21 **IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT**

22 **THAT:**

23 **Section 1.** Chapter 50 of the Detroit City Code, *Zoning*, is amended as follows:

1 The Buildings, Safety Engineering, and Environmental Department may waive the setback  
2 requirements, maximum numbers of permitted animals, and/or honey bee hives as defined in 50-  
3 12-524 of this code, and species limitations pursuant to a conditional land use hearing as provided  
4 for in Article III Division 7 of this chapter. The Buildings, Safety Engineering, and Environmental  
5 Department will also solicit the review and recommendation of the Director or designee of Animal  
6 Control, Regulation, and Care, and the Director or designee of the Planning and Development  
7 Department pursuant to Section 6-8-4 of this Code. The waiver determination of Buildings, Safety  
8 Engineering, and Environmental Department may not be appealed to the Board of Zoning Appeals.

9 **Secs. 50-12-139 140—50-12-150. Reserved.**

10  
11 **DIVISION 3. SPECIFIC USE STANDARDS**

12 **Subdivision H. Other Uses. Urban Agriculture**

13 **Sec. 50-12-397. Farm products and uses; prohibited.**

14 The following farm products shall be prohibited from being produced on an urban garden  
15 or urban farm:

16 ~~(1)~~ Farm animals, as described in Chapter 6 of this Code, *Animal Care, Control, and*  
17 *Regulation;*

18 ~~(2)~~(1) Prohibited tree species under Section 50-14-324 of this Code and any other  
19 plants deemed injurious or invasive by the Forestry Division of the General  
20 Services Department;

21 ~~(3)~~(2) Oats, wheat, and rye, in order to prevent rodents, except when used as a winter  
22 cover crop and not grown to full maturity.

23 **Sec. 50-12-402. Animal husbandry and beekeeping exceptions.**

1           (a) Animal husbandry and beekeeping is permissible as a principal use only as a  
2 conditional use as provided in Article III Division 7 of this chapter where operated by a municipal  
3 agency, a 4-H program that is officially sanctioned and recognized by Michigan State University  
4 Extension or by a non-profit entity organized for educational purposes under Section 501(c)(3) of  
5 the federal Internal Revenue Code, being 26 USC 501(c)(3). The Buildings, Safety Engineering,  
6 and Environmental Department will also solicit the review and recommendation of the Director or  
7 designee of Animal Control, Regulation, and Care, and the Director or designee of the Planning  
8 and Development Department pursuant to Section 6-8-4 of this Code.

9           (b) For all individuals and entities other than those specified in Subsection (a) of this  
10 section, animal husbandry and beekeeping is permissible only as an accessory use, subject to  
11 Section 50-12-524 of this Code.

12           (c) Every establishment for animal husbandry and beekeeping, whether as a principal  
13 or accessory use, must be licensed pursuant to Chapter 6, Article X of this Code.

#### 14           **DIVISION 4. PRINCIPAL USES AND STRUCTURES**

##### 15           **Sec. 50-12-433. Second principal use of the land.**

16           Where an activity on, or use of, the land, in addition to the principal use, fails to meet the  
17 definition of an accessory use, as provided in Section 50-16-111 of this Code, except as otherwise  
18 expressly provided for in this Chapter, it shall be considered a second principal use, subject to all  
19 applicable regulations for that use.

#### 20           **DIVISION 5. ACCESSORY USES AND STRUCTURES**

##### 21           **Subdivision A. In General**

##### 22           **Sec. 50-12-451. Allowed uses.**

23           By-right uses and approved conditional uses shall be deemed to include accessory uses, as

1 defined in Section 50-16-111 of this Code or as otherwise expressly provided for in this Chapter,  
2 and activities that are necessarily and customarily associated with, on the same zoning lot as, and  
3 are clearly incidental and subordinate to, the principal uses allowed in zoning districts. Unless  
4 otherwise expressly stated, accessory uses and activities shall be subject to the specific use  
5 standards of Division 3 of this article.

6 **Subdivision C. Specific Accessory Use Standards**

7 **Sec. 50-12-521. Farmers markets.**

8 (a) Farmers markets ~~shall be permitted~~ are permissible as an accessory use ~~where~~

- 22 (2) All business zoning districts specified in Section 50-7-3 of this Code;
- 23 (3) All industrial zoning districts specified in Section 50-7-4 of this Code;

1           (4) PD Planned Development District zoning districts;

2           (5) PC Public Center District zoning districts;

3           (6) PCA Public Center Adjacent District (Restricted Central Business District)  
4           zoning districts;

5           (7) TM Transitional-Industrial District zoning districts;

6           (8) SD1 Special Development District, Small-Scale, Mixed-Use zoning  
7           districts;

8           (9) SD2 Special Development District, Mixed-Use zoning districts; and

9           (10) MKT Market and Distribution District; and

10          (11) SD4 Special Development District, Riverfront Mixed-Use zoning districts.

