of the 1984 Detroit City Code, 'Zoning,' to show a B2 (Local Business & Residential) zoning classification where an R3 (Low Density Residential) zoning classification currently exists on eight (8) parcels commonly identified as 6326, 6318, 6314, 6310, 6302, 6258, 6252 and 6246 Linwood Street, generally bounded by Ferry Park Avenue to the north, Stanton Street to the east, Marquette Street to the south and Linwood Street to the west.

The subject property is vacant land except for one vacant dwelling located at 6318 Linwood Street. This building is owned by the Detroit Land Bank which plans to demolish it. Historically, the lots were developed with residential dwellings.

The property is located in City Council District 5.

Proposed Development

The petitioner owns three of the four northernmost parcels and has an agreement to buy the fourth from the Detroit Land Bank. He plans to construct a Retail Bake Shop at the site. The current R3 zoning district does not allow any commercial uses; the proposed B2 zoning district is the least intense district that allows bake shops as a by-right use.

The four southern parcels are owned by the Detroit Land Bank and Holy Cross Baptist Church. No developments are proposed at this time.

PLANNING CONSIDERATIONS

Surrounding Zoning and Land Use

The zoning classification and land uses surrounding the subject area are as follows:

North: B4 (General Business) — vacant buildings (commercial with residential above)

East: R2 (Two-Family Residential) — vacant land

South: B4 (General Business) — occupied building (Holy Cross Baptist Church)

West: R3 (Low Density Residential) — vacant buildings (commercial), vacant land, parking lot

Approval Criteria

This proposal appears to meet the eight approval criteria for a map amendment listed in Section 61-3-80 of the zoning ordinance, specifically:

- The amendment corrects an error or meets the challenge of a changing condition. Two corners of the subject intersection and the property to the south are zoned commercial; rezoning this property creates consistency along the block.
- The amendment will not have adverse impacts on property in the vicinity. By allowing for the proposed small scale commercial development, the vitality and walkability of the neighborhood will be improved.

- The suitability of the existing and proposed zoning classifications for the subject property. The proposed commercial zoning classification is more appropriate for the property due to its proximity to West Grand Boulevard, location on a bus route (29 Linwood) and adjacent commercial buildings.

The subject site is located within the Rosa Parks area of Neighborhood Cluster 6 of the Detroit Master Plan of Policies. The Future Land Use map for this area shows *Low-Medium Density Residential (RLM)* for the subject properties. The block to the north along West Grand Boulevard is designated *Mixed-Residential/Commercial (MRC)*. By comparison, the Detroit Future City 20 Year Land Use Scenario map shows *Innovation Ecological* as the intended use. The Planning

Master Plan Consistency

The subject site is located within the Rosa Parks area of Neighborhood Cluster 6 of the Detroit Master Plan of Policies. The Future Land Use map for this area shows *Low-Medium Density Residential (RLM)* for the subject properties. The block to the north along West Grand Boulevard is designated *Mixed-Residential/Commercial (MRC)*. By comparison, the Detroit Future City 20 Year Land Use Scenario map shows *Innovation Ecological* as the intended use. The Planning

& Development Department supports this proposed rezoning.

City Planning Commission Public Hearing

On October 5, 2017, the City Planning Commission held a public hearing on this rezoning request. Several residents spoke in support of the proposal and no one spoke in opposition.

RECOMMENDATION

On October 5, 2017, the City Planning Commission voted to recommend approval of the rezoning request to amend District Map 46, of the 1984 Detroit City Code Chapter 61, 'Zoning' by showing a B2 (Local Business & Residential) zoning classification where an R3 (Low Density Residential) zoning classification currently exists on eight (8) parcels commonly identified as 6326, 6318, 6314, 6310, 6302, 6258, 6252 and 6246 Linwood Street. The ordinance establishing the map amendment has been reviewed and approved as to form by the Law Department and is attached for your consideration.

Honorable City Council:

Re: 28 Grand River Limited Dividend Housing Association LLC — Payment in Lieu of Taxes (PILOT)

28 Grand River LLC, has formed 28 Grand River Limited Dividend Housing Association LLC (The "LDHA"). The LDHA owns a portion of the project known as Capitol Park Microlofts and its portion is restricted to occupancy by only low-income residents (the income restricted portion of the Capitol Park Microlofts is referred to herein as the "Project"). The newly-constructed thirteen (13) story development contains a total of two hundred eighteen (218) units. The development is structured as four (4) separate condominium units with condo unit two (2) consisting of eighty-five (85) units of affordable housing for low-income residents on floors three (3) through six (6) and a portion of floor two (2). The Project site is bounded by Clifford on the north, Woodward on the east, Grand River on the south and Griswold on the west.

The Project consists of eighty-five (85) fully-furnished one (1) bath microloft dwelling units averaging two hundred sixty (260) square feet.

The Project has been financed by a twenty-four (24)-month Construction Loan Agreement with Aurora Financial LLC for up to \$16,000,000 at five percent (5%) interest with a Permanent Loan extension option for the amount of \$2,112,841 at six and 15/100 percent (6.15%) interest for an additional eighteen (18) years. Low Income Housing Tax Credits in the annual amount of \$1,388,955 have been reserved.

Rents for all units have been set at or below sixty percent (60%) of the area median income, adjusted for family size. All residents will contribute no more than thirty percent (30%) of their adjusted gross income towards the rent amount. All eighty-five (85) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended.

In order to make the Project economically feasible, it is necessary for its to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A).

Adoption of the resolution by your

Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of ten percent (10%) of the annual net shelter rent obtained from this housing project.

