We request your Honorable Body’s approval of the resolution.

By Council Member Tate:

Whereas, Michigan’s Public Act 147 of 1992, the Neighborhood Enterprise Zone Act (“the Act”), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem taxes*, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Tigers Stadium Partners 2, LLC NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority

levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Tigers Stadium Partners 2, LLC NEZ was conducted before the Detroit City Council on May 3, 2018, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No Impediments to the establishment of the Tigers Stadium Partners 2, LLC NEZ were cited; and

Whereas, After the public hearing, City Council legally established the Tigers Stadium Partners 2, LLC in the area located at 1620 Michigan Ave and 1550 Kaline, Detroit, Michigan, on Tuesday, May 8, 2018.

Now Therefore Be It

Resolved, That the land described in the attached legal description, and shown on the attached map, is hereby established as the Tigers Stadium Partners 2, LLC NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Re: Address: 15740 Wyoming. Name: Maria Hirakis. Date ordered removed: March 2, 2010, (J.C.C. page 625).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on January 17, 2018 revealed the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to

arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Historic Designation Advisory Board

April 25, 2018

Honorable City Council:

Re: Resolution in support of Senate Bill 469 and House Bill 5178.

The Historic Designation Advisory Board was requested by Council President Jones on April 23, 2018 to draft a resolution in support of Senate Bill 469 and House Bill 5178, identical bills that would reinstate the Michigan State Historic Tax Credit. The draft resolution, as well as the full text of House Bill 5178 as reference, is attached here for your consideration.

Staff is available to answer any questions you may have.

Respectfully Submitted,
JANESE CHAPMAN
Senior Historic Preservation Planner
Historic Designation Advisory Board

RESOLUTION IN SUPPORT OF SENATE BILL 469 AND HOUSE BILL 5178 FOR THE REINSTATEMENT OF THE STATE HISTORIC TAX CREDIT

By Council Member Sheffield,

WHEREAS, Historic preservation tax incentives are used to promote the preservation and rehabilitation of historic resources across the state. The Michigan State Historic Tax Credit, which was eliminated in 2011, formerly provided a direct economic benefit to the City of Detroit by facilitating significant investment in the rehabilitation of Detroit's historic building stock, enhancing the aesthetic character of our community and the quality of life of our residents; and

WHEREAS, The labor-intensive nature of historic rehabilitation creates jobs and investment in local businesses and has been proven to generate more economic activity than equivalent investment in new construction; and

WHEREAS, Between the enactment of the Michigan Historic Tax Credit in 1999 and their elimination in 2011, Detroit has seen significant positive direct impacts on the revitalization of neighborhoods and communities, the preservation and creation of affordable and market-rate housing, the creation of skilled local jobs, and the subsequent private investment in areas surrounding tax-credit-driven revitalization projects; and

WHEREAS, Each \$1.00 of credit issued leverages \$11.37 in direct economic impact, such that the former Michigan Historic Tax Credit programs during their twelve-year history have leveraged over \$251 million in federal historic tax credits that otherwise would not have returned to Michigan, spurred \$1.46 billion in direct rehabilitation activity, and created 36,000 jobs; and

WHEREAS, The Michigan Legislature is presently considering Senate Bill 469 and House Bill 5178 that would reinstate an up-to-25 percent tax credit for owners of historic residential and commercial properties who substantially rehabilitate their properties. It also offers a supplemental five percent credit to the 20 percent federal historic preservation tax credit for income producing properties, and is the only credit available for owner-occupied homes. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council endorses and supports both Senate Bill 469 and House Bill 5178 and calls upon the Michigan Legislature to pass this important legislation and Governor Snyder to sign it, in order to incentivize homeowners, commercial property owners, and businesses to rehabilitate historic commercial and residential resources; BE IT FINALLY

RESOLVED, that a copy of this resolution be transmitted to the Michigan Senate Committee on Finance, the Michigan

House Committee on Tax Policy, the Detroit Delegation in the Michigan Legislature, and the Office of the Governor.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, Leland, McCalister, Jr., Sheffield, Spivey, Tate and President Jones — 9.

RESOLUTION IN SUPPORT OF THE PROMOTE THE VOTE MICHIGAN INITIATIVE

By Council Members Castaneda-Lopez, McCalister, Jr., Sheffield and President Jones:

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens and residents through Charter-mandated legislative functions; and

WHEREAS, In America, voting is a fundamental right of all U.S. citizens. However, the Promote the Vote Michigan Initiative, is asserting that in the State of Michigan, Michigan citizens lack the same access to the ballot that are enjoyed by the citizens in nearly every other state in the country; and

WHEREAS, According to the promotional materials from the Promote the Vote Michigan Initiative, in order to reverse this iniquity, a broad coalition, including League of Women Voters of Michigan, The ACLU of Michigan, Michigan League for Public Policy, NAACP Detroit, NAACP Michigan State Conference, and many other non-profits and individuals from across the state are proposing to amend the Michigan State Constitution with the Promote the Vote Ballot Initiative; and

WHEREAS, Promote the Vote's proposed amendment to Michigan's constitution, is characterized by the Promote the Vote Michigan Initiative as an effort to implement the following:

- To provide a common-sense approach to safeguarding elections, put voters first, and would remove barriers for working families to vote Protecting the right to vote a secret ballot
- Ensure military service members and overseas voters get their ballots in time for their votes to count
- Providing voters with the option to vote straight party
- Automatically registering citizens to vote at the Secretary of State's office unless the citizen declines
- Allow a citizen to register to vote until 15 days before an election by mail or in person. After that, citizens may register to vote in person with proof of residency up to and on Election Day.
- Providing all registered voters access to an absentee ballot for any reason
- Ensuring the accuracy and integrity of elections by auditing election results; and

WHEREAS, Any initiative which enables a greater number of qualified individuals to vote, is a positive one. Ideally, the State of Michigan would provide any additional funding necessary to ensure integrity of elections by auditing election results, without imposing any unfunded mandates on local governments. The Promote the Vote Michigan Initiative on its website states, "The citizens of Michigan, deserve the access to the ballot enjoyed by citizens across this country. Many of these reforms have been adopted in the majority of states. It is time for Michigan citizens to enjoy the freedoms that others have long possessed;" NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council, as a supporter of families, expresses its support for the Promote the Vote Ballot Initiative; NOW THEREFORE BE IT FURTHER

RESOLVED, That this resolution be forwarded to the City of Detroit's Lansing Lobbyist, the Detroit Delegation in the State Senate.

BUDGET, FINANCE AND AUDIT STANDING COMMITTEE

Office of the Chief Financial Officer
May 1, 2018

Honorable City Council:

Re: CFO Directive No. 2018-101-008, Investments and Investment Management

The Office of the Chief Financial Officer (OCFO) respectfully requests the Detroit City Council's approval of the attached resolution (Exhibit A) approving CFO Directive No. 2018-101-008, Investments and Investment Management (Exhibit B).

State of Michigan Public Act 20 of 1943 ("PA 20" attached as Exhibit C) establishes permitted investments and related requirements for local units of government within the State. In accordance with Section 5 of PA 20, the City's governing body, in consultation with the investment officer (the CFO), shall adopt an investment policy, which must also include certain components. As proposed, CFO Directive No. 2018-101-008, Investments and Investment Management, meets the requirements of PA 20. It delegates management responsibility to the City's Deputy CFO-Treasurer and also provides for the quarterly reporting of investment activity to the City Council, consistent with PA 20.

The OCFO developed this policy based

on leading government standards, best practices from the Government Finance Officers Association and other groups, and peer reviews of other cities' policies.

Thank you in advance for your consideration.

Best regards,
JOHN W. HILL
Chief Financial Officer

CFO DIRECTIVE NO. 2018-101-008
INVESTMENTS AND
INVESTMENT MANAGEMENT**

Office of the Chief Financial Officer
May 1, 2018

Honorable City Council:

Re: Investments and Investment Management

1. AUTHORITY

1.1. State of Michigan Public Act 279 of 1909, Section 117.4s(2), as amended by Public Act 182 of 2014, states the chief financial officer shall supervise all financial and budget activities of the city and coordinate the city's activities relating to budgets, financial plans, financial management, financial reporting, financial analysis, and compliance with the budget and financial plan of the city.

1.2. State of Michigan Public Act 20 of 1943, as amended, states permitted investments and additional requirements that must be followed.

2. OBJECTIVES

The primary objectives, in priority order, of investment activities shall be safety, liquidity, and yield.

2.1. Safety. Safety of principal is the foremost objective of the investment program. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective will be to mitigate credit risk and interest rate risk.

2.2. Liquidity. The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated.

2.3. Yield. The investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs. Return on investment is of lesser importance compared to the

safety and liquidity objectives described above.

3. PURPOSE

3.1. To establish the City's policy governing investments and investment management.

3.2. The City, by and through its Chief Financial Officer (CFO), shall invest the City's funds in a prudent and responsible manner with the goal of obtaining the highest investment return consistent with the stated Objectives and the preservation of principal and provision of liquidity as deemed necessary to support the daily cash flow needs and/or requirements of the City.

4. SCOPE

4.1. This Directive applies to all financial assets of the City. These assets are accounted for in the various funds of the City and include the general fund (including risk management), special revenue funds, debt service funds, capital project funds, enterprise funds, internal service funds, agency funds and any new fund established by the City.

5. RESPONSIBILITIES

5.1. Management responsibility for this Directive is hereby delegated to the Deputy CFO-Treasurer (Treasurer). The Treasurer shall be responsible for the administration and oversight of this Directive.

5.2. The Treasurer shall be responsible for all investment transactions and activities undertaken by the City. The Treasurer shall establish written procedures and develop a system of internal controls to regulate the activities of subordinate officials. The Treasurer shall establish written procedures for the operation of the City's investment program consistent with this Directive, which shall/include explicit delegation of authority to those employees engaged in investment transactions. No person shall engage in an investment transaction except as Provided under the terms of this Directive and the procedures established by the Treasurer.

6. POLICY

6.1. Safekeeping and Custody

6.1.1. *Delivery vs. Payment.* All trades of marketable securities will be executed (cleared and settled) on a delivery vs. payment (DVP) basis to ensure that securities are deposited in the City's safekeeping institution prior to the release of funds.

6.1.2. *Safekeeping.* Security will be held by a centralized independent third-party custodian selected by the City.

6.2. Standards of Care

6.2.1 *Prudence.* The standard of prudence to be used by investment officials shall be the "prudent person" rule and shall be applied in the context of managing an overall portfolio. The Treasurer, acting in accordance with written procedures, this Directive and exercising due diligence, shall be relieved of per-

sonal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion, and the liquidity and the sale of securities are carried out in accordance with the terms of this policy.

6.2.2. *Ethics and Conflicts of Interest.*

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions. In the interest of avoiding the appearance of any conflict, employees and investment officials shall disclose any material interests in financial institutions with which they conduct business. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio. Employees and officers shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of the City.

6.3. Authorized Investments. The Treasurer is authorized to invest in any instruments in which the City is authorized to invest public funds by State law, subject to the limitations hereinafter provided as to maturity and diversity. 6.3.1. Bonds, securities, and other obligations of the United States or an agency or instrumentality of the United States.

6.3.2. Certificates of deposit, savings accounts, or depository receipts of a financial institution, but only if the financial institution complies with subsection (2) of Public Act 20 of 1943, as amended.

6.3.4. Repurchase agreements consisting of instruments listed in Section 1(a) of Public Act 20 of 1943, as amended.

6.3.5. Bankers' acceptances of United States banks.

6.3.7. Mutual funds registered under the investment company act of 1940, 15 USC 80a-1 to 80a-64, with authority to purchase only investment vehicles that are legal for direct investment by a public

corporation. However, a mutual fund is not disqualified as a permissible investment solely by reason of any of the following: (a) purchase of securities on a when-issued or delayed delivery basis; (b) the ability to lend portfolio securities as long as the mutual fund receives collateral at all times equal to at least 100% of the value of the securities loaned; (c) the limited ability to borrow and pledge a like portion of the portfolio's assets for temporary or emergency purposes.

6.3.8. Obligations described in section 1, subdivisions (a) through (g) of Public Act 20 of 1943, as amended, if purchased through an inter-local agreement under the Urban Cooperation Act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512.

6.3.10. Investment pools organized under the Local Government Investment Pool Act, 1985 PA 121, MCL 129.141 to 129.150.

6.4. Diversification of Investments

6.4.1. *Institution/Issuer.* The City will diversify its investments by security type and institution / issuer. With the exception of United States Treasury and Agency securities, no more than fifty percent (50%) of the total investment portfolio will be invested in a single security type.

6.4.2. *Maximum Maturities.* To the extent possible, the City will attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the City will not directly invest in securities with maturities more than three (3) years from the date of purchase.

6.5. *Performance Standards.* The investment portfolio will be managed in accordance with the parameters specified within this Directive. The portfolio should obtain a market average rate of return during a market/economic environment of stable interest rates. A series of appropriate benchmarks shall be established against which portfolio performance shall be compared on a regular basis. The benchmarks shall be reflective of the actual securities being purchased, the risks undertaken and the benchmarks shall have a similar weighted average maturity as the portfolio.

6.6. *Authorized Financial Institutions and Broker/Dealers.* A list, approved by the CFO, will be maintained of financial institutions and broker/dealers that are approved to provide investment services ("Qualified Institutions"). All Qualified Institutions that desire to provide investment services to the City will be provided with a copy of this Directive. Before an entity can provide investment services to the City, it must confirm in writing that it has received and reviewed this Directive. (Appendix A)

6.6.1. *Depositories.* Section 129.91(2) of the Michigan Compiled Laws disallows

deposits and investments in a financial institution that is not eligible to be a depository of funds in Michigan under a law or rule of the State of Michigan or the United States.

6.6.2. *Qualified Institutions* will supply the City with information sufficient to adequately evaluate their financial capacity and creditworthiness. The following information, as applicable, shall be provided: (i) audited financial statements, (ii) regulatory reports on financial condition, (iii) proof of National Association of Security Dealers certification and State of Michigan registration, and (iv) any additional information requested by the Treasurer in evaluating the creditworthiness of the institution.

6.6.3. The Treasurer shall conduct an annual review of the financial condition and registrations of Qualified Institutions, and shall produce an updated list of Qualified Institutions on no less than an annual basis. Updates to the list shall be subject to the CFO's approval.

6.7. *Internal Controls.* The Treasurer is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft or misuse. The internal control structure shall be designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) line cost of a control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits requires estimates and judgments by management.

6.8. *Reporting.* The Treasurer shall prepare a position report at least quarterly that, at a minimum, shows the current value of all investments held and, through the CFO, shall provide the report to the legislative body consistent with State law.

6.9. *Social Responsibility.* The City will make its best efforts, with the resources available, to ensure that it does not participate in an ownership or capital-providing capacity with entities that: (1) Directly or indirectly participate in or support activities that do not have respect for human rights around the world; or (2) are conducting business with a terrorist-sponsoring State.

7. DEFINITIONS

7.1. *Bankers' Acceptances:* a draft or bill of exchange created as a result of an international trade transaction accepted by a bank or trust company. A Bankers' Acceptance is an irrevocable primary obligation of the accepting bank and a contingent obligation of the drawer and of any endorser whose names appear upon it.

7.2. *Benchmark:* a comparison security or portfolio. A performance benchmark is a partial market index, which reflects the mix of securities allowed under a specific investment policy.

7.3. *Certificate of Deposit (CD):* a time

7.5. *Commercial Paper*: a short-term, unsecured promissory note issued by corporations for a maturity specified by the purchaser, from 1 to 366 days and sold primarily on a discount basis. Issues are marketed either through dealers or directly by the issuer. Direct issuers and dealers will generally provide a bid to repurchase these securities on the secondary market.

7.6. *Maturity*: the date upon which the principal or stated value of an investment becomes due and payable.

7.7. *Prudent Person*: the investment standard requiring trustees and portfolio managers to make financial decisions in the manner of a prudent investor, e.g. with intelligence and discretion. The prudent investor standard requires care in the selection of investments but does not limit investment alternatives.

A PROPOSED ORDINANCE to amend Chapter 61 of the 1984 Detroit City Code, 'Zoning,' commonly known as the Detroit

McNichols Rd. to the north, W. City Planning Commission

April 9, 2018

Honorable City Council:

Re: Request of Mr. Michael Boggio, Architect on behalf of As-Is, LLC to amend the existing PD (Planned Development) zoning classification on District Map 74, Article XVII, of the 1984 Detroit City Code Chapter 61, 'Zoning' for the property located at 21451 W. Grand River Avenue generally bounded by W. McNichols Road, Grand River Avenue, Westbrook Street, Verne Street and Burgess Street. **(RECOMMEND APPROVAL)**

BACKGROUND AND PROPOSAL

The City Planning Commission (CPC) has received a request from Mr. Michael Boggio, Architect on behalf of As-Is, LLC requesting that the City of Detroit amend the provisions of the existing PD (Planned Development) zoning classification on District Map No. 74, Article XVII, of Chapter 61 of the 1984 Detroit City Code, 'Zoning,' for the property located at 21451 W. Grand River Avenue generally bounded by W. McNichols Road, Grand River Avenue, Westbrook Street, Verne Street and Burgess Street. The proposal would modify the existing PD zoning district established by Ordinance No. 33-11.

The site was rezoned to PD in 2011 to allow for the development of the Redford Marketplace. The ordinance permitted specific uses on each of the three parcels the site was divided into:

- Parcel A — large retail center with accessory uses and a motor vehicle filling station (Meijer)
- Parcel B — uses permitted in Sections 61-9-75 and 61-9-76, specifically prohibiting drive-up and drive-through facilities (Multiple Unit Commercial Buildings)
- Parcel C — uses permitted in Sections 61-9-75, office uses and specific retail uses listed in Section 61-16-162

The parcels are identified in the illustration below.

Compliance with Approved Plans

Generally, the development complies with the originally approved plans; however, there are several deviations with the out-lot development of Parcel B. The intent for this parcel was to create a traditional main street feel by locating the buildings along the street and making it pedestrian friendly. On the site plan, the area north of the building adjacent to the street was presented as a public gathering space with seating and bike racks. The elevations showed clear glass windows and operable doors. Of the five currently occupied units, only one has an operable door. All the others have opaque glass or signage and no operable door on the street side.

