City Planning Commission

October 19, 2018

Honorable City Council:

Re: Special District Review of Proposed Wall Sign at Renaissance City Club Apartments/Millender Center (RECOMMEND APPROVAL).

At its regular meeting of October 18, 2018, the City Planning Commission (CPC) voted to recommend approval of

an 800 square foot illuminated wall sign proposed by SDG Architects + Planners identifying the Renaissance City Club Apartments (RCCA) and to be displayed at the uppermost point of the western elevation of the Millender Center.

The sign will be a static, non-programmable channel letter sign with LED lighting that will not change colors and will not suggest motion and will be equipped with an ambient light sensor. An image of the proposed sign is attached.

Per the requirements of Article III, Division 6 of the Detroit Zoning Ordinance, the City Planning Commission and the Planning & Development Department have reviewed the proposed sign and have found it in compliance with the on-premises sign provisions of Chapter 3, Article VII.

Because the land on which the sign is displayed is zoned Public Center Adjacent/Restricted Central Business District (PCA), your Honorable Body has the authority to allow an excess of the usual 500 square foot maximum for on-premises signage. CPC and P&DD find that with the addition of the proposed sign, the RCCA at Millender Center would still be within the sign area formula and that the excess over 500 square feet would be appropriate given the size of the building and the parcel.

The CPC and P&DD also find that the proposed sign satisfies the applicable approval criteria for PCA special district review, as provided in Sec. 61-11-97. A resolution is attached, authorizing the Buildings, Safety Engineering and Environmental Department to issue a permit to SDG, subject to final plan review by CPC staff.

Respectfully submitted,
ALTON JAMES
Chairperson
MARCEL R. TODD, JR.

Staff

A resolution by Council Member Tate:

Whereas, SDG Architects + Planners has petitioned to display an 800 square foot, non-programmable, illuminated channel-letter wall sign at the uppermost point of the western elevation of the Renaissance City Club Apartments (Millender Center); and

Whereas, Chapter 3, Article VII of the Detroit City Code customarily limits on-premises signage to a maximum of 500 square feet except where City Council review and approval is required; and

Whereas, The property is located at 555 Brush Street between East Larned and East Congress Streets on land zoned Public Center Adjacent/Restricted Central Business District (PCA), a zoning district in which City Council has review and decision-making authority; and

Whereas, The Detroit Zoning Ordinance mandates "special district review" and recommendation by the City Planning Commission and the Planning and Development Department to City Council of all exterior modifications to buildings on land zoned PCA; and

Whereas, The City Planning Commission and the Planning and Development Department have reviewed the proposed sign in light of the specified approval criteria as provided in Sec. 61-11-97 of the Detroit Zoning Ordinance; and

Whereas, The petitioner has confirmed to the City Planning Commission that: the LED-illuminated, static sign will be equipped with an ambient light sensor; that only the wording, "Renaissance City Club Apartments," will be displayed on the sign together with a flag and star logo; the colors of which wording and logo will not change; and the sign will be free of animation or movement; and

Whereas, The City Planning Commission and Planning and Development Department find the proposed sign to comport with the provisions of Chapter 3, Article VII and the special district review and approval criteria of Article III, Division 6 and Sec. 61-11-97 of the Detroit Zoning Ordinance and recommend approval of the petition for said sign; and

Whereas, The City Planning Commission voted at its regular meeting of October 18, 2018 to recommend approval of such sign; Now Therefore Be It

Resolved, The Detroit City Council approves the recommendation of the City Planning Commission and Planning and Development and authorizes the Buildings, Safety Engineering and Environmental Department to issue a sign permit for an 800 square foot, nonprogrammable, illuminated channel-letter wall sign at the uppermost point of the western elevation of the Renaissance City Club Apartments (Millender Center) at 555 Brush Street on land zoned PCA, consistent with the plans and renderings by SDG Architects + Planners dated October 15, 2018, provided such sign is equipped with an ambient light sensor and subject to final approval of the sign permit application by City Planning Commission staff.

City Planning Commission

October 26, 2018

Honorable City Council:

Re: PCA (Public Center Adjacent) Special District Review of exterior changes of 525 Griswold Street, The Buhl Parking Garage. (RECOMMEND APPROVAL).
The City Planning Commission (CPC) has received the request of The Detroit

Sign Factory, LLC on behalf of Bedrock Management Services, LLC for a proposed signage and wayfinding plan update.

REQUEST

The Buhl Garage is located at the northwest corner of Griswold and Larned and currently has over 600 square feet (sq. ft) of existing on premise signage. The existing signage consists of metal directional signs as well as painted signs. Additionally there are two (2) double sided blade signs on the corner of Griswold and Larned and also above the entrance of the Larned Street frontage.

The request is to replace and consolidate the signage that currently exists on the structure into a more aesthetically pleasing and cohesive package, reducing the total amount of sign area significantly. The request calls for 180 square feet of business signage, which is represented by the single proposed "BUHL GARAGE" blade sign (4'6" w X 20' h). Other signage proposed in the package is considered 'directional signage, which is not included in the total square footage of business sign area calculated per Sec. 3-7-6 of City Code.

CONCLUSIONS AND RECOMMENDATION

CPC staff has worked with the petitioner and made minor modifications to the signage package that CPC is now presenting to your Honorable Body. CPC staff is supportive finding the package to be in accordance with City Code. The Planning and Development Department has also reviewed the matter indicated its support to CPC staff.

The City Planning Commission bylaws allow staff to review "minor exterior alterations in the PD, PC and PCA zoning district" and take action on behalf of the Commission. As the CPC staff has deemed the proposed changes constitute a minor exterior alteration, we have reviewed the proposed work and find the signage to be consistent with the existing architecture of the building and the surrounding context. Furthermore we find the changes to be consistent with the spirit and intent of the PCA zoning classification. Therefore, CPC staff recommends approval of the proposal presented in the attached PDF file. A resolution to that effect has been drafted and attached for Your consideration.

Whereas, The City Planning Commission has received a sign permit application from The Detroit Sign Factory, LLC on behalf of Bedrock Management Services, LLC for property located at 525 Griswold Street, The Buhl Parking Garage, which is

located within a PCA (Public Center Adjacent District) zoning classification; and

Whereas, Section 61-11-96 of the Detroit Zoning Ordinance requires City Council approval of such work after review by the City Planning Commission and the Planning and Development Department; and

Whereas, The proposed signs have been properly reviewed and found to be complementary to the architecture of the building, consistent with the provisions of Chapter 3 of the City Code and also consistent with the spirit and intent of the PCA zoning district classification; and

Whereas, The City Planning Commission staff has, on behalf of the City Planning Commission, recommended approval of the proposed working in accordance with Section 7.5 of the City Planning Commission bylaws; and

Now, Therefore, Be It Resolved, that the Detroit City Council approves the design and appearance of the proposed replacement signage package as described and reviewed in the foregoing communication from the City Planning Commission staff and depicted in the drawings dated August 2018 and updated October 17, 2018, attached hereto.

¹Section 3-7-6 states that (1) Except for parking structures within developments that require city council approval of plans, the maximum total business sign area permitted on parking structures is two-hundred (200) square feet. (2) Signs denoting hours and rates that are required by section 39-2-49 of this Code for parking structures licensed as open parking stations shall not be counted against the total business sign area allowance. (3) Directional signs designating entrances and exits of a parking structure shall not be included in the total business sign area allowance.

Re: Bridging Neighborhoods Program.
Authorization to Acquire 5637 Anthon in exchange for 2007 Oakdale.

The Bridging Neighborhoods Program (the "Program") is now being offered to eligible homeowners in identified areas of Detroit, who currently occupy their homes and are directly affected by the Gordie Howe International Bridge Project.

Under the Program, these homeowners are being given the opportunity to purchase a Program renovated home ("Program Home") from the Detroit Land Bank Authority ("DLBA") for \$1.00 and the Program Buyer deeding their Exchange Eligible Home directly to the City. In July 2017, your Honorable Body approved the Program, including the acceptance of each identified Exchange Eligible Home by the City from the Program Buyer. The City would then demolish and clear these acquired properties for future non-residential uses, including landscape buffering and commercial/industrial uses.

Renee Rose and Ricky Owens (the "Program Buyer") are the owner occupants of 5637 Anthon, which has been confirmed as an Exchange Eligible Home under the Program. Pursuant to the Program guidelines, the City has agreed to renovate 2007 Oakdale (the "Program Home") and to sell 2007 Oakdale to Ms. Rose and Mr. Owens for the amount of One and 00/100 Dollar (\$1.00). 2007 Oakdale is a tax foreclosed property acquired by the City from the Wayne County Treasurer in 2017 and yet to be transferred to the DLBA.

The renovation ("Rehabilitation Work") of the Program Home by the City shall be such that the Program Home is move-in-ready and in compliance with City of Detroit building codes. The City, at its sole discretion, shall determine the scope and sufficiency of the Rehabilitation Work.

We, therefore, request that your Honorable Body adopt the sale, inclusive of the acquisition by the City of the Exchange Eligible Home, 5637 Anthon, and authorize the Planning and Development Department Director, or his authorized designee, to issue a quit claim deed to the property and such other documents as may be necessary to effectuate the sale of the Program Home, 2007 Oakdale, to Renee Rose and Ricky Owens, for the amount of \$1.00.

Honorable City Council:

Re: Bridging Neighborhoods Program Authorization to Acquire 1009-1011 McKinstry in exchange for 2408 Rieden.

The Bridging Neighborhoods Program (the “Program”) is now being offered to eligible homeowners in identified areas of Detroit, who currently occupy their homes and are directly affected by the Gordie Howe International Bridge Project.

Under the Program, these homeowners are being given the opportunity to purchase a Program renovated home (“Program Home”) from the Detroit Land Bank Authority (“DLBA”) for \$1.00 and the Program Buyer deeding their Exchange Eligible Home directly to the City. In July 2017, your Honorable Body approved the Program, including the acceptance of each identified Exchange

Eligible Home by the City from the Program Buyer. The City would then demolish and clear these acquired properties for future non-residential uses, including landscape buffering and commercial/industrial uses.

Patricia Moreno-Garcia (the "Program Buyer") is the owner occupant of 1009-1011 McKinstry, which has been confirmed as an Exchange Eligible Home under the Program. Pursuant to the Program guidelines, the City has agreed to renovate 2408 Rieden St. (the "Program Home") and to sell 2408 Rieden to Ms. Moreno-Garcia for the amount of One and 00/100 Dollar (\$1.00). 2408 Rieden is a tax foreclosed property acquired by the City from the Wayne County Treasurer in 2017 and has not been transferred to the DLBA.

The renovation ("Rehabilitation Work") of the Program Home by the City shall be such that the Program Home is move-in-ready and in compliance with City of Detroit building codes. The City, at its sole discretion, shall determine the scope and sufficiency of the Rehabilitation Work.

We, therefore, request that your Honorable Body adopt the sale, inclusive of the acquisition by the City of the Exchange Eligible Home, 1009-1011 McKinstry, and authorize the Planning and Development Department Director, or his authorized designee, to issue a quit claim deed to the property and such other documents as may be necessary to effectuate the sale of the Program Home, 2408 Rieden, to Patricia Moreno-Garcia, for the amount of \$1.00.

Respectfully submitted,

Honorable City Council:

Re: Address: 9100 Kercheval. Name: SNL Acquisitions, LLC. Date ordered removed: March 4, 2014. (J.C.C. pgs. 253-265).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection on October 11, 2018 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the 1st deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date that notice was provided to the applicant of the City Council decision.

2. The owner must contact BSEED to request a progress inspection within forty-five (45) calendar days from the date of the rehabilitation permit and thereafter submit inspection reports every forty-five (45) calendar days to BSEED to demonstrate progress during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected and be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding three (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection on October 4, 2018 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the 1st deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date that notice was provided to the applicant of the City Council decision.

2. The owner must contact BSEED to request a progress inspection within forty-five (45) calendar days from the date of the rehabilitation permit and thereafter submit inspection reports every forty-five

(45) calendar days to BSEED to demonstrate progress during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected and be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding three (3) deferrals must be made by petition to City Council through the office of the City Clerk.

RESOLUTION IN SUPPORT OF SOLID WASTE REDUCTION AND RECYCLING GOALS AND BENCHMARK FOR THE CITY OF DETROIT

By Council Member Benson:

Whereas, There is growing recognition that municipalities have an important role to play in addressing global challenges: challenges of waste, climate change, environmental degradation. Waste reduction is key to resource conservation, sustainability, quality of life for future generations and climate change; and

Whereas, Mayor Duggan was among the 407 U.S. mayors coalition to adopt, honor and uphold the Paris Climate Agreements to reduce greenhouse gases (GHGs); and

Whereas, Climate change has been known to have a negative impact/effect on cities throughout the U.S. and will impact Detroit residents as well, with extreme heat and cold weather events, basement flooding and property damage; and

Whereas, The Intergovernmental Panel on Climate Change (IPCC), in October 2018, released a report indicating devastating consequences by 2040 from projected climate warming by 2.7 degrees Fahrenheit; prevention of those consequences will only come by reducing GHGs 45% by 2030; and

Whereas, The International Solid Waste Association estimates that when all

waste management actions — including disposal, recycling, composting and treatment — are considered, the waste sector could cut 10 to 15% of GHG emissions globally. When actions to reduce waste generation are also taken into account, the sector could reduce up to 20% of global emissions; and

Whereas, Recovered materials are undervalued commodities, and the benefits of recycling will not accrue until communities, governments, businesses and other organizations cease externalizing the social and environmental costs associated with discarding recoverable materials; and

Whereas, The City, through the Office of Sustainability, is working to create a *Sustainability Action Agenda*. City Council reacted positively to the presentation by the Green Task Force in May which urges *Systems and protocols for universal city-wide recycling, waste diversion goals and recycling benchmarks*; and

Whereas, Currently the City of Detroit through recycling programs and yard waste collection diverts only 4% of refuse from disposal; C40, a "network of the world's megacities committed to addressing climate change", announced that 23 global cities — including Paris, London and Copenhagen — have signed the organization's *Advancing Towards Zero Waste Declaration* promising to reduce waste sent to landfills or waste-to-energy facilities by 50% by the year 2030, lower per capita output by 15%, and increase their diversion rates to 70%; and

Whereas, The City has shown leadership in supporting the growth of curbside recycling in Detroit via outreach through Green Living Science (GLS) and Zero Waste Detroit (ZWD), access to individualized waste collection schedules on the DPW website, and the online *Recycling Quiz*. Now more than twenty-five percent of eligible residents participate in the curbside recycling program; and

Whereas, Multi-family residential units, however, are not required to offer recycling options and businesses are not required to reduce or recycle; the City also does not have an organics collection in place. These are measures that could alleviate the odor concerns caused by waste flows into the incinerator, as well as provide a local product for use in gardening and landscaping; and

Whereas, Now, as the City is preparing an RFP for waste hauling, is the time to re-imagine how Detroit "materials management" can look in 10 years — how Detroit can shift from a primary task of waste and recycling collection to one of robust citizen education and motivation toward energy and resource conservation, encouraging Detroit to design for waste reduction, recycling and resource conservation; and

Whereas, The future is now. The City is rolling out a wide-ranging transit plan for biking, speed bumps, and traffic slowing schemes. Waste reduction and recycling success also requires design with a long-term vision; now is the opportune time to plan: 2019 waste hauling contracts; 2020 universal recycling ordinance for apartments and businesses; 2020 sustainable event mandates; and

Whereas, Waste diversion can bring economic benefits, such as a City-owned materials recovery facility (MRP). Setting goals for recycling sends a signal to the market and users of recovered materials, which leads to economic development opportunities. Now, Therefore Be It

Resolved, That the Detroit City Council supports and is committed to working with the Administration to accomplish the following:

- Establish waste diversion goals of 10% by 2020, 25% by 2025, and 50% by 2040;
- Set a Timeline for both waste reduction and waste diversion;
- Incentivize residents (single and multi-family) and businesses to work toward these goals;
- Support the Plan with a budget and aligning ordinances;
- Communicate the goals and timeframe with ongoing postings of progress toward the goals;
- Set this effort as part of a GHG reduction benchmarks and goals for the City.

