WHEREAS, May Evelyn Richardson, known as Miss PeeWee all over the City

of Detroit, will celebrate her 90th birthday on July 7, 2018 at the Encore Banquet Center in St. Clair Shores, Michigan; and

WHEREAS, Miss PeeWee founded the Children's Crusade after the 1967 riot. It is headquartered in her home where the walls are covered with awards, letters from politicians and newspaper accounts of her half century of work. She started the Children's Crusade just to help the children of her beloved west side neighborhood. If they came to her door hungry, she fed them. If they were looking for a place to play, her backyard and swing set was open to them. If they needed a break from drug-addled parents, they spent the day with her in tutoring sessions or Bible study; and

WHEREAS, In recent years, the free meals, job skills training and Bible classes have stopped but her love and support of the community continues. On September 23, 2017, Evelyn "PeeWee" Richardson Park was dedicated in her name at the corner of 30th and Herbert Street honoring her love and support for her community. The original name was 30th — Herbert Park but even then it was the result of Miss PeeWee. The children in the neighborhood needed a place to play, but there was opposition from some pastors in the neighborhood. With the help of TV reporter and two motorcycle clubs. Miss PeeWee helped them to see the error in that way of thinking; and

WHEREAS, Miss PeeWee is small in stature, thus the source of her nickname, but tall and powerful in the community she loves. Watching over her "babies", as she calls the children in the neighborhood, she is often found sitting placidly in a chair on the side walk surveying her block; and

WHEREAS, Miss PeeWee will tell you she gets her directions from God. She says He speaks to her regularly. More than 50 years she has followed what the Lord says and is the most powerful person in the neighborhood. She's fed thousands of kids from her little house. She's held street fairs and block parties that draw hundreds of neighbors. She lectures young and old, even arranging a lasting truce between two warring gangs.

NOW THEREFORE BE IT

CITY PLANNING COMMISSION

June 25, 2018

Honorable City Council:

Re: Neighborhood Enterprise Zone Certificate Application for new facility condominiums in the Ferlito Group NEZ area. (RECOMMEND APPROVAL)

The office of the City Planning Commission (CPC) has received an application for a Neighborhood Enterprise Zone (NEZ) certificate forwarded from the office of the City Clerk. This application corresponds to units that are to be newly constructed as part of a multi-residential housing development undertaken by The Ferlito Group. CPC staff has reviewed the application and recommends approval.

The petitioner, the Ferlito Group originally filled its application for its certificate with the Clerk's Office on August 16, 2016. However, due to circumstances beyond the control of the petitioner, the processing of the application was delayed. Given the fact that the developer has, subject to the provisions of the NEZ ACT, (1) proceeded in good faith and (2) requested in writing a 1-year extension, the office of the City Planning Commission (CPC) has proceeded with its review of the NEZ certificate application of the Ferlito Group NEZ.

The subject property located at 438 Selden Avenue has been confirmed as being within the boundaries of the Ferlito Group NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. The NEZ certificate application appears to have been submitted prior to the issuance of any applicable building permits.

Please contact our office should you have any questions.

And Be It Further Resolved, That the City Clerk shall forward each tax exemption certificate application to the State Tax Commission.

Respectfully submitted,
MARCELL R. TODD, JR.

Director

¹MCL 207.781 - Section 11(2) The certificate shall expire if the owner fails to complete the filing requirements under section 10 within 2 years of the date the certificate was issued. The holder of the certificate may request in writing to the qualified assessing authority a 1-year automatic extension of the certificate if the owner has proceeded in good faith with the construction or rehabilitation of the facility in a manner consistent with the purposes of this act and the delay in completion or occupancy by an owner is due to circumstances beyond the control of the holder of the certificate. Upon request of the governing body of the local governmental unit, the qualified assessing authority shall extend the certificate if the new facility has not been occupied.

Re: The Sanctuary Limited Dividend Housing Association LLC — Payment in Lieu of Taxes (PILOT).

Neighborhood Service Organization (NSO) and MHT Housing, Inc. (MHT) have formed The Sanctuary Limited Dividend Housing Association LLC in order to develop the Project known as Clay Apartments. The Project is a newly constructed building on the site of the former Detroit Police Department’s 7th Precinct in an area bounded by Mack on the north, Ellery on the east, Ludden on the south and Elmwood on the west.

The Project will feature forty-two (42) one-bedroom/one-bath fully furnished units of Permanent Supportive Housing (PSH) targeted for men and women located on the second floor of the two story building. The first floor will house an emergency shelter and social services offices. Build out of the first floor will be completed as a separate project however the services offered will be readily available to the PSH residents living in the affordable units.

Financing for the Project consists of a City of Detroit HOME Loan of \$1,900,000 and a Cinnaire Permanent loan in the amount of \$1,160,399. City Real Estate Advisors (“CREA”) will make an equity contribution of \$7,519,173 which includes the purchase of Low Income Housing Tax Credits. The partnership has applied for a Federal HOME Loan Bank Grant in the amount of \$630,000. MHT has committed to a temporary loan until its dispersal. The Sponsors have further agreed to defer \$93,930 of the developer fee.

Rents for all units have been set at or below sixty percent (60%) of the area median income, adjusted for family size. All residents will contribute only thirty percent (30%) of their adjusted gross income towards the rent amount. All forty-two (42) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A). Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of four percent (4%) of the annual net shelter rent obtained from this housing project.

Respectfully submitted,
ALVIN HORHN
Deputy CFO/Assessor

By Council Member Ayers:

Whereas, Pursuant to the provisions of the Michigan State Housing Development Act, Act 346 of the Public Acts of 1966, as amended, being MCL 125.1401 se seq. (the “Act”), a request for exemption from property taxes has been received on behalf of Neighborhood Service Organization and MHT Housing, Inc. (the “Sponsors”); and

Whereas, A housing project as defined in the Act is eligible for exemption from property taxes under Section 15a of the Act (MCL 125.1415a) if the Michigan State Housing Development Authority (“MSHDA”) provides funding for the housing project, or if the housing project is funded with a federally-aided mortgage as determined by MSHDA; and

Whereas, Section 15a of the Act (MCL 125.1415a) provides that the local legislative body may establish by ordinance the service charge to be paid in lieu of taxes, commonly known as a PILOT; and

Whereas, The City of Detroit has adopted Ordinance 9-90, as amended, being Sections 18-9-10 through 18-9-16 of the Detroit City Code to provide for the exemption from property taxes of eligible housing projects and to provide for the amount of the PILOT for said housing projects to be established by resolutions of the Detroit City Council after review and report by the Board of Assessors; and

Whereas, The Sponsors are proposing to undertake the construction of a building to be known as Clay Apartments consisting of forty-two (42) units located on five (5) parcels of property owned or to be acquired by the Sponsors as described by street addresses and tax parcels in Exhibit A to this resolution, with forty-two (42) units for low and moderate income housing (the “Project”); and

Whereas, The purpose of the Project is to serve low to moderate income persons as defined by Section 15a(7) of the Act, being MCL 125.1415a(7); and

Whereas, MSHDA has provided notice to the Sponsor that it intends to approve federal-aided financing for the Project in the form of Low Income Housing Tax Credits, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

Whereas, Pursuant to Section 15a of the Act, being MCL 125.1415a(1), the tax exemption is not effective until the Sponsors first obtain MSHDA certification that the housing project is eligible for exemption, and files an affidavit, as so certified by MSHDA, with the Board of Assessors; and

Whereas, Pursuant to Section 18-9-13(G) of the Detroit City Code, the tax exemption shall be effective on adoption, with the tax exemption and PILOT payment to occur only upon bonafide use and physical occupancy by persons eligible to move into the project, in accordance with the Act, which must occur as of December 31 of the year preceding the tax year in which the exemption is to begin;

Now, Therefore Be It

Resolved, That in accordance with City Code Section 18-9-13, the Project known as Clay Apartments as described above is entitled to be exempt from taxation but subject to the provisions of a service charge of four percent (4%) for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1966, as amended, being MCL 125.1401, et seq.; and be it further

Resolved, That arrangements to have collections of a payment in lieu of taxes from the Sponsors be established upon occupancy for future years with respect to the same be prepared by the Finance Department; and be it further

Resolved, That specific legal description for the Project shall be as set forth in the certification from MSHDA; and be it further

Resolved, That in accordance with Section 15a(3) of the Act, MCL 125.1415a(3), the exemption from taxation shall remain in effect for as long as the MSHDA-aided or Federally-aided financing is in effect, but not longer than fifty (50) years, and shall terminate upon the determination by the Board of Assessors that the Project is no longer eligible for the exemptions; and be it further

Resolved, That the City Clerk furnish the Finance Department — Assessment Division one (1) certified copy of this resolution; and be it further

Resolved, That this resolution is adopted with a waiver of reconsideration.

Re: Himelhoch 2016 Limited Dividend Housing Association, L.L.C. — Phase I, Payment in Lieu of Taxes (PILOT)

American Community Developers, Inc. has formed Himelhoch 2016 Limited Dividend Housing Association, L.L.C. (the "LDHA"). The LDHA owns Unit 3 of the Himelhoch Condominiums. The building is structured as three (3) separate condominium units with condo Unit 3 consisting of thirty-six (36) units of affordable housing for low-income seniors. The nine-story building is bounded by Park on the north, Woodward on the east, Clifford on the south and Washington Boulevard on the west.

The rehabilitation Project consists of floors four (4) through six (6) consisting of thirty (30) one-bed, one-bath units and three (3) two-bed, one-bath units. There will also be three (3) studio apartments. The renovation will not result in a rent increase for the existing tenants.

The Project will be financed by a Berkadia fifteen (15)-year loan through the Freddie Mac Conventional Cash Multifamily Standard Rate Lock Loan Program in the amount of \$2,624,000, Low Income Housing Tax Credits in the amount of \$418,985 per year for ten (10) years and an equity contribution of \$3,853,889 provided by Stratford Capital Group. The HUD Project Based Housing Assistance contract currently operating will stay with the property.

All thirty-six (36) units are tax credit units. Rents for all units have been set at or below sixty percent (60%) of the area median income, adjusted for family size. All residents will contribute no more than thirty percent (30%) of their adjusted gross income towards the rent amount. All thirty-six (36) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of five percent (5%) of the annual net shelter rent obtained from this housing project.

Honorable City Council:

Re: Sale of Wayne County Tax Foreclosed Non-owner Occupied Homes

Under the General Property Tax Act (1893 PA 206) (the "Act"), the City of Detroit ("City") has an annual right of refusal to acquire tax foreclosed property from Wayne County (the "County") upon payment of a minimum bid determined by the County pursuant to the Act. Such right of refusal allows the City to acquire tax foreclosed properties prior to any sale by the County through auction.

In 2017, the City instituted a pilot program to help stabilize Detroit neighborhoods by providing assistance to those who found themselves occupying a tax foreclosed home (the "Program"). Under the Program, the City acquired a total of ninety-five (95) occupied properties from the County and then, with approval from this Honorable Body, transferred them to the United Community Housing Coalition ("UCHC"), who worked with current qualified occupants of the properties to ensure that they did not lose their residence to auction. The success of the Program helped occupants remain in their homes and worked to stabilize the surrounding community by eliminating the potential for further blight in the respective neighborhoods. Administration of the Program by UCHC was further supported by philanthropic funding and assistance from the Quicken Loans Community Fund.

UCHC is a Michigan nonprofit corporation that specializes in homeless prevention and has worked with the City in the past through Community Development Block

Grant (CDBG) and Emergency Solutions Grant (ESG) funding programs to provide tenants with eviction and other landlord/tenant related assistance, homeless individuals/families with housing assistance and homeowners with mortgage, tax foreclosure and other housing support. UCHC provides housing assistance at all stages, however its programs are particularly aimed at preventing low income households from losing their homes by eviction or foreclosure.

In support of the Program, the Quicken Loans Community Fund partnered with 30+ additional community organizations to lead a door-to-door outreach effort called "Neighbor to Neighbor," which reached all 65,000 Detroit households in tax distress. And, in collaboration with UCHC, site visits were conducted at over 4,000 homeowner- and tenant-occupied foreclosed homes. For all non-owner occupied homes, the occupant was asked if they wanted to become the owner of the home through the Program. Interested residents were later contacted with further details of the Program.

To qualify for the Program, residents must either be renters, victims of property scams, those with solvable probate issues or those who would have qualified for property tax reductions as verified by the City Assessor. The Program requires participants to sign a statement of commitment to purchase the home for the minimum bid price paid by the City plus UCHC administrative costs, pay \$500.00 into escrow with UCHC, pass a police clearance to determine if they were a problem in the neighborhood and agree to a home inspection by UCHC. The Program also has a zero percent (0%) interest 12-18 month land contract option for those participants unable to meet the purchase price requirements. Those seeking the land contract option must also pay a monthly amount to a non-interest bearing escrow account for property taxes and home repairs. Monthly payment amounts are affordable to each household. To date, roughly half of the participants have opted for the land contract option.