Proposed Development

A Flagstar Bank branch is locating in one of the units on Parcel B and would like to install a drive-up ATM in the parking lot behind the building. The existing PD ordinance specifically prohibits this use which necessitates the proposed modification by amendment of the ordinance.

No additional curb cuts are proposed; the existing parking lot curb cuts will be utilized. No parking spaces will be eliminated; the parking lot will be reconfigured resulting in one additional space. The proposed plan also meets the interior landscaping standard (1224 sq. ft. required, 2450 sq. ft. proposed).

Three stacking spaces are required for drive-up ATM's per Section 61-14-132 of the zoning ordinance; three spaces are proposed which meets the standard.

PLANNING CONSIDERATIONS
Surrounding Zoning and Land Use

The zoning classification and land uses surrounding the subject area are as follows:

- North: B4 (General Business) — commercial businesses, parking lots
- East: PD — Gas Station
- South: PD — Meijer Store
- West: PD — Detroit Police Department, 8th Precinct and vacant building (formerly the African Heritage Cultural Center)

Approval Criteria

This proposal appears to meet the eight approval criteria for a map amendment listed in Section 61-3-80 of the zoning ordinance, specifically:

- The amendment will protect the health, safety, and general welfare of the public. The proposed ATM will provide a needed service to the surrounding community.
- The amendment will not have adverse impacts on property in the vicinity. Because the proposed drive-up ATM is contained within an existing parking lot and will utilize existing curb cuts, impacts to adjacent properties will be minimal.

It also meets the PD District design criteria in Section 61-11-15, specifically:

- Circulation — the proposal does not change the pedestrian or vehicular traffic flow through the site and no additional curb cuts are proposed.
- Parking & Loading — total parking spaces provided does not change; some are reconfigured.
- Compatibility — the overall character of the development is not changed by the addition of the ATM.

Master Plan Consistency

The subject site is located within the Rosedale area of Neighborhood Cluster 8 of the Detroit Master Plan of Policies. Whereas, The Detroit City Council supports the efforts of the Detroit Greenways Coalition, in their mission to promote biking, walking, and trails throughout Detroit, along with pedestrian safety education programming, in their endeavor to reduce accidents, injuries and fatalities; and

Re: Resolution to Support the Creation of the Teen Choice Anti-Bullying School Tour 2018.

The Honorable Council President Brenda Jones requested that the Legislative Policy Division draft a resolution to support the creation of the Teen Choice Anti Bullying School Tour 2018. Enclosed, please find our draft of the resolution.

Please contact us if we can be of any further assistance.

**RESOLUTION TO SUPPORT THE
CREATION OF THE TEEN CHOICE
ANTI-BULLYING SCHOOL TOUR 2018**
Council President Jones:

Whereas, The mission of the Detroit City Council is to promote economic, cultural and physical welfare of Detroit's citizens and residents through Charter-mandated legislative functions, and

Whereas, There is growing awareness of the problem of bullying. Most bullying happens in middle school. The most common types are verbal and social bullying. Bullying is not usually a simple interaction between a student who bullies and a student who is bullied. Instead, it often involves groups of students who support each other in bullying other students.

Whereas, Today, cyberbullying has also become a pathway for interpersonal torment of young children and adolescents, but if left unchecked, this form of bullying could result in fatal outcomes for its victims, leaving a growing number of broken families and communities in its wake; and

Whereas, Several studies on the topic of bullying have concluded that 28% of U.S. students in grades 6-12 have experienced bullying at some point in their lives, 70.6% of young people indicate they have seen bullying in their schools and finally, 70.4% of school staff have witnessed bullying; and

Whereas, However, when bystanders intervene, bullying stops within 10 seconds 57% of the time. So, with the assistance of social media, parents, school staff and other adults in the community, coordinated efforts can help kids prevent bullying by talking about it, building a safe school environment and creating a community-wide bullying prevention strategy; and

Whereas, The Universal Touring Company and the Darby Foundation, developed the concept of the Teen Choice Anti-Bullying School Tour 2018, which was conceived as a fundraising program to promote a nationwide platform to eliminate bullying amongst our youth in the community, in schools and online. This strategic nationwide tour, which will

include the participation of celebrities, professional athletes and local government officials, is planned towards developing a strategy that will rally every community to mobilize against bullying in any form;

Now Therefore Be It

Resolved, That the Detroit City Council is compassionate and deeply cares for the well-being of Detroit's youth, supports the Teen Choice Anti-Bullying School Tour 2018 and its overall goal to curtail and eliminate bullying.

Yeas — Council Members Ayers, Benson, Leland, McCalister, Jr., Sheffield, Spivey, Tate and President Jones — 8.

Re: Genesis Villas II Limited Dividend
Housing Association Limited Liability
Company — Payment in Lieu of
Taxes (PILOT)

CIG Holdings, LLC dba Fox Apartment
Communities has formed Genesis Villas II
Limited Dividend Housing Association,
LLC in order to develop the Project known
as Genesis Villas II. The Project is an
existing eighty-nine (89) family units located
in fourteen (14) buildings in an area
bounded by Piquette on the north,
Beaubien on the east, Edsel Ford Service
Drive on the south and Woodward on the
west.

This scattered site complex also
includes a community center. The rehabili-
tation Project will include thirty-eight (38)
2 bedroom 1½ bath and fifty-one (51) 3
bedroom/2 bath apartments. The preser-
vation and renovation of the development
will not result in a rent increase for the
existing tenants.

A tax-exempt bond construction loan in
the amount of \$6,692,864, a permanent
mortgage loan in the amount of
\$5,205,070 and a Preservation Fund
Loan in the amount of \$1,561,521 will be
provided by the Michigan State Housing
Development Authority ("MSHDA"). City
Real Estate Advisors, LLC will make
Capital Contributions of \$2,740,040 which
includes the purchase of Low Income
Housing Tax Credits. Additionally, the
Sponsor has agreed to defer \$204,230 of
the developer fee.

Rents for all units have been set at or
below sixty percent (60%) of the area
median income, adjusted for family size.
All residents will contribute only thirty per-
cent (30%) of their adjusted gross income
towards the rent amount. All eighty-nine
(89) units will be subject to the PILOT
based on Section 15a of the State
Housing Development Authority Act of
1966, as amended.

In order to make this development eco-
nomically feasible, it is necessary for it to
receive the benefits of tax exemption
under Section 15a of the State Housing
Development Authority Act of 1966 (P.A.
346 as amended, MCL 125.1415A).

Adoption of the resolution by your
Honorable Body will therefore satisfy the
requirements of Public Act 346 and City

Ordinance 9-90, as amended, by estab-
lishing a service charge of four percent
(4%) of the annual net shelter rent
obtained from this housing project.

Re: Address: 646 Hazelwood LLC.
Name: 660 Hazelwood LLC. Date ordered removed: February 7, 2012. (J.C.C. pgs. 202-207).

In response to the request for a deferral of the demolition order on the property

noted above, we submit the following information:

A special inspection on April 24, 2018 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the 1st deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitate work shall be obtained within 30 days.
2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:
 - Certificate of Acceptance related to building permits
 - Certificate of Approval as a result of a Housing Inspection
 - Certificate of Inspection, required for all residential rental properties.
3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).
4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

Honorable City Council:

Re: Proposed Emergency Ordinance to Amend Chapter 33 of the 1984 Detroit City Code, *Minors*, Article III, *Regulation of Minors in Public Places and Adult Responsibility for Violation*, for expanded curfew for the Detroit Annual Fireworks Display.

At the request of the Chief of Police, the Law Department has prepared and approved as to form the attached proposed emergency ordinance for your consideration.

Pursuant to the applicable provisions of the 2012 Detroit City Charter, the above-referenced proposed emergency ordinance is being submitted to your Honorable Body for consideration. This proposed ordinance amends Chapter 33 of the 1984 Detroit City Code, *Minors*, Article III, *Regulation of Minors in Public Places and Adult Responsibility for Violation*, by adding Sections 33-3-14, 33-3-15, and 33-3-16 to provide for a superseding curfew for all minors on the evening of June 25, 2018, the scheduled date for the 2018 Detroit Annual Fireworks Display, or on any rescheduled date for the event.

Please note the proposed ordinance is identical to the emergency ordinance enacted last year as Ordinance No. 18-17, except for the change in date from June 26, 2017 to June 25, 2018.

Thank you for your consideration. The Police Department and the Law Department will be present for any committee or committee of the whole discussions and the public hearing on this proposed emergency ordinance, and are available to answer any questions that you may have concerning this proposed emergency ordinance.

AN EMERGENCY ORDINANCE to amend the Chapter 33, *Minors*, Article III, *Regulation of Minors in Public Places and Adult Responsibility for Violations*, Division 2, *Curfew*, of the 1984 Detroit City Code by adding Sections 33-3-14 and 33-3-15 to provide for a superseding curfew for all minors beginning at 8:00

p.m. on Monday, June 26, 2017 (being the scheduled date for the Detroit Annual Fireworks Display, or any rescheduled date) and continuing until 6:00 a.m. the following morning, applicable only in the area within and bounded by the Detroit River, Third Street, the Lodge Freeway (M-10), the Fisher Freeway (I-75), the extension of the Fisher Freeway (I-75) easterly to Gratiot Avenue, Gratiot Avenue, Vernor Highway, Chene Street, Atwater Street, and Chene Park.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. DECLARATION OF EMERGENCY

The Detroit City Council, upon receipt of testimony and evidence from the Detroit Police Department and others, and after public hearing, upon due consideration makes the following findings:

(A) On the day of and especially the evening of the Detroit Annual Fireworks Display that takes place on the Detroit River there have been numerous incidents of harassment, nuisance, vandalism, and violence committed by persons at the viewing, parking and public places of the City before, during, and after the fireworks display;

(B) These acts of harassment, nuisance, vandalism, and violence have endangered the peace, health, safety, and welfare of the People of the City of Detroit, the many persons traveling from outside the City limits to attend this annual event, and in particular unsupervised minors before and during the City's regular curfew hours for minors and;

(C) There exist public peace, health, safety, and welfare needs for effectively governing the conduct of such minors as it pertains to harassment, nuisances, vandalism, and violence for the purpose of alleviating and eliminating these problems, whether committed against minors or committed by minors;

(D) Due to law enforcement considerations and logistics concerns, a City-wide curfew is necessary to enhance the public peace, health, safety, and welfare for the many thousands of minors and adults who attend this annual event;

(E) Due to the fact that spectators begin to gather in the viewing areas in advance of the commencement of the Detroit Annual Fireworks Display on the day of the event, the regular curfew hours for minors provided in the City's Curfew Ordinance, codified in Chapter 33, Article III of the Detroit City Code, are not sufficient to alleviate and curtail criminal activity involving unsupervised minors in the fireworks display viewing areas;

(F) The peace, health, safety, and welfare of the community-at-large and particularly that of minors will benefit from additional curfew controls for minors in a local-

ized area of the City during the Detroit Annual Fireworks Display;

(G) The curfew for minors in the City provides for reasonable exceptions during the specified curfew period to allow for minors accompanied by their parents, legal guardian, or responsible adult, for minors at or traveling to and from places of employment, education and training facilities, and sponsored activities under adult supervision, for minors involved in emergencies or constitutionally protected activities such as interstate travel or freedom of speech, assembly or exercise of religion, for minors on the sidewalks in front of their homes, and for minors sent on errands by their parents if the minors have proper written permission.

Section 2. Chapter 33, *Minors*, Article III, *Regulation of Minors in Public Places and Adult Responsibility for Violations*, Division 2, *Curfew*, of the 1984 Detroit City Code is amended by adding Sections 33-3-14 and 33-3-15, to read as follows:

**TESTIMONIAL RESOLUTION
DESIGNATING MAY AS SENIOR
NUTRITION AWARENESS MONTH**

By Council President Jones:

WHEREAS, The mission of the Detroit City Council is to promote economic, cultural and physical welfare of Detroit's citizens and residents through Charter-mandated legislative functions; and

WHEREAS, Senior Nutrition Awareness Month is designed to convey to the general public the magnitude of food insecurity issues facing seniors locally and to focus on ways that our communities can distribute meals to struggling homebound seniors; and

WHEREAS, Nationwide, the rate of food insecurity (the lack of the necessary resources to buy food) has more than doubled since 2001 for seniors age 60 and older. Today, one in 11 seniors living in the U.S. does not have enough food to eat to meet their nutritional needs; and

WHEREAS, Unfortunately, thousands of our community's senior citizens go without food every day. While the Detroit and Wayne County Meals on Wheels programs provide about 6,000 seniors with hot, nutritious meals five times per week, the programs lack sufficient resources to expand or even maintain the growing demand for their services; and

WHEREAS, In Wayne County, population trends show a rapidly aging population. In 20 years, the senior population age 65 and older in the county is projected to outnumber individuals age 18 and younger; and

WHEREAS, Senior nutrition is extremely important for the improved health and

well-being of adults older than 60. Without nutritional meals, many seniors will lose their mobility and begin a slow physical decline. Proper nutrition for seniors increases their mental capacity and provides higher energy levels to improve their resistance to illness and disease; and

WHEREAS, Senior Nutrition Programs provide access to meals, as well as related services for nutrition screening, education, counseling, and health assessments. Senior Nutrition Programs also encourage older adults to volunteer, giving them purpose and fulfilling the socialization component in their lives; and

WHEREAS, Every meal served through Senior Nutrition Programs must meet one-third of the recommended daily allowances. Meals on Wheels enables homebound seniors to remain independent in their own homes so they can continue to live productive lives in their communities and prevent premature institutionalization; and

WHEREAS, Meals on Wheels is more than just a meal, it brings communities together through reducing isolation, providing a safety check, and sharing a daily dose of volunteer kindness. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council as a zealous advocate of seniors and Senior Nutrition Programs, supports designating May as Senior Nutrition Awareness Month.

TESTIMONIAL RESOLUTION TIMBUKTU ACADEMY

By Council President Jones:

WHEREAS, Timbuktu Academy was created to extend African-Centered learning experiences, which began at Operation Get Down's Ujima Early Childhood Development Center. Ujima's parents wanted the children's early educational experiences to be as rewarding as the preschool experiences had been. Operation Get Down has always stressed and created quality educational programs for the east side community. When charter school legislation was passed in 1995, Operation Get Down began examining the possibilities of creating a charter school. Operation Get Down learned through discussions and interviews that despite the community's designation as the poorest in the city of Detroit, parents and caregivers consistently pursued the best educational options for their children. They sought to have the small classrooms and individualized instruction, the opportunities for field trips, the diversity in materials, committed teachers and innovative approaches to

education that public academies provided. Operations Get Down, specifically E. Malkia Brantuo and Bernard Parker, sought to meet this need by opening the doors of Timbuktu Academy in 1996 with a loan and a serious commitment to make it happen; and

WHEREAS, After only four months in operation, Timbuktu Academy closed temporarily due to financial constraints. Sincerely committed, in practice, to bring this needed educational institution into perpetual existence; Mama Malkia, Baba Bernard, and others continued pursuit of a public charter. Their hard efforts were rewarded on September 23, 1997 when the Detroit Board of Education granted a five year charter as a K-12 academy. The name of Timbuktu was chosen because Timbuktu is a city in Mali, West Africa, in which the University of Sankore stood as an ancient seat of advanced learning. In its inaugural year (1997-98), Timbuktu serviced grades K-3. Each following year one grade was added until reaching 8th grade. Timbuktu Academy initially enrolled 67 students, with 58 being certified for attendance by Wayne RESA, the Intermediate School District which Timbuktu Academy belongs; and

WHEREAS, Under Magnum Educational Services, Timbuktu Academy successfully completed its first all year-round daily and Saturday school July 24, 1988 under the leadership of Dr. Blandina Rose and with the committed support of six educational staff, one family service worker, one administrative assistant, one bookkeeper, one building maintenance supervisor, and one member of management. For the next four years, Dr. Gloria (Aneb) House oversaw the expansion of Timbuktu Academy from a small early elementary school through grade 3 to a learning center where children through grade 7 could attend. Located at 9980 Gratiot in a renovated former community center, Timbuktu Academy utilized 11 classroom portables located adjacent to the main building. Each portable held one grade of approximately 21 children. They moved to the main building for science, technology, and recreation. In 2003, Timbuktu Academy moved to 8085 Doyle, a former Detroit Public Elementary School, where Aaron P. Williams served as principal. This new facility that included the use of a gymnasium, was the missing piece to the evolution of Timbuktu Academy into a full service African-Centered institution for higher learning; and

WHEREAS, After only three short years, Timbuktu Academy moved into its current location on East Canfield to accommodate the addition of an additional kindergarten and 8th grade class. Presently there are two classes at each grade level. Timbuktu Academy is very proud of the achievement and progress of

our students. We look forward to achieving even greater accomplishments as we further refine our curriculum and methodology. NOW THEREFORE BE IT

RESOLVED, City Council Member André L. Spivey and The Detroit City Council joins in with Timbuku Academy as they celebrate 20 years of excellence.