City Council strongly encourages the Administration to adopt and implement this plan and benchmarks by April of 2019. And, Be It Further

Resolved, That a copy of this resolution be transmitted to Mayor Mike Duggan.

Adopted as follows:

Yeas — Council Members Ayers, Castaneda-Lopez, Leland, McCalister, Jr., Spivey, Tate and President Jones — 7.

Nays — None.

*WAIVER OF RECONSIDERATION (No. 27) Per motions before adjournment.

**RESOLUTION TO ESTABLISH
NOVEMBER 15, 2018, AS
AMERICA RECYCLES DAY
IN THE CITY OF DETROIT, MICHIGAN**
By Council Member Benson:

Whereas, Each year, the United States generates more than 258 million tons of municipal solid waste — more than 4 pounds per person per day. According to the Environmental Protection Agency, our nation has reached an overall recycling rate of 34.6 percent. Each year, our national recycling rate:

- Sends 89 million tons of material to a useful second life instead of the landfill;
- Saves the same amount of energy consumed by over 10 million US households in a year;

• Avoids greenhouse gas emissions equivalent to removing more than 38 million cars from our roads;

But, much more can be done. And,

Whereas, To focus the nation's attention on the importance of recycling, businesses, industries, government agencies, nonprofit organizations, and individuals have joined together to celebrate America Recycles Day and are encouraging friends, neighbors, and coworkers to pledge to learn more about recycling options in their community and commit to recycle more materials every day of the year; and

Whereas, Participating in *America Recycles Day 2018* is one way citizens can help raise awareness about the many environmental and economic benefits of reducing waste by reusing, recycling, and buying recycled-content products; and

Whereas, City of Detroit leaders can also use this as an opportunity to spread the word about the excellent recycling programs that have been established, the growth of markets for recyclable materials, and the importance of buying and job creating recycled products. Now, Therefore Be It

Resolved, That the Detroit City Council hereby proclaims Thursday, November 15, 2018 as *America Recycles Day* in the City of Detroit.

Adopted as follows:

Yeas — Council Members Ayers, Castaneda-Lopez, Leland, McCalister, Jr., Spivey, Tate and President Jones — 7.

Nays — None.

Honorable City Council:
Re: Correction of Sales Resolution
Brush Park South Development

On September 13, 2016, your Honorable Body approved the sale of certain City of Detroit properties generally bounded by John R., Division, Brush, Winder and the Chrysler Service Drive ("Properties") to RHEAL Capital Management, LLC ("Purchaser"), a Delaware limited liability company, for the Brush Park South development project (the "Project"). The City anticipates that sale of the Properties will close this Winter.

In anticipation of the closing, the Purchaser has requested that conveyance of the Properties be to a Michigan single-purpose entity created specifically for the Project. The name of this entity is Brush Park South Owner LLC, a Michigan limited liability company.

Additionally, we discovered errors in the legal descriptions of the Properties such that: 1) land should have been added from certain right-of-way vacations approved by this Honorable Body on July 12, 2016 for the Project and 2) land should have been removed that is for the intersection improvements at the Eastbound Fisher Freeway Service Drive and Beaubien Street. The original and revised legal descriptions are included in the attached resolution as Exhibits A-I and A-II respectively.

We, therefore, hereby request that your Honorable Body adopt the attached resolution that amends the above referenced sales resolution to: 1) reflect a name change in the purchaser from RHEAL Capital Management, LLC to Brush Park South Owner LLC and 2) replaces the legal descriptions for the Properties to address the aforementioned errors.

Respectfully submitted,
MAURICE COX
Director

Planning & Development Department
By Council Member Tate:

Whereas, On September 13, 2016, your Honorable Body adopted that certain resolution that approved the sale by development agreement of certain City of Detroit properties (the "Resolution") generally bounded by John R., Division, Brush, Winder and the Chrysler Service Drive and as further described in the attached Exhibit A-I (the "Properties") to RHEAL Capital Management, LLC ("Purchaser"), a Delaware limited liability company; and

Whereas, The legal descriptions of the Properties in the Resolution contained several errors such that: 1) land should have been added from certain right-of-way vacations approved by this Honorable Body on July 12, 2016 for the

Project and 2) land should have been removed that is for the intersection improvements at the Eastbound Fisher Freeway Service Drive and Beaubien Street; and

Whereas, The corrected legal descriptions for the Properties that address such errors are attached hereto as Exhibit A-II (the "Corrected Legal Descriptions"); and

Whereas, The Purchaser has requested that the Properties now be conveyed to a Michigan single-purpose entity created for the Project named Brush Park South Owner LLC, a Michigan limited liability; and now therefore be it

Resolved, That the Resolution is hereby amended such that: 1) the Purchaser's name be amended from RHEAL Capital Management, LLC to Brush Park South Owner LLC and 2) the legal descriptions of the Properties be replaced by the Corrected Legal Descriptions; and be it further

Resolved, That the Director of the Planning and Development Department ("P&DD"), or his authorized designee, be and is hereby authorized to execute a Development Agreement and issue a quit claim deed to the Properties, as more particularly described in the attached Exhibit A-II, and such other documents as may be necessary to convey the Properties from the City to Brush Park South Owner LLC; and be it further

Resolved, That the Director of P&DD, or his authorized designee is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deed (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Properties, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it finally

Resolved, That the development agreement and quit claim deed will be considered confirmed when executed by the Director of P&DD, or his authorized designee, and approved by the Corporation Counsel as to form.

Waiver of reconsideration is requested.

Honorable City Council:

Re: Second Amendment to Sublease — Detroit Windsor Tunnel LLC

The City of Detroit ("City"), by and through the Planning & Development Department ("P&DD"), is hereby requesting the authorization of your Honorable Body to enter into a Second Amendment to Sublease ("Sublease Amendment") with the Detroit Windsor Tunnel LLC ("DWT"), a Michigan limited liability company.

In March 1978, the City and DWT, as successor-in-interest to Detroit & Canada Tunnel Corporation, entered into that certain Tube Lease, whereby the City leases to DWT the portion of the Detroit Windsor Tunnel that is located in Detroit.

In addition, DWT leases from the City, as landlord and successor-in-interest to Ford Motor Properties, Inc., the plaza that serves the Detroit Windsor Tunnel on the Detroit side, as well as some additional property that includes 1303 East Atwater (the "Atwater Parcel"). During the bankruptcy, Syncora acquired an option to purchase the Atwater Parcel from the City. Syncora has exercised its option to purchase the Atwater Parcel, which requires that the Sublease be amended to remove such property.

At this time, P&DD is requesting to amend the Sublease to remove the Atwater Parcel so that it may be transferred pursuant to the bankruptcy. We, therefore, respectfully request your approval of the Sublease Amendment by adopting the attached resolution with a Waiver of Reconsideration.

Respectfully submitted,
MAURICE COX
Director

Planning & Development Department
By Council Member Tate:

Whereas, The City of Detroit ("City") and the Detroit Windsor Tunnel LLC ("DTW") are successors-in-interests and parties to that certain Sublease dated March 20, 1978 as amended by that certain First Amendment to Lease (together

the "Sublease") that concerns the plaza serving the Detroit Windsor Tunnel on the Detroit side, as well as some additional property;

Whereas, 1303 East Atwater (the "Atwater Parcel") is included in such additional property under the Sublease;

Whereas, Syncora has an option to acquire the Atwater Parcel pursuant to a bankruptcy settlement involving the City;

Whereas, The City and DTW wish to amend the Sublease pursuant to that certain Second Amendment to Sublease ("Second Amendment"), which is attached hereto as Exhibit A, to remove the Atwater Parcel from the Sublease so that the Atwater Parcel may be transferred pursuant to the aforementioned bankruptcy settlement; and now therefore be it

Resolved, That Detroit City Council hereby approves the Second Amendment; and be it further

Resolved, That the Planning & Development Department Director, or his authorized designee, is hereby authorized to incorporate technical amendments or changes to the Second Amendment (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of property, etc.) in the event that such amendments or changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise during the term of the Sublease; and be it further

Resolved, That the Planning & Development Department Director, or his authorized designee, is hereby authorized to execute the Second Amendment, as well as any documents necessary or convenient to remove the Atwater Parcel from the Sublease; and be it further

Resolved, That the Second Amendment will be considered confirmed when executed by the Planning & Development Department Director, or his authorized designee, and approved by the Corporation Counsel as to form.

EXHIBIT A

SECOND AMENDMENT TO SUBLEASE

This Second Amendment to Sublease (this "Second Amendment") is made as of this ____ day of _____ 2018 by and between the City of Detroit, a municipality established under the laws of the State of Michigan and having an address of Two Woodward Avenue, Detroit, Michigan 48226 (the "City"), and Detroit Windsor Tunnel LLC, a Michigan limited liability company having an address of 100 East Jefferson Avenue, Detroit, Michigan 48826 ("DWT").

The circumstances underlying the execution of this Amendment are as follows:

A. The City, as landlord, and DWT, as successor-in-interest to Detroit & Canada Tunnel Corporation, as tenant, are parties to that certain Tube Lease dated March

20, 1978 (the "Tube Lease"), whereby the City leases to DWT the portion of the Detroit Windsor Tunnel that is located in Detroit.

B. Ford Motor Properties, Inc., as sublandlord, and DWT, as successor-in-interest to Detroit & Canada Tunnel Corporation, as subtenant, were parties to that certain Sublease dated March 20, 1978 (the "Sublease"), whereby the DWT was subleasing the plaza serving the Detroit Windsor Tunnel on the Detroit side, as well as some additional property. The additional property subject to the Sublease includes the property in the City of Detroit, Wayne County, Michigan that is commonly known as 1303 East Atwater and is more particularly described in attached Exhibit A (the "Atwater Parcel"). The Atwater Parcel is sometimes referred to in the Sublease as the "Offsite Inspection Area".

C. At the time of the Sublease and for some years thereafter, the Atwater Parcel was used by DWT as an off-site truck inspection facility supporting the operations of the Detroit Windsor Tunnel. However, it has not been used in connection with the operations of the Detroit Windsor Tunnel for a number of years, but rather it is intended to be delivered for uses unrelated to the Detroit Windsor Tunnel.

D. The parties wish to confirm that the Atwater Parcel should be removed from the Sublease.

Now Therefore, the parties agree as follows:

1. Amendment. The City and DWT hereby amend the Sublease by adding the following as paragraph 25 of Article XVIII of the Sublease:

"25. Deletion of Off-Site Inspection Area (the Atwater Parcel)"

Notwithstanding anything herein to the contrary, the Off-Site Inspection Area is hereby deleted from the definition of "Demised Premises" under this Sublease, and the Atwater Parcel (as described in Exhibit A to this Second Amendment) shall be removed from, and no longer be subject to, the terms and conditions of this Sublease."

2. No Other Effect on Tube Lease or Sublease. Except as the Sublease may be amended in the respects set forth in paragraph 1 above, the Tube Lease and the Sublease, as amended by the First Amendment and this Second Amendment, remain in full force and effect.

3. Miscellaneous.

(a) This Second Agreement shall be construed in accordance with and governed by the laws of the State of Michigan.

(b) This Second Amendment shall be binding upon the parties hereto and their respective successors and assigns.

(c) This Second Amendment may be executed in multiple counterparts and by facsimile or other electronic means, each of which shall constitute an original and all of which shall constitute one and the same agreement.

In Witness Whereof, the parties have executed this Second Amendment as of the day and year first above written.

Honorable City Council:

Re: Address: 6754 Iowa. Name: Colonel Wardlaw. Date ordered removed: February 28, 2012 (J.C.C. pages 374-381).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection on October 15, 2018 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date that notice was provided to the applicant of the City Council decision.

2. The owner must contact BSEED to request a progress inspection within forty-five (45) calendar days from the date of the rehabilitation permit and thereafter submit inspection reports every forty-five (45) calendar days to BSEED to demonstrate progress during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected and be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding (3) deferrals must be made by petition to City Council through the office of the City Clerk.

A special inspection on October 17, 2018 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date that notice was provided to the applicant of the City Council decision.

2. The owner must contact BSEED to request a progress inspection within forty-five (45) calendar days from the date of the rehabilitation permit and thereafter submit inspection reports every forty-five (45) calendar days to BSEED to demonstrate progress during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected and be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits

- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding (3) deferrals must be made by petition to City Council through the office of the City Clerk.