For 2018, the City wishes to capitalize on the success of the Program by transferring to UCHC additional tax foreclosed residential properties acquired by the City under its 2018 right of refusal. UCHC will purchase the properties from the City at the City's acquisition cost with funding provided by the Quicken Loans Community Fund and other philanthropic partners up to an amount of \$5M. For this year, Program participants who previously owned their home, still occupy it, and should have qualified for a property tax reduction due to income can acquire it back from UCHC for the purchase price of \$1,000. All other participants can purchase from UCHC the home that they currently occupy for an affordable price

based on several factors related to the total participants and homes in the pool.

At or around the end of July 2018, UCHC will provide the City with a list of residential Program properties (the "Properties") that the City will acquire from the County under its 2018 right of refusal. The City and UCHC will close in escrow for such Properties, with the sales price being the amount of funds required by the County for the City to acquire the Properties under the right of refusal (the "Offer Price"). The City will be allowed, pursuant to an escrow agreement, to release UCHC's purchase money from escrow for purposes of paying the Offer Price to acquire the Properties from the County. Upon transfer of title from the County to the City, the City's deeds for the Properties will be released from escrow to UCHC. The attached resolution includes a full list of all the properties available to the City from the County — from which UCHC will select specific Properties for the Program. For this year, it is estimated that UCHC will acquire as many as 400 occupied residential tax foreclosed properties for the Program.

We, therefore, respectfully request that your Honorable Body adopt the attached resolution that: 1) authorizes the City to transfer the Properties to UCHC for the Offer Price listed in Exhibit A to the resolution, 2) authorizes the City to utilize the purchase money from UCHC to acquire the Properties from the County under the City's 2018 right of refusal and 3) authorized the City to acquire the Properties.

Respectfully Submitted,

MAURICE COX

**Department of Public Works
City Engineering Division**

July 2, 2018

Honorable City Council:

Re: Petition No. 1812 — Larson Realty, request the outright vacation of a portion of Trumbull Avenue's public right-of-way adjacent to 1620 Michigan Avenue, commonly known as the old Tiger Stadium site.

Petition No. 1812 of Larson Realty request to outright vacate the westerly 13 feet of Trumbull Avenue, 100 feet wide, from the Fisher Freeway Service Drive southward 537 feet toward Michigan Avenue, 120 feet wide; also to outright vacate the easterly part of Kaline Drive, 50 feet wide, (now an easement) between Cochrane Avenue, 65 feet wide and Trumbull Avenue, and the north-south alley, 18 feet wide, (now an easement) first west of Trumbull between Kaline Drive and Fisher Freeway Service Drive.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made to create a buildable parcel of land between the new P.A.L. Ballpark at the Corner and Trumbull Avenue.

Detroit Water and Sewerage Department (DWSD) has no objection to the vacation provided certain provisions are met. The DWSD provisions are a part of the attached resolution. The Planning and Development Department had concerns about the alignment of Trumbull Avenue from the Fisher Freeway Service Drive to Michigan Avenue. The developer has addressed these concerns and will provide a consistent streetscape in the area. Public Lighting Authority (PLA) has street lighting in the area. PLA has stated that they will work with the developer to install new underground fed LED lighting along Trumbull Avenue. A provision for the PLA street lighting is a part of the resolution. DTE — Gas Division reports involvement in the area and will need to relocate some gas lines. Provisions for the relocation of the gas lines are a part of the resolution.

All other involved City departments and privately owned utility companies have

reported no objections to the vacations. Provisions for relocation of the utilities and the City services are a part of this resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
RICHARD DOHERTY, P.E.

City Engineer

City Engineering Division — DPW

**RESOLUTION IN SUPPORT OF
2018 MICHIGAN HOUSE BILL 6227**

By Council Member Tate:

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens through Charter-mandated legislative functions and policy; and

WHEREAS, Thousands of Michigan citizens have been convicted of nonviolent offenses related to marihuana. According to the American Civil Liberties Union (ACLU), over half of the drug arrests in the United States are for marihuana related offenses with possession accounting for more than 85% of the arrests. Furthermore, empirical data show that African Americans were almost four times more likely to be arrested for marihuana than other ethnicities. Despite changes in the national attitude towards marihuana and the legalization of medical and recreational marihuana in several states — including Michigan in 2008 — the aggressive prosecution of these nonviolent offenses unnecessarily stigmatizes and

entangles first-time offenders in the criminal justice system. As a result of provisions in the State law, those with convictions face significant and permanent barriers to employment, housing, capital and education; and

WHEREAS, On June 12, 2018, Michigan State Representatives Sheldon Neely, Tim Sneller, Jim Ellison, David LaGrand, Yousef Rabhi, Phil Phelps, Jeremy Moss, Jon Hoadley, Kristy Pagan and Jewell Jones introduced House Bill No. 6227 in response to the upcoming ballot question regarding recreational marihuana. Upon approval of the marihuana legislation initiative on the November 2018 statewide ballot, the bill would allow for certain individuals the ability to request the expungement of nonviolent marihuana-related convictions including manufacturing, trafficking and possession; and

WHEREAS, Several states and municipalities including San Francisco, Seattle, Massachusetts, Oregon and Maryland have signed into law or implemented policy towards the removal of marihuana convictions due to the legalization of recreational marihuana. The passage of House Bill 6227 would be the first step towards giving thousands of Michiganders a second chance at improving their quality of life. By eliminating barriers to employment, education, housing and other basic rights, this form of restorative justice serves the public's interest by allowing said individuals to reintegrate into society by being released from the burden of past offenses that would be permissible after the passage of the November ballot initiative; NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council expresses its support for the passage of House Bill No. 6227, which upon the passage of the November 2018 ballot initiative would grant judges the discretion to expunge nonviolent marihuana offenses.

As stalwart advocates for residents in the City of Detroit, we hereby call for the members of the Michigan State Legislature and the Governor to approve this bill which would benefit the thousands of Michiganders who have prior convictions and allow them to become productive members of society; AND BE IT FURTHER

RESOLVED, That a copy of this resolution be sent to the City of Detroit's Lansing lobbyist, the Detroit Delegation in the Michigan Senate and Michigan House of Representatives, the Michigan State Legislature, the Attorney General for the State of Michigan, the Governor of Michigan, the Mayor of Detroit and members of the media.

**TESTIMONIAL RESOLUTION
AND SPECIAL PRIVILEGE**

**TESTIMONIAL RESOLUTION
PURE IN HEART
CHURCH OF DELIVERANCE
35th Church Anniversary**

By Council Member Jones:

WHEREAS, On Sunday, July 15, 2018, Pure In Heart Church of Deliverance will celebrate its 35th Church Anniversary. The ministry was started in 1976 by the late Georgia Smith, Founder of the Pure In Heart Prayer Band. The prayer band was not known as Pure In Heart at that time. Georgia Smith served as the "General Mother" of the church. The seven member prayer band met once a week on Thursday to hear Mother Smith teach the word of God. The prayer band members didn't know until later that Mother Smith had been praying that God would send a younger woman that, would and could, lead them to Christ; and

WHEREAS, In 1979, God answered Mother Smith's prayer and sent a motivated young woman, Evangelist Helena Odum, later known as Helena M. Guthery. Evangelist Guthery held a prayer band meeting with 60 people at her house. The prayer band started at Greater Grace Temple under the leadership of the late Bishop David L. Ellis. The band served on the State Usher Board and also visited the sick and shut-in. In 1982, the Pure In Heart Prayer Band went into fasting and praying because of some unmitigated circumstances. Subsequently, the Pure In Heart Prayer Band, with over 60 members became the Pure In Heart Crusade for Christ Outreach Church; and

WHEREAS, In 1983, the Pure In Heart Church opened its doors for the first time as a church on McNichols Rd. That same year, Sax Guthery Jr., became a member of the Pure In Heart Church. He was ordained as a Minister in 1984, ordained as an Evangelist in 1986, and in 1990 ordained as a Pastor. In 2005, Pastor Sax was appointed as the Senior Pastor of the Pure In Heart Crusade for Christ Ministries through the Pentecostal Churches of the Apostolic Faith and the Church of God Organization in Cleveland, Tennessee. Also in 2005, the Pure In Heart Ministries was started in Nassau, Bahamas. During this time, Pastor Sax and the late Pastor Helena Guthery, established several community-based outreach programs and the Emma Jean Johnson Scholarship Fund, named after Pastor Helena's mother; and

WHEREAS, The remarkable legacy of Mother Georgia Smith and the Pure In Heart Prayer Band continues on today through the Pure In Heart Church of Deliverance. Dr. Sax Guthery, along with his wife, First Lady Teresa and the Pure In Heart Church of Deliverance family have benefitted tremendously through the

years from the outpouring of God's love. The late Bishop David L. Ellis once said, "if it be of God it shall continue, if it be not of God it shall come to naught." The Pure In Heart Church of Deliverance has come this far by Faith and is still standing and walking in Victory in 2018. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, congratulates the Pure In Heart Church of Deliverance on this momentous occasion of its 35th Anniversary. May God continue to bless everyone in abundance!

They also established the *Emma Jean Johnson Scholarship*, named after Pastor Helena's mother. The unique scholarship program helped send over 35 high school graduates to college who did not have a 2.5 GPA; and

WHEREAS, Education has always been a priority for Pastor Sax. After obtaining an Associate degree from Oakland Community College, he attended Madonna College and pursued a degree in Social Work. Pastor Sax continued a pursuit of higher education, obtaining a

Additionally, he is the author of a new book "Courage to Change," which is scheduled to be released in summer 2018.

NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, hereby joins with friends and members in honoring Pastor Sax Guthery, Jr. on this momentous occasion, celebrating his 28th Pastoral Anniversary.

The City of Detroit has the statutory infrastructure to convert certain ordinance violations from misdemeanors to municipal infractions by amending the underlying ordinances, but at the present the City enforces no ordinances through municipal civil infractions. In order to enforce ordinance violations as munic-**

ipal civil infractions the City would be required to create new tickets for enforcement officials to give to violators, as well as coordinate with the 36th District Court or the Department of Administrative Hearings to facilitate hearings and the collection of fines. Honorable City Council:

Re: Transfer Board of Police Commissioners FY 2018-19 Budget From Police to Non-Departmental.

The Office of Budget recommends that the funding for the Board of Police Commissioners be transferred from the Police Department Appropriation 00111 to Non-Departmental Appropriation 20539. This transfer will continue the budgetary and appropriation levels currently authorized by the City Council.

I am requesting approval from your Honorable Body to adopt the attached resolution. A waiver of reconsideration is requested.

Re: David Bivins and Hillary Ross vs. City of Detroit. Case No. 17-015053-NO.

Representation and indemnification by the City of Detroit of the City employee or officer listed below is hereby not recommended. We agree with the recommendation of the Head of the Department, and believe that the City Council should find and determine that the suit against the Defendant does not arise out of or involve the performance in good faith of the official duties of such Defendant. A video of the event is available, and a use of force report is being completed by the DPD. Officer Wade has been charged with assaulting the Plaintiff with the intent to do great bodily harm and misconduct in office. The Defendant violated department procedure by using excessive force to effect an arrest for which there was no probable cause, violated the criminal law and was not in the performance of his official duties at the time the acts complained of were committed. We, therefore, recommend a "NO" vote on the attached resolution. Copies of the relevant documents are submitted under separate cover.

Re: Terry Parnell vs. City of Detroit, et al;
USDC Case No. 17-12560.

Representation by the Law Department of the City employee listed below is hereby recommended. We agree with the recommendation of the head of the department that the officer was acting within the scope of his employment at the time the acts complained of were committed. We further recommend that the City indemnifies the Defendant and, therefore, recommend a "YES" vote on the attached resolution for P.O. Richard Billingslea, Badge No: 971.

Please note that a copy of the original Law Dept. letter dated February 5, 2018 is attached (excluding the privileged and confidential attachments which were previously circulated via email). City Council held a closed session regarding trial/settlement strategy on April 24, 2018.

At the May 8, 2018, formal session City Council authorized representation in the Parnell case of P.O. Mack and P.O. Patterson and denied representation of P.O. Billingslea (line items 70-72). Subsequently, City Council held a closed session regarding representation on June 26, 2018. This closed session (commonly referred to as a Loudermill hearing is a due process requirement pursuant to the U.S. Supreme Court's holding in Cleveland Board of Education vs. Loudermill, 470 US 532 (1985). Arbitration awards issued by the Voluntary Labor Arbitration Tribunal also recognize the past practice of City Council holding hearings for police officers who have been denied representation (see Grievance Nos. 79-237, 82-055, 90-047, and 92-200/92-202).

The request for the hearing was not triggered in this case as both the Law Department and DPD recommended approval of representation and indemnification. P.O. Billingslea was entitled to receive and the City of Detroit was required to hold this hearing. Now that the closed session on representation has occurred and additional and/or new information was presented to Council in this matter it is timely and appropriate for the attached resolution to be presented to your Honorable Body for a vote.

Please advise Ms. Julianne Pastula if you are in need of any of the privileged and confidential documents that were previously distributed in this matter.

Project Development: 3364, 3426,
3434 Mack; 3409, 3421 Ludden.