Respectfully submitted,
ALVIN HORHN
Deputy CFO/Assessor

By Council Member Ayers:

Whereas, pursuant to the provisions of the Michigan State Housing Development Act, Act 346 of the Public Acts of 1966, as amended, being MCL 125.1401 se seq. (the "Act"), a request for exemption from property taxes has been received on behalf of 28 Grand River LLC (the "Sponsor"); and

Whereas, a housing project as defined in the Act is eligible for exemption from property taxes under Section 15a of the Act (MCL 125.1415a) if the Michigan State Housing Development Authority ("MSHDA") provides funding for the housing project, or if the housing project is funded with a federally-aided mortgage as determined by MSHDA; and

Whereas, Section 15a of the Act (MCL 125.1415a) provides that the local legislative body may establish by ordinance the service charge to be paid in lieu of taxes, commonly known as a PILOT; and

Whereas, the City of Detroit has adopted Ordinance 9-90, as amended, being Sections 18-9-10 through 18-9-16 of the Detroit City Code to provide for the exemption from property taxes of eligible housing projects and to provide for the amount of the PILOT for said housing projects to be established by resolutions of the Detroit City Council after review and report by the Board of Assessors; and

Whereas, the Sponsor has constructed a project known as Capitol Park Microlofts, in a thirteen (13) story apartment building located at 28 Grand River in the City of Detroit which contains eighty-five (85) units of low and moderate income housing which is described by street address, tax parcel and legal description in Exhibit A to this resolution (the "Project"); and

Whereas, the purpose of the Project is to serve low to moderate income persons as defined by Section 15a(7) of the Act, being MCL 125.1415a(7); and

Whereas, MSHDA has provided notice to the Sponsor that it intends to approve federal-aided financing for the Project, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

Whereas, pursuant to Section 15a of the Act, being MCL 125.1415a(1), the tax exemption is not effective until the Sponsor first obtains MSHDA certification that the housing project is eligible for exemption, and files an affidavit, as so certified by MSHDA, with the Board of Assessors; and

Whereas, pursuant to Section 18-9-13(G) of the Detroit City Code, the tax exemption shall be effective on adoption, with the tax exemption and PILOT payment to occur only upon bona fide use and physical occupancy by persons and families eligible to move into the Project, in accordance with the Act, which must occur as of December 31 of the year preceding the tax year in which the exemption is to begin; Now, Therefore, Be It

Resolved, that in accordance with City Code Section 18-9-13, the Project known as Capitol Park Microlofts as described above is entitled to be exempt from taxation but subject to the provisions of a service charge of ten percent (10%) for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1966, as amended, being MCL 125.1401, et seq.; be it further

Resolved, that arrangements to have collections of a payment in lieu of taxes from the Sponsor be established upon occupancy for future years with respect to the same be prepared by the Finance Department; and be it further

Resolved, that in accordance with Section 15a(3) of the Act, MCL 125.1415a(3), the exemption from taxation shall remain in effect for as long as the MSHDA-aided or Federally-aided financing is in effect, but not longer than fifty (50) years, and shall terminate upon the determination by the Board of Assessors that the Project is no longer eligible for the exemptions; and be it further

Resolved, that the City Clerk furnish the Finance Department—Assessment Division two certified copies of this resolution; and be it further

Resolved, that this resolution is adopted with a waiver of reconsideration.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of Your Honorable Body. Honorable City Council:

Re: Jonathan Daffin v. City of Detroit. Case No.: 17-003659-NI. File No.: L17-00157.

On December 6, 2017, a case evaluation panel evaluated the above-captioned lawsuit and awarded Thirty Five Thousand Dollars and No Cents (\$35,000.00) in favor of Plaintiff. The parties have until February 6, 2018, to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of Your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of Thirty Five Thousand Dollars and No Cents (\$35,000.00) is in the best interest of the City of Detroit.

We, therefore, request Your Honorable Body to authorize acceptance of the case evaluation award; and, in the event Plaintiff accepts the award, to deem such acceptance as a settlement to direct the Finance Director to issue a draft in that amount payable to Jonathan Daffin and Mike Morse Law Firm, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 17-003659-NI, approved by the Law Department.

Honorable City Council:

Re: Assignment of Irrevocable Option to Purchase 17500 Manor and 17503 Pinehurst, Detroit, MI 48235

The City of Detroit has received an offer from Hartford-PVM, LLC, a Michigan limited liability company, to purchase certain rights the City has in real property at 17500 Manor (formerly part of 17370 Meyers) and 17503 Pinehurst, Detroit, MI (together the "Properties") for the purchase price of Forty Eight Thousand Six Hundred Fifty Seven and 00/100 Dollars (\$48,657.00) ("Purchase Price").

As part of a settlement with Lewis

College of Business approved by Detroit City Council on September 13, 2016, the City acquired rights to the Properties under an irrevocable option to purchase (the "Option"). The Option may be assigned to a third party at the City's sole discretion. Also as part of the settlement, the City demolished the former Harrison Hall structure that was the main source of blight on the Properties.

At this time, the City wishes to assign the Option to Hartford-PVM, LLC in exchange for the Purchase Price, which will cover the City's demolition costs. Hartford-PVM, LLC plans to incorporate the Properties into their adjacent Hartford Village senior living community.

We request that your Honorable Body adopt the attached resolutions that approves assignment of the Option to Hartford-PVM, LLC in exchange for the Purchase Price.

Respectfully,
CHARLES RAIMI

Deputy Corporation Counsel
By Council Member McCalister, Jr.:

Whereas, The City of Detroit ("City") has acquired an Irrevocable Option to Purchase certain real property at 17500 Manor and 17503 Pinehurst, Detroit, MI (together the "Properties") from Lewis College of Business (the "Option"), a copy of which is attached hereto as Exhibit A; and

Whereas, The Option may be freely assigned to a third party in the City's sole discretion; and

Whereas, The City wishes to assign the option to Hartford-PVM, LLC in exchange for Forty Eight Thousand Six Hundred Fifty Seven and 00/100 Dollars (\$48,657.00) ("Purchase Price"); now therefore be it

Resolved, The Detroit, City Council hereby approves assignment of the Option to Hartford-PVM, LLC in exchange for the Purchase Price; and be it further

Resolved, That the Purchase Price shall be received by the City upon conveyance of the Properties from Lewis College of Business to Hartford-PVM, LLC; and be it further

Resolved, That the City's Deputy Corporation Counsel, or his authorized designee, is hereby authorized to execute any documents as may be necessary or convenient to effect assignment of the Option to Hartford-PVM, LLC consistent with this resolution.

**EXHIBIT A
IRREVOCABLE OPTION
TO PURCHASE**

(17503 Pinehurst and Part of
17370 Meyers, Detroit, MI)

THIS OPTION TO PURCHASE AGREEMENT ("Agreement") is made and entered into by and between Lewis College of Business ("Seller"), a Michigan

non-profit corporation with an address of 17370 Meyers Road, Detroit, MI 48235, and the City of Detroit ("City"), a Michigan public body corporate acting by and through its Law Department with an address of Two Woodward Avenue, Suite 500, Detroit, MI 48226.

