AUDIENCE: Good afternoon. 6 7 CHAIRPERSON CARTER: Welcome to the weekly Board of Police Commissioners meeting. My name is Lisa 8 9 Carter, Chair of the commission, and thank you all for attending this afternoon's meeting. 10 At this time I'm going to ask that 11 12 Commissioner Vann do the invocation. 13 COMMISSIONER VANN: Gracious God, how we 14 thank you and praise you for this opportunity and 15 privilege. We are grateful for life and health, and 16 we're grateful for the blessings that you've given to us, most especially as a city, most especially as a 17 18 public oversight body. We thank you for what you have 19 done. 20 We now ask that you would bless the Detroit Police Department and its leadership, the men and women 21 22 who go out and lay their lives on the line each and 23 every day, protect them, preserve them, look out for them, and for us as we sit here in these seats with the 24

business of this commission pray that you would

MR. DIVERS: Good afternoon.

Page 6 CHAIRPERSON CARTER: Good afternoon. 1 2 MR. DIVERS: My name is Arthur Divers. the liaison for the Honorable George C. Cushingberry of 3 District 2. 4 5 CHAIRPERSON CARTER: Thank you, Dr. Divers. At this time, Mr. Hicks, would you please 6 introduce the staff. 7 MR. HICKS: Thank you, Madam Chair. Just 8 9 prior to making the introductions of the staff, I do want to indicate that Sergeant Quinn is taping our 10 11 meeting day, Media Services is providing for the audio 12 visual work, and Sheila Rice is our court reporter 13 today. And for the record you have eight members who 14 are present and, therefore, have a quorum. 15 CHAIRPERSON CARTER: Thank you. 16 MR. HICKS: To my immediate right is Mr. Robert Brown. And then if we look on the first row 17 18 we have Mr. Wyrick who is legal, we have Ms. Johnson 19 who is fiscal, we have Ms. Blossom who's media outreach, we have Ms. White who is policy. And then 20 typically what we do is hold for Mr. Akbar who's the 21 2.2 acting Office of Chief Investigator who will in turn not only introduce himself, but the balance of his 23 24 staff.

MR. AKBAR: Good afternoon, board. It's my

Page 7 pleasure to introduce you to the Office of Chief 1 2 Investigator staff. We're going to start off with Supervising Investigator Abdullah Nelson, Acting 3 Supervising Investigator LiSonya Sloan, Senior 4 5 Investigator Delvata Moses, Senior Investigator Adela Rivera, Investigator Samuel Quick, Investigator Elgin 6 Murphy, Investigator Hiller, Investigator Neely, 7 Investigator Daniel Calloway, Investigator Carolyn 8 9 Nichols, Investigator Nicky Coleman, and last but not least -- oh, I'm sorry. Senior Investigator Madrigal, 10 11 and last but not least Investigator Gianna Coulter. 12 That's all that's present today. 13 CHAIRPERSON CARTER: Thank you. At this time 14 I'd like to introduce Deputy Chief Fitzgerald sitting 15 in for the Chief of Police, James E. Craig. 16 DEPUTY CHIEF FITZGERALD: Yes, ma'am. Thank 17 you so much for having me. We don't have nearly as 18 many investigators here at all, but I'm going to run 19 them anyway. Our legal advisor, D.C. Ha, is in attendance. 20 21 Sergeant Romel Alexander in the front row, Captain Mike 2.2 Chambers from Internal Controls and Sergeant William 23 Jackson out of A.C. Williams' office. That's it for 24 us.

CHAIRPERSON CARTER: All right. Thank you.

personnel and their families.

2.2

At this time, my report, I would just like to indicate our continued support for our injured and fallen personnel. In our minutes last week we reported several of these officers. I understand that the situation and severity of the injuries remain the same.

Again, I ask for your support for the individual

Page 8

And at this time we have two presentations on our agenda. The BOPC budget review for the first quarter and then the Office of the Chief Investigator monthly report. At the end of the meeting we will have oral communications from the audience. So if you'd like to address the board or the police or -- excuse me or public safety matters, please sign a card so that we can call you at the appropriate time. And Mr. Brown has the cards up here if you want to -- oh, I'm sorry. You have the cards? Okay. All right. Thank you.

And at this time I'm going to turn the mike over to Deputy Chief Fitzgerald for the weekly report.

DEPUTY CHIEF FITZGERALD: Ma'am, just real quickly, the crime numbers continue to go in the right direction. We'll start with our criminal homicides year-to-date. We're at 231, which is down 23 from the same number last week, which is a nine-percent decrease. Our nonfatal shootings are down 87. We're

Page 9 sitting at 707 as of this morning, which is an 1 2 11-percent decrease. In both carjackings and armed robberies we're showing double-digit reductions at 14 3 and 13 respectively. 4 5 One last thing to announce. We have a promotional ceremony tomorrow at my favorite church in 6 the entire city, Second Ebenezer. It starts at 7 10 a.m., and we're going to be promoting or having 8 ceremony for deputy chiefs all the way down through the 9 NPO rank. So it will be a nice event you can attend. 10 11 CHAIRPERSON CARTER: Any questions? 12 COMMISSIONER VANN: Madam Chair, I just 13 think, you know, there's been a lot said in the 14 community among constituents at my district and others 15 with regard to crime statistics. And we know that we 16 had a discrepancy recently with the FBI in terms of 17 statistics. And we received explanation from the Chief with regard to our data collection software and 18 19 systems, et cetera, et cetera, et cetera. But it does 20 seem to be an issue that is not going away. 21 CHAIRPERSON CARTER: Right. 2.2 COMMISSIONER VANN: And I wanted to, if the 23 deputy chief was in a position to do so, kind of see if 24 we, you know, when we say we're trending in the right

direction, when we say that something's down 15 percent

Page 10 or it's down seven percent, eight percent -- and I'm 1 2 glad that you clarified that today. You did say 3 year-to-date. DEPUTY CHIEF FITZGERALD: Yes. 4 5 COMMISSIONER VANN: Because are we talking meeting to meeting, month to month or, you know, what 6 7 exactly are we talking about? 8 And then, you know, making sure that we've 9 got, you know, statistics that stand scrutiny. If they're to be believed, then they have to be statistics 10 11 that sort of -- you know, and they're other kinds of 12 reports out there. I mean, I actually heard another 13 report, a pretty scathing report this week from Mr. LeDuff, you know, with regard to these statistics. 14 15 I heard a portion of it. 16 And so I just want -- you know, I don't know 17 if the public fully understands how these statistics 18 are derived, and maybe at some point some further explanation of that might be helpful. 19 (At 3:11 p.m., Commissioner Crawford entered 20 21 the meeting room.) 2.2 CHAIRPERSON CARTER: Deputy Chief Fitzgerald, 23 do you want to respond to that? 24 DEPUTY CHIEF FITZGERALD: Yeah. I guess at

25

which point?

2.2

Page 11

So the numbers when we report out, these are the numbers as of this morning. All of our numbers are taken on a daily basis. They are taken, they're -- when we say criminal homicide, we take the Uniform Crime Reporting Code, which is the UCR standard which the FBI holds us to. We track criminal homicides.

When they say -- you know, you had a suicide, well it's a death of someone or an accidental, we stick very closely to the Uniform Crime Reporting Code in which everyone does across the United States. So that we're not counting different numbers based on what fits Detroit. It's what the national standard is.

So, you know, I think the best thing is to one day maybe have a presentation before the board, track all of our stats and bring them up here. Like criminal homicides we have 231 as of this morning. The unfortunate sadness of this whole thing is I can produce 231 bodies from the start of January and that suffered — they were both from the medical examiner as deemed a homicide both cause and nature of the death, of the homicide itself. So these numbers truthfully with this new superion system are solid as we have had for years.

Another way to explain some of these things, like the old CRISNET system -- I don't want to beat up

	Page 12
1	on the system, but say we record the homicides. We did
2	everything straight through. And MICR, Michigan
3	Information Crime Reporting, it goes to Michigan. It's
4	reported. Our number is locked in. We're still
5	looking for the suspect. We get the suspect down the
6	road. We get it locked in again. It's set at this
7	231. It someone comes behind and grabs evidence off of
8	something, we get a call from a witness, they come back
9	and do a CRISNET report on top of it, the last one gets
10	captured. If they redo homicide, it's 232.
11	That's how bad and flawed the system was. It
12	counts all these extra things. So the numbers we have
13	right now I am more than satisfied and I'm sure the
14	Chief is extremely satisfied these are solid.
15	COMMISSIONER VANN: Good. My only concern is
16	that when you talk to people in the community their
17	perception of crime is completely different from what
18	we always show statistically. We sit here every week
19	and crime is going down. That's not the perception
20	that most people have in the community that I'm
21	hearing. And so I just want to make sure that we can
22	validate the veracity of the numbers that we're
23	receiving so that we can get the message out better.
24	CHAIRPERSON CARTER: Okay. Thank you. And

25

on that note, I know that when the crime -- I'm sorry.

Page 13

1	Commissioner
2	COMMISSIONER CRAWFORD: Go ahead. Finish
3	your point.
4	CHAIRPERSON CARTER: No. I was going to
5	acknowledge your presence first, Mr. Crawford.
6	COMMISSIONER CRAWFORD: Yes, ma'am.
7	CHAIRPERSON CARTER: Thank you for joining
8	us. You joined us about five minutes ago, and you can
9	go ahead.
10	COMMISSIONER CRAWFORD: Yes. And first and
11	foremost, board, I apologize for my tardiness. As one
12	said, it's better to be an hour early than a minute
13	late. Traffic was heavy today.
14	However, on that note of the homicides, a few
15	weeks ago I did a FOIA, submitted a FOIA, and attorney
16	for the board updated me two days ago in terms of the
17	need of extension, the Wayne County Morgue in terms of
18	the actual homicides. One might say body count.
19	Also, too, for the previous two years and
20	this year to current to date in terms of the number of
21	homicides and the body count on homicides, a homicide
22	is a homicide, regardless whether it's justifiable or
23	what. And I believe we had that conversation a few
24	weeks ago in terms of what was justifiable and what
25	I guess one might say a homicide. They're all

Page 14

1 homicides. There's one number.

And also in that FOIA, too, I was very interested in the number of overdose deaths pertaining to the heroin, fentanyl, opiate. And even as late today I believe not-my-President Donald Trump is addressing that issue at some sort of press conference, which is a good thing because for six months they've been asking him to address the national state emergency in OD, overdose deaths.

But -- so hopefully -- well, I'm certain that the Wayne County Morgue, which actually rules in the cause of death, be it homicide, suicide, natural causes, et cetera, we'll get perhaps an accurate account and then we can put the two numbers together.

Because still -- I believe it was weeks ago when -- actually, it was in January when this issue came up. I believe it was Commissioner Moore -- and I know it was Commissioner Moore that raised the issue at the table in terms of these two counts, justifiable homicide and homicide. I still have yet to see that category on this every week in terms of justifiable homicides. We have homicides, and I believe it's down what, eight percent it looks like here or something to that effect.