We are in receipt of an offer from The Sanctuary Limited Dividend Housing Association LLC, a Michigan Limited Liability Company to purchase the above-captioned property for the amount of \$50,000.00 and to develop such property. This property consists of vacant land measuring approximately 137,650 square feet (3.16 acres) and is zoned PD (Planned Development).

The Sanctuary LDHA LLC is comprised of the Neighborhood Services Organization (NSO) and MHT Housing Incorporated. NSO provides mental health outreach, life choices, homeless shelter/recovery and many other services to the Detroit community. MHT Housing has constructed and manages several affordable housing complexes throughout the area.

The Offeror proposes to construct an approximately 68,000 square feet two (2) story facility with paved surface parking, appropriate lighting, landscaping, rain gardens as part of the storm water management system and a secured shelter activities area. It will contain 42 permanent supportive housing units and 53 emergency shelter beds. In addition, space will be included for mental health, addiction treatment, health care, home-

less management information and/or other such advocacy/aid services. The total development cost of the project is estimated to be approximately \$11 million.

The area is zoned PD (Planned Development). On March 28, 2017, your Honorable Body approved the adoption of the initial version of the development in accordance with the PD zoning designation guidelines. That version contained 75 permanent supportive housing units and comprised three (3) stories. This current version reduces the facility to two (2) stories and reduces the number of units to 42, however, it is otherwise consistent with and less intensive than the original. On April 19, 2018, the City Planning Commission, therefore, granted a minor modification to the PD accepting the current version, as per the criteria in the Zoning Ordinance.

We, therefore, request that your Honorable Body approve the sale and authorize the Mayor of the City of Detroit, or his authorized designee, to execute an agreement to purchase and develop 3364, 3426, 3434 Mack; 3409 and 3421 Ludden, as more particularly described in the attached Exhibit A, with The Sanctuary Limited Dividend Housing Association LLC, a Michigan Limited Liability Company, together with a deed to the property and such other documents as may be necessary to effectuate the sale, for the amount of \$50,000.

Respectfully submitted,
 MAURICE D. COX
 Director

By Council Member Tate:

Whereas, P&DD has received an offer from The Sanctuary Limited Dividend Housing Association LLC, a Michigan Limited Liability Company ("Offeror") requesting the conveyance by the City of Detroit of real property (the "Property"), more particularly described in the attached Exhibit A; and

Whereas, The Offeror proposes to construct an approximately 68,000 square feet two (2) story facility with paved surface parking, appropriate lighting, landscaping, rain gardens as part of the storm water management system and a secured shelter activities area. It will contain permanent supportive housing units and emergency shelter beds; also, space will be included for mental health, addiction treatment, health care, homeless management information and/or other such advocacy/aid services; and

Whereas, The project area is zoned PD (Planned Development); your Honorable Body approved the adoption of the initial version of the development on March 28, 2017 and on April 19, 2018 the City Planning Commission granted a minor modification to the PD reducing the facility from three (3) to two (2) stories, deter-

mining it to be otherwise consistent and less intensive than the original proposal;

Now, Therefore, Be It

Resolved, That in accordance with the Offer to Purchase and the foregoing communication, the Mayor of the City of Detroit, or his authorized designee, be and is hereby authorized to execute an agreement to purchase and develop 3364, 3426, 3434 Mack; 3409 and 3421 Ludden, as more particularly described in the attached Exhibit A, with The Sanctuary Limited Dividend Housing Association LLC, a Michigan Limited Liability Company, together with a deed to the property and such other documents as may be necessary to effectuate the sale, for the amount of \$50,000;

Resolved, That the Mayor of the City of Detroit, or his authorized designee, be and is hereby authorized to execute any required instruments to make or incorporate technical amendments or changes to the deed and such other documents as may be necessary to effectuate the sale (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Property, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it finally

Resolved, That the deed and such other documents necessary to effectuate the sale, will be considered confirmed when signed and executed by the Mayor of the City of Detroit, or his authorized designee, and approved by Corporation Counsel as to form.

A Waiver of Reconsideration is requested.

Planning & Development Department
 June 13, 2018

Honorable City Council:

Re: Acquisition of Property from State of Michigan Land Bank Fast Track Authority Part of 20110 Woodward (Formerly known as Michigan State Fairgrounds).

The City of Detroit, Planning and Development Department ("P&DD") is hereby requesting authorization from your Honorable Body to acquire certain real property at 20110 Woodward Avenue (the "Property") from the State of Michigan Land Bank Fast Track Authority ("MLBA"), a public body corporate, for the purchase price of Seven Million and 00/100 Dollars (\$7,000,000.00) (the "Purchase Price") subject to certain other terms and conditions. The Property being acquired consists of approximately 142 acres, more or less, within the general area bounded by Woodward Avenue (West), Eight Mile Road (North), the Grand Trunk Western Railroad (East) and State Fair Avenue (South).

The City wishes to acquire the Property for certain public purposes and/or to market for sale for development. Given the existing commercial uses of the adjacent sites, we feel this Property presents a prime opportunity for the City to plan and implement a variety of projects on a site that has sat vacant and underutilized for a number of years. Currently, the Property is within a B4 zoning district (General Business District).

Closing of the acquisition shall be contingent upon survey, environmental and other due diligence work on the Property to be completed by Detroit Brownfield Authority under an agreement that will be brought before this Honorable Body for separate approval.

We, therefore, request that your

Honorable Body adopt the attached resolution to authorize acquisition of the Property from MLBA for the Purchase Price.

Respectfully submitted,
 MAURICE COX
 Director

 Finance Director

By Council Member Tate:

Whereas, The City of Detroit ("City") through the Planning and Development Department ("PDD") wishes to acquire that certain portion of 20110 Woodward, Detroit, MI as more particularly described in the attached Exhibit A (the "Property") from the State of Michigan Land Bank Fast Track Authority, a Michigan public body corporate, for the sum of Seven Million and 00/100 Dollars (\$7,000,000.00) (the "Purchase Price") subject to certain other terms and conditions; and

Whereas, The acquired Property will be used for certain public purposes and/or marketed for sale for development; and

Whereas, The Buildings, Safety Engineering and Environmental Department ("BSEED") has reviewed the environmental inquiry completed for the Properties; and

Whereas, In accordance with Chapter 2, Article I., Division 2. of the Detroit City Code: (1) the City Council finds that the Property has received an environmental inquiry in accordance with the review referred to in the preceding paragraph; (2) pursuant to the request of P&DD, the City Council finds that despite the possibility of environmental contamination, acquisition of the Property is necessary to protect the health, safety and welfare of the public; furthermore, acquisition of the Property is necessary as it is included in a project plan and that acquisition of the Property will not prejudice the right of the City to recover response costs from any potential responsible parties under State and/or Federal law; (3) the City Council finds and declares that the preservation of the promotion of the public health, safety, welfare or good outweighs the cost of the environmental assessment and therefore waives the requirement that the seller bear the cost of the environmental assessment; and (4) within 45 days of recording a deed to the Property, P&DD shall have prepared and submit to the Michigan Department of Environmental Quality a Baseline Environmental Assessments for the Properties; now therefore be it

Resolved, That prior to closing and before title to the Property vests in the City, the City shall: 1) have a survey completed to confirm the legal description of the Property and 2) have environmental assessments completed for the Property.

If either the survey or environmental assessments return unexpected concerns, the City, at its sole discretion, may refuse to accept the Property from the MLBA; and be it further

Resolved, That the legal description of the Property as given in Exhibit A may be corrected or revised at the discretion of the P&DD Director based on the outcome of the survey required above; and be it further

Resolved, That in accordance with the foregoing, the P&DD Director, or his authorized designee, be and is hereby authorized to accept and record a deed to the City of Detroit for the Property, as well as execute any such other documents as may be necessary to effectuate transfer of the Property from the MLBA to the City of Detroit for the Purchase Price; and be it further

Resolved, At closing, the City shall only be required to remit one half (1/2) of the Purchase Price to MLBA. Such payment at closing in the amount of Three Million Five Hundred Thousand and 00/100 Dollars (\$3,500,000.00) shall be paid from the City's Appropriation No. 20507. The remaining one half (1/2) of the Purchase Price shall not be due to the MLBA until such time as the City sells the Property, or any portion thereof, or ten (10) years from the date of closing have passed without any portion of the Property having been sold; and be it further

Resolved, That the P&DD Director, or his authorized designee, is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deed and/or other documents (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the City's acquisition of the Property, provided that the changes do not materially alter the substance or terms of the transfer and acquisition; and be it finally

Resolved, That the Finance Director be and is hereby authorized to increase the necessary accounts and honor expenditures and vouchers, when presented in accordance with the foregoing communication and standard City procedures.

A waiver of reconsideration is requested.

Re: Petition No. 1819 — The Villages — Detroit, request to encroach on the right of way of various locations around Detroit for the purpose of installing bicycle racks.

Petition No. 1819 — The Villages — Detroit, request for an encroachment with four (4) bicycle racks: three (3) bicycle racks on the South side of Kercheval Avenue, 80 feet wide, between Van Dyke, 66 feet wide, and Seminole Avenue, 80 feet wide; also one (1) bicycle rack on the North side of East Jefferson, 120 feet wide, between Seyburn Avenue, 70 feet wide, and Van Dyke Avenue, 66 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made to provide bicycle parking for the businesses on Kercheval Avenue, and East Jefferson Avenue.

The request was approved by the Solid Waste Division — DPW and the Traffic Engineering Division — DPW (TED). TED approves provided that certain clearances are met. The TED clearances are a part of the resolution.

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Authority and Public Lighting Department; also privately

owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

With a focus on distributed generation. House Bills 5862 and 5863 are tie-barred to one another, which means neither can take effect unless both are enacted. Specifically, each bill would:

- HB 5861: Allow communities to create a community renewable energy garden, on a single parcel of land that is connected to the State's electric distribution grid and has a generating capacity of 5 megawatts or less and 10 or more subscriber

- HB 5862: Would remove the provision of program applicability and add that, under the program, any customer of an electric utility or AES may generate electricity using an eligible electric generator interconnected with the local electric utility and operated parallel to the distribution system.

- HB 5863: Would provide for alternative rates, for customers operating s distributed generation device that is not capable of generating 500 kilowatts or more.

- HB 5864: Would remove the provision that an electric utility or alternative electric supplier (AES) is not required to allow for a distributed generation program that is greater than 1% of its average in-state peak load for the preceding five calendar years.

- HB 5865: Would amend Public Act 3 of 1939, the Michigan Public Service Commission enabling act, to allow certain entities to establish microgrids in an effort to support critical facilities; and

WHEREAS, Council member Benson's Green Task Force has reviewed these bills and has concluded that their passage and implementation would be good for the environment for not only the City of Detroit, but the entire State of Michigan and recommends its support for their passage; NOW, THEREFORE BE IT

RESOLVED, The Detroit City Council, as an advocate of the efficient use of taxpayer dollars and for the physical welfare of Detroit's citizens, expresses its support of House Bills 5861, 5862, 5863, 5864 and 5865; NOW, THEREFORE BE IT FURTHER

RESOLVED, That this resolution be forwarded to the City of Detroit's Lansing Lobbyist, the Detroit Delegation in the State House, State House Committee on Energy Policy, the Michigan State House, and the Governor.

PRESIDENT’S REPORT ON STANDING COMMITTEE REFERRALS AND OTHER MATTERS

INTERNAL OPERATIONS STANDING COMMITTEE

THE FOLLOWING ITEMS WERE REFERRED TO THE INTERNAL OPERATIONS STANDING COMMITTEE:
LAW DEPARTMENT

1. Submitting reso. autho. Notification of Emergency Procurement of Legal Services Pursuant to City Ordinance 18-5-21, Marathon Petroleum vs. City of Detroit. **(The Law Department has submitted a privileged and confidential memorandum regarding the above referenced subject matter.)**

2. Submitting report relative to Minority Gender Procurement Preferences. **(The 1989 Supreme Court decision in City of Richmond vs. J.A. Croson signaled an end to Detroit’s affirmative action ordinance, as ultimately borne out by the Arrow Office Supply Co. vs. Detroit decision in 1993. Although other municipalities have restructured race or gender procurement preferences to address the deficiencies outlined in Croson, the anti-affirmative action amendment to the Michigan Constitution bars such programs here.)**

CITY PLANNING COMMISSION

3. Submitting report relative to Vacancy on the City Planning Commission created by resignation of Lesley Carr Fairrow. **(REQUESTING REPLACEMENT) (Lesley Carr Fairrow after 11 years and four terms of serving on the City Planning Commission has resigned her appointment, creating a vacancy in the Commission. During her tenure she has been both an at-large appointee and an appointee of District 5. The majority of her tenure was spent as the chair of the Commission with last few months serving as the Vice Chair/Secretary.)**

4. Submitting report relative to City Planning Commission election of officer.

(INFORMATIONAL REPORT) (Now former Commissioner Lesley Carr Fairrow was serving as the Vice Chair/Secretary of the City Planning Commission at the time of her resignation. As a result the Commission held a special election of officers in order to fill the position. Commissioner Lauren Hood, District 5, was elected to serve in that capacity and joins Alton James, District 3, who is the Chair of the Commission.)