RESOLUTION URGING THE DEPARTMENT OF HOMELAND SECURITY TO MAINTAIN THE CURRENT INTERPRETATION OF THE PUBLIC CHARGE RULE AND OPPOSING THE PROPOSED CHANGE THAT WOULD HARM OUR IMMIGRANT FAMILIES

By Council Member Castaneda-Lopez:

Whereas, On July 28, 2014, the Detroit City Council adopted a resolution declaring the City of Detroit as a *Welcoming City*, recognizing the innate dignity of all of its residents and the importance of their contributions to the social, religious, cultural and economic life of the city. Statewide, 6.4 percent of Michigan residents are immigrants (as reported by the Michigan League for Public Policy), and a significant number are Detroit residents; and

Whereas, On October 10, 2018, the United States Department of Homeland Security (DHS) issued a proposed rule significantly expanding the application of the "public charge" test for those seeking admission to the United States or legal permanent residency; and

Whereas, While the *public charge* test, intended to identify individuals who may become dependent on the government as their main source of support, has historically been part of this country's immigration system used to prevent those unable to support themselves from gaining lawful status, the newly proposed reinterpretation of the rule represents a fundamental change, vastly expanding the reach of the rule, and creating a very high bar to immigration for many; and

Whereas, Currently, "public charge" refers to those who are direct recipients of cash assistance including General Assistance (GA), Temporary Assistance for Needy Families (TANF), or Supplemental Security Income (SSI), or other institutionalized long-term care at government expense; and

Whereas, The proposed rule would also require DHS to consider factors including the person's age, medical condition, family status, education and skills, and household assets in its consideration of whether the applicant is likely to become a public charge. These are all factors that would weigh heavily against children, older adults, and those with limited education or limited English proficiency, and

Whereas, The effect of the proposed rule change would be to also consider the

likely use of noncash government aid as contributing to an applicant's status as a "public charge", including nonemergency Medicaid, Supplemental Nutrition Assistance Program (SNAP), the low-income prescription drug subsidy for Medicare Part D, and some federal housing benefit programs. The expanded interpretation of the rule also sets a new income threshold for households seeking to overcome the "public charge" test by giving negative weight to those who earn less than 125 percent of the Federal Poverty Level; and

Whereas, The support programs targeted by the proposed new expanded rule are often crucial to helping newly arrived immigrant families become established in the community, thrive and become productive. Immigrants have long been able to rely on essential health and nutrition assistance without concern that their immigration status might be jeopardized; and

Whereas, The proposed rule change is likely to have a dangerous and chilling effect on immigrant families, afraid to access vital health, nutrition and housing services. The Michigan League for Public Policy estimates that as many as 283,000 Michiganders, including 114,000 children, could suffer from the impact of the strict rule; and

Whereas, The devastating impact of adoption of the proposed rule will ultimately affect the local community and its economy, likely resulting in reduced productivity, an increase in homelessness and housing instability, poverty, malnutrition, and other serious health impacts on our most vulnerable neighbors. Now, Therefore Be It

Resolved, That the Detroit City Council strongly opposes any proposed change broadening the interpretation of the "public charge" rule that could negatively impact residents of the city of Detroit, increase fear in the community, and impede progress in our city; and be it further

Resolved, The Detroit City Council urges President Donald Trump and the Department of Homeland Security to immediately withdraw the proposed "public charge" rule; and be it finally

Resolved, That the Detroit City Clerk transmit a copy of this resolution to the President of the United States, Secretary of the U.S. Department of Homeland Security, the members of the Michigan Congressional Delegation, and Mayor Mike Duggan.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, Leland, McCalister, Jr., Sheffield, Spivey, Tate and President Jones — 9.

Nays — None.

*WAIVER OF RECONSIDERATION (No. 3) Per motions before adjournment.

Re: Neighborhood Enterprise Zone Certificate Applications for four (4) new single-family houses in the North Corktown NEZ (Recommend APPROVAL of 1577 Ash Street, 3013 Cochrane Street, and 2902 Harrison Street and DENIAL of 2710 Harrison Street)

The office of the City Planning Commission (CPC) has received four (4) applications for Neighborhood Enterprise Zone (NEZ) certificates forwarded from the office of the City Clerk. This application corresponds to proposal of four different applicants to each construct new residential facilities.

CPC staff confirms three of the four subject properties as being within the boundaries of the North Corktown NEZ which was established on April 16, 2003 and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. The three houses to be built are located at 1577 Ash Street, 3013 Cochrane Street, and 2902 Harrison Street. The NEZ certificate applications appears to have been submitted prior to the issuance of any applicable building permits. CPC staff finds that 2710 Harrison Street is not within a NEZ area, and thus recommends denial.

Honorable City Council:

Re: Neighborhood Enterprise Zone Certificate Applications for fourteen (14) rehabilitated condominiums in the Harbortown NEZ area. (RECOMMEND APPROVAL).

The office of the City Planning Commission (CPC) has received fourteen (14) applications for a Neighborhood Enterprise Zone (NEZ) certificate forwarded from the office of the City Clerk. These applications corresponds to units that are to be newly rehabilitated as part of a multi-residential housing development undertaken by Harbortown-Spinnaker LLC. CPC staff has reviewed the applications and recommends approval.

The petitioner, Harbortown-Spinnaker LLC originally filed its application for its certificate with the Clerk's Office on July 30, 2018. However, due to circumstances beyond the control of the petitioner, the processing of the application was delayed. Given the fact that the developer has, subject to the provisions of the NEZ ACT, (1) proceeded in good faith, the office of the City Planning Commission (CPC) has proceeded with its review of the NEZ certificate application of the Harbortown NEZ.

The subject properties identified as 3320 Spinnaker Ln., Unit 2A, 2D, 2E, 3C, 3E, 3F, 4A, 4E, 5E, 6E, 7B, 8A, 8D and 13 A have been confirmed as being within the boundaries of the Harbortown NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. Re: Roberts III Limited Dividend Housing Association Limited Partnership — Payment in Lieu of Taxes (PILOT)

Honorable City Council:

The Sponsor, Samuel Thomas Jr., has formed Roberts III Limited Dividend Housing Association Limited Partnership in order to develop the Project known as Roberts III. The Project is an existing one hundred ninety-seven (197) unit family high-rise development located in an area bounded by West Grand River on the north and east, Magnolia on the south and Rosa Parks Boulevard on the west.

The rehabilitation Project will include one hundred seventy-four (174) 1 bedroom/1 bath and twenty-three (23) 2 bedroom/1 bath apartments. The preservation and renovation of the 12-story building will be extensive and consist of exterior and interior site work.

The Project will be financed by a construction loan from Chase Bank in the amount of \$11,600,000 and a permanent mortgage loan in the amount of \$4,768,130 from the Michigan State Housing Development Authority ("MSHDA"). The Richman Group Affordable Housing Group will make Capital Contributions of \$10,436,859. Additionally, the Sponsor has agreed to defer \$354,100 of the developer fee.

Rents for all units have been set at or below sixty percent (60%) of the area median income, adjusted for family size. Sixty-two percent (62%) of the units are covered by a HUD Section-8 contract and existing residents under this program pay no more than thirty percent (30%) of their household income. The remaining units will experience minor rent increases not to exceed 5% per year. A rent subsidy reserve is being established to protect non-Section 8 assisted tenants for a period of time. The existing Housing Assistance Payments contract will transfer.

All one hundred ninety-seven (197) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended. In order to make this development economically feasible, it is necessary for it to receive the benefits of tax

exemption under Section-15a of the State Housing Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A).

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of four percent (4%) of the annual net shelter rent obtained from this housing project.

Respectfully Submitted,
ALVIN HORHN

Deputy CFO/Assessor
By Council Member Ayers:

Whereas, Pursuant to the provisions the Michigan State Housing Development Act, Act 346 of the Public Acts of 1966, as amended, being MCL 125.1401 se seq. (the "Act"), a request for exemption from property taxes has been received on behalf of Samuel Thomas Jr. (the "Sponsor"); and

Whereas, A housing project as defined in the Act is eligible for exemption from property taxes under Section 15a of the Act (MCL 125.1415a) if the Michigan State Housing Development Authority ("MSHDA") provides funding for the housing project, or if the housing project is funded with a federally-aided mortgage as determined by MSHDA; and

Whereas, Section 15a of the Act (MCL 125.1415a) provides that the local legislative body may establish by ordinance the service charge to be paid in lieu of taxes, commonly known as a PILOT; and

Whereas, the City of Detroit has adopted Ordinance 9-90, as amended, being Sections 18-9-10 through 18-9-16 of the Detroit City Code to provide for the exemption from property taxes of eligible housing projects and to provide for the amount of the PILOT for said housing projects to be established by resolutions of the Detroit City Council after review and report by the Board of Assessors; and

Whereas, The Sponsor is proposing to undertake the rehabilitation of an existing housing project to be known as Roberts III consisting of the rehabilitation of one hundred ninety-seven (197) units in a building located on a parcel of property owned or to be acquired by the Sponsor as described by street address and tax parcel in Exhibit A to this resolution, with one hundred ninety-seven (197) units for low and moderate income housing (the "Project"); and

Whereas, The purpose of the Project is to serve low to moderate income persons as defined by Section 15a(7) of the Act, being MCL 125.1415a(7); and

Whereas, MSHDA has provided notice to the Sponsor that it intends to approve federal-aided financing for the Project, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

Whereas, Pursuant to Section 15a of

the Act, being MCL 125.1415a(1), the tax exemption is not effective until the Sponsors first obtain MSHDA certification that the housing project is eligible for exemption, and files an affidavit, as so certified by MSHDA, with the Board of Assessors; and

Whereas, Pursuant to Section 18-9-13(G) of the Detroit City Code, the tax exemption shall be effective on adoption, with the tax exemption and PILOT payment to occur only upon bona fide use and physical occupancy by persons and families eligible to move into the project, in accordance with the Act, which must occur as of December 31 of the year preceding the tax year in which the exemption is to begin;

Now, Therefore, Be It

Resolved, That in accordance with City Code Section 18-9-13, the Project known as Roberts III as described above is entitled to be exempt from taxation but subject to the provisions of a service charge of four percent (4%) for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1966, as amended, being MCL 125.1401, et seq.; and be it further

Resolved, That arrangements to have collections of a payment in lieu of taxes from the Sponsor be established upon occupancy for future years with respect to the same be prepared by the Office of the Chief Financial Officer; and be it further

Resolved, That specific legal description for the Project shall be as set forth in the certification from MSHDA; and be it further

Resolved, That in accordance with Section 15a(3) of the Act, MCL 125.1415a(3), the exemption from taxation shall remain in effect for as long as the MSHDA-aided or Federally-aided financing is in effect, but not longer than fifty (50) years, and shall terminate upon the determination by the Board of Assessors that the Project is no longer eligible for the exemptions; and be it further

Resolved, That the City Clerk furnish the Office of the Chief Financial Officer — Office of the Assessor two certified copies of this resolution; and be it further

Resolved, That this resolution is adopted with a waiver of reconsideration.

On October 22, 2018, a case evaluation panel evaluated the above-captioned lawsuit and awarded Twenty-Five Thousand Dollars and No Cents (\$25,000.00) in favor of plaintiff. Honorable City Council:

Re: Law Administration and Operation Appropriation #00527 Increase.

The Law Department respectfully requests authorization to increase their fiscal year 2018-19 budget expenditures by \$746,210 in the Law Administration and Operations appropriation #00527, for procuring unbudgeted outside legal services for defending the City of Detroit in various legal matters.

In view of recent lawsuit filings against

the City of Detroit, the Law Department is in need of additional outside legal services. In addition to the City law department's customary case load, there are extraordinary events that have required engagement of outside counsel.

Additionally, Miller Canfield has been providing legal services relating to the bankruptcy, restructuring efforts, and litigation, and this amendment continues those services. Soon after the bankruptcy plan was approved in late 2014, the City moved as quickly as possible to transition work away from Jones Day to Miller Canfield. Miller Canfield's rates are generally less than 50% of those of Jones Day. The City continues to use Miller Canfield for many bankruptcy and restructuring issues such as, for example, the creation of the retiree protection trust fund. Miller Canfield provides discounted rates (using 2015 rates discounted by 8%) except for two attorneys in the bankruptcy department — an area where rates are typically higher. This additional funding will also allow the City to add \$500,000 to the contract.

To offset the expenditure appropriation increase, there is an unbudgeted general fund revenue of \$746,210 for the settlement amount received from the State of Michigan Department of Attorney General for the LIBOR settlement from the Deutsche Bank. That was a class action alleging manipulation of interest rates. The City was a class member and received the \$746,210 settlement as a result.

I am requesting approval from your Honorable Body to adopt the enclosed resolution. If you have any questions or concerns regarding this matter, please feel free to contact me at (313) 237-5037.

A waiver of reconsideration is requested.

**City of Detroit
Board of Review**

November 9, 2018

Honorable City Council:

Re: 2019 Exemption Guidelines and Application in accordance with MCL 211.7u (Homeowners Property Tax Assistance Program).

INTRODUCTION

The Board of Review is a nine (9)-member board appointed by this Honorable Body to act on matters relative to assessments within the jurisdiction of the City of Detroit. The purpose of this communication is to establish adoption by resolution the 2019 exemption guidelines and process for the Board of Review to act in accordance with MCL 211.7u.

This year, the Board of Review will be required to be in compliance with the settlement agreement entered into with the American Civil Liberties Union (ACLU). The application has been reviewed and approved by the ACLU and the law department prior to submission to this Honorable Body. This document contains a point-by-point review of the application detailing that all aspects of the agreement were met.

The application was based on a collaborative effort with the Coalition to End Unconstitutional Tax Foreclosures who created the first draft. That document was then submitted to the Board of Review, Law Department and ACLU for review and comments. The document that you have attached to this packet is the final approved document prior to submission to this Honorable Body.

Please keep in mind that as you review and consider the 2019 guidelines, it is crucial to the overall process that this Honorable Body adopt the guidelines prior to December 1, 2018 so that the appropriate time will exist for printing, dis-

tribution and the creation of property homeowner access.

Since there is an ordinance being considered by this Honorable Body, certain changes may be required based on its outcome.

**A RESOLUTION IS ATTACHED AND
A WAIVER OF RECONSIDERATION
IS REQUESTED**

SUMMARY

Each year the Board of Review is required by state law to establish a new process and guidelines in reviewing and determining property tax exemptions by reason of poverty in accordance with MCL 211.7u. This portion of the General Property Tax Act was created to allow homeowners who own and occupy their real residential property as a primary homestead the opportunity to be exempt of property taxes in whole or in part when the property owner is unable to contribute to the public charges as long as they have met the required guidelines established by the local governing unit and the application approved by the Board of Review and adopted by City Council by resolution in accordance with MCL 211.7u.

The Board of Review remains closely engaged in the current matters faced by many homeowners challenged with property tax delinquency and/or at risk of foreclosure. The Board of Review continues to aid the community in considering these challenges when possible to help homeowners maintain their ownership within the City of Detroit by providing a connected and unified relationship with the Office of the Assessor, City of Detroit Treasury, Wayne County Treasurer and other community based agencies and organizations in order to assist as many homeowners as possible under law.

Therefore, we are presenting to this Honorable Body the 2019 Homeowners Property Tax Assistance Program Guidelines and Application in accordance with MCL 211.7u.

DOCUMENTS

• **TITLE: "Homeowners Property Tax Assistance Program"**

◦ In 2016 the title "Homeowners Property Tax Assistance Program" was adopted and should continue as such.

◦ The new title clearly states the overall intent while maintaining and delivering the restored sense of attention, pride and dignity to the community.

• **GUIDELINES and FORMS**

◦ **2019 PROCESS FOR REVIEWING HOMEOWNERS PROPERTY TAX ASSISTANCE PROGRAM APPLICATIONS**

• Re-designed and adjusted in a combined effort with the Board of Review, ACLU and Coalition to End Unconstitutional Tax Foreclosures. The purpose of the re-design was to give a more friendlier and easy to read look. In addition all of the language required by the settlement

agreement was reviewed by all interested parties and approved prior to submission to this Honorable Body.

Regarding a Homestead Property Tax Credit that is forwarded to the City of Detroit, the proportioned amount remaining shall be exempt in whole or in part in accordance with the decision of the Board of Review"* was changed for ease of understanding and to allow the City of Detroit ability to capture revenue directly from the State of Michigan. The intent is to allow for property tax collection when possible while still granting an exemption.

- Section 3 — was changed for ease of understanding of the required documentation that needs to be submitted along with application.

- Section 3 — the line *"The Board of Review retains the right to request additional information from the applicant"* was added.

- Section 4 — the language was changed for ease of understanding.

- Section 5 — minor grammatical changes were made for ease of understanding.