But, if you're going to put this out every week then, you know, we need to include the -- it

Page 15 should be inclusive of the category of justifiable and, 1 2 of course, we can add those numbers together. We have two people here accountants -- which I mean it's not 3 much. I mean, I can count from one to three or 400, 4 5 you know. I can do that myself. I don't even know why it's taken so long for the Wayne County Morgue to get 6 back with us. But that's just that's my comment on 7 this. Thank you. 8 9 CHAIRPERSON CARTER: So I know that with regards to this, this is like a standard -- these are 10 11 numbers taken with this report of crimes through 12 October 22, 2017. This is just a standard category of 13 crimes and doesn't necessarily break things down into 14 justifiable homicide and things like that; is that 15 correct? 16 DEPUTY CHIEF FITZGERALD: Yes, ma'am. 17 CHAIRPERSON CARTER: Okay. 18 VICE CHAIRPERSON DEWAELSCHE: Madam Chair, 19 but we did request that breakdown, and I believe we've 20 been getting it at every meeting for about the last three meetings. 21 2.2 CHAIRPERSON CARTER: Okay. 23 VICE CHAIRPERSON DEWAELSCHE: It's this chart right here. Justifiable is listed. So frankly I think 24

that this is quite a bit of detail to receive on a

Page 16

1	weekly basis and I appreciate it.
2	CHAIRPERSON CARTER: Thank you.
3	Commissioner Burton.
4	COMMISSIONER BURTON: Thank you, Madam Chair.
5	You know, so when I talk to residents and
6	stuff in the community, I'm getting a different
7	viewpoint. You know, they are excited about Project
8	Green Light, you know. I think the city right now has
9	200 and some locations.
10	I mean, the Detroit Police Department has
11	made tremendous improvement as far as police response
12	time from 33 minutes down to below 14 minutes. You
13	know, so, you know, the police department cannot police
14	stupidity from the community, you know. So those that
15	are out there committing crimes, you know, we ask them
16	to report them, you know, call them in.
17	But also you've got to look at the good here
18	you know. Eight hundred and six new officers joined
19	the force this year from January 1 after getting a
20	four-percent pay raise. Detroit Police Department made
21	a tremendous improvement. This Board of Police
22	Commissioners made some tremendous improvement. We've
23	got to look at what's working here. We could talk
24	about crime statistics, we could talk about a glitch,
25	but look at the progress that's been made. Eight

Page 17 hundred six new officers on the street this year thanks 1 2 to, you know, this department. We talk about Project Green Light, 200 and 3 some, you know, locations. End of the year, next year, 4 5 two years from now it's going to be over 400 Project Green Lights, you know. 6 We talk about the neighborhood police 7 officers. I remember -- you know, I remember a few 8 9 years ago they didn't know who their neighborhood police officers were. Now, I look at my district, 10 11 everybody, every community group that I go to know who 12 their neighborhood police officer is. I think that's 13 moving in the right direction. 14 I think talking about stats or glitch in 15 stats, we need to draw more attention to what's 16 working. Green Light is working, more boots on the ground, that's working, officers going to get a 17 18 three-percent pay raise in 2019, that's working. 19 So, you know, District 5 sees a lot and it's a widely spreaded district. It goes east and west. 20 21 This is what the residents in District 5 is talking 22 about, and they're excited with the progress. 23 CHAIRPERSON CARTER: Commissioner Burton, I 24 don't know that the number is 806 officers hired this

year, but we can check on that stat. I think it's more

Page 18 like 200 from what I recall, but we'll check on that 1 2 number. COMMISSIONER BURTON: Sure, Madam Chair. 3 But the department is seeing their goals of bringing up 30 4 5 new officers per month. Thank you. CHAIRPERSON CARTER: Thank you. 6 Commissioner Crawford. 7 COMMISSIONER CRAWFORD: Yes, ma'am, through 8 9 the Chair. I really appreciate Commissioner Burton's comments on the evolution of progress, and I say that 10 11 because -- not being facetious here, but I'm just going 12 to keep it real. What Commissioner Vann was talking 13 about, and he's talked about it in previous meetings, 14 is the crime and the perception of crime. And the 15 reality is, you know, the citizens in the city in terms 16 of going into the neighborhoods -- I realize Green 17 Light is a successful project and it's a corporate 18 business project. That's what it is. So the 19 carjackings have moved from the gas stations to the 20 stop sign and the traffic lights. Let's just keep it 21 real here. 2.2 And is crime down? Well, that depends on what statistical data you're looking at. What the 23 reality is is how the citizens feel in the 24

neighborhoods. And you live in the neighborhood,

Commissioner Burton, and so do I. We all do. And the day-to-day movement of the citizens and the various things that they have to do in living in the city in terms of doing things differently that people do in other communities, you know. Just certain ways that you move about, I mean even in your travels. I mean, you try not to -- I mean, if you're driving down a street and there's a -- you're several blocks away and you notice the light is red you kind of slow down so when you get to that intersection it's a green light and you don't have to stop if it's at night perhaps. So there's certain behavioral changes that citizens engage in in Detroit, in other communities, too, for that fact. Some other noted communities that it's not done in some of the outside communities so to

speak. So we're talking about the reality of crime and the perception of crime.

And I do realize the police would never be able to -- so be it police the perception of crime, you know, but the reality is when someone experiences a crime --

And, sure, I may call the police or some citizen may call the police and there's a two-minute response. Others may call the police and it may be a 14-minute or a 30-minute response, a two-hour response

Page 20

1	or you know, it's prioritized.
2	And speaking of being prioritized, Green
3	Light as I was told locations are prioritized, you
4	know. So a fight in a gas station is prioritized
5	versus over a fight in front of my house, okay.
6	So let's just you know, that's just the
7	reality of this here. So they'll send dispatch a
8	car to the fight in the gas station and put me a little
9	farther down the list. Both of them are fights. Both
10	can escalate into something else.
11	But I do understand about what's going on
12	here in terms of, you know, corporate Detroit and
13	businesses. And, like I say, Green Light is good for
14	the business. But when it comes to the neighborhoods
15	and I referenced this before, mentioned this before
16	in terms of, you know, perhaps there were Green Lights
17	in some neighborhoods, you know, and they were
18	prioritized and, you know, the response would be a lot
19	different, so
20	Thank you.
21	CHAIRPERSON CARTER: Thank you, Commissioner
22	Crawford.
23	Any other comments, commissioners?
24	Thank you. At this time we'll have the
25	presentation from the budget oversight for quarter one

Page 21 1 from Ms. Johnson. 2 MS. JOHNSON: For the record, Faye Johnson, executive manager of fiscal for the Board of Police 3 Commissioners. Good afternoon, Madam Chair. 4 5 COMMISSIONERS: Good afternoon. MS. JOHNSON: This is going to be short and 6 simple, because it's only covered one quarter so far in 7 8 the new fiscal year. 9 We do have a surplus. We still do have some 10 of the issues that we did last year, but we are meeting 11 with DPD finance on a monthly basis to ensure that 12 everybody's on the same page and hopefully get it 13 corrected. Other than that --14 Oh. And we did submit the budget for the 15 next fiscal year for 2018, '19. CHAIRPERSON CARTER: Questions, 16 commissioners? 17 COMMISSIONER CRAWFORD: One comment. We are 18 19 within budget; is that correct? 20 MS. JOHNSON: For this year? 21 COMMISSIONER CRAWFORD: Yes, ma'am. 2.2 MS. JOHNSON: Oh, yeah. Yes. First quarter 23 we're doing well.

MS. JOHNSON: Not so far.

COMMISSIONER CRAWFORD: No deficits or --

24

Page 22 1 COMMISSIONER CRAWFORD: Yes, ma'am. Thank 2 you. CHAIRPERSON CARTER: So I have a question. 3 I'm sorry. So I know that last year we think we 4 5 submitted for -- we presented -- we submitted requisitions? 6 7 MS. JOHNSON: Yes. 8 CHAIRPERSON CARTER: For some items? 9 MS. JOHNSON: Yes. 10 CHAIRPERSON CARTER: And we never got those 11 items, whatever --12 MS. JOHNSON: Not last fiscal year. What 13 they did, I understand it's just for our department, is 14 that they -- it's not that they disallowed, but if it 15 wasn't completed by a certain date by the end of the 16 last fiscal year then you had to move it to the current year. But the money that -- the budget didn't carry 17 18 forward with it, which means that, you know, if I had a \$20,000 requisition in last fiscal year and they said, 19 20 well, we didn't get to process it so you're going to 21 have to do it in your new budget, which wasn't budgeted 2.2 for, you're down \$20,000 because of that if you still 23 decide to follow through with that requisition. 24 We do have a few of those that we did have to

carry forward this year. We did have to do a budget

Page 23 amendment already for this year for that. But, you 1 2 know, I -- we keep a very close eye on our budget to ensure that we will stay within budget for the year. 3 CHAIRPERSON CARTER: So I want to know what 4 5 the breakdown was that we didn't get the things that we requested, and did you follow through with the 6 procurement department? What department was it? 7 8 MS. JOHNSON: We go through Lisa Jones, because she's the CFO for DPD finance, and we're under 9 them. And let's just say that's how --10 11 CHAIRPERSON CARTER: Is that Ms. Jones behind 12 you? 13 Hi, Ms. Jones. 14 MS. JOHNSON: Okay. She can probably answer 15 it better. 16 CHAIRPERSON CARTER: Okay. MS. JONES: Good afternoon, board. 17 18 COMMISSIONERS: Good afternoon. 19 MS. JONES: Lisa Jones, agency CFO. 20 So as Fay stated, the OCFO -- well, the CFO, 21 John Hill, made a decision to not to carry forward the 2.2 general fund budget for any department citywide. So 23 the cutoff for requisitions was May 15th. So any 24 purchase request that wasn't received by May 15th did 25 not get processed for FY '17.

Page 24 1 CHAIRPERSON CARTER: So was that communicated 2 to all departments? MS. JONES: Yes, yes. So police was affected 3 as well. Again, every department citywide was 4 5 affected. So the board did have several requests, 6 7 including an IT request and a capital type of request like a -- the d/b/a -- yeah, Conte (ph). The exception 8 was the vehicles. So the vehicle purchase was -- the 9 money for that was carried forward, okay. And so that 10 11 being the largest of the outstanding requisitions that 12 you all had. So that was taken care of. 13 So your request I believe still fell around a hundred thousand that needed to be carried forward into 14 15 the new year. So, like Fay said, they did a budget 16 amendment. So we're working with them to make sure 17 that those purchases get made this year, but we still 18 don't anticipate you all having any issues. You're 19 spending actually ahead of schedule. So that's pretty 20 much that. 21 CHAIRPERSON CARTER: 22 MS. JOHNSON: All right, ma'am. 23 CHAIRPERSON CARTER: I'm okay, but let me see 24 if any of the commissioners have any questions.

COMMISSIONER VANN: Madam Chair, was there

Page 25 any reason why Mr. Hill -- any justification or wisdom 1 2 for why that was --MS. JONES: Sir, so I don't personally 3 question the CFO, but I'm sure he vetted that process. 4 5 Obviously it went through the proper channels to get approved. He's a CFO. He has a better picture of the 6 money and at the larger level. So I'm not really sure, 7 8 but an executive decision that was over my head, sir. VICE CHAIRPERSON DEWAELSCHE: Madam Chair. 9 10 CHAIRPERSON CARTER: Sure. 11 VICE CHAIRPERSON DEWAELSCHE: So the question 12 I have is using your example of a hundred thousand --13 or the amount of a hundred thousand, if requisitions were not submitted prior to May 15th --14 15 MS. JONES: Yes. 16 VICE CHAIRPERSON DEWAELSCHE: -- and say they were submitted a week later amounted to a hundred 17 18 thousand, we had it in the budget for that year, which 19 is why we requisitioned for it. 20 MS. JONES: That's right. 21 VICE CHAIRPERSON DEWAELSCHE: But now we have 2.2 to carry it over into the new year, which we don't have 23 that hundred thousand in the budget because we had it 24 in the budget a year before.

MS. JONES: Absolutely.

Page 26 VICE CHAIRPERSON DEWAELSCHE: So the amended 1 2 budget, did that increase our budget by that amount? MS. JONES: So the amended budget did not 3 increase the amount. 4 5 VICE CHAIRPERSON DEWAELSCHE: So we lost that hundred thousand? 6 MS. JONES: As did every department in the 7 city, ma'am. So, for example, there was an IT request 8 9 in there that did not go through all the approvals. We didn't have the approvals in time for May 15th. Again, 10 we were shut out of the system. It wasn't like a soft 11 12 deadline. It was a hard deadline, but we couldn't --13 my team could not even go in the system to create a 14 requisition after May 15. We weren't allowed back into 15 the system until July 10th. 16 So that particular purchase request did not make the cut and those funds were not carried forward. 17 18 VICE CHAIRPERSON DEWAELSCHE: Okay. Thank 19 you. 20 MS. JONES: Yes. 21 COMMISSIONER BELL: Madam Chair, it appears 22 that the city would be out of its financial review 23 looking good next year, but we were penalized in terms 24 of this whole effort to bring us out of state review.

That's my take on in terms of where we are today.

Page 27 And do you anticipate this happening again in 1 2 the future? MS. JONES: I --3 COMMISSIONER BELL: Honestly, you can't speak 4 5 for the CFO. I understand. MS. JONES: I cannot. And I am not clear as 6 to whether that is a one-time decision for that 7 particular -- you know, this past particular fiscal 8 year or if it will be subsequent for all fiscal years 9 going forward, sir. But I will say that I know it is 10 11 -- you know, it was a lot of money, right, that was 12 missed --13 COMMISSIONER BELL: We understand why. 14 MS. JONES: -- to spend, yes. And so, you 15 know, unfortunately, like I said, it's of no comfort 16 that everyone was affected. We certainly expressed those concerns. He is aware of those concerns. So --17 18 but again, we'll do everything we can to make sure that 19 you all are still able to carry out and make all 20 purchases as requested in your current year budget. 21 CHAIRPERSON CARTER: Thank you, Ms. Jones. 22 Any other questions, commissioners? 23 Commissioner Mallett. 24 COMMISSIONER MALLETT: Madam Chair, I just

want to point out that what John Hill did is what

Page 28 certainly is practice at the DMC as well, that if you 1 2 do not get your requisitions processed by X day you don't carry forward the balance in the next year. 3 So I do think that what the City of Detroit 4 5 is doing actually is bringing part of the discipline that's been a part of the private sector for a long 6 7 time forward. Whether or not it's good or bad, I do know that it's almost standard practice and has been in 8 9 place at the DMC at least for five years. 10 CHAIRPERSON CARTER: Thank you, Commissioner 11 Mallett. 12 COMMISSIONER BELL: But, Madam Chair, my 13 point is that we should be clearly notified that we need to meet the deadline so if we meet the deadline 14 15 then arbitrarily just cut it off. I think -- did we 16 meet the deadline? MS. JOHNSON: We did. Part of our problem in 17 18 Board of Police Commissioners it still has to get a 19 number of approvals, you know, from DPD finance and go 20 to CAYMAC or it may go to IT. Now, if they don't return it in a timely manner to DPD finance, then we're 21 2.2 penalized for that even though we may have submitted it a couple weeks prior to that or a month before that. 23 So the channel it goes through is what 24

impedes us getting our business done as we would like.