RECITALS

Whereas, Seller owns certain real property located at 17503 Pinehurst and 17370 Meyers in Detroit, MI; and

Whereas, In settlement of a lawsuit between the parties in Wayne County Circuit Court Case No. 15-016388-CH (the "Lawsuit"), the Seller has agreed to grant the City an irrevocable option to purchase 17503 Pinehurst and a portion of 17370 Meyers in Detroit, MI (collectively the "Premises"), as more fully described in Exhibit 1 attached hereto and incorporated by reference herein; and

Now, Therefore, For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Grant of Option. In consideration of settlement of the Lawsuit and in accordance with that certain settlement agreement between the parties pertaining to the Lawsuit, Seller hereby grants City an exclusive and irrevocable option to purchase the Premises, together with all easements, rights and appurtenances attached thereto (the "Option").

During the Option Term, Seller may not sell, mortgage, pledge, use as collateral for a loan or otherwise encumber the title to the Premises in any way.

2. Option Term. The Option and the term of this Agreement shall be for a period of five (5) years, beginning on the date of Detroit City Council approval of settlement of the Lawsuit and expiring five (5) years therefrom ("Option Term"). If the Option is not exercised before this Agreement expires, the Option shall terminate.

3. Purchase Price. In the event the Option is exercised, the Seller shall convey the Premises to City, or the City's assignee, for the purchase price of One and 00/100 Dollar (\$1.00). The purchase price shall be paid in full at the closing.

4. Exercise of the Option. City, or City's assignee, may exercise the Option by giving written notice to Seller at its address stated above. The notice must be sent by certified mail and shall be deemed received by Seller two (2) days from the date of posting. The Seller must receive such notice before the Option expires.

5. Closing. Within 15 days from the Seller's receipt of written notice that the Option will be exercised, the parties shall close the sale and the Seller shall convey the Premises to the City, or the City's assignee. Seller shall have the following obligations at closing:

a. Seller shall convey good and mar-

ketable title to the Premises pursuant a warranty deed. The warranty deed shall be in the form attached hereto as exhibit 2.

b. Seller shall provide the Premises free of any and all liens.

c. All real estate taxes and installments of assessments on the Premises shall be paid by Seller in full up to the next date of December 31st after the date of closing. If tax bills are not available at any time, estimated taxes shall be paid by Seller at closing and held in escrow by the Seller's title company. The title company shall then pay the taxes when due. The Seller shall be responsible to pay the difference for any shortfall once actual tax bills are available. Any surplus in escrow shall be returned to Seller after the taxes are paid in full. The City shall have no tax liability with respect to the purchase transaction.

In the event that the closing is with the City's assignee and that assignee is not otherwise exempt from paying real property taxes by law, then current taxes and installments of assessments on the Premises shall be paid by Seller. However, the City's assignee shall be responsible for the prorated amount of such taxes for the date of closing and thereafter.

d. The closing shall be held at the offices of the Seller's title company, unless the parties mutually agree on some other location.

6. Assignable. The Option and this Agreement may be freely assigned by the City in the City's sole discretion. In the event of an assignment, the City shall notify the Seller in writing of the name of the City's assignee and Seller shall convey the Premises to the City's assignee pursuant to the terms of this Agreement if the Option is exercised.

7. Inspections. City may access the Premises at any time during the Option Term to make inspections, conduct assessments, complete surveys, take soil borings and perform any other due diligence activities typically performed on a real estate acquisition. City must give Seller prior notice before conducting such activities on the Premises.

8. Recording. The Agreement may be recorded by the City upon execution of the Agreement by both parties.

9. Binding Effect. This Agreement shall bind and benefit the parties' successors and assigns.

10. Entire Agreement. This Agreement contains the entire agreement of the parties with respect to the Option and the transaction described in this Agreement. This Agreement may not be amended or released, in whole or in part, except by a document signed by both parties.

11. Time of the Essence. Time is of the essence in the performance of this Agreement.

IN WITNESS WHEREOF, the parties hereby execute this Agreement as follows:

HONORABLE PLANNING AND ECONOMIC DEVELOPMENT STANDING COMMITTEE

Re: The Planning and Development Department's proposed amendment to the Detroit Master Plan of Policies to amend the Future Land Use Map of the Lower Woodward Neighborhood of Master Plan Cluster 4 to show a "CS," Special Commercial, designation where "MRC," Mixed Residential Commercial, presently exists on land bounded by Sproat Street, Woodward Ave, the Fisher Freeway (1-75) Service Drive and Clifford/Cass Avenues. (RECOMMEND APPROVAL)

At the June 2, 2016 regular meeting of the City Planning Commission, the Commission voted to recommend approval of the Planning and Development Department's (P&DD) proposed amendment to the Detroit Master Plan of Policies affecting the Future Land Use map for the Lower Woodward Neighborhood on land bounded by Sproat Street, Woodward Ave, the Fisher Freeway (1-75) Service Drive and Clifford/Cass Avenues in Master Plan Cluster 4 (a copy of the pub-

lic hearing notice is attached).

The Master Plan amendment relates to the same area that Your Honorable Body reviewed and approved for rezoning from B4 (General Commercial) to PD (Planned Development) for the Detroit Event Center Complex:

Ordinance No. 10-15, rezoned B4 land to PD for the area generally bounded by Sproat St. on the north, Woodward Ave on the east, Henry St. on the south and Cass Ave. on the west.

ANALYSIS

November of 2014 through May of 2015 your Honorable Body considered the report and recommendation of the City Planning Commission in response to the request of the Downtown Development Authority (DDA) and Olympia Development of Michigan (ODM) to rezone property to PD in order to establish the new stadium, office, retail and residential complex now known as Little Caesars Arena. During the CPC deliberation of this matter the Planning and Development Department, in review of the Master Plan of Policies, found the rezoning request to be consistent with the current "MRC" (Mixed Residential Commercial) land use designation due to the mixed use character of the then proposed complex. However, the Department also concluded that the "CS" (Special Commercial) land use designation would be more appropriate given the application of that designation across most of the Central Business District, including the existing stadia sites to the south. The proposed Master Plan amendment is consistent with the findings of the P&DD at that time as well as the reporting of the CPC relative to the rezoning.