- Section 5 — *"please return at least two weeks before the March, July or December meeting dates:"* (along with the actual meeting dates) was added. While a return by date cannot be placed on the petition or application, it is important to convey the urgency of returning the application as early as possible.

Based upon what is placed in this section and the supporting documentation, the board may not be required to ask for any further documentation.

- Grammatical and association with other document corrections where necessary.

- Adjustments to the income guidelines where necessary as required both in accordance with MCL 211.7u and the DHHS federal poverty guidelines.

- Section E also provides a statement

should assets exceed the threshold, you have the opportunity to provide a statement why the board should deviate from the guidelines and still grant the exemption.

- Section F — the applicant is able to list debt and expenses should the income exceed to poverty guidelines. Honorable City Council:

Re: Address: 291 Chandler. Name: Vintage Real Estate LLC. Date ordered removed: May 6, 2014. (J.C.C. pgs. 882).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection on October 19, 2018 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the 1st deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date that notice was provided to the applicant of the City Council decision.

2. The owner must contact BSEED to request a progress inspection within forty-five (45) calendar days from the date of the rehabilitation permit and thereafter submit inspection reports every forty-five (45) calendar days to BSEED to demonstrate progress during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected and be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding three (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Honorable City Council:

Re: Address: 5804 Farmbrook. Name: Clinton Haywood. Date ordered removed: March 7, 2017. (J.C.C. pgs. ____).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection on October 25, 2018 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the 1st deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date that notice was provided to the applicant of the City Council decision.

2. The owner must contact BSEED to request a progress inspection within forty-five (45) calendar days from the date of the rehabilitation permit and thereafter submit inspection reports every forty-five (45) calendar days to BSEED to demonstrate progress during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected and be maintained securely barricaded until rehabilitation is complete.

Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding three (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

Re: Request of the Downtown Development Authority in conjunction with Olympia Development of Michigan to amend Article XVII, District Map No. 3 of Chapter 61 of the 1984 Detroit City Code, Zoning and the provisions of the existing PD (Planning Development) zoning district established by Ordinance 10-15 on land bounded by Woodward Ave. on the east, the south side of Henry St. on the south, Clifford Ave. and Cass Ave. on the west and Sproat St. on the North; and to rezone a portion of the remaining B4 (General Commercial) zoned land along the east side of Cass Ave. between Sproat St. and Henry St., and, as well as the to-be-vacated Henry Street right-of-way, to PD. (REQUESTING 5th EXTENSION OF REVIEW PERIOD)

On June 13, 2017 the Detroit City Council received and referred to the Planning and Economic Development Standing Committee the report and recommendation of the City Planning Commission (CPC) for the above captioned map amendment request for the Detroit Zoning Ordinance.

The Zoning Ordinance specifies in Sec. 61-3-17, "Where a petition for a proposed Zoning Ordinance text or map amendment is not voted upon by the City Council within one hundred twenty (120) days of the time of receipt of the City Planning Commission's report, it shall be deemed to have been denied, unless extended by the City Council."

The original 120-day review period for this matter was to expire in October of 2017. Subsequently, however, three extensions have been authorized with the most recent, of 120 days, being granted on July 31, 2018. On Wednesday, November 28, 2018 that extension will expire at day's end.

CPC is pleased to report that a revised petition #1388 requesting the right-of-way adjustments on and around the arena site has been submitted to the City Clerk by Giffels Webster on behalf the Downtown Development Authority and Olympia Development of Michigan. This revised petition, if acceptable to DPD and DWSD, should relieve blockage to completing the vacation of Henry and the other streets thus allowing the necessary sequence of events to proceed in order to facilitate the long-held PD rezoning and modification. Consequently, the CPC requests another 120-day extension of the review period to avoid having to re-start the ordinance revision process over again at the Planning Commission. A resolution to that effect is attached for Your consideration. The requested extension, if granted, will expire by the close of the day Wednesday, March 28, 2019.

City Planning Commission

November 8, 2018

Honorable City Council:

Re: Request of Intersection Consulting Group on behalf of 262 Mack, Mack Investments I, LLC to review site plans and elevations for a Planned Development (PD) zoning classification within Article XVII, District Map No. 4, of the 1984 Detroit City Code, Chapter 61, Zoning, to erect two residential carriage-home apartment units above an existing garage at property commonly referred to as 262 Mack Avenue. (RECOMMEND APPROVAL)

NATURE OF REQUEST

In 2016 Your Honorable Body voted to approve the request of Intersection Consulting Group on behalf of Mack Investments I, LLC. The original request was for site plan review (SPR) for site plans and elevations for a proposed development on land that is currently zoned PD and is located within the Brush

Park Historic District. The subject site is located on the south side of Mack Avenue between Brush St. and John R. The original plan called for the construction of a nine (9) unit multi-family dwelling with a single-story garage to support the new units. The revised proposed multi-family dwelling is planned to be three (3) stories in height. The floor plan proposes three (3) units to be approximately 1,058 square feet in area each and the remaining (6) six units are to be 1,279 sq. ft. each, (see attached original plans).

PROPOSAL

Since the original proposal was approved by City Council via resolution in March of 2017, the petitioner has since come back with a supplementary request. The proposal that is before you for consideration at this time include the addition of two (2) carriage-home style apartments to be erected above an existing garage. According to discussions with the petitioner and review of past Buildings, Safety Engineering and Environmental Department records, the existing garage began construction somewhere around the period of the 2007-2009 housing crash which, was the result of the housing bubble that affected many developers in Detroit. Seemingly, due to the economic conditions of that period, the original developer never completed the full plans for the garage. Since then the property has been transferred to 262 Mack, Mack Investments I, LLC. The current developer would like to complete the construction of the structure by adding these units to what was previously approved.

The revised proposal calls for two new units, each 822 sq. ft. I area, to go above the two (2) car garage. The two units would be inclusive of a bedroom with closet space, bathroom, living room, kitchen, nook, and laundry room. The plans also call for balconies on the northern (front) elevation, totaling four (4) in all; one (1) accessible from the bedroom and one (1) from the living room spaces.

ANALYSIS

Zoning and Development Plan

Provisions

The 3rd Modified Brush Park Development Plan provides the underlying zoning for the PD district. The Plan designates the subject land for institutional and commercial uses. Table B-2 of the development plan lists multi-family dwellings as a permitted secondary use on the subject property making it consistent with current provisions.

Parking

According to 61-14-24 of the Zoning Ordinance, parking requirements for a multiple-family dwelling are 1.25 spaces per dwelling unit and 0.75 per dwelling unit if located within 0.25 miles of a bus rapid transit, street car/trolley or light rail line. This development would qualify for

the reduction in parking requirements because of its proximity to the coming rail line located on Woodward.

As the apartment unit count raises by the additional two (2) carriage home units that are being proposed, it brings the total number of units on the site (inclusive of the original nine (9) approved units) to a total of 11 units. According to the current zoning provisions, the totality of the development including the previously approved nine (9) units, requires a total of 8.25 parking spaces. The parking plan provides the appropriate amount of spaces required.

Design

The design of the development must be in accordance with the PD district design criteria listed in Section 61-11-15 of the Zoning Ordinance.

When criterion b speaks to the *compatibility* of the development with existing development, it can be said that this project is in alignment with the trend of Brush Park to be inclusive of carriage homes. Another development known as Brush Park Village North, which came before this Honorable Body for approval in 2017 also proposed and was approved for carriage homes.

As development has picked up in the City, developers have continuously inquired about the possibility of new construction carriage homes, as many that exist today are the remnant of historic neighborhoods and were in most cases, likely grandfathered in, post zoning regulations or are subject of variance or special approval. Carriage-homes are being revisited by the City as a typology merits being allowed on a broader basis. Carriage homes allow for developments to be more financially feasible developers as well as tenants. They usually help to create opportunities for lower income individuals to participate in more affluent areas while also increasing the density of a neighborhood, also increasing vibrancy and diversity.

Criterion e points to *parking and loading*, questioning whether it is adequate for what is being proposed. In this case, the parking will be accessed from the rear of the building as vehicles are planned to use the public alley to reach the garage parking for the units. This off-street parking and loading is appropriate and typical for a Brush Park development.

In response to criterion n which addresses *accessibility*, the Commission points to the fact that the development will incorporate a semi-circular driveway creating a more convenient ingress/egress for residents of the building. Using the alley access is typical for the land uses located on the in Brush Park. The City's Fire Marshall conducted an initial review of the configuration of the plans and was satisfied.

Master Plan Consistency

The Planning and Development Department originally submitted a determination letter confirming the compatibility of the proposal with the City's Master Plan of Policies. CPC has received no negative comments by PDD to differ from the original Master Plan determination.

COMMUNITY ENGAGEMENT

The developer is in consultation with the Brush Park CDC in regards to a revised letter of support for the project. CPC has been waiting for this last.

RECOMMENDATION

At its regular meeting of February 1st 2018, the City Planning Commission voted to approve this proposal with the following conditions:

1. That the developer work with the immediately adjacent community to minimize disruption to the neighborhood during construction and address impacts that may arise; and

2. That final site plans, elevations, lighting, landscape and signage plans be submitted by the developer to the staff of the City Planning Commission for review and approval prior to submitting applications for applicable permits.

City Planning Commission
 September 14, 2018

Honorable City Council:
 Re: Request of Mr. Mohamed Elhady in conjunction with the Detroit City Planning Commission as co-petitioner, to amend Article XVII, District Map No. 16 of the 1984 Detroit City Code, Chapter 61, Zoning, by showing an M2 (Restricted Industrial District) zoning classification where a B4

(General Business District) zoning classification currently exists on thirteen (13) parcels, generally bounded by Armada Avenue extended to the north, the north-south alley first east of Conant Avenue to the east, Gaylord Avenue to the south and Conant Avenue to the west. (RECOMMEND APPROVAL)

NATURE OF REQUEST AND PROJECT PROPOSAL

The City Planning Commission (CPC) has completed its review and deliberations on the request of Mr. Mohamed Elhady in conjunction with the Detroit City Planning Commission as co-petitioner. Consistent with the analysis and findings provided below, staff recommends

approval of the request to show an M2 (Restricted Industrial District) zoning classification where a B4 (General Business District) zoning classification, currently exists on thirteen (13) parcels commonly identified as 17198, 17200, 17204, 17208, 17212, 17216, 17220, 17224, 17228, 17232, 17240, 17300 and 17340 Conant Avenue, generally bounded by Armada Avenue extended to the north, the north-south alley first east of Conant Avenue to the east, Gaylord Avenue to the south and Conant Avenue to the west.

BACKGROUND

Upon reviewing both the Master Plan of Policies as well as zoning Map No. 16 and conducting a site visit to assess the current conditions of the subject area, CPC has determined that additional rezoning of the subject area is warranted. Therefore the Commission as co-petitioner is seeking the rezoning of twelve (12) additional parcels from B4 to M2.

The subject properties are located in Council District 3 and measure approximately 2.33 acres in area. The parcels consist of thirteen (13) parcels commonly identified as 17198, 17200, 17204, 17208, 17212, 17216, 17220, 17224, 17228, 17232, 17240, 17300 and 17340 Conant Avenue. The two parcels to the north of Nancy Avenue identified as 17300 and 17340 Conant Avenue are currently developed, owned and operated by Winston Brothers Iron and Metal Work. The subject properties identified as 17240 and 17232 Conant are owned solely by the applicant and consists of two commercial structures which are presently licensed and permitted for used auto sales and minor motor vehicle repair. The remaining nine (9) parcels south of the petitioner's property are presently undeveloped and owned by the City of Detroit.

Proposed Development

The proposed map amendment is being requested to allow for the establishment of a "Tires, used: sales and/or service" facility at 17240 Conant Avenue and to bring the greater area into conformance with the Detroit Master Plan of Policies. The Master Plan identifies the subject site as being designated "Light Industrial" for the future general land use along the Conant Avenue frontage. The proposed used tire sales and/or services use would be permitted on a conditional basis in the proposed M2 zoning classification per Sec. 61-10-43(6) as an industrial service use.

SURROUNDING LAND USE AND ZONING

The zoning classification and land uses surrounding the subject area are as follows:
North: M4; Winston Brothers Iron & Metal/Scrap Yard.

East: R1; Single-family Residential.

South: B4; Vacant Land / Hersh & Sons Auto Repair.

West: M4; American Eagle Precast/Takbir Transmission Services.

CITY PLANNING COMMISSION PUBLIC HEARING & OTHER COMMUNITY MEETINGS

On February 16, 2018 CPC staff in conjunction with the petitioner held a community meeting at the Buddy's Pizza located at 17125 Conant Avenue. Three residents who reside on Nancy Avenue were in attendance and one resident called in via cellular phone. The petitioner's request to open a used tire sales facility was explained, as was Commission staffs position on co-petitioning. There were no objections or support offered for the proposed land use, nor were there any objections to the proposed zoning change. Those in attendance, did express concerns over the condition of the property in terms of overgrown brush, as well as the yellow paint color on the exterior of the building.

Staff did indicate that the requested land use is a conditional use, and one of the conditions could address the exterior of the property.

On April 5, 2018, the City Planning Commission held a public hearing on this request. There were no members of the public in attendance to address the rezoning request.

The Commission raised concerns over maintenance and upkeep of the site, particularly the parcels under the control of the City of Detroit and requested that the Building Authority which is under contract to manage and market the cities commercial real estate holdings along with the General Services Department be contacted to see if the site could be cleaned, and freed of debris, particularly the illegally dumped furniture in the north-south alley immediately adjacent to the subject properties.

MASTER PLAN CONFORMANCE

The subject site is located within the Davison area of Neighborhood Cluster 1 of the Detroit Master Plan of Policies. The Future Land Use map for this area shows "Light Industrial" for the subject property. CPC staff has submitted a letter to the Planning and Development Department (P&DD) requesting its comments regarding this proposal.

ANALYSIS

The proposed zoning classification of M2 would permit the requested used tire repair and service facility on a conditional basis. The proposed M2 zoning classification will permit 113 by-right public, civic, institutional, retail, service, commercial, manufacturing, industrial and other uses, compared to the 71 permitted by right uses in the existing B4 zoning classification. The most intensive uses in the M2 zoning classification includes "Truck terminals, transfer buildings, truck garages, recreational vehicle storage lots, and

open areas for parking of semi-trailers, buses, and other operable commercial vehicles, not including limousines and taxicabs;" and "Storage or killing of poultry or small game for direct, retail sale on the premises of for wholesale trade."

The following analysis details how the proposed rezoning either meets or fails to meet the eight approval criteria of Section 61-3-80 of the Zoning Ordinance, which must be considered in making recommendations and decisions on rezoning requests.

(1) Whether the proposed amendment corrects an error or meets the challenge of some changing condition, trend or fact;

The petitioner's properties are presently zoned B4 and licensed for both used auto sales as well as minor motor vehicle repair. The proposed use of used tire sales and repair is consistent and compatible with surrounding land uses to the north and south. The proposed intensification in zoning however, is not conducive to the existing residential neighborhood to the east of the subject properties, although the M2 zoning classification traditionally serves as a buffer between residentially zoned land and more intensive zoning classifications.