**TESTIMONIAL RESOLUTION
LANITA LaDORIS CARTER**

A Millennial Trailblazing Into Greatness
By Council President Jones:

WHEREAS, Lanita LaDoris Carter was born on July 6, 1989 in Detroit, Michigan to Tanaita Watson and Larry Carter, and she is the oldest of her two siblings. Her mother preceded her in death in 2013. Lanita grew up under the strong influence of her mother, a single mom, who was her role model and inspiration; and

WHEREAS, Lanita attended Detroit Public Schools, graduating from Davis Aerospace Technical High School in 2007. She matriculated to Baker College where she received an Associate of Business Degree in 2011. She then went on to pursue a Bachelor of Science Degree in Paralegal Studies with a Legal Assistant specialization from Eastern Michigan University, graduating in 2013. As a little girl, Lanita wanted to study law so that she could help people in a meaningful way. In 2016, she was guided by her beloved mother's voice to follow her dreams to become an attorney. She enrolled in Western Michigan University-Cooley Law School's Auburn Hills campus and currently is in her second year. In 2017, Lanita was selected to participate in the Access to Bankruptcy and Western Michigan University Pro Bono Project. This project allows students to partner with participating bankruptcy attorneys to help debtors in bankruptcy filings. Because of Lanita's commitment to social equality, social justice and combating racism, she was one of four recipients who received the 2018 Wolverine Bar Foundation's Damon J. Keith Scholarship in honor of the distinguished judge of the U.S. Court of Appeals; and

WHEREAS, Lanita entered the workforce during her ninth grade year in high school; it was her tenacity towards wanting to help her family that drove her work ethic. She learned several vital life lessons from her mother's words of wisdom. Those life lessons were injected into Lanita's day-to-day life. In 2014, she obtained her

Real Estate License and established a real estate investment company called, Diamond in the Rough Real Estate, LLC. Her mission was to buy foreclosed homes in her community and to help people to stay in their home. Her acts of kindness were demonstrated in this field several times. When clients' homes were subject to foreclosures, Lanita would buy their homes from the Wayne County Tax Auction and give her clients a second chance to stay in their homes. She also has compassion for children which was demonstrated through her volunteerism at Keeping Them Alive and Ceasefire Detroit, which are prevention programs to keep kids out of gangs and from skipping school. Currently, Lanita is a law clerk and office manager at the Center for Community-Based Enterprise, and an intern for Judge Victoria A. Roberts in the Theodore Levin United States Courthouse; and

WHEREAS, Lanita grew up on the east and northwest side of Detroit. She and her siblings were taught by their mother that hard work, education, independence and the respect of others would be their best reward in life. Throughout Lanita's adult life, she took on the role of being a mother figure to her siblings after the passing of her mother on January 19, 2013. She helped to retain and maintain the family home for her and her siblings, along with working. Lanita is a homeowner in the city of Detroit, the proud mother of her two-year old daughter, Amara Tanaita-Ann Wesley, an entrepreneur, and a future attorney on the move with a bright future. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, hereby pays homage to Lanita LaDoris Carter, a strong, fearless motivating woman, dedicated to her goals, dreams and family legacy.

Re: The Peterboro Arms Limited Dividend Housing Association Limited Partnership — Payment in Lieu of Taxes (PILOT)

Coalition on Temporary Shelter (COTS) has formed The Peterboro Arms Limited Dividend Housing Association Limited Partnership in order to develop the project. The rehabilitation project will provide Permanent Supportive Housing for formerly homeless families. COTS will retain its administrative offices on the first floor. The Project site is bounded by Stimson on the north, Woodward on the east, Peterboro on the south and Cass on the west.

The Project consists of the adaptive reuse of fifty-six (56) two-and three-bedroom apartments and a community space for the tenants.

The Project will be financed by a twenty-four (24)-month Construction Loan Agreement with JP Morgan Chase Bank for \$9,980,000 with a Permanent Loan extension option for the amount of \$1,150,000 for an additional eighteen (18) years. Michigan State Housing Development Authority Low Income Housing Tax Credits in the annual amount of \$1,050,000 has been reserved. Historic Tax Credits of \$2,632,359 and a City of Detroit HOME Investor Loan in the amount of \$1,250,000 will also finance this Project.

Rents for all units have been set at or below sixty percent (60%) of the area median income, adjusted for family size. All residents will contribute only thirty percent (30%) of their adjusted gross income towards the rent amount. All fifty-six (56) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A).

Adoption of the resolution by your

Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of ten percent (10%) of the annual net shelter rent obtained from this housing project.

Respectfully submitted,

ALVIN HORHN

Deputy CFO/Assessor

By Council Member Ayers:

WHEREAS, Pursuant to the provisions of the Michigan State Housing Development Act, Act 346 of the Public Acts of 1966, as amended, being MCL 125.1401 se seq. (the "Act"), a request for exemption from property taxes has been received on behalf of Coalition on Temporary Shelter (the "Sponsor"); and

WHEREAS, A housing project as defined in the Act is eligible for exemption from property taxes under Section 15a of the Act (MCL 125.1415a) if the Michigan State Housing Development Authority ("MSHDA") provides funding for the housing project, or if the housing project is funded with a federally-aided mortgage as determined by MSHDA; and

WHEREAS, Section 15a of the Act (MCL 125.1415a) provides that the local legislative body may establish by ordinance the service charge to be paid in lieu of taxes, commonly known as a PILOT; and

WHEREAS, The City of Detroit has adopted Ordinance 9-90, as amended, being Sections 18-9-10 through 18-9-16 of the Detroit City Code to provide for the exemption from property taxes of eligible housing projects and to provide for the amount of the PILOT for said housing projects to be established by resolutions of the Detroit City Council after review and report by the Board of Assessors; and

WHEREAS, The Sponsor is proposing to undertake the rehabilitation of an existing housing project to be known as The Peterboro Arms, consisting of fifty-six (56) units in the apartment building located on four (4) parcels of property owned or to be acquired by the Sponsor as described by street address and tax parcel in Exhibit A to this resolution, with fifty-six (56) units for low and moderate income housing (the "Project"); and

WHEREAS, The purpose of the Project is to serve low to moderate income persons as defined by Section 15a(7) of the Act, being MCL 125.1415a(7); and

WHEREAS, MSHDA has provided notice to the Sponsor that it intends to approve federal-aided financing for the Project, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

WHEREAS, Pursuant to Section 15a of the Act, being MCL 125.1415a(1), the tax exemption is not effective until the Sponsor first obtains MSHDA certification

that the housing project is eligible for exemption, and files an affidavit, as so certified by MSHDA, with the Board of Assessors; and

WHEREAS, Pursuant to Section 18-9-13(G) of the Detroit City Code, the tax exemption shall be effective on adoption, with the tax exemption and PILOT payment to occur only upon bonafide use and physical occupancy by persons and families eligible to move into the project, in accordance with the Act, which must occur as of December 31 of the year preceding the tax year in which the exemption is to begin;

NOW, THEREFORE BE IT

RESOLVED, That in accordance with City Code Section 18-9-13, the Project known as The Peterboro Arms as described above is entitled to be exempt from taxation but subject to the provisions of a service charge of ten percent (10%) for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1966, as amended, being MCL 125.1401, et seq.; and be it further

RESOLVED, That arrangements to have collections of a payment in lieu of taxes from the Sponsor be established upon occupancy for future years with respect to the same be prepared by the Finance Department; and be it further

RESOLVED, That specific legal description for the Project shall be as set forth in the certification from MSHDA; and be it further

RESOLVED, That in accordance with Section 15a(3) of the Act, MCL 125.1415a(3), the exemption from taxation shall remain in effect for as long as the MSHDA-aided or Federally-aided financing is in effect, but not longer than fifty (50) years, and shall terminate upon the determination by the Board of Assessors that the Project is no longer eligible for the exemptions; and be it further

RESOLVED, That the City Clerk furnish the Finance Department — Assessment Division two (2) certified copies of this resolution; and be it further

RESOLVED, That this resolution is adopted with a waiver of reconsideration.

Re: Request for Authorization to Amend 2017-18 Budget. Appn. #13758 - HRD FRM Indirect Staffing Costs. Appn. #20236 - HRD OPPD Direct Tax Incentives Policy and Development. Appn. #00014 - HRD Community Development

The Housing and Revitalization Department ("HRD") is hereby requesting the authorization of your Honorable Body to amend the 2017-18 Budget to move certain remaining funds that would otherwise be unavailable at the end of this Fiscal Year to support existing projects that are underway. Specifically, HRD is requesting to:

- Decrease Appropriation #13758 by \$175,918.67
- Decrease Appropriation #20236 by \$750,000.00
- Increase Appropriation #00014 by \$925,918.67

For the purposes of: (1) completing debris removal, abatement work and SecureView installation on additional floors of the City's Lee Plaza site, (2) funding electrical infrastructure improvements and administrative costs to the Economic Development Corporation of the City of Detroit for the Trident Corktown Capital Improvement Project and (3) covering costs related to HUD Office of Inspector General audit findings.

Currently, HRD has cost savings in Appropriations #13758 and #20236 due to vacancies in several positions that we wish to reprogram in support of the above referenced projects.

We respectfully request approval to amend the 2017-18 Budget for HRD to decrease Appropriation #13758 and Appropriation #20236, as well as increase Appropriation #00014 by adopting the attached resolution with a Waiver of Reconsideration.

Law Department

November 1, 2017

Honorable City Council:

Re: Markisha Milton vs. City of Detroit, et. al. Civil Action Case No.: 17-cv-11548.

Representation by the Law Department of the City employee listed below is hereby not recommended. We do not agree with the recommendation of the Head of the Department and do not believe the officer was acting within the scope of his employment at the time the acts complained of were committed.

As the various police reports indicate, Officer Lyons was off duty and out of uniform and in the parking lot of the Palace of Auburn Hills when he became involved in an altercation over a parking place. He was there to attend a concert. During the altercation, Officer Lyons obtained his personal handgun and fired six shots at the individuals attacking him. Two of the individuals were hit, one being the plaintiff in the above referenced case.

Representation and indemnification is available for employees who are sued for acts done while discharging, in good faith, their official duties i.e. acting in good faith within the scope of their employment. The Court of Appeals recently applied the outline of principles found in the Second Restatement of Agency 2d to determine whether an employees conduct came within the scope of his employment. The principles provide:

(1) Conduct of a servant is within the scope of employment if, but only if:

(a) it is of the kind he is employed to perform;

(b) it occurs substantially within the authorized time and space limits;

(c) it is actuated, at least in part, by a purpose to serve the master; and

(d) if force is intentionally used by the servant against another, the use of force is not unexpected by the master.

(2) Conduct of a servant is not within the scope of employment if it is different in kind from the authorized, far beyond the authorized time or space limits, or too little actuated by a purpose to serve the master. Timothy Matouk vs. Michigan Municipal League Liability & Property Pool, July 11, 2017, No. 332482.

Applying these principles to this case clearly leads to this conclusion that officer Lyons was not acting within the scope of his employment at the time of the incident. The Law Department does not dispute the finding that the shooting was justified. It simply was not done while serving the City of Detroit. We, therefore, recommend a "No" vote on the attached resolution. Copies of the relevant documents are submitted under separate cover.

PLANNING AND ECONOMIC DEVELOPMENT STANDING COMMITTEE

Detroit Land Bank Authority

April 27, 2018

Honorable City Council:

Re: DLBA Property Sales over 9 Parcels.

I write to seek your approval to transfer five (5) properties to the Michigan Department of Transportation (MDOT).

Pursuant to the First Amended Memorandum of Understanding ("MOU") between the City of Detroit and the DLBA, City Council must approve any DLBA transfers of more than nine (9) "parcels of property received from the City to the same transferee within any rolling 12 month period."

Seven months ago, in September 2017, with City Council's prior approval, the DLBA exceeded this threshold in transferring property to MDOT for the Gordie Howe International Bridge. MDOT would now like the DLBA to sell it five (5) more properties for its Interstate-94 Modernization Project. Specifically, MDOT will grade land on the Property and construct fencing and landscaping to screen the proposed new Brush Ave. and Concord St. pedestrian bridges. MDOT proposes to pay the DLBA Sixty Thousand Four Hundred Ninety and 00/100 Dollars (\$60,490.00).

The DLBA Board of Directors has reviewed MDOT's request and has approved the transfer subject to City Council's approval.

We request that your Honorable Body adopt the attached resolution approving the proposed sale of the five additional properties to MDOT.

Respectfully submitted,

SASKLA THOMPSON

Executive Director

By Council Member Tate:

Whereas, The Detroit Land Bank was created by the City and the Michigan Land Bank Fast Track Authority (the "State Authority") pursuant to the Intergovernmental Agreement dated September 15, 2008 by and between the

City and the State Authority (as amended and restated from time to time, the "Authority IGA") to provide a separate authority to acquire, develop, and re-sell land located in the City in accordance with Public Act 258 of 2003; and

Whereas, The Detroit Land Bank was created in order to assemble and dispose of public property, including tax reverted property, in a coordinated manner to foster the development of that property and to promote economic growth in the City; and

Whereas, Pursuant to the First Amended Memorandum of Understanding between the City of Detroit and the Detroit Land Bank Authority ("DLBA"), the DLBA agrees that if it transfers ten (10) or more parcels of property received from the City to the same transferee within any rolling 12 month period, such transfer shall not be valid or effective without the prior approval of the Mayor and City Council; and

Whereas, The Michigan Department of Transportation ("MDOT") purchased more than nine properties from the DLBA within the last 12 month period for the Gordie Howe International Bridge; and

Whereas, MDOT would like to purchase five (5) more properties from the DLBA for its Interstate-94 Modernization Project (the "Five I-94 Properties");

Now, Therefore Be It

Resolved, That the Detroit City Council hereby approves of the Detroit Land Bank Authority transferring the Five I-94 Properties to the Michigan Department of Transportation.

Honorable City Council:

Re: Address: 6828 Rutherford. Name: Ghilda Alsaedy. Date ordered removed: March 15, 2011 (J.C.C. page 604).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on May 3, 2018 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the second deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

Honorable City Council:

Re: Petition No. 1476 Pastor John Payne, request to vacate Ellery Street (60 feet wide) adjacent to 3474 E. Vernor.

Petition No. 1476 — Pastor John Payne request to vacate and convert to easement Ellery Street, 60 feet wide, South of

East Vernor Highway, 85 feet wide to dead end at vacated Waterloo Street, 50 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

This request is being made so that the East Vernor Church of God in Christ can utilize the dead end street as a parking lot. The location is in the area of Elmwood Park Rehabilitation Project number 3 with street and alley vacations previously approved by your Honorable Body on June 7, 1978 in J.C.C. pages 1613-1623.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW and the Public Lighting Department (PLD) and Public Lighting Authority (PLA) report no involvement.

Detroit Water and Sewerage Department (DWSD) has no objection to the conversion to easement. The specific DWSD provisions for easements are included in the resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the conversion of the public right-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

RICHARD DOHERTY, P.E.

TESTIMONIAL RESOLUTION CELEBRATING MAYOR COLEMAN A. YOUNG'S CENTENNIAL BIRTHDAY

By Council President Jones, Joined By Council Members McCalister and Ayers:

WHEREAS, Mayor Coleman A. Young stands as a giant in the history of Detroit, as a man of unique vision and courage, who led this city during some of its difficult years. He had a profound impact on this city and continues to shape its future long after his passing; and

WHEREAS, Mayor Coleman A. Young had a great sense of justice and fought for the rights of all people. His life was devoted to changing injustice wherever he found it. After a life as an activist fighting for equal opportunity in such diverse areas as the armed services, labor movement, workplace and other areas of society, he was elected Detroit's first black mayor in 1973. In the ensuing 20 years, he opened up city government to all, completely remade the Police Department to be a part of the community it serves, spearheaded groundbreaking economic development projects to preserve jobs, began the rebuilding of Detroit's magnificent riverfront, started the creation of Detroit's Theatre District, built Joe Louis Arena, expanded Cobo Center and built Detroit's first new neighborhood in more than 50 years, to name a few of his achievements; and

WHEREAS, Mayor Coleman A. Young skillfully and effectively managed city government in a way that led the Detroit Free Press to recently declare he was "the most fiscally responsible financial manager the city had in the last half of the 20th century." Through it all, he was recognized nationally as a fearless advocate for America's urban areas and the indispensable role they play in the nation's well-being. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and Office of Council President Brenda Jones, are proud and pleased to recognize, on what would have been his 100th birthday, this remarkable man who this city was so fortunate to have as our leader for so long. You are thought of as fondly today as you were during your long and remarkable life. We remain eternal grateful for your courage, your intellect, your love for this city that manifested itself in so many ways to its benefit through the years. "Happy Birthday Mayor Coleman A. Young"

TESTIMONIAL RESOLUTION Posthumously Honoring MR. JEROME LAMAR ADAMS

WHEREAS, We, the members of the Detroit City Council, solemnly pause today to honor the memory of the late Mr. Jerome Lamar Adams, a beloved husband, father, grandfather, legendary Bayview Yacht Club Bartender, and inventor of the "Hummer" cocktail. Mr. Adams made his heavenly transition on April 7, 2018; and

WHEREAS, Jerome Adams was born in Ailey, Georgia, to Sarah and Alvin Adams. He was the oldest of five siblings.

His first job was delivering papers on a rural route at the young age of five. At age seven, Jerome started picking cotton and shining shoes in his grandfather's barber shop. On a Friday in 1964, after a night of partying with friends, Jerome woke up in a car on the way to Detroit, with his bags packed and \$1.50 in his pocket. They arrived in Detroit on Saturday, and on Monday, Jerome applied for a job at the Chevrolet plant in Flint, Michigan. On Tuesday, he applied for a job at Ford Motor Company's Sterling Stamping Plant and started working the next Monday; and

WHEREAS, During this time, Jerome moved into a boarding house, where he and a friend provided custodial service. It wasn't long before they figured out they could make a little extra money by running an after-hours establishment in the basement. That's when Jerome really learned the business of bartending. With his life at Ford behind him, Jerome found several jobs, including one at the Roostertail doing janitorial work. In October 1967, an acquaintance who washed dishes at Bayview Yacht Club, told him that they were having a big awards dinner for the Mackinac Race and needed extra help. Jerome signed on and the next week he was hired at the yacht club as a porter. Jerome's job was to make sure that the bar was stocked. About that same time, Curtis Hicks, then known as a bartending legend, was bringing his twenty-six year career at the club to a close. One busy night, when special bartenders unfamiliar with the bar were brought in to assist with the crowd, Chairman Ed Jacoby noticed how easily Jerome navigated around the bar. He mentioned it to the Assistant Manager Harold Smith, and suggested that they train him to be a bartender. For the next two weeks, he worked his regular shift, walked home at 4:00 PM, and returned at 5:00 PM for two hours of unpaid training. In 1967, during the Christmas season, Jerome took the job full-time: and

WHEREAS, In February 1967, things were slow at the club and Jerome started experimenting with new drink concoctions. Since ice cream drinks were all the rage at the time, he came up with several variations and tried them out on the waitresses and staff, tinkering with them as he went along. One evening, Ed Jacoby came in after a Red Wings game with two friends and asked Jerome what he had in the blender. After he explained the contents, Ed requested some for himself and his friends. After tasting several times, the men asked what the drink was called. When Jerome replied he had not named it, one of the men said, "After a couple of them, they make you start to hum." Jerome immediately said, "Then I'll call it a Hummer!" Of course, the name stuck and today the "Hummer" drink is leg-

endary. Jerome served guests and members at Bayview Yacht Club for half a century and earned deep respect from all those who crossed his path. What made him such a great man and a great Detroitier was his character and genteel approach. Mr. Jerome Lamar Adams radiated humanity and love. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, hereby joins with family and friends in honoring the life and legacy of Mr. Jerome Lamar Adams. He will be greatly missed and his story will not be forgotten.