Additionally, the Commission notes and supports the proposed amendment's inclusion the property on the south side of Henry extending south to the Fisher Freeway. While the PD rezoning did not include this additional block, its related use and the current B4 and B5 (Major Commercial) zoning are also consistent with the "CS" (Special Commercial) land use designation.

CPC PUBLIC HEARING

During the public hearing on this matter at the June 2nd CPC meeting, P&DD presented the proposed amendment, which was briefly discussed among the Commission and staff. There was no public comment.

RECOMMENDATION

Following the public hearing the City Planning Commission, finding the proposed amendment consistent with the rezoning of the land in 2015 voted to recommend approval of the proposed Master Plan amendment designating the subject property as "CS" (Special Commercial), as indicated in the originally submitted

report and recommendation of the Planning and Development Department, dated October 24, 2014.

Honorable City Council:

Re: Resubmitted Petition #1673 — Starbucks Café to Establish a Temporary Outdoor Café at 1114 Washington Boulevard.

The above-referenced petition was originally before your Honorable Body on July 25, 2017, and due to an objection by the Buildings, Safety, Engineering & Environmental Department (BSEED), the petition was not passed. Since that time, the petitioner has met all of its obligations with BSEED and is now ready to move forward with the above request for a Temporary Outdoor Cafe Service. This service will convene every April 1st through November 30th, for a period of three (3) years from the date of your Honorable Body's approval at the above-referenced location.

The Department of Public Works/City Engineering Division (DPW/CED), who has jurisdiction over temporary encroachment on City right-of-ways, has approved this request contingent upon the petitioner's compliance with applicable City ordinance related to outdoor cafe activities, and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED. The Petitioner shall remove fence and all equipment for the Outdoor Cafe by the end of Outdoor Cafe Season.

The Health Department has approved this petition, subject to the petitioner's strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from the Health Department's Food Safety Division.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards the above-referenced petition. Prior approval from the Central District Precinct does not cover serving liquor in outdoor cafe area until the Detroit Police Liquor License Bureau has given approval.

The Housing & Revitalization Department (H&RD) is not aware of any objections from any other City Agencies involved. It is the recommendation of H&RD that the petitioner's request be granted, subject to the terms and conditions provided in the attached resolution.

Respectfully submitted,

Honorable City Council:

Re: Address: 4768 Casper. Name: Marwan S. & Souzan Sinno. Date ordered removed: October 23, 2017.

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on December 20, 2017 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the 3rd deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.
2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:
 - Certificate of Acceptance related to building permits
 - Certificate of Approval as a result of a Housing Inspection
 - Certificate of Inspection, required for all residential rental properties.
3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).
4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if condi-

tions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Re: Address: 12320 Riad. Name: Donald Gayles. Date ordered removed: May 11, 2015.

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on January 3, 2018 revealed the building is secured and appears to be sound and repayable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the 1st deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days,

2. The building shall be maintained securely barricaded until rehabilitation is

complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Re: Petition No. 981 Giffels Webster request to vacate the surface portions of the public alley right-of-way within the blocks bounded by Grand River Avenue, W. Adams Avenue, Clifford St. and W. Columbia Street.

Petition No. 981 — Giffels Webster on behalf of Olympia Development of Michigan LLC request to vacate and convert to subsurface easement the east-west public alley, 20 feet wide, in the block of Elizabeth Street, 60 feet wide, Columbia Street, 60 feet wide, Cass Avenue, 71 feet wide and Clifford Street, 60 feet wide, also the east-west and north-south public alley, 20 feet wide in the block of Adams Street, 60 feet wide, Elizabeth Street, Grand River Avenue, 100 feet wide and Cass Avenue.

This request is being made to consolidate the land parcels and develop them for surface parking.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW and the Public Lighting Authority (PLA) report no involvement. Detroit Water and Sewerage Department (DWSD) has no objection to the conversion to easement. The specific DWSD provisions for easements are included in the resolution. Public Lighting Department (PLD) reports involvement but no objection and a provision for the return of PLD's luminaires and bracket arms is a part of the attached resolution.

DTE Energy-Electric (DTE) reports involvement with an estimated cost of \$33,964.23 for removal and relocation of their above ground facilities. A provision for the removal of the DTE facilities at cost to be borne by the petitioner is a part of the resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the conversion of the public right-of-way into a private subsurface easement for public utilities. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

RESOLUTION IN SUPPORT OF AMENDING THE SIGN ORDINANCE TO ALLOW OFF-PREMISES ADVERTISING

By Council Members Benson and Sheffield:

Whereas, In 2014, the Sign Ordinance Working Group (SOWG) was reconvened to propose amendments to the City Code relative to signage; and

Whereas, The SOWG produced a draft only pertaining to on-premises signage in May 2015; and

Whereas, In June 2015, after reviewing the report prepared by City Planning Commission staff, the City Planning Commission voted to approve a draft ordinance relative to on-premises signage, with conditions; and

Whereas, The Law Department identified several issues in the draft ordinance that needed to be reconciled; and

Whereas, In July 2015, the United States Supreme Court decided Reed vs.

Gilbert, which placed restrictions on how municipalities can regulate signage; and

Whereas, This Honorable Body approved the Administration's recommendation to enter into a contract with Brooklyn-based firm Interboro Partners for assistance in drafting a new comprehensive sign-ordinance; and

Whereas, A First Amendment expert was retained to ensure the City adopted a sign code consistent with applicable law; and

Whereas, As of this date, the SOWG has yet to submit a final draft to the City Planning Commission that will ultimately come before this Honorable Body for approval; and

Whereas, This Honorable Body supports the exploration of a fair and consistent sign ordinance that allows for all eligible property owners, including those of historic buildings and those located in historic districts, to engage in off-premises advertising in the Central Business District, and

Whereas, Longstanding property owners, who have remained in the City, gain tremendous value from off-premises advertising; and

Whereas, These longstanding property owners, many of whom are non-profit organizations, realize significant revenue from off-premises advertising that aids

them in managing operating costs, maintaining their buildings and paying property tax; and

Whereas, Advertising by major national brands such as Apple, as well as important local advertisers, are a further sign of the revitalization of our Central Business District; Now Therefore Be It

Resolved, That this Honorable Body would like to be presented with a final draft of the proposed Sign Ordinance within 90 days of submission of this resolution with monthly updates that will be presented to the Planning and Economic Development Standing Committee; And Now Therefore Be It

Resolved, That the Detroit City Council supports the exploration of ordinance provisions that allow for off-premises advertising for all eligible properties, inclusive of historic districts and buildings and subject to criteria established by ordinance in the Central Business District, And Be It Finally

Resolved, That copies of this resolution shall be transmitted to the Mayor, Corporation Counsel, the Planning & Development Department Director, the Buildings, Safety, Engineering & Environmental Department Director, and the City Planning Commission.