(2) Whether the proposed amendment is consistent with the Master Plan and the stated purposes of this Zoning Ordinance;

The Planning and Development Department has submitted their analysis of the proposed rezoning in relation to the Master Plan of Policies which states in part that the proposed rezoning will bring the area into conformance with the Master Plan of Policies. The site is adjacent the other industrial land uses, with the exception of the residential area to the east. CPC staff is of the opinion that the intensification in zoning to M2 is more in line with the future general land use of "Light Industrial" than the current B4 zoning classification.

(3) Whether the proposed amendment will protect the health, safety, and general welfare of the public;

The intensification of zoning adjacent to residential property is always of concern particularly when that new zoning classification allows more abrasive uses. The M2 district is designed for a wide range of industrial and related uses which can function with a minimum of undesirable effects. Industrial establishments of this type provide a buffer between residential districts and intensive industrial districts. Given the spacing and screening requirements which are specified for many of the uses permitted in the M2 zoning classification, CPC is of the opinion that this proposed amendment may protect the health, safety, and general welfare of the public.

The Commission is however, concerned about the storage of inoperable

motor vehicles on the site, as well as the maintenance of the alley between the petitioner's property and the residential neighborhood.

(4) Whether the City and other service providers will be able to provide adequate public facilities and services to the subject property, while maintaining adequate levels of service to existing development;

The physical characteristics of the subject property not will significantly change as a result of the proposed rezoning. The petitioner is making efforts to purchase the southern portion of the site between Nancy Avenue and Gaylord Avenue from the City of Detroit in order to better maintain the site.

(5) Whether the proposed rezoning will have significant adverse impacts on the natural environment, including air, water, soil, wildlife, and vegetation and with respect to anticipated changes in noise and regarding storm water management;

There are no concerns regarding any of these aspects.

(6) Whether the proposed amendment will have significant adverse impacts on other property that is in the vicinity of the subject tract;

The vast majority of the uses in the immediate area are industrial in nature. However, there is a densely populated residential neighborhood to the east of the subject property. Given the spacing, setback, landscaping and screening requirements for the proposed use the Commission is of the opinion that no significant adverse impacts will occur as a direct result of the proposed rezoning.

(7) The suitability of the subject property for the existing zoning classification and proposed zoning classification; and

As noted previously, the existing B4 zoning classification is not conducive for the proposed used tire sales and service facility. In providing the recommendation for a M2 zoning classification the CPC evaluated all zoning classifications and determined that the M2 zoning classification would allow for the proposed use and maintain the character of the neighborhood, while providing an opportunity for the residential community to weigh in on the licensing and permitting of such a use.

(8) Whether the proposed rezoning will create an illegal "spot zone."

Given the industrial nature of the corridor in which this rezoning has been requested and the City Planning Commission, serving as co-petitioner; along with the proposed rezoning's consistency with the Master Plan of Policies, CPC is of the opinion that the proposed rezoning would not constitute an illegal "spot zone."

Suitability of the Property

One of the aforementioned criteria for rezoning states, "The suitability of the subject property for the existing zoning

classification and proposed zoning classification." Zoning Map No. 16 generally shows a mix of R1, B4, M2 and M4 zoning on the north, south, east and west around the subject property. This section of the Davison subsector is primarily developed with industrial and commercial uses. The existing residential properties along Nancy Avenue and Gaylord Avenue were primarily built between 1926 and 1927. As previously stated the M2 zoning classification is designed to buffered residential properties from more intensive use.

In general, the CPC looks favorably on the rezoning of the subject parcels to accommodate the establishment of a "used tire sales and services" facility and to bring the greater area into conformance with the Master Plan of Policies.

Land Use

CPC is of the opinion that an M2 (Restricted Industrial District) zoning classification is an appropriate designation consistent with the characteristics of the adjacent properties, which will allow for the establishment of additional automotive related uses. Additionally, all proposed uses are consistent with the Master Plan of Policies.

Significant Impact on Other Property

CPC is of the opinion that the rezoning of this property from a commercial standpoint might add to the sustainability of the surrounding community by allowing the establishment of an economically viable, tax revenue generating development.

RECOMMENDATION

On April 19, 2018 the City Planning Commission voted to recommend approval of the request of Mr. Mohamed Elhady in conjunction with the Detroit City Planning Commission as co-petitioner. Consistent with the analysis and findings provided above, the CPC recommends approval of the request to show an M2 (Restricted Industrial District) zoning classification where a B4 (General Business District) zoning classification, currently

exists on thirteen (13) parcels commonly identified as 17198, 17200, 17204, 17208, 17212, 17216, 17220, 17224, 17228, 17232, 17240, 17300 and 17340 Conant Avenue, generally bounded by Armada Avenue extended to the north, the north-south alley first east of Conant Avenue to the east, Gaylord Avenue to the south and Conant Avenue to the west.

Housing and Revitalization Department

November 19, 2018

Honorable City Council:

Re: "2nd Corrected" Amended - Approval of Additions to 2018 HOME, CDBG, NSP Awards

The City of Detroit, through the Housing and Revitalization Department ("HRD"), has continued to work closely with the U.S. Department of Housing and Urban Development ("HUD"), in making required commitments and disbursements of City HOME funds to meet project commitment and disbursement deadlines. HRD issued a NOFA on December 18, 2017, to assist in making allocations for "ready-to-proceed projects" from available HOME, NSP and CDBG funding. The Department is requesting City Council approval additions and/or new allocation to six HOME, NSP, or CDBG projects.

The HOME Program is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act, and is designed exclusively to create affordable housing for low-income households. Eligible activities under the HOME program include:

- Providing home purchase or rehabilitation financing assistance to eligible homebuyers;
- Building or rehabilitating housing for rent or homeownership; and
- Other reasonable and necessary expenses related to the development of non-luxury HOME funds are awarded on

a formula basis, are included in the annual entitlement award from HUD and are part of the Consolidated Plan.

HRD is requesting approval to spend additional funding on the following projects pursuant to the list provided in the "Corrected" Exhibit 1 of the attached resolution that reflects:

1. Sugar Hill Mixed Use Development (up to \$6,696,930) — a new appropriation is requested to reallocate and spend existing Section 108 loan funds (Garfield II note III) for the Sugar Hill project through a new borrower.

2. Brightmoor Homes I (\$450,000) — additional CDBG funds will be spent on this project from reprogrammed funding approved by this Honorable Body on October 16, 2018.

3. St. Rita Apartments (\$170,000) — additional HOME funds will be spent on this project from an existing appropriation.

4. LifeBuilders (\$460,000) — \$350,000 of CDBG funds will be spent on this project from reprogrammed funding approved by this Honorable Body on October 16, 2018. Also, HRD will spend \$110,000 in NSP 1 funds on this project from an existing appropriation.

5. Kercheval Van Dyke Apartments (\$1,500,000) — a HOME challenge grant in this amount will be spent on Kercheval Van Dyke Apartments project from an existing appropriation.

Consistent with the process adopted by City Council in 2012 for approving HOME, CDBG and/or development awards and development partners, HRD is requesting that your Honorable Body review and approve the attached list for additional spending on the aforementioned projects.

We request approval of the attached resolution with a waiver of reconsideration so that additional housing investments and neighborhood reinvestment through the HOME, CDBG, and NSP programs can continue. Should you have questions or require additional information, please do not hesitate to contact me at (313) 628-0034.

Respectfully submitted,

Re: Property Sale by Development Agreement — Midtown West Project Request for Authorization to Amend 2018-19 Budget. Appropriation #20611 — Midtown West Park Improvements

The Planning & Development Department ("P&DD") has received an offer from PDH Development Group LLC ("PDH"), a Michigan limited liability company, to purchase certain City-owned real property at 831 and 931 Selden and 830 and 960 Brainard, Detroit, MI (the "Properties") for the purchase price of One Million Eight Hundred Thousand and 00/100 Dollars (\$1,800,000.00) (the "Purchase Price").

The Properties will be developed by PDH as part of the City's Midtown West Project, which is within the boundaries of the former Wigle Playfield/Recreation Center site that is now comprised of vacant land ("MW Site"). The City split the MW Site into: 1) four development sites that include the Properties, 2) a 1-acre site at 910 Brainard for construction of a new City park ("New Park") and 3) land set aside to rededicate and construct 4th Street and Tuscola Avenue to continue through the MW Site. A separate street dedication resolution and street construction contract will be brought before this Honorable Body to address such new streets.

PDH proposes to construct the four development sites on the Properties in two Phases with an investment of just over \$70 million. Phase 1, to be constructed on 831 and 931 Selden, will include: 1) a for-rent, mixed-income residential development with on-site parking and retail space and 2) a for-sale residential development with on-site parking and retail space. Phase 2, to be constructed on 830 and 960 Brainard, will include two separate for-sale residential developments, each with separate on-site parking. Currently, the Properties are within a SD2 zoning district (Special Development District, Mixed Use). PDH's proposed use of the Properties is consistent with the allowable uses for which the Properties are zoned.

As part of the Midtown West Project, PDH has participated in a voluntary community engagement process facilitated by P&DD that included a Neighborhood

Advisory Council. P&DD has completed a Midtown West Community Benefits Agreement Report (the "CB Report") as a result of such process and PDH has agreed to the terms of a Community Benefits Agreement (the "CB Agreement") with respect to certain matters contained in the CB Report. Both the CB Report and CB Agreement are provided with the attached resolution.

Also as part of the City's Midtown West Project, P&DD wishes to transfer jurisdiction of the New Park site to the General Services Department ("GSD") to operate and maintain as a City park. It is hereby requested by the Finance Department that your Honorable Body approve the transfer of jurisdiction over the New Park to GSD. To help fund construction of the New Park, the Housing & Revitalization Department ("HRD") is hereby requesting the authorization of your Honorable Body to amend HRD's 2018-2019 Budget to add Appropriation #20611 for the purposes of accepting, appropriating and expending Seven Hundred Fifty Thousand and 00/100 Dollars (\$750,000.00) in sales revenue from the Purchase Price of the Properties for construction of the New Park. A separate construction contract will be brought before this Honorable Body for approval to construct the New Park with such funds.

We hereby request that your Honorable Body adopt the attached resolution to: 1) authorize the Director of P&DD to execute a development agreement, deed and such other documents as may be necessary or convenient to effect a transfer of the Properties by the City to PDH, 2) receive and file the CB Report, 3) approve the CB Agreement, 4) transfer jurisdiction of 910 Brainard to GSD for the New Park and 5) amend the 2018-19 Budget for HRD to create Appropriation #20611 to accept a portion of the Purchase Price for the City's construction of the New Park. **EXHIBIT D
COMMUNITY BENEFITS AGREEMENT
(Midtown West)**

THIS COMMUNITY BENEFITS AGREEMENT ("Agreement") is entered into as of its Effective Date, as hereinafter defined, by and between the CITY OF DETROIT ("CITY"), a Michigan municipal corporation acting through its Planning and Development Department ("P&DD"), and PDH Development Group LLC ("DEVELOPER") on behalf of itself and its Affiliates (as defined below). The CITY and the DEVELOPER may each be referred to herein as a "Party" or collectively as the "Parties", as applicable.

WHEREAS, DEVELOPER is undertaking the redevelopment of that certain property in the City of Detroit located at 901 Selden Street, Detroit, MI, the legal description of which is attached as Exhibit A hereto (the "Property"), which is comprised of approximately 7.03 acres of vacant land, into a two phased project that includes housing units and commercial space (the "Project"), including park improvements and new street construction to be undertaken by the CITY.

WHEREAS, DEVELOPER committed to the CITY to follow a voluntary community engagement process with respect to construction of the Project and similar to the community engagement process of the CITY's Detroit Community Benefits Ordinance for Tier 1 Development Projects; and

WHEREAS, DEVELOPER and the CITY have completed the voluntary com-

munity engagement process by: (1) engaging in a community engagement public meeting process, (2) creating and seating a neighborhood advisory council, (3) administering a series of meetings with the neighborhood advisory council and (4) drafting a community benefits report that summarizes the entire voluntary community engagement process ("CBO Report"); and

WHEREAS, DEVELOPER and the CITY desire to enter into this Agreement with respect to certain matters contained in the CBO Report; and

NOW THEREFORE, The CITY and DEVELOPER agree as follows:

1. DEVELOPER will provide and maintain open space in the Project that is privately-owned, but publically accessible, to enhance pedestrian activity and to add to the attractiveness of the development and the neighborhood. The pedestrian connections will be landscaped and will connect to public streets and to the City's public park.

2. DEVELOPER will contribute \$50,000 to the Cass Corridor Neighborhood Development Corporation on or before the closing of construction financing for Phase 1 of the Project. Such contribution will be used solely for community space building improvements at 3535 Cass Avenue, Detroit, MI.

3. DEVELOPER will provide in the Project deeper affordability for rental units at the Project such that:

- 2.5% of rental units are available at 80% or less of the Area Median Income determined as of lease execution;
- 5% of rental units are available at 60% or less of the Area Median Income determined as of lease execution;
- 2.5% of rental units are available at 40% or less of the Area Median Income determined as of lease execution.

For purposes of this Agreement, "Area Median Income" means the median family income for the Wayne County AMI as published by MSHDA.

4. DEVELOPER will adhere to the local marketing plan for affordable units that is attached as Exhibit B hereto.

5. DEVELOPER will use renowned professionals to design the Project.

6. DEVELOPER agrees that the Project will follow a pedestrian focused urban design.

7. DEVELOPER agrees that the Project will have a unit mix of studio, 1 BR, 2 BR and 3 BR apartments that comply with federal accessibility requirements and will be proportionately distributed amongst the affordable and market rate units in the Project. The affordable units will be mixed throughout the rental buildings in the Project. In its discretion, the DEVELOPER may also construct condominium units and/or townhomes.

8. DEVELOPER will provide non-mon-

etary support of art within the City's public park that is to be created by the City adjacent to the Project.

9. DEVELOPER will work with the Detroit Community Technology Project to participate in the pre-existing mesh network.

10. DEVELOPER will assess retail options for the Project through community outreach performed by a local retail broker and Midtown Detroit, Inc. to drive retail interest to the Project and Selden Street retail.

11. DEVELOPER agrees that retail rental rates in the Project will reflect market rates at the time of lease up. DEVELOPER will rely upon the retail tenants to set their price points for their goods and services, but will also consider what the neighborhood needs and attempt to lease the retail space to a tenant who is set up to be successful over the long term providing valuable services to not only the residents of Midtown West but the broader community as well.

12. DEVELOPER will work with Motor City Match to identify local entrepreneurs for retail space.

13. DEVELOPER will, to the extent possible, hire a minimum of 51% local contractors that will perform construction of the Project.

14. DEVELOPER agrees that design of the Project will be sensitive to storm water mitigation. DEVELOPER will study sustainable methods for the Project, such as storm water retention.

15. DEVELOPER commits to including certain Enterprise Green Communities Standards into the Project, including energy star appliances, water conserving plumbing fixtures and energy efficient lighting.

