Overall Progress Narrative:

Overall Progress Narrative

The U.S. Department of Housing and Urban Development (HUD) announced in March 2022 that

the City of Detroit, Housing and Revitalization Department will receive \$57,591,000 in funding to support long-term recovery efforts following 2021 Presidential Major Disaster Declaration (federal disaster declaration FEMA #4607-Michigan Severe Storms, Flooding and Tornadoes). These funds were allocated through the publication of the federal register, Vol. 87, No. 100, May 24, 2022, through the Disaster Relief Supplemental Appropriation Act Public Law 117-43. Community Development Block Grant- Disaster Recovery (CDBG-DR) funding is designed to address needs that remain after all other assistance has been exhausted. City of Detroit received a signed CDBG-DR Grant Agreement November 2, 2023.

CDBG-DR Status for the period ending March 31st, 2024, is as follow:

As of January 2024, the City of Detroit launched its Housing Recovery and Protection Program via the Private Sewer Repair Program (PSRP). PSRP makes grants available up to \$30,000 to eligible homeowners to repair or replace private lateral sewer lines. The Program will make forgivable loans up to \$30,000 available to property owners renting to eligible tenants.

All applicants must meet the following eligibility requirements:

- Households applying must be at or below 80% of the Area Median Income (AMI) as determined annually by HUD.
- Applicants must live in a single-family residential structure (1-4 units).
- Households must be able to demonstrate impact (tie-back) to the June 25-26, 2021, flood events.
- The property cannot be in a floodplain.
- Applicants must be able to demonstrate that there is no duplication of benefits.
- The property must be in one of the following 22 neighborhoods in the hardest hit City Council districts:
 - District 4: Cornerstone Village, Morningside, Chandler Park, Fox Creek, Riverbend, West End
 - District 6: Midwest, Chadsey-Condon, Claytown, North Corktown, Michigan-Martin
 - District 7: Aviation Sub, Garden View, Plymouth-I96, Plymouth-Hubell, Paveway, We Care Community, Fiskhorn, Joy-Schaefer, Warrendale, Warren Ave Community, Barton-McFarland

The City selected neighborhoods using data collected from the Detroit Water and

Sewerage Department about water in basements (specifically neighborhoods where 2 out of every 10 households experienced water in their basement), and census data to identify low-to-moderate income households (those households at or below 80% of the Area Median Income). The City then used this data to inform the 22 Neighborhoods identified as the most impacted by the disaster.

PSRP Outreach

Households in Districts 4,6, and 7 were notified of the Private Sewer Repair Program through City of Detroit's GovDelivery public notice email, direct mail, City of Detroit Department of Neighborhood (DON), and City of Detroit City Council District Listserv. Housing and Revitalization Department (HRD) sent direct mailers to 1,400 households in 1 of 22 eligible neighborhoods in District 4,6, and 7. These are all homes Detroit Water and Sewerage Department has confirmed as having broken private sewer lateral line. HRD held community information and application intake sessions in each of the hardest hit Districts. The outreach meetings were advertised through the Department of Neighborhoods District Managers and City Councilmen. HRD has received and reviewed 380 prescreen forms from residents. HRD staff have identified 202 residents who passed prescreening and are ready to complete a full application.

Procurement

HRD and Office of Contracting and Procurement planned the procurement of Private Sewer Repair Program contractors, licensed plumbers, or master plumbers. HRD plans to procure and award contracts to plumbing contractors in the 2nd quarter of 2024.

Administration

Office of Contracting and Procurement initiated the Procurement of CDBG-Disaster Recovery Independent Auditor. Proposals were accepted from February 7, 2024, through March 6, 2024 and pre-proposal conference was held February 14, 2024. The Office of Contracting and Procurement will award a contract to auditing contractor in the upcoming quarter. The first Substantial Amendment to the City of Detroit CDBG-DR Action Plan was posted to the Disaster Recovery webpage for 30-day public comment March 26, 2024. The Action Plan includes changes to the budget. This includes adding the unallocated \$10,000,000 balance from the initial allocation (Pub. L. 117-43), as well as a second allocation of \$37,637,000 from the continuing appropriation (Pub. L. 117-180) approved on September 30, 2022. This Substantial Amendment to the Action Plan outlines the proposed use of CDBG-DR funds and eligible activities available to assist impacted residents to meet unmet housing, infrastructure, planning, and other needs that have resulted from the impacts of subsequent flooding events due to heavy rains.

Project Summary

Project #, Project Title	This Report	To Date