February 2, 2018

Honorable City Council:

Re: 2018-2019 Community Development Block Grant (CDBG)/Neighborhood

Opportunity Fund (NOF) Recommendations.

Attached is a resolution and chart regarding the recommendations under the 2018-19 CDBG/NOF program for Your Honorable Body's consideration.

Once approved, these recommendations should be added to the Schedule A table to be included as part of City's final budget approval in March 2018 and as a part of HUD Annual Action Plan.

Respectfully submitted,
MARCELL R. TODD, JR.
Director

By Council Member Tate:

**RESOLUTION APPROVING THE
ALLOCATION OF NEIGHBORHOOD
OPPORTUNITY FUND/COMMUNITY
DEVELOPMENT BLOCK GRANT
BUDGET FOR FISCAL YEAR
2018-2019**

Whereas, Each year the Administration and City Council collectively evaluate proposals for the allocation of Community Development Block Grant (CDBG) funds from the U.S. Department of Housing and Urban Development (HUD) through the City of Detroit Neighborhood Opportunity Fund (NOF); and

Whereas, Under the federal guidelines, CDBG funds may be used to support programs operated by organizations that serve low- to moderate-income individuals and other vulnerable populations within our community. Given the serious challenges in our community, the City of Detroit uses CDBG funding to provide the necessary public service programs to address the vast needs of the vulnerable in our community; and

Whereas, While the critical need for these types of services within the City has not diminished, the resources available from HUD to address those needs is consistently being reduced; and

Whereas, The need for increased operational efficiencies within CDBG funded organizations could be achieved through greater interagency collaboration such as merger of groups with compatible missions or consolidation of administrative fiduciary functions to increase service capacity. These expressions of encouragement are offered in recognition of the funding trends and the need for even stronger service delivery groups in these times; and

Whereas, A review team which included representatives of the Housing and Revitalization Department (HRD), Legislative Policy Division (LPD), City Planning Commission (CPC), the Office of Contracts and Procurement (OCP), and the Office of Grants Management (OGM) reviewed the various proposals received for the program and HRD prepared recommendations to the Mayor; and

Whereas, The Mayor subsequently prepared recommendations which were submitted to the City Planning Commission (CPC), which concurred with all fifty-five (55) of the Mayor's funding recommendations; and

Whereas, City Council, having subsequently received the recommendations of the Mayor and the CPC, has reviewed those recommendations, held an appeals hearing regarding the organizations that were not initially recommended to receive 2018-2019 NOF/CDBG funds, as well as public hearing on the overall NOF/CDBG program; and

Whereas, In addition to the fifty-five (55) organizations initially recommended by the Mayor to receive NOF/CDBG funding, City Council and the administration through deliberations at the Council table resulted in the inclusion of one (1) group: Chapel Hill Missionary Baptist Church; and

Whereas, City Council and the administration through deliberations at the Council table agreed to fund, with reprogrammed unexpended funds, the following four (4) groups:

- Michigan Legal Services, \$150,000
- World Medical Relief, \$63,000
- Boys & Girls Club of Southern Michigan, \$60,000
- Sienna Literacy Center, \$60,000; and

Whereas, Given the historic and very public role in the vetting of CDBG applicants as well as its unique knowledge of the residents of the City as their locally-elected representatives, City Council's involvement in the CDBG process is not only mandated by law but critical to the appropriate distribution of these funds. Now, Therefore Be It

Resolved, That the Detroit City Council hereby approves the allocation of Community Development Block Grant / Neighborhood Opportunity Fund awards for FY 2018-19 as set forth in the attached CDBG/NOF allocation chart; and Be It Finally

Resolved, That a copy of this resolution be sent to the Financial Review Commission, Mayor Mike Duggan, HRD, OCP, OGM, and the CPC.

City Planning Commission

February 6, 2018

Honorable City Council:

Re: Request of the Downtown Development Authority in conjunction with Olympia Development of Michigan to amend Article XVII, District Map No. 3 of Chapter 61 of the 1984 Detroit City Code, Zoning and the provisions of the existing PD (Planning Development) zoning district established by Ordinance 10-15 on land bounded by Woodward Ave. on the east, the south side of Henry St. on the south, Clifford Ave. and Cass Ave. on the west and Sproat St. on the North; and to rezone a portion of the remaining B4 (General Commercial) zoned land along the east side of Cass Ave. between Sproat St. and Henry St. as well as the to-be-vacated Henry Street right-of-way, to PD. (Request 2nd Extension of Review Period)

On June 13, 2017 the Detroit City Council received and referred to the Planning and Economic Development Standing Committee the report and recommendation of the City Planning Commission (CPC) for the above captioned map amendment request to Chapter 61 of the Detroit City Code, Zoning. The Zoning Ordinance specifies in Sec. 61-3-17, "Where a petition for a proposed Zoning Ordinance text or map amendment is not voted upon by the City Council within one hundred twenty (120) days of the time of receipt of the City Planning Commission's report, it shall be deemed to have been denied, unless extended by resolution of the City Council." The matter was to expire by the end of the day on October 10, 2017, but for your Honorable Body taking action and passing a resolution that extended the request another one hundred twenty days through Wednesday, February 7, 2018.

The 120-day extension of the review period for this matter will expire at the end of the day, tomorrow, February 7, 2018. Consequently, CPC staff on behalf of the Commission and the petitioners requests a second 120-day extension of the review period to avoid having to re-start the ordinance amendment process all over again at the CPC. This second extension would run through the end of the day on Thursday June 7, 2018. A resolution to that effect is attached for your consideration.