Honorable City Council:

Re: Delegation of City Council Special District Review and approval of building permit applications during Summer recess 2018 (RECOMMEND APPROVAL).

According to the City of Detroit Zoning Ordinance the Detroit City Council approves by resolution any work undertaken by permit on land zoned PC or PCA after receiving recommendation from the Planning and Development Department and the City Planning Commission. It has become the practice of your Honorable Body to delegate this responsibility to the staff of the City Planning Commission during periods of recess when permit applications of this sort may be submitted and need to be addressed in a timely

fashion. The Council's delegation of this responsibility allows work, compliant with the City Code, to advance during recess and/or when the Body is not conducting business in the context of your regular meetings.

Attached for your consideration you will find a resolution effectuating the delegation of Special District Review and corresponding action jointly to the Planning and Development Department and the City Planning Commission staff for your Summer recess 2018.

Respectfully submitted,
MARCELL R. TODD, JR.

By Council Member Tate:

Whereas, The Detroit Zoning Ordinance requires that any permit application submitted to the Building and Safety Engineering and Environmental Department related to the Exterior design, location and appearance of work within a the Public Center (PC) District and the Public Center Adjacent/Restricted Central Business (PCA) District must be reviewed by the City Planning Commission (CPC) and the Planning and Development Department (P&DD); and

Whereas, Consistent with Sec. 61-3-182 of the Zoning Ordinance, the City Council approves by resolution, any such permit application subsequent to receipt of a report and recommendation from the Planning and Development Department and the City Planning Commission; and

Whereas, The Detroit City Council will be on recess July 31, 2018 through September 6, 2018, and the City Council's Committees will not resume meeting until that time; and

Whereas, Time sensitive requests for work in these districts may be received by the City while the Council is not in session; and

Whereas, It is the desire of the Detroit City Council to facilitate such requests and not unnecessarily delay the issuance of building permits.

Now, Therefore Be It

Resolved, The Detroit City Council authorizes the Planning and Development Department (PDD) and the City Planning Commission staff (CPC) to jointly review, approve, approve with conditions, or deny any permit applications for land zoned PC or PCA submitted between July 31, 2018 and September 6, 2018 and to do so in consultation with other City agencies as may be appropriate with the exception of those requests for which the report and recommendation from PDD and CPC has been received from the City Clerk on Thursday of a given week and held by a City Council Member on or before the following Wednesday during the period of delegation consistent with the procedures applied to processing of contracts during recess periods.

Honorable City Council:

Re: Request of Doug Quada to approve site plans and elevations for a Planned Development (PD) zoning classification on District Map No. 4 of the Detroit Zoning Ordinance, Chapter 61, Article XVII of the 1984 Detroit City Code, for the Henry Glover mansion commonly referred to as 229 Edmund Place, to renovate existing structure and also construct a two (2) story addition to the rear of building (RECOMMEND APPROVAL WITH CONDITIONS).

NATURE OF REQUEST

The City Planning Commission (CPC) has received the request of Doug Quada to approve site plans and elevations for the Henry Glover mansion commonly referred to as 229 Edmund Place. The property is a historic Victorian style mansion owned by developer, Mr. Quada.

30 years of abandonment has left the structure in poor condition, but the developer plans to restore it back to its original grandeur. Original and replica feature of this historic home will be employed to rehabilitate the existing an accordance with the Secretary of the Interior Standards for Rehabilitation. The developer also plans to construct an addition to the rear of the structure in order to create new units. The current structure would house three (3) units, while the proposed addition would provide two (2) additional units. Each unit is planned to have two (2) bedrooms and 1,400 square feet of floor area. The brick to be used in the new development, is similar to that which was salvaged from the original house.

The building will remain at its original height of 42' with the new addition reaching 35'. Parking stalls would be provided in the rear of the property totaling six (6) spaces, accessible from the alley.

Rents are planned to be at market rate value.

ANALYSIS AND PLANNING CONSIDERATIONS

The Zoning Ordinance Sec. 61-11-15 outlines the applicable design criteria for PD design review. CPC staff has analyzed this proposal in accordance with those criteria, reviewing the scale, form and massing, compatibility, parking and loading and other review criteria.

Based on the proposed rehabilitation and expansion providing two (2) additional units similar this development is appropriately scaled with the new addition stepping down as it spans northward. The addition

is similar to other additions to buildings in the neighborhood.

Parking provisions are in conformance with zoning. All other applicable standards have also been met; namely setbacks and F.A.R. standards.

Surrounding Zoning and Land Use

The zoning classification and land uses surrounding the subject area are as follows:

North: is zoned PD-H; Community park

East: is zoned PD-H; Vacant lots; historic mansions

South: is zoned PD-H; City Modern development (under construction)

West: is zoned PD-H; lot

Historic District Commission

The Historic District Commission has reviewed this proposal and issued a Certificate of Appropriateness in accordance with the provisions of Chapter 25 of City Code.

Master Plan of Policies

The subject property is located in the Lower Woodward area of Neighborhood Cluster 4. The future land use designation for the subject parcels indicates Mixed Residential Commercial (MRC) on the subject parcel. It is CPC staff's judgment based upon similar developments and the Master Plan description that the proposal meets the intent of the MRC designation.

COMMUNITY INPUT

The Brush Park CDC has submitted a letter of support unanimously supporting the proposal after reviewing the plans of the developer at their March 13, 2018 public meeting. The developer has also informed the remaining neighbors on the subject block of the plans for renovation and has largely received support from the majority of immediate neighbors.

RECOMMENDATION

Based on the aforementioned information and our review of the PD Design criteria, CPC staff deems this proposal as being appropriate. Therefore, CPC recommends approval with the following conditions:

1. That the developer work with the immediately adjacent community to minimize disruption to the neighborhood during construction and address impacts that may arise;

2. That final site plans, elevations, lighting, landscape and signage plans be submitted by the developer to the staff of the City Planning Commission for review and approval prior to making application for applicable permits.

¹Floor to area ratio: ratio of a building's total floor area (gross floor area) to the size of the piece of land upon which it is built.

Honorable City Council:

Re: Brush Park CDC Letter of Support — 229 Edmund (Henry Glover House) (RECOMMEND APPROVAL).

Brush Park Community Development Corporation (the "CDC") forwards this letter to show our support of the proposed rehabilitation of the property located at 229 Edmund (the "Project").

The Project plans were presented before the CDC and the Brush Park community at a public meeting held on March 13, 2018, with the developer requesting CDC support for the design of the Project. The community asked questions about size, pricing and available parking spaces for the units, but was generally receptive to this development and welcoming of the careful rehabilitation of a historic home that has long been in a dilapidated state.

Much consideration was given to the Project by the CDC Board. By a vote of 8 in favor, 0 objections and 0 abstentions, the Board voted to support the design of the Project.

We thank you again for your commitment to Brush Park and making a positive impact in our community.

Sincerely,
KARISSA HOLMES
Secretary

City Planning Commission
 July 25, 2018

Honorable City Council:
 Re: Request of the Downtown Development Authority in conjunction with Olympia Development of Michigan to amend Article XVII, District Map No.

3 of Chapter 61 of the 1984 Detroit City Code, Zoning and the provisions of the existing PD (Planning Development) zoning district established by Ordinance 10-15 on land bounded by Woodward Ave. on the east, the south side of Henry St. on the south, Clifford Ave. and Cass Ave. on the west and Sproat St. on the North; and to rezone a portion of the remaining B4 (General Commercial) zoned land along the east side of Cass Ave. between Sproat St. and Henry St., and, as well as the to-be-

vacated Henry Street right-of-way, to PD. (REQUEST 4TH EXTENSION OF REVIEW PERIOD).

On June 13, 2017 the Detroit City Council received and referred to the Planning and Economic Development Standing Committee the report and recommendation of the City Planning Commission (CPC) for the above captioned map amendment request for the Detroit Zoning Ordinance.

The Zoning Ordinance specifies in Sec. 61-3-17, "Where a petition for a proposed Zoning Ordinance text or map amendment is not voted upon by the City Council within one hundred twenty (120) days of the time of receipt of the City Planning Commission's report, it shall be deemed to have been denied, unless extended by the City Council."

The original 120-day review period for this matter was to expire in October of 2017. Subsequently, however, three extensions have been authorized with the most recent, of 54 days, being granted on June 5, 2018. On Tuesday, June 7, 2018 that extension will expire at day's end. Consequently, the CPC requests a 120-day extension of the review period to avoid having to re-start the ordinance revision process over again at the Planning Commission. A resolution to that effect is attached for Your consideration. The requested extension, if granted, will expire by the close of the day Friday, November 28, 2018.

Respectfully submitted,
MARCELL R. TODD, JR.
Director

Housing and Revitalization Department

July 19, 2018

Honorable City Council:

Re: Approval of 2018 HOME Regular Round Awards and Requests for Loan Modifications and Subordinations.

The City of Detroit, through the Housing and Revitalization Department ("HRD"), has continued to work closely with the U.S. Department of Housing and Urban Development ("HUD") in making required commitments and disbursements of City HOME funds, to meet project commitment and disbursement deadlines. HRD issued a NOFA on December 18, 2017, to assist in making allocations for "ready-to-proceed projects" from available HOME, NSP and CDBG funding. The Department is requesting City Council approval of four (4) Regular Round HOME Program challenge grants, and three (3) HOME Loan Modifications and Subordinations.

The HOME Program is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act, and is designed exclusively to create affordable housing for low-income households. Eligible activities under the HOME program include:

- Providing home purchase or rehabilitation financing assistance to eligible homebuyers;
- Building or rehabilitating housing for rent or homeownership; and
- Other reasonable and necessary expenses related to the development of non-luxury housing.

HOME funds are awarded on a formula basis, included in the annual entitlement award from HUD, and are part of the Consolidated Plan.

HRD is requesting approval of HOME challenge grants from the existing budgeted appropriations for the following four HOME projects: Sugar Hill (85 unit mixed use development), Carpenter Avenue Apartments (100% affordable apartment development using LIHTC), Brush & Watson (122 unit mixed-income apartment development), and Mack/Alter Community Homes (14 unit 100% affordable apartment complex). Sugar Hill will leverage \$23.4 million in additional funding including New Market Tax Credits, private equity, and private lender financing from a \$1.6 Million HOME Award. The remaining three projects will leverage private financing and other funding through the State's Low Income Housing Tax Credit programs (See Exhibit 1).

Additionally, the Department requests approval of the following three HOME loan modifications and subordinations on projects previously supported with City Home funds:

1. The developer of Genesis Villa has requested a HOME loan modification and subordination to pay off a portion of the City's HOME Loan to support a request for \$4 million low income housing tax credits to undertake repairs and extend affordability.

2. The developer of Pablo Davis has requested forgiveness of a portion of the City's HOME loan with an assumption of the remaining balance of City Loans in an effort to close on an additional \$4 million in public and private equity to undertake repairs and extend affordability.

3. The developer of the Infinity Park project has requested to pay-off \$805,714 in HOME funds and a loan subordination to allow a new purchaser to assume the 13 year balance of the affordability period on the City's remaining conditional loan (See Exhibit 2).

Consistent with the new process adopted by City Council in 2012 for approving HOME, CDBG and/or development awards and development partners, HRD is requesting that your Honorable Body review and approve the attached list.

We request approval of the attached resolution with a waiver of reconsideration so additional housing investments and neighborhood reinvestment through the HOME program can continue. Should you have questions or require additional information, please do not hesitate to contact me at (313) 628-0034.

Housing and Revitalization Department

July 23, 2018

Honorable City Council:

Re: Agreement with Douglass Acquisition Company LLC Frederick Douglass Development Project

The Detroit Housing Commission ("DHC") recently entered into a purchase agreement for sale of the former Frederick Douglass public housing site ("Douglass Site") to the Douglass Acquisition Company LLC ("DAC") for \$23 million. The Douglass Site, comprised of roughly 22 acres of vacant land near the southern end of Brush Park in the City of Detroit, has not had residents living at the site since 2008. DAC intends to develop the entire Douglass Site into several mixed-income residential projects providing over 800 units, along with construction of various other commercial, retail and public space components. Total development costs are expected to exceed \$300M.

In 2017, the Housing and Revitalization Department ("HRD") entered into an Affordable Housing Agreement ("AH Agreement") with Bedrock Management Services LLC ("Bedrock"), of which DAC is an affiliate, to provide for the construction of affordable housing units in the event the City supports Bedrock residential development with a financial incentive. HRD recognizes that the Douglass Site will require significant public road and utility infrastructure, pre-development, housing construction, site prep work and park construction ("Improvements") to become a viable project in the City. Additionally, HRD believes that the proposed development at the Douglass Site poses an opportunity to create new affordable residential units in the City of Detroit.