**CHAPTER 18.

ARTICLE V.
PURCHASES AND SUPPLIES
Division 11. Debarment**

Sec. 18-11-1. Purpose.

(a) The City shall solicit offers from, award contracts to, consent to subcontracts with, or otherwise do business with, responsible contractors only. To effectuate this policy, the debarment of contractors from current and/or future City work may be undertaken.

(b) The serious nature of debarment requires that this sanction be imposed only when it is in the public interest. Debarment shall be imposed in accordance with the procedures contained in this division.

Sec. 18-11-2. Scope.

(a) This division provides for debarment of contractors as a remedy available to the City separate and apart from sanctions that may be imposed under any other Article of this Code, or any legal remedies or prosecution that may be available to the City under applicable law.

(b) All City contracts and contractors, and any persons or entities doing business with the City, are subject to this ordinance.

(c) Any contractor, or persons seeking a contract with the City, shall report to the office of the Inspector General any improper, unethical or illegal activity or requests made by elected officers of the

City, including those acting on their behalf, or any public servant in connection with any contract.

Sec. 18-11-3. Definitions.

Day means a calendar day.

Debarment means action taken by the City to exclude a person from acting as a contractor for a specified period of time.

Elective officers means the Mayor, each member of the City Council, elected Board of Police Commissioners and the City Clerk.

Wrongful conduct means any conduct listed in Section 18-11-5 of this Code.

Sec. 18-11-4. Effect of debarment order.

(a) Debarment of a contractor constitutes a finding under this Code that the City does not believe it to be in the public interest for the City to do business with the contractor, and operates as the City's rejection of any bid or contract submitted by the contractor during the debarment period. Any bid or contract submitted by a debarred person shall immediately be returned after the bids are opened without requirement of any further action.

(b) No debarred contractor is eligible to serve as a subcontractor or as a goods, services or materials supplier for any contract.

(c) Debarment constitutes cause for immediate termination of a contractor under any existing contract.

(d) When making a debarment decision, the Office of the Inspector General, in consultation with the Chief Procure-

ment Officer, may take into consideration whether the debarment affects any contract or subcontract existing at the time of the debarment decision.

Sec. 18-11-5. Grounds for debarment.

(a) A contractor may be debarred, based upon a preponderance of the evidence, for:

(1) Violation of the terms of a City contract or subcontract, or a contract or subcontract funded in whole or in part by City funds, such as failure to perform in accordance with the terms of one or more contracts; or the failure to perform, or unsatisfactory performance of one or more contracts;

(2) Failing to comply with state, federal or local laws or regulations applicable to the performance of a contract;

(7) Failure to report unethical conduct by a public servant; or

(8) Any other conduct that evidences the inability of the contractor to act responsibly in its conduct on behalf of the City.

(b) The conduct giving rise to the debarment may be based upon actions taken in connection with work undertaken for the City, or other public or private entities.

(c) There is no statute of limitations on investigations, findings of violation of the debarment policy or the initiation of debarment proceedings.

Sec. 18-11-6. Investigation and request for documents and information.

(a) In addition to reporting under Section 18-11-2(c) of this Code, the Mayor, City Council, Corporation Counsel, Chief Procurement Officer, Department Director, public servant, or member of the public may refer a matter to the Office of Inspector General to investigate grounds for debarment related to City contracts and contractors.

(b) Following receipt of the referral, the Office of the Inspector General shall investigate whether there is reasonable

cause to believe wrongful conduct has occurred.

(1) The Inspector General shall act as chief investigative agent; and may request the assistance of the Chief Procurement Officer and Corporation Counsel as necessary in the debarment investigation.

(2) The Inspector General may request documents and information, including but not limited to corporate records, contracts, business records, ledgers, and tax returns, in the course of the investigation. The contractor's failure to provide documents and information reasonable requested by the Inspector General may constitute grounds for debarment. If the Contractor submits documents that are exempt from disclosure under the Michigan Freedom of Information Act, such as state, federal or local income tax returns, then such materials will be held in confidence for use solely in connection with the debarment proceeding. If it becomes necessary to use the confidential materials in a public forum, the City and Contractor shall endeavor to agree on procedures to preserve the confidentiality of the materials to the extent reasonably possible, including redaction of the materials. If the parties cannot reach agreement, the City may petition the Wayne County Circuit Court for an appropriate order to allow the debarment proceeding to continue while preserving the confidentiality of the documents to the extent reasonable possible.

(c) The Chief Procurement Officer, in a referral, may include the results of any investigation conducted by the Chief Procurement Officer together with recommendation for debarment. The Inspector General shall give due consideration to such investigation and recommendation and may immediately issue a finding of grounds for debarment, and or suspension, based on such report and recommendation.

Sec. 18-11-7. Initiation of proceedings.

(a) If, upon investigation, it is determined that an act or omission which can give rise to debarment may have occurred, the Inspector General shall provide written notice to the Chief Procurement Officer and the Corporation Counsel of the intention to initiate debarment proceedings. In that event:

(1) The Inspector General shall set forth the basis in writing for the proposed debarment, which may incorporate any report and recommendation provided by the Chief Procurement Officer.

(2) The Inspector General shall provide written notice of the proposed debarment by both certified mail, return receipt requested, and regular mail to the contractor and any known interested party.

(b) The notice of proposed debarment shall, at a minimum, contain the following information:

(1) Notice that debarment is being

considered after a finding by the Office of Inspector General;

(2) The basis for the proposed debarment, in terms sufficient to put the contractor on notice of the nature of the conduct at issue;

(3) The potential consequences of the debarment; and

(4) The City's procedures governing debarment proceedings. For that purpose, the contractor may be provided with a copy of this ordinance.

(c) Within 28 days of mailing the notice of proposed debarment, the contractor may submit, in writing, information and argument in opposition to the proposed debarment.

(d) The Inspector General may request additional information of the contractor if necessary to evaluate the information provided by the contractor.

Sec. 18-11-8. Final decision.

The Inspector General shall prepare written findings to support any final decision regarding debarment. The decision shall be based on the facts as found and supported by the entire record of information and a preponderance of the evidence presented.

Sec. 18-11-9. Notice of final decision.

(a) A copy of the final decision shall be sent by certified mail, return receipt requested, and regular mail to the contractor, and any interested party.

(b) A copy of the final decision shall be filed with the City Clerk for transmission to City Council.

(c) If debarment is imposed, the decision shall specify the grounds for the debarment and the period of debarment, including effective dates.

Sec. 18-11-10. Interim suspension.

(a) Prior to a final debarment determination, the Inspector General, upon determination of a need for immediate action may:

(1) Suspend a contractor from eligibility for award of a City contract.

(2) Terminate the services of the contract under any existing contract, and

(3) Prior to any such suspension, notify the Chief Procurement Officer and allow seven days for comment. The seven days may be waived by the Chief Procurement Officer.

(b) The contractor will be suspended for the lesser of an initial period of 90 calendar days or until the Inspector General makes a final determination with respect to the debarment. The initial suspension may be extended for up to three additional 30 calendar days periods.

(c) The Chief Procurement Officer will not solicit bids or proposals from, or approve the award for a contract to, the suspended contractor, and will not open or consider for a contract any bid or proposal received from same.

(d) The Inspector General shall send a

written notice of the initial suspension and any extension specifying the basis for same, to the suspended contractor by certified mail, return receipt requested.

(e) A copy of the interim suspension shall be filed with the City Clerk for transmission to City Council.

Sec. 18-11-11. Appeal.

(a) The contractor may appeal a debarment decision, the length of a debarment, or an interim suspension to City Council within 28 days after the issuance of the Inspector General's debarment decision or interim suspension.

(b) The contractor shall send the appeal letter together with any supporting materials to the City Clerk for transmission to City Council.

(e) City Council must have a vote of 2/3 majority of members present to overturn the Inspector General's debarment decision, length of debarment or interim suspension.

(f) City Council shall notify the contractor in writing of the result of the appeal within ten days after the determination.

Sec. 18-11-12. Period of debarment.

(a) The period for debarment shall be commensurate with the seriousness of the cause or causes thereof, but in no case shall the period exceed 20 years.

Sec. 18-11-13. Application of remedies.

(a) The provisions of this division are in addition to any other rights or remedies available to the City in connection with the award of any contracts to disqualify bidders who are not responsible, regardless of whether they have been so declared hereunder. This right extends but is not limited to declining to award contracts to bidders having officers, owners, managers, or persons or entities directly or indirectly holding a financial or beneficial interest in, previously associated with debarred contractors.

(b) The provisions of this division are in addition to any contractual or legal rights or remedies available to the City to redress contractual performance issues.

Sec. 18-11-14. Effect on other ordinances.

A debarred contractor is not eligible for certification under Chapter 18 of this Code. Debarment shall have the effect of determining any certification thereunder.

Sec. 18-11-15. Duty to report illegal acts.

If, during the course of the investigation, the Inspector General has probable cause to believe that any contractor, subcontractor, or person doing or seeking to do business with the City has committed or is committing an illegal act in addition to any other action taken by the Inspector

General, the matter shall be promptly referred to the appropriate authorities.

Sec. 18-11-16. List of debarred contractors.

The Office of the Inspector General shall compile and maintain a current list of all contractors debarred by the City. Such list shall be updated as appropriate, including updates after appeals and final decisions are made, and transmitted to the Office of Contracting and Procurement and to City Council, to the City Clerk, and posted on the City's website.

Whereas, The City of Detroit, through its Law Department, is seeking settlement of the matter given in the foregoing communication, which includes acquisition of certain real property at 5024 and 5060 Lakewood, Detroit, MI (the "Properties") by the City of Detroit; and

Whereas, The City's Buildings, Safety Engineering and Environmental Department ("BSEED") has reviewed the environmental conditions of the Properties; and

Whereas, In accordance with Chapter 2, Article I, Division 2 of the Detroit City Code: (1) the City Council finds that the Properties have received appropriate environmental inquiry in accordance with the review referred to in the preceding paragraph; (2) the environmental inquiry has shown that a previous Phase I environmental site assessment conducted on the Properties, completed by a qualified environmental consultant, identified no recognized environmental concerns and recommended no further investigation with respect to the Properties, therefore none of the Properties are considered a facility; and (3) the City Council finds and declares that the preservation of the promotion of the public health, safety, welfare or good outweighs the cost of the environmental inquiry and therefore waives the requirement that the seller bear the cost of the environmental inquiry; now therefore be it

Resolved, That Detroit City Council hereby approves settlement of the above referenced matter; and be it further

Resolved, The Detroit City Council hereby approves acquisition of the Properties free and clear of all liens and encumbrances as part of such settlement; and be it further

Resolved, That the Planning and Development Department Director, or his authorized designee, be and is hereby authorized to accept and record a deed to the Properties to the City of Detroit, as well as execute any such other docu-

ments as may be necessary to effectuate transfer of the Properties to the City of Detroit; and be it further

Resolved, That conveyance and transfer of ownership of the Properties to the City of Detroit shall be in full satisfaction of all outstanding demolition costs and blight violations fines incurred by the owner of the Properties and that the deed of conveyance be accepted and recorded by the City of Detroit upon completion of the properly executed documents, approved by the Law Department.

Honorable City Council:

Re: Walter Williamson vs. City of Detroit and Robert Dortch III. Third Circuit Court Case No.: 187-007496-NI. File No.: L17-007496-NI.

On May 17, 2018, a case evaluation panel evaluated the above-captioned lawsuit and awarded Thirty Two Thousand Five Hundred Dollars (\$32,500.00) in favor of plaintiff. The parties have until to June 7, 2018 to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of Your Honorable Body, it is our considered opinion that acceptance of the case evaluation award is in the best interest of the City of Detroit.

We, therefore, request Your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that plaintiff accepts the award, to direct the Finance Director to issue a draft in the amount of Thirty Two Thousand Five Hundred Dollars (\$32,500.00) payable to Walter Williamson and his attorneys, Andreopoulos & Hill, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 17-007496-NI, approved by the Law Department.

Resolved, That in the event Plaintiff accepts the case evaluation, the Finance Director be and is hereby authorized and directed to draw a warrant upon the proper account in favor of Walter Williamson and his attorneys, Andreopoulos & Hill in the amount of Thirty Two Thousand Five Hundred Dollars (\$32,500.00) in full payment of any and all claims, which Walter Williamson may have against the City of Detroit by reason of a City of Detroit Department of Transportation Bus vehicular incident as more fully set forth in Wayne County Circuit Court Case No. 17-007496-NI, and that said amount be paid upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 17-007496-NI approved by the Law Department.

NEW BUSINESS

By Council Member Benson:

AN EMERGENCY ORDINANCE to amend the Chapter 33, *Minors*, Article III, *Regulation of Minors in Public Places and Adult Responsibility for Violations*, Division 2, *Curfew*, of the 1984 Detroit City Code by adding Sections 33-3-14 and 33-3-15 to provide for a superseding curfew for all minors beginning at 8:00 p.m. on Monday, June 25, 2018 (being the scheduled date for the Detroit Annual Fireworks Display, or any rescheduled date) and continuing until 6:00 a.m. the following morning, applicable only in the area within and bounded by the Detroit River, Third Street, the Lodge Freeway (M-10), the Fisher Freeway (I-75), the extension of the Fisher Freeway (I-75) easterly to Gratiot Avenue, Gratiot Avenue, Vernor Highway, Chene Street, Atwater Street, and Chene Park.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. DECLARATION OF EMERGENCY

The Detroit City Council, upon receipt of testimony and evidence from the

Detroit Police Department and others, and after public hearing, upon due consideration makes the following findings:

(A) On the day of and especially the evening of the Detroit Annual Fireworks Display that takes place on the Detroit River there have been numerous incidents of harassment, nuisance, vandalism, and violence committed by persons at the viewing, parking and public places of the City before, during, and after the fireworks display;

(B) These acts of harassment, nuisance, vandalism, and violence have endangered the peace, health, safety, and welfare of the People of the City of Detroit, the many persons traveling from outside the City limits to attend this annual event, and in particular unsupervised minors before and during the City's regular curfew hours for minors and;

(C) There exist public peace, health, safety, and welfare needs for effectively governing the conduct of such minors as it pertains to harassment, nuisances, vandalism, and violence for the purpose of alleviating and eliminating these problems, whether committed against minors or committed by minors;

(D) Due to law enforcement considerations and logistics concerns, a City-wide curfew is necessary to enhance the public peace, health, safety, and welfare for the many thousands of minors and adults who attend this annual event;

(E) Due to the fact that spectators begin to gather in the viewing areas in advance of the commencement of the Detroit Annual Fireworks Display on the day of the event, the regular curfew hours for minors provided in the City's Curfew Ordinance, codified in Chapter 33, Article III of the Detroit City Code, are not sufficient to alleviate and curtail criminal activity involving unsupervised minors in the fireworks display viewing areas;

(F) The peace, health, safety, and welfare of the community-at-large and particularly that of minors will benefit from additional curfew controls for minors in a localized area of the City during the Detroit Annual Fireworks Display;

(G) The curfew for minors in the City provides for reasonable exceptions during the specified curfew period to allow for minors accompanied by their parents, legal guardian, or responsible adult, for minors at or traveling to and from places of employment, education and training facilities, and sponsored activities under adult supervision, for minors involved in emergencies or constitutionally protected activities such as interstate travel or freedom of speech, assembly or exercise of religion, for minors on the sidewalks in front of their homes, and for minors sent on errands by their parents if the minors have proper written permission.

Section 2. Chapter 33, *Minors*, Article III, *Regulation of Minors in Public Places and Adult Responsibility for Violations*, Division 2, *Curfew*, of the 1984 Detroit City Code is amended by adding Sections 33-3-14 and 33-3-15, to read as follows:

**CHAPTER 33. MINORS
ARTICLE III. REGULATION OF
MINORS IN PUBLIC PLACES AND
ADULT RESPONSIBILITY
FOR VIOLATIONS
DIVISION 2. CURFEW**

On June 13, 2017 the Detroit City Council received and referred to the

Planning and Economic Development Standing Committee the report and recommendation of the City Planning Commission (CPC) for the above captioned map amendment request for the Detroit Zoning Ordinance.

The Zoning Ordinance specifies in Sec. 61-3-17, "Where a petition for a proposed Zoning Ordinance text or map amendment is not voted upon by the City Council within one hundred twenty (120) days of the time of receipt of the City Planning Commission's report, it shall be deemed to have been denied, unless extended by the City Council."

The original 120-day review period for this matter was to expire in October of 2017. Subsequently, however, two extensions have been authorized with the most recent being on February 6, 2018. On Thursday, June 7, 2018 that extension will expire. Consequently, the CPC requests a 120-day extension of the review period to avoid having to re-start the ordinance revision process over again at the Planning Commission. A resolution to that effect is attached for your consideration. The requested extension, if granted, will expire by the close of day Friday, October 5, 2018.

Respectfully submitted,
MARCELL R. TODD, Jr.,

Director

City of Detroit

Downtown Development Authority

May 30, 2018

Honorable City Council:

Re: Downtown Development Authority FY 2018-2019 Budget.

Pursuant to Section 228(1) of Public

Act 57 of 2018, we have prepared the attached FY 2018-19 Downtown Development Authority's (the "DDA") General Fund Budget for your approval prior to its adoption by the DDA.

The amount of funds available from the one mill tax for FY 2018-19 has been estimated at \$950,000.00, net of collection delinquencies and reserves for tax settlements representing an increase of \$50,000.00 from 2017-18 due to increase in property valuations. Transfer from the DDA's Tax Increment Fund will remain unchanged from the 2018-19 budgeted allocation of \$750,000.00.

The FY 2018-19 budget reflects revenues of \$1,500,000.00 to be generated from the parking operations, in line with revenues from FY 2017-18. Other/Events Center Revenues are estimated at \$43,000.00, representing a reduction of \$42,000.00 from FY 2017-18 due to anticipated completion of arena building activities. A Fund balance of \$190,000.00 represents an excess of revenues over anticipated expenditures.

On the appropriations side, contractual services of \$1,938,000.00, reflects a \$2,000 increase from FY 2017-18 due to an increase in audit expense. The budgeted amount of \$530,000.00 for professional services and fees, inclusive of a \$10,000.00 expense for Computer Support, representing an increase of \$15,000.00 from FY 2017-2018 due to an increase in insurance fees. There is a \$125,000.00 budgeted expense related to parking operations for FY 2018-19, this represents a \$15,000 increase from FY 2017-2018 due to an increase in fees for lot maintenance and security. Finally, \$500,000.00 of allocated funds for Special Projects and Contingencies for FY 2018-19 indicates no increase from last year.