Respectfully submitted,

TESTIMONIAL RESOLUTION FOR

MORRIS SELIGMAN DEES, JR.

By COUNCIL PRESIDENT JONES:

WHEREAS, It is with great pleasure and privilege that we, the members of the Detroit City Council, recognize and bestow due honor upon Morris Dees, a legendary civil rights lawyer and co-

founder of the Southern Poverty Law Center; and

WHEREAS, In 1956, while Morris Dees was an undergraduate at the University of Alabama, he witnessed crowds of white people — including members of the Ku Klux Klan — verbally and physically harass a classmate who was the first African-American to attend the university. The scene horrified Dees and would resonate with him in the years to come. In 1960, he graduated magna cum laude from the University of Alabama School of Law. Dees ran a book publishing business, Fuller & Dees Marketing Group and sold the company for several million dollars in 1969. That same year, Dees sued the YMCA in Montgomery, Alabama, at the request of civil rights activist Mary Louise Smith, whose son and nephew had been refused admission to attend a YMCA summer camp. DEES discovered that, in order to avoid desegregating its recreational facilities, the city of Montgomery had signed a secret agreement with the YMCA to operate as a private facility, but on the city's behalf. The trial court ruled that the YMCA had a "municipal charter" and was therefore bound by the Fourteenth Amendment to the United States Constitution to desegregate its facilities. In 1971, Morris Dees worked with fellow attorney Joseph J. Levin Jr. and civil rights activist Julian Bond to form the Southern Poverty Law Center. Since its inception, the Southern Poverty Law Center has been dedicated to fighting hate and bigotry, institutional racism, and to seeking justice for the most vulnerable members of our society; and

WHEREAS, Morris Dees was one of the principal architects of an innovative strategy that entailed filing civil lawsuits against hate groups, claiming damages for the violence committed by their members in order to secure court judgments for monetary damages. In 1981, Dees successfully used this strategy to sue the United Klans of America and won a \$7 million judgment for the mother of Michael Donald, a black lynching victim in Alabama. Payment of the judgment bankrupted the organization and resulted in its national headquarters being sold to help satisfy the judgment. Dees most famous cases have involved landmark damage awards that have driven several notorious white supremacist hate groups into bankruptcy; and

WHEREAS, Morris Dees has written three books: A Season for Justice, his autobiography; Hate on Trial: The Case

Against America's Most Dangerous Neo-Nazi; and Gathering Storm: America's Militia Threat. He is the recipient of more than 20 honorary degrees and numerous awards. In 2006, the law firm of Skadden Arps partnered with the University of Alabama School of Law to create the Morris Dees Justice Award in honor of Dees. The award is given annually to a lawyer who has "devoted his or her career to serving the public interest and pursuing justice, and whose work has brought positive change in the community, state or nation." In 2012, the American Bar Association awarded Dees the ABA Medal for his dedication to the pursuit of tolerance, justice and equality. In addition, on March 4, 2016, Dees received the Martin Luther King Jr. Nonviolent Peace Prize, the highest award given by the King Center for Nonviolent Social Change. Dees has presented numerous lectures on civil rights and justice at universities. In 1991, NBC aired a made-for-TV movie entitled Line of Fire: The Morris Dees Story. His work was also featured on the National Geographic's Inside American Terror in 2008. Over the years, the kinds of cases Morris Dees handled led to his receiving death threats, but that has not kept him from continuing to investigate hate activity throughout the United States. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, hereby present this Testimonial Resolution to Morris Dees for his phenomenal achievements, passion for law and helping people, and especially for his positive contributions in the fight for equity and justice.

Law Department

January 18, 2018

Honorable City Council:

Re: Ali Sami Alfasih vs. City of Detroit. Case No.: 16-cv-13345. File No.: L16-00603 (RJB).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of Your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of Thirty Thousand Dollars and No Cents (\$30,000.00) is in the best interest of the City of Detroit.

We, therefore, request authorization to settle this matter in the amount of Thirty Thousand Dollars and No Cents (\$30,000.00) and that Your Honorable Body direct the Finance Director to issue a draft in that amount payable to Law Offices of Cyril C. On January 23 2018, a case evaluation panel evaluated the above-captioned lawsuit and awarded Five Thousand Dollars (\$5,000.00) in favor of Plaintiff. January 5, 2018

Honorable City Council:

Re: Address: 1345 S. Deacon. Name: Wanda Sorell. Date ordered removed: October 24, 2017. (J.C.C. pgs. _____).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on December 20, 2017 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the 1st deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Director

Re: Address: 15014 Wyoming. Name: Maria Hirakas. Date ordered removed: June 9, 2015. (J.C.C. pgs. 920-927).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on January 5, 2018 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the 1st deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Honorable City Council:

Re: PCA (Public Center Adjacent) Special District Review of two business signs at 150 W. Jefferson (Recommend Approval).

REQUEST

The City Planning Commission (CPC) has received the request of Spectrum Neon to install two business signs at 150 W. Jefferson for future ground-floor tenant Anita's Kitchen.

The subject property is zoned PCA (Public Center Adjacent), a classification which calls for City Council approval of any exterior changes following the review and recommendation of the City Planning Commission and the Planning and Development Department (Sections 61-3-181, 61-11-81 and 61-11-97 of the Zoning Ordinance).

The signs in question were a component of a broader application package that was reviewed by CPC staff, and approved on behalf of the City Planning Commission and the Honorable City Council on September 11, 2017, in accordance with a resolution from the Honorable City Council adopted Tuesday, July 25, 2017 delegating to CPC staff the authority to conduct Special District Review during the summer 2017 City Council recess. However, as the sign application was not made at that time, these two signs now come before the Honorable City Council for review, under application PRV2017-02773, dated November 2, 2017.

Attached for review are construction drawings by D MET Design, dated July 10, 2017, depicting both the previously approved and

proposed alterations. Also attached is a rendering depicting the same item.

BACKGROUND

The subject property is a multi-tenant office building owned and operated by Redico LLC. The building consists of two interconnected components on the same zoning lot and parcel: A 25-story office tower on the southwest corner of the site, and a five-level parking deck with ground floor tenant space on the northeast corner of the site. The proposed alterations are for the latter portion of the building. The two components of the building are visually separated by the Detroit People Mover Financial District Station and the former Standard Savings and Loan Building (Proposed future Church of Scientology) at 1 Griswold Avenue.