In support of the Improvements and creation of new affordable units at the Douglass Site, HRD has partnered with the Water & Sewerage Department ("DWSD") to make \$10.2 million in funding

available to DAC through the attached Development Agreement. Pursuant to the proposed Development Agreement, HRD would make Federal HOME (\$6 million) and CDBG (\$3 million) funds available to DAC, along with \$1.2 million from DWSD, to support DAC's construction of the Improvements and a commitment that 156 units or 25% of the total rental units at the Douglass Site be affordable units for a period of 30 years under the terms of the AH Agreement.

For the reasons stated above, we respectfully request your adoption of the attached resolution that: 1) approves the Development Agreement and 2) approves allocation and use of certain funding towards the Improvements in exchange for affordable housing units.

EXHIBIT A

DEVELOPMENT AGREEMENT CITY OF DETROIT DEVELOPMENT AGREEMENT

THIS DEVELOPMENT AGREEMENT ("Agreement") is entered into by and between the City of Detroit ("City"), a Michigan municipal corporation acting by and through its Housing and Revitalization Department ("HRD") with an address of 2 Woodward Avenue, Suite 908, Detroit, MI 48226 and its Water and Sewerage Department ("DWSD") with an address of 735 Randolph Street, Detroit, MI 48226, and Douglass Acquisition Company LLC ("DAC"), a Michigan limited liability company with an office at 630 Woodward Avenue, Detroit, MI 48226.

WITNESSETH:

Whereas, DAC has and/or has an enforceable contract to acquire 29 parcels of vacant land in the City of Detroit consisting of roughly 22 acres as generally depicted in the attached Exhibit A (the "Project Area"), which is incorporated herein by reference; and

Whereas, DAC has rights to acquire the

Project Area pursuant to that certain Purchase Agreement by and between the Detroit Housing Commission, as Seller, and DAC, as Purchaser, dated July 12, 2018 (the "Purchase Agreement"); and

Whereas, DAC contemplates constructing approximately 800 total residential units across several mixed-income residential projects within the Project Area (the "Projects") that will include creation of certain affordable housing units; and

Whereas, The parties hereto intend that the Project Area is one contiguous parcel that may be completely developed and improved on any portion of the Project Area without encumbrance of any alley, street, walkway, drive, utility, or easement; and

Whereas, Significant public road and utility infrastructure, pre-development, housing construction, site prep work and park construction within the Project Area (collectively the "Improvements") are required to make the Projects viable; and

Whereas, The City has committed to assist DAC's efforts to construct the Improvements by providing direct monetary support as further described herein; and

Now, Therefore, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Definitions. The following terms used throughout this Agreement shall be defined as follows:

A. "AH Agreement" means that certain Affordable Housing Agreement by and between Bedrock Management Services LLC and the City as approved by Detroit City Council on July 25, 2017 and that may be amended from time to time pursuant to its terms.

B. "Affordability Period" shall have the same meaning as the term Affordability Period in the AH Agreement.

C. "Affordable Units" shall have the same meaning as the term Affordable Units in the AH Agreement.

D. "Cap" shall have the same meaning as the term Cap in the AH Agreement.

E. "Compliance Period" shall have the same meaning as the term Compliance Period in the AH Agreement.

F. "Completion Period" shall have the same meaning as the term Completion Period in the AH Agreement

G. "Effective Date" shall mean the effective date of this Agreement, which shall be the later of: 1) the approval date of this Agreement by Detroit City Council or 2) the approval date of this Agreement by the City's Board of Water Commissioners.

H. "Developer Affiliate" shall have the same meaning as the term Developer Affiliate in the AH Agreement.

I. "Financial Incentive" shall have the same meaning as the term Financial Incentive in the AH Agreement.

J. "Ordinance" means the Detroit City Code, Chapter 14, Article XII, Inclusionary Housing Requirements.

K. "Qualifying Project" shall have the same meaning as the term Qualifying Project in the AH Agreement.

L. "Qualifying Transaction" shall have the same meaning as the term Qualifying Transaction in the Ordinance.

2. Monetary Support. The City shall provide Ten Million Two Hundred Thousand and 00/100 Dollars (\$10,200,000.00) (the "Funds") to DAC for the Improvements as follows:

A. \$6,000,000.00 portion of the Funds in HOME Investment Partnerships Program funding paid over a period of 5 years, unless such period is extended by the DAC in its sole discretion ("Home Funds");

B. \$3,000,000.00 portion of the Funds in CDBG Program funding paid over a period of 5 years, unless such period is extended by the DAC in its sole discretion ("CDBG Funds");

C. \$1,200,000.00 portion of the Funds in funding from DWSD paid within the first 365 days immediately following the Effective Date of this Agreement ("DWSD Funds"), or, in the event that DAC has not incurred \$1,200,000.00 in Improvement costs on or before such date before December 31, 2019.

The Funds are considered a Financial Incentive approved by the City for the Projects. The above referenced funding allocations for the City's HOME Funds and CDBG Funds shall be paid through one or more separate subrecipient agreements with DAC. Such subrecipient agreements shall require separate approval by HRD and shall be subject to the additional terms, obligations and restrictions of the federal, state and local laws related to such respective funding sources. The DWSD Funds shall be paid to DAC upon the City's receipt of a satisfactory invoice for payment.

Notwithstanding the foregoing or anything contained elsewhere in this Agreement (including but not limited to Section 8 hereof), the City shall diligently pursue and use its best efforts to obtain the HOME Funds and the CDBG Funds so that the City can make available to DAC all of the Funds. Provided that DAC has submitted sufficient information to HRD by the annual City deadlines to apply for HOME Funds and/or CDBG Funds and the City's underwriting criteria is met, HRD shall allocate to DAC such HOME Funds and/or CDBG Funds that are available to the City within the respective funding period for which DAC applies.

3. Qualified Use of Funds. The HOME Funds and CDBG Funds shall be used for eligible uses related to the Improvements within the Project Area. The DWSD Funds shall be used for Improvements within the Project Area related to public water and

sewerage infrastructure. Provided that the DAC acquires the land within the Project Area as contemplated by the Purchase Agreement, the Improvements shall be completed within seven (7) years of Detroit City Council approval of this Agreement, unless such period is extended by HRD in its sole discretion.

4. Affordable Housing Requirement. DAC shall provide 25% of total rental units constructed or 156 rental units, whichever is greater, in the Project Area as Affordable Units for the duration of the Affordability Period. Such Affordable Units created pursuant to this Agreement shall be constructed pursuant to the Compliance Period and Completion Period of the AH Agreement. The parties acknowledge that DAC is considered a Developer Affiliate and, therefore, such Affordable Units created pursuant to this Agreement shall count towards the Cap required under the AH Agreement.

5. Waiver from Ordinance. Sec. 14-12-3 of the Ordinance requires that all Qualifying Transactions brought before Detroit City Council for approval be subject to the affordability requirements set forth in Sec. 14-12-5 of the Ordinance. Although this Agreement would otherwise be considered a Qualifying Transaction subject to the Ordinance, the parties acknowledge that this Agreement is waived from the Ordinance provisions pursuant to Sec. 14-12-4 (d) for reasons that DAC, as a Developer Affiliate, has previously agreed to provide affordable housing subject to the AH Agreement.

6. Indemnification of the City. DAC shall indemnify, save and hold harmless the City and the City's agents, employees, elected officials and officers against any and all liabilities, obligations, damages, penalties, claims, costs, charges and expenses (including, without limitation, reasonable fees and expenses of attorneys, expert witnesses and other consultants) which may be imposed upon, incurred by or asserted against the City or the City's agents, employees, elected officials and officers by reason of any of the following as related to the Improvements and occurring during the term of this Agreement:

A. Any work, act, error, omission or thing done in or about the Project Area, any part thereof or affecting same and that may be covered by general liability insurance, by DAC, its employees, agents, contractors, subcontractors, licensees or invitees (collectively called "Associates") for whose acts any of them might be liable;

B. Any use, nonuse, possession, occupation, condition, operation, maintenance or management of the Project Area or of DAC's or its Associate's equipment;

C. Any negligent or tortious acts of DAC or its Associates;

D. Any failure by DAC or its Associates

to perform its material obligations under this Agreement;

E. Any act, failure to act or material misrepresentation by DAC or any of its Associates in connection with the construction and renovations of the Improvements.

City shall not be responsible for any environmental response and/or remediation of Hazardous Materials within the Project Area. DAC shall not use, handle, generate, treat, store or dispose of, or permit the handling, generation, treatment, storage or disposal of any Hazardous Materials in, on, under, around or above the Project Area during the term of the Agreement unless the DAC agrees to follow all laws and regulations in doing so. DAC shall indemnify the City from any and all liability that may arise from such activities.

In the event that any action or proceeding is brought against the City or the City's agents, employees, elected officials or officers by reason of any claim covered under this Agreement, DAC, upon written notice from the City, shall resist and defend such action or proceeding at DAC's sole cost and expense.

7. DAC's Insurance. Unless otherwise waived by HRD, DAC shall maintain, at its sole expense during the term of this Agreement, the following insurance:

TYPE	AMOUNT NOT LESS THAN
A. Workers' Compensation	Michigan Statutory minimum
B. Employers' Liability	\$500,000.00 minimum each disease
	\$500,000.00 minimum each person
	\$500,000.00 minimum each accident
C. Commercial General Liability Insurance	\$1,000,000.00 each occurrence
	\$2,000,000.00 aggregate
D. Automobile Liability Insurance (covering all owned, hired and non-owned vehicles with personal and property protection insurance, including residual liability insurance under Michigan no fault insurance law)	\$1,000,000.00 combined single limit for bodily injury and property damage

If during the term of this Agreement, changed conditions or other pertinent factors should, in the reasonable judgment of the City, render inadequate the foregoing insurance limits, the DAC shall furnish on demand such additional or lesser coverage as may reasonably be required under the circumstances. All such insurance shall be effected under valid and enforceable policies, issued by insurers of recognized responsibility which are well-rated by

national rating organizations and are reasonably acceptable to the City.

All required insurance policies hereunder shall name the DAC as the insured and the City as additional insured as to the required Commercial General Liability and Automobile Liability policies. Certificates of insurance evidencing such coverage shall be submitted to the City upon demand.

8. Compliance. With respect to the completion and construction of the Improvements, DAC shall comply with all applicable federal, state and local laws, rules, executive orders, including executive orders 2016-1 and 2014-5 (the "Executive Orders"), and regulations. The Improvements are considered a "publicly-funded construction project" pursuant to the City's Executive Order 2016-1 and, therefore, the terms and conditions of Executive Order 2016-1 shall apply to DAC's completion of the Improvements. However, 1) DAC shall not be required to comply with Executive Orders which have been terminated and 2) the obligations of Developer to comply with the Executive Orders shall be modified to the extent that the Executive Orders are amended or modified after the Effective Date to provide less stringent requirements or a variance has been obtained. Notwithstanding anything to the contrary contained in this Agreement, (a) the only remedies enforceable against DAC with respect to a breach of the Executive Orders shall be the remedies set forth within the Executive Orders (and not any other remedies set forth in this Agreement); (b) if DAC fails to or is unable to comply with the requirements contained in the Executive Orders but pays any fees, penalties, or monetary contributions as permitted under the Executive Orders or as permitted by the personnel enforcing the Executive Orders, then DAC shall be deemed to be in compliance with the Executive Orders (and with this Agreement); and (c) if DAC is lawfully contesting any alleged violation under the Executive Orders (including, but not limited to, by filing a challenge pursuant to the provisions of Section 8 of Executive Order 2016-1), then DAC shall not be considered to have violated the applicable Executive Order.

Notwithstanding any provision of this Agreement, the parties hereto agree and acknowledge that any allocation of HOME Funds and CDBG Funds may occur only upon satisfactory completion of environmental review and receipt by the City of a release of funds from the U.S. Department of Housing and Urban Development under 24 CFR Part §58.

F. No failure by the City or DAC to insist upon the strict performance of any covenant, agreement, term or condition of this Agreement or to exercise any right, term or remedy consequent upon a breach thereof shall constitute a waiver of any such breach or such covenant, agreement, term and condition. No waiver of any breach shall affect or alter this Agreement, but each and every covenant, agreement, term and condition of this Agreement shall continue in full force and effect with respect to any other then existing or subsequent breach thereof.

G. Nothing contained herein shall be construed or permitted to operate as any restriction upon the power granted by law to the City of Detroit or Detroit City Council.

K. Expiration of Agreement. This Agreement shall expire upon the last payment of the Funds to DAC. Notwithstanding the foregoing or anything contained elsewhere in this Agreement, Sections 4. Affordable Housing Requirement, 5. Waiver from Ordinance and 11. Contiguous Parcel of this Agreement shall survive expiration of the Agreement until the last Affordability Period has expired.

L. Authority of City. Notwithstanding anything in this Agreement or otherwise to the contrary, this Agreement shall not be effective until it has been: 1) fully executed by the duly authorized representatives of the City, 2) approved by the Detroit City Council and 3) signed by the City of Detroit Law Department and the City's Chief Procurement Officer. Any amendments or modifications must likewise be duly approved and signed as outlined above.