11          (c) Shelter and enclosure spaces pursuant to Sec. 6-8-5 of this code for chickens and  
12          ducks must be less than 200 square feet in floor area and provide the following  
13          setbacks:

14           (1) thirty (30) feet from any neighboring dwelling

15           (2) five (5) feet from the side property line

16           (3) five (5) feet from rear property line if there is no alley present

17           (4) shall only be allowed behind the rear plane of the principal structure.

18          (d) Bee hives for honey bees pursuant to Sec. 6-8-5 of this code must provide the  
19          following:

20           (1) twenty-five (25) foot setback from the property line unless a flyway barrier  
21          of six (6) feet in height above grade plane is provided. Roof top bee hives that are not adjacent to  
22          building windows are exempt form this provision.

1           (2) a minimum five (5) foot side setback from the property line is required in  
2           any instance.

3           (e) For the following uses, the number of ducks and/or chickens combined shall not  
4           exceed eight (8) and the number of honey bee hives shall not exceed two (2):

5           (1) All residential uses listed in Division 1, Subdivision B of this article;

6           (2) Schools;

7           (3) Educational institutions; and

8           (4) Restaurants, standard; where in compliance with all other statutory laws

9           (5) Civic or cultural buildings on land zoned PC or PCA.

10          (f) Agricultural Uses listed in Section 50-12-109 of this Code may not have more  
11          than 12 ducks and/or chickens and/or four (4) honey bee hives.

12          (g) The setbacks, maximum numbers of animals and/or honey bee hives or use standards,  
13          or species of animals may not be waived by the Board of Zoning Appeals.

14          (h) Notice shall be provided by Animal Care and Control to include a description of the  
15          planned animal keeping activity to abutting property owners and occupants when  
16          issuing an animal husbandry licensing.

17                   **ARTICLE XIII. INTENSITY AND DIMENSIONAL STANDARDS**

18                   **DIVISION 2. MEASUREMENTS, REQUIREMENTS, AND EXCEPTIONS**

19                   **Sec. 50-13-226. Features allowed within required setbacks.**

20           Trees, shrubs, flowers, fences, walls, hedges, and other landscape features may be located  
21           within any required setback. In addition, the following table lists features that may be located  
22           within any required setbacks, subject to the specific limitations that are delineated:

<b>Feature That May Encroach or</b>	<b>Limitation</b>
-------------------------------------	-------------------

Project Into Required Setback	
Driveways leading directly to accessory off-street parking and/or loading areas and/or structures and/or pedestrian pick-up/drop-of areas.	No limitations, unless otherwise specified.
Access roads leading to accessory parking and/or loading areas and/or structures and/or pedestrian pick- up/drop-off areas.	Does not apply to access roads in R1, R2.
<u>Animal shelters, enclosures, and hives</u>	<u>May not exceed 200 square feet. See also 50-12-524 (c) and (d).</u>
Antennas, including satellite dishes in excess of 36 inches in diameter, amateur licensed radio antennas, and similar personal communication device reception towers and facilities	May project into or encroach upon a required front or side setback area only where prohibition of such devices or facilities would substantially interfere with reception to the extent they are rendered inoperable.
Awnings, patio covers, and pergolas (attached)	May not be located less than ten feet from the rear property line and 18 inches from a side property line, measured from the eave, provided, that the roof area does not exceed one-third of the area of the required rear setback. The required

	setback may be reduced to five feet from the rear property line and 18 inches from a side property line, measured from the eave, provided, that the setback is bounded by a solid masonry fence at least five feet in height. (Detached shade structures and carports are treated as "accessory structures").
Balconies	May project not more than six feet into a front or rear setback, and three feet into a side setback.
Bay windows	May project not more than 2.5 feet into a required setback.
Carports (attached)	May not be located less than three feet from a side property line, and may not be located in required front setback. In addition, carports shall be designed so as to prevent runoff onto adjacent properties. (See also <a href="#">Section 50-16-151.</a> )
Chimneys, fireplaces, pilasters, smokestacks, and window air conditioners not exceeding six square feet in area	May project or encroach not more than 16 inches into a required side setback.
Clothesline posts	No limitations in side or rear setbacks. May not be located in required front setback.
Cornices, eaves, mechanical equipment, and ornamental features	May project not more than 14 inches into any required side setback.
Curbs, and sidewalks	No limitations.