We respectfully request City Council's approval of the attached budget at its June 12, 2018 formal meeting. A waiver of reconsideration is requested.

Should you have any questions, please contact me at (313) 483-4150.

Sincerely,
JENNIFER KANALOS
Authorized Agent

been constructed with the assistance of the RPPG. A sign will be provided by the DEPARTMENT. Any replacement sign(s) will be at the expense of the GRANTEE.

k. To conduct a dedication/ribbon-cutting ceremony as soon as possible after the project is completed and the MNRTF sign is erected within the project area. At least 30 days prior to the dedication/ribbon-cutting ceremony, the DEPARTMENT must be notified in writing the date, time, and location of the dedication/ribbon-cutting ceremony. GRANTEE shall provide notice of ceremony to the local media. The use of the program logo and a brief description of the program are strongly encouraged in brochures related to public recreation produced by the GRANTEE. Upon the discretion of the DEPARTMENT, the requirement to conduct a dedication/ribbon-cutting ceremony may be waived.

8. Only eligible costs and expenses incurred toward completion of the project facilities after execution of the Project Agreement shall be considered for reimbursement under the terms of this Agreement. Eligible engineering costs incurred toward completion of the project facilities beginning January 1, 2018 and throughout the project period are also eligible for reimbursement. Any costs and expenses incurred after the project period shall be the sole responsibility of the GRANTEE.

9. To be eligible for reimbursement, the GRANTEE shall comply with the DEPARTMENT requirements. At a minimum, the GRANTEE shall:

a. Submit a written progress report every 180 days during the project period.

b. Submit complete requests for partial reimbursement when the GRANTEE is eligible to request at least 25 percent of the grant amount and construction contracts have been executed or construction by force account labor has begun. For grants \$15,000 or less, reimbursement should be submitted for entire amount at completion of the project.

c. Submit a complete request for final reimbursement within 90 days of project completion and no later than 6/30/2020. If the GRANTEE fails to submit a complete final request for reimbursement by 6/30/2020, the DEPARTMENT may audit the project costs and expenses and make final payment based on documentation on file as of that date or may terminate this Agreement and require full repayment of grant funds by the GRANTEE.

10. During the project period, the GRANTEE shall obtain prior written authorization from the DEPARTMENT before adding, deleting or making a significant change to any of the project facilities as proposed. Approval of changes is solely at the discretion of the DEPARTMENT. Furthermore, during the life of the

facilities, the GRANTEE shall obtain prior written authorization from the DEPARTMENT before implementing a change that significantly alters the project facilities as constructed and/or the project area, including but not limited to discontinuing use of a project facility or making a significant change in the recreational use of the project area.

11. All project facilities constructed or purchased by the GRANTEE under this Agreement shall be placed and used at the project area and solely for the purposes specified in APPENDIX C and this Agreement.

12. The project area and all facilities provided thereon and the land and water access ways to the project facilities shall be open to the general public at all times on equal and reasonable terms. No individual shall be denied ingress or egress thereto or the use thereof on the basis of sex, race, color, religion, national origin, residence, age, height, weight, familial status, marital status, or disability.

13. Unless an exemption has been authorized by the DEPARTMENT pursuant to this Section, the GRANTEE hereby represents that it possesses fee simple title, free of all liens and encumbrances, to the project area. The fee simple title acquired shall not be subject to: 1) any possibility of reverter or right of entry for condition broken or any other executory limitation which may result in defeasance of title or 2) any reservations or prior conveyance of coal, oil, gas, sand, gravel or other mineral interests. For any portion of the project area that the GRANTEE does not possess in fee simple title, the GRANTEE hereby represents that it has:

a. Supplied the DEPARTMENT with an executed copy of the approved lease or easement, and

b. Confirmed through appropriate legal review that the terms of the lease or easement are consistent with GRANTEE'S obligations under this Agreement and will not hinder the GRANTEE'S ability to comply with all requirements of this Agreement. In no case shall the lease or easement tenure be less than 20 years from the date of execution of this Agreement.

14. The GRANTEE shall not allow any encumbrance, lien, security interest, mortgage or any evidence of indebtedness to attach to or be perfected against the project area or project facilities included in this Agreement.

15. During the life of the facilities, none of the project area, nor any of the project facilities constructed under this Agreement, shall be wholly or partially conveyed, either in fee, easement or otherwise, or leased for a term of years or for any other period, nor shall there be any whole or partial transfer of the lease title, ownership, or right of maintenance or

control by the GRANTEE except with the written approval and consent of the DEPARTMENT. The GRANTEE shall regulate the use of the project area to the satisfaction of the DEPARTMENT.

16. The assistance provided to the GRANTEE as a result of this Agreement is intended to have a lasting effect on the supply of recreation, scenic beauty sites, and recreation facilities beyond the financial contribution alone and commits the project area to Michigan's recreation estate for the useful life of the project facilities, therefore:

a. The GRANTEE agrees that, during the life of the facilities, the project area or any portion thereof will not be converted to other than public recreation use without prior written approval by the DEPARTMENT and implementation of mitigation approved by the DEPARTMENT, including but not limited to replacement with land and/or project facilities of similar recreation usefulness and fair market value.

b. Approval of a conversion shall be at the sole discretion of the DEPARTMENT.

c. Before completion of the project, the GRANTEE and the DEPARTMENT may mutually agree to alter the project area through an amendment to this Agreement to provide the most satisfactory public outdoor recreation area.

17. Should title to the lands in the project area or any portion thereof be acquired from the GRANTEE by any other entity through exercise of the power of eminent domain, the GRANTEE agrees that the proceeds awarded to the GRANTEE shall be used to replace the lands and project facilities affected with recreation lands and project facilities of equal or greater fair market value, and of reasonably equivalent usefulness and location. The DEPARTMENT shall approve such replacement only upon such conditions as it deems necessary to assure the replacement by GRANTEE of other recreation properties and project facilities of equal or greater fair market value and of reasonably equivalent usefulness and location. Such replacement land shall be subject to all the provisions of this Agreement.

18. The GRANTEE acknowledges that:

a. The GRANTEE has examined the project area and has found the property safe for public use or actions will be taken by the GRANTEE before beginning the project to assure safe use of the property by the public, and

b. The GRANTEE is solely responsible for development, operation, and maintenance of the project area and project facilities, and that responsibility for actions taken to develop, operate, or maintain the property is solely that of the GRANTEE, and

c. The DEPARTMENTS involvement in the premises is limited solely to the making

of a grant to assist the GRANTEE in developing same.

19. The GRANTEE assures the DEPARTMENT that the proposed State-assisted action will not have a negative effect on the environment and, therefore, an Environmental Impact Statement is not required.

20. The GRANTEE hereby acknowledges that this Agreement does not require the State of Michigan to issue any permit required by law to construct the recreational project that is the subject of this Agreement. Such permits include, but are not limited to, permits to fill or otherwise occupy a floodplain, and permits required under Parts 301 and 303 of the Natural Resources and Environmental Protection Act, Act 451 of the Public Acts 451 of 1994, as amended. It is the sole responsibility of the GRANTEE to determine what permits are required for the project, secure the needed permits and remain in compliance with such permits.

21. Before the DEPARTMENT will approve plans, specifications, or bid documents; or give written approval to the GRANTEE to advertise, seek quotes, or incur costs for this project, the GRANTEE must provide documentation to the DEPARTMENT that indicates either:

a. It is reasonable for the GRANTEE to conclude, based on the advice of an environmental consultant, as appropriate, that no portion of the project area is a facility as defined in Part 201 of the Michigan Natural Resources and Environmental Protection Act, Act 451 of the Public Acts of 1994, as amended;

or

b. If any portion of the project area is a facility, documentation that Department of Environmental Quality-approved response actions have been or will be taken to make the site safe for its intended use within the project period, and that implementation and long-term maintenance of response actions will not hinder public recreation use and/or the resource protection values of the project area.

22. If the DEPARTMENT determines that, based on contamination, the project area will not be made safe for the planned recreation use within the project period, or another date established by the DEPARTMENT in writing, or if the DEPARTMENT determines that the presence of contamination will reduce the overall usefulness of the property for public recreation and resource protection, the grant may be cancelled by the DEPARTMENT with no reimbursement made to the GRANTEE.

23. The GRANTEE shall acquire and maintain insurance which will protect the GRANTEE from claims which may arise out of or result from the GRANTEE'S operations under this Agreement, whether performed by the GRANTEE, a subcontractor or anyone directly or

Indirectly employed by the GRANTEE, or anyone for whose acts may hold them liable. Such insurance shall be with companies authorized to do business in the State of Michigan in such amounts and against such risks as are ordinarily carried by similar entities, including but not limited to public liability insurance, worker's compensation Insurance or a program of self-insurance complying with the requirements of Michigan law. The GRANTEE shall provide evidence of such insurance to the DEPARTMENT at its request.

24. Nothing in this Agreement shall be construed to impose any obligation upon the DEPARTMENT to operate, maintain or provide funding for the operation and/or maintenance of any recreational facilities in the project area.

25. The GRANTEE hereby represents that it will defend any suit brought against either party which involves title, ownership, or any other rights, whether specific or general rights, including appurtenant riparian rights, to and in the project area of any lands connected with or affected by this project.

26. The GRANTEE is responsible for the use and occupancy of the premises, the project area and the facilities thereon. The GRANTEE is responsible for the safety of all individuals who are invitees or licensees of the premises. The GRANTEE will defend all claims resulting from the use and occupancy of the premises, the project area and the facilities thereon. The DEPARTMENT is not responsible for the use and occupancy of the premises, the project area and the facilities thereon.

27. Failure by the GRANTEE to comply with any of the provisions of this Agreement shall constitute a material breach of this Agreement.

28. Upon breach of the Agreement by the GRANTEE, the DEPARTMENT may, in addition to any other remedy provided by law:

- a. Terminate this Agreement; and/or
- b. Withhold and/or cancel future payments to the GRANTEE on any or all current recreation grant projects until the violation is resolved to the satisfaction of the DEPARTMENT; and/or
- c. Withhold action on all pending and future grant applications submitted by the GRANTEE under the RPPG, Michigan Natural Resources Trust Fund, and Land and Water Conservation Fund; and/or
- d. Require repayment of grant funds already paid to GRANTEE.
- e. Require specific performance of the Agreement.

29. The GRANTEE agrees that the benefit to be derived by the State of Michigan from the full compliance by the GRANTEE with the terms of this Agreement is the preservation, protection

and the net increase in the quality of public recreation facilities and resources which are available to the people of the State and of the United States and such benefit exceeds to an immeasurable and unascertainable extent the amount of money furnished by the State of Michigan by way of assistance under the terms of this Agreement. The GRANTEE agrees that after final reimbursement has been made to the GRANTEE, repayment by the GRANTEE of grant funds received would be inadequate compensation to the State for any breach of this Agreement. The GRANTEE further agrees therefore, that the appropriate remedy in the event of a breach by the GRANTEE of this Agreement after final reimbursement has been made shall be the specific performance of this Agreement.

30. Prior to the completion of the project facilities, the GRANTEE shall return all grant money if the project area or project facilities are not constructed, operated or used in accordance with this Agreement.

31. The GRANTEE agrees not to discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment, or a matter directly or indirectly related to employment because of race, color, religion, national origin, age, sex, height, weight, marital status, familial status or disability that is unrelated to the person's ability to perform the duties of a particular job or position. The GRANTEE further agrees that any subcontract shall contain non-discrimination provisions which are not less stringent than this provision and binding upon any and all subcontractors. A breach of this covenant shall be regarded as a material breach of this Agreement.

32. The DEPARTMENT shall terminate and recover grant funds paid if the GRANTEE or any subcontractor, manufacturer, or supplier of the GRANTEE appears in the register compiled by the Michigan Department of Labor and Economic Growth pursuant to Public Act No. 278 of 1980.

33. The GRANTEE agrees to assist DEPARTMENT personnel in promotion of the Recreation Passport Program by distributing marketing materials provided by the DEPARTMENT.

34. The GRANTEE may not assign or transfer any interest in this Agreement without prior written authorization of the DEPARTMENT.

35. The rights of the DEPARTMENT under this Agreement shall continue for the anticipated life of the project facilities as stated in Section 7(d).

36. The Agreement may be executed separately by the parties. This Agreement is not effective until:

- a. The GRANTEE has signed the

Agreement and returned both copies together with the necessary attachments within 60 days of the date the Agreement is Issued by the DEPARTMENT, and

b. The DEPARTMENT has signed the Agreement. IN WITNESS WHEREOF, the parties hereto have hereunto set their hands and seals, on this date.

RESOLUTION ENDORING THE NATIONAL LIBERTY MEMORIAL IN WASHINGTON D.C.

By Council President Jones:

WHEREAS, During the course of the American Revolutionary War (1776-1783), more than 5,000 African Americans took up arms against the British Crown to fight as Patriots. Both slaves and freedmen served as minutemen, spies and even sailors in many important battles such as the Battle of Bunker Hill and the Battle of Yorktown; and

WHEREAS, The majority of African American Patriots were of the original thirteen colonies. The roles these brave

men and women played is not properly documented nor acknowledge in the country's history, which makes it difficult for many African Americans to authenticate ancestral lineage to those who fought in the war; and

WHEREAS, Organizations, such as the Daughters of the American Revolution (DAR), have in the past opposed recognition of these individuals concerning verifiable ancestry; and

WHEREAS, The National Liberty Memorial in DC has been proposed in an effort to acknowledge the African American Patriots that helped to create the initial freedoms for our country; and

WHEREAS, Over the last thirty years, Americans from all walks of life have given testimony to honor these brave men and women. From 1984 to 1988, Congress approved a resolution (Public Law 98-245) calling for the nation to memorialize the fallen and declared the deed to be of "preeminent historical and lasting significance to the nation". In December 2012, Congress approved legislation authorizing the National Liberty Memorial and on September 26, 2014, President Barack Obama signed legislation allowing the National Liberty Memorial in Washington DC to be placed on the National Mall on a site next to the Department of Agriculture Building; and

WHEREAS, The Detroit City Council recognize the importance to commemorate the heroism of African Americans in the battles of the American Revolution;

NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council, hereby support the construction of the National Liberty Memorial in Washington D.C;

BE IT FURTHER

RESOLVED, That this resolution be forwarded to the City of Detroit's Lansing lobbyist and the Detroit Delegation in the State House and Senate, the U.S. Department of the Interior and the bicameral houses of the U.S. Congress.

Re: Cary Harbin vs. City of Detroit
Department of Public Works. File No:

On June 3, 2015, your Honorable Body adopted a resolution authorizing payment of \$24,500.00 to settle the workers compensation claim of Cary Harbin. However, Medicare through its CMS contractor has since served notice of their interest in this litigation. After considering Medicare's interest, further negotiations with the plaintiff's, and the continuing exposure identified in our initial request, the value of plaintiff's claim against the City has increased by the amount of \$2,500.00.

We, therefore, request that your Honorable Body rescind the resolution of June 3, 2015 and request authorization to settle this workers compensation claim for the amount of Twenty-Seven Thousand Dollars (\$27,000.00) and that your Honorable Body authorize and direct the Finance Director to issue a draft in that amount payable to Cary Harbin, and his attorney, Alex Berman, to be delivered upon receipt of properly executed Releases and Order of Dismissal in Workers Compensation Claim #14264, approved by the Law Department.

City Planning Commission

June 11, 2018

Honorable City Council:

Re: Request of Ernest Zachary on behalf of 74 Garfield LLC, to amend Article XVII, District Map 6, of the 1984 Detroit City Code, Chapter 61, Zoning, by establishing a PD-H (Planned Development District-Historic) zoning classification where a R6-H (High Density Residential District-Historic) zoning classification currently exists on land consisting of parcels commonly known as 74 and 80 Garfield Street. **(RECOMMENDING APPROVAL WITH CONDITIONS)**

BACKGROUND

Before your Honorable Body, is the request of Alexander and Ernest Zachary on behalf of 74 Garfield LLC, to amend Article XVII, District Map 6, of the 1984 Detroit City Code, Chapter 61, Zoning, by establishing a PD-H (Planned Development District-Historic) zoning classification where a R6-H (High Density Residential District-Historic) zoning classification currently exists on land consisting of parcels commonly known as 74 and 80 Garfield Street.

The subject site is within the boundary of the Sugar Hill/John R Music & Art Historic District (designated by the City via the Historic Designation Advisory Board in 2009), which is defined by East Forest Avenue, Garfield Street and East Canfield with John R and Woodward Avenue being the eastern and western boundaries. This district is not only locally designated, but also listed on the National Register of Historic Places because of its history as a place of integration through the 1940's and 50's via the nightlife, entertainment and jazz music scene. The

artists that performed here ranged from Billie Holiday to Marvin Gaye. The proposed development site once hosted a historic structure that no longer exists due to a fire some years ago. The site resides within the footprint of the former Mid-City Rehabilitation Project Urban Renewal Area and is currently being used as a gravel parking lot.

The current development being proposed is that of a mixed-use commercial and multi-family building to be located on 74 and 80 Garfield Street. The development is planned to consist of 35 residential housing units and between two (2) to four (4) commercial units. Additionally, 4,000 square feet of ground-floor retail space is planned as well as ground-floor parking for the uses within the development, totaling 27 parking stalls (two (2) handicap stalls). Units will also feature balconies.

As with other projects that Zachary and Associates have a history of working on in Detroit, this development will include sustainable features such as geothermal heating and cooling, water recovery cisterns and solar power among other possible systems.

PLANNING CONSIDERATIONS **Surrounding Zoning and Land Use**

The zoning classification and land uses surrounding the subject area are as follows:

North: R6 & PD: Office and commercial buildings
 East: R6: Home
 South: B4: Residential building
 West: B4: Museum For Contemporary Arts Detroit 2

Master Plan Consistency

The subject site is located within the Lower Woodward area of Neighborhood Cluster 4 of the Detroit Master Plan of Policies. The Future Land Use map for this area shows (MRC — Mixed Residential Commercial) for the subject property. The property is in alignment with the intent of the MRC designation. The Planning and Development Department (P&DD) has determined that the proposal is consistent with the City's Master Plan.