July 30, 2018

Honorable City Council Member Gabe Leland:

Re: Douglass Acquisition Company LLC
Community Benefits

As part of our application to purchase and develop the former Brewster-

Douglass site, Douglass Acquisition Company LLC would like to confirm our commitment to community engagement in connection with the initial development of the project and outline our plans for the process. Our affiliate, Brush Park Development Company Phase I LLC, has completed extensive community engagement prior to and during the development of the adjacent City Modern project in Brush Park, presenting the vision, obtaining feedback, and incorporating suggestions multiple times. Groups that Brush Park Development Company Phase I LLC engaged with include the Brush Park working group for the project, the Brush Park CDC, the Historic District Commission, the City Planning Commission, and relevant City departments.

We envision adding many benefits to the community once the entire site has been redeveloped, which as of today, we anticipate containing more than three acres of green space, with the addition of an activated public park, along with over 75,000 square feet of space for retail and civic space, and 25% of residential rental units designated to be affordable. The land sale will provide \$23 million in proceeds to the Detroit Housing Commission (DHC), which, we understand, will allow for investment in much-needed upgrades to existing public housing across the City as well as investments in the preservation of other affordable housing. For context, the DHC's annual capital allocation from HUD is approximately \$8 million, therefore this sale could represent approximately 2.5 times the amount of annual capital support for DHC. As agreed upon, up to \$4 million from the sale price will be paid by the DHC for reimbursement of environmental work on the site.

As discussed in our hearing with the Planning & Economic Development Committee, Douglass Acquisition Company LLC contemplates pursuing incentives to support this 22-acre project, including a Brownfield TIF. As required per the Community Benefits Ordinance (CBO), the City's Planning & Development Department will facilitate a process that will establish a Neighborhood Advisory Council for the project, and plan and publicize an appropriate number of CBO meetings. Additional public meetings will be required as part of the Detroit Brownfield Redevelopment Authority's (DBRA) Brownfield plan approval process, including a public hearing and a Community Advisory Council meeting. Finally, we expect to return to City Council for consideration of these incentives that will be required for the project.

We look forward to beginning work on this historic site and thank you for your consideration.

Sincerely,
DOUGLASS ACQUISITION

Honorable City Council Member Raquel Castaneda-Lopez:

Re: Douglass Acquisition Company LLC Sustainability Plans

As part of our application to purchase and develop the former Brewster-Douglass site, Douglass Acquisition Company LLC would like to confirm our commitment to sustainability. Our sustainability approach showcases best practices in open space, stormwater management, mobility, and more.

The plan envisions three acres of public green space, including parks and a greenway lining the southern and eastern edges of the site. This open space network will bring nature into the neighborhood, including rain gardens with bio infiltration, grey-water cisterns for irrigation, and native plantings. These open spaces will also provide connections for the adjacent greater Brush Park community to enjoy dog parks, community gardens, recreational amenities, and quiet open spaces to enjoy nature.

We plan on creating a sustainability strategy for on-site water management through a \$1.2M investment from the Detroit Water and Sewer Department. We will utilize these funds to incorporate green storm water infrastructure in many forms, including through our "complete streets" approach which outlines the use of street storm water inlets, street trees in grates, enhanced and permeable paving, 8-foot stormwater bump outs, and bioretention planters with curb cuts.

Our environmental approach extends to expanding opportunities for mobility, including car share and bike share on-site, pedestrian pathways and bicycle lanes. The site is inherently sustainable with close proximity to bus stops and the QLINE, and being within walking distance of the growing number of jobs at the medical centers, Eastern Market, and downtown. Buildings at the site will be designed to be energy efficient, with LED lighting, energy-star rated appliances, and environmentally-friendly building materials. We will be exploring the use of green roofs and rainwater cisterns on the site as well.

Sincerely,

Honorable City Council:

Re: Acquisition of Wayne County Tax Foreclosed Properties Right of Refusal 2018

Under the General Property Tax Act

(1893 PA 206) (the "Act"), the City of Detroit ("City") has an annual right of refusal to acquire tax foreclosed property from Wayne County (the "County") upon payment of a minimum bid determined by the County pursuant to the Act ("Purchase Price"). Such right of refusal allows the City to acquire tax foreclosed properties prior to any sale by the County through auction.

Based on the City's review of the properties available from the County, the City has identified certain properties that we wish to acquire (the "ROR Properties") for the purposes of stabilizing communities and curtailing the potential for further blight in the City of Detroit. Provided with the attached resolution is a list of the ROR Properties that includes a total Purchase Price. Funding for this proposed acquisition was included in the Housing & Revitalization Department budget approved by your Honorable Body for this current 2018-19 Fiscal Year.

We hereby respectfully request that your Honorable Body adopt the attached resolution that authorizes the City to acquire the ROR Properties from the County for the Purchase Price.

Respectfully submitted,
MAURICE D. COX

RESOLUTION

By Council Member Tate:

Whereas, The General Property Tax Act (1893 PA 206) (the "Act") allows the City of Detroit ("City") an annual right of refusal to acquire tax foreclosed property from Wayne County (the "County") upon the City's payment of a minimum bid determined by the County pursuant to the Act; and

Whereas, The County has provided the City with a 2018 list of available properties that is updated by the County from time to time (the "2018 ROR List"); and

Whereas, The City has budgeted Six Hundred Eighty Seven Thousand Four Hundred Seventy Four and 00/100 Dollars

(\$687,474.00) in funding in the Housing & Development Department's Appropriation No. 00014 for use by the City in acquiring properties from the County under the aforementioned right of refusal (the "Acquisition Funds"); and

Whereas, Attached hereto in Exhibit A is a list of the properties that the City wishes to acquire (the "2018 ROR Properties") through its right of refusal for the minimum bid price stated for each respective property on the list (the "Purchase Price"); now therefore be it

Resolved, That Detroit City Council hereby approves acquisition of the 2018 ROR Properties from the County in exchange for the City's payment of the Purchase Price; and be it further

Resolved, That the Purchase Price shall be paid by the City with funds from Appropriation No. 00014; and be it further

Resolved, That in the event the County modifies the 2018 ROR List prior to August 10, 2018 by either adding or removing properties from such list, then the P&DD Director may modify the final 2018 ROR Properties by either adding or removing properties at the P&DD Director's sole discretion provided that the total Purchase Price does not exceed the Acquisition Funds amount; and be it further

Resolved, That in accordance with the foregoing, the P&DD Director, or his authorized designee, be and is hereby authorized to accept and record deeds to the City of Detroit for the 2018 ROR Properties, as well as execute any such other documents as may be necessary to effectuate transfer of the 2018 ROR Properties from the County to the City of Detroit for the Purchase Price; and

Be It Finally

Resolved, That the Finance Director is hereby authorized to increase the necessary accounts and honor expenditures and vouchers when presented in accordance with the foregoing communication and standard City procedures.

A WAIVER OF RECONSIDERATION IS REQUESTED.

With a focus on distributes generation. House Bills 5862 and 5863 are tie-barred to one another which means neither can take effect unless both are enacted. Specifically, each bill would:

- HB 5862: would remove, the provision of program applicability and add that, under the program, any customer of an electric utility or AES may generate electricity using an eligible electric generator interconnected with the local electric utility and operated parallel to the distribution system.
- HB 5863: would provide for alternative rates, for customers operating a distributed generation device that is not capable of generating 500 kilowatts or more.
- HB 5864: would remove the provision that an electric utility or alternative electric supplier (AES) is not required to allow for a distributed generation program that is greater than 1% of its average in-state peak load for the preceding five calendar years.
- HB 5865: would amend Public Act 3 of 1939, the Michigan Public Service Commission enabling act, to allow certain entities to establish microgrids in an effort to support critical facilities; and

WHEREAS, Council member Benson's Green Task Force has reviewed these bills and has concluded that their passage and implementation would be good for the environment for not only the city of Detroit, but the entire state of Michigan and recommends support for their passage; NOW, THEREFORE BE IT

**City Council

July 23, 2018

Honorable City Council:

Re: Resolution In Commemoration of Grandparents Raising Grandchildren Day

The Legislative Policy Division was requested to draft a resolution commemorating Grandparents Raising Grandchildren Day. A draft is attached for your review and consideration.

DAVID WHITAKER
Legislative Policy Division Staff

**RESOLUTION IN
COMMEMORATION OF
GRANDPARENTS RAISING
GRANDCHILDREN DAY**

By Council President Jones:

WHEREAS, Nearly six million children and 1.5 million grandparents currently live in grandparent-grandchild households. These households face unique daily challenges; and

WHEREAS, Grandparents caring for grandchildren provide a critical service for the benefit of the children and the children's parents, but also it provides a benefit to the public as well. It conserves public resources and it removes the debate over public responsibility; and

WHEREAS, Grandparent caregiving is not a new phenomenon: Kin care has historically been part of family life here in the United States. President Barack Obama familial experiences is one notable example of this practice; and

WHEREAS, Since the mid-1990s, several social conditions have caused the number of grandparents who are raising their grandchildren to increase significantly. Parental addiction and incarceration, child abuse and neglect, and economic factors all have contributed to a rise in the number of custodial grandparents; and

WHEREAS, As grandchild care has become more visible, concerns have arisen that these benefits may come at the cost of grandparents' well-being; and

WHEREAS, The impact of caring for grandchildren on grandparents' health is a particular focus of concern. Compared with non-caregiving peers, grandparents who are raising their grandchildren have more extensive health problems. Often the grandchildren's needs are prioritized over those of the grandparents — whether financial, time or energy — particularly when there are limited resources; and

WHEREAS, Despite these challenges, these grandparents gladly take on the charge of loving and caring for their grandchildren. The reward to the family is greater than the cost.

NOW THEREFORE BE IT

RESOLVED, That the Detroit Council in commemoration of Grandparents Raising Grandchildren Day, salute all grandparents who selflessly assume the responsibility of rearing the next generation of strong American citizens.

RESOLVED, That the Detroit City Council hereby declares the month of September 2018 "Grandparents Raising Grandchildren Month."

**RESOLUTION RECOGNIZING
 HUG DETROIT DAY**

By Council President Jones:
 WHEREAS, On August 24-25, 2013, Nicole "Sky Covington" Freeman and Sheila Everette-Hale sponsored the first two-day festival celebrating *Hug Detroit Day*, featuring family activities, music and live entertainment, art exhibitions and vendors, but most importantly, hugs, handshakes, caring and sharing of community to acknowledge the awesome people of Detroit; and

WHEREAS, The impact of, and the excitement generated by *Hug Detroit Day* was so well received by the community that it has been celebrated on the fourth Sunday of August each year since its inception. This year's *Hug Detroit Day*, planned for August 26, 2018, will show appreciation for the accomplishments of Detroit and its people, celebrating a day of non-violence, honoring those who have lost their lives to protect the community, and emphasizing all that we have in common — with a day of hugs.

NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council, in appreciation for the important sentiment promoted by this event, hereby designates the fourth Sunday of August as *Hug Detroit Day*, and recognizes Sunday, August 26, 2018, from 2:00 p.m. through 9:00 p.m., as the 6th Annual *Hug Detroit Day*, a big Love and Music Block Club Fest to be held on Iron and Meldrum Streets between Jefferson Avenue and Mt. **City of Detroit
 Legislative Policy Division
 July 25, 2018**

Honorable City Council:
 Re: Extension of Deadline to Exercise the Right of First Refusal.

The Legislative Policy Division was requested by Council President Pro-Tempore to draft a resolution to urge Wayne County to extend the deadline for the City of Detroit to exercise its right of first refusal on foreclosed residential property. The resolution is attached for your consideration.
 By Council Member Sheffield:

**RESOLUTION URGING WAYNE
 COUNTY TO EXTEND THE DEADLINE
 FOR THE CITY OF DETROIT TO
 EXERCISE IT RIGHT OF FIRST
 REFUSAL ON FORECLOSED HOMES**

Whereas, The Wayne County Treasurer

(WCT) has the obligation by law to seek forfeiture of real property located in Wayne County where the required taxes have not been paid pursuant to Public Act 206 of 1893, General Property Tax Act, MCLA, 211.78g. The WCT, in carrying out its duties under the General Property Tax Act, has undertaken the legally prescribed foreclosure proceedings of thousands of residential properties many of which are occupied and located within the Detroit City limits; and

Whereas, The General Property Tax Act affords the City of Detroit with an annual first right of refusal that allows the City to purchase the tax foreclosed property prior to the County presenting the properties for auction upon payment of a minimum bid amount determined by the County pursuant to MCLA 211.78m, which states in pertinent part:

If this state elects not to purchase the property under its right of first refusal, a city, village, or township may purchase for a public purpose any property located within that city, village, or township set forth in the judgment and subject to sale under this section by payment to the foreclosing governmental unit of the minimum bid. If a city, village, or township does not purchase that property, the county in which that property is located may purchase that property under this section by payment to the foreclosing governmental unit of the minimum bid. If property is purchased by a city, village, township, or county under this subsection, the foreclosing governmental unit shall convey the property to the purchasing city, village, township, or county within 30 days; and

Whereas, The City has developed a program that provides assistance to those occupying a tax foreclosed home in an effort to help stabilize Detroit neighborhoods. The program allows those who are either renters, victims of property scams, those with solvable probate issue and those who would have qualified for property tax reductions to purchase their home; and

Whereas, Under the program, the City purchases the tax foreclosed residential properties then transfers them to United Community Housing Coalition (UCHC). UCHC subsequently sells the properties to the occupants for the minimum bid amount plus a small administrative fee. UCHC activities are funded by the Quicken Loans Community Fund and other philanthropic partners up to an amount of \$5,000,000; and

Whereas, Owner-occupied homes can be repurchased for a price of \$1,000, while all other qualified purchasers may acquire the properties for an affordable price; and

Whereas, Additional time is needed for notification and assistance efforts to allow more homeowners the opportunity to take advantage of this program.