Page 29

1	COMMISSIONER BELL: So, Madam Chair, that's
2	more insight in terms of we file our paperwork timely.
3	Because of the channel of approval we fell out of the
4	budget process.
5	MS. JOHNSON: They penalize.
6	COMMISSIONER BELL: And the public needs to
7	know we're not incompetent in terms of submitting our
8	paperwork, but due to the progress then we was
9	penalized. I think that's I'm glad you spoke up on
10	that issue. I think that should be clear in terms of
11	how we operate. It's no different than how people
12	trying to do business in the city of Detroit and cannot
13	get paid in a timely manner. But this is something I
14	hopefully once we're out from under all of this will be
15	corrected across the board going into 2018, '19.
16	MS. JONES: Sir, if I could add that we have
17	met with Ms. Johnson to discuss the current year
18	requests and to make sure that those purchase requests
19	are put in early this year so that we have more than
20	enough time, because the deadline we don't know when
21	the cutoff deadline will be until we get closer to the
22	year end. And so to stay ahead of that if we do our
23	purchase requests early then we shouldn't have that
24	issue going forward.
25	CHAIRPERSON CARTER: Any other questions,

Page 30 1 comments, commissioners? 2 Thank you all. 3 MS. JONES: Thank you. CHAIRPERSON CARTER: At this time, we'll have 4 5 the OCI report from Interim Chief Investigator Akbar. MR. AKBAR: Good afternoon again, honorable 6 Board of Police Commissioner members and --7 CHAIRPERSON CARTER: Pull the microphone to 8 9 you. 10 MR. AKBAR: Sorry. Good afternoon, honorable 11 Board of Police Commissioners, DPD members and the 12 general public. I am the Interim Chief Investigator, 13 Lawrence Akbar, and I'm presenting the Citizen 14 Complaint Report for September 2017. 15 First line, citizen complaints received 16 year-to-date, the Office of Chief Investigator has received 858 citizen complaints, 12 more than what we 17 18 had last year the same time. 19 Citizen complaints closed year-to-date, 801 CCRs have been closed, five-percent decrease in what we 20 did last year, 2016. 21 2.2 Citizens complaints open and pending 23 year-to-date, current we have 231 citizen complaints that are open, that are open investigations. 24 25 increase of 34 percent from last year.

Page 31

1	Units receiving complaints, 86 citizen
2	complaints were received by the Detroit Police
3	Department in the month of September this year compared
4	to 80 CCRs at the same time last year, which is a
5	eight-percent increase.
6	Just to give you an idea of how complaints
7	are taken, we received 47 CCRs are received by citizens
8	by telephone. We had 32 walk-ins, four complaints were
9	filed online, two were turned over to us by outside
10	agencies and we received one by E-mail.
11	Complaints alleged units involved for this
12	month, of the 86 CCRs 11 CCRs involved the Second
13	Precinct followed by the Fifth and the Eleventh, each
14	having five CCRs.
15	Now, you'll notice to my right the number 38
16	CCRs were filed regarding unknown DPD members and
17	units. This is a for me this is a big problem from
18	the perspective of we're going to have to get our
19	frontline supervisors at precincts. They know who
20	those officers are. They have their shifts broken down
21	to command span span of command. It's their
22	responsibility to know. They know the officers that
23	they have the responsibility and they know the officers
24	that are described by citizens when they come in.

If a citizen comes in and says it was a Black

Page 32

and White partner working together and the female had a gold streak in their hair and it's in their precinct, they know when they look on their detail they know that officer's ours. They also know if the person -- let's say it's the Third Precinct and the person committed the offense -- the allegation in the Third Precinct. It's nothing for a supervisor to call over to the Third Precinct with that description and be able to get the name of that officer. So there's really no excuse for us having such a high percentage of unknown officers.

In addition to that, in the future Ms.

Blossom, our BOPC community relations coordinator,
she's going to be producing a instructional video to
assist citizens in being able to describe police
officers by their name tags, badge number, car code.
She's also going to be explaining in that video what
your conduct as a citizen should be -- sorry. I keep
going away from the mike. Sorry. I get carried away.
Also explaining what your conduct as a citizen should
be.

Now, you have a right to ask a police officer after the investigation, not while he's investigating, have you under investigation. You have the right to ask him for their name and badge number, and they are required to give it to you. I know some citizens like

2.2

Page 33

to say, well, you know, I got these cameras, these phones, and try to take pictures during the investigation. I would advise you not to do that, not while you're being -- while you're the focus of the investigation. Follow the instructions what the police officer is telling you. After the investigation is over politely, like I said, ask them for their badge number and name if you're not satisfied, and they're required to give it to you. And, if they don't, you can notice on their breast pocket, it's embroidered, their full name and their badge number.

Now, I'm going to be talking about responsibility for supervisors, frontline supervisors, because that's very, very important. As a matter of fact, last -- I think the class that's getting ready to graduate now Commissioner Bell and myself spoke for a good bit of time about that. We explained to the -- especially the police officers going to the rank of sergeant. You're now being part of management. Your role has transitioned. You have to think of being a manager, and being a manager is being an active listener and being involved with your officers where you can guide them into the proper behavior and how to be professional. No excuse for you not to be able to teach deescalation skills, which I believe they are

2.2

Page 34

given that type of training in the academy. It's no excuse for not monitoring these officers, monitoring from the perspective of curtailing their behavior. You know the officers that have short tempers, are going through maybe different changes and reflecting those changes that they're going through in their personal life onto citizens. You know that. It's your responsibility as a manager to step up and either get that officer help, pull them off of the street or do whatever you have to do with respect to making sure that the community does not have to encounter that type of behavior.

This next slide are citizen complaints closed in September 2017. I'm only focussing right now on the use of force on the force complaints. Understand that OCI we do investigate force complaints, but we do not investigate what's considered critical one force complaints. IA does that. Those type of complaints we're talking about broken bones, eye sockets, extreme head trauma, things of that nature. We do not investigate those types of complaints.

We had a total of 17 allegations. We closed one administratively, which possibly could be that it did meet that critical one criminal nature, and we had that transferred over to IA. We had one exonerated,

	Page 35
1	nine not sustained, five sustained, one sustained, five
2	unfounded.
3	Now, I have a problem with that not sustained
4	category. Now, if you look at the bottom of this
5	chart, 60 allegations were not sustained. Now, this is
6	what is important to me about the body worn cameras and
7	these dash cameras. The more that we get officers to
8	wear them and use them properly that area will go down.
9	It will go down dramatically, because we can make a
10	definitive finding whether or not the person committed
1	the allegation or they didn't.
12	Sometimes people may say officers did X, Y
13	and Z. That body camera is very important. We're able
14	to immediately see that that particular event did not
15	happen. And then on the other hand some of the things
16	that the complainant may be complaining about actually
L7	did happen, but we have electronic evidence to prove
18	that.
19	Citizen complaints, closed investigations,
20	DPD scout car video and audio equipment, very, very
21	important. Seventeen 41 CCRs involve a scout car.
22	We only captured 23 incidents, eight were sustained,
23	okay. Eight were sustained. Very important that we

But here's some of the reasons why 22 of them

capture that information.

24

Page 36

1	were not sustained, and it's caused by various reasons.
2	The equipment was not operational. The incident was
3	not a triggered event. What I mean by a triggered
4	event is by excessive speeds in the car, using the
5	brakes constantly, overhead lights coming on.
6	Automatically that triggers the video systems to be
7	working, okay.
8	Now, for a time lapse to save the recording
9	in the system now, my investigators have been
10	finding out that within a 24-hour period if we don't
11	if it's a nontriggered event, we don't have any video,
12	but
13	And the next thing is CCRs filed after 90
14	days stored time frame. Those videos are kept for only
15	90 days. Now, sometimes complainants may come in and
16	see us 110 days after the actual event, and when we go
17	to look up video it's nothing there. The officers may
18	turn off their microphone. The car radios are so loud
19	that we cannot hear the interaction because of the
20	noise.
21	Now, this is important and this is crazy at
22	the same time to me. In my day in a scout car when
23	I'm talking about a radio, I'm talking about AM-FM
24	radio in the scout car. Sometimes when they do these

25

traffic stops they need to turn those radios off,

2.2

Page 37

because when they have them on all we hear is the music and we cannot hear the conversation. So hopefully in the future, especially I know I'm speaking with the deputy chief and I know he's taking notes on that, that he will ensure that officers will turn those radios off when they're in pursuit -- I mean when they're doing their enforcement duties, especially when they have interactions with citizens. We need to hear those conversations.

Citizens complaints closed with the body-worn cameras. Now, 33 were closed using the new body-worn camera system, which captured 22 incidents, and out of those incidents four of them were sustained and 14 CCRs were not sustained.

Where the problems are in these scout cars with these body cams, OCI -- what we do, we contact the Department of Information and Technology, and our go-to guy is Jack Ferency (ph). And what he does, he confirms whether there was a malfunction in the equipment, because sometimes the information and the video to upload to the servers. And also he's checking for making sure that it's not user interference, which is a polite way of saying the officers are not tampering with their equipment trying not to make it record. We get that information. We let these

2.2

Page 38

commands know about it and an investigation is started concerning that.

We hold officers accountable to the use of electronic evidence per the DPD procedures and policies such as -- and I didn't put the manual quote on here, but they're required to test their equipment before it's deployed out on the street. A supervisor will stand there along with the officer and give a little speech. They film each other, it's reviewed, their car is ready to go and they get put on the street. And that's important, because I don't believe in old nonsense that we check the car. Let's say it's platoon 2 at eight o'clock and 8:15 it don't work. That's nonsense.

And I also will be tracking the number of not sustained findings since the deployment of these body-worn cameras for this year. And I honestly believe it in my heart that the use of this equipment it's going to reduce the number of not sustains.

Officers have to understand, this is for not only -- it's for your protection, it's for the citizens' protection and it's for the City of Detroit's protection. And the reason why I say the City of Detroit's protection, it's for all these crazy lawsuits that we're paying out. People complaining about not

Page 39

	3
1	having raises and equipment. Well, if you've got an
2	officer, a police officer, that makes 58,000 a year and
3	he costing you 500,000 for lawsuits, well, we need to
4	look at a cost assessment and maybe we need to remove
5	this guy.
6	Citizen complaints. Citizen complaints
7	closed investigations for September, okay. Now, I

patient with me. This first tower where it's -- I'm 9 sorry. Seventeen DPD members were identified, which is 10

statistically wrote some of this stuff down so be

11 five percent of the 2,481 total members of the Detroit

12 Police Department in September of 2017.

Now, this first column tower there were 1,861 DPD males, which encompassed Black, White and others. Eighty-six males were identified, had CCRs filed against them this month. We have 620 DPD females, and that includes Black, White and others. We identified 31 females who received CCRs this month on them. have 920 DPD white members, male and female. Out of this category, 43 members were identified and CCRs this month.

We have -- moving over to the next tower, we have 1,424 DPD African-American male and female officers. Seventy-two of them were identified as having CCRs filed against them this month. And this

,,
Page 40
smaller tower, 137 DPD members, other members, we only
identified two in that category. What I mean other
members is Asians, Hispanics, Native Americans. And
all these statistics that I'm giving you come from HR.
Citizen complaints closed, investigations for
September. Now, two things on this particular pie
chart trouble me. I'm going to start off talking about
the members on the job that have 10 to between 10 to
19 years. You've got 35 citizen complaints filed
against these people in this category.
Now, what's important to me about this, most
people who don't know is that with the DPOA contract
with the City they can retire now with 20 years on the
job. Twenty years they can retire, full retirement.
Now, let's look at this 35 complaints, 10 to
19. That tells me one or two things actually tells
me two. One is possibly that members in that category
are either burnt out or don't care. My suggestion is,
just like we do soldiers out in the battlefield, we
need to rotate some of these people who have been on
patrol and out there for so long. Maybe give them a
inside job or give them some other type of duty before

Now, this other category, which is right

-- instead of just leaving them out there and getting

to the point where they're just bitter.

