Detroit Block X Block

Powered by the Construction & Demolition Department

We've launched **Detroit Block by Block**, an online archive of stories from Detroiters about some of the city's now-closed commercial buildings.

As our department aggressively addresses commercial blight for the overall safety and wellbeing of our residents, **Block by Block** will maintain memories of the past by highlighting the experiences of Detroiters and the buildings that played impactful roles in their lives.

Former Hanneman Elementary School

Detroit Block X Block

"I'm not sad to see it come down because a lot of kids play and go in over there," said Ernestine Gosha, who has lived across the street from the school for decades.

6420 McGraw St.

The former Charles Hanneman Elementary School, located in Detroit's District 6, opened in 1918. The school closed in 2007 as part of the Detroit Public Schools consolidation process (reference: historicdetroit.org). In February 2024, the vacant building became the 100th commercial demolition by the City's Construction & Demolition Department in an effort to remove long-standing commercial blight.