Tenant alterations for Anita's Kitchen approved by CPC staff on September 11, 2017 are;

- A steel awning structure with fabric enclosure facing north to Larned Street.
- New aluminum and tempered glass doors, along with a removable entrance vestibule structure facing north to Larned Street.
- An expanse of decorative cedar cladding above the north (Larned) entrance approximately ten feet by fifteen feet (10' x 15') in area.
- Cafe planters and window box planters on the first floor north (Larned) façade.

PROJECT PROPOSAL

The proposed alterations consist of two similar signs: a square, wall-mounted sign on the north (Larned) elevation, and a square, projecting blade sign on the east (Griswold) elevation.

The Larned sign is four feet, three and one-half inches (4'3-1/2") square, or approximately 11 square feet, and the Griswold sign is slightly smaller at three feet (3') square, or 9 square feet. Both proposed signs consist of a black aluminum or acrylic box, internally illuminated, with white acrylic lettering, as depicted in the attached construction drawings and renderings.

CPC STAFF REVIEW

Section 7.5 of the City Planning Commission by-laws allow staff to review "minor exterior alterations in the PD, PC and PCA zoning districts" and take action on behalf of the Commission. As the CPC staff believes the proposed changes constitute "minor exterior alterations," we have reviewed the proposed work.

Area of Signs

In zoning districts that do not require City Council review, allowable sign area is defined by Section 3-7-5 of the City Code¹. Although the formula provided in that section is not binding in the PCA district, CPC staff nonetheless looks to Section 3-7-5 as a reasonable standard worthy of consideration in the case of Special District Review.

In this case, we estimate the building

frontage elevation of the subject property to be approximately 725 feet, yielding an acceptable total sign area of approximately 1,885 feet.

Existing conditions show seven signs on the property: two internally illuminated identification signs on the south façade (KPMG and Miller Canfield, measuring 21 and 28 square feet in area, respectively), one unlit identification sign at the southwest corner of the building measuring approximately 26 square feet in area, one ground (pylon) sign at the northwest corner measuring 6 square feet in area, three window signs (two "District Grill" and one "Redico") on the north façade measuring approximately 32 square feet each. Thus the total sign area of both existing and proposed signs is approximately 177 square feet, well under the allowable maximum.

PLANNING AND DEVELOPMENT DEPARTMENT REVIEW

P&DD has not yet had the opportunity to respond to our request for review. We expect a response prior to City Council action.

CONCLUSION AND RECOMMENDATION

We suggest that the proposed improvements meet the approval criteria described in Section 61-11-97 of the Zoning Ordinance, especially the following:

(2) Scale, form, massing and density should be appropriate to the nature of the project and relate well to surrounding development;

(3) The proposed development should be compatible with surrounding development in terms of land use, general appearance and function and should not adversely affect the value of adjacent properties;

(11) Signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner.

We recommend approval of the proposed signs. A resolution for approval is attached for your consideration.

¹"Except for businesses within developments that require city council approval of plans, the maximum total area of all business signs for each business shall be the greater of twenty (20) percent of a business' building frontage elevation or one (1) square foot per each linear foot of business street frontage, not to exceed a total of five hundred (500) square feet . . . the building frontage elevation is calculated by multiplying the length of the front façade of the building of which the signage is to serve by thirteen (13) feet."

Re: Petition to Establish the 640 Temple Rehabilitation Obsolete Property Rehabilitation Act (OPRA) District

AKT Peerless, on behalf of Temple Group Holdings, LLC, is submitting this package to facilitate establishment of an Obsolete Property Rehabilitation Act district pursuant to Michigan Public Act 146 of 2000, the Obsolete Property Rehabilitation Act (the "Act").

District Description

The proposed district (the "640 Temple Rehabilitation OPRA District") consists of four parcels located at 640, 650, 660 and 674 Temple Street, Detroit, Wayne County, Michigan (the "subject property"). Parcel information is included in the following table:

Parcel Information

Address	Ward/Item Number	Owner of Record	Approximate Acreage
640 Temple	04000575	Wayne County / City of Detroit	0.55
650 Temple Street	04000574	Wayne County / City of Detroit	0.22
660 Temple Street	04000573	Wayne County / City of Detroit	0.22
674 Temple Street	04000572 002L	Wayne County / City of Detroit	0.22

The Property is located in Detroit Cass Park Historical District, on the west side of Detroit, bounded by Charlotte Street to the north, Second Avenue to the east, Temple Street to the south, and Third Avenue to the west. This letter summarizes the qualifications of the proposed district.

The proposed 640 Temple Develop-

ment OPRA District includes one building of approximately 190,930 square feet. The building is obsolete and in a state of significant disrepair. Temple Group Holdings, LLC, wishes to renovate the obsolete building. The redevelopment is planned for mixed-use commercial, residential and retail.

Temple Group Holdings, LLC is plan-

ning a comprehensive historic renovation of the building. The redevelopment plan includes addressing the exterior of the building by replacing the roof and repairing the façade. Interior renovations will include asbestos and lead paint abatement which will be abated prior to any selective demolition work, and major building mechanical systems, including electrical, HVAC and plumbing. The building will be converted to apartment, hotel, and commercial restaurant/banquet use. The comprehensive redevelopment plan will add commercial attractions to the neighborhood, create new jobs for local residents, and drastically improve an aesthetic blight along this major commercial corridor.

Creation of the district and approval of an exemption certificate is critical to making the project economically viable. The applicant is not delinquent in the payment of any taxes related to the facility.

Purpose for Renovation of 640 Temple Street

Rehabilitation is necessary to counter the following conditions: obsolete fixed building equipment, including electrical, HVAC, and plumbing; inadequate and obsolete flooring and walls; asbestos and lead-based paint; deteriorated exterior and interior appearances of the building; and other conditions that need to be mitigated in order to restore the subject property to an economically efficient condition.

Benefits to the Community

Completion of the rehabilitated facility

will, at the time of issuance of an OPRA exemption certificate, have the reasonable likelihood to increase commercial activity, create employment, revitalize an urban area, and increase the number of residents in the community in which the facility is situated.