Page 41 across from there in the green, two years or less. 1 2 That's outrageous. You're talking about 36 complaints -- 36 officers, complaints being filed against people 3 in that seniority rank, which is crazy to me. 4 5 Now, my personal belief in the data showing me is this first group I talked about probably is 6 7 working with the second group, okay. That's what that's telling me. 8 Now, in addition to that, they're working --9 they're letting police officers that have less 10 11 seniority work together, which is really like the blind 12 leading the blind to me. 13 I have my own personal experience recently, and I'm not saying any names, but I'm going to say the 14 15 precinct. The Third Precinct, for example. I was at the Third Precinct on the afternoon shift. I could not 16 believe that -- and a sergeant told me this. 17 out there after roll call watching them check their 18 vehicles and go through their drills before they go 19 deployed on the street. He told me that 95 percent of 20 the officers that were going out that day they only had 21 22 six months on the job. Now, if it's a lie, it came from him. That's what he told me. 23 I observed two veteran officers working 24

together. Now, when you have a set-up like that,

2.2

Page 42

that's -- to me that's failure. That's designed for failure. We need to have professional -- and I mean this, professional veteran officers training and assisting these people.

I remember when I first started on the Detroit Police Department 40 years, okay. I'm sorry. I don't mean to make a mockery of it. I started a long time ago in the '70s. It was a requirement that you had to work with a senior officer, a professional senior officer. I'm not talking about somebody who nobody else wants to work with and we throwing these younger people together. Because, remember, if you teach these people crazy things when they're younger, they're going to develop those habits, and we're going to have this group — they're going to join this group I was just talking about earlier between 10 to 19 years and having all these complaints filed against them.

And the thing that's important to me, and I'll going to saying the same thing over and over again before I finish, which will be shortly, is that frontline supervision plays a big role in shaping and molding these officers. These supervisors know who the people on their shifts that have problems. You do not put them together with young folks, okay. We're trying to develop a professional police department, or

Page 43

1	maintain one.
2	I also have one more statistic. Members with
3	two years or less that had the 36 complaints, three of
4	the police officers had two or more CCRs filed against
5	them, you know. That's crazy.
6	Citizen complaints, closed investigations for
7	September 2017. Now we're talking about unknown
8	members and units not identified. Now, the good thing
9	about this, generally when they come in to us they can
10	be unknown. I know it was a real big problem that we
11	our unknown ratio was so high. Now, this month out
12	of the we had 29 of the 35 CCRs with unknown
13	officers. We were able to identify them at a 83
14	percent success rate, and we experienced it this month.
15	Now, we're going to be moving to the future
16	and my way of thinking. We're interviewing and
17	speaking to different companies, software companies,
18	because we're going to do business different. We're
19	going to be it's technology out there to really help
20	us narrow this down in terms of identifying these
21	offending officers.
22	And my mind-set how I'm looking at this is
23	that we're able to identify the ones with the most
24	offenders. We're going to look at their supervisors,

25

okay, because it might show between patterns and

2.2

Page 44

trends, it may show that supervisor X -- and we have
the software -- we don't have it now, but the software
is out there where we'll find out -- we can do a
seven-year profile on a person, okay, a supervisor,
supervisor X. And we'll find out by looking at that
that during his career he worked at the Third, the
Fifth, the Sixth and whatever number. But then what we
realize that everywhere this gentleman worked the
citizen complaints is up high, which tells me -- that
what you're telling me is that he's not managing, and
we need to do something about that.

What I mentioned before about lawsuits, I hear policemen complaining about they don't make enough money and they want raises and all this other stuff.

Well, all the things that I've been talking about right now plays into that, because if we're getting our pants sued off for inappropriate behavior we don't have money for raises. It affects the quality of life in the city. We can't get parks. We can't -- the things that we want to do with money it doesn't -- you know, to me it doesn't make sense.

Body-worn cameras is the best thing going.

I'm tell you, it's the best thing going. You have an opportunity to see the type of behavior, and if it's inappropriate we can do something about it. And also,

Page 45

to	o, and I think the department should note this, is
th	at if you have the opportunity, which supervisors are
re	quired to do in the manual, is to review these the
fo	otage of these body-worn camera stuff. If you see
so	mebody that has good deescalation skills, okay, and
we	see that, man, we should be trumping on that like
cr	azy. We should be applauding this officer and give
hi	m an award.

In my day, in the early '70s, a lot of the officers came from -- and I'm not knocking the military, but came from the mentality they had -- the mentality was different, okay. When Coleman Young took over, it changed us over to be a service-oriented police officer. But we were awarding people for getting in fights, you know, giving them citations and all this other stuff for getting in fights.

Why don't we change the culture and award officers that have the -- that are able to use these deescalation skills, which in the long run it's saving us money. It's making a better -- it's saving us money.

I'm going too long. I have a bad habit of talking for a long time. Forgive me. Okay. But it saves us money in the long run. It really does.

And academy training, we're going to be

Page 46 visiting the academy. And actually you can -- the 1 2 board members if you have time, like Commissioner Bell does, you can sit in, sit in on this training and see 3 what they actually training these people, you know, 4 5 because that's important. Because we may find out that some of the things that they're doing they may be 6 trained to do these things, okay. They may be trained 7 to do these things. So we need to correct that. 8 9 Thank you for your patience and your time. 10 Thank you. I appreciate your time. I'll take any 11 questions if they're any. 12 (Applause.) 13 CHAIRPERSON CARTER: Commissioners? 14 COMMISSIONER SHELBY: Through the Chair. 15 CHAIRPERSON CARTER: Commissioner Shelby. 16 COMMISSIONER SHELBY: Looking at the complaints for September, we see a spike in the Second 17 18 Precinct. Do we notify the Second Precinct that they have a spike and that they should be looking at some of 19 20 their people? MR. AKBAR: What I do personally, when I see 21 22 something extremely high, we have this -- I'm going to use an example for number Eight. We had this one 23 24 officer that's got less than what, a year --

COMMISSIONER CRAWFORD: A year and a few

Page 47

1	months.
2	MR. AKBAR: A year and a few months. Conduct
3	outrageous, outrageous, zillions of complaints, you
4	know. And that's one of the precincts, which it's sad.
5	But what's going to happen now, they will be issued
6	body-worn cameras at the Eighth Precinct. My
7	understanding, they setting them up for it now. They
8	should have been put one this particular person.
9	Complaints I mean, it's just outrageous.
10	CHAIRPERSON CARTER: Deputy Chief Fitzgerald.
11	DEPUTY CHIEF FITZGERALD: I'm sorry. Just
12	real quickly to answer the question. We get them
13	monthly. We send them out to the command monthly. And
14	we also it's a new audit component at CompStat. So
15	when you come before CompStat you have to answer out to
16	your complaints and what you're doing to address the
17	complaints and how you bring them down.
18	CHAIRPERSON CARTER: Thank you.
19	DEPUTY CHIEF FITZGERALD: So we do that now.
20	CHAIRPERSON CARTER: Thank you.
21	MR. HICKS: Madam Chair, just also in
22	addition to that, what we're trying to do in the
23	community meetings, for example, is really a direct
24	follow-up from what the AC has indicated that we try
25	and take that information from CompStat where you look

Page 48 at what the situation is, what's the strategy that's 1 2 applied and talk about the results at the community level. So we're taking -- so you really see a 3 connection at least in the narrow sense of the CCRs as 4 5 far as information comes from the Office of the Chief Investigator, goes to the department, the department 6 7 adjusts what -- adjusts its strategy in varying places. And then in the community meetings to the degree that 8 9 we utilize CompStat information we then share that information with people in the community. So it's kind 10 11 of like a complete circle, if you will. 12 CHAIRPERSON CARTER: And that's something 13 that just started? 14 MR. HICKS: Yes, yes. 15 CHAIRPERSON CARTER: Okay. Commissioner 16 Bell. 17 COMMISSIONER BELL: Yes. Madam Chair, I just want to thank Akbar for this outstanding, unique report 18 19 that we have received versus the past tradition. We 20 worked together about five years in the Office of Chief Investigator. He was one of our top investigators and 21 22 now retiring and coming back and assuming Interim Chief Investigator slot. 23 And that's the uniqueness of being a former 24

law enforcement officer. I know some people have

Page 49

1	issues with that and we're trending towards civilian,
2	but this is unique skill set that we bring to the table
3	in speaking to the academy class, speaking to newly
4	promoted sergeants, lieutenants, because we have a
5	great deal of compassion about officers doing the right
6	thing. And sometimes it's hidden in terms of the
7	department defending, as we all know, these officers.
8	And for them to start their career and not address that
9	issue then that leads to more serious issues leading
10	into a more serious matter of young officers in terms
11	of a chase, young officers.
12	Now, we're promoting the rank of corporal.
13	I'd like to know how would they fall into the chain of
14	command in terms of sergeants, corporal, et cetera?
15	We take credit for being military or
16	semi-military, but I don't think most people in the
17	department don't really know what military really means
18	anymore in terms of discipline. It's a unique concept.
19	But I'm just going to close this by saying
20	that and you mentioned about the body camera.
21	Commissioner Mallett already looked at the report, and
22	he mentioned that in terms of Washington, D.C. Police
23	Department, which is a little bit larger than ours, it
24	might not be the silver bullet that we all hope for,
25	but we're looking at it from a policy to see outcome.

Page 50

1	But you raised several issues, because the
2	lawsuits are there, and you look at the background.
3	And I don't think there's any commission board can have
4	an impact until we impact the discipline process that
5	the Chief now has a hundred percent. Until we impact
6	that in some form of another in terms of a charter
7	amendment or some type of contract, more or less like a
8	charter, then I think we can see a difference. It
9	worked in some other cities like LA and et cetera.
10	We're not going to see a difference, because the impact
11	of the lawsuits that they don't really want to share
12	with the public in terms of the amount of lawsuits
13	that's involved that we spend out for police
14	misconduct.
15	So I'm hoping that in the future I might
16	not see it, but those are the areas that we look at in
17	terms of the future. I'm glad that he was able to open
18	this up to you in terms of this type of dialogue,
19	because that's the compassion and concern as we promote
20	people to sergeant and lieutenant in terms of
21	accountability, because sergeant and lieutenant are the
22	hardcore of supervision in the police department. In
23	the military, non-commissioned office is everything,
24	but not in policing. We hide under this so-called

whatever that is. That's why we get two hours spending

Page 51

1 with that class graduating tomorrow.

2.2

So I just hope that the public understands and will support that type of impact on the police department, because it cost you dearly in terms of finance.

All persons do not care about citizen complaints. They do not care. It's the culture. It's always been that way to some degree, because it do not deter their career path. It deter their career path. That would not happen at DMC. That would not happen at Sears and other departments who get that type of complaint dealing with the public, not in terms of policing, but just the attitude and demeanor. And that's the number one concern that we have.

So I'm going to get off the soapbox, but I really appreciate you and thank you, brother, for sharing that type of breakdown because it's there. It's not hidden. It's there. And that's something that -- it's not an adversary role with the police department. We are all in this together. We're all in this together, but we need to make some drastic changes. And I don't see this happening in D.C. with the Justice Department and the second circuit, but locally we can make a difference in the city of Detroit where we don't have to revisit what some of those have

Page 52

l still	experienced.
---------	--------------

Like Commander Ewing would say, well, you understand that a officer encounter a Black kid and he's been trained not to look them in the eye do certain things. And the officer say, well, that's disrespect. But now they have that type of culture exchange, you know. That's basically -- and this is 2017. This is 2017 where a mom or dad are concerned about a young Black man growing up, and you can see the difference. It's not about Black and White, because the issue is blue, right. The issue is blue.

Thank you.

CHAIRPERSON CARTER: Commissioner Bell, I just want to say one thing, not -- and you lumped all officers in one category. There are some officers that don't care. Most of them do care. And I just wanted to --

COMMISSIONER BELL: Well, I put a spin on it, Madam Chair. I understand the culture of policing. I have a great deal of respect, but there are some -- it's too many who do not care. There's too many that do not care. Don't say that in one percent, because I spent 32 years in policing, not just in Detroit, but across this country. I know the mentality and I see it and we witnessed it, and that's why we're here today.

