5. Make sure screens and windows are in good condition.
6. Have an approved sanitizer solution in a spray bottle and wiping clothes and test strip to test the concentration. (Clorox unscented wipes is a good alternative)
7. Make sure your business name and phone number is on both sides of the truck and the letters and numbers are at least 3 inches tall.
8. Make sure your freezer is clean and in good repair.
9. Have handy wipes or sanitizer for cleaning your hands.
10. Do not have carpet in your truck
11. Make sure your truck is smooth and easily cleanable and does not have holes and rust on the floor, walls, and ceiling.
12. Make sure that an average height person can stand-up in the vehicle. (This should not be a problem if the truck is a commercial vehicle.)