16. DEVELOPER will offer recycling services for all buildings within the Project. DEVELOPER will study local providers for composting services to determine if composting is a feasible service to offer.

17. DEVELOPER will include street trees along the Lodge access road to serve as a buffer. Although DEVELOPER has yet to determine the HVAC systems for the Project, DEVELOPER will incorporate industry standard HVAC systems into all buildings within the Project. One of the criteria that must be utilized in the DEVELOPER'S selection of the HVAC systems for buildings along the Lodge access road will be to minimize penetrations of the building's exterior walls.

18. DEVELOPER will utilize windows that have an OITC rating of 28 for windows within the Project that front along the Lodge access road with the expectation that such windows will provide sufficient noise buffer within the respective units.

19. DEVELOPER and the CITY each designate the following official represen-

tative, or such other designee as each party may identify from time to time to the other's official representative, for purposes of administering the terms of this Agreement:

A. CITY's Official Representative is:

20. Upon written request from the CITY's Official Representative, DEVELOPER will provide the CITY, but not more often than semi-annually, with a summary of the actions taken by DEVELOPER in compliance with sections 1 through 4 of this Agreement. The CITY may provide the information received from DEVELOPER pursuant to this section to the Neighborhood Advisory Committee which is described in the CBO Report.

21. In the event that the CITY believes that DEVELOPER has not materially complied with its obligations hereunder, the CITY's Official Representative shall notify the DEVELOPER'S Official Representative in writing (or by e-mail) of its concern. The two Official Representatives shall meet and shall use their best efforts to work together to resolve any concerns of the CITY's Official Representative.  Development Department**

October 3, 2018

Honorable City Council:

Re: Bridging Neighborhoods Program
 Transfer to the Detroit Land Bank
 Authority — 8 Properties in Detroit,
 Michigan

The Bridging Neighborhoods Program
 (the "Program") is now being offered to
 eligible homeowners in identified areas of
 Detroit, who currently occupy their homes
 and are directly affected by the Gordie
 Howe International Bridge Project.

Under the Program, these homeowners
 are being given the opportunity to
 purchase a Program renovated home
 ("Program Home") from the Detroit Land
 Bank Authority ("DLBA") or City for \$1.00,
 in exchange for the Program Buyer
 deeding their Exchange Eligible Home
 directly to the City. The City would then
 demolish and clear these acquired
 properties for future non-residential
 uses, including landscape buffering and
 commercial/industrial uses!

The City entered into an agreement
 with the DLBA to provide certain DLBA
 housing stock and real estate services
 ("Agreement") as needed by the Housing
 and Revitalization Department ("HRD")
 to support the Program. In 2017, the
 City acquired eight (8) unoccupied tax
 foreclosed properties (the "Properties")
 from the Wayne County Treasurer. HRD
 seeks authorization to transfer these
 homes to the DLBA, so that the DLBA
 may secure, maintain and conduct any
 necessary title reviews on the
 Properties. This would serve to
 mitigate some of the issues in
 preparing these homes for inclusion
 in the housing stock for this program.

We, therefore, respectfully request
 that your Honorable Body approve the
 transfer and adopt the attached
 resolution, authorizing the Planning
 and Development Department
 Director, or his authorized
 designee, to issue a quit claim deed to
 the Properties, as more particularly
 described in the attached Exhibit A,
 and such other documents as may be
 necessary to effectuate the transfer of
 the Properties, from the City of
 Detroit to the DLBA for the
 consideration of One and 00/100
 Dollar (\$1.00).

Respectfully Submitted,
 MAURICE COX
 Director

Honorable City Council:

Re: Sale of vacated public alley — Petition No. 1534. North-South public alley (20 feet wide) within the block bounded by Woodward Avenue, Grand River Avenue, John R. Street and Farmer Street.

Petition No. 1534, requested that your Honorable Body approve the outright vacation of the north-south public alley (20 feet wide) within the block bounded by Woodward Avenue, Grand River Avenue, John R. Street and Farmer Street ("Property"). Upon vacation, as the Property is located within the "Governor and Judges Plan", title would vest in the City of Detroit. The Finance Director has declared that, subject to your Honorable Body's approval, this parcel to be surplus and under the jurisdiction of the Planning and Development Department.

The City of Detroit Planning and Development Department ("P&DD") has received an offer from 1400 Webward Avenue LLC, a Michigan Domestic Limited Liability Company ("Offeror") requesting to purchase this parcel for the amount of Thirty Six Thousand and 00/100 Dollars. The request is being made so that they may consolidate the Property with their adjacent parcel at 1400 Woodward, to accommodate the new Shinola Hotel development.

Written support for the Shinola Hotel development and 1400 Webward Avenue LLC's acquisition of the vacated alley has been provided by its neighbors DTRT 1456 Woodward LLC (1456 Woodward), 1448 Webward Avenue LLC (1426-1448 Woodward) and Farmer Street Development (1401 Farmer Street).

The Property consists of vacant land measuring approximately 6011 square feet. Upon approval of this sale by your Honorable Body, it is to become part and parcel of the abutting parcels. The project area is zoned B5 (Major Business District) and within the Central Business District. The development of hotels within the Central Business District in a B5 zone is permitted by right.

We, therefore, request that your Honorable Body approve the sale and authorize the Director of the Planning and Development Department, or his authorized designee, to issue a quit claim deed to the Property and such other documents as may be necessary to effectuate the sale, with 1400 Webward Avenue LLC, a Michigan Domestic Limited Liability Company for the amount of \$36,000.

Honorable City Council:

Re: North End Neighborhood — Develop Detroit, Inc. Development: generally bounded by Melbourne, John R., Chandler and Brush

Within the last twelve (12) months, Develop Detroit, Inc., a Michigan Domestic Nonprofit Corporation (“Developer”), purchased nine (9) parcels of land from the Detroit Land Bank Authority (“DLBA”) to begin renovation work in the North End neighborhood.

Together with properties that they already owned, the Developer has begun the construction of eleven (11) new homes and the rehabilitation of seven (7) townhouses. This work is expected to be completed in spring 2019.

Pursuant to the First Amended and Restated Memorandum of Understanding (“MOU”) between the City of Detroit and the DLBA, approved by your Honorable Body on May 5, 2015, the DLBA may not transfer ten (10) or more parcels of property received from the City to the same transferee within any rolling twelve (12) month period without the prior approval of the Mayor and City Council.

The DLBA is now in receipt of an offer from the Developer, to enter into an option to purchase an additional nine (9) DLBA owned properties (as described in the attached Exhibit A) within the North End neighborhood. The properties are to be sold to the Developer and its affiliates, Develop Detroit Properties, Inc. and Dev Detroit Marwood Limited Dividend Housing Limited Partnership. The project area is generally bounded by Melbourne, John R., Chandler and Brush.

The Developer and its affiliates propose to acquire the properties and, in conjunction with properties that they already own, renovate townhouse units, reconstruct an existing duplex, demolish and/or renovate two (2) dangerous and blighted structures (94 Mt. Honorable City Council:

Re: Correction - Sale of vacated public alley — Petition No. 1240. North-South public alley adjacent to 634 Selden and perpendicular to Selden Avenue.

On July 11, 2017, your Honorable Body approved the outright vacation of the north-south public alley adjacent to 634 Selden and perpendicular to Selden Avenue. Before the area was re-platted, the entire 14.75 feet width of the alley adjoined 3915 Second (a/k/a “Redmond Plaza”), a small community park owned by the City of Detroit and under the jurisdiction of the City of Detroit Recreation Department. Upon its vacation, title to the entire width of the alley vested in the City as the owner of the abutting lots.

The adjacent, now vacated, alley (“Property”) is not incorporated into the park. It is separated from the park by a brick knee wall. The Finance Director has declared that, subject to your Honorable Body’s approval, the Property to be surplus and jurisdiction transferred from the Recreation Department to the Planning and Development Department.

The City of Detroit Planning and Development Department (“P&DD”) has received an offer from 634 Selden 2018 L.L.C., a Michigan Domestic Limited Liability Company (“Offeror”) requesting to purchase the Property for the amount of Ten Thousand Two Hundred and 00/100 Dollars. The request is being made so that they may add additional landscaping, greenspace and an outdoor seating area to accommodate their adjacent commercial property at 634 Selden.

The Property consists of vacant land measuring approximately 1,476 square feet. Upon approval of this sale by your Honorable Body, it is to become part and parcel of the abutting parcel, 634 Selden. 634 Selden is zoned SD2 (Special

Development District — Mixed Use). Also, the project lies within the Willis-Selden Historic District.

On a less than three (3) acre site, subject to the review of P&DD the proposed use is permissible in a SD2 zone. Additionally, the Offeror has obtained approval from the Historic District Commission for the current exterior work on the project and will continue to do so where required.

We, therefore, request that your Honorable Body approve the sale and authorize the Director of the Planning and Development Department, or his authorized designee, to issue a quit claim deed to the Property and such other documents as may be necessary to effectuate the sale, with 634 Selden 2018 L.L.C., a Michigan Domestic Limited Liability Company for the amount of \$10,200.00.

Re: Sale of vacated public alley — Petition No. 145. North-South public alley within the block bounded by Fort Street, Shelby Street, Congress and Washington.

On September 11, 2018, your Honorable Body approved Petition No. 145, the outright vacation of the North-South public alley within the block bounded by Fort Street, Shelby Street, Congress and Washington ("Property"). Upon vacation, as the Property is located within the "Governor and Judges Plan", title would vest in the City of Detroit. The Finance Director has declared that, subject to your Honorable Body's approval, this parcel to be surplus and under the jurisdiction of the Planning and Development Department.

The City of Detroit Planning and Development Department ("P&DD") has received an offer from 220 W Congress Detroit LLC, a Michigan Domestic Limited Liability Company ("Offeror") requesting to purchase this parcel for the amount of Twenty Six Thousand Four Hundred and 00/100 Dollars. The request is being made so that the vacated alley may be developed into a pedestrian and small business activated space, attracting density to the south west section of downtown Detroit.

The Property consists of vacant land measuring approximately 2,400 square feet. Upon approval of this sale by your Honorable Body, it is to become part and parcel of the abutting parcel at 220 W. November 8, 2018

Honorable City Council:

Re: Petition No. 1821 Giffels Webster, request to vacate a series of public alleys and street rights-of-way within and adjacent to Woodward, Monroe, Randolph, Farmer, Bates and Cadillac Square in the City of Detroit, Michigan.

Background:

Petition 1821 requests changes to public rights-of-way to prepare for the redevelopment of the Monroe Block site (bounded by Cadillac Square, Woodward Avenue, Monroe Avenue, Farmer Street and Bates Street), also to prepare for redevelopment the Bates Block site (bounded by Randolph Street, Monroe Avenue, Farmer Street and Bates Street). The Downtown Detroit Development Authority (DDA) and Rosko Development Company LLC ("Bedrock") have or are entering into a Development Agreement to facilitate this important major new development. Certain changes to the rights-of-way are necessary to finalize the preparation of the Monroe and Bates Blocks for the development and allow for clear title to the land to be transferred for the project.

The City of Detroit owns all public rights-of-way in the unique area of Detroit platted in the "Governor and Judges". Therefore, the City will deed the title to the vacated rights-of-way to the DDA to then be transferred to the developer. Certain easements will be required and these easements shall also be transferred in the same manner. The easements aim to protect certain public and utility interests while also minimizing the impact on the ability to develop the land. The developer along with their project engineers have been meeting with all potentially involved agencies and utility companies to assure that satisfactory arrangements have been made regarding utility placement, abandonment or relocation.

City Engineering Division — DPW notes there have been previous resolutions in the area including: 1) The vacation of Library Street in a resolution recorded December 14, 1953 in Liber 11949, Page 276; also 2) The vacation of alleys in the "Monroe Block" recorded February 20, 2002 in Liber 35633, Page 65. (TED) reports being involved with no objection to the changes to the public rights-of-way provided certain conditions are met regarding pedestrian access and the relocation of traffic signal poles and the relocation of controller cabinets. The TED conditions are provided for as a part of the attached resolution.

Detroit Water and Sewerage Department (DWSD) has water mains and sewers located within the areas requested for outright vacations and conversion to easement. The following conditions must be met: (a) upon Bedrock acquiring title to vacated Farmer Street, Bedrock will grant DWSD a 30 feet wide easement mutually acceptable to DWSD and Bedrock that allows the maintenance and repair of DWSD's remaining facilities within Farmer Street, if any; and (b) Bedrock shall provide confirmation to DWSD that loads from the National Theatre Arch foundations encroaching into such easement will not bear structural influence on the existing 9.9 ft. deep, 1'9" (wide) and 2'6" (tall) combined flow sewer. The DWSD conditions are provided for as a part of the attached resolution.

Comcast reports involvement with fiber optics and coax cables in the area. They are in agreement to relocate their existing facilities at the petitioner's expense. A provision for Comcast relocation is made a part of the resolution.

DTE Energy — Electric (DTE — E) reports being involved with no objections to the property change provided that (a) a 5' horizontal and 18" vertical clearance is maintained between the tiebacks installed by Bedrock and existing DTE — E infrastructure; and (b) an easement the full width of Farmer Street is reserved in favor of DTE — E (the "Reservation"). The Reservation shall immediately and automatically terminate and be of no further force and effect, without the necessity of any further action, upon Bedrock or its affiliates' acquisition of title to Farmer Street and the recording of a private easement between Bedrock and DTE — E. DTE — E reports that they have received payment from the petitioner for the outright vacation of facilities in the referenced public alleys. The DTE — E conditions are provided for as a part of the attached resolution.

DTE Energy — Gas Division (DTE — G) reports being involved with no objections to the property change provided the proposed use does not hinder or impede the installation, operation, maintenance or replacement of DTE Gas Company facilities. A provision for the petitioner to remove and relocate the DTE — G facilities at the petitioner's expense is a part of the resolution.

Detroit Thermal has facilities in the subject area and a provision for the petitioner to pay for the removal of the Detroit

Thermal facilities is a part of the resolution.

Public Lighting Authority (PLA) has facilities in the subject area consisting of street lights, conduit and cable. The existing circuit will need to be removed and relocated. Public Lighting Department (PLD) reports involvement in the subject area. A provision for the petitioner to remove and relocate the PLA facilities and remove the PLD facilities at the petitioner's expense is a part of the resolution.

All other involved City departments and privately owned utility companies have reported no objections to the vacations easements and encroachments. Provisions protecting the rights of the utilities and the City are a part of this resolution.

An appropriate resolution is attached for consideration by your Honorable Body. I am recommending adoption of the attached resolution. A waiver of reconsideration is respectfully requested.

Respectfully submitted,

RICHARD DOHERTY, P.E.