ANALYSIS

Zoning Provisions

This rezoning is necessary in order to facilitate the proposed building at this site, otherwise it would not be allowed on a by-right basis. The R6 zoning district does not allow for a mixed-use building with retail-commercial that caters to pedestrian traffic. The PD zoning allows for the flexibility to accommodate the mixed-use component, which the City has been strongly encouraging in developments in recent years.

Parking

According to Sec. 61-14-24 of the Zoning Ordinance, parking requirements for a multiple-family dwelling are 1.25

spaces per dwelling unit. However, provisions of the zoning ordinance also allow for a reduction in required parking stalls when the use is located within 0.25 miles of a bus rapid transit, street car/trolley or light rail line: 0.75 of the minimum required off-street parking spaces.

The developer is proposing 27 spaces to serve 35 units. These parking stalls fall short, particularly for the commercial component. However, the developer is working with Midtown Detroit Inc., City staff and other surrounding stakeholders to seek a long-term strategy for parking on Garfield Street. There is an interest and effort to possibly install parking meters on one side of Garfield Street in order to help facilitate the turnover needed to support commercial activity.

Design

The design of the development must be in accordance to the PD district design criteria listed in 61-11-15 of the Zoning Ordinance.

A criterion, asks whether the proposed development is *compatible with surrounding development*.

The development will be another in-fill building on this historic street that will add to the vibrancy of the community. The retail-commercial component will bring more foot-traffic to the block. The residential units will likely serve many of the medical students and practitioners in need of housing in this neighborhood.

Thirdly, a criterion asks about *vehicular and pedestrian circulation* and another inquires about *parking and loading*.

Staff believes that the parking and loading configuration and circulation plan is sufficient. The configuration of the covered parking will allow access to vehicles from the alley-way which is most efficient and conceals parking within the building, hiding it from street level view. The separate lane ingress and egress will allow free-flow in and out of the parking area.

An additional criterion probes into the *orientation of the proposed development*.

Staff does not see any deleterious impact that the orientation of the proposed building will have on surrounding environment. It is in alignment with other existing structures on Garfield Street. The proposed building does not overly prohibit solar access to surrounding buildings. The orientation is appropriate for the site and does not warrant any objections.

City staff has worked with developer to get to a point of consensus and CPC believes that the developer is in compliance with all other applicable criterion of the Zoning Ordinance.

COMMUNITY INPUT AND PUBLIC HEARING RESULTS

The developer held a community meeting on January 17th. About eight (8) people attended the meeting. Some concerns were expressed and addressed. One of

the concerns that came out during this period was parking during construction of the building. A strategy for construction mitigation has been put forward by this developer along with other stakeholders on Garfield Street in conjunction with the City of Detroit and Midtown Detroit Inc. is in support of the proposed development and has submitted a letter detailing this and how they plan to help parking concerns during construction.

No members of the public spoke in opposition at the public hearing. A letter of support was submitted by Midtown Detroit Inc.

RECOMMENDATION

The City Planning Commission voted to recommend approval of this proposal with the following conditions:

1. That the developer work with the

immediately adjacent property owners to minimize disruption to the neighborhood during construction and address impacts that may arise; and

2. That CPC staff is authorized to continue to work with the developer to mitigate any possible unforeseen design concerns for the project; and

3. That final site plans, elevations, lighting, landscape and signage plans be submitted by the developer to the staff of the City Planning Commission for review and approval prior to making application for applicable permits.

City Planning Commission

June 11, 2018

Honorable City Council:

Re: PCA (Public Center Adjacent/Restricted Central Business District) Special District Review of exterior changes to 2 Washington Boulevard, the Crowne Plaza Hotel (The Former Pontchartrain Hotel). **(RECOMMEND APPROVAL)**

The City Planning Commission (CPC) has completed its review of the request of Opraedora de Servicios para Hoteles de Lujo, managed by Pontchartrain Detroit Hotel, commonly known as the Crowne Plaza Hotel, for special district review for a proposed second tower and parking deck addition to the existing location at 2 Washington Boulevard at the northeast corner of W. Jefferson Avenue and Washington Boulevard, located in Downtown Detroit.

This matter was previously before your Honorable Body on Thursday, March 15, 2018, but was subsequently referred back to the City Planning Commission on April 19th, 2018 for further review amidst public health and safety concerns regarding the operations of the existing hotel.

At the same time the matter was referred to CPC it was also referred to the Buildings, Safety Engineering and Environmental Department and the Health Department. That same day BSEED in coordination with Health inspected the property and apparently found some evidence of a bed bug infestation. The hotel was cited and directed to provide evidence that appropriate preventative measures were in place. On April 25th the hotel was re-inspected at which time a service agreement was produced reflecting monthly and annual pest elimination plans. Thereafter, BSEED issued a Certificate of Compliance and provided a report to your Honorable Body (attached).

Additionally, the Health Department provided a report summarizing the findings of its most recent inspections of the hotel (attached). The report covers 2016-17 focusing mainly on the food service establishments. It also includes a response to an August 4, 2017 bed bug complaint. All issues were addressed at the time of inspection.

The details of these inspections may be found in the attached respective reports from each of the two departments.

Given that the City was satisfied with its findings upon re-inspection and no issues associated with the design or proposed construction of a second hotel tower on

the site in question, the Commission reissues our recommendation for approval of the proposed expansion. As long as the hotel is employing industry standard practices and addressing circumstances as they arise, this issue should not impact operations beyond what other hotels experience in this market.

A copy of our initial report and recommendation are attached for your review and consideration along with the respective reports from the Buildings, Safety Engineering and Environmental Department and the Health Department.

Additionally, the Commission will formally add consultation with the Health Department to our review processes for future development projects and amendments to the zoning ordinance.

Attached for your consideration is a

resolution authorizing the BSEED to issue permits for the work related to the attached plans.

Respectfully submitted,

WHEREAS, The Applicant is not delinquent in any taxes related to the facility; and

WHEREAS, Commencement of the subject project did not occur before the establishment of the Plant Rehabilitation District; and

WHEREAS, The Application relates to a program that when completed constitutes a project within the meaning of the Act and which is situated within the aforesaid City of Detroit Industrial Development Rehabilitation District; and

WHEREAS, Before acting on said application, the City of Detroit held a hearing on June 14, 2018, at Coleman A. RESOLUTION IN SUPPORT OF \$15 AN HOUR FOR DOWNTOWN & CITYWIDE DETROIT WORKERS

By All Council Members,

WHEREAS, Public monies — through tax abatements, gap funding, incentives and other subsidies — have largely fueled the widely-celebrated resurgence of downtown Detroit development projects that range from the renovation of long-shuttered office buildings to the construction of major venues like Little Caesars Arena. In recent years, the Detroit City Council and Wayne County Commission have approved more than \$1 billion in tax incentives in and around the downtown district and citywide; and

WHEREAS, The unsung heroes of downtown Detroit's rebirth are the hard-working men and women who serve as security guards and janitors in these new or renovated downtown buildings. While their tax dollars have helped to bring these projects to fruition, these workers are too often not sharing in the district's prosperity. Janitors and security guards working in downtown Detroit and citywide earn between \$9 and \$12.45 an hour on average. They work long, back-breaking weeks — putting their personal safety at risk — yet their earnings still make them eligible for food stamps and housing assistance; and

WHEREAS, While the national poverty rate is 14 percent, it is 36 percent in Detroit, the highest among the 20 largest

cities in America. In 2017, the United Ways of Michigan released a study that found 52 percent of Wayne County families are either under the poverty line or what it identifies as "ALICE" — asset-limited, income-constrained, employed, or the working poor; and

WHEREAS, Milwaukee, Wisconsin offers a great blueprint for development that combines economic growth and community investment. The Milwaukee Bucks' new arena received only \$250 million in public money and the jobs created by this project will be good ones. Scheduled to open in fall of 2018, the Bucks' new 714,000-square-foot arena will employ nearly 1,000 workers. The Bucks' owners have agreed to remain neutral if these workers want to join a union. At least half of all employees in Milwaukee's permanent arena jobs will be residents of zip codes with the highest poverty and highest unemployment in Milwaukee; and

WHEREAS, There is a strong business case to be made for placing workers on an immediate path to \$15 an hour. Low wages equate to increased turnover, increased absenteeism, and increased staffing and training costs; NOW, THEREFORE BE IT

RESOLVED, The Detroit City Council supports SEIU Local 1's appeal to downtown and citywide building owners to ensure that the janitors and security guards in their buildings are placed on an immediate path to \$15 an hour, a salary that will enable these workers to lift their families out of poverty and to contribute to their communities; BE IT FURTHER

RESOLVED, That the Detroit City Council urges downtown and citywide building owners to honor our region's heritage as the birthplace of organized labor by respecting janitors' and security guards' right to affiliate with unions to negotiate wages, free from employer interference; BE IT FURTHER

RESOLVED, That the Detroit City Council will include downtown and citywide developers' commitment to ensuring that building employees are placed on an immediate path to \$15 an hour as a factor to be considered for projects requiring significant public investment; BE IT FINALLY

RESOLVED, That the Detroit City Council will use its influence to ensure that downtown and citywide workers are paid a wage that honors their commitment to Detroit; commitment that has made new downtown developments possible.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, Leland, McCalister, Jr., Sheffield, Spivey, Tate and President Jones — 9.

 Re: Address: 569-71 Navahoe. Name: AAUS LLC. Date ordered removed: April 16, 2018

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on May 15, 2018 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.
2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:
 - Certificate of Acceptance related to building permits
 - Certificate of Approval as a result of a Housing Inspection
 - Certificate of Inspection, required for all residential rental properties.
3. The owner shall not occupy or allow

occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

 Director

Department of Public Works
City Engineering Division
June 8, 2018

Honorable City Council:
Re: Petition No. 1659 — Honeywell International Inc. and United States Environmental Protection Agency request for temporary street closure of a portion of Medina Street.

Petition No. 1659 — Honeywell International Inc. ("Honeywell") and the

United States Environmental Protection Agency ("USEPA") (Honeywell and USEPA are collectively referred to as "Petitioner") request for temporary closure and amended to be for permanent encroachment with tiebacks and anchor wall into part Medina Street, 50 feet wide, between Cary Avenue, 50 feet wide, and Dearborn Avenue, 55 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made as a part of a major clean-up on the Lower Rouge River Old Channel (LRROC) which will serve to improve the quality of Michigan's waters. Honeywell International Inc. and the U.S. Environmental Protection Agency have been working to remediate coal tar contaminated sediment in the LRROC. Dredging as part of the remedy requires building a permanent bulkhead wall along the shoreline including tiebacks for the wall. Medina Street is in close proximity to the LRROC and that is the reason for the request.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW (TED). TED approves provided that certain conditions are met. The TED conditions are a part of the resolution.

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

DTE Electric and Gas services are involved, but they have no objection provided certain conditions and clearances are maintained. Provisions for both DTE Energy electric and gas divisions are made a part of the attached resolution.

All other involved City Departments, including the Public Lighting Authority and Public Lighting Department; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
RICHARD DOHERTY, P.E.

December 16, 1964 - June 3, 2018

By All Council Members:

WHEREAS, Lori Ann Allen was born on December 16, 1964 in Monroe, Michigan to the late Deborah Allen Reed, and was raised by her loving grandparents, the late Bobbie and Mamie Allen Senior. She accepted Christ at an early age and attended the Carleton Public School District. While in high school Lori matured and earned many accolades; she overwhelming won the title of Miss Soul due to her vibrant personality. Lori graduated from Airport High School in 1983 and attended Wayne State University, studying the field of nursing.

WHEREAS, Lori wore many hats during her time here on this earthly plane. She was first a daughter, a sister, a friend, a wife, an aunt, and mother. Despite the hat that she wore, you received her love wholeheartedly and indiscriminately. Of the many roles that she played, her job as a homemaker was at the center of her life after she and her husband married and had four children. She tirelessly worked to ensure the health, safety, and happiness of her family. The blood, sweat, and tears - not to mention the love - made her house a home that so many sought refuge in. Whether you called her house

home or came as a visitor, you would be greeted with love, and even better the food she cooked and baked. Lori was renowned for her double chocolate cake, rolls, lasagna, and ... well, anything that she cooked. Lori filled your belly as much as she filled your heart.

WHEREAS, Lori was joined in holy matrimony with her spouse, Morris White Sr. for 34 exquisite years. To this union four beautiful children were born. Some of Lori's favorite hobbies were playing cards, cooking, playing virtual slots, listening to music, and most of all enjoying her family — and when they weren't nearby, sending them inspirational quotes and messages of love.

WHEREAS, Lori departed this life on June 3, 2018. She was preceded in death by her grandparents, Bobbie and Mamie Allen Sr., her mother, Deborah Allen Reed, and her father-in-law, Woodrow White. Lori leaves to cherish her memories: her living and devoted friend and husband, Morris White Sr.; her four amazing children: Steffanie Mamie White, Morris White Jr., Terrence Allan White, and Terrel Alexander White; and her three siblings: Tracy M. Brooks (James), Kisha D. Allen, and Larry J. Allen. Lori also leaves behind several in-laws: her mother-in-law: Pauline White, three sister-in-laws: Linda Pickens, Bernidetta Dixon (Fred Sr.), and Brenda White (Woodrow); and four brother-in-laws: James D. Brooks (Tracy), Fred Dixon Sr. (Bernidetta), Woodrow White (Brenda), and Maurice White. Lori also leaves behind a host of nephews, nieces, cousins, and friends. NOW, THEREFORE BE IT

RESOLVED, That on this, the 14th day of June, in the year 2018, the Hon. James E. Tate, Jr. and the entire Detroit City Council honors the memory of Lori Ann White. May the Lord bless and strengthen her and the family and friends she leaves behind.

June 18, 2018

Honorable City Council:

Re: Special District Review request by Gensler on behalf of the Church of Scientology for proposed signage at 1 Griswold Street located within a PCA (Public Center Adjacent District) zoning classification. **(RECOMMEND APPROVAL)**

The staff of the City Planning Commission (CPC) has received and reviewed the signage package for a permit application from Gensler on behalf of The Church of Scientology for the property located at 1 Griswold Street.

The subject property is proposed to host the Detroit location for the Church of Scientology.¹ The building is understood to be completing an estimated \$8 million renovation. The property is located within a PCA (Public Center Adjacent District) zoning classification, and therefore any exterior alteration to the premises requires the approval of your Honorable Body subsequent to the review and recommendation from the Planning and Development Department (PDD) and CPC.

REQUEST

The Church of Scientology is requesting the approval of a signage package via their consultant, Gensler, to place business identification signs, a projecting blade sign, plus religious symbolism on the exterior of the 1 Griswold Building (see plans). Based on the buildings calculable street frontage, the subject building is allowed the maximum of 500 square feet of signage space per Sec. 3-6-7 of the Zoning Ordinance. The proposed signage falls well within the allowable area of signage.

The original application included a proposed roof sign, but the roof sign proposal has since been removed from this application and may be forthcoming² in a separate application depending on a determination by the Board of Zoning Appeals.

² An application has been submitted to the Board of Zoning Appeals requesting a determination as to whether the existing roof sign, formerly serving the Raymond James entity, has been abandoned or not. Depending on the outcome of this item, a roof sign proposal may be coming before your Honorable Body for consideration in the near future.

CONCLUSION AND RECOMMENDATION

CPC staff finds the proposed signage to be consistent with the existing architecture of the building and the surrounding context. The signage meets the intent and spirit of the Zoning Ordinance and subject PCA zoning district as well as the allowable signage provisions of Chapter 3 of the City Code.

Therefore, CPC staff recommends approval of the signage proposal presented in the attached proposal. A resolution to that effect has been drafted for consideration by your Honorable Body.

By Council Member Benson:

Whereas, The City Planning Commission has received a sign permit application from Gensler for the installation of a sign package (NOT INCLUDING ROOF SIGN) for "The Church of Scientology" for property located at 1 Griswold, which is located within a PCA (Public Center Adjacent District) zoning classification; and

Whereas, The proposed installation would result in the alteration of the building's south and east facades; and

Whereas, Section 61-11-96 of the Detroit Zoning Ordinance requires City Council approval of such work after review by the City Planning Commission and the Planning and Development Department; and

Whereas, The proposed signs have been properly reviewed and found to be complementary to the architecture of the building, consistent with the provisions of Chapter 3 of the City Code and also consistent with the spirit and intent of the PCA zoning district classification.

Now, Therefore, Be It

Resolved, That the Detroit City Council approves the design and appearance of the proposed replacement sign as described and reviewed in the foregoing communication from the City Planning Commission staff and depicted in the drawings attached hereto.

City Planning Commission

June 15, 2018

Honorable City Council:

Re: Zoning Ordinance Text Amendment (Bars, Banquet Halls, Barber Schools, etc.).
(RECOMMEND APPROVAL)

RECOMMENDATION

The City Planning Commission (CPC) respectfully recommends approval of the attached proposed text amendment to the Zoning Ordinance, Chapter 61 of the 1984 Detroit City Code, which has been approved as to form by the Corporation Counsel, relative to various land uses including bars, banquet halls, barber schools and to off-street parking requirements and allowances among other matters.

Background

This proposed zoning text amendment comes close on the heels of the passage of Ordinance No. 37-17, the Fifth General text amendments to the Zoning Ordinance, and includes provisions inadvertently omitted from that amendment, among others.

Scope of the Ordinance

- Per the request of City Council Member Scott Benson, this text amendment revises provisions for **bars, brewpubs and certain restaurants** located near single- or two-family dwellings on land zoned SD1 (*Secs. 61-11-166, 61-11-172, 61-12-158, 61-12-161, and 61-12-229*).
- Additionally it revises provisions for **banquet halls**, prompted by a situation related to the James Cole funeral home at Puritan and Schaefer (*Secs. 61-9-42, 61-9-62, 61-9-82, 61-9-96, 61-9-116, 61-10-16, 61-10-36, 61-10-56, 61-10-76, 61-11-92, 61-11-106, 61-12-42, 61-12-85, 61-12-91, 61-12-156.5, 61-12-227, and 61-16-33*).
- It would also newly allow **business colleges and certain trade schools**, such as barber and cosmetology schools on land zoned SD4 (Special Development District, Riverfront Mixed-Use) (*Secs. 61-11-222, 61-12-51, and 61-12-239*).
- It also modifies **off-street parking** requirements for certain land uses near high-frequency transit corridors (*Secs. 61-14-7, 61-14-24, 61-14-39, and 61-16-102*).
- It clarifies provisions for the **interior landscaping** of parking lots (*Sec. 61-14-223 and Fig. 61-14-223*).
- It clarifies the **procedure** whereby City Council may disapprove a rezoning request (*Sec. 61-3-79*).
- Lastly, it corrects certain **cross-referencing** errors (*Secs. 61-12-85 and Sec. 61-14-454*).