Page 53

	rage of
1	But I do have respect for policing, but let's be real.
2	CHAIRPERSON CARTER: Commissioner Crawford.
3	COMMISSIONER CRAWFORD: Yes, ma'am, through
4	the Chair. Thanks for the report. It was a great
5	report, keeping it real, making it very plain, Chief
6	Interim Chief Akbar.
7	Commissioner Bell, I do hear and understand
8	your passion and the Interim Chief Investigator Akbar,
9	and it's mine, too. And in working the streets for
10	years and well, three police departments now for me,
11	there was a time in Commissioner Bell, I recall when
12	you were the president of the Guardians and I was vice
13	president of the association came along after you.
14	What was most critical and most dangerous was not a
15	citizen filing a complaint against a police officer who
16	did something. It was the officers who checked that
17	officer, and that's what we did in the streets. They
18	didn't have to worry about the citizen complaints,
19	because we checked those police officers and it wasn't
20	good. I mean, it wasn't good for them and it wasn't
21	pretty, I can assure you that.
22	In terms of the officers who care and don't
23	care, I don't have any statistical data on that and
24	it's really not relevant, because those who don't speak
25	up are a part of the problem, too. So it doesn't

2.2

Page 54

matter if you're talking about percentages. If someone wants to put that and equate that in some sort of number 50 percent care and 50 percent don't, you are explicit in that behavior if you don't speak up, if you don't check those individuals. It's really a serious problem with the culture.

And more so was revealed last week with the president of DPOA in a issue that we dealt with in terms of the suspension of two officers. Some of the comments that were made, I'm not going to expound or say what they were or go into them, but some of the comments were made were -- they weren't shocking, but that's the culture. That right there speaks to the culture.

And it's something that I advocated for years that the DPOA sit its membership down somewhere in a setting where it's no alcohol like at the union meetings and talk to its membership about how they treat the citizens of the city and in this community and talk to its membership about the lawsuits. I used to track those lawsuits years ago, go down to City Council meeting. And at one time it was 40 million dollars. And that's what I talked about, you know, when they had layoffs and stuff like that in terms of what 40 million dollars could have done to stop the

2.2

Page 55

layoffs and buy more equipment, et cetera, et cetera.

But getting to this issue of the body-worn cameras, I read these complaints every week on the complaint committee. I see that some of them are being sustained because of the body-worn cameras. It's just unfortunate that even some officers lose sight that they still have a hot mike. I mean, it's a good thing, because they got caught up in the situation, or I think it's kind of professional stupidity and they say certain things and some of these complaints are being sustained. Body-worn cameras are good.

But the ability here what I'm seeing here is a pattern, not only in Detroit, but across the country in individuals. And the penalty needs to be real high in terms of discipline for cutting these body-worn cameras off and on. There seems to be there may be some technological coverup here going on one might say, because if you have the ability to cut it off and on when you engage a citizen where certain things aren't picked up and then they are picked up, et cetera. So we really need to look at that.

Also, too, you stated, Chief -- Interim Chief Akbar, that in terms of being stopped by the police and having on your cell phone, you know, when you get stopped and, of course, during the course of the

2.2

Page 56

investigation, you know, perhaps you should -- well, perhaps you shouldn't turn it on, but I don't see -- and I know the courts uphold it, too. If I were to get stopped and I turn my phone on the moment I get stopped, I have the right to leave that phone on. The police officer doesn't have the right to seize that phone and throw it away such as some -- this has happened before, or damage that phone.

And that's what I tell everyone, and I'd have this on my phone for, I don't know, two or three years now, the ACLU Mobile Justice of Michigan, which is a app, a mobile app that you can load to your phone, and it records the stop. And, if the phone is destroyed in any way or anything like that, you can't delete it because it uploads to the cloud. Now, I carry that, you know. Over 40 years of policing, I have that.

So I just want to make that clear for the public, you know. So if you are -- and also, too, if you are videotaping, that you're not interfering in any way with the police officer or their investigation.

You're not -- for citizens who are standing on the outside, not walking up into the field of that investigation in any way interfering with that. But the complaints -- and we talked -- or it was mentioned about the one officer in number Eight and lo and behold

Page 57

-- and this is ironic that they're three packets passed out to us every week, those of us commissioners that read these citizen complaints. I don't know the mathematical probability of me getting her name in my packet numerous times, numerous times for a complaint.

And she has a year and, I don't know, three, four months on the job, but all those complaints the moment that they issue body cams to number Eight she should be the first to get one.

But aside from that, we need to get -- and I said this six, seven months ago two or three times, you know. That particular individual at number Eight, you know, needs to be -- some discipline or whatever, because some of these complaints have been sustained.

So again the realm of the accountability falls on the Detroit Police Department, you know. And it's so important that there's this communication back and forth as to what is being done about this particular officer in number Eight who only has, like I say, a year and a few months on the job with all these citizen complaints. And fortunately, a few things were caught on the body camera -- well, perhaps it was other officers from another precinct something was caught on the body camera in one of the incidents that I read, so ...

Page 58 1 COMMISSIONER VANN: Madam Chair -- I'm sorry. 2 CHAIRPERSON CARTER: Commissioner Vann, go ahead. 3 COMMISSIONER VANN: I guess I have two 4 5 concerns. A good report, of course. One is like Commissioner Bell, the lawsuits. This commission used 6 to receive factual information with regard to the 7 lawsuits and the amounts and all of the other 8 9 information with regard to lawsuits against the police 10 department. So that we would be keenly aware as a 11 commission of what the taxpayers who we represent are 12 paying out. I don't know whether that breakdown has 13 taken place the second time that I've been on the 14 commission. I haven't seen that kind of data, and I 15 think it's important for us to receive it. 16 CHAIRPERSON CARTER: We have it and we can 17 make that request from the Legal Department. 18 we have. 19 MR. HICKS: Madam Chair. 20 CHAIRPERSON CARTER: Yes. 21 MR. HICKS: Yes, Madam Chair. I'll just note 22 that we've just made that request several times. information seemingly does not arrive. 23 24 What we are also doing is increasing our

attention to the Detroit City Council's calendar. And

Page 59 in those cases where a settlement or judgment and so 1 2 forth are identified and that it has a reference to the police department we are attempting to record that. 3 And there is a lot of variation in way in which the 4 5 information appears on this Detroit City Council's calendar. It may not in some cases identify the 6 7 department. It may not identify the amount, for example. 8 So there's some variation. So we can't 9 10 always take that information and just bring it over. 11 What we're hoping to do is amass enough information to 12 essentially send a communications presumably over your 13 signature very soon that would say what we have tracked is the following and, therefore, we know it exists and, 14 15 therefore, send us the more accurate information in this area. That's the kind of work around that we're 16 17 trying to do right now. 18 CHAIRPERSON CARTER: But you shouldn't have to do all that. 19 20 COMMISSIONER BELL: Madam Chair. 21 CHAIRPERSON CARTER: Yes. 2.2 COMMISSIONER BELL: Enough is enough. 23 CHAIRPERSON CARTER: Right. 24 COMMISSIONER BELL: I think we should utilize

our subpoena power to request this information.

	Page 60
1	been asking this for three and a half years. Enough is
2	enough. I see signs throughout the neighborhoods.
3	Enough is enough. And we should request our subpoena
4	power to get the information forthwith and just stop
5	this dialogue.
6	COMMISSIONER CRAWFORD: Through the Chair.
7	Move for a motion?
8	COMMISSIONER BELL: I so move.
9	COMMISSIONER CRAWFORD: Second.
10	CHAIRPERSON CARTER: It's been moved and
11	seconded that we request the information from
12	corporation counsel on lawsuits as relates to the
13	Detroit Police Department.
14	COMMISSIONER CRAWFORD: With the utilization
15	of subpoena power.
16	COMMISSIONER BELL: It's necessary. It's
17	necessary.
18	CHAIRPERSON CARTER: So is there any
19	discussion?
20	VICE CHAIRPERSON DEWAELSCHE: Maybe indicate
21	that in the correspondence.
22	MR. HICKS: Will do that.
23	CHAIRPERSON CARTER: All in favor?
24	COMMISSIONERS: Aye.
0.5	

CHAIRPERSON CARTER: Those opposed?

Page 61 The motion carries. 1 2 COMMISSIONER CRAWFORD: Madam Chair. COMMISSIONER VANN: Madam Chair, I had a 3 second concern --4 5 CHAIRPERSON CARTER: Yes. COMMISSIONER VANN: -- if you don't mind, and 6 7 that is what I think to be very, very serious with regard to what has been brought up about the experience 8 of the officers on the street. This is a very, very 9 important thing. Of course, everyone knows I had a 10 11 personal experience with it with inexperienced 12 officers. 13 I'd really like to know what is the 14 percentage of officers that we have on the street with 15 five years seniority or less, and are those officers 16 routinely coupled with each other or with an 17 experienced officer in the car? I think that that's very important information for all of us to know at 18 19 this time. That clouds for me how citizens are going 20 to be treated, greeted and meeted, you know. I just think that it's important for us to kind of know that 21 2.2 and how the deployment of these officers are taking 23 place. 24 I know we're losing a lot of senior officers.

You talked about the retirement age, et cetera.

Page 62

1	while we're very happy to graduate the number of
2	officers that we've been graduating out of the
3	academies and everything, I've hosted many of those
4	graduations myself, but I do think it's important that
5	there's experience in a car so that there's respect in
6	a car when people are stopped, when citizens are dealt
7	with. I think there needs to be someone experienced
8	there who knows the community, who knows the area that
9	is being patrolled so that there is a frame of
10	reference by which those officers operate.
11	COMMISSIONER MALLETT: Madam Chairman.
12	CHAIRPERSON CARTER: Yes.
13	COMMISSIONER MALLETT: If I might. I agree
14	with Bishop Vann to this extent, and that is I do think
15	that experience in the car is important.
16	What I want to go back to what Commissioner
17	Bell indicated, however, and that is the importance of
18	the supervision. So as Mr. Akbar pointed out, when
19	these young men and women are after roll call sent out
20	on the street their supervisor knows who's with who and
21	where they're supposed to go.
22	If we go back to the incident involving the
23	two young men where the 19-year-old kid lost his life,
24	as much as we want to focus on the behavior of the two
25	young officers, the question that keeps troubling me,

Page 63

if I'm remembering the facts, Commissioner Bell,
correctly, these young men had not called in for X
number of minutes. And I think it was like more than
an hour. So I'm trying to be conservative. I don't
want to throw a number out there and confuse the public
and get involved in giving out any misinformation. But
part of the breakdown was that when you've got these
two young officers on the street, it was certainly my
perception that the supervisor had not been in touch
and, hey, where are you guys, what are you doing, why
haven't you called me, what's going on and what are you
up to.

And so I -- because I'm not sure, Bishop
Vann, that we will always be in a position to not --

And so I -- because I'm not sure, Bishop

Vann, that we will always be in a position to not -you know, and frankly it's like the nurses at the DMC.

Sometimes we're going to have two young nurses

together, because those are the only ones who came to
work. You get call-ins and everything else, and you
can't by policy make up the shift. You're going to
have to deliver the care that the patients need based
on who came. But that then, when we had a circumstance
like that, then the call goes out to the supervisors.

We bring in senior management in.

For instance, right now we're going through a transition involving how we are delivering care through

	Page 64
1	some of our advanced practice professionals. So half
2	my supervisors are coming in the morning, but the other
3	half who normally they'll come on days they start at
4	three o'clock. So the now, I'm not going to keep
5	this up, because they've earned their way out of
6	working afternoons, but this is going to keep going
7	until Friday.
8	So the point that everyone is making is the
9	supervision thing, which I think is just terrifically
10	important, particularly as this group of officers
11	having to be managed is out there, not by themselves.
12	But we ought to have a more vigorous, more robust
13	system of communication, number one.
14	Number two, Madam Chair, if I could,
15	Mr. Akbar, when you go to we talked about sustained
16	and not sustained, particularly with the video and
17	audio equipment and with the body cameras. It's not
18	sustained because the equipment didn't work? I just
19	wasn't clear as to because if Officer Jones has on a
20	body cam and whatever behavior is alleged is recorded,
21	then either what's alleged occurred or it didn't. And
22	so when it's not sustained that's an equipment failure?
23	MR. AKBAR: Not necessarily. They didn't

COMMISSIONER MALLETT: Okay. But it's

turn the thing on.