Eligibility

The 640 Temple Development OPRA District will be classified as “facilities” and “blighted,” according to the definition in Act 381 of 1996, as amended, and currently contains an obsolete commercial structure. The project is seeking approval OPRA abatement. The 640 Temple and 674 Temple parcels have been determined to be “facilities” pursuant to Part 201 based on a Phase II Environmental Site Assessment completed in May 2017. The other two parcels are blighted due the presence of substantial buried subsurface demolition debris.

Projected Start and Completion Date

The development team is planning to begin renovations in late 2017 or early 2018, and renovation is expected to be completed within two years of commencement.

Property Ownership

Temple Group Holdings, LLC, the organization making the petition for the 640 Temple Development OPRA District, is the owner of 640, 650, 660 and 674 Temple Street, are currently owned by the City of Detroit and Wayne County.

Total Capital Investment

Total capital investment for the project is estimated to be \$62.9 million.

Honorable City Council:

Re: Petition No. 904, DTE Energy, requesting the vacation of the existing utility easement between the John C. Lodge Service Drive and Fourth Street, from West Forest to Lysander Street.

DTE Energy is proposing to build an Electrical Distribution Substation on this property at 4603 Fourth Street, which was purchased from the City of Detroit, and needs the utility easement vacated for construction of the new substation.

The Detroit Water and Sewerage Department (DWSD) has no objection to vacating the existing DWSD utilities and abandoning the existing 10 inch, 12 inch and 15 inch x 20 inch sewers within the property.

I am recommending adoption of the attached resolution.

Respectfully submitted,

Honorable City Council:

Re: Address: 1345 S. Deacon. Name: Wanda Sorell. Date ordered removed: November 6, 2017, (J.C.C. pages 920-927).

In response to the request for a deferral of the demolition order on the property

noted above, we submit the following information:

A special inspection on December 20, 2017 revealed the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.
2. The building shall be maintained securely barricaded until rehabilitation is

complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Honorable City Council:

Re: Request for approval of resolution authorizing the submittal of an application to the State Historic Preservation Office for a federal grant.

The Historic Designation Advisory Board (HDAB) is submitting for consideration by the Honorable City Council, a resolution authorizing HDAB to submit a grant application on behalf of the Model-T Automotive Heritage Complex, Inc., DBA the Ford Piquette Avenue Plant, for needed roof repairs to a section of their historic building. The grant is for an amount of \$58,500 (100% federal funding), with a required catch match being provided by the Ford Piquette Plant.

The City of Detroit is one of thirty Certified Local Governments in Michigan,

a status which allows HDAB to sponsor grant applications for eligible third parties.

Respectfully submitted,

JANESE CHAPMAN

Senior Historic Planner

By Council Member Spivey:

Whereas, The State Historic Preservation Office (SHPO), Michigan State Housing Development Authority (MSHDA), has invited Certified Local Governments, such as the City of Detroit, to apply for federal historic preservation grants.

Whereas, The provisions of the Certified Local Government program allow eligible governmental agencies to sponsor applications for nonprofit organizations located within their jurisdictions; and

Whereas, An application, on behalf of the Model-T Automotive Heritage Complex, Inc., a nonprofit organization, for \$58,500 in federal funding to conduct roof repairs at the Ford Piquette Avenue Plant, has been prepared by the Legislative Policy Division's staff serving Historic Designation Advisory Board (HDAB) for submission to the SHPO to be considered for a federal historic preservation grant; and

Whereas, The grant has a 40% match requirement, and the matching funds of \$58,500 (a match of 50%, in excess of the match requirement) will be provided entirely by Model-T Automotive Heritage Complex, Inc., through cash and in-kind services; and

Whereas, If the applied-for grant is awarded, and prior to the execution of any grant agreement with SHPO, MSHDA, the staff of HDAB will enter into a memorandum of understanding with the Model-T Automotive Heritage Complex, Inc., allowing that organization to serve as fiduciary to manage execution of the grant agreement and associated scope of work.

Now, Therefore, Be It

Resolved, That the staff of HDAB is authorized and directed to submit the above mentioned application totaling not more than \$58,500 to the SHPO, MSHDA, for consideration of funding, and that upon approval of the above mentioned application by the SHPO, MSHDA, the Director of the City Planning Commission and HDAB shall be authorized to sign the contract and any necessary amendments to the contract.

The objective of the donation to the department will be to reliably transport the seven different trailers that are in use throughout the year in the field, and at the Detroit Fire Department's Training Academy.

I respectfully ask your approval to accept this donation in accordance with the attached resolution.

Sincerely,
RYAN FRIEDRICH

By Council Member Benson:

WHEREAS, the Detroit Fire Department has been awarded a donation from Ford Motor Company, through the Detroit Public Safety Foundation, valued at \$69,031.86 and

THEREFORE, BE IT RESOLVED, that the Detroit Fire Department is hereby authorized to accept a donation of a Ford F-350 Super Duty Truck to assist the firefighters in being able to reliably transport the seven different trailers that are in use throughout the year in the field, and at the Detroit Fire Department's Training Academy.

Patti Kukula
Executive Director
1301 Third Street, Suite 547
Detroit, MI 48226

Dear Ms. Kukula

On behalf of Ford Motor Company, I would like to congratulate the Foundation for receiving the F-350 Super Duty with a value of \$69,031.86. We are donating this vehicle specifically for the training academy operated by the Detroit Fire Department. We appreciated the department's assistance in making this a surprise donation to the Firefighters in Dec. 2017. We also appreciate your assistance in seeking the approval of the Detroit City Council and Mayor of Detroit to accept this vehicle for the purposes stated.

The training academy will be able to assist the firefighters in being able to now reliably transport the 7 different trailers that are in use throughout the year. The vehicle will pull trailers used in the field for training exercises, community outreach, medical response trailers for hauling medical tents used in mass casualties, senior and youth day activities, and SCBA — Self Contained Breathing Apparatus trailers used for firefighter safety. The Super Duty has extensive heavy duty features that will provide safety in hauling these various trailers of different weights. We understand the Detroit Fire Department did not currently have reliable transportation to insure the trailers were available when needed.

Please accept this donation on behalf of Ford Motor Company as a symbol of our continued support of the hard working men and woman of the Detroit Fire Department.

Sincerely yours,
PATRICK LEITCH