Whereas, The CITY desires to reduce overall traffic congestion within the City ROW and demand on public parking resources, as well as to facilitate access to a variety of transportation alternatives and increase the mobility options available to Detroit residents and visitors; and

Whereas, The CITY desires to decrease vehicle emissions and overall air pollution levels in Detroit; and

Whereas, Car sharing programs have demonstrated the ability to improve the mobility options for individuals in urban environments, reduce overall traffic congestion and demand on public parking resources, and decrease vehicle emissions and air pollution levels in areas in which they operate; and

Whereas, MAVEN operates a member-based transportation, car rental, and car sharing service, whereby MAVEN makes a fleet of vehicles ("Shared Vehicles") available to its members on a self-service basis for hourly, daily, and other short-term rental periods through an automated online and app-based reservation and membership account platform; and

Whereas, MAVEN does not constitute a "limousine carrier," a "taxicab carrier," a "transportation network company," or a "dispatch system provider" as defined in Michigan Public Act 345 of 2016 or any associated administrative rules or regulations, and is not subject to Public Act 345 or its rules or regulations; and

Whereas, the Parties desires to increase the accessibility of MAVEN's car sharing program in multiple neighborhoods in Detroit through the strategic utilization of parking spaces located in City Facilities and within the City ROW ("Pilot Program");

Now Therefore, in exchange for good and valuable consideration, the value and sufficiency of which is acknowledged, and in consideration of the mutual promises and covenants set forth below, the Parties, intending to be legally bound, hereby agree as follows:

ARTICLE I: PURPOSE

1.01: Purpose. The purpose of this Agreement is to set forth the terms and conditions under which the Parties will expand accessibility of car sharing opportunities throughout Detroit through implementation of the City's car sharing Pilot Program. As part of this Pilot Program, the CITY will lease or license certain parking spaces located within CITY-owned lots and garages and the City ROW ("Dedicated Spaces") to MAVEN for MAVEN's exclusive use for Shared Vehicles. Also as part of this Pilot Program, MAVEN will utilize those Dedicated Spaces for the exclusive purpose of operating its car

sharing service in accordance with the terms and conditions set forth herein.

ARTICLE II: DEDICATED SPACES

2.01: Lease of City-Owned Dedicated Spaces. The CITY hereby leases to MAVEN, and MAVEN hereby leases from the CITY, the Dedicated Spaces located in or on City Facilities in such numbers and at such locations as are determined by mutual agreement of the Parties.

2.02: License of City ROW Spaces. The CITY hereby licenses to MAVEN, and MAVEN hereby licenses from the CITY, the exclusive use of Dedicated Spaces located within the City ROW in such numbers and at such locations as are determined by mutual agreement of the Parties.

2.03: Identification of Dedicated Spaces. The initial numbers and locations of the Dedicated Spaces are provided in Exhibit A of this Agreement. The numbers and locations of the Dedicated Spaces may be revised from time to time by mutual agreement of the Parties, to become effective not less than thirty (30) days following the date that such revision is executed in writing by the Parties. Any such revision will supplement, but will not constitute an amendment to, this Agreement. The Parties may use the form of the "Operating Agreement Supplement," attached hereto in Exhibit C, to so supplement Exhibit A of this Agreement.

2.04: Authorized Use of Dedicated Spaces. The Dedicated Spaces will be for MAVEN's exclusive use and occupancy. Whether by lease or by license, MAVEN is authorized to use and occupy the Dedicated Spaces solely for the purpose of parking Shared Vehicles as part of its operation of its car sharing service in accordance with its customary policies and procedures, subject to the terms and conditions set forth herein. Dedicated Spaces are not authorized to be used for long-term storage, traditional water-based washing or maintenance or repair of vehicles, including Shared Vehicles, or for any purpose other than the parking of Shared Vehicles. MAVEN's use and occupancy of any Dedicated Space for any purpose other than the operation of its car sharing service, or its failure to use any Dedicated Space in accordance with its customary policies and procedures and the terms and conditions set forth herein, will constitute a default of such lease or license of that Dedicated Space.

2.05: Distribution of Dedicated Spaces. At any time during the term of this Agreement, the Dedicated Spaces must be geographically distributed, such that for every two (2) Dedicated Spaces located within the Greater Downtown Area at least one (1) Dedicated Space will be located outside the Greater Downtown Area, as defined in Exhibit B of this

Agreement Of the Dedicated Spaces to be located outside the Greater Downtown Area, the Parties will make reasonable efforts to consider locating such spaces within the neighborhoods identified by the Detroit Planning and Development Department as "twenty-minute neighborhoods."

2.06: Signage at Dedicated Spaces.

As part of MAVEN's use and occupancy of each Dedicated Space, MAVEN will provide at its sole cost and expense signage for each Dedicated Space that is sufficient to clearly identify the Dedicated Space as for the exclusive use and occupancy of a Shared Vehicle.

(a) MAVEN will design, fabricate, and deliver signage to the CITY for installation. Such signage must be constructed of metal or other durable material, identify the Dedicated Space as being associated with MAVEN's car sharing service and clearly identify MAVEN's name, branding, and contact information, and state that such Dedicated Space is for the exclusive use and occupancy of a Shared Vehicle. The design and content of such signage is subject to reasonable approval by the CITY for adherence to these criteria.

(b) The CITY will install signage at each Dedicated Space. Such signage should, to the extent feasible, be located in the sidewalk portion of the CITY ROW adjacent to the Dedicated Space, be posted on a freestanding pole at a height not to exceed seven (7) feet above the sidewalk grade level.

(c) The CITY will remove (i) all such signage upon the earlier of the expiration or termination of this Agreement, and (ii) any individual sign within a reasonable period after MAVEN ceases using the Dedicated Spaces associated therewith pursuant to the other terms and conditions of this Agreement.

(d) All costs and expenses associated with any activities associated with the signage described herein, including their design, fabrication, delivery, installation, and removal are solely and exclusively MAVEN's. Before installing or removing any such signage, the CITY must notify MAVEN in writing of the cost thereof and the proposed location of such signage. If the cost or location of any such installation is unacceptable to MAVEN, then MAVEN may decline to lease or license the Dedicated Space associated with such signage. If the cost of any such removal is unacceptable to MAVEN, then MAVEN may remove such signage at its sole cost and expense and in compliance with all Applicable Laws. If MAVEN fails to respond to any notice required by this paragraph within fifteen (15) business days after receipt thereof, then MAVEN will be deemed to have consented to the cost set forth therein.

(e) Notwithstanding any provision of this Section to the contrary, (i), CITY, at

CITY'S sole cost and expense, shall be solely responsible for obtaining all governmental approvals required by Applicable Laws to install, maintain, and remove such signs including, but not limited to, permits for encroachment and construction, as applicable, and (ii) it shall be a condition precedent to Maven's duty to pay CITY the fee for each Dedicated Space that CITY install the signage referenced in this Section in accordance with this Section. Any payment due by MAVEN to CITY pursuant to this Section shall be payable within sixty (60) days after the date that MAVEN receives an invoice, accompanied by reasonable evidence, therefor.

2.07: Maintenance of Dedicated Spaces.

MAVEN will keep all Dedicated Spaces in generally clean, sanitary and safe condition and in good order and repair. MAVEN will be responsible for regular cleaning and maintenance of Dedicated Spaces at its own expense, including removal of debris, glass, garbage, snow, and other obstacles from each Dedicated Space and its immediate vicinity. In the event that any Dedicated Space is damaged or destroyed, MAVEN will promptly notify the CITY of such damage or destruction, take whatever steps as may be reasonably necessary to prevent further damage or destruction, and coordinate with the City for the repair, restoration, or reconstruction of the Dedicated Space in accordance with CITY's applicable standard specifications.

2.08: Utilization of Dedicated Spaces.

MAVEN must use each Dedicated Space for no less than seventy-five percent (75%) of the time during each month. A Dedicated Space will be considered in "use" by MAVEN if it is physically occupied by a Shared Vehicle that is available for use by a member of MAVEN's car sharing service or if the Shared Vehicle associated with the Dedicated Space is in use by a member of MAVEN's car sharing service.

2.09: Exclusivity. No other tenant, occupant, or car share service has or will have any right to use or occupy the Dedicated Spaces assigned to MAVEN under the Pilot Program for the duration of this Agreement.

2.10 Enforcement. To provide for MAVEN's exclusive use and occupancy of the Dedicated Spaces, the CITY will strictly enforce the following traffic and parking standards for Dedicated Spaces:

(a) Dedicated Spaces are exclusively available for the use of Shared Vehicles.

(b) A Dedicated Space may be occupied by any Shared Vehicle without temporal or durational limitations.

(c) Vehicles other than Shared Vehicles occupying a Dedicated Space are subject to the CITY'S customary parking enforcement measures.

(d) Shared Vehicles occupying any Dedicated Space in violation of the standards, terms, and conditions of this Agreement are subject to the CITY's customary parking enforcement measures.

As part of its enforcement efforts, the CITY may install curbside painting, striping, and other markings sufficient to clearly identify the Dedicated Spaces. MAVEN acknowledges that such traffic and parking enforcement standards under the CITY's general authority to protect the health, safety, and welfare of the public and as such will be generally applicable to all vehicles operating within the City ROW, including but not limited to Shared Vehicles.

2.11: Conflicting Uses and Temporary Relocations. MAVEN understands and acknowledges that the City Facilities and City ROW may be subject to multiple conflicting uses, including but not limited to construction or excavation activities, street closures, or special events ("**Conflicting Use**") that may from time to time render one or more Dedicated Spaces unavailable to MAVEN and its members. In the event of a Conflicting Use, MAVEN must remove Shared Vehicles from all affected Dedicated Spaces prior to the scheduled commencement of the Conflicting Use and cause such Dedicated Spaces to remain free of Shared Vehicles for the duration of the Conflicting Use. The CITY will use reasonable efforts to provide MAVEN with no less than seventy-two (72) hours' advance notice of any Conflicting Use. Such notice will include the expected geographic range and duration of the Conflicting Use, as well as other additional information, to the extent possible, that MAVEN may reasonably need to provide sufficient accommodations. If the Conflicting Use is scheduled or otherwise reasonably expected to last for more than seventy-two (72) consecutive hours, then the CITY and MAVEN will collaborate to temporarily relocate all affected Dedicated Spaces to mutually agreeable alternative locations for the duration of the Conflicting Use.

2.12: Right of Entry. The CITY and its authorized representatives have the right to enter the Dedicated Spaces at all reasonable times for the purpose of examination or inspection to ensure MAVEN's compliance with this Agreement

ARTICLE III:

CAR SHARING OPERATIONAL STANDARDS

3.01: Car Sharing Service. MAVEN operates a membership-based car sharing service that includes an automated online reservation and membership account platform, telephone and online customer support service, and keyless vehicle entry system. MAVEN will make its car sharing service available to its

members on a self-service basis twenty-four (24) hours per day, seven (7) days per week. MAVEN will make all Dedicated Spaces and associated Shared Vehicles accessible to its general membership as part of the ordinary operations of its car sharing service and will not restrict such accessibility to certain members, limited hours or other similar limitations.

3.02: Vehicle Maintenance. MAVEN will keep all Shared Vehicles in clean condition, free of dust, garbage, discarded items, and other debris, and will maintain all Shared Vehicles in good working order in accordance with all applicable manufacturer maintenance recommendations.

3.03: Vehicle Registration and Inspection. MAVEN must ensure that all Shared Vehicles are registered in the State of Michigan and are at all times in compliance with the Michigan Vehicle Code, including all applicable inspection and insurance requirements.

3.04: Fees and Fines. MAVEN will be responsible for the timely payment of all fees and fines associated with Dedicated Spaces and Shared Vehicles, including but not limited to registration and permit fees, parking tickets, and moving violations.

3.05: Identification of Vehicles. MAVEN must affix to the exterior of each Shared Vehicle its logo or other branding to clearly identify the Shared Vehicle as part of its car sharing service and will maintain such identification in good and legible condition. To further facilitate identification of Shared Vehicles by the CITY, MAVEN may provide the CITY with the vehicle identification number, or other similar identification information, of each Shared Vehicle.

3.06: Emissions Standards. MAVEN must ensure that Shared Vehicles comply with U.S. Environmental Protection Agency Tier 3 emissions standards.

**ARTICLE IV:
COMPENSATION**

4.01: Compensation. As compensation for is lease or license of the Dedicated Spaces, MAVEN will pay to the CITY a sum equal to the number of Dedicated Spaces of each type (City Facility, metered City ROW, non-metered City ROW) multiplied by the fee per Dedicated Space of each type, as set forth in the following schedule:

| Location Type: | Fee (per Dedicated Space, per month): |
|-----------------------|--|
| City Facility | [Applicable Monthly Parking Rate at City Facility] |
| Metered City ROW | \$125 |
| Non-Metered ROW | \$62.50 |

Such monthly payment will be calculated as ((number of City Facility Dedicated Spaces] x [Fee for Dedicated Spaces in City Facilities]) + ((number of Metered City

ROW Dedicated Spaces] x [Fee for Metered City ROW Dedicated Spaces] + ([number of Non-Metered ROW Dedicated Spaces] x [Fee for Non-Metered City ROW Dedicated Spaces]).

The fee for each type of Dedicated Space may be revised from time to time by mutual agreement of the Parties, to become effective not less than thirty (30) days following the date that such revision is executed in writing by the Parties. Any such revision will supplement, but will not constitute an amendment to, this Agreement. The Parties may use the form of the "Operating Agreement Supplement," attached hereto in Exhibit C, to so supplement this section.

Compensation for the lease or license of a Dedicated Space for a portion of any month may be prorated on a per-diem basis. The prorated compensation will be calculated as the applicable monthly fee, divided by the number of days in the month, multiplied by the number of days that the Dedicated Space is in use, including when a Dedicated Space is unavailable due to Conflicting Uses, per Section 2.11 herein, if a suitable relocation is found. If a Dedicated Space is not dedicated for use for any day in a given month, then no payment will be due for such Dedicated Space for such month.

4.02 Invoice and Payment. MAVEN will submit all payments to the CITY on a monthly basis. For each respective month, MAVEN will pay all amounts due on or prior to the first business day of every month. Payments are payable to "City of Detroit Municipal Parking Department" and will be submitted to the City at the address provided in Section 13.01 herein, or such other address as the CITY may from time to time designate in writing to MAVEN.

4.03: Rate Changes. The CITY may from time to time and in its sole discretion adjust its parking fees at City Facilities or its meter rates. MAVEN acknowledges and agrees that the fees associated with each Dedicated Space are subject to change at rates in accordance with any adjustments by the CITY to the parking fees at City Facilities or meter rates. The CITY will provide MAVEN with at least thirty (30) days advance notice prior to the effective date of any changes to fees associated with Dedicated Spaces.

4.04: Holding Over. If MAVEN retains possession of any one or more Dedicated Spaces after the expiration or termination of this Agreement by lapse of time or otherwise, MAVEN will continue its tenancy or licensure, as applicable, from month to month under the terms and conditions of this Agreement until an amendment or new agreement is executed between the City and MAVEN, or until the CITY serves a notice to vacate upon MAVEN, or until MAVEN vacates all Dedicated Premises.

The provisions of this Section are not to be deemed to limit or exclude any of the City's rights of reentry or any other right granted to City according to the terms of this Agreement or under law.