Now, Therefore Be It

Resolved, The deadline for this process has lapsed; therefore, the Detroit City Council strongly urges the Duggan Administration to request another extension of deadline until August 31, 2018, for the City of Detroit to exercise its Right of First Refusal and for occupants of foreclosed houses to apply to repurchase their homes;

Be It Finally

Honorable City Council:
 Re: Proposed Repeal of Chapter 18 of the 1984 Detroit City Code, *Finance Taxation*, by repealing Article V, *Purchases and Supplies*, Division 7, *Slave Era Records and Insurance Disclosure*.

At the request of the Director of the Office of Contracting and Procurement, the Law Department has prepared, and approved as to form, the attached proposed repeal for your consideration.

Please note that OCP Director Jackson has indicated this repeal will have a positive impact on increasing efficiency in the procurement process. In his estimation, this is a necessary reform. Further, Mr. Jackson has stated that in his six years with the City's Office of Contracting and Procurement, he has never known a single vendor to indicate that it had record of any "investments or profits from the slave industry."

Re: Request for LPD to provide a report on the Proposed Ordinance to Amend Chapter 18 of the 1984 Detroit City Code Repealing Article V

Based on the not too distant history of slavery in the United States of America, I am uncomfortable removing any reference and/or requirement related to slavery with respect to procurement and contracting with the City of Detroit.

To that end, I am requesting the

Legislative Policy Division prepare a report which addresses the following questions and concerns:

When was Article V established and for what purpose?

Since the codification of Article V, how many potential contractors have disclosed ties to slavery or profiting from insurance related to slavery?

Can the requirement of this disclosure, if an affirmative answer is given, result in the collection of data that could be used to support the argument for reparations?

What does the disclosure include? How are disclosures verified and by whom?

What burden does this requirement place on the Procurement Process?

Mass incarceration is considered the slavery of today, can the City amend Chapter 18 of the Detroit City Code to include a disclosure with respect to companies profiting off prison industrial complex?

 Re: Request to Amend the Official Compensation Schedule.

Recommendation is submitted to amend the 2017-2018 Official Compensation Schedule to include the pay range for the following General Services Department classification:

Class Code	Title	Current Salary Range	Proposed Salary Range
52-20-41	Senior	\$53,198 - \$61,295	\$60,061 - \$78,351
	Associate		
	Forester		

The above recommendation was occasioned by a request from the General Services Department.

To ascertain how the current salary compares with the market a survey of the following municipalities has been conducted: Ann Arbor MI, Chicago IL, Kansas City MO, Jacksonville FL, Memphis TN, Nashville TN, Toledo OH, and Onet.

Survey data reveals the classification is undercompensated. The mean average of the Senior Associate Forester is 10% below the market.

Based on the survey data Classification and Compensation recommends the above salary to align the classifications with the market as well as to ensure internal equity. The salary adjustment is essential for recruitment and retention purposes and it is

based on the City of Detroit's ability to fund the increase. The adjustment to the classification is subject to City Council approval.

Honorable City Council

Re: Request to Amend the Official Compensation Schedule

Recommendation is submitted to amend the 2018-2019 Official Compensation Schedule to include the pay ranges for the following new appointive Police Department classifications:

CLASS CODE	CLASS TITLE	SALARY
01-18-31	Police Executive I	\$65,166-\$105,934
01-18-32	Police Executive II	\$74,006-\$116,542
01-18-33	Police Executive III	\$76,170-\$127,255

The above recommendation was occasioned by a request from Chief James E. Craig.

The adoption of the new class titles and class codes will allow the Police Chief's appointment of civilian executives without the implication of "sworn" class titles. Currently, there is no classification distinction between sworn and civilian executives, which has caused some confusion when interacting with the public and media.

City Planning Commission

July 20, 2018

Honorable City Council:

Re: PCA (Public Center Adjacent/ Restricted Central Business District) Special District Review of exterior changes to 2 Washington Boulevard, The Former Pontchartrain Hotel (RESUBMITTAL — RECOMMEND APPROVAL).

REQUEST

The City Planning Commission (CPC) has completed its review of the Resubmitted request of Detroit Convention Center Hotel, on behalf of Opraedora de Servicios para Hoteles de Lujo, managed by Pontchartrain Detroit Hotel, commonly known as the Crowne

Plaza Hotel, for special district review for a proposed second tower and parking deck addition to the existing base located at 2 Washington Boulevard at the northeast corner of W. Jefferson Avenue and Washington Boulevard, located in Downtown Detroit.

The subject property is zoned PCA (Public Center Adjacent/Restricted Central Business District), a classification which calls for City Council approval of any exterior changes following the review and recommendation of the City Planning Commission (CPC) and the Planning and Development Department (PDD), Sections 61-3-186 and 61-11-97 of the City of Detroit Zoning Ordinance.

BACKGROUND

The building at 2 Washington Boulevard is owned by Opraedora de Servicios para Hoteles de Lujo, and operates as a 25-story hotel, with 367 guest rooms, including more than 60 suites, as well as an indoor pool, business center, ballroom and 11,000 square feet of meeting space.

In October of 2016, the Detroit City Council approved the site plans for the exterior alterations to the existing hotel by allowing a new one story, 11,000 square foot, 22'-6" tall glass, steel and EIFS ballroom addition at the terrace level.

In 2017 the applicant entered into conversations with both PDD and CPC staff regarding the proposed second tower. Several renderings for the proposed second tower were produced resulting in the fourth and final submission dated December 12, 2017.

The subject property consists of approximately 1.33 acres and sits at the intersection of Washington Boulevard and W. Jefferson Avenue encompassing the entirety of the block bounded by W. Larned Street to the north, Shelby Avenue to the east, W. Jefferson Avenue to the south, and Washington Boulevard to the west. The proposed project is anticipated to result in 448,301 square feet of new construction.

This matter was initially before your Honorable Body on Thursday, March 15, 2018, but was subsequently referred back to the City Planning Commission on April 19, 2018 for further review amidst public health and safety concerns regarding the operations of the existing hotel.

At the same time the matter was referred back to CPC it was also referred to the Buildings, Safety Engineering and Environmental Department and the Health Department to investigate allegations of a bed bug infestation. On April 25th the hotel was re-inspected at which time a previously existing service agreement was produced reflecting monthly and annual pest elimination plans. Thereafter, BSEED issued a Certificate of Compliance and provided a report to your Honorable Body (attached).

Additionally, the Health Department provided a report summarizing the findings of its most recent inspections of the hotel (attached). The report covers 2016-17 focusing mainly on the food service establishments. It also includes a response to an August 4, 2017 bed bug complaint. All issues were addressed at the time of inspection.

The details of these inspections may be found in the attached respective reports from each of the two departments.

At the Planning Commission meeting of June 7, 2018 the Commission reviewed this information and reaffirmed our recommendation of approval for this item and referred it back to the City Council for your consideration. At the Formal Session of June 19, 2018 this request for a PCA — Special District Review was denied by the City Council in a 2-7 vote.

Subsequently, on June 29, 2018 the applicant Opraedora de Servicios para Hoteles de Lujo resubmitted their request for PCA — Special District Review. Given that the reason for the denial by City Council did not cite any defect in the site plans, nor recommended changes, the Commission's review and recommendation of approval for the proposed second tower at 2 Washington Boulevard remains unchanged.

Given that the City, i.e. the Health Department and the Building, Safety Engineering and Environmental Department were satisfied with its findings upon re-inspection and no issues associated with the design or proposed construction of a second hotel tower on the site in question, the Commission reissues our recommendation for approval of the proposed expansion. As long as the hotel is employing industry standard practices and addressing circumstances as they arise, this issue should not impact operations beyond what other hotels experience in this market.

Since Council's action of June 19, 2018 which resulted in a denial of the proposed site plans for a second tower at the subject property, the petitioner has taken the initiative to reach out to and meet with representatives of Unite Here! Local 24, which has previously communicated to the Commission as well as City Council their concerns regarding the alleged operations and historic practices of the petitioner. The meeting in question did take on Tuesday, July 17, 2018 at 4:30 p.m. at 300 River Place Dr. in Detroit, Michigan. Representatives from both the Crowne Plaza Hotel as well as Unite Here! Local 24 were in attendance. No representative from the City of Detroit was in attendance as it was determined that it would be improper for a representative from the City of Detroit to be present at a meeting where conversations regarding collective bargaining to which the city is not a party

to might take place. An overview of the subject meeting was provided by Mr. Kenneth Cole a principle partner of Governmental Consultant Services, Inc., which serves as the City of Detroit's lobbyist in Lansing, Michigan, which has also been retained by the Detroit Crowne Plaza Hotel, in regards to the ongoing conversations with Unite Here! Local 24 around collective bargaining.

Those in attendance representing the Detroit Crowne Plaza Hotel were: Gerardo Carreno, Asset Manager for Thy Collection, which owns the hotel; John Sabbagh, the hotel General Manager; Lee Cote, the hotel Assistant General Manager; Shaun P. Ayer, Esq., the hotel's legal counsel from The Allen Group PC; and Mr. Kenneth Cole, a partner with Lansing-based multi-client lobbying firm GCSI.

Those in attendance representing Unite Here! Local 24 were: Nia Winston, President of Unite Here! Local 24; Joe Daugherty its Executive Vice President and Paul Jacobs as well as Ric Preuss, Business Representative for the International Brotherhood of Electrical Workers Local 58.

While this conversation is not germane to the site plans submitted to your Honorable Body for review, the Commission felt it important to convey this for your information as you deliberate on the appropriateness of the proposal under PCA Special District Review before you.

PROPOSED MODIFICATIONS

The developer proposes to construct a twenty-eight (28) floor hotel tower consisting of 3,040 square feet of ground floor retail, nine (9) levels of structured parking inclusive of a new motor lobby and terrace level consisting of 146 parking spaces, and nineteen (19) floors of guest rooms consisting of approximately 494 new guest rooms. The developer is exploring other hotel brands to manage the proposed tower, other than Crowne Plaza, as reflected in the signage of the submitted elevations, i.e., Belair. It is anticipated that the existing tower will remain under the Crowne Plaza brand utilizing the W. Larned Street entrance as the primary entrance for Crowne Plaza, and the W. Jefferson Avenue entrance for the new hotel chain.

The proposed tower measures 327 feet in height, which is permissible based on the cubical content ratio which would allow a tower of 390 feet in height given the 130-foot width of W. Jefferson Avenue.

The proposed development anticipates the expansion of the existing motor lobby by an additional 9,070 square feet. Additionally, approximately 3,040 square feet of ground floor leasable retail space is planned. Finally, 18,000 square feet of

additional event space is planned for the second tower, consisting of meeting space, office space, and retail (non-inclusive of the ground floor retail and existing restaurant).

CPC and PDD staff conducted a site visit with the Architectural Consult firm WSD, and the property manager of the Crowne Plaza Hotel on Tuesday, January 30, 2018, at which PDD offered its final recommendations regarding the proposed exterior alterations. The proposed project has been jointly reviewed by PDD and CPC. Renderings of the proposed addition are attached for your review.

CPC REVIEW

Section 61-11-97 of the Detroit Zoning Ordinance, "PCA District review criteria" lists 18 criteria which must be taken into consideration when a proposal is being reviewed for consistency with the spirit, purpose and intent of the PCA district. The site plans as presented meet the criteria as it relates to exterior design, appearance and exterior alterations.

Additionally, Sec. 61-3-186 — Design information required for special district review and approval must jointly be reviewed by CPC and PDD per the requirements of Article III, Division 6 — Special District Review.

Below please find staffs detailed analysis regarding the 18 PCA district review criteria, as well as the 13 special district review and approval criteria.

PCA DISTRICT REVIEW CRITERIA

(1) *The proposed development should reflect applicable policies stated in the Detroit Master Plan;*

The Detroit Master Plan of Policies cites the subject property's Future General Land Use as Major Commercial. Because the subject property is zoned PCA and located in the Central Business District, it is subject to several development criteria as outlined by the Detroit Master Plan.

Retail and Local Services

The 2009 Master Plan of Policies states in part:

"The Central Business District is a regional destination served by freeways and mass transit; i.e., DDOT, SMART, FAST and the International Shuttle Service between Windsor and Downtown Detroit. Residential development is increasing through the area. But, the Central Business District until recently has lacked regional retail to serve the region and its growing residential population, although the desired retail is still void in the PCA District."