24

Page 65 related to equipment not being -- it's equipment 1 2 related, if I can -- right? I mean, if they don't turn it on, it's still equipment related? 3 4 MR. AKBAR: Right. 5 COMMISSIONER MALLETT: Okay. So then the other thing, Commissioner Bell made reference to this, 6 7 the citizens should be aware that the -- and it's very true, the scout car video and now the body cams, 8 9 they're not the silver bullet that we all were hoping for, because many times it's just not modifying the 10 11 officer's behavior. They're aware it's on or they've 12 forgotten, but if you think about it -- so this is just 13 an interesting thing. It is empowering the Office of 14 the Chief Investigator, but I doubt, Madam Chairperson, 15 that this is going to have the salutary effect that we 16 thought. It's going to make the investigations I think a little bit simpler, but it is not going to stop --17 18 CHAIRPERSON CARTER: Change behavior. 19 COMMISSIONER MALLETT: Yeah. Well, it's not 20 modifying as quickly as perhaps as we had hoped. The last thing is, Mr. Akbar, when you close 21 2.2 one of these out, basically it's closed out when you 23 make the referral to the police department leadership, sustained, not sustained, whatever the conclusion is 24

that you come to based on the CCR; right?

Page 66

1	So my question is this. You don't get a
2	report back as to disposition?
3	MR. AKBAR: No, I don't. That's something
4	that we
5	COMMISSIONER MALLETT: So and so, AC, this
6	seems to me to be an interesting point, right, because
7	now we're maturing in our relationship and beginning to
8	understand the effect or the not effect of the
9	investigation. So it seems to me that when the
10	referral gets made, particularly where it's not a soft
11	referral, but that, you know, discipline is going to be
12	up to the precinct commander. The are you keeping a
13	log of this? Do you know what gets imposed? Are you
14	aware of the complaint that got filed, the behavior
15	that was sustained and then the action that you guys
16	took in response as a command structure?
17	DEPUTY CHIEF FITZGERALD: Yes. So what
18	happens now, because everything's been streamlined, we
19	get our notice through the Office of Chief Investigator
20	that there's sustained misconduct. That misconduct
21	report goes over to disciplinary administration. They
22	then serve a notice of discipline to the command. And
23	then once the discipline is administered or it's
24	appealed and it's pled down to whatever it is it goes
25	back to discipline.

Page 67

So I would have to imagine, and I'm simply guessing, that discipline has all that information and then it's just a simple communication between OCI and them to get what the -- the actual final results were for each.

COMMISSIONER MALLETT: So I think that would be pretty instructive, because like Crawford I read these complaints. And really some of the behavior is on the edge, but properly confronted, be very made clear by the command structure, that this simply is not going to be acceptable.

The one that sticks out in my mind, Madam Chairperson, is the guy's sitting in his house inappropriately. His car does not have on a -- his car's sitting in front of the house and doesn't have a license plate. So the officer is a hundred percent correct in ticketing the car. The guy then comes out of the house with the correct information. And I'm not suggesting that he didn't get a ticket, but the car ends up getting towed. And that just seems to me to be beyond the pale.

The young man admitted that his car was not properly licensed. He gave the officers, or at least according to the report that we have here, the required information in terms of insurance, registration and --

2.2

Page 68

excuse me -- insurance proof and vehicle registration and the car got towed anyway. And that just seemed to me to be beyond the pale. Why did we do that? That's just was like a unnecessary show of I've got power and you don't.

And so, you know, and then that point, AC, it would have been really important for somebody to grab those two young men and say, look, are you guys nuts, we're going to suspend you for two days, you just cannot behave that way on the street, you've got the power as vested in you by the citizens. When you behave like this, you disrupt the entire universe that we're trying to operate in.

So it is important, AC, that -- and this is the point I want to make. The smaller the incident, the more immediate the recognition of the wrongdoing so you can stop it before it gets to something larger than where IA takes over, you know.

So this seems to me we do need to, Madam
Chairperson, somehow or another figure out, Gregory, to
put these together with the disposition report so that
we can understand what's going on, not in a way that's
adversarial or anything like that, but we need to be
clear what's happening. Because the behavior, if it's
like this, this abuse of power around the towing, we've

Page 69

	5
1	got to stop that. Just don't do that anymore.
2	And so the we've got to be able to follow
3	through on some of these. And really, like I said, it
4	is the smaller the incident, the more focus we ought to
5	be putting on it, because the big ones are being
6	handled by IA.
7	CHAIRPERSON CARTER: Right.
8	COMMISSIONER MALLETT: But these abuses of
9	power and authority that's where we've got to check
10	them and check them immediately so that they say, you
11	know what, this ain't worth it, I need to behave
12	differently.
13	Thank you very much.
14	MR. HICKS: Madam Chair, this is another one
15	of the areas where we've made the request for this
16	information. And what we would like is to have not
17	to have reports coming to us not conditioned upon what
18	we send, but conditioned on what the experience the
19	department has.
20	And I would also remind you that the CCR
21	reports in terms of the conduct of officers reflects
22	only one set of investigations that may be going on
23	inside the department. Internal Affairs and other
24	sections of the department are also investigating
25	various types of conduct. And what we need is really a

Page 70

consolidated report that talks about the results from IA, from human rights, you know, from all of the places, because there's really -- if you continue to just look at the conduct of these officers in a silo, like only citizens' complaints, you're not getting a full picture of the conduct of that officer.

So what we'd like to request again, and we can follow this up in written communications, is that a unified report come to this commission on a regular basis that reflects the result of investigations and disciplinary actions on all of the varying channels where there is investigations involving the conduct of officers.

COMMISSIONER MALLETT: And, Madam

Chairperson, I would say that to support the board

secretary we would take that upon any conditions the

police department would give us. In other words, if

they want that to be strictly confidential, if they

want that reviewed in a closed session, that they want

us to review it and then hand it back if it can't come

to us electronically.

We're not here trying to create a disruptive process that would cause contracts to be violated or the officers' rights to be compromised. What we are saying is we've now reached a point, and this is Bell's

	Page 71
1	point which I fully support, we've now reached a point
2	where they're aware the relationship has matured, where
3	we're beyond where we were. And we have to be able to
4	get back to work, because whether you like it or not
5	the issues that we're confronting still exist and
6	they're not going away. And the dramatic proof of the
7	truth of that is in these CCRs.
8	And all you have to do is read them to know
9	that it's not going as well as we would like, for sure.
10	And this is a process that I think that we can would
11	make a positive impact.
12	But, as Bell said earlier, we're going to
13	have to assert ourselves as being full partners in this
14	review process, because it is reaching a point where I
15	think if we do not step forward this is going to get
16	away from us, Bell, and I'm concerned about that. I
17	think that we might be sliding back as opposed to
18	moving forward, despite everything that the AC has
19	done, everything that Chief Craig has done, the things
20	that this board continues to do. I think we're going
21	to have to be seen as being more involved in this
22	process than perhaps we have been before.
23	CHAIRPERSON CARTER: Thank you, Commissioner
24	Mallett.

So, Mr. Hicks, would you please prepare the

Page 72 letter for my signature, thank you, requesting that 1 2 information -- actually, demanding that information. At this time, commissioners, any other 3 questions for Mr. Akbar? 4 5 COMMISSIONER BELL: Madam Chair, I'd just like to -- Commissioner Crawford raised the issue about 6 the officers at Eighth Precinct. I'd like for the 7 assistant chief -- I mean the deputy chief to approach 8 9 that in some form of reporting out. It seems as though we have an issue here with this particular officer. 10 11 And I know we have a fine command staff at the Eighth 12 Precinct, but we need to know how they're responding to 13 this situation here with this officer. I mean, I heard you loud and clear. We have a problem. 14 15 And so, therefore -- and as Commissioner 16 Mallett indicated, how do we want to approach it, closed session, whatever, but we need for the 17 18 department to report out how you're handling this 19 particular matter with this particular officer. DEPUTY CHIEF FITZGERALD: Yes, sir. And 20 every time someone calls me an assistant chief more of 21 2.2 my hair falls out. I'm just a deputy chief. 23 COMMISSIONER BELL: Name tag. 24 DEPUTY CHIEF FITZGERALD: Right. So just to

talk a little bit, number Eight is in their training

2.2

Page 73

phase right now of body-worn cameras. They will be up and live within two weeks. They started on October 9th. They were the last one to get body-worn cameras out of the precincts, because we were waiting for their new facility. They still have to outfit 20 vehicles. So on patrol all of the vehicles will have the body-worn camera. They've outfitted one so far. So that's part of our slow -- well, 67 percent have received their training. Our officer that we keep speaking of will be absolutely one of the first persons that has this body-worn camera on their person.

Other things -- because I want you to know how hard the commanders and captains are working at this very issue. Not only do we do the audit at CompStat, we audit every supervisor. Every shift has to do at least one encounter throughout their shift. So it doesn't go every week, it doesn't go every two weeks like policy may state. It's every supervisor every shift.

Every vehicle, the ones that are equipped, unfortunately we do have the -- we some older fleet still. So we run into problems where we can't -- some of these vehicles just don't have working video. The ones that do have the newer working video on some shifts we put out 10, 11 cars per shift. So those keys

get passed out from roll call to the next shift and off they go. It doesn't give enough time to download. See the officers are going onto the street to review -- on the street itself.

Page 74

So there is the upmost priority with all of this stuff, especially with the complaints. When they take complaints at the precinct, they don't just forward them and hope it goes away or whatever. They do initial counseling right away. When I say initial counseling, they bring the officers in and they talk to them, what they did, what they could have done better, and then they push it out at roll call, too. We are adamant about this. This has to get out right away. We don't wait for the results to come back, whether sustained, not sustained. We don't want to wait for that. We address it right then and there.

So all of these things are happening that unfortunately you're not seeing and other folks are not seeing, but it's being done.

COMMISSIONER BELL: Madam Chair, I see, you know, the command staff and commanders and officers doing a great job, outstanding job. I don't want us to leave here with that type of negativity. It's quite positive. I see there's more accountability than ever in terms of DPD from the Chief on down the command, but

Page 75 there's got to be a little bit more in terms of 1 2 concerns to address those issues, those problem areas. That's all we're asking for. 3 DEPUTY CHIEF FITZGERALD: Sure. 4 5 COMMISSIONER BELL: I have a great deal of confidence. That's why I took time to -- we all have 6 7 taken time to interact with you, not just at the table. We interact with you as you -- as you know, just like 8 9 the conference, we were there. I want to witness that and get to know these officers, because I know they are 10 11 people, too. They have family, they have concerns. 12 So we're not knocking DPD. We've come a long 13 way in those 11 years. And Commander Shelby (ph) would state he knows the difference of command accountability 14 15 versus yesterday. 16 CHAIRPERSON CARTER: Any other questions, 17 commissioners? 18 Thank you, sir. 19 CHAIRPERSON CARTER: Commissioners, any 20 standing or ad hoc committee reports? COMMISSIONER BELL: Madam Chair, I just -- I 21 2.2 failed to recognize last week, I talked about the 23 neighborhood police officer, NPOs, conference Saturday all day, but I didn't recognize our staff, especially 24

our community agent, Theresa Blossom, had a table there

Page 76 and with our annual report, with our brochure, and it 1 2 was really topnotch. Another team of officers that were there with her I just want to recognize. We've 3 come a long way in terms of that capacity to reach out 4 5 into the community. And they were there from early on to late the whole day. And I think that type of 6 interaction on behalf of the board or the staff, I just 7 really -- I already mentioned others who were there. 8 9 And our Investigator Marge -- right. She was there, Akbar. It was just really a great Saturday outing on 10 11 behalf of the board that the staff and the team was 12 there. I just really appreciate that. Any others who 13 came out that particular day. Thank you. 14 CHAIRPERSON CARTER: Thank you. I was there, 15 too. COMMISSIONER BELL: That's correct. 16 17 CHAIRPERSON CARTER: Okay. And it was a nice 18 table set up. 19 COMMISSIONER BELL: Commissioner Brooks was 20 there. CHAIRPERSON CARTER: Commissioner Brooks, 21 22 yeah. 23 COMMISSIONER BELL: Yeah. We mentioned that. 24 Commissioner Burton was there, you know, I mentioned, 25 but I didn't recognize the staff.