Fences	See Section 50-14-381.
Fire escapes, stairways, and balconies which are open and unenclosed, and marquees	May project not more than five feet into a required setback.
Flagpoles	No limitations.
Garages and other accessory structures (attached or unattached)	May encroach into the rear setback up to the lot line where an alley provides vehicle access to the property. Where there is no alley, garages and other accessory structures may not be located less than three feet from the rear lot line except for the reconstruction of damaged accessory structures on an existing foundation. Unattached garages and other accessory structures may not be located less than three feet from a side property line except for the reconstruction of damaged accessory structures on an existing foundation, and may not be located in required front setback. Attached garages shall be subject to the setback provisions for the dwellings to which they are attached. In addition, garages and other accessory structures shall be designed so as to prevent runoff onto adjacent properties.
Parking and driveways	Operable private passenger vehicles may be parked on the driveway in only one side setback and the continuation of that side setback into the front setback to the property line. The area shall be maintained in a dust- free condition at all

	times. No mechanical maintenance or vehicular repairs shall be conducted in this area. (See additional regulations in <u>Article XIV, Division 1, Subdivision K.</u> )
Porches (enclosed)	May project not more than eight feet into required front and rear setbacks, subject to applicable sections of Chapter 8, Article II, of this Code, <i>Building Code</i> , that pertain to such existing porches. (See additional regulations in Section 50-13-226(2))
Porches (unenclosed) and decks	May project not more than eight feet into a required front or rear setback. No unenclosed porch shall be constructed within any required side setback.
Ramps for persons with disabilities	Subject to applicable sections of Chapter 8, Article II, of this Code, <i>Building Code</i> . (See also <u>Section 50-13-226(3)</u> )
Signs	Regulated in accordance with Chapter 4 of this Code.
Yard and service lighting fixtures, poles	May not be located less than three feet from any lot line.

- 1
- 2       (1)   *Fences*. See Section 50-14-381 of this Code.
- 3       (2)   *Porches (enclosed)*. Front and rear porches may project not more than eight feet
- 4           into required front and rear setbacks subject to applicable sections of Chapter 8,
- 5           Article II, of this Code, *Building Code*, that pertain to such existing porches:
- 6           a.     Such structures are subject to the approval of the Buildings, Safety
- 7                 Engineering, and Environmental Department after receipt of a report and

1 recommendation from the Planning and Development Department. Such  
2 report and recommendation shall be submitted within 15 working days of  
3 the receipt of the request from the Buildings, Safety Engineering, and  
4 Environmental Department, after which time the Buildings, Safety  
5 Engineering, and Environmental Department may proceed with or without  
6 said report and recommendation. The Planning and Development  
7 Department may recommend changes and/or special conditions to the  
8 proposed structure, and recommend approval of the proposed structure as  
9 adjusted. The Planning and Development Department shall review and  
10 determine the following:

- 11 1. That the proposed structure is compatible with the existing structure  
12 and surrounding area; and
- 13 2. That the proposed structure does not alter or damage significant  
14 architectural elements of the existing residential structure.

15 b. Such structure shall be erected and maintained in accordance with the  
16 following criteria. (Note: Front and rear porches that do not project into a  
17 required setback are not subject to the following criteria.)

- 18 1. The structure shall be enclosed with screen panels or windows, or a  
19 combination thereof. The structure may be enclosed with kickplates  
20 not exceeding 42 inches in height above the floor of the porch.  
21 Existing opaque materials, not exceeding 42 inches in height above  
22 the floor of the existing porch, shall be permitted;
- 23 2. The structure shall not be enclosed in any way by opaque materials,

1 with the exception of railings, kickplates, or existing opaque  
2 material, none of which may exceed 42 inches in height above the  
3 floor of the existing porch;

4 3. The exterior of the entire structure shall be maintained in a color  
5 consistent with the existing residential structure or with the  
6 surrounding residential neighborhood; and

7 4. The structure shall not be weather-insulated, nor have any heating  
8 system installed which makes such structure habitable year round,  
9 or usable as a general living area.

10 (3) *Ramps.* Ramps for persons with disabilities subject to applicable provisions of  
11 Chapter 8, Article II, of this Code, *Building Code*, are permitted in rear setbacks  
12 and may project into required front and side setbacks by right. In no instance shall  
13 any part of such ramps be located nearer than two feet to any property line. Such  
14 structures shall be erected and maintained in accordance with the following criteria:

15 a. Ramps for persons with disabilities that project into the required front or  
16 side setbacks and are constructed of material other than masonry or concrete  
17 or pressure-treated wood or pre-treated synthetics, shall be painted or  
18 treated to match the color of the exterior trim or siding of the principal  
19 building or painted to blend with the exterior landscaping of the lot;

20 b. Open areas underneath ramps for persons with disabilities shall be screened  
21 from view by appropriate shrubbery or raised flower beds or raised berm  
22 areas, or their equivalent;

23 c. In addition to handrails or guardrails as required by Chapter 8, Article II, of

1                   this Code, *Building Code*, ramps for persons with disabilities shall be  
2                   provided with a top rail that covers the exposed tops of the support posts or  
3                   piers.