Goal 3 of the Central Business District Master Plan is to increase the vitality of commercial thoroughfares. Policy 3.1 is to promote the conservation and revitalization of retail nodes through business improvement and retention programs in

Greektown, Renaissance Center (GM Building), Millender Center, Broadway-Randolph and Washington Boulevard.

As it relates to City Design, views and vistas to downtown and along the river front impact impressions and provide orientation. As the hub of the metropolitan region, the Central Business District's appearance creates a significant impression about the entire region. The Central Business District's activity nodes lack identity and distinction.

The proposed addition to the historically significant structure meets the policy objectives of the Master Plan, by implementing architectural elements which add to the commercial activity at one of the Central Business District's commercial nodes; maintains and to an extent increases views to the Detroit River; and connects directly to one of the region's largest entertainment venues via COBO Conference Center. While direct views to the river are proposed to be enhanced on the subject property, the developer has been asked to reach out to adjacent property owners, whose views may be adversely affected as a result of the proposed tower, i.e., The Foundation Hotel, The Marquette Building, and 211 W. Fort Street.

(2) Scale, form, massing and density should be appropriate to the nature of the project and relate well to surrounding development;

The scale, form, massing and density of the proposed tower appear to be appropriate and relate well to the surrounding developments. The proposed tower is an expansion of the existing Crowne Plaza high-rise hotel, formerly the Hotel Pontchartrain, which was initially built in 1965. The drawings incorporate revised sheets A210, A220 and A230, which were submitted with a list of materials anticipated to be used in the second tower, inclusive of black spandrel glass, aluminum framing, green tinted glass, stone cladding, and EIFS to match the existing building accent band.

(3) The proposed development should be compatible with surrounding development in terms of land use, general appearance and function and should not adversely affect the value of adjacent properties;

The proposed development is consistent and compatible with surrounding developments. The developer has been asked to make contact with the Downtown Partnership to discuss the proposed development. Per the 1965 plans for the Pontchartrain Hotel the subject property was always intended to be developed with two towers. The new tower could have an adverse impact on the property values of three specific properties, i.e., Foundation Hotel, The Marquette Building, and W. 211 Fort Street, considering that some

southern exposure and riverfront views of the Detroit River from those buildings will be obstructed. However, the proposed height of the second tower is permissible per Sec. 61-13-121.

(4) Vehicular and pedestrian circulation facilities should be adequately designed to meet expected demands; disruption of traffic flow in surrounding areas should be minimized; truck traffic should be carefully planned and controlled;

While there is no parking requirement, generally, in the Central Business District, the total number of off-street parking spaces proposed is 256. Currently, there are thirty (30) parking spaces on site for the existing 367 rooms. A parking agreement is currently in place with COBO Conference Center to meet the petitioner's current parking needs. In regards to the proposed tower, the question has been raised with the developer if the parking tower will be valet only, self-park, or a combination thereof. The site plan sheet A111 does not clearly show how vehicles gain access to the parking deck. Sheet A121 shows travel lanes for ingress and egress from the motor lobby, however for the upper deck levels the traffic flow patterns and the location of the parking spaces are unclear. A set of drawings showing only the traffic flow patterns has been requested. Additionally, as it relates to the parking deck, a request has been made for additional information regarding the ventilation system.

(5) Adequate vehicular off-street parking and loading should be provided, where appropriate;

Hotels typically require three (3) parking spaces per 4 guest rooms. Given the room count of the existing 367 rooms plus the anticipated 494 rooms, a total number of 646 spaces would normally be required. An additional 67 spaces would be required for the 6,820 square feet of restaurant space and twenty (20) additional spaces for the Tabacci & Coffee Shop, resulting in a total of 733 spaces.

Parking will be above grade consisting of parking on levels 3 through 9 with guest rooms beginning on levels 10 through 28. It is anticipated that the on-site parking will exclusively be valet parking.

(6) Adequate public and private open space should be provided for light and air, landscaping, and, where appropriate, for passive and active recreation;

The current renderings show the new tower being built to the lot line along W. Jefferson Ave, and Washington Boulevard, which does not afford any space for open or outdoor recreational facility. An existing open space component is provided in the form of a patio along W. Jefferson Avenue just east of the exiting entrance.

(7) Adequate rights-of-way, easements

and dedications should be provided where appropriate for trafficways, utilities and community facilities;

Given that the proposed tower will be built to the lot lines on the existing pedestal, right-of-way, easements, and dedications, trafficways, utilities, and community facilities will not be affected long term. It is anticipated that there will be temporary disruptions along Washington Boulevard when a proposed skywalk linking the hotel to Cobo Conference Center is under construction.

(8) Public access should be provided where appropriate, including provision of adequate right-of-way for the continuous pedestrian/bicycle pathway being developed along the Detroit River;

The existing bike lanes along W. Jefferson Avenue and Washington Boulevard will not be affected long term. There may be some disruption to cycling traffic during construction.

(9) Appropriate buffering and screening of service, loading, refuse collection, mechanical and electrical equipment and parking areas should be provided;

The existing service, loading, refuse collection areas will service the proposed addition, new mechanical and electrical equipment serving the proposed tower will require appropriate screening. The proposed parking deck will be entirely enclosed and will not adversely impact adjacent properties.

(10) Careful consideration should be given to orientation for solar access to both the proposed project and surrounding development;

The glass specified for the proposed tower will prevent glare to adjacent properties. In regards to solar access a shadow study has been requested to show the effects of the new tower on surrounding properties.

(11) Signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner;

The graphics provided were void of signage with the exception of a "Belair" graphic. CPC staff has communicated to the developer that actual signage and graphics should be generated in order for staff to perform the needed calculations to determine the appropriateness of the proposed signage.

(12) Security considerations, especially avoidance of visually isolated public spaces, should be a major element of the design program;

There will be no visually secluded or isolated areas outside of the parking deck, which is anticipated to have security cameras, per the head of hotel security, Mr. Webster.

(13) Barrier-free access and public safety features should be carefully planned;

In regards to barrier free access, the new tower will be ADA compliant. The primary entrance will remain the existing entryway off of W. Jefferson Avenue.

(14) Preservation/restoration of buildings having architectural or historic value should be considered a primary objective;

CPC staff is of the opinion that the proposed creation of the new tower enhances the existing structure which is historically significant as illustrated in Michigan Modern as a contributing building to the Financial District Historic District. PDD staff had stated its desire to have the base of the existing tower extended to the lot line along W. Jefferson Avenue, however, CPC staff believes that this requested alteration would be contrary to this review criterion, and has no bearing on the proposed modification before your Honorable Body at this time. PDD subsequently concurred with CPC staff.

(15) Urban design elements of form and character should be carefully considered; such elements include, but are not limited to: richness/interest of public areas through the provision of storefronts, window displays, landscaping, and artwork; color, texture and quality of structural materials; enclosure of public spaces; variations in scale; squares, plazas and/or "vest pocket parks" where appropriate; continuity of experience, visual activity and interest; articulation and highlighting of important visual features; preservation/enhancement of important views and vistas;

While PDD generally encourages adherence to the basic urban design principle of maintaining a continuous datum of buildings along the street frontage, they acknowledge the historic significance of the subject building/property, and in doing so, take no exception to the design as submitted by the petitioner.

(16) Special attention should be given to amenity and comfort considerations such as provision for outdoor seating, restrooms for public use, bicycle storage, convenience of access points and protection from harsh weather through such features as enclosed walkways and arcaded pedestrian areas;

Existing amenities inclusive of the porte cochere, outdoor patio and lobby area will be shared with the proposed tower, as none of the aforementioned elements are being contemplated as elements for the proposed development.

(17) Careful attention should be given to ease of maintenance of the completed project; snow removal,

mowing, cleaning, and other maintenance and repair operations should be considered;

There are currently provisions in place to handle snow removal which are being implemented within the current footprint of the existing facility.

(18) Phasing, staging and interim circulation patterns should be well-planned so as to minimize disruption during the construction period.

Phasing, staging and interim circulation will be comparable to what is presently being implemented with the construction of the ballroom addition. Staging is taking place along W. Jefferson Avenue with the right travel lane closed to through traffic. One lane of traffic remains open. Comparably, staging along Washington Boulevard will be similar to that of the Marquette Building with one travel lane remaining open.

CONCLUSIONS AND RECOMMENDATIONS

In regards to the Special District Review and approval criteria, all applicable criteria have been and/or are being addressed.

The site plans submitted by the petitioner include the required:

- (1) Survey indicating existing on-site utility easement(s) and installation location(s), public rights-of-way and any other significant features or development constraints;
- (2) Outline of subject parcel with all adjacent and abutting public right-of-way lines;
- (3) Layout and configuration of all buildings and their use presently existing on the subject parcel as well as those within 100 feet of the subject parcel;
- (4) Layout and configuration of all proposed buildings and existing buildings to remain on the subject parcel and their uses;
- (5) Layout and configuration of proposed parking area(s), access road(s), and screening, as well as vehicular and pedestrian circulation patterns within and adjacent to the site;
- (6) Sign location(s) and detail(s);
- (7) Landscaping plan indicating caliper (existing caliper or caliper at time of planting), species and location of such, and indicating which are existing and which are to-be planted;
- (8) Location and design of street furniture, outdoor lighting fixtures, landscape structures, artwork, and/or other amenities;
- (9) Location of alleys and/or streets to be vacated and/or dedicated;
- (10) Location of all outside trash or rubbish storage areas, loading and servicing areas and mechanical and electrical equipment;
- (11) Location and type of any walls, fences or other barricades;
- (12) Major elevations and plans of all

proposed building(s), indicating the exterior materials to be used, architectural features, colors and textures; and

(13) Any other information needed to demonstrate compliance with the design criteria listed herein.

Based on the above analysis, CPC acted on July 19, 2018 recommending approval of the proposed drawings prepared by Stephen Berry Architectural Design and dated December 12, 2017 for the second tower and parking deck for the Crowne Plaza Hotel located at 2 Washington Boulevard as. This approval is conditioned upon the final site plans, elevations, landscaping, lighting and signage plans being submitted to the staff of the City Planning Commission for review and approval for consistency with the authorized plans prior to application being made for applicable permits. This report also conveys the concurring recommendation of the Planning and Development Department.

Attached for your consideration is a resolution authorizing the BSEED to issue permits for the work related to the attached plans.

April 25, 2018

Honorable City Council:

Re: 2 Washington Boulevard Street, Commonly Known As Crowne Plaza Hotel.

Pursuant to your request for Buildings, Safety Engineering and Environmental Department (BSEED) to address your concerns regarding property located at 2 Washington Boulevard, we submit the following:

A recent inspection was performed by our Property Maintenance Division on

April 19, 2018, and violations were found to exist. An emergency correction order was issued to the owner of record to rid the premises of bedbugs, take proper precautions to prevent re-infestation, provide documentation that a licensed contractor has been obtained to provide service on these premises, and comply with all other requirements of the City of Detroit Property Maintenance Code.

An emergency re-inspection was conducted on April 25, 2018, and the owner submitted documentation of a service agreement from Ecolab Pest Elimination to treat 61 rooms monthly at Crowne Plaza Hotel and ensure that every guest room at the property is inspected and treated twice per year as part of their Hotel Protect Premium Plus Program. A Certificate of Compliance was issued by BSEED for complying with the requirements of the City of Detroit Property Maintenance Code.

If there are any questions regarding this matter, do not hesitate to contact me.

Respectfully submitted,

Re: Crowne Plaza Hotel (2 Washington Blvd.) Health Inspection reports.

The Health Department is pleased to respond to your request for information on the outcome of recent health inspections at the Crowne Plaza/Pontchartrain Hotel, located at 2 Washington Blvd. A summary of our Findings is below:

Pontchartrain Tabbacci Coffee House

The most recent inspection was conducted on 3-28-17. At the time of inspection, the Tabbacci House had some cold-holding food items that were out of temperature for more than 4 hours, which were discarded at time of inspection. The hand washing sink was blocked at the time of inspection, with a water pitcher in the sink, which was removed at time of inspection. The display cooler was holding at 60F. Coolers should be holding at 41 degrees Fahrenheit to help all food items stay at or below the required temperature.

The inspector educated the person in charge about cold holding procedures and went over the facility's SOPs for cold holding to ensure the person in charge was following the proper procedures. Ensured that the person in charge was aware of equipment that was not working and required it to get fixed. All priority and priority foundation violations were corrected at the time of inspection. Next inspection will be conducted in early May.

Pontchartrain Top of the Ponch

The restaurant has been closed. However, the last inspection was conducted on 10-9-17 because they keep their food service license current to occasionally use the space for meetings and hold food in the coolers during those meetings.

During the inspection, expired food was found in the coolers as well as food items that were opened with no date marked. Some of the floors were soiled, as were some top loader areas and the prep counters. The person in charge discarded the expired food and food missing a date.

The inspector ensured that the person in charge had appropriate SOPs and understood proper cleaning procedures. All priority and priority foundation violations were corrected at time of inspection.
