STABILIZATION

The City of Detroit took resident feedback and committed to saving as many homes as possible from demolition through Proposal N.

As a result, the Demolition (3D) Department created the Vacant Property Unit. This unit will use Prop N funds to clear out & secure vacant homes.

Working with City Council, 3D is looking to award contracts for removing debris from inside and outside of vacant homes, while an in-house team secures each exterior entrance.

CLEAR BOARD SECURING

Polycarbonate clear boarding is the highest quality material for boarding applications. It's very strong, long-lasting and it's more aesthetically pleasing than traditional plywood or metal boarding materials. Our Securing Team now uses Clear Board instead of traditional plywood to secure Prop N Stabilized Homes.

Opportunities for Detroiters

The Demolition Department seeks to achieve blight free and safe communities through demolition and home stabilization, creating new job opportunities for all Detroiters to take advantage of.

For Detroiters by Detroiters

The Demolition Department will operate in a way that benefits the community -- with work done by Detroiters for the benefit of Detroiters.

Safety and Transparency

Demolition and home stabilization will be done safely and with full transparency.

DEMOLITION TRACKER

Find our interactive Improvement Tracker and Prop N Dashboard on our website at detroitmi.gov/demolition to track demolition and stabilization progress near you.