ARTICLE V: INTELLECTUAL PROPERTY

5.01: License. The Parties agree that the use of their names, logos, trademarks, and service marks ("Marks") may be helpful in providing public communications regarding car sharing. Each Party hereby grants to the other Party a non-exclusive, non-transferrable, royalty-free license to use its Marks to notify MAVEN's members of the availability of Shared Vehicles at the Dedicated Spaces and to generally promote the overall accessibility of car sharing in Detroit. Except as provided in the preceding sentence, no license under any existing or future trademark of either Party, by implication or otherwise, is granted to the other Party under this Agreement. A Party's license to use its Marks may be revoked by the Party at any time, whereupon the other Party must immediately cease its use of such Marks.

Commencing ninety (90) days following the Effective Date of this Agreement and on a quarterly basis thereafter, MAVEN will submit to the CITY a report of its car sharing operations within Detroit for each preceding quarter. The form and content of such reports will be determined by mutual agreement of the

Parties, and may include but will not necessarily be limited to:

The additional insured endorsement must provide coverage to the additional insured with respect to liability arising out of the named insured's operations at or use of the Dedicated Spaces. The commercial general liability policy must state that MAVEN's insurance is primary and not excess over any insurance already carried by the City of Detroit and provide blanket contractual liability insurance for all written contracts.

6.05: Confidentiality. Each Party will keep, all source documents, records, and other information pertinent to its activities under this Agreement confidential and will refrain from releasing such information to third parties without notice to the other Party, subject to any disclosure requirements contained in the Michigan Freedom of Information Act, Public Act 442 of 1976, as amended, or other Applicable Laws, as defined herein.

7.05: Deductibles. MAVEN will be responsible for payment of all deductibles contained in any insurance required under this Agreement. The provisions requiring MAVEN to carry the insurance required herein shall not be construed in any manner as waiving or restricting the liability of MAVEN under this Agreement.

7.06: Revisions to Coverage. If during the term of this Agreement, changed conditions or other pertinent factors, in the reasonable judgment of the CITY, render

inadequate the insurance limits stated above, MAVEN will furnish on demand such additional coverage as may reasonably be required under the circumstances. **ARTICLE IX:
EFFECTIVE DATE, TERM,
TERMINATION**

9.01: Term and Effective Date. The term of this Agreement will commence on the Effective Date and continue for a period of two (2) years, unless otherwise terminated pursuant to the provisions of this Agreement. The Effective Date of this Agreement will be the date upon which this Agreement has been fully executed by a duly authorized agent of each Party and has been approved by the City of Detroit Law Department, and the transactions contemplated hereby have been approved pursuant to the Resolution of the Detroit City Council as approved by the Mayor of the City of Detroit.

9.02: Termination for Convenience. Either Party may terminate this Agreement by providing notice of termination to the other Party. Such termination will become effective sixty (60) days following the date of the notice of termination.

9.03: Default and Termination for Cause. Each of the following occurrences constitutes a default under the Agreement ("**Event of Default**"):

Failure to cure such default as provided above shall be considered a material breach of this Agreement. Upon either Party's material breach of this Agreement, the Party not in material breach may, in its sole discretion: (a) seek specific performance of the applicable obligation that is the subject of a material breach; (b) elect to cure or perform the applicable obligation that is the subject of the material breach; or (c) issue a notice of termination to the Party in material breach, whereupon this Agreement shall be terminated. In no event and under no circumstances will MAVEN seek or be entitled to money damages.

9.04: No Waiver. No failure by the CITY or MAVEN to insist upon the strict performance of any covenant, agreement, term, or condition of this Agreement or to exercise any right, power or remedy consequent upon a breach thereof and no acceptance of full or partial compensation by the CITY during the continuance of any such breach by the CITY shall constitute a waiver of any such breach or of such covenant, agreement, term, or condition. No waiver of any breach shall affect or alter this Agreement, but each and every covenant, agreement, term and condition of this Agreement shall continue in full force and effect with respect to any other then existing or subsequent breach thereof.

10.01: In General. Each party is individually responsible for remaining in compliance in all respects with all applicable federal, state, and local laws, rules, regulations, and orders having the binding effect of law (collectively, "Applicable Laws"). Neither Party will be responsible for ensuring the other Party's compliance with Applicable Laws at any time, unless so required under Applicable Laws. Any material violation of Applicable Laws by one Party will constitute a material breach and grounds for termination of this Agreement by the other Party in accordance with Section 9.03, herein.

10.02: Non-Discrimination. MAVEN will refrain from refusing, restricting, withholding, or denying any accommodations, services, privileges, advantages or facilities or otherwise discriminating, directly or indirectly, against its members or prospective members on the basis of race, color, ethnicity, national origin, religious beliefs or practices, age, disability, pregnancy, marital status, parental status, military status, employment or educational status, gender, sex, sexual orientation, gender identity or expression, or any other protected classification, in accordance with Chapter 27 of the Detroit City Code and other Applicable Laws. 11.02: Sublease. MAVEN has no right to sublease or sublicense any Dedicated Space without the prior written consent of the City in each instance. Such consent may be withheld by the City for any reason or no reason whatsoever. Any sublease or sublicense in violation of this Section constitutes a material and non-curable breach for which the City may terminate the Agreement immediately upon notice to MAVEN.

Notwithstanding the foregoing, the Parties may revise the numbers and locations of Dedicated Spaces in accordance with Section 2.03 herein, as well as the fee for each type of Dedicated Space in accordance with Section 4.01 herein, which will constitute a supplement of, and not an amendment to, this Agreement. No Amendment to this Agreement will be effective unless it is in writing, expressly makes reference to this Agreement, is executed by a duly authorized representative of each Party, is approved by the City of Detroit Law Department, and is approved pursuant to Resolution of the Detroit City Council, as approved by the Mayor of the City of Detroit, that incorporates such Amendment

Honorable City Council:

Re: Petition No. 1534 Giffels Webster, request for vacation and transfer of a public alley north-south (20 feet wide) within the block bounded by Woodward Avenue, Grand River Avenue, John R. Street, and Farmer Street.

Petition No. 1534 of Giffels Webster on behalf of 1400 Webward Avenue LLC, request for the vacation of the north-south public alley, 20 feet wide, in the block bounded by East Grand River Avenue, 60 feet wide, John R. Street, 55 feet wide, Woodward Avenue, 120 feet wide, and Farmer Street, variable width.

The request is being made to consolidate parcels of land and to accommodate a new development known as the Shinola Hotel. The petitioner has also requested that the City deed the alley to them. The title to the alley is vested with the City because it is part of the "Governor and Judges Plan". After this resolution for alley vacation, the alley will need to be declared surplus property in order to be sold to 1400 Webward Avenue LLC (aka Bedrock). A provision authorizing the land sale is a part of the resolution.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

Detroit Water and Sewerage Department (DWSD) has no objection to the vacation provided certain provisions are met. The DWSD provisions are a part of the attached resolution.

Planning and Development Department reports involvement because the development is located within the Lower Woodward Historic District. The project requires Historic District Commission approval. A provision for Historic District approval is a part of the resolution.

Comcast reports involvement with an estimated cost of \$16,374.04 for removal and relocation of their facilities. A provision for Comcast is a part of the resolution.

DTE Energy — Electric Division (DTE-E) reports being involved with electric facilities in the vacation. The petitioner and DTE Energy have agreed to easement conditions for the subject alley. DTE Energy consents to the vacation of the

alley provided that the resolution expressly references the private easement benefiting DTE. A provision for DTE Energy is made a part of the resolution.

DTE Energy — Gas Division (DTE-G) reports being involved with the removal of the gas facilities in the vacation area or a grant of easement. A provision for removal of DTE-G facilities at cost to be borne by the petitioner or the granting of an easement for DTE-G is a part of the resolution.

Detroit Thermal has facilities in the subject alley and a provision for the petitioner to grant an easement satisfactory to Detroit Thermal is a part of the resolution.

A provision for the other adjoining owners to be granted an easement for ingress and egress to the alley for buildings with entrances/exits on the subject alley has been made a part of the resolution.

All other involved City departments and privately owned utility companies have reported no objections to the vacation and encroachment. Provisions protecting the rights of the utilities and the City are a part of this resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
RICHARD DOHERTY, P.E.

RESOLUTION IN SUPPORT OF THE "BULLET BILL"

By Council Member Spivey:

Whereas, Gun violence is at epidemic levels here in the United States. Death by gunshot is the leading cause of death throughout the nation. In 24 states there were more people killed by gunshot than by car accident and was also the leading cause of injury-related deaths of young people between the ages of 15 and 29. According the U.S. Centers for Disease Control and Prevention in 2016, over 155,000 individuals were the victims of gun related-violence, including 38,658 deaths as a result of those injuries; and

Whereas, The State of Michigan has been hit hard by the epidemic of gun violence. A disproportionate number of firearm-related deaths occur in Michigan. Even though only 3% of the country's population is here in the state, approximately 11% of the those deaths happen in Michigan; and

Whereas, Not only does the individuals and community suffer the physical and emotional consequences from firearm-related injuries and deaths, but the taxpayers bear the burden of the overwhelming economic cost. Nationally, approximately half of the over \$2 billion in medical costs is borne by taxpayers. Additionally, when all direct and indirect medical, legal and societal costs are included the estimated cost of gun violence in the United States amounts to a staggering \$100 billion annually; and

Whereas, The purchase of firearms is regulated to varying degrees; however, there is very little regulation on the sale of ammunition. Although, individuals who are prohibited from possessing firearms are also prohibited from possessing ammunition, this is inadequate to prevent those individuals from buying ammunition and to protect the public. Federal and state law should prevent individuals who pose a threat to themselves or others from purchasing firearm ammunition by requiring background checks that include mental health data prior to any such sale; and

Whereas, In light of the recent increase in mass shootings and gun violence, there is a growing consensus that more regulation is needed for the sale of firearms and firearm ammunition to protect public safety. According to the Los Angeles Times, nearly two-thirds of Americans are in favor of universal background checks for ammunition buyers and approximately 60% support bans on high-capacity mag-

azines and strict limits on the amount of ammunition that can be purchased'; and

Whereas, The Detroit City Council supports the 2nd Amendments right to bear arms but recognizes that policies have to be put into place to protect everyone in the community in the exercise of that right. However, Michigan's Firearms and Ammunition Act, P.A. 319 of 1990, M.C.L. 123.1102, prohibits both local units of government, e.g. cities and counties, from placing any restriction on the sale of ammunition. Therefore, is necessary for the State to undertake such regulation.

NOW, THEREFORE BE IT

Resolved, That the Detroit City Council hereby supports the regulation of the sale of gun ammunition to require a background check that includes mental health data prior to such sale would drastically decrease the number of individuals injured or killed by gun violence and lessen the associated economic impact on taxpayers; **BE IT FURTHER**

Resolved, Wayne County Commissioner Reggie Davis has sponsored a resolution advocating for legislation, that if adopted, would endorse similar regulation. City Council supports the sentiment of Commissioner Davis' resolution urging the State legislature to enact reasonable legislation to protect our communities; **BE IT FINALLY**

Resolved, That a copy is resolution be transmitted the Committees on Judiciary in both the Michigan House and Senate and to the Detroit Delegation in the Michigan Legislature.

TESTIMONIAL RESOLUTIONS AND SPECIAL PRIVILEGE

RESOLUTION IN MEMORIAM

MRS. AVIS HOLMES

By: Council President Jones, joined by Council Members Ayers, Benson, Leland and Sheffield:

WHEREAS, We, the members of the Detroit City Council, solemnly pause today to recognize and bestow homage upon the late, Mrs. Avis Sarah Ernestine Holmes, who made her heavenly transition on November 2, 2018, Avis Holmes was born on November 1, 1926 in Powhatan County, Virginia. She was the third of five children born to the late Voll Paul Green Sr., and Alice Virginia Dabney Greene. Her siblings include Holman, Voll Jr., Patty (who preceded her in death) and her baby brother, Reuben. Avis accepted Christ at an early age and later became a dedicated member of Allen Temple AME Church. After her father's death, the family moved to Richmond, Virginia. Avis attend-

ed Richmond Public Schools and graduated early at the age of sixteen. She met and married Andrew James Burnette. From this union three children were born: Andrea, Patty and Andrew Jr. In 1951, the family relocated to Detroit, Michigan, where Avis worked several jobs. She was an amazing wife and mother. In spite of working full-time, she always cooked full course meals for breakfast and dinner for her family. Avis was one excellent cook and her cakes, pies and rolls were legendary. Her doors were always open to visitors and once she accepted someone as a friend, they became part of the family. Avis and Andrew divorced in 1961; and

WHEREAS, While campaigning for John F. Kennedy's presidential bid, Avis met David S. Holmes Jr., who was a member of the Michigan House of Representatives. Later, David was elected as a State Senator. They were united in marriage in November 1962. Avis and David embarked on many adventures together, including campaigning, attending political conventions and hosting an "Annual Friends of Holmes Scholarship Fund" for aspiring students. Their home on East Boston became the center of lavish parties, meetings and fundraisers for the Democratic Party's political elite, the Michigan Black Caucus (founded by Sen. Holmes), community groups and members. The couple were an integral part of the Civil Rights Movement and participated in Dr. Martin Luther King Jr.'s Detroit March in June 1963. With the help of her husband, Mrs. Holmes founded the Detroit Non-Profit Housing Corporation (DNPHC) in 1971, becoming its Executive Director. She also completed her B.A. in Political Science from Wayne State University in 1973. DNPHC specialized in providing safe and affordable housing for people with low and moderate incomes. Mrs. Holmes was passionately dedicated to securing HUD approved contracts for the citizens of Detroit She was especially devoted to protecting senior citizen's legacy of home ownership in the North End community. DNPHC was like another child to her. For many years, Mrs. Holmes kept the agency afloat out of her own pocket; nurturing and fighting for its goals until the age of ninety-one. She never retired. During those decades of service, Mrs. Holmes trained and mentored dozens of people who continued her legacy in the housing industry; and

WHEREAS, Words alone cannot describe the life that Avis Holmes lived. She was intellectually brilliant, well-traveled, and could converse on a wide variety of subjects, especially politics and current events. In addition to being an incomparable mother to her own children, Mrs. Holmes mothered her grandchildren, great-grandchildren and great-great grandchildren. She and her sister Patty,

raised and took guardianship of her grandsons Malik and Jimmie and her great-granddaughter, Khadijah. Often mistaken as twins, Avis and Patty were inseparable. As adults they lived together for forty-four years and every holiday was spent at the home they built together. There was always room at the table for family and friends on any occasion, whether a holiday or not Mrs. Avis Holmes was the matriarch and jewel of her family. She put her heart and soul into her family, the DNPHC agency and serving the people of the North End community and the City of Detroit She is survived by her brother Reuben Greene (Lillian); her children Andrea, Patty (Lester), Andrew Jr., Marcia (Paul) and Patricia Ann; grandchildren Malik (Akilah), Jimmie (Tonya), Christopher (Raisa), Elizabeth, Alexis, Amari and Aman; great-granchildren Khadijah, Sandra Ann, Gabriella, Moses, Emmah, Rosely, Zane and Kinsley, great-great-grandchildren Gianna and Elizah; and a host of cousins, nieces, nephews and friends. Mrs. Avis Holmes has ensured that her impact would be forever embedded in the hearts of those she cherished for years to come.