1	CHAIRPERSON CARTER: And it was a nice
2	program and I think that a lot came out of it.
3	COMMISSIONER BELL: Yes.
4	CHAIRPERSON CARTER: Yeah. So thank you,
5	Commissioner Bell.
6	We'll have our report from Mr. Hicks at this
7	time.
8	MR. HICKS: Thank you, Madam Chair. I do
9	want to indicate that on the agenda we have four
10	incoming items. These are again items that are sent to
11	the board. They're not on the agenda for action.
12	In number 4 on here is a letter from the
13	Chief of Police and these appointments to the rank of
14	corporals, detectives and NPOs. The letter which had
15	gotten distributed to you all, we were handed during
16	the course of this meeting a change letter. So could
17	you simply ignore the letter that's in your packet, and
18	I will redistribute the current letter, which I now
19	have with me. And it would reflect I have not read
20	it. I have no idea what changes that letter may
21	include, but I do want you not to necessarily take the
22	item that's in your packet as a final letter.
23	Having said that, the staff is clear
24	throughout the meeting on several of the requests in
25	which the board has made. Some of one of the items

1	in which you talked about in connection with the
2	officer in one of the precincts we have already drafted
3	such letter in that. What is typical for us, however,
4	is even as the staff identifies things that require the
5	board's endorsement or the board's actions we will
6	draft in advance and wait for the board to actually
7	take the action.
8	So some of these things are already prepared
9	and ready to go. We will within the next few days
10	develop the item in connection with the subpoena. And
11	in those cases as well what we typically try and do is
12	assist whoever we're sending information to by
13	detailing what specific information you actually want
14	so that it is information that you can actually consume
15	more productively.
16	So with that, unless you have questions,
17	that's my report for today.
18	CHAIRPERSON CARTER: Questions?
19	Commissioner Crawford.
20	COMMISSIONER CRAWFORD: Yes, through the
21	Chair. Mr. Hicks, in terms of that issue involving
22	corporation counsel and getting information about the
23	lawsuits, the payouts, et cetera, the timetable here
24	we're talking year-to-date, current and perhaps the
25	last several years, actually since this board has been

Page 79 -- since we've been seated on this board? 1 MR. HICKS: Yes. Commissioner, we as a 2 general frame, recognizing there was a period of time 3 in which this commission did not have power --4 5 COMMISSIONER CRAWFORD: Yes, sir. MR. HICKS: -- when we make these requests, 6 7 we are trying to make the requests that goes back to 8 the date in which you did not have the power and then moving forward so that you would get a full -- as close 9 to a full presentation as what had occurred during that 10 11 period of time. So that's the nature of the request 12 that we make. 13 I would also add that after the Chief had 14 appointed DC ... 15 DEPUTY CHIEF FITZGERALD: Bettison. 16 MR. HICKS: Yes, Bettison. We went back through our records and listed out all of the varying 17 18 requests that we had made and supplied Bettison with a list of all of those things. Included in that list are 19 20 things like the request for the -- some of the reports, 21 for example, the audit reports that the department 2.2 makes, the lawsuit information and things like that. 23 So we think that we've done a reasonable job 24 with the changes in the liaisons, if you will, in the

department to keep track with the requests that you

Page 80 have been making over long periods of time. And we're 1 2 prepared to, number one, bring that back to you so that you can check off those items, if you please, but also 3 to continue to forward them to the department in terms 4 5 of what we are requesting as a board. CHAIRPERSON CARTER: Thank you, Mr. Hicks. 6 Any other questions? 7 Is there any old business? 8 New business? 9 10 COMMISSIONER SHELBY: Yeah. Through the 11 Chair, I have a question for the deputy chief. 12 With the holiday fast approaching, is there 13 going to be special curfews in place, especially the 14 night before Halloween? 15 DEPUTY CHIEF FITZGERALD: You threw me a 16 curve ball. There is, but I don't have it in front of 17 me, but I can get the information for you shortly. 18 MR. HICKS: Madam Chair, in that last meeting 19 our board attorney reported to you all in connection with an action that was taken by the Detroit City 20 Council on the curfew. I will forward that information 21 2.2 to commissioners so they'll have that. 23 CHAIRPERSON CARTER: No other new business? 24 Announcements. Our next meeting will be

Thursday, November 2nd at 3 p.m. here at the Detroit

	Page 81
1	Public Safety Headquarters located at 1301 Third
2	Street. Our next community meeting will be Thursday,
3	November 9th at 6:30 p.m. in the Sixth Precinct at the
4	Cody Academy of Public Leadership located at 18445
5	Cathedral Street, east of Evergreen, north of Joy.
б	At this time we'll have oral communications
7	from the audience. Please give your name and limit
8	your comments to two minutes.
9	Mr. Brown.
10	MR. BROWN: Madam Chair, I currently have
11	eight cards. The first speaker will be Ms. Bernice
12	Smith.
13	MS. SMITH: No. Let him go. I cancel that.
14	He had something to say important.
15	MR. BROWN: Ms. Bernice Smith followed by
16	Mr. William Davis.
17	Ms. Smith?
18	MS. SMITH: No. Let him go.
19	CHAIRPERSON CARTER: So you're not going to
20	speak at all?
21	MS. SMITH: No. It's too long now.
22	CHAIRPERSON CARTER: Okay. All right.
23	MR. BROWN: Mr. Davis followed by Mr. Don
24	Johnson.
0.5	

MR. DAVIS: Good evening.

Page 82 COMMISSIONERS: Good evening. 1 2 MR. DAVIS: I'd like to briefly say that there's general a perception throughout the various 3 communities in the city of Detroit that there's --4 5 AUDIENCE MEMBER: Use the mike. MR. DAVIS: There's still a general 6 7 perception throughout the various communities in the 8 city of Detroit that crime is still a major problem. 9 The reports that we're getting saying, you know, month 10 by month by month it's going down. Many of the people 11 do not believe it. 12 Thank you. 13 CHAIRPERSON CARTER: Thank you. 14 CHAIRPERSON CARTER: Thank you. 15 MR. BROWN: Mr. Johnson followed by Ms. 16 Sharon Harper-Lee. MR. JOHNSON: Good afternoon. 17 18 COMMISSIONERS: Good afternoon. 19 MR. JOHNSON: To the public, to the Chair and 20 this is astutable body -- I'm go get it out. I want to 21 say first of all thank you to the police department and 2.2 the police commissioners for the fantastic job you did 23 regarding the towing problem and the car theft problem 24 we've had in this city for over 20 years. And we

finally got the big guy. I won't mention any names.

1	But I thank you very much for that, because my
2	daughter's car got hit twice in three months and towed
3	by a company that was way on the east side on the other
4	side of the Belle Isle Bridge.
5	I also would like to say this conversation
6	that Mr. Akbar gave, thank you, sir. And, Mr. Bell,
7	Conrad Mallett, Edgar Vann excuse me, Bishop, and to
8	Mr. Crawford.
9	You know, we've been suffering through these
10	things for a long time. And as I tell people today
11	when I look at our current president, some of the
12	things that he's doing we've complained about all our
13	lives in the African-American community. Now the rest
14	of the world gets a chance to see it.
15	But my other problem that I have right today
16	is that I know when we commit a crime or someone is
17	murdered we are held accountable and responsible. The
18	people who do not come forward to testify we call them
19	snitches because they won't come forward. When my
20	brothers in blue I joined the department in 1969,
21	but I was in love and somebody told me to come back
22	home. So i had to get off. She's sitting right back
23	there. So that was 50 years ago. So we still
24	together. Yeah, we still together. Amen.
25	But the point I'm trying to make is when

	Page 84
1	and I know that officers are under a lot of stress,
2	under a lot of pressure. But when these wonderful
3	officers make a mistake, and the people that work with
4	them and are around them and know what is going on
5	don't say nothing, what do we call them? We call the
6	people snitches. What do we call the officers that
7	don't tell on their fellow officer that has a problem?
8	And I know I heard the FBI director before
9	President Trump say that he will never indict or bring
10	charges against any police officer while he held that
11	office.
12	Thank you very much. Have a good day.
13	CHAIRPERSON CARTER: Thank you, Mr. Johnson.
14	MR. BROWN: Ms. Harper-Lee followed by Ms.
15	Helen Moore.
16	MS. HARPER-LEE: Good afternoon, everyone.
17	I'm back again, because even though I spoke with Chief
18	Craig several times and several officers were, in fact,
19	appointed to my husband and I case from 2011 being
20	falsely arrested by the Twelfth Precinct, my wrist was
21	broken, and the person who attacked me just continues
22	on. One girl moved and the woman in 55 is still there.
23	So as a result I have had meetings with

24

25

Fitzgerald, I've have meetings with second in charge in

2016. I've sent packets. You guys heard that. No one

Page 85

1	did anything.
2	So my husband and I decided to take it to
3	Washington, and we sent it to the Department of
4	Justice. And when I did that, Mr. Bell, listen to what
5	I'm saying, they literally decided, second in charge at
6	that time who is now retired, Steven, he literally
7	said, "You're gonna be shot and you're gonna be shot
8	and that's how this is going to end."
9	Fitzgerald was there, Thomas was there,
10	Detective Lee was there, Detective Berrage (ph) has
11	been lying. Just Twelfth Precinct has been horrible.
12	And the people that I have spoken to here, the only
13	person that was the best, best was I believe he is
14	his last name is Hewitt. I'm not sure exactly what
15	his position is, but he was the nicest person.
16	And no one, no one has listened to the entire
17	story. No one, Mr. Akbar, has taken the flash drive to
18	see the actions of the attack that my husband incurred
19	as a retired senior FEO engineer operator for the City
20	of Detroit. He nor I have any kind of police records
21	besides what happened to me in 2011. And I was so
22	devastated. I just wanted like don't talk to me
23	anymore.
24	Now I've got road rage. No one I went out

25

today to put garbage, and a car just -- looked at my

Page 86

1	cameras, they're not even working.
2	You want to talk about corruption and
3	criminals in Detroit, it is real. And someone needs to
4	do something about it, because we should not have to
5	move and I'm sorry. You did say to me, "Why don't
6	you move?"
7	Why don't you move from your house? How
8	would you like to be treated like my husband and I have
9	been treated.
LO	Help us. Somebody on this committee has got
1	to care. Mrs. Brooks and I go to Sacred Heart for over
12	35 years. You can follow me. You can investigate me
13	for however long you want to. We have done nothing
4	wrong. And now I can't even go to church without
15	getting road rage.
16	So if I die it's all good, because you know
17	why? I'm go be with God, but I would prefer to live
18	and enjoy my four children who are good people. And my
19	one grandbaby who I could not have come here this
20	summer because I was afraid for her because of how I've
21	been treated.
22	Now, I have two flash drives. If anyone has
23	enough guts or time to look at these flash drives
24	completely to see what me and Mr. Lee have gone

through, it would be great.

Page 87 I have a master's degree in education, and 1 2 there's absolutely nothing wrong with me. So, Mr. Akbar --3 CHAIRPERSON CARTER: So, ma'am --4 5 MS. HARPER-LEE: -- you're the person I would like to speak to. 6 CHAIRPERSON CARTER: Mr. Akbar, would you 7 8 please speak to her. Thank you. 9 MR. BROWN: Ms. Helen Moore followed by 10 Reverend Bracey. 11 COMMISSIONER MALLETT: So, Mother Moore, 12 before you get started, I was at the DIA on Sunday and 13 I saw your picture at the -- pictures from the rebellion. So it was fabulous and --14 15 MS. MOORE: Thank you very much. 16 COMMISSIONER MALLETT: Yeah. Just really --MS. MOORE: My grandson --17 COMMISSIONER MALLETT: Is that him? 18 MS. MOORE: No. This is one of my children 19 from church. 20 21 COMMISSIONER MALLETT: I see, okay. 22 MS. MOORE: My grandson that went to Detroit 23 Public Schools, graduated from Yale, he painted that of 24 me.

COMMISSIONER MALLETT: Yeah. It was

1	fabulous, fabulous.
2	MS. MOORE: Thank you very much. I
3	appreciate that.
4	COMMISSIONER MALLETT: You're quite welcome.
5	MS. MOORE: Good afternoon, all of you.
6	CHAIRPERSON CARTER: Good afternoon.
7	MS. MOORE: I know just about everybody
8	there. But, you know, I've been here before concerning
9	what happened to this young man right here. Some of
10	you will remember. I thought I better ask him to come,
11	because it seems like somehow this all slid under the
12	rug and they don't seem to believe that this is a human
13	being here.
14	Standing with me and I wanted you to look
15	at him. This all started when he got bullied at
16	Detroit Public Schools. His father is a retired police
17	officer. All he ever told me as his youth leader and
18	the director of the choir at church was he wanted to be
19	a police officer. So I didn't think there was any
20	problem. I knew he got in trouble when he was 15.
21	The reason I wanted him to be standing next
22	to me, Robert I call him Robert has always looked
23	like this going to school. And, you know, when you
24	look like this and you act like he does, because we
25	trained him right, you get bullied. So he went home

Page 89 and got a gun at the age of 15 that didn't work. All 1 2 that had been expunged and everything else. The last time I was here you listened to me 3 and I was to go to a judge, who I did. That was about 4 5 two or three months ago. Now, I'm 81 years old. I thought about this is taking too long. This child has 6 been held up all this time from being a police officer, 7 took the exam, passed it. Everything worked out right. 8 9 Then someone of you told me, well, he has a record, 15. So I checked the record. He is not a juvenile. He is 10 11 -- he is not a juvenile anymore. It doesn't matter about the juveniles. It's the adults who have a 12 13 record. His has been expunged. 14 I want to know why this young man with the record that he has is not able to be a police officer 15 16 in the city of Detroit? 17 And, if I told you his background and all the 18 wonderful things he's done, you would not believe it. 19 So I'm asking you today what can we do about, Robert, getting him to be a police officer? 20 I never failed the children. I don't fail 21 2.2 them in Detroit Public Schools. I want him to be a police officer. 23 24 CHAIRPERSON CARTER: So, ma'am, has he filed

the proper appeals papers?