4   **Sec. 50-13-233. Exceptions to height regulations.**

5                   The following exceptions to height regulations shall apply:

- 6                   (1)   Penthouses, elevator penthouses, scenery lofts, towers, cupolas, steeples, domes,  
7                   flag poles, aircraft beacons, and antennas for which a building permit is not  
8                   required, and chimneys, stacks, tanks, and roof structures that are used for  
9                   ornamental or mechanical purposes where located on a roof and collectively not  
10                  exceeding 30 percent in gross area of the roof area, need not be included in  
11                  determining the height of a building or structure;
- 12                  (2)   Antennas for which a building permit is required need not be included in  
13                  determining the height of a building or structure in the B5 and B6 Districts, or in  
14                  any industrial zoning district, or in any PCA, TM, or SD2 District;
- 15                  (3)   Parapet walls may extend not more than five feet above the allowable height of a  
16                  building; ~~and~~
- 17                  (4)   Where located in a residential district or in the B1, B2, B3, or B4 business districts,  
18                  Category B radio antennas and towers may exceed the allowable height regulations  
19                  on accessory structures, provided, that in no case shall the radio tower exceed  
20                  applicable FCC height limitations or a height of 75 feet from established grade,  
21                  whichever is less; and

(5) Honey bee hives that located on the roof of a building or structure kept for animal husbandry and beekeeping purposes need not be included in determining the height of such building or structure.

**ARTICLE XVI. RULES OF CONSTRUCTION AND DEFINITIONS**

**DIVISION 2. WORDS AND TERMS DEFINED**

**Subdivision B. Letter "A"**

**Sec. 50-16-113. Words and terms (An—As).**

For the purposes of this chapter, the following words and phrases beginning with the letters "An" through "As," shall have the meaning respectively ascribed to them by this section:

Term	Definition
<u>Animal husbandry and beekeeping</u>	<u>The keeping of certain urban farm animals and domestic honey bees, as specified in Section 6-10-4 of this Code, for personal consumption or utilization of agricultural products, such as eggs, meat, or honey.</u>
Antenna	Any system of wires, poles, rods, reflecting discs, or similar devices, together with any supporting structure, used for the reception and/or transmission of electromagnetic waves.
Antenna - Category A	Television antennas not 28 square feet in area or six feet in dish diameter, customarily though not exclusively erected for residential use, such as microwave-receiving antennas, and dipole "rod and mast" VHF-UHF antennas, hereinafter referred to as "conventional" television antennas.
Antenna - Category B	Radio antennas and antenna towers, such as amateur radio antennas for ham/shortwave operations, and fixed-station antennas for business-band radio,

	citizens band radio, general mobile radio service and two-way radio.
Antenna Category C	Dish antennas, such as satellite television antennas, also known as satellite dishes, earth stations, television receive-only (TVRO) antennas, earth terminals, and earth terminal antennas; other parabolic dish antennas and parabolic reflectors exceeding six feet in diameter, including, but not limited to, microwave-receiving antennas and studio-to-transmitter-link (STL) antennas.
Antenna Category D	Antenna towers and poles exceeding 75 feet in height from established grade, customarily though not necessarily housing multiple antennas, such as radio broadcasting towers, television broadcasting towers, microwave antenna towers, studio-to-transmitter links, and other communications antennas, including antennas for cellular telephone systems.
Approach surfaces	(1) Instrument approach surfaces and non-instrument approach surfaces having a runway at least 5,000 feet in length; and  (2) Non-instrument approach surface having a runway with a length of 2,000 feet or more up to, but not including, 5,000 feet in length. Instrument Approach Surface and Non-instrument Approach Surfaces are defined in Section 50-16-262 and Section 50-16-322 of this Code.
Aquaculture	The cultivation of marine or freshwater food fish, shellfish, or plants under controlled conditions.
Aquaponics	The integration of aquaculture with hydroponics, in which the waste products from fish are treated and then used to fertilize hydroponically growing plants.

Arcade	<p>A place, premises or establishment or room set aside in a retail or commercial establishment where three or more coin-operated amusement devices are located, defined herein as a machine or device operated by means of the insertion of a coin, token or similar object, for the purpose of amusement or skill and for the playing of which a fee is charged. The term "arcade" does not include vending machines in which are not incorporated gaming or amusement features, nor coin-operated mechanical music devices; nor mechanical motion picture devices. The definition shall not apply to coin-operated amusement devices owned or leased to establishments that are properly licensed for the sale of beer or alcoholic liquor for consumption on the premises.</p>