Analysis

Bars, Brewpubs, and Certain Restaurants

Subsequent to the 2016 rezonings in Midtown to the SD1 and SD2 zoning district classifications, Council Member Benson sought additional protections for immediate neighbors of establishments serving alcohol by the glass, such as bars, brewpubs, and

standard restaurants licensed by the Michigan Liquor Control Commission. The draft ordinance heard by the CPC in January and February 2018 specified that such establishments on land zoned SD1 and SD2 should be a conditional, rather than by-right, use where immediately adjacent to or across an alley from a single-family dwelling.

The Administration proposed, and Council Member Benson agreed, that the provision should be limited to SD1 and that such establishments in SD2 continue to be permitted on a by-right basis.

Because the SD2 zoning classification is likely to be proposed along various corridors outside of Midtown, such as West Vernor — one of the Mayor’s priority corridors — the potential chilling effect on new standard restaurants-with-liquor becoming conditional is considerable in view of the typical layout of commercial frontage being separated by only an 18-foot wide alley from existing dwellings. Currently, B4 Districts, such as along West Vernor, allow standard restaurants-with-liquor on a by-right basis.

Interior Landscaping

CPC staff worked internally and with the Buildings, Safety Engineering and Environmental Department (BSEED) to improve Sec. 61-14-223 so as to avoid any further misinterpretation of the provision’s intent. A replacement illustration has been incorporated to distinguish between interior and right-of-way landscaping.

Off-street parking

Changes to Sec. 61-14-72 (2), “Off-street parking exemptions and allowances,” are made consistent with P&DD’s request:

- Sec. 61-14-72 (2) provides certain allowances regarding the required proximity of off-street parking for a limited number of land uses where the use is located within 1/2 mile of bus rapid transit, streetcar/trolley, or light rail lines; such required parking could be provided within 1,320 feet (1/4 mile) of the use rather than the customary 100 feet. A post-hearing modification resulting from a Law Department concern was proposed by the Administration to replace reference to “high-frequency (meaning having a bus headway of 15 minutes or fewer), fixed route bus line; or bus rapid transit; or streetcar/trolley or light rail line” with “high-frequency transit corridor” as defined in Sec. 61-16-102.”The definition is spelled out below.
- All uses identified in the Use Table under the heading of “Retail Service and Commercial” uses are proposed to be eligible for off-street parking reductions where near high-frequency transit corridors with two notable exceptions: “Vehicle Repairs and Service” uses specified in Sec. 61-12-52, and used car lots, as specified in Sec. 61-12-50. The experience of the City has been that such uses present an enforcement challenge as they sometimes deteriorate into eyesores resembling junkyards or tow yards under the guise of less abrasive uses. These provisions are reflected in Secs. 61-14-24 and 61-14-39.

“High-Frequency Transit Corridor” defined

Reduced off-street parking requirements are proposed to apply to specified residential and retail uses where located near high-frequency transit corridors. The listing of high-frequency transit corridors is incorporated in Sec. 61-16-102 as follows:

High-frequency transit corridor	High-frequency transit corridors consist of:
	<ul style="list-style-type: none"> • <u>Corridor No. 1, consisting of: Vernor, between Riverside and 21st; 21st, between Vernor Highway and Bagley; Bagley, between 21st and Trumbull; Trumbull, between Bagley and Lafayette; and Lafayette, between Trumbull and Griswold.</u> • <u>Corridor No. 2, consisting of: Michigan, between Woodward and Wyoming.</u> • <u>Corridor No. 3, consisting of: Grand River, between Woodward and Five Points.</u> • <u>Corridor No. 4, consisting of: Woodward, between Eight Mile and Jefferson.</u> • <u>Corridor No. 5, consisting of: Van Dyke, between Eight Mile and Lafayette; and Lafayette, between Van Dyke and Randolph.</u>

- Corridor No. 6, consisting of: Gratiot, between Woodward and Eight Mile.
- Corridor No. 7, consisting of: Lahser, between Grand River and Seven Mile; Seven Mile, between Lahser and Morang; Morang, between Seven Mile and Harper; Harper, between Morang and Moross; and Moross; and Moross, between Harper and Mack.
- Corridor No. 8, consisting of: Warren, between Edward N Hines and Greenfield and between McDonald and Mack; and Forest, between Dequindre and Cadillac.
- Corridor No. 9, consisting of: Jefferson, between Washington and Alter.
- Corridor No. 10, consisting of: Greenfield, between Paul and Eight Mile.

A map of DDOT's "Top Ten Frequent Service Network" is attached.

Parking in the New Center

As a corollary to its concern over the Zoning Ordinance's off-street parking requirements, P&DD requested that the New Center business district be included in the parking exemption of Sec. 61-14-7(1). It is noted that:

- Sec. 61-14-7(1) already specifies that uses located on land zoned B5 (Major Business District), PC (Public Center), and throughout the Central Business District are exempt from the off-street parking requirements of the Zoning Ordinance.
- The list of exempt areas is expanded to include the New Center business district, consisting of 22 blocks bounded by the railroad right-of-way south of Baltimore Avenue, the north/south alley lying east of Woodward Avenue, Bethune Avenue between the west side of Second and the east side of Woodward, Lothrop Avenue between Third Street and the east side of Woodward, and Grand Boulevard, Milwaukee, and Baltimore between the John C. Lodge freeway and the east side of Woodward.
- The proposed New Center business district corresponds to the area identified in the City's Master Plan of Policies as "CM" — Major Commercial. The CPC and P&DD note similarities between this multi-block area and the Central Business District — the other area where "CM" is indicated. The expansion of the off-street parking exemption to include the New Center business district would allow the Zoning Ordinance to more fully reflect the Master Plan. The near absence of residential structures in the specified area helps prevent an unanticipated consequence of commuters' vehicles taking up needed parking in front of residents' dwellings.

Miscellaneous revisions: inconsistencies/corrections

With the passage of the Fifth General Text Amendment, **tattoo parlors** were no longer prohibited in Gateway Radial Overlay areas and the spacing and petition requirements for "tattoo parlors" near "public lodging houses" were repealed; however, the cross-references to the spacing and petition sections were not stricken from the use table.

Consequently, Sec. 61-12-51 is amended to properly strike the cross-references to spacing and petition requirements for consistency with the newly adopted Fifth General Text Amendment.

Sec. 61-12-42 of the Zoning Ordinance is the part of the Article XII Use Table that relates to banquet halls. The **banquet hall** provisions in the draft ordinance would continue to allow banquet halls as a conditional use in the PCA District, as noted in Sec. 61-11-92, and as a by-right use in the TM District, as noted in Sec. 61-11-106; however, the Use Table incorrectly places the "C" and "R" indicators in the wrong columns — PC and PCA Districts, rather than PCA and TM Districts.

Consequently, the Article XII Use Table is corrected to properly reflect the Article XI PCA and TM District use lists.

Sec. 61-3-79 provides for City Council's **denial of a rezoning** by passage of a resolution as opposed to requiring a denial subsequent to a public hearing.

Results of public hearings and City Planning Commission deliberations

On January 18, 2018, the CPC held a public hearing on the proposed text amendment. Commissioners heard from the Planning and Development Department and Midtown Detroit Inc. urging a broadening of certain provisions related to proposed off-street parking provisions. Midtown reiterated its support of proposed parking changes for the New Center area at a second public hearing held at the CPC on February 1, 2018.

Also, a private consultant indicated that restaurateurs face significant challenges in obtaining the variety of approvals needed to open for business and expressed concern over any regulation that might further complicate their efforts.

The Commission also requested that the "interior landscaping" provisions for parking lots would be enhanced by replacing, rather than just eliminating, the illustration that appears as Figure 61-14-223.

At the request of the Administration, on June 7, 2018, the CPC took up and approved two proposed, further modifications to the ordinance they had heard and supported on February 1, 2018.

The first modification was to make the limitation on alcohol-on-the-premises land uses near dwellings applicable only to the SD1 District and not the SD2 District. This modification was presented after consultation with Council Member Benson, who had originally proposed changing the land use from "by right" to "conditional."

The second modification clarified the scenarios in which reduced off-street parking requirements would apply. Rather than generically allow a 25% reduction in required parking where a land use was near a "high-frequency, fixed route" bus route, the ordinance now defines and identifies by name ten (10) specific "high-frequency transit corridors."

Conclusion

At its regular meeting of June 7, 2018, the City Planning Commission voted to recommend approval of the attached 61-page text amendment to the Zoning Ordinance.

- (a) curbs at the edge of the required interior landscaped areas to protect the plants;
- (b) landscaped areas installed at a lower grade than the parking lot pavement; and
- (c) curbing with openings to allow drainage from the pavement to enter and percolate into the ground in the landscaped areas.

TYPE

- a. Workers' Compensation
- b. Employers' Liability
- c. Commercial General Liability Insurance (Board Form Comprehensive)
- d. Automobile Liability Insurance (covering all owned, hired and non-owned vehicles with personal and property protection insurance under Michigan no-fault insurance law)

AMOUNT NOT LESS THAN

- Michigan Statutory minimum
- \$500,000.00 minimum each injury or illness
- \$500,000.00 minimum each person
- \$500,000.00 minimum each accident

The additional insured endorsement shall provide coverage to the additional insured with respect to liability arising out of the named insured's ongoing work or operation performed for the additional insured under the terms of this Agreement. The commercial general liability policy shall state that subcontractor's or consultant's insurance is primary and not excess over any insurance already carried by the City.

7.03 Certificates of insurance evidencing the coverage required by the Design Section by applicable subcontractors or consultants shall be in the form reasonably acceptable to the City, be submitted to the City prior to the commencement of the Services and at least fifteen (15) days prior to the expiration dates of expiring policies.

7.08 The applicable consultant or subcontractor shall be responsible for payment of all deductibles contained in any insurance required under this Agreement. The provisions requiring consultants and subcontractors to carry the insurance

required under this Section shall not be construed in any manner as waiving or restricting the liability of DDP under this Agreement.

8. TERMINATION

8.01 The City may terminate this Agreement for cause upon giving written notice of termination to DDP at least twenty-four (24) hours before the effective date of the termination, should DDP: (1) fail to fulfill in a timely and proper manner its obligations under this Agreement; or (2) violate any of the covenants, agreements, or stipulations of this Agreement; DDP shall be liable to the City for any damages it sustains by virtue of DDP's breach or any reasonable costs the City might incur enforcing or attempting to enforce this Agreement, including reasonable attorney's fees. The City may withhold any payment(s) to DDP for the purpose of setoff until the amount of damages due to the City from DDP is determined, provided, however, the City shall be required to pay any undisputed amounts pending resolution of such dispute. It is expressly understood that DDP will remain liable for any damages the City sustains in excess of any setoff. If the Agreement is so terminated, the City may take over the performance of the Services and prosecute the same to completion, and DDP shall refund to the City any sums the City has paid to DDP for the costs associated with retaining consultants (less any payments already made by DDP to the consultants) and make available to the City any funds raised by DDP from third party sources to pay for the work of the consultants for completing the Design Services.

DDP may terminate this Agreement for cause upon giving written notice of termination to the City at least five (5) days notice of the effective date of the termination, should the City: (1) fail to fulfill in a timely and proper manner its obligations under this Agreement; or (2) violate any of the covenants, agreements, or stipulations of this Agreement; the City shall be liable to DDP for any damages it sustains by virtue of the City's breach or any reasonable costs DDP might incur enforcing or attempting to enforce this Agreement, including reasonable attorney's fees.

8.02 The City may terminate this Agreement without cause at any time, without incurring any further liability whatsoever, other than as stated in this Section, by giving written notice to DDP of such termination (herein called a "Notice of Termination"), specifying the effective date thereof, at least five (5) days prior to the effective date of such termination. The amount of the payment shall be computed by the City on the basis of the Services provided, which, in the judgment of the City, represents a fair value of the

Services provided, less the amount of any previous payments made, which final payment DDP agrees shall constitute full and complete payment and satisfaction under this Agreement. Should the City or the City's designee undertake any part of the Services, which are to be performed by DDP, DDP shall not be entitled to any compensation for the Services performed by the City or its designee. This Section is subject to the maximum sum payable provision in Section 5.01.

8.03 After receipt of a Notice of Termination, and except as otherwise directed by the City, DDP shall:

- a. Stop work under the Agreement;
- b. Obligate no additional Agreement funds for payroll costs and other costs beyond such date as the City shall specify, and place no further orders on subcontracts for materials, services, or facilities, except as maybe necessary for completion of such portion of the work under this Agreement as is not terminated; and require all subcontractors to place no further orders on their subcontractors, if any, for materials, services, or facilities, except as may be necessary for completion of such portion of the work under this Agreement as is not terminated;
- c. Terminate and/or cause to be terminated all orders and subcontracts to the extent that they relate to the portion of work so terminated;
- d. As of the date the termination is effective, preserve all Agreement records (as hereinafter defined) and submit to the City such records and reports as the City shall specify, and furnish to the City an inventory of all furnishings, equipment other property purchased for the Project (if any), all pertinent keys to files, buildings and property and carry out such directives as the City may issue concerning the safeguarding or disposition of files and property; and
- e. Submit within thirty (30) days a final report of receipts and expenditures of funds relating to this Agreement, and a listing of all creditors, subcontractors, lessors, and/or other parties with which DDP has incurred financial obligations pursuant to DDP (if any), and a listing of all contractors and subcontractors, if any.

8.04 After termination of this Agreement, each party shall have the duty to assist the other party in the orderly termination of this Agreement and the transfer of all rights and duties arising under this Agreement, as may be necessary for the orderly, un-disrupted continuation of the business of each party.

9. ASSIGNMENT, CONTRACTING OR SUBCONTRACTING

9.01 DDP shall not assign or encumber directly or indirectly any interest whatsoever in this Agreement, and shall not transfer any interest in the same (whether

by assignment or novation), without the prior written consent of the City thereof. Any such consent given in any one instance shall not relieve DDP of its obligation to obtain the prior written consent of the City to any further assignment.

9.02 None of the Services covered by this Agreement shall be subcontracted by DDP without prior review and approval by the City. Such covenant shall not constitute a basis for privity between the City and any contractors of DDP.

9.03 The provisions contained in this Section shall apply to subcontracting by a subcontractor of any portion of the work or services included in an approved subcontract.

9.04 The City will be a named third party beneficiary on any subcontracts that DDP enters into for subcontractors or consultants to perform the Design Services.

10. CONFLICT OF INTEREST

10.01 DDP covenants that to the best of its knowledge it presently has no interest and shall not knowingly acquire any interest, direct or indirect, that would conflict in any manner with the performance of the Services under this Agreement. DDP further covenants that in the performance of this Agreement no person that DDP knows to have any such interest shall be employed by it.

10.02 DDP covenants that no officer, agent, or employee of the City and no other public official who exercises any functions or responsibilities in the review or approval of the undertaking or performance of this Agreement has any personal or financial interest, direct or indirect, in this Agreement or in its proceeds, whether such interest arises by way of a corporate entity, partnership, or otherwise

10.03 DDP warrants (a) that it has not employed and will not knowingly employ any person to solicit or secure this Agreement upon any agreement or arrangement for payment of a commission, percentage, brokerage fee, or contingent fee, other than bona fide employees working solely for DDP either directly or indirectly, and (b) that if this warranty is breached, the City may, at its option, deduct from any amounts owed to DDP under this Agreement any portion of any such commission, percentage, brokerage, or contingent fee.

10.04 [Intentionally Omitted]

10.05 DDP shall provide a statement listing all political contributions and expenditures ("Statement of Political Contributions and Expenditures"), as defined by the Michigan Campaign Finance Act, MCL 169.201, *et seq.*, made by DDP or its officers or directors, to elective City officials within the previous four (4) years. Individuals shall also list any contributions or expenditures from their spouses.

10.06 The Statement of Political Contributions and Expenditures shall be filed by DDP on an annual basis for the duration of the Agreement, shall be current, and shall be filed with all renewals if any.

11. CONFIDENTIAL INFORMATION

11.01 In order for DDP to effectively fulfill its covenants and obligations under this Agreement, it may be necessary or desirable for the City to disclose confidential and proprietary information to DDP pertaining to the City's past, present and future activities. The City shall clearly mark any confidential or proprietary information as such. DDP shall not disclose any confidential or proprietary information to any organization or individual without the prior consent of the City. The above obligation shall not apply to information already in the public domain, information required to be disclosed by a court order, or information disclosed to consultants and subcontractors as part of the RFP process and the Services or the Design Services.

11.02 DDP agrees to take appropriate action with respect to its Associates to ensure that the foregoing obligations of non-use and non-disclosure of confidential information shall be fully satisfied.

12. COMPLIANCE WITH THE LAW

12.01 DDP shall comply with all applicable Federal, State, and local laws.

12.02 DDP shall hold the City harmless with respect to any damages arising from any violation of law by it. DDP shall commit no trespass on any public or private property in performing any of the Services encompassed by this Agreement.

13. AMENDMENTS

13.01 The City may consider it in its best interest to request changes, modifications, or extensions of a term or condition of this Agreement. Any such change, extension, or modification, which is mutually agreed upon in writing by the City and DDP, shall be incorporated in written amendment(s) (hereinafter called "Amendment(s)") to this Agreement. Such Amendments shall not invalidate this Agreement, nor relieve or release DDP or the City from any if its obligations under this Agreement, except for those parts thereby amended.

13.02 No amendment to this Agreement shall be effective and binding upon the parties, unless it expressly makes reference to this Agreement, is in writing and is signed and acknowledge by duly authorized representative of both parties, and approved by the City Council.

14. NOTICE

**EXHIBIT A
SPIRIT PLAZA**

**EXHIBIT B
DESIGN SERVICES**

**City of Detroit
Planning and Development Department
RFQ — Professional Design Services**

A. Introduction

The City of Detroit and the Downtown Detroit Partnership (DDP) are seeking professional design services to develop conceptual schematic designs for a civic plaza located on Woodward Ave. bounded by Jefferson Ave. and Larned St.