Page 90 MS. MOORE: Robert, tell them. 1 2 MR. SANDERS: Yes, I have. 3 CHAIRPERSON CARTER: We need your name for the record, please. 4 MR. SANDERS: Nathaniel Robert Sanders. 5 CHAIRPERSON CARTER: You have not filed the 6 7 proper appeal paperwork with the Human Resources 8 Department? 9 MR. SANDERS: Yes, I did. They said write a letter to the Chief of Police, and I got a response, 10 11 but ... 12 CHAIRPERSON CARTER: You got a response? 13 MR. SANDERS: Yes. 14 CHAIRPERSON CARTER: Okay. Did you appeal to 15 the police commission? 16 MR. SANDERS: I wasn't told to do that. 17 CHAIRPERSON CARTER: Okay. So I'm going to 18 ask that --MR. HICKS: Madam Chair, we can take the 19 20 information that we have here and we can open up an 21 appeal process in his regard. 2.2 CHAIRPERSON CARTER: Thank you. So that's 23 what we're going to do. There is a process. 24 MS. MOORE: Okay. I just want to say how long, oh, Lord? How long? 25

	Page 91
1	Okay. Thank you.
2	COMMISSIONER BELL: Not long.
3	CHAIRPERSON CARTER: It shouldn't be long.
4	Yeah.
5	COMMISSIONER CRAWFORD: Also through the
б	Chair, also, too, Ms. Moore
7	MS. MOORE: I'm sorry.
8	COMMISSIONER CRAWFORD: We can say how long,
9	because you were here before on this issues. It's
10	been
11	MS. MOORE: Months.
12	COMMISSIONER CRAWFORD: Months, if not a year
13	if I recall.
14	MS. MOORE: And I went to 36th District Court
15	and everything.
16	COMMISSIONER CRAWFORD: Right. And you and I
17	had a little brief discussion about that coming in the
18	door. Make sure that everything is taken care of over
19	at 36th District Court, you know.
20	MS. MOORE: Okay.
21	COMMISSIONER CRAWFORD: And if you you can
22	call me if you need any help with trying to speed up
23	that process.
24	MS. MOORE: I know, but I want to can you

all do something today?

Page 92 CHAIRPERSON CARTER: Not today. 1 It doesn't 2 work like that. Thank you, ma'am. MS. MOORE: Thank you. 3 CHAIRPERSON CARTER: All right. 4 5 MR. BROWN: Reverend Bracey followed by this looks like Miss Farmer. 6 MS. BRACEY: Good afternoon, commissioners. 7 8 COMMISSIONERS: Good afternoon. 9 MS. BRACEY: I must tell you, I remember when this commission was first started with the Honorable 10 11 Susan Peak (ph) and Walter Douglas, and at that time I 12 was also interviewed for secretary. I've been a 13 commissioner for the Detroit Building Authority 14 appointed by Marianne Mahaffey for 14 years. And, in 15 fact, the precinct in which I live we built as well as the one in Palmer Park and several others. 16 I'm living with my father who is 93 years old 17 18 and he's had some issues taking things as they would be doing at that age. He called the police and one set of 19 police came out. I had written him a note. I had 20 21 taken his things. Sometimes when they get like that 2.2 you've got to do to them what they do to you, do unto 23 others. 24 So one set of officers came out and I

explained what was going on, and they did their little

Page 93 report and they understood and they left. When he came 1 2 home --I'm not going to look at that right now, sir, 3 because I've really got to get this out, because it 4 5 also has to do with body cams. And the second group came out. He came home. 6 7 He called again. Another group came out, two carloads. 8 Overkill. The officer came in. I wanted to explain to him what was going on so he would have a clear 9 assessment of the situation. He told me he didn't want 10 11 to talk to me. He took my father outside. He started 12 ranting and raving, "She's trying to take my house," 13 she's doing this and that, you know, the dementia deal. Then I asked him. I said, "Why aren't you 14 15 talking to me?" And he said he didn't want to talk to me. He 16 had a bad assessment of the situation. The situation 17 18 escalated to something that it never should have gotten 19 to. He told my father that -- oh. He said, "I've got 20 you on my body cam." 21 I said, "Good. I'd like for it to be on your 22 body cam." 23 Then he went outside again. I went out to 24 get on his body cam so I could tell my story, and he

turned his back. Then his partner turned his back. So

Page 94 I went around to the partner. The partner said, "Don't 1 2 you run around -- walk behind a police officer, and if you do again I'm going to take you to jail." 3 And so they were very disrespectful. They 4 5 opened my garage door. He told me, "Open your garage door," because my father told him the things were in 6 the garage. And I told him, I said I don't have to 7 open my garage door. 8 He manipulated him to run and get my keys. 9 He opened the garage door. My car's sitting in there. 10 11 I hadn't got my new insurance. He ripped off all the 12 tags off the back of my car. Yes, he did. He was very 13 judgmental, he was harassing. He did not assess the 14 situation. He told me that he didn't want me on his 15 body cam. 16 And when you -- one of the things that I recognize, first of all, these two officers, his 17 18 partner, they never should be together, because if I 19 had been a young Black man or a young Black woman I 20 would be in jail that day. 21 CHAIRPERSON CARTER: Okay, ma'am. 22 MS. BRACEY: When you know your rights and 23 you know your worth, then they will harass you. 24 CHAIRPERSON CARTER: I'm going to ask that

you speak with the Office of the Chief Investigator.

Page 95

1	MS. BRACEY: I will. I did. I filed a
2	complaint while they were there. I have since spoken
3	with and I used to be a probation officer as well
4	with the Circuit Court. But I did file a complaint
5	while he was there. The officer from the precinct
6	called him and I guess told him to back off.
7	But one other thing I'd like to recommend to
8	this commission for the citizens of Detroit. I called
9	to find out where the meeting was going to be. Nobody
10	in the Eleventh Precinct knew. The officer that
11	answered the phone had to get on the computer to find
12	out and he still did not find out. My friend told me
13	where the meeting was going to be and came with me
14	here.
15	So I would like to recommend that you on a
16	weekly basis notify the various precincts so if there's
17	a resident who wants to know that they can pick it up
18	and say on such and such a date at such and such a time
19	the commission meeting is going to be there, because
20	that's not happening at the precincts.
21	Thank you very much.
22	CHAIRPERSON CARTER: Thank you.
23	COMMISSIONER CRAWFORD: Through the Chair.
24	Ma'am, and you said you filed a complaint?

MS. BRACEY: Yes.

Page 96 COMMISSIONER CRAWFORD: Was that through our 1 2 Chief Investigator's office? MS. BRACEY: Yes. 3 COMMISSIONER CRAWFORD: And when was that? 4 5 MS. BRACEY: He called me. I filed a complaint while the officer was there, and that was on 6 Saturday I think it was. They sent two cars. Didn't 7 need all of that. 8 9 COMMISSIONER CRAWFORD: Okay. I just received the information that we do have the complaint. 10 11 Yes, ma'am. Thank you very much. 12 CHAIRPERSON CARTER: I'd like to know what 13 number -- what precinct did you call --MS. BRACEY: Eleventh. 14 15 CHAIRPERSON CARTER: -- and they didn't know when the meeting is? 16 17 So, Deputy Chief Fitzgerald --MS. BRACEY: But I'm just saying that should 18 be something that goes out to all of them. So if a --19 20 CHAIRPERSON CARTER: They know. 21 MS. BRACEY: -- citizen calls they can just 22 say, oh, yeah, we're going to have it on --23 CHAIRPERSON CARTER: They know. So I'm going 24 to ask that Deputy Chief Fitzgerald follow up with the 25 Eleventh Precinct to make sure that they know.

1	DEPUTY CHIEF FITZGERALD: Actually, the
2	agenda comes out weekly from Mr. Brown. It gets
3	dispatched to all the different precincts. They post
4	it. So it should be there.
5	CHAIRPERSON CARTER: All right.
6	DEPUTY CHIEF FITZGERALD: What was the
7	precinct of actual complaint, ma'am?
8	MS. BRACEY: That was Eleventh Precinct.
9	DEPUTY CHIEF FITZGERALD: Where you live as
10	well?
11	MS. BRACEY: Yes.
12	COMMISSIONER CRAWFORD: Thank you.
13	CHAIRPERSON CARTER: Mr. Hicks, did you
14	MR. HICKS: No. I was also just going to
15	indicate in addition to our sending this information
16	out weekly that we also have
17	MS. BRACEY: He sent a report that he said he
18	was going to
19	CHAIRPERSON CARTER: Ma'am?
20	MS. BRACEY: do a elder abuse report on
21	me.
22	CHAIRPERSON CARTER: You're interrupting us
23	right now.
24	MS. BRACEY: I'm sorry. I'm sorry.
25	CHAIRPERSON CARTER: So I'm listening to him

1	right now.
2	MS. BRACEY: I'm sorry.
3	CHAIRPERSON CARTER: Okay.
4	MR. HICKS: We also publish yearly our
5	calendar, and our calendar goes out to everyone.
6	CHAIRPERSON CARTER: Precincts.
7	MR. HICKS: Precincts and all command. The
8	original yearly and then reminders really weekly in the
9	form of your agenda.
10	CHAIRPERSON CARTER: Thank you.
11	MR. BROWN: Miss Farmer followed by
12	Mr. Scotty Bowman. Mr. Bowman will be your last
13	speaker, ma'am.
14	MS. FARMER: Good afternoon, board.
15	COMMISSIONERS: Good afternoon.
16	MS. FARMER: Some of you might remember me.
17	I used to come before this board a couple years ago
18	when I was working with Data Driven Detroit in order to
19	help the Detroit Police Department become a part of the
20	national police data initiative. And so I haven't
21	followed up much lately, but luckily I came to a great
22	meeting in order to see where progress has happened.
23	I'm assuming I think I recall the citizen
24	complaint reports are published online. So I hope
25	those are publicly accessible. And seemingly it seems

Page 99

1	like the Detroit Police Department has joined the
2	initiative and like opened up a few datasets in terms
3	of like complaints. But it seems like a few more
4	things can be done to still increase that transparency
5	and accountability, because there's definitely other
6	departments that are sharing a bit more information.
7	And I understand there are complications in
8	terms of how data is particularly filed and how it's
9	sorted, but hopefully the department is still pushing
10	to increase its own transparency.
11	So I just came to see how things have
12	progressed, if not. So I'm glad to see such
13	comprehensive reports here, and I hope that things
14	spread more widely so that more people can hold the
15	department accountable if necessary.
16	CHAIRPERSON CARTER: Thank you. It's so good
17	to see you.
18	MS. FARMER: Thank you. Nice to see everyone
19	as well.
20	CHAIRPERSON CARTER: And we are moving
21	forward and we have some work to do, but we have shared
22	some things that are open on the open data portal and
23	we're moving forward.
24	MS. FARMER: Seems good.

COMMISSIONER CRAWFORD: Through the Chair.

Page 100 Yes, ma'am. We want to thank you for your help a few 1 2 years ago, too. Are you back in the city now? 3 MS. FARMER: No. I'm currently in New York. 4 5 I work for a nonpartisan policy think-tank. COMMISSIONER CRAWFORD: Okay. Because I 6 remember Michigan State, was it? 7 MS. FARMER: U of M. 8 9 COMMISSIONER CRAWFORD: U of M. 10 Ms. Farmer: Yes. 11 COMMISSIONER CRAWFORD: Okay. Thank you. 12 CHAIRPERSON CARTER: Thank you, ma'am. 13 MR. BROWN: Mr. Scotty Bowman. 14 AUDIENCE MEMBER: He left. 15 MR. BROWN: That was your last speaker, Madam Chair. 16 17 VICE CHAIRPERSON DEWAELSCHE: Move to adjourn, Madam Chair. 18 19 COMMISSIONER MALLETT: Support. CHAIRPERSON CARTER: It's been moved and 20 21 supported that we adjourn. Those in favor? 2.2 23 COMMISSIONERS: Aye. 24 CHAIRPERSON CARTER: Motion carries.

Thank you all for coming out, and have a