The objective for this scope is to drive an intensive community engagement process over the summer exploring conceptual configurations, schematic plaza designs and high level programming. The goal is to determine whether a schematic design can be agreed upon for a permanent plaza, and if so, what its configuration might be. In order to adequately develop suitable schematic designs, the team will be required to perform traffic studies to determine the best configuration and operation of the plaza, both in the short and long term.

B. Project Background

Since the Spirit statue's dedication in September of 1958 by Detroit sculptor Marshall Fredericks, this block of Woodward has long been a natural gathering place for Detroiters to celebrate victories, protest injustices and rally together for unity. Spirit Plaza is envisioned to serve as Detroit's

“civic square” — the city's first-ever public space designed for all citizens to gather and engage and learn about local initiatives, as well as enjoy in civic, culinary and cultural attractions that highlight Detroit's many voices and unique identity.

Downtown Detroit is undergoing a rapid regeneration with design excellence at the heart of every project. Spirit Plaza has the opportunity to demonstrate a social imperative, that design excellence is a universal right, positively influencing the way we experience civic life.

• Project Purpose:

1. To create a civic plaza where all Detroiters can engage in civic life, and enjoy cultural attractions and public events that highlight the city's unique identity;
2. To connect downtown to Hart Plaza and the Riverfront;
3. To highlight and celebrate the Spirit of Detroit and Joe Louis Fist, two of Detroit's most honored sculptures; and
4. To create a civic space and forecourt to Coleman A. Young Municipal Center.

C. Scope of Services

I. Conceptual & Schematic Design

- Generate conceptual designs for a civic plaza that take into consideration various options and levels of

road closure. Consider techniques such as shared streets, north and south bound closures, two-way traffic reduced to fewer traffic lanes or on a flex street.

- Lead a stakeholder working group session to discuss conceptual design options. Prepare reasoning (pros and cons) for each of the options to be discussed to understand tradeoffs for each option.
- Refine design options based on client team and stakeholder feedback.
- Prepare illustrated and rendered schematic design concepts reflecting feedback for up to 5 separate design concepts.
- Develop supplemental graphics illustrating typical improved conditions such as plans, section diagrams, renderings and/or character perspective illustrations.
- Produce exhibition quality graphics for public open house demonstrating the investigation of various options. Materials should include, but are not limited to, boards and schematic level physical models.
- Produce opinion of probable construction cost (i.e. construction cost estimate) for preferred schematic design.
- Prepare a high level stewardship and programming model and scenarios with estimated costs.

II. Stakeholder & Public Engagement

- Develop effective engagement campaign and strategy, including but not limited to: surveys, printed materials, mailers, web and social media content. Engagement strategy should have a detailed schedule of activities and events with the goal of capturing input from neighborhoods across the City. Staffing and event costs should be included as part of the strategy proposal.
- Develop and/or assist in surveying users of temporary plaza to inform conceptual designs. Surveys should build off of earlier surveys developed by Planning and Development (PDD) and the Downtown Detroit Partnership (DDP).
- Support the City of Detroit with graphics, presentation, and activities for up to seven (7) public community meetings — one per district.
- Assist in the synthesis of public comments and incorporate feedback into conceptual designs.
- Lead two (2) public open house and/or engagement events open to

the general public. The City of Detroit and the Downtown Detroit Partnership will support the consultant with outreach and advertisement of such events. The consulting team will be expected to provide graphics and answer technical questions to facilitate the conversation.

- Provide regular weekly updates to the City of Detroit and Downtown Detroit Partnership and prepare for regular in-person meetings throughout project conceptual design.

III. Traffic Management Strategies

Traffic Management strategies should be guided by the current work undertaken through the Downtown Traffic Study and earlier work performed by DPW including counts and observations.

- Identify critical challenges resulted from the road closure and provide immediate solutions to solve or alleviate those challenges.
- Develop a traffic management plan to address special events both in the plaza and surrounding. Consider peak and non-peak hours as well as programmatic needs for various seasons.
- Provide recommendations for nearby parking garage operations and list of mitigation measures, required coordinated efforts to respond to traffic congestion.
- Provide strategies to manage planned construction projects within a two block radius of the plaza.
- Identify motorized and non-motorized circulation patterns for at least 3 conceptual design options.
- Develop a toolkit of strategies and/or improvements that can be used to ease parking challenges during peak hours and/or special events. Toolkit should include strategies to increase and ease access for vulnerable populations (handicapped, elderly, expecting mothers, etc.).

Honorable City Council:

Re: Address: 15515 Glenwood. Name: Bank of America, NA. Date ordered removed: March 18, 2014 (J.C.C. page 422).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on May 31, 2018 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.
2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:
 - Certificate of Acceptance related to building permits
 - Certificate of Approval as a result of a Housing Inspection
 - Certificate of Inspection, required for all residential rental properties.
3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).
4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

**RESOLUTION TO DESIGNATE
JULY 1st AS YOUTH VOTER
ENGAGEMENT DAY**

By Council President Jones and Council Member Benson:

WHEREAS, In view of recent events involving a variety of serious social causes, such as for greater gun control legislation due to gun violence directed at young people; so-called immigration reforms that results in the physical separation of children from their parents; and sexual assaults perpetrated by trusted professionals, an increasing number of students from Detroit and around the state and nation have organized to collectively exercise their First Amendment Right of free speech. Yet while they have been articulate in their expression of these issues and others, their collective electoral voice remains largely silent; and

WHEREAS, The fact remains that young voters between the ages of 18 to 29 consistently have the lowest voter turnout rate. In an effort to address this, Engage 18, was developed by a group of activist Michigan high school students; and

WHEREAS, Engage 18 is a non-partisan 501 (c)4 non-profit organization with a goal to increase youth voter turnout and spark active political engagement by emphasizing political issues of importance to young people. Although it's based in Michigan, Engage 18 is working to expand across the county, to connect students across the nation, so that they may have a stronger voice in politics; and

WHEREAS, This year, Engage 18 is sponsoring Youth Voter Engagement Day, a day intended to increase the youth voter turnout, and to stimulate interest in politics at all levels of government; NOW, THEREFORE BE IT,

RESOLVED, That the Detroit City Council, a supporter of youth, hereby designates July 1st, as "YOUTH VOTER ENGAGEMENT DAY" in Detroit.

TESTIMONIAL RESOLUTION Honoring ROBERT "BOB" BURY

By All Council Members:

WHEREAS, It is with great pleasure and privilege that we, the members of the Detroit City Council, recognize and bestow due honor upon Robert "Bob" Bury, Executive Director and Chief Executive Officer of the Detroit Historical Society, who is retiring on June 30, 2018; and

WHEREAS, Bob Bury has led the Society since 2002, with responsibility for establishing the overall strategic direction, management and operations of the Detroit Historical Museum, the Dossin Great Lakes Museum on Belle Isle and the Collections Resource Center, home to Detroit's collection of more than 250,000 historic artifacts. Under his leadership, the Society has made great progress, transforming from a small non-profit providing modest support to the Detroit Historical Department that operated the museum for decades, to a fully integrated visitor-

focused organization responsible for all aspects of the museum's operations, under a long-term agreement with the City of Detroit; and

WHEREAS, Bob also directed completion of a \$21.2 million comprehensive campaign between 2009 and 2014, resulting in enhanced exhibits and educational programming, and improved accessibility to the extensive collection of artifacts to advance the organization's long-term sustainability. He played a central role in convening a host of diverse partners to launch "Detroit 67: Looking Back to Move Forward" a community engagement project focused on the 50th anniversary of the 1967 civil uprising. The project includes the award-winning "Detroit 67: Perspectives" exhibition, which is on display at the museum through 2019; and

WHEREAS, Prior to coming to the Society, Bob was the Senior Vice-President and Chief Operating Officer at the Detroit Science Center. Before that he spent 22 years in marketing, sales, public relations and external affairs at SBC Ameritech (now AT&T). Bob earned a Bachelor of Science degree from Oakland University and a Master's degree from Michigan State University. Service to the community is of the utmost importance to Bob Bury. He serves on the boards of Midtown Detroit Inc., CultureSource, the Grosse Pointe Foundation for Public Education and the Grosse Pointe Rotary Foundation. He also holds membership status in a wide array of organizations, including the Rotary Club of Grosse Pointe, Detroit Athletic Club, the Grosse Pointe Boat Club and the Detroit Yacht Club. Bob and his wife, Mary Ann, are parents of one daughter, Meredith. Bob Bury leaves a legacy of achievement and a strong foundation for the Detroit Historical Society. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, hereby expresses our deepest admiration, respect and gratitude to Robert "Bob" Bury for his years of dedicated service, phenomenal achievements, and especially for his significant contributions to the Detroit Historical Society and the City of Detroit. Re: Re-conveyance of Tax-Foreclosed Property to Wayne County Treasurer 14855 & 14865 Wyoming

In January 2015, pursuant to Act 206 of Public Acts of 1893, as amended by Act 123 of Public Acts of 1999, the Office of the Treasurer of the Charter County of Wayne, Michigan conveyed and quit claimed to the City of Detroit at no cost, 14855 and 14865 Wyoming, as these properties were not purchased at the 2014 auction of tax-foreclosed property. Each property consists of vacant land measuring approximately 3,528 square feet and is zoned B-2 (Local Business and Residential District).

The Wayne County Treasurer has informed us that due to an oversight, they need to clear the chain of title on each property. Accordingly, they are asking that the properties be conveyed from the City of Detroit back to the Wayne County Treasurer, without cost to any party. The Planning and Development Department (P&DD) agrees that this action is necessary and appropriate.

We, therefore, request that your Honorable Body authorize the Planning and Development Department Director, or his authorized designee, to issue a quit claim deed to the properties and such other documents as may be necessary to effectuate the conveyance of 14855 and 14865 Wyoming to the Wayne County Treasurer, without cost to any party.

A suitable resolution to that effect is attached for your consideration and approval.

City Planning Commission

June 18, 2018

Honorable City Council:

Re: Request of the Detroit-Wayne Joint Building Authority for Special District Review and approval for waterproofing, repairs, new construction and new landscaping around ground level of the Coleman A. Young Municipal Center (RECOMMENDING APPROVAL)

REQUEST

The Detroit-Wayne Joint Building Authority (DWJBA) in an ongoing effort to maintain and enhance the Coleman A. Young Municipal Center is prepared to conduct the final phases of much need

waterproofing and repairs to the building. They also proposed to make additional improvements to the grounds and entry ways. This work requires the review and ultimately the approval of City Council under the Special District Review provisions for the Public Center zoning classification, Sections 61-3-181 through 61-3-187 of the Zoning Ordinance.

REVIEW

The remaining waterproofing and repair work is required along Lamed beginning around the west end of the service ramp enclosure running west of the semicircular drive. Waterproofing and repair is also to be done on the south side of the building along the E. Jefferson between the parking lot and the E. Jefferson entry way. Upon completion water infiltration and related damage to the subsurface portions of the building in these area will be remedied.

Since heightened Homeland Security concerns, including threats to both property and person, warranted the screening and inspection of all persons entering the building, the DWJBA has been forced to utilize the first floor of the building to stage security screenings. This activity has presented a weakness in building security due to the possibility that persons who may pose a threat are able to gain access to the building proper before being screened. For this reason the DWJBA has now devised a plan to construct an enclosed entry portal exterior to the building below the entrance canopies on the north and south sides of the building respectively. This proposal also includes the construction of a secure screening area just inside the west entrance to the building. When complete, patrons of the CAYMC would be screened prior to entering the building proper. This enhancement will not only provide a more appropriate protocol for screening, but also free up the first floor of the building for the free flow of traffic, the conduct of business and the setup of informational and civic displays as was traditionally done in the past.

This addition of the entry portal on the Larned side of building will result in the loss of the planting beds and the semicircular vehicular drop-off. The drop-off has been closed to public traffic for a number of years due to security concerns. The loss will not negatively impact access or circulation. In fact the resulting condition will present an improvement for pedestrians.

Lastly, new and improved landscaping will be added in the same areas as well as the Plaza surrounding the Spirit of Detroit at the West end of the building. The improvements include the removal of the brick pavers which have been problematic to maintain and replacing them with larger Stone or concrete pavers.

The work along Larned is scheduled to begin this summer with the Jefferson side to follow next year. Please see the attached

drawings for a more detailed representation of the proposed work.

RECOMMENDATION

City Planning Commission and members of the Planning and Development Department have met with representatives of the Building Authority in review of this proposal. The proposed work will address much needed maintenance to ensure the integrity of the building envelope, improve circulation and security and add new landscaping. CPC finds the proposed work to be in keeping with the spirit and intent of the PC district as well as the corresponding criteria, and recommends approval of the proposed work as detailed in the presentation rendered June 7, 2018 with the following conditions:

1. That Detroit-Wayne Joint Building Authority work city agencies as may be appropriate to further refine the design and to ensure minimal disruption to the business conducted at the Municipal Center, and
2. That final site plans, elevations, lighting, signage and landscape plans be reviewed by CPC staff for consistency with approval prior to the issuance of applicable permits.

City Planning Commission

July 2, 2018

Honorable City Council:

Re: Special District Review request by Gensler on behalf of the Church of Scientology for a proposed roof sign at 1 Griswold Street located within a PCA Public Center Adjacent District (Restricted Central Business District) zoning classification (RECOMMEND APPROVAL).

BACKGROUND

On June 21, 2018 the Planning and Economic Development Standing Committee reviewed the request of Gensler on behalf of the church of Scientology for a signage package, which was subsequently approved by your Honorable Body on June 26, 2018.

At that time, CPC staffs June 18th report indicated that a separate proposal for a roof sign at the same location would possibly be forthcoming subsequent to action by the Board of Zoning Appeals (BZA). On June 19th, the Board of Zoning Appeals took action that has now advanced this matter to this Honorable Body for PCA Public Center Adjacent District (Restricted Central Business District) review.

The subject property is proposed to host as the Detroit location for the Church of Scientology. As previously reported the building is estimated to have recently undergone and is currently working to complete \$8 million in renovation work. The property is located within a PCA (Restricted Central Business District) zoning classification, and therefore any exterior alteration to the premises requires the approval of your Honorable Body subsequent to the review and recommendation from the Planning and Development Department (PDD) and CPC.

The subject property, 1 Griswold, was at one point occupied by the entity, "Raymond James." However, the building has been under the ownership of the Church of Scientology and/or affiliates for more than ten years now.

Section 61-6-42 of the Zoning Ordinance prescribes that, "roof signs shall be prohibited in all areas zoned in a residential district classification and in all B1, B2, SD1, SD2, PCA Districts, and Traditional Main Street Overlay areas." However, the subject building currently has a sign structure that has existed since the previous owner and still carries the Raymond James signage and exists as a legal-non-conforming structure.

REQUEST

Gensler on behalf of The Church of Scientology is proposing to replace the existing Raymond James message board and ticker signs (there are currently two of them), with one single roof sign. The proposal would use the aforementioned non-conforming steel frame mounting structure,

but replace the actual signage with what is being proposed. The proposed sign is planned to be less square footage than the existing signs per section 61-15-34 of the zoning ordinance, which dictates that a nonconforming structure may be enlarged, altered, or expanded where the enlargement, alteration or expansion does not increase the extent of the non-conformity. The total square footage for the proposed "Scientology" sign is 203 square feet.

This matter was forwarded to the BZA. The BZA granted a variance to change an existing nonconforming use (that being, the Raymond James sign for the Scientology sign) which they deemed as less obtrusive because the proposed sign is planned to be smaller dimensionally, than the existing sign.

In addition the Historic District Commission has issued a Certificate of Appropriateness application #17-5090 (see attachment) finding that the proposed "Scientology" sign is appropriate for the Detroit Financial Historic District. The Planning and Development Department has also reviewed the proposed signage plan and has recommended approval (see attachment). The staff of the City Planning Commission (CPC) has received and reviewed a the roof sign permit application from Gensler on behalf of The Church of Scientology for the property located at 1 Griswold Street.

The Church of Scientology is requesting the approval of a roof sign via their consultant, Gensler, to place a 40' 6" x 5'0" (203 sq. ft.) The roof sign is planned to consist of reverse channel letters with LED halo illumination. The sign is to have no flashing lights or animation.

The "Scientology" roof sign is planned to utilize the same steel sign framing structure that currently exists at site, replacing the Raymond James message board and ticker signs (two in total) that currently reside at this subject site. Based on the buildings calculable street frontage that the subject building is allowed, the sign is within the maximum signage space per Sec. 3-6-7 of the Zoning Ordinance.

CONCLUSION AND RECOMMENDATION

CPC staff (consistent with the HDC and PDD's recommendations) finds the proposed signage to be consistent with the existing architecture of the building and the surrounding context. The sign had been a component of the building for decades. The signage meets the intent and spirit of the Zoning Ordinance and subject PCA zoning district as well as the allowable signage dimensional space according to Chapter 3 of the City Code.

Therefore, CPC staff recommends approval of the signage proposal with the condition that sign not utilize any animated or flashing component Attached please

find a resolution for consideration by your Honorable Body.

Council Member Tate:

WHEREAS, the City Planning Commission has received a sign permit application from Gensler for the installation of a "Scientology" roof sign for "The Church of Scientology" at property located at 1 Griswold, which is located within a PCA Public Center Adjacent District (Restricted Central Business District) zoning classification; and

WHEREAS, the proposed installation would result in the alteration of the buildings current rooftop signage; and

WHEREAS, Section 61-11-96 of the Detroit Zoning Ordinance requires City Council approval of such work after review and recommendation by the City Planning Commission and the Planning and Development Department; and

WHEREAS, the Board of Zoning Appeals has found that the existing steel frame roof structure was not abandoned and is a continuing nonconforming structure per 61-15-34 of the Zoning Ordinance; and

WHEREAS, the proposed roof sign has been properly reviewed and found to be complementary to the architecture of the building, consistent with the provisions of Chapter 3 of the City Code and also consistent with the spirit and intent of the PCA zoning district classification.

NOW, THEREFORE, BE IT

RESOLVED, that the Detroit City Council approves the design and appearance of the proposed roof sign as described in the foregoing communication from the City Planning Commission and depicted in the drawings attached hereto with the condition that sign not utilize any animated or flashing component.
